HOOVER GIVES DEBT MESSAGE TO CONGRESS

Promises Review of Issue With Nations Which Have Sought To Pay Obligations

WASHINGTON, Dec. 20.—(AP)—President Hoover yesterday told Congress that with or without its assistance he intends to cooperate with President-elect Roosevelt in creating machinery to deal with the complex problems of war debts, disarmament and world economic affairs.

In his long-awaited special message which was received with general approval on Capitol Hill, the President promised to review the debts of those nations which have sought to maintain their obligations to us. He indicated that defaulting nations would be so treated.

Pointing out that Congress already has rejected his suggestion for a revival of the war debt commission, the President said he would proceed at once, with the hope for cooperation delegates to the President-elect, to name the commission and to name the debt questions which certain nations have advanced upon the course to be pursued as to others.

Although confirmation was withheld at the White House there were definite indications last night that Hoover had communicated the views and recommendations of his message to Roosevelt at Albany. Those in a position to know the President-elect's plans were convinced he would prefer to leave the subject and its immediate disposition to Hoover.

Linking debts, disarmament and world economies, Hoover said these same delegates should also be in a position to lay the ground-

Negro In Hospital Awaiting Charges Of Chicken Theft

Nursing two bullet wounds in his leg, LeRoy Baker, young Sanford negro field worker, lies in the County Jail awaiting a trial against him in connection with the theft of several chickens from the D. Filosa hen-yard on Celery Avenue Saturday night.

According to Sheriff J. F. McClelland, Baker is the negro who was seen walking around the Filosa store at about 8:00 o'clock Saturday night. He was seen to enter the hen-house, and when Johnnie Filosa, armed with a .21 rifle, reached the scene, the negro had a bag under one arm, and two chickens in his hand, which were already broken.

Filosa ordered the negro to drop the bag and chickens but instead the negro fed the scene as Filosa fired four times. Sheriff McClelland and other officers investigated Saturday night, but were unable to trace the negro.

Sunday noon Sheriff McClelland and acting Chief of Police C. H. Sheffer, while making another investigation, saw blood stains on Fourteenth Street near the San Lanta Apartments. Following these tracks they came to a mound of earth which, uncovered, revealed the chickens and the sack.

The bloody trail was followed into Georgetown and finally to Baker's home at Third Street and Cypress Avenue. He had left his home, however, but police learned that he was at Daytona Beach. A telephone call to that city soon brought about Baker's arrest, and he was returned here late Sunday night. Two of the four shots were left knee.

TO SELL SUGAR MILLS

HAVANA, Cuba, Dec. 20.—(AP)—Property of the Compania Azucarera Camaguey (Camaguey Sugar Company) including three mills, will be sold at auction Jan. 25 to satisfy first mortgage loan of \$2,000,000 held by the National City Bank and \$200,000 in unpaid interest thereon, it was learned yesterday.

COCOA — Railway Express Agency to establish offices at 21 Main Street.

Gators To Continue Athletic Programs

GAINESVILLE, Dec. 20.—(AP)—Continuance of intercollegiate athletics at the University of Florida for the balance of the scholastic year on a modified basis was voted at an executive session of the athletic council today. Officials declined to make public the action taken in naming a coach. The contract of Charles Bechtman as football coach expires this year. He has been at the University five years.

SUPREME COURT REFUSES REVIEW IN LUKE LEA CASE

Hope Fades For Former Publisher Of Escaping Sentence

WASHINGTON, Dec. 20.—(AP)—The hopes of Luke Lea, Tennessee publisher, and his son, Luke, Jr., for supreme court intervention to save them from heavy sentences imposed in North Carolina, yesterday were apparently extinguished.

The court refused to review the North Carolina supreme court's denial of the Leas' appeal for a new trial. Already, last Oct. 26, the highest court had refused to review the convictions. A reconsideration of this ruling has been asked, but the court rarely changes its mind in such cases.

The father and son were convicted on charges of conspiracy to defraud the Central Bank & Trust Company of Asheville, N. C. The sentence on Lea was 10 years in the North Carolina penitentiary and his son to six, but the prison sentence for the latter was suspended on condition that he pay a fine of \$10,000.

They were charged with this conspiracy together with Wallace Davis, president of the bank. The latter had joined the Leas in the petition for review but after the October defeat he gave up and started serving his sentence.

The Leas, or agents acting for (Continued on Page Six)

Boy Scout Executive Is Visitor In Sanford

Kenneth G. Bentz, of Atlanta, regional Boy Scout executive for the Southeastern states, was in Sanford yesterday in consultation with Karl Lehmann regarding the coming annual regional meeting to be held in Orlando on Jan. 27.

Mr. Bentz said that this year there will be three regional meetings in the Southeast, one at Greensboro, N. C., one at Columbia, S. C., and the third at Orlando. The principal speaker at the Orlando meeting will be Chief Executive J. E. West, of New York City. Mr. Lehmann is vice-president for Florida of the Boy Scout council.

Suspended Sentences Are Given To Students Who Collected Ash Cans

Suspended sentences yesterday afternoon were given to a group of Seminole High School students, members of the 1932 football eleven, who ran afoul of the law while collecting trash cans up and down local alleys last week.

Municipal Judge R. W. Warr, before whom the youths were brought in Police Court yesterday, heard their stories and fined them \$5 each, later suspending the fine after a lecture on the evils of disturbing the peace and molesting private property. The youths are said to have gathered about 10 or 15 trash cans in a car and were arrested when one of them was seen throwing a can out of the car.

Carlin Coleman, Malcolm Higinz, George McClelland, Wilson Smith, and Harry Sheffley. Robert Stanley, charged with disorderly conduct, was dismissed. L. W. Holloway, who ran amuck with a rifle and was charged with aggravated assault, was turned over to the county for action. Mrs. Cecil Flowers and Mrs. Hal Wicht, against whom are lodged charges of reckless driving following an automobile wreck last week, will have their cases tried next Friday afternoon. Margaret Chatham, charged with being the keeper of a disorderly house, was fined \$15. Willie Chatham, arrested at the same

CESSATION OF COLD IN SOUTH BRINGS RELIEF

Fear Felt Over Possibility Of Dangerous Floods Due To Quick Thawing Of Snows

JACKSON, Miss., Dec. 20.—(AP)—A general rise in temperature was hailed with relief in most sections of the South yesterday, but was viewed with mixed emotions in central Mississippi and sections of Alabama and Georgia, where flooding streams threatened further dangerous rises if there should be a too-rapid thaw of the snow and sleet that sheeted many states.

Warmer weather proved a boon to several hundred families that have been forced into refugee camps and local buildings as a result of the overflow of the Pearl River on the outskirts of Jackson. Meteorologists warned that further rains or a sudden thaw might further spread the damage of the rampaging stream.

Already nearly 15 feet above flood stage, the Pearl at the week-end spread over nearly lowlands entered hundreds of homes and closed a main, line highway eastward from Jackson. The National Guard continued in charge of rescue and relief work, with the Red Cross co-operating.

In Alabama, the flooding Coosa River topped at the edge of Wetumpka's business district, threatening downtown basements. Other cities on the river in Alabama and Georgia watched the river apprehensively.

Deaths directly traceable to the severe weather in the South were counted at eight yesterday, with the fatal injury of a child at Cleveland, Miss., while engaged in the unseasonable sport of snow sliding, and the death from exposure of a textile worker at Montville, Ala.

After Sunday's experience with temperatures which ranged as low as six degrees in portions of Tennessee, the South felt comparatively warm yesterday with merely freezing levels in most sections. The freezing level extended yesterday morning to a line running across the middle of South Carolina, Georgia and Alabama, a little below the middle of Mississippi and Louisiana and across central Texas. Coastal sections were considerably warmer with a minimum of 37 at New Orleans.

Heusc Split Open On Beer Bill Question

WASHINGTON, Dec. 20.—(AP)—The House was divided into two antagonistic factions today amid a furor of debate on beer legislation, less of strenuous opposition to legislating a 32 percent beer to be taxed five dollars a barrel, Representative Collier clung to the prediction that a majority is in favor of the bill.

Lawton Announces Vacation Dates Of County's Schools

All white and colored schools of this county will close for Christmas holidays next Friday afternoon to re-open again on Thursday, Jan. 5, it was announced by Supt. of Schools T. W. Lawton today.

White students and pupils therefore will not have a two week holiday as is observed in other cities; they will be given a one week-end holiday in March. Mr. Lawton said today that to compensate for the first two week-end holiday of January, a vacation will be observed on Thursday and Friday, Mar. 10 and 11, while the Florida Educational Association will meet in Tampa and it is expected that many of the teachers will want to attend this convention although it is not compulsory.

Mr. Lawton called the attention of all teachers and pupils to the requirement that all teachers and pupils visit other states during the holidays must return to school with certificates from the physician or health officer of the city or town visited to the effect there is no epidemic of contagious disease in that town. This certificate will mean that the pupil or teacher will not be allowed to enter school for two weeks after it opens on Jan. 6.

No Comment Is Made By Roosevelt Upon Hoover's Foreign Policy Proposal

NARCOTIC AGENT SUSPENDED FROM FEDERAL SERVICE

Action Taken Following Shooting Of His Secretary By Wife

JACKSONVILLE, Dec. 20.—(AP)—C. R. Frazer, sheriff of Duval county, Miss. Manning Murrell on the postoffice lawn here has been suspended from his position as director of narcotic law enforcement in Florida and Georgia.

The suspension made by the bureau chief at Washington, was effective last Monday. Mr. Frazer was shot by his wife, Manning Murrell, on the postoffice lawn here has been suspended from his position as director of narcotic law enforcement in Florida and Georgia.

William Justice, now in the Kansas City district narcotic bureau, was reported on his way to Jacksonville to take over Frazer's duties.

Frazier in the narcotic bureau for 12 years. A nervous breakdown Saturday week he left in newspaper of the slaying of his secretary. He entered a psychiatric hospital at Miami for treatment and was said last night to be preparing to return to Jacksonville today. He was on a hunting and fishing trip with five of his five sons when the playing took place.

Mrs. Sallie Murrell, mother of Miss Murrell, was involved yesterday in another tragedy. An automobile in which Mrs. Murrell, her husband, C. E. Williams, were returning from the funeral of Miss Murrell, collided with another machine driven by Martin Padgett, of Middleburg. Mrs. Williams was killed. Mrs. Murrell and Williams were seriously injured.

Joe E. Brown Given Box Of Tangerines By George McRory

Joe E. Brown, noted movie comedian who was a principal attraction at Gainesville Saturday afternoon when the University of Florida and the University of California at Los Angeles tangled in a football aim, carried back to a box of luscious Seminole County tangerines that was presented to him by George W. McRory just before the game.

The tangerines were used in the miniature float which this county entered in the parade on Saturday, and Mr. Brown accepted them with one of his famous smiles and "Thank you's". He ate several of them with relish, as did his son, and according to Mr. McRory, he said they were "Better than anything we've got out of the coast."

Mr. McRory also presented a box of Seminole County oranges to Governor Doyle E. Carlton, and a box of grapefruit and a variety of oranges to Governor-elect Dave Sholtz, who assisted in entertaining the movie comedian and other members of the visiting party.

SNOW STORM EXPENSIVE

NEW YORK, Dec. 20.—(AP)—The weekend storm is going to cost New York City about \$1,500,000 for snow removal, officials estimated today. Besides the regular force there were 18,500 emergency workers clearing the streets.

MORE LIBERAL USE OF FUNDS BY R.F.C. URGED

Senator Wagner Says Restrictions Upon Loans Are Too Technical, Legalistic

WASHINGTON, Dec. 20.—(AP)—Restrictions "too technical and too legalistic" as interpreted by the Reconstruction Corporation were assailed yesterday by Senator Wagner, Democrat, New York, who said "bills introduced by Congress for relief were still untouched."

Asking in a speech in the Senate that the reconstruction act be liberalized to give speed to the corporation's program of relief, Wagner proposed the following changes:

Removal of the \$200,000,000 limitation for loans to states and cities for aid of the needy. Clarification of the act to make it impossible of interpretation that a state is not entitled to a relief loan "until it is practically prostrate."

Creation of a special fund of \$10,000,000 for outright grant to states in restoring some 200,000 drifting young boys and girls to their homes or to permanent places of habitation.

Permit states and cities to borrow from the billion and a half dollar self-liquidating project fund "adequate security for the construction of such projects as are necessary and economically sound."

Making the rate of interest on construction loans to states and city public institutions "one half percent more than the rate paid by the federal government for its most recent long-term bonds."

Clarification "so that a state may know for a reasonable period in advance how its relief needs are to be met."

The New Yorker also proposed the following five-point program: Elimination of all child labor of 2,000,000 children between the age of 10 and 17 who are today at work.

Establishment of systems of old age retirement insurance which would enable the aged to withdraw from employment and live in moderate comfort and thus make room for the men who are being displaced by machinery.

Unemployment insurance. A national-wide system of employment exchanges.

SEBRING—Harder Hall, hotel, opened for season.

Five Robbers Seize \$35,000.00 In Cash

PHILADELPHIA, Dec. 20.—(AP)—Five robbers held up 11 persons and escaped with approximately \$35,000 in cash from the branch bank of the Pennsylvania Company for insurance on lives and granting annuities in West Philadelphia today. The loss was covered by insurance. While four of the men, who held shotguns, kept eight employes, two workmen, and a customer covered the other robber, armed with a pistol scooped virtually all the money in the cash drawers intended for a sack. All the bandits then fled in a waiting automobile occupied by a sixth man. The robbery consumed only seven minutes and was staged while hundreds of persons passed outside.

THREE NEGROES KILLED IN FRAY WITH POSSEMEN

Four Deputies Slain Earlier In Engagement With Blacks

MONTGOMERY, Ala., Dec. 20.—(AP)—Sheriff Sam Stearns, of Montgomery, said on his return here last night from Tallahassee that three negroes had been killed in skirmishes with officers and possemen in Tallapoosa County yesterday and that six men had been arrested.

Four deputies were wounded early in the afternoon when they sought to attach livestock belonging to Cliff Jones, negro farmer, about 12 miles east of Tallahassee. Sheriff Stearns said the bodies of two of the negroes were found on a hillside and that of the third in a yard. He said three of the six arrested had been placed in jail at Tuskegee and that Sheriff Hasty Golden, of Wetumpka, had charge of the others.

Reached by telephone at Washington, Stearns said he had charge of the others. (Continued From Page One)

R. F. C. Votes Florida \$1,102,700 For Relief

WASHINGTON, Dec. 20.—(AP)—Emergency relief loans totaling \$1,102,700.00 for today was voted to Florida by the Reconstruction Corporation for use in 64 counties from Jan. 1 to Feb. 28.

The loan, the second made by the Corporation under its plan of caring for January and February needs immediately. The Florida governor estimated the need at \$1,700,000 of which approximately \$307,638 is available from local, private, and public funds and \$328,647 will be available from the previous loan by the Corporation. The Corporation previously lent Florida \$1,565,449.

Skates, Nuts, Candy Are Most Desired Articles By Children Writing Santa

David Lane, who lives at 210 French Avenue, writes to Santa Claus in care of the Christmas Editor of The Herald today to say that "I am a little boy just six years old and my name is David Lane. Please bring me a gun, a cowboy suit, and a picture book as well as some nuts and candy."

Lorine Lane, also of French Avenue, writes, "Will write you a few lines to tell you what I want and it is a pair of skates and some candy and nuts and fruit. I am 10 years old and am in the fifth grade. I live at 210 French Avenue and thank you in advance."

Ann Bojar, who lives on Route 2, Box 364, writes, "Just a few regards as to inform you of my health. Listen Santa, will you please think of me and bring me a dress already made. A 22 inch doll with long curly hair and some skates. My age is 12 years and I goes to school every day and is in the sixth grade. Please don't forget the poor children."

Harold Madden, living at 205 E. 11th St., writes, "I am a boy nine years old and I have been good all the year. I want a blank pistol, a tablet, and a bee-gun. I want a watch and chain. Dear Santa, I want a glove because I lost the one you gave me last year. Don't forget to bring me some marbles too. Bring me some nuts and candy."

Myra Jane Madden writes, "I am a little girl just two years old and I want you to bring me a tricycle, a baby doll and a tea set and anything else you think I would like. Don't forget any of the little folks this Christmas."

Theron Madden writes, "I am a little boy five years old and I want you to bring me a pair of skates, a knife, a truck, and a train, and lots of nuts, fruits and candy. I have been right good this year and I sure have enjoyed the tricycle you brought me last year."

Eugie Mae Bolat writes, "Just a few lines to let you know that I am good. Listen Santa, I want a coat and a big doll and a doll set which includes a tub, machine, pair of skates and good in lessons. Please don't forget the less fortunate ones than I. There are two girls and one little boy that stay beside the railroad near the Goldboro W. Primary school. Don't forget them please. I am eight years old."

Meja Bolat writes, "I am Eugie Mae's little sister. Please don't forget me, also my mother and father and sisters. I want a coat, doll, apples, nuts, and candy. I also need some dresses and don't forget my little nephew Junior and Artie. I will close for the time being. By the way Santa, don't forget that I am seven years old."

TAMMANY AND WALKER HIT BY SAM SEABURY

Report Says Evidence Of Corruption Was Adduced With Opposition Of Officers

NEW YORK, Dec. 20.—(AP)—The Samuel Seabury which has whistled over the heads of office holders for more than two years cracks sharply again today, stinging lashes at former Mayor James Walker, Tammany Hall, two state supreme court justices, borough president, a city commissioner, and even the brown-eyed actress Betty Compton.

For the first time in his 11-year inquiry into the city's alleged sin Samuel Seabury mentioned Miss Compton by name. Heretofore it always has been the "unnamed person" to whom certain monies were paid (presumably) funds of Walker then mayor.

In a lengthy report on the result of the Hofstadter legislative committee investigation he declared the "cumulative evidence of wrong-doing which this report contains has been adduced in the face of consistent opposition from those affiliated with the dominant political organization in this city. Not only the presentation of evidence by them constituted themselves as defenders of those whose wrong-doing is established. In no case was this attitude manifested more clearly than in that of Mrs. Walker."

FLORIDA RIVALRY LIKELY TO BE CONTINUED

Both Sides Appear To Be In Favor Of Extending Contests

GAINESVILLE, Dec. 19.—(AP)—With breathless over the 12 to 2 decision they wrested from the University of California at Los Angeles gridder here Saturday, Florida football players disbanded yesterday for the Christmas holidays. After giving the season a rousing close, the Gators will go to no more football until Spring practice starts and they now have a well earned fortnight's rest in front of them.

The Uclans from the West Coast will stick together a bit longer. Yesterday they took a jaunt arranged for them by Florida athletic authorities to St. Augustine and Daytona Beach and were scheduled to leave on the long jaunt back to California late last night.

Though the Gators are the toast of the state following their magnificent game Saturday, the Uclans are coming in for plenty of praise here. The California boys came to Gainesville with every expectation of a victory, but they accepted defeat in a most sportsmanlike fashion, had unlimited praise for Florida and made a host of friends during their brief stay.

The possibility of continuing relationship between the two schools has been a very live subject since the game, and the vote of every Florida man goes for more games involving the California and Florida institutions. The Californians also seem in favor of extending the series, which already has called for two games and, while no official announcement has been made on the situation, it is possible that the Bruins and the Gators will meet again next fall in Los Angeles. Joe Oscherenko, who is in charge of all publications at U. C. L. A., said that he would use all his influence toward protracting the competition, and Head Coach Bill Spaulding also desires another crack at the Florida team. Joe E. Brown, the movie star, who accompanied the Uclans here, also seems thoroughly sold on Florida and Joe's word carries weight wherever he goes, carries weight wherever he goes, but a very wide fellow in real life. The Brown pictures always have been popular in Florida, but they undoubtedly will be doubly so after Joe's visit to the state.

The brilliant finish the Gators gave to an otherwise rather drab season has aroused great hopes for next fall. Individual performances were most pleasing in every position, but the manner in which the team played together indicates that the boys have realized their possibilities and will be somewhat to contend with in 1933.

Only four men finished their careers Saturday, one of them sitting on the bench in civilian clothes throughout. They were Joe Jenkins, right end; Luke Dorsett, quarterback, and Al Rogero, left halfback. Al, who was able to play in but the first three games this season, was the idle member of the graduating section. The others turned in excellent

BOWLING NOTES

The Dossey's Lunch room team continued its winning streak at play in the Sanford Merchants Bowling League by handing the Seminole Creamery team a defeat on Friday night although the Creamery bowlers scored more pins than did the Dossey team.

Table with 2 columns: Player Name, Pins. Includes names like John Ludwig, Fred Bolly, and scores.

Table with 2 columns: Player Name, Pins. Includes names like George Habe, M. Milan, and scores.

The fans generally were agreed today that the Uclan-Gator game was by far the best they have witnessed this season. They even said that they would have enjoyed it even if Florida had lost. A veteran official declared that the Gators overcame the worst he has ever had seen in a football team.

Bobby Decker, Joe Keeble and Lee Coats were singled out as the Californians who did the best work, though all of the boys were well liked, the Bruins, too, are largely a sophomore combine and Coach Spaulding undoubtedly will have a great team next year. President John J. Tigert, Athletic Director Edgar Jones and Coach Bachman accompanied the party on the East Coast Tour yesterday, along with many Gainesville citizens who took their cars. The Uclans were the guests of Mr. and Mrs. Fred Francis and other St. Augustine football followers and report a very fine day. The sun came out a bit for them and the scenery, they admitted, was almost as good as that encountered in the Pacific Coast.

Parachute Jumper Catches Hen With Brick Tied To Neck

Not in years has Floyd Stimson, nationally known parachute jumper who is spending the winter in Sanford, received such an unusual thrill as he did Saturday afternoon while fishing from the bulkhead wall near the emergency landing field in East First Street.

Attracted to the spot by the number of colored persons who were along the lakefront, many of them hauling in plenty of fish, Stimson borrowed a pole to try his luck and within five minutes had hauled in two bream.

Tossing his baited hook into the water for a third try, Stimson waited for another nibble, which didn't come as fast as he thought it should. As he pulled the line from the water it suddenly became taut, the pole started bending, and Stimson thought he had a whale.

While a crowd gathered, Stimson hauled away at his line to bring from the water a sight that soon convinced the group. There at the end of the line hung a full-grown hen and around its neck was a rope, one end of which was wrapped around a brick.

HOUSE DAMAGED

Damages that may reach \$75 were sustained to the home of Mrs. K. S. Dutton, 1012 Magnolia Avenue last night at about 7:09 o'clock when a fire, believed started by a spark that was blown through an attic ventilator, set fire to a pile of papers stored in the attic, and was put out after a stubborn battle that flooded the front rooms of the home with water.

BARRYMORE RECOVERS

NEW YORK, Dec. 19.—(AP)—The cold which forced Ethel Barrymore to abandon a road trip at New Haven Dec. 1 developed into influenza and then pneumonia. Doctors believe the crisis is past and that the actress is on the road to recovery.

FOUR BURN TO DEATH

ATHENS, Ohio, Dec. 19.—(AP)—Four persons burned to death today when fire destroyed a log cabin at Gloucester near here. The dead are Mr. and Mrs. Holland Mathews, 23, and their children, Gerald, 5, and Junior, 3. Cause of the blaze was undetermined.

Tom Mix Will Join His Famed Pony In Movie Retirement

HOLLYWOOD, Calif., Dec. 19.—(AP)—A 24-year-old screen career in which he starred in 370 feature productions, will be ended Christmas Day by Tom Mix, the film cowboy hero.

Mix, whose retirement was preceded several months by that of his famous horse, Tony, said he hoped his absence from the talking screen would be only temporary. Tony, who has shined with Mix some serious mishaps in filming some of the cowboy's daring exploits, was placed in the clover several months ago after he stumbled and fell in an attempt to take a steep decline. By agreement with Carl Laemmle, president of Universal, Mix announced he had obtained his release from his second contract. He said he would quit the films after completing 'The Rustlers' Round-up.' After a rest at his Beverly Hills estate, Mix said he will leisurely tour the world, taking with

TURNING TO CANADA FOR A TAX

Whether opinion may be held about the manufacturer's sales tax, proposed by President Hoover, it is well to distinguish it from the general sales tax, or turnover tax, the one "on everything", that Senator David A. Reed advocated last year.

The Administration's attitude in this respect has been thoroughly misunderstood. When a general sales tax was first brooked, Mr. Ogden L. Mills, then Undersecretary of the Treasury, opposed it. It was the logical thing to do on the part of a man so well versed in the theory and administration of taxation.

The objections to such a tax come under several heads: There is the classical one that it has an incidence in inverse ratio to ability to pay. That is, the wage of the worker, unlike the income of the rich, would all be taxed because practically all of it is spent. Then it is discriminatory. A Ford car, so many of the raw materials of which are produced and assembled in this country, would pay one tax. A Buick, on the other hand, which is assembled in this country but whose raw materials are produced in other countries, would pay another tax.

The Canadian law is also distinguished by its sweeping exceptions. These start off with a set of rebates in the case of goods sold for export or to public authorities. Practically all foods and raw materials produced by farms, mines and fisheries are exempt; also the sales of small manufacturers and producers, such as custom tailors. This schedule fills ten closely printed pages in the statute. Though the aim is to do away with the gross inequality associated with the general sales tax there can be no doubt that the Canadian levy is generally shifted to the consumer, who, however, scarcely notices it, as much because of the administrative flexibility allowed in the act as because of the exceptions.

If further taxes are necessary in the United States, to make people feel that their Government is living within reasonable budgetary limitations, then this kind of tax is preferable to several of the nuisance taxes which were authorized by the last Congress.

Truck With Oranges Skids Off Highway

A St. Johns River Transportation Co. truck and trailer filled with oranges which were to be shipped from here via boat Saturday figured in an accident on the Orlando highway late Saturday afternoon which saw the truck and trailer damaged to some extent and boxes of oranges thrown into a small ditch alongside the road.

The trailer swerved into a ditch on the slippery highway, and pulled the truck into the ditch with it. The driver was uninjured except for a few minor bruises. The top of the large trailer was split open and both the truck and trailer bodies were crushed slightly. Officials of the line quickly sent to Orlando for another truck which brought the cargo of fruit to the Sanford office within a few minutes, so that no delay in transportation resulted.

the past several days and which will be required for probably four or six weeks longer. His injury has responded to treatment in unusually good fashion, according to his physicians, and it is predicted that he will be able to return to duty within a few weeks.

Howell Printing Co.
Phone 148

Martin's Garage
W. 1st Street

Frank Lewis and Martin have the experience and equipment to do your job. See us and save money.

We were somewhat surprised the other day when a representative of one of our largest insurance companies informed us that after three years of depression, the income from the investments of the company which he represented had declined a scant one percent. Later in the day we saw a statement which showed that there are over \$18,000,000,000 worth of government bonds with an average market value of approximately 102, owned by investors in the United States, that altogether there are \$33,000,000,000 worth of bonds listed on the New York Stock Exchange with an average market value of 75.91.

That reminded us of an article we saw in Collier's last summer which declared that \$3,000,000 depositors owned total savings bank deposits of more than \$20,000,000,000. More than \$109,000,000,000 worth of life insurance is accruing in the United States to the benefit of 98,000,000 policy holders. Last year after twenty-four months of hard times, \$16,500,000,000 of new life insurance policies were written. The income of the American people aggregates over one billion dollars a week. That this income is not possessed entirely by a few very rich is indicated by the further facts that the number of Americans owning stock in large corporations has increased nearly forty percent since 1929, that a group of 102 large corporations had 7,675,143 individual stockholders at the beginning of this year, and that the American Telephone and Telegraph Company, one of the largest corporations in the world, alone has 645,000 stockholders.

The national wealth of this country, in spite of deflation, still amounts to \$229,700,000,000. The United States has the largest monetary gold stocks in the world, aggregating at the present time about \$4,500,000,000. American currency in circulation amounts to an additional \$5,404,000,000, or more than \$700,000,000 more than during the height of the boom. In addition to the eleven billions owed our government on war debts, the huge sum of \$18,500,000,000 is owed to private American investors by foreign governments and industries. On this investment foreign countries have to pay this country nearly a billion dollars a year in interest charges. On war debts they owe us about \$250,000 a year. On our favorable balance of trade they owe us about \$500,000,000 annually.

America would indeed seem to be in an extremely favored position among the nations of the earth in spite of the hard times of the past few years. It is still the land of promise and opportunity despite temporary local signs to the contrary.

BOON FUER

Of the dark past
A child is born
With joy and grief
My heart is torn.

Calm in his cradle
The living lies.
His love and mercy
Unfolds his eyes.

Young life is breathed
One the glass;
The world that was not
Comes to pass.

A child is sleeping:
An old man gone.
O, father forsaken,
Forgive your son!

—By James Joyce.

Influenza Spreads

An announcement from the United States Public Health Service reveals that the wave of influenza which spread from the Pacific Coast has reached epidemic proportions in parts of the Southern states. Figures disclose that for the week ending December 3, a total of 807 persons in 89 cities died from influenza and pneumonia and that during the week ending Dec. 10, 26,144 persons were suffering from these two diseases.

More than ordinary apprehension is felt over the mounting influenza cases because of the large number of undernourished persons who are very susceptible to the disease germ on account of their depleted strength. The unusually cold and disagreeable weather of the past week has also been a factor in breaking down physical resistance and in making it easy for the tiny microbes to get in their deadly work.

Those who remember the severe influenza epidemic which hit this country during the World War appreciate the seriousness of this sickness and the necessity for combating its spread. The adage about "an ounce of prevention is worth a pound of cure" can be applied to the present situation to great advantage, for the best way to beat influenza is to keep one's body in such a condition that it can overcome the disease germs.

People who haven't contracted the disease should be especially particular of their physical well-being. Proper food, proper elimination, avoidance of drafts and wet feet, plenty of sleep, and a good throat gargle will go a long way towards keeping a person off the sick list.

One of the most insidious things about influenza is that its effect is gradual and the person being attacked is usually loath to give up and go to bed. As a consequence many people with disease continue to walk around, exposing others, until their strength is finally sapped and they have to go to a hospital and begin a hard fight for recovery. At the very first sign of the disease a person should get into bed and stay there until he is fully recovered.

SANFORD, TWENTY YEARS AGO

Abie Estner, Ralph Stevens, and Nollie Tolar are spending the Christmas holidays with home folks. All of them attend the University of North Carolina at Chapel Hill.

The Misses Nellie Elder, Lillian Higgins, and Margaret Wight are home from the Women's College at Tallahassee for the holidays.

The following ladies of Oviedo were in the city this week taking advantage of the many bargains offered by Sanford's enterprising merchants: Mrs. B. G. Smith, Mrs. T. L. Cushing, Mrs. J. R. Jones, Mrs. E. H. McCall, Mrs. R. F. Whetler, Mrs. W. I. Ralston, and the Misses Mary Leland, Bertha Dixon, Irene Hallenbeck, and Billie Wiseman.

Herald Ad Brings To Man His Lost \$185.00

George Handmiller, of 609 West 1st Street, walked into the Herald office late Tuesday, produced a small roll of bills, peeled off \$35, handed the book-keeper \$150, and said that he found the money near the Kigore Seed Co. on West First Street on Wednesday night.

He brought it to The Herald office because just a few minutes before he had read an advertisement which read that a roll of bills had been lost on First Street Wednesday afternoon, at about 6:15 o'clock, and the finder offered to pay \$50 to the finder.

The owner of the money, a Mr. Lester, who is a white-haired man, in Sanford expressed delight at being returned the money and said that the reward he offered and paid was small in comparison with the relief he felt over the return of the \$185.

Dr. J. E. McEwen had a narrow escape from death in an automobile accident on Orange Avenue in Orlando at 11:00 o'clock last night. As he was driving his car through a dark tunnel, which he had just entered, he was struck by a truck. The car was thrown into the air and landed on its side. Dr. McEwen was seriously injured and was taken to the hospital.

The city election for the purpose of deciding the site of the new city hall was held yesterday and despite the busy season and little over 500 citizens went to the polls and cast their votes for their favorite. Following is the official count: W. W. Abernathy 150 and G. C. Woodruff 100.

Dr. J. E. McEwen had a narrow escape from death in an automobile accident on Orange Avenue in Orlando at 11:00 o'clock last night. As he was driving his car through a dark tunnel, which he had just entered, he was struck by a truck. The car was thrown into the air and landed on its side. Dr. McEwen was seriously injured and was taken to the hospital.

THE LEADER CAN ACCOMPLISH WHAT OTHERS DARE NOT TRY

TODAY CHEVROLET PRESENTS A NEW SIX

Longer • Larger • Faster • Smoother • New in Styling • More Economical • And Featuring Fisher No-Draft Ventilation

THE NEW CAR that millions have been watching and waiting for—the latest product of the world's leading builder of automobiles—is now on display: the New Chevrolet Six—at a new scale of low prices. Front, side, rear—inside, outside—everything about this new car is advanced, improved, exciting. Longer wheelbase makes it the biggest automobile in today's low-price field. The latest principle of car design, "Aer-Stream" styling, gives it a totally different, ultra-modern appearance. The new Fisher bodies are larger, wider—faultlessly streamlined—swung lower to the road—and offer the first basic improvement in travel comfort in over ten years: Fisher No-Draft Ventilation. Chevrolet performance in every gear is faster, flashier, more brilliant. The time-proved six-cylinder engine is more powerful as well as more economical. Improved Free Wheeling is combined with a "silent second" Syncro-Mesh gear-shift. Chevrolet engineers have developed a remarkable new invention that wins a complete victory over vibration: The Cushion-Balanced Engine Mounting. And as far as prices are concerned, several models now sell at the lowest figures in Chevrolet history. Chevrolet is able to do all this because Chevrolet has the advantage of being the world's largest builder of cars for 4 out of the past 6 years. Chevrolet builds cars in greater volume—buys materials in greater quantities—does everything on a bigger, more economical scale. Hence, Chevrolet is in a position to provide a better car at a better price than could possibly issue from any other source. The leader can accomplish what others dare not try!

Primary Society Of Church Has Meeting

W. M. McKim presided over the program of the regular meeting of the Women's Missionary Society of the First Methodist Church held Monday afternoon at 8 o'clock. The meeting opened with the song, "Hark the Herald Song."

During the meeting Mrs. C. H. [Name] led the devotional which was on the subject, "The World." Mrs. E. A. [Name] read an article on world peace and world peace after Mrs. Phil Thompson, accompanied by Miss Helen Gordy, recited a poem.

The close of the program C. D. Barn presided over a business session when the year was brought to a close. Refreshments were served by the members of Number Three.

Christmas Tea Given For Mrs. Clyde Byrd

With 25 members in attendance a Christmas tea in honor of Mrs. Clyde A. Byrd was given yesterday afternoon in the social rooms of the Presbyterian Church following the regular luncheon meeting of the Presbyterian Auxiliary. Hostesses for the affair were the following general officers of the auxiliary: Mrs. Claude Howard, president; Mrs. E. D. Brownlee, vice-president; Mrs. Linton E. Allen, secretary; and Mrs. J. O. Huff, treasurer.

Mrs. Byrd, who plans to leave soon for Daytona Beach to make her home, has been chairman of a circle of the auxiliary, foreign mission secretary, white cross secretary, secretary of the Primary Department, and a member of the choir of the Presbyterian Church. She was presented with a bouquet of roses as a token of appreciation for her work.

During the tea Christmas carols were played by Mrs. F. E. Verney, Mrs. J. W. [Name], Mrs. [Name], and Mrs. Mildred Nix, cellist. Refreshments were served by the members of Mrs. Byrd's circle of the auxiliary. Adorning the

Progressive Club Of Railroad Holds City Hall Program

To the applause of nearly 500 members and friends of the Jacksonville District Progressive Club of the Atlantic Coast Line Railroad gathered in the City Hall last night for the December program meeting and dance, pupils of Semole High School presented what they termed their "All-American Revue", a program of short skits, songs, and dances that were well received.

With H. B. Odgers, Jr., acting as master of ceremonies at the head of an orchestra composed of Miss Corrine Lutz, B. L. Perkins, Jr., Francis Rounhill, Max Ramsey, Ralph LeMone, and Billy Vihien, the program presented was as follows:

Miss Margaret Murr, the dancer; Marion Haynes, blues singer; Marilee Torrance, acrobatic dance and songs; Jeanne Azabelle, blues songs; Mary Elizabeth Toles and Marilee Torrance in a comedy dance; Joe Cowart in songs; the Truluck sisters in songs; and James Hayer, comedian. Miss Elizabeth Clark acted as accompanist.

Following the program Karl Lehmann, secretary of the club, trade body and K. A. McGranie, of Jacksonville, assistant general manager of the railroad made short talks based on the program, local and national conditions, and a glimpse into the new year and what it might hold.

Dancing to the music of Mace's Orchestra was continued thru until after midnight, with approximately 750 persons participating.

Economy League Asks Cut In Vet Payments

WASHINGTON, Dec. 22.—(AP)—A resolution of almost \$40,000,000 a year in veterans appropriations was urged before a joint congressional committee today by the National Economy League which said the government is overpaying "Nearly one-half of its annual revenues to former service men and their dependents."

Chairman Collier said newspapermen he will not call the House Ways and Means Committee together to consider levying a general sales tax at this session of Congress. He has taken the position that a sales tax levy should be left for the states.

A favorable balance of trade in November of \$36,000,000 was announced by the commerce department today.

Hoover Acknowledges Trade Body's Letter

Letters acknowledging receipt of Semole County Chamber of Commerce invitation, telegraphed President Hoover last week and were received in Sanford.

Lawrence Ritchey, secretary to the President, acknowledged the trade body's suggestion that the presidential party include the St. Johns River as far as Sanford in his contemplated visit to Florida this week, by saying, "Your telegram of Dec. 10 has been received and the very kind invitation to visit Sanford is warmly appreciated by the President, and he wishes me to thank you heartily for it. He has an yet to definite plans."

Senator Duncan U. Fletcher, who was urged to personally suggest to the President that he come down the St. Johns River, wrote: "I shall be very glad to present the matter to the President and urge that he accept the invitation."

Carload Of Citrus Is Donated Free To Children Of Needy

Florida citrus fruit will gladden the hearts of some of the nation's impoverished children up to the willingness of many shippers of the Florida Citrus Clearing House, who donated an entire car of oranges, grapefruit, and tangerines as a Christmas gift to the poor of the New York district.

The task of obtaining the fruit was an easy one—the Clearing House members, who were first asked to contribute, immediately declared their willingness, and it was not found necessary to even solicit the majority of the members.

The gift of this full car of Florida citrus fruit will credit the all good deeds to the credit of the shippers, and in this case considerable publicity will be given the

dent of the Orange County Chamber of Commerce during the secretaryship, if Mr. Lehmann, and is well known locally.

Wrong Done In Fatal To 3 Babies

NEW YORK, Dec. 22.—(AP)—A little baby died yesterday at the New York Hospital and Cornell Medical College, New York, the medical committee said, the victim of an injection of boric acid solution given by mistake for a saline solution.

Two infants died at the hospital Saturday, supposedly from the same cause.

John R. Howard, 27, attending physician, said the nurse who prepared the injection was a graduate of four years standing and that she had a good record. The nurse, whose name was not disclosed, has been relieved of duty, Howard said.

Progressive Club Of Railroad Holds City Hall Program

To the applause of nearly 500 members and friends of the Jacksonville District Progressive Club of the Atlantic Coast Line Railroad gathered in the City Hall last night for the December program meeting and dance, pupils of Semole High School presented what they termed their "All-American Revue", a program of short skits, songs, and dances that were well received.

With H. B. Odgers, Jr., acting as master of ceremonies at the head of an orchestra composed of Miss Corrine Lutz, B. L. Perkins, Jr., Francis Rounhill, Max Ramsey, Ralph LeMone, and Billy Vihien, the program presented was as follows:

Miss Margaret Murr, the dancer; Marion Haynes, blues singer; Marilee Torrance, acrobatic dance and songs; Jeanne Azabelle, blues songs; Mary Elizabeth Toles and Marilee Torrance in a comedy dance; Joe Cowart in songs; the Truluck sisters in songs; and James Hayer, comedian. Miss Elizabeth Clark acted as accompanist.

Following the program Karl Lehmann, secretary of the club, trade body and K. A. McGranie, of Jacksonville, assistant general manager of the railroad made short talks based on the program, local and national conditions, and a glimpse into the new year and what it might hold.

Dancing to the music of Mace's Orchestra was continued thru until after midnight, with approximately 750 persons participating.

CITRUS LEADER VISITS CITY

Wm. Edwards, of Zellwood, president of the Florida Citrus Exchange, was in Sanford yesterday morning, discussing with Karl Lehmann, trade body secretary, some of the phases of the citrus industry as it is now set up. Mr. Edwards was for nine years presi-

Economy League Asks Cut In Vet Payments

WASHINGTON, Dec. 22.—(AP)—A resolution of almost \$40,000,000 a year in veterans appropriations was urged before a joint congressional committee today by the National Economy League which said the government is overpaying "Nearly one-half of its annual revenues to former service men and their dependents."

Chairman Collier said newspapermen he will not call the House Ways and Means Committee together to consider levying a general sales tax at this session of Congress. He has taken the position that a sales tax levy should be left for the states.

A favorable balance of trade in November of \$36,000,000 was announced by the commerce department today.

Hoover Acknowledges Trade Body's Letter

Letters acknowledging receipt of Semole County Chamber of Commerce invitation, telegraphed President Hoover last week and were received in Sanford.

Lawrence Ritchey, secretary to the President, acknowledged the trade body's suggestion that the presidential party include the St. Johns River as far as Sanford in his contemplated visit to Florida this week, by saying, "Your telegram of Dec. 10 has been received and the very kind invitation to visit Sanford is warmly appreciated by the President, and he wishes me to thank you heartily for it. ALL-PRO PICKIN TEAM IS PICKED BY AP REPORTERS

Cagle, Friedman, and Ken Strong Receive Honorable Mention

COLUMBUS, Ohio, Dec. 20.—(AP)—Green Bay, Chicago Bears and Portsmouth, the three leading teams in the National Professional Football League, grabbed the lion's share of places on the all-professional eleven selected for The Associated Press by seven of the eight coaches in the league.

On the first team, three places each went to Green Bay and the Bears. Portsmouth was awarded two and the remaining positions were filled by New York, Chicago and Boston. The Bears and Portsmouth decided the National Professional football championship in a play-off game at Chicago stadium. They tied with six victories and one defeat in the regular season. Green Bay lost three games and won 10. Being selected on a nation-wide team is no new experience for two of the first team players, Earl Clark, of Portsmouth, and Bronko Nagurski, of the Bears. The former was named quarterback on the Associated Press' all-American team in 1928 when a member of the Colorado college eleven. Nagurski was similarly honored the following season at Minnesota where he played tackle.

Harold "Red" Grange, who is supposed to all-American fame in

Hawkeyes Go Into 1st Place In Loop

As the result of an 11 to 10 victory over the strong Sharpshooters team in the Junior High School Basketball League last week the Hawkeyes went into first place in the standings to break a tie for that position which has existed since the league first began play, five weeks ago.

Every game played during the past two weeks has been close, with low scores predominating, while from all indications Captain Stoothoff of the Sharpshooters team is out to make a new scoring record, having rolled up 34 points in five games.

Score of the Hawkeye-Sharpshooters game: Hawkeyes, Stevens, 1, 1, Dean, 1, 2, Captain Humphrey, 6, 6, Telford, Harriet, guards, 0, Lawson, 2, Sharpshooters, Robson, 1, 0, Odham, 1.

1925 at the University of Illinois was relegated to the second team. Three more all-Americans of other years, Christian Cagle, Army 1923; Benny Friedman, Michigan, 1926; and Kenneth Strong, New York University, 1928, were given honorable mention.

Clark was the only unanimous choice. Nagurski received six of the seven votes. The other positions were more hotly contested. May Flaherty, New York's great pass catcher, and Luke Johnson, of the Chicago Bears, won the end positions, and Cal Hubbard, 225-pound boy from Green Bay and Glen Edwards, of Boston, the tackles. Two Chicago players, Jules Cavillon, of the Bears, and Walter Kiesling, of the Cardinals were named as guards. Nate Barnister, of Green Bay, former Southern California star, was selected for the snapperback job.

In the backfield, Clark at quarterback is flanked by Arnold Herber, of Green Bay, and Roy "Father" Lumpkin, of Portsmouth, regarded as one of the greatest blocking halfbacks in the league. Lumpkin gained fame at Georgia Tech, while Herber is an alumnus of St. Regis. Nagurski at fullback rounds out the first eleven players.

RATING SYSTEM MAKES MICHIGAN BEST GRID TEAM

Southern California Shocked At Report Naming Champions

By BRIAN BELL Associated Press Sports Writer Football fans on the Pacific Coast, especially those in the vicinity of Los Angeles, were shocked when Prof. Frank G. Dickinson of the University of Illinois announced the University of Michigan was the national football champion under his rating system.

The Southern California fans thought the Trojans of Howard Jones had retained the championship awarded them by Professor Dickinson last year. The Trojans lost their opening game in 1931 to St. Mary's, but they have not lost one since, winning 19 straight, including the victories over Notre Dame.

The Ramblers furnished the only strictly inter-sectional opposition Southern California had during the regular 1932 season, but it started with a convincing defeat of Utah, perennial champion of the Rocky Mountain conference. Pacific Coast conference teams to fall included Washington State, Oregon State, Stanford, California, Oregon, and Washington. The Trojans started the year with a victory over Tulane, champion of the Southern Conference, so even if they have not retained the championship they have done all they could in the schedule opportunities offered.

In view of Professor Dickinson's rating, Southern California probably wishes it had invited Michigan instead of Pittsburgh to play in the Rose Bowl game Jan. 2. Although Professor Dickinson's system takes no account of post-season games, a team defeating the champion would deserve some sort of medal.

At one time it seemed certain Michigan would get the invitation but Southern California, looking assurance the Wolverines would be permitted by their conference to accept, turned to Pittsburgh. If Southern California extends its string of consecutive victories to 29 by downing Pittsburgh, many followers of football will reflect to the national champion, Professor Dickinson to the contrary notwithstanding.

Last year when the Illinois professor awarded the honor to the Trojans he was entertained at the University of Southern California and invited as a guest. Officially the Trojans, perhaps, will have to remain silent, but it's a good guess they will do some thinking.

Incidentally, the professor's rating shows Southern California at 28.81 and Pittsburgh at 26.49. This does not seem much difference, so the New Year's battle may be a sanguinary contest. An even better comparison is offered by the Notre Dame scores. The Panthers and Trojans each defeated the Ramblers by two touchdowns.

If an award is to be made for strong line play in 1932 Southern California would have to be considered. Howard Jones has one of the strongest lines the game has produced, in a nine-game schedule no touchdown was scored through the line.

1. Captain Stoothoff, c, 9, O'Harr, Oliver, and J. Colbert, g, 0. Score of the Rambler-Mustangs, Stanley, c, 7, Echols, f, 6, Captain Baker, c, 7, Stenstrom, Vickery, guards, 0, total, 13. Ramblers, Captain, Zachry, f, 5, Williams, f, 4, Hodges, c, 0, Stomoff, Whitten, guards, 0, Steele, g, 2, total, 11.

Police Seize Four Men Suspected Of Chicago Robbery

ST. PAUL, Minn., Dec. 20.—(AP)—Police Sunday seized four men as suspected members of a gang of five which held up the Third Northwestern National Bank of Minneapolis Friday and obtained more than \$20,000. Three men were fatally wounded during the escape of the quintet.

Authorities said part of the loot was recovered following the arrests, which were made as the third victim of the robbers, Pa-trolman Leo Gorsky, of Minneapolis, died from his wounds.

The men taken into custody have their names as Leonard Barton, James Colton, San Diego, Calif.; Owen Lewis, Kansas City, and Robert Newburn, Wichita, Kas.

According to police, Barton had been sought for a policeman's killing at Kirksville, Mo., and for other crimes at Muskogee, Okla., Kansas City, Omaha and Milwaukee.

WASHINGTON, Dec. 20.—(AP)—Gold, as the miner remarked, is where you find it—which means in America that besides being in coins, it's in gold teeth, fountain pens, eye glasses, and jewelry—but just how much is an unanswerable question.

One bureau of mines employe, who qualifies as a gold expert and declined to give an estimate of what the country's gold teeth could be hoiked for, remarked: "If some enterprising dentist pulled all the teeth, he'd have a lot of teeth—and considerable money."

A dentist, who picked up his gold-tipped fountain pen to do a little figuring without realizing that into it went some of the precious metal, estimated that as a national average, there was at least one tooth per person with some gold in it.

Sines anywhere from ten to possibly 100 grains might go into a tooth, these figures can be tried out if you're curious to know what your mouth's worth for its metallic content.

One troy ounce, by which gold is measured, contains 480 grains and is worth 20.67 at the mint. So long as the gold was pure, a regular assay office would pass it, regardless of whether it came from an eye tooth or a molar. Jewelry, mint officials estimate, FIKS Lodge.

Approximately 350 invitations will be handed out, and each child will be given some sort of gift as well as bags of candy, nuts, and fruits. It is estimated that about 1000 persons will be at the Park gathered around the huge lighted Christmas tree under which Santa Claus will greet his young visitors.

United States Has Club Committees Much Gold Not In Monetary Supply Year By Kiwanians

Howard Overlin, president-elect of the Sanford Kiwanis Club, today announced the following appointments to various standing committees which will function for the first six months of the new year:

Agriculture, D. J. Garrett, chairman; Dave Boniske, Julius Dingfelder; Boy Scouts, Arthur Branan, chairman, Julius Dingfelder, J. G. Sharon; Efficiency, C. O. Bare, chairman; Kiwanis Education, W. B. Zachry, chairman, T. W. Lawson; Good Will, J. G. Sharon, chairman, Howard Long; House and Reception, S. P. Doudney, chairman, W. B. Zachry, Howard Long; Inter-Club Relations, Counts Johnson, chairman, C. R. Mason, S. J. Nix; Program and Music, F. S. Lamson, chairman, Peter Schaal, J. L. Marentette; Sports, Peter Schaal, chairman, Itay Fox, E. B. Randall, Jr.

ed takes about half of the gold not used for coinage purposes or to support monetary systems. The amount, however, is a thing on which they won't give an opinion. The rest goes into critical goods, dental supplies, scientific uses and gems and ends, along with late and gold leaf articles.

The mint said gold coins struck off in the first 11 months of 1932, totaled \$53,245,000, and estimated industrial use in 1931 at \$29,157,865. Both these totals included new and used gold from products melted up for sale as metal.
