

Co-Operation Between Police And Press Urged To Prevent Accidents

DALLAS, Sept. 14.—(AP)—Closer cooperation between the press and police to prevent traffic accidents was urged today at the International Association of Chiefs of Police meeting.

"The police of this country are not doing enough to prevent traffic accidents. And neither is the press," said William F. Scripps, publisher of the Detroit News, in a speech delivered at a morning session.

"As I see it, x x x what is needed is a greater degree of cooperation, a much closer working relationship between these two groups," Scripps said. The publisher said he believed it was the job of the police to "learn all the facts about traffic accidents" and the job of newspapers and radio stations to get those facts to the public.

Scripps advised the police chiefs to work with the press and radio in presenting traffic education to the public before staging big street events.

"A newspaper has got to do a lot more than simply print accident facts in a routine manner," he said. "A radio station in all consequence cannot slough off a news item on traffic problems simply by allowing time for a dull interview at an unpopular hour."

Other speakers scheduled today were Franklin M. Kream, director of the national traffic division; Mayor Dorothy McCullough Lee of Portland, Ore.; and Lt. Col. Gerald Peterson, former director of motor transportation for the Michigan Public Service Commission.

In his annual report Kream said that the traffic division had reorganized traffic control functions in more than 60 city, county and state police departments since 1938.

"In most instances, reductions in traffic fatalities of from 30 to 70 percent have been obtained within one to two years after installation," he said.

Peterson gave examples of cooperation between civilian and military agencies in traffic regulation. Then he asked the police officials to consider a number of questions.

"In the event of a catastrophe of a military nature, how well would your organization be prepared to handle the civilian highway traffic picture, with or without the army?" he asked.

"Would you be prepared to offer recommendations for alternate routes in the event of a bridge in use, or a highway blocked? x x x if railroad service to your community ceased what would be the impact on your highways?"

Atlanta Trial

(Continued From Page One) Manful was a guest in the Imperial Hotel which the Carpenters owned, and that he often saw her and the judge together in the hotel.

Harrett pressed Lockwood for details of a nocturnal visit to Florida with Mrs. Carpenters' home and a trip to Florida with Mrs. Carpenters' apartment about 12:30 A. M. on Monday at the request of Mrs. Carpenters' mother, Mrs. Carpenters was ill, he explained.

As for the trip to Florida, he said Mrs. Carpenters' mother, Mrs. Minnie Sullivan, accompanied them. He said the trip was made to see if a divorce could be legally obtained there.

Harrett asked if Lockwood and Mrs. Carpenters shared a room at a tourist court while in Florida. "No," snapped Lockwood, "and I'd like to tell you what I think of that question!"

Harrett then asked if Lockwood and Mrs. Carpenters ever had spent a night together in a hotel. "No, never," declared Lockwood. "Mrs. Carpenters is a very decent woman."

The courtroom was packed, but little was understood by those who are spectators—even policemen—were seated.

Sitting with Judge Carpenter was his adopted daughter, Barbara, 20. She is Mrs. Carpenters' daughter, but in custody with her father in the legal battle.

During his cross-examination, Harrett asked Lockwood if he did not chase Barbara "out of her mother's bedroom" on the occasion of his 1930 A. M. visit.

Lockwood denied that. He said both Barbara and Mrs. Sullivan were in and out of the room during the 15 minutes he stayed.

Before the night of the shooting, nine law suits had been filed involving the three principals and Mrs. Manful. Six were filed against Judge Carpenter. Among other things, they demanded a financial accounting and charged the judge with excessive drinking and gambling.

America Is Fast Developing Into A Full-Fledged Intelligent Nation

NEW YORK, Sept. 14.—(AP)—There are definite signs that America is growing up. It is settling into a post-war pattern of stability and responsibility that contrasts strongly to the chaotic years after the first World War.

Maybe it is too soon to start pinning good conduct medals on ourselves. But it does begin to look like this country, as a nation, and we, as a people, are acting more like adults than at any time in our history.

Two World Wars and a long depression within a single generation have helped turn Americans from gamblers into investors. Folks aren't so anxious to toss their bankroll away in a single surge, like kids in a candy store. They want a nest egg in the bank, and take more care to see that they don't end up going over the hill to the poorhouse.

They are thinking more and more of life as something to be lived thoroughly and to enjoy. Making a big dollar is getting less important than living a full life. It isn't the goal of every American today to be either president or a millionaire.

There is still a reminiscent note from the era of wonderful non-sense about our times. Swimmers are again plying the English Channel, and Joe Di Maggio drives a long homerun. But the age of fable is actually dead, and it is doubtful if the mad mad 1920's or the disillusioned 1930's will attract us again. We are too old for the rumble seat, and the college boys now have lost their taste for swallowing goldfish.

The machinery is spinning faster and faster, but people are taking more time off to ponder why they were put upon earth—and wondering if it isn't really possible to make it a nicer place. The world—and America—may be putting on long pants, after an extended childhood.

Election Results
(Continued From Page One) The district's eligible voters totaled 14,680 with the Republicans having a better than a 7,000 margin in the three counties. The grey-haired motherly woman trailed badly from the start. She conceded the election at 1:30 A. M. Her statement: "It appears that Mr. Saylor has been the choice of the voters. At this critical period in our history, he will have an unparalleled opportunity to serve all of the people in his district."

Navy Aviation

(Continued From Page One) strength, especially in aviation. Crommelin said at the time that he felt impelled to speak out, even though it might cost him his job.

A Defense Department official indicated yesterday that Crommelin need have no fears as far as Secretary of Defense Johnson is concerned. It is strictly a Navy matter, the official said.

Earlier, Undersecretary of the Navy, Mr. C. M. Johnson, in a statement: "No action is contemplated as far as the Navy is concerned. It is strictly a Navy matter, the official said."

Mr. Johnson, a third Admiral moved to the defense of the fleet, held a news conference at Norfolk, Va., to express his personal "sympathy" with Crommelin's stand.

Five-star Admiral William F. Austin K. Boyle, chief of Naval Air Reserve training, already had spoken up for Crommelin.

Crommelin, among other things, complained that the Navy's flight spirit is "going to pot."

He drew support for that view from Halvey, who said that after talking with junior officers he had found Navy morale at a very low ebb.

A sharply different appraisal of the attitude of Navy men came today from Navy Secretary Matthews.

"In my opinion the spirit of the Navy is at its highest," Matthews said at a ceremony in which Rear Admiral John W. Dwyer was sworn in as chief of Naval Personnel. He went on:

"I am constantly amazed that the Navy can continue to hold men of such outstanding ability in the face of insufficient pay."

"It is a beautiful fact that the military pay bill will be enacted and bring about some readjustment in this respect."

Boyle, deputy chief of personnel since February, 1947, moves up to succeed Rear Admiral Thomas L. Sprague. Sprague is taking over command of Naval air in the Pacific.

C Of C Meeting

(Continued From Page One) It would be a disaster for Sanford to have all the low rent public housing it needs within the next few years.

Other members of the Sanford Public Housing Commission are Edward Higgins, R. T. Cowan, Harry Lee, Sam Martin, and the Rev. J. F. McKinley.

Mr. Higgins reported to the board that the request for a dual telephone system had been accepted with the explanation that the Sanford system was still giving good service and not overcrowded, but the objections of Mayor Carraway and several others made it clear that the request will be pushed.

A telegram was read from Senator L. F. Boyle stating that the proposed bridge on Road 46 will be built within one year and that the road will be extended into Sanford along the river. The board requested Manager Higgins to request the Army Engineers to survey the bridge in an effort to clear this area.

J. Tibben Jacobs complimented the Chamber on the progress of Sanford and on the fact that Sanford has been made in the last few years.

Secretary Acheson also announced that Soviet-dominated Bulgaria, Hungary and Romania will be charged in the United Nations General Assembly with violations of human rights.

The Secretary emphatically renewed the long-standing British-American charges of "callous disregard of the human rights" in the peace treaties with the Iron Curtain nations.

He said the three Soviet satellites have just turned down a proposal by the United States that they name commissions, as provided in the peace treaties, to take up the dispute over charges that they have repeatedly violated the agreements. These "com" for fair trials and various personal freedoms.

British Deny

(Continued From Page One) communicating might to some extent be offset by future fund and bank debates, even though these talks are secret.

Nor did British officials approve of Black's implied criticism of this country's program of social services. They said Clippa may answer Black publicly at a dinner scheduled to be held later this week in the American capital.

They argued that the way Britain manages her internal financial affairs is strictly a domestic matter. It only becomes the concern of the outside world if and when critics can prove positively the social services are harming Britain's balance of payments position, these sources said.

Black did not mention Britain by name yesterday when he said many countries had extensive programs of social welfare they could not afford.

Britain is spending about \$3,384,000,000 on social services and food subsidies this year. It amounts to little more than a quarter of the total national budget.

Government spokesmen, including Cripps, have made it plain that the nation's economic crisis might compel the cabinet to cut spending, a move which might court unpopularity with a general election in six months or less away.

Black made no effort to analyze the relationship between a nation's social service spending and its balance of payments position. They attacked the Labor government's view that social services represent the best investment that could be made from every point of view because they contribute toward industrial efficiency, national health, vigor, stability and productivity.

NEW YORK

NEW YORK, Sept. 14.—(AP)—Quotations on the British pound sterling for future delivery in New York have advanced sharply in the last two days.

Bankers attribute this to the belief here that devaluation of the pound has been pushed farther into the background.

Settling for American account for delivery in 60 days rose nearly 2 cents today after a rise of more than 3 cents Tuesday. It is quoted at around \$3.94.

The same type of sterling for delivery in 90 days advanced 8 cents Tuesday to around \$3.90, and today it was virtually unchanged. The closest delivery, 30 days, added around 3 cents Tuesday and is steady today at about \$3.87.

Spot sterling, which is pegged within a narrow range by the Bank of England, advanced 1/16 cent yesterday and lost a like amount today. It is quoted at \$4.08 1/16.

YUGOSLAV SPIES

BELOGRADE, Yugoslavia, Sept. 14.—(AP)—Yugoslavia has begun prosecution of 11 persons on charges of spying in this country for Hungary.

The trial, another aspect of the war of nerves being waged between Yugoslavia and the Communist Information Bureau, is being held in the Danube city of Novi Sad.

DETROIT TRIAL

DETROIT, Sept. 14.—(AP)—For its new mayor Detroit will choose between a former mayor and a Harvard-bound clipper officer and a Harvard-bound clipper officer.

City Treasurer Albert E. Cobey, 55, and city council president George Edwards, 55, were nominated in yesterday's record-making primary election.

Cobey, for 16 years in charge of Detroit's affairs, and Edwards, a G.I. member who went into an automobile factory from Harvard, were nominated a third of a century ago.

Ex-Shimmy Dancer Sues Picture Co. Over "Gilda" Film

DENVER, Sept. 14.—(AP)—Gilda Gray says she gave the public food for thought when she danced the shimmy back in the 20's.

Gilda reviewed her career yesterday in a deposition to attorneys in support of her million-dollar damage suit against Columbia Pictures. She contends the film, "Gilda," starring Rita Hayworth, was based on her life and career without her permission.

The 48 year old former shimmy queen said she was married at 11, a mother at 12 and a star on Broadway at 18.

Born in Cracow, Poland, Gilda says she first danced the shimmy at a Milwaukee night club when she was 14.

Attorney Louis Frohlich for Columbia asked Gilda to describe how she danced the shimmy and whether she was aware of the fact that it was an African, a savage dance. Miss Gray answered: "I don't know."

"Then you invented the shimmy?" Frohlich asked. "Evidently I must have," Gilda answered. "I never heard of it being done before that."

Miss Gray, who lives on a ranch near Lakewood, Colo., was wearing a black dress and a red coat topped with a big black hat. She brought along two huge scrapbooks to the hearing. She said she had 12 public scrapbooks covering the public folk from 1919 to 1948.

There was extensive questioning about the color of her hair. "It's always been blonde," Miss Gray said. "And I hope I always will be."

Secret Talks

(Continued From Page One) she is known in a vice.

It was in 1945, the year after Mrs. Browder's reentry and the alleged White House conferences with her husband, that Political Asst. C. C. Bracken, a Communist leader in this country, the reason assigned for his ouster was that he had departed from the party and had not returned to it in America and had been active in the anti-Communist campaign during the wartime years of party cooperation.

The Communists, under the label of "Communist Political Asst. C. C. Bracken," announced support for Mr. Roosevelt in 1944, but during the campaign he rejected their backing.

Rushmore, according to his testimony, was no longer a member of the party at the time. He said he belonged to the party for three years, from 1938 until 1941, when he was expelled from membership.

Mr. Roosevelt in 1944, but during the campaign he rejected their backing. Without its links with Moscow, Rushmore said, the Communist Party in this country would "flounder badly, both financially and politically."

He said that if the nation had "proper" immigration laws, "the effectiveness of the Communist Party would be diminished by 75 percent."

He said that if the nation had "proper" immigration laws, "the effectiveness of the Communist Party would be diminished by 75 percent."

Much of it, he said, is brought in through Mexico. He said he had been told that Communist agents have helped in money, jewelry, "or whatever is negotiable."

He also testified that maritime unions under Communist control have aided in "smuggling alien Communists" into this country.

Yesterday a self-styled charter member of the U. S. Communist Party told the committee Russia has sent a secret "trouble shooting" unit to this country. He explained that party leaders fear they will be driven underground.

PITTSBURGH, Sept. 14.—(AP)—Storm clouds hovered over the coming steel contract negotiations today even before the union and place was decided upon for the new session.

Reluctance of some steel companies to approve in advance the presidential board's proposal that they pay for insurance and pension programs was interpreted in some quarters as holding a new strike threat.

Truman Names Judge Minton To High Court

Former Senator And FDR Ace In Court-Packing Fight Given Supreme Court Job

WASHINGTON, Sept. 15—(AP)—Sherman Minton of Indiana, who battled in vain for the 1937 Reorganization plan to put younger blood on the Supreme Court, today was chosen by President Truman to serve on that bench.

Minton, in 1937 a Democratic, pro-New Deal senator, now is a judge of the seventh U. S. Circuit court of appeals. That court has headquarters at Chicago and embraces the states of Indiana, Illinois and Wisconsin.

President Truman opened a news conference by announcing his choice of Minton to succeed the late Justice Wiley B. Rutledge on the nation's highest court.

He also announced that Judge Walter C. Lindley of the U. S. court for the eastern district of Illinois will succeed Minton in the appellate court.

Casper Platteau, now a circuit judge of Illinois, will succeed Lindley.

Now 58, Minton is a Democrat and a Protestant, but his wife is Catholic.

There had been speculation before the appointment that Mr. Truman might choose a Catholic for the high court. The death of Justice Frank Murphy in July was the only member of the faith from the court. Mr. Truman appointed Attorney General Tom Clark, a Protestant, to succeed Murphy.

Minton, a lawyer of New Albany, Ind., was elected to the Senate in 1934. His Senate desk was next to that of then Senator Harry Truman of Missouri and the two became close friends.

As a senator, Minton was an embattled "New Dealer" and a vigorous fighter for the Roosevelt Administration's measures. He was hard for President Roosevelt's plan to add new justices to the Supreme Court to the number of those over age 70 with the age of the justices then stood, the plan would have enlarged the court from nine to 15.

Hal Gruber Talks Farm Income Is Reported Off For Future Prospects

Hal Gruber, manager of the Sanford Giants and "All Star" manager in the Florida State League, gave an informal talk to the Sanford Kiwanis Club yesterday about the past performance and future hopes of the local club.

Introduced by Ben Small as "one of the best known men in Sanford", Mr. Gruber talked about the past season's showing of the Giants and compared it with last year when the Giants finished fourth in the league.

"The fact is we finished one-half game ahead of last year, but dropped from fourth to fifth place in the league," he said. "We can't expect these young boys who are still pretty green to play very well under pressure. And since the club's primary duty is to train them for big league we can't bring in seasoned players that are too old for big league ball."

Jaycees Oppose State Sales Tax By Unanimous Vote

The Junior Chamber of Commerce decided today to stand against any proposed sales tax whatever and to ask Seminole County Senator and Representative to vote for any reconsideration of the State Appropriations Act.

After some discussion on the different sales tax proposals and possible income tax bills, the Jaycees voted unanimously to notify Senator Boyle and Representative O'Connell and Smith of their position.

Gordon L. Bradley, chairman of the membership committee, announced the opening of a membership drive and appointed 20 members to five different teams to complete in the drive.

Clay Williams And Gene Tucker Will Play Tennis Finals

The final matches of the city tennis tournament will be played Sunday afternoon on the city fair courts. Special interest centers in the singles finals between Clay Williams and T. E. Tucker which will be played Friday afternoon.

Mr. Tucker defeated Hamilton Blasse in the semi-finals Tuesday afternoon, and Mr. Williams defeated C. F. Procter, Jr. on Monday.

In the men's doubles Gordon Dean and Clay Williams will meet Charles Morrison and T. E. Tucker on Sunday. The former pair advanced to the finals on a win over Roland Dean and Bob Hean Sunday afternoon, while Jim Higgins and Bob Cornell lost to Charles Morrison and T. E. Tucker yesterday.

Chief Williams' Car Catches On Fire

Chief Roy G. Williams of the Police Department almost lost his new car today when a spark ignited leaking gasoline on the motor.

Chief Williams jumped out of the car and threw up the hood after smoke started pouring out and slammed it shut when the flames almost blinded his eyes.

He immediately contacted the station house with his car radio and had the office on duty telephone the Fire Department.

Deputy Beck Returns With Robbery Suspect

Deputy Sheriff Charles Beck arrived Wednesday afternoon from Freehold, N. J. with Boris Malokovich 29 year old suspect in the recent Seminole Club robbery.

Mac Parish, a bartender at the club, identified Boris Malokovich, alias Bud Malcolm, as one of the three who held up and robbed the night spot at Altamonte Springs and escaped using Miss Betty Tompkins as a shield against the bullets, that dropped his two accomplices.

Suit Is Filed To Break Up A.&P. Chain

Number Of Stores To Be Cut 6,000 To 800; A & P Says It Sold Its Food Too Cheap

WASHINGTON, Sept. 15—(AP)—Attorney General J. Howard McGrath today filed suit to break up the Great Atlantic and Pacific Tea Company's nationwide food chain.

The civil action was brought in federal district court at New York City this morning.

It is a follow-up to a criminal conviction of the A. and P. Company under the antitrust statutes at Danville, Ill. three years ago. The conviction was affirmed in the U. S. court of appeals at Chicago early this year and the company paid fines totaling \$175,000.

The action in New York requests a court order requiring A. and P. to separate its manufacturing and processing business from its buying and selling business and to separate its present seven retail store divisions into seven independently owned retail food chains.

The Justice Department proposes to dissolve the Atlantic Commission Company, A. and P.'s wholesale purchasing and sales agency in the produce markets.

Senate Is Ready For Vote Today

WASHINGTON, Sept. 15—(AP)—A former FBI agent testified today that several hundred Russian spies were operating in this country during the war but none could be arrested without State Department approval.

Larry E. Kerley, a German from 1937 to 1945, told a Senate Judiciary subcommittee that the Soviet government assigned its "best agents" to terrorizing for atom-bomb secrets. They were at it long before there was an atom bomb, he added.

WASHINGTON, Sept. 15—(AP)—The Senate today voted 22-16 to revive a 3 percent limited sales tax. The House passed the measure last Tuesday.

The House started debate on the same bill with both sides uncertain of their strength, then quit for the day, leaving 49 amendments pending without a decision.

Senator Bayard of St. Petersburg opposing reconsideration in the Senate said the bill is just as bad today as it was Tuesday when it was defeated 21-16.

Bayard said the senators who oppose reconsideration have "nothing to offer" their inclined to change their votes except the opportunity to vote against a bad bill and earn the gratitude of the people back home.

Five Senators Switch Since Last Tuesday; House Begins Talk On Same Measure

TALLAHASSEE, Sept. 15—(AP)—The Florida Senate revived the 3 percent limited sales tax bill today while a balanced House ducked a test vote on the measure. The senators voted 22 to 16 in favor of reconsidering the vote by which the bill was defeated Tuesday.

The House started debate on the same bill with both sides uncertain of their strength, then quit for the day, leaving 49 amendments pending without a decision.

Senator Bayard of St. Petersburg opposing reconsideration in the Senate said the bill is just as bad today as it was Tuesday when it was defeated 21-16.

Bayard said the senators who oppose reconsideration have "nothing to offer" their inclined to change their votes except the opportunity to vote against a bad bill and earn the gratitude of the people back home.

Senator Tucker, who voted against it Tuesday but asked for reconsideration and "his presence" had been put on him to change his vote. He asked it "takes a man who has courage to admit defeat and realize he is on the wrong track."

He declared he was voting his convictions and he didn't "care what the people think" because he has a future political ambition.

During the debate, Senator Shands of Jacksonville, chairman of the Finance Committee, charged Bayard with keeping a "double standard" by voting the bill from being voted on during the regular session.

Jax Firm Attacks Warren's Ruling On Purchases

TALLAHASSEE, Sept. 15—(AP)—A Jacksonville firm today protested Governor Warren's recent ruling to give Florida companies preference on State contracts for keeping a "double standard" by voting the bill from being voted on during the regular session.

The Jacksonville firm offered a bid of \$30.54 a ton for the product while the American Cyanamid Company of New York was awarded the contract on a bid of \$29.40.

Georgia Warren overrode the recommendation of Don D'Alemberte, state purchasing agent, in favoring the New York bid.

At the time Warren said he felt the contract should always be awarded to the low bidder, until a definite policy is established.

Until recently the Cabinet has followed a policy of awarding 20 percent of the State purchase to a 5 percent differential in price.

In his letter to the Governor, Edwards said "your action is protested on the grounds that 20 years is a reasonable length of time to consider a policy as having 'definitely established'."

"As a lawyer, you must agree that if a long-standing policy of law is changed, it is only done after much thought. The change is then accompanied by a lengthy label explaining the basis for the new stand. As yet, you have offered no partial policy, but instead have just thrown aside as worthless a 20 year precedent."

The Jacksonville man suggested if Warren feels a Florida firm should not be given a price advantage, "at least should be permitted to meet the low bid of an out-of-state firm provided its original price was within 3 to 5 percent of the low bid."

Individual members of the Cabinet have expressed a desire to set up a definite set of rules to govern all State purchases, but no formal action has been taken.

Novice Knocks Single To Win For Vols

By ASSOCIATED PRESS
The heavily favored Nashville Vols managed to squeak by New Orleans, 4-3, last night in their second game of the Southern Association playoffs. And, in the other first round series, the Mobile Bears evened things at one-all with the Birmingham Barons, 11-7.

A rookie won the game for the Vols. Playing in his first big game for Nashville, Lolyd Lowe was shoved in to hit for pitcher Ben Wade in the bottom of the ninth inning.

The situation was critical. Nashville had men on second and third, but the Pelicans had broken a 2-2 tie in their half of the ninth and were one up.

Lowe, two weeks out of the bushes, stepped up and lined a sizzling single through short, driving in two runs.

Cincinnati Manager Bucky Walters was named the National League's most valuable player in 1939 when he won 27 games for the pennant-winning Reds.

Cards Still Holding To Game And A Half Lead Over Dodgers

By JOE REICHLER
Associated Press Sports Writer
The Brooklyn Dodgers must be wondering today just what must they do to catch the high flying St. Louis Cardinals.

Since the first of the month, the Cards have piled up 11 victories in 13 tries, a true championship feat.

And just how much yardage did they pick up on the Redbirds during that torrid stretch drive, not a foot. While the Dodgers were pushing off Boston, New York and Cincinnati, the Cards duplicated the Dodgers' feat by winning 11 of their last 13 skirmishes.

No as the two perennial rivals swing into the final two weeks of the blistering National League campaign, the Cards still cling to the game and a half edge to the Dodgers.

The Dodgers drew first blood yesterday, knocking off their favorite playmate, the Washington White Sox, 4-2, in an afternoon tussle. That narrowed the Cards' edge to one game. A Redbird defeat meant the slimmest of margins between the two clubs—a half length.

But it was not to be. The Giants

Palatka Defeated 10-3 In Playoffs By St. Augustine

ST. AUGUSTINE, Sept. 15—(AP)—Stan Karpinski, who set a new league record with 20 pitching victories during the regular season, won his first Florida State League playoff victory last night.

The big Saint hurler also plays in the outfield for five-and-a-half years as the St. Augustine club took a 10-3 victory from the Palatka Azaleas. The triumph was the third straight for the Saints in the final playoff series.

The Azaleas started Herman Ashbridge on the mound and the Saints promptly got five hits and five runs in their half of the first.

The Saints added another in the third, two more in the fifth and one in each the sixth and seventh inning to make the rout complete.

The fourth game of the series will be played at Palatka tonight to oppose the Azaleas' Blas Arroyo on the mound.

From where I sit... by Joe Marsh

Sure You Haven't A "Blind Spot"?

As I was driving down Main Street last Saturday, another car swung out right in front of me. It wasn't going fast. It was just that he had something else on his mind at that particular moment.

Buck's really one of the nicest fellows I've ever known. But, sometimes he gets to day-dreaming on the road. He sort of gets a "blind spot" to what's going on about him!

Now, lots of normally considerate folks have their "blind spots."

It could be anything from day-dreaming while driving a car to humming out loud at the movies.

From where I sit, it's mighty important to be on guard against your own "blind spots." The other fellow has a right to his "share of the road," too—whether it's having a taste for a temperate glass of sparkling beer or a desire to listen to some classical music if he wants to.

Sports Roundup

By HUGH FULLERTON, Jr.

NEW YORK, Sept. 15—(AP)—Reports keep coming in that a shakeup is due in the Chicago Cubs front office before next season—and maybe that's natural for an eight-place club that already has changed managers once this season. Latest story is that Charlie Grimm will be made director of the Cubs' farm system, which has produced much under Jack Sheehan, and that Red Smead is out as "advance man" in the trading market. Only evidence so far is that Gene Lawing, an experienced farm man, was suddenly moved into Chicago as Grimm's assistant. Indication of the various clubs regard the tight pennant race was that the Yankees sent three men, including stadium Superintendent Charlie McManus, to yesterday's World Series meeting while the others had only one apiece. Detroit, also invited, declined with them.

VERDICT
Harry Gensel, former American League umpire who though he had retired from the arbitration business several years ago, now finds he does not mind the job. Henry F. Schriener of Indiana recently named Gensel as a member of the State Board of Arbitration to settle a dispute between a union and a bus company. Gensel's verdict will be the picture of frustration if he finds somebody else calling strikes.

PICKIN PICKINS (kickoff)
St. Mary's vs Oregon (Friday). Here's a prediction that never fails: Oregon can't lick eleven goals.

TEXAS A. and M. vs Villanova
The Aggies will find that Pasquiniello is Villanova's rugged fellow.

Kentucky vs Mississippi Southern
Kentucky's Wildcats, going hell bent, say: "Fardon my southern accident!"

William and Mary vs Houston
William and Mary isn't used to losing to the like of Houston.

SHORTS AND SHEELS
Trainer Jimmy Jones says Citation will be ready to run at Hialeah this winter and probably might have got him ready to run this fall, but the good stakes are over a distance and there's no use rushing him just to have him run.

With the nation of Steve Ho-
of and Les Thompson to his coaching staff, Columbia Lou Little has divided his assistants into offensive and defensive "platoons."

Prof. Little has been a 60-minute
man for over 20 years. Bob Cousy and Frank O'Brine, the Holy Cross basketballers, plan to open a restaurant in Worcester, Mass., after their graduation. The Aris strong, beginning his 25th year of grid coaching at Utah, has outlasted 25 other coaches at skylining six schools. He has won 13 conference championships, which may explain it. Michigan reports that all 97,000 seats for four of its home football games have been sold and the other two likely will be sellouts.

PUNCH LINK
Ex-heavyweight Champion Jack Sharkey and Ditto Joe Louis were seated together at the Garden with the Florida International Florida team to determine the Class B champion of the South. Down fellant took a pounding from Kid there, the Tampa Smokers and Gavilan, then turned to Joe and Havana. Havana is still battling to make a living. The Smokers lead 2-0.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pain, leg pain, loss of pep and energy, waking up at night, swelling, rashes under the eyes, headache and dizziness. Frequent or heavy passages with smearing and lumps sometimes shows there is something wrong with your kidneys or bladder.

Fill, a stimulant diuretic, used successfully by millions for over 40 years. It's the only relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Fill.

Pennant Is Taken By Pensacola Fliers

VICKSBURG, Miss., Sept. 15—(AP)—Pensacola's Fliers finished off the Vicksburg Billies in the Southeastern League playoffs last night and earned the right to meet the champions of the Florida International League.

A 5-2 victory, clinched by shortstop James Williams' three-run double, gave them the final series, four games to one.

The Fliers, who also won the pennant, will not look for sympathy in the meeting with the Florida International League champion of the South, Down Gavilan, then turned to Joe and Havana. Havana is still battling to make a living. The Smokers lead 2-0.

Graziano Is Back On Victory Road With 10th Round Win Over Fusari

NEW YORK, Sept. 15.—(AP)—The Rock is back on the victory road. Not the Rocky Graziano of old but still the most exciting fighter to watch in the ring today.

For nine rounds against Charlie Fusari in the Polo Grounds last night, it looked like the Rock was through. He was trailing on every scorecard and it seemed only a tenth round knockout could save him.

Then it happened—the explosive burst that the crowd of 21,092 had been waiting for all night. A left hook suddenly connected

and Fusari reeled from mid-ring to the ropes. A right, then another, and then a rain of blows that draped Fusari over the ropes and then to the floor for a count of nine.

Like a tiger smelling blood, Rocky tore after Fusari. He pinned him in a corner, held his head in place with his left hand, and belted him with his right. Referee Ruby Goldstein pulled Graziano from his victim and declared the Rock the victor in 2:01 of the last round.

Newcomer Playing Well In Golf Tourney

ARDMORE, Pa., Sept. 15.—(AP)—A local player has a pretty good chance of making a name for himself in the U. S. Women's Amateur Golf Championship.

The title being contested is the thrilling race course of the Merion Golf Club west into the quarter final round today at Philadelphia's Dorothy Germaine Porter a prime favorite.

The comely Mrs. Porter, a western amateur champion, won one of tournament history's most thrilling matches yesterday as she outlasted the veteran champion Mrs. Julius A. Page of Georgia, N. C., 1 up in 21 holes.

Florida Seminoles Gaining Strength In Early Practice

TALLAHASSEE, Sept. 15.—(Special)—The Florida State University Seminoles entered their second week of pre-season football practice yesterday with 66 men still on hand for the three daily drills.

The Seminoles are expected to face their nine game schedule this fall with considerable more reserve strength at every position than the 1948 "iron men" eleven which won the Dixie Conference championship. Promising freshmen and reserves still lack polish, but have been showing up well at scrimmage sessions.

Gonzales Is Expected To Turn Tennis Pro

LOS ANGELES Sept. 15.—(AP)—National tennis king Richard Pancho Gonzales is expected to turn professional as soon as he finishes the Pacific southwest tourney.

Gonzales who advanced to the tournament's final with a 4-1, 6-4, 6-3 triumph over Filipino Filomeno Amador yesterday, has signed no contract yet.

But Gonzales plans to turn pro within a week and will make his first appearance at Madison Square Garden Oct. 25. It is reported he will receive \$20,000 or 20 per cent of the gate on a forthcoming appearance.

Also veteran Fred Parker is reliably reported ready to join the pro ranks.

Parker and Gonzales team up today in a quarter final match with American-born Straight Clark. Last American to reach the quarter final round was in a quarter final round at the Los Angeles tournament. Herb Lamb, Los Angeles, the another quarter final single hit.

Strength Here Is Expected In Football

strength here is expected to be provided by John Newland, Raulie Rutherford or Bob Johnson.

Captain Hugh Adams, hard working tackle who was selected on several Little All-American Squads in 1948, is setting a fine example for his teammates with inspirational play in scrimmage sessions. W. A. "Hub" Kendrick, another regular last fall, Ed Fox and Dave Middlebrook, are all returning lettermen at the important tackle slots. Dwight Osha and Bob Duckworth are outstanding among the new candidates.

The Seminoles are also well fortified with experienced men at end with Norman Eabanks, Ted Hewitt, Leonard Milton and Dick Kendall all back for another year of play. Freshmen wingmen Curtis Campbell, Billy Kelly, Vic Szecyanc and Louis Sutton head the reserve list with any of them capable of moving into a starting berth if the veterans should slip.

Lettermen Bill Dawkins and Bob Schmelz seem to have the inside track at guards so far. Pushing hard for a regular job are Dan McChure, a 1947 monogram winner, and first year men Loren Malby, George Spurling, Frank Marcus, Bill Hinson and Bob Tully.

Sixty minute man Joe Marcus and Monte May are the lettermen returning at center. Reserve

Senators Fail To Show Up For FEPC Hearing

Labor Committee Unable To Act On Civil Rights Bill Through Lack Of Attendance

WASHINGTON, Sept. 16—(AP)—Eleven senators, representing both political parties, failed to show up for a hearing on a bill to set up an Atlantic area police force. Personnel of the international police unit would be recruited from volunteers from the smaller European nations. The police would be under the control of the defense committee which is provided for in the North Atlantic Pact.

WASHINGTON, Sept. 16—(AP)—Lack of attendance kept the Senate Labor Committee from voting today on a Fair Employment Practices Act.

Seven of the 13 members showed up for the meeting, but Senator Hill (D-Ind.) left, explaining that he had a date to talk with President Truman about rural telephones.

That left only six members present. Under Senate rules, no measure may be reported or recommended unless a majority of the committee actually is present. The other six members are out of town. Chairman Albert Thomas (D-Utah) told reporters that he had no chance to put the bill to a vote while Hill was at the meeting because of "remarks."

If there had been a vote, the measure would have been approved, Thomas had proxy votes for about 20 members which he could have used. These, together with the ballots of Thomas and Humphrey (D-Mont.), and Humphrey (D-Mont.), would have been sufficient to send the bill to the Senate.

Southern senators have bitterly protested against the bill without holding hearings first. But Thomas made it plain he still intends to try again for a vote without hearing. He said he wants to have the bill ready for Senate action in the next session of congress.

A string of Administration victories in the Senate gave President Truman today the full tariff cutting powers he demanded.

Future Farmers Develop Talents On School Project

About one out of every three boys of Seminole High School is active in the Future Farmers of America. It was revealed today, following a report by almost 80 young farmers organized in the number which shows the rapid increasing interest in such a program.

Kenneth Eaddy, advisor, has made numerous improvements on the tools and machinery in the work shop, and has repaired the tractor and the farm truck. The overhead watering system has been cleaned and parts replaced, and a new coat of paint covers the pump house.

Parents and other interested persons are invited to visit this project and see what cooperation among these young men can do.

AUTO ACCIDENT
JACKSONVILLE, Sept. 16—(AP)—A Navy ship's crew was killed and three other Navy men seriously injured last night when two autos collided head-on five miles east of Cecil Place.

The dead man was identified as James M. Thayer, 31, ship's deck clerk, of Jacksonville, Miss. The injured were Lt. Comdr. Clay Alexander, 31, of Cecil Place, Jacksonville, and Lt. Comdr. James A. Brown, 31, of Jacksonville.

Auto Accident Victim

Funeral services were conducted in Paola yesterday at the Church of Christ for Bennis Ernest Thompson, 21 year old veteran, who died at the Bay Pines veterans hospital last Sunday following an automobile accident in Sanford on Aug. 15. The American Legion was in charge of graveside ceremonies at Sylvan Cemetery.

American Soldier Held By Russians Escapes Prison

Pvt. Sienkiewicz And 3 British In Red Jail Ten Months

BERLIN, Sept. 16—(AP)—One American and three British soldiers made a daring escape last night from a Russian prison in east Berlin, the U. S. Army announced today.

The American, Pvt. John J. Sienkiewicz, 26, told officers he and his companions burrowed through a thick wall with a blunt knife and managed to reach through and open their cell door.

Sienkiewicz was taken to an Army hospital where he was reported in a "generally weakened physical condition but not unduly undisturbed."

He had been held by the Russians since last Nov. 5 when he rode a stretcher into the Soviet sector by mistake. He said he was questioned 16 days and nights and "beaten when they said I was lying."

Sienkiewicz is the son of Mrs. Mary Sienkiewicz of Baltimore, Md. He and the three British prisoners used an iron bar from one of their beds to pry open their cell block door and then fled over a wall topped by jagged glass.

They reached the street by sneaking through a bombed-out building and then separated to make their way to the western sector. Sienkiewicz managed to get to a German police station in the French sector and telephoned American authorities.

He said he made one dash for freedom the day he was arrested but was recaptured Nov. 4 when he could not make his way out of the Soviet sector.

He said he was taken to Oranienburg prison in the Russian zone for exhaustive questioning "by high Russian officers," and later was returned to jail in the Soviet sector of Berlin.

The Army quoted him as saying "My food improved greatly about five or six weeks ago, when I began to get white bread for the first time since I was arrested."

This improvement coincided with a letter to Soviet authorities by the American military government (Continued On Page Four)

BYRON CUP MATCHES
SANFORD, England, Sept. 16—(AP)—Man. Fullmer and Jim Adams gave Britain's professional golfers first blood in the Byron Cup matches today when they defeated Johnny Palmer and Dutch Harrison of the U. S., 3 and 1, in their fourth foursome.

The British pair shot a sub-par 68 in the morning round to gain a 2-1 lead at luncheon and then held on doggedly to their advantage in the afternoon as the Adams team shot two bogey par

Murray Urges Steel Heads Avert Strike

CIO Leader Declares Steel Companies Should Accept View Of Fact-Finders

FORT SMITH, Ark., Sept. 16—(AP)—Arkansas coal mine operators now have federal court permission to refuse payment of 27.5 percent royalties to the United Mine Workers of America, U. S. District Judge John E. Miller, in a decision announced here today, said that the UMW contract violates the so-called "freedom of work" amendment to the Arkansas Constitution, and therefore is invalid.

WASHINGTON, Sept. 16—(AP)—John L. Lewis today announced suspension of royalty payments to miners effective tomorrow. Lewis said the action was due to lack of funds. It was ordered in a resolution adopted at a five-hour meeting of the fund's trustees. Lewis, speaking briefly with reporters, declined to say whether there would be a walkout in the coal fields.

PITTSBURGH, Sept. 16—(AP)—The CIO United Steelworkers today appealed to the steel industry to accept the presidential board's peace recommendations to avert a strike Sept. 25 and at the same time summoned its top strategists to plot the union's next move.

Union President Philip Murray sent this telegram to the 57 steel producing companies which appeared before President Truman's fact-finding board.

"A strike can be averted if your corporation will agree with the union and public opinion to accept the recommendations of the steel industry board as a basis for negotiating a prompt settlement of the existing labor dispute."

"We are ready and willing to resume collective bargaining and to reach prompt agreement with you on the basis of the board's recommendations."

Murray ordered the big union's war policy committee to meet here at 9 A. M. Wednesday.

There was an amplification of the announcement. Union officials declined to discuss the order.

Murray's action comes with a resumption of contract negotiations between union and some 57 steel companies blocked by a difference of opinion over whether workers should help companies pay for social insurance and pension programs.

Both sides are working down a 11-day strike deadline which expires at midnight Sept. 24.

The United States Steel Corporation, leading producer and traditional peace setter in the industry, has refused to accept the recommendations of a presidential fact-finding board.

Thieves entered the Junior High School last night and battered the safe open with a collection of odd tools and escaped with \$200 dollars, mostly cafeteria funds.

Police termed it an "amateur job." Lt. Max Bass of the City Police Department was called by Principal R. E. True to investigate at 8:00 o'clock this morning when the crime was discovered. The cafeteria losses amounted to \$172.

Crime Rates Rise In United States; More In Rural Areas Than In Cities

WASHINGTON, Sept. 16—(AP)—The FBI said today the nation's crime rate rose 2.7 per cent in the cities and 7.6 per cent in rural areas during the first half of this year, compared with the same period in 1948.

The data, published in a bulletin of the Federal Bureau of Investigation on Crime and Law Enforcement, noted that the predominant age of all the persons arrested for all types of crime January through June, 1949, was 21 years.

In order, the most frequent arrests were made in the 22, 23, 20 and 24 year age groups.

The report asserted that for the period 51,278 persons under 21 were arrested and fingerprinted—18.8 per cent of the total 400,000 fingerprint arrests recorded in 1948. This was an increase of 14.3 per cent over arrests in the same age brackets during the first six months of 1941—the last pre-war year.

Steel Official Seeks No Pay For U.S. Work

\$70,000 A Year Man Willing To Work For U. S. Government For Nothing

WASHINGTON, Sept. 16—(AP)—The Senate today rejected President Truman's appointment of Carl A. Igenfritz, a steel industry official, to head the munitions board. It voted 77-17 against a \$70,000 a year salary for the post. The opposition was chiefly a protest against White House-approved plans for Igenfritz to continue drawing a \$70,000 a year salary from the steel company while serving in the government post.

WASHINGTON, Sept. 16—(AP)—Carl A. Igenfritz, \$70,000 a year steel official, offered today to work for the government for nothing, if it is possible. His nomination to be chairman of the Munitions Board is under fire in the Senate because he declines to give up his private paycheck while he served.

Igenfritz said in a telegram to Stephen T. Early, deputy Secretary of Defense, that if the Senate approves his appointment for the job in a vote scheduled at 2 P. M. he will ask for a legal opinion as to whether he can serve without pay.

Chairman Lydings (D-Md.) of the Senate Armed Services committee made public the letter shortly before he took the floor to argue for continuation of the appointment.

Another controversial nomination attacked by Igenfritz was that of John Carson of Michigan to be a member of the Federal Trade Commission.

The Igenfritz appointment has been attacked by Senator Hyrd (D-Va.) as establishing a bad precedent under which federal officials could continue to receive outside pay from private companies.

Igenfritz, vice president of the U. S. Steel Corporation of Delaware, said there are "impelling reasons of the most personal nature" which make it impossible for him to resign from his company.

Subsequently, said Igenfritz, he would lose pension and other benefits if he took such action.

President Truman has approved an agreement under which Igenfritz would continue to draw \$70,000 steel company pay and get \$14,000 federal pay at the same time.

Igenfritz said in his letter he was advised that as a matter of law he could not serve as Munitions Board chairman and not take the salary involved.

Meanwhile the Navy lowered a salary bonus on Capt. John G. Cromwell and then quickly admonished all its other officers to abstain from speaking out publicly as Cromwell did.

Secretary of Defense, announcing that Cromwell's public and vigorous criticism of service unification "obviously disqualified" him for continuing to work for the (Continued On Page Four)

Exemptions On Clothing Are Cut From \$10 to \$4; Maximum Is Fixed At \$100

SENATE VOTES FRT

WASHINGTON, Sept. 16—(AP)—The House today passed a limited 1 percent sales tax. The final vote was 22 to 16.

The bill is almost identical to the one defeated by the Senate by a 21-16 vote last Tuesday. Only a few amendments were tacked on during a morning-long session.

Reconsideration of the measure, which Administration spokesmen have said will receive the approval of Governor Warren, came when six members of the Senate switched their votes.

Only minor change made was reduction of the clothing exemption to cover items costing \$4 instead of \$10 and one making heavy equipment subject to the tax, not to exceed \$100.

An effort to have the tax expire June 30, 1951, was voted down.

FOR THE SALES TAX: Brackley, Bacon, Beaman, Boyle, Cartell, Collins, Cramer, Crenshaw, Gatten, Johnson, King, Leonard, Mathews, McArthur, Miller, Peavler, Ray, Rodgers, Sawyer, Stands, Smith, Tucker.

AGAINST: Aiken, Ayles, Bawson, Bell, Bicker, Davis, Fawcett, Gurnea, Linder, Pope, Sheridan, Starnes, Strongs, Walker, Wilson, Wright.

Those who switched from "No" to "Yes" were Johnston, McArthur, Tucker, King and Beacham. Senator Moore, who was not present when the bill was defeated before, voted for the bill today.

In the House, opponents of the sales tax managed to stall off all debate on it by amending all pending bills until 10 A. M. Monday.

There were indications that the House would agree to let clothing be taxed in an effort to consolidate enough support to pass the limited sales tax bill.

That would be dropping one of the food-living medium exemptions that have been provided as the formula for getting a sales tax by the Governor's veto.

The House says it is getting back to the sales tax issue for the (Continued On Page Eight)

Problems Studied By Local Unit Of National Guard

Two problems in community service were studied last night by Co. L, 124th Regiment, National Guard, under the direction of Lt. Raymond Kaylor, with Capt. Roy Green and Capt. John Pope assisting in the instruction.

Lt. John Smith instructed the men in dealing with conditions arising from a disastrous fire in the community, and Lt. Ed. Smith conducted the men through guard duty with special emphasis on the protection of private property.

Returning from their maneuvers the men were served hot coffee at the Armory. In the evening they were invited to attend and join the organization.

The local unit now consists of 66 men and three officers, Lt. Smith stated, and additional assignments will be accepted during the National Guard Recruitant Drive which started yesterday.

BODY FOUND
NEW SMYRNA BEACH, Sept. 16—(AP)—The body of Jesse Williams, 35, was found floating in the Indian River early today.

Coroner F. R. Hannon ruled the case accidental drowning. Tanker was fishing Wednesday when he fell from a bridge draw into the river.
