BOSTON, Mass., June 7.—Special—Breaking through the crust of ancient beliefs in material power, the postwar world is reaching out in an unprecedented effort for something better upon which to found a union of nations. The Christian Science Board of Directors declared today.

Addressing several thousand Christian attending the annual meeting of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass., the directors viewed with satisfaction the worldwide stir human consciousness to discard the material for the spiritual.

Physicians, they said, are giving more importance to thought in relation to disease. Natural scientists, they added, are gaining in their recognition of the insubstantiality of matter.

Religious leaders everywhere, they pointed out, have developed a widespread sense of the need and reasonableness of greater and more direct evidence of spiritual power.

In various other directions, the Directors continued, there is a strong urge to look beyond mere human means for the establishment of stable government.

The Directors' statement and the election of Miss Emma C. Shipman to the Presidency of The Mother Church for the ensuing year sparked an annual meeting filled with reports of marked progress in the Christian Science movement throughout the globe.

If Mary Baker Eddy, Discoverer and Founder of Christian Science, were here today, according to the new president, "she would see the signs of the growth she most desired—signs that stem from what Miss Shipman described as "a more steadfast consciousness of the all-power and all-presence of God."

This consciousness was seen by the directors of the church as rapidly spreading throughout the postwar accepted as being questioned and discarded as never before.

"Not only the general stir in human consciousness but definite, basic changes of concept in the major fields of science, theology, and medicine" were said by the directors to have contributed to a growing respect for Christian Science and the spiritual healing for which it stands.

"One of the ablest educators this state has produced was selected. "It is my feeling that during the several months he has served, he has fully justified the confidence of this board in him and also has justified the belief that such a position is desirable in the best interest of education and the state."

He recalled that the understanding was for a temporary position, subject to legislative action making it permanent.

"The Legislature has declined to provide for the position of coordinator of the institutions of higher learning," the Governor said. "I feel it proper and right that this board should observe the spirit of that action of the Legislature and not continue further this position, no matter how useful and desirable it may be."

### U. S. Unemployment

(Continued From Page One) In farming, employment moved up, climbing 875,000 in May to a total of 88,694,000—slightly above the same point last year.

Farm employment alone increased 1,184,000 in May. Jobs in non-agricultural pursuits dropped \$78,000 to a total of 49,720,000. This left the total increase of 875,000 in employment.

The bureau found an optimistic note in this fact: There was an increase in the number of full-time jobs, meaning those good for 35 hours work or more weekly.

"Approximately 2,000,000 more persons in May than in April were working full time," it said.

However, the number of full-time workers was down considerably in comparison with a year ago.

"About 1,500,000 persons with full-time jobs were working short hours—generally three or four days—during the week ending May 14 because of slack work, material shortages, job turnover, and similar factors," the Bureau said.

The Bureau has been devoting more attention to the number of hours worked since recent criticisms, largely from labor unions that its total figures on employment gave an artificially good impression because they concealed much involuntary part-time unemployment.

The Bureau counts as employed all persons working one hour or more weekly for pay, profit or family benefit.

The total of employed also includes persons who have regular jobs but are not actually working because of strikes, illness, vacation, or temporary layoffs of more than 30 days.

### State Funds

"We finally might have them to do everything they didn't do in the regular session," the Governor told Ervin.

There is general agreement there must be a special session of the Legislature to raise money to meet the \$240,000,000 general appropriations bill the lawmakers passed.

The Cabinet instructed State Budget Director Homer Graham to sell departments and agencies to "make a normal presentation of their budgets."

The fiscal year ends June 30 and budgets for the next two years must be approved by them. Graham said he was getting many inquiries on how the budgets should be prepared.

Cabinet members agreed the budgets should be turned in just as if the State had funds to meet them.

"Then we've got to sit down and analyze them item by item," Controller C. M. Gay said. "The Cabinet did not specify whether the budgets were to be drawn on the basis of present appropriations or the ones provided in the new appropriations act passed by the Legislature."

The Cabinet members also rejected a request from the State Beverage Department to purchase 12 automobiles and one from the State Welfare Board for \$75,000 to spend on furniture and mechanical equipment.

Gay said he thought the Welfare Board could "very well do without" new furniture for the present and the Beverage Department could wait for its automobiles.

Approval was given a State Board of Conservation request for \$27,000 to buy new boats for use in its enforcement work after Governor Warren said he considered the need urgent.

The Board's companion request for \$10,000 for office equipment and supplies was rejected.

After the successful season in New York which closed on Dec. 1, the company gave nine weeks of opera in Chicago. Mr. Holtz-claus has the stage name of Richard Wentworth. Among his roles during the season were those in Tales of Hoffman, Carmen, La Tosca, Madame Butterfly and the Marriage of Figaro.

Operas in which he will sing this Fall include a new comic opera in English called, "The Love of the Three Oranges" by Prokofieff.

How does the new law differ? "Free games; not gambling—it is hereby proclaimed to be the intent of the Legislature that the awarding of additional "free" games by any coin operated game, continuance or facility operated by the movement of one or more balls, sometimes referred to as "pin ball machine" or "marble table" shall not be considered as gambling within the meaning of this State's anti-gambling laws.

Provided, however, that this section shall not be construed to authorize the use of such game or device for any gambling purposes or the giving of anything of value in exchange for any such additional or free game."

The last 10 words of the final paragraph, about trading free games for things of value, were tacked on by House amendment at the last minute.

Senator Walker of Daytona Beach introduced the bill.

### Violence Flares Among Pickets At New York Harbor

### Rival Demonstrators Attacked By Hudson River Dock Workers

NEW YORK, June 7 (AP)—Violence broke out today when rival picket lines demonstrated at entrances of the AFI International Longshoremen's Association.

Nearly 2,000 longshoremen from Hudson River piers joined their fellows in one picket line and charged a group of rival demonstrators.

Mounted police and foot patrolmen pushed into the battling groups, chasing them east and west on 14th Street and north on Eighth Avenue.

Passively caught in the melee were knocked down as mounted police rode onto the sidewalks. Many longshoremen were felled and several policemen were struck by fists and sticks.

Within a few minutes two police emergency squads reinforced policemen already at the scene and the battling longshoremen were dispersed.

The demonstrations interrupted loading and unloading operations on 19 ships at New York piers.

The first group of pickets took up positions early in protest against what they termed discrimination in hiring practices on Brooklyn piers. The demonstration followed a sitdown of 38 negroes in the ILA offices yesterday.

Within a short time a rival group of pickets appeared in a demonstration termed by ILA officials as "an answer by loyal members to acts Communist-inspired picket line."

Police kept the groups apart until the 2,000 longshoremen made their charge.

The sitdown yesterday, planned for 48 hours, ended after five hours when longshoremen ejected the demonstrators without violence or injury. The 38 claimed they were longshoremen and that their demonstration was spontaneous. However, their move was accompanied by mass picketing chanting protests against "Jim Crowism" on the waterfront.

Meanwhile, two of three Minnesota gunmen sought for killing a policeman, kidnaping and robbing, were captured by a party of farmers south of here in Kansas this morning. The third man gave himself up yesterday.

Sheriff Dwight Young of Fairbury said capture occurred after the gunmen wrecked their car. He said they have been identified as Carl Bristol, 27, and Allen G. Hartman, 20.

The pair have been sought since Saturday in the killing of a Minneapolis suburban police officer and the kidnaping of a Mandan, N. D. police officer who sought to question them. Subsequently they kidnaped five other persons but released them too.

Young said Sheriff Smith told him the gunmen wrecked their car when they ran into a bridge washout and the least seriously injured one went to a farmhouse for help.

Young reported the farmer recognized them and on the pretext of returning to his home for a chain, had his wife summon four neighbors. They came with shotgun and guarded the men until Sheriff Smith and his deputies arrived.

Smith said two of the three men were seriously injured and one might not live.

A recent street incident, however, had even the hardened police force shaking their heads sadly. This time it was four autos fighting for "clearance" in Waterloo Boulevard. ## ARE YOU AFRAID TO GET A CHEST X-RAY?

A GREAT many people hesitate to have a chest X-ray because they are afraid of what it may show.

Anybody can understand this fear and sympathize with it.

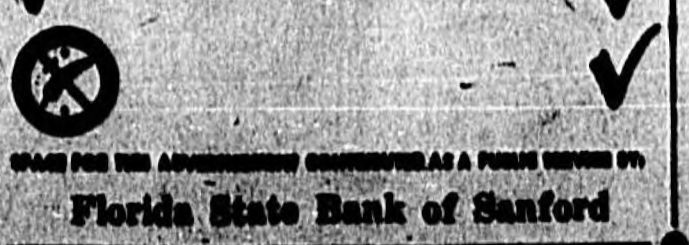

But look at the whole thing from the right angle, think of all the facts.

If the X-ray shows that you have tuberculosis in its early stages, it can be cured—with the least loss of time from your work.

On the other hand, if you should happen to have early TB now and not find it out, what will happen? You will go on living in a fool's paradise for a few months, maybe for a year or two. Then the disease may be so far advanced that it will take a long, long time to cure—and it may even be that there can be no cure. About 80,000 people in the United States die of TB every year.

Which is better? To know the truth now and, if it is unwelcome, to cure the trouble in the least possible time, with the least possible hardship on the family—or to close your eyes now and possibly the difficulty and hardship may, many times a little later? Think it over.

## Hubert Griggs Of Cocoa To Be State Attorney

### 43-Year-Old Lawyer Resigns Post In State Legislature To Take Position

TALLAHASSEE, June 8—(AP)—State Rep. Hubert E. Griggs of Cocoa was today appointed assistant state attorney in the Ninth Judicial Circuit for Seminole and Brevard counties, it was announced by Governor Fuller Warren this morning. The post has been vacant since the death of George A. Dr. Coates of Sanford several months ago.

The 43-year-old lawyer and citizen grower resigned as a member of the State House of Representatives from Brevard county yesterday. The resignation was accepted by Governor Warren without comment.

Griggs was a first term member of the House. His resignation means that if his seat is occupied in the impending special session there will have to be a special election called by Governor Warren to choose a successor. Brevard county has one other representative, O. L. Burton of Eau Gallie.

## Commissioner Okays Resignation Of County Home Head

The Board of County Commissioners yesterday accepted the resignation of L. P. Driscoll, superintendent of the County Home and Infirmary, and upon recommendation of Commissioner O. E. Fournier, appointed T. W. Bellows as temporary superintendent. O. F. Herndon, county clerk, reported this morning.

"It is a pleasure to announce that the resignation of Mr. Driscoll as superintendent of the County Home and Infirmary has been accepted," Commissioner Driscoll said today. "I have been in the position for a number of years and have endeavored to do my best for the institution. I am grateful for the cooperation of the board and the staff during my tenure."

## Chambers Says He Got Secrets From 5 Places

### Former Commie Tells Of Receiving 47 State Department Papers From Hiss

NEW YORK, June 8—(AP)—Whittaker Chambers testified today at the Alger Hiss perjury trial that he received 47 documents from Hiss in five government sources. He applied him with documents which he said was a pro-Soviet spy ring.

Chambers sat on the witness stand on a sixth day in the federal court trial of the former high State Department official whom he accused of leaking secret state papers.

Under strict examination by the government prosecutor, Assistant U. S. Attorney Thomas F. Murphy, Chambers repeated previous statements that one of the sources was Julian Wadsworth, who worked in the State Department's trade agreements section. He did not specify the other sources.

He also reiterated that he received from Hiss the 47 original department documents and the papers from which were made two film strips submitted in evidence by the government.

Chambers said he spoke to former Assistant Secretary of State John G. Blanding, Jr., in London, about Hiss' alleged Communist activities, declaring:

"I told Mr. Bland that Alger Hiss was a Communist and that he was in the State Department."

## Reds And West Begin To Settle Berlin Issues

### Russians Show Cooperative Attitude In East-West Row Over Trade Pacts

PARIS, June 8—(AP)—A movement to cut off the deadlocked negotiations on Germany and Berlin in the Four Power Foreign Ministers' Council was reported gaining headway today in western circles.

The report, from a responsible western official, came as Britain temporarily withdrew her first team from the conference table in the pink marble palace.

British Foreign Secretary Ernest Bevin left by plane to attend a Labor Party conference at Blackpool, but was scheduled to return to Paris tomorrow.

Now in its third week, the current session of the Foreign Ministers' Council has thus far produced only a statement of widely divergent Soviet and Western views on reunification of Germany and the restoration of a single municipal administration for Berlin.

Under the plan now reported being considered, the three Western delegations would meet adjourned only through July 31. Yet they are expected to meet at least three months. A limited number of specific issues would be discussed during the pause.

### Hoffman Seeks 3-Year Program To Assist Korea

### ECA Chief Says Plan Would Set Nation On Recovery Road

WASHINGTON, June 8—(AP)—Economic Cooperation Administration Chief Paul G. Hoffman today proposed a three-year "Little Marshall Plan" to assist Korea in its recovery from the ravages of war.

On testimony before the House Foreign Affairs Committee on President Truman's request for \$150,000,000 in Korean recovery aid for the year starting July 1, Hoffman said "it simply makes no sense to adopt a relief program."

Mr. Hoffman's proposal is only slightly more costly than relief. Hoffman declared the aid to set Korea on the road to self-sufficiency.

If extended for three years, Hoffman said, the plan drafted by his Economic Cooperation Administration could make the American-occupied area in South Korea largely self-sufficient, and thereby free the American hold position in the north.

"The basic objective of United States policy toward Korea is to establish as soon as possible a unified, self-governing and sovereign Korea independent of foreign control and eligible for membership in the United Nations," he went on.

"Action between the north and south of Korea is the only means to achieve a satisfactory basis for the government and economy of South Korea, because so clearly the people of North Korea are a part of the Korean people."

The ECA chief described the Korean Republic as a key outpost of democracy in the Far East and declared his belief that the success of the "Little Marshall Plan" would be a great boost to the Republic's prestige.

Around \$500,000,000 of the \$1,500,000,000 asked for Korea would be needed for building. It is estimated the ECA has \$200,000,000 available.

## Committees Seek Extended Federal Control Of Fruit

LAKELAND, June 8—(AP)—Federal Fruit Marketing Agreement committees have recommended extending federal control of shipment throughout the summer to prevent unregulated truck movement under the new state law.

Usually the committee's end-of-season regulations remain effective only through July 31. Yet they are provided for rules to remain in force through Aug. 31.

By that time the personnel of the marketing committees can be changed and set regulations for the new season.

Committeemen said they were not willing to back inter-state shipment of ungraded, ungraded and unsorted fruit by truck, unless allowed under state law. The law provides only for maturity in-junction.

The marketing agreement has no power over shipments within the state and the other local truckers cannot afford to violate the federal law on interstate shipments.

The truck shipping provision was amended during the recent legislative session. Regulations recommended by the committees yesterday would at least extend to Aug. 31.

## Navy Given Free Hand To Abolish Discrimination

WASHINGTON, June 8—(AP)—The Navy was free today to put its effect its plan for assuring equality of treatment and opportunity for all its personnel regardless of race, religion or color.

The plan was approved yesterday by Secretary of Defense Johnson.

The plan was submitted following Johnson's order to comply with President Truman's directive aimed at abolishing discrimination in the armed services. The Air Force plan was approved last month, but Johnson said he turned down a proposal submitted by the Army and asked for a new one by June 20.

The Navy policy says:

"All personnel will be selected, appointed, trained, advanced or promoted, assigned to duty and administered in all respects, without regard to race, color, religion or national origin."

"In the utilization of housing, messing, bathing and other facilities, no special or unusual provisions will be made for the accommodation of any minority race."

Officials would not say whether the policy applies to the Marine Corps as well as the Navy.

In his memorandum directing the Army to submit a new plan, Johnson said considerable progress has been made by the ground forces in recent years toward ending segregation. He said the problem "is of greater magnitude in the Army than in either the Navy or Air Force."

## Charles C. Kunz Dies In McIntosh

Charles C. Kunz, a prominent merchant who frequently visited Sanford, died of a heart attack Friday afternoon at his home in McIntosh, where he had been in an auto and church affairs. He is survived by his widow and two sons.

Funeral services for Mr. Kunz were held Sunday in the McIntosh Baptist Church with the Rev. J. B. Boush and the Rev. J. B. Boush officiating. Burial was in the McIntosh Cemetery.

Mr. Kunz was born in McIntosh, Fla., July 27, 1879 and came to Sanford in 1904. He was a member of the Sanford American War and a member of the Knights of Templar of the Sanford Masonic Lodge. He served his church as superintendent of the Sunday School for 14 years.

While in Sanford on a business trip on May 30 he suffered a heart attack and was brought to his home in McIntosh on Aug. 30 and confined to bed.

TALLAHASSEE, June 8—(AP)—Allen Morris, Tallahassee political columnist, today offered Governor Warren his resignation as a member of the State Advertising Commission "because I have been convinced that a working newspaperman cannot participate actively in the government."

## Governor Fuller Warren To Marry Barbara Manning In California

LOS ANGELES, June 8—(AP)—It will be a June wedding among southern California orange blossoms for Florida's Governor. Governor Fuller Warren's engagement to Miss Barbara Manning, blue-eyed, blond Los Angeles socialite, was announced yesterday by her mother, Mrs. Waid Plunkett. The wedding will be in Westwood Community Methodist Church on June 11.

It will be Warren's third marriage and the first for Miss Manning, 23.

The pair met last September at a party when Warren, on relation to California Governor Earl Warren, was here on a citrus inspection tour. She attended his inauguration in Florida last January. It was love at first sight when the couple met at the party last September, Miss Manning said.

That was on a Sunday night at the California Governor's mansion.

## Industrialists Put Stock In 'Piled Up' Economic Cushions

NEW YORK, June 8—(AP)—Many industrial leaders are putting great stock in the economic cushions we have piled up this time to break the fall from the business ladder.

Most expect the slump to get worse, and, certainly, most of the signs bear them out in this. The stock market, at a two-year low, shows what Wall Street expects for business this fall.

But almost every one predicting as this time insists that the slump won't be either as sharp as the one in 1930-31 or as deep and prolonged as that which followed the 1929-30 crash.

Every time the business cycle turns downward, you may remember, there are always those who say it just can't happen. This time they have their hopes on those economic cushions. How effective are they?

Well, this time they say they're very little. Farm land speculation based on debt, such as helped the economy back in 1929-30, is not so common now. For so long consecutive increases in the price of wheat, corn and other crops have been followed by a sharp drop.

## Moviedom Plans 'White Elephant' Auction For Benefit Of Hospital

BEVERLY HILLS, Calif., June 8—(AP)—Want to buy Anne Baxter's old parlor chair? Van Johnson's six hand-painted blue mugs? Or the engraved silver box, on a neck-chain, in which Joan Leslie's grandmother carried her "mad money"?

Those and hundreds of other items will be auctioned June 13-16 in moviedom's most glamorous "white elephant" sale in years. Loretta Young drummed the auction for the benefit of St. Anne's Maternity Hospital for Unmarried Mothers.

Some of the items have the antique look of family heirlooms. Like Ray Milland's six Brazilian silver coffee spoons. Irene Dunne is represented by an old silver teacup and a small silver cup. Also a pair of cufflinks which she cheerfully auctioned.

Other donations range from hams to telephones and costly gowns. Auctioneer Roy J. Goldenberg thinks the whole display, previewed yesterday, is worth \$50,000.

Hedy Lamarr contributed a brass candlestick. William Powell a pair of liquor decanters in a leather case. Mary Pickford's grandmother's whale-oil lamp is being sold.

## Kircher Admitted To Methodist Conference

The Rev. William Edward Kircher, who was admitted Saturday in Lakeland to the Florida Methodist Conference, has been appointed to serve Methodist churches in the Enterprise area. They include the Stafford Memorial Church, which he served as pastor during the past year, the Enterprise Barnett Memorial Church at the Church of Orono.

Rev. Kircher has been active in church and civic work during his four years in Sanford. During the past year and a half he has been a student at Stetson University. Last summer he served as pastor of the Casselberry Church and was later appointed to the Stafford Memorial Church as supply pastor. He will move with his family to Enterprise next week.

Mrs. Kircher announced this morning that she will continue to serve as secretary of the Seminole County Tuberculosis and Health Association until fall.

## Emma Jane Robbins Will Deliver Valedictory Graduation Address

Miss Emma Jane Robbins, honor student, will give the valedictory address at the graduation exercises of the 60 boys and 68 girls of Seminole High School Friday night at 8:15 o'clock at the high school auditorium. The salutatory address will be given by Jane Whiner.

A novel stage setting for the program is being developed by the high school art class, and contrasts the covered wagons of the 1849 gold rush period with the rocket-plane, automobile and streamlined train transportation of 1949.

As soon as the Seniors receive diplomas from Principal Herman E. Morris, they will make their exit into a replica of the "covered wagon" and from the other side of the stage will emerge from a "streamlined train" and will go to their seats for the Class Song. Supr. C. W. Lawler will award honors to students. Mrs. Francis E. Bols will present the D.A.R. history medal. Judge Douglas (Continued On Page Two)

# Sanford, St. Augustine Play Here Tonight

## Giants Defeat Saints In 5 To 1 Contest; Locals To Invade Palatka Tomorrow

**ST. AUGUSTINE, June 8—**(Special)—The Sanford Giants defeated the St. Augustine Saints here last night 5 to 1 as right-hander Jack Hoback of the Giants chalked up his sixth victory of the FSU campaign.

Sanford and St. Augustine returned to the Municipal Park in Sanford for the second game of the series tonight, and it is likely that Manager Hal Gruber will send either Ben Wilbur or Larry Barry to the hill to face Manager Frank Pitt's Ancient City crew.

Thursday the Giants moved to Palatka and Friday night the two teams meet in Sanford. Sanford plays in Daytona Beach Saturday night and the Giants and right-handers tangle in the Celery City in a Sunday afternoon affair.

Sanford benefitted last night by timely hitting, as the Giants and the Saints each rapped out nine blows. The difference showed up in the number of men left on the sacks. Sanford left four and St. Augustine had ten stranded.

An error by Markland in the second inning allowed Sanford to score the first run given up by Right-hander Jim Benes in 36 innings. The Giants racked out three blows, good for three runs in the third. The third inning uprising iced the contest for the Giants.

Meanwhile only half a game separated Gainesville and Daytona Beach in the league standings after Daytona Beach whipped the Gainesville G-Men, 5-1, last night. Deland whitewashed Leesburg, 8-0; the winners improving their first division status. Palatka defeated Orlando 3-1.

Lou Bevil's four-hit pitching pulled Daytona Beach up on the heels of Gainesville. He bested Myrl Hoag, who allowed the Islanders just five hits, but didn't get as good support. Gus Montano bled two of the Daytona Beach hits and drove in a pair of runs.

Rauli Villanen shut out Leesburg with five hits. The Deland Red Hat nates jumped on Whitley Kopsky for six runs in the fifth inning and coasted in.

Palatka did its scoring early, blasting Fancher Perez of the hill for Orlando in the third inning. By that time six Azalea runs had scored and Ed Noreiga's tight relief hurling was wasted. Orlando rallied for three runs in the ninth, but John Barstol relieved Ray Salgado and saved the game for him.

Herb McLeod led Palatka with a triple, double and single in five trips. Glen Varner's homer was the big one for Orlando.

## Dog Racing Opens Tonight At Oval In Volusia County

**DAYTONA BEACH, June 8—**(Special)—All roads lead to the Volusia County Kennel Club tonight where the inaugural handicapping will highlight the ten-race program that marks the opening of the 90-night race meet at Florida's newest dog track. Eight of the country's best greyhounds will compete in this speed classic and the setup has just been announced by Racing Secretary Merrill Watts.

The races will start at 8:15 o'clock, and the inaugural will be the ninth race. Owner of the winning dog will receive a huge cup and an added purse of \$500.

OB's Caloway, winner of the inaugural here last year is a favorite. Poverty Pride is another veteran of the '44 inaugural. He finished third. Missouri Dasher, winner of the Nursery Stake at West Flagler, was the first greyhound on that track to chalk up five consecutive victories last winter. Mary Teresa, Rive's Edge, Dolphin, Karlock and Honest Reward were shining lights in recent schooling tests.

From Wednesday until Sept. 20 ten races will be run nightly, except Sunday, rain or shine. Daily double tickets will be sold on the first and second races. Quinelas on all races. Minors are not permitted to attend.

## Augusta Tigers Nip Greenville Spins In Dual Attraction

**By ASSOCIATED PRESS**  
The Augusta Tigers took both ends of a twin bill from the Spinners of Greenville last night, 5 to 1 and 7 to 6, to jump from seventh to fifth place in the South Atlantic League.

The Macon Peaches played host to the Jacksonville Tars, shutting them out 5 to 0. The Reds of Columbia nipped the Charleston Rebels, 3 to 1, and the Columbus Cardinals pisted Savannah's Indians, 4 to 5.

Bob Hoode limited the Spinners to seven safeties in the first game, and Joe Poppani pitched Walt Snyder in the eighth to dampen a Spin rally. Even so, Greenville tallied four in that frame.

Bob Spicer set the Tars down or two safeties as the Peaches made six hits and two Tar errors good for five runs. The Peaches racked up three in the first frame, and other in the eighth and the third counter in the eighth. It was Spicer's ninth victory.

The Rebels got to Southampton Dick Libby of Columbia for only four scattered hits as the Reds scored a victory to snap their losing streak at six straight. Columbia got three runs off Shelby Kinney in the first three frames.

20) won Delaware Park's Kennett Square Purse, running mile and a sixteenth in 1:44 2/5.

Boston-Suffolk Downs' 31-day spring meeting ended with daily letting average of \$102,000, or \$31,962 under average of a year ago.

Chicago-Abrah's Day (\$5,200) and Volvenc (214,200) won the two featured events on the Lincoln Field-at-Washington Park card.

**TENNIS.** London-Gardnar Mulloy, Miami; Earl Cochell, San Francisco, and Mrs. Patricia Canning Todd, Los Angeles, Calif., won their second round singles matches in the Kent County Lawn Tennis Championships.

**BIRMINGHAM, England.** Mrs. Margaret Osborne du Pont and Louise Brough, American stars, gained the semifinal round of the Birmingham Lawn Tennis Tournney.

**GENERAL.** Waterbury, Conn.—Willie Pop was matched to defend his world feather-weight title against Eddie Compo of New Haven in the Waterbury's Municipal Stadium-July 12.

## COMMENTS From The SIDELINES

**By ARTHUR BECKWITH, JR.**  
Herald Sports Editor

**Here 'n There**  
The Daytona Beach news Journal's jovial sports scribe, Benny Kahn, comes up with this week's best joke. In his report on the Sanford-Daytona Beach contest played at the Municipal Park last Saturday night Benny had this to say: "Dimmy Jones was given a costly walk to fill the bases as the locals tried to set up a double play. Kash could not find the plate, and he found balls to Connie Kavakki. His next pitch was also a ball, which brought sharp protests from Demma and Kash, who seldom beef."

That is a good one. Sam Demma is one of the top "lip" artists in the Florida State League, and gives umpires more trouble than any other man in the league.

He went out via a pinch-hitter in the seventh and Ray Suit went to the box to complete the game for the rebels.

Savannah's Ed Burtschy had some tough luck with the Cardinals. They drove him from the mound in the second stanza with five runs, four of which were unearned. Jack Fusholtz was the winner as the Cards pulled in within a game and a half of the league-leading Tribe.

Each of the teams got 10 hits, but the Cards had better luck launching theirs, and picked up six unearned runs. The Indians rallied twice, once for three counters in the third and again for two in the eighth-but the Cardinals had built up too much of a lead.

Chicago-Abrah's Day (\$5,200) and Volvenc (214,200) won the two featured events on the Lincoln Field-at-Washington Park card.

Princess Margaret To Visit In U. S.

LONDON, June 8.—(AP)—Princess Margaret will make a "private visit" to the United States this autumn, a source close to the Royal family said today. An official spokesman at Buckingham Palace commented: "we have nothing to say at the moment." Private sources said the Princess would visit Washington, probably as the guest of the British ambassador, Sir Oliver Franks. "The visit is purely private," the source said. "There is no question of Princess Margaret persuading her father whether she should go to the United States. The King has never opposed her trip there."

Congress Action

(Continued From Page One) the T-H law was a "mistake" and that it should be repealed. He also reminded the Senate Democrats that repeal was a "central" plank of the party's campaign platform. In his reply, Taft said Thomas has "stated frankly" that the move to repeal the T-H law "is based primarily on politics." Taft added: "That certainly has been the approach of the (Democratic) majority of the (Labor Committee)."

The Ohioan recalled that the Democrats on the committee, in pushing through the Administration measure by an 8 to 6 vote, refused to consider any of the amendments proposed by the Republican members.

He said that Thomas had argued that because President Truman called for repeal of the Taft-Hartley Law in the campaign, "there is a mandate on Congress to repeal it."

Challenging that, Taft said: "They may be a mandate on the President to request repeal, but there certainly is no mandate on Congress."

Taft said that 223 of the present members of the House, or more than a majority, voted to override the President's veto of the Taft-Hartley measure in 1947.

"The voters of their districts, knowing the position they took on labor legislation, re-elected them to Congress," Taft added.

He said that in the Senate, 54 of the present members—again, more than a majority, voted to override Mr. Truman's 1947 veto. Senator Pepper (D-Fla), staunch booster of the Administration's bill, is due later to fire back at Taft.

Meanwhile, David E. Lillenthal struck back at congressional critics of the Atomic Energy Commission, protesting bitterly against "smearing" individuals by innuendo.

"The AEC chairman lashed out as group continued its hearings on the Senate House investigating charges by Senator Hickenlooper (R-Iowa) of "incredible mismanagement" in AEC affairs.

Hickenlooper renewed his inquiry into unfavorable FBI reports on a still unidentified atomic official charged with preparing top secret commission reports. The Iowa Senator has identified him only as "case A."

Lillenthal told the investigating committee the entire file on "case A" had been in the committee's hands for eight months, and that a reading of it clearly showed there was "no basis in fact" for its derogatory origin.

The AEC chairman demanded the individual be given an opportunity to be heard, saying Hickenlooper's presentation of the case already had identified him to his co-workers. He should be given the opportunity to present his side, Lillenthal insisted.

"Only God knows what is in man's motives," he explained. His fears, Lillenthal declared, are "being confirmed almost daily" by the "smearing" of AEC employees by "innuendo."

And a House armed services subcommittee approved the new military pay bill after paring another \$88,000,000 off of an already sharply sliced schedule for pay raises.

Chairman Kilday (D-Tex) told reporters he hopes to have the new proposal on the House floor next week. The House rejected the original pay bill May 24, and sent it back to the Armed Services Committee for cutting.

Proposed increase of \$8 a month. The subcommittee jockeyed out a 1% in the \$48 subsistence allowance now drawn by officers. This allowance is given in addition to the one granted for an officer's family quarters.

Kilday estimated that the elimination of this small bonus, as urged by Rep. Case (R-Ind), would account for a saving of about \$88,000,000. The new bill would have added approximately \$1,000,000 a year to the nation's military payroll before the \$8 increase was removed.

Fruit Control

(Continued From Page One) only No. 1 oranges to be shipped next week, but after that No. 2 could be shipped through August. No change was recommended in quantity of which only a small quantity is harvested.

Committee recommendations are subject to approval by the U. S. Department of Agriculture. No change is to be made.

In 1949, San Francisco, California, was the largest market for California oranges. The California Citrus Experiment Station is now working on a new variety of orange which is expected to be ready for market in 1950.

Berlin Row

(Continued From Page One) submitted to the special deputy ministers, for discussion in another informal manner.

The deputies would be instructed to deal only with definite problems such as transport and communication between the western zones and the western sectors of Berlin. They also would study projects for increasing trade between the western and Soviet occupation zones of Germany.

The West strongly desires the first, and the Russians the latter. The chief problem involved in this is the German currency—fixing an exchange rate for the East zone mark and the West mark. The Russians say the East mark is as good as the West. The West says the East mark buys four times less.

The special commissioners would maintain contact between East and West as a means of relieving international tension. In the event of some agreement, they could refer back to the council.

The Foreign Ministers went to their 15th meeting of this session at 8:10 P. M. today, with Lord Henderson sitting in for Bevin. Meanwhile, a further indication of the decline of this conference was seen by observers in the departure of William Riddale, head of the press section of the British foreign office. His functions as a briefing officer will be taken over by an assistant.

Chambers Testifies

(Continued From Page One) His was a Communist and he had been a member of the underground apparatus which included certain other people whose names I also told him."

The meeting occurred in Berle's Washington home, Chambers said, and Berle took notes. Asked if he ever heard from Berle again, Chambers replied, "I do not believe so."

He repeated that in 1945 he consulted State Department security officer Ray Murphy, saying, "I told him Alger Hiss was a Communist and I disclosed the enemy underground apparatus of which Hiss was a member."

When the questioning turned to Julian Wadleigh, Chambers said he was introduced to him in Washington in 1935 by a "David Carpenter."

"Known also as Zimmerman?" asked Murphy.

"Yes," Chambers replied. Chambers said he first received documents in 1935 or 1936 and that he received original State Department documents from Wadleigh. He said he relayed the papers to "David Carpenter" or Wadleigh gave them directly to "Carpenter," who photographed them before Chambers returned them.

Wadleigh went on a trip to Turkey "to negotiate a trade agreement, I believe," in February of March, 1938, Chambers said, adding that he received the last documents from him in January.

Morris Resigns

(Continued From Page One) lando Sentinel published an article declaring Morris had been on the payroll of the House of Representatives in both 1947 and 1949 and the Tampa Tribune had listed him

or February before the trip. Murphy then brought out through testimony that Chambers had not received from Wadleigh any of the documents submitted as exhibits in this trial.

Judge Samuel H. Kaufman, after ascertaining that Chambers believed he had five sources in all, asked him:

"Do you want us to understand that when you testified before the House committee in August, 1948, in substance that you had nothing to do with espionage, that you'd forgotten all those sources of supply?"

Murphy leaped to his feet before Chambers could reply, declaring there was no testimony "at all" that Chambers had forgotten.

Judge Kaufman persisted: "Having had five sources of supply, you forget to tell that to the House committee in August, 1948?"

Murphy again intervened, saying, "He didn't say he forgot to tell it to the House committee." The incident ended when Judge Kaufman announced he would look at the record again and might introduce the question.

Frank Mulholland Dies In Toledo, O.

ORLANDO, June 8.—(Special)—Frank L. Mulholland, prominent Toledo, O. attorney and father of Mrs. Clarence H. Cubbage of Winter Park, died Tuesday at Lake Placid, N. Y., where he was attending the annual international assembly and institute of Rotary International. It was learned here yesterday.

Mr. Mulholland, who had been a frequent visitor to Orlando, was a partner in the law firm of Mulholland, Robie & McEwen of Toledo. Nationally known as a gifted and brilliant public speaker, he was one of the Minute Men speakers for Liberty Bond sales

during 1917-18 war days and was awarded a medal by President Wilson for his activity in that work.

He was a past president of Rotary International and was attending the institute in Lake Placid prior to the Rotary Convention to be held in New York City next week.

The highway cattle ban is a modified version of the Governor's No. 1 legislative recommendation. It provides that after July 1, 1950, no livestock may be allowed to roam on public roads and all law enforcement officers may impound them. It does not specifically require fencing.

The governor had recommended a bill requiring all livestock to be fenced after Oct. 1, 1949 and permitting any person—private citizen or law enforcement officer—to impound animals found straying on the roads or off the property of their owner.
