

## REGULAR MONTHLY MEETING CHAMBER OF COMMERCE VALDEZ TOMORROW NIGHT

THERE WILL BE NO PROMINENT SPEAKERS BUT REGULAR COURSE PREVAILS

### FINE MEETING

Is Scheduled and Many Members Have Purchased Dinner Tickets

The monthly evening membership meeting of the Chamber of Commerce will be held at the Valdez tomorrow evening at 8 o'clock. There will be no prominent speaker confidence game which two winners at this meeting, the usual course of business will be transacted, as is done every week at the weekly Monday luncheon. It is expected that the attendance at tomorrow's meeting will be large. These members who have been present at previous meetings are expected to come out. The Chamber of Commerce, in order to attain real results, must have the interest of a membership. No 100 members have been devoted to the cause. More than these monthly membership meetings, which have been held since the organization of the Chamber of Commerce in Sanford. The monthly meeting is expected to be a very successful one. It is expected that the membership will be increased by the results of the Chamber of Commerce satisfactory solutions. The Sanford Chamber of Commerce recognized as the premier organization of the city and the activities it has accomplished in many ways testify to this efficiency. There is hardly a day that passes that some one in Sanford does not submit some proposition for the action of the Chamber. By active cooperation such proposition that it has become necessary to secure more spacious quarters. In addition to advertising the many advantages of Sanford to other sections and attracting new citizens, the organization, through different committees, has been successful in securing the development of the Johns river. It is also working to secure new industries for the city, and is active in the passage of legislation beneficial to both city and state, and with thoughts of the future development of the city as having plans prepared which will guarantee a good land for city. The Chamber of Commerce has also been a factor in industrial development and has been instrumental in promoting the interests of the local merchants. It has also been delegated the responsibility of the band, which is handled through its tourist and convention committee. With the advent of tourists attracted to Sanford since the construction of the Golf course, this committee will also provide for their entertainment while in Sanford.

These many activities entail a great amount of work which heretofore has been borne by a few individuals who possessed sufficient civic pride in their community to volunteer their time and effort to the service of the community. While the Chamber of Commerce since its organization has accomplished a great deal, these accomplishments would have been greater had the majority of the membership been correspondingly active.

## CAPT. REUBEN BRISCOE CHAPTER, C. A. R.

The reception given Tuesday afternoon, Oct. 31, from four to six by Mrs. L. E. Lass to the members of the Capt. Reuben Briscoe Chapter C. A. R. (Children of the American Revolution) was lovely. All of the members in the city were present with the exception of our Cradle Roll.

The library and parlor were beautiful with spring like flowers which were in accord with the sunny afternoon.

At a short business session called at 3:30 Jean Maxwell was elected president to fill the unexpired term of our charter president, Maude Lake. Jean Maxwell was recommended by Maude Lake as her successor, when, with regrets, she had to resign as she is now a student at Stuart Hall, Staunton, Va. Camilla Puleston was appointed magazine chairman. Plans were made and committees appointed for the Armistice Day float. Virginia McDaniel and Mary Elizabeth Tolar will represent pages.

A note was read from Mrs. Harding to the C. A. R. members, to whom she gave a reception at the White House at the 31st Continental Congress.

Three honorary members were admitted into the chapter. Mrs. W. E. Watson, regent of Sallie Harrison Chapter, N. S., D. A. R.; Mrs. John Leonardi, state registrar, N. S., D. A. R.; Mrs. Forest Lake, mother of our much loved and appreciated charter president.

Mrs. Lake, at a late hour, served delicious refreshments assisted by Mrs. B. J. Starling.

## TUESDAY AUCTION BRIDGE CLUB

Mrs. C. E. Henry entertained in her usual charming manner yesterday afternoon at bridge at her home on Magnolia avenue. The guests being the members of the Tuesday Auction Bridge Club. There being two tables of players.

Fragrant pink and white roses were used combined with ferns in the various rooms where the card tables were placed.

Of exceptional interest was the game of duplicate bridge played during the afternoon. High score was held by Mrs. George Knight and Mrs. Hal Wight.

Shrimp cocktail, chicken sandwiches, olives and hot chocolate were served at the conclusion of the card game.

The members of the club are: Mrs. George Knight, Mrs. Hal Wight, Mrs. Ralph Wight, Mrs. W. E. Watson, Mrs. Fred Walsma, Mrs. Harry B. Lewis, Mrs. Roy Chittenden, Mrs. Sam Yountz and Mrs. C. E. Henry.

## CECILIAN CLUB

The first of the winter season's musical programs from the Cecilian Club was given last Saturday afternoon in the studio of Mrs. Munson. Elizabeth Whitner told very interestingly of the Armonica, a musical instrument invented by Benjamin Franklin, and which she saw in the Metropolitan Museum in New York this summer.

The Armonica was based on the idea of the musical glasses, which George Washington so greatly enjoyed. A series of bowl like glasses were operated by means of a foot treadle from underneath (sewing machine fashion) tones were produced by pressing on these glass plates, as they revolved, deep pressure for loud, light pressure for soft. The semitones, corresponding to piano black keys, were painted white, the C scale (corresponding to piano white keys) followed the colors of the rainbow, red, orange, yellow, green, blue, indigo.

Franklin said "The tones were incomparably sweet." Mozart and Beethoven wrote music for the armonica.

Miss Bowler, soprano, was the assistant talent, and sang beautifully a group of songs from Bohrn and Eugene Cowles.

The entire program was greatly enjoyed and included in piano selections:

- Watty C Sharp Minor Chopin
- Charlotte Smith Sharp
- Parane Nezzie Stone
- Reverie Moter
- Lou Ellen Mathoney
- Nocturne Mary Helen Morse
- Valse Lento Pearl Robson
- H. Tronatore (2 pianos) Verdi Alberti
- Madeira Madam Mrs. Munson
- Military March Sartorio
- Byron Fox
- Little Folk Songs
- Indian Song Bilbu
- Sara Maxwell
- Old Waltz in F Bilbro
- Camilla Deas
- American Air Rickaby
- Katheryn Meisch
- Old Bag pipes Ryder
- M. H. McMullen

## LOCALS

How do you like our summer weather?

The crops are doing well despite the heavy rains and warm weather.

Many dealers in South Florida are shipping their car loads of autos here and driving them through the country.

P. P. McGraw, secretary of the Orlando Typographical Union, was in town today trying to jar the local union printers loose from their monthly dues.

Miss Crawford, the Southern Division representative of the Red Cross, left for DeLand this morning after spending several days here starting the Roll Call drive.

Archie Cameron brought in a picture of the boys fire department taken here thirty years ago. Among the little fellows at that time were Artie Smith and Jim Harris and several others well known here at this date.

S. B. Howell, formerly of Brewton, Ala., an old time friend of H. A. Neel, now located in Lakeland, was a visitor to the Herald office this morning. He is enroute home from a business trip on the East Coast.

The many friends of Mr. and Mrs. Fred Walsma are glad to see them back in Sanford after an absence of several months in Michigan and other states. They will reside on their farm on Cameron avenue for the winter months.

Del Mason and a party of his assistants of Winter Park, were here today unloading some fine Oldsmobiles from the cars and taking them overland to Winter Park.

The many friends of Miss Margaret Bruffe are glad to see her back in Sanford after a two months vacation spent at her old home in Camden, N. J., and in the mountains of Pennsylvania.

She has resumed her position with the

real estate firm of A. P. Connelly & Sons.

The small boys and the bigger boys did no damage last night that has been heard of today beyond soaping the windows and throwing sand on the porches and doing other little things. Chief Killebrew and his augmented force kept them well in check and Mayor Henry's proclamation also had much to do with their good behavior. And then the boys and girls had a big party at the high school that held many of them in check and they were good boys all the way through and are to be commended.

## S. H. S. HALLOWEEN PARTY

Last night the high school auditorium was the scene of many Halloween costumes, from a little black dwarf to the giant strong man were all sorts of gay colors and costumes. All four classes joined together in having this gay event. Many visitors were present beside the pupils, making a crowd of nearly two hundred and fifty.

The Freshmen put on their share of the entertainment first. They put on an exceptionally good entertainment, especially the dance given by Eva Grace Wagner. The Freshmen introduced the tallest man on earth to the audience. He was some tall man too, because he stood on a chair. The two smallest men showed their great strength when the two were supposed to be the strongest men, failed to pick up the 1000 lb weights, by doing it themselves.

A number of girls dressed as witches gave a witch dance which was very much enjoyed. A balloon ascension was also attempted but failed because the balloon bursted. These mirth makers, introduced by Claire Zachary, were immensely enjoyed by all.

The Sophomore part consisted of a rookie drill. Warner Scoggan, the general announced that his army was the best in the world. He proceeded to prove that it was not. Everyone enjoyed the awkwardness of General Scoggan's soldiers just the same.

The Junior part of the entertainment. With George Smith at the piano and Jim Stone as leader, this class produced a new orchestra piece. The piece they played had never been played before and probably never will be again. Jim, the leader, was tired out trying to make the many flutes, horns, baritons and cornets, all of which were toy instruments, keep together.

Last came the Senior share of fun. Edna Ford performed as tight rope walker, only the rope was stretched tightly on the floor so she wouldn't fall.

Byron Stevens, dressed like a drunk man staggered to the stage and announced that the judges would render their decision. Dr. Browder presented the silver loving cup to the class who in the opinion of the judges, gave the best entertainment.

He called the presidents of the four classes to the stage, Ralph Woodruff of the Senior, John Hildon of the Junior, Warner Scoggan of the Sophomore and Margaret Peters of the Freshmen. With a comical speech he unwrapped and presented the cup to Margaret Peters. The Freshmen president exhibited the cup that her class had won to the crowd. It was a large tin cup.

After this refreshments were served by the officers of the classes in the domestic science room in the basement. This consisted of cold soda water and a paper bag in which an apple, banana and peanuts were stored.

Nearly everyone, at the close of the party declared that they could not have had a better time any place else at any time.

The world at your door every evening for 15c.—Daily Herald.

## IN MEMORY OF MAY LONG

The death angel visited our community on the 11th inst. and claimed for his own Sldney May, daughter of Mr. and Mrs. Gabé Long.

May, as she was known to her friends had been a sufferer for nearly four years, but, in spite of all medicines, operation and treatments, was always cheerful and hopeful until the last, always expecting to become well again.

May was born Feb. 1892 at Chuluota where she lived all her life.

In her early youth she united with the Chuluota Baptist Church to which she lived a true and helpful member. The funeral services were conducted at the Chuluota cemetery at 3:30 p. m. on the 12th inst., by Rev. J. M. Thompson of Ovelto in the presence of a large assemblage of relations and friends.

The subject was: "Blessed are the dead who die in the Lord." The favorite hymn of the deceased, "When I pass over the tide" was sung and the remains was tenderly consigned to Mother Earth and left to sleep in peace under a mound lavishly covered with beautiful flowers brought by loving hands.

The deceased leaves her parents, a sister, Mrs. O. W. Townsend of Cocon, and a brother, George, to mourn her loss.

We commend the bereft family to Great Heavenly Father who does all things well, and to look to Him for comfort.

I love to think our Father knows The thorns I pluck with every rose.

The next big day in Sanford is Armistice Day—November 11th.

The Titusville folks are flaying the State Road Department for their neglect of the roads in that county.

The Arctic Ocean is getting warmer. We knew it all this summer. Some change is taking place somewhere or we would have cooler weather here.

Senator in Maryland and a Republican at that, spent over \$17,000 in his campaign buying phonograph records and over \$43,000 for other small items. It must be nice to live in Maryland.

The people down in Tampa intend to vote against the amendment for re-appointment and for Andy Gump for congress. Either one shows that the Tampa people know what they want, at least.

The Florida Gator team of Florida University goes to Cambridge to play Harvard Friday and Duval High School goes to Dayton, Ohio, to play Steele High School of that city. This is a case of the South invading the north, sure enough.

The state auto license tags may be orange and blue, says dispatch from Tallahassee. Yes, they may be lemon done up in pink paper but whatever they are regardless of color or cost we must have them. And the money goes for good roads, you know.

Mrs. Clara Phillips, who killed Mrs. Meadows with a hammer in California some time ago is discovered to be a "miser" at that. That means... The lawyer for the state... and it is reported... important discoveries in California... the days of Forty-Nine.

Report says that Ford is now after the coal fields. Well, let him have them. If he can tie up all the factories and all the coal fields and... they will have to make... when he gets... probably more... private secretary... the White House.

There are so many people in this world that seemingly have nothing to do except to bother a newspaper man. They give him the job of looking over long articles that concern nobody but themselves and want him to spend all his hours out of the office writing something that is only for their pet hobby and they thank him for all this work by telling him how many mistakes there were in the article after he spends hours trying to please them—that is, we used to do it. We don't now.

The Associated Dailies of Florida will meet in Gainesville on Saturday, November 18th, according to the bulletin sent out by Secretary Clayton Codrington. This ought to be a fine meeting in the shadow of the great state university especially since the university intends to inaugurate a school of journalism in the near future and make it part of the regular course—something that has been needed in Florida. And then Bill Pepper promises all the boys a big time and Bill always makes good.

A wife out in California fooled her husband for years writing him love letters under an assumed name after he had advertised in the paper for a "companion for week end trips." Finally she caught him with letters in his pockets from other women and then she sued him for a divorce. This might happen in California but it could not happen in Florida. Down

here the men would want to see the lady writing the love letters at once and find out if she was a good looker or not, yes.

The editor's day always cometh. Sooner or later the corrupt and evil bully who throweth stumbling blocks in the way of the newspaper's progress and its honest effort to serve the community will be caught red handed in his iniquity and deception. Then will he plead with ye editor as ye editor has often pled with him to "do unto others as you would they should do unto you." But ye editor will hear him not, and instead will slap his name linked with his devilment across the front page. Verily, verily, the editor's day always cometh, and sometimes it cometh conveniently early and exceedingly soon. Selah.—St. Augusting Record, Dawgone, Herb. We are sure waiting for that day to come.

ROADS CHOKING OFF FLORIDA'S FRUIT CAR QUOTA

Charges that the railroads can but will not provide sufficient refrigerator cars to handle citrus products, were reiterated today by Florida fruit ship pers.

Apparently there exists no shortage of refrigerator cars. Ice cars will be furnished at any time by the rail roads, but when these same cars are asked for without ice it is another story. The shipper is out of luck, it is said.

Fruit men take the stand that when refrigerator cars are available they should be able to procure them, whether wet or dry. And at this time of year it is declared it is advisable to ship citrus products under ice. Let time and safety may require it, but safety and safety are not being ship ped.

The "strange phenomena" of the rail road, shipper are being forced to use ventilators up north there is danger of the fruit freezing, and citrus men naturally object to this type of transportation.

Just why the railroads will not supply refrigerator cars, but will provide ice cars, is not clear. It is possible that the railroads are not able to supply the number of refrigerator cars needed. It is also possible that the railroads are not able to supply the number of refrigerator cars needed.

The cost of using a car is said to be about \$10 worth of ice is not put into it. Whether or not the railroads want this extra money which comes in for the long is not known.

Some shippers are utilizing vent cars to send fruit out of Florida and then changing to refrigerator cars at Waycross, Ga., and farther north. W. H. Mouser, sales manager of Chase & Company, which firm is handling a good deal of citrus fruit at present reports it is doing this to quite an extent.

"The method, however, is unsatisfactory," he stated yesterday. "It costs \$5 to transfer and a portion of the fruit is always spoiled. Of course, we can go after damages but it isn't satisfactory to ship this way."

On citrus shipments to Canada, Mr. Mouser asserted, they are forced to go to the expense of putting false floors in the only cars they can get, and also that of lining them with paper. So, the car shortage that doesn't really seem to be a shortage continues. It isn't benefitting the citrus industry—Florida's greatest asset—a bit.

And shippers knowing more and more fruit will be ready to go north in the very near future declare the situation will be decidedly grave unless the railroads of Florida show a change of heart. Jacksonville Journal.

At times one suspects that civilization mankind is just a slow process of developing better padlocks.

MRS. HALL GIVES IDEA OF HALLS-MILLS MURDER SPEAK FOR FIRST TIME

(Continued from page 1)

tell you who was the criminal." "Don't you think it widens the sphere of motive if a married man and a married woman are conducting an illicit love affair?" she was asked. "I suppose it would."

"Isn't Mr. Pfeiffer tremendously interested to know if those letters and the diary are correct?" "That doesn't interest me very much."

The three questions Mrs. Hall refused to answer were:

1.—A request for her estimate of the character of the woman slain with her husband.

2.—Whether or not she believed in divorce and would have sought one if she had known of intimacy between Mr. Hall and Mrs. Mills.

3.—Where Mr. Hall got half of the \$20,000 in securities which were found in his safety deposit box vault, and with the use of which he was reported to have planned an elopment to the Orient with Mrs. Mills.

Her lawyer later explained that she refused to discuss the origin of the funds because she herself had given them to him and she felt delicacy in going into so personal a matter.

The questions on divorce came more nearly to arousing her to resentment than any of the others flung at her in the long siege.

"I won't answer any such questions," she flashed almost before its pro- ceedure had finished.

Mrs. Hall was apparently deeply affected when the questions regarding Mrs. Mills were put, moving restlessly in her chair and folding her arms tightly across her chest.

"Was Mrs. Mills a vamp—do you think she was a woman of good character?" was one of the questions barked near the end of the interview. "I do not care to say."

"You do not think she deliberately let her cap for Mr. Hall?"

"I never saw any indication of it."

"Now, what do you think?"

"I do not know. I do not know what to think."

The widow maintained throughout the interview that she harbored no malice toward her husband's slayer and that she was not personally interested in seeing the murderer punished, although she said she hoped, for the good of society, to see the guilty person or persons apprehended.

"I think anyone who has committed a murder is not a safe person to have at large," she said. "But as for a vindictive feeling, I have none."

Outwardly, at least, the investigation of the double murder mystery was at a practical standstill today while the interview was being held.

Investigators, who have been seeking the cooperation of the story of Mrs. Hall, in which she connected Mrs. Mills with the murder, are said to "work under cover."

WOMAN'S PARTY OFFICER AGAIN VISITS MARION

(By The Associated Press) MARION, O., Nov. 2.—This little town of President Harding has been visited a second time by Miss Mary Phillips of Charleston, S. C., secretary of the National Woman's Party. Miss Phillips is here to see Mr. Harding and to urge the passage of the suffrage amendment.

At that time Miss Phillips came here to ask Mr. Harding to use his influence to swing Tennessee for ratification of the suffrage amendment. Yesterday he addressed a meeting in behalf of the new equal rights program of the party, which since was organized as a permanent body.

"Marion has contributed many active workers for the party who are now in Washington," said Miss Phillips. "Among those leading in our councils and ardently devoted to our cause is Dr. Mildred Dickerson, former of Washington."

Dr. Dickerson, now a dentist in Marion, is a member of the National Woman's Party. "President Harding has given no opinion lately on equal rights legislation, perhaps because the matter is not yet before congress. However, in the beginning of our present campaign, when a large delegation of the Woman's Party called at the White House, he said to the ladies that he desired as did they the fulfillment of the suffrage amendment and the giving to them of their rights as citizens."

GATORS MEET PRESIDENT STOPPED ON THE WAY TO HARVARD GAME

(From Webster's Daily) WASHINGTON, Nov. 2.—The University of Florida football squad en route to play Harvard Saturday, stopped off today in Washington to practice at Georgetown University field. Members of the squad and those who accompanied it were presented to President Harding at the White House.

DEATH OF MISS HALL

Miss Temple Lillian Hall aged twenty three died at the home of her parents Mr. and Mrs. J. J. Hall on Sanford Heights yesterday at 12:40 after a lingering illness of almost a year.

Miss Hall was teaching school at Mt. Vernon, Illinois when she was taken ill last January and came home to Florida hoping to regain her health but it seemed that the malady was deeply rooted in her system and despite the care of physicians and family she was unable to battle successfully against it and death claimed her yesterday.

The Hall family came to Sanford from Thomasville several years ago. Miss Hall who was an experienced teacher accepted a position in the schools of Mt. Vernon where she was doing fine work when she was stricken. She was a member of the Methodist church since early childhood and was loved and respected in her native state and wherever she resided. She leaves mother and father, one brother and two sisters here, one sister in Woodlawn, Ga., and one in Gary, Indiana to mourn her loss.

The funeral services will occur from the late home on Sanford Heights at 1:30 today. Dr. Walker of the Methodist Church and Dr. Burham of the Congregational church officiating. Interment will be made in the family burial lot in Tifton, Georgia.

The family has the sympathy of many friends here in their bereavement.

Insect pests come and go with the years. In some years certain varieties do little damage and then they appear in vast numbers. Wyoming this year suffered more for grasshoppers than any other state. It is probable that the injury will be continued next year. Efforts are being made to secure a grasshopper law similar to those in North Dakota and South Dakota.

Komal's proficiency in breaking promises confesses the source of his military training.

ROOSEVELT STATUE READY NOVEMBER 11

(By The Associated Press) PORTLAND, Ore., Nov. 2.—Theodore Roosevelt, Rough Rider is the inscription on a heroic equestrian statue of the former president, to be unveiled here Armistice day with ceremonies in which many thousands of persons are to participate.

The statue, by A. Phimister Proctor, was presented to the city of Portland by Dr. Henry Waldo Cole, a life-long friend of Theodore Roosevelt, and it is to be dedicated to the children of America. Approximately 25,000 school children of the city are to take a prominent part of the exercises. The morning program is to be devoted to the children's part of the ceremonies, with a parade, each child dropping a rose, Portland's children, at the foot of the statue.

There will be a military parade in the afternoon, with the regiments of the 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th.

Dedicatory ceremonies will be held at the unveiling, and a message from the United States House of Representatives will be read.

The statue is a gift of the people of the city of Portland, and it is the first of a series of statues of the presidents of the United States, which the city is planning to erect.

The Roosevelt family has been interested in the work of Proctor, the sculptor, and Mrs. Roosevelt provided him with the clothing and appointments, including the sash and girth, which were worn by Col. Theodore Roosevelt in the battle of San Juan Hill. The army selected as a model a soldier of the same stature, girth, height and weight as Col. Roosevelt at the time he was a rough rider. After a long search for a suitable horse, one was found at Palo Alto, owned by a girl student at Stanford University, and upon this horse, dressed as Roosevelt, the soldier posed daily for many months. Members of the Roosevelt family have pronounced their approval of the work of art.

PLAN TO CONSERVE U. S. WATER POWER

(By The Associated Press) WASHINGTON, Nov. 1.—Formation of a national committee for "the defense of the Federal Water Power Act" was announced here last night by Phillip P. Wells, former chief law officer of the United States forestry service, who, in a formal statement called upon all conservationists for a reaffirmation of support to the law.

The statement warns also against acceptance by congress of the proposal by Henry Ford to take over the Muscle Shoals Federation Power project, declaring such action would be a violation of the basic principles of the act which was fifteen years in congress before enactment. Mr. Wells statement criticizes congress for "giving a vast amount of time" to the discussion of the Ford proposal while declining to take up the "very simple legislation" which would correct "one weakness" in the law—make it possible for the water power commission to use some of its appropriation for employment of experts. The Ford contract would give him a "vast subsidy," according to the statement, in addition to establishing precedents for leasing privileges.

"If this (the Ford) proposal, were accepted," says the statement, "every corporation which has, or desires, a water power privilege, will be a demand for a lease on Mr. Ford's term, and how could they be denied? The acceptance of his offer would be a deadly blow to the application of the principles of conservation to the use of water power."

LAUNCH CAMPAIGN FOR CHURCH GIVING

(By The Associated Press) CHICAGO, Nov. 2.—To awaken the conscience and intelligence of the people of the Protestant Episcopal church to the needs set out in the program adopted at the Portland General Convention thereby raising the average of regular giving throughout the communion, is the main object in view in the nation wide campaign to be conducted wholly within the ranks of the church, according to a statement by Chicago headquarters of the denomination.

Results of the campaign in the three years now closing encourage church leaders in the belief that the ensuing three years will be equally successful, says the statement, quoting the secretary of the field department.

"In the eighty-eight dioceses of the church in the United States the work of informing our people of the convention program and explaining the educational methods to the leaders, already is going forward," continues the statement. "Our reports show enthusiasm and determination that will go for another big advance in the missionary, educational and social service fields."

The program, which fixed a budget of \$1,000,000 for the next three years, will support 1,000 missionaries in America and 100,000 in other parts of the world.

The program also provides for the establishment of 100,000 new churches, and the training of 100,000 new ministers. It also provides for the establishment of 100,000 new schools, and the training of 100,000 new teachers.

Have You Ever Seen A Turkey Box? No—not in a prize fight—that isn't what we mean—THE TURKEY BOX we are talking about is a nice box of goodies, preserves, etc., for THANKSGIVING DAY. If EACH FAMILY in Florida would give just ONE glass of jelly, or just one jar of preserves, or ONE side of bacon, or ONE chicken, or ONE turkey, or ONE can of beans, tomatoes, corn, peas, or ONE box of oranges or grapefruit, as they might find it possible, THE SCORES OF LITTLE HOMELESS AND ORPHAN CHILDREN UNDER THE CARE OF "FLORIDA'S GREATEST CHARITY"—THE CHILDREN'S HOME SOCIETY OF FLORIDA, would not only have the greatest THANKSGIVING DAY AND DINNER that they had EVER had—but there would be enough LEFT OVER to provide for the HUNDREDS of little ones that will come under the care of the Society ALL THROUGH THE COMING YEAR. Will you see to it that YOUR FAMILY gets up a TURKEY BOX for the little Orphan and Homeless Children of Florida? If you CAN only spare ONE glass of jelly, put it in a nice safe little box and send it, a TURKEY BOX may mean just that, or it may mean a whole DRY GOODS BOX or BARREL of cuts, all we ask is that your family will send SOMETHING, whatever that something may be. BY THE WAY—it wouldn't be a bad idea if you packed your goodies with some CHILDREN'S CLOTHES—shoes, ties, ribbons, sweaters, underwear, bed linens, quilts, blankets, caps, hats, kerchiefs, etc. All these things make fine packing and would also help clothe our big family of homeless children—from wee babes on up to fifteen years of age. WHY NOT GET YOUR SCHOOL—Church, Lodge, Young Peoples' Society, Ladies' Aid, Missionary Society, Woman's Club, Card Club, or other organization, to get up a TURKEY BOX for us. They will all gladly HELP if YOU will only START it. PLEASE DO YOUR BEST FOR US—however little that may be—and please mail—express or ship by freight to THE CHILDREN'S HOME SOCIETY OF FLORIDA, 1904 RIVERSIDE AVENUE, JACKSONVILLE, FLORIDA. Or, if you live in West Florida—please send YOUR TURKEY BOX to our WEST FLORIDA RECEIVING HOME—SEVENTH AVENUE AND JORDAN STREET, PENSACOLA. JUDGE W. H. BAKER, President R. V. COVINGTON, Treasurer MARCUS C. FAGG (Daddy Fagg), State Superintendent. There can be no finer way to show YOUR gratitude for YOUR OWN blessings than to do something for these little ones—who have so little they CAN be grateful for. Over 1200 of them have been cared for already this year—Over 9,000 since our work began. BE SURE TO GET YOUR TURKEY BOX OFF TO US IN PLENTY OF TIME—BETTER START IT NOW WHILE YOU'RE IN THE NOTION. ### UPSALLA AND GRAPEVILLE

Axel Lundquist, of Lake Mary, was a Tuesday visitor in Grapeville.

Frank Erickson was also a caller in Grapeville on Sunday.

Tom Fortier, wife and children visited relatives at Lake Mary. Their little daughter goes to school this year for the first term.

Charles Cramer took a trip Sunday over to Osteen to the Parkinsons and his aunt, Mrs. V. C. Collier, of Sanford, came out home with him for a short time.

Lawrence Lundquist was able to resume his school work this week, we are glad to hear, but is still under the doctor's care. His mother, Mrs. Alice Lundquist, takes an interest in his work, visiting the school Tuesday.

Mrs. Elizabeth Williams has been in to see the new Campbell baby, who has been named Marie Elizabeth and all are doing nicely.

Messrs. West and Cramer have been out re-roofing the home of Mr. and Mrs. Swan and adding a nice new porch.

The young folks enjoyed Halloween in a right way, some of the boys attending the High School party in Sanford.

Mrs. Edwin Lundquist is not much better. Dr. Christ came over from Orlando and a gland in the neck was opened but she is still at the hospital at this writing.

Hamil Tolar and family and Harold Haskins and wife were Sunday callers to see Mrs. Alma Neise and father, Gus Malm. The sister remaining with them.

Mrs. Anna DeForest is home again after a stay of a few weeks in Sanford.

Mr. Henderson and family were all Sunday visitors in Monroe.

A special collection was taken up in the Sunday school for the Jacksonville Children's Home.

Rev. G. V. Albertson came over from DeLand speaking very earnestly to us on "The Aggressive Life." He is surely a living example of what he preaches, putting his whole energy in to the work for the Master. We are always glad to have him with us in Upsalla, while here he was a guest at the home of Mr. and Mrs. Bertleson.

Next Sunday Brother Clark will be with us at 3:30 as usual, the first Sunday in the month.

In the evening there will be a service at the Lutheran church by Rev. O. O. Eckard, of Panama, Fla., and also Thursday evening.

Mrs. A. F. Westwick is expecting to leave Thursday with Mr. Parkinson of Osteen to attend the ten days of the annual conference of the 7th day Adventist at Orlando. A number of their members will go for a day or so.

Startling Statement Made by Renowned Visitor in Jacksonville

Jack ... introducing the phenomenal new treatment known as RECUMA. "Ninety per cent. of the people who suffer from nervousness, indigestion, dyspepsia, constipation, biliousness, malaria, irritability, loss of weight, lack of strength and energy, can trace their trouble almost directly to their stomach, liver, bowels and kidneys."

"Such ailments come about for no other reason than the failure of your system to properly digest, assimilate and eliminate the food you eat, so your nerves, tissue, muscles and brain are nourished every day, and all waste matter is eliminated promptly."

"It is true that many things have been offered to the public to rid them of such troubles, but not until the RECUMA treatment was perfected 'has anything truly reliable been available. This is proven by the fact that RECUMA is relieving literally hundreds every day, who have tried many different kinds of medicines and treatments without the sign of relief.'"

Recuma Convinces  
Druggists say nothing more convincing than RECUMA has ever been seen in Florida, and the Union Pharmacy has added their praise to this phenomenal new treatment by recommending it to their friends and customers.

### SENT TO DEATH BY GIRL'S LIE

Minister Kills Himself Because Parishioners Reject His Explanation of Child's Story.

### PEOPLE MAKE THREATS

Pastor Leaves Note Declaring His "Innocence Before God" of the Charges Made—Accusers Too Late in Believing Him.

Mrs. M. H. McCrean.—This community, nestled in the foothills of Mars mountains, is stunned by the knowledge that Rev. Charles H. Carlton, who recently committed suicide, following charges made by a hysterical girl of thirteen, was driven to his death an innocent man. The charges now have been retracted by the girl.

A note penned by the pastor just before he took his life with a hunting rifle has been found.

In it he swore his "innocence before God" of the charges with which a small group of impulsive citizens confronted him on the evening previous, demanding that he never preach from the pulpit again, but he felt the child's story always would be taken regardless of all he might say.

On the afternoon before Easter Sunday a number of women at the Mars Hill Methodist Episcopal church brought plants and flowers to decorate the pulpit and auditorium. Mr. Carlton offered to assist them. About five o'clock the women said they needed the help of some children who could stand on a ladder and reach high places.

Incident at the Church.

The pastor volunteered to find a child. He inquired for a boy at a nearby home. The lad's sister offered to go instead. Returning to the church the minister found his women parishioners had left. The thirteen-year-old girl climbed the shaky ladder and suddenly lost her balance. As she fell the pastor caught her in his arms. She became hysterical, began to weep and despite his efforts refused to calm herself. In this condition she ran to her home. There she blurted out a story of having been swept into the arms of the pastor.

Shot Himself.

The parents went to the homes of the girls and all insisted that the pastor had seduced the child. Mrs. S. S. McCrea, and demanded she go with them to the pastor's home.

"Mother McCrea," as she is called in this community, is a member of the church.

The child's story didn't sound right to "Mother" McCrea. It was too conflicting. She counseled the parents and neighbors to wait until after Easter before they made such ridiculous charges. This did not meet with their approval. They were determined the pastor should never preach again, and would be lucky if the townsfolk didn't tar and feather him.

Call Upon Pastor.

The next call was at the Carlton home. Here the pastor was startled by agitated voices outside. His protests were of no avail. They swept aside his explanations.

"If you dare preach in that church tomorrow I will get up from the floor and denounce you," cried a mother in the group.

The accused man sought to tell them he saved the girl from injury by catching her in his arms. They turned deaf ears to him. Mrs. Carlton stood by her husband. She doubted the story. The girl bore no marks of violence. The child merely insisted that the pastor hugged her.

After writing a farewell note and then pacing the floor all night the pastor took a .44-caliber hunting rifle, went to the woodshed adjoining the kitchen and shot himself. Mrs. Carlton found her husband dead on the floor.

### ROYAL STOCK SHOW TO BE BEST EVER

(By The Associated Press)

KANSAS CITY, Nov. 2.—With advance entries indicating a display of approximately 2,000 head of livestock the 24th annual American Royal Live Stock Show will open here November 18th and continue until November 25. The show will be held in a new half-million dollar exposition building just being completed as a permanent home for the Royal.

Beef cattle constitute the principle drawing card of the show. More than a thousand head will be exhibited. The Herefords lead with 672 entries competing for \$11,255 in prize money. Shorthorns rank second with 300 entries for a purse of \$7,200. One hundred head of Angus are entered in the competition for \$970 in Angus prize money, and about thirty head of Gallovays will divide honors and a prize list of \$910. Prize money is offered by the various breed associations and the management of the Royal.

Prominent political figures will be here to watch the performance of their entries in the ring. Governor Warren T. McCray, of Indiana, will exhibit twenty head of Herefords from his farm at Kentland. Senator J. N. Camden will show twenty-three head of Herefords from his estate at Versailles, Ky.

Many famous herds are entered from Missouri, Kansas, Iowa, Illinois and Texas—states noted for the excellence of their Herefords. Brookvale Farm at Windsor, Mass., will exhibit twelve head. Other states to be represented are Colorado, Mississippi, Nebraska, West Virginia, Oklahoma, Wisconsin and Montana.

Hereford entries at the 1922 show are practically double those of last year, when 331 head were shown. In 1920, 434 head were exhibited. The 672 entries for the coming Royal set a new record in numerical strength.

The hog show, with 385 entries, and the poultry show, with 2,500 birds on exhibition, will be attractions of interest to thousands of visitors. Swine and poultry will be shown at the Royal for the first time this year. About 275 sheep will be exhibited.

Horse show entries have been received from the best stables of Kentucky, Missouri, Maryland, Illinois and New York. Thirteen thousand dollars in premiums for saddle and show horses has brought out a classy field which promises to restore the night horse show to its brilliant former years.

Governors of four states will participate in the dedication program to be held Saturday evening, November 11. The Lansing, Kansas, Choral Society will sing "The Messiah." The chorale of 2,000 voices has been rehearsing the famous cantata for several weeks in preparation for the event.

A grand gala will be purchased for stock will be held. Shorthorns will be sold on November 22, Herefords on November 23, and Angus on November 24. A sale of Spotted Poland China pigs will be held on the evening of November 22. Carlton's was the first sale to be held in the afternoon.

The show will be held in the new building which will be dedicated to the public on November 11.

Richard has granted a special rate for round trip ticket to the Royal from surrounding states.

### ONLY THE BEST FOR THE JAPANESE ARMY

(By The Associated Press)

TOKIO, Nov. 2.—The reduction in the army will enable the recruiting sergeants to choose when this year's conscripts come before them for examination and only men who heretofore have been classed A physically will be taken for the army. The training will be more intensive for the same amount of work will be done in 22 months. General Yamamashi, minister of war, replying to the agitation for a reduction of the period of 16 months said if this was adopted the war office would have to abolish all holidays, including Sundays. At present the recruits have many days off, including occasional fortnights to assist their parents in their business.

## CHASE & CO. TAKES COUNT AT THE HANDS OF ROTES

### Game Listless and Slow on Account of "Rusty" Players on Both Sides

Bowling in very poor form, the Chases had little difficulty in swamping the Rotes aggregation under a pin defeat. The game was featured by the "rustiness" of all the players. The Rotes bowling for the first time since last April, with not a second of practice before the game, and Chase & Co., breaking in men that have not played in a long time.

It must be said, however, in all fairness, that Tommy Jones' orange pack, that they allow form and only the necessary practice to knock some of the kinks out of their play, before the middle of this first game they should be going like a house on fire. Chase & Co. had eight men try last night, no man bowling over 100 games, and even though their scores will show up a little weak on paper for this first game, they show that they knew the game and that they are bound to come out.

Col. Knight rolled high score of the evening and aside from one 171 game rolled, the Rotes were in but little better shape than Chase & Co. The Rotes are made up of busy men that have very little opportunity of turn-out for practice and this lack of practice showed up last night. They will be right by the time they meet the Congregationals next week - or if they don't, the Congregationals will do something easy.

N. Tombs' strength can be judged by its opening game, no player's average can be counted on the first time, it takes a few games to get the

players in shape, to find their eye, as it were. And for that reason we feel safe in making the prediction that both the Rotes and Chase & Co. will figure strongly in both the standing of the clubs and the individual averages before the season ends, regardless of their poor start.

The results as tabulated at last night's fray is as follows:

Chase & Co.		Rotes	
Wiggins	109	122	231
Nordgram	102	98	200
C. P. Herndon	84	81	147
McKee	83	81	151
Leffler	79	96	175
Jones	145	76	221
R. Chase	98	73	171
Beardin	71	71	71
Total			1380

CLUB STANDING	
Congregational	1 0 1,000
Rotary	1 0 1,000
Men's Club	0 0 000
Merchants	0 0 000
Chase & Co.	0 1 000
Farmers	0 1 000
Merchants vs. Men's Club, tomorrow night	

## CELERY SEED

Did you see Bill Hill last night?

And did you see the way he bowled 'em over on the Parish House alleys? He is a coming bowler, and his very first attempt proved it.

Tommy Jones' outfit is all beginners, or should we say of timers, but they'll come along - just watch 'em.

Advance dope has it that the Farmers will sign up John Ludwig before their next game. John is a good bowler and will strengthen the Farmers' team.

John has also gone in for golf and if he bowls like he plays golf he can set the old league afire.

Ain't it funny Sanford never gets credit for all she does in an athletic way. She has won every game this season with prospects of going thru without a loss and yet, six other teams most of whom have lost a share of their games - are credited with being better than the Celery Feds.

But we should worry, we'll lick 'em all anyway.

Going down to Orlando tomorrow?

Bill Leffler, Randall Chase and M. S. Wiggins all show the signs of good bowlers for Chase & Co., and their work along side of Jones, Nordgram, Herndon, McKee and Beardin, will bring home the bacon yet.

And Chase & Co. have about ten more to draw from if these above named do not produce.

## FOR THE MOVIE FAN

And you know that the program at the Princess starts at 7, instead of 7:30 now, didn't you? It's a fact.

And you have been keeping your eye on the nice programme for the week, haven't you? Should if you haven't, something good all week.

## MRS. CARLETON HAD CONFESSED HER LOVE FOR DEAD MINISTER

(By The Associated Press) LOS ANGELES, Nov. 1 - Mrs. Margaret Carleton who, with the Rev. Howard J. Christler, was found shot to death in the Christler home at Hav Montana, last Friday had confessed her love for the Rev. Mr. Christler, her husband, Frank E. Carleton, former judge of the district court at here, Mr. Carleton declared tonight a signed statement to the Associated Press.

"I can no longer remain silent in the face of the startling statement of Miss Faber given to the Associated Press that she believed that as a result of the investigation I had made the charges which occurred in the Christler home early Friday morning. After questioning those who knew me, it, that if this woman had been to work her will on Mr. Christler would be alive today, unfaithful to his wife, but still living," the woman said.

"This attempt to make it appear to me that Margaret threw her husband from this life and tried to replace with me and I am sure that she would have done so had she not followed the usual path in the end of the season.

"I wonder did his reverence know he made the statement above related to, that this pastor who, it is claimed, maintained only a friendly and ministerial interest in the Carleton family, had written letter to Margaret Davenport, my wife's maiden name, and sent them to general delivery?

## R. STEVENS RECEIVES THREATENING LETTER ABOUT HIRING SCABS

H. R. Stevens, the master mechanic of the A. C. L. shops here received the following threatening letter through the mails last night and the text of the letter is given below:

"Sanford, Fla.  
Mr. H. R. Stevens:  
"It is time for you to stop hiring scabs to work, you had better try to get the organized labor you better get rid of the scabs. As soon as you do, I am not a union man or railroad

man but I do believe in organized labor and I would help the boys any time to blow up your home and kill you, and we go in to thin out the scabs you better not take any to work for we are going to give them a black box like this one. Do you like it?" (drawing of a coffin)

"They may use several like this. Say now get rid of your scabs with out trouble!"

(Another drawing of coffin)

## LENAPE STILL AGROUND

The seagoing tug Relief, which has been attending the Clyde line steamer Lenaape aground for two weeks today off Nassau inlet, reached Jacksonville today to take off a shipment of wrecking material from the steamer. She was on its way from New York. The Relief left the Lenaape before daybreak and put in at Mayport shortly after 5:30 o'clock arriving here at 9:30 o'clock this morning.

The wrecking material included one bag of dynamite to be nearly a mile in length, new tow bits and malleable iron equipment for moving the mill machinery and vessel.

The tugboat of the Lenaape today was being towed by the tugboat Relief, which was on its way from New York. The Relief left the Lenaape before daybreak and put in at Mayport shortly after 5:30 o'clock arriving here at 9:30 o'clock this morning.

Seamen aboard the Relief believe the steamer will come off when favorable winds and tide assist the salvage work but they are equally emphatic in their statement that the time will run into many weeks. Jacksonville Journal.

## BALTIMORE PLANS ENDS SHOP-MEN'S STRIKE ON 77,854

Chicago, Nov. 1 - A total of 77,854 miles of the nation's railroad trucking is credited as having been signed under the Baltimore plan ending the shop crafts strike as compared with 92,165 miles signed with independent or company organizations, according to up-to-date figures compiled by a railroad statistician, and made public today.

The summary of roads negotiating settlements of the strike called last July 1, shows that fifty-eight class one carriers accepted the Baltimore plan, fostered by B. M. Jewel, head of the strikers, and Daniel Willard, president of the Baltimore and Ohio, and David Warfield, president of the Seaboard Air Line. It further credits forty class two and live class three roads with having signed the Baltimore plan.

In the detailed statement of the roads negotiating agreements with independent or company unions, the statistician claims that twenty seven have followed this plan.

## THOMAS PAGE, FAMOUS LAWYER AND DIPLOMAT

(Continued from page 1)

Descended from one of Virginia's best families, Mr. Page was one of the old Dominion's first citizens. His father and mother were both descendants of General Thomas Nelson, one of the signers of the Declaration of Independence.

Mr. Page was educated in the schools of his native state. He entered Washington & Lee University at the time General Robert E. Lee was its president. He graduated later from the University of Virginia.

A fondness for literature caused Mr. Page to devote much of his time to it. He is eagerly by some of the foremost scholars in the country. His method of writing added an attraction to his stories that was irresistible. He has won a host of admirers among the readers of popular magazines and periodicals to which he has contributed.

In addition to his degrees from the two Virginia institutions where he received his education, Mr. Page was also graduated from many of the leading universities and colleges throughout the country. Mr. Page was twice married.
