

Sanford Club Defeats Palatka Azaleas.

Come From Behind In Fifth To Push Across Four Runs In Five To Three Victory

Al Kasso's Long Triple Scoring Two Men In The Fifth Inning Is Feature Of Game

The Sanford Lookouts came from behind to defeat the Palatka Azaleas 5 to 3 last night at the Sanford Municipal Athletic Field.

Coming into the fifth inning the Azaleas were three runs behind. The Lookouts scored once in the second, third and fourth innings. Early in the fifth inning the Lookouts but gave way to a 3-0 deficit in the fifth inning. Al Kasso allowed four hits to the Sanford club but errors by the infield figured in the victory. Kasso pitched the remainder of the game for the Lookouts and allowed the Azaleas but one

Dykes Says White Sox Are Baffling Puzzle To Him

Chicago Opens Four Game Series With New York Today

NEW YORK, Aug. 4.—The distinguished feature of the Chicago White Sox, most surprising club of the 1937 major league season, is their thoroughness. There's no middle road for them. They go all the way one way or the other. Manager Jimmy Dykes even finds the club a baffling puzzle.

"I never know what they're going to do," he says. "I only know that they don't go halfway on anything."

Let's look over the personnel of the White Sox in town to challenge the Yankees supremacy in a crucial four-game series opening today:

Jimmy Dykes—Bombastic and energetic. No master mind but keeps players hustling to limit foul hits. Strives for results and doesn't stress any magic formula for getting them. Always carries a dozen cigars with him.

Luke Sewell—Handsome, affable Alabama boy. Clever story teller, specializing in tales about Sgt. George Connolly. Has caught three no-hit games (Ferland, Dietrich, Kennedy) and now a teammate of Ted Lyons, who also pitched a no-hitter. Reached peak after critics said he was through.

Zeke Bonura—Most irrepressible athlete in majors. After goes to mound-and-pitcher-on-back and gives him a flight talk, champion banana and spaghetti eater. Looks clumsy and slow but really extremely agile for a big man. Once stole home on Yanks to win game.

Jack Hayes—Southern gentleman type. Moody at times, but likes to kid. One of best pivots on double plays and ranks a shark at snaring pop flies.

Luke Appling—Pleasant moaner. Nicknamed "Libby Holman" because of his incessant "moaning low." Complains of his aches and pains but couldn't keep him out of game with strait-jacket. A whiz at making plays and throws off balance.

Tony Piet—Stolid Polish boy. Stooze for Zeke Bonura. Always pleasant. Great fielder but erratic thrower. Makes worst throws when has most time.

Rip Radcliff—Nemesist of the

HITLESS WONDERS. Here are four "dream game" barriers, each of whom pitched a no-hit game, with the catcher who caught three of them. Left to right: Wes Ferrell of Washington (with Cleveland against St. Louis in 1911); Luke Sewell, Chicago catcher (against Kennedy, Ferrell and Dietrich); Bill Dietrich, White Sox (beat St. Louis on June 1); Vernon Kennedy, White Sox (beaten Cleveland in 1936), and Ted Lyons, White Sox (beat out Boston in 1926).

Yankees Defeat White Sox Twice Before Large Crowd; Stretch Lead To 7 Games

Lou Gehrig Celebrates 1900th Straight Game With Home Run In First Inning

NEW YORK, Aug. 4.—(AP)—Bill Dickey's four-run homer in the eighth inning of the second game clinched a Yankee doubleheader victory over the White Sox, yesterday, 7 to 2, and 5 to 3, before a paid attendance of 66,767, largest week-day crowd of the season.

The victories jumped the Yankees lead to seven full games over the Sox and insured the New Yorkers an even break in the four-game series.

All the Yankee runs were scored on homers. Lou Gehrig's twenty-second in the first inning of the opener with two on gave the champions a three run lead. Later Tony Lazerri hit one with the sacks clear and Joe DIMaggio added No. 22 in the seventh with two mates on base. Behind this impressive slugger Charlie Ruffing breezed to his fourteenth victory of the year.

Dickey's homer broke up a game the Sox apparently had won by outting Vernon Gomez with a two-run attack in the eighth. Tony Lazerri's homer had scored the only other Yankee run, when after Red Rolfe singled, DIMaggio doubled, and Gehrig had batted. Laitheit contended that if he appeared, Dickey's pitched into the field stand. It was his nineteenth career slam of the season.

Gehrig's homer in the first inning of the first game celebrated his 1,900th consecutive game for the Yankees. Between games the iron man was presented with a watch by George M. Cohan, actor. Madden has indicated he will carry the case to the supreme court if he loses.

Kansas Still At Sea As To When Person Is Drunk

WICHITA, Kan., Aug. 4.—(AP)—Kansas' latest prohibition question, "can a man drink a barrel of 3.2 beer and not become legally intoxicated," will be put to a city court jury here again in 10 days.

Four men and two women jurors failed to agree yesterday in the trial of William Laitheit, transport driver, charged with driving while under the influence of intoxicating liquor. They stood four to two for acquittal.

John Madden, Jr., defense attorney, cited a law passed by the last legislature defining any beverage of 3.2 percent alcohol as not intoxicating. Therefore, he asserted, "a man can drink a barrel of 3.2 beer and still not be guilty of intoxication."

Chicago Opens Four Game Series With New York Today

Chicago with a batting average of .533 against them this season. One of baseball's most graceful hitters. Great wrist action and beautiful follow through. Friendly but not talkative.

Mike Kreovich—Sturdy, taciturn tiny man. Great fly chaser and dangerous hitter in clutch.

Dizie Walker—The player the Yanks sold the White Sox for a lemon who turned into a star after having a delicate shoulder operation performed. Sincere, hard worker who was so happy to get away from Yankees he not only tried the day he left camp. Reached peak after critics said he was through.

Zeke Bonura—Most irrepressible athlete in majors. After goes to mound-and-pitcher-on-back and gives him a flight talk, champion banana and spaghetti eater. Looks clumsy and slow but really extremely agile for a big man. Once stole home on Yanks to win game.

Jack Hayes—Southern gentleman type. Moody at times, but likes to kid. One of best pivots on double plays and ranks a shark at snaring pop flies.

Summer Beats Retreat

BOISE, Idaho, Aug. 4.—(AP)—Dams Summer beat a nasty retreat from Southern Idaho yesterday.

Hail and snow drove temperatures as low as 25 degrees—seven below freezing—at Cascade and caused some damage to peas. The temperature at Idaho Falls was 44, ending two weeks of heat.

"Fight To The Death" Is Cry Of Kai-Shek

U. S. Consul Officials Mobilize American Population For Exigency Of Evacuation

Missionary Work Feared Menaced

Japanese Troops Roll North To Halt Advance Of Chinese

SHANGHAI, Aug. 5.—(AP)—United States consular officials in all China organized the whole American population for the exigency of evacuation tonight while Generalissimo Chiang Kai-Shek suddenly proclaimed "We will fight to the death."

By nightfall, unannounced Japanese troops rolled north to halt the Chinese advance from behind China's great wall.

Two Generalissimo Chiang Kai-Shek, China's "strong man" leader of the central government flew to Kuling to tell the nation's chief educators that China will resist the Japanese advance "even though it means fighting to the death."

Three American missionaries residing in Japanese-occupied North China would wipe out missionary and education dollars in American investments and years of hardest toil.

Four, Consul General Clarence Gauss at Shanghai directed the formation of an American relief committee to minister to the lives of 4,000 American missionaries.

Similar committees were started by 2,000 Americans in Chekiang and Anhwei provinces and by official clerks.

Commission O. K.'s Specifications For Proposed Hospital

Revised blue-prints and specifications for the proposed county-owned hospital here, presented by architect Elton J. Moughton, were approved at the special meeting of the Seminole County Commissioners in the Court House this morning, according to O. P. Herndon, clerk of the Circuit Court.

Dr. H. D. Smith, speaking for the Seminole County Medical Society, also told the Commissioners that the Society expected the County to provide a full-time physician to care for county cases during the next fiscal year.

He indicated, however, that members of the Society would furnish a rotating service to patients after entering the hospital and that his service would be furnished without charge to the county.

Missing In Plane Tragedy On Ocean

C. Q. Caldwell (above) of Miami, Fla., a line inspector for the United States Commerce Department's bureau of airways navigation, was among 14 persons believed lost in the crash of a Pan American-Greece liner into the sea off Cristobal, Canal Zone, Caldwell formerly lived in Atlanta, Ga.

Lee Splits With Board Refusing To Distribute Tax

Says He Will Not Pay Out Sums Under Act He Thinks Invalid

TALLAHASSEE, Aug. 5.—(AP)—State Comptroller Lee split with the board of administration yesterday, refusing to pay an order that gasoline tax money be distributed to the counties under terms of special legislative acts.

Governor Cone and State Treasurer Knott, the other members of the board voted to make payments as the legislation directed, even though the special acts may be considered invalid.

Lee said that for his own protection, he would not disburse the money under laws that he felt were unconstitutional.

"It takes a valid act to get money into the state treasury," Lee said, "and I'm going to insist upon a valid act to get it out again."

Cone and Knott said the comptroller would be adequately protected by following the legislature's directions until ordered to do otherwise by the courts.

Knott's office said at least 28 counties were affected now by Lee's decision, and Attorney General Landis said about 36 of the 67 counties eventually would be.

The general gasoline tax law of 1931 provided that proceeds from three cents of the levy should be used to pay the counties for helping to build the state highway system. The law directed that when each county had received its share, that county's portion should go to the state road department to build roads within the county's boundaries.

Chrysler Has To Shut Plant Due To Riots

Fighting Between Rival Unions Forces Cessation Of Work In Plymouth Plant

DETROIT, Aug. 5.—(AP)—Chrysler Corporation's Plymouth plant remained closed today pending the settlement of differences which led to fighting between rival unions yesterday.

Ten men were injured and a riot call for police was sent out. Only a few men appeared for work this morning.

The gates were not opened and from the United Automobile Workers' sound truck circling the plant came instructions for the men to return to their homes.

Conferees between representatives of the UAWA and the management were resumed today.

The UAWA demanded the reinstatement of four men discharged for alleged participation in an attack yesterday noon on two officials of the Independent Association of Chrysler employees whose claims of 26,000 members are disputed by United Automobile Workers.

In a scoreless deadlock for seven innings, the Senators and the Georgia Crackers finally terminated their game yesterday morning at the Sanford Ball Park with a 7 to 1 victory for the Senators.

The tilt was another of a series sponsored by Eugene Warren, recreational supervisor of the WPA.

Exceptional field work was attributed to Frank Johnson, middle guard; George Oricker, and Kenneth Echols, Huffing for the Senators was Hubert Hayes, while on the mound for the Crackers was John Carter.

Lineups for the Crackers included: Billy Tippins, shortstop; Ray Edge, third base; Glenn Odham, first base; H. Robinson, catcher; James Carter, right field; Charles Gormly, left field; Kenneth Echols, second base; Frank Johnson, center field; and John Carter, pitcher. Substitutes were M. Edge and B. McMullen.

The following lineup was given for the Senators: F. Griffin, shortstop; N. Kenis, first base; G. Kenis, catcher; H. Hayes, pitcher; L. Barneau, third base; G. Griffin, second base; B. Barneau, center field; M. Hayes, left field; and E. Griffin, right field.

Democratic Leaders Plan 'Harmony' Meet

WASHINGTON, Aug. 4.—(AP)—Democratic senators, badly split in recent legislative quarrels, arranged yesterday a "harmony" dinner for next Tuesday night at a local hotel, and invited President Roosevelt to attend.

KIDNAPED BABY FOUND SAFE

The day after Donald Horst, 30 months old, was taken from the back yard of his home in Chicago, he was found safe in the home of John Regan, a machinist, and his wife who claim they are the child's real parents.

They admitted snatching the boy from Mrs. Otto Horst's arms but denied they demanded \$5,000 ransom. The Regans are shown with Donald who seems quite unperturbed about the whole affair.

Brownlee Tells Off Tour Through Western Areas

An account of a 7,000-mile Western tour which carried him through many of America's most famous show places was related this morning by Dr. E. D. Brownlee, pastor of the First Presbyterian Church.

Dr. Brownlee made the entire trip by automobile and was accompanied by his wife and son, Harry.

He began his trip by journeying through North Carolina to Louisville, Ky., where he saw the territory which was recently plagued with a devastating flood.

"Although nearly all damage has been repaired, there are still marks which indicate the intensity of the flood waters. On some houses, the water marks stood out plainly on the paint," he said.

From Louisville, Dr. Brownlee went to Kansas City and Colorado Springs where he traveled over dizzy roads in the ascension of Pikes Peak. He then went to Jackson Hole, which is one of the most famous big game hunting sections.

He saw the Grand Canyon, Zion National Park, and Grand Teton containing "the most beautiful mountains I have ever seen," and bathed in the Great Salt Lake.

Many pictures were taken of the great varieties of animals in Yellowstone Park, he said, and an exhibition "feeding" of black and grizzly bears was featured for the entertainment of tourists.

"We were told of a sure method to determine whether a bear was a black or grizzly," Dr. Brownlee said. "It was stated that after first finding a suitable climbing tree, we should sneak up behind the animal in question and give him a good, hard kick, and climb the tree as rapidly as possible. If it were a black bear, it would climb the tree after us, and if it were a grizzly, it would camp at the base and wait for us to come down. We didn't care to try it!"

Hard Fighting Is Reported In Spanish War

Government Soldiers Rally To Defend "Life Line" Road Linking Two Cities

By The Associated Press Spanish government forces, rallying to defend the Madrid Valencia "life line" road, took intensive positions today north of the highway to Coenca and announced they had won a skirmish from insurgent Moorish forces.

A government column was said to have fought a 10-mile southwest of Trucel, base of the insurgent Aragon drive, ended with bodies of turbulent Moors strewn over the battlefield.

In Northern Spain, insurgents reported gains in a decisive defeat of their enemy near Cuera. The insurgent gumbast Dabo was reported to have sunk a small trailer of unidentified nationalities as it attempted to cut a blockade of government-held Santander on the Bay of Biscay.

The evacuation of Santander, reduced to serious straits by crowding and lack of food, was reported under consideration.

Atlanta Banker's Kidnaper Escapes Prison In Georgia

MILLEDGEVILLE, Ga., Aug. 5.—(AP)—Kidnaper Randolph DeWind was housed on an escape convict last night in the latest of a series of developments centered about the Georgia penal system.

While prison officers sought the man sentenced to a 15 to 20 year term for the kidnaping of John E. Otley, Atlanta banker, and Governor Eaves' recommendation of fingerprinting of applicants for executive clemency, police announced the escape of two fugitives and a legislative commission headed for Pearson to investigate the death of an 18-year-old prisoner.

Vivian Stanley, prison commissioner, said he believed DeWind, who escaped from the Milledgeville state prison kitchen Tuesday, was bound for Massachusetts.

Governor Eaves and the state commission said the refusal of Governor Bailey to extradite a Georgia fugitive from Massachusetts started a wave of escapes from Georgia prisons.

Eaves suggested the fingerprinting process to curb parole evasions. He said the prints would be forwarded to the federal bureau of investigation for detailed reports of criminal records clemency applicants might have.

The weekly meeting of the Sanford Sea Scout Troop will be held tonight at 7:30 o'clock at the Junior High School.

Although all materials for the concrete gutter to be laid on Magnolia Avenue have not yet arrived, pouring was begun today with city materials.

The regular meeting of the Seminole County Public Officers' Association will be held in the Seminole High School tonight at 8:00 o'clock. It was reported today. Preparation of Public for the Lacing House will be the topic of discussion.

A fire in Warner recently destroyed a home belonging to Mrs. Elizabeth Bryant which at the time of the fire was occupied by her sister, Mrs. Edith Carter. Nothing was saved from the blaze, it was learned, and the cause of the fire could not be ascertained.

Chauffeur Sought For 'Kidnaping'

Although Donald Horst, 30 months old, was found safe in the home of Mr. and Mrs. John Regan several hours after he was taken from the back yard of his home in Chicago, police launched a wide search for Fred Ewert (above), a chauffeur, on the theory he was the central figure in the strange case.

The Regans, who admitted taking the child, claim they are his real parents. They said Ewert drove the automobile in which they took away with Donald.

The opening dates of the Lake Mead, Ontario, Longwood, and Chulavita schools on Sign 2 and Safford, Geneva, Geneva, Lake Mead and Proctor colleges, Sept. 11 was announced at the meeting of the Seminole County School Board in the office of the Superintendent of Public Instruction, W. W. Lawford, yesterday.

The County Superintendent's proposed changes in the County that will affect the schools here for the next year will be brought to the attention of the Board at its next meeting.

Change In Tax Law Seen As Revenue Aid

Drastic Increases In Personal Holding Company Taxes Are Urged By Committee

Other Loopholes Will Be Plugged

WASHINGTON, Aug. 5.—(AP)—The Senate Finance Committee recommended holding company taxes as one means of preventing tax avoidance.

The committee, proposing for enactment of this year a \$100,000,000 eight-point program of legislation to plug income tax leaks, also recommended an innovation in taxation of foreign personal holding companies.

It suggested that the undistributed net income of such companies be figured in the gross income of American owners of companies, just as if it actually had been distributed to them.

Treasury officials who cooperated with the committee in making the investigation which brought in the names of many prominent citizens estimated roughly that enactment of the committee's recommendations would mean an increase of \$100,000,000 in federal revenues.

The committee also recommended active tax treatment for following methods used by wealthy persons to reduce taxes: Incorporated yachts and country estates; corporation of personal talents; artificial collection of interest and business expenses; multi-trusts; nonresident alien; and artificial reductions for losses from sale of exchange of property.

Dr. O. J. Miller loses finger by infection

Dr. O. J. Miller, well known physician and operator of a shoe store on Park Avenue, was taken to a hospital in Columbia Tuesday where one of the fingers of his right hand was amputated because of an infection which developed about four months ago when a result of a certain plant penetrated the flesh.

Yesterday he was reported as doing satisfactorily. Dr. Miller is a brother of City Judge Frank Miller.

Palm Beach collects full amount of taxes

PALM BEACH, Aug. 5.—(AP)—Tax Collector Joseph Egan reported yesterday that 100 percent of the city's real estate taxes were paid for the first time in its history.

OF \$48,321 on its books, only \$3,821 was delinquent, Egan said. A delinquent tax sale Tuesday brought this amount in full.

Our Vice-President

When President Roosevelt was running for election the first time, John Garner was often referred to as a handicap. The people accepted Roosevelt as a brilliant leader, but they said "suppose something happens to him, that would leave Garner as president and he is not of the calibre to lead this great nation." But the worth of "Cactus Jack" has become increasingly recognized and today he is acknowledged as a sane and stabilizing influence on the administration and is given credit for rescuing the Democratic Party from an irreparable split.

One of the most interesting and intimate pictures of this seasoned veteran appears in this week's issue of "The Digest," which writes of him as follows: "Shrewd and able, the Vice President nevertheless prefers the role of Throtheadbottom to that of party leader. He likes to think of himself as a hick from the sticks in danger of losing his shirt to city slickers. A sunburnt Texas Coolidge, he has a face like a pink-cheeked hawk, with a hooked nose, jutting white eyebrows and eyes as blue, though not as guileless, as a baby's. He talks freely and affably, but keeps a secret like a safe. Everybody knows that he is out of sympathy with the President's more leftward leanings, but no one ever proved it. He himself, he says, is a hard-headed business man, who has built up a modest fortune and intends to hang on to it. President Roosevelt calls him Mr. Commonsense."

"He lives a commonsensical life, never makes a speech if he can help it, rarely dines out, rarely stays up after nine o'clock. He rises at six, dons whatever his wife Ettie lays out for him, breakfasts on griddle cakes, bacon, and coffee, claps an old slouch hat on his head, and sets out to reach his office at 7:30. When possible he flees from Washington to Ovada in the Rio Grande country. There the Garners occupy a house at the head of West Mesquite Street where the Vice President amuses himself by setting bantam hens on pheasant eggs, playing ferocious poker with cronies, picking pecans off the ground to reduce his waistline, and planning fishing trips.

"He came to the vice-presidency after thirty years in the House, where he eventually was elected Speaker. Born in the traditional poverty he had, he says in Who's Who, 'limited sch. advantages.' Such as they were, however, the sch. advantages seem to have been sufficient."

Our Neutrality Law

Wars are no longer declared, they are just waged. This seems to be what Japan and China are doing and in the light of hostilities, it will be interesting to see how our neutrality law operates. Under it, says the Miami Herald, "the President is empowered, in his discretion, to declare an embargo on the shipment of war material to belligerent countries. He may also prohibit the shipping of any goods to such countries as have been declared belligerent by American vessels and require such countries to provide their own means of transportation and pay cash for their purchases, if made in the United States."

"While American sympathies are and always have been with China, if an embargo should eventually be imposed on the two countries it would work to the serious damage of China, would be a one-sided affair."

"Japan has money to spend, she has a large merchant marine and could easily comply with conditions imposed by this country, if an embargo were imposed. On the other hand, China lacks both of these necessary things in order to supply her needs from this country. She cannot come and get supplies and she could not pay for them if she could."

"It would seem, therefore, if worse comes to worse, that our present neutrality law, if applied, would work a hardship for a nation for which we have the utmost friendly feelings and aid a country whose attitude toward its friendliness or its honesty of purpose toward us."

MAN ABOUT MANHATTAN

NEW YORK—I used to know a Scottish girl who was tall and a little on the angular side who wanted very much to become an actress. She got a job in the stock company and devoted most of her time to a passionate study of Shakespeare and the rest of it to talking incessantly about the theater.

Occasionally she took long walks, and I would see her swinging along the pavements, in low-heeled oxfords and tweed skirts, unmindful of the rain and probably unaware that she was soaping wet. She never heeded the weather. The thing I remember most is that almost always her stockings were wrinkled. She really never cared about clothes, and if the talk wasn't about drama she wasn't interested, either.

Yesterday I saw her again for the first time in six years. She was lurching in a theatrical hotel in the West Forties, and such a change! I have even forgot her name, but that doesn't matter; when she went to Hollywood and became a star she got a new one. It's Jean Harlow.

By implication, the admiral made it plain the government does not intend to engage in a naval race with Britain or even to approach the number of new ships for which the British government is planning.

Sanford Twenty Years Ago

Sanford now has three families with three sons each enlisted with Uncle Sam's fighting forces. They are the Murrells, the Bear-dalls, and the Chittendens. Sanford is in front with patriotism all the time.

The young ladies of the Women's Club were busy today collecting books and magazines for the soldiers in the field. They will be taken tomorrow to the library building.

M. M. Smith was in the city today driving "Daisy," an usual among other improvements on the old car is a new top piece.

Naval Heads Seek Huge Sum For '38 Building Program

WASHINGTON, Aug. 5.—(AP)—Two more super-dreadnaughts and two additional light cruisers, unofficially estimated to cost a total of \$150,000,000, are on the navy's construction program for 1938.

Admiral Leahy, acting secretary of the navy, announced yesterday that funds for the new warships will be asked of congress at its next session.

He said at a press conference that the navy wants the new fighting ships to replace vessels now over the treaty-fixed age of effectiveness, or those which will be obsolete before the new craft are completed.

Continuing Program of Replacement Construction

He made this explanation in response to inquiries as to what the United States intends to do in the light of Great Britain's \$7,000,000,000 naval reconstruction program.

By implication, the admiral made it plain the government does not intend to engage in a naval race with Britain or even to approach the number of new ships for which the British government is planning.

The American navy's sole aim, he said, is to take advantage of the Vinton Trammel act, which authorizes building the fleet to full treaty strength by 1942.

State Lottery Proposed

MINOT, S. D., Aug. 5.—(AP)—A \$5,000,000 lottery has been proposed as a method of wiping out North Dakota's bonded indebtedness and returning the state to a normal financial condition.

Washing Daybook

WASHINGTON, Aug. 5.—The state department has received its "representation fund" for 1937 and again for 1938 after being furnished by the government, or rather on behalf of the government. Actually J. P. Morgan presented the government with a home in London several years ago. There are posts where the ambassador and ministers do not get residences. They have to pay for them out of salary.

Ministers, next in rank to ambassadors, get \$10,000 a year. But frequently the cost of holding such jobs exceeds the pay. That is why ambassadors to the big countries like England and France are men of private means, able and willing to spend from their own pockets to keep up their end.

Asking Dad For Money Is An Old, Old Story

LANCASTER, Pa., Aug. 5.—(AP)—College students wrote home for money in 1768. Dr. H. M. J. Klein, professor of history at Franklin and Marshall college, found a letter written one year after the college was founded in which the student made an appeal to his father for funds.

The father was Peter Rhoads, Sr., member of the Pennsylvania Assembly. The request was written by Rhoads, Jr., who was graduated from Franklin and Marshall in 1790, and later became president of the Northampton bank.

"Dear Father:—Your favor of the 13th last I received on the 11th. (Gibson's surveying is not immediately necessary, but (the book) would greatly assist me in this. You may please your self, and I am satisfied, I will with the help of God, learn that the money you have advanced me shall not be lost."

WORK PAYS FOR BURIAL—SAN JOSE, Calif., Aug. 5.—(AP)—Stiner A. Stinson, laundryman, adopted as his hobby in life the building of a 50-foot, 10-passenger motor boat. He worked on it off and on for 35 years, and then died just before its completion. It will sail for more than enough to pay his funeral expenses.

Wanted: U. E. Goods

WASHINGTON, Aug. 5.—(AP)—From all over the world come inquiries to the department of commerce for the purchase of American-made goods.

The Belgian Congo is interested in fishing poles, reels and lines for deep sea fishing; American-bred Angola goats are wanted in Colombia; bathroom scales are inquired for from Czechoslovakia; and Canada wants to purchase granulated corn husks for cleaning fur.

Yes... we have CORONAS

Several years ago one of the policy holders called up the head of this insurance company and announced his decision to drop a certain policy.

"The premium is \$300, and I think I'll let it slide."

"That's all right," the insurance head told him. They chatted for a few moments and then hung up. Summoning his old salesman, he explained the situation and sent him over to salvage the retiring client. It took the young fellow about five minutes to make the policy before changing his mind.

But, next year the same thing happened. He wasn't going to keep paying \$300 a year for that policy. He didn't need the policy any more.

Again, the salesman, with

Flying Ansaldo Brothers Lead Rebel Aviators

By CHARLES S. FOLTS WITH THE NATIONALISTS IN SPAIN, Aug. 5.—(AP)—The flying Ansaldo brothers are as famed on the nationalist side of Spain's war as the Deane brothers are in American baseball.

The Babe Ruth of the nationalist air force is Lieutenant Pombo, who flew to Mexico for a girl and married her. Now he is a proud father fighting in Franco's air fleet. Pombo's part in the war has not been spectacular, however.

On June 7 flyers at the Victoria airport were informed that land troops had captured the International airfield northeast of Bilbao and were ordered to proceed there in the morning.

There was a race for the honor of being the first to land. Of 12 Spanish pilots in the race five were Ansaldo.

Juan got there first and landed. Both he and Jiminez were astounded when the planes that followed veered off and waved frantically at them.

Juan and Jiminez looked around. A party of men in uniform was running toward them. Looking further, they saw the flags flying over the airport were Basque government flags.

They could not start the motor, but Juan took several shots at the approaching soldiers with his revolver while Jiminez trained his machine gun on them.

Something had gone wrong with his motor, Juan was trying to fix it when the wild-eyed mechanic yelled, "I don't look at the flag now!"

Cupid Has Stolen Lead At One Time Reno Of Praries

SIoux FALLS, S. D., Aug. 4.—(AP)—Cupid has stolen the bill from Old Man Divorce in this one time "prairie Reno."

But old timers recall with relish anecdotes of the discontented wives and husbands who fled to Reno from nearly every state, from Europe, and even the Hawaiian and Philippine Islands between 1890 and 1907.

South Dakota's liberal divorce laws of that day brought them, and attorneys, commonly referred to the city as "Sua Falls."

Files of the cases for that era display threads of humor in the tapestries of marital tragedy.

A bride left her husband after two weeks because he was in saucy jealousy of the milkman. A Wisconsin buttermaker complained his wife had only taken two baths since their marriage. An Englishman came here to free himself from a wife "who put her cold feet on me in bed."

Today, due to Iowa and Minnesota laws which require a 6-day waiting period before marriage, Sioux Falls is the mecca of hundreds of brides and grooms each year.

Marauding Bear Is Killed By Officers—HOQUIAM, Wash., Aug. 5.—(AP)—So the frontier is gone, is it? Two police officers here have a different idea. Answering a call to a farm several miles out of the city, Chief Norman Foote and Officer Forbes Barrett found several farm families in terror, the children afraid to leave the doorsteps of their homes and the family pigs squealing in fear.

The officers ranged in the woods, fired one well-placed shot and dragged back a 200-pound black bear which had been foraging the neighborhood. As soon as the bear's mate is shot, they expect the community to be safe again.

Approximately 1,500,000 employees came within the scope of the new Railroad Retirement Act which has just become effective and which provides for the retirement of railroad employees.

Social And Personal Activities

ELIZABETH BRIGMAN JORDAN, Society Editor Telephone 148

Social Calendar

FRIDAY
The nominating committee of the Baptist Woman's Missionary Society will meet at 8:00 o'clock at the home of Mrs. George W. Hill, 206 Laurel Avenue.
The Girl Scouts will meet at the Little House at 8:45 o'clock.
The regular meeting of the Seaside Townsfolk Club will meet at 8:00 o'clock in their club rooms in the Wabaska building. The public is invited.

MONDAY
The daughters of Wesley Class will have a business and social meeting at 8:00 o'clock at the home of Mrs. W. A. McMullen, 122 West Eleventh Street.
Hostesses will be Mrs. C. L. Hedin, Mrs. O. R. Estridge, Mrs. Helen Schultz, Mrs. Brodie Williams, Mrs. W. A. McMullen and Miss Ruth Hand.

Mrs. Cochran Gives Party For Daughter

Mrs. J. D. Cochran of Lake Mary entertained Monday night with a birthday party in honor of her daughter, Jane.
The home was decorated with pleasing arrangements of summer flowers. Throughout the evening games and dancing were enjoyed by the guests.
At a late hour refreshments were served by the hostess assisted by Mrs. M. W. Roberts, Mrs. H. M. Cochran and Mrs. Gladys Cooper.
The guests included: Laurita Minchew, Ruth Pugh, Ruth Smith, Betty Brown, Irina Appleby, Grace Whitford, and Thomas Wansley, Wade Wansley, Wallace Smith, Pete Tillis, Ross Whitaker, Raymond Hall, Ross Cochran, Glynn Cochran, and Buddy Appleby.

GENEVA

Mrs. E. McKenny and children of Jacksonville are visiting her mother, Mrs. L. Grant.
Mr. and Mrs. O. R. Mathieux and son, Stewart, have gone to Cuba, Ill. for a visit.
Mr. and Mrs. Claude Coffee of Miami are the guests of Mrs. C. F. Harrison.
Mr. and Mrs. J. V. Tocol spent last week-end at Aton Park with Mr. Tocol's aunt and uncle, Mr. and Mrs. R. H. Wheeler.
Frank Mees and John Steele of Fort Wayne, Ind., are staying at H. B. Mees, Miss Aleria Mees and Mrs. C. C. LePrie.
Mrs. Richards, mother of Mrs. Lee Robinson, and a former resident of Geneva, was buried in the Geneva cemetery Wednesday afternoon at 2:00 o'clock.
Mrs. P. B. Dooley and daughter, Etleanor, left Thursday for a few days' visit at Daytona Beach. Mr. Dooley accompanied them to the beach returning Thursday afternoon.
Mr. and Mrs. H. H. Pattenhall have gone to their summer home in Waynesville, N. C. for the rest of the summer months.

BEES WRECK TRUCK

NEW ORLEANS, Aug. 5.—A swarm of bees ran a truck off the road near Bogalusa yesterday and seriously injured Hendon Vead, 20, driver and Lionel Vead, 23, Vead said he lost control of the truck while trying to dodge the bees and that it overturned into a ditch.

QUICK! STOP CHILLS AND FEVER!

Take This Good Old Medicine for Malaria!
When you're get chills and fever, and want relief and speedy relief. You don't want to go through the usual old misery.
Grover's Tablets Chill Tonic is not just a tonic for malaria. It is an antiseptic of malarial germs, but a medicine of proven power.
Grover's Tablets Chill Tonic contains the most potent and most effective medicine for malaria and fever, and also tends to build you up. That's the double effect you want.
The very best time you have an attack of malaria is when you get your first chill. Take Grover's Tablets at once. All the grooves will Grover's Tablets Chill Tonic, the best. The better you feel, the more you'll get out of it.

Miss Mary Went Is Honored With Party

Honoring Miss Mary Went, popular bride-elect, was a kitchen shower given by Mrs. Forrest May last night at her home on Silver Lake.
A color scheme of pink and green was carried out in the use of signias and other garden flowers and in the table appointments.
Throughout the evening bunco was enjoyed at the conclusion of which high score prize was awarded to Miss Clara Meisch and second high prize was won by Miss Alice McKim.
The shower of gifts was placed in a laundry basket and brought in by Miss Joyce Adams who was dressed as a wash woman. As she presented them to the honoree she made a short speech appropriate for the occasion.
Refreshments were served at a late hour by the hostess assisted by her mother, Mrs. F. B. Adams.

Personal

Those invited to attend were: the Misses Mary Went, honor guest, Charlotte Moughton, Sybil Boyd, Marjaret Bennett, Catherine White, Evelyn Wilkinson, Doris Rocky, Carlin Palmer, Clara Meisch, Ruth Meisch, Mary Nickel, Ruth Borland, Iris Seebree, Caroline Hill, Alice McKim, Mary Nell Smith, and Joyce Adams.
Misses Mary J. E. Baker, Mrs. T. F. Williams, Mrs. W. M. McKim, Mrs. Sheridan Jewett, Mrs. L. M. Telford, Mrs. Elsie Renaud, Mrs. George Shipp, Mrs. Henry Nickel, Mrs. J. D. Jenkins, Mrs. J. H. Cowan, Mrs. Leslie Went, Mrs. Roy Britt, Mrs. Q. G. Jordan, Mrs. F. B. Adams, and Mrs. Forrest May.

Scavenger Party Is Enjoyed By Group

The Young People's Department of the First Methodist Church enjoyed a scavenger party Tuesday evening. The group headed by Miss Martha Wright had the most complete list at the conclusion of the hunt and were awarded a box of candy.
Folk games were then enjoyed at the church annex after which the group went to the home of Mrs. C. C. Whittington on Oak Avenue where watermelon was served.
Those attending were: the Misses Mary Wyatt Halliff, Mary Ellen Leaser, Edna Stinch, Edna Snary, Martha Wright, Edna Stinch, Olive Chapman, Mabel Chapman, Gladys Ferguson, Abna Brown, Helen Shoemaker, Inez Williams, Antonetta Hayes, Donna Morgan, Elizabeth Whittington, and Mr. and Mrs. C. C. Whittington.
Also Hugh Leaser, Roderick Adams, Cullen Wright, Randall Priest, Wilbur Duncan, Fred Stinch, Ed Wilson, Billy Chapman and Mr. Chapman.

2 Popular Songs Are Heard In Ritz Film

The two popular radio song hits, "Lazy Rhythm" and "Crazy Dreams" are currently being featured in Columbia's "It Can't Last Forever," now at the Ritz Theater, for which they were specially written by Herb Magidson and Ben Oakland.
The first is a rumba song by five colored swingsters in a street scene setting. "Crazy Dreams" is a torch ballad rendered by the four male voices of The Blenders, famous choral quartet.
Ralph Bellamy, Betty Furness, Robert Armstrong and Raymond Walburn are featured in "It Can't Last Forever," a delicious comedy-musical directed by Hamilton MacFadden. Leo Loeb and Harold Buchman, authors of the Astaire-Rogers "Shall We Dance" wrote the screen play.
Magidson is a well-known and accomplished composer who wrote among other popular tunes, "Here's to Romance," "Midnight in Paris," "According to the Moonlight" and "Twinkle, Twinkle, Little Star," the last named in collaboration with Oakland.
Others in the cast of "It Can't Last Forever" are Thurston Hall, Wade Boteler and Ed Pawley.
Modern high speed films in sometimes weigh in the neighborhood of twenty pounds per horsepower, compacted with approximately 250 pounds for the early models.

Over 500 Americans Enrolled At Mexico National University

MEXICO CITY, Aug. 5.—(AP)—"Well, so long, I've got a class at 15 o'clock."
That method of telling time after noon is one of the two things American students attending summer school at the National University of Mexico find it difficult to adapt themselves to. The other thing is class room lectures delivered in Spanish.
"When they start talking about 15 and 16 o'clock, it sounds as though they are referring to next week, or something," says Joan Andre, a co-ed from Luxembourg, Wis.
More than 500 Americans from 27 states are enrolled in the university this summer, most of them to learn Spanish.
The school is housed in one building, the former residence of a Spanish grandee, and the campus is only a picturesque patio, about the size of the average American backyard. All class rooms open to the patio, and it is not uncommon to see a student outside conversing freely with a friend in class.
Starting to the visitor from the United States is the chorus of hissing that occasionally arises from his Mexican fellow students. They are not hissing the professor however. A couple may be talking too loudly, or there may be too much shuffling of feet, and the hissing is for silence.
The professor does not have to keep order. It is kept for him.

Orange Blossoms Came For Cherry Blossom Preiser, Dark-Haired Member of the Famed Preiser Sister Team of the Stage.

Ziegfeld Follies girl admitted her marriage to David J. Hopkins, son of the WPA chief, at Gretna, La. She continued with her stage work as shown, in Chicago.

Celery Growers Plan Meetings On Sales Pact

LAKELAND, Aug. 5.—(AP)—Preparing for the new celery season, meetings are to be held at several points in the next few weeks to secure grower approval and shipper signatures on the proposed marketing agreement which already has been approved by Secretary Wallace.
The meetings are to be held in Seminole, Manatee and Sarasota counties. Growers, who met here several times during the spring and summer, reported that best returns were received during the year the previous marketing pact was in effect. The AAA sought to aid the industry with a purchasing program last spring.
Steps will be taken at a meeting here today to draw up a citrus marketing agreement to supplant the one which expired last week. A full attendance was expected, especially in view of a protest meeting scheduled to be held last night in Orlando.
Some shippers in the Orlando section were quoted as prepared "to fight any sort of a marketing agreement for next season."
Actual writing of the new pact may be started here this afternoon.

Franklin Stevens of Fort Meade Tonight Will Tell Polk County Outrymen of Negotiation with Miami Retail Outlets for Eggs Produced in This County.

A large portion of the eggs from Polk now are being shipped to the east coast.

State Is Enforcing Two New Tax Laws On Fishermen And Boats

TALLAHASSEE, Aug. 5.—(AP)—The conservation department is enforcing two tax laws passed in the 1927 legislature—one aimed at fishing boats and the other at out-of-state fishermen who sell their catch.
The first law levies a tax of \$1.05 a year on every boat 16 feet or less in length used for fishing. Each additional foot of length adds 20 cents to the annual tax.
This rate applies to all boats used for fishing in the salt and tidal waters of Florida, whether sport or commercial. Conservation Commissioner R. L. Dowling said it was an amendment to the old law which the supreme court held did not apply to charter boats.
The boat license is the same for Floridians and non-residents.
Another 1927 statute imposes a 25 annual license on out-of-state or alien fishermen who sell the fish they catch.
A sports fisherman who returns to port with more than he can use and sells the surplus would be required to pay this tax.
"This law was passed," said Commissioner Dowling, "to protect Florida commercial fishermen who are required to pay a license. If a fisherman doesn't sell his catch, he doesn't have to pay the license."

WEDDING WALTZ

Orange blossoms came for Cherry Blossom Preiser, dark-haired member of the famed Preiser sister team of the stage. The ex-Ziegfeld Follies girl admitted her marriage to David J. Hopkins, son of the WPA chief, at Gretna, La. She continued with her stage work as shown, in Chicago.

ABOLISH BOWLING GREEN

NEW LONDON, Aug. 5.—(AP)—This northern Ohio village went back to the days of Merrie Englund five years ago and established a bowling green in the town park. Now, by a three to two vote, the council has decided to banish the green as unsightly and unpopular. It will be replaced by sidewalks and sod as of yore.

Co-Eds Will Wear New York's Most Colorful Designs

Good Fit And Simplicity Take Lead For Smart Fall Apparel

By ADELAIDE KERR
NEW YORK, Aug. 5.—(AP)—The most colorful teen-age clothes New York has designed in years are going to school this fall.

Those that will draw the A's and B's are stamped with these qualities—good fit and simplicity of cut; they do intriguing tricks with colors, and they are meant to be worn with an air of insouciant grace.
The smartest classroom frocks are made of wool—often with a nubbed or hairy weave. Most are slim and high-necked, though a few show fullness in good skirts. All are trim-waisted and short-skirted with hemlines fourteen to sixteen inches from the floor.
Slide fastenings (used for contrasting color ornament as well as for closing), leather trims in belts and fastenings, saddle stitching and pockets (sometimes hidden under pepplums) make them smart and young.
There is a great variety of straight box jackets, barely hip-length. Made of plain or plaid wool or colored leather.
Authentic Scotch plaids are good this year. They are used often in two-piece frocks, important items in the school girl's wardrobe. Many two-piece dresses combine plaid and plain wool as a gray, red and black plaid jacket-house worn over a gray wool skirt.
Plaids appear again in the popular short box coats (generally trimmed of back fullness) which top the chic new teen-age suits. Believing that a simple wool suit is important in the school girl's wardrobe (they are good for classroom, town and travel wear), designers have created a wealth of them, with spruce fitted jackets.
Frocks to "go places" after school are cut to give the school girl glamor. Since most girls want at least one black one (despite mothers' protests), there are many black crepe afternoon frocks designed with the fitted corsetlike waistline and shirred bodice effect. Gold accents, masks, mesh bows or cock's heads and colored metal trims give them zip. The sleeves generally are just a little longer than elbow length.
Colored velveteen or crepe make dresses for the girl who doesn't want black.
The last word in fur coats for the school-girl is the new "chunky" put, which ends at mid-hip and is cut on straight bulky lines. It is generally made of one of the full-furred pelts such as skunk or guanaco (South American llama). Straight coats

Severe Typhoon Hits China Coastal Towns

SHANGHAI, Aug. 5.—(AP)—Hammering at cities along the entire coast of China, the severest typhoon in recent years held coastal and harbor shipping at virtual standstill yesterday.
Transoceanic steamers stayed at sea to ride out the blow, officially termed "violent intensity."
The railroads last year expended \$37,229,000 for steel rails, the greatest amount spent for that purpose since 1921.

Birthday Dinner Is Given Jane Cochran

Honoring Miss Jane Cochran was a birthday dinner given Tuesday evening by her mother, Mrs. J. D. Cochran, at their home in Lake Mary.
Dinner was served after which dancing was enjoyed during the evening.
Those present were: Jane Cochran, honor guest, Marcela Proctor, Muriel Knox, Esther Strang, and Gail DeForest.

SOFT CORNS

Sore, Tender, Aching Feet Get Amazing Relief
Get a bottle of Moore's Emerald Oil with the understanding that if it does not put an end to your corns, you will promptly return it. About how long you've suffered or how many other preparations you have tried is one preparation that will help to make your painful aching feet so healthy, and free from corns and bunions, sores that you'll be able to go anywhere and do anything in absolute foot comfort.
Moore's Emerald Oil—greaseless, stainless—must give complete satisfaction or money cheerfully refunded, says Touchette's Drug Store and all good drug-gists.

HEART SUFFERERS TAKE HEART! HEART TROUBLE NEED NOT PROVE FATAL

Heart trouble is not due to enlargement of the heart itself but is due to unequal circulation of blood in other words congestive. Send for my free free congestion tests. You should be surprised, but will become the possessor of convincing and enlightening information. H. H. McPERRIN, ASTHMA, HIBB AND LOW BLOOD PRESSURE, BRONCHITIS AND various other troubles many times are also due to congestion of blood. So other people should also send for my free free book containing "The McPerrin Congestion Tests." Send 2c stamp. No postal cards answered. Address: Dr. Charles B. McPerrin, 141 S. Court St., Orlando, Fla.

Ask Your Friends From Westchester, New York

Florida is a land of pleasant surprises. For instance, few people think of Florida as a land of lakes. Driving through the Ridge Section with a neophyte never fails to bring many expressions of surprise at the number and beauty of the lakes.

Though the low level of gas rates, probably could not be classified with major pleasant surprises in Florida, the low rates do come under the heading of pleasant surprises.

Many of our Winter customers from large centers of population have been pleasantly surprised at the low gas rates in our smaller communities. For instance, there was the case of the Winter resident from Westchester, N. Y.—the suburban area just north of New York City, who found to her surprise that her bill was lower here than in her northern home.

Low gas rates help to attract people and business—they contribute to community development.

Opening Dates Of Schools Are Set By School Board

(Continued From Page One)
 Board had been examined and approved submitted to the State Superintendent, Colin English.

During the meeting, O. F. Houston, clerk of the Circuit Court, presented \$11,696 in school taxes which had been received in payment of County taxes and in accordance with an act passed by the recent Legislature which authorized cancellation of the bonds. The Board adopted a resolution cancelling the bonds and credited various school districts with the bonds.

Acting on the recommendation of the Oviedo school trustees, the Board appointed the following teachers for Oviedo to replace those who resigned: Miss Novella Carter, to teach commercial subjects; Miss Margaret Harper of Lakeland for the Fifth and Sixth Grade, and Miss Bernice Fay Mires of Deland for the Third and Fourth Grades. Other teachers in the Oviedo districts were re-appointed earlier in the summer.

At the request of Elton J. Moughton receiving of bids on the proposed Midway School was postponed until a special session is held Saturday morning.

On the recommendation of the trustees of the Longwood district the Board appointed Wallace Crooby, Allan Forward, and Herman Jean as bus drivers in that district for the coming year. H. C. Pugh was appointed to operate the bus from Lake Mary to Seminole High School.

Lee Splits With Board Refusing To Distribute Tax

(Continued From Page One)
 court to require me to pay them the money.

"They all said they wouldn't do that because they knew the act was invalid, and I'm not going to make payments under an act when they admit the law is bad."

Governor Cose disagreed.

"Lots of these counties need this money," he declared, "and some of them will be practically ruined unless they get it. They've made up their budgets expecting to get it, and some of them have allotted the money to contracts and things like that."

Attorney General Landis told the board that an administrative officer should treat all acts as valid until they are held otherwise by a court of competent jurisdiction. He agreed with Lee, however, that such an official has the right to ask a court's opinion if he has grave doubts about the validity of a law.

Counties which have received their shares under the 1931 act and are continuing to receive a portion of gas money under special laws were listed by the treasurer's office as Baker, Calhoun, Jackson, Liberty, Wakulla and Washington.

Counties which will have been paid out under the 1931 act within the next two years, and which have special acts ready to go into effect are Dade, Gadsden, Hamilton, Holmes and Santa Rosa.

Counties not paid out under the 1931 act, but already under special laws relating to their share of gasoline tax money are Brevard, Bryard, DeSoto, Duval, Flagler, Hardee, Monroe, Okaloosa, Okechobee, Osceola, St. Johns, St. Lucie, Seminole, Taylor and Union.

War Preparations By Japan Is Boost To National Debt

WASHINGTON, Aug. 5.—(AP)—The United States national debt has skyrocketed \$130,000,000 as a result of preparations for the present undeclared war in China, it was learned today.

A representative of the federal reserve board disclosed that the Administration has absorbed this amount in gold from the island empire under the gold sterilization program, in consequence of which the treasury must borrow funds to prevent inflationary effects of the metal on the nation's credit structure.

The result has been to increase the per capita debt by slightly more than \$1 for each man, woman and child in the United States.

Officials said that investigation had proved that most of the bullion entering here had been transferred into sterling credits, registered at London, in order to help reduce Japanese indebtedness to the world and prepare for military borrowings.

In addition, they said, considerable sums have been employed in the purchase of raw materials and other war supplies.

The result has been to build up the treasury's gold sterilization fund by more than 10 percent. The total inactive gold figure reported in today's treasury statement was \$1,230,803,966.

German Sports Tend To Military Exercises

BERLIN, Aug. 5.—(AP)—According to district leader Helmut Stellrecht, writing for the Reichs Youth press service, "Sports are ever more tending towards military exercises. This may not apply so much to the older classes but it does to the younger ones."

"The athletic championships to be held at Nurnberg this fall will show how our lads are shaping for the army," Stellrecht said. "Every district in the Reich will be expected to send two picked teams of nine competitors for honors."

PICTURE BRIDES' SUCKED

PEIPING, China, Aug. 5.—(AP)—Twenty brides, whose prospective husbands know them only from their pictures, have left Peiping to marry settlers in China's northwest frontier. The girls are all under 25 but most of the men they will marry are considerably older. Ten "picture brides" of last year are reported happily married and taking part in colonization work.

FLORIDA COUPLE INJURED

BILOXI, Miss., Aug. 5.—(AP)—Mr. and Mrs. T. C. Tucker, St. Cloud, Fla., were injured several miles east of Ocean Springs recently. Their car struck a light pole in attempting to pass a truck. Mrs. Tucker was driving and lost control of the car. She suffered a broken jaw bone, lacerations and bruises and the loss of several lower teeth. Tucker suffered a leg injury and cuts.

About one-half of the total number of highway-railroad grade crossing accidents in 1936 took place within city limits.

The railroads, in normal years, purchase approximately 25 percent of the total bituminous coal produced in the United States.

Edelweiss is an Alpine perennial woolly plant found in Switzerland, Austria and Siberia.

The first cheese factory in the United States was opened at Rome, N. Y., in 1851.

Sebring Banker Asks Reprive From Cone

TALLAHASSEE, Aug. 5.—(AP)—Attorney asked a new reprieve yesterday for C. A. Skipper, Sebring banker, convicted four years ago of embezzlement and conversion of bank funds.

Governor Cose, who said Monday he would not grant a new reprieve, heard arguments yesterday with the pardon board. Only the governor can grant a reprieve.

Skipper still has applied for a pardon but the board declared it could not consider his case yesterday because his application was advertised for hearing at the regular meeting in September.

Sheffield, Eng., has been noted for the manufacture of cutlery since Chaucer's time.

Digestible as milk itself!

Let the baby have this substance every day. It is a complete food. It is easy to digest. It is a natural food.

QUEENS AT COURT. Here is an imposing array of the leading women's tennis players of the world, all competing in the Seabright, N. J., matches. Left to right: Mrs. Bonnie Blank, Caroline Babcock, Ludwiga Jandroszewska, Dorothy Andrews, Anne Page, Marjorie Van Ryn, Alice Marble and Edith Clarke.

ACTRESS MOTHER DIES

NEW YORK, Aug. 5.—(AP)—Mrs. Florence Furness, 51, mother of Betty Furness of the movies, died of heart disease Tuesday in her Park Avenue apartment. Mrs. Furness maintained an interior decoration establishment here several years but recently had lived with her daughter in Hollywood.

Miss Furness was reported en route from Hollywood to attend the funeral here Thursday.

Rome had more than 800 public baths in the eighth century. A. D.

The average tractive effort of steam locomotives has increased 25 percent since 1880. But fuel consumption in the freight service, per 1000 gross-ton-miles, decreased thirty-one percent in the same period. In the passenger service, fuel consumption per car-mile decreased 19 percent.

Stetson To Present 26 Degrees Saturday At Final Exercises

DELAND, Aug. 5.—(AP)—Commencement exercises at 5 o'clock Saturday afternoon will bring to a close the fifth annual summer session at Stetson University.

Twenty-six degrees or certificates will be presented to graduates by President W. S. Allen of the institution who also will deliver the commencement address.

Examinations kept the students busy today and tomorrow. The men and women represent 65 Florida cities and 18 different states, and while they are returning homeward this weekend the summer season faculty likewise will be scattering in various directions to spend their vacations before the opening of the regular session, September 20.

A final treat of the session was provided for the university by Eugene Miller, Shakespearean actor of Toledo, Ohio, who gave his interpretations of "great moments in Shakespeare" this week in the campus Little Theater.

PAY NOT TO DRINK

PARIS, Aug. 5.—(AP)—Paying for not drinking wine is a new restaurant idea to Americans visiting Paris this summer. Certain small eating places, off the beaten Boulevard path, have re-

placed the "vin compris" formula with a 40-centime tax for the "privilege" of going without wine.

An international agreement requires radio equipment in all ships over 1600 tons gross weight.

Millions prefer this "flavor that is different"

Contractor Tears Down Wrong House

FAIRMONT, Ill., Aug. 5.—(AP)—It still happens—the contractor who tears down the wrong house.

IN THRONE'S SHADOW If General Franco, Spanish monarch, dies, there is a possibility that his son, Prince Don Juan, former King Alfonso's youngest son, will ask Prince Don Juan, former King Alfonso's youngest son, to re-establish the Spanish monarchy. Here are the prince and his wife.

When Mrs. Emma Otis of Fairmont went out to her new six-room farm house she found it two-thirds dismantled. The contractor was hauling away materials for use in building a garage.

The contractor shook his head, looked across the road at the dilapidated building, originally contracted for and said weakly, "Yes, looks like I tore down the wrong house all right."

SIGNER NARCOTIC BILL WASHINGTON, Aug. 5.—(AP)—President Roosevelt signed yesterday a bill to curb traffic in the narcotic, marijuana. The act imposes heavy taxes on transactions in the narcotic.

Helps For Housewives

To make sure jelly will be clear never squeeze the pulp in the jelly bag. Let the juices drip and strain through a heavy cheese cloth. The pulp may be made into 'butter' or there is no waste. About one cup of pulp is needed to make four cups of jelly, however.

Strawberry Jams and Jellies should be stored in a dark, cool place to preserve color and texture.

Pie fillings become too thick if too much sugar is used in them, they are baked in too hot an oven or they are not baked enough.

Roll out pastry at least one inch larger than the pan in which it is to be baked. That allows for shrinking.

Bake uncolored mixtures in a shallow, wide dish to save time and fuel.

Carefully follow instructions for making pickles. Tough, shriveled pickles are caused by too much salt, too much vinegar or the use of old cucumbers.

Try making peach fritters. Add one cup of diced fresh or canned peaches to the regular fritter batter. Serve as either the main dish or for dessert.

Vegetables used in salads should be dried well before they are combined with the salad dressing. Otherwise the salad is likely to become too watery.

FARMERS STAGE SIT-DOWN PIERCE CITY, Mo., Aug. 5.—(AP)—Farmers near here staged a three-hour sit-down strike when they learned the government they had employed intended to charge them higher prices than they had bargained for.

BANK BANDITS HELD ALA., Monday. The men were booked as Robert Allen, 30, living in Maryland, and Jimmy Brown, 18, of Gadsden, Ala.

CHATTANOOGA, Tenn., Aug. 5.—(AP)—Chief of Police Bryan said last night two men arrested here earlier in the day had admitted participating in the holdup robbery of a bank at Cedar Bluff, Ala.

Investigator Serves Jail Term By Mistake

KELLYS ISLAND, O., Aug. 5.—(AP)—Kenneth Erney swears that the next time he gets into jail it will be with some provocation.

Erney and Edwin Ludwig, county investigators for the old age pension system, came to this island village in Lake Erie to check up on applicants. Their duties took them to the town jail.

Erney noticed an open cell. He walked in to inspect it, and the steel-barred door clanged shut, locking him in.

Ludwig went for help, only to learn that the town marshal had the cell key and had gone off on a fishing trip. Several hours passed with Erney helplessly rattling the bars and Ludwig hunting a key.

Later, Vines returned home to find the woman sitting on his porch. An introduction disclosed she was Mrs. Henry Black of Spokane, Wash., sister of Vines whom he had not seen since 1902.

Brother And Sister Meet After 35 Years

ELIZABETHTON, Tenn., Aug. 5.—(AP)—A brother and sister, separated for 35 years, were reunited here yesterday under unusual circumstances.

Monroe Vines, a huckleberry vendor, approached a strange woman to sell her some berries. She declined the offer and continued down the street.

Later, Vines returned home to find the woman sitting on his porch. An introduction disclosed she was Mrs. Henry Black of Spokane, Wash., sister of Vines whom he had not seen since 1902.

Terrier Kills Cat And Adopts Kittens

NEW YORK, Aug. 5.—(AP)—Terrie, 11-year-old bull terrier, yesterday murdered the four kittens of a cat whose accidental death she caused.

The dog was chasing the cat over the World Fair site, said Mrs. Victoria Costanzo, Terrie's owner, when the cat was buried beneath a load of dirt dropped by a giant crane at work on the fair grounds.

Mrs. Costanzo is sure it was remorse that prompted Terrie to retrieve the cat's small kittens and carry them, one at a time, to her kitchen corner box in the Costanzo home, where she has since guarded them.

STEALS HOUSE KALISPELL, Mont., Aug. 5.—(AP)—Kalispell police raised their eyebrows when a request came from Sand Point, Idaho, to pick up a suspect who was believed to have stolen a house.

They got their man after the Sand Point bluecoats explained the house was an automobile trailer. It was the first trailer theft recorded in Montana.

Rodgers Outfit Defeated By Leesburg

Lookouts Able To Collect But Five Hits Off Bunch In 6-2 Loss For Sanford

Wet Ball And Five Costly Errors Too Much For Brainard To Overcome

The Sanford Lookouts were defeated last night by the Leesburg Condoliers in Leesburg by the score of 6 to 2. Sanford took an early lead but lost it as the Lookouts made five errors behind the slight hurling of Dan Brainard, most of these being scratch hits. Jake Bunch was on the mound for the Condoliers and allowed the locals but five hits.

In the second inning, the locals scored the first runs of the game. With one out, Holcomb and Lake were walked by Bunch. Bob Frichard singled to right scoring Holcomb and sending Lake to third. "Little Joe" Ruggiero then singled to right scoring Lake and sending Frichard to third. Brainard struck out and Ruggiero went to second and Frichard came home. The ball was thrown back to the catcher who tagged Frichard out to end the inning.

After that inning the Lookouts were unable to score as Bunch allowed them but three hits the remainder of the game.

In the fourth inning, the Leesburg club pushed a tally across the plate. Bonner, first up got to second on an error. Arnold all go on base on an error. D. Davis then poked out a single to left scoring Bonner. Rambert sacrificed both runners on base. Clemons struck out and W. Davis fled out to end the inning.

In the seventh, the Condoliers took the lead with a three run rally. Rambert singled and went to third on an error allowing Clemons to get on base. W. Davis fled out to second, Rambert scoring on the play. McGowan hit one down to second forcing Clemons at second. McGowan went to second when a throw to first got away from Frichard. Cox doubled to right scoring McGowan and Cox scored on a single by Bunch. Bonner fled out to end the inning.

In the eighth, the Leesburg team scored two runs. Arnold and D. Davis got infield hits. Clemons' infield hit scored Arnold and D. Davis scored on an error. That ended the scoring for the evening.

The Lookouts play the Leesburg club tonight at the Sanford Municipal Athletic Field at 8 P.M.

Madison Square Garden Leased By Promoter Jacobs

20th Century-Garden Rivalry Ended By 2 Year Contract

NEW YORK, Aug. 4.—The bitter rivalry for New York's boxing business was brought to a conclusion yesterday when promoter Mike Jacobs of the 20th Century club, signed a contract to lease Madison Square Garden "for a certain number of nights" during the next two years.

Jacobs, a Broadway ticket speculator who rose to prominence as Joe Louis' sealed the title heights, executed the final coup d'etat when he broke the Garden's control on the heavyweight title by leasing Jim Braddock to risk his title against Louis in June. Louis kayped Braddock and the title passed from control of the Eighth Avenue sports arena for the first time since the days of Tex Rickard.

While the statement released jointly by Jacobs and Garden President John Reed Kilpatrick did not mention the fate of Promoter Jimmy Johnston of the Garden, informed circles believed that Jacobs was taking over all boxing at the arena and that Johnston was "out."

The contract signed by Jacobs and Kilpatrick covers both the Garden and the corporation's Long Island bowl. Winter shows will be staged in the Garden by Jacobs during 1937-1938, and 1938-1939, and summer fights will be held in the bowl in 1938 and 1939.

The boxing "feud" termination was engineered by William F. Carey, commissioner of sanitation, former boss of the Garden and an ardent follower of the fistie sport.

Both Kilpatrick and Jacobs expressed themselves as well satisfied with this settlement "of the struggle between the two organizations," and both "felt that boxing will benefit from our cooperative efforts."

Psychological Signs Teach Iowans To Fight

IOWA CITY, Aug. 5.—(AP)—Coach Irl Tubbs plans to pep up his University of Iowa football team with psychology.

The team's dressing rooms are to be adorned with signs or slogans reminding the boys what it takes to make the score. Tubbs and his assistant, Bill Frey, say the signs will form a psychological reaction to keep up the old fighting spirit. The signs will be changed weekly, to read:

"It takes nerve to get in perfect physical condition—but it takes guts to stay there," or "Metzger (Bert Metzger, 6 minutes Notre Dame guard) weighed 150 pounds—weight doesn't count, it's the heart."

City Judge Finds One Honest Man

AKRON, O., Aug. 5.—(AP)—Judge C. V. D. Emmons fined Felix Barr \$10 and costs for discharging firearms inside the city limits, then failed to note the \$10 on the record, marking in only the costs.

"That's not right," protested Barr when he stepped over to the clerk to pay off. "I owe 10 bucks more than you are charging me."

"There goes an honest man," mused Judge Emmons as Barr left the city courtroom after paying the costs—and \$10.

ALL-AROUND GOLFER

DENVER, Aug. 5.—(AP)—Johnny Dawson, Chicago, touched both ends of the golfing thermometer in the Denver Country club's invitation tournament. He sank an ace on the fourth hole for the only hole-in-one of the meet and later posted a nine on the par-5 twelfth.

GOING TO GOSHEN. The foals and their horses are collecting at Good Time Park at Goshen, preparing for the big attraction of trotting—the Hambletonian—on August 11. Here is Southland, owned by C. W. Phillips of New York City, driven by Fred Kgan. Southland is rated highly to cop this feature race.

UPSEY-DAISEY. They both made it. At the pictured moment it didn't seem likely. The young miss and the big dapple were participating in the jumping classes of the Turnbridge, Wotts, England, riding show.

Texans Pass New Law To Curb Bull Fights

AUSTIN, Tex., Aug. 5.—(AP)—Texans, armed with a new law, can sue for injunctions to stop bullfights.

The measure was passed at request of the Society for the Prevention of Cruelty to Animals which charged, that although illegal, fights were held and promoters willingly paid the maximum \$200 fine out of fat profits.

Formerly only the attorney general or district and county attorneys could bring injunction proceedings.

Jimmy Dykes Says Secret Of Yankees Great Success Is Home Run Powerhouses

Says DiMaggio, Gehrig And Dickey Are Nightmare To American League Pitchers

By PAUL MICKELSON.
NEW YORK, Aug. 5.—James Joseph Dykes, head man of the pennant perspiring Chicago White Sox, had just completed a bit of successful detective work to regain Mrs. Dykes' mislaid pocketbook when he was cornered for a candid interview.

Though in the pink of health and nattily attired in the latest Park Avenue fashion, Manager Jim wore that frustrated look. It was plain to see that he was sore because his team lost both ends of the opening doubleheader against the New York Yankees.

Q. Jimmy, do you think your White Sox can catch the Yanks?
A. Catching up with 'em is easy. When we do, we get our ears pinned back.

Q. Then you believe no team can beat 'em out of the pennant?
A. You can't stop them. We're trying as hard as we can but they've got together too much power. They don't go in for little things like singles any more. They just settle with home runs.

Q. Why do they get so many homers?
A. Power. Those three powerhouses, Gehrig, DiMaggio and Dickey, give all the pitchers nightmares. Also that three foot wall they got out in right field at Yankee Stadium is no bargain. Why, I'm 40 and I can jump over it. If an outfielder misplaya a line drive, why, it falls over the wall for a homer. We could protest it but it wouldn't do any good.

Q. I note by the records the Yankees seem to hit more homers against you fellows than anybody else. How's that?
A. Our Pitchers just throw 'em where they like 'em, I guess. In the 16 games we've played the Yankees this year, I don't think they've driven in more than three or four runs with singles and doubles. All of them are homers. In Tuesday's games, all their runs were scored by home runs.

Q. Do other teams get stage fright when they meet the Yanks?
A. Sometimes I'm sure they do. Every team curses the other teams because they're unable to lick the Yankees consistently. So far, we're the only club able to hold them even. Maybe it's the crowds and the glamour of it all whenever the Yankees take the field. Anyway, none of us seems to be able to do much firing when we see the whites of their eyes.

Q. Think Mickey Cochrane will be okay again.
A. Sure hope so but I told Mickey the other day that it's harder to manage a club from the bench than from the field. When you're out there yourself, you can pray that a ball will come your way so you can do something. When you're on the bench, all you can do is hope and cry.

BUREAUCRACY FEARED

LUCERNE, Que., Aug. 5.—(AP)—Canada is the most over-governed country in the world and faces disaster unless it observes the same economic laws that every business man must follow, Major James Baxter, of Toronto, told the Seignior club here.

NOTICE OF APPLICATION FOR TAX DEDUCTION

NOTICE IS HEREBY GIVEN, That J. H. HERRING, holder of No. 10 of Tax Certificate No. 22, as per the 2nd day of July, A. D. 1928, has filed same in my office and has made application for a tax deed to be issued thereon. Said Certificate embraces the following described premises in the County of Seminole, State of Florida:

Lot 124 Block 2104
The assessment of the said property under the said certificate issued was in the name of UNKNOWN.

Unless said certificate shall be redeemed according to law, the property described therein will be sold to the highest bidder at the court-house door on the first Monday in the month of September, 1937, which is the 6th day of September, 1937.

Dated this 4th day of August, 1937.

O. P. HERRING, Clerk of Circuit Court of Seminole County, Florida.

PETER PEN

Now, UP THE STEPS TO THE VERY TOP OF THE GRANDFATHER'S CLOCK!

AND THIS IS THE GRANDFATHER'S CLUB. SHALL WE GO IN?

YES, YES!

EVERYTHING HERE IS PLANNED TO PLEASE GRANDFATHERS.

IT LOOKS SORTA COUNTRY.

SOON!

MAY WE COME IN?

IF SO, BRING YOUR GRANDFATHERS.

THESE NICE OLD GRANDFATHERS MUST KNOW SOME STORIES. (They used to be clock tenders in their younger days.)

WE MAKE FRIENDS WITH THE GRANDFATHER'S CLUB.

YEAH, THAT'S SO!

COULD YOU LEAD?

JUST LET ME MEND IT FOR YOU.

SAY PRINCESS YOU LOOK JUST LIKE MY LITTLE BATTERY ANNIE.

COULD YOU BETTER MEND MY PRINCESS, YOU KNOW.

MUCH BETTER PETER PEN. I'LL TELL YOU A STORY FOR THAT.

SCHOOLTEACHER SCHOOL. The Austrian government has ordered preliminary education for school teachers and college professors to enable these educators later to give their pupils instruction. These professors were at rifle practice at Bratislava, near Vienna, under command of an army officer.

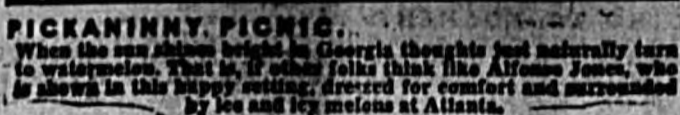

HEROD'S TEMPLE OF JERUSALEM. After painstaking study of old records, Vienna's specialists have reconstructed the exact Temple, constructed by King Herod shortly before the birth of Christ. A model, shown above, has been made by Felix Aldorf, of Vienna, based upon the available records, and is now on display in the Holy Land museum, in Vienna.

LITTLE RICH BOY. This is Christopher "Topper" Smith Reynolds, age four, heir to tobacco millions, and the son of Libby Holman, blues singer, and the late Smith Reynolds. The portrait was done by Maria De Kammerer at the Reynolds home at La Quinta, Calif.

SENATOR BOB. Sen. Robert M. La Follette, Jr., Wisconsin Progressive, was among the considered "possibilities" for appointment to the supreme court vacancy.

PICKANINNY PICKIN'. When the sun shines bright in Georgia thoughts just naturally turn to watermelon. That is, if other folks think like Alfonso Jones, who is shown in this happy setting, dressed for comfort and surrounded by ice and icy melons at Atlanta.

WAR ON WATERFRONT. It was a peep-peep from Joseph P. Ryan, longshoremen's union president, that greeted the ultimatum that he bring the crews back the C.I.O. At New York, Ryan said he would oppose C.I.O. unions on both coasts.

'NAZI' FIGHTER. Rep. Samuel Dickstein (D-NY) holds what he told congress was an authentic document which tells of an oath of "loyalty to Adolf Hitler" given to American Nazi "storm troopers." He wants congress to investigate.

SIGNS OF WAR. These Japanese student aviators find the prospect of sudden call to active duty in the growing Sino-Japanese strife in the flying area. In the aviation school at Tokyo, the young birdmen receive thorough training in mechanics, flying telegraphy and signaling, as shown.

HARVARD EAST. Under the leadership of Capt. Robert C. Mendenhall, the Harvard University Flying Corps is now being organized at Cambridge, Mass.

Amelia's 'Rescuer' Arrested For Hoax

A fantastic plot to extort money from George Palmer Linton on a promise to return his wife, Amelia Earhart, the lost aviator, led to the arrest of Wilbur Rothbar (above), a seaman, in New York.

Cone Eschews Trailer Camp Federal Help For Jobless For Approval

Says U. S. Must Agree 'With Us' Or Else Employment Service Will Stop Function

TALLAHASSEE, Aug. 6.—(AP)—Unless the federal government makes a contribution, Florida will get along without a state employment service and save \$70,000 this year, Governor Cone said yesterday.

Preliminary Estimate Of Cost To Be Presented To City Commission On Monday

Tentative plans and specifications for the proposed trailer camp to be located on the vacant plot between Palmetto and Wood Avenues have been completed and preliminary estimates to be presented at the meeting of the City Commissioners next Monday night are being made in an effort to arrive at the probable cost of the project.

BLAST WRECKS FACTORY, KILLING ONE, INJURING 40

At least one person was killed and 40 others were injured in a terrific explosion that demolished a brick factory at Paterson, N. J. Houses were jarred for blocks around. The blast was believed to have originated in a gas oven. The wreckage of the building is shown shortly after the explosion. Note the automobiles partially buried under debris.

Japs Working Feverishly To Move Citizens

Undeclared Sino-Japanese War Threatening To Spread To Great Central City

Marines Land At Port Of Hankow

Naval Troops And Infantry Of Chinese Facing Each Other

NANKING, Aug. 6.—(AP)—The Japanese navy worked feverishly today to withdraw its nationals from Hankow as the undeclared Sino-Japanese war threatened to spread to that great central China city.

All the Japanese in Japan's Hankow concession and nearby areas were ordered to concentrate at the Yangtze river waterfront for a wholesale evacuation, which was to be completed tonight.

Three hundred troops in and near the city were estimated at 30,000.

Japanese marines and Chinese infantrymen were facing each other across barricades only the width of a street apart.

The United States consul-general at Hankow, according to dispatches to Nanking, advised all Americans in that part of the consular district north of the Yellow River to withdraw southward to places of safety.

This action followed closely an official Japanese intimation that the North China zone of hostilities might advance southward to the Yellow River, the natural boundary between North and Central China.

In Shantung province, United States citizens on advice of their consul at Tsinanfu were already reported concentrating at Tsinanfu on the coast.

Pre-Salted Celery Seen As Possibility

Pre-Salted celery may become a new market feature, according to a clipping from the Farm Journal submitted to a Herald reporter this morning by County Agent C. R. Dawson, who is conversing at his home here from injuries sustained in an auto accident at Waterboro, S. C. recently.

The article reads as follows: If tests to be made in Daru County, N. C. this season bear out present indications, pre-salted celery may soon become a market feature. County Agent C. W. Overman found celery making excellent growth in waste places near Mantoe although the plants were at times covered by the tide waters. Those who tasted the celery said that the tide water gave the vegetables just enough salt to make it highly palatable.

At any rate, a number of growers will experiment with 2,000 plants this year to determine if the new idea has practical value.

Advance In Price Of Motor Cars In Store For Public

Increased Costs And Labor Difficulties Believed Reasons

DETROIT, Aug. 6.—(AP)—Plans for stepping up the retail prices of all General Motors automobiles were announced yesterday. Following closely upon the price increase announced by the Ford Motor Company and the statement of General Motors chairman, Alfred P. Sloan Jr. that price boosts were inevitable, Pontiac, Chevrolet and Buick divisions of the corporation disclosed that the retail listings are to be increased.

Effective Aug. 9, Oldsmobile prices are to be increased \$45. After Aug. 14, Cadillac units will be raised \$100 and LaSalle \$60. Buick will raise retail prices about 3 or 4 percent (from \$30 to approximately \$60) on Aug. 9. Pontiac and Chevrolet have not yet determined the dates for their advances.

Because many producers were understood to be awaiting price actions by Ford and General Motors, authoritatively sources indicated a belief all other producers will follow the same course. All have been affected by the increased cost of materials and higher wage scales.

Sloan, in his statement which blamed labor difficulties for a sharp drop in General Motors gross earnings during the first half of 1937, said that a "substantial increase in selling prices" "will be expected to result from the trend toward higher wages and other production costs along with a certain decrease in labor efficiency."

Increases announced were considerably lower than most traders had expected to follow Sloan's announcement and led to speculation in distribution quarters as to whether further advances may be expected with the introduction of new models in late September and early October.

Mike Stoinoff Is Dead Following Two-Week Illness

Sanford Farmer Came From Bulgaria And Lived Here 26 Years

Mike Stoinoff died last night at 9:00 o'clock at the Fernald Laughlin Memorial Hospital following an illness of about two weeks.

He was born in Ruschuck, Bulgaria in 1885 and came to the United States in 1903. He had lived in Sanford for the past 26 years and had been engaged as a farmer.

Mr. Stoinoff was a member of the First Methodist Church, Lodge 1241 of B.P.O. Elks, and the Odd Fellows.

Surviving him are his widow, Mrs. Rose Stoinoff; two daughters, Netka Stoinoff and Mrs. Edward King of Orlando; three sons, Robert Stoinoff, George Stoinoff, of Dania, and James Stoinoff, of Miami Springs; one brother, Ralph Stoinoff, of Bulgaria, and one sister, Mrs. Thomas Dixon, of Dania.

Funeral services will be held Saturday afternoon at 2:00 o'clock at the First Methodist Church and burial will be at the Evergreen Cemetery with the Rev. Paul Redfern officiating.

All members of the Sanford Elks have been requested to be present by George Thurston, exalted ruler. Pallbearers will be chosen from the club and special services will be conducted at the grave.

The Erickson Funeral Home will be in charge of the funeral arrangements.

Fleischer Presents Herald With Peaches

A half bushel of Elberta peaches arrived yesterday from Spartanburg, S. C. as a gift to the Herald office through the courtesy of Sam Fleischer.

Although among the first of the season, the fruit is well colored and is thoroughly ripe, and has an average measurement of about three inches in diameter.

The staff of the Herald enjoyed the gift and is very grateful to Mr. Fleischer for his courtesy.

TRAIN PULLS TOOTH

ELKHORN, Wis., Aug. 5.—(AP)—James (Sam) Mottier, WPA foreman, made sure that his solving tooth would be extracted. He took a piece of string, tied it to a tobacco can and his helper held his head. The train started dragging the troublesome tooth behind it.

Swimming Pool At Oviedo Formally Opened Yesterday

Praise for the citizens of Oviedo whose efforts accomplished the goal of a city-owned swimming pool was given yesterday by County Attorney R. F. Housholder, marking the official opening of the completed project.

Town Clerk Ed Jordan, acting as master of ceremonies, introduced many visitors and speakers, W. B. Williams, chairman of the Seminole County Commissioners, was the first speaker, followed by F. A. Dyer and D. L. Thrasher, members of the County Board.

Mayor Jon Lehgart welcomed the throngs and Professor R. V. Cooper, principal of the Oviedo public school, and F. W. Talbot, president of the Oviedo Men's Club, made short talks.

The Seminole Chamber of Commerce was represented by T. E. Simpson, president, and Ralph Bagwell, secretary.

The Oviedo Municipal Swimming Pool and bath house were constructed by the Works Progress Administration and the landscaping and building of a baby pool was done by the town of Oviedo.

U. S. Negotiates New Yugoslavia Trade Pact

BEIGRADE, Aug. 6.—(AP)—The anticipated 25-year-old existing trade treaty between Yugoslavia and the United States soon will be replaced by a new pact, according to present indications.

The present agreement, which was concluded between Washington and pre-war Belgrade on Oct. 14, 1931, is among the world's most venerable documents of this kind which have remained in force.

Failure of this treaty to be adjusted to modern trade conditions has greatly hampered the development of normal relations between the two countries. In fact, the exchange of goods with the United States has come almost to a standstill in the last two years because of the strict application by the Belgrade government of a clearing system with countries which purchased less from than they sold to Yugoslavia, as was the case with America.

Man Kills Mother, 2 Sisters And Himself

PITTSBURGH, Aug. 6.—(AP)—A young unemployed bookkeeper, fatally shot his widowed mother and two sisters and killed himself today with the bullets from a new rifle. Police Inspector G. H. Egan and Lieutenant Edward Kirby killed the three in the bedrooms of their homes.

Three notes written by Bernard indicated he was driven to the act by worry over his family. Another brother, Frank, 27, found the bodies when he came home from work this morning. The mother, Mrs. Anna Greger, 47, lay on the floor of her room. In the bed in another room were sprawled the bodies of his sisters, Mary Ann, 15, and Betty, 23.

Governor Of Texas Favors Third Term For Pres. Roosevelt

MEXICO CITY, Aug. 6.—(AP)—Gov. James V. Allred of Texas, here on a tour of Mexico, yesterday reiterated his stand in favor of his third term for President Roosevelt.

The governor added, however, that while "I believe the people of Texas would back him, I don't know about the politicians."

At a press conference in the United States embassy the governor said: "If the president is available and wants it, I am for him. He has not a single honest but which is for the people, not only of his own country but of the entire world. He may need another term to complete his program. It is too early to say if there is a popular movement to give him a third term."

Gov. George Earle of Pennsylvania, another democratic leader, recently placed himself on record as favoring another term for the president.
