Gators To Face Tough One With "Old Miss"

GAINESVILLE, Sept. 22 (Special)—One down and nine to go, the University of Florida's Fighting Gator football team Saturday met its first severe test of the 1941 season—the Mississippi State Maroons, champions of the Orange Bowl.

Last Fall the Orange and Blue were forced to open against Coach Allyn McFadden's powerful club, but this season the schedule gave them the Randolph-Macon game in line of experience. On the other hand, the contest was played in Florida Field Stadium here in 1940, but this year is set for State College, Miss., as State's first game.

Old rivals, the Gators and Maroons have met eight times in the past, but not since 1928 has Florida been victorious. The count stands five wins for State, two for Florida, and one tie.

In 1940 games the Gators, despite unfamiliarity with the Notre Dame offense, went into a 7-0 lead early in the fray on a pass from Tommy Harrison to Wendell Mitchell, and the score stood at that mark at half time.

Both the Maroons have thoroughly tested Florida's defense, methodically and powerfully opened up in the third period, and before the second half ended, a great offense, and superior reserves had carried them to a 25-7 win.

With the exception of Capt. Bill Arnold, 205-pound candidate for all-American tackle, the great 1940 line has gone from State, but experts say there is little difference between it and the forward wall the Maroons have this year.

And in the backfield three of the men scoring against Florida last year are back—sonny Bruce, tailback; Blondy Craig, wingback last season and tailback now; and Weller Craig, wingback.

In Black and Craig McKenke boasts two of the fastest running backs in the Southeastern conference. Their scores against Florida were both on brilliant plays beginning outside the 50-yard line.

Bruce, a 180-pound triple-threat, was one of the conference's most outstanding sophomores in 1938, but an injury kept him out through the 1939 season, and he did regain his earlier peak in 1940. But with competition like Boots Johnson and Billy Jefferson no longer keeping him on the bench, he's reported ready for a great season as a senior.

On the Florida side of the picture observers viewing with head for a Gator victory unless master psychologist Tom Lieb—can psychology of his inexperienced men to great heights. State's reserves were tried, and proved in crucial test in the Orange Bowl, many of Florida's have less than

Quarter's play behind them.

From the roll of last year's squad and prospective members of the 1941 team, the Orange and Blue has lost 26 men, and boasts one of the smallest squads it has had in years.

The first team, with Veterans Forest Ferguson, left end; Ferns Hault, left tackle; Benny Lane, right tackle; Bill Robinson or Harry Parkman, center; and Charley Tate, Tommy Harrison, Red Mack, and Leo Cahill or F. Mitchell in the backfield, is comparatively strong but below most of them are in the main men who have yet to prove their worth in major games.

Sports Program At University Proves Success

GAINESVILLE, Sept. 22 (Special)—The fourteen sport intramural program of The University of Florida which stresses athletic participation for all students, has proved itself again Director Carlos Proctor, also freshman football and varsity boxing coach, listed this week in reporting that 65 percent of the student body took part in participation in games and another 20 percent made use of the equipment for practice and exercise.

The highest percentage in the history of the 21-year-old program, 160 percent in activities as a whole.

The department start this month with horse-shoes on Sept. 22 and swimming on Sept. 23. Three leagues, fraternities, dormitory, and independent, will be organized as usual.

Printing out that inquiries are continually being received from other colleges and universities throughout the nation concerning the successful administration of the Florida set-up. Proctor said that its primary object is to give every Florida man some athletic activity which he can carry over into his post-college days.

Secondary, but important objective of the program is to supply athletes to the varsity sports, in many cases students who would otherwise go unnoticed in the varsity squads. Proctor himself, oldest in point of service of the members of the University of Florida athletic department, was one of Florida's greatest tackles. He played on the Gator team in 1929 and 1930 and was a member of the 1930 boxing team, the first from Florida to ever win a Southern Conference title. Started in the post-World war I days to supplement varsity sports, the intramural department has had a number of illustrious directors. These include Dr. R. G. Manchester, who inaugurated the program, Alvin "Chigger" Brown, Joe Holtzinger, Nash Hines, Rainey Cawthon, Dutch Stanley and Proctor.

Leesburg Loses; Tying Up Series With Thomasville

LEESBURG, Sept. 23.—(Special)—The Thomasville team of the Georgia-Florida League rallied in the eighth and ninth innings here last night to score seven runs and defeat the Leesburg Anglers of the Florida State League by a 9 to 7 score in their inter-league series.

The victory tied the series up at three victories for each team. Leesburg got off to a fast start, scoring four in the first inning, and coasted along with comfortable lead until the eighth inning explosion by the Georgians.

Manager Wilbur Good's Anglers made a determined bid for victory in the ninth inning, the splurge being halted after two runs had crossed the plate. Score: Thomasville 100 100 043—9 14 2; Leesburg 100 100 062—7 10 2.

Gator Frosh To Play In Snow Today

GAINESVILLE, Sept. 23.—(AP)—It's been a little hot in this university city for football, but evidently it's not right for a good "snowball" fight.

And that is just what is on schedule for Florida's freshman football team this afternoon on Fleming field.

The "snow" battle is being held in conjunction with the local showing of the picture "Sun Valley Srenade," arranged through the cooperation of Tommy Hyde and Bill Dugan, theater manager, Florida Coach Tom Lieb and a Gainesville ice company.

THREE HELD IN KILLING MIAMI, Sept. 23.—(AP)—The Senate reconsidered Monday a bill providing pensions for civilian employees on the Panama Canal. At the suggestion of Senator Adams (D. Colo.), the measure was called back from the House. It was passed on the consent calendar last week during Adams' absence. Adams said it would cost "several millions of dollars a year, and should not be passed without some consideration."

Johnson Explains Enforcement Of Road Sign Law

TALLAHASSEE, Sept. 23.—(Special)—Thomas A. Johnson, chairman of the State Road Department and administrator of the Outdoor Advertising Law enacted by the Legislature of 1941, said today in a prepared statement:

"I wish to make it clear that in my letter of the 15th to State Highway Engineer Dowling it was requested that he direct division engineers of the department to cause to be removed advertisements and signs found on right of ways of state highways and that the removal of such begin Wednesday the 24th.

"I regret that the impression from a dispatch sent from Tallahassee Monday that signs and billboards located within fifteen feet of the outside boundaries of right of ways were also to be removed beginning next Wednesday. The dispatch did not state that any were to be removed other than those on right of ways.

"As appeals from orders made by two circuit judges upholding the validity of the Outdoor Advertising Law of 1941 are pending before the Supreme Court and are scheduled to be heard during late October or early November, I do not intend to attempt to enforce the 15-foot and other set-back provisions of the law unless the court decides that the act is constitutional and, not then, until advertisers have had reasonable time in which to comply with the law—say 30 to 60 days after the court renders such a decision.

"I suggest that, in the meantime, every person who will be while, every person with the law requirements in mind, should delay becoming well informed regarding its provisions and thereby be in position to comply promptly with them."

National League Pennant Race

The Brooklyn Dodgers are just a little bit nearer the National League pennant after the Phillies, 5-0, yesterday to move a game and a half in front of the second-place St. Louis Cardinals.

The victory left the Brooklyn with four games to go. They are idle today.

After taking yesterday off, the Cards, meantime, still have six games left on their program for the season's final week, beginning with a doubleheader at Pittsburgh today.

As a result of the Dodgers' win yesterday, the standings look like this:

Games G. to W. Behind Play

Brooklyn 97 53 547—4

St. Louis 94 53 539—11-2 6

The remaining schedules:

Brooklyn—Sept. 23 open, 24-25 at Boston, 26 open, 27-28 Philadelphia.

St. Louis—Sept. 23 at Pittsburgh (2), 24-25 at Pittsburgh, 26 open, 17-28 at Chicago.

Long Shots Win Top Honors At Belmont Park

NEW YORK, Sept. 23.—(AP)—A crowd of 22,500 turned out at Belmont Park Monday to watch an ordinary racing card and contribute heavily to the incomes of a few long-shot backers as only one favorite came home in seven races.

The featured Summy Slope handicap went to a \$19,600 for 22 shot, Boyxy, owned by T. H. Heard, Jr. which raced a mile and one-sixteenth in 1:42 2-5, only a fifth of a second slower than the track record. Olympus, the favorite, showed only brief early foot and came in seventh.

Boysy, rated along close behind the pace-makers by Carroll Brierman, charged through the last furlong to win going away by a length from Mrs. G. C. Winfrey's Hard Jester. J. W. Dix's Llanero was another half length back in third place.

The day's only winning favorite was Fery Steel, which paid \$5.70 in the last race on the card.

Soviet Fliers Destroy Invader Anti- Aircraft Batteries

MOSCOW, Sept. 24.—(AP)—Russians report defeating German troops today in the siege of Odessa and say the second German attempt to capture Murmansk has failed.

SOFLA, Sept. 24.—(AP)—Polgaria does not intend to enter the war against Russia or break relations with Moscow, Interior Minister Peter Gabarevsky, announced today.

Pierce Russian counter-attacks on the central front today are pictured by Moscow as easing the pressure on the battered armies in the Ukraine, where the Nazis said Soviet prisoners in a trap east of Kiev are near the 500,000 mark.

The Hitler Command said "chaotic conditions" signaled the encircled Reds but acknowledged that elsewhere the Russians are offering bitter resistance. The Reds reported the Leningrad defenders advanced over battlefields strewn with German corpses.

Polgaria, however, Washington said Berlin intended today as Germany's challenge to the British.

Treasury Head Ask For Farm Prices Control

Wickard Says Agriculture Workers Needed In Fields Instead Of Army

WASHINGTON, Sept. 24.—(AP)—Treasury Secretary Henry Morgenthau today urged Congress to include farm prices in the control bill. In the long run, it will be in the interest of farmers, he said. He fears agricultural prices will "continue to rise as in the World War."

"Opposed to wage control," he said, "humans are not a commodity." He also urged that all profits in business and industry be limited to 8 percent during the emergency.

While in New York, Agriculture Secretary Wickard said the food needed to defeat Hitler was so urgent that he urged farm workers to seek deferment from the Army, even if they must appeal local draft board orders.

"Farmers can best serve their country in overalls instead of khaki." He said the administration had promised the British a vast amount of food through next June that would require one billion of the new aid funds recently asked by the President.

He also asserted farm price rises have been high in percentage terms because farm food has "so long been a bargain."

President Roosevelt revealed Tuesday that the United States is preparing to arm American merchant ships and that he will ask Congress to clear the way for such a move by either repealing or revising the neutrality law.

The President said he would decide next week whether to repeal, piece-meal modification or outright repeal of the law which bars arming of American merchantmen and forbids them to enter combat zones.

"Vowing that we are going to do everything we can to protect these ships against the Axis campaign of ruthless warfare," Roosevelt said he is through quibbling over details of attack on the 1917 when the Senate blocked the armed merchantman act. President Wilson went ahead and armed the ships on the ground that he had the power to do so.

The President did not commit himself beyond saying that arming of the vessels was banned under the neutrality act.

He disclosed that the U. S. government-owned cargo ship Pink Star, which was sunk last Friday, already was armed, and that it was in the company of a Canadian-escorted convoy when it was sunk by a German U-boat 275 miles northeast of Cape Farewell off the southern tip of Greenland.

Schenck Testifies Before Senate Group

WASHINGTON, Sept. 24.—(AP)—Nicholas Schenck, president of Loew's, Inc., told a Senate committee Tuesday that he would consider it "the worst kind of a thing" for a group of companies to "get together" to prevent another company from doing business, adding that he did not believe that such a situation could arise in the moving picture industry.

The film executive made this assertion when he was questioned by Chairman Clark (D-Iowa) of the Senate Interstate Commerce subcommittee considering charges of "conspiracies" and "monopoly" in the industry.

Trade Names Must Be Filed In Circuit Court

Fictitious Name Law -In Effect Since July, Says Boyle

All persons engaged in business or a profession in Florida, except corporations, using other than their own proper names, must register their trade name or whatever name they are doing business under with the Clerk of the Circuit Court where the principal place of business is located according to information disclosed today by Lloyd F. Boyle, state attorney.

"This little known law was enacted by the 1941 State Legislature and became effective July 13, 1941 and is known as the 'Fictitious Name Statute,'" Mr. Boyle said, declaring "I find that nine out of 10 business and professional people do not know of the existence of this law."

The law states that it shall be unlawful for any person or persons, as defined therein, to engage in business without first filing with the clerk a signed affidavit stating under oath the names of all those interested in the business, the extent of the interest of each and the fictitious name under which said business is carried on. Prior to the time of registration with the clerk, the law further states that it is necessary that all persons desiring to engage in business under this Act shall have advertised their intention to register the fictitious name at least once a week for four consecutive weeks in a newspaper, as defined by law, in the county where the registration is to be made and the clerk shall not accept the registration except upon receiving proof of such publication. The clerk's fee for receiving and filing said registration is set forth therein as \$1.00. Penalties for failure to comply with this act are strict.

"The act defines 'business' as all enterprises or adventures wherein persons either sell, buy, exchange, transfer or deal in anything or article of value or rendering services for compensation."

"There are quite a number of persons in Sanford and Seminole counties who are not aware of this law," Mr. Boyle said.

800 Home Defense Troops Used To Prevent Looting

HOUSTON, Texas, Sept. 24.—(AP)—A notorious hurricane is headed through northwestern Louisiana today after leaving three dead, many injured and millions of dollars in damage in a surprise slam here.

Electricity is out in many sections with water pressure low. Houses are unroofed and refugees are in the city auditorium.

Eight hundred home defense troops are being used to prevent looting. The Federal Hurricane Warning System, in an advisory last night, said a tropical disturbance of slight intensity was moving west-northwestward about 12 miles per hour.

The observations were of 6:30 P. M. Authorities said the center of the storm was about 40 miles south of the island of Saint Lucia.

A spinning wind of 100-mile-an-hour velocity ripped into the Matagorda-Palacios area of the Texas coast Tuesday as a tropical hurricane turned inland.

Refugees streaming in Baytown last night said that all of Matagorda, a coastal town of 10,000 population, was under water of high tides which backed up the Colorado river.

Matagorda was believed to have been evacuated of its entire population and Jim Tabb, disaster chairman of the Red Cross, said no deaths were reported.

The United States Weather Bureau announced that the full force of the storm struck at 4:00 a.m. Heavy rain lashed both towns and camp Helen near Palacios which normally houses 12,000 troops.

Most of the soldiers have been on maneuvers in Louisiana for the past month and only 2000 troops and men have been at the camp recently. They were evacuated to El Campo, Tex., today along with an undetermined number of civilians.
