

Four Officers To Report To Squadron This Week

Four officers, including a new executive officer, report to the Heavy Attack Squadron One this week.

The officers, who have just completed the intensive training program conducted by Heavy Attack Squadron Three, are plane commanders Cdr. David A. King and Lt. (jg) Robert Golden, and bombardier-navigators, Lt. (jg) Richard Gralow and Ensign George McWilliams.

King, new executive officer, wears two Distinguished Flying Crosses, and the Presidential Unit Citation. He was a participant in the battles of Wake Island, Tarawa, Saipan, Iwo Jima and the Philippines. He formerly served as officer-in-charge of ATU-213 at NAAS Chase Field, Beoville, Texas.

Detroit Law Bows To 'Mix or Quit'

DETROIT (UPI)—The "ticket holiday" Detroit motorists enjoyed for the past three days appeared to be coming to an end today.

Detroit police, who began a "slowdown" in traffic ticket writing Sunday as a protest against integration of white and Negro officers in patrol cars, began handing out tickets as usual late Tuesday.

Police Commissioner Herbert W. Hart said day shift patrol cars issued almost twice as many tickets Tuesday as they did Monday, the second day of the present slowdown.

The policemen never allowed any major offenders to get away unpunished. But, in cases where the offenses were minor, they merely turned their head and the lucky motorist got away with only a sidelong glance.

The slowdown benefited only motorists. Other law enforcement was carried on as usual.

After the increase in the number of tickets issued Tuesday, which came on the heels of an order to "integrate or quit," by the late Sgt. Louis J. Berg said he expected traffic enforcement to be back to normal "within a few days."

Heart Disease Top Killer In Florida

JACKSONVILLE (UPI)—Heart disease, the state's worst killer in 1957, claimed more lives than the next three causes put together—including cancer, strokes and accidents.

The state Board of Health announced Tuesday that heart disease claimed 48,000 victims in Florida last year, a slight increase over 1957.

The board's vital statistics bureau also reported 107,921 births at a rate of 24.3 per thousand which was nearly three times as high as the 87 death rate.

The report also showed 17,566 divorces and 26,140 marriages, with the number of marriages at most double the divorces.

The number of suicides increased from 115 to 135 per hundred thousand.

Of the fatal accidents, motor vehicle mishaps accounted for 40 per cent in all age groups.

Legal Notice

NOTICE TO DEFENDERS IN THE CIRCUIT COURT OF THE 15TH JUDICIAL CIRCUIT IN FLORIDA IN AND FOR THE COUNTY OF SANFORD, FLORIDA.

WILLIAM L. RICHARDSON et al. Defendants, Case No. 10024

To the following defendants in the above case:

William L. Richardson, if alive, and if dead, his unknown heirs, devisees, legatees or grantees; Lida Richardson, if alive, and if dead, her unknown heirs, devisees, legatees and grantees; J. A. Richardson, if alive, and if dead, his unknown heirs, devisees, legatees and grantees; and all persons having or claiming an interest in the following described land, situated in Seminole County, Florida, to-wit:

All that part of the North One Half of the Southeast Quarter of the Southeast Quarter (less the South 200 feet thereof) of Section 19, Township 21 South, Range 25 East, 15th East of the old Bright-of-way of the Atlantic Coast Line Railroad, less the Right-of-way of the State Highway.

You are hereby notified that suit has been brought against you and each of you by Beatrice W. Frank, Plaintiff, and Herbert Albert, et al. and Lida Richardson, et al. in the above titled case in the above named Court to quiet the title to the above described real estate and you are hereby notified and required to file (personally or by Attorney) with the Clerk of said Court your written defense, if any, to the Complaint filed in said suit and to serve a copy thereof upon the Attorney for the Plaintiff on or before the 4th day of April, 1958. Hearings will be held on the above case and will be entered against you.

Witness my hand and the official seal of this Court at Sanford, Florida, this 2nd day of March, 1958.

G. P. Herndon
Circuit Clerk
By Martha T. Wilson, D. C.
S. J. Higgins, Church and Main Building, Orlando, Florida, Attorney for Plaintiff.

Seabees Will Mark 17th Anniversary

Tomorrow marks the 17th anniversary of the construction battalion of the Navy.

Enjoying maturity, the Seabees have listened with pride to the simple humming of a rebuilt generator, have stood in awe under a clear span of 92 feet, engineered and fashioned in remote outposts of the world which their skills help keep free.

Among the projects of the Seabees that mark 17 years of progressive year were the construction of a multi-million dollar heliport at Futema, Okinawa, which will support the airlift of the Third Marine Division. At Subic Bay, in the Philippines, they put the finishing touches on an air base which had been under construction for eight years.

At Guam, they have finished a multi-million dollar project in Atugi. Also included were projects in Alaska, Squaw Valley, Calif., site of the 1960 Olympic Winter Games; Rota, Spain; Port Lyautey, Morocco; Guantanamo Bay, Cuba and Camp Lejeune, N. C.

At the Sanford Naval Air Station, the small group of Seabees, assisted by personnel from fleet units and by temporary working parties from fleet and station units, have worked on many items. Chief among these were the construction of 12 half-quest hut line shacks, the building of a road to the Lake Golden recreational area, the building of a road around the runway extension of the sewage plant, the reclaiming and leveling of unused land in the northwest section of the station, and the operation of a central transportation motor pool.

Mamie Nears End To Resort Visit

WASHINGTON (UPI)—Mrs. Mamie Eisenhower will return from her stay at a plush Phoenix, Ariz., beauty resort aboard the presidential plane Columbine III.

The White House said Tuesday that the plane will pick up Mrs. Eisenhower and her sister late this week on its way back to Washington from the West Coast.

The presidential plane has been undergoing a regular service inspection by technicians of Lockheed Aircraft.

Polio Toll Passes Mark Set In 1958

JACKSONVILLE (UPI)—The state's polio toll jumped to 23 last week, or one more than was reported at this time in 1957.

Single new cases were reported in Dade and Escambia County.

Although this was the first time the polio count by-passed last year's total, health officials said there was no cause for alarm.

They pointed out that in 1954, the first year the Salk vaccine was used, the figure was 81, but climbed to 84 the following year during the same period.

'Space Day' Slated

HUNTSVILLE, Ala. (UPI)—The rocket city scheduled a big "space day" celebration today in honor of the space flight of Pioneer IV, now soaring toward the vicinity of the moon.

The Army Ordnance Missile Command, which helped launch the moon rocket, has headquarters at nearby Redstone Arsenal.

Dulles Given Gold To Test Reaction

WASHINGTON (UPI)—Secretary of State John Foster Dulles' physicians today suspended massive radiation treatment of his abdominal cancer to observe his reaction to an injection of radioactive gold.

They planned to resume the six-day-a-week treatment with a million-volt X-ray machine in a few days.

The injection of radioactive gold in a coffee-colored liquid into Dulles' abdominal cavity Tuesday morning was a one-shot treatment. It was decided upon by Maj. Gen. Leonard D. Heaton, commander of the Army's Walter Reed Medical Center, and a panel of consulting physicians.

They had decided tentatively on the injection when the radiation treatments were started at the hospital Feb. 20, although it wasn't announced at the time.

After Dulles showed "satisfactory response to X-ray therapy," the physicians went ahead with the radioactive gold injection "to reinforce" the radiation treatments.

A medical spokesman said radioactive gold has been used "quite commonly" as a one-shot treatment of intestinal cancer for several years.

Wage Hikes Sought

WASHINGTON (UPI)—The AFL-CIO says that business conditions appear to provide a favorable climate for unions to obtain wage increases this year.

The labor federation said Tuesday unions should expect to win wage hikes of 11 to 15 cents an hour or more.

Light from the sun takes eight minutes to travel the 93 million miles to earth.

New Plant Slated By Local Industry

Another Sanford firm has outgrown its quarters and will break ground Saturday for a new building. York Manufacturing Co. will start construction immediately on a plant one mile south of the city limits, between HarCar Aluminum and Allen of Orlando.

SAM LEVY

Engineer Learning Seminole Routes

It helps to know your way around, Bob Davis has decided. Seminole County's new engineer says he can "get two or three places now without getting lost." Davis began on the job Monday. He immediately was snowed under with reports and road problems. This week, he has been getting acquainted with the friendly folk of Sanford and Seminole County. His wife is impressed with the rolling hills and large trees of this area.

Final Plans Made For Lily Ball Here

Ken McIntosh, president of the Crippled Children's Society of Seminole County today announced final plans for the Easter Lily Ball at the Mayfair Inn tomorrow night from 9 to 11. The ball will be the opening of the Easter Seal Drive sponsored by the local Society to raise funds for services to children and adults crippled by disease or accident. A total of 71 per cent of funds raised will remain in the county for treating county cases.

Food Fair Opens Store Wednesday

Two men from Food Fair Stores Inc. have been in Sanford this week, hiring cashiers and training them for the opening of the new market next week. On Wednesday, the doors will swing open at Park Ave. and 25th St. on the "ultimate in super-market operations."

Golfers Schedule White Elephant

A White Elephant golf tournament will be held Sunday at the Mayfair Country Club. Sponsored by the Sanford Women's Golf Association, members are to pick their own partners (but no husbands). Entry fee will be \$1. Each entrant is to bring a valued possession, good, bad or indifferent.

Reedy Describes Plan To Kiwanis

Rep. Bill Reedy of Lake County continued his campaign for the Key to Peace in America yesterday when he spoke to members of the Sanford Kiwanis Club. In the same speech directed last week to the Sanford Rotary Club, Reedy urged Florida citizens to promote the program educating the north about Negro conditions in the south.

Kept In Family

BUFFALO, N. Y. (UPI)—Wille B. Rand Jr., 38, was serving three years for stealing his father's \$2,500 life savings when Secret Service agents arrested him for forging and cashing a \$55 treasury check made out to his brother Tommy.

Two Bodies Found; Believed Part Of 'Vanished' Family

FREDERICKSBURG, Va. (UPI)—An abandoned sawdust pit that gave up the bodies of a bound man and a blonde little girl in a bright pinfire guided authorities today toward an expected solution to the disappearance of a four-member family seven weeks ago.

The bodies were found just before darkness fell Wednesday by a farmer gathering rotted sawdust for use as fertilizer. It was virtually certain that the bodies decomposed, bodies were those of Carroll V. Jackson of Mineral, Va., and one of his daughters.

Scores of FBI agents, state, county and local police officers scoured a thinly-populated suburban area near here in search for other clues that might lead them to Jackson's pretty wife and another daughter.

Jackson, 29-year-old feed store clerk, his wife, Mildred, 27, and daughters, Susan, 5, and Janet Carroll, 18 months, disappeared near Mineral on the night of Jan. 11.

The scene is about 40 miles northwest of the spot where the Jacksons abandoned car was found on the morning of Jan. 12, the keys still in the ignition. Said marks in front of the car indicated another vehicle forced Jackson to halt.

Residents of the Mineral area reported they heard car doors slam and saw headlights flash about the time Jackson approached the spot where he and his family vanished.

Pioneer Orbiting; Will Be Permanent

WASHINGTON (UPI)—America's Pioneer IV space robot, which passed within 37,000 miles of the moon, soared today toward a permanent orbit around the sun. Government scientists said that for a period "comparable to the life of our universe," the gold-plated 30-inch long instrument package would continue to revolve around the sun every 382 days.

The space vehicle already is orbiting the sun, and will move into its permanent orbit on March 17.

The man-made planet's orbit, much more elongated than that of the earth, will vary from 91,744,000 to 105,829,000 miles from the sun. The earth, in an almost circular orbit, averages 93 million miles from the sun.

Pioneer IV made its closest approach to the moon at 32.4 p. m. e.s.t. Wednesday. Dr. Homer J. Stewart, planning director of the National Aeronautics and Space Administration, said the pass "grazed the moon's gravitational field."

Seminole Ge' Set To Go On Warpath

TALLAHASSEE (UPI)—South Florida's Seminole Indians are preparing to go to Washington of the United Nations for 200,000 acres of Everglades land which the state has refused to surrender.

The Cabinet turned down the land request Wednesday upon the recommendation of a special committee appointed to study Indian problems.

The Seminoles, who number only about 1,000, are split into three groups, all at odds with one another. They already have some 104,000 acres of land for their use.

The Seminoles outside the reservation demand the 200,000 acres for hunting, fishing and frogging. They issued an ultimatum to the state to turn over the land before last November, or they would go to higher authorities—the federal government and the United Nations.

The Cabinet decided Wednesday to spend part of its Indian trust funds to provide medical and welfare services for the off-reservation Indians.

Blast Fatal To 2, Hurls 2 Outside

WORCESTER, Mass. (UPI)—An explosion ripped a five-room cottage early today, killing an elderly couple and hurling their daughter and grandson from their upstairs bedrooms.

Dead in the pre-dawn explosion and fire were Carl Ruohonen, 69, and his 85-year-old wife.

Their daughter Martha, 68, and her son Gary, 10, were hurled to the yard by the force of the blast, police said. She was hospitalized in critical condition. He received severe burns and bruises.

Kept In Family

BUFFALO, N. Y. (UPI)—Wille B. Rand Jr., 38, was serving three years for stealing his father's \$2,500 life savings when Secret Service agents arrested him for forging and cashing a \$55 treasury check made out to his brother Tommy.

Khrushchev May Ease Deadline

21 Negro Boys Die In Dormitory Fire

LITTLE ROCK, Ark. (UPI)—Twenty-one Negro boys burned to death early today when fire swept through their dormitory at the Arkansas Negro Boys Industrial School.

The figure was established by

Neuberger Backs Gas, Postal Hikes

WASHINGTON (UPI)—Democratic Sen. Richard L. Neuberger (Ore.) threw his support today to President Eisenhower's request for higher gasoline taxes and postal rates.

He also called for restoration of wartime excess profits taxes on corporations, and a reduction in the oil-gas depletion allowance from 27 1/2 to 15 per cent.

The lawmaker told the Senate in a prepared speech that his proposals would bring the government almost three billion dollars more each year to finance the cold war.

"This is not an easy program," Neuberger said. "It holds no illusion that the way ahead is strewn with rose petals. It asks sacrifices of the high, the low and the in-between."

However, he forecast, the American people would "respond affirmatively" if they were told that the survival of the free world against Russia might depend on such sacrifices.

Legislator Plans To 'Unload' Vans

TALLAHASSEE (UPI)—A South Florida legislator has called for a measure to halt transportation of migrant farm workers "stacked like cattle" in dangerous and unsanitary vans.

Rep. Emmett S. Roberts of Palm Beach said he will introduce a bill making it unlawful for anyone to haul passengers in a van without windows or in any trailer other than a semi-trailer attached to a truck trailer.

He said the only exception would be family station wagons and vehicles hauling livestock.

"Some of these labor crew leaders haul workers from Florida clear to New Jersey stacked like cattle in vehicles with no comforts," Roberts declared.

"Some of the vehicles are actually dangerous," he said, "and we've had enough accidents and fatalities to prove it."

Mission Announces Open House Plans

Open house will be held at the New Tribes Mission, near Oviedo, Saturday and Sunday.

The New Tribes Mission is located on Highway 426. Signs will be placed to direct visitors to and from the Mission. People will be on hand at all times during the two-day open house to show visitors around the camp and to explain the work.

Maps, showing the work of the missionaries throughout the world, will be on display. Slides will be shown of the unique life of the South American Indian tribes.

On Sunday at 2:30 p. m., a regular fellowship meeting will be held. All are invited to attend.

Plans for accommodating overnight guests, who come from a distance, have been made.

Seminole, Lake Seek Closer Road Ties

and labor may be cheaper. And besides, it is an absolute necessity."

Charles Goodson, Lake engineer, told the two groups that the road is 14.3 miles long from the Wekiva to State Road 44. Since it already exists there would be no expensive rights-of-way to be purchased. Only resurfacing and widening would be needed temporarily.

David Gatchel local commission member, suggested a continuation of SR 44 from the east coast straight through to Mt. Dora.

At the conclusion of the meeting, Lehman added, "We are most grateful to you men (Seminole Commissioners). This is a fine example of democracy. We are all thinking alike."

John Ritter added, "This is one of the most productive things we could support."

Collins Confident, Green Is Cautious On State Revenue

TALLAHASSEE (UPI)—Gov. LeRoy Collins says Florida's financial future is rosy enough to support his recommended 725 million dollar spending program for the next two years without new taxes.

But the governor's optimism failed to budge the Legislative Council and State Comptroller Ray E. Green. They insisted spending must be held to 600 million dollars to allow a 10 million dollar safety cushion between spending and Green's 700 million dollar estimate of income.

The alternative, the Council says, is new taxes.

Thus the controversy over conflicting high and low predictions of Florida's revenue income continued as the spring legislative session drew nearer.

The governor took sharp issue with Green and the Council during a lively financial discussion at the Cabinet meeting Wednesday.

He was supported by state Atty. Gen. Richard Ervin who warned against under-estimating state revenue. He said "we could do the state a grave injustice by miscalculating."

Collins said the state's leaders should not expect low income with a booming tourist business and with reported strides in industry and agriculture.

But Green, who recently reduced his revenue forecast from 716 million dollars to 700 million dollars, countered that he does not base his predictions on Chamber of Commerce claims.

Green Light Given For City Planning

Sanford's planning program is almost a reality.

Funds were granted for the project last December by the federal government, but have been withheld until a contract was signed with the Florida Development Commission.

Now these details have been settled. A letter from J. E. Barth, manager of the planning and community service agency, was received this morning by City Manager W. W. FRIEDT Knowles.

The letter revealed that authorization had been received to proceed with the planning program in Sanford. The Commission has also written to George W. Simmons Jr. of Jacksonville, asking him to begin work as soon as possible.

Simmons is a professional city planner. He already has signed a contract with Sanford for the job. The program will include the drawing of land use maps and determining the trend of future growth in the city and fringe areas.

Studies of population and commercial growth will be made and zoning ordinances revised. The project will cost \$15,000 split equally between Sanford and the federal government.

The Zoning and Planning Commission will meet tonight. News of the contract may come as a pleasant surprise to many of them.

It Didn't Matter, End Result Shows

ALEXIS, Ill. (UPI)—Roosevelt Military Academy, was losing 10 Wednesday night before its baseball game with Alton High School had started because of a technical foul for not submitting a lineup.

It really didn't matter, Roosevelt lost, 60-37.

Lepor Cure Claimed

LAFON, Nigeria (UPI)—Laboratory scientists at the Methodist Lepor settlement at Umuakoli claimed today they had discovered a new drug which cures leprosy in two years. The present treatment requires four years.

Weather

Considerable cloudiness, windy and mild through Friday. A few brief showers tonight with occasional showers tonight and Friday. High today 74 to 78, low tonight 64 to 68. Southeasterly winds 15 to 25 miles per hour today and tonight.

Sign Of The Times

SYRACUSE, N. Y. (UPI)—Sign in the window of a small jewelry store: "There is no room in my little store for big prices."

Extension Hinted If Talks Sensible

LEIPZIG, East Germany (UPI)—Soviet Premier Nikita S. Khrushchev said today he may extend his deadline for the West to get out of Berlin beyond May 27 if "sensible negotiations" are going on then.

It could be extended to June 27 or even July 27, Khrushchev declared.

News Briefs

Trade Pact Signed
BONN, Germany (UPI)—West Germany and Morocco signed a trade agreement Wednesday.

King Has Ear Ache
RABAT, Morocco (UPI)—King Mohammed V of Morocco is suffering an ear ailment and must undergo a "complete rest."

LONDON (UPI)—Mrs. George Last reported today that she had found a woman's gold-plated wristwatch in a can of pears from Australia.

It Is So In Orbit!
WASHINGTON (UPI)—The Defense Department announced today that the Discoverer I satellite, launched from the West Coast Saturday, definitely is in polar orbit around the earth.

Pioneer Picked Up
MANCHESTER, Eng., and (UPI)—The Judrell Bank radio-telescope picked up the American rocket Pioneer today as it rose above the horizon and said it was about 200,000 miles away at the time.

Seven Africans Die
BLANTYRE, Nyasaland (UPI)—Seven Negroes were killed and four arrested in scattered incidents Wednesday in the wake of anti-white violence in British Central Africa.

Tension Eased Some
WASHINGTON (UPI)—American officials said today Soviet Premier Nikita Khrushchev's conditional postponement of his Berlin deadline may relieve some of the East-West tension.

Hearing Called Off
MONTGOMERY, Ala. (UPI)—A federal court hearing on whether the state of Alabama should be made a defendant in a civil rights suit was called off today by mutual agreement.

Example Isn't Good
MONTGOMERY, Ala. (UPI)—Robert E. Haynes, a Sunday school teacher, began a three-year prison term today for buying and selling property stolen by William Head, 17, a member of his class.

Boxer Admits Thefts
NEW YORK (UPI)—Former world welterweight champion Johnny Saxton has admitted three small-time robberies in order to get money to pay back income taxes, police reported today.

Rebels Seeking Guns
CAIRO (UPI)—Algerian nationalist leaders are conferring here with representatives of the Communist Chinese government on possible aid including arms for the Algerian rebels, Algerian sources said today.

Carried, But Bodily
LIVERPOOL, England (UPI)—Sarah Churchill, 44-year-old actress-daughter of Sir Winston Churchill, was carried bodily into court by four policemen today to face a charge of being drunk and disorderly at 10 o'clock in the morning.

Deputies Observe 'Garbage Watch'
The garbage watch is being observed by Sheriff's Deputies. Endless hours of waiting are just another part of their duties. Sheriff J. L. Holby yesterday offered a \$25 reward for information leading to the arrest and conviction of the garbage dumpers, who have been littering county roads and fields with trash.

Citrusmen Discuss Legislative Ideas
LAKELAND (UPI)—The legislative committee of Florida Citrus Mutual and the Florida Citrus Commission met here today to discuss proposals in the industry's 1959 legislative program.

Proposals on which the two committees agree will be forwarded for consideration to the Commission March 11 and House's Board of directors March 18.

Blaze Hits Hotel; 3 Dead, 2 Missing
HAZELTON, Pa. (UPI)—Fire swept a 35-year-old Gary hotel in this city's business district today. Three persons were known dead and two others were missing.

Twenty of the estimated 40 to 45 persons in the hotel were injured and 10 were admitted to the hospital.

The three known dead were identified as Mrs. Howard Deitch, 52, Miss Mary Ansony, 85, and Mrs. Edna Stigebauer, 65.

Missing were Mrs. Mary McAloney, 50, and Mrs. Mary Kahl 50, the only persons unaccounted for in the blaze which burned out the interior of the six-story brick building.

The dead were trapped when upper floors of the building collapsed after flames roared up a six-story elevator shaft and spread along hallways to the rooms. Guests lived on the first five floors of the building.

"Mangy' Bearskins Blamed On Bears
LONDON (UPI)—A staff officer for Britain's crack Brigade of Guards says it's no wonder their loving bearskins caps are just a little mangy. Good bears are hard to find.

Winter Stretches Cold, Icy Finger Over Nation Again

United Press International
Winter staged a full-blown comeback today with heavy snows in the plains and New England and severe wind and rain storms in the South.

The late winter storm, which could turn into one of the season's worst, piled up to eight inches of snow across the plains.

Weathermen warned heavy snows were expected to continue from eastern Nebraska and northeast Kansas through northwest Iowa, southeast Missouri, northwest Illinois and parts of Wisconsin, with high winds causing considerable drifting.

Earlier, a storm rolled into the Northeast, dumping four to six inches of snow from Concord, N. H., across southern Maine. However, the weather cleared during the night as the storm moved out to sea.

In the South, thunderstorms accompanied by hail and strong winds doused most of Missouri, eastern Texas, Louisiana and Mississippi with one to two inches of rain during the night.

The Memphis weather bureau alerted residents of parts of Louisiana, Arkansas and Mississippi during the night for possible tornadoes and damaging windstorms. The alert ended early this morning.

Two cars were blown off a road by high winds near Tyler, Tex., and southeast of Fort Worth the wind damaged airplane hangars and aircraft at Russell Field. A dust storm in the El Paso, Tex., vicinity cut visibility to 50 yards.

Violence Absent At Struck Mills

HENDERSON, N. C. (UPI) — State troopers confined strikers' demonstrations to banter and calls at the Harriet Henderson cotton mill today where officials had feared another outbreak of violence with the latest breakdown in negotiations.

Comparatively small crowds of strikers turned out at the North and South mills to heckle non-striking workers. Olive-drab garbed troopers kept the crowds predominantly women orderly.

It had been feared that some 1,200 members of the Textile Workers Union of America would become violent over discontent with negotiations.

Lloyd Payton, Carolina director of the TWUA, explained Wednesday's unsuccessful meeting in a broadcast over a radio station today.

He said the company again had stated its opposition to an arbitration clause which "means we're right back where we started last November" when the strike was called after negotiations on a new contract broke down.

Joe Martin Given Medical Checkup

WASHINGTON (UPI) — Rep. Joseph W. Martin Jr. (R-Mass.) was in the naval medical hospital in suburban Bethesda, Md., today for a checkup.

Aides of the former House GOP leader said he went to the hospital Wednesday because his leg bothered him. They said doctors advised Martin that he had been on his feet too much lately.

The 49-year-old lawmaker suffered a blood clot on the knee last summer, but that condition was reported to have cleared up.

Airways, Union Reach Agreement

NEW YORK (UPI) — The Transport Workers Union reached an agreement Wednesday night with Pan American World Airways on a new contract covering 8,000 mechanics, flight service employees and airport personnel.

Details of the labor agreement were not made public pending their approval by the union's membership.

OVERWEIGHT FAT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. ODRINEX is sold on this GUARANTEE: You must lose weight within 7 days or your money back. Just return the package to your druggist and get your full money back. ODRINEX costs \$5.00 and is sold with this strict money back guarantee by Truaction Drug Store — 31 E. 1st Mall Orders Filled

Rhee Neither Forgives Nor Forgets

By PHIL NEWSOM
UPI Foreign News Editor

The Republic of Korea's President Syngman Rhee is a man who neither forgives nor forgets. Never cordial toward Japan, he now threatens "drastic" action if Japan ships some 117,000 Koreans now in Japan to Communist North Korea. However, the expectation is that the "little cold war" will sputter out in a spate of words.

Japan is asking that the International Red Cross oversee the project to assure that only those really wanting to go are sent back to the Communists. It is true, though, that some of those who say they want to go are acting under pressure.

Japanese left-wing organizations have gotten control of the few

jobs available to Koreans and if they don't "vote right," they're in danger of being left out in the cold, literally.

The East German Communists have never felt better. They are confident that no matter what agreements are reached on Berlin and Germany at any four-power conference, they will take control of Berlin traffic as scheduled on May 27.

Such a move automatically would force the Allies to deal with the heretofore unrecognized German Communists in order to supply their Berlin garrisons. From this then could come pressure to force the West German government to deal with the East German regime on an even basis, even though the West outnumbered the East three to one.

There may be a change in U. S. Army commanders in the Pacific area soon. Sources close to Gen. George H. Decker, commander-in-chief, United Nations Command, Korea, say he expects to be moved soon. Decker has been in Korea for two years and is said to believe it is time for a new commander to replace him.

After Franco what? That's the top political question in Spain today.

Franco himself has served notice that there will be no change in the foreseeable future. Political observers see no real threat to Franco now and say that at the age of 67 Franco has no intention of quitting at least until he is 70. Meanwhile, Prince Don Juan remains the hope of the Monarchists.

The committee completed its work on the rewrite, but it is still not in form for submission to Gov. LeRoy Collins.

Collins had planned to call a conference this week with key legislators to discuss the proposals, including a new formula for reapportioning Senate and House seats.

"It can't be done this week, but the whole plan will be ready for the governor next week," McKee said.

Mitchell Predicts Shortage Of Labor

WASHINGTON (UPI) — Labor Secretary James P. Mitchell predicts employment will increase to the point where some areas will have definite labor shortages by the end of the year.

"All the economic indicators indicate that we are on the upswing," he said in a television interview Wednesday.

"I would predict that by the end of 1953 we would be in a position of minimum unemployment," he said.

'Sidewinder' Falls From Navy Plane

JACKSONVILLE (UPI) — A Navy "Sidewinder" missile carrying an explosive warhead accidentally fell from a jet fighter plane near here Wednesday but apparently landed in a swamp.

Navy officials said the combat air-to-air missile was finarmed and no explosion was reported. The rocket was believed buried 20 to 30 feet in the swamp.

The Navy said the missile, one of its most potent air-to-air weapons, was inadvertently jettisoned from an F4U Corsair jet piloted by Cmdr. L. A. Hoke Jr., commanding officer of Fighter Squadron 32. The plane had just taken off on a routine training flight from Cecil Field Navy Air Station.

The Sidewinder fits under the wings of the plane and can track and bring down enemy aircraft.

A Navy spokesman said it was doubtful that the missile would be detonated while unarmored but the state Highway Patrol and the Duval County Sheriff's Department were notified of the incident.

LOANS MADE TO RESIDENTS OF ALL NEARBY TOWNS

Dalles Termed 'Slightly Radioactive'

WASHINGTON (UPI) — Secretary of State John Foster Dulles has been slightly radioactive since Tuesday when he received an injection of ray-emitting gold at Walter Reed Army Hospital.

But there has never been a time, authorities said today, when President Eisenhower or other callers couldn't have looked in on him with complete safety.

They could, in fact, have peeped beside his bed for hours without suffering any detectable effects, but "it would not have been good medical practice," one expert told United Press International.

For 10 years it has been standard practice when cancer patients are treated with radiogold to isolate them to some extent. Attendants who administer the injections handle them with great care and wear lead aprons. This is to keep them from getting radiation doses greater than the "permissible maximum" set for such workers. Visitors, if the patient is able

and willing to receive any, are required to keep a certain distance from the bed — a distance usually marked by a line drawn in colored chalk.

Visitors who disobeyed the rule would not receive enough radiation to sicken them or even to produce effects detectable by the most sensitive tests. But they would get some, and good radiation safety practice forbids that they get any dosage which can be prevented.

Radiogold is administered as infinitesimal particles suspended in a liquid which, in Dulles' case, was injected into the abdominal cavity. It also is used in treatment of chest cancer.

It is not a cure, but rather a palliative. Its radiations attack free-floating cancer cells and help to curb spread of the disease. They make the patient more comfortable by tending to reduce accumulation of fluids associated with abdominal cancer.

Opposition Voiced To Jury Fee Hikes

TALLAHASSEE (UPI) — A bill doubling the per diem and mileage allowed jurors and witnesses in court trials is expected to meet with stormy opposition by economy-minded legislators in the coming session.

The Judicial Council approved the legislation Wednesday. But Sen. Wilson Carraway of Tallahassee, chairman of the Senate Appropriations Committee, voiced immediate opposition to the measure which would add \$12,000,000 a year to the cost of Florida's trial court system.

The Council, headed by Supreme Court Justice Stephen O'Connell, termed "unrealistic" present per diem of \$5 for jurors and \$3 for witnesses and mileage of five cents a mile for only one round trip.

To back up the \$10 proposal for jurors and witnesses, the Council cited figures from the Industrial Commission showing the average daily wage in Florida to be about \$15.

The Council's committee on jurors also studied a proposal which would enact a law establishing a jury commission in each county of 25,000 population or over. This would give jury commissions to about eight additional counties.

Another bill would abolish the exemption given women from jury service.

COFFEE FOR FIREMEN — Asst. Fire Chief R. T. Thomas accepts a new coffee urn from members of the Firemen's Auxiliary. He accepted in behalf of the Sanford Fire Department. The presentation, in behalf of the Auxiliary, was made by Mrs. R. T. Thomas, his wife. (Herald Staff Photo)

Berlin's Freedom Gate: New Hope For Red Refugee

BERLIN (UPI)—The sign over the entry way to the Marandfeld refugee receiving center says: "Beware! Danger of spies and kidnapping."

NEW YORK (UPI)—The Florida Citrus Exchange has sold its 250 millionth box of fruit on the New York auction market to the same man who bought the first one 26 years ago.

As part of the Exchange's 50th anniversary, the fruit was sold Tuesday to Dominick Galareo, 4, 541 Ave. in the New York fruit district.

She stands now in a room crowded with three double-decker beds and a small table. The room is clean, but after all it is a small room and six people have been assigned here.

Her story is one of double tragedy: her husband and another child were killed in the early 1940s. She wears a neat, pleated skirt and red sweater.

He knows well because she left a note for her son who, like his father, is a doctor. He is a Communist, she said because she didn't want the two other children brought up the same way.

People Must Finance Segregated Schools

Seminole Rep. Gordon Frederick is a man who believes in facing issues squarely. Yesterday, he told the people of Florida: "If you want segregated schools, you must be prepared to pay for them out of your pockets."

This, unfortunately, appears to be true. As Frederick pointed out, there is no way in which public funds may be used, directly or indirectly, to support segregated schools. This has been decreed by the U. S. Supreme Court.

If any tax money is used in the operation of a school, then it is considered by the court to be a public school. Under existing conditions, those who favor private schools must find funds for operation.

Frederick has drafted a bill on the school integration problem. He will submit it to the Legislature next month. If enacted, the patrons of a school would have the final voice on whether a school is closed because of integration threats.

The legislator took issue with the Parent Option Bill supported by many in Florida. Said Frederick: "It was the only option apparently would work in favor of those who are trying to upset the current situation."

Frederick apparently was basing this statement, at least to some extent, on what happened at Front Royal, Va. White students are attending private schools, financed by their parents and organizations. Twenty-two Negro students are attending the public school.

Frederick endorsed the constitutional amendment idea and placed this responsibility on Congress. A national referendum on this question would be interesting. Some of the men who serve in "hallowed halls" might be surprised at the outcome. Others might find that, despite their beliefs, their views aren't shared by a majority.

If the current trend continues, Southerners face a rugged road. Many can't afford the price of private schools; most won't pay the price of integration; few want their children to grow up without education.

Let's Nominate Her

Mrs. Ruth Hamilton of Longwood yesterday said she would like to make a "substantial" contribution to the County Home, if she legally can do so.

In discussing a letter to The Herald, Mrs. Hamilton said she was sure that many other Seminole County citizens "feel as I do about this matter."

Individuals and groups, made aware of pressing needs at the Home, are offering various kinds of aid. As yet, no coordination has been attempted.

To accomplish anything really worthwhile, we believe a chairman should be appointed. The chairman should be someone in sympathy with the projects; someone so interested in its success that the necessary time and effort will be put forth.

We believe Mrs. Hamilton meets these qualifications. The Herald suggests that all civic, social and fraternal groups, as well as individuals, acclaim Mrs. Hamilton chairman, then help her to get the job done.

Demos Plan Probe Of Farm Program

WASHINGTON (UPI) — The Democratic leadership in Congress was reported sympathetic today to a proposal to investigate Agriculture Secretary Ezra Taft Benson's multi-million dollar farm support and export operations.

Informed sources said, however, that there had been no final decision on how to handle such an inquiry, which both Senate and House Democrats have been considering quietly for several weeks.

Rep. Jamie L. Whitten (D-Miss.) blasted the plan into the open Tuesday. He offered a resolution setting up a special House committee to investigate Benson's operations generally and "outside influence" on his department.

Earlier, it had been learned that Sen. Hubert H. Humphrey (D-Minn.) was preparing to suggest a similar investigation in the Senate.

Whitten coupled his demand for an investigation with a charge the Agriculture Department's price support agency, the Commodity Credit Corp., had no real protection against outside influence.

GOLIATH COMPLEX

Assignment Washington

By Ed Noteba

WASHINGTON — Simple courtesy was lacking on Capitol Hill the day they celebrated the 150th anniversary of a man whose philosophy was built around courtesy, kindness and malice toward none. Old Tom Connally, at one time a Senator from Texas and now a gentleman of legend, shuffled in through the revolving door on the Senate side of the Capitol.

He was on his way to hear Carl Sandburg talk about Lincoln in the House chamber.

Two impatient young women tourists, coming out while old Tom was going in, gave the door a violent push. This jammed the door and caught the former Senator in the back with a resounding thwack.

Connally gave a startled glance, and then pushed his way on and padded down the marble corridor.

When the two women emerged, they insouciantly said: "Why doesn't that old fogey lift his feet?"

Now in the House chamber, doorkeeper Fishback Miller announced pompously: "Mr. Speaker! The Chief Justice of the United States and the Associate Justices of the Supreme Court." There was applause, but from out in the audience you caught boos, too.

Representative Dale Alford, the segregationist of Arkansas, sat on his hands. His attractive, platinum-haired wife, watching the robed justices stride in, likewise withheld applause. So did several Southern Senators.

There was one lonely figure in the front row off to the left. It was former Vice President Henry Wallace. While others in the crowded chamber chattered before the program got underway, Wallace sat silent. Though the chamber was jammed, the seat on his

right was empty. The seat on his left was empty.

As Sandburg addressed the joint meeting of dignitaries, a strange thing happened. The crowd was hushed into a silence which the auditorium had never known before.

From the press gallery you saw 250 pairs of eyes fixed toward the frail figure, whose hair drooped like a white thatched roof. They watched as though it were Lincoln himself speaking. The words filled the chamber in a hush, harsh whisper.

At one point, the 81-year-old historian told how Abe stood on the White House balcony and tenderly told a throng on the lawn: "I have not willingly planted a thorn in any man's back."

In the third row, Senator Stephen Young (D., Ohio) pecked up. Only a few days before he had used the same quotation in his newsletter urging President Eisenhower and former President Harry Truman to end their personal rift.

Directly in front of Young sat Senator Frank Lausche, fellow Ohio Democrat.

On the opening day of Congress, Young made history of sorts when he coldly refused to let his fellowman Lausche escort him down the Senate aisle. He explained the thorn by saying Lausche didn't lift a finger in helping him get elected.

Now the Lincoln Day program called Lausche turned and looked at Young. Young turned the other way.

Democrat Elected In Special Voting

KANSAS CITY, Mo. (UPI) — Democrat William Handall won an overwhelming victory in a special congressional election Tuesday night.

Handall, 48, won the Fourth District congressional post from Republican William McKee.

The vacancy was created last January when Rep. George H. Christopher died of a heart attack in Washington.

Handall, from Independence, has been Jackson County Judge for the past 12 years. It is the same post held by Harry S. Truman before he was elected to the U. S. Senate.

KKK Sets Rallies

OLDSMAR (UPI) — The Florida Ku Klux Klan, seeking more "grass roots" opposition to integration, will begin a series of weekly meetings Saturday night at Jacksonville.

Washington Calling

By Marqule Childs

WASHINGTON — The urgent need for a Federal agency to establish nationwide standards of radioactive contamination — to keep the threat within safe limits not only for the present population but for future generations — is pointed out in a report to the Public Health Service.

The report of the National Advisory Committee on Radiation, composed of distinguished radiologists, physicists, public health officers and geneticists, makes it abundantly clear that standards currently invoked by the Atomic Energy Commission are based on too little knowledge.

"The present situation," the report states, "calls for business and decisiveness of action."

This recommendation is sharpened by a series of consequences promising to put the threat of atomic fallout increasingly in the news. Already the sharp rise of strontium-90 in the milk supply in certain areas and a similar increase in contamination in wheat is front-page news with one state, Minnesota, demanding Federal action.

Although little has thus far been said about it, an exceptionally heavy nuclear fallout in Canada and the northern tier of states in this country is under intensive study. One reason is believed to be the accidental concurrence of the upper air lanes bringing together over this area atomic dust from the Russian tests of last fall, the series held in Nevada and those in the upper atmosphere out of Eniwetok.

Another reason is the nature of the fallout from the Russian tests. This shows that test explosions were of weapons of a particularly dirty type. Further study may also reveal that the Russians have achieved a higher ratio of explosive force in a smaller warhead by a process scientists characterize as extremely expensive in nuclear materials as well as extremely dirty. By dirty they mean giving off a high proportion of radioactive contamination, which poisons the atmosphere and finds its way into food products.

At this time the Administration Delegation Visiting LONDON (UPI) — A Spanish parliamentary delegation is in Britain for the first visit of its kind since the Spanish civil war 20 years ago. The delegation arrived Monday for a 10-day visit under sponsorship of the British group of the Inter-Parliamentary Union.

seems determined to break off the talks with the Russians on atomic testing that have been dragging on at Geneva. A massive propaganda is being launched from the Pentagon and through certain industry spokesmen in the effect that continued testing is vital to America's military security.

This does not coincide with the testimony, largely kept secret by the censor's blue pencil, taken by Senator Hubert Humphrey in his disarmament subcommittee. Leading weapons scientists testified that a detection system can be made violation proof and that America's weapons can be improved by the laboratory without tests.

The report of the National Advisory Committee on Radiation, of which Dr. Russell H. Morgan of Johns Hopkins University is chairman, speaks of "the aura of uncertainty which prevails in regard to where responsibility for radiation control lies in our governmental structure." The Atomic Energy Commission, the report notes, is gravely handicapped because it is both judge and defendant. The response of AEC to all reports of increased radiation is to put out reassuring statements.

"Another weakness is the absence of a clear policy regarding radiation standards and basic operational codes," the report declares. "Until recently this issue was perhaps somewhat academic. However, with increasing levels of radioactivity in a number of food products, it is clearly evident that radiation standards and codes will soon exert a profound influence over the American economy."

The alarm has already been sounded in the northern tier states, notably in North Dakota and Minnesota, which are an important source of milk and wheat. The levels of contamination have always been well below those judged permissible by the AEC.

Party Given In Honor Of Visitors

Lt. and Mrs. T. J. Kilkline entertained at their Pinescrest Drive home late Tuesday afternoon in honor of his parents, Mr. and Mrs. F. I. Kilkline Sr., of Kokomo

Indiana, and Ft. Lauderdale. The visitors are enroute to the Virgin Islands. Refreshments were served in the Florida room where guests gathered around a large silver tray holding hors d'oeuvres and a wide variety of cheeses. In the dining room silver appointments were used on the table which was overlaid with a lovely pink appliqued tulle cloth. A single white orchid in a collector's stem crystal bowl, with crystal prisms, was the center attraction and was flanked by white tapers in silver candle brackets. A buffet menu, consisting of imported Holland ham and shrimp, was placed on the table. Invitations to meet the Kilklines were extended to Captain and Mrs. James Ramage, Mrs. James Reedy, Lt. and Mrs. Donald Brubaker, Mr. and Mrs. Marion Harmon, Cmdr. and Mrs. John Miller, Cmdr. and Mrs. Ernest Horrell, Cmdr. and Mrs. N. K. McInnis, Mr. and Mrs. Sam Day, Mrs. John Johnson, Cmdr. and Mrs. Harold Lang, Lt. and Mrs. George Waters, Mr. and Mrs. Wally Phillips, Lt. and Mrs. B. Legare, Rev. Silas Hubble and his parents, Mr. and Mrs. Earl Shaber, Mr. and Mrs. Joseph Kader, Lt. and Mrs. Ralph Slatas, Lt. and Mrs. James Nelson, Lt. and Mrs. L. B. Bauer, Cmdr. and Mrs. Earl Yano, Mr. and Mrs. Bradley Oldham, Cmdr. and Mrs. Floyd Harris, Cmdr. and Mrs. Jack Young, Lt. and Mrs. Dale Shaver, Lt. and Mrs. John Sangster, Mr. and Mrs. Charles McStratine, Lt. and Mrs. A. B. Blusener, and Mrs. Noel Stuyler and Cmdr. A. B. Conner of Washington, D. C.

INDIANA VISITORS were feted Tuesday afternoon at the home of Lt. and Mrs. T. J. Kilkline in Pinescrest. Shown from left to right are the hostess and host with his parents, Mr. and Mrs. F. I. Kilkline Sr., of Kokomo and Ft. Lauderdale.

(Herald Staff Photo)

Church Calendar

THURSDAY
Girl Scout Troop No. 233 of the First Presbyterian Church will meet in the Youth Building at 3:15.
A family night covered dish supper will be held at the First Presbyterian Church at 7 p. m.
Pinescrest Baptist Church Brotherhood meeting at 6:30.
Pinescrest Baptist Church Choir practice at 7:30.
FRIDAY
Pinescrest Baptist Church cottage Prayer Meetings at 7:30.
SUNDAY
Unity Church Center Sunday service held at 11 a. m. in the Sanford Woman's Club House, 309 Oak Avenue.
Pinescrest Baptist Church Carol Choir Practice at 5:30.
Pinescrest Baptist Church Youth Fellowship at 8:45.

Tickets Sold To "Early Birds"

"Do your Navy relief Luau ticket shopping early!" It will be a sad day when those people who wish to attend the Navy Relief Luau on May 16th realize that the attendance must be limited to 1,000 people and that there are no tickets left for them.
It was seen early in the month of March to be talking about a Luau to be held in May, but it was not until after that date that the tickets were sold. The tickets will be sold at 10:00 p. m. on Saturday, May 16, gives promise of being the biggest party ever held in Seminole County.

At the special request of the many friends and supporters of the Navy in Sanford, the committee is continuing the ticket sale until April 15 to the Naval Air Station and the citizens of Sanford. However, after that date the sale will extend into the surrounding cities and towns where even now there is a clamor for tickets.
The tickets sell for \$10.00 per person and entitle the purchaser to an evening of delicious Polynesian food and drink, a professional band show of Hawaiian clothes modeled by well known Navy wives, plus many surprise favors to be obtained at the Luau.

Mrs. J. D. Ramage is general chairman of the Luau assisted by a large committee.
The following names comprise the first list of "early bird" tickets purchased by Sanford people: Miss Ellen Bell, Miss Dot Powell, Miss Cecile Heard, Mr. and Mrs. A. Carrasay, Mr. and Mrs. J. D. Day, Mr. and Mrs. L. Higgins, Mr. and Mrs. W. White, Mr. and Mrs. R. Bauman, Mr. and Mrs. R. Blackwelder, Mrs. Price Heald, Miss Esther Bidler, Mr. and Mrs. H. Wheeler, Mrs. Helen Andrew, Mrs. W. Warwick, Mr. and Mrs. E. Purser, Mr. and Mrs. R. Chase, Mr. and Mrs. A. Wilson.

This week several posters will be distributed throughout Sanford to remind everyone of the Luau. These clever signs are the handiwork of Lt. and Mrs. Humphries of the Hasting staff.

No need to take a bath to get scented, softened water. A new shower head turns water into a foamy spray complete with light fragrance. The head is chrome and plastic, has a trap door which holds pellets that soften the water.

Family Night A Big Success

A Family Night at the Pinescrest P. T. A. was highly successful. It was attended by 300 parents, children and teachers who arrived at the School Tuesday evening for a social evening of supper, entertainment and enlightenment of the subject, "How Good Are Your Schools?"

As some one said "It was a happy family gathering—and it was hard to tell whether the parents were showing off their children or vice versa. And, no one seemed to mind the long caterline for the good supper served by Mrs. Lee Fender, manager of the cafeteria.

The cafeteria was decorated in traditional St. Patrick's Day colors for the occasion.
Following supper, the children were taken to the auditorium where they were entertained with singing and dancing under the direction of Miss Pina Harrison. Miss Dorothy Justice accompanied them with her piano and colored slides were shown.

The parents went to designated rooms where they viewed exhibits of art, literature and other material made by students. Each teacher presented a program such as in one 6th grade where the subject on how children are tested for reading was discussed and how the students are placed in the different reading levels.

Valda Robbins, P. T. A. president, announced that there will be a board meeting on March 10th at 8 o'clock and the next general meeting will be held April 7th.

Auxiliary To Meet

There will be a regular meeting of the American Legion Auxiliary Friday night, seven thirty, at the Legion Home on Highway 1722.

Mrs. Charles Webster, president will be in charge of the business meeting and urges all members to attend.

MRS. DONALD L. CONNER is shown pouring for Miss Carol Flood, bride-elect of Lt. Joseph J. Schiffigens, at a recent shower given at the home of Mrs. J. A. Dukes.

Troop Of The Week

Intermediate Girl Scout Troop 264

Tested by my ears, I found the troop I'd like to meet today playing games in the park across the street from their meeting place. Holding up three fingers is the signal for silence. That done, I was soon introduced to Judy B. Coash, Tina Bauman, Barbara Baker, Anita Cooper, Mary Dorothea Barbara Fernandez, Alice Pitts, Sharon Flint, Dianne Kennedy, Pat Kuhn, Eleanor Mathers, Paulette Noland, Kathleen Weir, Jean Ventura, Joanne Shields, Kathleen Peralta, Suzanne Price, Loretta Day, all seventh and eighth graders at All Soul's Parochial School.

After introduction the games continued as the group is working on their "Games" badge. They must know each game well enough to teach it to others and this is true of all badge work. Recently they completed their dance badge and their leader Mrs. Caesar Fernandez Jr. stressed the fact that they couldn't have done it without the help from Mrs. Henry Jean Johnson. Now any of the troops who plan to work on their dance badge will know whom to consult!

The girls are beginning to lay plans to work on their back yard campers badge and when the weather is warmer expect to make an overnight out at Mrs. Fernandez. This is all preparation for troop camping at Camp Tuschee and the girls hope to do that, too, before the year is out. One of their favorite activities, like all Girl Scouts, is scout-outs and a most successful one was held at Silver Lake recently.

The girls assisted at the Church Festival as their service project for the year and also acted as hostesses when all the troops, including their own, went caroling at Christmas to the County Home, hospital and to "shut-ins." This will help too on their "hostess" badge. As you can see

Everyone is invited to come to the Elks Hall, between six o'clock and eight Friday evening for a generous helping of fried fish, potato salad, baked beans, cole slaw, butter beans, popovers. This supper will be sponsored by the Anna Miller Circle, Elks Auxiliary, and will cost only \$1.00 per person. Prepared boxes can be ordered and in case of bad weather the Annex of the Club will be opened to the crowd. Following the fish fry there will be a free dance for all members and their guests.

Card Party Planned

NAS and Easton societies will meet Thursday afternoon, one o'clock, in the "afterburner" of the BOQ for a card party with Mrs. J. A. Dukes and Mrs. D. L. Conner as hostesses.

St. Patrick's Da. theme will be used in party decorations. During the afternoon Mrs. J. A. Dukes and Mrs. D. L. Conner will be in charge of the station exchange.

Girl Scouts To Start Citizenship Program

This week will mark the beginning of the Girl Scout citizenship project which will burst into full action during Girl Scout Week, March 8 thru March 11.

On Tuesday, March 3, from 9:30 to 10:30 Sharon Drum, from Intermediate Troop 10, Mrs. J. Buckler and Mrs. D. H. Fletcher as leader and assistant leader respectively, assumed the position of chairman of the County Commission under the instruction of the chairman, John Kridler. Since the Commission meeting does not take place during Girl Scout Week it was necessary to make this exception to the plan to have the Girl Scouts assume federal state county and city offices during the week of March 8 thru 11.

The girl from each troop on the counts has been elected by the other members of her troop to fill these civic offices for an hour or an hour and a half all week. The Girl Scout whether of Brown or Intermediate or Senior Rank, is to observe the duties of her office and its relation to other offices as well as its purpose in serving the populace. She is to return to her troop and report on what she has learned and observed.

On Sunday, March 8, Girl Scouts of a faith will assemble in a group in full uniform at the church of their choice for services. Twenty-seven of the thirty Girl Scout troops in Seminole County are participating in this program. The remaining three troops would be included if there were leaders for them. There is a desperate need for women to enter the Girl Scout program in Seminole County. If untrained in Girl Scout work, ample training courses are offered free of charge.

The following list is the first group of girls reported and the offices they will fill:
Director of Experimental Station—Monday, Mar. 9—Shariene Abram—Intermediate Troop—Lake Monroe
Chamber of Commerce Secretary—Tuesday, Mar. 10—Sharon DeMont, Brownie Troop 2, Sanford
Zoning Inspector—Tuesday, Mar. 10—Janice Dageajis, Brownie Troop 135
Manager of Farmer's Market—Tuesday, Mar. 10—Kathleen Johnson, Intermediate Troop 263
Sanford City Manager—Monday, March 9—Pat Kuhn, Intermediate Troop 264
President, Junior Chamber of Commerce—Thursday, Mar. 12—Gail Wickham, Intermediate Troop 269
Lieutenant in Charge, Fire Station No. 2—Wednesday, Mar. 11—Mary Leming, Brownie Troop, second grade, All Souls School, Commanding Officer, Naval Air Station—Thursday, Mar. 12—Lynn McRoberts, Brownie Troop 106

This program is under the co-chairmanship of Mrs. Randall Chase, chairman of the Seminole County Girl Scout Neighborhood Association and Mrs. L. B. Bauer working with the aid of the service team and the various leaders and assistants of the troops.

Personals

Captain and Mrs. Noel Gajler of Washington, D. C. are hosts of guests of Cmdr. and Mrs. Earl Yates. Captain Gajler is the senior Naval Aide to the Secretary of the Navy.

Chapter Meets

The Zeta Xi chapter of Beta Sigma Chi met recently at the home of Mrs. Lloyd Swain.
Mrs. D'Alpin Bell presided over the business meeting and it was decided to send contributions from the chapter to CARE and to the Heart Fund. Election of officers will be held at the next meeting.
Miss Betty Ann Carter presented a program entitled, "The Communist Seal."

Those attending were Miss Carter, Miss Janice Reel, Miss Joan Wright, Miss Mary Ann Wright, Miss Sonja Monforton, Mrs. Dan Batten, Mrs. Ralph Bell, Mrs. Malcolm Lodge Jr., Mrs. Leon Swain Jr., Mrs. Jack Martin, Mrs. Sam Skelton and Mrs. Robert Reeves.

Newcomer Welcomed

Mrs. George Aviles invited friends to her home Monday morning for coffee and to meet Mrs. James Stith, a newcomer from Starke, Fla., whose husband is on the medical staff at the Naval Air Station.

Those invited to meet Mrs. Stith were Mrs. R. E. Stutzman, Mrs. R. Wakeman, Mrs. Hahn, Mrs. King Hoagler, Mrs. A. Gustafson, Mrs. L. Earle, Mrs. S. Tugwell and Mrs. M. Lillioe.

Shoes Are Gay

Spring shoes are bright enough to rival Easter eggs. Leading the leather group are purple and mauve but pink cerise, bright red, blue, orange, coral and vivid green. Because of such high color, the shoes are minus buttons, bows, and other trills. Interest is centered in textured leathers, including reptile, and in heel shapes. Look for the curved Louis heel, the high stiletto and the stacked leather heel with laces.

In Sanford

25 Years Ago

Unable to carry out his plan of staging a final night parachute jump in Sanford last Sunday night, Floyd Simpson announced today that, weather permitting, he will make a delayed jump over the Municipal Airport tomorrow night at 7:30 o'clock.
He will be wearing a specially constructed uniform which he anticipates just after he dives from the airplane. In addition he will carry two red flares in his hand. It will be one of several jumps that he has made since his arrival here some weeks ago, and he invites the public to be present.

Morning Coffee Held

Mrs. Charlie N. James, Jr. entertained with a coffee Tuesday morning at her home on Mellonville Avenue.
A painted tree branch holding red and white apples, formed into Hawaiian like leis, centered the coffee table where Danish pastries and other refreshments were served.

Since her guests were busy making leis for the Navy Relief Luau, Mrs. James presided informally by playing Hawaiian music.

Those present were Mrs. Ernest Horrell, Mrs. John Cousins, Mrs. Kenneth Sandon, Mrs. C. Mellon, Mrs. J. Donnelly, Mrs. Ollie Loper, Mrs. John Bodes, Mrs. Edward Wakeman and her mother, Mrs. Gaudes, Mrs. S. McInnis, Mrs. Kenneth Simmons, Mrs. Charles Myer, Mrs. Joan McCracken, Mrs. Howard Chapman, Mrs. B. Kennedy, Mrs. Cullen and Mrs. Al Tammas.

Class Has Meeting

The Truth Seekers class of the First Methodist Church held its monthly meeting recently in McKinley Hall.
Mrs. F. D. Hooks, vice president, presided over the meeting and Mrs. R. W. Turner gave the devotional. After an inspirational meeting, delicious refreshments were served.

ABC Holds Lead In Sandspurs, But Margin Is Sliced

ABC Garage Service almost had company in the first place slot this week, as the Sandspurs met for their weekly Bowling session.

Roumillat & Anderson won the first two from ABC, then lost the last game to give the sanitation team a one point margin in the lead position.

Wilson-Maier took all three games from Wade's, and hoped to climb into first place, knowing that ABC had lost the first two.

Perfection won two games from Robson's in hold their fourth spot, and hope to move up a notch next week when they play third-place Roumillat & Anderson.

Fred Haney Denies Rift With Birdie

BRADENTON, Fla. (UPI) — Manager Fred Haney tried to put to rest today "for all time" any reports that he might not be able to get along with Birdie Tebbets.

"Nothing could be further from the truth," Haney exclaimed. "Why Birdie and I have been friends for 25 years, since way back when he was with Detroit and I was managing at Toledo, then a Tiger farm club."

"We've been good friends off the field. I never have any friends in an opposing dugout."

Haney normally uses some words that can't be printed in a family newspaper, but he saves his choice ones whenever questioned about his reported feud with Tebbets.

He explained, "you could say I feud with every manager in the other dugout. He is out to beat me, and I don't like to get beat. So on the field, every manager in the league is an enemy of mine. But off the field, we're all good friends. But once we take the field, the manager of the other team is no friend of mine — until after the game is over."

Boots Four Winners

HALLANDALE, Fla. (UPI) — Jockey Bobby Useery booted home four winners during Wednesday opening day program at Gulfstream Park.

Three Rookies Sign

DETROIT (UPI) — The Detroit Lions have signed three rookie linemen to 1959 contracts.

Milwaukee Proves Hurlers Hold Key

NEW YORK (UPI) — Connie Mack once insisted that pitching is 80 per cent of baseball success and this is borne out by the Milwaukee Braves.

The Braves last season paced the National League with 88 low-run games. Sixteen of these were shutouts, 25 were one-run games and 24 were two-run efforts by the Braves' pitchers.

Pittsburgh, which finished a surprise second, naturally enough was second in this department with 50 low-run games on 10 shutouts.

Wilson-Maier took all three games from Wade's, and hoped to climb into first place, knowing that ABC had lost the first two.

Perfection won two games from Robson's in hold their fourth spot, and hope to move up a notch next week when they play third-place Roumillat & Anderson.

Art Wall Ailing, Quits Tournament

NEW ORLEANS (UPI) — Some 155 golfers take to the links at sprawling city park here today minus the formidable competition of favorite Art Wall in the \$20,000 New Orleans Open Golf tournament.

The 35-year-old Pocono Manor, Pa., golfer bowed out of the contest Wednesday because of hernia trouble.

Wall, who collected some \$15,000 in six weeks of tournament play in the current PGA tour, said hernia difficulties had been bothering him for the past 15 days and finally forced him to quit the New Orleans Open.

An Wall was leaving the course, U. S. Open champion Tommy Holt tried to sign up for the contest. But officials turned down the Grenada Hills, Calif., sportsman because he failed to register before the Sunday deadline.

It was still a wide open field as 84 pros and 68 qualifiers lead off at city park course. Leading the list were New Orleans defending champion Billy Casper, Ken Venturi, Porky Oliver, Gene Littler, Arnold Palmer, Don January and Hostie Johnson. Johnson capped the \$15,000 Baton Rouge open Sunday.

Lyman Five Bows In Cage Thriller

The Lyman eagles, climbing to the lead in the third quarter, couldn't keep their pace in the remainder of the game last night and lost to St. Cloud, 43-41, in the Class B game of the District Tournament.

The last little squad was behind in the first two quarters, and in the third period they were going for what looked like a victory, when they dropped in 23 buckets against St. Cloud's 11. The score then was 34-32, with Lyman leading.

In the last period the Lyman five lost its range, scoring only seven points against St. Cloud's 11.

Permanent Masters' Bid To Trio; Hebert Invited

AUGUSTA, Ga. (UPI) — Defending champion Arnold Palmer, National Open champion Tommy Bolt, and PGA champion Dow Finsterwald have been named permanent invitees to the Masters tournament and will be in the field when the 1959 tournament gets underway here April 2.

Among those invited is Sanford's Jay Hebert, Mayfair Inn's touring pro.

Palmer edged then defending champion Hugh Ford, 284 to 285, last year to earn his place on the permanent list. Holt shot a 283 in the open at Tulsa, Okla., and Finsterwald a 276 in the PGA at Havestown, Pa., to join Palmer on that list.

Clifford Roberts, chairman of the Masters tournament committee, announced that 98 invitations have been sent out to eligible players. Five others will be named later. They include one nominated by ballot by all former Masters champions, one by amateur champions, one by National Open champions, and two others by the PGA.

Dodger Hurling Shines

United Press International
It's so far so good today for Manager Walt Alton's program to rehabilitate the Los Angeles Dodgers' pitching staff.

Clyde may and it's also "so what?" but that's all right with Alton, who thinks his pitchers can make the Dodgers a contender by rebounding from the "lost year" of 1958 and approximating their 1957 form.

A few statistics tell the bitter story of Alton's big problem last season. In 1957 the Dodgers staff led the league with a 2.55 earned run average and 18 shutouts while pitching 11 complete games. One year later virtually the same staff had a 4.47 e.r.a. equal in the National League, and pitched only seven shutouts and 10 complete games.

Alton believes the Los Angeles Coliseum's trick fence helped to destroy his pitchers' confidence. And so he is whoping it up today after Don Drysdale, Carl Erskine and Clem Labine turned in performances that would help the confidence of a hustler facing Ted Williams with the bases loaded.

Sanford Defeated In Tourney Play

The Sanford Seminoles looked like they might have been going for a win in the last two quarters of the Class A District Tournament against Fort Pierce, last night, but their efforts dimmed as time ran out, and the little team left the court on the short end of a 53-36 score.

Getting off to a bad start, the Seminoles looked better as they bucketed 10 points against Fort Pierce's 10 in the third quarter. They were climbing in the last quarter, dropping in 13 to their opponents' 11, but were too far behind to catch up.

Fort Pierce's 18 points hurt, as the smaller team made only two in the first period, and 11 points against 16 for Fort Pierce in the second quarter.

Ray Lundquist got 10 points for the Seminoles, Cecil Handridge scored eight, McKibbin five, Christopher four, Gracey three and Taylor Ovevets and Alfred two each.

Horton Smith, winner of two of the first three Masters (1934 and 1941) heads the list of "old timers" who have been making the annual trip here since the middle '30's.

Beach" squad, a team made up of veterans and farmhands. They didn't allow a single walk and permitted only three singles in the 7th-inning game.

The Baltimore Orioles also received good news from a key pitcher when Billy O'Dell reported his arm felt fine after a four-inning intra-squad game appearance. O'Dell, a 14-game winner and all-star game selection last year, left the Orioles in September because of a "sore and tired arm."

Bob Cerv of the Kansas City Athletics, Pedro Ramos of the Washington Senators and Dave Phillips of the Philadelphia Phillies were the "catches" in the contract-signing derby.

Cerv, who batted .303, hit 30 homers and drove in 104 runs despite the fact he played more than a month with a broken jaw, signed for an estimated \$32,500 to become the highest-paid player in Kansas City history. Then he stepped into the batting cage at West Palm Beach, Fla., and hammered a half dozen balls over the left field fence.

Kidnaped Baby Found, Safe And Sound

ONTARIO, Calif. (UPI)—Nine-week-old Eric Flores, kidnaped last Friday by a babysitter who has a 19-year-old son of her own, was back uninjured today in the arms of his widowed mother.

The tot's Auburn hair and eyebrows had been dyed black, but he looked neat and clean and apparently had been nursed over a cold from which he had been suffering.

Mrs. Flores attributed the safe return of her baby to prayers delivered at the South Euclid Baptist Church just a short time before lawmen working on a tip recovered Eric.

Eisenhower Isn't Penny-Pincher As Charged By Meany

WASHINGTON (UPI)—President George Meany of the AFL-CIO has complained that President Eisenhower is a penny-pincher in budget balancing.

Simple arithmetic and the political facts of life combine to give Eisenhower the best of that argument—if there is an argument. Simple arithmetic could demonstrate to Meany in about 10 minutes that the President is not a penny-pincher. Instead, he is the biggest spender ever to occupy the White House.

As for penny-pinching, the administration is being assailed by pressure groups from coast to coast on charges of cutting 1960 spending too thin.

Those figures compare with 1960 spending plans like this: Total, 77 billions; national defense, about 44 billions; non-defense items, slightly more than 29 billions.

The eye-popper in the Tax Foundation's tables is the comparison between Eisenhower's first budget for fiscal 1954 and the new one for fiscal 1960. Total fiscal 1954 spending was nearly 68 billions, about 9 billions less than is planned for fiscal 1960. Defense spending for 1960 is budgeted for about one billion less than was spent in fiscal 1954.

Politicos Oppose Advertising Ban

COLUMBUS, Ohio (UPI)—A recommendation that the Legislature pass a bill prohibiting "unsightly" roadside billboard advertisements brought objections from some of the lawmakers.

ALL SMILES — Don Satterlee, physical therapist, helps with exercises for Bonnie Ringer at the Seminole County Health Unit. Mrs. Rena Woods, left, is walking now after being told in July, 1958, that she never would, and Mrs. Jane Bradford (seated) is applying for a driver's license soon. All three patients are grateful to the Unit in helping with their improvement. (Herald Staff Photo)

Tri-Focals Needed To Watch Market

NEW YORK (UPI)—Trifocal glasses are rather necessary in analyzing this present two-way stock market picture, where the relatively do-nothing price action of some stocks and the spectacular uprending action of others are temporarily camouflaging the fact that certain other issues are selling at rather obviously over-inflated price levels by all statistical measuring rods.

According to Alexander Hamilton Institute, prospects for general business remain favorable and the money supply plentiful for expansion. Combined with the government's financing ideas which offer little toward strong deflationary steps, equities continue to have greater appeal than bonds or cash.

Man Isn't Casual, But Can Afford It

PROVIDENCE, R. I. (UPI)—A Republican state senator from Westerly, R. I., boasts a wardrobe that would make any U. S. Senator envious.

This Beau Brummel is Antonio C. Trovato, who says he wishes his colleagues weren't so casual toward their attire.

Human nature, being what it is, acquisitive instincts of investors will continue to seek effective hedges against future attrition of the dollar's buying power, says Fitch Investors Service.

A lot of romantic space age stocks may look too high but one thing is sure — they have captured the public's imagination, says Walton & Co.

She Walks Again With Therapy Aid

After being completely paralyzed on her right side from a stroke incurred July 29, 1958, and told she might never walk again, Mrs. Rena Woods, of Longwood, is making amazing progress in her efforts to do just what she was told she would never do again: walk.

On the advice of the Health Unit therapist, who has been working with Mrs. Woods since October of 1958, pulleys were installed in her home to exercise her right arm.

Khrushchev Thinks Climate To Change

LEIPZIG, East Germany (UPI)—Soviet Premier Nikita Khrushchev took time out today from his negotiations on an East German peace treaty and visited the Leipzig trade fair, where he declined an invitation to West Germany.

Shortly before he went in the fair, East Berlin authorities announced he would visit East Berlin Saturday evening.

Kennedy Leading, Paul Butler Says

TRENTON, N. J. (UPI)—Democratic National Chairman Paul M. Butler said Wednesday Sen. John F. Kennedy (D-Mass.) appears to be the front-running contender for the Democratic presidential nomination.

Butler quickly added that no one had the nomination "sewed up" and predicted a free and open convention. He said his appraisals were based on the opinion expressed to him and that a great many key Democrats still had not decided whom to support.

NOTICE TO THE PUBLIC: THE BOARD OF ADJUSTMENT of the City of Sanford will hold a regular meeting at 2:30 P. M. on March 10, 1959, in the City Commission Room at the City Hall in order to consider an appeal for a variance concerning Paragraph 5 of Section 8 and Paragraph 1 of Section 9 of the Zoning Ordinance of the City of Sanford as pertains to the South 24 1/2 of Lot 2, and the North 24 1/2 of Lot 4, Block 10, Tract 3, P. L. Tract 3, Map of Sanford, Property owned R.T. Edward F. Lane, Chairman.

Fishermen Catch Wartime Torpedo

WARSAW, Poland (UPI)—A fishing vessel netted a wartime torpedo Wednesday in coastal waters five miles off the mouth of the Vistula River.

That's Gotta Stop

ATLANTA (UPI)—Personal officer Vaughn Rice of the Georgia Revenue Department said today that the practice of checking in for work at 8:30 a. m. and going directly to the coffee shop for a coffee break will no longer be condoned.

CDR ROTOR TV marvel scans the skies like radar to pull in better pictures on your set!

ROTATES AUTOMATICALLY to track down the best possible picture on every channel.

AIMS YOUR ANTENNA straight at the sending tower of the channel you want.

NO MORE TV TROUBLE with weak or snowy picture and "ghosts" on so many channels. Like most people, you're probably in a location where TV signals come from many directions — not just the one your antenna was set up to face.

READ WHAT ACTUAL USERS SAY! Hundreds of thousands of CDR Rotors are now in use and to TV reception goes just like yours.

MORE STATIONS, BETTER PICTURES. We have lots of company from far and near, and they all say we get more stations and have a better picture than they do. The CDR Rotor can not be beat!

—Mrs. C. J. McCone, Anaheim, Kansas

"STATIONS WE NEVER DREAMED OF BEING COME in clean and clear. We never received real pleasure out of TV till we got the new CDR Rotor."

—Curtis Coor, Boston, Ill.

"SURROUNDED BY HIGH BUILDINGS. Even though my antenna is a very good one, I couldn't get a true, sharp image. Since installing a CDR Rotor, my picture is clearer, sharper, steadier. My set behaves like a brand new one, even though the normal TV station is over 45 miles away."

—Miss A. Mae, Flint, Mich.

1. Turn handy Sky-sweep Direction Selector on CDR's beautiful little Control Cabinet.

2. Rotate at the base of your antenna turns it in a complete circle till you see the picture clearer than ever before.

3. Lift your finger from the Selector and your antenna automatically locks in position.

Simple, isn't it? So why settle for half-way TV? Pull in all the channels your set is equipped to receive — with a Whirly CDR ROTOR.

NOW! Start getting perfect TV pictures with a CDR ROTOR

'Furniture City' To Open In Casselberry Tomorrow

Ten years ago, George F. McMillan decided to go into the furniture business in Fayetteville, N. C.

In 1949, the best site he could afford was in the rear end of a bowling alley. Ten years later, McMillan is getting ready to open his 10th store. When the doors swing wide tomorrow morning at McMillan's Furniture City in Casselberry, McMillan will be celebrating a decade of success which is rare in this age.

Ten stores in 10 years, from such a humble beginning, is quite a business record. How was this possible? Well, it is an interesting story, according to Bob Begel, manager of McMillan's Furniture City, which will hold its grand opening Friday and Saturday.

Begel said McMillan hasn't discovered any rare secrets which make his furniture business grow

rapidly. In a nutshell, the growth has been based on supplying what customers want, Begel added.

The Seminole store, on Highway 17-92 in Casselberry, is McMillan's sixth in Florida. Two are located in Orlando, one each in Melbourne, St. Petersburg and South Patrick.

McMillan originated the "three rooms" promotion idea. This, explained Joe Jackson, McMillan's advertising director, is the plan whereby a complete home can be outfitted for a certain price, usually much lower than the total price paid for the same furniture purchased one piece at a time.

McMillan's stocks nationally-advertised brands. It features "furniture that most people want to buy." The firm uses its own vans to transport furniture, and steers clear of expensive furnishings in stores. These things, Begel said, help McMillan's to retail at lower prices.

"We decided to come to Seminole County because of the rapid growth and the need for a furniture store of this type," Begel said. "We plan to cater to the needs and desires of Seminole people."

General manager of all McMillan stores is Neil Johnson.

Curves No Match For 7-11 In Vegas

LAS VEGAS (UPI) — Las Vegas, where some of the world's most famous guys and dolls come to play, has been a romantic disappointment to at least one of the more appealing dolls. Her name is Jane Morgan.

The curvaceous and extremely eligible singer complained: "Las Vegas is the most unromantic place in the world. For a single woman, as I am, it's downright frustrating."

The blonde songstress, who recently starred at the Riviera Hotel, is exasperated at the influence Las Vegas has on bachelors.

"A typical experience," said the Boston-born performer, "is to walk through a casino with a date — and then suddenly sense that he has disappeared. It only takes a few minutes to find him. He'll certainly be at a dice or roulette table."

Miss Morgan described the spell of Las Vegas "as a sort of numbness created by the excitement of the gaming tables and slick of silver dollars or the rolling of the dice."

During the off-hours of her first Las Vegas engagement, the singer busied herself with shopping or horseback riding — all with female companions replacing the vanishing bachelors.

Fire Victims Try Return To Normal

Two families whose homes were destroyed by fire several weeks ago are attempting to return to normal living.

Financial assistance from the American Red Cross has relieved their discomfort temporarily, but is unable to supply some of the basic necessities.

Still needed are a bed, mattress, pillows and linen; cook stove, small oil spare heater, blankets, utensils for cooking and dishes; clothing for two boys, six and eight.

Sanford residents who wish to share with the families may call Alma J. Hurston, 609 Celery Ave., FA 2-5368, or James Foster, 513 Cypress Ave., FA 2-5014.

Messages for the families will be received between the hours of 8 a. m. - 4 p. m. at FA 2-6632.

The homes were located in a thickly populated area of Goldboro, off Southwest Road. The fire was caused by an exploding oil heater.

'Lost' Bus Found; Might Roll Again

TAMPA (UPI) — The wayward bus from Kankakee, Ill., may be on the move again soon.

Mrs. Victor Curtis, whose bus company executive husband drove the bus here to escape Kankakee creditors, said publicly about their arrival had spoiled chances of "finding obscurity."

"Now that the story is out, we may have to move again," she said.

Tampa bank officials, acting for the Kankakee City National Bank, found the Curtises and their nine children living in a house here late Tuesday. The \$38,000 air - conditioned bus in which they fled Illinois was parked outside.

was "Selecting and Using Accessories."

Attend Meeting
Several members of the Home Demonstration club and Longwood Civic League attended the recent meeting of the Federation of Women's Clubs in Altamonte Springs. A covered dish luncheon was enjoyed by those present.

Birthday Party
Mr. and Mrs. William Young honored their daughter, Becky, on her 10th birthday recently.

Colorful decorations carrying out the George Washington Birthday theme were used on individual cakes and in favors.

Prize winners during the game period were Connie Swofford and Harry Christian.

Enjoying ice cream, cake, nuts, candy and punch were Janice Reminger, Carolyn Peters, Connie Swofford, Karen Lyons, Alyson Johnson, Ann and Lynn Carlson, Cheryl Strong, Priscilla and Virginia Christian, Robert Eldridge, Peter Pyne, Craig Young, Harry Christian and Dean Stinebaugh of Orlando.

Adult guests were Mrs. H. D. Christian and Mr. and Mrs. Homer Christian Jr. of Orlando.

Would-Be Kidnaper Faces Extradition

TAMPA (UPI) — Thorne King, sought last year in connection with a plot to kidnap the wife of Ring Crosby, waited extradition to California today on charges of robbing a Los Angeles supermarket of \$25,000.

The 41-year-old King was arrested at his trailer home by FBI agents here early today. He was not expected to fight extradition, authorities said.

King was wanted for the armed robbery of a large supermarket in Lakewood, Calif., plus several other robberies in the Los Angeles area.

Radio Not Needed, Probe Gold-Plated

WASHINGTON (UPI) — The space probe launched towards the moon early Tuesday was gold-plated to eliminate the need for radio antennas protruding from the cone-shaped instrument package.

Gold is an excellent conductor of radio waves. With the thin plating surrounding the probe's fluted glass covering, its whole shell served as an antenna.

American families owning life insurance received benefits of \$7,275,000,000 in 1958, compared with \$4,635,000,000 in 1957.

Ex-Boxer Injured Seriously By Car

LOS ANGELES (UPI) — Jimmy Carter, 33, former world lightweight boxing champion, was struck by a hitman driver late Tuesday night and seriously injured, police reported.

The fighter was found sitting in the middle of the street one block from his house in a dazed condition. Police said they have been unable so far to find any witnesses to the accident.

Justice Dept. Credited For Little Rock Problem

NEW YORK (UPI) — Former Rep. Brooks Hays (D-Ark.) today blamed a rigid hands-off policy of the U. S. Department of Justice for the 1957 school crisis in Little Rock.

Hays, defeated by a written segregationist candidate in last fall's election, has written of his efforts to mediate the federal-state crisis in a book, "A Southern Moderate Speaks," to be published by the University of North Carolina Press. A section of it appears this week in Look magazine under his signature.

Hays said that after the Newport, R.I., meeting which he arranged between President Eisenhower and Arkansas Gov. Orval Faubus, he had the uneasy feeling "that we were leaving Brownell, then attorney general, seemed to have blocked a definite commitment to work for delays in further court action" and that Brownell's "rigidity" gave him forebodings.

Hays said a major stumbling block to agreement on the explosive situation came to be "the attitude of the Justice Department, which would make no commitment not to take Faubus to court."

On the day the Negro children reported to Central High School, Hays wrote, Sup. of Schools Virgil Blossom tried to have U.S. marshals assigned to escort the children — task the local police had balked at in the tense situation. This effort was refused by the Justice Department, Hays said.

"Technically, that may have been correct," he wrote. "It would take a court decision to make sure—but I believe that since the federal government was responsible for Blossom's predicament the federal government should have acted affirmatively and imaginatively to protect him, and to uphold its own court's orders with civil, not military, power."

Connecticut Wins Tournament Berth

United Press International Connecticut joined the field for the NCAA major college basketball tournament today while Princeton and Dartmouth prepared for a playoff meeting that will decide the Ivy League representative in the same championship next week.

Connecticut wrapped up its ninth straight Yankee Conference title and an automatic bid to the NCAA playoffs by turning back Rhode Island, 87-63, Wednesday night at Kingston, R. I. Jack Rose, Al Cooper and John Pipczynski each scored 18 points for the victorious Huskies.

Princeton and Dartmouth finished in a tie for first place in the Ivy League when the Tigers edged Penn, 81-60, on a last-minute free throw by Carl Heitz and the Indians defeated Brown, 74-63. A "neutral court" playoff game will be played at Yale's Payne Whitney Gym Saturday night.

Campanella Back, As Dodger Coach

VERO BEACH, Fla. (UPI) — Roy Campanella is back in harness today, but the harness has changed from the mask and mitt with which camps helped guide the Dodgers to half a dozen post-war pennants.

Today, Campy's harness is a wheelchair and a neck brace, the result of his crippling auto accident in January of 1958.

Campy can no longer swing the big bat. The mobility in his hands and arms is improving daily, but he still is paralyzed from the waist down.

But the winning spirit of the man, who three times was named the National League's Most Valuable Player, remains. It is this spirit which may make him a valuable coach in the Los Angeles spring camp.

Teachers Paid Less Than Errand Boys

WASHINGTON (UPI) — No case was cited wherein a high school physics or chemistry teacher has quit his job to run errands for Congress. But there did seem to be a connection somewhere.

Quotable Quotes

United Press International CHICAGO — Edward D. Eddy Jr., vice president of the University of New Hampshire, asserting that most of the nation's college students have a narrow view of morality. "To the thinking man, morality should be more encompassing, should include integrity, justice, self-discipline and altruism."

HOLLYWOOD — Debbie Reynolds, on her divorce from Eddie Fisher. "I wish Eddie no ill will, but I don't want him back either."

HOLLYWOOD — Comedian Bud Abbott, on learning of the death of his ex-partner Lou Costello. "What can I say? What can I say? It's the worst thing that ever happened. Poor little Lou. He's dead. He's dead."

NEW YORK — Bob Hope, on entering a hospital for treatment of his left eye. "It could have been my heart, and then I would have been in real trouble."

COLUMBIA, Mo. — Former President Truman telling the Press Congress of the World he would like to be a newspaper editor so he could get what he wants in the paper. "I don't know what a free press I have never seen one. I want to be a telegraph editor or one of those blue pencil men. Then I would get what I wanted in the papers."

TORONTO, Ont. — Canadian atomic scientist Dr. W. F. Baldwin, nominating the South American kissing bug, which can take 150,000 times as large a dosage of radiation as man, to inherit the earth. "Bugs like these would be good candidates to inherit the earth after an atomic war. If man had resistance like them, he too might survive."

WASHINGTON — Speaker Sam Rayburn beginning his record-breaking 47th year in the House. "It's been a mighty romantic 46 years."

CHICAGO — Taxi driver Martin Krieger complaining that his estranged wife left their 22-month-old baby, Ira, with him to go back to strip-teasing. "She's a stripper, all right. She didn't even leave me with a pot to cook Ira's food in."

CHICAGO — Pilot Max Conrad's last words as he left Meigs Field on a non-stop flight to Rome in his small plane. "This is it. Goodbye boys."

Lee Remick Signs To Replace Lana

HOLLYWOOD (UPI) — Actress Lee Remick was signed Wednesday night to replace Lana Turner in the film version of the best-selling novel "Anatomy of a Murder." Miss Turner gave up the feminine lead in the film Monday because she thought the costumes she was to wear were not "glamorous" enough, according to producer-director Otto Preminger.

Groceries in the U. S. sold \$1,900,000 pounds of tea in 1958, an increase of two per cent over 1957 and 20 per cent more than in 1951.

NOTICE I will not be responsible for any debts incurred by anyone other than myself. Robert B. Marrs

I will not be responsible for any debts incurred by anyone other than myself. Isidro Lobo

WASHINGTON (UPI) — The witnesses said most states have lifted the starting salaries for such teachers to maybe \$3,500 or even \$3,800 a year. Though they didn't say so, a congressional page is paid at the rate of \$4,047.

As everybody knows, there is a shortage of scientists. The only way to get more is to teach them. Unfortunately there also is a shortage of science teachers and the testimony was that maybe half of those now on the job don't know their business.

The House Space Committee was exploring this problem with Dr. Herbert A. Smith, president of the National Science Teachers Association, and Robert H. Carleton, the association's executive secretary.

Carleton said good science teachers ought to get, eventually, \$10,000 or \$12,000 a year. He didn't say specifically what's the most they now can hope for. But he said the average pay of all high school teachers hit \$5,000 for the first time last year.

"You gentlemen know how much you have to pay to hire secretaries," said Carleton, putting his finger, however innocently, on a very sore spot.

Not only did the space committee members know, so did just

Group Okays Hike In Drivers' Fees To Finance Safety

TALLAHASSEE (UPI) — The Legislative Council has endorsed a package of highway safety bills, which included increases in drivers' license fees to foot the bill.

The legislators — on record against new taxes — said they did not consider the proposed driver license fee raise to come in this category — although all admitted it amounts to new taxes.

A majority indicated they would not support the raise unless it is tied to supporting additional highway patrolmen, driver education programs and other highway safety measures.

The package of bills is designed to cut down on Florida automobile liability rates by decreasing traffic accidents, according to Sen. Joe Eaton of Miami, chairman of the council's Highway Safety Committee.

One bill would increase the general fee for a driver's license by 50 cents a year — to \$1.75 a person. The additional 50 cents would go to support a driver education course in every high school.

The course would have to be offered, but students would not be required to take it. However, no driver under 18 could be licensed without passing it.

An additional 25 cents per person for delinquent licenses and a new \$3 charge for taking the driver's examination would go to finance a proposed increase in patrol strength of 200 troopers and 60 license examiners.

The year 1958 was the first since 1949 during which no single disaster in the U. S. claimed as many as 100 lives.

about everybody else in the country who can read. It's been in all the papers for days how hard it is for congressmen to get adequate help.

Rep. Leonard G. Wolf (D-Iowa), one of the space men, had found it necessary, for instance, to pay \$13,344 a year to get a qualified helper, in the person of Mrs. Leonard G. Wolf, his wife.

Rep. George P. Miller (D-Calif.), another member of the space group, had got out a little lighter than Wolf. His wife, Mrs. Esther P. Miller, agreed to work for \$10,000.

Plenty of House members have to pay their chief assistants \$13,344, the maximum allowed in the House, and a bill is in the works now to raise the top pay to \$14,162. A senator can pay as much as \$16,300.

Oviedo Dedication Is Set For Youth Center

Dedication services for the recently completed Methodist Youth Center will be held Sunday. Dr. Jesse Waller, district superintendent of Orlando, will speak at the eleven o'clock service at the church. He will conduct the dedication service immediately following the worship hour.

Mrs. B. F. Wheeler Sr. donated funds for the construction of the center. A basket dinner on the grounds will follow the services.

Celebrate Birthdays Celebrating birthdays Monday, March 2, were Mrs. Kay Dodd, Kenneth Malcolm, Freddie Robbins, John Evans and Johnny Jones.

Mrs. George Means received congratulations on her birthday, February 28.

Mr. and Mrs. Rufus J. Mathis recently announced the birth of a son. They are former residents of this community and also have a daughter, Gail.

Mrs. Roy Weisenbarger is again confined to her home due to illness.

Miss Lois Ruddell, high school teacher, has been ill with a virus infection.

Mr. and Mrs. Allen Thompson and grandson, David, were recent guests of their mother enroute to their home in Vero Beach after visiting the Fair in Orlando.

New homes under construction, here, are for the W. A. Wards and the Thomas Hollingsworths. Mr. and Mrs. Erwin Abell and son, Scott, will be weekend guests of their parents, Mr. and Mrs. Max Leinhardt and Mrs. Geneva Abell.

Randy Abell, son of Mr. and Mrs. Lex Abell, will celebrate his first birthday, Friday.

Ralph King Jr., Tampa, is home due to the illness of his father.

Bull Run All Over Again: No Shooting This Time

WASHINGTON (UPI) — The latest Battle of Antietam, now under way in Congress, starts out more like a peace parley. At the opening engagement, in the hearing room of the House Interior Committee Thursday, not a shot was fired.

More than a dozen invading witnesses contended Lee's defeat by McClellan on the banks of Antietam Creek at Sharpsburg, Md., probably determined the course of the war and thus the fate of the Union. They said more Americans fell there Sept. 17, 1862 than in any other single day of fighting in American history.

All they wanted, they said, was \$300,000, to start turning the 1,800-acre battlefield into a national park instead of a proposed subdivision, with gas stations, bill boards, and maybe juke joints. They thought they had won this battle last year. But the interior committee, for reasons unstated,

laid their battlefield bill quietly to rest. Now they were back, with fresh troops.

The subcommittee, under chairmanship of Rep. Gracie Post, whose home state of Idaho hadn't quite achieved territorial status when North met South at Antietam, obviously had conspired to disarm the attackers with kindness.

Mrs. Post greeted each witness like a returning hero. Rep. Gardner Withrow (R-Wis.) let it be known he loved both the Blue and the Gray, who together at Antietam suffered 28,000 dead and wounded.

The nearest thing to a military maneuver, on either side, came when LeRoy Metz, speaking in support of the bill for nine posts of the American Legion, stepped up in a blue overseas cap and delivered a snappy salute. It wasn't returned.

There were helpful questions all around, although Rep. Glenn Cunningham (R-Neb.) did pose a disquieting one. "You don't suppose, do you, that this might precipitate another bloody battle, on the floor of

LETTERS OF COMMENDATION — These three women have received letters of commendation for "service to the government" at the Sanford Naval Air Station. Presenting the letters is Lt. M. L. Beall, NAS supply officer. Getting letters, left to right, are Mrs. Anna Travis, Mrs. Maxine McCreth and Mrs. Shirley Hern. (U. S. Navy Photo)

the House?" he asked Conrad Wirth, director of the National Park Service. "You know feeling these days runs pretty high."

Wirth, who thought he detected that this was a jest, said solemnly he was sure the North-South contest could not at this late date, be resumed.

Wirth took up arms in support of the bill alongside spokesmen for historical societies, Civil War roundtables, civic groups, and the Hagerstown, Md., Chamber of Commerce, 8 per cent of whose members in a poll had said this was one federal outlay they favored.

Teamsters Win Vote

TAMPA (UPI) — The Teamsters Union has won the right to represent employees of the new Schlitz brewery at Tampa.

IN A WOMAN'S WORLD SPRING BEGINS WITH THE *Easter Promenade* AND OUR ELEGANT NEW FASHIONS!

County To Get New Industry

Within 30 days, construction will begin on another Seminole County industrial plant.

The Peninsula Paint and Plastics Manufacturers Inc. will produce paint and plastics, just as its name implies. Machinery for production already has been purchased. Site of the plant will be announced within a few days.

That's No Banana, It's Deadly Snake

Sanford yesterday had a rare visitor—a deadly South American snake—found in a bunch of bananas at the KW Fruit Co.

The snake was identified as a poisonous Fer-de-Lance by a Seminole High School biology student, Charles Fox, who said the 18-inch specimen would attain a length of six or seven feet when fully grown.

Greatly feared by workers on banana plantations in Central and South America because of its poison, the Fer-de-Lance is a close relative of the North American rattlesnake.

Snakes frequently are shipped covered and killed while banana boats are loading or unloading. The appearance of the Fer-de-Lance as far inland as Sanford is considered extremely rare.

The snake is on display in the Biology lab of Seminole High School.

Search Is Pushed For Bodies Of Two

FREDERICKSBURG, Va. (UPI)—Police gave up hope today that two missing members of a family could still be alive and fanned out from the sadist plot where a father and his young daughter were found dead in an intensive hunt for the other bodies.

Still not found more than 24 hours after the pit yielded the decomposed bodies of Carroll V. Jackson, 29, of Mineral, Va., and his 18-month-old daughter, Janet Carol, were Jackson's 27-year-old wife Mildred and their other daughter, Susan Anne, 8.

The family disappeared almost eight weeks ago. Discovery of the bodies of Jackson and the little girl led to the belief here that a sadist had kidnapped the peaceful couple and two little girls and killed them.

Boat Capsized, 3 Workers Drowned

PANAMA CITY (UPI)—Three construction workers drowned Thursday when rough waters capsized their small boat while they were anchoring pipe line buoys in St. Andrews Bay.

However, a fourth man, Anthony Dutton of Foley, Ala., managed to swim to safety.

The men were members of a construction dredging crew working on a five million dollar bridge.

The victims were identified as A. Q. Lassett, 21, Panama City, Fred Nobles, 36, Pensacola, and Shirley Hollingsworth, about 35, also of Pensacola.

Bridge Superintendent Victor Coates said they were working about 100 yards off shore when a combination of high winds and seas caused the 16-foot boat to turn over.

Rotarians To Hear Kalamazoo Visitor

Ralph Halston, Kalamazoo, Mich., will be the guest speaker Monday at the Sanford Rotary Club. Halston is an automotive parts distributor.

A Navy veteran of World War I, he is a trustee of Bronson Methodist Hospital, Kalamazoo College and the First Methodist Church, Kalamazoo.

Halston is past president of the Rotary Club, YMCA and Community Chest. Bill Humphill is program chairman for the luncheon Monday.

Volusia Chooses Four-Laning Of 17

Volusia County Commissioners chose the four-laning of U. S. 17 as the primary request for the State Road Department pre-budget hearing, March 12.

Commissioners said the traffic count justifies four-laning Highway 17 south of DeLand to Sanford.

Easter Lily Ball Scheduled Tonight

The Easter Lily Ball will be held at 8 tonight in the Mayfair Inn ballroom.

Proceeds from the event will go to the Crippled Children Society of Seminole County.

A floor show will be featured, as well as dancing to the music of Bob Baker and his Popolovers.

News Briefs

Exposition Opens
WINTER HAVEN (UPI)—The Florida Citrus Exposition opens Saturday for a one-week run.

LONDON (UPI)—Britain boasted today of a revolutionary radar device that would allow a group of four planes to map the entire U. S. on one cross-country flight.

25 Dead, 23 Hurt
DURBAN, South Africa (UPI)—Authorities said today that 25 were killed, 23 injured Thursday when a bus left the road on a curve and plunged into a deep ravine.

Pioneer Long Gone
WASHINGTON (UPI)—America lost contact with its first artificial planet at 10:24 a. m. today, nearly 3 1/2 days and more than 400,000 miles after Pioneer IV was launched to its orbit around the sun.

U. S. Policy Hit In 'Mix' Hearing
NASHVILLE (UPI)—A member of the county school board at Clinton, Tenn., said of rioting and a school bombing, told the U. S. Civil Rights Commission today that policies of federal court orders to integrate schools is a federal responsibility.

R. G. Crosona made the statement at the first conference on the problems of school desegregation ever called by a federal-level agency.

Crosona also said the bombing of a school should be a federal offense and that bombed schools should receive financial aid from the federal government.

There is no "consistency" in federal court orders to integrate schools, he said. "If segregated schools are wrong in Anderson County, they are also wrong in the other 152 school systems in Tennessee."

"I want to make it plain that we don't want a reward for obeying the order, but the federal government has shown an indifference to school systems that have tried to comply."

W. R. Oliver, superintendent of Nashville schools, told the commission Thursday the one big problem in desegregating schools is that it is contrary to the will of the majority of the people.

He said Negroes were "not interested in complete integration, nor do they desire it."

Cub Scouts Ready For Annual 'Deed'
The Fourth St. Park will be full of activity tomorrow.

Races will swing as Cub Scouts of Pack 34 clean up the park in their annual good deed for the city.

Painted rubbish cans will be left for refuse. The cans have been painted by dens in the pack.

X-rays For Oviedo
Free chest X-rays will be given tomorrow in downtown Oviedo.

The mobile X-ray unit will be open from 11 a. m. - 1 p. m. and 3-5 p. m.

Ike, Congress 'Firm' On Berlin

Con Kidnaps Four In Freedom Flight

BIRMINGHAM, Ala. (UPI)—A long-term convict who kidnaped four persons in a flight for freedom abandoned his hostages and his stolen car today and police called bloodhounds and a helicopter to the search.

The Alabama highway patrol said the car driven by 36-year-old William Smothers, who was serving sentences totaling 108 years, was found near a ferry landing just across the state line in Tennessee. He was believed trying to reach Chattanooga, Tenn., where he has relatives.

The Alabama patrol ordered all available units in North Alabama to the scene. Bloodhounds from the Chattanooga division of the Tennessee patrol began tracking Smothers, and a highway patrol helicopter flew to the area from Nashville.

The convict, armed with a patrolman's revolver and described as "dangerous," took a veteran patrolman transporting him from Kilby prison, Montgomery, Ala., to Birmingham for trial, a trusty, and a married couple as hostages Thursday.

Patrolman Otto Dees, 55, Mr. and Mrs. Noah T. Keith of near Birmingham, and the trusty, Ted Easley, were released at Flat Rock, in northeast Alabama, about 3 a. m., after more than 12 hours in Smothers' custody.

Mrs. H. H. Tidwell of Flat Rock said the four reached her house about a half hour later "cold, scared and exhausted. They were too nervous to eat but they did drink some coffee."

2 Students Chosen For Talent Search
Two Seminole High students have been invited to participate in the state science talent search.

John K. Dinkins and Clifford W. McKibbin III, will attend the event, April 2-11, at Florida State University.

The boys were selected when they demonstrated exceptional ability during a national science talent search. They will present oral reports before a jury of representatives from institutions of higher learning in the state.

During the last day of the meeting, Dinkins and McKibbin will be informed of fellowships, scholarships and assistantships available to them in the represented institutions.

Eight Marines Die In Crash Of Plane
CHERRY POINT, N. C. (UPI)—A Marine Corps flying boat crashed and burned early today while trying to make an instrument landing during a violent rainstorm. Eight of the nine men aboard were killed.

The plane, whipped by heavy winds and blinding rain, crashed into a dense swamp only a few yards from a busy highway.

Names of the eight victims were withheld pending notification of next of kin.

The lone survivor was identified as Sgt. Ralph Mauro Jr. of Ipswich, Conn. He was a radio operator in the crew of six aboard the transport plane which also carried three passengers.

Mauro was listed in "critical" condition of injuries suffered in the crash.

Approval Forecast For States Rights
WASHINGTON (UPI)—Congressmen on opposite sides of a broad states rights bill agreed today that it probably would win House approval again this year.

Chairman Emanuel Celler (D-N.Y.) of the House Judiciary Committee said he doubted that the bill could be blocked in his committee and believed the House would pass the measure by a close vote if it reaches the floor.

Rep. Edwin E. Willis (D-La.) predicted House passage in view of the substantial vote for the measure in 1958. Willis heads a subcommittee which approved the bill at a closed session Thursday.

The two-part measure is identical to the bill which in 1958 passed the House by a vote of 211 to 155, but died in the Senate.

It is aimed at Supreme Court decisions in recent years which nullified state secession and other laws on the ground that federal legislation has overriding jurisdiction in the field.

The bill's first part is a general provision applying to all legislation, past and future. It would keep federal acts from excluding state laws on the same subject unless Congress specifically says that they should or unless there is an irreconcilable conflict between the federal and state legislation.

Cleveland Given Committee Post
Seminole Rep. Mack Cleveland Jr. today was appointed a member of the House Constitutional Amendments Committee, one of the four top committees in the Legislature's lower chamber.

Before this committee will come the proposed new constitution and judicial revision proposals.

Train Bears Down, But He Can't Win
GAINESVILLE, Ga. (UPI)—An armoured car bearing down on a Z. Armour, 33, decided to take leave of his automobile.

He jumped clear an instant before the train crushed the vehicle at a crossing here Thursday. He was so shaken, he said, that he took a walk to steady his nerves.

A short time later, police arrested Armour and charged him with leaving the scene of an accident.

Castro Brothers Coming To Sanford
The Castro brothers are scheduled to visit Sanford.

In this case, it isn't the premier and army chief of Cuba, but the Castro do hall from this revolutionary-torn island.

The brothers are Alejandro and Julian Castro, whose ambitions are overthrown of baseball opponents, not governments.

Alejandro is a pitcher, all six-foot four; Julian, 6' 3" and 210 pounds, is an outfielder. They are two of the players who have signed contracts with the Sanford Baseball Club.

They also form one of the two brother combinations currently slated for duty with the Greyhounds. The other twosome: Graydon Watkins Jr., catcher, and William W. Watkins, outfielder. They hail from St. Charles, Mo.

Ward Goodrich, team business manager, revealed that Manager Stanley (Packs) Rogers and 21 players had returned contracts to Sanford.

In addition to the brother combination, a few other interesting facts have come to light from looking at contracts.

Sanford will have a Keys and a Keyes. The first is Jack Lee, the second, Robert F. Both will report here from the Superior club in the Nebraska State League.

If all goes according to plan, the public address announcer has his work cut out. As a starter, there is Robert J. Asmus, Arcadia, Cal., a \$4,000 bonus first baseman. Relatively easy is Ronald S. Barbee, Stanfield, N. C., and Daniel Diaz Barrera, Havana.

But, how about Joe Bonkowski, \$3,000 bonus baby from Philadelphia? Or Roger Lee Hephner, Muncie, Ind.? Then there are Ramon Lora, Matanzas, Cuba, and Edilio Oliva, Havana; David Trinidad, Appleton, Wis., and Christopher A. Virsum, Chicago.

The best was saved for last: John O. Strzykowski, Milwaukee, Wis., a \$200 bonus player.

Nikita Determined To Run West Out, Diplomats Declare

LEIPZIG, East Germany (UPI)—Soviet Premier Nikita Khrushchev's postponement of his May 27 deadline for the West to quit Berlin merely postpones the Berlin crisis and does not ease it, Western observers said today.

Observers who heard him speak Thursday got the impression he is in deadly earnest about forcing the West out of Berlin. They saw nothing in what he said to indicate any new prospect of a cold war agreement on anything but his own terms.

In his second Leipzig speech Khrushchev offered to postpone beyond May 27 his plan for turning over control of West Berlin's lifelines to the East Germans if the West is "negotiating sensibly" by then—possibly through a foreign ministers conference.

But behind his speech was as tough and uncompromising a cold war challenge as he ever delivered.

He warned the West that if it continues rejecting his own terms he will go ahead and sign a separate peace treaty with Communist East Germany and told the West not to consider using force in the Berlin crisis.

Once the Soviet Union signs a peace treaty with East Germany the West will have no more legal right in Berlin, he said. The 1945 Potsdam agreement on Berlin's occupation rights will no longer be valid, he said.

John Frazier Dies In West Virginia
John W. Frazier Sr., 63, died at his home in Belle, W. Va., Tuesday morning after a short illness. He was a member of the Church of Christ, veteran of World War I, and a frequent visitor in Sanford.

Survivors include his wife, Mrs. Georgianna Frazier, Belle; two sons, John W. Frazier Jr., Sanford; Wendell D. Frazier of Los Alamos, Tex.; two daughters, Mrs. Jean Morris, Belle; Mrs. Shirley Stone, Sanford; three brothers and two sisters.

Funeral services will be at 2:30 p. m. Sunday at the Church of Christ on 2nd and Elm Ave. The Rev. George Yates will officiate. Burial will be in Oaklawn Memorial Park. Henson Funeral Home is in charge of local arrangements.

'Clean' Taxpayers May Be 'Cleaned'
CROSSVILLE, Tenn. (UPI)—Attorney J. B. Redmond wants nothing to be taxed so a pension can be provided to all Tennesseans over 60 years of age.

Redmond announced Thursday he has asked State Sen. Halley Boehman to introduce a bill which would call for a yearly levy of \$3 on all bathtubs, showers and even half-baths.

Proceeds from this tax on cleanliness would be paid out in pensions to persons who have lived in Tennessee for 60 years, taken baths in the state for 40 years and paid taxes for the preceding 20 years.

Persons owning property valued at more than \$50,000 would not be eligible.

Redmond admitted that he drew up the proposal in anger. It is his way of protesting new legislation that would extend the retirement benefits of judges to their widows.

Band To Compete In Cocoa Saturday
The Seminole High band will enter the district contest in Cocoa Saturday.

The band will present solos, trios, quartets, a sextet, majorette solos, a duet and ensembles.

Sunday, the band held a concert in the Mayfair Inn. Wednesday, it played concert numbers, the field marches and practiced sight reading.

If the band receives "superior" in the concert and no less than excellent in marching and drill, it will qualify for the state contest.

Juveniles To Get Blaze Jury Trial
Four Negro juveniles who confessed to setting an abandoned cinder block house on fire will have a trial by jury next week.

Judge Wilson Alexander said that after a hearing yesterday the two younger boys (both nine) were sent home in the custody of their parents.

The others (11 and 12) were sent back to the county jail until next week.

Shad Seine Seized By State Officers
An illegal shad pocket seine was discovered at 1 a. m. today in Mullet Lake Park.

Wildlife officer Harry Hervish and conservation agents C. A. Willis and C. V. Holland converged on the seine at the same time, as all three patrolled the waters.

The 125-yard net was confiscated by the State Board of Conservation agents, after the few shad captured had been released. The seine apparently had just been set. It was unattended.

Holland said the patrol was part of a routine check.

Weather
Fair and cooler tonight and Saturday. Low tonight mostly in the 50's. Southerly winds 20 to 30 miles per hour shifting to northerly westerly 10 to 20 miles per hour this afternoon and diminishing tonight.

Eisenhower Given Pledge Of Support

WASHINGTON (UPI)—President Eisenhower gave congressional leaders of both parties a 90-minute fill-in on the Berlin crisis today and received a pledge of united support for his firm stand.

"The upshot is that we are united," Speaker Sam Rayburn said after the White House conference. "We don't have parties in this thing."

"We think with the President that we must be firm and remain so," Rayburn said.

Rayburn, Sen. J. W. Fulbright, Democratic Leader Lyndon B. Johnson, Senate Republican Leader Everett M. Dirksen and House Republican Leader Charles A. Halleck conferred with the President.

Endorsing Rayburn's comment, Halleck said that while this nation is going to remain firm in the Berlin dispute, "every honorable avenue for peace will be explored."

Johnson said, "It would be foolish to pretend that we do not regard it as a matter of concern." Johnson also said the Communists will discover that the U. S. is "determined to preserve the free world."

He said there is "no thought of yielding to pressure," but that this country is willing to negotiate with the Soviet Union about the future of Germany.

Eisenhower conferred with the congressional chiefs after the White House announced that he and British Prime Minister Harold Macmillan would meet here March 20 to discuss the Berlin problem. Macmillan has just ended talks with Soviet Premier Nikita Khrushchev.

Public Complains About Quiz Calls
Complaints have been pouring into city offices and the Chamber of Commerce about a local telephone gimmick.

Residents are protesting the "Tel-O-Quiz," a game where easy questions entitle the answerer to purchase \$50 worth of merchandise certificates for \$3.00.

The \$30 is a "service charge." The \$50 in merchandise, passes and service contain items like "one flat tire repaired free" and "one spaghetti dinner free with the purchase of another."

The certificates are legal, the advertising agency legitimated, but City Manager W. E. Knowles said, "We don't approve of the methods of selling, but the operation is legal. People have to use their own common sense. If someone tries to sell you the Brooklyn Bridge, you should buy it."

Police Chief Roy Williams remarked, "We have received many complaints about the Tel-O-Quiz. There seems to be misunderstandings about the merchandise offered, and people are confused and annoyed."

Knowles said the Adkins Advertising Agency, conducting the quiz, is licensed to operate only within the city limits.

Training Planned For Scout Leaders
A training session for senior leaders and committeemen will be conducted tomorrow by the St. Johns District of Boy Scouts.

The study course will be held at Camp La-Neche, DeLand, at 1:30 p. m. Included will be committee-man training on advancement, camping and financial control of pack and troops.

Organization, counseling and literature will be offered to Scoutmasters, Cubmasters and Den Mothers.

Golfers To Pick Partner, Tee Time
Members of the Sanford Women's Golf Association are asked to make their own starting times and choose their own partners for Sunday's two ball mixed foursomes.

Entrance fee is \$1 and a White Elephant. A barbecue will be held Sunday night at the Mayfair Country Club.

Office To Be Closed
The Seminole County Tax and Health Association office will be closed next week.

Mrs. Lorraine Graham, executive secretary will attend the 1959 session of the Florida Conference of Tuberculosis Workers at the Roosevelt Hotel, Jacksonville.
