The Sanford Giants won their final game of the season last might at Municipal Park by beating the Leesburg Dodgers 6-5.

After allowing Leesburg three runs in the first two innings, Charlie Rose held the Dodgers two municipal park by Manager Graber after the Dodgers had setted two runs and was relieved by Baddy Lake who quelled the uprising.

Kennedy, the first Dodger batter up in the first Inning, scored on Ramseys single, but Aragon was thrown out at the plate as Lataldo made a nice return.

Sanford got two markers in the first after Grant had walked McManus and Hallman and Jim Charlie Rose's second single.

Telephone Service Restored To Normal

The Bell Telephone System is thaking good progress in its ef-forts to restore huricane damaged elephone communications in Florida as quickly as possible, Earl Turner, local manager, announced

Officials completed a survey today and for the first time were able to make a rough estimate of damage to Bell System property in the state. This damage was estimated at \$1,500,000.

In the storm-ravaged communines of Florids, more than 1,100 Southern Bell men are working to their special on Sunday Morning: restore damage, including 100 men "Grant Us Thy Peace" by Brown. from neighboing states. In addi-tion, about 75 American Telephone and Telegraph Company men are work on damage to A. T. and T. Plant.

Exchanges hardest hit were West Palm Beach, Belle Glade, Fort Pierce, Stuart, Delray Beach, Hollywood, Miami, Fort Lauder-Raton, Boynton, Lake Worth, 11:00 A.M. Lake Park. Oriendo, Jacksonville, Manadarin, Cedar Keys and Vero

Telephone officials also announced today that their long-standing policy of giving subscrib-ers credit on their bills for ser-vice interruptions due to storm veribers whose service was interphone service for the interruption, Credit will be made on subscriber bills in the rext few weeks, it was stated.

Why does American Industry stand pre-eminent among the industrial systems of the world? One reason is the quality and character of the American worker.

He is not a beaten, frustrated individual with a sour and cynical outlook on life. He is a man of hope, of plans, of interests. He knows that he has a big stake in industry and in a free and democratic government.

The American worker is not a slave of industry; neither is he the slave of an oppressive government which practices forced labor. He is a free man secure in his rights, safe in his home, respected by his neighbors.

The American worker believes in God and inherits a religious tradition. He is the backbone of his Church and a strong supporter of civic morality and righteousness. He has faith in God, faith in men, faith in America.

This is the simple story behind America's industrial supremacy. She excels because her people believe in God and right and honest work, in peace and goodwill

3% Sales Tax Recommended By Committee

House-Senate Group Would Eliminate Necessities Of Life From Measure

TALLAHASSEE, Sept. 5-(AP) -The II legislators who went on sevenue hunt two months seo whave come up with a money rais-3 per cent sales tax.

The levy recommended by the joint House-Senate Tax Study Committee would exempt such necessities of life as food, clothing and medicine. In that way, the committee feels, it would meet Governor Warren's objections to a general sales tax.

Warren said not more than three weeks ago he would veto a general sales tax. He said during the regular legislative session, however, he would accept a tax which did not cover medicine, food and clothing

The committee's recommendations will be submitted to the Lexislature when it meets in special Wednesday. Bills embodying the group's proposals are being drawn

The recommendations were as nounced after the committee held hearings in Tampa, Miami, Or-lando, Jacksonville and Talishas-see "in an effort to determine pub-lic opinion."

The committee suggested voters

The committee suggested voters be given an opportunity to decide whether they would like a state tax on higher bracket incomes to help equalize taxes.

Under the group's program, citles would receive the cigarette taxes now collected within their limits by the state. Either the seventh cent of the state gas tax would be turned over to counties would be turned over to countles or the state would contribute \$9,000,000 a year extra to county schools.
