Realtor, S&L Officer 'Partners'

The purchase or building of a house, the most "big ticket" item on the American market, requires financing. There are few persons in this age of installment financing that could or would consider an all-cash transaction for such a large outlay of money. And it is here that the realtor and the mortgage and loan building officer form a vital partnership in the real property field.

Historically—at least in past two decades—the S&L's have handled over 40 per cent of the home financing. In recent years the S&L's have increased to almost 75 per cent of all non-farm real estate financing.

Ellsworth Bassett Quits Sanford Port Position

By BILL SCOTT
Ellsworth Bassett, chairman of the Seminole Port Authority, is resigning effective June 15 to devote more time to his harbor consultant business.

This was revealed last night during the monthly authority meeting by Bassett, who explained that since the Port of Sanford is nearing completion, this would be the logical time to leave thereby allowing a successor to assume the task of operating the port at the opening of the barge facility.

Bassett was appointed to the authority by Gov. Claude Kirk in 1967 and his present four-year term would have expired in 1971.

George Harden Jr., county farmer and cattleman, was recently named to the board and he is expected to be placed on the County Commission in place of Pellham.

Resurfacing Slated To Mt. Dora 46 Improvement Expanded

By FRED VAN PELT
An improved State Road 46 between Sanford and Mt. Dora within a year or two, ultimately between 1-76 on the west and I-95 on the east, was the picture painted last night at a joint session of the Mt. Dora and Greater Sanford Chambers of Commerce.

Thomas W. Williams, Lake County commissioner, "dressed a bombshell" when he reported that he had studied the State Department of Transportation's 1971-72 budget and discovered that included in the widening of the present two-lane highway between the Wekiva River and U.S. 441, plus resurfacing at a total cost of \$442,000.

DOT currently is preparing to straighten and resurface SR 46 between the Wekiva River (Lake-Seminole County line) and 14 at an estimated cost of \$371,000. The state and county is acquiring rights-of-way for a future four-lane highway.

Port Needs Added \$\$

Seminole Port Authority will have to find an extra \$66,283 to pay for property completed by the authority for the construction and operation of the Port of Sanford, now building on the St. Johns River west of Sanford near 14.

Complaints increasing again on railroad Xing... like the one out on 23rd Street, where at the late afternoon hour, the automobile drivers are trying to block the sun from their eyes and have little opportunity of observing the flashing red signals.

Abby Promoted

Seminole County Sheriff's Department has recently promoted George Abby from Identification Officer to detective status.

Annexation Produces 3-Way Race

CASSELLBERRY—A three way annexation race is on in South Seminole County, and following a meeting last night of the Caselberry City Council, it appears now that Caselberry is in the lead, followed closely by Altamonte Springs and Longwood.

All three cities are seeking to annex similar right-of-way parcels on Highway 17-92 and SR 436. Caselberry instructed its city attorney Kenneth McIntosh to proceed in the drawing of an annexation ordinance.

Attending the session last night from the Greater Sanford Chamber of Commerce were President George Tomby, Man-

JUST THE KIND I WANTED
"DADDY, buy me that!" When Caselberry City Council Chairman Tom Napier served as auctioneer Saturday in Seminole Plaza for the St. Augustine Catholic Church, he found three of his most eager customers were his daughters, Monica, Andrea, and Claire. Over \$1,000 was raised at the auction toward paying off the debt on the parish rectory. (Jane Caselberry Photo)

Continuance Motion Denied

Motion for continuance of the trial of Orlando Attorney Edward Kirkland, brought by Kirkland's attorney, was denied this morning by Circuit Court Judge Thom Rumberger. The trial will begin at 9:30 Thursday morning.

Kirkland Trial Thursday

Control of prejudicial publicity in the matter was stressed by Herring, who refused to comment further to the press on the matter immediately following the hearing. Judge Rumberger. (Continued on Page 2A, Col. 3)

Altamonte Sets Hearing Today On Utility Rates

ALTAMONTE SPRINGS — Altamonte Springs City Council will have the second reading on the Water Rate Ordinance and the Utility Tax Ordinance at a meeting today at 4:30 p.m.

Annexation Produces 3-Way Race

Altamonte Springs is seeking to annex right of way on SR 436 to the present Caselberry city limits and west on the heavily traveled artery to Interstate Four.

American GIs Enter Laos In 'Protection Reaction'

By WALTER E. MEARS
Associated Press Writer
WASHINGTON (AP) — Secretary of Defense Melvin R. Laird has acknowledged small numbers of American troops have ventured briefly into Laos and might do so again.

Justifying Monday before the Senate Foreign Relations Committee, the Pentagon chief did not go into detail on the Laotian incursions, but he ruled out future large-scale American military operations in Laos.

U.S. forces, he said, have entered Laos only in "protective reaction" situations—had, for example, been ordered to rescue South Vietnam, rescue operations, or in support of air strikes against the Ho Chi Minh Trail.

The secretary made the statement shortly after the Florida White House stated there are no American ground forces in Laos, and "no change in our activities in Laos."

"Our forces in Vietnam have that particular authority," he said of the protective reaction into Laos, adding his brief statement does not violate a congressional ban on the use of U.S. ground forces in Laos or Thailand.

When questioned about Cambodia, the secretary refused as he has in the past, to rule out continued U.S. air strikes on North Vietnam sanctuaries in Cambodia after American troops have left.

He also said such strikes might be launched at targets more than 21 miles from the Cambodian border, the limit Nixon set for American troop operations.

"I did not estimate that as accurately as perhaps I should have as a politician," he said. "But I don't think that anyone could anticipate the situation at Kent University or some of the other... confrontations that have taken place."

"I do feel, however, that the support for the President of the United States is very strong."

Is It Really Polluted?

STANDING ALONG THE BANK of Rock Springs this past Sunday, visitors were prohibited from entering the water due to the possibility of it being polluted.

BUT, OUT OF SIGHT... of the life ponds and a little farther upstream, these youngsters found the water and its surroundings too appealing to resist. The hint of pollution was based on a ceiling...

Lib Move Spreading

By PEGGY SIMPSON
Associated Press Writer
WASHINGTON (AP) — The women's liberation movement is attracting a much wider cross-section of the nation's female population than just the militant bra burners and down-with-men types, according to one of the administration's highest ranking women.

The drive for better treatment of women is much broader based than many females, let alone males, realize, Elizabeth Kowitz says, pointing to lady lawyers and other women professionals as examples.

Mrs. Kowitz, director of the Labor Department's Women's Bureau, told the Women's National Democratic Club Monday the realization of how the nation is deprived of female brains is causing fundamental changes in attitudes by women of all ages and areas of life.

Women lawyers have organized to seek out any discrimination cases to get court rulings clearing the way for equal pay and opportunity, she said.

Other women, Mrs. Kowitz added, are fighting the "SI" syndrome—the "Southern belle conditioning that has led us as women to be content in a cocoon of thinking."

She carries this habit through courtship, Mrs. Kowitz said, and ultimately is a self-fulfilling—dependent, nonassertive, and rumored to be brainless.

Caution Is Advocated In Judicial Reaction

By BARRY SCHWEID
Associated Press Writer
WASHINGTON (AP) — Chief Justice Warren E. Burger cautioned today against a judicial overreaction to rebellious defendants and others challenging the American system of justice.

"Some say that we must 'crack down,' that we must 'smash' the challengers and restore tight discipline," Burger said in a speech prepared for the American Law Institute.

"In periods of stress there are always some voices raised urging that we suspend fundamental guarantees and take shortcuts as a matter of self-protection."

'Realtor Week' Observed

By MELANDE CASSELLBERY
The Seminole County Board of Realtors kicked off "Realtor Week" with a dinner at the Longwood Hotel where Warren E. Knowles, city manager of Sanford, spoke on the growth and future of Seminole County.

North Orlando Growth Pictured

By MELANDE CASSELLBERY
The time it would be much more economical to have a centrally located courtroom to be used by several towns with a time schedule set up. He pointed out that expensive equipment sparingly used could be shared by the communities at an economic advantage. He used the drunkometer as an example.

Four-Laning Of SR 46 Discussed

The four laning of SR 46 west from 14 to the Wekiva River as in the 20 year road program was discussed this morning at a meeting of Seminole County Commissioners.

Altamonte Sets Hearing Today On Utility Rates

The council will also hear a report from City Attorney S. J. Davis upon the Charter amendment procedure under Home Rule. Davis was authorized at the last meeting of council to proceed with the amendments to the Charter, which will be placed on the ballot in the fall for public referendum.

Kirkland Trial Thursday

may have direct relevance to the trial.

Seven States Test 'SEARCH'

Electronics Hunts Out Criminals

By LARRY KURTZ
Associated Press Writer
ANN ARBOR, Mich. (AP) — It's history in Michigan, bald in California, with a new name and driver's license everywhere he goes.

He's a career criminal, a fast-moving felon who keeps ahead of his record by jumping from state to state faster than paperwork can follow.

It's been arrested for a minor offense in Arizona, he may be long gone before word comes that he's wanted for armed robbery in Texas.

Authorities in 13 states are using a sophisticated communications network to help them put the arm on elusive characters like these.

Initially, seven of the states have banded together to test an instant information system with the apt acronym of SEARCH II.

Each individual whose files are computerized will be identified by a code stored at the State Police computer center.

One state will tell the computer it wants to know which other states have records on a certain individual.

The computer will search the identification files and report the results.

NEW OFFICERS of the South Seminole Community Library Association, Inc. of Altamonte Springs, include (front row, left to right) Mike Hattaway, Mrs. Richard Cockey, Mrs. William Schaffner, Mrs. Florence Courson and Mrs. George Hartz. Back row (left to right) Mrs. H. J. High, James Kinsey, and Mrs. K. A. Juthe.

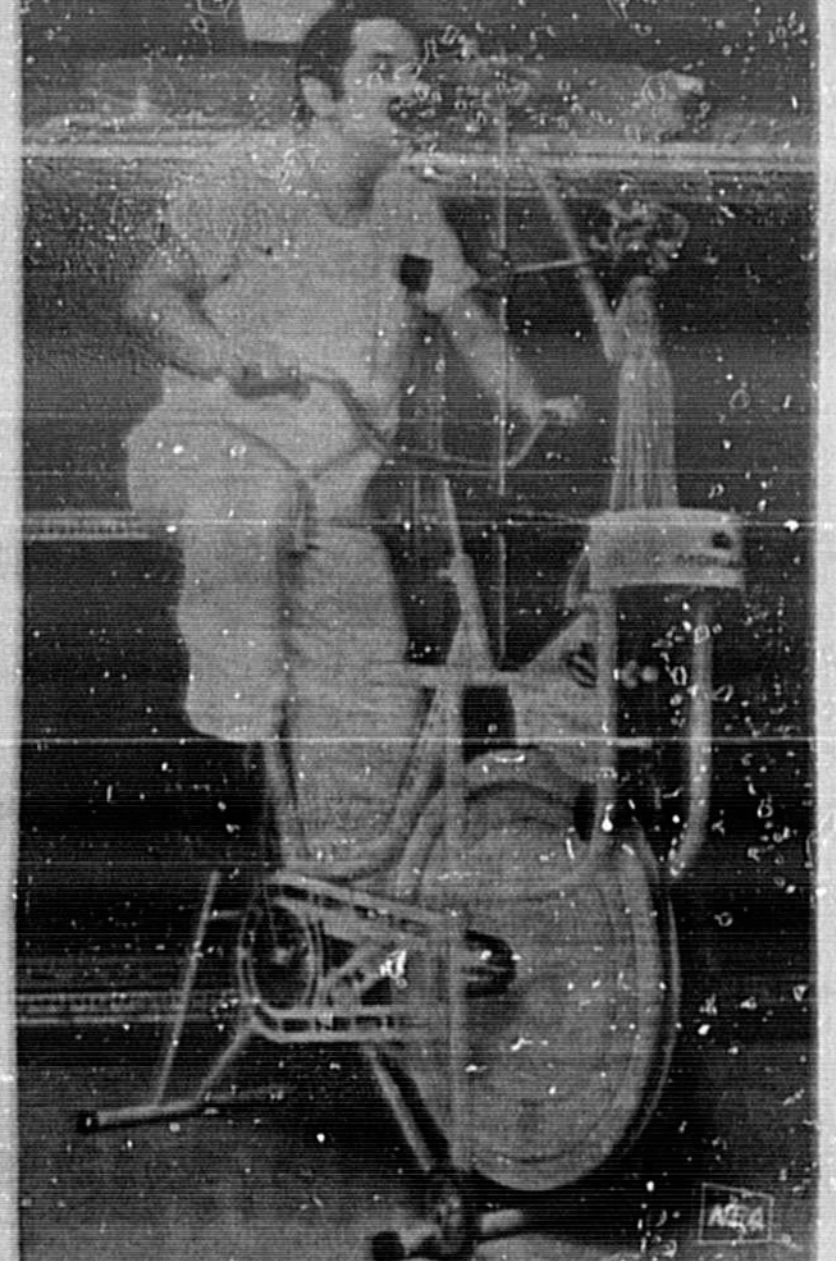

Welfare Secy. Is Hospitalized

By JAMES PHILLIPS
WASHINGTON (AP) — Welfare Secretary Robert H. Finkelstein was hospitalized Monday when unappreciated confrontation with critics within his own department was called off when he was suddenly hospitalized.

HEW Undersecretary John G. Veneman told the department employees who filled an auditorium and several other rooms of Finkelstein's ailment and said the secretary would reschedule the meeting at the earliest possible time.

In that statement, Finkelstein generally defended Nixon administration domestic and foreign policies, but conceded he and other top agency officials may have become isolated from dissenting opinion both within and without the department.

Finkelstein appeared to take issue with President Nixon's plea for a lowering of voices, saying, "It is not sufficient simply to lower our voices. We must sincerely want to listen, and to understand what people really are trying to say to one another."

CARBON MONOXIDE reportedly impairs human activity, according to tests conducted at the Marquette School of Medicine in Milwaukee, Wis. Here, a volunteer is in a carefully controlled environmental chamber pumped with a bicycle under varying levels of carbon monoxide. Test results are analyzed by IBM computer.

Third Student Arrested In Local Narcotics Ring

The arrest Monday of a 18-year-old Leman High School student brought to three the number of arrests in the breaking of a county narcotic operation.

According to Duane Harrell, chief Seminole County deputy, Steve Marie Adams, 1825 Maywood Road, Tanglewood, was arrested by Constable Chester Boyd and booked at the county jail on two charges involving drugs.

The 18-year-old juvenile, named in a speech prepared for the American Law Institute.

Three warrants were issued and Richard A. Zim, an 18-year-old Altamonte Springs youth, was arrested by deputies from Constable Robert James' office a week ago.

A 16-year-old juvenile, name undisclosed, has also been apprehended on a third warrant, Harrell said. All three were posted bond and have been released.

In a Sanford break-in last night, a Laurel Avenue electrical firm was ransacked and between \$4,000 and \$6,000 in wiring apparatus was stolen.

Included in the haul was 10,000 feet of milred copper wire and electric switches and receptacles, all from Jones Electric Company.

Bad News Won't Disappear

DALLAS (UPI) — J. L. Stevenson, managing editor of United Press International, said a group of journalists Monday had news won't disappear if only good news is reported.

Stevenson said a chapter of Sigma Iota Chi when the free flow of news is interrupted, the first result is panic. That is followed by distortion and then a complete loss in believability.

FUNNY BUSINESS

By Roger Bollen
I'D ALREADY BOUGHT THE HOUSE... I NEED THIS TO MEET THE INTEREST PAYMENTS ON...

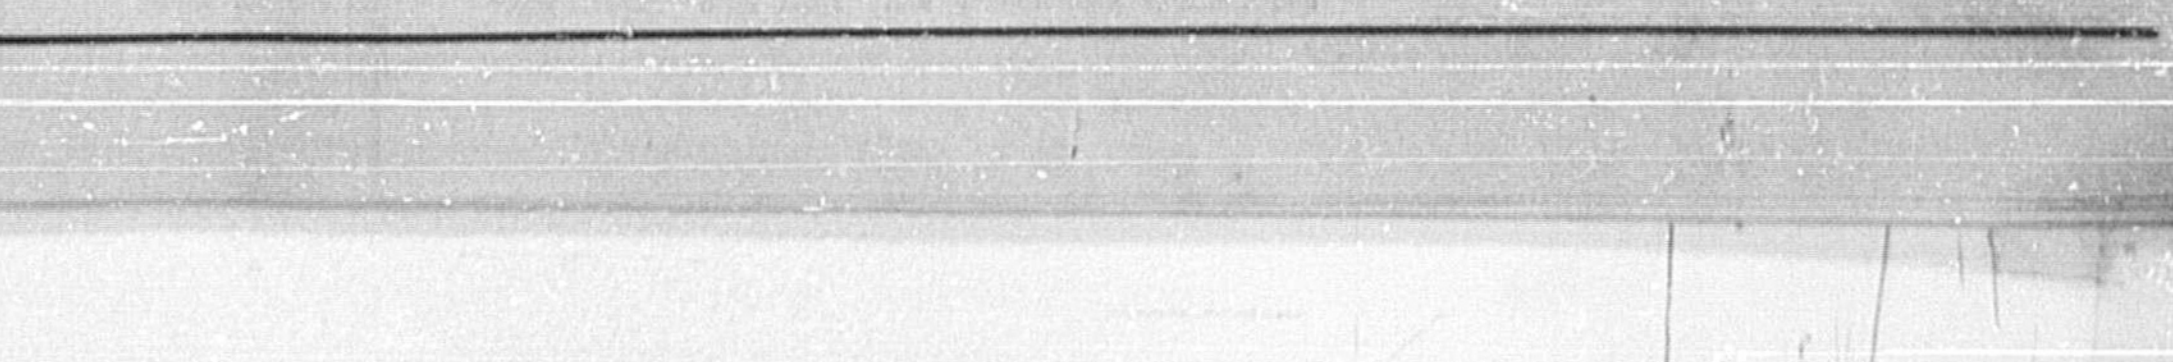

Nova now priced \$159 less.*

And you still get things smaller cars don't offer.

Over 12 cubic feet of luggage space. Seats big enough for five big people. Automatic ignition key alarm. Magic-Mirror acrylic lacquer finish. 140-hp v8 or 200-hp v8. Steel cargo guard in trunk. Rust fighting flush-and-dry rocker panels. Inner fenders, front and rear, to protect the outer fenders. Springs matched to weight of the car. Low profile tires on 14" wheels. A \$159 price reduction. Now you can order a new Nova at a \$159 price reduction. Coupe or sedan. Four, six or eight-cylinder engine. With these Novas the day-night mirror, bias belted ply tires, cigarette lighter and seat belt retractors, formerly standard, are still available as options. And you get features on every Nova that you just won't find on those smaller cars. Features that make driving more enjoyable and economical. Features that add value to your Nova when it's time to trade. So read around our Nova pictured here. Then place your order at your Chevrolet dealer's lot. Nova, the car that's already priced smaller than its size, is now lower priced than before. Putting you first, keeps us first. *Price reduction based on manufacturer's suggested retail price, including initial destination tax and optional dealer prep and preparation charges.

Right Car. Right Price. Right Now.

Editorial Comment

Students Adopting New Anti-War Actions

There can be no reasonable doubt now that President Nixon's decision to cross Cambodian borders with American forces to erase the sanctuaries where the North Vietnamese were able to escape invasions of South Vietnam...

There is one product of these weeks of tension, crisis, soul-searching both within and without the White House, global debate on what the new Nixon decision means in terms of the foreign policy now to be expected...

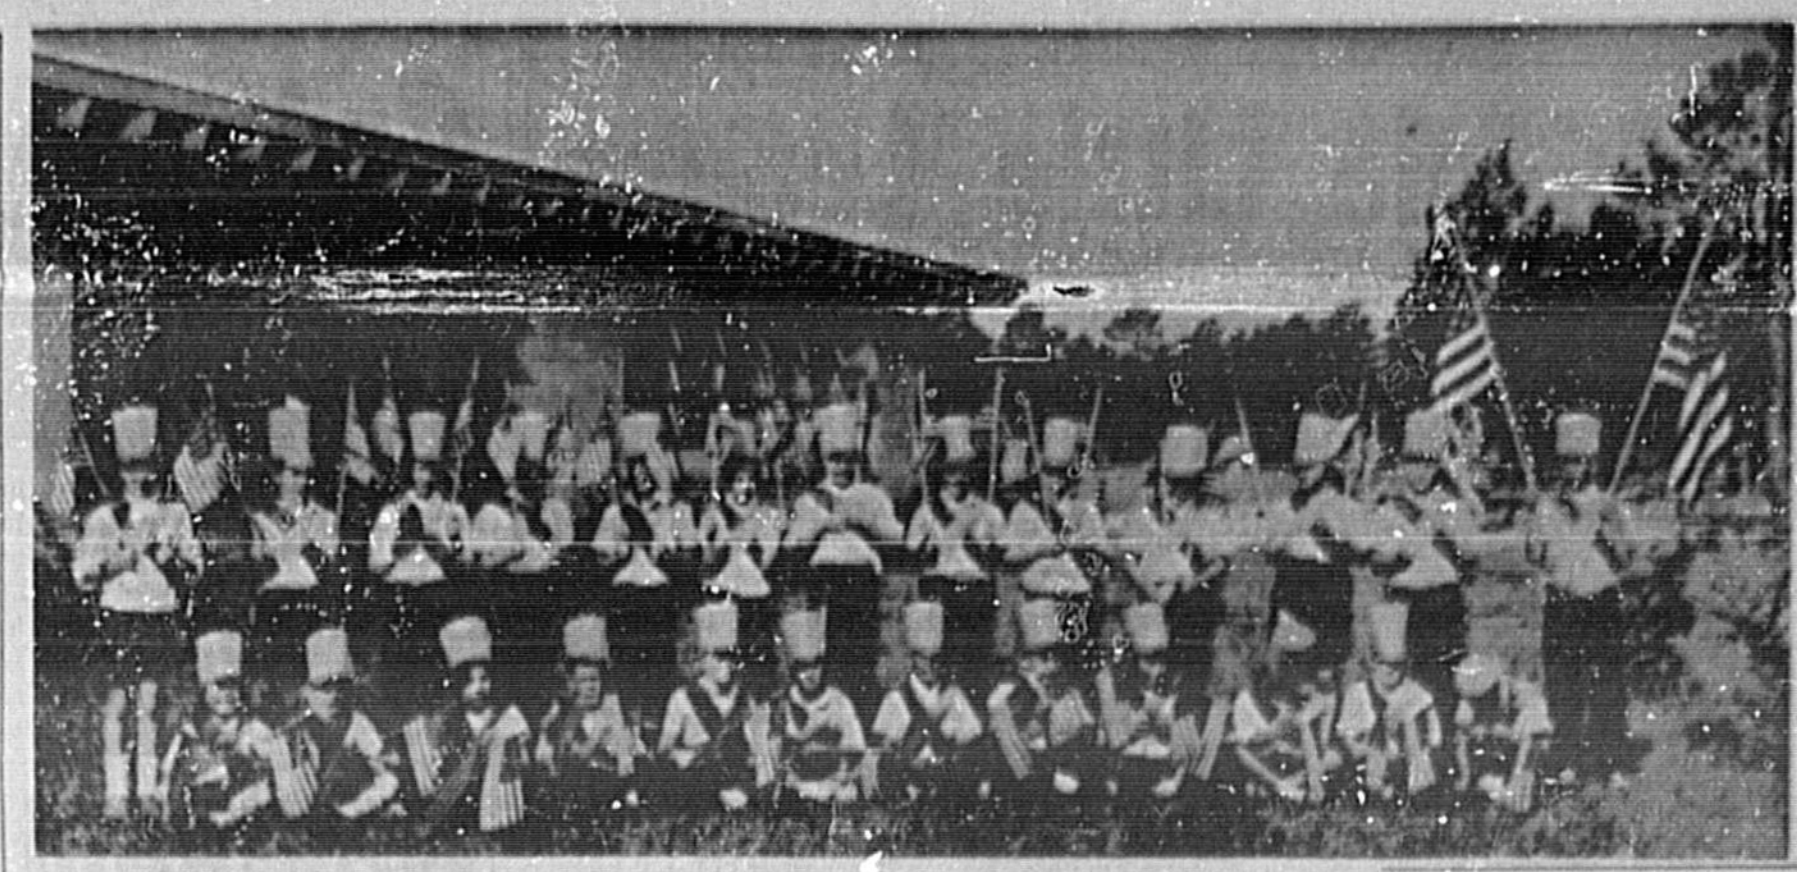

Thus the students have decided to take advantage of this process and start now to bring their energies to bear on electing United States Senators and Representatives in the November voting which will represent their aims.

The emotions which hold sway in those years of crisis decisions. People who would like to regard the troubles of 1970 — the anti-war movement, the violence now on campus...

Letters To The Editor Need Funds To Fight Cancer

I NEED YOUR HELP. Calling your attention to the picture of pretty Elizabeth Butler, age twenty, you saw on the front page of the Sanford Herald holding the 1970-71 Auto Tag. Elizabeth has a disease that we all fear — Hodgkin's disease (cancer of the lymph glands)...

and implementation of this much needed legislation. If you have any further questions or desire any additional information, please feel free to contact me. Thank you for your consideration of this legislation and any assistance that you may be able to give.

OPENING the fun at May Day Play Day, Bear Lake School pupils presented a Flag Drill. Taking part, front row, (left to right) are Shelby Huxton, Steve Ralph, Melody White, Tommy Seny, Roger Maxwell, Shirrel Runyon, Alvin Green, and Mickey Painter, Pam Byrd, Ginger Hays, Mike Stoll and Mark Kowalski. Back row, Lisa Ivey, Linda Rene, Joel Jenkins, Lori Heatherdale, Richard Williams, Greg Michans, Lisa Judge, Robin Hinson, Ginny Haynes, Brian Waters, Valeria Hardiman, Todd Holter, and Leonard Perez.

Enlightening Way

This is in praise of "The Great White Way" which now makes the entrance to the City of Sanford along the south shore of Lake Monroe a pleasure, even at night.

Recently a group of friends from DelRay had occasion to make an evening trip to Sanford and arrived at their destination with such compliments that their host was moved to talk about what this simple, single accomplishment illustrates.

Sanford has had plans and plans and plans which have dealt professionally and amateurishly with that great area of swamp, woodland and solid ground which stretches west to the highway.

"We Brought Down Three Helicopters and the Dow-Jones Averages!"

Domestic Comment

Why Change Sen. Fulbright?

By RAY CROMLEY, NEA Washington Correspondent. WASHINGTON — (NEA) — The other day a letter arrived from a doctor whose son was killed in Vietnam.

He asked questions this reporter cannot answer. But they are questions many American parents must be asking these days. The doctor says in part: "It is hard to see your son. It continues to be hard to listen to the people who, after coming home, encouraged and cheered on his enemies while he was fighting, and after his death are trying to destroy what he gave his life for."

Political Notebook

Poverty War Outlook Dismal

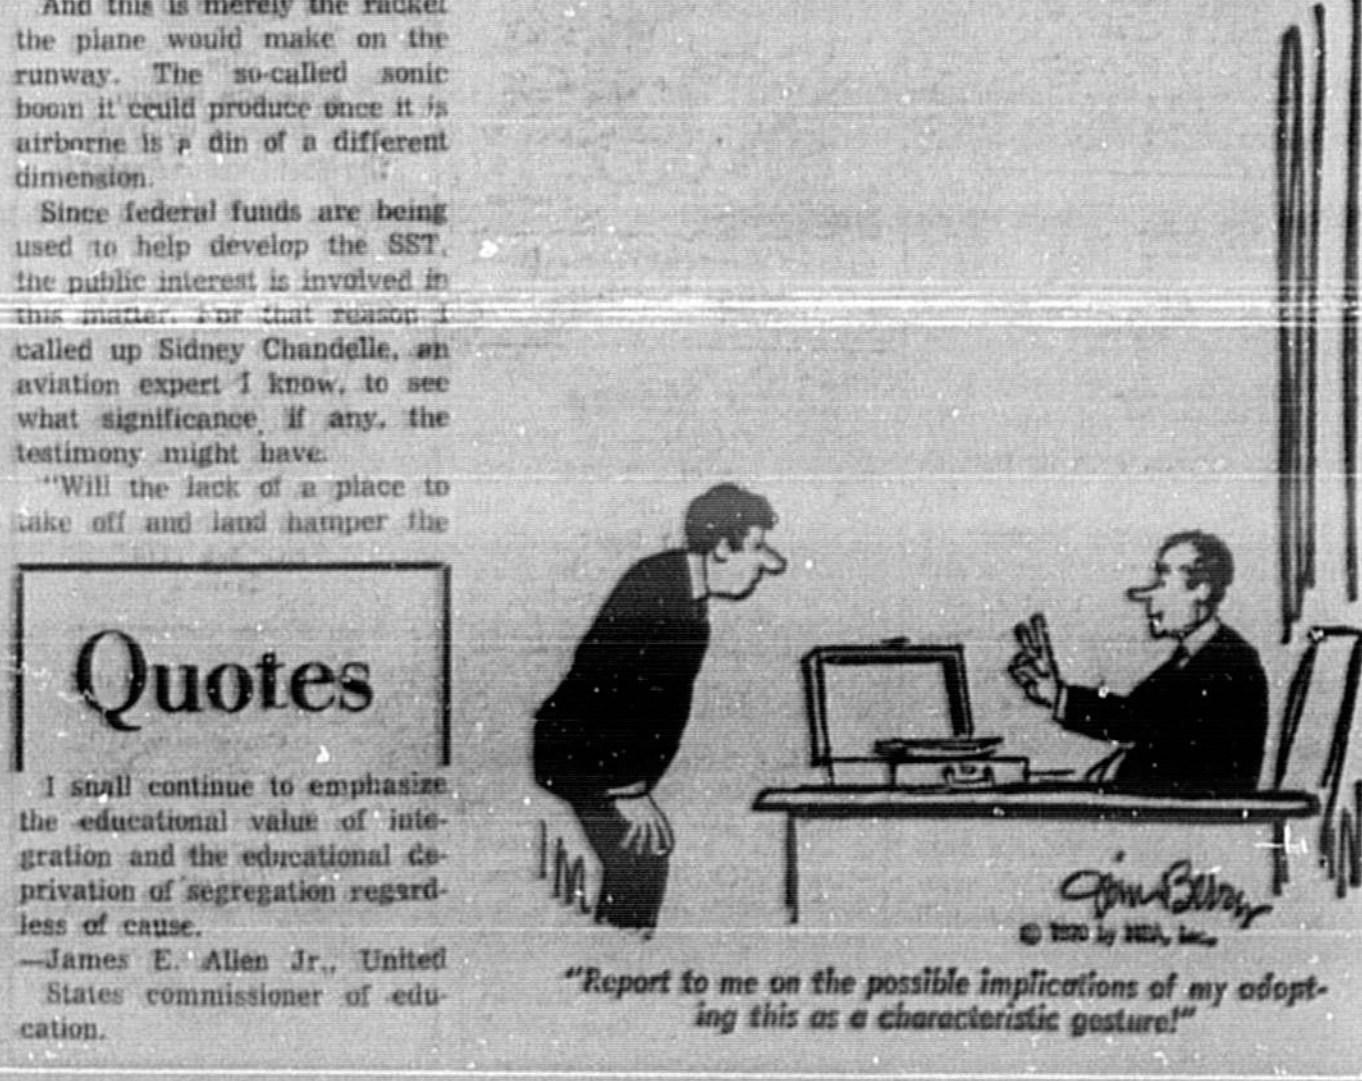

By BRUCE BROSSAT, NEA Washington Correspondent. WASHINGTON — (NEA) — There is almost always some good news to be found about improving economic conditions for some of the nation's blacks. But let's take a look this time at some of the stubbornly resistant spots for black Americans in the family with a "female head of household."

One of the greatest poverty trouble spots for black Americans is the family with a "female head of household." More than half of such families in the United States were below the poverty level in 1968. The bad news is that the proportion of female-headed families in the black community is increasing. In 1969, more than 27 per cent of Negro and other nonwhite families were headed by women. In 1960, that ratio was only 17.6 per cent.

Dick West Says:

WASHINGTON (UPI) — Present indication are that America's supersonic transport may be a technological flying machine. As long as it is in the air, it is the only problem may be finding a place for the SST to take off and land. According to a testimony given to a congressional subcommittee, the supersonic jet would make so much noise it will have to be barred from most U.S. airports.

BERRY'S WORLD

"Report to me on the possible implications of my adopting this as a characteristic gesture!"

Right Wing

Editor, Herald: Spolski, you make me sick with your constant reference to your stupid statement on Cambodia. I declare my name and I believe you when you write that the ultra right wing means... I doubt if you really know I have refrained from putting my thoughts of you in the form of a letter to the editor because of my spelling and sentence structure, however your fourth paragraph of May 15th releases me from my hesitation. If you cannot conform to American standards and support the flag that protects you — go home.

Appreciation

Editor, Herald: The City of Casselberry is in an area experiencing unbelievable growth. We as City officials are making a sincere effort to keep ahead of it. All elected officials, at whatever level they serve, are being called upon to devote more and more time to the affairs of their government. It is not often we receive the glowing praise you so generously gave us in your editorial on Wednesday, May 13, 1970.

Gas Tax

Editor, Herald: Re: Committee Substitute For Senate Bill 114. This bill which was passed unanimously through the Senate Transportation Committee and the Senate Ways and Means Committee and which is now ready for consideration by the Senate, levies an additional one cent gas tax.

With The Law

Editor, Herald: Re: The letter of Mr. John Eick. This is one party that most certainly is not unhappy with his statements. Regardless of whether those four students at Kent were honor students or otherwise, they should not have been out in the unruly mob. Compare it to a foolish man who would jump into the ring with a bullfighter and a bull. Should he expect not to be attacked by the bull just because he isn't a bullfighter?

Getting Along

Editor, Herald: In view of the fracas that is developing between The Chamber of Commerce & their "Blue Ribbon Committee," THE CITY COMMISSION, and SIC... I think it would be in order for each of these fine and illustrious gentlemen to be furnished with a copy of the enclosed which keep before me in my office constantly. Assuming that what I read in your paper is correct, the battle that

Good Turn

Editor, Herald: Gentlemen: Congratulations! "The Wonderful World of Scouting" show was a great success and we were grateful to you for helping make it that way! Let me extend both my sincerest personal thanks and the gratitude of the Central Florida Council, Boy Scouts of America, for your fine cooperation.

Touhy Writes

Editor, Herald: The Greater Sanford Chamber of Commerce through its president, George Touhy, apologized for statements emanating from its recent meeting with Florida Department of Transportation Secretary, Ed Mueller at Holiday Inn. The report was that without invitation he had been invited to the meeting.

Cadillac advertisement featuring a large image of a Cadillac car and text: "You'll wonder why you waited so long. When you find out all about the pleasures of Cadillac ownership, you will certainly wonder why you waited so long. Notice the brilliant contemporary styling of the 1970 Cadillac. Now relax in its richly upholstered seats and observe the Fleetwood coachwork. Add the fact that among its many available convenience features are Cruise Control, Automatic Climate Control and Cadillac's exclusive AM-FM Signal Seeking stereo radio—and you'll more fully appreciate Cadillac's reputation for incomparable luxury. Drive this magnificent motor car and you'll experience the amazing responsiveness of its big 472 V-8 engine. And because outstanding performance is as much a part of Cadillac luxury as its elegance and comfort, such features as power windows, Turbo Hydraulic transmission, variable-ratio power steering and power front disc brakes are standard. Most surprising of all, you'll discover a practical side to Cadillac excellence. For it traditionally returns more to its original value at trading time than any other car built in the land. So don't delay another day. Let your authorized dealer show you why this is an especially practical time to become the proud owner of the best liked Cadillac of all time. Call it today...not someday."

Requirements Listed For Military School

High School Juniors, desiring appointments to the U. S. Military Academy are urged to make their applications before school is out. According to Congressman Bill Chappell, 4th Congressional District Representative, the summer months are needed by Senators and Congressmen to arrange for testing, physicals and interviews of the applicants.

Upon Chappell's request, Colonel Stanley Rogers, Admissions Officer of the Academy has listed the most frequently asked questions, with answers, about the Military Academy.

Who is eligible to attend the Military Academy? Any male citizen of the United States between the ages of 17 and 22 years who is not married and never has been married; who is in good health; of good character and has had adequate background to succeed at the Military Academy.

How does he gain admission to the Military Academy? He must first be nominated. Seventy-five per cent of the cadets enter the Corps having been nominated by a U. S. Senator or Congressman. They obtain these nominations by writing to their Congressman and both of their Senators.

The remaining twenty-five per cent have received nominations from service-connected categories. A young man is encouraged to seek and receive a nomination from as many sources as possible since this enhances his chance of gaining admission.

Is it true that a boy must have political "pull" to get an appointment to West Point? Each Senator and Congressman is free to nominate anyone he wants, however, our experience shows that they, too, are interested in providing outstanding young men to the Service Academies and therefore the vast majority of them nominate solely on the basis of merit.

How long must a man serve in the Army after graduation from West Point? A man incurs a five year service obligation upon graduation. Currently, graduates are being promoted to Captain two years after graduation and nearly seventy-five per cent of the graduates attend graduate schooling.

Finally, the biggest question "When and how can I get started on applying?" A boy should begin his application not later than the Spring of his Junior year. High school seniors are advised to begin their application as early as possible. General information is available at all schools from the Principal or Guidance Counselor.

To assist the Congressman, as well as the High School Administrator, West Point has secured the assistance of a group of former Army men and civilians. Their duty is to encourage and lend all aid to the aspiring cadet. In Florida's 4th Congressional District, a group of 15 such volunteers, headed by Col. Roy M. Foster, Lake Helen, and E. T. Carver, Daytona Beach.

In Sanford your West Point Advisor is Major (U.S.A. Ret) Roland A. Dessert of Sanford Naval Academy.

THE HERALD BUSINESS REVIEW

FOR ADVERTISING INFORMATION ABOUT THIS PAGE CALL THE SANFORD HERALD 322-2611

A STACK OF LUMBER is for climbing on! And if you're lucky your Dad works at a lumber yard. Twenty-month old Todd Helms is in luck! His Dad, "Soup" is the hardware manager at Panning Lumber, Highway 17-92 in Casselberry. Could little Todd be picking up some of the finer points in this quality business at so tender an age?

(Charner Leone Photo)

Let Panning Help You

There is only one place in Seminole County that will cut plywood to size—Panning Lumber and Hardware Company, Inc. Panning Lumber is located conveniently to all of the county's cities—Panning Lumber is on Highway 17-92 in Casselberry.

The thoughtfulness and courtesy included in this one service is a valuable asset to the convenience of the service itself. The 12 employees of Panning Lumber want to help you. And they are eminently qualified and delighted to do so.

Panning Lumber Incorporated includes five stores in Central Florida. It's a big operation overall, enabling you to find anything you need and hardware line you'd wish for. But at Panning Lumber in Casselberry there is the familiarity and friendliness of the old time general store. And something that old general store didn't always have—expert advice, whether it be for the apprentice do-it-yourselfer or the building contractor.

Panning carries everything for the bullet—paint, hardware, all types of lumber, "From Sandpaper to eye hooks," says Soup Helms, hardware manager. "We have everything for the builder!" And they mean everything. They'll even have roof trusses built to order for builders!

Fine quality Glidden paints, and the inexpensive Trend paints come in a complete array of beautiful true colors. And the Olympic stains which are now recommended so often by the area architects are in stock.

Color is the newest word in the shelf brackets and stands. They have proven such a favorite in bookshelves, custom man who are well equipped to built by you to suit your own taste. Silver, gold, bronze or black, they are designed to blend or accent the wall they are attached to. The shelves are pre-cut in eight, 10 or 12 inch widths and in two, three and four foot lengths, or they can be cut to order to best suit the needs of your home.

"We specialize in Service!" is the motto at Panning Lumber. Give them a chance to prove it.

Lamar's: Decorator's Delight

A sterile room becomes a decorator's delight when the fashion approach is used to coordinate the bedroom and bath. From shabby, machine washable wall-to-wall carpeting to solid brass towel bars and tissue holders, Lamar's Linens offers everything for these two rooms that a decorator could ask for.

Lamar's Linens, located conveniently to Orange and Seminole Counties in the Fairway Plaza on Highway 17-92 and 14th Avenue in Maitland, offers literally everything to make the bedroom and bath the charming area it should be. "Never think anything is too absurd to ask for," says Lamar Simmons, owner of the boutique.

Completely washable slinky satin sheets in black or red or in soft pastels to lend that touch of elegance to the bedroom. Pink in all sizes and hues. Fun items, such as jolanie coats with matching shower curtains, hamper, tissue box, tumblers and tank trays, or old time favorites like blanket covers or antique towel racks and toothbrush holders—all say "I'm Me, an individual!"

With the vast array of decorative items every homemaker has the opportunity to personalize her home. These rooms, more than any, reflect the personality of the inhabitants.

Good looking Lamar Simmons is a native born Orlando. He is the creator of the Faircrest Department Store's, the first such department in a medium-sized store in the country. He is largely responsible for bringing the idea of the coordinated bedroom and bath to Central Florida.

And he does so at prices that are lower than the nationally advertised prices of all of the most popular brand names. My overhead is lower and I pass these savings directly to the customer," says Simmons. His saleshelp is knowledgeable about the fabric combinations that are the most advantageous and have many years of experience in the business.

Mrs. Olive Nimmo and Mrs. Robert Blake are mature women who are well equipped to offer advice and guidance when they are called upon. They are the latest word in texture is the latest word in fashion today. Soft velvets, coarse burpils, tapestries, smooth satins are all available to give your bedroom and bath that special appeal as well as eye appeal. These fabrics are found as bedspreads, pillows and draperies. They come in a myriad of colors to blend softly or add a bright splash of color.

The bedspreads and matching draperies are in virtually inexhaustible supply. Many are in stock, in all sizes, and any can be selected from the vast array of samples and ordered in less than a month—far less time than department stores can offer.

Of the most popular items at Lamar's Linens are the low pile shag rugs. "Homemakers want them for the children's room as well as the bath," said Simmons. They are increasingly popular because they are machine washable and non-skid. And they are easily installed by the man of the house (even if he's the "all thumbs" type!). The cut pieces can be placed together, and Magie's no seams are visible. No sewing either! Go and browse, and find for yourself what a delight it can be to turn a sterile room into a decorator's delight!

House Expected To OK Antimissile Budget

By JIM ADAMS
Associated Press Writer
WASHINGTON (AP) — While the Safeguard antimissile debate rages over such chilling issues as missile threats and nuclear survival, the actual building of the Safeguard sites has hardly begun.

In the wheat fields around Grand Forks, N.D., about the size of a football field, the actual building of the Safeguard sites is under way. The Whitehall site and may require a major expansion if the threats increase.

Laird described a Soviet missile buildup now and potential Red Chinese missile threat in the 1980s which he said requires a small Safeguard expansion now—the Whitehall site—and may require a major expansion if the threats increase.

The Safeguard antimissile installations around Malmstrom Air Force Base and Great Falls, Mont., don't even have the rail siding and the hole in the ground.

But the first major construction contracts have been let and the House is expected to authorize \$2.8 billion Wednesday to begin building the radars, missile sites and other facilities.

The money is for antimissile sites at Grand Forks, Malmstrom and Whiteman Air Force Base, Mo.; site surveys and design launch facilities at Grand Forks was awarded April 1 and a \$4.6 million initial contract for similar facilities at Malmstrom is to be awarded this week.

The difference between Safeguard's life-or-death implications and construction progress is the present schedule calls for completion of the Grand Forks site by November 1974, the Malmstrom site by March of 1975, and the Whiteman site by July 1975.

Trovillion
Tops FTU
Foundation
A prominent Central Floridian with a long record of active participation in civic affairs today has elected president of the Florida Technological University Foundation.

Wall Street Chatter
NEW YORK (UPI) — Abraham O. C. believes investors are justified in focusing their attention on the many "extraneous" little bits of news which are available at the current average level of stock prices because the Federal Reserve appears to have demonstrated its unwillingness to countenance a further rise in interest rates and still greater demoralization in the financial markets. The lowering of the margin requirements and the massive open-market purchases earlier this month "justified" regarding the Board as a powerful ally, the firm advises.

The "extremely low prices" of most stocks today are "artificially depressed" by the actual performance and value of the companies, according to Philip Ballard, E. Smith Barney's managing behaviorist. "It is an 'outstanding time' for bargain hunting... for stocks. It adds: "Now is the time to buy... because the market is selling securities are happening in individual stocks" and the "mania against owning securities" is nearing an end.

The Dines Letter sees the continued market drop as indicating that "we are probably going to have a 'bubble' wave" of selling that might just end this bear market." It feels we are experiencing "panic dumping" similar to 1932 and 1962 and advises everyone to "just stand back for another week and let the dust settle."

Bridal Shower Honors Miss Booth

Mrs. Betty Austin and Mrs. Don Knight were hostesses at the Bridal Shower home of Miss Booth for a recent bride-to-be, Miss Sharon Booth, who is marrying Miss Sharon Booth bride-elect of Wayne Davis. The party rooms were decorated with arrangements of white gerbera flowers given by Mrs. Marge Proctor.

HOSTESSES AND HONOREE, left to right, at a bridal shower honoring Miss Sharon Booth at the Austin home on Beverly Road are Mrs. Don Knight, hostess; Miss Booth, her mother, Mrs. Noah Booth and Mrs. Betty Austin, hostess.

Games were played during the evening and prizes won by Miss Booth, Mrs. Walter Moore and Mrs. Donald Plamit. Other invited guests included Mrs. J. S. White, Al Szoke, Sam Dorn, Emmett Garver, Wesley Place, James Bowlin, Carl Chorprenge, Bill Gracey, Charles Hayes, Irene Kelly, D. P. Lanier, C. W. Johnson, Richard Swain, and Jerry Lord Jr. Also Mrs. Homer Osborne, Clyde Piercy, Bob Retalic II, E. Taylor, Robert Cohen, Joe Housh, John Carter, Melvin Deike, Abby Jones, Amos Jones, A. J. Gonzales, Charles Jackson, Ralph Bates and the Misses Susan Deike, Marc Knight, Louise Austin, Dorothy Knight and Bonnie Austin.

MISS PATTY LEARY and Miss Beth Williams were honor guests at a recent barbecue-splash party at the Chase Avenue home of Mrs. Harriett Gazil. Left to right are Mrs. Hazel Durso, hostess; Mrs. Dottie Hunt, her daughter and one of the honorees, Miss Leary; Beth Williams, her mother, Mrs. John Williams and Mrs. Gazil, hostess.

Splash Party Honors Two Graduates

A barbecue buffet and splash party was given recently for two Seminole High School seniors, Miss Patty Leary and Miss Beth Williams. Hostesses were Mrs. Harriett Gazil and Mrs. Hazel Durso at the spacious home of Mrs. Gazil on Chase Ave. The hostesses presented a tote bag to each of the honorees. Before enjoying a swim in the large Gazil pool, a barbecue buffet was served to the young people attending. The menu included barbecued beef, baked beans, cole slaw, deviled eggs, olives, potato chips, assorted candies and dips and cold drinks.

Garden Circles Green Thumb Set

MIMOSA CIRCLE - Mimosa Circle of the Sanford Garden Club held the May meeting at the home of Mrs. W. D. Smith, starting with a covered dish luncheon. A beautiful card, signed by all members present and a gift of appreciation was sent to the retiring president, Mrs. Albert Roll, Reports were given by committee chairmen, board meeting and the Sidewalk Sale. A beautiful card, signed by all members present and a gift of appreciation was sent to the retiring president, Mrs. Albert Roll, Reports were given by committee chairmen, board meeting and the Sidewalk Sale.

300 Persons Have Fun At Annual Geneva Homecoming

FISH and hush puppies were on the menu at Ft. Lane Park in Geneva for its homecoming with (left to right) Orie Stewart, Oliver Mathieux, Johnny Toole, and Elizabeth Oldham, making the preparations.

OLDEST living former residents of Geneva coming back for the annual homecoming were Henry B. Jones, 86; Leo Rehlinger, 87, and Herman Daniel, 81, shown discussing old times.

Reminiscences Highlight Meet

The members of the Geneva Historical and Genealogical Society and their guests observed their traditional May Day festival when they converged on the beautiful white shores of Lake Harney at historic Fort Lane Park. Having been blessed with balmy weather and a record attendance (more than 300 persons), the festivities got under way with a fish fry, done to perfection by members of the Mathieux family, so ably assisted by Mrs. Elizabeth Oldham and her hospitality committee.

The Sieg Pavilion resounded from the clacking and clicking of the well stocked picnic baskets brought for the occasion while several of the women assembled salads, vegetables, condiments, breads, desserts and what-have-you in its proper place. After feasting to capacity (some of us even extended ourselves) everyone chipped in to help with the clean-up.

The annual business meeting of the society was conducted at the Community Center by the president, Mrs. W. B. Heath. Mrs. Pauline Murphy is secretary, and Mrs. Donald Norton presided at the registration table.

After a short business discussion, the meeting was called to a short period of silence in memory of those members who died during the year. Mrs. Pearl Killiee Yarborough, a charter member of the Society and a long time resident of Geneva, introduced each member present and requested that they, in turn, tell "just a little of their background and how they came to choose Geneva as their place of abode."

These reports were liberally sprinkled with humor as some of the older members reminisced of bygone years. After sharing past experiences with each other all present enjoyed a sandwich and coffee buffet supplied by Mrs. Kitty Wells Allen and her committee.

Sunday, the second day of the festivities, "found" each member attending worship services of their choice. After church, everyone once again gathered at the Sieg Pavilion but this time for an old-fashioned fried chicken dinner with more than "all of the trimmings."

If one could summarize the happy feelings of each at this most successful of the society meetings, it would have to be this was the best gathering yet and no matter how much or how high those waves bathe Lake Harney Beach, no how gently or how violently the winds scatter the sands, nothing will be able to obliterate the happy memories which have indelibly imprinted themselves upon the heart and mind of each Geneva or former Geneva present.

It would be safe to assume that the "wheels" were already turning as plans were being formulated for a bigger and better meeting next year.

PART of the entertainment at the Geneva homecoming was provided by Lynn Yarborough and Dana Schlessinger (in costume) who presented a hobby song and dance routine) and Dian Schlessinger (center), who served as moderator.

RUFFLES the Clown came to the Geneva homecoming. He is pictured with his friends, Michael Oldham, W. E. and Robin Jean Yarborough, Eddie Oldham, and Dan and Stan Mathieux. (Liz Mathieux Photos)

Chatter Party For Seniors

A graduation "Coke and Chatter" party was given by Mrs. Edward Smith at her lovely home on Melrose, honoring two popular members of the 1970 graduating class, Diane Tubert and Givie Smith. The honorees and their guests enjoyed looking at old editions of the Sanford Herald.

HEADQUARTERS FOR JARMAN DON'S SHOES. Sanford & Longwood Plaza.

Home Hints. When you are unrolling a salad or dessert made with gelatin be sure to loosen the gelatin mixture by running the tip of a small spatula, or paring knife, between the gelatin and the mold. After a dip in warm water and a gentle shake, the salad or dessert should be ready to turn out.

Mrs. Thomson Chairman Of Fall Benefit

Mrs. Ida M. Thomson of DeBary was named to head the committee for the fall DeBary Library benefit card party. These twice a year card parties, generously supported by DeBary friends of the library, provide a substantial part of the operating and maintenance costs of the community library.

County Is Invited To Join In Support

The door is always open for the County to join with the citizens of the county in supporting a mental health clinic. The demands included: Detailed expansion of the college budget to the students, more "black qualified" instructors and the resignations of academic affairs Dean J. L. Wilson and college's financial director Miss L. L. Jones.

County Is Invited To Join In Support

The House transportation committee members were turned away from Speaker Fred Schult's "hold-the-line plea and passed bills to raise the gasoline tax a penny. The bills passed by the committee would raise the tax to eight cents a gallon, with half the revenue returned to the counties and half going to right-of-way acquisition.

More Rock Throwing

Officers Evict Youths

By EARLE JOSIAH, Associated Press Writer. MIAMI (AP) - Students throwing rocks and bottles back with furniture and lists as the officers entered but were eventually overpowered by the club-swinging deputies. As officers carried struggling students from the building, they were greeted by a hail of rocks and bottles thrown by other students grouped at different spots across the campus.

Grammar School Plans First Grade Roundup

By JANE CASSELLBERY. Jack Frost, principal at Sanford Grammar School, has announced that a first grade roundup will be held Friday in the school cafeteria, 9:10 a.m. The school is located at Seventh Street and Myrtle Avenue.

House OKs Gas Tax Hike

The estimated receipts of Florida cities and counties if the eight cent gas tax becomes law have been determined by the DOT. The estimates were based upon 1960 census figures, projected 1970 census figures, past gasoline tax collections in the counties and projection of \$33 million total receipts from the eight cent tax.

'No Late Appeal Filed' In Edw. Kirkland Trial

By TOM ALEXANDER
According to the clerk of court at Fourth District Court of Appeal in Vero Beach: "No appeal has been filed here to continue the trial of Edward Kirkland."

Kirkland's morals trial was continued until Thursday, following a one day postponement granted by Circuit Court Judge F. Thom Rumberger yesterday. The trial was to have started this morning.

Kirkland's defense attorneys have claimed that they have not had sufficient time to prepare a defense. The Orlando attorney was charged following an alleged incident at a South Seminole apartment complex. Kirkland was charged with lascivious conduct and a crime against nature as was Marian Blackburn.

Kirkland's attorneys were to have filed an appeal at the Fourth District Appellate Court yesterday afternoon to continue the trial to a later date. But as of this morning, no appeal had been filed.

Blackburn's trial is scheduled to start Monday in Rumberger's court on a similar morals charge. The alleged incident involved 12-year-old and a 14-year-old girls along with an 18-year-old married woman.

The three girls were held in protective custody following the alleged incident in the Seminole County Jail for two months before returning to their home in West Virginia. They have now returned to Seminole County for the trial and, according to a reliable source, are under protective custody at a motel.

The trial had been continued today to allow Kirkland's attorneys to proceed to West Virginia to interview eight apparent "character witnesses" in the case. The attorneys were accompanied by State Attorney Abbott Herring.

The eight were subpoenaed yesterday and Judge Rumberger has given the defense seven days to produce the witnesses.

Herring could not be reached for comment this morning on other cases being heard in both Seminole County courthouses A and B. Herring has informed The Herald that he will be the only spokesman for his office and that information may be given only by himself, personally.

Annual all sports banquet of Lyman High School will be held at 7 p.m. Friday in the school cafeteria. Speaker will be Frank Curci, athletic director and head football coach of the University of Tampa.

Another tip-ster true... six weeks ago, The Friendly Review (political column) reviewed the communitarian situation in Altamonte which has now blossomed into a sensation extraordinaire.

Betcha those grocers who weigh the produce, etc. will be especially careful about the procedure in the future... what with that gent down in Miami who was convicted of overcharging a customer 15 cents and then was fined 1,000 times that amount and given a 30-day suspended sentence in Dade Metro Court.

It all revolved around an employee of Colonial Market selling a pound and a half of ham, which actually weighed about one pound.

Masons of Seminole County have been invited to Bunnell on Friday evening, May 29, when David H. Wilkinson, of St. Petersburg, grand master of Florida's 78,000 Masons, will pay his official visit to the district.

Borrow trouble for yourself, if that's your nature, but don't lend it to your neighbors. KIPLING

'Industrial Prospecting' Discussed City, CoC Iron Differences

By BILL SCOTT
"Bring us together." That phrase used first by President Richard Nixon in his 1968 quest for the nation's highest elective office was evident this morning at a joint meeting of the Greater Sanford Chamber of Commerce and the Sanford City Commission.

The leaders of the city promotional and governing agencies to a man seemed sincere in their approach to a situation that arose after an industry seeking "Blue Ribbon" committee was formed by the Chamber and caused concern among certain city commissioners.

The possible loss of this funding which would amount to the city funding two industrial recruitment agencies since a portion of the Chamber's operations of funds come from the city in an annual budget appropriation.

Mayor Lee P. Moore, also a member of the Chamber executive committee, and George Toulou, CMA in her president, started the session by giving thoughts on the background of an "understanding" between the Chamber and the city over the recruitment of industry.

Moore said, "Due to action by the Seminole County Commission which severed funds from the Chamber a year ago, I feel we are committed to additional Chamber funding."

Moore said everything had been fine between the two agencies until the Blue Ribbon committee was formed two weeks ago, after a long-time Chamber supporter had developed an industrial contract through his own organization and felt it could be best handled through the Chamber.

He commented that Sanford Estates Elementary School principal Margaret Reynolds Tuesday night at the dedication and open house for the school's new library wing. Mrs. Reynolds is leaving English Estates after five years as principal.

Arline Robert, second vice president; Arthur Ferrante, third vice president; Mrs. Carol Reindl, recording secretary; Mrs. Pat Heath, corresponding principal of the school for the past five years and, on her doctor's advice, she is transferring to a smaller school next year, Sanford Grammar. Since she has been an English Estates, enrollment has grown each year and even though the new wing was added this year, it was still necessary to move all second graders to a Maitland church to avoid double sessions.

It was appropriate that Angel was the one to make the dedication as they have known each other since childhood and it was an assistant principal, under Mrs. Reynolds, that began his career as a school administrator.

He related an incident in his youth when he and Mrs. Reynolds' brother, John Kader, made tangierme wine, tightly clogging it and hiding it on the closet shelf. When the inevitably complete they were saved by Margaret, he said.

John Evans, chairman of the county School Board, in his brief remarks, stated that "we have a good school system in Seminole County because of dedicated people like Mrs. Reynolds."

Also in her honor, the devotion was presented by her pastor, Rev. Fred Chance, of First Baptist Church.

Mrs. Milly Urhanki, PTA president, presented Mrs. Reynolds with a birthstone ring in behalf of the organization. Officers for the coming year were installed by Mrs. Reynolds in addition to Mrs. Urhanki - elected for another term - were Mr. and Mrs. William Palm.

A change order was approved by the council relative to the pumping station. Palm said that the cost of \$119,000. Also authorized was expenditure of \$1,385 to relocate pumping station, located on Palm Springs Road 200 feet to the south. Palm explained that Contract II is substantially complete with the only "hold up" the completion of a pumping station. Palm said that the master station is complete and the force main, and that it is in readiness to pump sewage.

In other business council: Denied a request from the Mount Olive African Methodist Church that the city waive the \$100 permit for soliciting and allowing persons representing the 20 lineal feet of 24-inch pipe at a cost of \$100 which will be utilized for a culvert in the plant site, and an automatic pumping control system for turbina pumps in the irrigation field at a cost of \$1,100. Also authorized was expenditure of \$1,385 to relocate pumping station, located on Palm Springs Road 200 feet to the south. Palm explained that Contract II is substantially complete with the only "hold up" the completion of a pumping station. Palm said that the master station is complete and the force main, and that it is in readiness to pump sewage.

BULLETIN: WASHINGTON (UPI) - Speaker John W. McCormack has decided to retire from Congress at the end of this session. Close associates said today.

Congratulations! Mrs. Reynolds is leaving English Estates after five years as principal.

Principal Honored

Estates Elementary School principal Margaret Reynolds was honored Tuesday night at the dedication and open house for the school's new library wing. Mrs. Reynolds is leaving English Estates after five years as principal.

Middies Named

Presidential appointments to service academies were announced today for two Sanford Naval Academy midshipmen. Paul Rollins (left), son of Mrs. A. O. Rollins, East Fourth Street, will report June 29 to the U. S. Naval Academy, Annapolis, Md., and John Oswald, son of Mr. and Mrs. John T. Oswald, Sr., Montgomery, Ala., will report June 29 to the Air Force Academy, Colorado Springs, Colo. Paul also was accepted by the Air Force Academy and NROTC. John also was accepted by the Navy and Coast Guard Academies and AFROTC and NROTC.

Roads Hearing Slated Thursday At Orlando

A delegation of Greater Sanford Chamber of Commerce, with all one goal - better roads for Seminole County - will converge on Orlando Thursday for a 10 a.m. meeting of the Department of Transportation which has been called to discuss the state's transportation program.

The local group headed by Vernon Metz, long range planning committee chairman of the Chamber, will seek to have the Department of Transportation change its priority listing on the Osteen Bridge, now moved back to 1974's fiscal year, after having been on the list for the 1970-71 fiscal year.

Another "hot" item pushed by the Sanford group is better roads to Florida Technological University. Chamber President George Toulou summed up the county's situation with the following statement: "Our county is in the center of the country's largest growing area and will be challenged, not only today but the future. Roads are already inadequate and we must impress upon the Department of Transportation that here is a prime target for expenditures of state funds for urgent public welfare."

A special road committee has been named by the Chamber and headed by Douglas Stenstrom to push for state action on obtaining better roads for Seminole County. The committee, in addition to Stenstrom, consists of Sanford Mayor Lee P. Moore, I. E. Estridge III, John Spolski and Harold Kester. This far, that group has been concerned with the state renovation of SR 46 from 14 west to W-8 via River.
