

Lyman Students Participate In Voting Poll

By Jane Caselberry
With all the political straw the wind these days it is only natural that the students at Lyman High School wanted to express their own Presidential preference in a national student poll being conducted by "Our Times," a national student publication.

Participating were the American History, World History, and Problems in American Democracy classes of Ralph Brewer and Ken Campbell.

Results were as follows: On the Democratic side President Lyndon B. Johnson drew the highest individual support and Governor George Wallace received three votes. High man on the list of Republicans was Ambassador Henry Cabot Lodge with 111 votes. Others listed on the ballot were Richard M. Nixon, 63; Senator Barry Goldwater, 33; Governor Nelson Rockefeller, eight; Governor William Scranton, four; Governor George Romney, three; Senator Margaret Chase Smith, three and Harold Stassen, no votes.

Write-ins included Attorney General Robert Kennedy who received five votes; former President Dwight Eisenhower, two votes; Mrs. Jackie Kennedy, James Hoffa and Martin Luther King, one vote each.

The students were allowed to vote for only one candidate and the names were not listed by party. Although Johnson received the highest vote, it is interesting to note that the combined vote for the GOP outnumbered the Democratic vote.

'Bravettes' To Enter Contest

Member of the Sanford Junior High School "Bravettes" will compete April 18 in a district majorette contest sponsored by the Florida Bandmasters Association at Merritt Island.

The "Bravettes" captured third place in a recent state contest of the U. S. Twirling Association at Orlando. In this contest, medals were won by Bonnie Boyd, Dixie Holmer, Mary Pat Bertrams, Mary Jane Burns, Frances Dangleman, Jean Huff, Donna Bewiechin, Sharon Ganas, Frances Cammack, Brenda Brown and Robin Fordham.

Peter Bukur was elected president of the Council of Twirling Teachers of the U.S. association.

Certificate For Cpl. Benton

Marine Corporal Howard H. Benton, son of Mrs. Addie E. Hawkins of 102 Oakland Ave., Sanford, received his certificate upon completion of the Marine Corps Institute correspondence course, "The Marine Noncommissioned Officer", in ceremonies held recently.

He is assigned security duties as Corporal of the Guard at Marine Barracks at the Sanford Naval Air Station.

Before entering the Marines in April 1960, Corporal Benton attended the Lyman High School at Longwood.

Barracks Group Has Card Party

By Mrs. Adam Muller
The DeBary Chapter of the Auxiliary to World War I Barracks 1197 recently sponsored a Dessert Card Party in the Community Center with 25 tables in play.

Serving as auxiliary chairman for the event was Mrs. William Denning while Commander William Bries and Michael Donlon represented the Barracks.

Door prizes went to Mr. and Mrs. Herbert Vitt, Mrs. E. Steere, Mrs. A. Van Dusen, Mr. and Mrs. W. Newmann, Mrs. M. Mahon, Mrs. F. Muehberger, Mr. and Mrs. Irving Jacobs, Mrs. M. Ebesch, Mrs. M. McManus, Barry Anderson, Mrs. M. Donlon, Mrs. E. Kelly, Gary Braverman, Mrs. M. Holmes, Earl Andrews, Mrs. Julia Allen, Mrs. W. Joyce, Mrs. W. Denning and Mrs. Eugene Belmont.

\$50,000 Sanford Canal Loan Being Completed

Donations Of Right-Of-Way Assured

Negotiations were being completed today in Atlanta on an application by the St. Johns-Indian River Canal District for a \$50,000 loan from the U. S. Housing and Home Finance Agency (HHFA) to finance further engineering studies for the Sanford-Indian River waterway.

John Krider, canal district chairman, and Harold Scott, Jacksonville engineer, were conferring with HHFA officials today at Atlanta. Scott represents Reynolds, Smith and Hills, engineers.

The state government already has advanced \$40,000 for engineering studies while Seminole, Volusia, Brevard and Orange Counties have voted \$2,000 each annually for operations.

Norman Bryan, of the engineering firm's Orlando office, said today that right-of-way 350 feet wide and 24 miles long will be donated gratis by Norman Lund, of Titusville (the former Cameron tract), Miami Corporation, Lauderdale Theater Corporation and Cameron Development Corporation.

He said width of the canal will vary from 175 to 225 feet and it will be eight or more feet deep, running between two locks at 16 feet above sea level.

Commencing at Lake Monroe, the right-of-way will follow the St. Johns through Osteen Bridge to a point near Lemon Bluff, cut overland immediately north of Osteen Airport, cross the St. Johns and in a nearly straight line proceed overland, cross U. S. Highway 1 and continue to the Indian River at Oak Hill.

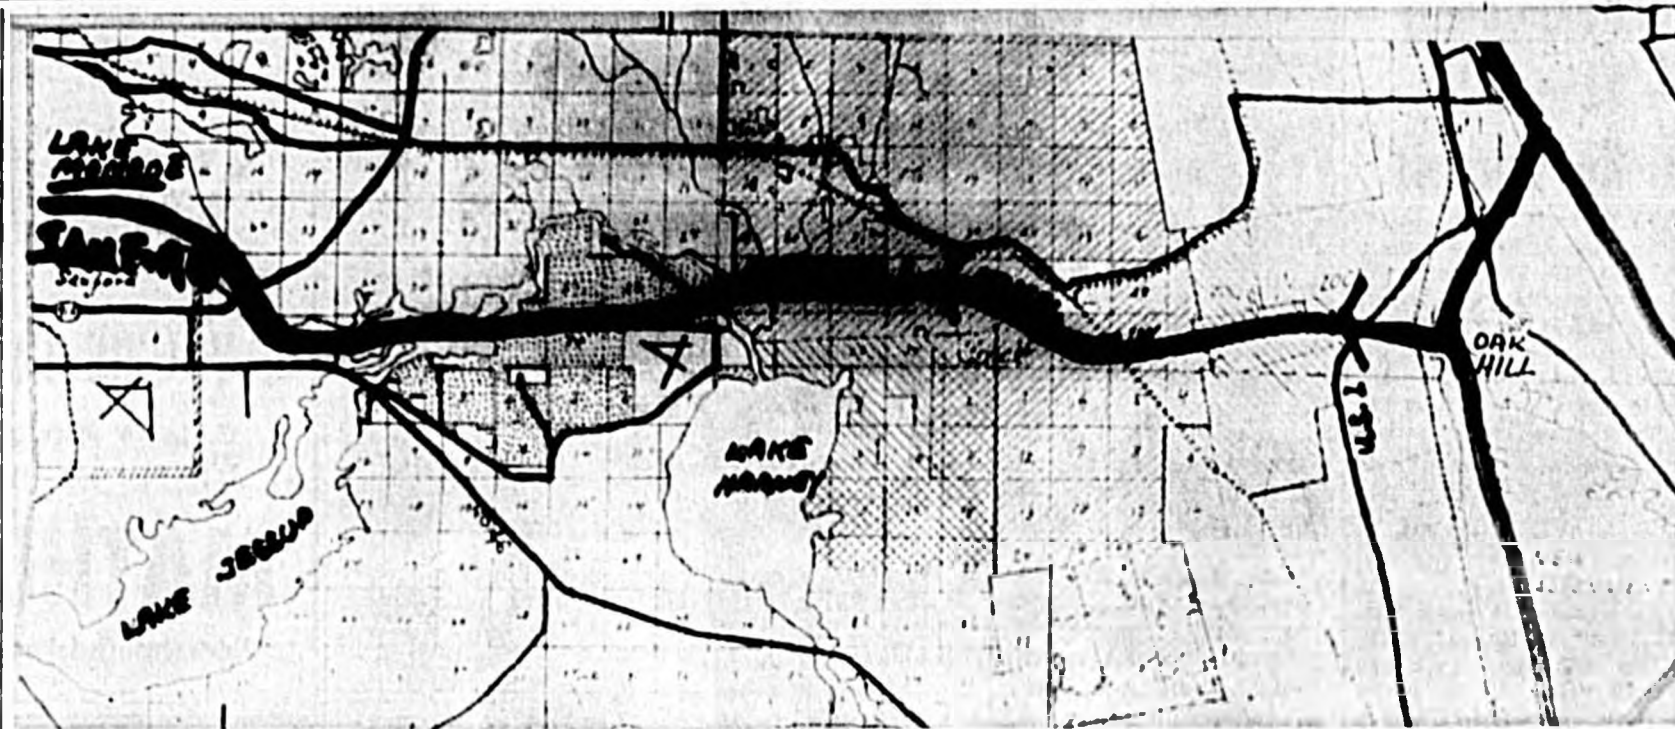

It is at this latter point that the U. S. Army Corps of Engineers is planning a new haulover canal from the Indian River for the inter-coastal waterway into Mosquito Lagoon. The present haulover canal north of Titusville will be closed to eliminate water traffic near the space missile launching site.

Spill from the canal right-of-way will be dumped in such a manner as to provide a bed for a future four-lane highway between Sanford and the Atlantic Coast, should it ever be developed by the State Road Department. This was a suggestion made more than a year ago by John Brunley, Sanford member of the canal district.

It has been reported the two locks, raising the canal level, will eliminate salt water intrusion into the fresh water St. Johns.

The proposed canal is a century-old dream to open the St. Johns River to through water traffic, both commercial and pleasure craft. The Florida Legislature appropriated some \$70,000 for its construction prior to the War between the States but that conflict halted the plans.

Canal district officials have expressed the hope that HHFA will finance the entire project. It also has been suggested it be financed through revenue.

RIGHT-OF-WAY of the proposed multi-million dollar St. Johns-Indian River Canal between Sanford and Oak Hill is depicted. The 24-mile man-made waterway will open the St. Johns River to through water traffic. The canal will commence at Lake Monroe, follow the St. Johns through Osteen Bridge to a point near Lemon Bluff, cut overland north of Osteen Airport, cross the t. Johns and continue in a near-straight line to the Indian River at Oak Hill.

Rail Strike Threatens

WASHINGTON (UPI) — The railroads announced today an embargo on all freight traffic as of a minute past midnight as the government sought feverishly to avert a nationwide rail strike at that time.

In anticipation of the strike, most railroads operating in the United States announced they would not accept freight of any kind for loading, transportation, interchange or reconignment effective at 12:01 a.m. Friday.

WASHINGTON (UPI) — The Johnson administration applied round-the-clock pressure on union and management officials today to avert a threatened nationwide rail strike at one minute after midnight.

Nation Braces For Tieup If Strike Comes

CHICAGO (UPI) — The nation braced today for a crippling rail strike that could paralyze countless industries, clog highways with commuters and put a serious dent in the country's economy.

Housewives would feel the pinch in family pocketbooks and growers of perishable food would suffer irreparable losses.

The threatened strike was set for 12:01 a.m. (local time) Friday.

The day-old strike of the Illinois Central Railroad, which precipitated the latest crisis in a long-simmering dispute over work rules changes, already posed tremendous problems.

A nationwide walkout would pose more.

Service to more than 2,000 communities in the Midwest and South was cut off by the Illinois Central walkout.

The sudden strike sent thousands of commuters flocking to buses, car pools and taxi cabs in Chicago.

Freight shipments were tied up throughout the line's operation in 4 states from the Great Lakes to the Gulf Coast.

Louisiana strawberry growers and the nation's banana industry would be particularly affected by a prolonged strike.

Several large manufacturing plants in Memphis, Tenn., already have been hard hit by the I-C strike.

Meat packing plants and other food processors would have to rely on trucks for all their shipping operations — and there probably will not be enough trucks to go around.

A strike of even a few days duration would result in massive layoffs and shutdowns. The auto industry, which employs a half million persons, would be among those seriously affected. The steel industry, railroad companies and aluminum producers also would be hard hit.

12 Tagged Fish Taken From Lake Golden

Twelve tagged fish have been taken by 10 anglers from Lake Golden in the \$500,000 Schiffs fishing derby, it was learned today.

Orlando distributor for the brewery has submitted the tag numbers to Milwaukee for confirmation of the cash value of the tags. One fish in Lake Golden reportedly is carrying a \$10,000 tag.

Chief Jean K. Benson, Sanford Naval Air Station, has hooked three of the prize fish. Others are Lois H. Ries, 417 Beth Drive; Donald Faulkner, 2434 Cedar Avenue; Emory E. Atwell, 434 Mardin Avenue; Warren H. Donat, Longwood; and George Osborne, Chief M. B. Kysar, David H. Hall, Charles M. Ward and Ronald E. Polson, all of SNAS. Hall's catch was a bluegill; all others were bass.

Polio Can Be Wiped Out, Physician Says

The American public holds in its hands the chance to wipe out polio once and for all.

Dr. Kenneth E. Pierce emphasized this noon at the Sanford-Seminole Jaycee luncheon in the Civic Center.

The chance is contained in two doses of Sabin vaccine and the first dose will be administered this Sunday in the

Gen. MacArthur Korean War Charge Bared

NEW YORK (UPI) — General of the Army Douglas MacArthur may have been quoted the Western world one of its greatest security scandals by charging that Britain betrayed the Allied war effort in Korea to the Communists.

MacArthur said the British gave his war plans to the Chinese enemy and were shelled in so doing by "fools" and "Anglo-Saxon-Philistines" in Washington. His accusations were made in separate 1954 interviews with two American reporters — Jim Lucas of Scripps Howard newspapers and Bob Condit of Hearst Headline Service. They were kept secret until Wednesday.

The general also was quoted as saying he could have won the war in Korea in 10 days by dropping 30 to 50 atomic bombs on Communist Chinese forces and using hundreds of thousands of Nationalist Chinese troops to spring a strategic mouse-trap on the million-man Communist force.

MacArthur also admitted denying the Communists resupply and preventing another invasion of Korea "for at least 60 years" by sowing a massive cobalt radiation belt across the Asian Peninsula. He said Washington vetoed the plans under British opposition.

The British Foreign Office declined comment on MacArthur's sweeping indictment, but the British Embassy in Washington immediately denied any betrayal in Korea by its government.

"We had Commonwealth forces in Korea at the time so obviously we had no interest whatever in leaking American plans to the Chinese," an embassy spokesman said.

Sanford Man's Brother Killed

Vance Davis, brother of Johnny Davis of Sanford, was accidentally electrocuted Wednesday while serving as a construction job in Morton, Miss.

Funeral services are scheduled to be held in Morton at 10 a. m. Friday.

Report Delayed

JACKSONVILLE (UPI) — A logjam of paperwork has delayed a biracial group's report on public feeling about the civil rights problem here.

Reds Kill 26
SAIGON, South Viet Nam (UPI) — Communist guerrillas overran a South Vietnamese training center only 15 miles from the capital Wednesday, leaving 26 government soldiers dead and 37 missing, it was announced today.

Report Asked
MIAMI (UPI) — Rep. Earl Bryant asked Gov. Farris Bryant again Wednesday to demand that Atty. Gen. James Kynes issue a detailed report of his uses of state plane since announcing he will seek a new term.

Ev Challenged
WASHINGTON (UPI) — Senate Republican Leader Everett M. Dirksen's proposals to modify the fair employment section of the civil rights bill ran into a liberal GOP challenge today in advance of a party conference on them.

6th Conviction
NASHVILLE, Tenn. (UPI) — Henry (Buster) Bell, vice president of the International Longshoremen's Association (ILA), Wednesday night became the sixth man to be convicted on charges of tampering with a jury that was to try Teamsters Union President James Hoffa.

Can't Believe It
LONDON — Earl Shinwell, defense minister of Britain at the time of the Korean War, replying to reported charges of Gen. Douglas MacArthur that Britain supplies his war plans to the Communist Chinese: "I can hardly believe that Gen. MacArthur said anything so foolish."

Farm Bill OK'd
WASHINGTON (UPI) — The House, in a long and often hectic session, approved President Johnson's controversial farm bill shortly after midnight to give the Chief Executive a double legislative victory. Passage of the wheat-cotton bill, which now goes to the White House, came only a few hours after the House approved the President's proposal to expand the food stamp program for the needy.

Burns Fires Heated Reply To Dickinson

By United Press International
Jacksonville Mayor Haydon Burns fired back angrily Wednesday at a charge of opponent Fred O. Dickinson of West Palm Beach to cap a day of attacks and counter-attacks in the Democratic campaign for governor.

Also near the end of the day, candidate Fred Karl of Daytona Beach added his prediction for the May primaries to those advanced by some of the other candidates. So far, none of the six has left himself out of the runoff in the political prognosticating.

Karl, campaigning in Panama City, said he will be in the running with Sen. Scott Kelly of Lakeland.

Burns, meanwhile, loosed his swat at Dickinson when he arrived in Gainesville to wind up his day.

"Mr. Dickinson, in a dispirited low television attack in Jacksonville last week, said he knew the identity of a public relations man with whom I met and planned the racial incidents in Jacksonville, snapped Burns.

He said he felt it was unnecessary to answer this at home "since the Jacksonville audience knew the circumstances of several days preceding my entrance into the race."

He said, however, the charges were "unfounded, ridiculous and absurd," and that "now Mr. Dickinson is televising this film in all areas of the state... I now call on Dickinson to prove his charge, or publicly acknowledge this is another political lie such as those being waged daily by him and other candidates."

In Orlando, Dickinson called Mathews "the new public defender of Jacksonville boss Burns"—referring to a demand earlier this week by Mathews that Dickinson prove his charges against Burns or get out of the governor's race.

"Senator Mathews, through his attacks on me, has become the best press agent I have," said Dickinson—and added a slap at Mathews' failure to vote down the Milk Commission's price-fixing powers in the 1963 session.

Dickinson also won endorsement Wednesday from the Palatka Daily News, which commented editorially: "All Florida is on the move. We must move with it, and for this promising era ahead Putnam County, like the rest of Florida, needs a man like Bud Dickinson."

'Next Step' In Gemini Program

CAPE KENNEDY (UPI) — America's Project Gemini launch from proving it can launch a two-seater space capsule, now turns to the task of demonstrating it can recover one and to the selection of men to ride the craft into orbit.

The fiery ride of an unmanned 7,000-pound Gemini spacecraft into orbit aboard a Titan-2 rocket Wednesday "allows us to progress to the next step" in the nation's newest manned spaceflight program, said an exuberant Charles A. Mathews, Gemini project manager.

The "next step" is twofold: —The launching of a similar space capsule on a sub-orbital up and down flight to try out re-entry techniques and recovery forces. That shot is planned for "this summer," probably August.

—The selection of the first two men who will make a space voyage aboard the Gemini craft, which is more than twice as large as the bell-shaped Mercury capsule that took each of four astronauts into orbit. The pilots will be named "within a few weeks."

Fire In Plant

A defective boiler at the Nehi Bottling Company plant, 540 Pecan Avenue, summoned firemen Wednesday night at 5:40. Damage was confined to the boiler by firemen under the direction of Chief Mack N. Cleveland Sr. The men returned to their stations at 6:21 p.m.

Question: Who Finances Wallace?

ATLANTA (UPI)—Where is the money coming from that Alabama Gov. George C. Wallace uses to finance his nation's rights campaigns across the nation? Wallace says its coming from "ordinary people," but has never elaborated. Sen. William E. French, D-Wis., says Wallace had made "enormous expenditures" for newspaper, television and radio advertising. Apparently least concerned are Alabamians who have given almost unanimous support to Wallace's forays into the Far West, the East and the Midwest, among other places.

Political observers in Alabama say the trip to the West Coast and Canada early this year cost a minimum of \$2,500; the trip to New England last year about \$4,000 and the Midwest trip somewhere between. That was just the beginning.

The governor and his aides have been silent for the most part about where the dollars for Wallace are originating. They have attributed the financing to a mountain of mail, piled in cardboard boxes in the basement of the statehouse where a dozen secretaries borrowed from various state agencies were put to work answering and filing the letters.

Press aide Bill Jones says one letter from California arrived with a \$1,000 check enclosed.

A answering French's charge of fat financing, Wallace announced that "I believe the Wisconsin results may lessen my contributions to help our cause. We have been financed by the ordinary people and it hasn't been easy."

When the governor went West, he was accompanied by his usual entourage including his press aide, two bodyguards, several friends and various aides in two airplanes. He has just started flying in a new modified Lockheed Lodestar for which the state paid \$150,000.

Wallace has seemed to about \$200,000, through various funds such as upkeep of the governor's mansion, emergency and office expenditures for which he is not specifically accountable. There has been no indication, however, that he has used this money for his campaigning.

In each state where he enters a primary, Wallace is seeking the Democrats money-funding the party to dip into the state's war chest.

Prior to the campaign in Wisconsin, Democrats estimated it would take about \$20,000 to cover their expenses.

Student Wins Art Honor

By Jane Caselberry
Richard Olson, eighth grader at South Seminole Junior High School at Casselberry and a student in Mrs. Joan Bettle's arts and crafts class, recently won honorable mention in an Easter egg decorating contest sponsored by Winter Park Federal Savings and Loan Association.

His entry was judged in the junior high division for originality and comic appeal. Richard's egg was decorated as a tramp and his prize was a set of art pencils. His hobby is art and he has ambitions of becoming a cartoonist.

Annual County 4-H Event Day Called Success

By Mrs. H. L. Johnson
The annual Seminole County Four H. Event day was a big success. The events were held at the County Agriculture Building on the Orlando Highway. Boys and girls competed in various categories with demonstrations of their skill and ability in learning.

Carman Adriatic took first place in the senior division of Foods. Linda Lucas was first in the Junior class.

In clothing the senior team of Sandy Miller and Kathy Rooks was the winner and Sherill Young, 1st in Juniors. Home Improvement was a Junior Linda Isbell. In child care, Margaret Irwin, and in the public speaking class, first place in the senior division went to Margaret Stevens, and Junior Marcia Bryant.

For the boys demonstrations in the senior public speaking it was George Bradshaw, and Junior Rudy Mueller.

In the tractor driving contest Kenneth Viles was the senior winner and Nell Staniko Junior winner. The tractors were furnished through the courtesy of the Hood Tractor Co. and the Florida State Bank were the award donors. Kenneth Alexander senior, and The Allgren, Junior were winners in the Good Reading lamp, division.

David Maha in senior insect class; and Mark Colbert in forest demonstration. These boys and girls are now qualified to go to district events day at Camp McQuarrie on April 18th.

After the demonstrations had all been given, the 5-H riding club gave a very interesting horse show. The show was under the direction of their leader Wesley Giles.

The ending of the County Events day found the boys and girls already plotting their project and demonstration for the Events day of 1965.

Altamonte PTA Sets Election

By Julia Barlow
Election and installation of officers for the Altamonte Springs Elementary PTA were announced for May 19, 7:30 p.m., at a brief business meeting of the group held Tuesday night prior to a program on artificial resuscitation.

Principal Frank Gore announced that school holidays will be coming up April 23-24 while teachers attend a state convention and that a spring roundup will be conducted Friday, May 8, at which time parents will be asked to register children entering first grade next fall. Notices will be sent out prior to the roundup. Attendance areas will remain the same.

A sample fan was on display of the type to be installed in each classroom as a project of the PTA. Room count was won by Mrs. Pat Olson's second grade.

W. E. Moore of St. Petersburg, assistant safety director of Florida Power Corporation, presented the film entitled "The Pulse of Life," which demonstrated application of mouth to mouth resuscitation to an unconscious victim.

Refreshments were served by second grade mothers at the close of the meeting and program.

The wild rose is the state flower of Georgia, Iowa, New York and North Dakota.

The Sanford Herald

Page 2 — April 9, 1964

MRS. JOYCE ALTMAN of Enterprise recently presented her kindergarten class in a program entitled "The Little Red Hen" to an audience composed of parents and friends. Terry Hayhurst acted as master of ceremonies for this delightful and entertaining program.

Cancer Drive Workers Sought

The launching of a drive to enlist volunteer door-to-door crusaders for the 1964 cancer crusade in the Sanford area was announced today by Mrs. Richard Gleason, crusade chairman.

The drive got under way at a coffee at the Capri courtesy of Bob Hancock, for all area captains.

The educational and fund-raising crusade will begin April 13. April is Cancer Control Month designated by Presidential proclamation.

During the meeting Mrs. Thomas Lergen, president, Seminole County Unit, ACS, showed a film to area captains. Since preparation for this year's crusade will concentrate on more effective training of volunteers to do the door-to-door bell ringing, so important in raising funds and educating the public in ways to protect themselves from death from cancer, the film explained procedures.

"We must saturate the community with life-saving information if we are to do the job we are called upon to do," the chairman said.

Mrs. Gleason listed the primary objects of the April drive. "Through our educational message we expect to save lives from cancer today, and through our fund-raising appeal we expect to save lives tomorrow," she said.

"Because cancer touches each of us, either directly or indirectly," Mrs. Gleason said, "each of us must do his share to combat the disease. Here in the Sanford area crusade volunteers will not only ring doorbells to collect funds but will leave at each home a life-saving leaflet which tells how to protect your family from cancer. This free educational material stresses the value of annual checkups and the importance of knowing cancer's seven danger signals. Our volunteers will urge every adult in every household to get a health checkup yearly, she said, and they will also ask for a contribution to help the American Cancer Society continue its programs of research, education and service to cancer patients."

Volunteer area captains serving this year are Mrs. Charles Tetenbaum, Mrs. William Pixler, Mrs. John G. Green, Mrs. Frank Bows, Mrs. F. E. Roumillat, Mrs. W. L. Rowland, Mrs. John E. Robinson, Mrs. Wendell Brantley, Mrs. Walter Cook, Mrs. A. I. Wilson, Mrs. William E. Stringfield, Mrs. David Russi, Mrs. Helen Riche, Mrs. Stanley Pierce, Mrs. William Reynolds, Mrs. James F. McGuire, Mrs. J. D. Cordell, Miss Eva Hunt, Mrs. W. C. Feldmeyer, Mrs. Carl Chappening, Mrs. James H. Anderson.

Brochure On City Started

Work has been started on the publication of a multi-color brochure depicting life in Sanford as seen through the camera eye, it was announced today by Howard Hodges, president of Sanford Atlantic National Bank.

The bank, along with other interested merchants, is producing the book with the assistance of Diversified Publications, Inc., a Florida firm of merchandising consultants. When the book is completed it will tell the detailed story of Sanford in words and pictures and will be distributed by leading motels and hotels and by the Seminole County Chamber of Commerce and the Sanford Chamber of Commerce.

The 40-page gold and black book will contain over 100 new photographs of Sanford which will be interlaced with new original art by Al Birch, well known Florida graphic artist.

The book will tell of all facets of Sanford life, Hodges said. "As this is a community-wide project, we invite all Sanford merchants to join in its publication," Hodges added. Merchants who are interested in helping in its publication should call the bank.

Business Briefs

Edwin D. Hunt, sales manager of Hunt Lincoln-Mercury, Inc., Sanford, has been awarded a four-day holiday in Remunda for his outstanding sales performance. George P. Monaghan, Lincoln-Mercury Division Jacksonville district sales manager, announced today.

The Mercury dealership sales manager and his wife will fly to the sunny Atlantic island on April 13, where they will be guests of Lincoln-Mercury.

Some 150 Mercury dealer sales managers in the country were honored with the trip following combined January and February sales which exceeded the same period of 1963 by 30 per cent and were the highest in the history of the Division for any January-February period.

There's a lot to do in SANFORD

Lake Monroe Jottings

By Mrs. H. L. Johnson

Hello There . . . PLEASE DO NOT FORGET . . . THIS SUNDAY IS THAT POLIO DAY . . . go to the Monroe School between noon and 3 p. m. and get that drop. * Al Johnson dropped in for a short visit Sunday on his way down the coast. He said wife Lenora is home again after a short stay in an Atlanta hospital. She is doing fine and has to go back in three weeks for a checkup. * * * Claudette (Mrs. Bill) Tenney and two small children of Eglin Field are here visiting her parents Claude and Rena Hawkins, also brother Sid. * * * Important meeting tonight of the Monroe Home Demonstration Club. Last minute plans will be made on the anniversary party on the club in May. Hope every member will be able to attend. * * * Glad to hear that Helen (Mrs. Leeland) Todd of Upsala Road is out again after being in the local hospital. * * * Also out of the hospital is Buck Leslie who is on the road to recovery. * * * Little Larry Dodson, who was burned on his arms and legs a short time ago and confined to the hospital, is now home. That is wonderful, Larry, and just what you very careful and don't play too hard. * * * Herman and Lucille Spivey took Lucille's mother, Mrs. H. A. Taylor, up to Orange Park to visit the Norman Lee family for a couple of weeks. * * * Mrs. Gertrude LeGer spent last weekend in Winter Garden with Mrs. Lucille Graham. They motored down to Lake Wales to see the Passion Play. * * * The Paul Dennis family has his parents here visiting them from Ft. Lauderdale. * * * Visiting in Jacksonville last weekend were Mr. and Mrs. Edward Cowling. * * * Glad to see Morris Metts out again after his recent confinement in the local hospital. * * * Mr. and Mrs. Robert Martin of Cocoa and Robert's mother, Mrs. Smith, and his sister, Jewel Carlton visited with the H. W. Spiveys and Mrs. H. A. Taylor during the Easter holidays. * * * More visitors here for Easter were Mr. and Mrs. Carl White and sons, John and Mike, of Jacksonville and Mr. and Mrs. "Squeaky" Walton and son Byron of Switzerland, Fla. * * * Mrs. Melvin Owens is in Green Cove Springs with her mother while she is recuperating from recent surgery. * * * Little Carolyn Spivey a student at Orlando Training Center in Orlando spent the Easter weekend with her parents the H. W. Spiveys. * * * Mrs. C. R. Giles and daughter, Martha, have returned home after an extended visit in Miami Beach. They stayed with her son-in-law and daughter, Eddie and Chris Grow. Chris brought them home and is staying for a short visit while Eddie is in the Bahamas on a job assignment. Eddie is the brother of yours truly. . . Don't forget that the 4-H Handy Helpers Club will have a bake sale this Saturday at the Winn-Dixie Store on French and 25th. The girls want to go to camp this summer, so they are trying to bring up the treasury account. They had a wonderful time last Saturday at the County Events Day. * * * Our thought this week: Said the Robin to the Sparrow, "I should really like to know

Dinner Meeting Attended By Candidates

By Maryann Miles

A number of the county's political candidates accepted invitation to attend Monday night's dinner meeting of the Forest City Community Association held at the Trade Winds Cafeteria in Casselberry.

Introduced by John Bethes, association president, were James P. Avery Jr., Kenneth W. McIntosh, Charles Fagan, Mrs. Marjorie Shepard, Jim Pigott, Carlyle Householder, Richard McCanna, Mrs. Bob Petree who appeared on behalf of her husband, Edward Yarborough and Dr. Robert Hoover.

The program was presented by Dr. Kenneth Wright in conjunction with the group's current fund raising drive to build the "Forest City Community Association Club House and Recreation Center" on the property site located on lot 65, Lake Harriet Estates.

Points stressed by Dr. Wright included "how to be honest, how to stay out of jail and how to pay your bills with other people's money." He suggested that the association feature the fact, along with the fund raising effort, that those joining the association at this time will become charter members.

Adolph Juhl is chairman of the drive and captains are Allen Forward and Dick Lashley.

Beauty Contest Rules Given

The procedure for applicants to follow in entering the Miss Seminole County Beauty Contest was spelled out by members of the sponsoring organization, the Civitans.

Each girl wishing to participate should stop in at The Herald office, the office of Charles Kampf, Civitan president, in the Edwards Building, or contact any Civitan member for application blanks.

The application should be taken home, signed by the prospective entry and her parents, and returned. It should be accompanied by two full-length snapshots of the girl. These will be retained by Civitans.

The entry then should contact either Kampf at 322-8484 or Bill Vincent of The Herald at 322-2611 for an appointment to have a professional photo made for publicity purposes. The appointment is essential, officials stress.

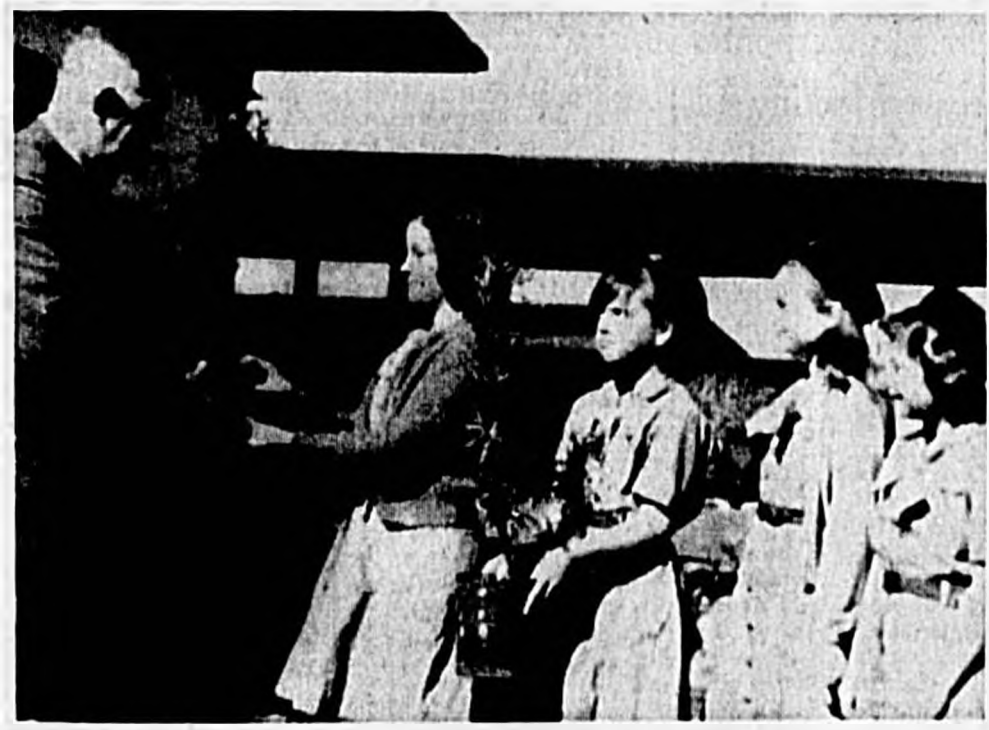

The contest will be held at the Civic Center on April 23, 24 and 25 in cooperation with the Industrial Show being sponsored by the Chamber of Commerce.

Why these anxious human beings Rush about and worry so?

Said the Sparrow to the Robin, "Friend I think that it must be That they have no Heavenly Father Such as cares for you or me."

GIRL SCOUTS from Troops 382, 695 and 299 recently earned their certificates and skating badges by participating in skating lessons taught by Jack Huffman at the Melodee Skating Rink. (Photo by Gassman Studio)

GIRL SCOUTS of Troop 920 recently presented two podocarpus trees to help beautify grounds at South Seminole Elementary School. Christy Harp, principal, left, is shown receiving the trees from Cheryl Babbitt, Karen Scott, Patricia Messick and Barbara Begin, members of the troop. Mrs. Donald Cole is troop leader and Mrs. Carrol Scott is co-leader.

New Officers Elected

By Maryann Miles

Recommendations for officers of the Bear Lake Elementary PTA were presented and approved at Tuesday night's meeting of the group conducted by Dick Lashley, president.

Taking over will be Mrs. Frieda Herota, president; Mrs. Kay Viets, first vice president; George Dabbs, second vice president; Grant Mueller, treasurer and Mrs. Ernestine Forward, secretary.

Guest speaker for the program was J. B. Johnson of the Orlando Vocational School who talked on the problem of school dropouts.

Johnson said that among reasons listed for dropping out of high school were "lack of interest, laziness, inability to get along with the teachers, failure to have success and subjects desired were unavailable." He pointed out that teachers would have to help such youngsters to find a motive for staying in school, advising that more teachers, per student, are needed and that often a "pat on the back" would help.

4-H Club Plans Demonstrations

By Mrs. Clarence Snyder

Osteen Girls 4-H Club meeting Monday with Miss Joan Stuart, assistant county agent, and local leader, Mrs. Lowell Pettit, made plans for participation in County Events Day to be held this Saturday at DeLeon Springs.

The local club will present a sewing demonstration by Beth Pettit and Betty Cutter and a cooking demonstration by Diane Pell, Diane Smedberg and Karen Pettit.

The 4-H girls have been invited to be special guests at Saturday's Community Picnic to be sponsored by the Osteen Civic Association at the Public Park.

Special Meeting Called On PTA Country Fair

By Maryann Miles

The Bear Lake Elementary PTA has called a special meeting for 7:30 p.m. today, in the school auditorium, for the purpose of completing last minute plans for the Country Fair to be held April 18, 3 until 8 p.m., at the school.

It would be especially appreciated if more of the men would attend this meeting. Announcement has been made that a special room will be set aside to display a sizeable collection of rare books which will be offered for sale at the Fair.

Other attractions include performances of TV's "Skeeto, the Clown," at 3:30, 4:15 and 5 p.m.; rides on the 40 ft. locomotive, hay rides, haunted house, country store, cake walk, picture painting machine and field trials and events.

Games to play will include darts, hat toss, fish pond, grab bag, bean bag, bowling, horseshoes and a special attraction . . . students will get to throw wet sponges at their teachers in one booth.

Cotton candy, cold drinks, hamburgers and hot dogs will be on sale and sixth grade students will be selling cookbooks.

Proceeds from the event will be used to purchase books for the school library in order that it may be fully accredited.

REDECORATING THIS SPRING?

Choose a color telephone to match your new decor

This spring, when you're brightening up your home, remember that one of the prettiest additions to any room is a new telephone in color. They're available in many decorator colors and one of them is sure to complement any room in your home.

Call our business office today and arrange to have us add that touch of color to your home this spring.

World War I Auxiliary Holds Buffet Supper

The auxiliary of World War I Veterans and the Barracks met for a covered dish buffet supper, recently at the barracks.

While at the table the group enjoyed singing many World War I songs.

Each organization held their separate meetings with Mrs. Bea Newsome presiding for the auxiliary.

The next meeting will be a covered dish supper on April 24, at which time the auxiliary will hold a white elephant sale.

CHICAGO (UPI) — If rough, red hands and chapped cheeks are among your winter beauty problems, try adding moisture to the air in your home, beauty experts suggest.

The overheated, dry atmosphere in most homes during winter tends to draw moisture from the skin, leaving it rough, flaky and chapped. The American Medical Association's Committee on Cosmetics confirms this, noting that when the skin loses water, the natural fats and oils cannot prevent the skin from becoming brittle.

The Stamford Herald

"ALLEY CAT" will be one of the talent presentations in the Talent Show at Pinecrest School Friday night at 7:30 p.m. Getting ready for the act are front row, right to left, Don Tyre, Russell Gordie, and Lex Lossing. Back row are Mr. Tom Cat (a teacher), with Linda West, Luanne Dangleman and Sherry Sires.

Church Circle To Hold Bake Sale Saturday A.M.

The Ethel Root Circle of the Congregational Christian Church will sponsor a bake sale on Saturday, April 11, at 9:30 a.m. in front of McCrory's store.

Delicious Swedish Limpa bread and assorted Swedish cookies which have been sold at the Circle's Smorgasbord will be available, as well as pies, cookies, cupcakes, homemade bread, coffee cake, carrot cake, spice cake and other cakes.

Mrs. Ethel Corbett, Mrs. Marion Bethea and Mrs. Alice Nordgren will serve as chairmen of the event.

Mrs. I. Carpenter Hosts Meeting Of U.S.C.S. Circle

The Young Women's circle of the W. S. C. S. held its organizational meeting at the home of Mrs. Iris Carpenter Wednesday.

The following officers were elected chairman, Jane Ludlow, Program Chairman, Pat Wilborn, Secretary, Iris Carpenter, Treasurer, Gail Cockrell, and Sunshine Chairman, Odelle Small.

Mrs. C. M. Donald gave a very interesting talk on the meaning of the Woman's Society of Christian Service.

Mrs. Carpenter served coffee and cookies.

The group will meet the first Wednesday of each month.

NUTRITIOUS CHEESE
American blue cheese is approximately 21.5 per cent protein, 30.5 per cent milk fat and 40 per cent moisture with the balance in total milk minerals.

A surprise touch can be given to a planter of lush green plants by adding some fresh flowers, such as cyclidium orchids, in a water tube, says the Society of American Florists.

Be sure and send in your favorite recipe to me at Rt. 1, Box 31-B Sanford.

JUANITA GATES, daughter of Mrs. Sara Gates, celebrated her eleventh birthday last week at her home on Magnolia Drive, Forest City. Enjoying a trip to Skate City following delicious refreshments were, front row, left to right, Donna Lindamood, Juanita Gates, Darlene Hall and Debby Botcher. Standing are Jamie Dice, Linda Kelly, Jean Rupert, Linda Martell, Susie Copeland, and Patte Barnes.

DeBary Personals

By Mrs. Adam Muller

Mrs. Samuel Grierson of Alicante Rd. has had as her guest, her niece and her husband, Mr. and Mrs. John Spry of Staten Island, N. Y., who visited all the places of interest in Florida before returning to New York.

Margie Galles of Lakewood Dr. is busy entertaining guests from New York, Beatrice Balogh and her daughter, Michele and Cindy of Flushing, Long Island, N. Y.

Mr. and Mrs. Elliot formerly of St. Petersburg, have moved into their new home on Lakewood Dr. The Elliot's are interested in the Florida Federation of Art, and are frequent visitors at the DeBary Mansion House.

Homemakers

In the recent Four H County Events Day Carmen Adriano, a senior 4-H Girl gave a demonstration on making a Calmondin Pie. Here is the filling for the pie.

CALMONDIN PIE
1 can sweetened condensed milk
4 egg yolks
1/4 cup of calmondin juice (13-15)
4 egg whites (beat stiff)
Blend milk with egg yolks and mix in juice. Add egg whites. Pour in baked pie shell. This does not have to be baked. And it can be stored in the freezer. You may top with an icing if you wish. It is very simple to make and also quick. And the good part about it is it can be put in the freezer.

Now that cabbage is plentiful we have received a recipe for a CABBAGE CASEROLE. You can serve it directly from the oven.

1 med. head cabbage, shredded
2 cups diced ham
1 (10 1/2 oz) can condensed cream of mushroom soup
1/2 cup milk
1/4 cup buttered bread crumbs
Steam cabbage in covered saucepan with small amount of water until tender. Drain if necessary. Arrange cabbage and ham in alternate layers in greased 2 qt. casserole. Blend soup and milk, pour over cabbage-ham mixture. Top with bread crumbs. Bake in 350 degree oven 30 minutes. Serves 8.

From General Foods we have received the recipe for the month. It is called CHICKEN AND VEGETABLE SALAD

1 pkg. (10 oz) Green peas and Celery (frozen)
1 tsp. water
1/2 cup diced cooked chicken
1 cup mayonnaise
Lettuce leaves
Place vegetables, water and

Clean steam pressure canners after each use to assure efficient, safe canning. To clean the safety valve and petcock, draw a string or narrow piece of cloth through them.

Corner

By Mrs. H. L. Johnson

Also her **CHOCOLATE ALMOND DREAM PIE**
1 baked pie crust
Filling:
1 large (4 1/2 oz) chocolate almond candy bar
20 marshmallows
1/2 cup milk
1/4 pt. whipping cream
1 teas. vanilla
4 marshmallows
Combine chocolate bar, 20 marshmallows and milk in top of double boiler. Melt and stir until mixture is smooth and creamy. Remove from heat and cool. To cool quickly place in a pan of ice water.

Whip cream and add vanilla. When chocolate mixture cools, fold in whipped cream and blend until smooth. Pour into baked pie shell and chill several hours. Before serving decorate with easy marshmallow daisies. With scissors, cut each of the marshmallows into petal shaped pieces. Arrange the marshmallow petals to resemble daisies on the surface of the pie. Center each daisy with a small piece of marshmallow tinted yellow with food coloring.

COCOA PIE CRUST
1/2 cup shortening
1 cup sifted flour
1/4 teas. salt
4 teas. sugar
1/4 teas. vanilla
3 tbsp. water
FILLING:
Meringue
2 egg whites
1/4 teas. salt
1/4 teas. cream of tartar
6 tbsp. sugar
1 teas. vanilla
For Crust:
Cut shortening into sifted dry ingredients until mixture is consistency of corn meal and small peas. Combine vanilla and water. Gradually sprinkle enough liquid over flour mixture to dampen dough. Blend with fork or pastry blender. Place dough on waxed paper. Knead 3 times. Let stand at room temperature for 14 to 20 minutes. Roll out dough. Fill into pie pan. Flute edge. Prick pastry. Bake in a very hot oven 450 degrees 8 to 10 minutes. Cool.

Pack ice cream firmly into thoroughly cooled pie crust. Wrap, mark and place in freezer if pie is not to be served immediately. Just before serving make meringue by beating egg whites with salt until peaks will form when beater is lifted. Gradually beat in cream of tartar and sugar until meringue is very stiff. Add vanilla. Pipe meringue lightly over ice cream, making sure meringue touches pie crust all the way around. Bake in a very hot oven 450 degrees 3 minutes or until meringue is delicately browned. Serve immediately.

Before using new bread baskets, wash them through warm, soapy water and rinse. Such baskets are often made in foreign countries and have passed through many hands.

The family of Clara Dawson says mother can really fix **SCALLOPED POTATOES and PORK CHOPS** real good. Let's try them.

2 cups thinly sliced raw potatoes
1 small onion, sliced
1 teas. salt
pepper
4 loin chops or rib pork chops (1/2 to 3/4" thick)
4 tbsp. flour
1 cup milk
Arrange potatoes and onions in layers in a greased baking dish, seasoning each layer with salt and pepper. Trim fat from pork chops and save it for later use. Lightly season each chop with salt and pepper and coat well each with 3 tsp. of the flour. Brown chops on both sides in some of the pork fat in a frying pan. When chops are well browned, remove from

the pan. Set aside all except 1 tbsp. fat from fry pan. Mix the remaining 1 tbsp. flour with the fat in the pan. Avoid scraping off any browned flour from pan. Add milk, blend lightly until smooth and cook to the consistency of thin white sauce. Pour sauce over potatoes in baking dish. Top with well-browned chops. Cover the baking dish. Bake in 350 degree oven for 50 to 60 minutes until potatoes are soft and tender. Serves 4.

DAVID WESTCOTT JR. recently celebrated his sixth birthday at his home, 781 Lormann Circle N., Longwood. Mrs. Glenda Hobbs assisted Mrs. Westcott. Enjoying the celebration were front row left to right, Tony Hobbs, Johnny Westcott, David, the honoree, Dennis Westcott and Michael Russell. Second row are Linda See, Terry See, Patty See, Kathy See and Dorothy Westcott. Third row, Lynette Fricker, Sherry Hobbs, Steven Fuller and Janey Fuller.

Miss Gloria Jean Alford And Mr. Terribilini Wed

Gloria Jean Alford became the bride of Paul Terribilini, Jr. during a 3:00 o'clock ceremony Sunday afternoon April 5, at the home of her grandmother, Mrs. G. W. Alford of Lake Hayes.

The bride is the daughter of Mr. and Mrs. Roy Alford and the groom is the son of Mr. and Mrs. Paul Terribilini, Sr. of Hollywood, California.

The beautifully decorated patio was the scene of the wedding. The couple spoke vows beneath an arch fashioned of gladiolus, mums and gardenias.

The bride, given in marriage by her father, wore a petal pink suit, with matching accessories, and carried a bouquet of white gardenias. Her only attendant was her

Miss Gloria Jean Alford

Impressive Rites Install Gray Ladies

The Seminole County Chapter, American Red Cross, held the capping and pinning ceremony for Gray Ladies in the School Program, Monday, at the Seminole County Health Department Assembly room.

Howard H. Hodges, Chapter Chairman, Seminole Chapter, American Red Cross, made the introductory remarks, and commended the ladies to the highest for their efforts to assist in this vital project.

Gen. Charles H. Gerhardt, U.S. Army (retired), outlined the Red Cross role in the program, and the Seminole County Health Department role in the program was reviewed by Dr. Frank Leone, Director.

Ted Barker, assistant principal of Sanford Junior High School spoke for Lake Mary Elementary School, and Sanford Junior High School on the school role in the program.

Mrs. Ann Snyder, Unit Chairman, Lake Mary Elementary School, conducted the capping, and Mrs. Dorothy Miller, Unit Chairman, Sanford Junior High School, presented the pins.

The certificates were awarded by Mr. Hodges, and Mrs. Mathilde D. Frissel, Executive Secretary, Seminole County Chapter, ARC led the ladies in the Gray Lady pledge.

Mr. Hodges introduced the Gray Ladies, and presented them to their assigned schools, with Mrs. Eugenia Ruby, teacher, Lake Mary, accepting the Gray Ladies to Sanford Junior High and Lake Mary Elementary. Receiving caps, pins and

certificates for Lake Mary were the Mmes. Wiladen Clark, Dorothy Hendry, Lois LaFollette, Anna Brawl, Candace Robb, Thelma Stewart, Virginia Sullivan, and Catherine Williams.

Sanford Junior High Gray Ladies to receive caps, pins and certificates were the Mmes. Lillian Colbert, Catherine MacLaughlin, Lorraine Miller, Edna Southward, and Betty Sams.

Following the impressive ceremony, refreshments were served during the social hour, under the capable direction of Mrs. Eugenia Ruby, overall chairman.

Decorations throughout the party rooms featured an April Shower theme. The table was centered with assorted spring flowers under pastel colored umbrellas, and miniature umbrellas were used in the dessert plates as nut cups.

The business session was conducted by Mrs. G. Walter Morgan, Rho president.

Mrs. L. L. Rowland was moderator for a panel discussion entitled "Changing Educational Patterns in Our Culture," which was presented in a most interesting manner. Panel members were Mrs. J. H. Conely, New Smyrna Beach; Mrs. W. L. Wadsworth, Bunnell; Mrs. T. S. Barger, Mount Dora, and Miss Mary Ann Gatch of Deland.

GRAY LADIES receiving caps, pins and certificates in the American Red Cross ceremony Monday were upper picture, left to right, the Mmes. Catherine Williams, Dorothy Hendry, Wiladen Clark, Lois LaFollette, Betty Sandage, Thelma Stewart, and Lorraine Miller. Dignitaries participating in the impressive ceremony were lower picture, Howard H. Hodges, Dr. Frank Leone, Mrs. Eugenia Ruby, General Charles H. Gerhardt, and Ted Barker.

Meatless Meal

NEW YORK (UPI) — To glamorize an omelet for a main course meatless meal, add tangy American blue cheese.

Make it this way: use one egg per serving. Beat in one tablespoon milk or coffee cream, a dash of salt and pepper. Four egg mixture into a buttered skillet set over low heat. Cook eggs slowly. As the underside becomes set, tip pan slightly, lifting cooked eggs so that uncooked portion can flow underneath and cook. When mixture seems barely set, sprinkle about two tablespoons coarsely crumbled American blue cheese in center. Then fold or roll omelet. Serve at once.

Moving And Transferring Present Family Problems

Dad rushes home with what he thinks is good news. The boss wants him to move to good old company's plant in another state, in the name of advancement. It means a bigger job and a fatter paycheck. Ma cheers him on—at first. He senses she's not completely in favor. Then they both fret about what good or evil will befall the children forced to pull up roots as dad inches ahead in his career.

The situation, typical in families of migratory white collar workers, can be enriching or damaging to the offspring. What happens to the attitude of the parents, according to an analysis of children and families in the most migratory of careers, the regular Army.

Dr. Frank A. Pedersen, a psychologist in the child research branch on the National Institutes of Mental Health NIMH, a branch of the Public Health Service, engineered the study.

Reporting in the National Institutes of Health "record,"

ents are "with it." He found mothers of the disturbed boys disliked moving so much and hated much about the military life. They hungered for deeper, more permanent roots. The husbands were seen suffering from the wife's lack of understanding of military life.

Parents of the children without emotional problems, meanwhile, were found to have in common an enjoyment of travel and a belief that exposure to many school systems enriched the children, both husband and wife liked the military life.

Rho Of Delta Kappa Gamma Conducts Panel Discussion

Seminole County members of Rho Chapter of Delta Kappa Gamma Society were hostesses for a coffee dessert meeting of Rho Chapter, at the home of Mrs. Boyd Coleman, 3301 S. Park Ave.

Decorations throughout the party rooms featured an April Shower theme. The table was centered with assorted spring flowers under pastel colored umbrellas, and miniature umbrellas were used in the dessert plates as nut cups.

The business session was conducted by Mrs. G. Walter Morgan, Rho president.

Mrs. L. L. Rowland was moderator for a panel discussion entitled "Changing Educational Patterns in Our Culture," which was presented in a most interesting manner. Panel members were Mrs. J. H. Conely, New Smyrna Beach; Mrs. W. L. Wadsworth, Bunnell; Mrs. T. S. Barger, Mount Dora, and Miss Mary Ann Gatch of Deland.

South Seminole Persnoals

By Maryann Miles

Mr. and Mrs. David Kilfoyle of Ormond Beach and formerly from Merrick, N. Y., were recent guests of Mrs. S. J. Vitano of West Lake Brantley Road, Forest City.

Mrs. Hattie Huffman is in Orange Memorial Hospital, due to a fall in which she suffered a broken hip.

Col. Lucas Baird, 3509 Shireley Drive, Bear Lake, has been released from Orlando Air Force Base Hospital, but is unable to have visitors at home.

Mrs. Agnes Williams of Meredith Manor is now recuperating in a nursing home for one month, following her release from Florida Sanitarium and Hospital.

Mr. and Mrs. Paul Knight of 510 Queens Mirror Circle, Casselberry, have had as house guests, Mr. and Mrs. William America from Bradenton, and entertained them with a delightful trip Sunday to Silver Springs.

Mrs. Edith Johnson of 411 David Street, N. Orlando, is recuperating at home following surgery at Winter Park Memorial Hospital.

'Lift' For Patients

Here's a typical menu at Rowan Memorial Hospital in Salisbury, N.C. Twelve-ounce boneless strip steak (or broiled lobster, king crab or frog legs); baked potato, smothered in sour cream and chives; buttered green broccolispears, broiled tomato parmesan, banana or chocolate cream pie, hot coffee.

The meal is typical, that is, for those lucky patients eligible to partake of the hospital's "gourmet dinner" plan which enables them to dine stylishly without getting out of bed.

The prerequisites for eligibility are no diet restrictions and a friend or relative with \$8.50 to buy a gourmet gift certificate which entitles the patient to a meal "comparable

to one served in a luxury restaurant." (The patient himself can pay for the meal, of course).

As described in "Hospital," the Journal of the American Hospital Association, the luxury includes special china bordered with floral patterns, tray cover and elegant finger bowl.

The patient chooses when he wants the special dinner, usually in the evening. The hospital reports that the most appreciative diners are those who have been hospitalized for a long time and need something to cheer them up.

The hospital breaks even on the deal financially, and is ahead of the game in the morale department with happy, stuffed patients.

Worth Another Step

The victory of Mr. Kenneth Frosild over the State of New York ought not to be passed off as merely an isolated instance of one determined man taking on a sovereign state and winning.

It ought to serve as an inspiration for millions of other motorists who allow their cars to be used as mobile billboards.

Frosild is the man who objected to New York's 1964 license plates because they bore the inscription "World's Fair." He sued the commissioner of motor vehicles, claiming the fair was a private organization and the state had no business giving it free advertising.

The New York Supreme Court agreed with him and ordered that the state must issue plates without the inscription to anyone who requested them. The state is appealing.

Not everyone will sympathize with Frosild's fight. He won a victory at the expense of good cause, for the fair will benefit all New Yorkers, whether or not it is a private corporation.

Frosild would have been more of a hero had he sued, not the state, but one of those car dealers who doesn't hesitate to affix his name to cars that don't belong to him.

Very few automobiles are seen today that don't bear either a decal, which is impossible to remove without wrecking the finish, or a metal nameplate bolted onto the body, which is equally impossible to remove without filling the holes and repainting.

A lot of car owners are evidently very fond of their dealer. It's hard to believe so many people are too timid to simply say "no."

Thought For Today

Woe to those who devise wickedness and work evil upon their bed! When the morning dawns, they perform it, because it is in the power of their hand.—Micah 2:1.

In a democracy, the individual enjoys not only the ultimate power but carries the ultimate responsibility. — Norman Cousins.

Letters

To The Editor

The Herald welcomes letters from its readers on public affairs. The writer may use his own name provided the letter also carries the writer's true name and address. Letters of fewer than 50 words will be given preference. Letters addressed to others are acceptable provided they do not deal in personalities. Privacy is not published by The Herald.

The official educational and fund raising crusade, in the Sanford area, of the American Cancer Society will be launched on April 18, 1964.

The American Cancer Society crusade should not be confused with campaigns of other health or welfare organizations. The society does not have any other affiliations. It is an independent crusade during which time dedicated vol-

unteers will bring to their neighbors life saving information about not just a single form of cancer — but about other types of cancer which involve certain symptoms, "Cancer's seven danger signals."

Money which is contributed by the public, business, industry and other groups and organizations goes into a general fund. Allocations are made from this fund to conduct year-round cancer control programs. Part of this fund is specifically allocated for public and professional education. Other allocations are made for research and patient services. Last year the American Cancer Society led all other voluntary health agencies in leukemia and related research

with a more than \$3 million allocation. The American Cancer Society has long been a sound recognized health agency. The President of the United States, by direction of an act of Congress, has proclaimed April as Cancer Control Month.

The society's own crusade carefully observes high standards of fund raising. It holds itself completely accountable to the American public. It's many volunteers are dedicating their support and services in a common humanitarian cause—the cause to fight cancer and help save lives of their fellow men.

We sincerely hope that all citizens in this area will welcome our American Cancer Society volunteers when they visit their homes.

Helen T. Gleason (Mrs. R. G.) Crusade Chairman

Editor, Herald: I would like to express to you and your fine paper my thanks for the coverage you have given our Easter Seal program and also contribution from The Herald. If everyone had been as generous we would not be falling short on our drive to help our physically handicapped.

As a worker in this field for the past 18 years and, as you know, having a cerebral palsy son myself, I do not know of a more regarding work than our handicapped children.

We mailed out 11,323 letters with Easter Seals. To date we have had only 600 returns ranging from one \$50 contribution to another for 30 cents. There were many contributions for 50 cents and \$1. Let me assure you that we appreciated everyone of them.

But as you can see from this, it represents a return of only six and a half percent. We so desperately need \$700 more to carry on the work that needs to be done in Seminole County this year.

If just 700 people would put a dollar bill in an envelope and mail it to Ken McIntosh, P. O. Box 1230, Sanford, Fla., today, we would be able to complete our work program for the year.

I realize our Seminole County people are the best in the world. But many of them are busy people and the majority of them want to help. Many of them have just forgotten. We would appreciate so much getting the \$700 by April 15. Again may I say "thank you" for helping this very worthwhile charity.

Lucille F. Appleby Sanford

"That's an Unfriendly Act!"

Holmes Alexander

The Knife Of Irony

WASHINGTON, D. C. — Political obituaries are different from others in that politicians sometimes write their own.

Richard Nixon's peevish and vulgar press conference in November 1963, when he complained that the California press had given him the "shaft" in his gubernatorial campaign, was a self-carved tombstone. And Nelson Rockefeller's equally ill-timed and ill-tempered performance on his legislative program in Albany over the Easter weekend reads like another first-person death sentence.

The knife of irony in both instances is that the man who did himself in both had at least a smidgen of right on their side. There is a jumble of the highway which imperfectly describes the double demise:

Here lies the body of John Day. Who insisted upon his right of way. He was right, dead right, as he sped along. But he's just as dead now as if he'd been wrong.

Nixon's lament about drawing a bad press strikes the chords of truth. Sometimes he didn't deserve it, but sometimes he did. He began his career as a slasher of Leftists. For this he deserved the national gratitude which finally came his way, but by then he was badly cut up not only by the Leftist press, but by the pietists who had allowed the Leftists to gull them into beholding Nixon as a handy example of foul-play politics.

When Adlai Stevenson was being pious during his presidential campaign, he could put a sneer into the mere pronunciation of Nixon's name, and he had many imitators.

Nixon might have survived the open and self-righteous enemies had he not disappointed many who wanted to be his friends. It was not his defeats, nationally and in California, so much as the manner of his defeats. Nixon went down ignominiously, compromising with Rockefeller before Nixon's name, and he had equivocating with John Kennedy over private enterprises and foreign policy, floundering with Pat Brown in an effort to make moderate Republicanism sound like Democracy, and he dimmed

his fall with the cry-baby press conference. Yes, there is a prejudice against Nixon, and I think it will be impossible for him ever again to get a fair shake in national coverage, simply because he has lost the stature of a national figure. All his protests, self-justified as they may be, will be futile.

Rockefeller's latest groundswell with his Republican-majority legislature tells a similar tale. The Governor, I am informed by sources friendly toward him, probably had right on his side in the two legislative bills which tripped him up at Albany. He had a liquor-sale bill aimed at preventing a recurrence of the "bribe-faceted bribery" which disgraced his administration a short while ago. He had an anti-junket bill aimed at improving the "ethics" of free-loading legislators. These are the kinds of measures that a State Governor ought to be pushing, and Rockefeller would have been remiss if he hadn't done so.

But the word Albany is that Rockefeller, behaving much as Nixon did, flew into a pet and drove away the very people who would otherwise have been on his side. The N. Y. Times considered it "News Fit to Print" that a State Senator said of the Governor:

"This rich, spoiled little child is now dancing a tantrum... because he can't get what he wants."

It seems quite certain that Nixon and Rockefeller are finished as national political figures. Even if exhumed and propped up as candidates by whose only followers would be a general procession.

Of course, many politicians and statesmen have died on their feet before this, and such is the common lot. What sets Nixon and Rockefeller apart is the manner of their dispatch. Nixon was not wholly wrong in walling over his press treatment, but it was the wrong thing to do. Rockefeller was probably right in his legislative program, but his handling of it was wrong.

None of their enemies have hurt these men as much as they've hurt themselves. Each in his own way seems to have dealt the death blow on his career.

Dr. Crane's

Worry Clinic

John Phillips is an articulate patriot who wants to find the solution to our staggering taxes. Politicians quibble over retail sales taxes vs. gross income taxes, but don't even suggest cutting down the outgo! We could easily reduce our total taxes 10%, and eliminate all tax forms, so send for the booklet below.

CASE 5-433: John Phillips is a shrewd newspaperman at Allentown, Pennsylvania. "Dr. Crane," he said, "you recently urged simplifying our tax system."

"And you recommended that this could be done by picking out one item that everybody would use, and then putting the full tax on it."

"For example, you suggested fuel as this basic item. But wouldn't the gasoline price need to run at least \$5 per gallon?"

"And wouldn't inventors then try to develop a more efficient fuel?"

"Besides, wouldn't your plan favor those who owned no automobiles?"

Actually, we wouldn't need such staggering taxes if somebody at the top would have the guts to fire a mil-

lion unnecessary bureaucrats and inject the other efficient measures urged by the Hoover Commission and Senator Harry Byrd.

You may recall that I compared our present stupid tax system to the medical example of donating a pint of blood to the Red Cross.

Wouldn't it be foolish to ask 100 doctors to puncture you in 100 different places, when one needle stab can do the trick?

Why pay 100 doctors, plus 100 able nurses, to extract the blood?

But we taxpayers are also fettered by a hidden "time tax." Business leaders waste their creative brains for long hours on quadruplicate tax reports.

And you readers squander millions of valuable hours filling out income tax forms. All that could be abolished instantly! How? By levying our total tax on one basic raw material at its source, such as fuel.

Actually, a tax of \$2.30 per gallon on gasoline alone would raise the entire tax for federal, state and county governments.

But I do not restrict the tax to gasoline alone, for "fuel" also includes coal, electricity, fuel oil and natural gas.

Thus, if a person owned no car, he would still pay his share of the tax bill via his buying of bread or shoes or even chewing gum.

For trucks and trains would use fuel to transport

such merchandise and the tax on fuel would thus be buried in the retail price of all those items. And we'd all pay taxes, too, via our electric light bills.

So we'd still pay taxes but without the nuisance value of hunting for 2 or 3 cents for a retail sales tax at the counter, or making out gross income tax forms, plus complicated income tax reports, etc!

The heavy users of fuels and electricity would obviously be the factories, trucking companies, railroads, etc., but the tax would simply be buried by them at the source so we'd not have worried folks before income tax deadlines.

For there'd be no income tax deadlines any more! And if the fuel tax stimulated inventors to come up with superior new fuels, so much the better.

For now our stifling tax system strangles all such creative efforts, wastes millions of man hours of brilliant brains and even encourages cheating!

So send for my booklet, "How to Save Our Republic," enclosing a long stamped, return envelope, plus 20 cents. It injects efficiency engineering into government!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

Dick West Says

The Lighter Side

WASHINGTON (UPI) — It used to be that a woman would feel insulted if you told her the dress she was wearing looked like it had been designed by one of the Dead End Kids.

I said that so my wife one time, and if she had had a gun hand she would have become a do-it-yourself widow. This reaction, however, has changed. Make that comment to a woman nowadays and she probably will exclaim "How clever of you to notice!"

There are two reasons why the erstwhile insult has turned into a compliment. One is the so-called "little boy look" that has crept into female fashions.

The wardrobe of a depression era street gang would now be considered high style. The other reason may be old hat to some people, but it is new to me. I didn't learn until just a few days ago that one of the Dead End Kids actually did grow up to be a fashion designer.

The slum-to-slum move was made by Richard Blackwell, now known in couturier circles as, you should pardon the expression, "Mr. Blackwell."

After he finally outgrew the part, he switched from acting to designing.

Blackwell came to my attention in connection with the annual dinner of the White House News Photographers Association, which will be held here this week.

The program for this event, the highlight of the White House News Photographers Association's social season, will feature a vocal trio made up of Jane Russell, Connie Haines and Beryl Davis.

This threesome will appear in identical "Ladybird" gowns designed especially for the occasion by the aforementioned "Mr. Blackwell."

The gowns are made of pink curled feathers. The material, however, doesn't interest me as much as the logistics.

The dresses of Miss Haines and Miss Davis have 1,000 feathers each. But in order for Miss Russell to conform to the standards of demureness befitting a ladybird, Blackwell found it necessary

to equip her gown with 2,000 feathers.

I can't say with certainty that Miss Russell's dress will look like it was designed by one of the Dead End Kids. It's a good bet, however, that she won't have a little boy look.

Barbs

By Hal Cochran You'd be surprised how many troubles a person can think of when you inquire as to his health.

About all you can do about growing old is keeping it up. Gags are what some people pull constantly and ought to have over their mouths.

Being early for a doctor's appointment gives you a chance to read 1961 magazines.

Most couples live happily ever after, especially ever after having children.

Stop Reading Word By Word

Care More For Your Ability To Read

Time your reading of this column and compare your speed with that indicated at the end. The expected speed assumes a daily five per cent improvement.

Without too much trouble, you've managed to work up a solid distaste for world history. Your grades are poor. Or maybe you do honestly like it, but your grades are poor anyway.

There's no point in blaming the teacher or the text; you'll change neither. The problem is that you couldn't care less. You are failing to concentrate. Notice we didn't say you are incapable of concentrating because you can surely pay attention when you like what you're doing. The only cure for "I couldn't care less about world history" is to care more for Number One—yourself.

Before finding out how to get control of ourselves, let's make a study-room check.

CHAIR. Not too comfortable. Set your lower back firmly against the chair's back.

LIGHT. Natural light is best. If you don't have that, be sure the bulb is no less than 100 watts and that there's another nearby light source of about the same power.

NOISES. You'll enjoy that disc jockey a lot more before or after world history, not during. And vice versa.

BOOK. Don't lay it flat on

the desk. Prop up the top so every part of the page is an equal distance from your eyes.

You're all set, except something's bothering you. Your girl friend or boy friend has been giving you grief lately. Or you're in some sort of trouble. If there is anything you can do about it now, do it. Can't do it right now? Then figure out the best thing to do and the best time to do it, and resolve to do just that. No point in worrying any more right now.

There must be someone who likes world history. The fellow who wrote the text book does. He's happy and making money from the book; you're miserable and piling up aggravation. Do what the author did; find the good in world history for you.

One motive would be to turn around and get the better of it, to remove one more itch from your life. Don't worry about five years from now; find motives for right now. Maybe the prospect of shock on the teacher's face when you show up prepared tomorrow; certainly getting rid of a failure on your record should motivate you to discover some good.

Look at it this way, World

history was assigned to you. The faculty had some advantage for you in mind. Ask one of them, if you have to. Chances are you skip one of the best parts of your newspaper—world affairs. Why? Because you have no world history background to bring to your reading. There's a motive.

Solid advice, you say, but it's too late in the course. No. Take 15 minutes before you read tonight's assignment. Look at the title page. Get all you can. Now read the table of contents and see what the book plans to cover. Read the opening and close of the preface; there the author tells you his plans. Already you've learned a good bit.

Now go through the chapters preceding tonight's homework. Study the title, the first two paragraphs, the divisions, the boldface sections; check pictures and illustrations; read the conclusions. Do that with all the chapters till you get to your assignment. This will show you where you're going, why

you're going and the things you don't know.

The big thing is that you have involved yourself. You've tackled world history for your own good reasons. You're beginning now to concentrate.

(You should have completed this reading in 90 seconds.)

(NEXT: Pre-Reading: Your Sense of Direction.)

(The Herald is happy to announce that the complete "Stop Reading Word by Word" series is available in book form. Spiral-bound, illustrated, and containing special "Speed and Comprehension Exercises," the book will be a valuable addition to any student library. To order a copy, send name, address and \$1 to: Stop Reading Word by Word, c/o The Sanford Herald, P. O. Box 483, Dept. A, Radio City Station, New York 19, New York.)

Bridge Winners Announced

DeBary Duplicate Bridge Club reported 12 tables at play at this week's Tuesday afternoon meeting in the Firman's Recreation Hall. Mrs. Ruth Blatt directed.

Winners were NS, first, Mrs. Fern Breeden and Mrs. William H. Clifton; second, Mrs. Corinne Lynch and Mrs. Arthur Willgoose; third, Mrs. Ida B. Wilson and Oscar Barnett; fourth, Mrs. A. G. Besom and Phil DeBerard.

EW, first, a tie, Mr. and Mrs. V. Mott with Arthur Wheatley and Frank Matheson; third, Mrs. J. D. Cordell and Charles Daglia; fourth, Marvin Long and Norman Meyer.

Club To Meet

The North Orlando Club will meet at 7:30 p.m. today at the home of Mrs. Jane West on Lombardy Road. Program will be on shell arranging.

Unit Meeting

The Auxiliary Unit to South Seminole YFW Post 5207 will meet at 8 p.m. today at the Post Home on the Old Dixie Highway north of Longwood. Mrs. Ruth Hopkins, president, has urged all members to attend as election of new officers will be conducted.

Legal Notice

NOTICE OF APPLICATION FOR TAX DEED (See 1961 Florida Statutes)

NOTICE IS HEREBY GIVEN that Albert A. Myers, the holder of the following certificate for tax deed to be issued thereon. The certificate number and year of issuance, the description of the property, and the name in which it was assessed are as follows:

Certificate No. 222

Meats, Vegetables Plentiful

WASHINGTON (UPI) — The shopping outlook is excellent this week, with a big variety of meats and fresh produce available.

Best vegetables buys this weekend at markets will include artichokes, asparagus, beans, beets, broccoli, cabbage, Texas flimbag carrots, cauliflower, endive-cacalote, green onions, iceberg lettuce, New York onions, mushrooms, parsnips, parsley, radishes, and potatoes.

Top fruit values will be honeydews, pineapples, California naval oranges, and Florida grapefruit.

Eggs and dairy products, now in good supply, continue as good buys.

Meat shoppers will find a fair selection of beef and poultry at local markets this weekend. There'll also be some lamb features. Pork and smoked hams will be available, too. Fish and seafood counters will feature clams, fillets, halibut, smelts, oysters, scallops, and swordfish.

Club To Meet

The North Orlando Club will meet at 7:30 p.m. today at the home of Mrs. Jane West on Lombardy Road. Program will be on shell arranging.

French Hope To Curb Red China, Premier Says

TOKYO (UPI) — French Premier Georges Pompidou said today that France hopes to influence Communist China to be less aggressive in Southeast Asia.

Pompidou, here on a week's visit, told a news conference that President Charles de Gaulle favors the neutralization of the countries of the Indo-China peninsula.

The premier said that this meant both North and South Viet Nam should be neutralized. He said this would require the agreement of both the United States and Communist China.

"We will do everything we can to inspire peaceful intentions in the Chinese Communist government," Pompidou said. "I am not saying that the French government is not to 'share in, approve or support' the regime."

"It is only to recognize the existence of that government," he said.

Pompidou said France has become more interested in Southeast Asia — "less economically than morally and politically."

He said, "What happens in Southeast Asia depends to a great extent on the policies of the United States and Peking. This is one more reason why we have recognized Communist China . . . It is not true that it was for economic reasons; this was only secondary."

Little League Auxiliary To Meet

By Maryann Miles

The Woman's Auxiliary of the South Seminole Little League will meet Thursday, April 23, at 8 p.m. at the Casselberry Recreation Center.

This newly formed organization was in charge of the barbecue dinner staged in Longwood last weekend for benefit of the League's playing diamond in Casselberry. Workers report that dinners were sold out before the end of the day and approximately \$600 was cleared.

On Dean's List

Carol Foster, daughter of Mr. and Mrs. J. H. Foster of Sanford, has been named to the Dean's List of Valdosta State College. Miss Foster is a freshman at the college.

GET POLIO PROTECTION For Yourself and Family, NOW !!

SUNDAY, APRIL 12, 1964 :: 12 P.M. - 5 P.M.

SABIN ORAL VACCINE

Q. What are the advantages of oral polio vaccine?

A. The ease with which the vaccine can be given by mouth instead of injection.

Q. Who should receive this vaccine?

A. Everyone. Even if you have previously taken Salk vaccine, the oral type vaccine should be taken, recommend health authorities. All age groups should take the vaccine, as any age group could become a polio carrier. Infants should be given the oral vaccine, but should be re-vaccinated at about one year of age.

Q. How is oral vaccine given?

A. Two drops on a lump of sugar, or in distilled water for diabetics. It is a pleasant tasting liquid.

Q. How many doses of vaccine are needed to become immune?

A. Only two doses spaced about eight weeks apart are needed. Second Dose Given June 7th.

Q. Is this oral vaccine expensive?

A. During this mass immunization, a 50c per person donation per dose is being asked. Inexpensive for the protection received.

Q. Where can we receive this vaccine?

A. At any of the locations listed below, or at the one nearest you.

Courier Faces 16 Hitters, Strikes Out 15

Jack Nicklaus, Palmer Lead Off Masters

AUGUSTA, Ga. (UPI) — Hopeful Arnold Palmer gets a 30-minute head start on everybody's favorite Jack Nicklaus today when the power boys take on the field in the opening round of the famed Masters golf tournament.

Palmer, the three-time champion who is still looking for his first tournament victory of the year, tees off at noon with young Labron Harris Jr., the 1963 National Amateur champion.

Nicklaus, the 24-year-old Columbus, Ohio, bomber who seeks to become the first defending champion to put a pair of Masters victories back-to-back, tees off at 1:30 p. m. (EST) with Downing Gray, the man Harris beat 1-up two years ago for that amateur crown.

Palmer and Nicklaus are both 3 to 1 choices but a run of heavy rain that has left the Augusta National course soggy is expected to be advantageous to Nicklaus because he hits the longest, highest drives of any of the 96 starters in this 27th Masters.

The weatherman was predicting all systems "go" with clear, mild weather expected after torrential rains washed out two of the last three days of practice. Most of the golfers were able to try out the tricky, 6,900-yard course only on Tuesday.

Nicklaus went into today's opening round full of confidence. "I feel I have been playing much better up to this point this year than I was leading into last year's Masters."

Palmer's hopes for becoming the first four-time winner he took the Masters in '58, '60 and '62 are based on improved putting.

"My trouble so far this year has been chiefly putting," Palmer said. "I've had a bunch of three-bit greens. I've had the yips and couldn't concentrate. But now I feel I can master those putts."

By Bill Vincent Jr.
First place in the U. S. open black bass championship has been taken over by Hal Griffin Jr., Tampa, former Florida quarterback, with a catch weighing 14 pounds out of the Withlacoochee River near Dundellon.

Griffin reported it took between 15 and 20 minutes to land on an eight-pound test line with spinning equipment. He used an artificial worm.

Second largest catch of the week was made by Jack W. Flowers, of Winter Garden, who subbed a 12-pound, one-ounce bass out of Flat Lake, near Oakland. He used a black worm as the lure.

Honorable mention went to James E. Mettles, of Waldo, who landed a bass scaling 11 1/2 pounds while spinning with a Johnson spoon in Hickory Pond near his home.

Shad are continuing to run and providing excellent sport for the anglers on the St. Johns. John Crim says he expects them to run another couple weeks if the water stays cool. When the water heats up the fish, finished spawning, will die, both male and female, according to John.

He also reports specks continue to bite in Lake Jessup, although they are about at the end of their run for the season. Bass fishing is spotty.

Worms are the main bait in the Wekiva, according to Herb Sutton, at Wekiva River Haven. Especially for the red-breasted bream.

Herb says two men and a skipper conducted an inspection of his rig. He should make sure there is ample gas aboard, as well as life preservers and emergency gear. He should also check that steering controls and fuel line are properly connected.

The 16th? Lion Pitcher Gives Him Free Pass

Jim Courier entered into the circle of baseball charm Wednesday afternoon when he hurled a no-hit, no-run, 12 to 0 decision over the Eagles of Montverde in a high school contest at Oviedo as the Lions picked up their seventh victory of the current season.

Courier nearly climbed baseball's pedestal by almost getting a perfectly pitched contest on record. He faced 16 men and whiffed 15 of them. The only mar on an otherwise perfect ball game was a five walk.

Meanwhile, Courier's mates were taking care of the offensive department with ease. They pounced on three Montverde hurlers for 10 safeties which they coupled with no less than a half dozen miscues to push over 12 runs.

The Lions went right to work in the first inning by pushing across four runs. They duplicated the effort with four more in the second, added a pair in the fourth and another two in the final fifth.

Courier aided his own cause with three singles to half battling honors with Wayne Jacobs who also touched the opposing moundmen for three bingles. Game came up with the longest extra base hit of the afternoon, a triple.

The Lions will be idle the rest of the week. Next week, however, they face two serious threats in trying to continue their consecutive win streak.

Coach Paul Miller's nine goes to Titusville Tuesday for a tilt with the Terries and next Friday they will close their home season by entertaining the tough Ocoee Cardinals.

The line score: Montverde... 000 00-12 10 0 Oviedo... 400 00-0 0 0 Craig, Blank, Knight and Carroll; Courier and Brooks.

A SANFORD ATLANTIC NATIONAL BANK base runner is nabbed trying to get away with a theft of third for the final out in the opening game of the City Recreation Department's Little League baseball season. Perfection Dairy's third sacker is just before tagging out the runner as he prepares to slide into third. Perfection's shortstop is backing up the play. Perfection downed the Bankers, 4 to 2. (Herald Photo)

Seminole Track Team 3rd In 5-Way Meet

Seminole High's track team wound up in third place at the close of a five-way meet Wednesday afternoon as they piled up 70 points but saw Titusville's Terriers rack up 92 and DeLand High's Bulldogs 81.5 points.

Melbourne's Central Catholic High was fourth with 11 points and Florida Military Academy brought up the field with 9.2 points.

As for the Seminoles' performance, it was not their best. Reinhart placed second in the 120-yard high hurdles and Clarence Johnson was third in the 100-yard dash. No Seminoles placed in the mile run.

However, in the 880-yard relay, won by Titusville, Seminole placed third. Sanford's brightest spot was, as usual, Harry Barka's performance in the 440-yard dash. Barka covered the distance in 52.4 seconds to cap been defeated in the 440 so far this season.

Another bright spot for the locals was Rick Walstrom's performance in the 180-yard high hurdles. Walstrom placed third.

Jeff Williams of Seminole was third in the 880-yard event, Sanford placed second in the sprint medley relay which was won by Titusville, and Vodopich was third in the 220.

Titles At Stake In SOKC Finale Tonight

The track's individual championship is at stake tonight at the Sanford-Orlando Kennel Club with the big winners running in separate events in the final night of the season.

Eleven-time winner, Saraola Suncoast goes for his 12th victory in the night's opening event, O. B.'s McDuff, the only other 11-time victory, will be seeking his 12th win the featured 10th.

Hunt Leading In National

Hunt Lincoln-Mercury took possession of first place in the Little National League Wednesday afternoon. The Automen, paced by Skipper Senkarik's pitching and hitting, posted a 6 to 4 victory over the Locomotive Engineers at Fort Mellon Park.

Meanwhile, George's won a season's opener in the Little American League at Bay Avenue Park, trouncing the Bankers of Sanford Atlantic, 16 to 1, on three-hit pitching by Harley Sykes.

In the Hunts-Engineers contest, Senkarik limited the Trainmen to one hit. He connected for his second homer of the season—a first inning clout with two aboard.

Sykes, scattered three hits against the Bankers and paced George's with three hits in three trips—including his own also homered for Georges.

In today's games, the National League will pit Federal against Standard Off at 4:30 p. m., at Fort Mellon Park, and in the American Perfection Dairies plays Navy, also at 4:30 p. m., at the Bay Avenue Park.

Happy Minnie Heading 'Home'

By Sandy Padwa
UPI Sports Writer
The Chicago White Sox broke camp Wednesday and the happiest person aboard the northbound train was Minnie Minozo, who was heading "home" again.

The all-time White Sox favorite was signed Wednesday by General Manager Ed Short just two years after Chicago had traded him to St. Louis for Joe Cunningham.

But at age 40, Minozo still had enough left to scratch his way back, even though a series of injuries at St. Louis and Washington threatened his colorful career.

"I'm back home again. I never expected it. It's like a dream," Minozo said as a wide grin crossed his face. "Legs fine, I feel I can still do it."

Short said that Minozo, a free agent this spring, would be used as a spare outfielder and a pinch-hitter.

"If he has one more year left, he's more likely to have it in Chicago," Short said. Minozo's signing was about the biggest news from Grapefruit and Cactus land Wednesday although the Cleveland Indians might tend to disagree.

The Indians hit three home runs in Fresno, Calif., off Billy O'Dell to beat the San Francisco Giants, 14-4, for the first time in 10 games this spring.

Max Alvis and Leon Wagner hit two-run homers for Cleveland and Johnny Romano added a solo shot. Orlando Cepeda homered for San Francisco.

A single by Dick Bertell gave the Chicago Cubs a 7-6, 11th-inning victory over the Boston Red Sox.

THESE 20 BASS were taken by Bill Johns and Buddy Hoochehan, of Sanford, while fishing last Sunday near the Osteen Bridge.

Christmas-Deer Park Blithedale Geneva Road, and on the south by the Kissimmee-Melbourne Highway, and on the east by the tree line bordering the St. Johns River marsh.

American Power Boat Association stock outdoor marathon national championships will be held July 25-26 at Trenton, Mich. There will be five classes: AU, BU, CU, DU, and 36. Prizes will total \$5,000.

"Fishing with an Outboard," a free 24-page booklet which tells how to use the mobility afforded by an outboard rig to catch more fish, is available from the Kiehaefer Corporation, Fond du Lac, Wis.

Before casting off, a wise skipper conducts an inspection of his rig. He should make sure there is ample gas aboard, as well as life preservers and emergency gear. He should also check that steering controls and fuel line are properly connected.

If you ordinarily run your boat onto a beach when you come in from boating, lay an old auto tire flat on the sand with half of it in the water. Dig a depression in the beach, sink the tire to half its depth and fill it with sand. This gives you a firmly-anchored rubber "landing field" and prevents scratching of your boat bottom.

To hold Junior's interest on a cruise, make him an active participant. Assign him specific navigational and household duties, such as spotting buoys (especially good if he can use binoculars), putting out fenders and securing dock lines. Keep him busy and he'll enjoy himself more. So will you.

Group Fails To Get Franchise

CHICAGO (UPI) — Investment broker Bob Nusbaum said today his syndicate of eight businessmen has filed an official application for a Chicago franchise in the American Football League.

He said the group also has opened negotiations to buy a Canadian football franchise which might play in Chicago until it obtains an AFL membership.

The AFL application by the Nusbaum group was the second for a Chicago franchise. Last month oilman Nash Dowdle, Midland, Tex., applied for a franchise and said he was sure he would have the backing of most of the present league owners.

"I've been a professional boxer nearly 19 years," explained former middleweight champion Olson of San Francisco today. "And I've never heard of a better match than this one."

Bobo explained that when Pastrano climbs into the ring Friday night at the New Orleans Municipal Auditorium, it will mark the return of 25-year old Willie to his home town for his first defense of the world light heavyweight 175-pound crown.

And Pastrano will be making his first defense against handsome but dangerous Peralta of Argentina, 24, who won a lopsided decision over Willie in their non-title 10-round bout at Miami Beach last Sept. 20.

More Concerts At No Price Rise Offered

More entertainment for the same price as last year is the offer made today by Judge Vernon C. Mize, president of the Seminole County Mutual Concert Association.

Renewal membership lists were opened Wednesday with Mayor Al Wilson buying the first renewal from Mrs. Ralph Austin Smith, membership chairman.

A telephone committee will begin today to call on all for-

mer members soliciting the renewal of their membership for the 1964-65 season, which has a tentative slate of five programs, including two outstanding programs from the Central Florida area.

Kicking off the concert season in November will be the Stetson Glee Club. This group is well-known throughout Florida and are veterans of many concert tours under the direction of Professor Harold Giffin.

VEGETABLE REPORT

Federal State Market News Service Sanford

Shipping point information for April 8. All sales F. O. B. Freezing charges extra unless otherwise stated.

SANFORD-OVIEDO-ZELLWOOD DISTRICT: Partly cloudy and warm. Cabbage: Demand moderate, market steady. Domestic round type, 1 1/2 bu. crates, \$1.10 to \$1.15; 50 lb. sacks, 85 cents to 90 cents, few \$1; Iled type, 1 1/2 bu. crates, medium to large, \$2.75 to \$3; Savoy type, medium size, few, \$2.

Dill: 1/2 LA crates, 4 doz. bunches, \$2.50.

Endive: Demand fair, market steady. 1 1/2 bu. crates, \$1.10.

Escarole: Demand fair, market steady. 1 1/2 bu. crates, 90 cents.

Lettuce: Supply light, demand moderate, market about steady. Iceberg type, WJL crates, 24 count, cleanup lot, \$1.50, some fair quality, \$1.10; Boston type, EHN crates, 24 count, fair quality, \$2; Romaine type, 1 1/2 bu. crates, \$1.75; Leaf type, 24 qt. baskets, \$1.50; Bibb type, 12 qt. baskets, \$1.

Onions, Green: Demand fair, market steady. Crates, 8 doz. bunches, \$2.40 to \$2.70, mostly \$2.40 to \$2.55.

Paraleys: Crates, 5 doz. bunches, early, \$1.00.

Parsnips: Baskets, topped, 12-1 lb. film bags, \$1.35.

Radishes: Demand moderate at slightly lower prices, market weaker on red varieties, steady on white. Topped, Red variety, 20-6 oz. film bags, 85 cents to \$1; White icicle, 24 8-oz. film bags, \$1.50.

Tunip: 50 lb. sacks, topped and washed, \$1.25 to \$1.50.

HASTING DISTRICT: Cabbage: Demand moderate, market steady. Domestic round type, 1 1/2 bu. crates, \$1.15; 50 lb. sacks, 85 cents to \$1, few high as \$1.05.

Prejudice In North Too? MILWAUKEE, Wis. (UPI) — Wisconsin Gov. John W. Reynolds, winner of the presidential primary in his home state, commenting on Wallace's substantial vote: "I'm disappointed he got any votes at all, but we must realize we have prejudice in the North just as in the South."

Boy Found Safe BROOKSVILLE (UPI) — A two-year-old boy, Charles Silvers, who had been the object of an all-night search in a wooded area near here, was found safe this morning.

Lober Race LAKE CITY (UPI) — Oliver J. Bradley, the first Negro to run for public office here since Reconstruction days was defeated Tuesday in the race for a city commission seat.

Winding up the programs in the spring of 1965 will be the Florida Symphony Orchestra under the direction of Henry Maser, which was enthusiastically received in Sanford in previous concerts here.

In between are nationally known acts including the Burke Family Singers, recently seen on the Ed Sullivan show; monologue artist Marjorie Roble and Scott Morrison, talented musical character study artist.

Judge Mize emphasized that this is a tentative program that depends for financing on increased membership in the Concert Association.

"At this time, we will be contacting former members, asking for renewal of their memberships, but anyone else interested in joining is asked to contact Mrs. Ralph Austin Smith, membership chairman at 2021 Park Ave.," he said.

Tickets are available in three price ranges—student memberships at \$4; adults at \$7.50 and family memberships, which admit parents and all children under 12 at a rate of \$18 for the year.

Memberships entitle holders to attend all concerts and they are transferrable, thus permitting a member to allow a friend to use his ticket if he cannot attend a concert.

A general membership drive, enlisting both old and new members will be held in the fall, Judge Mize said.

"But in order to go ahead with the scheduling of this excellent series of five concerts, we need to obtain as many commitments as possible now. Failure to secure the necessary membership to finance this program will result in the series having to drop one or two programs," he emphasized.

Barbara Hutton Weds Seventh JUTEPEC, Mexico (UPI) — Barbara Hutton Mdivani Reventlow Grant Trouletsky Rubirosa Von Cramm is a princess today for the third time.

Laotian - Vietnamese Prince Pierre R. Chao Doan, a 48-year-old chemical engineer and painter, became the Woolworth heiress' seventh husband in a "city-hall" ceremony Tuesday in this provincial town.

A reception for about 30 guests at the new Princess' Japanese-style home here followed the ceremony.

Jax Charges 2 City Patrolmen JACKSONVILLE (UPI) — Two city patrolmen surrendered to county police on shakedown charges Tuesday night, the sixth and seventh.

Mayor Haydon Burns said it was "likely the arrests will reach to certain county officials," but did not name them.

"The matter is far from being closed," Burns said after a meeting with Sheriff Dale Carson and Duval County Solicitor Edward Booth.

The patrolmen charged with unlawfully accepting unauthorized compensation were James Branch, 30, and J. F. Luman, 28.

High Claims 3 Union Locals Support Him By United Press International Miami Mayor Robert King High claimed support today from three labor union locals in his race for the governor's office.

He said the locals of the Hotel and Restaurant Union, the Waiters and Bartenders Association, and a union vowing education group endorsed him Tuesday night after meeting at Miami.

High, whose campaign platform includes a plank for a minimum wage of \$1.25 per hour, said he understood several other union locals have scheduled meetings in the next few days to endorse him.

Laotian - Vietnamese Prince Pierre R. Chao Doan, a 48-year-old chemical engineer and painter, became the Woolworth heiress' seventh husband in a "city-hall" ceremony Tuesday in this provincial town.

A reception for about 30 guests at the new Princess' Japanese-style home here followed the ceremony.

Boy Found Safe BROOKSVILLE (UPI) — A two-year-old boy, Charles Silvers, who had been the object of an all-night search in a wooded area near here, was found safe this morning.

Lober Race LAKE CITY (UPI) — Oliver J. Bradley, the first Negro to run for public office here since Reconstruction days was defeated Tuesday in the race for a city commission seat.

FAMILY GROUPS seen in costume at the Bear Lake Elementary School last Friday night for the Mardi Gras sponsored by Cub Scout Pack 230 included Mr. and Mrs. Richard Ostrander and children, Ricky and Kathy, top photo, and Mr. and Mrs. Calvin Marles and sons, Gary and Scott, bottom.

Unit Names Conference Delegates

By Jane Casselberry

American Legion Auxiliary Memorial Unit 256 of Casselberry will be represented by Mrs. Harold Kryder and Mrs. Kenneth Walbridge as delegates at the Constitutional Conference to be held April 26 at the Umatilla Civic Center.

Mrs. Kenneth Green was selected as alternate delegate in appointments made during Monday night's meeting of the Unit held in the Casselberry Woman's Club.

Appointed to served on the nominating committee to draft a slate of officers for the coming year were Mrs. Joseph Ciszewski, Mrs. Russell Corwin, Mrs. Thomas Houston, Mrs. Walbridge and Mrs. Green.

The Unit voted to contribute to the village water pump project for Escudor, a joint project of the American Legion Auxiliary and CARE. Poppy Chairman, Mrs. Green, announced plans for Poppy Day which will be held Saturday, May 23. All funds received in the sale of poppies are used to aid patients at veterans hospitals and in child welfare.

35 MPH On Part Of Sanford Ave.

It's now legal to drive 35 miles an hour on Sanford Avenue from 13th Street south to the Sanford Naval Air Station.

City crews Wednesday completed erecting the new speed signs between 13th and 25th Streets. The previous limit was 25 miles an hour between those two streets.

DEBORAH SIPES (Photos by Jameson)
KYLE KEOGH JUDY MIXON

Deborah Sipes Contest Winner

Dimpled Deborah K. Sipes won the Baby of the Year Contest staged this past month by Zeta Xi Chapter of Beta Sigma Phi and the Little Red Schoolhouse is \$500 richer as a result.

Deborah, 6 months old daughter of Mr. and Mrs. J. L. Sipes of 103 Mayrose Drive, was sponsored by the Seminole Chapter of Future Farmers of America.

She won out over 14 contestants, all of whose pictures were posted in three Sanford stores—Roumillat & Anderson, Touchtons and Ben Franklin 5 & 10 Store. A penny counted as one vote for the contestant.

Other winners were: Judy Nixon, 7 months old, daughter of Mr. and Mrs. Cecil Nixon of Lake Mary, second, and Kyle D. Keogh, 10 months old, son of Mr. and Mrs. R. W. Keogh.

Judy was sponsored by American Legion Post 53 while Kyle had the Sanford I.O.O.F. Lodge for his sponsor.

Proceeds from the contest will be used to further the work at the Little Red Schoolhouse which cares for exceptional children in the area.

The Sipes baby won a Series E bond donated by Florida

State Bank and a trophy offered by Wert's Jewelers. The prizes will be awarded at the Future Farmers banquet set for the high school at 7 p.m. April 14.

Judy's prize was a loving cup from Kader's Jewelers while Kyle received a gift certificate for bronzing of his first baby shoes. The award was given by Gumm Jewelers.

Jax Charges 2 City Patrolmen

JACKSONVILLE (UPI) — Two city patrolmen surrendered to county police on shakedown charges Tuesday night, the sixth and seventh.

Mayor Haydon Burns said it was "likely the arrests will reach to certain county officials," but did not name them.

"The matter is far from being closed," Burns said after a meeting with Sheriff Dale Carson and Duval County Solicitor Edward Booth.

The patrolmen charged with unlawfully accepting unauthorized compensation were James Branch, 30, and J. F. Luman, 28.

Seminole Schools Rated Far Above State Average

Seminole County schools, across the board, are rated far above the average for the state, the Seminole Board of Public Instruction was told Thursday afternoon.

Offering statistical data to back this finding was W.W. Wharton, the county's guidance and testing counselor.

Schools Superintendent R. T. Milwee noted the high rating "is a direct result of each teacher doing more than is required. Their energy, time and talents is used to the fullest and the results speak for themselves."

Wharton pointed to tests given 700 plus ninth graders and compared them with what had been set up as the statewide norm.

Using 50 percentile for the norm, he showed that test results in the county averaged as high as 71 percentile—this

in the sciences. The norm was hit on languages and Wharton explained this meant the English language.

It consisted of grammatical construction, punctuation and the like. Asked why the testing showed the normal percentile rather than continuing the higher trend as in other subjects, Wharton explained:

"The language pattern of student is usually formed by

the time the child is six years old. If it is not of above-standard level, it usually stays in the same area even after the child enters school."

The general average for Seminole's ninth graders was about 20 percentile above the state's norm.

Seniors were also tested, this time for a college entrance score which, Wharton said, is considered by colleges and universities as being 300 or higher.

Of the 461 seniors taking the exams, 41 per cent qualified with higher than 300 marks. This, the general average throughout the county, was led by Oviedo seniors were 70 per cent achieved the 300 plus grade.

Board members commended the educators for the ratings and urged that every effort be made to continue what they called "an excellent trend."

Emergency Rail Talks Open At White House

WASHINGTON (UPI) — President Johnson opened emergency negotiations in the railroad dispute today and said he expected a solution before a 15-day strike moratorium is over.

Johnson, who won a strike delay last night, told union and management officials that he was optimistic about chances for settling the four-year-old rail controversy. Bargaining sessions began shortly before 10:30 a. m. EST in the White House cabinet room.

Johnson brought a five-man team of federal mediators in to the discussion to help the parties reach a solution but emphasized they would not "cast their weight on either side."

Johnson won a dramatic agreement from the warring rail union and company officials Thursday night that blocked a nationwide rail strike less than 90 minutes before the walkout was set to start.

Using persuasion, because all the powers of law at his command had long ago been exhausted, the Chief Executive got union leaders to change their minds and accept his proposal for a moratorium on a national rail strike.

An informed source said the chiefs of the five railroad operating unions at first turned down the President's proposal because they said it would undercut their entire bargaining strategy by halting the two-day-old strike against the Illinois Central Railroad.

Railroads, meanwhile, tried to highball train service back to normal, but foot-dragging unions triggered massive snarls in New York and Chicago.

Local unions set up picket lines at midnight in rail centers in Pennsylvania, northern Illinois, upstate New York, and Missouri.

Leaders of the four operating unions that set a strike for 12:01 a. m., said many locals had not been officially notified to return to work.

MISS PAM GIBBS is the latest entry in the Civitan Club's Miss Seminole County Beauty Contest. Pam, 17 years of age, is a junior at Seminole High School. The contest will be held at the Civic Center April 23-25 in cooperation with the Industrial Show to be sponsored by the Seminole County Chamber of Commerce. For further information contestants should contact Charles Kampf, Civitan president, 322-9484. (Herald Photo)

County Orders Land Purchase

JACKSONVILLE (UPI) — The president of the Atlantic Coast Line Railroad called Thursday night for "an aroused nation" to take steps through Congress to halt the continuing threat of a nationwide railroad strike.

W. Thomas Rice of Jacksonville fired a hot volley at the rail unions and said, the Illinois Central walkout which almost triggered a national strike "demonstrates the urgent need for action."

"Congress should be called on for legislation requiring binding arbitration of all the issues involved to settle this dispute over featherbedding," Rice said.

ACL Head Asks End To Threats

JACKSONVILLE (UPI) — The president of the Atlantic Coast Line Railroad called Thursday night for "an aroused nation" to take steps through Congress to halt the continuing threat of a nationwide railroad strike.

Rusk Leaves On Tour Of East's Trouble Spots

WASHINGTON (UPI) — Secretary of State Dean Rusk left today for a round of conferences in the Far East and an on-the-spot inspection of the war in South Viet Nam.

Also included in the 10-day trip will be a stopover on Formosa for a meeting with Nationalist President Chiang Kai-shek.

En route, Rusk scheduled a two-hour stop at Anchorage to inspect Alaska's earthquake damage.

Rusk said Thursday night after a meeting with President Johnson that the chief executive had asked him to go on to Viet Nam after attending the ministerial meeting of the eight-nation Southeast Asia Treaty Organization (SEATO) in Manila.

The SEATO conference begins Monday and continues through Wednesday. Rusk originally had planned to return to the United States Thursday afternoon stopping briefly at Formosa.

Rusk said the extension of his trip to include Viet Nam indicated "no special emergency or crisis" there.

\$1 Million Flood Fund Sought

WEST PALM BEACH (UPI) — Executive Director Ed Dill of the Central and Southern Florida Flood Control District says the district hopes to get another \$1 million from the federal government this fiscal year — plus considerably more next year than President Johnson has recommended.

The FCD governing board met Thursday and approved a tentative 1964-65 fiscal year budget of \$14,000,000 of which \$7.5 million would go for land acquisition, \$3.6 million for construction as matching money for federal funds, and \$2.2 million for operation and maintenance.

The board will meet May 15 in Fort Pierce to formally consider adoption of the budget. Of the total, \$6 million would come from the state general fund and the rest from revenues coming into the 18-county district.

Road Emergency Measures Taken

Action to forestall possible delay in the county road improvement program due to the possible railroad strike was taken today by James P. Avery Jr., chairman of the County Commission.

Avery directed J. C. Lavender, county road superintendent, because of "the possibility of a national railroad strike, with the consequent catastrophic effect on road projects now in process," to commence an immediate stockpiling of limestone on various county sites.

Lavender was directed to stockpile in amounts that will suffice to maintain the road construction program as authorized by the Commission.

Oviedo School Site Purchase OK'd

SABIN ORAL SUNDAY got off to an early start Thursday afternoon when SOS officials gave the vaccine to staff members of The Herald. Nurse Janet Cuthrell offers a cube of sugar containing two drops of the vaccine to Herald Society Editor Doris Williams. Ray Stevens of the Herald mechanical department awaits his

turn at left. Looking on, from left, are Dr. Frank Leone of the County Health Department, Wally Peacock, Jaycee chairman of the project, Dr. G. D. Stanley and Dr. G. H. Starke. The vaccine will be offered Sunday at 12 stations throughout the county. Hours are from noon to 5 p.m. (Herald Photo)

County Board Authorizes Negotiations

Negotiations for the purchase of land suitable for a new high school complex in the Oviedo area was authorized Thursday by the Seminole County Board of Public Instruction.

Board Member John Evans suggested the project, citing the rapid growth in the area and the future potential of an even more rapid expansion.

Primary reason for the growth, he said, is the new university which is planned for that area.

Evans presented a map which outlined the proposed areas to be purchased and suggested the selling price would be "around \$1,000 an acre." About 30 acres are involved.

He added he has received assurance from the owners they would make the land available for the school complex, should the board seek a site.

Evans was named chairman of the negotiating committee. Serving with him will be Board Member James Berkenboyer, Schools Superintendent R. T. Milwee and his administrative assistant, Walter Teague. County Commissioner Lee Gary will also be asked to join the committee, as the project is in his district.

No immediate plans were made for actual construction of the plant but officials explained that in three or so years the student population will make it mandatory that sites be available in that area.

A state survey team is expected in the area next October to check proposed school sites and the board said it hoped to have the Oviedo land available for the survey team to check.

In another effort to keep pace with the population explosion in the county, the board ordered the purchase of eight new 60-passenger buses at a cost of \$5,180.50 each.

These will allow for the retirement of some ancient buses now in use and will augment the fleet serving the county school system.

Karl Attacks Bryant Regime At Palm Beach

By United Press International
Rep. Fred Karl attacked the Bryant administration today in the home territory of the gubernatorial candidate that has been labeled the "crown prince" of Gov. Farris Bryant.

Opening a campaign headquarters in Palm Beach, Karl charged the last three and one-half years have been marked by "inefficiency, irresponsibility, spending, waste and inefficiency."

"It is my belief the people have had enough," said the Daytona Beach legislator. "For this reason, Bud Dickinson is losing grounds in his effort to become governor."

Sen. John Mathews Jr. of Jacksonville made a strong pitch for help for the seafood industry in a handshaking tour of Tarpon Springs. He said the seafood industry, so important to the area, has been the "red-headed stepchild" of Florida for too long.

Jacksonville Mayor Hayden Burns barnstormed across a northeast Florida today, after a day of campaigning Thursday in Tallahassee.

A group of picketers representing the Congress of Racial Equality, which tried to stop the mayor's motorcade when he arrived by plane and carried signs criticizing his handling of the Jacksonville racial situation, showed up at a huge fish fry at the fairgrounds Thursday night, but left their signs at home and did no demonstrating.

Polio Workers Ready For Big Job Sunday

Eighteen medical doctors and eight registered nurses will join with Jaycees, Jaycee wives and Candy Strippers to conduct the Sabin polio clinic between noon and 5 p.m. Sunday.

These medical doctors will be on hand to administer the vaccine, two drops on a lump of sugar: Dr. Luis Perez, Dr. George Starke, Dr. Kenneth Wing, Dr. Leonard Munson, Dr. Yann Parker, Dr. Edward Epstein, Dr. Charles Hardwick, Dr. John Morgan, Dr. Vincent Roberts, Dr. William Womble, Dr. Arthur Nesmith, Dr. Kenneth Pierce, Dr. Charles Adams, Dr. Stanley Rappaport, Dr. George Stumpepper Jr., Dr. Tom Larsen, Dr. Troy Overstreet and Dr. Edward Stoner.

Registered nurses assisting the doctors at the 12 feeding stations will be Mrs. Margaret Butler, Mrs. Hulda Kibbe, Mrs. Florye Gilbert, Mrs. Joyce Crowe, Mrs. Grace Fisher, Mrs. Janet Cuthrell, Mrs. Clara Buehler and Mrs. Evelyn Morris.

Jaycees taking part will be Wally Peacock, general chairman; Jim Smith, Harold Chapman, Clyde Long, co-ordinators; Charles Tetenbaum, Fred Wilson, Dave Herrien, Charlie Thomas, Frank Finch, Jimmy Jones, Jack Ludwig, Garnett White, Charles Fox, Glenn McCall, Phillip Skates and Tom Spicer.

Jaycee wives assisting will be Ethel Thomas, Mary J. Herrien, Marguerite Price, Linda McKee, Barbara Polk, Jo Ann Rowe and Marci Skates.

Candy Strippers taking part will be Penny Gleason, Linda Poloski, Linda Hunt, Grenda Gombel, Jo Ann Herren, Marvreen Pitts and Barbara Willford.

Feeding stations will be established at Florida State Bank, Crooms High School, A & P shopping center, Midway School, Monroe School, Lake Mary School, MovieLand Drive-In Theater, Geneva School, Stubbs Pharmacy at Forest City, Winn-Dixie at 17-92 and 431, Jai Alai Front and Oviedo City Hall.

Second dose of this series will be given June 7.

Nikita Heads Home

BUENOS AIRES (UPI) — Soviet Premier Nikita S. Khrushchev left for home today after a 10-day stay in Hungary and said he was "satisfied with the results of the visit as we return to our own country."

Would Sell All

MIAMI (UPI) — Commerce Secretary Luther Hodges said Thursday night the United States, in danger of being outbid on world markets by its Allies, should sell the Russians "everything they can eat, drink or smoke."

Senator Shot

BALTIMORE (UPI) — Mrs. Verda Welome, Maryland's only Negro state senator, was shot and wounded early today in front of her home. Police issued a citywide alarm for a Negro man who tried to force his way into her home last week.

7,500 Troops To Leave Germany

WASHINGTON (UPI) — The United States announced today that it will pull 7,500 troops from Germany beginning in May.

A Defense Department announcement said the withdrawal will represent the last of the re-enforcements sent to Germany during the 1961 Berlin Crisis. It said they were "in excess of the U. S. commitment to NATO."

Cape Orders 'Thermometer' Brought Down

CAPE KENNEDY, (UPI) — The space agency, buoyed by improving weather over the South Atlantic, today gave a go-ahead to plans to send a "flying thermometer" on a meteoric dive back to earth.

Early reports today said the area near Ascension Island where the cone-shaped payload was to be rammed back through the atmosphere was blanketed by clouds, but later reports (at 11 a. m. est) said the skies were clearing.

Scientists said weather appeared to be the only questionable item for the opener of the Project Fire series that is to measure the heat returning moonships will face on their 25,000 miles per hour plunge into earth's atmosphere.

The Atlas, with its 200-pound "fire" payload tucked under protective cover in its nose, was scheduled to blast into space at 3:31 p.m., EST, but scientists could wait as long as 11:33 p.m.

The space agency needs clear skies over the south Atlantic re-entry area to observe the spacecraft's 42-second plunge through the atmosphere. Too much cloud cover blocked the shot last Monday.

Charter Meeting

The first official meeting of the North Orlando Charter Board will be held at 7 p.m. Saturday in the Civic Building. All residents of the village are urged to be present at this time to give thoughts and suggestions to changes desired in the charter.
