Col. Roscoe Turner Of U. S., Stops Over An Hour In Singapore For Ham And Eggs

PORT DARWIN, Australia, Oct. 22.—(AP)—With a loss of several hours precious time in repairing a balky port motor, C. W. A. Scott and Campbell Black, record-smashing race makers in the 50,000 Melbourne air derby, flashed off for Charleville today heading for the last control point before Flemington Race Course at Melbourne.

Active Campaign Planned By Friends Of Exemption Act

Plans for an active pre-election campaign directed at carrying information favoring the Homestead Exemption Amendment into every section of the county before Nov. 4 Election Day, were complete at the Court House Saturday night at a mass meeting of over 100 friends of the Amendment.

George G. Herring, local attorney who is chairman of the Seminole County organization as a vice-president of the Home Owners' League of Florida, named the following persons as members of key committees in each of the five County Commissioners' districts:

Mayor Wm. B. Williams, Oviedo, Mayor J. H. Menck of Longwood, H. H. Pattishall of Geneva, V. M. Greene and Wm. H. Schmidt of Sanford.

State Bank Deposits Increase \$30,000,000

WASHINGTON, Oct. 22.—The deposits in 145 of Florida's licensed commercial banks increased more than \$30,000,000 from Dec. 30, 1933, to June 30, 1934, according to figures obtained from an abstract released yesterday by the Federal Deposit Insurance Corporation.

FOOD BILLS OF NATION MAINTAIN LATE HIGH MARKS

Thanksgiving Meals May Cost More As Turkey Prices Rise

CHICAGO, Oct. 22.—The nation's food bills continue to hold around high levels established by the marked jump in food costs two months ago, a survey indicated last night.

The National Industrial Conference board reported that the cost of living index for September with 1923 prices being used as the base, advanced to 81 against 79.6 in August, the sharpest gain coming in food prices.

But in some localities, particularly New York and Chicago, housewives found prices had slipped from their highs during October marketing. The prices, however, still remain well above prices in October, 1933, and there is a chance that meat prices will soar again before the year is out.

William Whitfield Woods, president of the Institute of American Meat Packers.

"Although the immutable law of supply and demand is likely to bring about somewhat higher meat prices in view of the smaller supplies, it is unlikely that prices will approach the levels of pre-depression years."

The Thanksgiving meal, early indications showed, may cost more this year with turkey prices advancing from Portland, Ore. district where many of the priced turkeys which grace Thanksgiving tables are raised.

Hauptmann Denied Speech With Guards

FLEMINGTON, N. J., Oct. 22.—(AP)—Bruno Hauptmann, denied permission to converse with a trio of guards, paced his cell in silence last night, slowly adjusting himself to his new surroundings in the Humeredon county jail.

New Jersey legal authorities, who will try the Bruno Hauptmann next month on a charge of slaying Baby Lindbergh, ordered that he should not receive reading matter or talk with the two state prosecutors and the deputy sheriff constantly on watch.

St. Pete Drops Plan Of City Sales Tax

ST. PETERSBURG, Oct. 22.—(AP)—City sales taxes on gasoline, oils, utility services and cigarettes, to clear up a \$100,000 deficit, were discarded by the mayor and council in week-end conferences.

Mayor R. G. Blanc announced that the council today will abandon three measures that would have made the levies effective, and in their place will inaugurate a vigorous campaign against delinquent taxpayers.

Plans to drop the new gasoline tax schedule were made after a storm of protest from business affected and civic leaders.

U. S. BANKERS DECIDE TO ACT FOR RECOVERY

Inflation No Longer Feared, Says Head Of Association On Eve Of Momentous Meet

WASHINGTON, Oct. 22.—The nation's bankers feel the time has come for them to take a more active part in the battle for recovery.

On the eve of one of the most momentous conventions in the history of the association, Law declared the bankers no longer fear uncontrolled currency inflation and are looking toward the future with optimism.

"We realize there are idle men and idle dollars," Law said. "It is our duty to help both to work."

"We can and are making credit available," Law continued. "It is not our duty to encourage business men to go into debt. If they don't want the credit, we can't force it on them. We can, however, stimulate their confidence by displaying our own confidence in the future of the country."

"The time has come, the bankers feel, when this can and should be done."

Law blamed the hesitancy of business to utilize bank credit on two things:

1. That the world is in a period of change and fear of the future has caused business to adopt ultra-conservative tactics.

2. That business men were heavily in debt when the depression struck. Many of these debts have been liquidated and business men have been enjoying "being out of debt."

Failure of the Administration to balance the budget, Law indicated, was not seriously disturbing the bankers.

"Everyone would like to see the budget balanced," he declared, "but most of us realize it is impossible to do so at this time."

As the bankers prepared to begin their deliberations, the treasury announced a series of developments looking toward steady rehabilitation of the nation's banking structure. They were:

1. Federal reserve banks have advanced or approved commitments of \$10,000,000 to supply working capital to industrial and commercial enterprises up to Oct. 3, 1934.

2. Between Aug. 29 and Sept. 26 there was a growth of \$158,000,000 in loans other than money advanced on securities, making a total increase of \$271,000,000 since the middle of July.

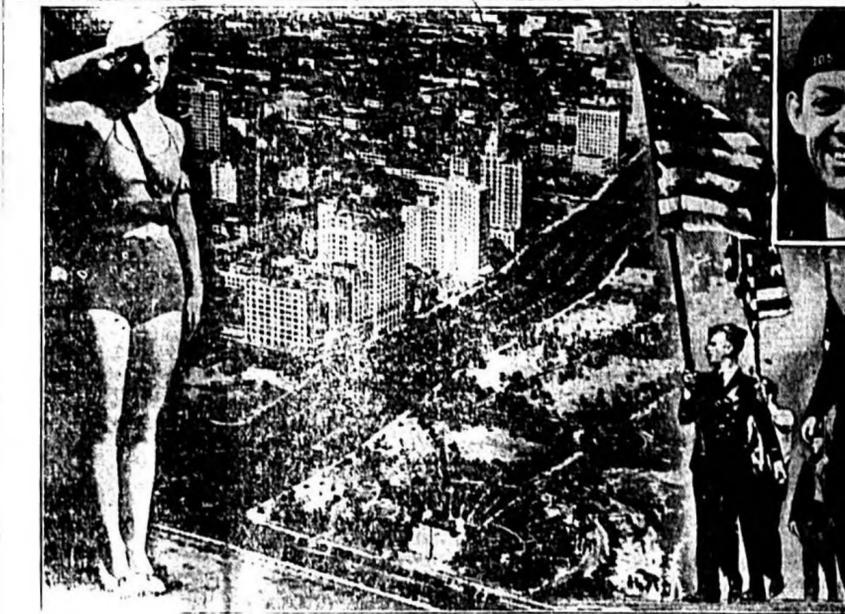

3. Secretary of Treasury Morgenthau promised early publication of banking reforms now being drafted by a special treasury committee.

Sheriff Moves Negro Women To Pensacola

CHIPLEY, Oct. 22.—(AP)—Two negro women held in connection with the slaying of Lela Cannady, 20-year-old Greenwood girl, were removed from county jail yesterday to Fort Barrancas, at Pensacola, after hundreds of men swarmed the streets all night threatening to destroy the jail unless the prisoners were delivered.

Miss Cannady's body was found Thursday night by a searching party, half-submerged in a pond near her home. Her head had been beaten in with a blunt instrument.

NEW THREATS TO LEGISLATURE TO PEACE IN HEAVY BE PETITIONED INDUSTRIES SEEN FOR RELIEF FUND

WASHINGTON, Oct. 22.—(AP)—New threats to the peace in industry, which President Roosevelt is trying to solve, have been petitioned by the automobile and steel industries.

They were in the form of a check on the right of the American Federation of Labor to speak to Congress. Consequently high officials of the industry are being urged to take action to prevent the passage of the bill.

President Roosevelt recently proposed a Trade Union Act, which would give the labor union the right to speak to Congress.

Industry leaders are petitioning Congress to pass a law which would give the labor union the right to speak to Congress.

Crawford, Gable Star In Milane's Movie

Joan Crawford and Clark Gable are together again, this time in one of the most powerful dramatic vehicles of the year. The picture, directed by Clarence Brown, is entitled "Chained," and is now playing at the Milane Theater. A special Metro-Goldwyn-Mayer production, it is lavishly mounted and painstakingly produced. The swift-moving story, following the new trend, was especially written for the screen by Edgar Selwyn and adapted by John Leo Mabin.

The supporting cast is exceptional, with Otto Kruger, Stuart Erwin, Una O'Connor and Mr. Boris Gatoen prominently cast. But chief honors go to the co-stars, who make living characters out of their separate roles, and weave a deep-headed tapestry of the poignant romance of Diane and Mike.

ENGLISH TEAM FAR AHEAD IN RICH AIR RACE

(Continued From Page One)
Scott limped into Port Darwin on only one motor. Halfway across the rough Timor Sea his port motor failed out.

Colonel Roscoe Turner remained over an hour at Singapore where he ate some ham and eggs and raced off after the leaders.

A news agency report reaching Paris from Italy said that Harold D. Gilman, British entry in the race had crashed and burned to death with a co-pilot named Baines in the province of Potenza.

Racing down over the treacherous South Seas, the two British fliers in a DeHavilland Comet plane outdistanced the field last night, taking for Kupang, on Timor Island, in the Netherlands East Indies far ahead of the remaining 15 entrants in the England-Australia air classic.

The fliers, Scott and Black, setting a furious pace, were aver-

ing nearly 200 miles an hour on the flight so far from Mildenhall, England. They took off at 11:03 P. M. GMT (6:30 P. M. EST.), after a brief halt here to refuel their radically-streamlined, twin-motored ship.

Scott said they hoped to reach Darwin, first stop in Australia, by dawn on one of the most spectacular flights in the history of aviation. Kupang is approximately 1600 miles from Singapore. They had completed more than two-thirds of the 11,200 mile dash from England in two days, a phenomenal flying feat which eclipsed all other entrants in the race.

"A cable from London declares the other comets cannot catch me," Scott said prior to leaving, "and I'm therefore going to use the full throttle now only at high altitudes."

Their nearest competitors were the "Flying Dutchmen," Panamair and Moll, in an American-built Douglas air liner, last reported from Allahabad, India, last night, some 1300 miles north of Singapore.
Scott and Black had made 7000 miles with 4200 miles to go on the dangerous flight over the South Seas to Darwin.

STEIWER SEES BONUS ISSUE AS UNETHICAL

(Continued From Page One)
Members of the Legion have sent delegates here with definite instructions to vote for immediate payment, which the government has estimated would require an outlay of two billions of dollars.
The universal draft would put

men and money under the rule in wartime with a "freezing" of prices at a pre-war level to prevent excess profits and post-war deflation.

A definite break with the Roosevelt Administration on some matters of Legion policy appeared likely in view of caustic replies which Commander Hayes and Mrs. William H. Biester, national president of the Legion Auxiliary, made to the President's address last week in Roanoke, Va.

At Portland, Ore., in 1932, the Legion voted 1167 to 109 for cash bonus payment, but the demand was not pressed because of subsequent financial conditions in the country.

The bonus question was not discussed on the convention floor at Chicago last year after President Roosevelt, in a personal appearance told the veterans the government could not make the payment at that time. The President was not expected to appear at this convention.

Commander Hayes said there would be no "steam-roller" tactics on any question at this convention, and majority and minority reports on the bonus and other subjects were expected to be presented.

Colored Veterans Ask Co-Operation Of White Persons

Seeking to develop the newly organized Colored Veterans' Club No. 57 in Sanford, Drew Brown, commander of the Club, today requested the assistance of members of local white men members of the American Legion or was veterans not affiliated with that organization.

Addressing himself on behalf of the Club, Mayor W. A. Leffler, George A. DeCottas, George G. Herring and other white veterans residing in the city, Brown made the following statement: "One-third of the population of the South is of the negro race. No enterprise seeking the material, civil, or moral welfare of this section can disregard this element of our population and reach the highest success."

"I but convey to you, the sentiment of the masses of my race when I say that in no way has the value and manhood of the American negro veteran of the World War been more fittingly and generously recognized than by the managers of the magnificent Veterans' Bureau of St. Petersburg."

"Every stage of its progress is a recognition that will do more to cement the friendship of the two races than any occurrence since the end of the war."

"Not only this, but the opportunity here afforded will awaken among us a new era of industrial progress so we are now asking the assistance of you white veterans in further developing our organization."

The statement also was signed by Will Miller as secretary and W. A. Holly as assistant.

Members of the Club met at the Eichelberger Funeral Home Thursday night with a large number present. Another meeting is to be held at the same place Thursday night at 7:00 o'clock and all members and prospective members are urged to attend.

Regular meeting of the City Commission is scheduled for tonight at 7:30 o'clock at the City Hall. Two groups will appear at the meeting seeking assistance each as a benefit to the community. A Sanford Junior Chamber of Commerce delegation will ask the Commissioners to contract for the purchase of electricity enough to turn on all down-town white-way lights at once. A delegation from the National Housing Committee for Seminole County will ask the Commissioners to assist in the plan to secure a residence which would be remodeled in line with plans now being projected by the Federal Housing Administration.

Congratulations were being extended to Mr. Hardy, of the City Water Department today for the speed with which he directed a crew of workmen engaged in laying a water main from Second Street to Sixth Street between Park and Magnolia Avenue. After working from midnight until dawn yesterday, the crew had virtually completed the job in less than five days. A skeleton crew was busy today completing final touches, and, within a few days, property owners may connect their plumbing with the new water main.

A closed business meeting of members of the Second District Woodmen of the World is to be held at the Woodmen Hall on Oak Avenue next Thursday night at 8:00 o'clock. It was announced today. Attention was called to the fact that since the meeting is for the benefit of every Woodman in this section, every member will have to give the pass word or show receipts for payment of dues up to at least installment number eight before being admitted. A class initiation will be staged during the meeting.

Another former Seminole High School football hero, Melton Ware, son of Judge and Mrs. R. W. Ware of Sanford, is being boomed for his fine work as a member of the University of Florida varsity football team. Ware was sent into Tampa on Saturday to replace the injured Billy Stark. Sam Buta of the Times-Union stated today that "Dutch Stanley found that he had a capable reserve tackle in Melton Ware of Sanford," while Red Newton of the Tampa Tribune said that "While Ware played only five minutes, he proved that he can be counted upon in the remaining games of the season." Ware, with George Moye and Woodrow Riser, are the three former Seminole High graders on the varsity squad this season.

An all day handicraft meeting was staged by the Seminole County Woman's Home Demonstration Club at the Mayfair Hotel on Friday with three representatives from each Home Demonstration Club attending. The women were given instructions in handicraft by Miss Rebecca Williams, handicraft instructor of the State Extension Office at Tallahassee. Women attending were: Mrs. W. J. Hartley, Mrs. H. Beckham, Mrs. J. Avant, Miss Esther Prosser of Longwood; Mrs. Fred Forward of Forest City; Mrs. W. B. Ballard, Mrs. Ruth Baldwin, Mrs. Emma A. Lyman of Altamonte Springs; Mrs. J. C. Curlett, Mrs. J. T. McLain, Jr., Mrs. Johnny Toole, Mrs. J. C. Bills, Jr., of Geneva; Mrs. G. E. Phillips, Mrs. B. Hall, Mrs. R. E. True of Lake Mary; Mrs. J. H. Tindell, Mrs. S. E. Norwood, Miss Norwood of Lake Monroe; Mrs. Bob Murphy, Mrs. O. R. Burnett, Mrs. R. L. Garrison, Mrs. R. C. Long, Mrs. L. O. Sangster, Mrs. Josephine Kennedy, Mrs. Mary Whelchel, Mrs. Ray Fox, Mrs. Roy Tills, and Mrs. Edwin Bibbee of Sanford.

County Motorcycle Officer E. T. Hamill's flair for thoroughness on every occasion led to the detention of A. C. Shaffer and T. Brown of Miami who were passing through the county yesterday afternoon as driver and passenger on a truck loaded with 149 cases of truck liquor. Halting the truck for the purpose of making an arrest on a charge

of speeding on the highway near Fern Park, Officer Hamill discovered that the driver was operating his truck without a certificate. Noting that the truck appeared overloaded with cabbages and apples, Officer Hamill investigated further and came across the liquor buried underneath the produce. The men were brought to the Court House where they notified an attorney in Miami. Upon his arrival here this morning, he instructed Shaffer to plead guilty to a charge of speeding and judge Sharon levied fines totaling \$35 and costs. The attorney stated that the liquor was a legal shipment consigned from Baltimore to Havana, Cuba for use by American Legion officials who would visit that city late next week. He telephoned Circuit Court Judge M. Ward E. Smith and made an appointment for a habes corpus hearing with the view of having the driver and his cargo released on the grounds that the cargo is a legal shipment in interstate commerce between one wet state and a wet U. S. possession.

Members of the Sanford Woman's Home Demonstration Club have been asked to meet at the Mayfair Hotel kitchen at 8:00 o'clock Wednesday afternoon to be given instruction in handicraft. Women interested are requested to bring wiregrass, pine needles and raffia, or silk knit material with which to weave pocket books. Directions are to be given also for making a small loom for weaving pocket books.

Sandy Anderson, whose hobby is counting tourist cars as they stop at or pass his Standard Oil Co. filling station at First Street and Elm Avenue, said today that during a six hour period ending at noon yesterday, no less than 147 cars from 21 different states were checked. "I didn't count these trucks or rattle trap cars loaded down with chickens and children," said Sandy. "These cars were owned by the better class, and most of the cars were new models." Seventeen of the cars were from New Jersey, 18 from Massachusetts, 14 from New York, and 12 each from North Carolina and Pennsylvania.

Crooms Academy Drops Game, 19 To 0

Coach James Foster's Crooms Academy Panthers opened their 1934 football season in St. Petersburg last Friday by losing a fast game by the score of 19 to 0.

Defeat lay in the sluggishness of the Panther backfield, the Academy's publicity director stated. "The line put up a fine game," he said "but the backfield men couldn't get started. Prince Albert bogged down every time he got the ball."

Announcement was made that Crooms Academy will meet Wednesday afternoon at 3:30 o'clock Thursday afternoon. The two teams played to a scoreless tie last year.

This 22nd day of September, 1934. W. C. RICE, Administrator of the Estate of R. P. Rice, deceased.

NOTICE TO ALL PERSONS, FIRMS AND CORPORATIONS

Doing Business in Seminole County, Fla.

No person, firm or corporation shall engage in or manage any business, profession or occupation, mentioned in the license laws of the state, unless a state license, or a state or county license, or a county license, as the case may be, shall have been procured from the Tax Collector of the county where the place of business may be located, or where the profession or occupation may be engaged in, or from the Comptroller or State Treasurer as is provided for by law. Sec. 1056 Compiled General Laws.

PENALTY for doing business without a license. Any person or persons, firm or associations, that shall carry on or conduct any business or profession for which a license is required, without first obtaining such license shall, except in such cases as are otherwise provided by law, be guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than double the amount required for such license, or imprisonment not exceeding six months. Sec. 7426 Compiled General Laws.

INSURANCE AGENTS acting without license: Any person violating any of the provisions of Sections 8206-8212 relating to licensing of insurance agents, shall upon conviction, be fined not less than One Hundred Dollars nor more than Two Hundred Dollars for each offense. Sec. 7424 Compiled Laws.

State and county licenses become due and payable on October 1, 1934 for the period Oct. 1, 1934 to Sept. 30, 1935. Conducting a business, profession or occupation even for one day, without a license where such license is required, is a violation of the above mentioned law.

STREET LICENSES are due and payable on the first day of October of each year and if not paid by the 1st day of October a penalty of 50% must be imposed. General Statutes, Sec. 7425.

Those concerned who have not yet secured state and county licenses are reminded to do so immediately and avoid the payment of penalties and extra costs.

ING. B. W. RICE, Tax Collector.

Free Samples at Druggists of Vicks Remarkable Aid in Preventing Many Colds

Local Druggists Are Now Offering a Free Trial Of Vicks Va-tro-nol For Nose And Throat—Also Other Vicks Aids To Better Cold-Control

Each Package Carries Full Details Of Vicks Plan For Better Control Of Colds

LOCAL SUPPLY LIMITED Each year, increasing thousands of enthusiastic users are broadening the good news of Vicks Va-tro-nol. They have proved for themselves its amazing effectiveness in helping them to side-step many annoying colds.

Va-tro-nol is especially designed for the nose and throat—where most colds start. It aids and stimulates the functions provided by nature—in the nose—to prevent and to throw off colds in their early stages.

Va-tro-nol is easy and convenient to use—any time or place—anywhere at work. Just a few drops on each nostril—at the first sign of discomfort—in the nose—prevents colds. In time, it helps to melt many a cold entirely.

When irritation has led to a stuffy head (nasal catarrh) Va-tro-nol drops deep into the nasal passages—where they are most necessary in preventing the development of colds.

Get Your Trial Samples Now Your druggist has a limited supply of de luxe combination sample packages. These contain trial samples not only of Va-tro-nol, but of Vicks VapoRub (famous external treatment for colds) and other Vicks aids to better control of colds. Also a modern practical guide to mothers to help your family to have fewer, shorter and milder colds this winter.

All yours for the asking—at the nearest druggist. Or—if his supply is exhausted—send for your package direct to Vicks, Inc., 1115 Myrtle Ave., St. Louis, Mo. Enclose 25¢ in stamps to cover mailing.

BANKERS TOLD U. S. WANTS TO ASSIST THEM

4000 Convention Delegates Assured That U. S. Doesn't Want To Run Their Business

WASHINGTON, Oct. 23.—(A.P.)—American banking received positive assurance today from the Administration that the government "is here to aid you, not to run your business."

The statement came from Leo T. Crowley, chairman of the Federal Deposit Insurance Corporation in an address before the 60th annual convention of the American Bankers' Association.

Crowley also declared his belief that the present limit on bank deposit insurance of \$5,000 for each depositor should not be raised. Some bankers have been fearful that all deposits would be insured.

Francis Marion, Law Association president, gave the keynote address, ending with the words "Sound, liberal business doctrine and rational humanitarianism should go hand in hand in any program of real and permanent recovery."

Law's speech, while co-operative in tone, nevertheless stressed that many emergency measures should be abandoned when the emergency is over.

He asserted "Unshakable faith that the natural forces of the country in themselves will in due time bring about a full and complete measure of business recovery."

Declaring the banks are co-operating fully with the government and business, he told nearly 4000 delegates "There is hardly a sane banker in the country who is not only willing (Continued On Page 2)

Housing Program To Begin In State Nov. 1

JACKSONVILLE, Oct. 23.—(AP)—The Federal Housing Administration's new program to stimulate construction and to stabilize the mortgage market will swing under way in Florida, Nov. 1, F. O. Hathaway, state administrator, said here yesterday upon his return from conferences at Washington.

Modernization plans will continue, Hathaway said, but the second phase of the Housing Act will receive greater emphasis. After Nov. 1, the owner of a lot will be allowed to borrow up to 80 percent of the appraised value of his property, including the lot and dwelling. The loan will be made for 20 years at low interest rate, and the mortgage secured by the government in exchange for the loan.

County Gets Responsibility Of Guarding 149 Cases Of Liquor Taken Here Friday

For at least two months, officials of this county will be charged with the responsibility of protecting 149 cases of gin, rye, and hard whiskey, valued at from \$1000 to \$1500 wholesale, nabbed by Motorcycle Officer E. T. Hamill near Fern Park last Friday afternoon. Judge Millard B. Smith of Titusville established this responsibility at the Court House yesterday afternoon when he denied a request for a writ of habeas corpus, sought by Benny Cohen, Miami attorney who said he represented the owner of the liquor.

Cohen, who stated that the liquor was a legal shipment being transported from Baltimore to Havana for use by American Legion officials now attending the Miami convention, argued for the writ on the ground that A. B. "Red" Scheffer, Miami truck driver, was being held illegally. Judge Smith ruled that he had no jurisdiction in the matter and he ordered the case remanded to County Court.

Cohen announced at the end of the hearing that he would take an appeal to the Supreme Court at once. That would mean, he said,

Gas Price-Cutting War On In Atlanta

ATLANTA, Oct. 23.—Motorists rejoiced here yesterday as they reaped the benefits of a gasoline price-cutting war.

First grade fuel, which sold last week for 22 cents a gallon, brought 17 1/2 cents yesterday at the stations of four major companies, Standard, Gulf, Texas and Welford.

The reductions began Friday with a cut from 22 to 19 1/2. Sunday brought a further one-cent reduction and yesterday another. Ethyl gasoline sold for 19 1/2 cents, as compared with Friday's price of 24 cents, and third-grade was down from 20 to 17 cents.

"PRETTY BOY" ROOSEVELT FLOYD SHOT DEAD IN OHIO BY BANKERS

M. Purvis, Nemesis Of Dillinger, Led Posse That Pumped Bandit With Lead

EAST LIVERPOOL, Ohio, Oct. 23.—(AP)—The long arm of the law caught up with Charles "Pretty Boy" Floyd, violent criminal of the Ozarks, near here yesterday, and snuffed out his life in a hail of rifle, pistol and machine gun bullets.

Department of Justice agents and police came upon the No. 2 Public Enemy at a lonely farm, seven miles north of here, in a section much like the country where he was born and raised.

Fifty or more shots rang out as the officers halted the criminal's flight. He fell wounded, unable to use either of his two automatics.

Quickly, the officers, including four Department of Justice men and four East Liverpool policemen, rushed to his prostrate form.

"Who the hell tipped you?" demanded the dying Floyd as they approached.

Then he inquired: "Where is Eddie?" (Apparently he referred to Adam Richetti, captured Saturday near Wellsville, Ohio, when he and Floyd engaged other officers in a gun battle.)

Just before he died, Floyd said to Melvin Purvis, head of the justice department's bureau of investigation in Chicago: "I am Floyd."

It was apparent that Floyd knew he was dying.

Police Chief Hugh J. McDermott, of East Liverpool, who participated in the final run-down of the criminal, said Floyd was wounded at least eight and possibly 20 times by the officers' guns.

Floyd died about 15 minutes after he was shot while officers were carrying him to a nearby road where they had an automobile waiting to take him to a hospital.

Death came to Floyd in the same violent manner by which he had lived. At the time he was slain, he was the principal figure in a nation-wide search, being (Continued on Page Three)

Believed Kidnaped Girl Found Hiking

CHARLESTON, W. Va., Oct. 23.—(AP)—Dorothy Marie Hanshaw, 14, of Huntington, believed by her parents to have been kidnaped, was found today by Charleston police who said she told them she left home to "hitch hike" to Florida.

The little girl was located in South Maiden, a suburb, where she stopped overnight. She was carrying a bundle of clothing wrapped in a paper. She is being held until her parents call for her.

Hauptmann Pleads For Sight Of Son

FLEMINGTON, N. J., Oct. 23.—(AP)—Desperately lonely for his 10-year-old son, Manfred, Bruno Hauptmann yesterday pleaded with James M. Fawcett, his attorney, to intercede with New Jersey authorities so that "I can hold him in my arms and talk to him."

Sheriff John H. Curtis seemed doubtful that the request would be granted, but said the prisoner could see the child and talk with him behind a fine wire mesh screen.

He said he could not allow Hauptmann to hold the child because it might give an opening for someone to convey a barred object to the prisoner.

Daytona Okeys Pact Bringing More Lights

DAYTONA BEACH, Oct. 23.—The city commission in a special meeting approved a new street lighting contract with the Florida Power and Light Company which will result in additional lights and a cash saving of approximately \$12,000 per year.

The new contract, effected after lengthy negotiations, was a substitution for the company's earlier proposal to provide 50 percent additional lighting with no additional cost.

North Carolinian Re-sents Recent Speech In Which President Lauded Englishmen

WASHINGTON, Oct. 23.—Criticism of President Roosevelt or praising British bankers and an attack on government economic methods brought the first rumblings of controversy at the start of the American Bankers Association convention yesterday.

The critical appraisal by Robert M. Hanes, a North Carolina banker, came at the opening session of the important convention, which met in a surface atmosphere, at least, of co-operation with the Administration for business recovery.

Hanes, president of the Wachovia Bank and Trust Co., Winston-Salem, N. C., one of the first speakers, said that the implied criticism of American bankers by the President in his last "fireside" talk was "totally uncalled for and unfair."

The President in his speech had praised British bankers for co-operating with their government for recovery.

Most of the nation's leading bankers were present to hear Hanes and other speakers at the meeting of the state banking division of the association. More than 4,000 had registered as the first divisional session opened.

President Francis M. Law, of the association in a pre-convention statement had sought to start the convention off in an atmosphere of harmony. He called for wholehearted co-operation by banks in the economic drive, said fears of uncontrolled inflation had ceased and that the government's credit condition aroused no apprehension.

"We are accused of not co-operating with the government's financial program when we are carrying over half of the government's debt," Hanes said, "whereas the British banks, hold only 11 percent of their government debt. Very few chances have been missed to hold bankers up to ridicule."

He said of the total government indebtedness of \$27,000,000,000 (Continued On Page Three)

Lonely Sub-Division Scene Of Hold-Up Of Insurance Agent

H. D. Dague, local insurance agent, was held up and robbed of about \$90 in cash by two unmasked white men who forced him into his automobile in the residential district early last night, ordered him to drive into lonely Highland Park sub-division south of the city where he was "frisked" and left, helpless, in an automobile he could not start.

Police investigated at once but they had only meagre clues to work with and were further balked by the fact that the two men had apparently walked down (Continued On Page Three)

Federal Spending Hits 2 Billions

WASHINGTON, Oct. 23.—(AP)—Federal spending for the past 11 days bounced over the two billion dollar mark yesterday—a daily average of above \$175,000,000—along with the treasury recording a sharp increase in tax collections.

Internal revenues for the first quarter of the fiscal year were nearly one-third larger than for the same period in 1933. Collections reached \$304,878,165, exceeding last year's by \$191,619,187. More than \$140,000,000 of the gain, however, was accounted for by liquor taxes available only since repeal and processing taxes which are earmarked for re-payment to farmers.

The barn contained about 15 tons of fertilizer, and it caught fire at about 5:00 o'clock. A fire department truck answered the call and saved about a fourth of the 120 foot long single story barn which is situated in the middle of the farm, located on the western edge of the city limits.

Alex Foster, manager of farm, was working a gang of negroes on the far side of a 40 acre plot southwest of the barn at the time. He said that when his attention was called by a laborer, flames had enveloped practically half, or the north end, of the barn. Dispatching a messenger to a

Scott And Black Land At Melbourne After Amazing Flight In Less Than 5 Days

MELBOURNE, Australia, Oct. 23.—(A.P.)—Two Englishmen, Charles W. Scott and Tom Campbell Black won the \$50,000 speed race from England to Melbourne yesterday but their closest competitors, a Dutch team in an American plane, won a fight for their lives early today.

The flying Dutchmen, K. J. Parmentier and J. J. Moll, with five other persons in their transport plane, were hours ahead of their closest competitors, Col. Roscoe Turner and Clyde Pangborn at midnight. Then they became lost in rainstorms, dropped flares, and cut an SOS.

No one could go to the rescue but many directional messages were sent. Finally they landed safely at Albany only one hour from the home port.

Throughout Australia excitement raged to a high pitch when news spread that Scott and Black had started the final hop toward Melbourne. Australians were confident he would be the victor despite some anxiety because of his motors not functioning properly as he approached the lions, having served three years on the continent.

Scott, well known to Australians as a pilot of the "Queen of the Airways," is an intensely popular figure. His great fortune in crossing the Tiger Sea safely with one engine dead in the blackness of night, and flying blind in the rain, was hailed with satisfaction.

Detachments of United States soldiers, sailors, and marines in meticulous dress and precise following the color, and the spectators gave bursts of applause. Then, in unbroken waves of color or came the departments of the various states with their state champion drum and bugle corps.

Prior to the parade and after a two hour debate the subcommittee on adjusted compensation failed for the present to agree on any type of bonus resolutions to be presented to the convention.

SEVEN HUSBANDS IN PRISON

CAIRO, Egypt, Oct. 23.—(AP)—Aldo Aily, an Egyptian woman, had six former husbands in prison, all serving terms for dealing in drugs. Now not only her seventh husband but Aily herself have been sentenced for the same type of offense.

Spontaneous Combustion Held As Cause Of \$1500 Fire To Large A. F. G., Inc. Barn

Spontaneous combustion caused approximately \$1500 fire damage to a large barn on the American Fruit Growers, Inc., 120 acre farm on the West Side late yesterday afternoon, it was agreed today by officials of the organization, and Fire Chief Mac Cleveland.

The barn contained about 15 tons of fertilizer, and it caught fire at about 5:00 o'clock. A fire department truck answered the call and saved about a fourth of the 120 foot long single story barn which is situated in the middle of the farm, located on the western edge of the city limits.

Alex Foster, manager of farm, was working a gang of negroes on the far side of a 40 acre plot southwest of the barn at the time. He said that when his attention was called by a laborer, flames had enveloped practically half, or the north end, of the barn. Dispatching a messenger to a

telephone a quarter of a mile away, Mr. Foster used his entire field force in attempting to stop the flames, using buckets, spray pots and other available articles with little effect.

Asked last night whether or not he considered the blaze the work of the persons who destroyed 104 matured celery seed beds here last Wednesday night, Mr. Foster stated "No, I don't think there's any reason to believe that." He was inclined to believe that spontaneous combustion was the cause.

W. M. Scott and J. E. Wathen, officials of the American Fruit Growers organization, both expressed belief today that the hay caught fire from natural causes.

However, armed guards were watching A. F. G. properties last night and persons were advised that "it wouldn't be safe" to approach buildings or seed beds known to belong to the organization.
