Cross Seminole **Trail is** a path of dreams

By Russ White HERALD STAFF WRITER

SEMINOLE COUNTY - Fran Pariant of Lake Helen was inappropriate fashion of the day as she proudly pedaled her 1886 Columbia high wheeler Tuesday at the grand opening ceremony for the Cross Seminole Trail.

It was a special day for high wheelers, two wheelers and three-wheelers. And for horseback riders, joggers and walkers.

A quartet rendered a little traveling music and principal planner Anthony Pelt played the National Anthem on his saxophone. Capital Programs Analyst Kevin Fall roller bladed into history. Sheriff Don Ealinger and his deputies kept the peace.

The trail replaces 14 miles of the long-abandoned CSX rail corridor. Home owners close to the trail and other residents seem pleased with the project. Being close to it is expected to e the value

Hiring workers to keep up with city's growth

By Nich Pfelfauf HERALD STAFF WRITER

SANFORD - Combined, 7 City of Sanford department heads have requested a total of 26 new employees. The requests have been submitted for consideration in the next fiscal year's budget.

The requests for additional personnel are made each year. Generally, the numbers are drastically trimmed by the city manager. in city commission work sessions, and occasionally by department heads themselves.

Late last month, the initial request list was discussed at a commission work session. One by one, the department heads

came forward to explain why the additional personnel are needed in several cases the department heads commented that they had made similar requests last year and even in previous years, but had been turned down.

The following were the original requests:

 Community Development one building inspector, one plans examiner, three code enforcement inspectors, one secretary and one community development officer.

Police Department - one office assistant, one police cor-Pieace See Esapleyed, Page 3A

Gateway park enhances trails' explosive popularity in county

By Charl Brodie HERALD FEATURE EDITOR

LAKE MARY - The city of Lake Mary Parks and Recreation Board voted Monday to accept the conceptual plans for a gateway park and trail along the east side of Rinehart Road.

An overview of the plans was presented to the board by Ken Steeds, an engineer with Conklin, Porter and Holmes. The park will incorporate a

trailhead for a 2-mile section of multi-use trail which will run north from the internection of Lake Mary Boulevard and Rinchart. Plana for extension of the trail, running south of the trailhead, through the Crossings, connecting at Soldiers Creek with the Cross Seminole Trail, are also proposed.

The trail concept has exploded in Seminole County in the last 4 to 5 years, said

rental business and five commercial buildings in the City of Sanford. Each of the mattern in scheduled on the agenda for this Thursday's meeting of the Sanford Planning and Zoning Commission.

Former State Representative Art Grindle is proposing development of five 7.200 square foot commercial buildings in the Tropic Park (Auto Mall) subdivision on Tropic Park Drive in the southern area of

the city. Robert G. "Bud" Feather, president of American Land Company, is seeking to de-velop what he calls a "state-ofthe-art Industrial Commerce Center eventually employing as many as 3,000 people." The location would be halfway be-tween the Orlando-Sanford Airport and the GreeneWay, south of Lake Mary Boulevard. It is listed as 3801 Mellonville Avenue.

in his application. Feather wrote, "My plan is to subdivide the property into approximately 30 sites of one to one and a half acres for companies to buy and then build their own facilities. Larger employers of course may buy several sites which will then accommodate a quested a conditional permit to establish a repair facility for motorcycles on property at 2550 Mellonville Avenue.

Dave Brewer Homes, Inc. has submitted a site plan request for a proposed 12,000 square foot office-warehouse building at 1301 Central Park Drive.

As of early this week, the following items are listed on the agenda for the Planning and Zoning Commission meeting:

* Public hearing - Rezoning re-quest for 3801 Mellonville from agriculture to medium industrial.

* Public hearing - Request for conditional use for property at 1501 West First Street for major equipment rental and outside storage of equipment.

* Public hearing - Request for conditional use for property at 2823 Palmetto Avenue for a storage building.

* Public Hearing - Request for conditional use for property at 2550 Mellonville Avenue for a motorcycle repair/garage.

Seminole High teacher wins grant for mathematics

Special to the Herald

SANFORD · A local mathe-matics teacher has been selected as one of the recipients of Toyota's Investment in Mathematics Excellence (TIME) grants. (TIME grants, of up to \$10,000 each, are geared toward improving mathematics education by giving kindergarten through 12th-grade teachers the support they need to develop and implement innovative mathematics projects.

Jeane Swaynos, a teacher at Seminole High School, is one of only 35 teachers across the country to receive a 1998 Toyota TIME grant. Provided by a partnership between Toyota Motor Sales. (TMS) U.S.A., Inc. and the National Council of Teachers of Mathematics (NCTM), TIME is one of the largest national grant pro-grams offered to mathematics teachers. Swaynos' project was selected from nearly 700 applications by a panel of mathematics education experts

Writing a proposal to scek funding is not easy, no matter how good your ideas might be, said Gall Burrill, presi-dent of NCTM. Toyota TIME teachers cared enough about their students and how to better help them learn mathematics to write a winning proposal. Such commitment to making a difference for students is a hallmark of a leader

in mathematics education-and it is wonderful to know that we have this cadre of people we can count on across the United States."

Swaynos' project, entitled The Rebirth of Lake Jennie." entitled aims to begin a water study program using Lake Jennie, located directly behind the

Gail Burrill, president of the National Council of **Teachers of Mathematics**. school. The project will integrate pre-calculus and ad-vanced placement statistics classes with freshman biology

Chineseness storig rate

and advanced placement chemistry classes. The pri-mary goal of this project is to make mathematics more rele-

vant to the high school students and to be the start of a

restoration project for Lake Jennie.

Residents dismayed after third fatal accident

By Michelle R. Fer SPECIAL TO THE HERALD

GENEVA - Geneva community members were both saddened and outraged by yet another accident that claimed the lives of two more people early Sat-urday afternoon. It occurred at the intersection of Old Mims Road and Snow Hill Road, and witnesses say that it is the third fatal accident within a six week span.

A garbage truck traveling north from Chuluota, hit a minivan that failed to stop. The truck then spun out of control before finally turning over and crushing the other vehicle. Both men in the garbage truck were unhurt, though it took over 6 hours to remove the car and victims from beneath the truck. Emergency crew at the site claimed it was the worst accident they had ever been

called to, and that they had

never seen anything like it. Local residents are upset that the county has been so long in taking steps to mini-mize the danger of this par-ticular site. This intersection has always been dangerous", said Joseph Rucker, whose grandparents live at the intersection.

There used to be an average of about one accident per year when I was growing up," Rucker claimed, "but with the increase of traffic around here there is bound to be more of them." Other residents whole heartedly agree, and think that safety measures should have been taken by the county long ago.

After the accident that killed a young man in March, the county decided to put up a caution light. The light is currently being installed, but many resi-

dents on Old Mims Road believe that anything less than an actual four way all-stop, complete with a flashing red light and noise strips, will be a waste of taxpayer money. "People fly through here all the time," said Mrs. Cave, a resi-dent of Old Mims Road. "There has to be something more than a caution light to solve the problem."

One of the Florida Highway Patrol officers who was on the scene Saturday, recommended that local residents start 'screaming' about the situation until somebody in the county listens.

Seminole County Traffic Engineer Mark Bevis said that he was both 'surprised' and 'sickened' when he heard about the tragedy. He admitted that the county had originally intended to have a caution light installed by Monday, April 27,

shown about the trail in golf

carts on Tuesday, and there is

discussion as to whether these

carts might be used to trans-port disabled persons later.

but did not state the reason for delaying the plan. When asked about the possibility of a four way stop as suggested by local residents, Bevis stated that at this particular time the volume of traffic on Snow Hill Road warranted only a caution light and accompanying noise strips, though he said a complete four way stop is not an issue of cost to the county and may be considered in the future.

Other complaints that residents voiced in regards to the accident were the length of time it took for necessary offi-cials to arrive on the scene before emergency workers were permitted to remove the truck from off of the minivan, and the fact that personal belongings from the two victims were left on the side of the road with no attempt to get them to their respective families.

City of Lake Mary, Florida Carol A. Foster City Clerk ANG A WEET + DATED: May 6, 1998 main These Seminole Herald, Sanford, Florida - Wednesday, May 6, 1998

Editorial & Opinion

Adding personnel to the ranks of government

The various department heads in the bring this about; MONEY. Sanford city government would be extremely pleased if the requests made for additional personnel and upgrading, for inclusion in next year's hudget, were approved.

EDITORIAL

City residents would also be elated. The departments would be better able to handle work loads, reduce delay time in processing paperwork or studying proposals, and such as the case with the police and fire departments, provide less crime and additional safety.

Everyone would benefit. Sanford's government would operate with more efficiency and other cities would use Sanford as an example of a progressive government.

There is only one thing needed to

The city operates on tax money which comes from our ad valorem taxes. Just to take on the additional personnel requested, it would take approximately \$765,000. The city would have to find that money somewhere.

It could use money spent elsewhere such as from the street improvement program, thus in effect, borrowing from Peter to pay Paul. Areas from which the money is taken would suffer, and we'd be right back at the start where people would rightly say that the city isn't doing enough.

Or the city could raise taxes. That would certainly provide the additional money for these new people. Of course with Sanford already having the high-est millage rate in the county, an attempt at an increase would create such a voter turmoil it would be heard above the sounds of jets flying into the

Orlando-Sanford Airport.

There is, therefore, only one solution to this problem. Increase the tax base. This means the city would have to have more development, more businesses and more homes valued at over the homestead limit level. These then, would pay taxes which would go into the city's general operating fund coffer, and be used for such needs as these.

Whoa, wait a minute. Every time there is a development proposed which would help the city's tax base. (does this sound familiar?) citizens complain, often to the point where the proposals are tossed out. Yet these are generally the same citizens who want the city to operate better, who want more police officers, better fire protection, more parks, improved recreation, etc. etc. etc.

As publicly stated at various func-

tions, there are clearly a few residents who would prefer the city to remain as it was in the past; a small hometown atmosphere with no growth and no development. But these are the same people who cry out for more government spending on such matters as better streets, improved landscaping, more parks, and other expensive endeavors.

Sanford has more structures below the taxable level than other cities in the area. That is the reason for the higher than normal millage rate. Unless and until Sanford can obtain a higher tax base, which provides more income without increasing millage, we will see few improvements we so dearly need.

So don't even think Sanford will agree to hiring 26 more people. The citizens who want improvements are fighting the only way these improvements can take place.

Seminole soars into semifinals

By Dean Smith HERALD SPORTS EDITOR

SANFORD _ Maybe the pollsters were right.

Most people, including Seminole High School head baseball coach Mike Powers, were amazed to see the Fighting Seminoles ranked No. 2 in the Class 5A State Poll when it was released Tuesday morning.

Not that they didn't think the Tribe didn't deserve to be ranked that high, but after being seventh last week, it's hard to believe that they could jump that much.

But after seeing the performance the Seminole nine put on Tuesday night in the Class 5A Regional Quarterfinals, there probably ian't much question this morning.

Lance Odom gave up only one Please see Tribe, Page 28

LAKE MARY _ They keep getting better and better.

Last night, the Lady Rams softball team ad-vanced to the Class 6A Regional semifinals with a 6-1 win over visiting Winter Garden-West Or-

ange. With every win, Lake Mary (28-3) gets one step closer to the state title and keeps proving why there is so much talk about the possibility of an unprecedented third girls' state title at the school in one year, after championships by the baaketball and soccer teams.

The game started quietly with no one crossing the plate until the third inning. West Orange drew first blood, but would be unable to add another run to the scoreboard for the rest of the evening.

Near the close of the third inning, Sarah Smith left the mound and Halie Sowards came in and turned on the heat. Sowards struck out five batters, allowed only two base hits and walked only

one batter in the remaining four innings. "Pulling a pitcher is one of the hardest deci-sions a coach has to make," said Lake Mary As-sistant coach Kym Gaudreau. "Especially in a game this big and when you know the player is out there doing her very best. Sarah was ready physically and mentally and it just wasn't com-ing together for her tonight. Sometimes that just happens."

With the defense closing down West Orange, the offense went to work.

Yarah Otero started a hitting frenzy in the bot-

Lindsey Manz ecored Lake Many's third run of the game on a double by her sleter Jeannie as the Lady Rame best West Orange 6-1 Tuesday evening. about a senior prom, or even a junior prom.

As a team of ninth-and tenth-graders, the Bears shocked every-one, moving into the semifinal round of the state regionals with a 5-1 Regional Quarterfinal win over Pope John Paul II of Boca Raton. Winter Springs Athletic Director Rick Tribett said the Bears were hoping to host the second round regionals on Thursday, but the decision won't come down until today. If Winter Springs doesn't have home field Thursday, the Bears will head to Hollywood to take on Chaminade-Madonna College Prep, which whitewashed Miami-Ransom Everglades School, 11-0, Tuesday night.

The win also gave the Bears the distinction of tying the girls volley-ball team as having gone the far-thest of any team in the school's inaugural year.

Things started slowly for Winter Springs last night as Bears' pitcher Becky Mangino gave up three hits and a run before retiring her first batter. Mangino said her slow start was due to a case of nerves.

"For an hour before the game, I was really nervous," Mangino said. Then I calmed down and everything was okay from there." Despite the lack of experience,

inning run, with Mangino avoiding further damage by squashing a bases-loaded, one-out jam, the Bears came back with three of their own in the bottom of the first.

Braves bounce Hawks out of softball playoffs

By Denise M. Cullen HERALD CORRESPONDENT

ORLANDO _ Storm clouds had left the sky, but the cloud of doubt loomed over the Class 6A girl's softball regional game as the Lake Howell Silver Hawks folded to the Boone Braves 3-0 last night.

The Hawks weren't expected to reach the regional game, but they played like they belonged after a surprising 1-0 win over two-time defending district champion Oviedo.

Pitcher Heather Borsum (6-3) came on strong, striking out her first four batters and holding the Braves scoreless until the fourth inning.

Hawks' coach, Glen Arterburn, said a close game was expected, and his team fought hard. Katle Griffen opened the frame

sacrifice bunt by Mangino. After a strikeout, Leslie Helms walked and Dixie Reynolds scored

By Jeff Berlinicke ASSISTANT SPORTS EDITOR

ST. CLOUD _ The season may be over, but the 'Noles have finally turned the corner. After years of losing and no district title since 1979, the Seminole softball team finished second in dis-tricts and advanced to the state regionals for the first

time in years. The season ended with a 12-2 loss at St. Cloud last and this season was a The season ended with a 12-2 loss at St. Cloud last night, but coach Dave Rogers said this season was a

starting point for better things. "We had a great season," Rogers said. "We did something special. St. Cloud sent off fireworks after the game, but next year, we'll be the ones setting off

the fireworks.

Seminole entered the game without starting pitcher Maria Duvali, but backup Katie Hoffman had filled in admirably for the 'Noles after being called up from the

junior varsity after Duvall's injury. St. Cloud scored two in the first, two more in the second and another in the third, but Seminole showed a spark in the sixth when a pair of errors were fol-lowed by a Kelley Langton single that made it 5-2. Then, the season came to a close as St. Cloud

scored seven more in the sixth.

"I'm just pleased with this season," Rogers said, who got two hits from sophomore Tamara Sleep. "We did more than anything anyone expected of us and I promise, we'll win it all next year."

first round of the Class 6A Regionals last night.

Tribe **Continued from Page 1B**

hit, struck out 10 and walked only two and Ryan Abeijon scored two runs as the Fighting Seminoles blanked Satellite 3-0 at Alumni Field.

"Lance (Odom) pitched a very good game." said Powers, whose team is just 23 points be-hind No. 1 ranked Venice in the state poll. "And the offense came through with some clutch hits. The

he team played very hard." Odom (9-2) showed what was to come for Satellite as he got the Scorpions to hit three weak ground balls in the top of the first inning.

Seminole wasted an opportunity to score in the bottom of the first inning as, with one out, Tim Raines walked, Clyde Williams singled up the middle and both runners advanced on a wild pick off attempt.

But they were left stranded as Satellite ace Ryan Cullen (9-5) got a strike out and a ground out to end the threat.

After a pair of strike outs to start the second inning, the Scorpions got their first base runner when James O'Donnell reached on a throwing error. But he was left on second after stealing a base.

The Tribe dented the scoreboard for the first time in the bottom of the second inning as, with one out, Abeijon lined a single to left. After an-other out, Ned Raines hit a long double down the left field line and Abeijon motored home all the way from first base.

Seminole added an insurance run in the third inning as Tim Raines led off with a sharp ground double down the left field line and moved over to third on a wild pitch as Williams walked.

After a stolen base. Don Taylor hit a long sac-rifice fly to deep center field with Tim Raines scoring easily. Odom, meanwhile, was mowing down the Sat-

ellite hitters, retiring 12 in a row, including six by strike out, from the second until the sixth inning.

The Scorpions' only real scoring threat came in the sixth inning. With two out, Odom lost his composure for a second and walked two straight batters. But after a visit from Powers, the senior righthander came back to strike out the next hitter.

The Tribe then added a huge extra run in the bottom of the sixth inning off reliever Justin Burk as Abeijon was hit by a pitch, moved to second on a sacrifice by Andy Hall, and scored on a two out single to left by Paulo Silva. Satellite (19-11) finally got its first hit of the game as Cullen led off the seventh with a roller

up the middle just out of the reach of the Seminole fielders.

But the safety came for naught as Odom finished with a flourish, striking out the Scorpions' number five hitter for the third time, got a weak foul pop to first and then got his 10th strike out

to end the game. Seminole improved to 23-8 with the victory and will host Ridgewood High School from New Port Richey in the Regional Semifinals on Pri-day at 7:30 p.m. on Alumni Field at the Semi-nole High School Baseball Complex. Ridgewood, the runner-up from District 8, ad-vanced with a 4-1 victory at District 7 champion Belleview on Tuesday. The Rams are 24-7 on the assessment and are receiving votes in this

the season and are receiving votes in this week's 5A poll.

Providing the offense for the Fighting Seminoies were Tim Raines (1-for-2 with a double, two walks, one run scored). Abeijon (1-for-2, two runs scored, hit by a pitch). Williams (1-for-2, two walks). Ned Raines (1-for-3 with a double. one RBI), Silva (1-for-4, one RBI) and Taylor

(sacrifice fly, one RBI). "Now we need to get in the batting cages as work hard," said Powers. "We've been have abort practices because of the heat and all a the games we've been playing. Now its time to

"We'll start Brian Neilsen on Friday as hopefully keep playing good defense. If we pla good defense we'll win, if we don't, we'll strug gie."

Since the addition of this col-umn to the Wednesday paper. I have received requests for a number of recipes. We will at-tempt to fill all the requests we receive and always appreciate

hearing from you. My job this week was made caster because three readers requested the same basic thing, new ways to enjoy shrimp. Apparently Seminole County cooks love shrimp and I'm one of them. The following recipes are selections from northern France. Crete and fi-nally indonesia. I have found that most of the time the only way you can get shrimp is boiled, fried or in a scampi or marinars style sauce. Each of these recipes lend a regional taste to the dish and will certainly give the shrimp lover out there a welcome change.

itimp Senne

(Serves 4 people) 2 lbs. medium to large size shelled & de-veined shrimp 1 small white onion chopped 1/2 lb. fresh white mushrooms, sliced thin

1 cup cream or half and half 1/2 cup dry white wine 1/2 cup shrimp or fish stock

1 tbs. lemon juice 2 tbs. chopped fresh parsley 2 tbs. fresh grated Parmesan

cheese 3 tbs. butter

3 tbs. all purpose flour 1/2 tsp. salt and white pepper in a large skillet melt butter until it starts to bubble. Lightly until it starts to bubble. Lightly souté onions until tender, add shrimp, mushrooms, wine and stock. Reduce the heat and stock. Reduce the heat and stormer until shrimp have turned a light pink color. In a separate bowl blend flour, sait, pepper, and cream together to a smooth consistency. On low temperature, slowly stir in cream mixture into your sau-téed shrimp. Bring to a simmer teed shrimp. Bring to a simmer and stir constantly for 3 to 4 minutes. To serve, place shrimp in the center of a hot platter, printing top, Silce and ightly tosst French bread and

arrange the slices around the edge of the platter. Price Break-Down Shrimp \$10.99/lb., Publix, 2 lbs. \$21.98; mushrooms \$1.19 per 1/2 lb., Publix \$1.19; all other ingredients, approx. \$2.50, Total: \$25.67

Shrimp Senteriai (Crete) 24 jumbo Gulf shrimp 2 tbs., all purpose flour 1/4 lb. butter

2 large tomatoes 4 slices Feta cheese 1 tsp. Oregano

2 tbs. fresh grated Parmesan cheese

Pinch of salt and white pepper Madeiro Sauce (recipe and ingredients below)

gredients below) In a large sauté pan, heat butter. Shell, de-vein and wash shrimp. Lightly dust shrimp with flour and sauté until a light golden color. Remove from pan and set aside. Cut tomatoes in half and sprinkle with salt, pepper, Oregano, and Parmesan. In a large cas-serole dish, place the 4 tomato halves in e center and bake in a preheated oven at 400 dea preheated oven at 400 de-grees until partially cooked (still firm and lightly golden on top). Place a slice of Feta cheese over each tomato half, arrange shrimp around toma-toes, cover with Madeira Sauce and bake for 8 manual Serve in the caservic dish with your fewerite pasts and asket. This

dish will serve 4 people. Madeirs Sauce 3 ths. flour

3 tbs. butter I cup beef stock or I can beef

consommé 1/4 cup Madeira wine

Salt and white pepper to taste Make a medium roux by melting butter and whisking in flour to a smooth paste. Slowly add stock and wine stirring constantly to keep sauce smooth. Simmer lightly on low heat to thicken and add salt and pepper to taste. If sauce gets lumpy renove from heat and whisk in a little stock to smooth it out. Sauce should be a velvety cream consistency.

Udang Dumbu Dendang & Rambal Kolapa (Spicy Marinated Shrimp with Not Shrudded Coconut

Bessee) This recipe from Indonesia is a fantastic dish for shrimp lovers who like spicy food. The ingredients I have listed are a modification from the original to items available in this coun-try. It is as close to the original as I have been able to get. however, the recipe done in the Far East is 'nuclear hot' and mine is only 'high octant'. This dish should be served with rice and Sake and will feed two. Mariaatod Shrimp 1 lb. medium size shrimp.

peeled and butterfly cut (cut down back 3/4 through and spread apart)

1/4 cup wine vinegar 1/4 cup Sake 1 ths. soy sauce

1 tsp. Corlander, Cayenne, Ginger, Garlic Powder, Onion

Oinger, Garlic Powder, Onion Powder, sugar 1/2 tap. salt and white pepper 1 hot green Chile pepper, chopped fine with seeds 1/4 tap. Louisiana Hot Sauce Mix all ingredients together and marinate shrimp overnight in a covered dish. refrigerated. In a large skillet heat cooking oil for does frying. Dust shrimp with the set of the set of the

plate. Arrange rice around bowl and place shrimp on rice for each person.

1/4 cup cooked, chopped shrimp

1 tsp. olive oil 1 tbs. butter, honey

I tsp. Soy Sauce, shopped garlic, Cayenne, sugar 3 tbs. shredded coconut

Mix all ingredients together and process in blender until smooth.

May all your meals be a festive occasion!

Tip Of The Week

The roux is a butter and flour mixture used in many soups. stews, gravies and sauces as a thickening agent.

Trust me, it does not take magic to make a roux that comes out smooth with a full nutty flavor. There is no exact measurement for a roux, all butters and flours act differently. A good guide to work from is 1 part unsalted butter to 2 parts all purpose flour by weight. (Example: 1 lb. of but-ter to 2 lbs. flour). METHOD: 1. Do not cook at too high a tem-perature. 2. Melt butter in a perature. 2. Melt butter in a large fry pan until it just starts darkening (light golden brown). 3. Sift and add your flour slowly, stirring, with a whisk, constantly and vigorously. 4. The mixture should be about the distance of the thickness of Elmer's glue while hot. 5. The longer you cook the roux the darker brown it will become and the more It will become and the more 'nuity' the flavor will be. 6. If you plan on storing your roux, cook it to a light golden tan only. You can always re-cook it to a darker finish if your recipe calls for it. 7. Store the roux in a tightly sealed container re-frigerated for up to 1 month, or freeze it for up to 5 months.

The Serious Child of Bouth Seminale County, dedicated to the advancement of greech and

DEAR ABBY: A year ago my son, "Jeff," married "Sue," a woman with three young children. They were living in a small apartment in an undesirable neighborhood, so I agreed to co-sign on a loan so they could buy a house in which to rear the children. The one they chose is 70 miles from me.

Abby, I have gone to see them only four times in the last 12 months. I make it a point to let them know the day before I am coming. The last time I went, Jeff refused to let me in. I heard Sue in refused to let me in. I heard Sue in the background yelling for him to tall me they had to go somewhere. Once he made the excuse that the house was untidy. Abby, I wasn't there to inspect the house. I just wanted to see them. Bue desen't appear to want any of our family to visit. Two of his uncles traveled 900 miles to see us

and other relatives, but when they went to see Jeff, Sue took off with the kids. His uncles didn't even have the chance to meet her or the

They have visited me several times this year, without letting me know in advance that they were

know in advance that they were coming. That's OK with me; they're volcome any time. I always treat Sue with respect and prepare dinner for them, although Sue never prepares any-thing for me when I'm there - not even a cup of coffee. Abby, Jeff is my only child, and we've always been close. Should I not go to visit my son because Sue is inconvenienced by my visits? Please advise me. UNWELCOME MOM
