BIG BASKET PICNIC TOURNAMENT RIDING AND MERCHANTS DAY

In Sanford On Thursday
September 2nd
ONE GREAT BIG DAY

SANFORD MERCHANTS WILL EN-
TERTAIN AND GAMES WILL
ENLIVEN CROWDS.

The big basket picnic and general good time in Sanford on September 2 is coming right along and promises to eclipse anything of the kind that has ever been attempted in this line in the way of a good day spent with the business men of Sanford and their friends and patrons in this and adjoining counties.

The chairman and members of committee met at the Hotel Valdez on Monday afternoon and during lunch and afternoon discussed ways and means for making the day one long to be remembered. It was decided that since the people from the country districts had at times been kind enough to invite the folks from town to picnic of all kinds in the years past that it was up to the Sanford people to invite them here to a basket picnic, and this will be given in the West Side park where there will be plenty of free ice water and lemonade, and folks will bring their baskets well filled and our guests will be our guests sure enough for a rousing good fellowship meeting and general getting together. The big tournament, under the leadership of Chairman Chas. M. Hald, is taking shape and the big prizes offered will bring the rough riders of the piney woods from many miles around Sanford to ride the tourney in which the Florida boys excel all others. This feature of the program will be worth double the price of admission to the ball park in the afternoon, but in conjunction with the tournament there will be ball games and athletics of all kinds and in the evening a big dance on the sidewalk at the corner of Magnolia and First streets.

As an extra inducement to come to Sanford on that day cards will be distributed through the county bearing numbers and in the morning of September 2 prizes will be distributed by Sanford merchants—each one holding a number getting a chance on some of these prizes—ALL ABSOLUTELY FREE.

In fact, this big time will be free if everything except the dance at night and the tournament and games in the ball park and for this only a nominal charge will be made, as this money goes to the Fernald-Laughton Hospital for an ambulance.

The merchants of Sanford are behind this great picnic and general gathering of the clans and in the morning they will offer special bargains in every line of business in Sanford, and the people will not only have a big time here that day, but it will pay them many times over to come in and take advantage of the special bargains offered by the progressive Sanford merchants.

Brass Band Music All Day.
Special drives of merchants at morning. Stores to close at 1:00 o'clock.

11:00 A. M. Free drawing of prizes at corner of Park and First street.
12 o'clock M. Parade from First street to West Side Park.

Basket Lunch and Picnic.
2:00 P. M. Tournament races in Ball Park. First Prize \$50 in gold. Second Prize \$25 in gold. Third Prize McClelland Saddle, Fourth Prize, Bridle and Spurs.

4:00 to 6:00 P. M. Ball Game between Fathers and Daughters and Married Men and Single Men.
8:00 P. M. Dance until morning.

ALLEN SEED COMPANY
ISSUES NEW CATALOG

The L. Allen Seed Company of this city, recently incorporated for \$50,000, have just issued their annual catalogue, which is very attractive and shows the business that is being done by the company in this and other sections of the state. The officers of the new company are, president, L. Allen, Jr.; vice president, R. L. Allen, secretary and treasurer, A. F. Allen.

The L. Allen Seed Company has gained an enviable reputation among the many growers of the state, as they make "service" their watchword and sell only seeds and other products that are guaranteed true to name and that will give satisfaction. With the wonderful business that this enterprising firm has already built up in Florida and with the new incorporation that will be able to handle a greater volume of business, the name of Allen will be emblazoned upon the minds of the farmers of Florida for many years to come. Sanford is proud of her enterprising and rejoices with the Allen Seed Company in their new incorporation and their great success in business.

GEORGE BISHOP VISITS CALIFORNIA.

George Bishop, manager of the Crown Paper Company of this city leaves today for a visit of several weeks in his former home, Los Angeles, Cal.

Mr. Bishop has lived in Florida for eight years, coming here direct from California and has not visited his native state since. He was sent here by his firm to open the local branch of the Crown Paper Company and his efforts as a manufacturer of orange wrappers have been crowned with success. The company, of which he is now secretary and treasurer and part owner, operates three large perfecting presses and does a large business in their line—perhaps the largest business of any similar company in Florida.

Mrs. Bishop and baby daughter will spend several weeks in Daytona. Little Martha, aged 4 years, will accompany her father to California, where she will visit her grand-parents, while Mr. Bishop looks after his business interests in California, Washington and Oregon.

NOTICE.

To all who kindly pledged money to the School Fund—Kindly send your payment to Mrs. W. L. Morgan, Treasurer, Sanford, Florida. This will greatly facilitate the work and be very much appreciated, and we would appreciate equally much if any person who did not sign the pledge cards will mail contribution to this worthy cause. The collection of this fund, as most of you know, is for the purpose of supplementing the school fund allowed by law, so that teachers may be paid a living wage, and the standard of our schools kept up.

Mrs. A. P. Connelly,
Chairman Educational Fund

NEW FILLING TANK.

The B. & O. Garage has installed a 600-gallon filling tank for gasoline that is one of the very latest wrinkles in this line. It has a 5-gallon stroke which breaks the news to the customer much faster than the gallon stroke, regardless of the price. A cement foundation will be built all around the tank to allow the cars to get right up to the bar and get their drink. The B. & O. will receive, at an early date, several car loads of Lexington cars, comprising the touring, sport and sedan models, and they will be the very best in the auto line. Read their advertisement in this issue regarding the giving-away of Kodak tubes with every the casing of the Kodak brand.

BUYS FINE SANFORD HOME.

Mr. and Mrs. St. Clair White will become Sanford residents some time during the winter season. Mr. White formerly resided here and, like every one who has ever lived here, has not been satisfied until he could get back and yesterday he purchased the beautiful home of C. B. Fowler on Sims avenue, close to Ninth street. Mr. and Mrs. White will remove here with the family in the near future and all of Sanford welcomes them back to the finest spot on earth. The sale of this property was made through the Connelly Real Estate Co.

WANTS ERROR CORRECTED.

The Editor, Sanford Herald, Sanford, Florida.
Dear Sir: Some time ago you had a notice in your paper regarding the funeral of my wife, Mrs. Nick Long, formerly Miss Mabel Lee, of your city. As a matter of courtesy to her grand-parents, and also myself, I would like for you to correct several errors that appeared in the article. She died in the Misericordia Hospital of this city, and not at Baltimore, Md. Her grandmother, Mrs. E. E. Willard; grandfather, Mr. E. E. Willard; aunt, Miss Henrietta Metts, and myself were with her at the end. Her death was caused by the accidental taking of bicloride of mercury. Everything that medicine and surgery could do was done and she just could not make it. I will appreciate it very much if you will correct the errors and, if not too much trouble, forward me a copy of the paper.
Respectfully,
Nick Long.

1407 South 52nd Street,
Philadelphia, Pa.

EMERICK ON LEAVE.

Mr. C. R. Emerick, manager of the Seminole Hotel, Sanford, Florida, is enjoying a two weeks visit to Atlantic City, N. J., and is the guest of Mr. W. W. Marmaduke, manager of the new Sea Crest hotel. Mr. Emerick will visit New York City and other points before his return.

SEMINOLE MAKING ADDITIONS

3RD STORY ADDED AND LARGE
PORCH TO BE ADDED TO
THE FRONT

The Seminole Hotel is undergoing extensive repairs and improvements for the winter season. B. W. Herndon, the owner has recently built a floor on the Seminole and is finishing the work of furnishing the new rooms that will include several fine suites and sun parlors. The front of the building on Park Avenue is being greatly improved by a wide porch extending the length of the building and over the sidewalk being enhanced by brick columns and this will not only be a great convenience to the guests who wish to enjoy the ground floor, but will make the upper rooms cool and shady at all times and will also give the winter guests a fine sun parlor facing the west. The Seminole Hotel is one of the most solid hotels in Fla. and has gained a fine reputation as the home of the traveling men and tourists and the many new improvements being made will place it in front rank of good Florida hotels. Mr. Herndon is sparing no pains or expense in making the Seminole all that it should be in an up-to-date hotel in every particular.

The Seminole is not owned by a corporation but by Mr. Herndon who is one of the most energetic and enterprising citizens of Sanford and who backs his faith in the future of the city with his money asking nothing, but the good will of the people in his many enterprises and the Seminole Hotel is but one of the several improvements that he intends to make in the next few years. His success in the building of the Seminole Hotel is gratifying to his many friends for Bart Herndon is a Sanford boy who has shown the proper spirit when the city needed hotels and apartments houses and who went ahead regardless of conditions and expense and put his plans over and his confidence in the future of the city as well being founded.

The Seminole Hotel is taking care of the guests while the building and improvements are being made and the summer season has been a most profitable one in every way under the able management of C. R. Emerick.

Forty New Bungalows Will Be Built In Sanford Work Starting At Once Knight Construction Company Helps Sanford Grow GREAT DEVELOPMENT

THAT MEANS MUCH TO SAN-
FORD IN MANY
WAYS

One of the greatest developments in Sanford in the past year is the building of some forty bungalows of modern type that is now being started here by the George W. Knight Co., Col. George Knight lately returned from France where he saw service in the Engineering Corps with the rank of Colonel is the presiding genius in this great work here of building up Sanford. Being engaged in construction work here last winter for the Southern Utilities Co., Col. Knight recognized the wonderful possibilities of Sanford and when his contract with the Utilities Co. was finished he went back to New Jersey and made his plans for coming to Sanford to become a citizen. He has purchased a number of lots on Magnolia avenue, Park avenue and Palmetto avenue south of Tenth Street and is constructing sidewalks and the city commissioners will grade streets through the sub-division at once. This location is ideal for the homes of the bungalow type and this is a part of Sanford that is not crowded and is most cool and comfortable getting all the south breezes in the summer. Another good feature of this building is the size of the lots, being 100 feet front, giving the purchasers the choice of having a large lot or selling off part of the lot to some friend who wishes to build. This will make just three houses to each block and will make an ideal appearance with the modern bungalow type.

Two bungalows have already been started at the corner of Eleventh street and Magnolia and four more will be started next week and will be put on sale at once, the terms to be arranged through the Sanford Building and Loan Association or the

COUNTRY CLUB AND GOLF LINKS

ASSURED BY THE COMMITTEE
APPOINTED BY BOARD
OF TRADE.

Sanford will have golf links and a country club. This much is assured by the live committee recently appointed by President Miller of the Board of Trade. The committee consists of Chairman E. J. Holly, H. F. Deiterich, H. L. Haught and Claude Couch. The latter is a banker and looks upon things from a financial standpoint, but even Mr. Couch says that the club, under the proposition that is being worked out by the committee, is perfectly feasible and if the big men of the county will back it up—and they say they will—the future of the club is already assured.

The committee has held four meetings since last Thursday night, when they were appointed. Messrs. Haught and Deiterich spent one whole morning on one location that has practically been decided upon and they laid out what is believed to be one of the finest nine hole courses in the state. J. D. Hood, who is doing so much for Sanford in the development line and who, with his numerous holdings, is greatly interested in the golf course, wired Tom Bendlow, at Chicago about coming down and laying out our course and received a wire saying he could come in September. Tom Bendlow is one of the greatest experts in the golf line and has laid out all the big courses in the United States, and the mere fact that Mr. Hood has secured his services means that the Sanford course will start out with a real reputation as a golf course.

President Miller has called a special meeting for Monday night at the Hotel Valdez for a report of the Golf committee and it is hoped that every citizen of Seminole county, who is interested in this great development, will be there ready to do his share in getting the golf course and country club started. The committee has worked unceasingly on this project and have a report that will make the members sit up and take notice.

Mr. and Mrs. C. A. Raulerson and Mr. and Mrs. W. E. Doolley and son of Geneva are spending ten days in one of the John Adams apartments.

Forty New Bungalows Will Be Built In Sanford Work Starting At Once Knight Construction Company Helps Sanford Grow GREAT DEVELOPMENT

THAT MEANS MUCH TO SAN-
FORD IN MANY
WAYS

The bungalows have been designed by the foremost bungalow designer in the United States and will not only be very attractive but up to date in every particular, designed to save steps and delight the housewife in many little innovations such as the complete sanitary laundry on the rear porch, base fixtures for electricity all over the house for electrical appliances.

Between thirty and forty of these bungalows will be built at once and many people have already signified their intention of purchasing a home and they will be placed on the market as soon as finished. Col. Knight is a construction engineer and has spent many years in this kind of work and is overseeing the work himself, buying the materials in large quantities and making a big saving on materials and construction. He intends to develop the construction company on a large scale in Sanford and will be able to handle any kind of construction work.

HARRY LEWIS GOES NORTH.

Harry B. Lewis, the live real estate man, grower and Sanford booster, left on Tuesday for his old home in Ohio and will also visit points in many of the Northern states before he returns home. He carried Sanford literature with him, and will interest Northern capital in several enterprises here this fall.

Mr. Lewis gave a farewell party to a number of his friends on Sunday evening them a chicken dinner and all the good things of the season. He will bring Mrs. Lewis home with him when he returns from Michigan where Mrs. Lewis is now sojourning.

Let the Want Columns of The Herald work for you.

NEW FAST BOAT ON THE ST. JOHNS RIVER JAX TO SANFORD

THE MEISCH REALTY COMPANY
IS BUSY.

The offices of the Meisch Realty Co. are among the busy hives of industry these days, and Mr. Connelly reports business better than ever before in his knowledge of Sanford conditions. The Meisch Co., with John Meisch, president; Frank Meisch, vice president, and A. P. Connelly, secretary and treasurer, recently formed purchased all the Drew interests here and have many valuable city lots and farm lands for sale and expect to put on a big advertising campaign this fall in The Daily Herald, exploiting their various properties.

This company not only has its own properties to sell, but does a general real estate business, and the men who compose the company are all Sanford boosters, who have the interests of the city and county at heart and believe in letting the world know just what we have here in the way of real estate and investments. A. P. Connelly, aside from his interests in this company, is the secretary of the secretary of the Building and Loan Association, is head of the Connelly Real Estate Company, does a big fire insurance business and also manages to assist in keeping Sanford on the map in many ways.

MUNICIPAL DOCKS FOR OUR CITY

NEW STEAMSHIP LINES MAKE
MUNICIPAL DOCKS IM-
PERATIVE

Now that the important boat lines are getting ready to operate on the St. Johns river from Sanford to Jacksonville it is high time that the city of Sanford bethought themselves of the municipal docks. At the present time the only available docks are those of the Clyde Line and if independent boat lines are to operate they will of necessity be forced to have the city build these docks or get busy and build them for private uses.

We do not favor the private docks for in time the entire lake front would be taken up with private docks to the exclusion of other lines that might want to come in. The city of Sanford should make arrangements at once for municipal docks and have them either where the city dock is now sitting in the sun or at either end of the bulkhead on the lake front. Of course with the miles of lake front it is not necessary that the steamship lines be forced to land in any one spot but should the city build these docks and they have been needed badly for many years it would mean the encouragement of other lines and of pleasure boats of all kinds and of lasting benefit in many ways.

Sanford is getting into the big city class and all of these improvements must be made regardless of the expense. The day of standing back and waiting "for George to do it" has passed and the people who are moving things here want the city commissioners to get results regardless of the expense. The municipal docks should be investigated and the work should be started on them just as soon as possible. This is one of the big things for Greater Sanford.

ENERGIZER IS GREAT.

"Energizer," advertised in The Herald for several weeks, has caused no end of inquiry, and many who have tried out this great treatment at the home of L. C. Cameron are convinced that Energizer is the logical treatment for many human ills. It is a medicine that gives you the mechanical massage and gives it to you in every part of the body for the blood circulation. Many ills of the flesh are directly traceable to poor circulation and the new energizer gets up the real circulation and gives you the proper pep that is needed to assist the body in throwing off this residue of the body is the cause of much of the poor health, of stiffness, of rheumatism and neuritis. Anyone who wants to try this great mechanical massage will find Mr. Cameron ready to give you a practical demonstration and those who have tried it have found quick relief for diseases that has been bothering them for many years. Phone L. C. Cameron, No. 184, and get an appointment.

Nat Leonard and Schelle Maines enjoyed the hospitality of Mr. and Mrs. V. E. Douglass at their country estate Wednesday evening. Both were given a good bath and a nice chicken supper. Needless to say, the two gentlemen enjoyed the latter.

Palatka Co. First to In- augurate Line WILL BE PROFITABLE

AS RIVER TRAVEL AND FREIGHT
ING GROW LARGER EV-
ERY DAY.

Just as The Herald has predicted many times in the past ten years, the St. Johns river is too good a proposition not to be noticed by the capitalists of the country, and water travel and transportation in these days of high freight rates have brought out the good features of this great artery of trade and travel in Florida.

The St. Johns river in this or any other state, and all the river needs is some dredging from time to time and twelve feet of water, with some of the banks straightened out, and some day when we get the proper men in Washington to represent this section the St. Johns river will really come into its own. But just now it is causing comment in many quarters and the excursion parties coming here from Jacksonville are giving this city and the St. Johns river much good advertising.

That this mighty river—and one of the few rivers that flow north—is attracting attention, the following from the Times-Union will demonstrate:

Palatka, August 14.—Inauguration of a new fast passenger and freight service between Jacksonville, Palatka and Sanford for daylight service will take place in the early fall, according to plans that have been practically completed by capitalists interested in river navigation in Florida.

According to advance information the schedule between Jacksonville and Sanford will be the fastest ever put on in the South. As an indication of the speed of the boat on this run it is said that it will make the trip from Jacksonville to Palatka in less than two hours, but slowing up some between Palatka and Sanford on account of the condition of the river.

The boat to be put on the run will be one purchased from the government, burning oil and with high speed engines. It is believed that during the winter months months such a craft will be highly remunerative. The boat is said to be one of the high speed yachts that the government took over during the war and which is capable of developing a speed of nearly 30 miles an hour.

Tentative plans are to have this boat connect with one to go to Silver Springs, which will mean that the St. Augustine tourists who wish to go to the springs will come to Palatka to take the boat. The exact date for the initial trip of the new line will be announced in due time.

HAD A LATE SPRING.

John Pozold, one of the successful growers of Beardall avenue, has just returned from his old home in St. Louis, where he spent several weeks. He reports a late spring in that country and says that all the time he was there a thermometer never went above 70. The corn, wheat and other crops are not looking good in many places there and John was glad to get back to Sanford, where there are probably less troubles for the farmer than anywhere else on the globe.

Prospective merchants are here this week looking for locations for new jewelry stores, a new shoe store, a new grocery store and a feed store. They have not been able to find stores yet and we have not learned their names.

Miraculous Pouchouin Plant.
From the Little Review we pick this gem concerning the pouchouin plant: "It only Darwin had lived to see the pouchouin plant! You have heard of flowers specially adapting themselves to be fertilized by bees or butterflies, or spiders and scorpions? Well, this plant which grows in the forests of Guatemala can only be fertilized by English explorers. On either side a small crevice may be discerned in the fleshy lobes of the calyx. The English traveler seeing this plant is immediately struck by its resemblance to those penny-in-the-slot machines in the railway stations at home. Through these crevices of habit he takes a penny from his pocket and inserts it in one of the crevices or slots. Immediate result—a jet of highly scented liquid pollen is discharged from the spout upon the pistil lying below, and the plant is fertilized. Could anything be more marvelous? And yet there are those who deny the existence of God. Poor souls!"—The New Republic.

**Florida Citrus Exchange
and the Significance of
Trade-Name "Sealdsweet"**

"Sealdsweet" suggests inner goodness; applied to citrus fruits produced by members of the Florida Citrus Exchange it indicates a tree-ripened product, so sweet little or no sugar is needed.

Through the advertising and demonstration work of the co-operating growers who form the Florida Citrus Exchange the Sealdsweet trade-mark has become the grapefruit and orange buying guide of millions of households.

The Sealdsweet name and trademark constitute an asset of the Florida Citrus Exchange esteemed by experts as worth a large sum, yielding dividend each year to the grower members on fruits of known quality.

Membership in the Florida Citrus Exchange will give you a share in the benefits derived from the Sealdsweet trademark. Write the business manager at Tampa, or call on

Orange County Citrus Sub-Exchange
Orlando Bank & Trust Company Building

Eleven years of unqualified success. Proven stability. Increasing advantages to members.

The Attention of Parents is called to the

\$500 Child's Endowment Policy

as issued by the

Metropolitan Life Insurance Company
INTERMEDIATE BRANCH

Many thoughtful parents wish to create a fund to present to a child on reaching age 21.

Your first is the Savings Bank—but this is not certain—your death might prevent your plans from being carried out, and the fund would be limited to what you had actually saved and not what you intended to save.

Life insurance combined with your savings meets the conditions and makes the fulfillment of your wish easy and certain.

Under this policy two lives are insured—the child for the legal limit up to the policy \$500, and the beneficiary who pays the premiums, for a sufficient amount to pay the balance of the premiums due to make the policy mature as an Endowment. Thus if you live you pay the premiums. Should you die while the policy is in force the Company pays the remaining premiums for you, by endorsing the policy as fully paid up. **All uncertainty is removed.**

At the expiration of the Endowment period, if the child be living, or if not living, to such person as may have been designated by the beneficiary to receive such payment, or if there be no living person so designated, to the child.

Policies issued only at ages 2 to 15 next birthday; only one policy (\$500) one life, and none if other insurance is carried.

The death benefits payable on the child are up to the legal limit as prescribed by the Statutes of the State of New York.

Loan and cash values after the policy is in force three years, to the beneficiary named in the policy.

Paid-up values after three years, or automatically continued in force for a reduced amount if cash value is not selected.

Thirty-one day's grace in payment of premiums. No restrictions as to residence or travel.

The MOLINE

Tractor is Universal

Work of 3 Teams and 3 Men

**One man with one tractor
does all field work
from plowing to harvest**

Hay harvest is near. The busy season, short of help, hot sweaty days are near at hand, when the hay crop must be cut and cured.

Are you ready?

Are you not completely ready with a Moline Universal Tractor and a Moline Mower No. 4, 5 to 10-foot cut, attached to this tractor, because:—

1. With this equipment, you can cut 25 to 30 acres per day.
2. You require but one operator for Tractor and Mower.
3. You can work all day and at late night as is necessary.
4. You can work steadily with no stops.

Here is what one man and a Moline-Universal Tractor can do in a ten-hour day:—

Plow 7 to 9 acres
Disc 27 acres with a 2' Top Gun Disc Harrow
Disc 28 acres with a 10' Disc Harrow
Harrow 75 acres with a 20' Top Gun Harrow
Cultivate from 15 to 20 acres with a two-row Cultivator
Drill 35 acres with a 10' Grain Drill
Harvest 40 acres with a 10' Grain Binder
Harvest 40 acres with a Corn Binder
Mow 25 acres with a 6' Mower
Mow 30 acres with a 12' Reke

Immediate deliveries—a satisfactory stock of repair parts always carried; real service guaranteed.

A demonstration on your own farm cheerfully arranged.

Mrs. E. N. Sutton returned home from Coronado last Monday, after having spent a month at that delightful resort.
Mrs. Eichnor, of Baltimore, is visiting her daughter, Mrs. Endor Carlett. Other guests of Mrs. Carlett have been Mr. and Mrs. Charles Brumley of St. Augustine.
Mr. and Mrs. Aubrey Moran and Pauline spent the weekend in Sanford, guests of Mr. and Mrs. W. H. Hand.
The trustees appointed for the school for the coming year were J. W. Plynt, C. W. Culpepper and V. T. Peters.
EAST SANFORD SIFTINGS.
Rev. Rancher was over from Apopka Sunday for his regular services at Moores Station church.
Mr. and Mrs. C. Boice Bell and son,

Wallace, are home from Charlotte, N. C.
Clifford Bell is home from Charlotte, N. C., also Mrs. Bell. Miss Pearl and the small son are still there. Miss Pearl will enter Queens college in Charlotte for the school year in September.
Mr. and Mrs. L. A. Brumley and sons, Willie and John, were from Monday until Friday night driving home from Charlotte, and found a great deal of mud and bad roads. They were guests of Miss Annie Hawkins, at Commerce, Ga., for a short visit. Mr. Brumley is importing a fine bird dog from North Carolina this week.
E. M. Galloway is home from his northern trip. Mrs. Galloway will remain in New York until next week.
Mr. and Mrs. W. L. Henley have as their guest Mrs. Henley's brother, Mr. Kemp, wife and children, of Ocala.
We are pleased to note that Mrs. Loretta Tracey changed her plans and will not go to her home in St. Albans, Vt., until next spring.
Maldia Mayeda left last Tuesday for New York City and will soon go to San Francisco to take passage for his native city, Tokyo, in Japan. Mr. Mayeda may be gone about a year and expects to bring a bride on his return in the person of a sister of Mr. Toyamas.
Mr. and Mrs. R. C. Long and daughters, Virginia, Gretchen and Kathleen, drove to Ft. Meade last Saturday, returning Tuesday, to visit Mrs. Long's sister, Mrs. T. E. Burgess and family. They found good roads all the way.
Mahlon Wright has a very attractive building spot for the cozy little house he is building in the palm grove on the land recently purchased of Mr. and Mrs. John Herby, on Celery avenue.

Mr. and Mrs. John Herby are busy plating their farm in a suburb of Dayton, Ohio and are having a fine sale in building lots. They will return to Sanford soon to reside.
Mr. and Mrs. John Kinard and seven children are new comers in Cameron City, from near Charleston, S. C. There are four Kinard brothers here and one sister, Mrs. M. A. Jackson, out of a family of 14 children, all living; the others, six brothers and three sisters, all live at Charleston. A regular old fashioned family.
Mr. and Mrs. Lee Kinard are moving to an 8-acre farm near Rand's Siding, on West Side, recently purchased.
G. W. Spencer has closed the Dressor road, from the railroad track to Cameron City, as he owns all the land on both sides of the street. The Tropical Produce Co. closed Johnson road some time ago from Beardall avenue to the railroad track.
The Cameron City church is no more—the material is being built into tenant houses for the Tropical Produce Co., on South Beardall avenue.

The paving on Cameron avenue is completed from Celery avenue to the intersection of Miller avenue and Cameron Villa road. Miller avenue is now being paved, a short street connecting Beardall and Cameron avenues at Moores Station. Richmond avenue will be paved about one-half its length and we understand Cameron Villa road will be paved; also a short piece of road leading to Joe and A. B. Cameron's homes from Cameron avenue.

OVIDO HAPPENINGS

Miss Ruth Young has returned from Gainesville, where she has been attending the summer school at the University of Florida.
Messrs. Lewis and Rowdy Wright spent Sunday night and Monday at Lakeland, the guests of Messrs. H. B. McCall, Jr., and Emmett McCall.
Mrs. T. W. Lawton and family spent one day last week at Daytona beach.
L. A. Harvard, traveling auditor of the Seaboard Air Line, was a business visitor in Oviedo Friday.
Mrs. L. R. Mitchell has moved into the O. P. Swope cottage on Graham avenue.
Mr. and Mrs. Robert King and baby of Sanford, have moved to Oviedo and are at present located at the Oviedo hotel.
Mrs. C. L. West and children have returned from an extended visit to Atlanta and Decatur, Ga.
Mr. and Mrs. S. W. Swope, Miss Mabel Francis Swope and Mrs. C. S. Lee and baby spent Friday in Sanford.
Mrs. L. Gore and two children of North Carolina are visiting L. H. Gore and family.
Mrs. O. G. Wolcott and little son Henry, and Rev. and Mrs. L. C. Wright and family, spent Wednesday at Daytona beach.
T. J. Brannon has returned from a visit of several weeks with relatives and friends in Atlanta and other Georgia points.
Mr. and Mrs. W. P. Carter and son Walter, have returned from an auto trip to South Georgia.
Mrs. B. G. Smith and mother, Mrs. J. A. Clarke, spent Monday afternoon in Sanford.
Mrs. T. W. Lawton and children visited Orlando Saturday.
D. E. Lundy and family of Manatee, are visiting Mrs. Lundy's father and mother, Mr. and Mrs. A. J. McCulley.
M. D. Polston spent Saturday in Orlando.
B. G. Smith left Sunday for a visit to Atlanta, Marietta and Blue Ridge Ga.
Mrs. W. E. Young and Elizabeth Young have returned from Daytona beach, where they have been spending a week with Mrs. O. P. Swope and children.
Mrs. T. W. Lawton and children leave Wednesday for Daytona beach where they expect to spend a month or six weeks. They will be accompanied by Mrs. Mary Lawton, of Jacksonville.
Mr. Julius Gist left Friday for a visit in Charleston, S. C.
Mr. and Mrs. W. E. Argo and

daughter, Palmer, left Tuesday for Hendersonville, N. C.
C. M. Farnell of Sanford spent a few days with his mother, Mrs. A. P. Farnell, last week.
Miss Edith Stockins has returned to her home at Limona, after a stay of several weeks in Oviedo.
J. B. Jones and family have returned from an auto trip to Valdosta, Ga.
Mr. and Mrs. J. C. Partin and family spent Sunday at Palmer Springs.
Dr. Hilburn, presiding elder of the Orlando district, preached at the Methodist church Sunday morning.
Mrs. J. W. Grogan and baby of Bloomburg, Texas, are visiting Mrs. R. L. Wheeler and Mrs. Theo. Aulin. Mrs. Grogan was before her marriage, Miss Mary Aulin and has many friends in Oviedo who extend to her a most hearty welcome.
Mrs. C. A. Brannon has returned to her home in Wildwood.

COUNTRY GENTLEMAN HAS CHANGED OVER

The Country Gentleman has changed its tune.
It has a feature article in last week's issue showing the great and mighty industry of citrus growing in the state of Florida, especially mentioning the rapidly growing state and the fertility of the soil.
This is a direct contrast to its article in the issue of March 5, in which Florida was classed as a desert. What has come over the spirit of the Gentleman's dreams? Has it seen a great light?
Why, the pugnacity of the Florida press. This is confessed in a recent article in that paper, in which the statement is made that the like of the uproar that was raised by that "desert" article was never heard before, in North, East or West.
From chambers of commerce to press, from cities and hamlets, the Country Gentleman has been belabored and conferences were even held in Washington City to find out how to quell the storm.
The Philadelphia offices rocked in the cradle of a great cyclone which would not abate. The Times Union went so far as to deride Villa by seeing him called a country gentleman!
This article does better by Florida—and it is safe to say that the Country Gentleman will be careful in the future. One by one the press is learning to take Florida's claims seriously. Who's next, gentlemen.

WEATHER AND CROP CONDITIONS.

Jacksonville, Aug. 18.—Temperature. Mean temperatures ranged from 2 degrees below to 1 degree above normal.
Precipitation. The week gave generally fair weather over most districts, showers being most frequent in the south. No rain fell, however, in portions of the several districts, and the amounts were generally below the seasonal.
Condition of Crops. The rains of the last few weeks followed by hot dry weather of recent days, resulted very unfavorably for cotton during the last week. Much shedding took place and some reports indicate that plants are dying. Certainly, plants have reached their maximum growth and have taken on the greatest amount of fruit. A few reports indicate satisfactory condition. The unfavorable state of cotton plants is due to excessive rains rather than to the boll weevil. Early planted short staple on uplands opened more rapidly during the week—due to a high percentage of sunshine. The corn crop is mostly good; it is being harvested. The cane crop is good to excellent. Peanuts continue satisfactory. Velvet beans made favorable progress; much hay was saved. Citrus fruits, especially oranges, are holding well; grape fruit not so good as oranges. General preparations are being made for fall and winter truck.

J. E. SPURLING

Florida Citrus Exchange Educates Dealers to Sell Grapefruit at Fair Prices

Citrus growers who co-operatively market their fruit through the Florida Citrus Exchange believe in a square deal all around and try to give the trade and the public fair treatment.

Last winter, when many retail dealers were selling grapefruit higher than the returns to growers justified, the Florida Citrus Exchange prevailed upon thousands of them to unobtrusively reduce their margin of profit.

When this was done, Sealdsweet grapefruit were sold to consumers at reasonable prices. Florida Citrus Exchange growers profited by the increased demand and the trade benefited by a larger volume of business.

You can have part in the supply of consumers demand for Sealdsweet fruits if you join the Florida Citrus Exchange. Write the business manager at Tampa, or call on

FLORIDA STATE LEAGUE NEWS

CHAS. L. BRITT
SPORTING EDITOR

SANFORD GOES TO CELLAR

Wednesday, August 18.—By dropping a game to St. Pete today, while Lakeland was carrying the fast Daytona bunch, the Feds landed in a heap at the bottom of the ladder.

During this past week Sanford played seven games and lost them all. At no time, with the exception of one game with Bartow, were they in the running.

The Sanford pitching staff gave up eighty hits in these seven games, allowing 63 runs and the team made 18 errors behind them.

To offset this Sanford was able to pound out 46 hits for a total of 16 runs, while the visiting players made but seven errors, not one of which cost them anything.

It was Bartow that first began to shove down on the Feds. They played a double header Friday and another double header Saturday. Bartow won them both—first game 6 to 3 and the second game 4 to 1.

Saturday Bartow did it right over again. It was in the first game of that day that Sanford almost won; they had as much as a four run lead on Bartow at different times but in the final wind up Bartow won 11 to 8. And they carried off the second game 6 to 2.

But Monday the real slaughtering began. It was Tampa this time and what they did to us was a plenty. Just 10 to 1, that's all.

And Tuesday—well, Tampa just beat us 15 to 0, because they were tired and wanted to catch a train. If it hadn't been for that perhaps they would have had to light lanterns to finish the game with.

Today Sanford played in St. Pete and St. Pete kept the good work going by pushing us once more. In the face, grabbing the big end of a 11-1 score.

Tomorrow (Thursday) the Fed, play St. Pete once more and it is to be hoped we grab this one. Then we play Lakeland in their own back yard Friday and Saturday and if there is any way for us to connect right these two days, we will again climb out of the cellar.

Anyway here's hoping some more.

THE TOURNAMENT RIDING.

Of all the sports, this tournament riding that will take place Thursday, September 2, in connection with the all-day celebration, will be, beyond a doubt, the crowning feature.

For this event Sheriff Hand has already lined up entries from this county, as well as several of the surrounding counties, and the prizes are very attractive.

For the first prize \$50 in gold is offered, \$25.00 for the next best and the third and fourth will carry off a saddle and bridle respectively.

It is along about this time of the season that base ball fans begin to feel as if they are pretty well fed up on base ball and this new sport for that day will be welcomed by all.

Let us everyone be there and cheer those Seminole county cow boys on and remember that what little money we may have to spend will go to the hospital.

TWO BIG GAMES.

Sanford fans are in store for a great treat in the way of a farce comedy at the Ball Park Thursday, September 2. It is on this day that the girls will play their first game of base ball of the season, their opponents being their fathers. And then the old married heads are going to take the "old" single bucks over for the biggest scream of the year.

And along with all this funny fun there will be all kinds of stunts that will be worth while going to see. We can buy all the pink lemonade and pop and peanuts and cracked jack that we might want and all the money that is taken in that day will go toward buying an ambulance for the hospital.

Dr. Ralph Stevens is boss of the single men's team and he has been given orders to sign up no player that is not over 25 years of age and no one that has ever played above class W ball. That means that we will all have the pleasure of seeing Arthur Yowell pitch against the married men, and chances are that Doc Puleston will do the twirling for the married men.

CELERY SEED

EDITED BY
CHAS. L. BRITT

Now what you say?

Suppose we do end in the cellar, we will be the only club in the league that will do it.

Our pitching staff gave up enough hits to score twenty-five runs in two games. Not so bad at that, it could have been twenty-six.

But we are not going to end in the cellar, we are going to make either St. Pete, Lakeland or Orlando do it, with what little force we have left consanated towards Orlando.

Monday and Tuesday we play Orlando and then we end our series with them in a double header Labor Day.

And the way both of these teams are going now, these should prove to be very interesting games.

And even if we do lose the remaining games to Orlando, (which we won't) we still have the edge on them as they have only beat us three games this year.

Umpire Monahan has been the only umpire to stay with the Florida State League since the beginning of the season. You can say what you please of his work but we admire his nerve in sticking it out.

If there is ever any arguments come up in a game Sanford is playing in, we hear about it in all the papers around the circuit. Let some one else do it and it is never heard of in the papers.

Take Rudy Hulswitt of Daytona for instance, he pulls "moon shine" tactics on the field, runs out and hits the pitcher because the pitcher is making a monkey of him, and who ever heard anything about it except the fans that were at the game and saw for themselves?

And then again in Lakeland. Fans down there rush out on the field and strike the ball players. Sanford wouldn't do a thing like that, yet we

get the name of being worse than those that do.

Tampa, Bartow and Daytona are now making a lively chase for that half flag, with Tampa on the big end. Tampa has a ball club, and when these other two towns head them off they will deserve big credit.

And Tampa has worked clean all the way. Their success can be accounted for through Tommy Leach. And as it looks like they have the best team, then we say let the best team win.

To each of the three clubs that are now contending for the second half Sanford has furnished a player. Watts with Tampa, Gainey with Daytona and Teske with Bartow. Sanford gets credit for doing that much anyway.

Young ladies of the Sanford "girl team", why not help raise some money for the Sanford Club. Challenge the girls of Orlando for a game and give the receipts to the Base Ball club the club could use it nicely.

Let's don't forget that there will be

all kinds of sport at the Base Ball park on September 2nd. "Boss" racing, base ball game between the girls and their fathers and a game between the married men and single men.

And remember that the next game at home is with Orlando next Monday. Forget about the way our team has been going lately and come out and help beat Orlando once more.

STANDING OF THE CLUBS.

	Wednesday, August 18th.		Pct
	Won	Lost	
Tampa	25	5	83 1/2
Daytona	20	9	69
Bartow	18	10	65 1/2
Bradentown	18	13	58 1/2
St. Pete	11	18	37 1/2
Orlando	10	21	32 1/2
Lakeland	9	21	30
Sanford	9	21	29 1/2

SANFORD SCORES FOR THE WEEK.

Friday at Sanford 3-1; Bartow 6-1
Saturday at Sanford 8-2; Bartow 11-0
Monday at Sanford 8-2; Tampa 10-

Tuesday at Sanford 0; Tampa 15.
Wednesday at St. Pete 11; Sanford 1.

"Arsenal" an Arabic Word.
"Arsenal" as most people are aware is one of the very few English words taken direct from the Arabic. Its adoption takes us right back to the days of the Crusades.—Boston Post.

Fierce Sea Creatures.

The dangerous marine creatures are in general not the largest. The killer whale, which is 20 feet or so in length, will attack and devour almost anything that swims in the sea. Sometimes they join in schools and hunt the big whalebone whales like a pack of hungry wolves. The man-eater shark, seldom more than 20 feet long, is one of the fiercest sea creatures. He is as rare as he is dangerous. The big sperm whale seems to feed largely on large specimens of octopus, for which it dives in deep water. Some observers assert that they have seen spectacular contests between such a sperm whale and an octopus which had brought to the surface.

LOOKS LIKE TAMPA

It looks like Tampa again. The marvelous runs of straight wins made by Tommy Leaches' crew in the first half placed them so far in the lead that at no time was there a club that had their name appear ahead of Tampa in the percentage column.

Brinson Smith, writing in the Tampa Tribune, states that as yet there is no surety on the pennant for the second half. This is true, but the way that Tampa is piling up wins, we believe it will be hard to beat them.

The long string of wins in the first half prompted several other clubs about the circuit to strengthen their teams in order to head off the Smokers, but it looks like Daytona and Bartow were the only ones fortunate enough to put themselves in the running.

Right now both Daytona and Bartow have a chance, and a pretty fair chance, and it is possible for either one or both of these teams to pass Tampa within a weeks time, but it is not probable, unless four or five of the Tampa players lose an arm or a leg.

But with all this interest that is now being centered at the head and of the second division, or the last four clubs, especially by the fans of Sanford, as it is in this division that the Feds are going to end.

Even though the feeling is now that it will be Sanford that holds the cellar at the end of the second half, we don't believe it.

Sanford's chances of getting out of this second division are very slim, even though it is possible for us to pass Bradentown and end in the first division.

Our club was running along in pretty fair shape during this half and it looked for a while like we were going to be some where up near the top, but base ball can't be run on air and neither can a winning club be produced if the fans do not turn out and support it. And for that reason some of the very best of our players were sold in order that financial obstacles could be overcome. After selling these best players we then began to slide and we are now sliding towards the cellar.

But again we say we are not going to end in the cellar as long as St. Pete, Orlando and Lakeland are in the league. At this time, just two and one half games separate St. Pete and Lakeland with Sanford and Orlando in the middle. Of these four clubs Sanford, even crippled like she is has just as good a chance as any of them, because all four clubs are running rocky.

And from now on until after the last of this month we play these weak or teams. After the two days series, yesterday and the day before with St. Pete, we then play four games with Lakeland, then two more with Tampa.

Then, if after playing these games, we find ourselves still near the cellar door, we can then say that the fire is out, but not until then.

The Leading Opinion.
To a fisherman there is only one thing in the world—and that is fishing. A popular author tells of two old fishermen meeting in front of a little store one evening. "I have just seen home," said one, "and found when I got in the house there were some blood stains on the carpet. I went on to the other room, and there was my wife on the floor. Somebody hit her with a club. It's a terrible thing. Here I come home tired out from fishing all day and—" "How was the fishing?" interrupted the other.

American Royalists.
John Adams estimated that one-third of all the people of the colonies were royalists; that is, opposed to the war with Great Britain. A minority of these favored obedience to British laws, but the great majority opposed the British methods with the colonies, but wanted a peaceful settlement and the maintenance of the British connection. The war drove the royalists, or so-called Tories, into armed resistance, and in the colony of New York alone more than 20,000 took up arms for the British. Out of a total population of less than 4,000,000 more than 60,000 royalists left the colonies during the revolution because of their political position.

Dryden's Defense of Foreign Words.
It is true when I find an English word significant and sounding, I neither borrow nor the Latin nor any other language; but when I want at home I must seek abroad. If sounding words are not of our growth and manufacture, who shall hinder me to import them from a foreign country? I carry not out the treasure of the nation which is never to return; but what I bring from Italy, I spend in England; here it remains and here it circulates; if the coin be good, it will pass from one hand to another. I trade . . . for the enrichment of our native language. We have enough in England to supply our necessity; but if we will have things of magnificence and splendor, we must get them by commerce. . . . Therefore, if I find a word in a classic author, I propose it to be naturalized by using it myself, and if the public approve of it the Latin passes.—Dryden, in "Discourse of Epick Poetry."

FIFTY DOLLARS IN GOLD

for the first prize in the Riding Tournament on Celebration Day, Twenty-five dollars for the second prize, a nice saddle for the third prize, a Bridle and Spurs for the fourth prize.

These nice prizes mean quite a few entries and the more entries the bigger the day. And the bigger the day the bigger the crowd, and the bigger the crowd the better we will like it.

Let us all get together this one day and show the Out-of-Town People a Good Time. Many is the time they have invited us to visit them and they always show us a Good Time. Now let's return the Favor.

A N D

now is also a good time to think about what you are going to buy for Fall, how much you are going to pay for it, and from whom you intend to buy.

And while Thinking about it, Remember this--Our stock of Fall Merchandise is beginning to arrive, and it will be well for you to look it over early. We are sure that you will agree with us when we say that

M. F. Robinson has returned from New York City, where he was the

guest of his daughter, Mrs. Harry Papworth, for the past month. He is glad to get back to his old stamping grounds and his many friends are glad to have him back in his accustomed place.

Watch For the Big Opening of Bandel's Emporium. Better Goods for Less Money. 5-1-tfc.

Have 20 acres of celery land in Mecca Hammuck for sale cheap, or will trade. CONNELLY, 1-tfc. 106 Magnolia Ave.

J. S. Harvard, of the Yowell Co., left on Wednesday for New York, where he will study the ready to wear and other lines, buying a fine stock of goods for the ready to wear department of the Yowell Store. He will be gone about two weeks and expects to take in several of the big cities while away.

Watch For the Big Opening of Bandel's Emporium. Better Goods for Less Money. 5-1-tfc.

Disie Furniture Co., 321 Sanford Avenue.

Mrs. R. J. Holly, Robert and Mildred Holly, left Sunday for Anna Maria, where, with Mrs. Reginald Holly, they will spend several weeks at the Woods bungalow on Anna Maria island in the Gulf. Mrs. Holly has been in bad health for some time and it is hoped that the salt breezes from the Gulf of Mexico will benefit her.

You can get SERVICE BATTERIES for your car at the B. & O. Motor Co. Call and have your Battery examined free of charge. 5-1-tfc.

SUGAR. Friday and Saturday. 10 lbs. \$2.25. CITY MARKET, Phones 106-493. 1-tfc

Mr. and Mrs. St. Clair White of Beauford, S. C., are in the city, the guests of Mr. and Mrs. Brammon of the West Side. Mr. White is a former resident of this city, owning a celery farm on the West Side for some time, and his many friends are glad to see him back in Sanford, hoping that he will again become a resident.

The many friends of Alfred Robson are glad to know that he is out after an operation at the Robson Infirmary. \$200.00 gets a 1918 Dort touring car, balance in four months. B. & O. Motor Co. 5-1-tfc.

Five room cottage, \$2,750. 1-tfc. Connelly, 106 Magnolia Ave.

Mr. J. S. Sherman and Mr. and Mrs. Goode of Jacksonville, were in the city Tuesday, enroute home from points in South Florida. Mr. Sherman is the head of the Jacksonville branch of the Antietam Paper Co. and has many friends all over the state of Florida. These good folks paid The Herald office an appreciated visit.

Have sold the bargain, well located Celery farm advertised last week. Have a five room house, with five acres improved celery land for sale at bargain this week. CONNELLY, 1-tfc. 106 Magnolia Ave.

J. Lee Smith is home for a few days from Daytona Beach where he has been spending the summer. The firm of Randall, Smith & Randall is now selling real estate at the beach, and Mr. Randall expects to go there shortly. Mr. Smith will still retain his voting privilege in Sanford and he and Mr. Randall have not given up Sanford as their home, but will be at the beach for some time, engaging in various business affairs.

Can help you in any matter of purchase or sale of real estate. 1-tfc. Connelly, 106 Magnolia Ave.

The Hill Hardware Company has recently added Messrs East and Hughey to the city sales force. Mr. East was formerly traveling salesman for a large hardware firm and is well known in the state. Mr. Hughey is from New York, where he was in the hardware business for the past twenty-five years. The windows of the Hill Hardware Co. show the artistic skill of Mr. East, who is a window dresser and ad man.

Emerson Amended. If a man does anything well, the world will beat a path to his door—unless he happens to be expert in raising skunks.—Boston Transcript

LEGAL ADVERTISING

METHODIST NOTES.

Rev. J. P. Hillburn was in Oviedo Saturday and Sunday night preaches in Sanford.

Mrs. W. S. Thornton gave a dinner party in honor of Mr. W. S. Thornton's birthday last Wednesday. The guests were Mr. and Mrs. Dwight Babbitt, Mrs. Eddy and Mr. J. A. Allison.

Rev. Wright of Oviedo preached the morning sermon Sunday on "The Call of the Individual."

Miss Waurita Allen returned home with Mrs. Castle and Mrs. Stanley. Mr. T. O. Bryan and son, Merrill, spent Thursday the guests of Mrs. Gay Waists.

Raymond Allen motored to Travlers on business Thursday.

Mrs. G. W. Bailey, daughter and guests, have returned from Daytona. Misses Caroline Spencer and Cora Lee Tillis returned Thursday from Gainesville, where they have been attending the summer school.

Mrs. Frank B. Adams has returned from Live Oak, where she visited her parents.

W. B. Knapp left for Jasper Monday to visit relatives.

Rev. F. E. Steinmyer, former pastor here, is spending his vacation at Junaluska Training school.

Miss Alva McAlexander left Monday for Tennessee.

Mrs. Ivy Stringer, nee Blanche Spurling, is spending the week with home folks.

W. J. Akers has rented five acres of his land to Mahlon Wright, who

will farm it this season.

Master Guy Waites left Monday for Inverness to visit his aunt, Mrs. W. M. Malloy.

The junior department had a food sale last Saturday, realizing a nice sum for that department.

Pierce Griffin while cranking a car, to break his right arm, last Tuesday; last Thursday, had the misfortune to break his arm.

Mr. Walter Hargraves has accepted a position with the A. C. L. shops and moved his family here this week.

Mr. and Mrs. L. P. Hagan and family returned last week for Georgia where they have been spending their vacation.

Mr. and Mrs. Ben Monroe entertained in honor of their son, Richard Bennett's first birthday, at Silver Lake, Wednesday, August 18. Ice cream and cake was served and bathing was indulged in. Those participating were Mrs. J. H. Cowan, Miss Margaret Cowan, Robert Hogan, Mrs. Herbert Speer and son, Troy and Dorothy Ray, Gene and W. A. Adams, Misses Lizzie and Florence Flowers, Marion and Doris Hand, Louise Thrasher, Inez and Dorothy Grubbs, Dorothy Moore, Margaret, Ruby, Looce and Beatrice Martin, Lena Bell Hagan, Masters Ralph Went, L. P. Hagan, Jr., Arnold, Martin, Milton Moore, Dick Frank and Mrs. Carter. All had a fine time and wished for another birthday.

Mr. and Mrs. Mike Stoinoff spent Sunday at the beach.

Misses Margaret, Eleanor and Ruth Roberts, Miss Mary Farrish and Mrs. Morris Spencer spent the week end at the beach.

Miss Ruth Steinmyer is visiting relatives in Lee, Florida. Corrine is visiting in North Carolina Master Edwin is visiting his sister in Sanford.

Mr. and Mrs. R. L. Griffin and daughters, Emily and R. E., left Monday for Hot Springs, Ark., to spend a month, taking those much noted baths.

Rev. Robert James Wells, retired Methodist pastor, who died at his home in Tampa Tuesday, was buried Wednesday morning in Myrtle Hill cemetery. The deceased was 33 years a preacher in Methodist conference but in 1913 was superannuated. Three years ago he went to Tampa, where he has since resided. Besides his wife, the deceased is survived by eight children, two of whom are Mr. Walter E. Wells of Sanford and Mrs. Sam Igou of Winter Haven. Rev. L. M. Broyles of Hunter Park church officiated, assisted by Rev. W. A. Myres and Rev. T. J. Nixon. The service was a very beautiful one, as from the silent influence and consecrated life

of Bro. Wells everyone spoke so highly and all know that he has gone to Heaven to be with his Maker and Heavenly Father, to whom he was ready and anxious to go. The pall bearers were all ministers of the Gospel: Revs. T. W. Tomkies, T. J. Nixon, W. A. Myres, W. F. Dunkle, W. C. Fountain, W. J. Palmer, James Dombrowsky, S. C. Meadows and W. E. Sewel.

Services for Sunday as follows: Sunday school, 9:30 a. m. Preaching 11:00 a. m. Epworth League, 7:00 P. m. Night services, 8:00 p. m.

Frost-Proof Corn.

Maize, or Indian corn, in its present form represents one of the great achievements of primitive planters. The North American Indian, says Robert H. Moulton in Popular Mechanics magazine. It came originally from southern Mexico, and was eaten by the Maya tribes. At first it was nothing but a coarse grass, on which were tiny ears resembling the top of the wheat stalk. The plant is essentially tropical and despite centuries of culture in the temperate zone is still sensitive to frost.

First American Magazine.

The first magazine to be published in the American continent was the American Magazine. It appeared in Philadelphia February 11, 1741. The issue was entitled Franklin Franklin's and he was promoting to bring out the General Magazine and spoke of it unambiguously one of his hearers stole the idea and hurriedly got out a magazine three days later. Franklin's magazine was suppressed. After getting out three numbers the American Magazine suspended publication. The General Magazine has lasted to this day.

The Kiel Canal.

Kiel canal is also variously known as the North Sea or Baltic canal. The name Kiel is a leading in that it is nearly two miles south of the city of Kiel in that canal, although the canal's waterway is in fact harbor. It was first proposed by the Emperor William I in 1847. The canal is 35 miles long, 26 feet deep, and 26 feet wide. It is a straight canal and takes a steamer eight or nine hours with the entire length electrically lighted.

THE greater your desire for freedom from washday drudgery the more you will appreciate the truly remarkable labor and time-saving conveniences of the

Maytag Electric Washer Swinging Reversible Wringer

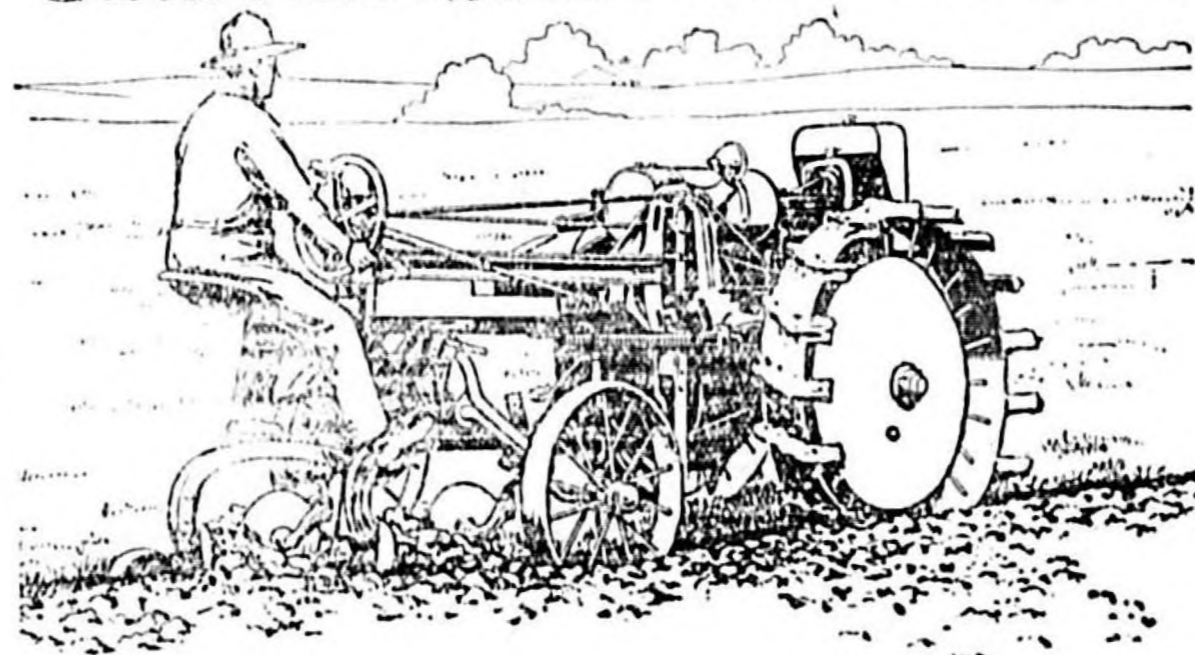

For simplicity, handiness and economy, there is no other washing machine that will please you as much as a Maytag. Smoothly and quietly it handles the average family wash in fifteen to twenty minutes—and you need not be surprised that it delivers your wash cleaner, whiter and with less wear and tear than if you had rubbed and scrubbed it in the old, wearisome way.

We shall be pleased to show you this wonderful washer. If you have seen others, the Maytag will be a revelation to you.

KEEP YOUR EYE ON THE HERALD WANT COLUMN

MOLINE UNIVERSAL TRACTOR

Watch Your Work

Features You Want

- 1. Does all field work—including cultivating—and left work. Saves most horse keep.
2. One man handles both tractor and implement. You can farm more land alone.
3. Tractor and implement back up as one unit. Easily handled in close places.
4. Operator sits on implement seat. Perfect control over whole outfit.
5. Operator's eye always on implement. Better implement work; better crops.
6. Tractive power ahead of work; operator behind it. Handles like horses.

You ride 165 miles while plowing 40 acres with a 12-inch gang. It is slow work. But the fascination of watching the furrow turn over helps to pass the time away.

This time passing feature is retained by the Moline-Universal plowman. He still sits where he can easily watch the moldboard turn the soil over without twisting his neck until it aches. And the Moline-Universal follows the furrow as easily as horses.

But it plows faster than horses and many other tractors. With its speed of 3 1/2 miles per hour its two 14-inch bottoms are equal in plowing capacity to the 3 bottoms of slower moving machines.

Why fast plowing? Because it's better. We'll tell you why. It doesn't just lay the furrow slice gently over—it slams it over. Leaves the field more level—not so ridged. Less drying surface is left exposed, vegetative matter is covered better, dirt is scattered through it and a better capillary contact is established with the subsoil for moisture. Decomposition of the turned under vegetation takes place quicker and the seed bed can be put into planting shape in less time and with less work. The plows scour better, of course. These are the advantages of speed plowing with the Moline-Universal.

Then there's the advantage of sitting on the seat of the implement in every operation with the Moline-Universal, where you can see that the implement always works right. It pays.

We'll figure with you and demonstrate for you any time.

BELL BROS. Lake Monroe, Fla.
