

RED CROSS PARADE AND PATRIOTIC CELEBRATION HERE NEXT TUESDAY

Will Open Red Cross Drive In Seminole

Honoring Red Cross Week which begins next Monday, May 20th, the Seminole County Chapter, comprising the branches of Geneva, Oviedo, Chuluota, Altamonte, Longwood, East Sanford, the Colored, Red Cross Auxiliary and the headquarters at Sanford have pledged themselves to raise for the National Red Cross their quota of the one hundred million dollars that is needed in this great work of mercy. To usher in the week and their active campaign, a public parade and an afternoon patriotic demonstration will be held in Sanford next Tuesday, May 21st. All places of business will be asked to close from 2:00 p. m. until 5 p. m. and promptly at 3 o'clock the parade will start from Central Park on Park avenue. The parade is to be one hundred per cent Red Cross, that is, all members are asked to be in line wearing their Red Cross costume and all organizations and societies are requested to be represented by banners but it is desired that such banners carry only "Red Cross" slogans. The line up is as follows:

Parade Marshal—A. D. Parrish. In order named, the line will form headed south on Park avenue:

The Sanford Band. Mayor and City Officials to the right of the Band.

Chief of Police and Police Officers to the left of Band.

Next Uncle Sam and Miss Columbia.

Following will come all mothers who have sons or relatives in service and these mothers are asked to carry their service flags.

Next will come the County Guards in command of Capt. Dinger.

Next Red Cross Chapter and branch officers.

Next Red Cross lady members.

Next Red Cross gentlemen members.

Junior Red Cross girl members with their teachers.

Junior Red Cross boy members with their teachers.

Boy Scouts of America in command of F. E. Giles, Asst. Scoutmaster.

Other organizations and citizens in line as directed by the Parade Marshal.

Colored Red Cross officers.

Colored Red Cross members.

Colored Junior Red Cross members, accompanied by their teachers.

The parade will be all walking and will go down Park avenue to Tenth street, across Tenth to Magnolia, up Magnolia to First, down First to Oak avenue and down Oak to Central Park.

Directly after the parade prominent speakers from the band stand will tell you of Red Cross and its world work.

Every person in line is urged to carry a small American flag or some flag of the Allies and it is hoped that every one will take part in this great parade of democracy and mercy.

Bell Cafe to Reopen

The Bell Cafe will reopen tomorrow under the management of James Danderlake, the former owner and manager. The Bell closed several months ago and it will be good news to the former patrons that the Cafe will open again at the old stand, corner of First street and Park.

Dodder

Eggplants and peppers are in many instances attacked by the parasitic pest Dodder, a yellow, hairlike growth that twines around the plant and smothers it.

Care should be taken to remove all of this parasite from the plants at once and not allow it to flower and seed as it may become a very injurious pest in our fields.

Dodder is found on many plants in our woods but I have never seen so much of it in our cultivated fields as I find this year.

C. M. Berry,
County Agent.

A Message to Drafted Men and Expert Female Stenographers

"Young married men of draft age are beginning to realize that they must serve their country, owing to the new plan of the War Department, to raise an army of between three and five million men within the year, and quite a number are enrolling in the naval reserve force in preference to being drafted."

The proposed amendment to the Draft law authorizing the President to raise an army of unlimited size will mean that many in Class 4 and many under 21, who have hoped to escape military service will have to go. For every man already called by the draft, at least 5 more will be called, and it should not be difficult for any intelligent person to realize that married men will have to go, as they have to go in England, France and every other belligerent country.

According to advices from General Crowder there are only 2,000,000 effective in Class 1, and it is possible that the local boards will discontinue granting releases to men who prefer the navy.

After this war is over, the United States will have an enormous foreign commerce and shipping of all kinds will be the greatest industry of the United States, and the man who has acquired a knowledge of the sea and ships will have a profession which he learned while serving his country. The enlistment is for the period of the war and the minimum pay is \$35.90 per month. The government provides for your dependents and insurance at about one-third the usual rate.

There are excellent opportunities open for a few women who are competent stenographers, to be enlisted as Yeomen, second class. These women will receive a salary of \$46.50 per month, with an additional allowance of \$1.25 per day for subsistence, making a total of nearly \$86.00 per month.

Naval Reserve Recruiting Office,
Room 1 City Hall, Tampa, Fla.

Improvements In The Star

O. P. Herndon, manager of the Star Theatre is making extensive improvements in the theatre building. The gallery and operating room has been improved by the cutting of six windows on the front and one each on the north and south ends, and the gallery has a fire escape consisting of a flight of stairs that can easily be let down to the ground in case of fire. On the north and south sides of the theatre building two large doors have been cut that will serve as escapes in case of fire and will also be fine ventilators for the summer time. In fact the Star will be one of the coolest and best ventilated theatre buildings in the state when finished. Manager Herndon also expects to make many other improvements in the building and has contracted for some fine pictures.

When the Whistles Blow

Mayor Davison has issued a proclamation to loyal Americans of Sanford to stand for one minute each day at six in the evening with uncovered head as the whistles blow. All of us should remember this and while it will take a few days to become accustomed to it every one should heed the call to patriotism. It means that we are with the government and take this means of publicly expressing our sentiments, thus keeping alive all the traditions of true and loyal Americans. Remember that at six when the whistles blow you are to stop your work and stand with bared head for one minute.

Sunday at Congregational Church

"Grief, West," or new light on the world-old fashion of death, will be the morning theme; in the evening, "Selling out Cheap, or What after all are Life's Greatest Losses."

At three in the afternoon the pastor will speak at the Upsilon church.

George A. DeCottes left Wednesday for Monticello, Fla., where he will remain several days.

CANNING FACTORIES LOCATIONS

Canning Factories Want To Come To Sanford

Sanford offers an ideal location for a big canning factory and this fact is being recognized by several firms that make a specialty of placing canning factories at various points in Florida where the crops and the railroad rates and water transportation and other facilities look good.

The Sanford Board of Trade is taking up the matter of a large canning factory and in a few weeks will have something to make public in this respect. The Board of Trade has received several good offers from supply houses who are willing to come to Sanford and put in a large plant provided that people here will take some stock in the concern. Several of these same plants recently established in Georgia and other southern states have made good dividends on canning sweet potatoes alone and the Sanford section has a number of crops that could be profitably canned. These supply houses also have a marketing bureau that takes care of the finished products and guarantee a price that will allow a good margin of profit to the factory. With the plant assured and the output having a steady market a canning factory here would not only be a good thing for the city, as a steady pay roll proposition but would also be a good thing for the growers who could be assured of a good price for the crops that are now left in the fields after the shipping season is over. This stuff now goes to waste for the reason that there is no factory in this section to take care of it.

There is also a local concern that is thinking of putting in a canning factory here and it is almost certain that the summer season will see a factory of this kind started in Sanford and it should have the help of all our citizens.

Masons, Attention!

A special communication of Sanford Lodge No. 62, F. & A. M. will be held on Tuesday afternoon commencing at 3 o'clock promptly for the purpose of conferring the Entered Apprentice and Fellowcraft Degree. Every member of Sanford Lodge invited.

Master Mason Degree

At the next regular communication of Sanford Lodge No. 62, F. & A. M. which will be held on Tuesday evening, May 21 at 7:30, the Master Mason's degree will be conferred and every Mason is cordially invited to attend.

At the last communication the Entered Apprentice degree was conferred.

Past Master L. R. Phillips very impressively presented the apron and working tools. Dispensations were granted by the Grand Master of Masons of the state of Florida to ballot on candidates short of time, and when these young men receive the degrees several stars will be added to the service flag of Sanford Lodge.

Red Cross Briefs

Seminole County Chapter, A. R. C., has enrolled 1246 members in good standing. Renewals for April and May are still in order and new members are solicited always.

All women members of the Red Cross are requested to wear the Red Cross head-dress in the parade next week. Male members are urged to march in the parade also. Instructions direct from the Southern Instructions Headquarters give the privilege of wearing the Red Cross insignia in all public parades, permission for same being granted by officers of the chapter. At a recent meeting of the executive committee of the local chapter a motion was carried "making it compulsory to wear the insignia upon all appropriate occasions."

Maccabees Notice

The Maccabees will meet Thursday, May 23rd at 7:30 p. m. in Masonic Hall. All members requested to be present.

NEW DRAFT BRINGS MEN BIG ARMY

Young Men Become of Age To Fill Our Army

By Harry Hunt in Tampa Times

Washington, May 14. — Many more men than Uncle Sam will be able to train, equip and transport to France within the next twelve months are still available from those registered for the first draft and from men who have become of age since June 1917, and have now been brought under the selective service.

In fact with no further change in the selective service regulations, we can increase our army within the next year if necessary, to 4,800,000 or 6,000,000—and this without going outside of class 1 except for skilled artisans and mechanics needed for non-combatant services.

The recent figures of 3,000,000 men, set as the probable strength of our army by the end of this year has led to considerable conjecture as to the imminence of an increase in the draft age limit.

The fact is, however, that 3,000,000 men can be mustered without exhausting half the class 1 men registered last June and still subject to call. For our army today is less than 900,000 short of that number.

The total number of men in the army as of May 8, including regulars, federalized national guard and those called under the draft is 2,187,828. This includes 554,397 in the regular army, 403,952 in the federalized guard, and 1,224,479 called under the draft.

Total registration for the first draft was 9,586,608. Experience to date has shown that 34 per cent or slightly over one third of these men are eligible for service. The remaining two thirds, because of dependency of families, industrial exemptions and physical ability are not eligible for present service.

On this basis of 34 per cent the total class 1 men eligible for service under the draft would be 3,359,440. Of these 1,224,479 already have been called, leaving the approximate number of eligible but uncalled men registered last June at 2,134,961. Allowing for possible error in the percentage, however, drafted authorities are placing the number of remaining eligibles from the first registration at 2,000,000.

But there are more men than that.

By the amendments just passed by congress which provides for the registration and drafting of men who have become since last June, at least 700,000 additional men will be made eligible.

The total registrants under this new draft act are expected to be about 1,000,000. The percentage of eligibles is expected to be between 70 and 80 per cent. There were only 34 per cent eligible in the original draft. The different percentage is due to the fact that comparatively few of the young men who have become 21 within the year are married and have dependent families that an equally small percentage are so skilled industrially as to secure exemption on industrial grounds, and that the average of physical disability is much lower.

In the event these 2,700,000 eligibles should be absorbed into the army before June 1919, bringing our army to 4,800,000 or more, there will at that time be another group of 700,000 to 800,000 immediately available without changing our basis of draft.

From these figures it may be seen that there is no present need for worry as to our ability to raise men to match the kaiser. In fact, army officials declare the percentage of men from the original draft who are eligible for service is increasing rather than decreasing.

Hundreds of men who originally filed claims for exemption on dependency grounds are now withdrawing these claims and reporting themselves for class 1.

In most of these cases the wives of the registrants have found profitable employment due to the greater demand for women workers.

The men, no longer required for

FIGHTING SLOWS DOWN ON WESTERN FRONT BOMBARDMENTS STOP

the support of the wives are anxious to get into the army.

Also, hundreds of cases have developed where men have waived their industrial classification and have asked to be placed in class 1 so they might be subject to early call.

Uncle Sam's army on April 1, 1917, consisted of 121,979 enlisted regulars, 76,713 national guardmen and 4,000 members of the Reserve corps—a total enlisted personnel of our participation in the war, then, during which we have had to build up from a skeleton organization and organize all our training and equipment facilities, we have increased our army by 1,895,316.

Now that our machinery for drafting, training, equipping and transporting men has been developed we may be expected to increase at least an equal number during the next 12 months. If we do it means that instead of an army of 3,000,000—while Secretary of War Baker has refused to set a limit for our army in the next year—we will have by May 1919 an army of more than 4,000,000.

And of these 4,000,000, it is not improbable that May, 1919, will find at least 2,500,000 in Europe.

CATES INCORPORATES

And Purchases Building and Property on First Street

J. J. Cates, who has been operating a wholesale and retail grocery business here has incorporated under the name of J. J. Cates Company, Inc., and the incorporators are J. J. Cates, C. D. Couch and S. J. Carnes.

Not only has the new firm incorporated but they have purchased the store room and property at the corner of Oak avenue and First street, belonging to F. L. Woodruff and recently occupied by the Merchants Grocery Co.

The J. J. Cates Company will carry a full line of staple and fancy groceries, hay, grain and feed, farmers supplies, crate materials, etc., and under the management of Mr. Cates will build up a large business in the future as he has in the past.

Mr. Cates has been operating the Sanford Flour & Feed Co., in the Weiborne Block for the past two years very successfully and has a large patronage from this section.

The new location is ideal, fronting on First street and being on the tracks of the A. C. L. Ry., where car load shipments of hay and grain and groceries can easily be unloaded, Mr. Cates states that he will occupy the new location as soon as he can get possession and many improvements will be made in the building and additions are contemplated.

Duval Goes Dry

Jacksonville, May 15.—Duval county went dry in the local option election yesterday by a substantial majority, but owing to belated returns the figures have not been completed.

Necessity of turning out the soldiers in order to hold the big army camp there was one of the biggest factors in swinging the county into the prohibition column.

The drying up of Jacksonville leaves only four Florida counties wet—Pinellas, Monroe, Escambia and Hillsborough. It is believed that the vote here yesterday absolutely settles all doubt as to the result of the statewide prohibition election next November.

Farris Will Speak Here

Hon. Ion L. Farris, candidate for Congress in the Fourth District will address the people on the issues of the day in the city tomorrow afternoon at 5:30 p. m. at the corner of First street and Park avenue.

Wise Mosquitoes

J. B. Randall was asked by a friend yesterday to tell him a lie. J. B. is always ready to please his friends and he told him this one which aside from being the first is also a good joke.

He said that the other night the mosquitoes bothered him some and he sprinkled some citronella around the room to kill them. It did not seem to do the work and he lit a light to investigate. He found that all the mosquitoes had on gas masks.

American Flyers Bring Down the Huns

Fighting has died down again in Flanders and Picardy and only the guns are busy. The artillery fire continues strong all along these fronts, as well as on the Arras front, and is most violent north of Kemmel and north and south of the Somme from Albert to the Aisne.

These sectors have been the scenes of all the recent fighting, and they probably will see the strongest efforts whenever the Germans believe the time is opportune to strike anew. In Flanders the Germans have been disappointed in their attempts to gain hill 44, as the French not only drove them from the high ground, but also penetrated the enemy positions.

In Picardy, the Germans have not received their counter attack to drive the French from the wooded terrain captured near Hallies. German and French artillery fire continues heavy north of the Aisne. The enemy bombardment of the French lines here has been most intense for the past two weeks, but the Germans have attempted no attacks except to react against successful French local gains.

General Pershing has issued his first official statement on American operations since his troops took over sectors permanently simultaneously with an announcement from Washington that where American, British and French troops are fighting together and the Americans are in the majority, the control will be in American hands. The Germans are down a heavy barrage on the American lines northwest of Toul Wednesday but no infantry attacks resulted.

In aerial fighting in the sector two American aviators have accounted for three German machines. Increased artillery activity is noted on the Lorraine sector.

As on the western front the lull in Italy remains unbroken, but with expectation that, as in France, heavy fighting will break out soon. Observers in London believe the heralded American blow will be against the Italian line from the Ticino pass to Monte Grappa, just east of the Brenne, in the hope of breaking through the Italian defense and reaching Brescia and Milan. Rome reports lively artillery and patrol engagements along the mountain front and the dispersal of enemy troops at two points by Italian batteries.

An attempt by enemy aircraft to raid Paris Wednesday night was frustrated by the aerial and artillery defenses of the city. The Germans, however, dropped a number of bombs on the more distant suburbs of the French capital. Aerial activity on the battle lines continue at high pitch, with French and British airmen dropping many bombs on railway stations and concentration centers behind the German lines.

Germany's ambitions as regarding Austria-Hungary's place in the Mitteleuropa plan, German newspapers indicate were realized in the convention agreed upon by the two emperors at their meeting. The agreement, which is not yet signed, call for an alliance for twenty-five years, with closer economic relations and more severe military obligations. Vienna is reported to look with apprehension on the probability that the Austro-Hungarian army will be standardized, and believes such a step more important than any other feature of the new alliance.

Wise Mosquitoes

J. B. Randall was asked by a friend yesterday to tell him a lie. J. B. is always ready to please his friends and he told him this one which aside from being the first is also a good joke.

He said that the other night the mosquitoes bothered him some and he sprinkled some citronella around the room to kill them. It did not seem to do the work and he lit a light to investigate. He found that all the mosquitoes had on gas masks.

Farris Will Speak Here

Hon. Ion L. Farris, candidate for Congress in the Fourth District will address the people on the issues of the day in the city tomorrow afternoon at 5:30 p. m. at the corner of First street and Park avenue.

Mr. Farris is a forceful speaker and a large crowd should greet him tomorrow as he will have something to tell the people about national and state affairs.

Everybody invited to come out and hear him.

Tomorrow afternoon at 5:30.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

GENEVA

Mr. and Mrs. C. A. Raulerson spent last Sunday in Sanford, the guests of Mr. and Mrs. Harry Lewis. A baby girl arrived at the home of Mr. and Mrs. George Matthews Wednesday, May 15th.

Mrs. J. V. Wicks and little niece, Chadra Culpepper visited Mr. and Mrs. David Speer in Sanford last Sunday.

Mrs. Will Raynor of Sanford attended the Red Cross meeting here last Wednesday.

The many friends of Mrs. Seegar are sorry to hear of her continued illness.

Mr. and Mrs. Chas. Phillips, Mrs. Adams and Mrs. Aubrey Moran were among those from Geneva attending the revival services at Oviedo last Thursday night.

Mr. and Mrs. Charles Brumley of St. Auguste came over in their car last Sunday to visit Mrs. Brumley's sisters, Mrs. Ender Curlett and Miss Emma Eichnor, also bringing with them her mother, Mrs. Eichnor and brother, George Eichnor, who will stay with Mr. and Mrs. Curlett for some time.

EAST SANFORD

Rev. Mr. Eades of Enterprise will have his usual appointment at Moore's Station church Sunday, May 19th. Preaching morning and evening.

After prayer meeting Wednesday evening at Moore's Station church there was an enthusiastic Red Cross meeting. Mr. DuBose was out from town and gave a very interesting talk and helped East Sanford Auxiliary to plan for the coming Red Cross drive next week. J. F. McClelland was elected captain for East Sanford and has from Mellonville avenue to St. John's river south to Lake Jessup and north, taking in Celery avenue. Mr. McClelland is well known and a good man for the place.

Mrs. Fannie Seares had what might have been a very serious accident but fortunately was not, as she escaped with a fractured wrist and many bruises from a fall down a long flight of stairs while a guest for the day at the Weeks' home on Mellonville avenue.

Okie Weeks is expected home this

week on a furlough from Camp Wheeler at Macon, Ga.

Miss Edith McClelland will go to Geneva this week to visit her grandmother, Mrs. Jennie Prevatt and later will go to Okeechobee City to visit an uncle and aunt.

Mr. and Mrs. C. B. Tyler are having their home remodeled and beautified. Situated as it is between the lakes Onoro and Silver and the adjoining grove and beautiful native trees it will be ideal home when completed.

A very pleasant party picniced one day recently on the shore of Lake Golden. Those invited were Mrs. Phelps, Mr. and Mrs. Tyler, Mr. and Mrs. Dutton and their young people, Mr. and Mrs. Anderson, Mr. and Mrs. Martin, Mr. and Mrs. Dressor and little Miss Helen and Mr. and Mrs. Ellsworth. A delicious dinner was provided. Some fine music was enjoyed and the party was photographed before the day was over.

Five dogs have died out here within a short time with what is supposed to be distemper. One of the number was the fine collie, Teddie Dieterich. Two other much valued dogs are very sick with the same trouble.

We notice Irving Estridge and Mr. Maxeda are driving new auto trucks.

UPSALA

Rev. DeWitt Brower will preach for us again next Sunday after the Sunday school.

Walfred Pierson left for Camp Wheeler again last Friday, his brother Carl and Mrs. Swanson going with him to the station. His visit home cheered up his loved ones as well as did us all good.

Mrs. T. O. Tyner is expecting her mother and Mr. and Mrs. Noah Fry on a visit for the week end.

Rev. Swanson, Mrs. Magnuson and Miss Margaret Ericson were callers Sunday at the home of H. G. Lundquist.

LAKE MARY

J. D. Evans was a Sunday morning visitor to Orlando.

School closed last Friday after a very successful term under the skill-

ful management of Mrs. W. H. Evans.

Mrs. Joe Henry of Orlando spent a couple of days here last week with her home folks. Mrs. Henry was formerly Miss Alice Pellet of Orlando.

Mrs. P. M. Keely and Miss Louise Mole spent a pleasant day in Orlando last Friday.

Mr. and Mrs. John Purdon were Sunday visitors at the home of J. D. Evans and mother.

Mrs. Hester and Mrs. W. H. Evans and two children left Saturday for Jacksonville via Orlando over the Seaboard. They expect to spend a few days in Jacksonville before returning to their home at Tampa.

Mrs. Evans expects to leave in a few days for a month's stay with her son, Frank, in Boston.

Total Eclipse Postponed One Hour

Denver, Colo., May 14.—The total eclipse of the sun forecast to occur on June 8 has been postponed for one hour. This is not the result of any error in the calculations of the astronomers nor is it due to an order by the modern Joshua that the sun stand still, but is chargeable to the operation of the daylight saving law as a result of which the clocks throughout the United States were set forward an hour on March 31st.

In consequence the eclipse will begin in Denver at 4:12 p. m., will become total at 5:22 p. m., will pass over totally at 5:24 p. m. and will end at 6:27. The same variations in the hours of the eclipse will prevail throughout the length of southeastern corner of Washington the fifty-mile belt, extending from the state to the coast of Florida, in which the total eclipse will be visible.

This change in hours will not affect the astronomers, however, all their clocks still are adjusted to standard sun time.

Preparations for observing the eclipse—the first total eclipse of the sun visible in the United States since 1900 and the last until 1923—are going ahead rapidly at the University of Denver observatory, where astronomers from Yerkes observatory will make their observations.

Written in Fifteenth Century.

Written in the fifteenth century, a manuscript containing letters and minor works of St. Cyprian, bishop of Carthage, father of the Latin church, who suffered martyrdom in 258, was one of the most interesting objects when the dispersal of the libraries of Charles J. Groves of Boston, Mass., and others was begun.

FOOD WILL WIN THE WAR

NEW RULES of the Food Administration

Application to Purchase Sugar for Preserving Purposes

1918
I hereby declare to the United States Food Administration that I desire to purchase from _____ of _____ Fla., an amount of _____ lbs. of sugar for my use in preserving or canning

(Give name of fruit or vegetables)
I estimate that the above amount of sugar will be sufficient to preserve _____ lbs. of the fruit or vegetables named.

In consideration of this privilege, I hereby declare that I will return to the dealer filling this application, all surplus sugar not used as specified herein, and I further declare that none of the sugar will be used for other purposes than specified and that none will be disposed of to other persons. I further promise to report direct to the Federal Food Administration at Orlando, Fla., the amount of products through the use of the sugar obtained under this permit.

Signed _____
Address _____

Warning:
The use of this certificate to obtain sugar for purposes other than specified or for the purpose of securing a supply of sugar to be held against scarcity of supply will subject the person signing this certificate to the penalty fixed by the United States Food Administration for hoarding, such penalty being a fine of \$5,000 or one year imprisonment.

Application Filled 1918 by _____
Dealer _____
Address _____
Note: _____

This certificate must be returned to the Federal Food Administration at Orlando, Fla., not later than one week after its use.

To Shippers of Perishable Products
Irish Potatoes Especially
To all Growers, Shippers and County Administrators:

Complaint is being made every day, and our special attention thereto has been called by the Traffic Department of the United States Food Administration, of the improper loading of perishable products shipped out of Florida, and particularly and ESPECIALLY—IRISH POTATOES—that we take this method of advising and urging the use of more care in loading such products.

Specific complaints are among others, that when cars are loaded with barrels the barrels are improperly loaded three and four tiers high on the bidge. Hampers are loaded on their sides and in other ways.

Shipper: here's where you can help in a great many ways to save help in a great many ways to save waste of the stuff to eat, get more for your labor, and at the same time conserve box car equipment.

When you start to load your car-load shipments of vegetables of any kind, and particularly IRISH POTATOES do you first satisfy yourself that the car is fit to load something that is to be eaten? No evidence of leaky roofs, sides or ends?

Then do you stow or indent the lading away from the doors and block, board, anchor, tier or pyramid the load so as to not come in contact with doors or door posts and away from the cracks in the event of rain?

Do you make your tiers so high in one part of the car and low in another that the high tiers make too much pressure on the lower ones?

Do you properly pack and fasten your hampers and other packages? Might I suggest that you study the art of putting your goods through to the trade in first class condition and help us stop this awful waste.

Just a Little Personal Attention Will Turn the Trick

Now, then, are you loading every car to its maximum capacity? Good, Please keep it up and help save the cars.

Investigation develops that many of the serious losses for which complaint and claims are filed by the consignees are the result of careless loading.

Might I ask that you give these little details some of your personal attention and let's stop the waste of

the STUFF THAT MAINTAINS THE GUN AND THE MAN BEHIND IT AT THE FRONT.
The remedy is simple and inexpensive, WON'T YOU GOOD PEOPLE HELP?
Braxton Beacham,
Federal Food Administrator,
Florida.

Many Seem to Think So.
Like everybody else, the paragrapher has his dull days, though, perhaps, the rest of the people feel that the paragrapher has more of them than anybody else.—Wilmington News.

BEST IN THE LONG RUN

Backed by Bumper Mileage

4,178,744 Miles

GOODRICH TESTED TIRES

SAFETY—big and safe as a bank reserve—sure, as the tested surety of chemically tested food—proved, as the tested gold of the assayer's crucible—backs up Goodrich Tested Tires.

It lies in the bumper mileage, that harvest of 1,044,686 linear miles and 4,178,744 tire miles, piled up collectively in 1917 by the Goodrich Test Fleets. East, west, north, south, as the light and heavy cars of the famous Six Fleets mauled Goodrich Tires over city pavement and country road, and mileage multiplied mileage, the tires multiplied that surety with sensational mileage everywhere.

Goodrich's 1918 tires—the handsome, husky tires of generous masterful size any Goodrich dealer will show you—bore the brunt of that road warfare, and conquered America's roads the breadth of our land. How they measured up to Goodrich's confidence in them. Throughout the long, rough going, SILVERTOWN CORDS, and BLACK SAFETY TREADS fought the worst roads without a flinch.

Goodrich's tough, black tread rubber defied the gnawing of the road. The spiral-wrapped, cable-cord tire body took the pounding, and came back with more mileage.

The battle royal tire testing proved Goodrich's 1918 tires have all the virtues of Goodrich Tires and many new. It proved them the tires of durability and dependability for roads anywhere in America.

Get economy, comfort and security in tires wherever you motor by demanding the tires America's roads have tested out in 4,178,744 miles, and crowned "America's Tested Tires."

YOWELL-SPEER COMPANY'S GREAT ANNUAL INVENTORY SALE

Begins Fri., May 17th---Lasting Through Sat., May 25th

A Sale that is so fitting, just at a time when prices are steadily advancing, and yet very cheap considering what they will be when the present crop of cotton is priced, which means at the present speculation another Fifty Per Cent Advance.

It will be a long time before another such sale can be presented---because the looms that made these fabrics are busy themselves now with wartime products. The opportunity is yours---Don't Fail to Profit by it. Goods are marked for this sale at a much less price than we can replace them. Prepare Now---Every day brings a little higher price on merchandise. Not so much a price, but inability to get the merchandise.

WREATHED IN HOLLY

Our Robert of the Sanford Herald suggests a baseball game between Orlando and Sanford on July 4, and promises that Sanford will not use the movable fence.

MORAL: CAN ALL YOU CAN CAN
Florida annually imports \$85,000,000 worth of foodstuff that she should produce.

THE CROSS OF HUMANITY
We can comprehend how the jeering, leering soldiers, standing before the Cross upon which the Son of God was crucified, felt to realize the meaning of that hour, and to understand that He who hung upon the Cross was indeed the very Son

of God, and therefore we can see how they could be unmoved even by the physical agonies of the Crucified One, since their hearts had been hardened to human suffering.

We can understand how the Pharisees might have been unmoved by Calvary's awful hour, and how the very disciples themselves did not fully, until long afterwards grasp the tremendous truths which found expression in the death upon the Cross of the Saviour of mankind.

But we cannot possibly comprehend in even the slightest degree, how any man, woman or girl, whose mentality is sufficient to keep them out of an insane asylum, can face the terrific, the unspeakable and unvoicible agonies of the last three and a half years without having their minds and bodies quickened to concentrate and consecrate their all to saving this country from the possibilities of the fearful agony which threatens us.

Can any soul who thinks of these things disregard the call for conservation of food, for increased production of food, for the building of ships and the doing of all other things needed to give victory to our armies and those of the allies as they battle to save us and civilization?

Can anyone who realizes the situation fail to devote every spare moment of the Red Cross and kindred work and to the utmost limit of ability stand behind the government which they represent?

Surely the people who in this hour are slackers must have reached that state of degradation mentally and spiritually which would seem to justify class them as among those who had committed the unpardonable sin for which even Heaven has no cure.

The men and women who heed not this call, but live unto themselves, who fill their bellies with the glutton's portion, who waste their time or their money on worthless pleasures which add nothing to the nation's strength, who for their own personal profit delay work, or who do not wholesomely throw into the struggle the fullest measure of their power, are cumberers of the ground, a curse to the nation, a disgrace to all mankind, dishonoring the mothers who gave them birth.

RED CROSS AT CHULUOTA

Big Gathering Held Last Thursday Afternoon

Among the enjoyable events of last week in Red Cross circles was the delightful gathering at Chuluota on Thursday afternoon at the attractive bungalow home of Mrs. C. D. Bramley, chairman of the Chuluota Branch of Seminole County Chapter, to meet representatives of the chapter from Sanford.

Mrs. Speer gave a comprehensive, practical talk on Woman's Work and specialized on the hospital garments being made by the chapter, illustrating with finished and unfinished garments.

Mrs. Terheun gave a brief outline of the work of the Red Cross in its wide field and wonderful activities at home and abroad, emphasizing its splendid achievements across the seas; urging the members at home to pull together, to cooperate with unselfish zeal and loyalty.

Later in the afternoon Mrs. Terheun met with the Junior Red Cross school auxiliary who were at work in the school house. Here too was found that earnest spirit of service, for the little folks had been well drilled by their eager and earnest young chairman, Mrs. Averett.

Following the business of the afternoon a delightfully pleasant social hour was spent informally, delicious punch and wafers being served by Mrs. Brumley, Mrs. Snyder and several others.

The Chuluota Branch has been actively engaged in raising funds and making hospital garments since the beginning of Red Cross Work in the county and has a fine record of things accomplished to its credit.

The Next War Tax

Washington, May 15.—Revised estimates of revenue receipts in the current fiscal year ending next June 30 placed at \$4,095,699,000 the sum which the American people will contribute directly to the government, mainly in taxes; for prosecution of the war. These estimates, reported today, to the senate by Secretary McAdoo shows that about one-third the expense of the war this year has been met by taxation and two-thirds by Liberty Loans.

The report disclosed that about \$2,775,185,000 will be collected on the basis of income and excess profits tax returns on file May 4, about \$348,000,000 more than the yield estimated when the war revenue law was enacted last October, but less than the \$3,000,000,000 recently estimated. The total now expected from internal revenue war taxes included receipts from income and excess profits tax returns of \$3,643,599,000; from customs \$180,000,000, from miscellaneous sources including \$40,000,000 earnings of increased first class postage \$270,000,000 and from sale of public lands \$1,800,000. Estimates of internal revenue receipts last fall were about \$3,400,000,000.

Increase Railroad Rates

Washington, May 15.—Estimates made today by railroad administration officials indicate that an increase of at least 50 per cent in freight and passenger rates will be necessary this year to meet the higher cost of fuel, wages, equipment and other operating expenses, now set at between \$600,000,000 and \$750,000,000 more than last year. Recommendation that rates be raised by approximately this percentage has been made to Director-General McAdoo by his advisors. He is expected to act within the next six weeks and to put increases into effect immediately.

Such an increase as is proposed would be the biggest in the history of American railways, as the percentage is larger than any ever sought by the railways under private management, and would apply alike to the entire country. Both classes commodity schedules would be affected.

Rate experts of the Interstate Commerce Commission and railroad

administration are now at work on new schedules. Any increase to be ordered will be arranged in a manner to preserve rate relationships between communities and regions, officials said today, so that industries and commercial interests will be subject to the same degree of rate competition as at present.

Passenger fares would be raised under the plan suggested to about three cents a mile.

Agents' Report—War Stamps

Week end reports of agents to county chairman in the Thrift and War Savings Stamp sales show the following:

Table with columns: Name of Agency, War Svc., Thrift. Includes Sanford Post Office, Lake Mary P. O., Wagner P. O., Oviello P. O., Lawton Bros., C. L. Polk, Longwood P. O., Court House Club, C. L. West.

Figures refer to the number of stamps sold and not to the value of stamps. Thrift Stamps are 25c each, while War Savings Stamps have different values for different months—For month of May each War Saving Stamp is worth \$4.16. The report of postoffices do not include stamps sold to authorized agencies.

The county chairman requests agents who were late in making their report this week to make an effort to make them earlier next week so as to get the report in the paper.

EAT NEW POTATOES

Department of Agriculture Urges Them Instead of Wheat

Washington, D. C., May 16.—As new potatoes come in, eat more of them this spring than you usually do reducing proportionately your consumption of wheat products. You will be helping to save food for war winning. You will be helping promote the prosperity of the south. There is an abnormally large hold-over of northern potatoes now moving to market; they are very cheap. If the new southern crops move as early as usual the market will still be flooded with this old supply. Southern growers are being advised by the United States department of agriculture to delay digging their crop and to hold back its marketing

A. Newman, Dr. and Mrs. Puleston, Mr. and Mrs. T. E. Wilson, Mr. and Mrs. E. F. Housholder.

and not interfere with any other entertainment that might take place that night.

A Good Report

In a letter to Mr. M. Fleischer from Jacob H. Schiff and Oscar Straus, both well known millionaires of New York City, who are at the head of the American Jewish Relief Committee they asked Mr. Fleischer to be so kind as to spare some of his valuable time and try to collect some money for the benefit of the war sufferers in Europe, who are being deprived of food, clothing and their homes.

Mr. Fleischer took some time and collected as follows, which not only he thanked the people for their kind contribution but also for the people who will be benefited by the use of this money.

F. Schwartz	\$5.00
F. F. Dutton	5.00
M. Fleischer	5.00
F. S. Frank	5.00
S. O. Chase	5.00
F. P. Forster	2.50
B. F. Whitner	2.50
O. L. Taylor	2.00
R. R. Deas	2.00
R. A. Newman	2.00
A. R. Key	2.00
Chas. Kanner	2.00
A. Kanner	2.00
S. Benjamin	2.00
J. Dressner	2.00
L. Krauss	2.00
Yowell-Speer Co.	2.00
Forrest Lake	2.00
B. Baumerand	2.00
J. D. Davison	2.00
W. A. Lefler	1.00
L. Meltzer	1.00
J. L. Miller	1.00
J. W. Dickins	1.00
John Russell	1.00
Bower & Roumillat	1.00
J. G. Ball	1.00
F. L. Woodruff	1.00
Total	\$64.00

The above amount was forwarded by Mr. Fleischer to the "Jewish Relief Committee" of New York.

Eight hundred shipbuilders in the government shipbuilding plant at Jacksonville have agreed to work Sundays for nothing, refusing to accept any pay whatsoever for work done on that day. The decision to do this for Uncle Sam was prompted by patriotic motives, the workmen desiring to contribute their bit in the way of a donation to the nation in this way.

Palmetto's new canning factory began work recently, putting up tomatoes. The establishment is capable of turning out 400 cases per day, or 9,600 cans. The tomatoes are scalded, after which they are peeled, put into cans and then cooked.

The establishment of this enterprise will enable truckers to get something out of products which would probably otherwise go to waste, as after the tomato season is over other vegetables are likely to be handled.

Palm Beach and Dade counties have each about 2,500 acres in castor beans, leading South Florida counties, in acreage in this crop. A larger proportion of the castor bean crop in Florida has been planted. In some sections planting will be continued into May and the seed put in to follow truck and potato crops. Cold weather and high winds, with draught in South Florida and excessive rains in some of the northern sections, made the planting season somewhat belated and in some parts injured the stand from the first planting. As a rule, however, the reports are encouraging. The stand averages from 60 to 75 per cent, and with warmer weather throughout the state and showers in the south during the last week, conditions have bettered and the outlook is very favorable.

Lieutenant Wight as Instructor
The many friends of Lieut. Ralph Wight of this city will be pleased to learn that he has been made instructor for the drafted men and will be located at the University of Georgia at Athens this summer which will be his headquarters. This is a signal honor for this young officer and demonstrates that Ralph has not been idle since he has received his commission.

Army of Five Millions
London, Eng., May 16.—American preparations on the western front are amazing in their intensity and plans are being made to care for 5,000,000 American troops, Harry E. V. Britain, secretary of the military branch of the Pilgrims Club, told the Royal Colonial institute last night. "If the Germans do not give in," he added, "the number of American troops will be increased to any amount necessary."

Sir Charles P. Lucas, former head of the dominions department at the colonial office said he wondered if the Germans realized what the entry of America into the war meant. It

Music Department of Woman's Club
The last meeting of the Music Department for this season will be held next Tuesday afternoon, May 21st at 3:30 in the club house. A very interesting program of music of the "Olden Days" has been arranged. Club members and their friends are invited. A silver offering for the department's general club fund will be asked. The program follows:
Chorus Club Chorus
Vocal Solo, Laps with the Delicate Air Arne
Mrs. Vance Douglas
Vocal Duet, Whispering Hope
Mrs. Ed. Higgins and
Mrs. F. L. Woodruff
Piano Solo, Selected Mrs. Aspinwall
Vocal Solo, Selected
Mrs. Lucille Aspinwall Takach
Piano Duet, The Last Waltz Weber
Miss Martha Fox and Mrs. Seoghan
Chorus Club Chorus

COMMUNITY SING
Under the auspices of the Music Department of the Woman's Club a community sing will be held in the City Park, Sunday afternoon, May 19th at 4 o'clock. The Sanford Band and the Woman's Club Chorus will assist and everybody is expected to come out and sing. The Home Guards, Boy Scouts and school children are especially invited. The songs are all familiar, bring your own books. A regular collection of community songs may be purchased from members of the Music Department, while the present supply lasts for 20 cents a copy. Below is the program:

Assembly, Bugle Call
Mrs. Robert E. Herndon
Address, Community Singing
Rev. DeWitt Brower
America
"Come Thou Almighty King"
Columbia, Gem of the Ocean
Keep the Home Fires Burning
God Ever Glorious
Hail Columbia
Onward Christian Soldiers
The Star Spangled Banner
Call to Quarters, Bugle Call
Mrs. Robert E. Herndon

These community sings are being held all over the nation and if the response here to this effort is such as is being made in other places, more community sings will follow.

Sears Here on 24th
Congressman W. J. Sears will speak here on Friday night, May 24th at eight o'clock at the corner of Park avenue and First street. Congressman Sears has served the Fourth District for two terms and will be here on a flying trip that he has taken from his duties at Washington to tell the people what he has accomplished as their congressman. Mr. Sears is no stranger in Sanford and there will be a large crowd out to hear him Friday night, May 24th. Everybody invited to hear him speak. The band will play and the hour has been placed at eight in order to give the people an opportunity of hearing Congressman Sears

and the heart of America is full of gratitude for what England's sons have achieved.

Exceptions to All Rules.
In so complex a thing as human nature, we must consider it hard to find rules without exceptions.

Circle of Ulloa.
The circle of Ulloa is a white rainbow or luminous ring sometimes seen in Alpine regions opposite the sun in foggy weather. It's an odd sight.

DOES IT PAY

To Have Tires Retreaded and Relined?

We Say It will Pay You and Pay You Well

Tires Rebuilt by our Process will give you from 3,000 to 4,000 Miles Extra Service at a Cost of from One-Third to One-Fifth the Cost of a New Tire, as proved by Scores of Rebuilt Tires we now have Rolling. We have Discarded Entirely the Band Tread in Rebuilding and by OUR NEW PROCESS Incorporate the New Rubber with the Tire, thereby Insuring the Longest Life Possible for a Retread.

Don't Discard your old Tires as long as there is a Mile of Service in them. Have them Rebuilt and let the Government have the New Tires that it Stands so much in need of.

Bring your old Tires and Tubes to us and if they are not Worth Repairing we will Tell you so.

We have Increased our Force of Help and there is now no Delay in Getting out Repairs.

LEGAL ADVERTISING

Notice of Application for Tax Deed Under Section 8 of Chapter 4888, Laws of Florida...
Notice is hereby given that R. H. Mulhead, purchaser of Tax Certificate No. 324, dated the 6th day of July, A. D. 1915, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: SW 1/4 of SW 1/4 of Sec. 32, T. 19 S. R. 31 E. 10 acres. The said land being assessed at the date of the issuance of such certificate in the name of H. A. Lovejoy. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 20th day of May A. D. 1918.

SHERIFF'S SALE
Notice is hereby given that under and by virtue of an execution issued out of and under the seal of the Circuit Court of Seminole county, Florida, dated May 3rd, 1918, wherein The American Laundry & Machinery Company, a corporation, is plaintiff and J. H. Overman, etc., is defendant, I, as Sheriff of Seminole County, will, during the legal hours of sale, Monday, June 3rd, 1918, before the court house door of said county, offer for sale and sell to the highest and best bidder for cash, the following described personal property to-wit: One Tubular Steam Laundry Boiler, with flues and attachments, now located on the old Progress Steam Laundry site in Sanford, Florida, said property to be sold as the property of J. H. Overman, the defendant, and to satisfy said execution and costs.

NOTICE TO PAYING CONTRACTORS
Sealed proposals will be received by the county commissioners of Seminole county, Florida, at the office of the clerk of the Circuit Court of the county of Seminole, at Sanford, Florida, at or before 10 a. m., June 1, 1918, for grading and paving 8 feet wide with brick Geneva avenue from the St. Johns river west, approximately 1-1/2 miles to the east end of the present brick paving. Each proposal to be accompanied by a certified check made payable at sight to the clerk of the Circuit Court of Seminole county, Florida, for \$750.00.

Notice of Application for Tax Deed Under Section 8 of Chapter 4888, Laws of Florida...
Notice is hereby given that William Jacobs is purchaser of Tax Certificate No. 815, dated the 2nd day of June, A. D. 1918. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lot 9, Block E, Villa Mills. The said land being assessed at the date of the issuance of such certificate in the name of Bishop Moore Heitz.

Also: Notice is hereby given that William Jacobs is purchaser of Tax Certificate No. 277, dated the 4th day of June, A. D. 1901. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lots 3 and 5, Block E, Villa Mills. The said land being assessed at the date of the issuance of such certificate in the name of L. H. Cully.

Also: Notice is hereby given that William Jacobs is purchaser of Tax Certificate No. 282, dated the 2nd day of June, A. D. 1918. Said certificate embraces the following described property situated in Seminole county, Florida, to-wit: Lot 6, Block E, Villa Mills. The said land being assessed at the date of the issuance of such certificate in the name of J. N. Tanner. Has filed said certificate in my office and has made application for tax deeds to issue in accordance with law. Unless said certificates shall be redeemed according to law tax deeds will issue thereon on the 5th day of June, A. D. 1918.

An Ordinance Regulating the Distribution of Hand Bills, Show Bills and Advertisement Matter of Every Description to be Issued or Distributed by the Mayor and City Council of Sanford, Florida.
Section 1. That it shall be unlawful for any person or persons, by himself or by any other party in his employ, to distribute, placards, circulars, show bills, hand bills or any other advertisement matter by the delivery thereof to some person inside of any residence of the city of Sanford, Florida, or to attach, post, print, place, paint or stamp placards, circulars, show bills or other advertisement matter upon any public place or object in the city, or upon any fence, building, telegraph pole, electric light pole, hitch post, tree or any other object.

I hereby certify that the foregoing ordinance was duly passed by the city council of Sanford, Florida, in session this the 6th day of May, A. D. 1918.
JAS. C. ROBERTS, City Clerk.
Approved by me this the 6th day of May, A. D. 1918.
J. D. DAVIDSON, Mayor.

There being no further business, board stands adjourned to meet again on the 3rd day of June, 1918.

Chicken Livers
An old hen has a much larger liver than you in proportion to weight or food eaten. Then it follows that they get bilious just like you do. They are grouchy, cross, unhappy. Start the liver and make her happy. Then she will lay eggs all the winter. Come and get a package of B. A. Thomas Poultry Powder. Feed it occasionally. See your hens perk up—hear them sing—look for eggs. Your money back if it fails. L. Allen Seed Co., Sanford, Fla. 78-tfc

Marketing Hogs
Beats burying them. Steve Hoover, Mt. Pleasant, Iowa, writes, "Commenced feeding my herd of about 100 hogs B. A. Thomas' Hog Powder over two months ago. Fifty were sick and off feed. Nearby herds had cholera. I did not lose one—they are well and growing fast." L. Allen Seed Co., Sanford, Fla. 73-tfc

STEP TO VEIL TARTAR WOMEN

Mohammedan Order Enlarges Handkerchiefs to Hide Face of Wives and Daughters.

Petrograd.—The Mohammedan Tartar men of Tchistopol district, province of Kavan, have ordered their wives and daughters each to sew half a square of extra material to the handkerchiefs with which they cover their heads.

The women long ago ceased to veil; but when meeting unknown men they took a tab of the bow formed by tying handkerchiefs beneath the chin, and held the tab before the face in place of a veil.

Unluckily, as the handkerchiefs with the passing of time grew smaller, the tabs ceased to cover the face, and the act became only a symbol. To make it again a reality husbands and fathers are insisting on bigger handkerchiefs.

THE FLY

By Theodosia Garrison of The Vigilantes.

The bearer of fool-stories, I would liken to the Household Fly, Who is, considered at its best, A Germ-Conveyer and a Pest.

"The Red Cross sells the things we knit" "Our camps are evil—men unfit!" These are the germs they bear about To spread distrust and gloom and doubt.

With Sense and Science let us try Elimination of The Fly.

BABE IS BORN IN A SKIFF

Stork Comes While Mother is Being Removed From Water-Bound Home.

Cincinnati.—The baby of Mrs. J. W. Bogart, forty, of Newport, is doing fine despite the fact that it was ushered into this world during the overflow of the Ohio, under unfavorable circumstances. While her husband was removing her from her water-bound home in a skiff Mrs. Bogart gave birth to a girl. The icy waters from the Ohio swirled around the skiff.

More and more the enclosed motor car grows strong in popular favor. It's natural, especially with Ford cars, which are busy running every day of the year—winter and summer the Ford serves faithfully and profitably. So for a real genuine family car there is nothing equal to the Ford Sedan at \$695 f. o. b. Detroit. Seats five. Large doors, plate glass sliding windows, silk curtains, deeply upholstered seats, latest type ventilating windshield—a car of refined luxury with the everlastingly reliable Ford chassis. Come in and know more about this superior car.

CHANDLER SIX
Famous For Its Marvelous Motor

Why Women Choose The Chandler
WOMEN choose the Chandler Six quite as much for the ease with which they may drive it on any kind of roads or in any kind of traffic, as for the grace of its body designs, the comfort of its deep-cushioned seats and the beauty of its finish. They choose the Chandler, too, because of its mechanical dependence, its ever-readiness.

Thousands of women drive Chandlers, and, even though they may not know the why of its mechanical excellence, they know and appreciate the extraordinary quality of this great car. Chandler body designs offer a pleasing range of selection.
