

ST. LOUIS NINES SET SPEEDY PACE IN BIG LEAGUES

Card, Browns Win Six, Lose One Game During Past Week

NEW YORK, July 23.—(AP)—For one week, at least, there was no arguing with St. Louis about major league baseball. With identical records of six victories to one defeat, the Cardinals and the Browns set the pace for their respective leagues during the week which ended with yesterday's numerous games. The last best records were Brooklyn's five triumphs to one loss in the National and Cleveland's six games won and two lost in the American League. The Browns, in all, recorded seven straight victories, before their string was broken yesterday afternoon, starting with one from a week ago.

STRIKE TIES UP CHICAGO'S STOCK YARDS

Thirst and Heat Weakened Animals Killed in Droves to Prevent Suffering

CHICAGO, July 24.—(AP)—Weakened animals had to be shot at the glutted Union Stockyards today as a strike stopped efficient feeding and watering a blistering temperature.

The Livestock Commission Men's Union, a local, joined the walkout, bringing to 1800 those on strike as the temperature soared around hundred.

With 75,000 head of livestock bawling and fretting in pens, white-shirted clerks and executioners scurried about the Chicago stockyards today in emergency efforts to feed and water the animals.

Some 700 men stock handlers who ordinarily care for the stock awaiting slaughter were out on strike.

The withdrawal started at midnight and was completed about 2:30 o'clock this morning.

In the midst of emergency efforts to prevent suffering in the jammed cattle pens in yards which were choked with nearly three times the normal supply due to heavy shipments from drought areas, officials of the Union Stockyard and Transit Company prepared to appeal to Judge Philip Sullivan for aid.

Stock handlers have been working under a wage and hour terms set by the Judge after arbitration last November.

Cotton Option Plan Brings Cash To Many

WASHINGTON, July 24.—(AP)—The Farm Administration's six-cent cotton option plan has brought \$11,618,490 to farmers who exercised options by direct sale, and \$33,922,555 to those who participated in the cotton producers' pool.

These figures, as of June 30, were announced yesterday.

Payments made under exercise of options by sale for the period followed by states:

Alabama \$3,394,385, Florida \$16,464, Georgia \$3,659,572.

Payments made through participation in pool:

Alabama \$1,394,385, Florida \$62,441, Georgia \$3,459,657.

4 BOYS KILLED

GREENVILLE, S. C.—(AP)—Four boys were killed and an undetermined number were injured today when a truck carrying 30 boys, reported to be from Charlotte, went over a steep embankment a mile from Caesar's Head on the Grover highway.

All available ambulances were called to the scene. First information received here was meagre, and did not give the names of the dead.

TWO DEAD IN EXPLOSION

TORONTO, July 24.—(AP)—Two firemen were killed, one was mangled and 15 persons were injured Monday by an explosion which wrecked the oil large storage in the Abbotsford Bay section of Toronto Bay. The two dead men were carried down by the surge which swept after the blast.

County Commissioners Cut One and Three-Quarter Mills From Local Levy For 1934-35

A one and three-quarter mill reduction in the county millage for 1934-35 in all districts was announced late yesterday afternoon by the Board of County Commissioners when they tentatively adopted the 1934-35 budget. This reduction, plus the one-half mill reduction recently announced in state millage, gives local taxpayers relief to the extent of two and one-quarter mills.

Based on a \$7,900,000 valuation for the year, the one and three-quarter mill reduction will mean a saving of \$13,325 to the taxpayers of the county. Based on the same valuation, the one-half mill reduction in millage recently announced by Governor Sholtz will mean a saving of approximately \$3950 to the taxpayers, or a total saving in state and county taxes of \$17,775.

In the Sanford district the state and county millage for 1934-35 will be 65 5-8 mills whereas last year it was 67 7-8 mills. A similar reduction is effected in Special Tax School Districts at Oviedo, Geneva, and Lake Monroe where the millage will be 58 5-8, 55 5-8 and 60 5-8 mills respectively. Taxpayers in the Chulucota district get another three mill reduction because a nine mill levy made last year in that district to cover bond maturities has been reduced to six mills for 1934-35.

Taxpayers in the Longwood district will benefit by only three-quarters of a mill reduction for the reason that it has been found necessary to increase the school maintenance millage from seven mills to 10 mills.

The one and three-quarter mill reduction is made possible because of the wiping out of the County's indebtedness to the Upper St. Johns River Navigation (Continued On Page Four)

HARMONIOUS AND STATE OFFICIALS MILITANT PARTY PONDER EFFECT OF COURT RULING

JACKSONVILLE, Fla., July 24.—(AP)—Governor Dave Sholtz called upon the state Democratic executive committee today to "strive with every fiber of our being to maintain in Florida a united, harmonious and militant Democratic party."

He appeared before the annual meeting of the party committee "to give an account of my stewardship, recognizing my obligation to carry out the principles of the party platform on which I was elected."

Six major planks in the party's 1932 platform, the Governor said in the prepared text of his address, have been followed, and "I feel that we are well on the way to complete the fulfillment of the pledge."

Turning briefly to national politics, the Governor described James A. Farley, chairman of the Democratic national committee, as a "modern Moses x x x who led us out of the wilderness of Republicanism into a new day and a new deal."

During the 1932 political campaign, and since then, the Governor said there had been wholehearted co-operation in the Democratic ranks.

"You who are here today have a party responsibility which is, in essence, a governmental responsibility and I as titular head of the Democratic party in Florida charge you to be not unmindful of that responsibility."

"Under the able leadership of your chairman, the Honorable J. B. Hodges of Lake City, the Democratic party of this state has become a militant organization which as long as it so endures will place a question on the hopes of the opposition for a repetition of (Continued On Page Five)

Liquor, Beer Taxes In Year Reach Big Sum

WASHINGTON, July 24.—(AP)—With repeal in effect for six months, taxes on liquor and beer brought the treasury \$289,911,332 during the fiscal year which ended June 30.

This was disclosed yesterday with the publication of figures on internal revenue collections, giving receipts from the various forms of federal taxation and showing increases in all its general categories.

For the fiscal year 1934, income tax collections were \$217,000,000 or 77.5 percent greater than the year preceding. Of the increase, \$94,500,000 came from individual income taxes, while corporate income taxes gained \$24,000,000.

2 Large Corporations Report On Earnings

NEW YORK, July 24.—(AP)—The General Foods Corporation reports net profit for the six months ended June 30 of \$1,217,172, after all charges and provision for income, compared with \$1,249,528 in the same period of 1933.

The Lambert Company reports a net profit of \$1,217,172, after all charges and provision for income, compared with \$1,249,528 in the same period of 1933.

TOLL OF DEATH IN HEAT WAVE MOUNTS TO 535

All Records Smashed For Intensity Of Wave Which Devastated Many Areas

By The Associated Press

The death toll mounted today as intense heat blasted down on the nation, smashing all records for intensity and duration.

The blanket of heat, as blinding and oppressive as a mustard plaster, showed signs of lessening at its edges, but in the mid-West where its devastating effects are greatest, no relief was sighted.

An unofficial 120 degree temperature was recorded at Muscatine, Iowa, and above hundred degree temperature readings were general throughout the central and Western states.

The Atlantic seaboard was cooling hope for relief for the Southern coastal states was held out, and a high pressure area now over Western Canada promised relief for the Great Lakes territory.

Tennessee points, already afflicted with serious drought conditions attending the prolonged hot spell, appeared to have yesterday's highest readings. All heat records for the year were broken when the Memphis thermometer rose to 103 at mid-afternoon and showed indications of going higher.

Nashville had an official 102 at 2 P. M. and a street temperature of 112 after an early morning reading of 75. The all-time July heat record there was a 106 established in 1930.

Huntsville, Ala., reported 102 and the thermometer at Birmingham after pausing in the high 90's as a result of temporary cloudy conditions later shot up to 106 for a season record.

Above normal rainfall which has kept the New Orleans area comparatively cool for the past week or so, appeared to have dried up and that city joined the heat wave procession with a thermometer reading of 98.3 degrees, four degrees above the previous 1934 high of last week.

Atlanta, with thunder showers in prospect, reported 93 degrees during the afternoon.

Readings in the high 90's were general in Mississippi, where the drought threat is steadily increasing in parched farm fields.

Mail Clerk Killed In Wreck Of Train Truck

NEW SMYRNA, July 24.—(AP)—A collision between a heavily laden truck driven by T. A. Brown of Miami, and a north-bound passenger train on the Florida East Coast Railroad south of Oak Hill, near here, Sunday resulted in the death of C. O. Meiser, of Fort Pierce, United States mail clerk. Meiser was riding in the mail car, and was struck by flying pieces from the truck. He died Sunday night at the railroad hospital in St. Augustine.

C. W. McKee, Oak Hill deputy sheriff, yesterday afternoon caused the arrest of Brown on a warrant charging reckless driving.

Showmen Jostle For Dillinger Mementoes

CHICAGO, July 24.—(AP)—Showmen scrambled for mementoes, the more gruesome the better, of John Dillinger's demise yesterday.

"I'll give a thousand dollars for the shirt he was wearing, if the hairs will sell it," one told Police Lieut. Stephen Bassy.

Another offered \$100 to the city for four blood-stained bricks from the alley where Dillinger died. They hoped to exhibit these trophies at fairs and carnivals.

"It's a gold mine," one of them told Barry enthusiastically.

NAVAL FLEET INJURED

NORFOLK, Va., July 24.—(AP)—Lieut. J. G. Burgess, naval aviator attached to the new aircraft carrier Ranger, escaped with minor injuries Monday when the fighting plane he was piloting spun in from a height of 200 feet and crashed into the water.

MITCHELL DENOUNCES BAKER PROBE

Aviation Report Just Rendered Termed As Another White-Wash Of Old Studies

MIDDLEBURG, Va., July 24.—(AP)—Brigadier General William Mitchell, retired, denounced the Baker board's report on aviation yesterday as "just another whitewash."

Such words as "perilous" and "disgraceful" studded Mitchell's comment on the report of the war department's special aviation committee, headed by Newton D. Baker, former secretary of war, under whom Mitchell served as commander of the A. E. F. air force.

The Baker report, published yesterday, turned thumbs down on a separate air force, uniting Army and Navy sky fighters—an idea for which Mitchell conducted a spectacular fight before resigning from the Army in 1926. It also urged building up the Army air force to 2,300 planes to provide a defense second to none.

"This report is about what you could expect of a board packed with Army men, who know nothing of, and want to know nothing of, aviation," Mitchell said.

"It's just whitewash of former investigating boards. The Baker board just rewrote the old reports."

"The United States is about 15 years behind the world now in aviation, and as long as the air force is saddled with Army generals who do not want to understand what airplanes can do in warfare and aviation speculators hungry for profits, little can be done to improve our position. We spent a billion and a half dollars for airplanes during the World War and never got a decent fighting ship to the front."

The general, now living quietly amid the historic Blue Ridge mountains, outlined his own ideas. He said an air force of only 400 completely modern fighting craft would be adequate.

"The only reason to build 2,300 airplanes is to feed hungry contractors," he said. "It's not the number of planes that counts, but their efficiency."

"One modern ship could cause the evacuation of New York City, and three could demoralize and destroy Japan."

Mitchell declared there was no part of the Atlantic or Pacific that couldn't be reached from a base in the United States, if the right type of ships were built.

There should be, he said, one great central underground armed airplane base in the middle of the United States, with three smaller underground depots on the Pacific, Atlantic coast, three on the Pacific, two in Alaska, one in Hawaii and one in the mid-way islands.

"The central air base," he said, "should be a great air fortress, which no civilian ever should be allowed to approach. There the super air fighters of the future would work out new experiments, base all supplies and munitions, and be prepared at a moment's notice to dart out at 400 miles an hour for the protection of our vital centers, the shore lines and the triangle that lies within the points of Chicago, New York and Washington."

Mitchell declared it is possible now to build planes to fly 350 to 400 miles an hour, with a cruising range of 8,000 miles. They could carry 4,000 pounds of gas and explosive, and operate at a 32,000 foot ceiling.

"With 400 such planes, kept modernized in every respect, nobody would ever dare attack us," Mitchell said. "Such an air force could be maintained adequately with less than present expenditures."

KLUKERS ERR IN NAMING TEACHER A 'RED' AGITATOR

Alabama College Professor Convinces 12 As To His Identity

TURCALOOSA, Ala., July 24.—(AP)—A group of men wearing the regalia of the Ku Klux Klan today warned an Alabama college professor to leave town.

They were under the impression he was an attorney for the International Labor Defense.

After they had been satisfied that J. R. Steelman, who is professor of Sociology at Alabama College, Montevallo, was not connected with the International Labor Defense, the men left without molesting him.

Professor Steelman said the delegation, numbering about a dozen called on him at his hotel room shortly after midnight.

They charged him with being an "agitator."

The professor said he did not intend to file charges in the case.

Episcopal Bishop Is Drowned In Creek

GLACIER PARK, Mont., July 24.—(AP)—Bishop William F. Faber, presiding head of the Episcopal Church of Montana, missing since Friday night from Two-Medicine chalet, was found Monday drowned in Paradise Creek.

Hundreds of foresters and civilians had searched the rugged area since the churchman failed to return Friday night.

POSTAL RECEIPTS GAIN

STUART, July 24.—Stuart postal receipts for the first six months of 1934 show a marked increase over the same period in 1933.

Stamp sales during the period just closed totaled \$6,321,223, as compared to \$5,144,771 for the same period in 1933, and postal savings deposits had a balance of \$158,000 July 1, 1934, amounting to \$162,000 July 1, 1934, an increase of \$10,000.

KILLS WOMAN AND SELF

BROOKLYN, N. Y., July 24.—(AP)—Anthony Borowitz, who police said had been drinking steadily for several days, walked into the stationery store of Mrs. Catherine Scepanski Monday and shot her through the head in the presence of her three children. He then shot himself without moving from the spot or speaking a word to the terrified children.

GUARDS PATROL PLANTS

HUNTSVILLE, Ala., July 24.—(AP)—Guards patrolled textile plants still operating in north Alabama Thursday as the fourth day of the state textile strike was devoid of major developments.

WARRANT FOR RATTLES

GREENVILLE, S. C., July 24.—(AP)—A four-foot rattlesnake's head, heavy with fangs, was sent out by the Greenville Sheriff's Office to a man in Greenville to buy the snake for a pet.

City Commissioners Hold Regular Meeting At City Hall On Monday Night

Sanford's City Commissioners are disposed to accept the Florida Power and Light Company's offer to give the City 50 percent more light on its streets at no additional cost, but they are not disposed to sign articles of agreement which include a ratification or supplementary contracts.

This decision was reached at a meeting of the Commission at the City Hall last night and as a result, City Attorney F. R. Wilson was instructed to communicate with officials of the company to say that the City will sign the agreement minus the ratification clause it now contains.

The proposed agreement would virtually extend the company's franchise in Sanford for a 10-year period by suspending the franchise now in effect for 10 years during which time the "free electricity" plan would be operating.

As Commissioner S. O. Shindler put it, "We'd like to have the extra lights, but the price we'd have to pay is too high."

Mayor Leffer stated that he would not sign the agreement as it now stands "Under any condition." He is of the opinion that the offer of extra service should run concurrently with the present franchise.

Upon opening their routine meeting, the Commissioners, at the request of Alex R. Johnson, vocational agriculture teacher at Seminole High School, voted to donate \$25 to help defray the expense of sending Mr. Johnson and four members of Seminole Chapter, Future Farmers of America, to the National Live Stock Judging Contest in Kansas City next October.

Confirmation was made of two actions taken since the last meeting. One was confirmation of a (Continued On Page Six)

CITY NEWS BRIEFS

Local weather yesterday: High 87, low 74, rainfall .06 of an inch.

Word received late this afternoon from Jacksonville where Judge S. A. B. Wilkinson was attending an organization meeting of the State Democratic Executive Committee was that J. B. Hodges of Lake City was re-elected as State Chairman, and Linton M. Collins of Miami was named secretary-treasurer. Neither was opposed for office.

Through last Saturday, the percentage of 1933 City taxes collected at the City Hall had reached 92.57 percent of the total of \$218,519.53 assessed. The collection through Saturday was \$21,648.76, with a balance of \$191,271.17 still to be collected. The City's cash balance in four bank accounts on Saturday was \$46,629.91, of which \$46,264.84 was in the ordinary fund checking account.

Kiwanians Walter Coleman and Otto Caldwell were busy today completing plans for the inter-club social meeting and fish fry which members of the Sanford and New Smyrna clubs will stage at Coronado Beach on Thursday afternoon and evening. A number of local Kiwanians will leave for the beach tomorrow afternoon for the purpose of catching the fish to be used in the fish fry. Mr. Coleman reminds all Kiwanians that they are expected to attend this affair, and with their wives as guests.

Members of Seminole Agricultural Club have been asked to meet at Seminole High School Thursday night at 8:00 o'clock to attend a meeting which is to be (Continued On Page Four)

Rampseek Proposes Civil Service Exams

ATLANTA, July 24.—(AP)—Congressman Rampseek, Democrat, Georgia, said here yesterday that Congress will be asked to pass legislation requiring all federal employees to be selected through civil service and to fill vacancies through promotion, thereby eliminating all political appointments.

"Postmasters all over the country should be selected from the ranks and on their own merits, and should not be made a football of politics by both national parties," Rampseek said in an address before the Georgia Rural Letter Carriers Association.

Johnson Orders Stay Of Date In Iron Code

WASHINGTON, July 24.—(AP)—Hugh S. Johnson yesterday ordered a 15-day stay in the effective date of the structural steel and iron fabricating code.

The order would make the code effective Aug. 6. It was issued because of opposition of the industry to a provision in the executive order of approval which said that the erection branch of the industry should operate under the construction code. The delay will permit conferences on this disputed section of the code.

DILLINGER ON WAY HOME FOR SIMPLE BURIAL

Dingy, Rust-Covered Hearse Was Vehicle For His Last Ride; Girl Gave Tip-Off

CHICAGO, July 24.—(AP)—This was Homecoming Day for John Dillinger.

His career as a desperado closed by bullets, the man whose exploits made a nation gasp was ready for a return to his native Indiana.

It was to be no triumphal procession. A dingy, rust-covered hearse was to be the vehicle for the final ride.

Under a blistering sun the hearse was to make its way over roads which John Dillinger had so long ago speeded in high power automobiles in his expedition of depredation and death.

Over roads on which less than six months ago he roared westward after his history-making escape from the Crown Point, Ind., jail.

In contrast to the thousands who yesterday milled around the county morgue for glimpses of the body of the bank robber, only a few dozen persons gathered at the undertaking establishment where John Dillinger, Sr., 76-year old Hoosier farmer, waited to claim the body of his son. The trip to the farm home was to be made in the same worn hearse in which the father was driven to Chicago yesterday by a Mooresville undertaker.

The undertaker, into whose front ranks he had swambacked his way, put the fatal "bang" on John Dillinger.

That was the end of the long, last night of the tip that changed the Indiana desperado from U. S. Public Enemy No. 1 in morgue case "July 16."

Officially greatest secrecy guarded all efforts to learn through whom and how the coup was effected by federal operatives; and East Chicago police to mow down the notorious killer Sunday night as he left a North Side neighborhood theater, presumably with two meat friends.

Unofficially the following reports swept into general circulation as the purported "inside" on the spotting, trapping and slaying of the arch-criminal:

1. That a "girl in red" led him to his death, the only one of his molls to "double cross" him.
2. That the "girl in red" either was the wife or sweetheart of a mail robber and traded Dillinger for the freedom of her mate and the rewards offered—\$15,000 by the federal government and \$10,000 by states.
3. That the "girl in red" was carried by Sgt. Martin Sweeney of the East Chicago police, who had taken a furlough especially to "get" Dillinger for the slaying of his friend, Policeman William P. O'Malley, by Dillinger's mobster in an East Chicago bank robbery.

It was believed that the same combination—weakness for women and greed of the underworld—might aid their efforts to apprehend the Dillinger mobster at large, Lester Gillis, alias George (Baby Face) Nelson, John Dillinger, and Homer Van Meter, who were a "kill crazy" gangster, greatly maligned by the department of justice as the new Public Enemy No. 1 in succession to his father.

LOCAL WEATHER

As reported by the U. S. Weather Bureau at Sanford, Fla., July 24, 1934.

Forecast for July 24-26, 1934.

July 24.—Partly cloudy, with showers and a few drizzles.

July 25.—Partly cloudy, with showers and a few drizzles.

July 26.—Partly cloudy, with showers and a few drizzles.

Chief of Bureau, The Associated
Press, Washington

WASHINGTON, July 24.—
High Johnson is talked of
as the higher-ups in Wash-
ington as the probable date of
General Johnson's retirement
from the NRA is being
discussed in the cabinet.

It is believed that Johnson
will be replaced by a man
of similar caliber as his
successor apparently has fallen
through.

Johnson is a general counsel
of the NRA. He is regarded
as an outstanding liberal, and
is the policy attorney for the
Standard Oil Company.

Johnson, who is a lawyer, is
a special assistant to the
chief of the NRA. He is
regarded as a liberal, and is
the policy attorney for the
Standard Oil Company.

THE SANFORD HERALD, SANFORD, FLORIDA, TUESDAY, JULY 24, 1934

NEW DEAL NOT NEW TO SWEDEN STATES WRITER

Conditions Favour In
Some Things That
Are Almost New

NEW YORK, Feb. 24.—Sweden is a country where the New Deal is already established. As a result of the economic conditions in Sweden, the New Deal is not new to the Swedes. The writer, who has lived in Sweden for many years, says that the New Deal is not new to the Swedes. The writer, who has lived in Sweden for many years, says that the New Deal is not new to the Swedes.

STOCK YARDS STRIKE HALTS ORDER TRUCE

Agreement Reached To Permit Mercantile Slaughter Of Stock Approved By Dept.

CHICAGO, July 25.—(AP)—The stock yards strike has been halted by an agreement between the stock yards and the stockyarders' union to permit the mercantile slaughter of stock.

The agreement, which was reached after several days of negotiations, provides for the resumption of the mercantile slaughter of stock in the city's stock yards.

The agreement also provides for the resumption of the stock yards' operations, which had been suspended since the strike began on July 15.

The agreement was reached after several days of negotiations between the stock yards and the stockyarders' union.

Kai-Shek's Trend Toward Perfection Reflected In Laws

HONOLULU, July 25.—(AP)—Kai-Shek's increasing tendency toward perfection is reflected by new regulations just issued by the Hawaiian provincial government.

The regulations, which are the result of a long and careful study, are designed to improve the efficiency of the government's operations.

The regulations also provide for the improvement of the government's financial management.

Home Loan Board May Cut Interest Rate

WASHINGTON, July 25.—(AP)—The Home Owners Loan Corporation is planning to reduce the interest rate on the bonds which it issues to finance the mortgages from three percent to 2 1/2 percent on Aug. 1.

The rate has been reduced because of a decrease in the cost of money in the market.

FERA Aids \$100,000 To State For Relief

WASHINGTON, July 25.—(AP)—The Federal Emergency Relief Administration today approved \$100,000 for the state of Florida for relief purposes.

Fully Modern Homes Built By Government In Model Village For About \$4,880

WASHINGTON, July 25.—Fifty houses are complete at the Reservoir (W. Va.) experimental village and forty-three of them already are occupied, Secretary of the Interior said today in reporting on the most important project being carried on by the substance home-ownership division of the F.W.A.

The houses are planned to be built on the 112-acre plot which is the site of the Reservoir village.

CHIEF EXECUTIVE OF GEORGIA HAS NEW OPPOSITION

ATLANTA, Ga., July 25.—(AP)—Governor Eugene Talbot of Georgia, the man who "likes a fight," has another one on his hands—this time with the new opposition.

The opposition is led by the State Public Service Commission, which has filed a petition with the state court to force Talbot to resign.

Talbot has refused to resign, and the case is now being heard by the state court.

The case is expected to be decided in a few days.

Talbot has a long record of public service, and he is popular with the people.

He has been governor of Georgia for several years, and he has done much to improve the state.

He is a man of strong convictions, and he is not afraid to stand up for what he believes is right.

He has a great deal of respect for the law, and he is determined to see that it is enforced.

He is a man of high character, and he is respected by all who know him.

He is a man of great courage, and he is not afraid to take on the opposition.

He is a man of great determination, and he is determined to win.

He is a man of great integrity, and he is respected by all who know him.

He is a man of great wisdom, and he is respected by all who know him.

He is a man of great strength, and he is respected by all who know him.

He is a man of great courage, and he is not afraid to take on the opposition.

VIOLATIONS OF GROCERY CODE PROVE COSTLY

New York Merchants Compelled To Pay Nearly \$50,000 In Back Pay To Clerks

NEW YORK CITY, July 25.—Local retail grocers guilty of violating labor provisions of the N.R.A. have been compelled to pay back pay to employees in the course of the last eight weeks.

Nathan Straus, Jr., chief N.R.A. enforcement officer for the state, revealed the figures yesterday.

Approximately \$100,000 will be collected, he estimated, in the coming four weeks as a result of special investigations being carried on by the labor compliance division at the N.R.A. headquarters here.

Practically 90 percent of the cases, it was explained, involve violations of the maximum working hour provisions of the Grocery Code. Under the regulations employees in grocery stores, fresh fruit and vegetable shops and other stores are restricted to a maximum working week of forty-eight hours.

In most cases where complaints are made, Mr. Straus explained, "we discover that employers have been compelled to work fifty-four to sixty hours a week. Sometimes the employer has distributed slips stating that the work week has not exceeded forty-eight hours and has urged employees to sign.

Such slips are disregarded by the investigators. If an employer cannot show conclusively by his records that no violation of the maximum working hours has occurred, we accept the word of the employee as conclusive and the store is compelled to pay back wages at the regular hourly rate for every hour above the maximum worked by the employee."

Amounts collected for employees range from a few dollars to \$400 or more, depending upon the length of time the violation has been going on, he said.

Complaints of violations reach the N.R.A. through a number of channels. Employees themselves, protected from discharge by the stringent rules of the code, furnish most of the information, Mr. Straus continued. Other sources include labor unions.

(Continued On Page Four)

Fort Pierce Man Kills Self After Murdering Couple

FT. PIERCE, July 25.—(AP)—While one of their four small children looked on in horror, Mr. and Mrs. E. A. Mills were fatally shot today by E. H. Fuller, who then committed suicide.

One of the children, Anna Virginia, 11, was quoted by officers as saying Fuller started shouting when Mr. Mills refused to go away with him.

The tragedy occurred about seven miles from here in a home occupied by the Mills family and Fuller.

A coroner's jury returned a verdict of double murder and suicide. Sheriff Ben Brown said a rifle and pistol had been used in the slaying.

Anna Virginia, eldest of the children, is quoted as saying Fuller shot into the parlor, where the couple to make sure they were dead before killing himself.

Unemployed Man Says He Drowned Daughter

HOUSTON, Tex., July 25.—(AP)—E. H. Street, 28, and unemployed, confessed murderer, police said that he killed one of his small boys and his wife in 1929 because he was unable to support the family.

Street, 28, was arrested at Houston early yesterday. He had been previously arrested for the slaying of his wife and child in 1929.

Street was held in the county jail here today. He is charged with the slaying of his wife and child in 1929.

3 Of 48 Tax Certificates Purchased By Dufres Corporation Are Redeemed

Three of the forty-eight 1933 tax certificates purchased earlier this month by the Dufres Corporation at a total cost of \$12,000, had been redeemed today.

It was reported on the City Hall this morning by City Tax Collector E. H. Day.

Certificates redeemed were as follows: One for \$425.00 covering one-half of the 1933 taxes on the First Street building owned by W. C. Hill and E. A. Stephens and occupied by the Southern Bell Telephone Co.; one for \$725.00 covering 1933 taxes on the Henderson block on Bay Street, owned by Charles J. Henderson, and one for \$500.00 covering 1933 taxes on the George E. Stark property adjoining the Hillman Theater on Bay Street.

Thirty six of the 48 certificates purchased by the Dufres Corporation were against property owned by the Atlantic Coast Line Railroad. Outstanding taxes for 1933 against all Coast Line property in the city, as represented by the 36 certificates, is \$105,000.

The remaining 12 certificates were against property owned by the Atlantic Coast Line Railroad.

Chancellor Dollfuss Is Assassinated By Small Band Of Austrian Nazis

CITY'S POSITION IN FRENCH DEAL SPREAD ON BOOKS

The City's position in the A. V. French deal in which a portion of the French property at Thirteenth Street and French Avenue is sold to the State Farmers' Wholesale Market is stated in a transcript of the minutes of the regular City Commission meeting of last Monday night.

The transcript is a record of an informal conference held between members of the City and County Commission.

Decision to include this record on the minutes of a regular meeting so that the public might, if it wished, advise itself in the matter, came as the result of a discussion on Monday night, a discussion which had its basis in the availability of making an official record in answer to critics of the Commission, some of whom are said to be opposed to the market.

The concluding paragraph of the record is aimed at forever dispelling those rumors and charges. This paragraph states that "All through the City has approximately \$350,000 in the property, represented by unpaid taxes and improvements, it is the opinion of the Commission that in view of the advantages to be obtained through the establishing of a State Marketing Center in Sanford, the City should sacrifice its claims for that purpose."

A complete transcript of the record is as follows:

"With reference to the efforts of the City Commission to secure for the State Marketing Board a suitable location for a Farmer's Exchange in Sanford, and the offer heretofore made to give for this purpose a 20 acre tract in the so-called French property lying South of Thirteenth Street and West of French Avenue, the property having been recently acquired by the City through foreclosure of tax liens, minutes of a (Continued on Page Three)

SENATOR BORAH CALLS FOR END OF MONOPOLIES

ST. ANTONY, Idaho, July 25.—(AP)—Senator William E. Borah called for the destruction of monopoly yesterday, denouncing it as "the most insidious and most successful enemy of the New Deal."

Flinging down the gauntlet to "defenders of monopoly," the Idaho senator told an annual Pioneer Day audience: "They will have to fight in the open."

His address bristled with epigrams—"Monopolies are economic Hitlerites"—"The effect of monopoly is to decrease, if not destroy, purchasing power"—"the farmer can never win out on that basis"—"monopoly has no more right to exist than any other form of depravation."

He accused monopoly of blocking the national recovery efforts, so that the purchasing power of the farmer and laborer "have been but little increased, if at all."

"When I discuss the question of monopoly," he said, "I am accused of attacking the New Deal" by critics who are "unwilling or unable to meet the question presented."

"Do these people contend that when a person attacks monopoly he attacks the New Deal?" he asked.

"Is monopoly and the New Deal one and the same thing?"

"One of the announced purposes of the New Deal, in fact the basic purpose, was to increase purchasing power. The effect of monopoly is to decrease if not destroy purchasing power among the people."

"The most insidious and most successful enemy of the New Deal, according to its announced purpose, is this power of vast combinations to fix prices and to take off all the gains which may come to the farmers, the producers or the laborers."

"The defenders of monopoly will not be permitted to hide behind the New Deal. They will have to fight in the open."

Declaring that purchasing power must be restored to the great (Continued on Page Three)

Austrian Socialist Is Hanged In Vienna

VIENNA, July 25.—(AP)—A 22-year-old socialist, who said that "my ideals are more important than my life," was hanged in the Vienna district prison courtyard last night as the Dollfuss government carried out for the first time in months its threat of death for terrorists.

Just before the youth, Josef Gerl, went to the gallows, a companion, Rudolf Anzbeck, who was sentenced along with him in connection with a bombing and the shooting of a policeman, received clemency from President Miklas which reduced his punishment to life imprisonment.

Deputies Seek Person Who Shot Farmer

FORT LAUDERDALE, July 25.—(AP)—Deputy sheriffs last night sought an unidentified person who fired a charge from a shotgun into the back of Henry S. Hobbs, 65, as the Hallandale man was feeding his livestock Sunday night.

Hobbs, first thinking lightning had struck him, staggered into his home. Here he discovered he had been shot, but fearful his assailant might be lurking outside, he did not leave the building for medical aid until daylight.

Deputy sheriffs are seeking the person who shot Hobbs. They are offering a reward of \$100 for information leading to the person who shot Hobbs.

City News Briefs

Local weather yesterday: High 74, low 72.

With the announcement of the awarding of a contract for the carrying of air mail between Daytona and St. Petersburg, with initial service scheduled to begin on Aug. 15, this city and its air mail users again will be given the advantage of more rapid delivery of mail to the North, South, and West. Planes are not scheduled to stop here, but mail posted before noon will be taken to Orlando in time to catch afternoon mail planes. An official schedule will be released next week.

Henry S. Long of Montgomery, formerly of Sanford but now an assistant internal revenue collector for the State of Alabama, has become a property owner at Coronado Beach. He purchased two lots last week, one lot fronting on Atlantic boulevard 50 feet and being 150 feet deep, and one lot directly to the rear of the ocean front lot, and of a similar size. Mr. Long and his family are spending a few weeks at Daytona Beach.

Supervisor of Registration W. J. Thigpen announced today that the registration books for the November election will be open on Aug. 6, to close on Oct. 20. Any persons desiring to register for this election should call at Mr. Thigpen's office in the Brunley building on Monday, Wednesday, and Friday of each week. District registration officers will have their books open from the first Monday in September through Saturday Oct. 20, he added.

George W. McRory, former representative from this county but now a resident of Jacksonville, was in the city for a few minutes this morning, en route to Orlando to attend an organization session of the Democratic Executive Committee of the Fourth Congressional District. Mr. McRory accompanied to Orlando by W. E. Watson, Seminole County member of the Committee. Mrs. McRory, representing Duval County, is one of two candidates in line for the secretaryship of the new committee, Mr. McRory stated.

Municipal Judge S. A. B. Wilkinson, Seminole County's representative on the State Democratic Executive Committee which met in organization session at Jacksonville yesterday, had what he termed as the "distinct honor" of being the speaker who nominated Col. J. B. Hodges of Lake City for re-election to the chairmanship of the committee. Judge Wilkinson stated that the meeting was a completely harmonious one, with talks by Governor Sholtz and Harry H. Wells of Chipley, former chairman of the committee, as features of the four hour session.

Sanford and New Smyrna Kiwanians who will picnic at Coronado Beach tomorrow afternoon and evening may have as their special guest of the evening Congressman Mark Wilcox. An invitation was extended to Mr. Wilcox in Orlando this afternoon by Kiwanian Karl Lehmann who was in that city addressing the Orlando Rotary Club on the subject, "Florida on Parade and What It Means to the State."

Just when he was beginning to make an enviable reputation for himself as a salesman for a Florida made beverage, former city policeman George W. Gray was stricken with a leg infection which may require his confinement to a hospital bed for several days. The infection set in on Monday morning, and Mr. Gray was removed to the Fernald-Loughton Memorial Hospital at once where physicians predicted that he would be "out of action" for at least two (Continued on Page Three)

Austrian Proto-Types Of Hitler Open Expected Putsch With Attack On Dictator

LONDON, July 25.—(AP)—An Exchange Telegraph Agency dispatch from Praha today said it was officially announced at 7:45 A. M. at the Austrian Legation that Chancellor Dollfuss of Austria was dead. The same agency said the Austrian Legation also announced that control of government had been taken over by Dr. Kurt Schuschnigg, Minister of Justice and Education in the Dollfuss cabinet.

They had just left the building into which a group of Nazis had smashed, and from which a police commissioner had emerged to announce that the chief of the government had been shot and seriously wounded in a struggle.

There was no way of getting into the chancellery to confirm or disprove the report.

Other government officials, apparently headed by Prince Ernst von Starhemberg, vice-chancellor, and with the apparent approval of President Wilhelm Miklas, issued an ultimatum to putch leaders warning them either to release Dollfuss and abandon the chancellery by 5:48 P. M. (11:48 Eastern Standard Time) or the loyal Heimwehr would attack.

Telephone communication between Vienna and the outside world was broken off shortly after the ultimatum deadline.

At least six persons were reported killed in street fighting which immediately flared up in Vienna and other parts of Austria.

Army fliers swooped to rest on Alaska field.

FAIRBANKS, Alaska, July 25.—(AP)—Completing a training flight of almost 4000 miles across the United States and Canada from Washington, 10 bombers of the United States Army air corps swooped down on Werks field here yesterday.

The planes left Washington July 19. Commanded by Lieut. Col. Henry H. Arnold, commanding officer at March field, Riverside, Calif., the expedition made stops at Dayton, Minneapolis, Winnipeg, Edmonton, Prince George, B. C., and White Horse, Y. T.

GERMAN DROUTH ENDS

BERLIN, July 25.—(AP)—Rain drops which beat down on most of Germany over the week-end washed away some of the nation's souther economic clouds. The severe drouth, which has sharply reduced crops, was believed broken in many sections.
