

Seminoles Seek First Win With Palatka Here Tonight

Junior Metts, Davis Will Be Missing; "Randy" Reynolds, Stafford To Start

By KENT CHETLAIN
Seminole High School's three-tinged varsity quintet, still seeking its first East Florida Conference defense against the Palatka Maroons in a doubleheader bill featuring the junior varsity clash in the opener at the SHS gym tonight.

Most cage experts rate this evening's clash a toss up, leaning slightly toward the Celery Feeds, despite their 63-57 record. Neither Palatka nor Sanford has been able to impress anyone this season.

Experts who favor Sanford say the Seminoles have lost to three of the best Central Florida prep quintets in absorbing shellackings from Winter Park, Edgewater and the powerful Mainland Maroons.

The junior varsity opener is conceded to Sanford on the basis of its 32-22 triumph over the Mainliners last month and its 1-1 record's record.

Meanwhile, a local turn of events turns most of these prognostications upside down. Junior Metts, who started the season with an injured ankle, a carry over from the grueling griddiron season, has been fighting a severe cold for the last few weeks and will probably be rested this evening by Coach John Scott, who himself is recovering from a bad cold of five weeks duration.

Starting forward Ray Davis will be missing when the clash begins because of an untimely trip to Tampa with the band of Fed players. Because these players will be hard driving senior forward Frank Stafford and unpredictable Randy Reynolds at the guard.

Stafford led the Feeds in their last out-of-town game against the mighty Mainliners with an average of 16.5 points. Reynolds scored three points in that clash and has a 3-point game average as a result.

While Jimmy Kridler, star junior center, was not in school yesterday and is known to be recovering from a heavy cold, Coach Scott is banking on his lanky 6-foot-2 pivotman this evening.

Gordon Clark, the Feeds' high scorer with 31 points in four games for 11.3 average, will start at the right forward spot and hope to overcome his tremendous 5-point effort against Mainland last month.

VJ-62 Scores 35 Points In Last Period To Whip NAAS, 77-62

Runnells Tallies 18 Points And "Ike" Eisenbrand Adds 16 For Photo Squad.

After scoring only two points in the first period, VJ-62 Photo Squadron of the Sanford Naval Auxiliary Air Station came back to burn the cords for 35 markers in the final stanza handling their intra-base rivals, NAAS, a stunning 77-62 defeat in a March of Dimes benefit game played in the Seminole High School Gymnasium last night.

Trailing throughout the first three periods, VJ-62 came from behind for the first time in the evening early in the last quarter when Bill Clark scored a driving lay-up for the photographers, cutting down the NAAS lead to 49-48.

Clark was fouled and his subsequent charity toss rolled around the rim and was tipped in by Avra Runnells, putting VJ-62 out in front for the first time in the evening, 50-49.

The lead lasted but a few seconds when the photographers fired a court-length pass to Lee Yelvington, former Miami Edison star prep center, under the VJ-62 basket where the lanky NAAS center promptly leaped into the air and deposited the lay-up, giving the regular Sanford base five a 51-50 lead.

VJ-62, not to be outdone, zoomed back into the lead second later when Bill Magoon tossed the ball to big Joe Merslich deep in NAAS territory to enable the curly-headed giant to score on a driving lay-up.

From this 52-51 margin, the VJ-62 quintet went on to build up the eventual 15-point spread and win in the remaining minutes.

While both teams are entered in the Orlando City League, this benefit clash was not a regular league contest. It gave the Sanford Photographers a 1-3 season's record. They were slated to play the Boca Chica Command Squadron of the South Florida Service loop, but the Key West flyers were unable to make transportation connections and had to cancel the game at the last minute.

The regular Sanford air base team, NAAS, agreed to play the Photographers in place of Boca Chica in a quick succession of decisions, late yesterday morning, in Florida. VJ-62 could fulfill its obligations to the Seminole County March of Dimes drive.

Gator-Vandy Game Will Receive Top Billing On Monday

Mrs. H. McGough Claims Class "A" Golf Tourney Win

GAINESVILLE (Special)—One of the top Southeastern Conference basketball games of the year will take place in Nashville Monday when a hot-handed Florida quintet mixes it up with Vanderbilt's consistent eagles.

The youthful Gators will be seeking their fifth straight win and their first on the road as they carry their 6-1 record into the fray. Vanderbilt holds a six and three margin, but has been beaten only by top-ranked Louisiana State, strong Duke and Tulane outfits, while taking the measure of Virginia, Davis Lipscomb, Texas, Baylor, Tennessee and Yale, all at home.

Vanderbilt's new Memorial Gymnasium seems to hold the same magic charm over opponents that Florida's three year old Gymnasium does over its visitors. Neither team has been defeated on home grounds this season, and neither has managed to win on the road. Florida's lone loss was a two-point upset by Miami in the Magic City.

Florida's Coach Mauer now has his squad at full strength for the first time this season, with the return of grid fullback Rick Cavara. The lucky center, a pre-season All-Conference choice by many, lost two games to the Gator Grid warriors, but is now returning into two form.

He will have to hustle, however, to meet the stiff competition being offered by high-scoring Curt Cunkle, bangor leap forward, ranny Roy Roberts, who, at 6-5 is the team's tallest member, and hot-handed freshman Augie Greiner, whose 10 point Gator Bowl tournament performance led the factors in their second straight championship. In the backcourt will be sophomore sharpshooter Sonny Powell and freshman smoothie Bobby Nims.

Cunkle leads the team as does his 71 rebounds, but he is pressed by Roberts in both departments with 92 points for 10.8% success. Greiner has hit for 10.8% success and a total of 86 markers, while Powell has 69, Nims 61 and Cavara 56.

Vanderbilt, equally as youthful as the Gators, will be another in a long list of teams to whom Florida will have to give away better than two inches per man in height. The Commodore's leading scorer, Cunkle, stands 6-3, has 240 bounds, and 6-1 guards, Clarence Taylor and Tom MacKenzie.

They are supported by 6-7 center Jimmy Cummings, 6-3 Joe Wiley and Captain Bob White, the squad's only senior. On the roster is 6-6 freshman Charles Harrison who last year was a member of St. Petersburg High's fine quintet.

MIAMI (Special)—The West Flagler Breeders' Nursery Stakes, to be run Feb. 4, will carry a purse of \$42,700—richest Greyhound race in the state.

MIAMI (Special)—Joe Brodsky, Miami Jackson's 210-pound fullback who was all-city in 1951, has announced he will enter the University of Florida on a grant-in-aid scholarship.

Rocket Speedway To Hold 100-Lap Feature Sunday

"Wild Bill" Tindall Will Enter Large Stock Car Event

ORLANDO (Special)—Because of the intense enthusiasm of the big crowd that stood and cheered the New Year's day stock car races at Rocket Speedway, another great program of "100 Laps of Racing" will be presented again this Sunday afternoon at 3:00 p.m.

The feature event on Sunday's thrill packed race card will be the 50 lap "Orange County Handicap," where the greatest array of Florida drivers ever assembled will compete in the torrid race of 50 times around the asphalt banked oval.

Facing fans and many other spectators who merely went to the New Year's day races to "have a look" are still raving about the feature event. However, racing officials declared today that the drivers are going all out this Sunday to provide even more thrills and spills.

Cars rolling over, smash ups, spillover, daring drivers breaching their way through wrecks after wreck giving many a thrill to the most blasé racing spectator.

Sheriff Dave Starr has been invited to be the honorary starter at the races this Sunday.

Racing officials at Rocket Speedway wish to invite the many tourists of Central Florida to be their guests and assemble out to Rocket Speedway and enjoy the sunshine this Sunday afternoon and this thrilling sport.

The annual Dot Powell women's golf tourney will begin next Wednesday afternoon at the Seminole Country Club.

B. MacHardy, Vancho Net 45 For Rollins

WINTER HAVEN (Special)—Rollins finally overtook Florida Southern in the last quarter Thursday night to win an 81-76 basketball victory.

FSC led most of the way, but after the lead changed hands five times, Rollins took full command thanks to a hot streak by Bob MacHardy, Nick Vancho and Don Weber.

NCAA Is Faced With Perplexing TV Problem At Today's Meeting

By ARTHUR EDSON

WASHINGTON (Special)—The National Collegiate Athletic Association faces a decision late today on whether it should keep a tight hold on televising college football games or whether it should allow each school to do as it pleases.

The best guess on the outcome: another bumping verdict for controlled televising.

A substitute motion by Pennsylvania, seconded by Notre Dame, to allow each college to make its own TV arrangements, seemed likely to attract little support.

No definite time was set for the vote, but late afternoon appeared to be a good guess. And if the boys get too wound up in their oratory, they may not get around to voting until tomorrow.

Although many television fans have complained about the NCAA football diet that, generally speaking, gave them one nationally televised game a week, the TV committee stuck by its guns yesterday in a 39-page report.

"Television continues to be a serious threat to the welfare of college football," the report said. That led to this conclusion: "Supervision of college football" telecasts must be maintained.

The report was assailed by Chris J. Witting, managing director of calosa (homecoming).

Oct. 31—Georgia at Athens.

Nov. 7—Chattanooga at Tusculoosa.

Nov. 14—Georgia Tech at Birmingham.

Alabama Lists Only 3 Grid Games Only

TUSCALOOSA, Ala. (Special)—A tentative 1953 schedule for the University of Alabama lists only three football opponents for the Crimson Tide to face on foreign soil.

Georgia, Maryland and Vanderbilt will be the only out-of-state games, according to the probable football opponents for the Alabama, three of them in Birmingham.

Miami and VPI, 1952 opponents, have been dropped this year. Vandy is returning after a one-year absence.

The tentative schedule: Sept. 18—Mississippi Southern at Montgomery.

Sept. 26—LSU at Mobile.

Oct. 3—Vanderbilt at Nashville.

Oct. 10—Tennessee at Birmingham.

Oct. 17—Tennessee at Birmingham.

Oct. 24—Mississippi State at Tusculoosa.

Nov. 7—Chattanooga at Tusculoosa.

Nov. 14—Georgia Tech at Birmingham.

Harold Appleby Leads Mailmen With 210 Game

Loop Leading, Stine Machinists Repell Ace Glassmen, 2-1

The Post Office's two Harold's, Herold and Appleby, teamed up to give the mailmen a 2-1 victory over the hapless Florida Power and Light bowlers in City League action at the Sanford Bowling Alley last Wednesday night.

Appleby rolled the highest individual game in circuit play with a 210 performance while Herold hit for a pace setting 505 score.

Appleby rolled the highest individual game in circuit play with a 210 performance while Herold hit for a pace setting 505 score.

Meanwhile, Orville Touchton and K. R. Shuff combined to enable the Stine Machine bowlers to rout the second place Ace Glassmen's bid for the league, dropping the window fillers, 2-1. Touchton rolled the high series, 482, while Kirchhoff recorded a 291 game. Jack Kanne was the top man for the losers, 460.

The Stanley Rogers bowling team picked up ground on the second place Ace Glassmen at the expense of the Celery City Printers. Perennial Paul Perold showed the way for the Rogers men's 2-1 triumph with the Orville Touchton longie high 523 series for the evening.

Hartwick registered a 521 high figure for the losers.

Malloy Faces Davis In Dixie Tournament

TAMPA (Special)—The going gets tougher today in the Dixie Tennis Tournament with seeded players meeting each other after three rounds of mostly easy triumphs.

First seeded Gardner Mulloy, Miami, takes on Bill Davis, Knoxville, Tenn., No. 7.

Bernard Barthe, San Angelo, Texas, No. 2, plays dark horse Jerry Moss, Miami Beach.

Bryan "Bitty" Grant, Atlanta, No. 4, faces Calhoun Dickson, Tampa, No. 5.

Five-year-old former national boys champion ousted eighth-seeded Dan Sullivan, St. Petersburg, Thursday, 4-6, 6-3, 6-0.

Mulloy defeated Nelson Mason, Tampa, 6-2, 6-3; and Jack Staton, Orlando, 6-0, 6-3.

Grant topped Allen Quay, Tampa, 6-4, 6-3; Alfredo Miller, Mexico City, beat Ivy Wilson, St. Petersburg, 6-3, 6-0; David eliminated Alberto Daniel, Mexico City, 6-2, 6-1.

The Cincinnati Reds will play 22 spring training games in Florida. Twelve of them will be played at Plant Field in Tampa.

MIAMI (Special)—The West Flagler Breeders' Nursery Stakes, to be run Feb. 4, will carry a purse of \$42,700—richest Greyhound race in the state.

MIAMI (Special)—Joe Brodsky, Miami Jackson's 210-pound fullback who was all-city in 1951, has announced he will enter the University of Florida on a grant-in-aid scholarship.

Truman Drops Criminal Suit Against Firms

Anti-Monopoly Action Against Oil Companies May Be Diverted To Civil Steps

WASHINGTON (AP)—President Truman today dropped the dropping of criminal anti-monopoly proceedings against five major oil companies—provided the companies produce records for a grand jury investigation. In a letter to Attorney General McGranery, Truman said he was acting "as a result of factors which have emerged since the institution of the current grand jury investigation of the international activities of the major oil companies."

Truman's letter did not say what these "factors" are. They have been reported, however, that the National Security Council—made up of the government's top policy planners—was concerned that a grand jury investigation would jeopardize U. S. global interests.

Truman directed that McGranery confer with representatives of the companies to ascertain if they will agree to enter into a stipulation to make records available for a civil case.

His letter added: "I am sure that a civil proceeding is more appropriate and that appropriate steps be taken to cause the termination of the pending grand jury proceedings."

The whole case originated in a Federal Trade Commission report that major U. S. oil companies have worked with foreign companies to divide up the world oil market.

Stephen J. Spingarn, a member of the commission, called on Truman a few minutes before the announcement of the President's conditional offer to drop the criminal proceedings.

Spingarn told reporters it looked to him as if the oil companies had performed "one of the greatest stunts in the history of the world," by convincing the State Department and other federal officials that the grand jury probe should be dropped.

The investigation now, Spingarn said, would be in the hands of Soviet propagandists.

Concert Given On Last Friday Night By Ionian Singers

Demonstrating extreme skill in executing intricate interpretations of novel musical arrangements, the Ionian Singers presented a stellar performance as the responsive audience clearly indicated throughout the concert last Friday night in the Southside Primary School Auditorium.

The quartette, which literally brought down the house with huge bursts of spontaneous applause, forcing numerous encores, constituted the third program in a series of concerts being presented by the Municipal Concerts of Sanford.

The quartette's selections were sung without instrumental support, or in scappella, with the single exception when a piano was used in the number entitled "From Backwoods to Nursery and Drawing Room." Bartone Jean Pilon accompanied the quartette at the piano during this portion of the program.

Members of the group's regular singing agenda, it displayed versatility in singing extra novelty numbers as part of the encores.

The quartette was shared by Albert Barber, second tenor, Mr. Pilon and Mildred Martin, the bass and the only charter member of the foursome. Alan Adair was the first tenor. Equally prominent as their singing were their snacking voices which added a gracious note of informality to the program.

At the conclusion of the concert both singers and spectators agreed the singers were a definite "shot in the arm" for music lovers as well as the concert series.

The Municipal Concerts of Sanford will present its fourth in the winter series on the night of Feb. 9 when the Nassau River Quartette and Lucia Rocco will present what is expected to be another interesting musical program at the Southside Primary School Auditorium.

PATROL KILLS TWO
NARROBI Kenya (AP)—Police said today two Africans tried to train a Kenya regiment north after villagers to lead the soldiers into Mau Mau country. Both were killed.

The two Africans were arrested on membership in anti-white Mau Mau society. Prisoners are being held from them after they had tried to lead the Mau Mau of an African unit while other members of the patrol were investigating conditions ahead.

County Commission Reorganizes

J. F. McClelland (seated, third from left) a 10-year veteran of the Seminole County Board of County Commissioners, was elected chairman Friday at a reorganizational meeting. O. E. Fournaker (seated at Mr. McClelland's left), was named as the vice-chairman. H. B. Pope (standing at far left) and W. G. Kilbride (standing, second from right) relinquished their Commission seats to their successors, W. B. Brown and Raymond Stubbins (from left) and John Mosch (standing, third from right). Lloyed F. Boice, County Attorney (left) and O. P. Herrington, County Clerk, also are seated at the table, while others standing are (left to right) L. C. Dodd, immediate past chairman; Luther Hobbs, the new Sheriff; and P. A. Merritt, former sheriff.

Funeral services were held at 3:00 o'clock this afternoon in Holy Cross Episcopal Church for Vivian Alexander Speer, 57, victim of an automobile accident which occurred four miles west of Daytona Beach at 10:35 p.m. Saturday. He died shortly afterwards in the Halifax Hospital. Father H. E. Zimmerman officiated at the services and interment was made in Evergreen Cemetery.

The condition of Mrs. Blanche Stinger, a passenger in the Speer car, who was seriously injured in the accident, was reported at noon today as still critical at the Halifax Hospital in Daytona Beach. She suffered multiple fracture of both legs and lacerations of the head.

The condition of Volusia county Sheriff Jim Tucker, injured in the same accident, was reported as somewhat improved. He was also in the Halifax Hospital. Tucker had only recently succeeded Alex Littlefield as sheriff of Volusia county.

The fourth victim of the two accidents, Walter Davis of Chattanooga, Tenn., was killed almost immediately. He was reported to have been under parole for burglary committed in Georgia last year.

The accident occurred west of Daytona Beach Saturday night when the Davis car was parked on the side of the highway which was parked across the highway. No reason has been discovered yet why the Davis car was parked in this position, according to investigating officials.

Sheriff Tucker, son of Dr. J. Powell Tucker, pastor of Orlando's (continued on Page Six)

H. H. Benton Dies At Lake Mary Home

H. H. Benton, Lake Mary resident for the past 18 years, died at the home of Mr. and Mrs. J. H. Skewes with whom he made his home, at 1:00 a.m. yesterday following a long illness.

He was born Dec. 3, 1882 in North Adams, Mass., and was a retired mining engineer. He was employed by the Lake Mary Post Office.

Survivors include one brother, Perry B. Benton, Sr. of Dayton, Ohio; and several nieces and nephews.

Services will be held at Dr. Brown's Funeral Home at 10:30 a.m. Wednesday with Rev. White and Rev. Lucian Scott officiating. Burial will be made in Evergreen Cemetery.

George Hague Hurt In Auto Accident

George Hague, about 50, Sanford, was taken to the Fernald-Laughton Hospital this morning with severe lacerations of the forehead and nose after his head went through the windshield of his car in a mishap on Pineway Road, off of South Sanford Avenue.

Highway Patrolman R. D. Harrison said that Mr. Hague was traveling east on Pineway Road about 6:00 a.m., left the road on the left side and struck the edge of a culvert. Damage to the 1951 Ford coach he was driving was estimated at \$500.

Mr. Hague, Patrolman Harrison said, walked to the residence of J. B. Brown, who took the injured man to his home and then to the hospital.

Work On 2 Roads Being Requested By County Board

County Commissioners, meeting this morning with the Chamber of Commerce, passed a resolution requesting construction work on two roads, for presentation to a district meeting of the State Road Department Friday at 1:30 p. m. at Deland.

The two roads, which are eligible for assistance from the federal government, are the Southwest Road, or Chapman road which leads from Ovidin to the Cheney Highway and the Forrest City-Lake Mary Road, or the Sandlot Springs Road.

In addition to the resolution, a letter will be presented requesting completion of the road going from Coley Avenue to New Smyrna Beach, in conjunction with Volusia County; completion of the French Avenue widening project, and the widening of State Road 16, which runs from Geneva Avenue to Lake Jessup.

A letter from Wesley A. Sweet, district engineer, to County Commissioners indicates that a deficit exists in state funds for building primary roads, but that this situation brings about a surplus of federal funds. "This money can be used on primary and certain secondary roads," the letter states. "Please bear this in mind when planning your secondary program for 1953. Your money will go almost twice as far if you spend it on roads suitable for federal participation."

The Commission stipulated this morning that no County road funds will be spent on the primary road system. As J. P. McClelland, chairman, stated, "That's the state's obligation." A considerable amount of money already has been spent by the County for acquiring rights-of-way for primary roads. It was stated at the meeting, which should suffice in that respect.

Mr. McClelland, who proposed the roads to be presented to the district meeting, stated it should be brought out at the meeting that only as much as is necessary from available funds should be used for the two roads. H. C. Dodd, chairman of the Board of County Commissioners, said that both roads fell under the federal aid program.

The meeting at Deland is being arranged at the request of J. Saxon Loyal, Daytona Beach, member of the Board of County Commissioners for this district, according to Mr. Sweet. The meeting will be conducted as a 1953 (Continued on Page Six)

City Commission To Meet Tonight

Appointments to the Sanford Industrial Board will be made tonight at the regular meeting of the City Commission, the agenda prepared by City Manager Tom Lamon states.

Also, bids for auditing the City's books will be received. A report is scheduled to be made by the Traffic Committee concerning the West First Street traffic problem and on the feasibility of installing parking meters on the north side of Commercial Avenue, between Road and Park Avenues.

A report is to be made on a petition for street improvements from citizens on Fourteenth Street, west of Olmsted Avenue, and a request will be considered for the installation of a street light on West Eleventh Street, approximately a block west of Cedar Avenue.

The Commission will meet at 8:00 p.m. at the City Hall.

Edmunds To Address Winter Park Meeting

Olle Edmunds, president of Stetson University, will be the principal speaker at the annual luncheon meeting of the Central Florida division of the Children's Home Society of Florida Tuesday at 12:30 p. m. at the Winter Park Woman's Club. Hannell Chase, division president, announced today.

An election of officers will be held for the division, composed of Volusia, Seminole, Orange, Lake, Brevard and Osceola Counties. Headquarters for the society is at Jacksonville, where an orphan's home is located.

Purpose of the society, Mr. Chase said, is to provide homes for orphans and other children needing homes.

Mr. Chase will give the welcome and introduce guests and speakers at the forepart of the meeting, according to the program.

Eisenhower, Cabinet Talk Over Domestic And Global Problems

Pope Elevates 24 Prelates To Cardinal's Rank

College Is Brought To Full Capacity First Time In 2 Centuries

By FRANK BRUFFO
VATICAN CITY (AP)—Pope Pius XII conferred the rank of cardinal today on 24 prelates, including James Francis McGuire of Los Angeles and the archbishops of two Communist lands where the Roman Catholic Church is fighting for survival.

In bringing the College of Cardinals to its full strength of 70 members for the first time in nearly two centuries, the pope gave the West the most of the United States its first prince of the church.

Speaking before a secret consistory of more than a score of previously named cardinals, the pontiff denied any of his nominations had political motives, and expressed deep sorrow that Archbishop Alojzije Stepinac of Yugoslavia and Stefan Wyszyński of Poland were not present.

The pope extended his sorrowful affection towards Cardinal Stepinac, saying "although absent we embrace him with fatherly love."

The pontiff said he had received a telegram from the Polish archbishop, saying he could not reach Rome. The reasons for his failure to attend were not stated.

Cardinal Stepinac, free from prison under a conditional release granted by Marshal Tito's government in 1946, was in the Vatican for the first time since his release.

The growth of the school enrollment in Florida was emphasized when the growth in the number of additional children are entering Florida public schools every year.

He said that the last time a survey was made in this county was in 1947 and that at that time the 1st man school had an enrollment of 332 pupils. It now has 635 pupils.

Further indicating the growth of Seminole County schools, he pointed out that last year there were 2,712 white children in the public schools here, whereas now there are 3,032. At Junior High School alone there were 250 pupils last year as compared with 311 at the present time.

Pointing out even more serious overcrowding at the Negro schools, Mr. Milwee indicated that he hopes a committee of laymen will be appointed to work with the school board in helping to decide what should be done here.

President Bob Harris announced that there will be no meeting of the club next Monday on account of the flu epidemic which will be held at the Episcopal Parish House on Friday, Jan. 23.

Mr. Milwee was introduced by Principal H. E. True. Walter Hay and Charles Morrison led the singing with Francis Rummel at the piano.

Visitors introduced were Harold Henry of Burt, Ont., O. A. Fiske of Grand Haven, Mich., Jack Zuck of Jamaica, Long Island, Thomas Murphy of Holy, N. Y., Howard (Continued on Page Six)

"Shock Is Over" For Employees, Says Road Head

Bitter Employees Of Department Put At Ease By Words

TALLAHASSEE (AP)—The shock is over for bitter employees of the State Road Department, fearful of losing their jobs in the new administration's economy reorganization, Chairman Richard E. Simpson said today.

Employees in the offices of the various divisions housed in local quarters here have been on pins and needles since Wednesday's decision to trim 100 unneeded workers off the engineering division payroll. Only about 30 employees in Tallahassee were affected. The others were scattered throughout the state.

As a veteran state representative from an adjacent county, Simpson said he had had opportunity to observe the working of Road Department headquarters here for many years.

"I have never held the opinion the headquarters staff was greatly overloaded," he said. "There are undoubtedly a few cases of men doing jobs which are not their own. They will be eliminated, but you can say definitely the shock is over."

He reiterated that the best way will be to let the necessary and the person holding it doing a job.

"Many of those whose jobs have been abolished were good people, competent and willing. We are putting them on a reserve list and they will be given employment as job opportunities arise," he said.

The chairman also announced the name of Fred M. Waller as a resident attorney in the local highway division. He formerly was with the State Road Commission and once was an assistant attorney general. He will draw a \$4,000 annual salary from the road department.

McMullen will be the third full-time resident attorney.

"We feel the employment of a third full-time attorney in the highway division will save money since it will enable us to handle more of our own litigation and to cut off many of the private law suits which have drawn attorneys to be an effort to handle cases for the road department."

WANT REPUBLIC
CAIRO, Egypt (AP)—A poll conducted among 95,205 Egyptians of all classes has shown that 95 percent want a republic to be established in Egypt. The independent weekly Rosa el-Youssef said today.

Whether Egypt will continue as a monarchy or shift to a republic may be decided soon. A government spokesman recently said a commission will rule on whether the issue is to be decided by popular vote or by a constituent body.

STRIKE THREATENS ITALY
ROME (AP)—Unless there is a quick compromise, Italy's railways behind the workers' demands for more pay.

The scheduled walkout of 200,000 workers is to rally public pressure behind the workers' demands for more pay.

The Communist newspaper L'Unita claimed today that 6,000 trains would be halted for such a probe.

McCarthy will be chairman of the Senate's permanent investigation subcommittee, but he said it would be willing to turn over its files and cooperate with another congressional unit.

The internal security subcommittee specifically recommended that it continue investigation in the educational field. In addition, it proposed that state legislators consider setting up committees to undertake similar probes locally.

It was still not clear how the new Congress will handle its Communist investigations, although Senate Republican Leader Taft of Ohio said last night the lines of jurisdiction will be staked out between committees to prevent overlapping.

Taft told interviewers on an NBC television program that the Senate's GOP Policy Committee will iron out any conflicts in the Senate, then reconcile any differences with the House.

Taft said it has not been decided whether McCarthy will be given the major investigative role. He said he favored a search for subversives in the nation's schools.

Rep. Velde (R-Ill.) already has said the House Un-American Activities Committee, which he is slated to head, is ready to undertake such an investigation. Sen. McCarthy (R-Wis.) also has called (Continued on Page Six)

GOP Leaders Report General In Agreement As To Handling Of Patronage

NEW YORK (AP)—President elect Eisenhower met with his Cabinet designers and other key officials of the new administration today after Senate Republican leaders reported the general in full agreement with them on how to handle job patronage.

Eisenhower and his Cabinet got together at his Commodore Hotel headquarters for a discussion of domestic and global problems.

On the basis of the outcome of the conference were all members of the new Cabinet except Herbert Brownell Jr. attorney general designate, who was expected later in the day.

Also present were three top appointees Eisenhower has asked to sit in all Cabinet sessions, even though they are not members of that group. They are Mrs. Oveta Culp Hobby, who will be director of the Federal Security Agency, Joseph M. Dodge, the new federal budget director, and Harold E. Stassen, named to head the Mutual Security Agency.

Vice President elect Richard M. Nixon and former Senator Henry Cabot Lodge Jr. of Massachusetts, who will be ambassador to the United Nations, also were present, together with the key members of the new White House staff.

The group planned to have lunch, then begin discussions of foreign and domestic problems which will face the new administration when it takes office January 20.

Cabinet designers present were: John Foster Dulles, secretary of State; Ezra Taft Benson, secretary of agriculture; Robert A. Taft, secretary of labor; Arthur W. Summerfield, postmaster general; Gov. Douglas McKay of Oregon, secretary of interior; George M. Humphrey, secretary of the treasury; and similar weeks, secretary of commerce.

Senate GOP leaders, who met with Eisenhower earlier, said he "fully agreed" to clear all federal appointive jobs in the future with Republican members of Congress.

Sen. Knowland of California, chairman of the Senate Republican Policy Committee, said after a conference with Eisenhower that the general had "fully agreed" to follow the customary practice of checking out appointments with GOP law makers.

Boy Scout Leaders To Meet Tomorrow
A special meeting of Seminole County Boy Scout leaders of Cub Scouts and Boy Scouts, will be held at the First Methodist Church of Sanford tomorrow, at 7:30 p. m. John Peterson announced today. Plans will be made for the important consideration at this important meeting for the good of scouting in Seminole County.

1. Observation of National Boy Scout Week, Feb. 7-11.

2. Court of Honor to be held in Sanford during National Boy Scout Week, February 10-11, 1953.

3. Our annual finance drive to be completed during National Boy Scout Week.

4. Kick bushes, George Maffett, chairman of camping and activities will tell us all about this annual contest, and fun making contests.

5. Cub Mothers, Den Mothers, and representatives of all scouting units are respectfully requested to attend the meeting, and to bring suggestions for the good of scouting.

6. Plans for the national jamboree in California, July 17-23, 1953.

7. Please come and greet your co-workers of the New Year.

ADDITION SPEAKER
H. James Gut, speaker of a local insurance agency and former Mayor and City Commissioner, will be the guest speaker at the meeting of the Seminole County Audubon Society next Monday at 7:30 p. m. at the Geneva Community Hall. George Swartz, publicity director, announced.

COMMITTEE
The board of directors of the Seminole County Chamber of Commerce will meet tomorrow night in the City Hall at 8:00 o'clock. Forrest Breckenridge, manager, announced today. Plans concerning the road program for the coming year will be discussed.

Increased Activity Is Reported At Farmers Markets

WINTER HAVEN, (Special)—Weekly reports of the individual markets in the State Farmers Market system to L. H. Lewis, Director, reveal increasing volume as well as some planting activity in many of the market areas. Summaries of these reports follow:

Fort Myers State Market: A total of 9,961 packages brought gross receipts of \$27,132.31 the past week. Volume is expected to continue fair for the next two to three weeks though recent cold weather has retarded cucumber growth. With weather conditions improving, favorable reaction is anticipated. Cucumbers brought from \$1.50 to \$2.00 per bushel for Fancy, top grade pepper \$4.50 to \$5.00 and top grade tomatoes \$1.00 to \$1.50 per 60 lb. carton.

Sanford State Farmers Market: One day's volume the past week on this market totaled in excess of 21,000 packages of 31 varieties of fruit and vegetables, the heaviest volume this season. Leading commodity this week was cabbage followed by celery, cauliflower, pepper and potatoes. A good volume of a large variety is anticipated during the current week. The New Year's first 3 days sales totaled 37,973 units at a gross valuation of \$83,340.50.

Fort Pierce State Farmers Market: 10,837 crates of tomatoes moved the past week with heat grades selling at F.O.B. prices of \$3.50 to \$7.00 and fair to ordinary quality at \$2.00 to \$3.00. Though there has been considerable frost in that area, no big damage has been reported in fields not completely picked, so a light tomato volume is anticipated for the next two or three weeks.

Florida City State Farmers Market: Increased tomato volume is anticipated along with a light volume of beans and squash. No material frost damage was suffered during the last cold spell. 1,753 crates of tomatoes were sold the past week at prices ranging from \$1.07 to \$7.00. Gross receipts to growers totaled \$40,200.00.

Immokalee State Farmers Market: Light to fair volume of cucumbers, tomatoes, squash and pepper are reported moving on this market, due somewhat to between season period and chilly weather slowing crop growth and maturity. 8,437 packages of produce brought growers gross receipts of \$33,276 for the week ending January 2nd.

Pahokee State Farmers Market: A good volume of celery at \$2.50 to \$3.50 per crate, along with a fair volume of potatoes at \$1.50 to \$2.75 per bushel, escarole at 90c to \$1.10 per crate, radishes at 70c to 90c per bushel basket and

Karl Lehmann Is Made Chairman Of Heart Campaign

ST. PETERSBURG (Special)—Karl Lehmann, Secretary of the Lake County Chamber of Commerce, has been elected chairman of the 1953 Heart Fund Drive, it was announced today by Dr. Jere W. Annis, Lakeland, president of the Florida Heart Association.

Mr. Lehmann will direct the 1953 drive to be conducted throughout February for \$100,000 to support the research, education and community service programs of the Florida Heart Association and its affiliates in communities throughout the state.

Mr. Lehmann was born in Wisconsin and spent 20 years as a secretary of the International Society of Christian Endeavor in Boston. He retired from this position in 1924 and came to Florida to make his home in Lake County in Montverde.

During World War II he served as executive manager of the U. S. Treasury Savings program in Florida. He has been active in the Boy Scouts of America and holds a Silver Beaver. He is a Past Governor of the Florida District of Kiwanis International.

On September 5, 1952, Mr. Lehmann became the first secretary of the newly organized Orange County Chamber of Commerce in Orlando. He served continuously in this field during the past thirty years, a record in chamber of commerce work in the south.

For nine years he served as the secretary of the Orange County Chamber of Commerce, going from there to the Seminole County Chamber of Commerce in 1934. He served for four years, and in 1938 he was employed as secretary of the Lake County Chamber of Commerce and has served his home county commercial organization at its offices in the Court House in Tavares for the last 10 years.

Mr. Lehmann has the distinction of being the first chamber of commerce secretary in America to receive an honorary degree from a college in recognition of such civic activities. Rollins College awarded him the degree of LL.D. in 1925, and in 1938 he was awarded a certificate from Northwestern University at Evanston, Ill.

Mr. Lehmann has served as both secretary and president of the Southern Commercial Secretaries Association and the Florida Commercial Secretaries Association. He has been awarded the "key of service" by the Southern Association and is a member of the 25-year clubs in each of the National and Southern Associations.

Under Mr. Lehmann's capable leadership, the Heart Fund has a light volume of beans at \$3.00 to \$5.50 per bushel hamper, peppers at \$4.00 to \$5.50 per bushel and moving over this market. Cabbage in light volume is also available.

Palmato State Farmers Market: Scheduled auctions are over for the present, but private sales will continue for the light volume of produce now moving. 1,127 packages of tomatoes, pepper, pole beans, squash and eggplant brought gross receipts totaling \$2,336.10 to growers the past week.

Plant City State Farmers Market: Strawberries are moving in good volume with \$2,751 pints bringing \$30,420.50, an average of 36% per pint on the auction block. 723 growers sold through this market the past week.

Pompano State Farmers Market: This market reported the largest week of this season as to volume during the past week with 280 cars of produce moving. This was less than the 418 cars for corresponding period last year. The recent cold spell left little volume damage though it is sure to retard maturity and reduce yields. The frequent cold spells this season are expected to bring the overall production below average. Bean prices strengthened as a result of cold weather with some sales at \$8.00 per bushel hamper. Pepper prices remain fairly stable, around \$2.00 to \$4.00 for World Heater and \$4.00 to \$5.50 for California Wonder. Cucumbers are selling well at prices up to \$8.00 while eggplant, all varieties of squash except acorn are selling at below satisfactory price levels.

Wauchula State Farmers Market: Most of the early boarded cucumber acreage has been planted with some plants already up. Open field cucumber planting will start about February 1st. A considerable acreage of tomatoes is planted with planting continuing. Indications are for the same acreage this spring as last fall, except tomatillo acreage is expected to be up.

O'Connor Urges Aid For Polio Campaign

NEW YORK (Special)—The year just past saw "polio incidence getting worse in about the same proportion that March of Dimes research was getting better," Hal O'Connor, president of the National Foundation for Infantile Paralysis, said today in a review of "Polio 1952."

The fight between man and polio has become a bitter tug-of-war which only unparalleled success in the current March of Dimes campaign can decide in favor of mankind," Mr. O'Connor declared, adding:

"While scientists, supported by the March of Dimes, sought a means of preventing polio's crippling after-effects in a mass test of 55,000 youngsters, polio claimed approximately the same number of victims throughout the country in an outbreak as serious as it was unprecedented."

In a year-end tabulation through December 27, the U. S. Public Health Service reported 57,249 polio cases in 1952 compared to the previous high of 42,003 cases in 1919. This made 1952 by far the worst polio year of all time.

"Polio last year was shot through with infection," Mr. O'Connor said. "All previous concepts of the disease in its epidemic form had to be scrapped. The old, established epidemic as any one disease rate of 20 or more cases per 100,000 population had simply lost its meaning under an avalanche of polio victims."

At year's end, Mr. O'Connor said, the case rate for the entire United States was 38 cases per 100,000 population. Nebraska led the nation with a case rate of 170; South Dakota was next with 142 and then came Minnesota with 137, Iowa with 131 and Kansas with 91. (The national rate is based on estimated population as of July 1, 1952; the state rates on the 1950 census.)

SEEK REPEAL OF LAW HAINES CITY, Fla. (Special)—The state constitutional amendment banning the closed shop is being asked by the Florida Council of Citrus Workers (AFL).

The union meeting here Sunday, asked the state to provide higher unemployment compensation rates and a Law Rhodes Act, Atlanta, southern director of organizations for the AFL, said the child labor law is being abused, especially in the citrus groves.

The group re-elected Frank E. Dago, Auburndale, president leadership. Dr. Annis stated, "The Florida Heart Association and its affiliates will undertake the most extensive of their annual appeals, to make possible an intensified fight against the disease which constitutes the nation's leading public health problem."

In addition to research, Dr. Annis added, the Heart Fund provides for extensive educational activities. These are designed to eliminate unnecessary fear and to acquaint the public with the programs conducted to combat heart disease.

Hal Boyle's Column By HAL BOYLE

NEW YORK (Special)—This is the era of the "he-gossip." It is said that modern women now are acting more like men, and men are acting more and more like women.

Rising to the defense of the bleaker sex, I would say this is true in at least one respect—women are talking less, men are talking more.

Women used to have to talk about things they didn't know, because their restricted lives limited their knowledge of the world outside their homes. The ladies no longer have to talk about things they don't know, because now they are in a position to know everything.

As a result they are more likely to keep their pretty little mouths shut in important matters. I would rather trust a secret today to many women than some men. In business affairs particularly they often button their lips better, for they feel less need to brag about "being in the real know."

Who spreads the wild prattle and confabulations in office and factory today? Sadly, I bow to the fact: it is as likely to be a man as a woman.

The "he-gossip" is among us in full flower. Do you know one of these busy little poison mouths that dozes off at least secretly would like to make a pass at his wife?

His habit is the office water cooler. It is there he distills the idle malice of an idle mind, whispering his own rumors as into the ear of every fellow worker who comes up for a drink. If you wear a clean shirt in work, he passes the word you got a raise. Forget to get your shoes shined, and out goes the bulletin: "Lost his whole week's salary on the races!"

The he-gossip operates by insinuation as well as imagination. Suppose you are coming to work on a bus, and the fellow next to you jumps you in the eye with a lighted cigar. You pause at a drug store to put on a bandage, and as you step into the office little poison puss callous up to express sympathy—and to find out what happened. Now explain:

"But it's against the law to smoke on a bus," he objects. "I know it. But this guy was smoking anyway."

"No kidding? You weren't in a fight with your wife, were you?" "You don't think I've been fighting with somebody else's wife, do you?" you grumble testily.

"No, of course not," he says, and immediately grabs the lapel of the next man through the door and whispers:

"Look at Joe. Got a black eye in a fight with some guy's wife I hear."

"Whose?" "Search me. You don't suppose it could be the bookkeeper's wife, do you?" He was dancing with her a lot at the office Christmas party."

Well, in half an hour the office is buzzing with the news that Joe got a bump under his lamp trying to play footsy footsy with the bookkeeper's hausfrau after dark. The only people who don't believe it are Joe and the bookkeeper. And if the bookkeeper hears the report he will suspect Joe at least secretly would like to make a pass at his wife.

How can a man deal with a he-gossip? The same way women have always done with calipers: start a counter campaign. For example, tell an office buddy:

"As I was going home last night I saw little big ears. Alvin bend over and peek up something from the sidewalk."

"What was it?" "Search me. But the guy above me had just thrown away a cigarette, and a little farther on I noticed Alvin was smoking a mighty small butt."

Before long the whole office will believe the he-gossip is so cheap he picks up cigarette butts from the street. And a few days then reach the conclusion that he gets most of his inside information from the sidewalk.

"What was it?" "Search me. But the guy above me had just thrown away a cigarette, and a little farther on I noticed Alvin was smoking a mighty small butt."

Before long the whole office will believe the he-gossip is so cheap he picks up cigarette butts from the street. And a few days then reach the conclusion that he gets most of his inside information from the sidewalk.

Circus Day Planned By Casselberry Lions

CASSELBERRY (Special)—Jan. 30 will be circus day here with the Lions Club sponsoring Rogers Bros. three ring circus, in an afternoon and night performance. It was announced at the club's meeting Thursday night.

Lion Paul Altman is chairman of the circus committee and the big show is being staged as a benefit for the sight conservation and blind and health and welfare fund.

Shelby Kerkowitz, Regional Engineer of Florida State Board of Health, was guest speaker at Thursday's meeting. Kerkowitz discussed public water systems in relation to the supply, what constitutes a public water system under regulations of the State Board of Health and the measures of control for purity, and what is required by the department.

The meeting was attended by 24 members. Guests included George Barrow, Lake Alfred club; Leon B. R. Wood, Anthony Kansas and winter resident here; Bob Champion, Matland, Andy Coe, Wm. C. Silva and Bruce H. Campbell, formerly of Casselberry, and now resident of Casselberry.

Practically all snakes are harmless. One of them had just thrown away a cigarette, and a little farther on I noticed Alvin was smoking a mighty small butt.

Before long the whole office will believe the he-gossip is so cheap he picks up cigarette butts from the street. And a few days then reach the conclusion that he gets most of his inside information from the sidewalk.

MONDAY JAN. 12, 1953

TODAY'S HIGHLIGHTS

We treasure the memories of
loved ones and often quote their
wise sayings. We should cultivate
friends who think kind and good
thoughts for we become like that
which we love. If a man love me
he will keep my words. — John

Mrs. Thomas Lamont, wife of
the man who more than anyone
else financed the first World War
fund last week leaving about \$4,
000,000 in charitable bequests.
Much of it goes to educational in-
stitutions, though friends, relatives
and servants are not forgotten. Her
husband who died several years
ago also left four or five million
to various schools and colleges.

Five Jacksonville policemen were
arrested the other day on charges
of complicity in a series of burgla-
ries which had terrorized a sub-
urban section during the past few
weeks. The policemen acted as
"lookouts" for the burglars. Better
not to have policemen at all than
to have them in league with the
underworld.

At least one job hunter trying to
get on Governor McCarthy's state
payroll was an inmate of the State
penitentiary at Raiford just one
year ago. She objected to the "im-
portant questions" asked by the
personnel director, got up and
walked out of his office. Such
questions apparently are all for the
good of the service. You cannot
expect honest law enforcement
from chronic law violators.

"Southern strength in Congress
has increased," says the Tampa
Tribune, due to the 1952 elec-
tions. Southern members have also
gained in positions of leadership
... The coalition (with the Republi-
cans) may not function as
often as in past sessions, but it will
be ready to do so if occasion arises.
It functioned Wednesday in the
Senate, when the anti-filibuster
move was defeated 70 to 21."

It will be extremely embarrassing
to future employees of the State
Beverage Department if they aug-
ment their incomes by irregular
methods. They will immediately be
confronted with making such irregu-
lar income known to the Govern-
or, or of running the risk of be-
coming embroiled with the Internal
Revenue Agents of the federal
government who are always alert
to see that Uncle Sam gets his cut
of the swag. To report it or not to
report it, that is the question which
confronts grafters in the future, and
they are apt to be damned if they
do, and damned if they don't.

If there is any one single feature
which definitely characterizes Pres-
ident Truman's administration, it
is his reckless budgetary practice:
As virtually his departing gesture
in office he comes up with a \$78,-
587,000,000 budget for the next
fiscal year which does not end un-
til June 30, 1954. This would
mean another ten billion dollar de-
ficit pushing the federal debt to
274 billion dollars in these days
of high employment, general prosper-
ity, and inflated prices when every
effort should be made to reduce
the debt. If we can't pay off in
good times, how in the world are
we going to do it in bad times?

Secretary of Defense Lovett calls
upon Congress for new laws to pro-
tect this country from "traitors,
spies, and blabber-mouths". It will
be easy to accomplish the former
objectives, impossible to do the
latter. No doubt he is thinking of
Senator McCarthy, but the woods
are full of blabber-mouths and you
can't pass a law against one of
them without making it apply to
everybody. The way to characterize
the control of blabber-
mouths would be legislation for the
control of treason. If
there is an liberty
of speech, it
should be
protected.

The Matter Of Creation

The mind of man is a mystery with definite results and a planned purpose to give reason to its existence. Left to its own devices it may in time solve most if not all of the riddles of the universe.

The answer to the question: "How was matter created out of energy?" seemed a little closer to solution with the dedication of a 2200 ton cosmoltron at the Brookhaven National Laboratory in Upton, Long Island. It is said to be one of the world's greatest scientific instruments. With this machine, sixty feet in diameter, man has moved forward one step. He has caused matter to form out of energy.

Protons (hydrogen nuclei) are whirled with a speed close to that of light and forced to collide with a target. Some of the products of the collision are bits of such subatomic material as result when atom fragments are put together. Thus we seem to be one notch nearer the answer as to the method of creation.

The Chinese have a saying that the longest journey begins with the first step. So perhaps a start has been made. But one first step is a long way from the end of the road.

Technicians Needed

Every year the shortage of technicians and engineers in this country grows more acute. Once there was a surplus of people trained in side-rule gymnastics but today, under pressure of ever-increasing production scales, the surplus has disappeared.

In recent years the American economy has come to depend more and more on the ingenuity and skill of men in research and technology. But the number of young people entering these fields has not increased proportionately. One solution to the problem is to direct more and more qualified people into the engineering and technical fields. Another solution might be to train people with lesser engineering ability to take over the tasks now performed by men with training and skills needed in more important areas of industry.

The shortage should serve as a reminder that despite the amazing machines we have built and the techniques of production we have developed, progress and prosperity are dependent upon having the men to run the machines and to make the techniques work.

Legendary OK

Where did "O. K." come from? For many years this has been a disputed question. A traditional explanation is that it came from "Oll correct," said to have been added by Andrew Jackson to an official document. This was really a political slander on Jackson, who was a cultivated man.

Another view derives it from the Choctaw "okeh," meaning, "It is so." Woodrow Wilson accepted this theory, and always used the spelling "okeh" instead of the more familiar form.

Now it appears that Prof. Allen W. Read of Columbia University was right when he traced it back to "Old Kinderhook," Kinderhook, N. Y. was the home of President Martin Van Buren. When he ran for re-election in 1840, his supporters formed a club which they called the "O. K. Club." The name caught on, and has spread to its present popularity.

Now "O. K." is said to be the one English phrase that is understood everywhere from the Arctic to Africa. If one phrase could prove anything, this proves that there can be such a thing as an international language.

Business Mirror

NEW YORK—The banking business is looking up. Higher interest rates on a record volume of loans, plus growing totals of deposits and a peppy turnover rate on money in their care have enabled many banks in the nation to show better earnings. By retaining part of these profits many banks have sweetened surplus and undivided earnings accounts—and at the same time made many a bank stockholder's Christmas merrier with increased dividends.

At the same time, the nation's biggest banks have grown bigger. There are 18 billionaire banks in the United States. Although there were no new-comers in 1952 to the ranks of banks with both deposits and resources topping one billion dollars, their combined financial strength increased impressively. These 18 giants now have total resources of 304 billion dollars, according to their year-end condition statements, available today.

Their total deposits come to \$45,000,000,000, a gain of 4 per cent over the total of \$44,191,863,000 a year ago. This is around one-fourth of the total for all banks in the country, as reported by the federal reserve system.

All 18 of the big boys are found on both lists—those with a billion in resources and those with a billion in deposits, but their order varies a little in the two lists.

On both lists, however, the Bank of America leads—nearly 8 1/2 billion dollars in resources, almost 7 1/2 billion in deposits. And another Western bank brings up the rear in both—the American Trust of San Francisco with 1 1/2 billion dollars in resources, and a little less than 1 1/2 billion in deposits.

Only two of the 18 show a drop in deposits during 1952—Bankers Trust of New York and Mellon National of Pittsburgh, and both decreases are very small. Four of the 18 advanced in rank, deposit-wise—Manufacturers Trust of New York, First National of Chicago, Hanover of New York and National of Detroit.

The 18 banks, in order of deposits are: Bank of America, San Francisco; National City, Chase, Manufacturers Trust, Guaranty Trust, (all of New York); First National and Continental Illinois of Chicago; Bankers Trust, and Chemical Bank, New York; Security-First National, Los Angeles; Hanover, New York; Mellon, Pittsburgh; Nations, Detroit; First National, Boston; Bank of Manhattan and Irving Trust of New York; Cleveland Trust, and American Trust, San Francisco.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON—The first great challenge to Gen. Eisenhower's presidency is in his ability to provide both spiritual and practical leadership for Western Europe.

Spiritual leadership in the sense of inducing the Europeans to rise above their ancient nationalisms and suspicions and to achieve some measure of unity for the common good in the fight with communism.

Practical leadership in the sense of guiding the arrangements—economic, political and military—which will give unity meaning through adequate defense in case of war with Russia or, better, in discouraging such a war.

As late as last spring it seemed the unity and the defense might be translated into reality. In the past week hopes for both suffered staggering blows. Both France and Germany began to backslide.

Several years ago, while dismayed by the uncertainty of Russia, Western Europe realized the necessity of common defense and began moving in that direction through the Atlantic Pact.

What seemed necessary was a new concept: a single army made up of troops from the part partners on the continent, a kind of merger army, under a single leadership.

Yes, without troops from West Germany as part of this army would seem like shadow army since West Germany, served as would be in the direct line of attack.

But first an important detail had to be settled—U. S. Britain, France were still technically at war with Germany.

They couldn't let her re-arm, if only in the extent of supplying divisions for the unified European army, without some change of arrangements. So they agreed with West Germany's Chancellor Adenauer what was in effect a peace treaty.

This was done in late May, just before Eisenhower returned home from his NATO command to run for the presidency. And the next day France, Germany, Italy, Luxembourg, Belgium and Holland signed an agreement for a unified army.

It was not final. The agreement had to be ratified by the respective Parliaments of the six nations, which called themselves the European Defense Community.

France's Foreign Minister Schuman, main sponsor in his country for European unity, hoped to get ratification. But he had opposition from Frenchmen who shuddered at the thought of a re-armed Germany.

In West Germany Adenauer, too, had opposition from his countrymen. Last week in a reshuffle of the French Cabinet Schuman was out.

The critics of the unity agreement are of two kinds. One group, approval can be given. The changes could be fatal.

Adenauer, watching what was shaping up in France, yielded to pressure from his own countrymen and said the treaty needed changing or, rather, amendment.

A job which seemed nearly on its way to completion when Eisenhower left Europe last spring now needs redoing or overhauling or a new approach.

Howard Boteler Joins Refrigeration Firm

By JAMES MARLOW

Howard Boteler, a long time resident of Sanford, has been appointed purchasing agent of Larkin Colla, Inc., of Atlanta, one of the nation's largest manufacturers of refrigeration and air conditioning equipment. It was announced by O. M. Sims, president of Larkin Colla.

Son of the late Howard Boteler, Sr., and Mrs. Florence Zimmerman of Sanford, Howard and his wife have resided in Atlanta since February, 1952. Through Dec. 15, 1952, he was employed by the First National Bank of Atlanta in the Commercial Credit Department.

Howard was born in Charlottesville, Va., on Sept. 1, 1924, but he moved to Sanford at the age of two months. He attended grammar and high school here, graduating from Seminole High in 1942.

He entered the Navy in 1942, shortly after graduation, and served in the Pacific Theater of Operations aboard the U.S.S. Hamel and the U.S.S. Luson. Upon discharge from the Navy in 1946, Howard entered school at Orlando Junior College. In 1947, he transferred to Emory University in Atlanta, graduating with the Bachelor of Business Administration Degree in June of 1950.

While at Emory, he was a member of Sigma Pi, a social fraternity, and Alpha Kappa Psi, a professional commerce fraternity.

After his graduation, Howard returned to Sanford to assume management of his late father's business, Howard Boteler Wholesale Confectioners. He operated the business until January of 1953, when he moved to Atlanta. In his new capacity, Howard will be in charge of all purchasing for Larkin Colla, Inc.

Orchestra Director Dies Before Audience

TAMPA—Frank Grasso, 57, died before an audience of several hundred persons Sunday while directing the Tampa Symphonic Orchestra in the last number of a concert. The selection was the unfinished symphony.

Grasso, musical director of Radio Station WFLA, was credited with discovering Frances Langford, Lakeland girl who became a top radio and movie singer.

He was born in Italy where he studied music and came to this country as a flutist in Victor Herbert's orchestra. After playing with several other orchestras, he moved to Tampa in 1916. Here he became a teacher and led several orchestras and bands.

His survivors are his widow and three children, all of Tampa.

The critics of the unity agreement are of two kinds. One group, approval can be given. The changes could be fatal.

Adenauer, watching what was shaping up in France, yielded to pressure from his own countrymen and said the treaty needed changing or, rather, amendment.

A job which seemed nearly on its way to completion when Eisenhower left Europe last spring now needs redoing or overhauling or a new approach.

Congressman Herlong Reports

By SID HERLONG

What a week this has been! Legislatively speaking, we have done nothing. Until the inauguration is over, we will probably continue to meet, transact only routine business, and adjourn. This week we did hear the President's State of the Union message and his budget message. It was read to the Congress for the first time since I have been here. The law requires the message to be delivered, but doesn't say anything about it being delivered by the President. Frankly, it was rather an empty gesture this time. The new President will have his message to deliver, and of course that will be the one which will be the basis for the legislative program.

I usually prepare my annual questionnaire based on these messages and get it out in January. This time I shall wait for Eisenhower's message. It will therefore be in February before the questionnaire is submitted to you. I do hope many thousands of you will again let us know how you feel about legislation upon which I shall have to vote.

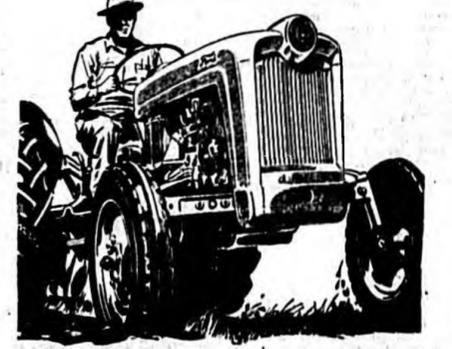

The ranking Democrat on the Committee on Agriculture just called me to congratulate me on being able to retain my place on that committee. It isn't official yet, but several members included the new chairman of the committee have told me that they are going to keep me there even if I must add an additional place to the committee. It is unusual for a member of one party to "go to bat" for a member of the opposite party—but then our committee isn't very political anyway. I'm glad it isn't. Nevertheless, I have come out of that committee since I have been on it has had the unanimous recommendation of the membership. The three new members of the "to-be" delegation are certainly

PLANE FLIGHT TO HAVANA

MIAMI—The Florida Air Pilots Association climaxed a festival today with a trip to Havana by 100 planes.

Forty-two planes had checked in at Tamiami Airport Sunday night and 70 additional pilots have made Havana reservations. The fliers return Thursday, landing at Key West to clear customs before continuing to their homes.

MOST ADVANCED HYDRAULIC SYSTEM IN ANY TRACTOR

NEW FORD TRACTOR

Now, in the new Golden Jubilee Model, Ford Tractor engineers have carried a time-proved hydraulic system to a new high in speed of response, lifting power, dependability and wide usefulness.

This Live-Action hydraulic system gives almost instant action at all times when the tractor engine is running. It handles larger implements and heavier loads. And, with Hy-Trol, it acts even faster when desired. Also possible is an almost unlimited variety of remote cylinder* operations. In addition to all the time-proved advantages of the Ford Tractor's built-in hydraulic system, you get a choice of hydraulic speeds, quick hook-up, smooth operation of remote cylinders* and the ability to handle bigger loads.

The more you learn about the new Ford Tractor the more you will find that it can bring new ease and speed to your farming—new economy, too. Come in—look it over!

World's newest V8

with a million miles behind it

Here, in literal fact, is the most advanced V8 engine ever placed in a standard-production American automobile.

It is the first such V8 to reach an 8.5 to 1 compression ratio, and the first with a dynamic flow muffler that cuts power loss to zero.

It is the first V8 to utilize vertical valves together with a 12-volt electrical system instead of the usual 6. It is also the first designed with new "Y" type intake manifold to replace the "Y" type conventionally used in V8s.

It is, quite simply, the first V8 Fireball Engine—the engine that brings electrifying performance to the greatest Buicks in fifty great years—the engine that powers the 1953 Buick ROADMASTER with 188 hp., and the 1953 Buick SUPER with up to 170.

Naturally, this spectacular new V8 has been proved—by eight years of developing, testing, improving, perfecting—and by more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: Released for Production.

But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power.

They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease—and a sensational new Twin-Turbine Dynaflow Drive* that adds new quiet and whip-fast highway to absolute smoothness.

Nothing, we believe, will do more justice to your automobile dollars—or to your love of magnificent motoring—than a visit to us right now.

*Standard on Roadmaster, optional on other Buicks.

CALENDAR OF WEEKLY SOCIAL ACTIVITIES

TUESDAY
The Only "Truly" Class will meet at the Valley Hotel at 7:45 p.m. The public is cordially invited to attend.
St. Mary's Chapter of Holy Cross Episcopal Church will meet at 8:00 p.m. at the home of Mrs. Irving Felberg, 1905 Magnolia Avenue.
The Gleason's Class of the First Baptist Church will meet at the home of Mrs. M. N. Cleveland, 2483 Palmetto Avenue, at 8:30 p.m.
The Sanford Junior High School Parent-Teacher Association will meet at 8:00 p.m. The guest speaker will be Marion Harman who will have as his subject "Education in the Community."
All fathers are particularly urged to attend this meeting. Refreshments will be served.
The Pilot Club will meet at the Yacht Club at 8:00 p.m. to be preceded with the board meeting at 7:30 p.m.
The Woman's Auxiliary to the Seminole County Medical Society will meet at 7:30 p.m. at the office of Dr. Frank L. Quillman.
WEDNESDAY
The Social Department of the

Sanford Woman's Club will sponsor a dessert bridge and Canasta party for club members at 1:30 p.m. at the club house. Guests will be Mrs. H. S. Dugger, Mrs. L. E. Spencer, Mrs. W. R. Jennings and Mrs. J. D. Correll. Reservations may be made by contacting either Mrs. Dugger or Mrs. Spencer.
THURSDAY
Seminole Chapter No. 2, O.E.S. will meet at the Masonic Hall at 8:00 p.m.
The Seminole County Teacher's Federal Credit Union will meet at 7:00 p.m. to be followed with a meeting of the Seminole County Teacher's Club at 8:00 p.m.
The Sanford Grammar School Parent-Teacher Association will meet at the Junior High School where a program will be presented by Edith Royal and members of her dancing school at 8:00 p.m.
FRIDAY
St. Mary's Chapter of Holy Cross Episcopal Church will sponsor a subscription Luncheon and Canasta party at 8:00 p.m. at the South Hill. The public is cordially invited to attend this party. Refreshments will be served to the church. Guests are asked to bring their own wine cards.

Mrs. Moran Attends Rho Chapter Meeting

Mrs. G. Walter Moran of this city attended a meeting of the Rho Chapter of Delta Kappa Gamma held on Saturday in East at the home of Mrs. W. Chester Cleveland. Members of the Rho Chapter of Leesburg presented a program entitled "Know Your Society" with Mrs. Roy M. Hayes, president, in charge.
A tea was enjoyed following the meeting with the Leesburg members as hostesses.
Those attending along with Mrs. Moran were Mrs. Ralph Harner, Mrs. Emmett Ashcraft and Miss Millie Huff of Deland; Mrs. J. H. Conely, Mrs. Joe W. Lovell, and Mrs. E. S. Shelton of New Smyrna Beach; Mrs. E. Clark Weeks, Misses Violet E. Folkner, Amy Lott, Mary Ann Gatch of Daytona; Misses Gladys Norris and Stella Watkins of Leesburg; and guests from Beta Chapter, Mrs. J. F. Skeen, Mrs. S. H. Ashford, Mrs. Ray M. Hayes, Miss Agnes Johnson and Miss Ossie Davis.

Mrs. Moore Hostess For Central Circle

Mrs. H. C. Moore was hostess for the monthly meeting of the Central Circle of the Sanford Garden Club on Thursday morning at the home of Mrs. E. K. Kilpatrick conducting the meeting.
The guest speaker, Mrs. H. M. Parnsworth, spoke on "Conservation" and told of her personal experience in gardening which made for an interesting and informative program.
Refreshments were served at the Moore home after which the group went to the media gardens of Mrs. George McCall where the meeting was dismissed.

Three Plays Slated At Stetson Theater

DELAND (Special) — Three one act plays will be given Thursday, Friday and Saturday at 8 p.m. at Stetson Theater on the campus of Stetson University. They are "Spreading the News", a comedy; "Ephraim", a drama; and "Master Pierre Patelin", a farce.
According to Dr. Irving C. Stover, the three plays were chosen for their variety, appeal and entertainment value.
Lark Gregory's Irish folk comedy, "Spreading the News", has been a wide and enduring popularity because the human foibles satirized in it are by no means confined to the Irish. In the cast are: Yola Therrell, Columbus, Georgia; Ellen Driggers, Sanford; Carl Storey, Deland; Kelly Weeks, Miami; Redden Thomas, Miami; Hugh Young, Orlando; Mark Holders, Lakeland; Patricia Taylor, Sarasota; Robert Thurman, Clearwater; and Jack Shaw, Miami.
"Ephraim" is based upon an incident in the history of Pontius Pilate that reveals something of the heritage of religious freedom and experimental democracy peculiar to that state. The conflict it presents between love for a sweet heart and devotion to religion knows, however, no state boundaries. The players include Jack Goldstein, Kingstree, Tenn.; Mel Burgess, Stuart; Barbara Henson, Milltown, N. J.; Mildred Crowe, Deland; Anne Gall, Ocala; Joy Nichols, Daytona; Shirley Lewis, Spartanburg, South Carolina; Marilyn Tallon, Deland, and Bill Holley, Houlstonburg.

Town Hall Series Opens In Winter Park

WINTER PARK, (Special) — High comedy will be shown in Winter Park when Dorothy Lockhart's Town Hall Series opens Tuesday evening, Jan. 13 at 8:15 p.m. in the Winter Park High School Auditorium with the gay and distinguished actor Arthur Treacher. He will present a program of "A Little of This, Something of That, Mostly Humor."
This is the first of a series of six attractions presenting famous names from the field of theater, music, travel and world affairs. He will appear on Tuesday evenings during January and February. The Town Hall Series has a number of season subscribers from Sanford and many others who attend single performances. Both incident single tickets are now on sale at the Hamilton Hotel in Winter Park or from Edna Paul at the Jefferson Court Hotel in Orlando. All seats are reserved and on the same floor. The Winter Park High School Auditorium doors open Tuesday evening at 7:30 p.m.
Mr. Treacher will present a program of readings from the famous humorous writers such as Saki, A. P. Herbert, O. Henry, F.P.A. and P. G. Wodehouse, whose character "Jeeves" he made famous on both the stage and screen.
An absorbing Tuesday evening following Tuesday Hall events will be presented "Tahiti and The Islands Under the Wind," a feature film in riotous color will be shown by Earl Brink, the man who who nabbed it and who will speak of the trip he made in an 65 foot schooner, as the film is shown; Ambassador Henry P. Grady will report on "Our Foreign Policy in the Middle East."
Mr. Grady will analyze the entire complex Middle East situation, involving Britain, Russia, the United States and the Moslem World. Whittowers and Lowen, brilliant diplomats will give a concert of classical and contemporary music. The famous Dublin Players will present Shaw's inimitable comedy "Pygmalion"; the Societa Corelli, wonderful chamber orchestra from Italy closes the season with Liszt's "Rhapsody" — soprano of La Scala, with a concert which is predicted to be one of such rare quality never before heard in these parts.

Teachers Union To Meet On Thursday

Mrs. Jack Burney, president of the Seminole County Teacher's Federal Credit Union, announced today that the annual meeting of the organization will be held on Thursday at 7:00 p.m. at the South Side Primary School. At this time yearly reports, declaration of dividends and other routine business will be handled. All members are urged to be present and bring their passbooks. The meeting will be followed with a meeting of the Seminole County Teacher's Club at 8:00 p.m.
Finely chopped candied cherries, raisins and pecans or walnuts, are delicious added to pound cake batter.

Dr. E. K. Markell Engaged To Marry

Dr. E. K. Markell of Rochester, N. Y., has announced the engagement of his daughter, Nancy, to Dr. Edward Kingsmill Markell, son of Mr. and Mrs. Edward L. Markell of Berkeley, Calif., formerly of Sanford.
Dr. Markell, who attended the University of Rochester, is at present a laboratory technician at the University of California School of Medicine, Los Angeles. Dr. Markell graduated from Pomona College, took his Ph.D. in Zoology at the University of California in Berkeley, and after serving in the Navy during the war, attended Stanford University Medical School, where he was a member of Nu Sigma Nu fraternity. He interned at Stanford Hospital, and is presently Assistant Professor of Infectious Disease at the U.C.L.A. School of Medicine.
The marriage will take place in Berkeley during March, and shortly afterwards the couple will leave for Tahiti, where Dr. Markell will do research in tropical diseases under a Markle Foundation Scholarship.

PERSONALS

Friends of Mr. Bryan Rice will regret to learn that he has entered the Orange Memorial Hospital in Orlando for surgery.
Mr. and Mrs. Harry Kline of Brookline, Mass., have arrived to spend their fourth season at the Mayfair Inn.
Mrs. Henry Longwell entered Orange Memorial Hospital last Wednesday for observation and treatment and later will undergo an operation.
Mr. and Mrs. C. E. Phillips of the County Club, Palm Road have returned from Jacksonville where they spent several days recently with Mrs. Phillips' brother and sister in law, Capt. and Mrs. Roy Long in Ortega.
Howard M. Sweeney of Hamilton, Ontario, Canada arrived on Saturday to visit his son and daughter in law, Mr. and Mrs. Gordon Sweeney and daughter Elizabeth Ann. He is a guest at the Mayfair Inn.
Friends of Mrs. Elizabeth Habe, wife of Ed Habe, will regret to learn of her illness in the Laughton Hospital. Mrs. Habe was taken suddenly ill Thursday evening and was immediately entered as a patient there. Her condition was described as fair this morning.
Mrs. Elizabeth Habe, wife of Ed Habe, will regret to learn of her illness in the Laughton Hospital. Mrs. Habe was taken suddenly ill Thursday evening and was immediately entered as a patient there. Her condition was described as fair this morning.

Mrs. Moore Hostess For Central Circle

Mrs. H. C. Moore was hostess for the monthly meeting of the Central Circle of the Sanford Garden Club on Thursday morning at the home of Mrs. E. K. Kilpatrick conducting the meeting.
The guest speaker, Mrs. H. M. Parnsworth, spoke on "Conservation" and told of her personal experience in gardening which made for an interesting and informative program.
Refreshments were served at the Moore home after which the group went to the media gardens of Mrs. George McCall where the meeting was dismissed.

Finely chopped candied cherries, raisins and pecans or walnuts, are delicious added to pound cake batter.

Mrs. Thelma S. Fontaine, a former director of the Empire Producing Co., of Kansas City who was brought up in Seminole County, has been engaged to direct Orlando Little Theater's forthcoming production of "You Can't Take It With You, Ken Buzzard, O.L.T. president announced in Orlando yesterday.
Mrs. Fontaine whose home is now in Prescott, Ariz., has been visiting her father, George O. Swartz, Farm Bureau official, in Sanford during the holidays and has agreed to stay over to direct the play, Buzzard said.
The family came to Seminole County many years ago when Mrs. Fontaine's grandfather, Dr. Joel Swartz, a well known minister, Her stepmother is president of the Sanford Woman's Club.
The director has the theater in her blood in a manner of speaking, having been born in Philadelphia where her cousin, Sears the Maxician, an old time performer on the Keith Circuit, was currently playing an engagement.
Graduated from Virginia College, Roanoke, Va., a girl's finishing school, where she studied in music and the dance. Mrs. Fontaine received her A.B. degree from Barnard College of Columbia University in English literature.
Rehearsals have already begun on "You Can't Take It With You, the famous George S. Kaufman-Moss Hart comedy which will be presented Feb. 18-21.
The Buzzards enjoyed a surprise visit from their son-in-law, Capt. Alvin Innes who is stationed at San Rafael, Calif. Capt. Innes is en route to Maxwell Field, Montgomery, Ala. for a ten weeks special assignment.

Rollins Players To Present Folk Play

WINTER PARK, (Special) — The first 1933 production of the Rollins Players will be given Jan. 23 at the college's Annie Russell theatre. It is "Spring For Sure" a new musical folk play by Catherine McDonald.
The play is sponsored by the Players with the cooperation of the Student Music Guild, which is directed by Sally Mousour Wilbur Dorsett and Dick Verlign are stage directors, and Barbara Zeigler dancing director. Casting began this week.
"Spring For Sure" is a new play which had its premier at the University of North Carolina where it enjoyed signal success and was taken on the road. Music is by Wilton Mason of the University's music department.
It is described by Dorsett as "funny, with lots of good music." Action takes place in "Slippery Creek, Tenn."
The February production of the Players will be "The Importance of Being Earnest," by Oscar Wilde. It is a farce comedy of the Gay Nineties, and is scheduled to run from Feb. 17-21.
The Fred Stone theatre of the college will present a comedy "The Great Big Doorstep" Feb. 17-18. It will be directed by Donald S. Allen and was written by Frances Goodrich and Albert Hackett.
Four other plays, two by the Annie Russell theatre and two by the Fred Stone theatre will be given during the spring term.

Birthdays Honored At Primary School

Birthdays and two days were celebrated simultaneously on Friday at South Side Primary School when each child had his personal birthday cake. The children were seated at long tables in the gymnasium and the school members, including parents, friends, teachers and even a teacher's wife were displayed.
"Happy Birthdays" was sung to all those having birthdays in January, and during the afternoon recess a birthday cake, presented to the school by Mrs. Fred Robb, was served in the luncheon by Mrs. Bill Glenn, luncheon manager.
Those observing birthdays were: Fourth Grade: Jim DeHann, Tony Salinas, Johnny Leonard, Sandra Gille, Wayne Evans, Leo Edwards, Linda Lou Greene, Helen Wilson, Nancy Mowery, Lavone Sileo, Nettie Baker, Elize Butler, William Davis, Wayne Hutchinson, John Daniel Taylor, Herb Theobald, Paul Lewis, Frank Dalton, Lucetta Brinson, Jay Altham and Dicky Westfall.
Third Grade: Billy Hoover, Lydia Polak, Gertrude Stafford, Carol Dudley, Kenneth Robinson, Ven K. Summers, Barbara Nell Ellis, Pave Stafford, Joyce Howard, John Richardson, Anne McMillan, Wayne Winton, Pascoe Patton, James, Patsy, Mabel, Mae, Joe, and Robert Kinnard and Agnes Myers.
Second Grade: Miss. Margie Warmoth, teacher; Bobby Davis, Scott Westman, David Yates, Lu Vienne Pitts, Ray Bennett, Bob Gilham, Ruth Hamilton, Ed Heger, Brad Wallace, Aida Stafford, Lawrence Peyer, Larry Staines.
First Grade: Lucaine Miller, Richard Mitchell, Bobby Ring, Karen Bounny, Shirley Evans, Helene Norris, Barbara Moore, Jeff West, Lee Mison, Sandy Hoyle, Don Green, Tommy Cook, Tommie Walker, Patsy Marsh, and Fred Walker.

Lila Moore Leffler Engaged To Lt. Roth

Mr. and Mrs. William Armstrong Leffler announce the engagement of their daughter, Lila Moore, to Lt. Robert Dale Roth of the United States Navy. Mr. Roth is the son of Mr. and Mrs. Fred Brock William Roth of Milwaukee, Wis.
Miss Leffler was graduated from Seminole High School in Sanford and attended Florida State University, the University of North Carolina and the University of Florida where she will receive her bachelor of arts degree in journalism in the January graduating class. She is a member of Alpha Delta Pi social society.
Mr. Roth attended Ripon College, Ripon, Wis., prior to entering the Navy, and received his wings in 1930 at Pensacola. He is now attached to V-F 32 at Cecil Field in Jacksonville.
The wedding is to be an event of February.

Mrs. Davis Elected Chairman Of Circle

Mrs. R. Bruce Davis was elected as chairman of the Magnolia Circle of the Garden Club at its January meeting held on Friday afternoon at 2:00 o'clock at the R. F. Peurifoy home. Other officers elected were: vice chairman, Mrs. Lawrence Peyer, Larry Staines; First Grade, Lucaine Miller, Richard Mitchell, Bobby Ring, Karen Bounny, Shirley Evans, Helene Norris, Barbara Moore, Jeff West, Lee Mison, Sandy Hoyle, Don Green, Tommy Cook, Tommie Walker, Patsy Marsh, and Fred Walker.

Junior High By PENNY WALLER

If you remember, several weeks ago Gene Arnold came to our school to play his accordion for us. Well, he came to play again. He was on his way back from his home in Pennsylvania to Key West where he is stationed. As he was staying in Sanford for a few days, Dr. Billings of Tuchten's Drug Company had him come to play for us. Mr. Charles Morrison introduced him.
Some of the numbers he played were "Honey, Won't You Honey-moon With Me," "Third Man Theme," "Lady of Spain," "Tea for Two" and "Under the Double Eagle." After he played Mr. True asked him how long he has been playing. Gene said, "I've been playing six years and took lessons four years." Mr. True also stated that it really takes a lot of practice and work to play a good one. Gene does. Gene replied, "When you love music it's no work."
When we came back from our Christmas vacation the first thing that greeted our blurry eyes were the water coolers. It certainly is wonderful to have such cool, cool water.

Increasing Volume Of Winter Produce Moving To Market

WINTER HAVEN — Director L. H. Lewis reported today an increasing volume of winter vegetables moving on the State Farm ers Markets and some planting on log on in many of the market areas.

He gave this rundown: 21 Myers volume expected to continue fair for next couple of weeks despite cucumber frost being retarded by recent cold weather. Last week cucumber sold for \$7.50 to \$9 a bushel. The grade pepper for \$4.50 to \$5 and top grade tomatoes \$1 to \$6 a 69 pound carton. A total of 9,987 units brought gross receipts of \$23,122.

Florida City — no material frost damage reported during last cold spell. Last week sold 1,735 crates of tomatoes at \$1.07 to \$2 and gross receipts totaled \$89,290. An increase in volume of tomatoes and a light volume of beans and squash.

Immokalee — moving light fair volume of cucumbers, tomatoes, squash and pepper. During week of Jan. 2, 6,457 packages of produce brought \$23,275.

Pahokee — activity bringing \$3.30 to \$3.50 a crate, potatoes \$1.20 to \$2.75, escarole \$0 to \$1.10 a crate, radishes 70 to 90 a bushel, bean \$4 to \$5.50 a bushel, and pepper \$4 to \$5.50.

Plant City — 82,751 pints of strawberries last week averaged 384 cents for a total of \$30,420.

Pompano — 260 crates of produce moved last week for the market's biggest week of the season. Beans sold up to \$8 a bushel, the recent cold weather strengthening the prices. Pepper brought \$3 to \$5.50.

Sanford — on one day last week sold over 21,000 units of 31 varieties of fruit and vegetables. Cabbage the leading commodity followed by celery, cauliflower, pepper and potatoes.

Wauchula — a considerable acreage of tomatoes has been planted and planting is continuing. Most of the early headed cucumber acreage has been planted with some plants already up. Will start open field cucumber planting about Feb. 1.

Red Penetration

(Continued From Page One) there was evidence of organized Communist groups. He wouldn't investigate individual professors, he said.

The internal security subcommittee report, submitted under the expired chairmanship of Sen. McCarran (D-Nev.), said without going into details:

"Testimony before the subcommittee indicated specifically that Communist activity took place among teachers in Philadelphia, Boston, Cleveland, Detroit, Buffalo, and Madison, Wis., as well as reflecting the certainty of substantial Communist activity among teachers in other areas.

"Several universities also were cited in testimony as containing Communist units.

The subcommittee drew these conclusions in its report:

"1. Despite the unquestioned loyalty and self-sacrificing devotion to duty of the preponderant bulk of America's teachers, there are yet many hundreds of teachers who are Communists.

"2. Communist teachers radiate an influence much greater than their proportionate number.

"3. The New York Teachers Union is an organization that is an instrument of Communist activity and has been used to implement the Communist conspiracy.

"4. Legislative committees either of the Senate or of Congress have aided local school authorities by sketching a pattern of Communist activities and by exposing Communist teachers.

"5. A Communist is not a fit person to be placed or retained in a position to influence the minds of the youth of America."

Vivian Speer

(Continued From Page One)

First Baptist Church, was thrown to the pavement in the second crash and his physician said he had a brain injury and a serious concussion.

According to Daytona police, Tucker's car was in a collision at N. Beach and Mason Avenue, Daytona Beach, with a vehicle driven by a 21-year-old Ormond resident.

Two men riding with the new sheriff were also thrown out of the car but escaped with minor injuries. They were Deputy Sheriff C. B. Newell and Homer Clancy, reporter for the Daytona Beach News Journal.

Mr. Speer was born Aug. 28, 1885 in Sanford of an early pioneer family and had lived here all of his life. He was a veteran of World War I, serving in the U. S. Navy, a member of the American Legion and Holy Cross Church.

Formerly a city commissioner for seven years he served as mayor of Sanford for two terms in 1920-1923. He had also served as executive chairman of the Seminole County War Service Drive.

For 34 years he had operated the dry goods store of Speer & Son, founded by his father. He was also a former director of the Sanford National Bank and the Fernald-Laughton Hospital Association.

Mr. Speer is survived by his wife and one son, George A. Speer, a lawyer in Daytona Beach. He has a nephew, George Speer, a nephew, Tommie Speer and a grand, Mrs. Sadie Speer.

Family Of Six Wiped Out By Farm Blaze

ERIC, Pa. — Fire destroyed a two-story farm home yesterday wiping out a family of six. Five others living on the first floor fled the mushrooming flames that left nothing but a charred mass in the basement.

Burned to death were George Thompson, 71, his wife, Alice, 22, and their children Rita, 5, Martha, 4, Charles, 2, and Charlene, 9 months.

They lived on the second floor of the frame dwelling situated on a 94-acre farm six miles south of Erie.

State Fire Marshal Stanley Strykowski said he believed an oil stove used to heat the children's bedroom, exploded.

The charred bodies of all but one of the victims were recovered. The remains of the baby, Charlene, were found in the basement.

Ocean Slays Rival For His Wife's Love

OSCEOLA — Oscar Lott, 41, was held today on charges of first degree murder in the shooting of a rival for the affections of his attractive wife.

Sheriff Don McLeod said Lott, 28-year-old shipping clerk, Saturday night killing occurred at a restaurant near the town of Osceola.

The shooting took place at the home of Mrs. Lott, 41, Public Health Service Hospital here with an infected leg caused by a fish sting.

The cutter Nike released the fishing vessel Vona Meyer, Tampa, Fla., and the Southwest, Pennsylvania, Fla., at Port Everglades, just inside the southwest pass entrance to the Mississippi River.

Another fishing vessel was scheduled to tow the boats to Pensacola for repairs.

The Nike took the vessels in tow Tuesday in the Campeche fishing banks off the coast of Mexico.

Rotary Club

(Continued From Page One) Charles A. M. Phyllis, N. J. Oscar Bergstrom of Winter Park, James L. Monroe of Cocoa, J. C. Bradley and LeRoy Lawson of Deland.

Cardinals Chosen

(Continued From Page One) termed the action by the media "a blunder."

The media had held up in an automobile hotel from the official government travel agency and told me that under a new regulation official permission must be obtained by any visitor to the spiritual leader of Yugoslavia's approximately seven million Roman Catholics.

Previously, no permission had been required from authorities to see the archbishop. He is now reported recovering from a minor leg operation made necessary by a thrombosis (blood clot) condition.

The mixup over whether reports could see him occurred on the day Stepiac and 23 other Catholic prelates were elevated to the college of Cardinals at the Vatican.

In his last interview with this correspondent, the prelate commented that religious freedom in Yugoslavia "is equal to zero."

He condemned what he termed the "anti-church practices" of the Communist government.

Ike And Cabinet

(Continued From Page One) Sen. Taft of Ohio, the Senate majority leader, said Eisenhower's agreement to do this represented "no reversal" of policy on his part, but the Ohioan added that the arrangement had helped to dispel confusion regarding the handling of job patronage.

Knowland, Taft and Sen. Millikin of Colorado, chairman of the conference of all Republican senators, spent about an hour and a half with the President-elect.

They came in advance of Eisenhower's first meeting with his entire Cabinet. Also scheduled to sit at the Cabinet conference were Vice President-elect Nixon and other top officials of the incoming administration.

OVIEDO PTA TO MEET

OVIEDO (Special)—The Oviedo PTA will meet Tuesday at 8:00 p.m., at the Home Economics Bldg. Guest speaker will be Mrs. Jeanne Brinkley.

NOTICE TO THE PUBLIC OF INVITATION TO BID

Sealed proposals will be received in the office of the City Manager of Sanford, Florida, until 4 P. M. January 26, 1953, for furnishing one carload of sewer pipe as per follows:

- 300 feet of 10"
500 feet of 8"
1000 feet, more or less, of 4" necessary to fill car.

Items bid on are for use of Sanford Sewer Dept. and will be paid for from Sewer Dept. Budget.

Prices submitted must be figured F. O. B. destination. Estimated taxes must be deducted from bids.

One Escaped Mental Case Still At Large

CHATTANOOGEE — One of three patients who escaped from the State Mental Hospital Saturday night was still at large today, but authorities do not believe he is dangerous.

City police caught H. V. Griffin, 27, the butcher knife-wielding leader of the break, near a church Sunday. Sidney D. Welch, 20, was captured a few hours after the escape.

George Ward Jr., 23, Fannin County, was seen running into some woods when officers took Griffin.

Hospital Supt. W. D. Rogers Jr. described Griffin as the only dangerous one of the three. He led the escape by pressing a butcher knife against an attendant's throat and marching him past patients and guards lined up for a speaker. The attendant was not harmed.

Cutter Ends 5-Day Rescue Operation

NEW ORLEANS — A Coast Guard cutter ended a five-day rescue operation Sunday when it released two fishing vessels in protected water and brought two medical cases to shore.

One man, described as a "mental case," was turned over to his family in Venice, La.

Another seaman, Royce R. Blackwelder, St. Augustine, Fla., was put in an ambulance at Venice and taken to the U. S. Public Health Service Hospital here with an infected leg caused by a fish sting.

The cutter Nike released the fishing vessel Vona Meyer, Tampa, Fla., and the Southwest, Pennsylvania, Fla., at Port Everglades, just inside the southwest pass entrance to the Mississippi River.

Another fishing vessel was scheduled to tow the boats to Pensacola for repairs.

The Nike took the vessels in tow Tuesday in the Campeche fishing banks off the coast of Mexico.

Heaviest Assault Of Year Aimed At ROKs

SEOUL — The heaviest Red assault of the new year smashed against the lines of a newly activated South Korean division today.

The Allied soldiers held their ground, killed an estimated 213 of the attacking 800 Reds, and forced the Communists into retreat after three hours of savage close-quarter fighting.

Battles flared with renewed bitterness all along the frozen Korean front. Altogether the Reds hurled nearly 1,500 men into the fighting in bloody but futile attempts to dent the U. N. lines in pre-dawn darkness.

The U. S. Eighth Army said the main Red blow fell against the Republic of Korea 12th division on the mountainous eastern front. Gen. James A. Van Fleet announced the activation of the 12th and 15th ROK divisions only two months ago. This was the first indication that either had seen combat.

In the air war, Allied fighter-bombers roared north in follow-up raids on the vital Sinanju supply center deep in northwest Korea. Ten U. S. B-29's dropped 100 tons of bombs on rail yards there Sunday night. The tripartite blows are part of a concerted effort to smash a main Red supply line from Manchuria to the front lines.

MOSSADEGH SEEKS POWER

TEHRAN, Iran — Prime Minister Mohammad Mossadegh will try again tomorrow to muster a parliamentary quorum to consider a bill extending his powers to rule by decree.

The prime minister, who is up against bitter resistance from a minority faction on the issue, failed to get enough deputies into the Parliament yesterday for a scheduled session.

A spokesman for Mossadegh said Saturday that expiration next month of the law granting him dictatorial powers has resulted in British refusal to negotiate on the Iranian oil dispute.

NCAA Rules Group To Study College Football Changes

By BEN PUNK ST. PETERSBURG, Fla. — The Football Rules Committee of the National Collegiate Athletic Association started its annual conference today, with prospects of making few if any important changes in the present regulations.

Most of the 11 members seemed satisfied with the way college football was played last season.

"I think we have a fine set of rules," commented Michigan's Athletic Director Fritz Crisler, the committee chairman. "I hope there won't be any changes in the game."

"Of course, we're not going to legislate against progress, but we'll stand pat until we hear some very good reasons for rewriting any rules. Constant changes confuse the coaches, the players and the spectators."

An advisory committee of college coaches headed by Columbia's Lou Little has submitted a number of proposals, including one intended to discourage the so-called "sucker shift," a maneuver to draw the enemy offside.

The coaches asked the rules committee to make it illegal for a lineman to change position after assuming his stance in the line with one or both hands on the ground.

"Some of us felt that lurching by the lineman is what nullifies the opposition offside," Little said. "We're just throwing that suggestion in as a starting point for discussion. It may lead the committee to a better solution than we have been able to find."

No changes have been proposed in the present two-plate system. Little said only a small minority of college coaches pulled on the substitution rules were in favor of restrictions. The others, he said, were about equally divided between keeping the present rules and adopting the professional policy of unlimited substitution.

County Commission

(Continued From Page One) construction budget hearing for the 12 counties of the Fifth District.

Among those attending the meeting this morning were all the County Commissioners: G. W. Sawyer, C. C. manager; Mack Cleveland and Volin Williams, state representatives, while the latter also is directly connected with the French Avenue project; Jack Huts, operator of Sanlando Springs; M. B. (T-bone) Smith, and Judge Douglas Stenstrom, president of the Junior Chamber of Commerce.

The Southwest Road was given priority in the resolution at the suggestion of Mr. McClelland, who said it had been longer in acting procedure than the Sanlando Springs Road. The latter road was considered by several of the commissioners as the most important road project in the county.

Commissioner D. E. Fouraker said it is "one of the biggest assets Seminole County has."

Already, the County has agreed to pay \$50,000 on the French Avenue project. Commissioner Dudd said that had formed a "gentleman's agreement" with the C. C. in splitting the cost more than that amount. Commissioner Fouraker said the County would go as high as \$75,000.

According to figures at the meeting this morning, the County will have \$233,287.33 available in after handling the bill from center and the old fair catch signal— one unstrapped arm—be restored. The receiver now is required to wave both arms.

No changes have been proposed in the present two-plate system. Little said only a small minority of college coaches pulled on the substitution rules were in favor of restrictions. The others, he said, were about equally divided between keeping the present rules and adopting the professional policy of unlimited substitution.

Tingler Sells Boat, But Still Wins Race

MIAMI — Chet Tingler didn't have a boat for this year's national Thistle Class Winter Championship but he won the title in the Sunshine Regatta Sunday.

Tingler, defending champion, had sold his boat and did not intend to compete until he met Omer Rich, Dayton, O., who invited him to call the R-Clan.

Howard Post, Miami, sailed his Zephyr in first place in the State Thistle Class race for the third straight year. Another Miami, Lewis Twibell, won the State Moth Class title.

Ed Burroughs, Jacksonville, took secondary road funds for 1953. This is the amount left after a total of \$365,058.50 in commitments and expenditures has been deducted from the original appropriation of \$500,246.93.

As stated in the figures, \$3,191.71 has been committed for maintenance; \$300 for rights-of-way on the Melonville Avenue-Lake Jesson road; \$35,500.33 for rights-of-way on French Avenue; \$10,000 for the road from Lake Mary to State Road 400 (Highway 17-02); \$16,000 for the Chapman Road, and \$38,000 for the Sanlando Springs Road, making a total of \$173,192.07.

Mr. Williams offered the suggestion this morning that a resolution be passed for decentralizing secondary road funds from the State to the counties and that he would introduce the action in the State Legislature. No action was taken on the matter by the Commission.

TREMORS RECORDED

NEW YORK — Two sharp earth tremors about 2700 miles from New York were recorded last night on the Fortham University seismograph, it was reported today.

The Rev. Joseph Lynch, seismologist, said it was not possible to determine the exact direction of the shocks.

'Most Wanted' Youth Faces Murder Count

MIAMI — Kenneth Lee Maurer, accompanied by two detectives, was enroute to Detroit by train today where the 20-year-old youth will face charges in the killing of his mother and sister.

Maurer, handcuffed to police Lt. Gerald Walters and accompanied by Detective Kenneth Perry, is due in Detroit Tuesday.

Maurer was arrested Thursday as one of the ten men most wanted by the FBI. He said he had been in this area a year when FBI agents arrested him at his work bench in a furniture factory.

Maurer denied any knowledge of the slaying. His mother, Mrs. Daisy Maurer, 44, and sister, Jan et, 11, were found hacked to death in their Detroit home on Nov. 28, 1951.

Walters said the youth would be questioned during the long train ride and expressed the opinion that "We'll get the story from him."

Maurer had been living in a trailer park with a blonde woman identified as Nina F. Ayers, 28. She said they were married on Dec. 29, 1951, and that Maurer told her he came from Kentucky.

CITY FIRES WORKERS

WOONSOCKET, R. I. — Mayor Kevin K. Coleman fired 60 highway department workers today for refusing to work overtime because of a pay dispute.

The mayor then told them they could apply for reemployment on a 30-day probationary period providing they agreed to overtime work at their regular rate of pay. The men had sought time and a half for overtime work.

The majority of the men applied for reinstatement at once.

The baniam class title: Jack Price Miami, took Star Class honors and Chuck Phillips, Miami, was first in the Suleida Class.

Georgia Law Body Meets Today With Many Bills On Tap

ATLANTA — A new Georgia Legislature assembled today with most of its members friendly to Gov. Herman Talmadge but many armed with bills that could test severely his "hold the line" policy.

Certain to be introduced is a measure calling for a 10 per cent cost-of-living pay increase for teachers which is opposed by Talmadge and his legislative henchmen.

Another bill would add 100 state highway patrolmen in an effort to cut down a Georgia traffic death toll which soared last year to 962. The teacher pay hike would cost about eight million dollars; the patrol expansion would require \$2,000,000 more.

The governor has warned that Georgia's income will fall by about 10 million dollars a year during the next two years, and since he is against increasing taxes, he wants no expensive additions to the state budget.

Rep. Charles Cowen of Brunswick, long at issue with Talmadge, has charged that useless employees clutter the state's payroll. He says most of the money needed to give the teachers a raise could be obtained by firing these workers.

Two bridge-building proposals backed by the administration may draw strong opposition. One would create an authority to construct toll bridges; the other would establish an authority to build about 30 million dollars worth of bridges to replace some now labeled obsolete.

Other bills likely to be offered would: Establish a state censorship board and investigate sale of "lewd magazines"; Provide \$17,500 annually for medical scholarships to supply doctors for rural areas.

Silk worm moths are about one-half-inch long.

We give you PROOF!

Biggest seller in its weight class! Ford F-5 offers 3 wheelbase lengths to fit your load space requirements. Choice of Six or V-8 power!

WANT ADS

Got Enough HOT Water For ALL Your Family Needs?

If you have to schedule baths, dishwashing, clothes washing — you'll have to say "no" to that question. And if you do — you need a GAS Water Heater. Gas is the ideal fuel to give a continual supply of HOT water — all day, day and night — and at less cost! Fast recovery is the prime reason why gas is superior for water heating. A GAS Water Heater doesn't delay you when you need hot water — and it replaces the hot water you use — in minutes! No watchful waiting — no intricate family schedules and cold baths because of an old fashioned water heater when you use Gas. Call your Gas Company right away.

30 GALLON GAS WATER HEATER EQUALS IN EFFECTIVENESS AN 80 GALLON ELECTRIC WATER HEATER.

"THE HOTTER THE WATER THE WHITER THE WASH"

An exhaustive five-year research project by a leading laundering authority conclusively proved that Water Temperatures of 150 - 180 degrees—in the washer tub—are essential for best soil removal, whiter washes. A GAS Water Heater will provide enough hot water to operate any automatic washer continuously, load after load.

"Family Health Requires Hot Water for Dishwashing"

Authorities agree it takes 30 minutes to kill bacteria at 140 degrees—BUT ONLY TWO MINUTES AT 170 degrees. Sanitation codes of Public Health Departments in most large cities now require 170 - 180 degrees dishwashing or rinsing temperatures in all public eating places. Don't you agree that you need to be equally careful at home?

Santford Sweeps Twin Bill From Palatka, 41-30; 28-19

Scottmen Win First EFC Game; Junior Feds Take Second Straight Victory

Santford's bleak basketball horizon took a sudden and bright turn Friday night as Seminole High variety and junior quintets combined to sweep a doubleheader from the Palatka Maroons by respective scores of 41-30 and 28-19 before 200 fans in the SHS gymnasium.

Fed Coach John Scott's emphasis on fundamentals finally materialized on the court as the spirited Seminole demonstrated close cooperation and team play for the first time this year in rousing up their season's first victory.

Gordon Clark, Kentucky transfer senior, led the Feds with 11 points while alternating with lanky Jimmy Kridler taking rebounds off both boards.

Gordon Clark, Kentucky transfer senior, led the Feds with 11 points while alternating with lanky Jimmy Kridler taking rebounds off both boards.

Junior Metts and Frank Stafford teamed up to bring the ball down the court and played important breaking through the Palatka zone on running lay-ups.

It was evident from the very beginning that the Celery Feds had complete command of the situation as they mounted an 11-5 margin in the initial period while pushing the score to 22-10 by the intermission. Santford never headed throughout the game.

Coach Scott kept the Seminole on their toes calling several time outs to meticulously chart out flaws in the Fed's playing tactics on a small blackboard. Scott punctuated the Sanford onslaught with the liberal use of his two-platoon system, thus keeping down the score.

The hustling play of Bubba Bibebe, Kridler and Stafford kept the Sanford's improvement. Bibebe's excellent four game was a complete surprise to many and the timely rebounding of Kridler plus the uncanny accuracy of Stafford certainly brought satisfaction from Scott.

Both Stafford and Kridler were second high to Clark with nine markers each. The nimble Stafford led the Seminole's big 12-point third stanza with three buckets on two one-handed pushers from the court and another from underneath. Clark paced the early Fed drive with five points in the first quarter while Kridler contributed a one-hander and a two-in-one.

Metts found the range in the second period with a pair of field goals while the second stanza Joe Pickens, Handy Reynolds and Dil Sheffield added two points each in the closing minutes.

Palatka, loser of five games in six this year, holding but a single triumph over Little Crescent City Five, found little to cheer about. Bruce Hancock performed admirably, pacing the losers with eight points, but was a distinct disappointment at the charity line missing six of 11 attempts and making a 100 percent average on his long one-handers.

Setting the pleasant Sanford winning stage was the Junior Feds' slow 28-19 victory in the opener. Giant Joel Moss, who seems to employ his physical stature to good advantage to improve with each contest, paced the victory attack with 13 points, a season high figure for the JV's. Moss started incomparably with 4 against Edgewater and followed it with 11 in the Mainland upset win.

Hard charging Jimmy Butler was missing from the lineup, which may account in part for the small 28 point total. The (Ginas-Fleming squad started very slow falling behind, 5-3, in the first period and finally evening the count by the half at 10-10.

Jones Scores 19 To Pace Oviedo To 55-36 Win Over Groveland

Lions Win 2nd CFC Contest; To Play Lyman High Five In Oviedo Tonight

GROVELAND (Special)—Oviedo's basket happy sophomore forward, Johnny Jones, went on another scoring rampage here last Friday night, churning the cords for 19 points to spearhead the Lions' 55-36 victory over Groveland in a Central Florida Conference game.

Jones' point spree pushed up his season's total to 83 in five games for a 16.6 average, which leads all Seminole County prep scorers in both departments.

The Oviedoans were playing without the services of their star forward, Jimmy Meek, who is sidelined on crutches with a sprained ankle. However, Guard Norman Oyer, who himself has been nursing a severe cold for the past two weeks and was held to a single marker in the Boone JV game last week, took up the slack left by Meek's loss and contributed 12 points to the Oviedo assault, six from the charity line.

Groveland's feeble scoring offensive was paced by the 12-point effort of John Dowdy and Herman Eberhart. The Groveland girls gained some consolation for the local fans by administering a 50-38 setback to the Oviedo girls in the last inter.

Jerry Puryear hit for 27 points for winning girls while Oviedo's perennially high scorer, Shirley Jones, led the Lions with 15 markers. Shirley is no relation to Johnny Jones.

Tonight the Oviedo quintet, which holds a nifty 2-0 record in CFC play so far, will make another conference defense in Oviedo against their county rivals, the Lyman Greyhounds. The girls' game will inaugurate the twin bill at 7:30 p.m. in the new Oviedo gymnasium.

Lion Coach Paul Ankler will lead his charges into the fray with a winning 3-2 record while Lyman's Monte Lee will field a club with a 1-3 season's count. Lyman holds a poor 1-2 margin in CFC play.

With 83 total points already, Johnny Jones will be seeking to crack the century mark in scoring. If he can put together the necessary 17 markers tonight, Jones will become the first county prep player to reach the coveted 100-point figure this year.

Palatka, loser of five games in six this year, holding but a single triumph over Little Crescent City Five, found little to cheer about. Bruce Hancock performed admirably, pacing the losers with eight points, but was a distinct disappointment at the charity line missing six of 11 attempts and making a 100 percent average on his long one-handers.

Paul Pezold Maintains Titanic 9-Pin Lead Over City Bowlers

There seems to be no stopping Paul Pezold's unquestionable domination over the City Bowling League this year. The ageless ten-pinner of 28-years experience is gradually gaining, if anything, at this stage of the campaign while most bowlers are slowly slipping in face of the law-of-averages.

Proof of this trend lies in the season's City Bowling League, which clearly tells the one-sided story of this season's City Bowling League. Pezold's City bowlers this year with a phenomenal 174.31 average are 77 points ahead of the next best bowler, Harold Appleby.

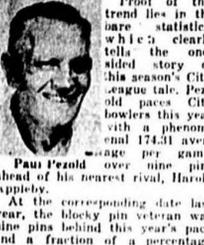

At the corresponding date last year, the bloaky pin veteran was nine pins behind this year's pace and a fraction of a percentage point behind his youthful rival Carl Von Herbulis.

Last year the interesting Pezold-Von Herbulis race began with Pezold setting the pace for the season until that latter stage when Herbulis pressed gradually ahead to win the coveted individual bowling crown.

This year, however, Pezold apparently has no intentions of yielding in the waning weeks of the season and has entrenched himself with better than a nine-pin margin over Von Herbulis.

At this corresponding date, Pezold is leading his 1952 clip of 164.47 to 161.47.

The perennial fourth place Orville Touchton is barely in front of Bill Hartwick who is 162.16 and 162.11 averages, respectively. Ray Carroll, who ranked No. 3 last season with a 162.13 percentage at this corresponding date, is experiencing a disappointing season this year, buried down the list of pin spreaders with a ignominious 151.12 mark.

Paul Pezold over nine pins ahead of his nearest rival, Harold Appleby.

Palatka, loser of five games in six this year, holding but a single triumph over Little Crescent City Five, found little to cheer about. Bruce Hancock performed admirably, pacing the losers with eight points, but was a distinct disappointment at the charity line missing six of 11 attempts and making a 100 percent average on his long one-handers.

Setting the pleasant Sanford winning stage was the Junior Feds' slow 28-19 victory in the opener. Titusville Drubs Lyman Greyhounds By 59-41 Margin

TITUSVILLE (Special)—Despite Bobby Driskill's 18-point scoring spree, Longwood's Lyman High quintet was badly mauled by the Titusville Torrids, 59-41, in a Central Florida Conference clash here last Friday night. The Greyhound girls drew some solace for Lyman by handing the Terrier females a 49-37 defeat in the opener.

Lyman Coach Jim Payne, fielding a complete sophomore quintet with the exception of Charlie Shaw, was handicapped not having his high scoring forward Jimmy Newman in the lineup for the first time this season. Newman quit the squad earlier last week.

After jumping off to a 9-7 lead in the first period, the Greyhounds succumbed to the four-pronged scoring onslaught of Jim Callon, Wait Driggers, Harry Gene Bennett and Jim Munnis. Callon matched Driskill's 18-point feat while Munnis hit for 15, Driggers for 14 and Bennett for 12.

Lyman, which has to play all of its games on the road because of the lack of gym facilities in Longwood, will play the Oviedo Lions in its final game in the first clash between the two Seminole County girls this season.

Palatka, loser of five games in six this year, holding but a single triumph over Little Crescent City Five, found little to cheer about. Bruce Hancock performed admirably, pacing the losers with eight points, but was a distinct disappointment at the charity line missing six of 11 attempts and making a 100 percent average on his long one-handers.

Mo' Connolly Is 'Very Proud' Of Her No. 1 Ranking

MELBOURNE, Australia (Special)—I am very thrilled, gee, that's great news—thanks very much," Maureen (Little Mo) Connolly said today when advised that she had been voted the female "Athlete of the Year" in the annual Associated Press poll.

It was the second straight year the 18-year-old tennis champion from San Diego, Calif., had been voted the honors in a nationwide poll of sports writers and sportsmen in the U. S. and Canada.

Maureen, U. S. and Wimbledon champion, had just walked off the courts at Kooyung Stadium after another victory in the Australian championships when advised of the news.

"I feel honored and privileged to have topped the Associated Press as the top woman athlete," she said but declared she felt lucky.

"Surely there are many other women athletes in America this year who have done better than I."

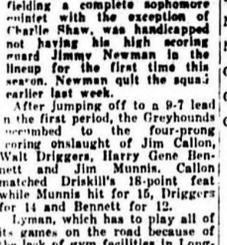

Maureen didn't know it then, but two of the women she mentioned, Pat McCormick of Los Angeles and Florence Chadwick of San Diego, had won that double. Then again, there is the track star, Mae Fagers.

Miss Connolly had 109 first place votes and 384 points.

Driggers, who ranked No. 2, had 82 votes and 304 points. McCormick and 58 for Miss Chadwick.

Babe Zaharias, a leading professional golfer and five times winner of the title of the Athlete of the Year honor originated in 1931, was fourth, followed by Marion Ladewig, four times winner of the women's all star bowling championship; Andrea Meade Lawrence, who won two gold medals in skiing at the Oslo winter Olympics; Betsy Rawls, leading woman money-winning golfer of 1952; Patty Berg and Louise Suggs, also golf stars; and Marjorie Jackson, Australian girl who won the Olympics 100 and 200 meter dashes, and set a world record last year of 10.4 in the 100-yard dash.

Freshman Fred Wyant quarter-backed every West Virginia touchdown this season. He passed for eight TD's, scored five and handed off for the other 22.

Maureen Connolly, U.S. and Wimbledon champion, had just walked off the courts at Kooyung Stadium after another victory in the Australian championships when advised of the news.

Palatka, loser of five games in six this year, holding but a single triumph over Little Crescent City Five, found little to cheer about. Bruce Hancock performed admirably, pacing the losers with eight points, but was a distinct disappointment at the charity line missing six of 11 attempts and making a 100 percent average on his long one-handers.

Setting the pleasant Sanford winning stage was the Junior Feds' slow 28-19 victory in the opener. Giant Joel Moss, who seems to employ his physical stature to good advantage to improve with each contest, paced the victory attack with 13 points, a season high figure for the JV's. Moss started incomparably with 4 against Edgewater and followed it with 11 in the Mainland upset win.

Hard charging Jimmy Butler was missing from the lineup, which may account in part for the small 28 point total. The (Ginas-Fleming squad started very slow falling behind, 5-3, in the first period and finally evening the count by the half at 10-10.

THE WEATHER Clear to partly cloudy and warmer through Wednesday.

Dulles Will Seek Data For Ike In Europe

Secretary Designate Of State Department To Be Accompanied By Assen

NEW YORK (AP)—John Foster Dulles, secretary of state designate, and Harold P. Stassen will lead a delegation to Europe at the end of this month to gather information for President-elect Eisenhower on political trends there.

Dulles' press secretary, James C. Hagerly, said Dulles and Stassen, who will be director of the Mutual Security Agency, would leave for Europe at Eisenhower's request.

Hagerly said the purpose of their trip would be to gather information on political trends there in relation to U. S. participation in NATO and in economic assistance abroad.

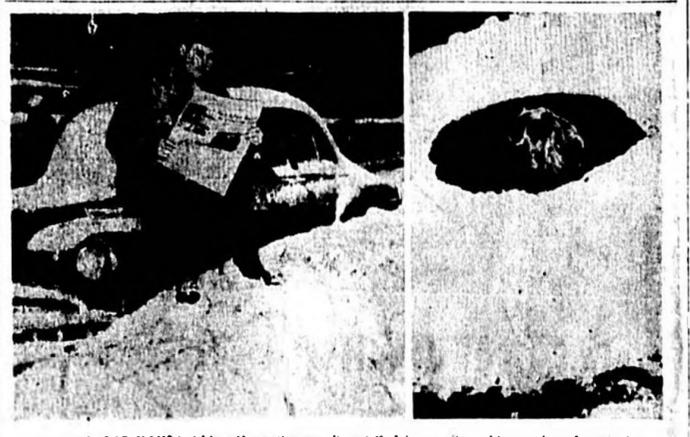

Eisenhower and his cabinet today discussed his inaugural address and the State of the Union message which the general will submit to Congress shortly after taking office next Tuesday.

And there were indications that the key officials of the new administration also talked over the problem of how to cut the \$17,000,000,000 budget which President Truman sent to the lawmakers last week.

Hagerly said Eisenhower read a draft of the inaugural message, which reportedly will set the general theme of the new administration's policies and philosophy.

The President-elect then called for and received suggestions for revision of the draft.

Heavy Snows

WITH NO ONE TO BLAME but himself, weatherman Ernest C. Johnson sits on his snowbound car in front of the Federal Building, Albany, New York, and reads his own prediction—correctly so—of a heavy snowfall in the area. But who believes the weatherman, especially the weatherman. As traffic in the city came to a near standstill, an alert photographer found just the picture to tell the story when he snapped the cocker spaniel (right) watching soulfully from rear window of its master's stranded auto. (International)

Industrial Board To Aid Business Is Named By City

Group To Meet With Concern Interested In Site Here

The appointment of a City Industrial Board for the purpose of bringing new industries to Sanford is a major step in the city's economic development program.

The board will meet tomorrow night at the City Hall with J. M. Garrett, operator of a Sanford dry goods store, who is representing a party said to be interested in establishing a garment factory here.

Tom Lemon, City Manager, said that the location of the garment factory here is proposed by a former manufacturer of women's sportswear and junior apparel of Cordele, Ga. which was contacted by the Chamber of Commerce.

The attorney contended the permit covered breaking of the curb only, and that it did not provide for subsequent driveway construction.

Local representation was given to the Florida Wing assembly of the Civil Air Patrol at West Palm Beach last weekend, during which participants secured the latest information concerning cadet training and formulated plans for the future.

City And Chamber Of Commerce Work Together For New Factory

The city and the Chamber of Commerce are working together to bring a new garment industry to Sanford next week.

Mr. Garrett plans to be back in Sanford next week. Mr. Breckenridge, manager of the C. of C. revealed today, which would provide employment for about 15 people at the start.

The negotiations have been under way for some time. Mr. Breckenridge and H. D. Drake, executive president of Delaine, Inc., Cordele, Ga., which manufactured women's sportswear and junior apparel before being sold to another manufacturer J. M. Garrett, operator of a local dry goods store, and Sam Gibbs, live oak, president of the Gibbs Company and former district governor of the Kiwanis Club.

The negotiations have gone into the final stages. Mr. Breckenridge said, including the selection of a tentative site for the factory in the Crown Paper company's building near the lake front C. E. Gormley Jr., representative of the company, recently showed the building to a group of representatives of the proposed factory.

The representatives definitely are interested in the building and in a labor pool which was brought about by the Florida Fashions Manufacturing Company branch here, now disbanded.

Dr. Victor Mamatey, Professor of History at Florida State University, Tallahassee, will deliver the principal address at Slovak Day ceremonies, Sunday, Feb. 22, to be held at Slovak Gardens, near Casselberry, Carl Boholavsky, chairman of the Board of Directors for this newly state-chartered institution, stated today.

Slovak Day, to be held on that date for the first time in Florida will feature in addition to the address by Dr. Mamatey, exhibition of Slovak art and handicrafts to which those who plan to attend are invited to submit entries including needlework, art, ceramics and other types of handicrafts either made in the old country or otherwise typical of the Slovakian culture.

Reds Accuse Jews In Death Of Zhdanov

Diplomats Speculate Disclosure May Be Prelude To Purge, Renewal Of Trials

MOSCOW (AP)—The Soviet Union today accused nine doctors, most of them Jews, of killing two top Russian leaders and plotting the deaths of others through family treatments.

An announcement said the doctors, now under arrest, were charged by diagnosis of the fatal illness of Andrei A. Zhdanov, a leading Politburo member, and "reduced the life" of Alexander S. Scherbakov, head of the chief political administration of the Soviet Army.

The story was being discussed everywhere, and seems destined to cause new and stronger feelings against the groups the Soviet press calls Anglo-American warmongers, and against Zionist organizations, and against the international Jewish bourgeois nationalist organization "Joint."

This evidently referred to the Jewish Committee, a Jewish organization which has sent millions of dollars to aid European Jews. New York spokesmen said the charges, if intended to discredit the Jewish people, were too ridiculous to merit comment.

In London, diplomats speculated that the disclosures may prelude a wide scale purge of the Jewish community in the Soviet Union.

The Soviet committee of the Lake Mary Chamber of Commerce went on record as urging the State Department to support the State Department's plan to purchase the land in the new town to be developed with the allotment of private funds.

Following minutes of previous meeting, the treasurer reported a total balance of \$149.16. A. W. Tomkinson, chairman of the Christmas Tree Committee, reported that \$274.75 had been collected for the formation of a Brownie group, for whom a leader has already been chosen.

Plans for participation by Sanford and Seminole County in the Central Florida Exposition, Feb. 23-28, are underway by the Chamber of Commerce. Forrest Breckenridge, chairman of the Recreation Committee, reviewed the organization of the Shufeldt Club, under the sponsorship of the Chamber of Commerce, but functioning separately. The courts are now in top condition, he reported, and everyone interested in the sport was urged to take advantage of them.

Morse Is Knocked Off 2 Coveted Committee Spots By GOP Action

Internal Weakness Is Detected In Russian Purge Of Jewish Doctors

WASHINGTON (AP)—The conference of Republican senators today passed a compromise plan and bumped Sen. Morse (Ind. Dem.) off his two major committee assignments.

The GOP senators decided to take all of the eight majority places on the Armed Services Committee and all of the seven majority places on the Labor Committee. The result was to knock Morse off both coveted spots.

Only 2 Minor Assignments Left Open To Senator Who Split With Party On Ike

WASHINGTON (AP)—The conference of Republican senators today passed a compromise plan and bumped Sen. Morse (Ind. Dem.) off his two major committee assignments.

HOME FOR SLOVAKS

The principal building of Slovak Gardens, Inc. located on Lake Howell Road, four miles from Casselberry, resulted from a charitable bequest from Mrs. Carl Boholavsky, whose husband is now chairman of the board of directors.

Slovak Day To Be Held Feb. 22 At New Seminole County Home

Dr. Victor Mamatey, Professor of History at Florida State University, Tallahassee, will deliver the principal address at Slovak Day ceremonies, Sunday, Feb. 22, to be held at Slovak Gardens, near Casselberry, Carl Boholavsky, chairman of the Board of Directors for this newly state-chartered institution, stated today.

Report For Year Is Released On Housing Projects

Only Minor Adjustments Seen Needed In Family Incomes

WASHINGTON (AP)—The report for the year 1952 on housing projects in the United States shows that only minor adjustments are needed in family incomes to meet the needs of the nation's housing program.

The report, issued by the Housing and Home Finance Administration, shows that the nation's housing program is making steady progress and that only minor adjustments are needed in family incomes to meet the needs of the nation's housing program.

Right Of Press To Criticize Court Is Upheld By Georgia Chief Justice

ATLANTA (AP)—Chief Justice W. H. Duckerworth of the Georgia Supreme Court commented on the bench today that newspapers have a right to criticize courts "because in this country we do not have a belief that the king can do no wrong."

He made the remark at the Supreme Court hearing of arguments on the appeal of two Atlanta newspaper editors for contempt of court citations in Superior Court at Rome, Ga.

Blood Bank Will Be Here On January 22

The Central Florida Blood Bank Unit will be in Sanford on Jan. 22 to accept blood donors for the Seminole County Blood Bank under the auspices of the Lions Club. It was announced today by Harry Robson, Lions Blood drive chairman.

Blood donations are being requested at this time because the balance of blood in the Central Florida Blood Bank became critically low during the Christmas holidays.
