National Commander American Legion, F. W. Galbraith Killed Today in Auto Accident When Car Turned Over

NATIONAL DIRECTOR OF LEGION'S AMERICANISM COMMISSION AND NATIONAL COMMITTEEMEN FROM ILLINOIS WERE INJURED.

Accident Happened at Indianapolis When Car Went Over Embankment Early Today, Caused By a Defective Steering Apparatus.

(By The Associated Press)
INDIANAPOLIS, June 9.—F. W. Galbraith, Jr., National Commander of the American Legion, was killed and Henry J. Ryan, of Indianapolis, National Director of the Legion's Americanism Commission, and Milton J. Foreman, of Chicago, National Committeeman of the Legion from Illinois, were injured when an automobile in which they were riding went over a steep embankment here early today. They were returning to the city from the Country Club in Ryan's car. The car failed to make a slight turn in the road and ran over the curbing, across the sidewalk and turned over several times landing at the foot of a 20-foot embankment. Galbraith suffered a fractured skull and died enroute to the hospital. Ryan, who was driving the car, declared he believed it was a defect in the steering apparatus that caused him to lose control. The coroner, who investigated immediately after the accident, said he found a broken connection of the steering wheel. Foreman suffered a fractured skull and is in a serious condition.

American Steamer Hits An Iceberg Off Newfoundland

More Drift Ice in North Atlantic Than Ever Before

(By The Associated Press)
HALFAX, June 9.—The American freight steamer *Charlot*, Philadelphia for London, struck an iceberg two hundred miles off the Newfoundland coast last night according to a radio received here. How stove in and vessel is heading for port.

WASHINGTON, June 9.—There is more heavy drift ice in the North Atlantic this year and it is farther south for this season than any time since 1912 when the liner *Titanic* was sunk, according to Rear Admiral Chandler, head of the naval hydrograph service.

TOM WATSON WANTS CONGRESS TO GET BUSY

POINTS OUT TO SENATE THEY HAVE BEEN GATHERED TOGETHER THREE MONTHS AND NOTHING ACCOMPLISHED.

WASHINGTON, June 8.—A "mysterious connection seems to exist between failure to bring about final action on the peace resolution and the maintenance of troops on the Rhine, Senator Watson, democrat, Georgia, said today in the senate. "We have been here three months. The 'clear-visioned' gentleman from Ohio has been in power three months. What has been done? We have seen one vision arise and then another. We have heard one good little speech and then another. But all we have learned is that the ten commandments still remain in force and that 12 times 12 still equals 144."

"One of the statements of candidate Harding," continued Senator Watson, "was 'away from the league and back to the constitution.' Today we are nearer the league and further from the constitution."

The Georgia senator said he could not consider seriously danger of war from Great Britain, Japan, France or any other nation.

"Japan," he asserted, "is a bugaboo being used by the militarists to frighten the civilian population."

German Ambassador Made His Excuses For German Troops

(By The Associated Press)
PARIS, June 9.—Dr. Mayer, the German ambassador, presented to the French foreign office today the excuse of the German government for the attack upon French troops in Silesia yesterday by German defense forces. Mayer said the French were mistaken for Polish insurgents.

LARGE AREA COVERED BY PUEBLO FLOOD

LEVEL AN AREA OF 296 SQUARE MILES AROUND THE CITY.

(By The Associated Press)
PUEBLO, Colo., June 8.—Property was totally destroyed over an area approximately 296 square miles in the neighborhood of Pueblo by the recent floods, according to a report made today to military headquarters here by Capt. James J. Bennett, of the reconnaissance group.

PUEBLO, June 8.—Eighteen persons are known to have been killed by the flood in the LaJunta district, according to a Colorado National Guard officer who arrived here today.

GET PEACE WITHOUT ANY MORE WAR

PRESIDENT SAYS WE DO NOT NEED WORLD SUPER-POWER

WASHINGTON, June 9.—President Harding, delivering a commencement address yesterday at American University here, found the subject of world peace occupying so prominent a place on the program that he was prompted to depart from his prepared manuscript and declared for the preservation of peace by sovereign states, without the interference of a world "super-power."

The president's remarks followed an address by Newton W. Rowell, K. C., of Toronto, Canada, who suggested that the best contribution North America could make to civilization was "for men on this side of the water" to stand together behind the movement for peaceful settlement of international disputes. Another speaker who touched on the question of peace was J. J. Jusserand, the French ambassador, and the general discussion developed such a trend that Bishop John W. Hamilton, the presiding chancellor, referred to the gathering as a "peace conference."

An added touch of the same character was given by the singing of a song which appeared on the commencement program under the title of "An International Anthem" and which, rendered to the tune of "America," and "God Save the King" recounted how "two nations by the sea, two nations great and free, one anthem raise." Before the singing began the American, British and French flags had been raised together over the outdoor entrance.

Mrs. C. A. Betts is home again after an operation at the Fernald-Laughton hospital for appendicitis. She is improving every day, much to the gratification of her many friends.

STATION AGENT AT BALDWIN KILLS MAN

L. S. DARBY SHOOTS MARSHAL THOMAS WHEN HE WAS ARRESTED BY THE LATTER

(By The Associated Press)
GAINESVILLE, June 9.—L. S. Darby, station agent of the Atlantic Coast Line at Baldwin, who shot and killed Marshal L. S. Thomas there last night, alighted from a train here this morning and surrendered. Reports from Baldwin say that Thomas was attempting to arrest Darby for disorderly conduct when Darby shot him. Thomas is forty-seven and a former mayor of Baldwin and a wealthy planter. Darby is twenty-seven. The feeling against Darby in Baldwin is said to be high.

Investigation Of All Agencies Ex-Service Men

Ordered by Senate Today in Adopting Resolution

(By The Associated Press)
WASHINGTON, June 9.—Investigation of all government agencies dealing with former service men was ordered by the senate today in adopting a resolution by Senator Walsh, Democrat, Massachusetts, creating a select committee to conduct inquiry vote unanimous.

NEWBERRY'S ANGEL COMES TO LIGHT

ONE OF THE SOURCES OF HIS CAMPAIGN FUNDS ALMOST DISCOVERED

WASHINGTON, June 9.—Senate inquiry into Henry Ford's contest for the seat of Senator Truman H. Newberry, of Michigan, growing out of the 1918 election, began yesterday and ran through a brief but stormy session. John S. Newberry, brother of the senator, testified that because of "love, affection and loyalty" he had opened his bank account through an agent for unlimited and unsupervised campaign expenditures, concerning the amounts of which he had never inquired, and the manner of which he knew nothing except as I read it in the newspaper.

The total drawn was placed at \$99,000 by the witness. Henry B. Joy, a Detroit capitalist, was called, but an attorney presented a physician's certificate declaring the absent witness was suffering from a heart ailment which might kill him if he were put on the stand. Alfred Lucking, counsel for Ford, jumped to his feet with the demand, "We want Mr. Joy. He was out on his yacht when the process server sought him," Mr. Lucking continued. "He gave \$49,000 to his campaign and he is a brother never agree to proceed without his er-in-law of Senator Newberry. I'll presence."

After three lawyers and five senators got into a discussion tentative agreement was reached by Attorney Spencer, under which two heart specialists will be deputized to examine Mr. Joy and determine whether he can be called without endangering his life.

Brigadier General Talked Too Much, Harding Canned Him

(By The Associated Press)
WASHINGTON, June 9.—The relief of Brigadier General Mitchell as assistant chief of the air service was requested by Major General Menoher, chief of the army air service today. Repeated public statements by Mitchell urging unified air service made since Harding addressed congress in opposition to unification is said to have been one reason prompting the request.

GRAND JURY MEMBER TAKEN TO THE JAIL

WAS UNDER CONVICTION AND PERJURED HIMSELF.

(By The Associated Press)
TAMPA, June 9.—J. C. McDonald, a member of the grand jury here, was excused from service and placed in jail while charges of perjury against him are being investigated. It is alleged he was found guilty of grand larceny last year and his appeal is still pending. The oath taken by each juror is that he is not under prosecution or has been convicted of any crime without citizenship rights been restored.

President United Textile Workers Dead

(By The Associated Press)
FALL RIVER, Mass., June 9.—Word was received here today of the death in Brooklyn this morning of John Golden, general president of the United Textile Workers of America.

FLORIDA CONFERENCE WILL WIN OUT

IN CHRISTIAN EDUCATIONAL DRIVE FOR \$774,500 THE QUOTA

(By The Associated Press)
LAKELAND, June 9.—The Florida Methodist conference lacks only \$9,210 to complete its quota of \$774,500 in the Christian Educational drive, according to officials, and if the quota is completed today this conference will be the first over the top.

PROPOSED TREATY BETWEEN IRELAND AND SOVIET RUSSIA

(By The Associated Press)
LONDON, June 8.—The government issued as white paper today the text of what purports to be a draft of a proposed treaty between the Russian soviet government and the Republic of Ireland, which the government says was captured in Dublin.

WHEAT DROP FORECAST IN CROP REPORT

FEDERAL DEPARTMENT ISSUES SURVEY FOR MONTH OF JUNE

WASHINGTON, June 9.—The June crop report of the department of agriculture issued yesterday giving production forecasts based in the condition of the crop on June 1, the condition on that date and acreages planted follows:

Winter wheat: Production forecast 578,000,000 bushels; condition 77.3.
Spring wheat: Production 251,000,000; condition 93.4; acreage 18,923,000.
All wheat production 830,000,000; condition 82.0; acreage 56,744,000.
Oats: Production, 1,405,000,000; condition, 35.7; acreage, 44,329,000.
Barley: Production, 191,000,000; condition, 87.1; acreage, 7,718,000.
Rye: Production, 71,000,000; condition, 90.3.
Hay production, 101,000,000 (tons), condition, 35.0.
Apples, production, 108,000,000 bushels; condition, 41.3.
Peaches, production, 31,700,000 bushels, condition, 45.5.
A drop of 81,000,000 bushels in the forecast of production of the winter wheat crop as compared with the estimate made a month ago, featured the June crop report of the department of agriculture, issued yesterday. The crop was forecast from June 1 conditions as 578,000,000 bushels, while from May 1 conditions it was estimated at 629,000,000 bushels.

ADMIRAL SIMS SAID IT AND STANDS PAT TODAY ON THE IRISH QUESTION

Polish Insurgents Driven from Rosenberg By British Troops

(By The Associated Press)
OPPELN, June 9.—Five thousand Polish insurgents have been driven from the city of Rosenberg by British forces and last night the Poles were reported retreating southeast. The Poles made a show of resistance by the British did not fire a shot in taking possession of the city.

Another American Seems to Have Stirred Up Fuss in England

REAR ADMIRAL

SAYS HE WILL NOT REPUDIATE A SINGLE WORD AND WAS NOT UNAMERICAN

(By The Associated Press)
LONDON, June 9.—Rear Admiral Sims, of the United States Navy, was quoted by a press association this morning regarding a speech he delivered on the Irish question here Tuesday said: "I stand by all I said, every word of it. I shan't repudiate a single word I said and I see nothing un-American in it even if Senator McCormick does."

MEN'S CLUB OF PARISH HOUSE, ENTERTAINED

HAD LADIES NIGHT AND GENERAL GOOD TIME WEDNESDAY EVENING

The Parish House of Holy Cross church, was the scene of gayety last night the same being ladies night and all the members and their friends brought the ladies to the biggest night in the year of the club when business is forgotten and a good time prevails. There were about one hundred gathered last night when President B. F. Whitner of the Club, called the meeting to order and in a neat speech told the people gathered about the purposes of the Club and invited those who were not already members to come in and take a part in providing amusements for the young boys and the men of Sanford and told of the work already accomplished and what the club expected to do in the future. Mr. Whitner then dispensed with the regular order of business and turned the meeting over to R. J. Holly, Deane Turner, A. H. Stone and others. Songs were sung by all the folks and stunts were pulled and for about one hour there was something doing every minute. John Smith and Edward Lane had a peanut race that was very exciting. Sheriff Hand and Frank Miller boxed one round while various good singers were called to the platform for a song. Delicious refreshments were served by the Ladies' Guild and about the time they had been disposed of R. J. Holly called Sheriff Hand and said that it was rumored that some one had liquor on them. Sheriff Hand searched the house and found a sealed package on A. R. Key and as County Prosecutor Schelle Maines, County Judge E. F. Housholder and States Attorney DeCottes were in the audience it was decided to give Mr. Key a preliminary trial at once and court was convened. Mr. DeCottes defended the accused, Schelle Maines prosecuted him and Judge Housholder presided with all his accustomed dignity and the jury composed of Mrs. Clifford Peabody, Mrs. F. L. Miller, Mrs. Vivian Speer, Mrs. R. J. Holly, Mrs. S. M. Lloyd and Frank L. Miller were asked all kinds of personal questions about liquor and the ladies on the jury and in the audience had a chance to witness a real court case, the ladies on the jury having been dubbed "jurresses" by Mr. Maines. The witnesses called were Sheriff Hand, B. F. Whitner, George Speer and R. J. Holly and they were heckled just like the witnesses are in the regular court and made to talk more than they knew. The past life of Mr. Key was investigated and the methods employed by the courts and the lawyers were exposed and while the trial was an impromptu affair gotten up on the spur of the moment the repartee was rich enough for any professional play and kept the audience in a roar of laughter.

Lack of space will not permit a detailed report of the trial but it was the richest thing pulled off in this city in some time and when the jury retired and came back immediately

MANCHESTER, England, June 9.—Under the caption "Admiral Sims' Outburst" the Manchester Guardian yesterday published an editorial on "the indiscretion of his little outbreak Tuesday" in the American Admiral's luncheon address before the English Speaking Union.

The editorial said: "Among the many points forgotten by the distinguished American sailor—whom we all like even when he puts up into passing difficulties—are the facts that the Sinn Fein party and the murder gangs who profess to be doing its work are just about as distinct from each other as the British government and the other murder gangs which profess to be doing its work; that the most striking point in Ireland's relations to the great war was not the insane effort of a few wild extremists to help the Germans, but the great number and excellent quality of Irish soldiers who abounded not only in Irish, Australian and Canadian but also in English and even Scottish regiments and that an even more remarkable degree of participation by Irishmen in the overthrow of Germany was only prevented by the folly of a few anti-Irish politicians at the war office and elsewhere, who choked off the great recruiting movement started by John Redmond.

"By ignoring such facts while he stressed others, Admiral Sims, no doubt, with the best intentions, assimilated himself to an intemperate kind of English party man. It is a pity, because he is personally worthy to cut a much better figure than that and because it is painful to find any fault at all with a great officer in the navy of a friend."

WASHINGTON, June 9.—An investigation of a recent speech made in London by Rear Admiral Sims touching on the Irish sympathizers in this country was ordered by the senate today without a record vote. The resolution was offered by Senator Harrison, democrat, Mississippi.

with a verdict of "not guilty" showing that Mr. and Mrs. Miller "could agree" and that the lady "jurresses" knew a thing or two the loud applause showed that the little court scene was thoroughly enjoyed. Mr. Key was cleared of the charge by proving thru his able counsel that the bottle found on him was "hair tonic" and not liquor made in a copper still or a lard can and he was allowed to go with the awful charge against him absolutely wiped off the "court records" of the Parish House Club.

The Club will not meet again until next October at which time there will be something doing for all of the young men and the old men of Sanford who wish to remain young and it is hoped that all of them will avail themselves of this opportunity to join the club that is doing such good work in Sanford.

THE BRIDGE AT OSTEEEN FERRY SHALL BE BUILT

BRYANT BREAKS SILENCE SAYS WIFE TOLD TRUTH IN HER CONFESSION

That She Did Not Know Anything About the Murder

John R. Bryant, who will face trial in the circuit court here Thursday for the murder of his father, broke his long silence yesterday and told the story of his early life and training, of a mother still living, whom he had always believed dead, and, in speaking of his wife's confession given to the press, declared:

"Had she not made the confession she did I would have cleared her the day of the trial."

While showing a reluctance to speak of the story told by his wife, Bryant did not appear to be in the least hurt or angered over any of the statements she had made. He said:

"She told the truth when she said she did not know anything of the crime."

Bryant said he was born at Devil's Lake, North Dakota. His father was a horse trader and peddler. From Devil's Lake he began with his father a nomadic life that carried them through many states and cities. He never remembers seeing his mother. His father told him that she had died when he was three years old.

Vividly he tells the story of how he had grown to manhood, his only relative a stern, selfish parent, under whose iron discipline he was forced to shift for himself at the early age of 12 years. He told how his father led him to believe that his mother was dead, and he had not known that she was living until he was twenty-five years of age.

Only after he had returned from the battle fields of France, where he fell twice wounded amid the steel hell that swept the Argonne, did he learn that the mother who brought him into the world was living. A letter from his grandfather revealed the fact that the mother whom he had never been taught to cherish, the mother whom he had been robbed of ever knowing by a cruel lie, and the mother whose existence he might have gone to his death on the bloody battle fields of France without being aware of, was living.

Bryant says that he has not been able to locate his mother since he learned that she was alive. His grandfather did not know of her whereabouts, his letter only conveying the knowledge that she still lived. He states that he had never given up hope of finding her and was still seeking some trace of her through his grandfather.

Bryant spun the story of his early life in detail, of his shiftless, hobo existence during his father's wanderings. Sometimes he rebelled and sought to break away from the iron discipline with which his father ruled him; and how finally at the age of 12 he began to "paddle his own canoe."

Love was something he never knew. A mother's love he never dreamed existed somewhere for him.

"I only went to school about two months in my life," he said in speaking of his education, which consists of the rudimentary knowledge of how to write his own name.

When Bryant was first lodged in jail here he stated that he could only read "a little." Yesterday he revealed the fact that he is unable to read at all.

Bryant speaks of his father as being "well educated," but no doubt he saw his father through the eyes of his own ignorance.

Evidently the father was not concerned much over his son's education and the wandering life that they lived did not tend to give the lad a chance to attend any public school for long even had his father saw fit to send him.—Orlando Sentinel.

LONGWOOD NOTES

Miss Fern Singletary is the guest of her grandmother, Mrs. Geo. Lewis.

Friends of Mrs. Stiles will be glad to hear that she is very much improved and came home from the Orange General Hospital Wednesday.

Miss Ellen Fuller spent the week end with her parents, Mr. and Mrs. A. Y. Fuller.

Mr. and Mrs. T. G. Roebuck and Miss Georgia Hall left Thursday for their home in New York City.

Mrs. Geo. Stuart, Misses Eva and Margaret and Master George, left on Tuesday for their old home in Verona, Pa.

Lester and Harry Beeman, of Orlando spent the week at Palm Springs. The Messrs. Beeman have done much to add to the public's good time, and we all appreciate it.

J. E. Phipps returned Saturday from Ocala.

Mr. and Mrs. Roy McCracken, of Orlando, were the guest of Mr. and Mrs. T. J. Williamson Thursday.

A. E. Boardman, of Maitland, is putting a fence around his property

In Longwood, which is known as the Chile's place.

Clyde and Maurice Clouser, of Orlando, were in town Sunday, calling on friends.

Mrs. A. Y. Fuller and daughters, Lelia, Frances and Emma, motored to Orlando to attend the Baccalaureate sermon of the Orlando High school from which Miss Ellen Fuller graduated Friday night.

Mrs. J. S. Dinkel returned from Orlando Saturday after a very pleasant visit with Mrs. E. C. Maury.

Miss Hettie Arnette returned last week from Ocoee where she has been teaching.

Mrs. Florence Hudson, of Orlando, was up Tuesday giving her regular music lessons.

Mr. Hughes and Mr. Stout, of Orlando, were visitors in town Tuesday.

Mr. and Mrs. J. S. Dinkel were transacting business in Sanford Tuesday.

Bill Satcher was a visitor in Sanford Tuesday.

W. E. Allen and Louis Entzinger, Mr. and Mrs. L. T. Hunt were visitors in Sanford Tuesday.

T. G. Roebuck, Miss Hall and Mrs. Minx of Orlando motored over to Coronado Beach Monday.

HUNDRED CARS PEPPERS GOING OUT EACH WEEK

F. F. DUTTON INSTALLS MACHINERY FOR GRADING THE CROP.

(From Saturday's Daily)

This is pepper time in Sanford. Some people think the Sanford section raises nothing but celery and lettuce but they would be greatly surprised if they could come here at this time of the year and see the tomatoes, corn, potatoes and peppers going out by the car load.

Seminole is probably the greatest pepper county in the state in the spring of the year. Not in the winter for then it seems that Ft. Myers has the swing. But just at this particular time Sanford peppers are in great demand and there are hundreds of acres of them planted and hundreds of acres are being shipped.

The American Fruit Co., F. F. Dutton, Inc., Sanford agency has conceived the idea of using the old method adopted by orange packers in sorting peppers and Mr. Dutton sent down to the Skinner Co., at Dunedin and purchased the roller chains and rollers and made the rest of the machine and has installed it at Beardall Siding in his packing house. The peppers are turned into the hupper out of the field boxes just like oranges and the carrier takes them along, passing through many hands that assort them out into first and seconds and the red ones and at the end of the carrier the men are ready to turn them into crates and the firsts take the Blue Goose brand, the seconds and the red peppers are market accordingly and when packed into the car the Blue Goose labels make up a wonderful good appearance to the buyers. Mr. Dutton believes in having a brand and sticking to it and nothing but good stuff is shipped under the Blue Goose.

100 cars of peppers went out of the Sanford section last week and there will be about 80 this week and the same number the week after. They have been bringing \$4 per crate but the price has fallen on account of the large amount being shipped and the price is now \$1.50 f. o. b. Sanford which ought to net the growers 75c a crate or \$300 per acre. As this is the second or third crop on the same land the pepper crop can be classed as one of the big money crops of this section.

Flags at Half Mast
WHEN FUNERAL SERVICE
OF SERVICE MEN HELD

(By The Associated Press)

JACKSONVILLE, June 2.—According to a general order received here from Washington today the flags on all federal buildings will be placed at half mast whenever the funeral services of service men who died in France are being held, if the proper authorities are notified.

How a Noted Vet. Gets Rid of Rats—Farmers Heed.

Dr. H. H. Butler says: "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats. Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes 3c, 6c, \$1.25. Sold and guaranteed by Hall Hardware Co.—Adv.

STOP CATARRH. OPEN
NOSTRILS AND HEAD

Buy Cream Applied in Nostrils
Believes Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, anti-septic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief. Ah! How good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headaches, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.—Adv.

FORT MYERS WINS ANOTHER.

(From Wednesday's Daily)

Another good game, but Sanford on the wrong end of the score again. Yesterday afternoon before a large crowd Sanford played their second game of the season with Fort Myers again, and as the day before, they put up a good fight considering the big odds they were up against, but the hill was just a little too hard to climb and Ft. Myers won, thereby taking the series.

Even though Fort Myers won the two games played in Sanford they left with the knowledge that it took some real hard work to get by with these two games and even yet they are inclined to doubt us when we say that our club has never had a work out together this season until appearing on the field to play the opening game. Some of the Sanford players did not know what position they were to play until their arrival at the park.

The game yesterday was a long drawn out affair on account of the many times that Fort Myers wanted to stop and read the rule book. Several arguments arose during the contest that delayed the game and several times did his umpfs fall asleep, with it all he was not so bad at that, especially the time a runner was caught stealing second and he was lighting a cigarette and forgot to render a decision. The umpire was a Fort Myers man and we believe he called them as he saw them but sometimes he didn't see them.

But it was not the umpire that beat us, it was their million dollar ball club, a club composed of all paid players, each one drawing down salaries equal to those paid in the Florida State League, a ball club that has been playing for the past several months against ball clubs that are ball clubs and the fact that our little bunch of home boys held them as they did satisfie the Sanford fans.

Amil Ammon did the twirling for Sanford and he pitched a good game. Aside from one or two wild pitches, his work was as good as is usually seen in the Florida State League. Amil has made his home in Sanford and will be here permanently and the Sanford fans will all be glad to learn that he will be one of the regulars this season.

Space is not permitted here to go into detail in regards to the individual playing of each man but every one of the Sanford players did just one hundred per cent better than was expected of them and after a little practice they will be able to hold their own with any of them.

Games have been arranged with Kissimmee for next week. Watch for the dates and be there, this new club needs your help.

The box score for yesterday's game was as follows:

Sanford	AB	R	H	P	O	A	E
Smith, 2b.	4	0	1	0	3	1	
Rive, c.	4	0	0	8	4	1	
Chapman, lf.	4	0	0	2	0	0	
Pope, ss.	4	0	1	1	0	0	
Ammon, p.	3	0	1	0	5	0	
Betts, 3b.	3	0	0	0	1	0	
Chittenden, lb.	3	0	0	1	4	0	
Biggers, cf.	3	0	0	2	0	0	
Martin, rf.	2	0	0	0	0	0	
	30	0	3	27	13	2	
Fort Myers	AB	R	H	P	O	A	E
Lightfoot, 2b.	5	0	1	1	2	0	
Wynn, c.	4	1	1	8	3	0	
Crieger, lb.	1	1	1	14	0	0	
Rogers, cf.	2	0	0	1	0	0	
Usher, ss.	4	0	1	0	1	0	
Moger, lf.	3	0	0	0	0	0	
Harrocks, 3b.	4	1	1	3	4	1	
Monk, p.	4	1	0	3	0	0	
Sturke, rf.	4	0	1	0	0	1	
	34	4	7	27	13	2	

Score by innings:
Fort Myers 0 0 2 1 0 0 0 1—4 7 2
Sanford 0 0 0 0 0 0 0 0—0 3 2
Summary: Left on bases, Sanford 9, Fort Myers 9. Earned runs, Fort Myers 1. Bases on balls off Ammons 4, off Monk 1. Struck out by Ammons 7 by Monk 8. Sacrifice hits: Ammons, Moger. Stolen base: Ammons, Harrocks. Wild pitch, Ammons 2. Time 2:45.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

WASH POISONS AND TOXINS FROM SYSTEM BEFORE PUTTING FOOD INTO STOMACH.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiastic on inside bathing.

—Adv.

One judges by the frocks they wear that when a debutante comes out she is expected to stay out.

Even though governments stop making big guns, they will continue to rifle the pockets of the taxpayers.

UPSALA AND GRAPEVILLE

Everyone who attended the Sanford school commencement exercises were delighted with them.

A number from Upsala also attended the Memorial exercises in town Sunday afternoon while Mr. Ballinger was one of the old soldiers attending for the morning service at the Congregational church.

Mrs. Brown, of Lake Helen, visited at the home of her sister, Mrs. W. A. Tyner from Tuesday till Thursday afternoon of last week.

Miss Margaret Ericson was a visitor at the home of Mr. and Mrs. Collier in Sanford on the 22nd, going with them for an auto ride to St. Cloud and back.

Clarence Bergquist attended the graduation at the High School at Tigger Bay of his brother, Theodore, the latter returning to Upsala with him Tuesday for a visit at the home of their sister, Mrs. E. W. Lundquist.

Mr. and Mrs. Fred Krill and little daughter, Dorothy, and their sister, Miss Eunice Tyner spent a few days with relatives and friends near Arcadia, returning home Tuesday.

Geo. Ballinger lost a light summer coat near the old dairy Wednesday, the 25th. Please return to owner and receive reward. There was a grocery bill with his name on it of Dan and Taylor and a bit of candy in one pocket.

Mr. and Mrs. Vernon Collier and their sister, Mrs. Gleason and son, Clyde, were among the many visitors at Crystal Lake Thursday afternoon, having a picnic supper there and on the way home, Mrs. Jennie Gleason and son stopped off for a few days at the home of her old friend, Mrs. Minnie Westerlock, calling also on the writer.

Rev. Albertson writes he expects to be with us for preaching again next Sunday at 3:30.

We hope that the Sunday school can be better attended now that school is closed. Supposing it is a little warm, come out and forget it.

Mr. and Mrs. W. A. Tyner had as their house guests over Sunday his brothers, Charles and wife and two children; Clarence and Reuben and the mother, Mrs. Charlotte Tyner, all of Tampa who motored up.

OVIEDO NOTES

(Too late for last week)

Mrs. O. P. Swope and children left Saturday morning for Daytona Beach where they have taken a cottage for the summer.

The graduating exercises of the Oviedo High school were held on Friday evening, May 28th, at the school building. The stage was beautifully decorated in pink and green, the class colors. Seated on the stage were the three graduates from the high school, Misses Mable Swope, Elizabeth Layton and Olive Lextette, Mrs. A. K.

- MORAIR SUITS, Now \$20.00
- PALM BEACH SUITS, Now \$15.00
- PALM BEACH SUITS, (Special lot) \$10.00
- SPORT COATS, Now \$12.50
- WHITE FLANNEL PANTS, Now \$10.00
- ARROW SHIRTS, Now \$1.50
- Several styles ARROW Laundered Collars, per dozen..... \$2.00
- ARROW SOFT COLLARS (35c kind), 4 for \$1.00

Did you know June 3rd is Jeff Davis' birthday. Mr. Herndon has generously donated a portion of the receipts of Friday's picture "Blind Wives" to the local Chapter, United Daughters of the Confederacy, to help with funds for Jeff Davis' monument.

Sanford Shoe & Clothing Co.

Crawford, principal High school; Supt. T. W. Lawton, O. P. Swope, chairman of board of trustees, Dean Sprague of Rollins College, Rev. J. N. Thompson and Rev. L. E. Wright. The program was opened by a prayer by Rev. Thompson. Those who took part in the musical program were Mrs. C. S. Lee, two vocal solos; Reverdy Wright, vocal solo; Mrs. T. W. Lawton and Mrs. Lingo, accompanists; Mrs. T. L. Lingo and Miss Ruth Young, piano solos.

Dean Sprague, of Rollins College, gave a splendid address on "Man's Relation to God," after which Supt. S. W. Lawton presented the diplomas to the graduates, a prayer by Rev. L. E. Wright closed the program for the evening. The graduates were beautifully dressed in white organdie and carried shower bouquets of ferns, daisies and pink carnations, their class flower. The bouquets were a gift from the Sunday school class of Mrs. T. W. Lawton of which all three of the young ladies were members.

Miss Nell King and Mrs. M. M. King left Wednesday for Jacksonville.

Rev. and Mrs. J. N. Thompson and young son, Alan, left Wednesday for Island Grove where they were summoned by the illness of Mrs. Thompson's sister.

H. B. McCall and sons, Edward and Warren, returned Wednesday from Lakeland. Mr. and Mrs. McCall went to Lakeland Sunday to attend the graduation exercises of the High school, Edward McCall being one of the graduates this year.

Mrs. J. E. Partin, Mrs. J. J. Jackson, Miss Stella Farnell, Miss Lucile Partin and Mrs. E. A. Farnell visited Orlando Tuesday.

Misses Mary and Alice Brannon left Monday for Jacksonville where they will enter the Massey Business College.

Alton Farnell, of Jacksonville, is spending a few days in Oviedo this week.

Dr. and Mrs. Simmons returned Friday from Indiana and Alabama where they visited relatives.

The annual May picnic was given

by the Methodist and Baptist Sunday schools at White's Wharf Thursday. There are no words to describe a picnic dinner prepared by the housewives of Oviedo or the good times enjoyed on this annual occasion, but those who have ever attended need no description.

Mr. and Mrs. C. E. Hawkins and little daughter, Helen, and Mrs. R. L. Fox of Leesburg visited Miss and Mrs. Mitchell Sunday.

Mrs. T. L. Mead spent Tuesday in Orlando.

W. M. Wright, of Jacksonville, is spending this week in Oviedo.

Misses Virginia Wright, Elizabeth Young, Mable Swope and Mrs. L. R. Mitchell visited in Sanford Monday morning.

C. M. Farnell, of Sanford, spent a few days this week with her mother, and sister.

Mrs. Ralph Banzard, of Jacksonville spent last week with her parents, Mr. and Mrs. N. F. Lextette.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 576, GENERAL STATUTES, LAWS OF FLORIDA

Notice is hereby given that J. F. Lalar, purchaser of Tax Certificate No. 518, dated the 2nd day of June, A. D. 1921, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lot 21 Westford's Add. Sanford. The said land being assessed at the date of the issuance of such certificate in the name of H. Wilson. Unless said certificate shall be redeemed according to law tax deed will issue thereon on the 11th day of July, A. D. 1921.

Witness my official signature and seal this the 2nd day of June, A. D. 1921.

(SEAL) E. A. DOUGLASS, Clerk Circuit Court, Seminole County, Fla. By: A. M. WICKER, D. C.

MURDER IN FIRST DEGREE— RECOMMENDATION MERCY GIVEN TO JOHN BRYANT

Judge Andrews Will
Sentence Him
Today

ORLANDO MURDER

CASE WENT TO JURY SATURDAY
AND VERDICT RETURNED
AFTER TWO HOURS

ORLANDO, June 6.—A verdict of guilty in the first degree, with recommendation to the mercy of the court, was returned by the jury in the case of John R. Bryant Saturday, whose trial for the slaying of his father near here on the night of March 19th, began in the circuit court last Thursday. Judge C. O. Andrews will pass sentence on the convicted man at the opening of court this morning. Whether his counsel will move for a new trial is not known. Judge Andrews will hear any appeal that may be made before passing sentence today.

The case went to the jury at 11:47 and they brought in their verdict at 2:15, after being out just two hours and twenty-eight minutes.

Bryant sat unmoved near the counsel's table as the verdict was read. But the packed court room, with breathless attention, heard the voice of the twelve men pronouncing judgment on a fellow man whose guilt or innocence had been left for them to decide.

Bryant, as he was led by the sheriff back to his cell in the Orange county jail, was moved to make the statement:

"I am sorry I killed my father, but I did it to save my own life."

His chief concern seemed to be for his wife and baby and he asked that the sheriff see that they were cared for until they could go back to the home of his wife's people.

Mrs. Bryant, when seen by a reporter, before and after the verdict, seemed to be reconciled to the outcome of the terrible drama which has been enacted in the lives of three people. Her baby jumped and "cooed" in her arms, a little mite of sunshine some day to awake to a consciousness of all that had happened.

The case against Mrs. Bryant will rest until whatever action, if any, is taken by Bryant's counsel. In case of no appeal being made the indictment against the wife will be quashed, it is believed.

State's Attorney Joseph H. Jones, in summing up the chain of circumstantial evidence against Bryant, made a brilliant appeal to the jury to weigh carefully all the evidence and to render a verdict that would uphold the law that protected their homes as well as those of every other man.

Judge John M. Cheney, in his usual masterly manner, summed up the evidence that had been offered and pleaded that his client might have the benefit of every reasonable doubt, saying "that there is no man living who can say before his God that John R. Bryant did not strike in self defense."

AS THE EDITORS SAW US.

The following from the Morgan Messenger, Berkley Springs, West Virginia, is interesting:

"The drive to Sanford in Seminole county was a long, hot one, the distance being about 25 miles. Here another wonder was unfolded before us—miles and miles of celery—you could smell it before coming to the fields. Sanford is one of Florida's thriving cities and has a population of 10,000, near which is Lake Monroe. Our driver, Mr. L. T. Bryan, who lives in Sanford, drove us about the city and over several miles of surrounding country, giving us a good view of the several hundreds of acres of celery, beans, cucumbers, squash, tomatoes, etc. There are five thousand acres in celery. It has to be sprayed every ten days. Two years ago one acre of celery sold in the field for \$3,000. It costs to plant and care for it \$500 an acre. This is a crop that must be heavily fertilized, it requiring three tons to the acre, and irrigated. Here the underground irrigation system is used. Their corn yields 50 to 75 bushels to the acre and is planted after the celery has been removed. Here they have flowing wells as they do in the Hastings potato section.

We saw quite a large quantity of cabbage rotting in the fields and ere told that there was no market for it. Sometimes the growers lose on the various crops, depending on the northern markets, and then again they may get rich or at least make big money in a single season.

As the party passed along the celery farms, the cars not having time

to stop as the train was scheduled to leave at a certain hour, people standing along the road handed in a bunch of celery and an envelope containing salt and everybody had a feast of celery.

Sanford has nice homes, schools, churches and hotels, and wide streets, but not so much shade as the other places visited, but in a few years this necessity will be filled as it is now growing. They have a number of churches in the city and I believe all, with one exception, are located on one street. They have a nice depot but quite a distance out. Am told that when the railroad company wanted to get into the city the people objected, so it came as close as it could. But in a few years the city may grow around the depot."

BRYANT GETS 60 YEARS KILLING HIS FATHER

MRS. BRYANT'S CASE WILL GO
OVER TO NEXT TERM OF
COURT, SAYS JONES

ORLANDO, June 7.—John R. Bryant was sentenced yesterday by Judge C. O. Andrews to serve sixty years in the penitentiary for the killing of his father, of which he was convicted Saturday by a jury of 12.

Prosecuting Attorney Jones yesterday morning said he would let the indictment against Mrs. Bryant stand until next term of court. It is thought however, that no further prosecution will be made against her in connection with the death of George Bryant.

PRaise FOR WELFARE DEPARTMENT AND THE ABLE CHAIRMAN

Mrs. B. W. Herndon,
Chairman Welfare Department
of Woman's Club.

Dear Mrs. Herndon:—
The installing of the White Way will stand for years as a monument to your efforts for civic betterment. At the last meeting of the Welfare department a motion was made and unanimously carried that a letter of thanks and appreciation be sent you through The Daily Herald for the splendid work you have accomplished the past year while chairman of this department.

The cleaning-up of the cemetery, setting out of palms and shrubbery on the various streets and beautifying the little park by the depot all go to show your untiring devotion to the work of making Sanford a bigger, better and more beautiful city. I am sure the citizens join with us in extending you our sincere thanks and appreciation.

Welfare Department Woman's Club,
Mrs. H. B. Lewis, Secy.

ONCE YOU ADVERTISE, YOU SHOULD NEVER STOP SAYS WILLIAM WRIGLEY

Once you are in business advertising is a necessary investment. It gets you what you always need, more business. There's no quicker or more reliable way to grow than to advertise.

My first advertising contract was for \$300. Last year I spent \$3,500, 000 in advertising. "Wrigley's." Now, I spend \$10,000 a day.
Figure out how many sticks of gum must be sold to meet this advertising appropriation alone and see for yourself how advertising gets results. William Wrigley, Jr., in Chicago American.

HEAD STUFFED FROM CATARRH OR A COLD Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv.

PEPPER DEAL EXPERIMENT SAYS PACKER

FIVE HUNDRED CARS LAST YEAR
AND 600 THIS, HARDLY
AN EXPERIMENT

A queer piece of news drifts into the New York Packer office with a Sanford date line as follows:

"Rains last week did considerable damage to the pepper crop in the vicinity of Sanford, the damage being variously estimated at between 15 and 30 per cent. Apparently the extent of the damage has been very largely dependent upon the nature of the land and while damage has been severe on low spots, there has been no apparent effect upon plants upon high ground.

"The Sanford pepper deal is more or less of an experiment but growers do not feel disheartened by the storm."

Since Sanford has been raising peppers for many years and last season shipped five hundred cars and will ship six hundred this year, it is hardly an experiment and the man who wrote the news article for the Packer evidently was a greenhorn or else knew better and wanted to start something. Peppers for the spring crop in Sanford have been one of the largest crops of this section for many years and the number of cars shipped from here make it one of the largest shipping points for peppers in the state. This applies only to the spring crop as the Fort Myers section has that honor for the winter crop when Sanford is raising celery and lettuce.

It makes but little difference to Sanford or to the growers when these "funny articles" appear in the trade papers. Everyone knows the Sanford section everywhere and there is no need to write either real articles or unreal articles about Sanford.

Four hundred cars of peppers have already gone forward bringing fair prices and there are two hundred cars left of the finest kind of peppers and those who are packing the right kind of stuff and labelling them with the proper brands are getting good prices right on. Experiment, h—ll. If peppers are an experiment in Sanford then Standard Oil is an experiment of John Rockefeller's.

BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FA-
VORITE RECIPE OF SAGE
TEA AND SULPHUR

Almost every one knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago, the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two your hair becomes beautifully dark, glossy and attractive.—Adv.

WILL TAKE OVER THE BISHOP APARTMENTS

(From Monday's Daily)
Mrs. Jessie Sharp will take over the Bishop block apartments and expects to operate this property, commencing with the first of the month. Mrs. Bates, who has been in charge of the apartments and who has made them popular, will move into the new home on First street that is being built for Mr. Bates. Mrs. Sharp will have her parents, Mr. and Mrs. Echols, and her brother, Charles Echols, with her here. The family have recently moved here from Pickard, Alabama, and will make a valuable addition to our city.

Mr. and Mrs. Edward Ward will remain at the new apartments until the new home which they expect to build on First street is completed, after which time they will also move into their new place.

How a Noted Vet. Gets Rid of Rats— Farmers Heed.

Dr. H. H. Butler says: "I use RAT-SNAP around my hospitals every three months, whether I see rats or not. It does the work—RAT-SNAP gets them every time. I recommend it to everybody having rats. Don't wait until there is a brood of rats, act immediately you see the first one. Three sizes: 2¢, 4¢, 12¢. Sold and guaranteed by Ball Hardware Co.—Adv.

THE BAD CHECK LAW IN EFFECT IN FLORIDA NOW

An act to define and punish the offense of passing worthless checks in the state of Florida, and providing certain rules of evidence and certain forms of accusations which may be used in prosecution under this act.

Be it enacted by the legislature of the state of Florida:

Section 1.—That it shall be unlawful for any person to draw or utter to another any checks without there being at the time thereof sufficient funds on deposit or to his credit with the drawee named therein to insure the payment of same upon presentation within a reasonable time after negotiations; provided, that this section shall not apply to any check where the payee or holder has been expressly notified prior to the drawing or uttering of same that the drawer did not have on deposit or to his credit with the drawee sufficient funds to insure payment as aforesaid.

Sec. 2.—That it shall be unlawful for any person to knowingly utter to another as good any check with knowledge at the time thereof that the drawer of said check is without sufficient funds on deposit with the drawee to insure the payment of same upon presentation within a reasonable time after negotiation.

Sec. 3.—That it shall be unlawful for any person, the drawer of any check, to withdraw from deposit with the drawee named therein, the funds on deposit with such drawee necessary to insure payment of said check upon presentation within a reasonable time after negotiation with intent thereby to defeat the payment of said check upon presentation to the drawee within a reasonable time after negotiation, and with intent to defraud.

Sec. 4.—That the term "check" wherever used in this act shall be taken and held to mean any bank check, bank draft or other negotiable bill of exchange for the payment of money payable at sight or on demand.

Sec. 5.—That it shall be the duty of the drawer of any and all checks as hereinbefore defined, before refusing to pay same to holder upon presentation, the cause to be written or stamped in plain language thereon the reason for drawer's dishonor or refusal to pay same, and in all prosecutions under this act, the introduction in evidence of any unpaid and dishonored check, having the drawer's refusal to pay stamped or written thereon with the reason therefor as aforesaid, shall be prima facie evidence of the making or uttering of such check and the due presentations to the drawee for payment and the dishonor thereof and that the same was properly dishonored for the reasons written or stamped by the drawer on such dishonored check.

Sec. 6.—That any person, firm or corporation found guilty of the violation of this act shall be deemed guilty of the offense of "passing worthless checks," and shall be punished by a fine not exceeding five hundred dollars or imprisonment not exceeding six months, or both such fine and imprisonment in the discretion of the court; provided that wherever it shall be made to appear to the court that defendant had before trial made complete restitution to the party or parties injured by the commission of the offense, such defendant shall be fined not exceeding one hundred dollars or imprisonment not exceeding thirty days, or sentence suspended in the decision of the court upon payment by the defendant of the accrued cost of prosecution.

Sec. 7.—That the prosecution had under this act, the affidavit, information or indictment charging the offense may be in the following form: "That the said defendant, A. B., in the county and state aforesaid, unlawfully did pass a certain worthless check of tenor and affect following, that is to say (here set forth the check verbatim, with all endorsements appearing thereon) and no other or further particularization shall be necessary, provided, that for good cause being made to appear, the court may require the furnishing of a bill of particulars to the defendant where he would be embarrassed or prejudiced in the preparation of his defense by the generality of the form aforesaid.

Sec. 8.—That nothing in this act shall be taken or held to repeal or disparage any existing laws relative to obtaining money under false pretenses, nor the terms nor effect of the negotiable instruments law of the state of Florida.

54,889 CARS VEGETABLES SHIPPED FROM FLORIDA SINCE LAST SEPTEMBER

(By The Associated Press)
TAMPA, June 6.—Fruit and vegetables shipped from Florida since last September 15, totaled 54,889 cars according to statistics published here. Oranges led with 20,600 cars.

666 cures Billousness.

EVERYBODY SEES A CHANGE IN FATHER

GRATEFUL SON SAYS HIS FATH-
ER LOOKS LIKE A DIFFERENT
MAN SINCE TAKING TANLAC

"My father has suffered from chronic stomach trouble for over twenty years and has paid out thousands of dollars for medicines and doctors," said G. W. Slayton, a well-known Cobb County farmer, living a short distance out of Atlanta, Ga.

"We tried nearly everything trying to cure him and he went off to the Springs, thinking maybe the water might help him but it just looked like nothing would reach his trouble. Then he tried dieting and lived on liquid food until he almost starved, but even that failed to do him any good and he just kept going from bad to worse.

"I don't guess there ever was a case as stubborn as his and if there ever was a confirmed dyspeptic, he was one of them and I guess he would have been one yet if it hadn't been for this Tanlac.

"The first we heard of this medicine was when my father saw an advertisement in the papers from parties he knew in Tennessee, who were friends of his and he knew what they said about it was the truth so he got it right away and began taking it. Well, sir, it acted just like magic—everybody notices the change in father. Why, he is just like a different man and sits down to the table and eats like a farm-hand. Only yesterday he ate pork and turpans for his dinner and ate so much we were actually afraid he was going to over-do the thing but he laughed and said nothing hurt him now and that he was hungry and expected to eat and make up for lost time.

"Now, when a medicine will do things like that I think people ought to know about it and I want to say right now that I would not give one bottle of Tanlac for all the other medicines and health resorts in the country put together."—Adv.

MACK CATHCART IS GRATEFUL.

Mr. R. J. Holly,
Sanford, Florida.

Dear Mr. Holly:
I would not be doing justice to you or myself if I did not voice to you my appreciation of the personal cooperation you have given me individually and through your newspaper before retiring from the office of Collector of Internal Revenue for the District of Florida.

You have been a great help to the government, to this office and to me. I sincerely thank you, and with best wishes and kindest regards, I am,
Cordially and sincerely,
JAMES M. CATHCART,
Collector.

The reason the war department did not dispose of the surplus meat was that they had a hard and fast agreement with the people of whom they had purchased, that they would not do it.—Representative Graham, of Illinois.

ESTATE TAX NOT CHARGED FOR INCOME MONEY

(By The Associated Press)
WASHINGTON, June 6.—The estate tax is an allowable reduction from the income of an estate in computing the net income, the supreme court ruled today. The supreme court affirmed the decision of the court of claims in a case brought by the executors of the Alan H. Woodard estate in Alabama, which held that the government erred in refusing to approve such reduction from that estate's income for 1918.

"The Man Who Sells Dirt Cheap"

Watch the South East Corner of Page Two

HOME FOR GIRLS HERE MADE POSSIBLE BY THE PURCHASE STEPHENS HOME

Temple Institutions Will
Remodel Two
Houses

WILL ASSIST GIRLS

WHO ARE MAKING THEIR OWN
LIVING AND NEED COM-
FORTS OF HOME

(From Saturday's Daily)
The Temple Institutions, Inc., is the name of the very latest Sanford proposition that probably means more to the young ladies of the city than any proposition that has been formed here in many years. The purpose of the Temple Institution is to establish a home for the young ladies who are here in many instances alone and without any relatives and are working for their living. The new company will build a home and kindred institutions helpful to the community in general and their first step was the purchase of the Stephens property at the corner of Park avenue and Third street consisting of two houses. Eight rooms will be added at once between the two houses, making them into one and the property will be made into an up-to-date home similar to the Y. W. C. A. homes and the hostess houses at the camps in the different parts of the country during the war. The young ladies can secure board and room and there will also be a cafeteria and dining room where the public can be served good meals at very reasonable rates. The girls who room at the house will have a smaller dining room of their own and an expert cook will be in charge of the kitchen while an experienced housekeeper will be in charge of the home at all times. The home will be made specially comfortable for the woman workers, such as teachers, stenographers, book-keepers, etc.

Work on the houses will begin in August and will be finished one week prior to the opening of the schools. The Temple Institutions, Inc., is composed of Sanford men who will take stock in the company with the sole view of giving the young women the right kind of home and home cooking at reasonable rates and to throw the right influence around them at all times.

The First Baptist church has authorized Dr. George Hyman, Jno. D. Jinkins and Schelle Maines to take charge of the institution but it will not be denominational in any part of it and the girls from any church can be patrons of the home.

This home has long been needed here in Sanford and the gentlemen who have made it possible and Mrs. Stephens, who also made the terms to suit the case with the idea of helping the homeless ones are to be congratulated upon seeing the realization of their dreams and it will be good news to the families of the young ladies to know that they are in such good hands and living in such good surroundings and in a Christian atmosphere where they will receive all the comforts of home and the same kind of influence as mother would give them.

Rep. F. P. Forster Gives An Account of His Stewardship

(From Tuesday's Daily)
At the meeting of the Board of County Commissioners this morning Hon. F. P. Forster addressed the board and citizens present and gave the brief account of his stewardship as representative of Seminole county in the Florida legislature.

Mr. Forster particularly stressed the bridge question and told just how he and Senator Overstreet and Orange county and Volusia county representatives had gone about trying to get the bridge over Osteen ferry. He also told in plain language how Senator Hulley had filibustered on the bill and finally killed it on account of the time of the legislature being up at the last minute. He told of his action on local and state bills and came out fairly and squarely before his people by saying that he was in his place and serving his people at all times and he had nothing for which to be sorry for any of his actions. Mr. Forster stood by his people on all questions and he stood by the people of the state of Florida on all questions and he has a record of which any man can well be proud. As he stated there are limitations to the work of a member and especially a new member and his people who know him so well are prepared to say even without hearing an account of his stewardship that Frank P. Forster stood by the people and did his work honestly and well.

CHAS. BRITT BUYS LOTS

(From Friday's Daily)
Chas. L. Britt, the live wire junior member of the firm of Perkins & Britt, has just purchased the two lots at the corner of Palmetto avenue and Tenth street known as the Fleischer lots and will build a nice home on them as soon as possible.

NEW SCHOOL FOR OVIEDO IS ASSURED

PETITION PRESENTED TO THE
SCHOOL BOARD FOR BOND
ELECTION.

(From Tuesday's Daily)
Oviedo will have a fine new school house.

This is good news to every part of our grand county of Seminole. We are all for better schools and Oviedo needs a better school house and will get it. A petition was presented to the county school board at their meeting this morning asking for a bond issue of \$20,000 for a brick school house consisting of four rooms and a fine auditorium that will have a seating capacity of 600. The petition will remain for thirty days before being acted upon and then the election will be called and the good people of Oviedo can be depended upon to vote the bonds on election day, for they believe in better schools and better buildings and the best of teachers, and the Oviedo school is now classed among the finest schools of the county.

This is a step forward in our county toward better things and with our good roads and our good schools in every part of the county Seminole is forging to the front as one of the best counties and the most progressive counties in the state of Florida.

BANANAS WILL BE PRINCIPAL PRODUCTION OF THE EAST BEACH GROWERS—MORRIS

WEST PALM BEACH, June 7.—Bananas will be the principal production of the East Beach growers, according to C. C. Morris of Pahokee, well known growers of this section.

Mr. Morris and J. L. Ingram form a partnership in the citrus field. Banana plants were laid in muck soil in April of last year, Mr. Morris said. The suckers from the original plants are to bear in turn as the original ceases to be productive, and these suckers promise to yield four or five punches of the fruit each in the next few months. The plants should be set out eight feet apart, according to Mr. Morris, or 600 to 700 plants to an acre.

They are now discussing in New York the question, "Is divorce a failure?"—Savannah News.

"Head-IT-OFF"—ENERGIZE—NOW.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't over hungry. I knew, by this, I needed a tonic, and as there is none better than—"

CARDUI

The Woman's Tonic

... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

KEEP OUR MINDS ON THE SEVEN SEAS

American ships, flying the Stars and Stripes will carry you and your goods anywhere. Two and three generations ago, the Seas and Stripes were all over the world. Then they almost vanished from the seven seas. But today they are back again.

Big splendid steamers, American owned and operated, carrying passengers and goods, are crowding their way into all foreign harbors with the Stars and Stripes proudly fluttering from their masts.

American exporters, importers, travelers—all can help by shipping and sailing under the Stars and Stripes.

Free use of Shipping Board Alms
Use of Shipping Board alms (ships, boats, fuel, etc.) on request of any merchant, importer, exporter, or traveler. A share of the alms is given to the U. S. Shipping Board. Write for full particulars to U. S. Shipping Board, Room 411, 177 1/2 Street, N. W., Washington, D. C.

SHIPS FOR SALE
17 American citizens ship boats, motor boats, both oil and coal burners. Also used steamships. Full information furnished by request.

For sailings of passenger and freight ships to all parts of the world and all other information, write any of the above lines or

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.—Adv.

A dentist informs us that defective teeth cause crime. Defective teeth in the laws have the same effect.—Rochester Times-Union.

POSSIBLE TREATY WITH OLD MEXICO

PRESIDENT OBREGON MAKES
REPLY TO UNITED
STATES

(By The Associated Press)
WASHINGTON, June 7.—President Obregon's reply to the American message setting forth conditions upon which the United States would consider recognition of Mexico was expected to be discussed at today's meeting of Harding's cabinet. In the meantime official comment on the reply will be withheld by administration officers.

Formal announcement of the Mexican policy is expected late today after cabinet meeting.

Borah Disarmament Bill.
WASHINGTON, June 7.—The house sent the naval appropriation bill to conference today without instructing its conferees how they should vote on the Borah disarmament.

Camp Johnston Sold at Auction

(By The Associated Press)
WASHINGTON, June 8.—Director of sales of the war department announced today the government owned buildings and improvements at Camp Johnston, at Jacksonville, Fla., will be sold at public auction June 27.

The chief objection to civil service is that it requires rather unskillful treatment of faithful party men.

Holdover Senators Will Have Patronage At Next Session

TALLAHASSEE, June 7.—Patronage incident to the next biennial session of the legislature has been allotted to the 16 hold over senators. It has been the custom several years to parcel out at the end of each session to the senators who will return for the next assembly, the privilege of selecting various minor attaches of the senate. This is done in order to prevent confusion of a disorganized force at the beginning of the following session. The hold-over senators draw for the various privileges.

The following senators will make the respective appointments for the 1923 session:

- First district—Senator Mapoles, page.
- Third district—Senator Lindsey, stenographer.
- Fifth district—Senator Shelley, engineering secretary.
- Seventh district—Senator Eaton, journal secretary.
- Ninth district—Senator Wilson, enrolling secretary.
- Eleventh district—Senator Taylor, doorkeeper.
- Thirteenth district—Senator Campbell, messenger.
- Fifteenth district—Senator Knight, assistant secretary.
- Seventeenth district—Senator Johnson, sergeant-at-arms.
- Nineteenth district—Senator Overstreet, janitor.
- Twenty-first district—Senator Epperson, page.
- Twenty-third district—Sen. Igou, page.
- Twenty-fifth district—Sen. Wells, stenographer.
- Twenty-seventh district—Senator Cooper, stenographer.
- Twenty-ninth district—Senator Knabb, chaplain.
- Thirty-first district—Senator MacWilliams, stenographer.

Jazz music works up the nervous system until a hysterical frenzy is reached. It will undermine the health in no time.—Dr. George C. Ruhland, Milwaukee health commissioner.

\$625 f. o. b. Detroit

The merits of the Fordson Tractor can be best judged through the opinions of its daily users. We have asked a few of our customers for their frank comments concerning the operation of their Fordsons. Read what these owners have to say and then judge whether or not they are pleased with their purchases—Or better still, ask them yourself.

Sanford, Florida, Oct. 6, 1919.
Mr. Ed. Higgins, Sales Agent Fordson Tractor, Sanford, Fla.
Dear Sir:
Referring to your recent inquiry as to how the Fordson Tractor that we purchased a year ago had performed.
I have a letter from our Mr. A. Q. Lancaster, Superintendent of our Isleworth Grove, which reads as follows:
"Replying to yours of Sept. 27th. As regards the Fordson Tractor I beg to advise that as a whole the tractor has given very good satisfaction. We had to renew all the bearings in the front wheels after using it about 40 days, which cost around \$28. After we put in new bearings we fixed flanges on the wheels to keep the sand from getting into these bearings and have not had any more trouble at that point with it. We have an order in now for new repair parts which will cost about \$60.00. As far as we can see these repairs will put it in first class shape to start in for another season."
"From the experience we had with the other tractor, and from what I can learn from people who have operated other tractors I believe the Fordson Tractor is the best tractor for sandy land. I think it would be wise to order another one of these tractors, as we can do so much work with one of them and one man as we can do with three teams, and three men, and do better work."
The report that Mr. Lancaster sends, in my opinion will be satisfactory, especially so since he thinks enough of the Fordson Tractor to request us to order another one. Repeat orders on tractors are certainly a good endorsement.
Yours truly,
CHASE & COMPANY.

Sanford, Fla., Sept. 1st, 1919.
Mr. Ed. Higgins, Sanford, Fla.
Dear Sir:
I am very glad to tell you how well pleased I am with the Fordson Tractor purchased August, 1919. I have used the machine constantly on our 60-acre truck farm and have done a great deal of work for others. The total cost for repairs has not exceeded \$10.00. While not a machinist, I do all my repairs and adjustments myself. I do a good deal of my own driving but any good hand can handle it.
Yours truly,
RALPH CHAPMAN.

Sanford, Fla., Sept. 15-19.
Mr. Ed. Higgins, Sanford, Fla.
Dear Sir:
Replying to your inquiry in regard to the Fordson tractor purchased from you.
I consider this machine the best investment in the way of farm machinery that I ever made. I have a fourteen-year-old boy driving and he harrowed 20 acres with it yesterday, and did a better job than could be done with teams.
You could not buy this machine back for several times what I paid for it if I could not get another.
Yours truly,
ROY F. SYMES.

Edward Higgins

If the East Coast resorts will remember that the winter season is over and the people from the interior are not tourists and will make reasonable prices on accommodations the people from Interior Florida will flock to the beach this summer as never before.

A "good angel", name unknown, wishes to donate \$100,000 toward a free bridge across the Halifax river at Daytona. This party knows what a wonderful development a free bridge would mean in the county where toll bridges have been the bane of the people's lives.

And again speaking about summer resorts it is well to remember that the Sanford people have just as many fine resorts in and around the city as either the coast or the mountains can offer unless a change of climate is needed it is just as beneficial to stay at home and enjoy the beauties of your county.

The News is under no obligations to defend Senator Hulley; he must defend his own acts in the legislature. But at the same time we believe that he was right in the matter of the Osteen bridge.

Your boy, we mean. What about him? How are you figuring out his worth to you and the world? Are you counting on what he is worth to you as a chore boy around the house and barn and an all around helper on the farm, or are you taking a forward look and counting on what he may be worth in some larger field of world activities some time in the future.

The farmers who come to town with teams are kicking on the owners of automobiles using the city shed for parking autos when this building was erected for the benefit of the farmer's teams. While the teams are not as plentiful as they formerly were there are many of them coming to town and since the autos can be parked on the city streets and the teams cannot the owners of automobiles should park them on the street and not take up this building to the exclusion of the teams.

Seminole County had a grand jury this session of the Circuit court that had a mind of their own. They had a work to perform and they remained on the job until they performed it. The presentment is given in today's Herald. It promises to give the people something to think about. It probably means a turning of the sentiment of the county toward different ways of obtaining justice and means that in the future every tub will stand on its own bottom regardless of where the particular tub may come from or the brand of the maker.

HULLEYIZING

"Hulleyizing" may be only another name for filibustering, but whatever the designation it is not likely that it will find favor with the people whose time and money is wasted by indulging therein, especially when much important work needs to be done.

DOING GOOD WORK

The Business and Professional Women's Club is a live organization. Not only are they doing much good work for themselves along different lines but in opening a bureau for the employment of stenographers, bookkeepers, etc., they are assisting the business men of Sanford materially.

TIME TO ORGANIZE

"We have come to the time when we should begin to legislate for the people of this country," said Senator Frank B. Willis, of Ohio, in the United States Senate. "When measures are proposed for legislative sanction, immediately the consideration that is suggested is, what will some foreign nation or some alien think about it?"

WHAT ABOUT THAT BOY?

Your boy, we mean. What about him? How are you figuring out his worth to you and the world? Are you counting on what he is worth to you as a chore boy around the house and barn and an all around helper on the farm, or are you taking a forward look and counting on what he may be worth in some larger field of world activities some time in the future.

The following excerpt was taken from an address made before a meeting of the chamber of commerce of Binghamton, N. Y., by a noted student of psychology: "To talk about 'supporting' your newspaper is about as foolish as to talk about supporting a store, a bank, or a manufacturing enterprise. You wouldn't be much in the world if you didn't trade in a store, have a bank account, and have some outlet for the energy of the citizens. Too many business men look upon the local newspaper as an incubus, a sort of charity. Yet the local newspaper is as much of a public institution as the public library, the churches, hospitals, or even the commercial club, with the difference that it gives more direct returns in dollars and cents to the individual and to the community at large."

We should provide a trained citizen reserve, organized to meet the emergency of war.—Gen. John J. Pershing.

HOW LONG MUST WE WAIT FOR FREE BRIDGES.

Good roads and free bridges are the most essential things for any section. Fortunately we have many miles of good roads, some of them the best in the state, but as far as bridges are concerned we are living in the primitive age. With one or two exceptions it is not possible to get out of the county or reach our beach resorts without paying toll over a bridge or crossing on a ferry.

The people of this section have expressed their desire to depart from this primitive method of maintaining bridges, and our neighbors west of the St. Johns river are as anxious for free bridges across that stream as we are and are willing to be taxed to build them. The people have been working for fifteen years to secure free bridges, but as it was up to our officials, county commissioners and representatives, whether we had them, so far we have failed to accomplish our purpose.

SEMINOLE COUNTY BOARDS.

Being with the Board of Education and the Board of County Commissioners at the meetings each month impresses one with the thought that the county of Seminole is to be congratulated upon having such a fine body of men serving on these two boards that mean so much to the taxpayers and citizens generally. These men are serving without pay and giving up their time at least once each month and many other times during the month for the upbuilding of this county.

So it is to be celebrated that the "City Substantial" as Sanford is known, is indebted largely for her substantialness, but she has a multitude of other interests that have some part in it. There are packing houses, cigar and ice factories, lumber mills and the advantage of deep water. Lake Monroe, the head water of the great St. Johns lying at her feet.

SOME FINE TOMATOES

A basket of fine tomatoes were left at the Herald office this morning for the editor and the bookkeeper did not ask the name of the gentleman who brought them. They were the Red Gator brand, however, and the pack looks so much like that of our old friend, John Bolly, of the west side, that we are giving him credit for them.

Plant City now comes forward with figures to prove that they have the greatest acreage of vegetables in the state. It may be true, brother, it may be true, but always remember that Sanford ships out more refrigerator cars of fruits and vegetables during the season than any other section of the world. This is just to keep the records straight, Fenton, that's all. We grant you more acre in vegetables but when it comes to car loads under refrigeration, we take the palm and also the palmetto.

Tampa man thinks mosquitoes will force women to wear longer skirts. Just another proof of our assertion that there are no mosquitoes in Sanford.

AS THE EDITORS SAW US.

Emily Woodward, editor of the Vienna (Georgia) News, who was one of our visitors on the trip of the National Editorial Association, like all true Georgians, saw much in Florida that was good and writes the following about Sanford:

"The party was met here by a Sanford delegation of boosters who carried us by automobile the rest of the trip through Orange and Seminole counties and to Sanford. Enroute we saw a variety of crops growing, peanuts, tobacco, grain, potatoes, sweet and Iris hand of course limitless acres of citrus and other tropical fruits.

But as we approached Sanford, the appetizing aroma of celery came to us from the fields, and in every direction the earth was covered with the curly-heads of the delectable vegetable. Our guide talked interestingly of the cultivation of this crop for which Sanford is famous. He explained to us the wonderful system of sub-irrigation, sub-aeration and sub-drainage, which has been pronounced by experts from the Department of Agriculture at Washington the best system known for applying moisture to plant growth.

So it is to be celebrated that the "City Substantial" as Sanford is known, is indebted largely for her substantialness, but she has a multitude of other interests that have some part in it. There are packing houses, cigar and ice factories, lumber mills and the advantage of deep water. Lake Monroe, the head water of the great St. Johns lying at her feet.

But Sanford's newest and greatest achievement is now in the making. A new two million dollar hotel, which is designed as an irresistible bait for tourists and a golf course that is said by the great Butchart, an expert of international fame who was employed to lay out the course, to compare favorably in location and position with anything in Europe and is equal to any in America and better than any in Florida.

YARBROUGH INNOCENT OF JACKSONVILLE RAID

Yarbrough, the man who was caught at the moonshine still near Palm Springs some time ago by Sheriff Hand and his deputies and who is now on the road, was not the Yarbrough who was in the Jacksonville raid when two moonshiners were killed. His wife so alleges and she ought to know whether he was in trouble in Jacksonville or not, and she also states that this is his first offense in this line.

WAGE EARNERS' JUNE SALE.

In this issue of The Herald is the page advertisement of the Surprise Shoe Store at 310 Sanford avenue. This big sale commences June 13th and lasts until June 25th, which is a short time in which to get a chance at all the bargains offered in the paper today, so get there early and secure your pick of the real big bargains. The prices will move this new and seasonable stuff. Read the ad.

PERSONAL NOTES

(From Monday's Daily)

Mr. and Mrs. M. C. Higgins, of Arcadia, spent the week end here very pleasantly. W. P. Etheridge, of Tavares, was registered at the Montezuma yesterday.

Miss Ruth Cornelius, of Homerville, Ga., spent Sunday here at the Montezuma.

Mrs. S. C. Sanders, of Tampa, is visiting here, the guest of friends.

Mr. and Mrs. Fred S. Daiger, Sr., and son Frank, arrived from Tampa this afternoon and are the guests of Mr. and Mrs. Fred S. Daiger, Jr.

Miss Katherine Aycock and Miss Lucile Denton spent the week end in St. Augustine, Miss Denton going up to take the State Board examination.

Mrs. E. D. Chittenden and Miss Laura Chittenden left Saturday night for Tallahassee, where they go to attend the graduation exercises of F. W. C. from which Miss Edna Chittenden will graduate this week. Mr. Chittenden will arrive from Tampa today and join Mrs. Chittenden at Tallahassee Tuesday.

Mrs. Ernest Krupp and Mrs. Robert Hines left Saturday night. Mrs. Hines goes to Fredericksburg, Va., where she will spend a month with her parents. Mrs. Krupp goes to Baltimore and Centerville, Md., and other points and expects to be away about three months.

Miss Louise Thrasher is the guest of Miss Carol Stone at their cottage at Coronado Beach.

Mr. and Mrs. W. F. Blackman were in the city Saturday, combining business and pleasure.

Mrs. J. C. Aycock and little Jack Aycock, have returned from a pleasant visit with friends and relatives in St. Augustine.

Miss Serita Lake, who graduated from Stuart Hall, Staunton, Va., returned home.

Misses Fannie, Reba and Zoe Munson, who spent the week end in Haines City as the guests of their sister, Mrs. Howard Tibbles. They were the guests of honor at a dinner party given Saturday evening, by Mr. and Mrs. Howard Tibbles.

Mrs. A. Raymond Key and Mrs. E. M. Galloway have returned from a pleasant stay at the Chamberlain cottage in Orlando.

G. W. Spencer, who has been attending the University of Florida at Gainesville, has arrived home and will spend the summer vacation with his parents.

Mr. and Mrs. Craig Harris have returned from a very pleasant visit with the latter's aunt, Mrs. Webb in Tampa.

Mr. and Mrs. Roland Lyles, formerly of Sanford, but now of Lakeland, arrived yesterday and are spending a few days here with friends.

Mrs. Walter Smith, of Mississippi, is the guest of her daughter, Mrs. Thomas F. East. Mrs. Smith was called here on account of the illness of Mrs. East's little daughter, Yvonne.

(From Tuesday's Daily)

Mr. Schaurhausen and daughter, of Jacksonville, visited at the home of P. A. Munger Saturday and Sunday, enroute home from a tour of South Florida. Miss Schaurhausen holds a responsible position in Jacksonville.

Mr. and Mrs. Harry Ward, Miss Fern Ward and Harry Read left last week for their cottage at Daytona Beach where they will spend the summer.

Dr. and Mrs. J. N. Tolar, Mrs. Loreta Brotherson, Mrs. M. C. Tolar and Tom Brotherson were a congenial party motoring to Daytona Beach on Sunday.

Mr. and Mrs. Joe Fernandez, of the West Side, are spending the summer at Coronado Beach. They will be joined later by Mr. and Mrs. Oscar DuBose.

Mr. and Mrs. N. H. Garner announce the birth of a son yesterday at their home on Park avenue. The young man weighed nine and one-half pounds and has been named Douglas McClain.

Mr. and Mrs. Roland Syles left last night for Lakeland where they will spend several weeks before going to their home in South Carolina, they will also visit in New Orleans before returning to Sanford this fall.

Dr. and Mrs. T. A. Neal motored over from Orlando Sunday afternoon and were the guests of the latter's parents, Mr. and Mrs. Fitts.

Dr. and Mrs. E. D. Moble and Mrs. Fitts motored over to Orlando Friday, they were accompanied home by Georgia Moble and Margaret Neal.

Mrs. E. D. Moble, Miss Martha Fox and Miss Florida Matthews of Albany, Ga., Mr. Neblack, Misses Georgia Moble, Margaret Neal and Margaret Cheney made up a congenial party motoring to Orlando Sunday.

Mr. and Mrs. Claude Herndon and Master Claude Herndon have returned home from Waycross, Ga., where Mr. Herndon has been in the hospital. Mrs. Herndon and son stopped over in Jacksonville several days as the guests of her aunt, Mrs. Miller.

Mr. and Mrs. Bridgeman and family who have been spending the winter in Sanford, have returned to their

home in Tennessee for the summer. They will return to Sanford in November and make this place their home, having bought a big place on the Orlando road consisting of forty acres, part in an orange grove.

The many friends of Mrs. Maggie Crigal will be pleased to learn of her recent trip to England, where she went to visit her sister. She has just returned and is now making her home with her niece, Mrs. Craig, now living at Gulfport, Miss.

Mr. and Mrs. Joe Wells motored to Daytona Beach Sunday afternoon.

(From Wednesday's Daily)

S. W. Walker, Jr., left yesterday for Jacksonville, where he has accepted a position.

Mrs. B. G. Smith, of Orviedo, was among the visitors to the city yesterday and her many Sanford friends were glad to see her.

Mrs. Mary Vaughn, of West Geneva avenue and her niece, Mrs. Mansfield and family of Tampa, were in the city today on a shopping expedition.

Mrs. F. F. Dutton was the guest of Mrs. A. B. Commons at Stone island, a portion of last week.

O. C. Bryant, the merchant prince of Wagner, was in the city today on business and reports the big vegetable section of Wagner as being in a most prosperous condition.

Dr. and Mrs. Cravens, E. H. Blakeley and Fred Davenport of Clearwater were in the city today enroute to Titusville where they will attend the meeting of the D. O. O. K. of the Knights of Pythias, instituting a lodge in that city. Jacksonville will put on the work. Dr. Cravens is a former resident of Sanford, where he had dental parlors at one time. Fred Davenport is also a former resident and at one time worked for the Herald Printing Co., but is now with the Clearwater Sun.

Oliver Murrell graduated from Stetson University last night. Mr. K. R. Murrell, sr., Sam, Lihah and Bert Murrell and Miss Nita Moore went over to DeLand to attend the graduating exercises.

Merle Douglas of San Mateo, is spending a few days in Sanford.

Mrs. Charles Polk and children are visiting relatives in Grand Rapids, Mich. They will also be the guests of her sister, Mrs. Hale at her home at Lakewood Club and Mrs. Pringle at her home in Hart, Mich. Mrs. Polk will be away until October 1st.

Mrs. Frank Griggs and little daughter, Mary, will leave tomorrow for a month stay at Coronado Beach.

Mr. and Mrs. Paul Seover of New Smyrna, were the guests of their aunt Mrs. Griggs yesterday while enroute to Clermont.

Mrs. Norma McLaughlin will arrive Friday to visit her son, George. She will be the guest of Mrs. R. A. Newman and others while here.

Mr. Charles Polk leaves today for an extended trip over the state. Lieut. Bivins and Lieut. Duke of Arcadia, spent the week end here as the guests of Mr. and Mrs. B. W. Herndon.

Misses Norma Herndon and Marjorie Clay, Mesdames B. W. Herndon and Clay, Lieuts. Bivins and Duke were a congenial party motoring to Daytona Beach Sunday.

Mrs. F. B. Langley and Master Frank left yesterday for Live Oak and Quincy, where they will visit relatives.

Mrs. C. Cowan returned home yesterday afternoon after spending several days with her mother at Emporia.

Mrs. S. O. Chase leaves today for Deerfield, Mass., where she goes to attend the graduation of her son, Sidney.

Mr. and Mrs. Otto L. J. Schier, who have been spending the winter in Florida, arrived yesterday from Orlando and are spending a few days here before going to their home in New York City.

Mr. and Mrs. J. L. Goodman and family of Miami spent yesterday in Sanford, en route to Live Oak.

Mr. and Mrs. W. E. Scoggins and family moved into their new home on Park ave. which they recently purchased from Carl Schultz.

NINE SEMINOLES BRIDGE CLUB.

(From Monday's Daily)

Mrs. Harry S. Walsh entertained the members of the Nine Seminole Bridge Club very pleasantly Saturday evening at her home on Celery avenue.

A profusion of bright colored garden flowers were used in decorating the living room, where the card tables were placed. Home made candies in cut glass nappies were placed on the tables and relished during the game.

A very absorbing game of bridge was played during the evening. High score was made by Miss Lettie Caldwell, who was awarded a dainty piece of silk lingerie. The guest prize also silk lingerie, was won by Miss Ferrie Lee Bell.

At the conclusion of the game Mrs. Walsh served ice cream in canteen, angel food and chocolate nut cake.

The substitutes for absent club members were Misses Lettie Caldwell and Ferrie Lee Bell and Mrs. Tom Jones.

FLOODS ARE RECEDING EXPOSING THE AWFUL EFFECTS OF CATASTROPHE

That Took Terrible Toll of Lives in Pueblo and Other Parts of the West—Relief Squads Are Clearing Up the Debris and Getting Succor to the Needy

(By The Associated Press)
PUEBLO, June 8.—Establishment of refugee camp to receive those made homeless by the flood is regarded as Pueblo's greatest step toward restoration to normal conditions. Refugees will be moved from the various public buildings today to a tent city. About two thousand are homeless here, many of whom are Mexicans and are virtually helpless.

WASHINGTON, June 8.—A joint resolution was adopted late yesterday afternoon by the house and the senate authorizing the secretary of war to extend all possible relief to Colorado flood sufferers.

Previously Senator Phelps, of Colorado, had announced that he and Representative Hardy, of the state, would seek an appropriation of \$1,000,000 for flood relief. The resolution directs the secretary of war to take all possible sanitary measures to safeguard the health of the population in the flood districts, to furnish subsistence and shelter and to give all other forms of aid.

PUEBLO, June 8.—Forty-two bodies of flood victims were in the morgues of the city last night. Five additional bodies were recovered, one of the unidentified bodies was identified and some of the discrepancies in the lists previously announced were traced yesterday. J. W. Pressy, in charge of the identification of flood victims, stated that a number of dead reported were not flood victims, but died of natural causes.

"There are undoubtedly many others drowned whose bodies have not been recovered and many will not be recovered," Mr. Pressy said, "but there have been so many false reports that we are announcing only the names of those whose bodies have been actually received at the morgues."

SILVER WEDDING CELEBRATION

(From Monday's Daily)
Mr. and Mrs. Frank Johnson celebrated their twenty-fifth wedding anniversary at their home near Markham last Saturday afternoon and their many friends from all parts of the county were present to help them celebrate and wish them many happy returns of the day. Mr. and Mrs. Johnson are among the real farmers of this county and have one of the finest places in this section. They go in for all kinds of fruits and vegetables and have everything growing the year round from grapes to apples and from chickens to vegetables. They have recently returned to the old home place after an absence of several years after selling the place and it has kept them busy putting it back in the condition in which they left it and making other improvements that were necessary.

The guests gathered in the house and under the vine and fig tree and were served delicious punch made from grapes grown on the place and had cake to go with it. At eight o'clock the lovely big bride's cake was carved and with many other fine cakes were served with ice cream and the crowd made merry until a late hour when they departed with the wish that the genial host and hostess would live to observe many more happy wedding anniversaries.

The gifts of silver were many and attested the great love and esteem in which Mr. and Mrs. Johnson are held by their many friends here and elsewhere.

PALMER-FRAZIER

(From Wednesday's Daily)
A wedding that came as a surprise to their numerous friends, was the marriage of Miss Myrtle Palmer to Mr. L. B. Frazier, which took place Monday evening at eight o'clock at the Presbyterian Manse in Orlando, Dr. McConnell officiating.

Mrs. Frazier was head nurse and manager of the Fernald-Laughlin hospital for the past year and has made many friends since coming here. Mr. Frazier came here from Georgia and bought the Brisson place and is one of our successful young farmers.

Mr. and Mrs. Frazier have been the guests of Mr. and Mrs. L. A. Brumley at their home and expect to leave today on an extended trip to South Carolina and other places where they will visit relatives.

Former Sanford Resident Dies at Owosso, Mich.

The following from the Owosso (Mich.) Argus-Press will be sad news to the many Sanford friends of Frank Greenman, who owned a farm east of the city for many years and resided there:

Frank C. Greenman, 73 years old, and for virtually all his life a resident of Shiawassee county, died at the family home on North Washington street last evening. His death came after an illness of only one week, with pneumonia. His condition was not regarded as serious until Tuesday, when his heart failed.

News of Mr. Greenman's death came as a shock to his host of friends who were unaware of the fact that his illness had taken a serious turn.

Mr. Greenman was born at Ann Arbor on March 27, 1848, and came to this county with his parents, when a boy of only four or five years of age. He grew up here and was married in March, 1878, to Miss Fannie Hartwell. They lived on a farm near Hartwellville for many years, and then moved to Owosso, where the family home has been since. Mr. Greenman spent much of his time during the past ten years in Florida.

While living near Hartwellville, Mr. Greenman was active in Good Templar work, and also held numerous township and county offices. He was known to his many friends as a man of retiring disposition, and a man greatly devoted to his family and his home. To those who knew him intimately he was a kindly, genial man, of many excellent traits, whose friendship they valued highly.

Surviving the deceased are his widow, two children, Mrs. Lee Woodward of this city, and Emerson, a student at the University of Michigan, and two sisters, Mrs. Alice Shick and Mrs. Cethize Bannister, of Pana, Ill. Funeral arrangements have not yet been completed.

VAUGHN-MULLIGAN

A very pretty home wedding occurred Wednesday evening, June 1st, at 8:30 o'clock at the home of Mr. and Mrs. J. C. Vaughn on Celery avenue when Gertrude, their youngest daughter, was united in holy wedlock with Edward C. Mulligan, in the presence of a house full of guests. Rev. E. D. Brownlee used the beautiful ring service. The attendants were Miss Teicy Venable and Horace Chorpene. The happy couple are leaving on Thursday for Chattanooga, Tenn., to visit Mr. Mulligan's family to remain away several weeks. They will be at home in town after their return. The bride was lovely in a dainty frock of white chiffon de Soie, with an arm bouquet of beautiful white Naman crocheted roses and asparagus fern. Her going away coat suit was of brown Silvertown with all accessories to match. Miss Venable's frock was lovely of white organdie and she carried pink Naman crocheted roses and fern.

The ceremony was performed under an archway of lady bamba, white star jasmine and white oleander and the living room was tastefully decorated with cut flowers and vines. After the ceremony cake and ice cream was served. There were many beautiful and useful gifts, among them a clock, several sets of table silver, cut glass and table linen.

Mrs. Mulligan was born here and always lived here and is a general favorite of every one. Mr. Mulligan is a valued employee of the Southern Bell Telephone Company and has been for a number of years.

Mr. and Mrs. Mulligan are receiving the good wishes and congratulations of a host of friends. May they live long and enjoy a happy married life.

Mrs. Frank and daughter, Miss Albine Frank, of Sanford Heights, were among the guests. Mrs. Frank was a guest at Miss Alice Vaughn's wedding, now Mrs. Walter J. Ward and Mr. and Mrs. Vaughn were married from the Frank home as Mrs. Frank and Mrs. Vaughn have been life-long friends.

GRAND JURY PRESENTMENT MADE TO CIRCUIT COURT COVERS MANY PHASES

Takes Up Court House and County Jail and Conditions

WOULD HASTEN

JUSTICE IN THE CASES OF ILLEGAL LIQUOR TRAFFIC AND COMMENDS OFFICERS

In the Circuit Court of the 7th Judicial Circuit of the State of Florida, in and for Seminole County, spring term, A. D. 1921.

We, the grand jurors impaneled by the court to inquire in and for the body of Seminole county, and true presentment make, having heretofore rendered unto the court true bills against such persons as the evidence before us justified, and having otherwise finished our labors, respectfully present to the court, to-wit:

Court House and Jail

We have inspected the county's new vault in the court house and find that the public records and other books of the county have not as yet been stored in it, because of too much apparent dampness since its completion. But the vault at this time seems to be sufficiently dried out to permit it to be used for the purpose it was intended, and we now recommend that such records and books be lodged in the vault, but that the janitor of the court house carefully watch the condition of the vault for a sufficient length of time to avoid any possible damage to its contents, and should such possible damage become apparent, as the result of dampness, that the janitor report the fact to the clerk of the circuit court.

We also find that the laboratories of the court house are in bad condition, and we recommend that a competent plumber or plumbers make the necessary repairs, and, in addition thereto, that the plumbing-work throughout the entire court house be put in first-class condition.

We further recommend that the justice of the peace of District No. 1 be furnished with proper filing cabinets for the preservation of his official records; and that a suitable awning be purchased and placed over the outside door of his office and the sheriff's office, also that at regular intervals, the janitor perform the usual janitor's service with respect to his office.

We visited and carefully inspected the county jail. The interior of the jail is unsanitary, and we recommend:

- 1st.—That the interior of the jail be thoroughly cleaned and put in a sanitary condition;
- 2nd.—That the interior iron-work be painted.
- 3rd.—That the walls and ceilings be calcined or white-washed to the end that they be made clean and sanitary;
- 4th.—That so much of the plumbing as now needs attention be put in first-class sanitary condition;
- 5th.—That new mattresses and new bedding be furnished throughout the entire jail,—the present ones being very unsanitary;
- 6th.—That eight new hammocks, of suitable design, be purchased and placed in what is known as the Bull Pen, and that the old hammocks now being used here be removed, as they are about worn out and are unsanitary in design.

There were no complaints from the inmates of the county jail.

Poor Farm and Convict Camp

After a careful investigation and inspection of the County Poor Farm and the County Convict Camp, including the equipment thereof, we make the following report and recommendations:

1st.—The County Convict Camp is in a very unsanitary condition. There is a hog-pen within 50 feet of the kitchen, with slime, mud and filth to the apparent depth of from four to six inches. Great swarms of flies gather in and over it, and then make their way to the kitchen and table-benches where the prisoners have to eat their food. We therefore suggest that this be transferred to some other location further removed from the kitchen, to obviate such an unhealthy state of affairs.

2nd.—In the light of medical science (to the effect that a normal human being should have access to 27 square feet of air), we find the wagons, where the prisoners have to sleep, are very close, with no ventilation whatever. One of these wagons has accommodations or sleeping-quarters for 18 men, and at present 16 are sleeping therein, but this wagon has only 2 doors and 4 ventilators, such ventilators containing not over 4 inches in width and about 10 inches in length. We recommend that a ventilator be placed at the bottom of each side of the wagons, running from one end to

the other, suggesting a width of 6 inches. The vent, being at the lower part of the wagon, would cause pure, fresh air to continuously enter while the foul air would go upward to the eave of the wagon and pass on out.

3rd.—There is a suitable or reasonable distance between the convicts' quarters and the sanitary pit (where the refuse and excrement from the convicts are emptied) but the pit is not properly looked after, and therefore we suggest that some lime be furnished, daily applied, and then well covered with dirt, in order to prevent disease resulting therefrom.

4th.—We likewise suggest that lime be supplied for all the water closets at the Poor Farm, as these water closets are now in rather a bad condition,—many flies forming and breeding in and about them.

5th.—As far as the domestic part of the Poor House is concerned, we wish to commend the matron thereof for her neatness and discipline,—each and every inmate seeming to take a personal interest in keeping his or her room clean and tidy.

From the evidence coming before this Grand Jury in a certain case now before the court, we are led to believe that through the efforts of the State Attorney at the previous term of this court, the Grand Jury was misled by the State Attorney to such an extent that they returned an indictment wholly insufficient.

From the evidence it would seem that the State Attorney of the previous term, while receiving compensation from the state, as a representative of the state in such matters, has, to some extent favored the defense in the indictment in the above mentioned case. This case was re-opened by this Grand Jury and a new indictment drawn according to the evidence presented to us by the state and which under our oath as Grand Jurors we felt to be just and proper.

This matter is presented without the knowledge of the present Acting State Attorney and without advice from any person or persons outside of this body. It is not prompted by politics, jealousy or any other ulterior motive but by a sincere desire on the part of this body as citizens of this county to see unprejudiced justice administered in the courts of our fair state. We are loathe to believe that a representative of the state would allow himself to be unduly influenced while handling matters pertaining to his office and would respectfully represent to this court that we do not sanction such practices in Seminole county.

We recommend that this matter be referred to the governor of the state for his consideration and such action as he may deem necessary and that particular care be taken that any statement contained herein be not used in such a way as to influence in the slightest manner the trial of the case above referred to.

It has been brought to our attention that the two cases of the State of Florida versus J. M. Saucer, charged with the violation of the prohibition laws of this state, have been continued for the term owing to the sickness of the mother of the wife of the defendant. Both of the indictments in these two cases were found and returned by us during this term of court, and from the investigation made by and before us, we are of the firm opinion that the prompt trial of these two cases is necessary in the protection of society and for the security of the lives of the citizens of this county.

We are thoroughly satisfied from the evidence produced before us that this defendant for many months past has been promiscuously and openly, as far as possible, engaged in a general illegal traffic in intoxicating liquors, and we find that his attitude has been one of utter defiance of law and constituted authority. We wish to commend the Sheriff of this County for his activity in general, in the enforcement of the existing prohibition laws, and most particularly in the effort that has been put forth by him in attempting to rid this community of the evils resulting from the persistence evidenced on the part of the said J. M. Saucer to continue such unlawful traffic in intoxicating liquors, notwithstanding the fact that he has been heretofore convicted of the violation of the prohibition laws of this state.

Therefore, we respectfully recommend and suggest to the court that the protection of society of this county and state and the majesty and dignity of the State of Florida demands and requests that the two cases now pending against the said J. M. Saucer be tried, if possible, during this term of court, and if necessary, that this term of court be continued from day to day each time as said cases can be tried, should it prove impracticable to try these two

cases during this term of court, we respectfully ask, request and urge this court to call a special term of this court at the earliest possible date for the purpose of a trial and final disposition of these two cases.

It has come to our attention that cigarettes and tobacco are being sold to minors in this county, and the Lottery Laws are not being enforced. We recommend to the county and city officers that they notify the dealers to discontinue this practice, after which they proceed to enforce the law in such matters.

We are grateful to the court for his full and lucid explanation of the law touching our official duties and his uniform thoughtfulness of our welfare. We also thank the acting state attorney, Hon. Geo. A. DeCottes for the lawyer-like manner in which he has enabled us to perform our work expeditiously; and we are likewise appreciative of the valuable services rendered us, when needed, by the sheriff, Mr. C. M. Hand, and his deputies and others.

And having finished our labors, we now respectfully ask the court to discharge us.

EDWARD FRANKLIN LANE,
Foreman.

KILLED TWO BEARS.

W. E. Hawkins and Homer Clause went to the Wekiwa swamps early this morning looking for bear and they found them. One she bear and a cub fell to their trusty guns, and "Pud" said if he had not broken his gun he would have killed another one. The big bear weighed in at 150 lbs and the little one at 45 lbs, and they are now reposing in the ice box of Hawkins' meat market. Bear are plentiful in the Wekiwa river flats just now, as they like the huckleberries and go after them. "Pud" is an old bear hunter and known just where to find them and he gets several every summer when the berries get ripe.

COUNTY COMMISSIONERS MEETING
Canvass Returns of Election for Bonds for Good Roads

Sanford, Fla., May 19th, 1921. Hon. Board of County Commissioners in and for Seminole County, Florida, met in extra session at 10 o'clock a. m. Present: Chairman L. A. Brumley, and Commissioners: L. P. Hagan, C. W. Entzinger, O. P. Swope, and Deputy Clerk, and C. M. Hand, sheriff in attendance.

Chairman announced that the purpose of this meeting was to canvass the returns of the Bond Election held May 17th, 1921, in Precincts Nos: 5, 6, 7 and 8, Seminole County.

Motion of O. P. Swope, seconded by C. W. Entzinger, and carried, Mrs. William McWaters, and her son Walter Nelson, are hereby appointed to the county home, until other arrangements can be made to take care of them.

Motion of Comr. C. W. Entzinger, seconded by Comr. L. P. Hagan, and carried, the case of Arthur Neal Willoughby, is hereby referred to Comr. O. P. Swope, with authority to act.

The board proceeded to canvass the returns of the election held on May 17, 1921, to determine the question as to the creation and establishment of the Special Road and Bridge District described in the petition filed with this board on the 8th day of March, 1921, and as set forth in the call for an election, 129 votes.

Against the creation and establishment of said Special Road and Bridge District as provided and set forth in said petition and call for an election 39 votes.

Following was the result of the election by precincts: For Against Precinct 5 75 1 Precinct 6 11 2 Precinct 7 20 0 Precinct 8 14 36 Precinct 9 20 0

Whereupon the following resolution was offered by Comr. O. P. Swope, and duly adopted by a unanimous vote: Whereas, the returns of the election ordered by this board to be held on the 17th day of May, 1921, to determine the question as to the creation and establishment of the Special Road and Bridge district described in the petition filed with this board on the 8th day of March, 1921, and as set forth in the call for said election have been duly made to this board by the Inspectors of said election, and, Whereas, said returns have been opened and duly canvassed by the board, and,

Whereas a canvass of said returns shows that 129 votes were cast for the creation and establishment of said Special Road and Bridge district and 39 votes were cast against the creation and establishment of said Special Road and Bridge district. Therefore, be it resolved, and it is so ordered and declared, that the result of said election is in favor of the creation and establishment of the Special Road and Bridge district described in said petition and call for an election, and in favor of the construction of the proposed roads and bridges therein described with funds derived from the issuance and sale of bonds of said Special Road and Bridge District in the sum of \$90,000.00, payable thirty years after date, with interest at the rate of six per cent per annum, authorized by said election, and,

Be it further resolved that as the result of said election the territory and area particularly described and set forth in said petition filed with this board on March 8th, 1921, and as described and set forth in the call for an election dated April 5, 1921, be and the same is hereby declared to be a lawfully constituted Special Road and Bridge district of Seminole County, Florida, officially designated as Special Road and Bridge District No. 2, of Seminole County, Florida.

Adopted this 19th day of May, A. D. 1921.

L. A. BRUMLEY, Chairman. O. P. SWOPE, Chairman. E. CURLETT, Chairman.

Board of County Commissioners of Seminole County, Florida.

Resolution to Be Adopted Whereas, the returns of the election ordered by this board to be held on the 17th day of May, 1921, to determine the question as to the creation and establishment of the Special Road and Bridge District described in the petition filed with this board on the 8th day of March, 1921, and as set forth in the call for an election, 129 votes were cast for the creation and establishment of said Special Road and Bridge District, and 39 votes were cast against the creation and establishment of said Special Road and Bridge District.

NOTICE OF INCORPORATION
Notice is hereby given that the undersigned intend to apply to the Honorable Cary A. Harbo, Governor of the State of Florida, Tallahassee, Florida, on the 12th day of July, A. D. 1921, for Letters Patent Incorporating TOMOTIVE SUPPLY COMPANY, under the following proposed charter, the original of which is now on file in the office of the Secretary of State at Tallahassee, Florida.

ARTICLE I. NAME- LINK ABSTRACT CORPORATION. The name of this corporation shall be NARILINK ABSTRACT CORPORATION, and its principal place of business shall be in Sanford, Seminole County, Florida. The said corporation may have office elsewhere in the State of Florida as may be determined by its Board of Directors.

ARTICLE II. PURPOSE. The general nature of the business to be transacted by the corporation shall be as follows: To acquire, buy, sell, manufacture and otherwise deal in automobiles, automobile tires and automobile accessories of all kinds and descriptions, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of machinery, tools, and other articles of merchandise, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of real estate, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of personal property, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of securities, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of other articles of merchandise, and to acquire, buy, sell, manufacture and otherwise deal in all kinds of other articles of merchandise.

ARTICLE III. CAPITAL. The amount of the capital stock of this corporation shall be Fifty Thousand Dollars, to be divided into One Thousand (1,000) shares of the par value of Fifty Dollars (\$50.00) each, and the said capital stock shall be payable in full at the time of the issuance of such shares.

ARTICLE IV. OFFICERS. The business of this corporation shall be conducted by the following officers: A President, a Vice-President, a Secretary and Treasurer, and such other officers as may be determined by the Board of Directors.

ARTICLE V. MEETINGS. The annual meeting of the stockholders of this corporation shall be held on the 15th day of January, A. D. 1922, and thereafter on the 15th day of January of each and every year, such meeting to be held at the principal office of the corporation at Sanford, Florida.

ARTICLE VI. LIABILITY. The highest amount of indebtedness or liability to which this corporation shall be subject at any time shall not exceed the sum of One Hundred Thousand Dollars (\$100,000.00).

ARTICLE VII. SEAL. The seal of this corporation shall be a circular seal containing the name of the corporation and the date of its incorporation, and the words "NARILINK ABSTRACT CORPORATION, INCORPORATED IN FLORIDA, 1921."

ARTICLE VIII. NAMES, RESIDENCES AND DESCRIPTION OF INCORPORATORS. Name, residence and description of incorporators: Geo. R. Nash, Sanford, Fla., 150 shares; W. H. Link, Sanford, Fla., 150 shares; E. W. Baker, Sanford, Fla., 10 shares.

STATE OF FLORIDA. COUNTY OF SEMINOLE. I, the undersigned, Clerk of the Court, do hereby certify that the foregoing is a true and correct copy of the charter of the NARILINK ABSTRACT CORPORATION, as filed in my office on the 10th day of June, A. D. 1921.

NOTICE OF APPLICATION FOR TAX DEED UNDER SECTION 579, GENERAL STATUTES, LAWS OF FLORIDA. Notice is hereby given that J. F. Loring, purchaser of Tax Certificate No. 2550, dated the 7th day of June, A. D. 1921, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit:

310 SANFORD AVENUE

FLORIDA IN GENERAL

AS SEEN BY EDITOR WOODRING, OF THE PERU (INDIANA) JOURNAL

FAPT in the climatic luxury of the semi-tropical zone, clothed in the verdure which springs from soil kissed by passionate sunbeams and bathed by copious showers; tended by a people rich in the virtues of industry, thrift and sobriety; with a dozen ports busied with ships laden with the products of every clime; dowered with an incomparable forest; the earth stored with valuable deposits of phosphate and clays; supplied with splendid clear lakes, fringed with moss-covered trees, in which the finny tribe play with endless dive and swirl; provided with ample supply of good water; flecked with magnificent horticultural groves; the plains grazed by stately herds; gemed with bewitching gardens; dotted with flourishing cities and fanned by balmy gulf-stream breezes.

To the old and the young alike, Florida has a strange appeal—wondrously strange at times, and most difficult to analyze or explain. Romance with its old world flavor still holds its sway and always will. A land of enchantment, it has ever been, and it will continue to charm and enthrall in the years to come, just as it has in centuries past. The venturesome explorers of four hundreds years ago, though often times forced to turn back because of insurmountable difficulties, found in Florida, a land of enchantment. Today one can revile in the warmth and sunshine, in the long stretches of white sandy beaches and in the crystal clearness of the many lakes and the cool breezes of velvety softness as they whisper a unique and most interesting feature of many of the lakes is the long rows of pine sapplings found at the waters edge. One could feel almost of certain the planting had been designed and made by man but such is not the case—it is just a pretty bit of nature's handiwork.

Combinations of nature's beauty are here frequently found in a rippling glake, trees heavily laden with Spanish moss and a bit of sunlight breaking through. Those who will take the time to explore a bit out of the beaten paths will find many delightful surprises. There is something new and different awaiting one just over the hill or around the turn

and one never tires of these scenes. As twilight shades into darkness, the hanging mosses take on fantastic shapes and assume a sombre tone. Night treads quickly on the heels of day and ushers in twinkling stars of a brilliancy only exceeded in north-western Canada.

Frankness and veracity compel us to admit that for four hundred years Florida was used scarce more than for a gateway, its explorers passing through and beyond in search not of fertile land but of gold in bulk to carry back across the seas. It has been a far cry from those early troublesome days to the present time and the transposition from a primeval fastness to the wonderland of today is all the more marvelous for the reason that the greatest strides have been made in the past decade.

Azure skyde and rainbow tinted Florida is old in years yet young and fresh with opportunity. The soil responds lavishly with intelligent care and treatment. The climate contributes generously to the health and joy of the people. With interminable resources and scenery as varied as it is beautiful Florida enthralls and fascinates.

The search for the fable's perpetual foundation of youth is now only a memory, but on the other hand we found those things which spell long life and happiness. The song of birds, the perfume of orange blossoms and flowers, skies of ethereal blue, nights of velvety softness with myriad stars of surpassing brilliancy—these and more are yours to possess without let or hindrance.

Florida, to many who have yet to visit here is a mass of contradictions. Exaggerated reports and misleading literature of an earlier day coupled with ruthless exploitation of lands oftimes wholly unsuited for agriculture, are largely responsible. Happily all these things are almost wholly in the past. Well marked trails now lead to whatever the traveler may most desire. A mass of information is his for the asking from government, state, and various districts. A network of splendid roads of asphalt and brick are at his disposal and make readily excessable almost every part of the state. The early ex-

plorers were not long in reporting as they frequently did that the whole country was underlaid with gold. It was and is. It simply was left for the generations to mind and this is being done today at the rate of \$35,000,000 yearly from her products of agriculture and livestock alone and this is only the beginning.

With the state's almost limitless resources, it would be difficult, even for those who have carefully measured the possibilities, to overestimate the value of her products in the years just ahead. With an average annual value of farm products of \$149.00 per acre; with billions of feet of standing timber, sufficient, when sawed, to build homes for twenty million people; with an annual production of eighty per cent of the world's phosphate; with a yield each year of turpentine and resin valued at millions, with an outgo of more than fifty thousand carloads of fruit and vegetables the past season, Florida has taken her place in the front ranks as a wealth producer.

When you add to the foregoing, the millions of dollars yielded each year by her eggs and poultry, dairy products, of honey, cotton and tobacco, sponges and seafood, not forgetting that Florida, commercially, is just in her infancy, you may grasp something of what the future has in store.

At all points our entertainment was lavish,—flowers strewn in our pathway, orange and grapefruit, and barrels of iced orange and grapefruit juice were served us. The profuseness of Floridian entertainment proved great generosity in both spirit and purse.

Florida is a land of infinite variety. Each city and section has its own peculiar and distinct features. The state has spent \$7,000 on direction signs and is spending \$10,000 in placing them. Many thousands of acres of the most productive land in the world have been reclaimed from the swamps, hammocks, and pine forests in the last year. Millions now just as good remain to be developed. It is simply a matter of enterprise and capital. It is true that the tourist who sees Florida from the car window views much that is sand and barren waste but touring as we did, the interior by automobiles, we found it vastly different.

THE LAND OF THEIR DREAMS

By W. E. HOLLES, of Oldsmar
President Florida Grape Growers' Association

At this time, while the winter tourists are absent and we Floridians are alone together by ourselves, as an Irishman would have it, we have a good opportunity to discuss plans to make Florida more popular with all of our visitors.

Before I ever came to Florida I was more or less familiar with its tropical scenery, having made quite a collection of photographs and picture postcards. Like many new-comers, I expected to see a large part of Florida look like these picture postcards, and I was disappointed. I was prepared to see great stretches of pine woods, because I knew Florida is a comparatively undeveloped state, but I was chiefly disappointed in failing to see enough ornamental plantings of subtropical trees and shrubs in the cities and towns, where one surely has a right to expect beautiful effects.

I have studied the charm of cities like Tampa, St. Petersburg and Clearwater on the west coast of Florida, and Miami, West Palm Beach, Daytona, St. Augustine and Jacksonville on the east coast, and many well located cities in the interior. I find that the most popular tourist towns, as a rule, are those places which have given most attention to making their cities beautiful by freely planting trees and shrubs. These are the things that a visitor expects to see when he comes to sub-tropical Florida. He is pretty well fed up with pine trees on his way down, and when he gets here he expects to bask in the balmy sunshine and feast his eyes on tropical scenery. These are the things that he came here to enjoy. This is the land of their dreams, and it is up to us, the all-year-around Floridians, to make their dreams a reality.

Going to St. Petersburg, for example, we find that the things which interest us most are the tropical scenery effects and the water front which has been ornamented by beautiful plantings. The buildings in St. Petersburg are good—the hotels, business houses, banks, apartment houses, bungalows, etc., all are good, but not much better than we could find in hundreds of other cities in the United States the same size as St. Petersburg. The winter visitor does not come to Florida primarily to look at buildings and paved streets, but he comes here to get the climate, have a good time and wants it served up to him in sub-tropical style.

I spent time and money traveling around Florida visiting beautiful towns, trying to find more of them to enjoy, but finally came to the conclusion that the wisest plan is for every property owner to create his own tropical plantation right around his

own home, where he and his family can enjoy it 365 days in the year. Working along these lines, I have planted out 700 trees, shrubs and plants in the last two years, including a wide variety of fruits and flowers, and I believe we have already had \$5 worth of enjoyment from every \$1 invested in this way. From my point of view as a real estate dealer, I consider it safe to say that every dollar spent in ornamenting a piece of property should in a few years represent 500 per cent. profit. A young tree which costs \$2 should easily be worth \$10 more to a piece of property inside of five years. It takes time to select, plant and grow young stock, and sometimes quite a percentage of new planting is lost by untoward conditions, even if the plants are given good care. It sometimes takes a year for a plant really to get going in its new surroundings, but when it actually gets under way and begins to bear its fruits and flowers, it is a constant delight.

It has been my plan to have a large variety of fruit trees on my place, so that we would have a succession of fresh fruits for our home table every week in the year, and I am glad to say that the plan is working out successfully. We have planted four varieties of bananas, four kinds of citrus trees, six varieties of guavas, persimmons, pomgranates, pears, varieties of figs and grapes, tree blueberries, pecans, sapodillas, Surinam cherries, mangoes, tamarind, avocado, mulberry and other fruit trees, besides fine, healthy plantings of watermelons and muskmelons.

We have some interesting ornamental trees and plants, including a rose garden of about 75 good bushes now in bloom; Moses' bulrush, the same kind of plant the baby Moses were hidden among on the Nile river, according to the Bible story; oriental locust, or St. John's bread tree, the kind from which St. John got the locust beans to eat with wild honey in the wilderness; Solomon's camphire, the leaves of which were used in King Solomon's day to manufacture cosmetics and the flowers for making perfume; and the acacia, which has been of interest to members of the Masonic from ancient days until now. We, of course, have a collection of different varieties of oleanders, hibiscus, three varieties of rubber trees, quantities of lilies, caladiums, bamboos and other interesting subjects.

Growing these things is my favorite outdoor sport. After a hard day's work at the office I enjoy a walk in the cool of the day among my favorite trees and flowers. They give me a complete change of thought and I consider it better recreation in the

TO PROSECUTE THE LEADERS IN RACE RIOT

THAT COST THE LIVES OF THIRTY-TWO PEOPLE AT TULSA, OKLAHOMA

(By The Associated Press)
TULSA, June 7.—The first step toward prosecution of the alleged leaders of the race riots here last week which cost thirty-two lives, taken today with filing charges against K. B. Stratford, negro, and three other negroes, none of whom are in custody. They are charged with rioting. Extraordinary papers for Stratford, who is in Kansas, have been asked for. Stratford refused to return to Tulsa.

open air than playing golf. I positively know that my family gets more fun out of it, strolling around with me, while I play golf with the hoe.

In addition to pleasing my family and myself, I find that I have furnished enjoyment to hundreds of my friends who are nature-lovers like myself and who enjoy strolling around among the plants, studying their habits of growth and enjoying their beauty and fragrance. I believe if every property owner in Florida could see the desirability of developing his own homestead in some such way as this, in a short time—two or three years—the entire state of Florida would look more like a tropical garden than it ever did when the Spaniards named it the Land of Flowers. Besides, every piece of real estate would be materially increased in value by such plantings, and the owner and his family and friends would get twice as much enjoyment out of life. The tendency is to put off this thing and use that popular Spanish expression—Manana—tomorrow. I had a little experience along this line years ago in Michigan, handling a summer resort subdivision. I let a year or two go by without beautifying the grounds, and discovered that my error put me back just that much time in disposing of some of the lots. I learned my lesson well and I have never forgotten it.

Planting can be made in Florida every month in the year. The summer season is exactly the right time to set out certain kinds of trees and plants. The so-called winter is just the time to set out other varieties. There is no month in which plantings of one kind or another cannot be made successfully. My program is to plant something new every month, and so many gardens are a constant source of new enjoyment.

The old-fashioned man who used to borrow your lead pencil now carries a fountain pen which never has any ink in it.—Jefferson City (Mo.) Democrat.

Rub-My-Tism kills pain.

THE HERALD PURCHASES PROPERTY

BUYS FINE LOT ON LAKE FRONT FOR FUTURE HOME OF DAILY

(From Saturday's Daily)
The Lakefront Improvement Co., are selling lots every day or so and it begins to look as though all the land on the lakefront would soon be in the hands of purchasers who expect to build stores and apartments and offices and factories of various kinds.

There is probably no better place for an investment in the state of Florida just now than this lakefront land. It has one of the finest hotel sites in the state located there and when the new hotel is started all the land adjacent will take a boom that will make it double in value at once. Home people are well aware of the great value of this lake front property and they are purchasing with an eye to the future.

Among the latest purchasers of a lake front lot is the Herald Printing Co., who today purchased a fifty foot front lot on Commercial street facing the Valdez Hotel and running south 104 feet to the court house, formerly known as the Rand property. This lot is on Rand street and Commercial and will have plenty of light and ventilation, being a good corner and facing the south and east, making it an ideal location for business of any kind in the near future.

While the Herald Printing Co., does not contemplate moving any time soon the management is looking toward the future when the plant will be so greatly enlarged that it cannot be confined in the present quarters and it will then be too late to pick out a choice location like that purchased this morning.

The Herald Printing Co., expects, however, to build next year and the plans will call for a big basement and first and second floors with apartments on the second floor and if the Herald does not see fit to occupy the new building it will be rented out until such time as the printing office is ready for new quarters.

At any rate the Herald believes in the future growth of Sanford and is backing that faith with a new building.

EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

HARRY LEWIS BUYS FINE PROPERTY

(From Friday's Daily)
Harry B. Lewis, the real estate man and Sanford booster, has been looking for a building lot for many years and at last thinks he has found it at the corner of Magnolia avenue and Tenth street known as the Laing lots. These lots have been in the possession of J. E. Laing for many years and at one time contained two negro houses that were an eye sore to the town. Since the rehabilitation of this part of town chiefly through the efforts of Col. Geo. W. Knight, who has started a fine sub-division south of this corner all this property has leaped in value and Mr. Lewis has something fine. He will build a beautiful home at once and the many friends of both Mr. and Mrs. Lewis will congratulate them upon their finally getting a location to their liking.

It never rains but it pours!

IT WAS "company night."
BUT WHEN I got home,
I FOUND the Browns.
HAD A sick baby.
AND COULDN'T come.
SO I chortled "Oh, joy,
WON'T SUE and I have
SWELL EATS for two!"
BUT NO, Sue said,
"YOU DON'T suppose,
I'D WASTE all this food,
JUST ON YOU!"
AND SO I said,
"LET'S PHONE the Smiths."
BUT THEY had headaches.
THEN WE tried the Joneses.
AND THEY fell for it.
AND WHEN grub for four,
WAS JUST about ready,
THE PHONE bell tinkled.

AND THE Brown baby was better.
AND A minute later,
THE SMITHS changed their mind.
AND THE Missus fainted.
"OH, WELL," I said,
"THE MORE the merrier.
WHAT'S THE difference?
IF THERE isn't enough food,
I'LL FEED the males.
ON THE cigarettes that satisfy.
AND YOU women can talk.
AND BETWEEN the two,
WE'LL ALL be Satisfied."

WONDERFUL company,
Chesterfields—any time, any
where. Just seem to "hit the spot."
Good tobacco, good blending, (by a
private formula that can't be copied),
good-looking packages with an air-
tight wrapper. On every count, an
all-around downright good smoke.
