### 4 Held For Dope In Lightning Raid

By BILL SCOTT

Four men were arrested last night by sheriff's officers on drug charges after an informer arranged a marijuana purchase in South Seminole.

Chief Deputy Duane Harrell this morning described the arrest of Douglas J. Moss, 24, of 101 Esplanade Way, 21, of 2617 Eastbrook Boulevard, Winter Park; Ronald T. Vangasbeck, 1296 Troon Way, Rockledge, and Patrick Michael Toohy, 1124 Manatee Drive, Rockledge, as one of the "best narcotic busts we have ever made."

All four were charged with possession of marijuana and Moss was also booked on a selling marijuana count with a total \$15,000 bond for cash charges. Vangasbeck was also charged with carrying a concealed weapon along with a possession charge with a total \$4,000 bond.

Cox and Toohy are being held in lieu of \$3,000 bond each on the one charge.

Harrell described how a former car thief was used to buy a \$20 packet of marijuana from the four men in a rendezvous off Eastbrook Boulevard and Howell Branch Road, using marked bills given to him by sheriff's investigators.

Harrell reported another \$30 packet of marijuana was seized in the lightning raid that occurred after the transaction between the informant and the four men.

Sgt. Fred Kelley, Deputy Ronald Miller, Detective Tony Calanico and Harrell were hiding and watched the "bust" as the go-between gave the marked bills to Moss in exchange for the drugs, Harrell advised.

After the transaction was completed, the authorities swooped down on a surprised quartet still sitting in their car.

## Y-Flyers Open Season

By CHARNER LEONE

They came from all over the southeast—from Charleston and Columbia, S. C.; Missouri, Indianapolis, and Georgia, for a sailboat race last weekend. The idea was to determine who was the best Y-Flyer sailor.

And they went back raving about Sanford and the boating facilities on Lake Monroe. And, most important, over the splendid cooperation and friendliness they found in this growing port city.

"We hope it will be an annual affair on Lake Monroe," said William Wallis, co-ordinator of the race who hails from Richmond. The 25 participating centerboard boats, 18 feet long, have 160 square feet of sail area.

They came to Sanford, instead of Lake Conway in Orlando, as they have for the past seven years. The boats, all of the same class (there are about 150 sailboat classes), sailed a five-leg Olympic course three times over the weekend. The Y-Flyer season opening is sponsored by the Orlando Yacht Club.

The wind played havoc with the sailors. "But we're a hardy bunch, even if the winds were a bit much," said Wallis, fleet captain for the Y-Flyers.

The skippers and their crew mates (two or three people to a boat) braved the choppy Lake Monroe waters, using the wind from all angles to blow them as swiftly as possible, skimming the Y-Flyers to the finish line.

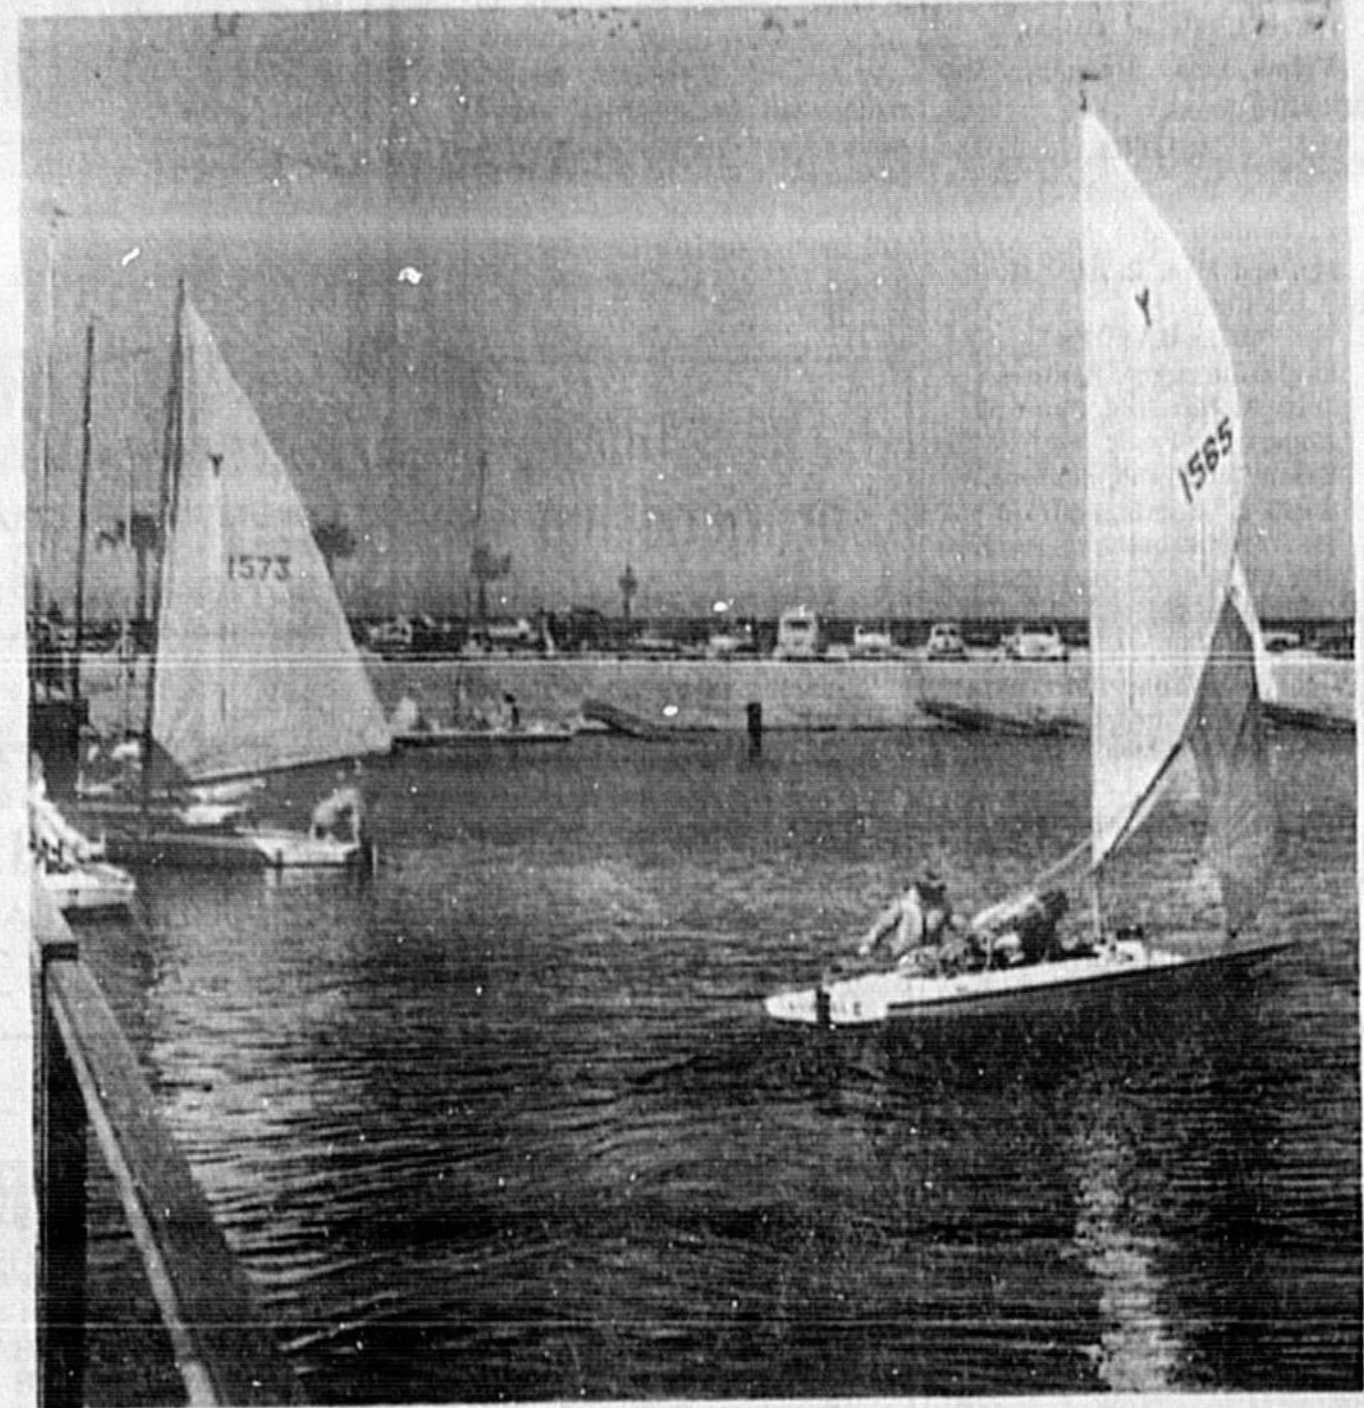

Charlestonian and past national champion Randall Swann took the first place honors. Orlando Yacht Club members Jim McCann and Steve Horton, took second and third.

This weekend's windy, wet race provided the Y-Flyer enthusiasts with the opening meet of the season. Next week the Savannah waters will host the second part of the continuing effort to determine the "best."

The season will continue through the summer.

Wallis' enthusiasm is contagious as he sang the praises of Sanford's facilities. "The facilities were excellent, we couldn't have asked for better," he exclaimed.

He made special mention of John Krider, manager of the Greater Sanford Chamber of Commerce, who is largely responsible for the continuity and generally overall pleasant atmosphere which enveloped those who began the racing sailing circuit in Sanford.

**'T WAS MUCHO WINDY ON THE LAKE**

TWENTY-SIX entrants from points between Florida and Missouri opened the sailing season for Y-Flyer sailing craft this weekend on Lake Monroe. Two of the entrants are pictured, readying their craft for sailing into open water and the course on the lake.

### Annexation Race Gets Under Way

By TOM ALEXANDER

Councilman William Grier will take the floor tonight at a workshop session of the Casselberry city council to explain his proposed annexation guidelines for "right-of-way" consumption into the city limits of Hwy. 17.02 north to SR 434; south to Prairie Lake Road; east on SR 436 to Lake Howell Road and west on SR 434 to the Altamonte Springs city limits.

Grier asked last week that the proposal be put on tonight's agenda.

Mayor Ken Brown, of Longwood, told The Herald that his city also is looking for right-of-way annexation, north on Hwy. 17.02 from Seminole Boulevard to SR 434. Brown also stated Longwood is starting preparation to annex south to its present city limits on SR 427 to Seminole Boulevard and then east to Hwy. 17.02, thus completing a circular annexation pattern.

Various parties have voiced their opposition to the proposed annexation by Casselberry, but no property can be annexed by any municipality until petitioned by the particular property owner. The domino theory of annexation which first annexes rights of way, usually then forces property holders on the right of way to petition for city admittance.

Other items on tonight's work agenda include cable television for the city, street light proposals, city garbage pickups and franchise, and telephones for fire department.

### Volunteer Firemen Seek Civil Service

Discussion of the inclusion of employees under social security was held at a recent meeting of the Board of Fire Commissioners of the Forest City-Bear Lake Fire Control District.

County Commissioner Greg Drummond stated that salaried employees are not included. It was further stated that the budget did not reflect this expense. The matter was to be pursued further. Also under consideration was a light in front of the station; the matter was tabled until the highway is widened.

### Bowers Trial Begins

Carl Lee Bowers was on trial for his life in the first degree murder of his wife, Berrilyn Bess Bowers, Bowers allegedly shot his wife on Oct. 31 with a .22 caliber pistol. Mrs. Bowers was found shot "more than once", according to sheriff's investigators and with her face a "bloody mess", allegedly from kicks inflicted by Bowers. Bowers was subsequently rescued by deputies from angry neighbors.

Hugh Hollar faces trial on charges of assault with intent to commit rape. Hollar allegedly assaulted a 17-year-old Forest City girl on April 7, 1969.

The docket also includes Dock Cole, charged with aggravated assault; Johnnie Rosier, charged with worthless check; Larry Bruner, charged with breaking and entering with intent to commit a misdemeanor; Oliver Barfield, charged with incest; Albert Dillon, charged with forgery; and Patricia Dykes, charged with resisting arrest with violence.

A letter was received from the clerk of the county commission inquiring about a 1951 tractor which was purchased from the county. The tractor was sold for scrap for \$45, and this money together with money from the soda pop machine bought materials for the building of the Station office. A letter will be written to the county commission giving this explanation.

It was reported that the inquiry about the Forest City-Bear Lake fireman being included in the state pension plan had been referred to by the State Fire Marshal, Howard Williams to A. L. Buford, Administrator of the State and County Retirement System. No word has been received from Buford.

Discussion was held of submission of the Fire District in-

### Harlan Blackburn's Trial Set To Open Wednesday

By MARION BETHA

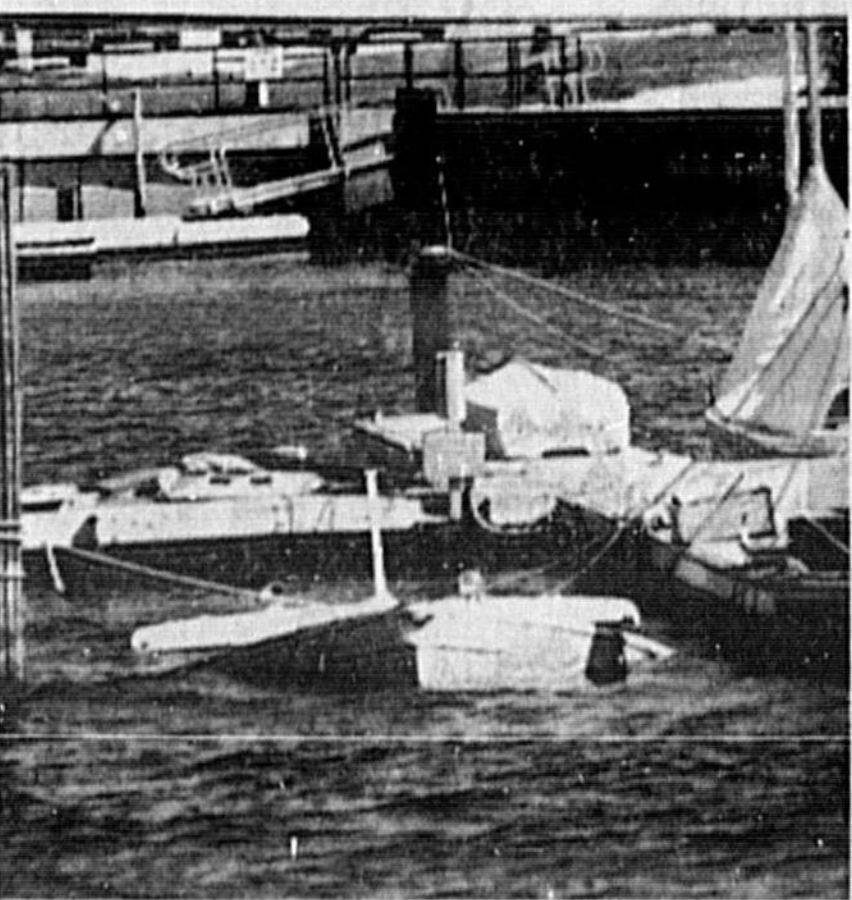

Ten defendants are docketed for trial this week in Circuit Court before Judge E. Thom Rumberger.

Scheduled to appear Wednesday is Harlan Blackburn, who is charged with lewd and lascivious conduct in an alleged incident involving a female under 14 occurring at the Breviny Apartments on SR 436. Blackburn is presently free on \$1,500 bond.

Carl Lee Bowers will be on trial for his life in the first degree murder of his wife, Berrilyn Bess Bowers. Bowers allegedly shot his wife on Oct. 31 with a .22 caliber pistol. Mrs. Bowers was found shot "more than once", according to sheriff's investigators and with her face a "bloody mess", allegedly from kicks inflicted by Bowers. Bowers was subsequently rescued by deputies from angry neighbors.

Hugh Hollar faces trial on charges of assault with intent to commit rape. Hollar allegedly assaulted a 17-year-old Forest City girl on April 7, 1969.

The docket also includes Dock Cole, charged with aggravated assault; Johnnie Rosier, charged with worthless check; Larry Bruner, charged with breaking and entering with intent to commit a misdemeanor; Oliver Barfield, charged with incest; Albert Dillon, charged with forgery; and Patricia Dykes, charged with resisting arrest with violence.

**DOWN IN THE DEEP**

J. B. CAIN'S 32-foot cruiser rests on the bottom, with the bow sticking up, at Monroe Harbour. Cause of the sinking is unknown.

### N. Orlando Votes On Tuesday

North Orlando's 140 registered voters will go to the polls tomorrow to elect a mayor and three councilmen.

In incumbent Mayor Clifford Jordan is opposed for the two-year term by Vice Mayor David Tilson.

Frasquito Del Villaggio is unopposed for the Group Two council seat, a two-year term and Wayne Miller is unopposed for the Group Four seat, also a two-year term.

The Group Five seat, a one-year term, is being sought by Richard Allen and Charles Kelley.

Polls open at 7 a.m. and close at 7 p.m.

### Burglars Steal TV Sets, Guns In Weekend Foray

Burglars during the weekend took several portable television sets from a Sanford furniture store and three guns from a parked car.

A brick tossed through the glass front door enabled burglars to enter Badcock Furniture Company on Magnolia Avenue yesterday and remove from six to eight TV sets.

Barney Beck, a Grapeville Avenue resident, reported to Sanford police the loss of a 22 Magnum pump rifle valued at \$65; a .32 automatic rifle valued at \$60 and a 12 gauge shotgun at \$100 cost.

Beck said he left his car parked on Commercial Street yesterday and returned this morning to find the guns missing from the vehicle.

## Prize Winners Will Be Displayed Audrey Temple Wins Contest

Winners in the Zoo Art Contest sponsored by SISTER for people in six Sanford Elementary Schools have been announced. The young artists were judged by the birds and animals which they had seen on visits to the zoo.

Great prize winner is Audrey Temple, a fourth grader at Pinecrest Elementary school.

Winners were chosen from the fourth, fifth, and sixth grades at each participating school. Goldshero School winners included Cynthia McQueen, fourth; Artie Mae Barber, fifth; and Jeannette L. Cashe, sixth. At Westside winners were Killian Clark, fourth; Kevin Verina, fifth; and Levi Burch, sixth.

Hopper - Bobbie Christian, fourth; Vincent Springer, fifth; and James Richardson, sixth. Southside, James Norris, fourth; Lori Gross, fifth; and Dennis Dube, sixth; Pinecrest - Audrey Temple, fourth; Dan McIntosh, fifth; and Theresa David Boles, fourth; Chris Olin, fifth.

Judges included Joe Mathieux, Jack Gardner, Gordon Meyer, Bill Wolke, Rosamund Chapman, Mildred Babcock, Bill Scott, E. L. Blackbeard, Beth Gregory, and Miriam Van Dyke.

The winning pictures will be on display at the Mutual Concert on March 20 at the Civic Center. They will then be displayed in the local banks for a short period of time. SISTER hopes that this contest will help in their continuing efforts to get a new zoo built in Sanford. Prizes of transistor pocket radios will be awarded to all winners and a battery operated phonograph will be awarded to the grand prize winner. Winners will receive their prizes Sunday, March 22, at 3 p.m. at the Sanford Zoo.

## C. Hunter Heads Group

By MARYANN MILES  
A new class of officers was elected at the March meeting of the Forest City Community Association. New officers include Charles Hunter, president; Robert Clark, first vice president; James Bilderbeck, second vice president; Mrs. Billie Dun can, secretary, and Mrs. Ernestine Forsythe, treasurer.

Trustees introduced were Lee Jacobs, Clarence Atchley, C. Ferguson and Donald Dengler. Lifetime memberships were given to Dengler, Robert Dun can and James Ellis for appreciation in their many hours of work given to the building of the clubhouse. Newly completed is the painting of the meeting room, a storage room and lighting fixtures.

A lot located to the south of the pump house in Lake Harriet Estates has been offered to the Forest City Community Association but a discussion of this item was shelved to a later day when members of the board have time to look this site over and decide whether this will be of benefit to the association.

It was also suggested that members of the Forest City Boy Scout Troop 37 be invited to the April meeting as it has been voiced the scouts are looking for a place near the area for their scouts. At present the newly formed troop meets at the fire station in Forest City. The volunteer fire department sponsors the group.

A bake sale, held in the post office building, profited \$32.10. A hot show is being planned for May. Any one interested may check with Harvey Coulter, or any member of the board.

## DeBary Unit Will Visit Veterans At Lake City

By MILDRED HANEY  
At a recent meeting of DeBary V.F.W. Auxiliary 883, held at the Fire Hall, Mrs. Stella Thompson, president, welcomed 24 members and two new members. Mrs. Anita D. Swors and Mrs. Marie Ebeloch. They received the obligation and a gold membership pin and by-laws.

Treasurer Alice Beinert reported on recent two-day rummage sale, and presented the Auxiliary's attention, which will be held in any way. The Auxiliary will have a marking day on Monday, March 23, to complete articles for the Post and Auxiliary visit to Lake City Veterans Hospital on Monday, March 30. They will leave DeBary at 7:30 a.m. Games will be played and refreshments and Easter gifts will be given, along with Canteen books. The Auxiliary received \$50 from the Post for this effort. Lap robes, ditty bags, good men's clothing of all kinds, from underwear to shoes and socks are needed. Anyone wishing to assist the V.F.W. with this program may contact 775-3312 or 688-3545 as soon as possible, so articles can be tabulated.

A sewing bee will be held at president's home in Orange City on Monday, March 23 at 10 a.m.

**Largest Truffle**  
LONDON (AP) — A white truffle, recently presented to the owners of the Cafe Royal here, is said to be the largest ever found.

The truffle, which weighs just over six ounces and is about the size of a large potato, came from Alba, in Piedmont, Italy. Truffles, classified by botanists as fungus plants, are a gourmet delicacy.

It was estimated that the truffle may be worth as much as \$100, said Norris McWhirter, compiler of The Guinness Book of Records, and Dr. Colin Booth, deputy director of the Commonwealth Mycological Institute, the world's leading authorities on fungi, confirmed that to their knowledge no larger truffle has ever been found.

# Other Side Of Coin On Curbing Births

## Editorial Comment

Dr. Roger O. Egeberg, the nation's "top doctor" as assistant secretary of Health, Education and Welfare, last week said he favors abortion on demand as one method of stabilizing America's population.

Sen. Robert W. Packwood, of Oregon, has introduced a bill limiting personal tax exemptions to three children in any family.

And HEW Secretary Robert H. Finch has said that limiting families to two children is one way Americans can improve their environment.

All in all, despite the recent birth of the quinquets in New York and the news about the British housewife who hopes to be the first in the world to have a test-tube baby, infants currently aren't considered "in" with those who worry about this old world becoming overpopulated.

They see seven billion people in the world in 30 years, twice as many as now. That would include 300 million in the United States, 650 million in Latin

America, 4.25 billion on the Asian continent.

And so you get suggestions like the above, and some more extreme — such as, for example, that there may have to be a law limiting families to two children, or whatever number would keep the world's population in balance.

There is a danger in all this. By concentrating too much on limiting births, we might be devoting less effort to improving our environment and adapting it to the number of people we have.

Although they are not perfect examples, consider how Belgium, the Netherlands and Japan have accommodated population densities far greater than America's.

Belgium has 11,781 square miles and 9.63 million people, or 817 per square mile. The Netherlands spans 810 persons per square mile between dikes and tulips. Japan, another nation which has made land

usage a fine art, supports 708 persons per square mile.

The United States, on the other hand, has only 56 people per square mile, hardly able to elbow.

Hunger is relatively unknown in Belgium, the Netherlands and Japan. In America, however, undernourished and hungry citizens can be found in numbers, despite the fact that in fiscal 1967-68, the U. S. Department of Agriculture paid \$4.5 billion to farmers (mostly large corporate farms) to help stabilize their incomes, mainly by cutting back on food and fibers. This amount was three times what it is estimated it would have cost the government to feed America's hungry that year.

Certainly, the overpopulation threat cannot be ignored. Man has no right to destroy his individuality and his environment by thoughtless propagation. But when population forecasters move toward putting arbitrary limits on the number of people a nation or a world can hold, or when laws are suggested to tell a husband and wife how many children they can have, we run the risk of tampering with a basic human right while neglecting social and economic means at our disposal.

One can also look at India to witness how predictions of mass starvation because of too many people have never quite turned out so gloomily. Although drought brought hunger to some areas in 1967, a large wheat crop was produced in 1968, and improved grains, fertilization and irrigation are steadily reducing India's previous food shortages. Voluntary sterilization by about 3.5 million persons has also helped ease fears.

Congress in that same year appropriated only about one-ninth of needed money for the federal food stamp program. The logic: huge subsidies not to grow food at the same time that people are starving escapes many observers.

### All-Purpose Cleanser

Detergents, which were once indicted for causing unsightly foaming in sewage plant discharges until manufacturers eliminated that problem, are now being blamed for another kind of pollution.

It is claimed that the phosphates in most detergents are responsible for a runaway growth of algae, thus contributing to the rapid aging of the nation's rivers and lakes.

There's good news. Researchers at Marquette University in Milwaukee may have come up with the "latest washday miracle cleaner" that has none of these undesirable side effects, reports the Health Bulletin.

In a series of tests, one batch of soiled diapers was washed in a well-known commercial detergent containing phosphates.

Another batch was washed in a detergent without phosphates.

Finally, a third load was washed in a special chemical formula which is neither a detergent nor does it contain phosphates.

The results were rated numerically, the lowest number being the highest score.

In whiteness, none matched never-used diapers, but the load washed with the well-known detergent got a "1." The special formula followed with a "2" and the phosphate-free detergent was given a "4."

In dirt removal, all three rated a "1." In stain removal, however, the special formula handily beat the others, wiping up with total points of "4" for the brand-name detergent and "6" for the phosphate-free detergent.

The special formula: H2O — plain water.

De MOLAY members are celebrating the 51st birthday of the Junior Masonic organization. David Pemick and Thomas Stapleton look on as Mayor Lee P. Moore signs a proclamation of "De Molay Week." (See accompanying editorial on this page.)

### DeMolay Moulds Character

Fifty-one years ago, on March 18, 1919, Frank S. Land, a Kansas City social worker, and 23 teenage boys met to formally organize a most notable boys' club. After thoughtful consideration, it was decided that the club be named for Jacques DeMolay, the last grand master of the medieval Order of the Knights Templar.

Driving a motto of loyalty and tolerance, DeMolay was burned at the stake by King Phillip of France on March 18, 1314.

By 1920, the Kansas City chapter had grown to 3,000 members, and chapters were soon instituted from coast to coast and in several foreign countries.

Today there are over 2,500 active chapters of the Order of DeMolay and nearly three million boys have taken their obligations at the DeMolay altar.

Chapters throughout the globe will be observing this week, March 18-21, DeMolay Week, marking 51 years of service to God, country, and home.

Sanford Mayor Lee P. Moore signed the proclamation officially recognizing the week as DeMolay Week in the city. Members of Seminole chapter inaugurated the week's activities on Sunday by attending services at the Good Shepherd Lutheran Church. Tonight's regular meeting will be highlighted by the presentation of the DeMolay degree, a play depicting the trial of Jacques DeMolay which took place over 650 years ago. Copies of the

signed the proclamation of DeMolay Week in the city. Members of Seminole chapter inaugurated the week's activities on Sunday by attending services at the Good Shepherd Lutheran Church. Tonight's regular meeting will be highlighted by the presentation of the DeMolay degree, a play depicting the trial of Jacques DeMolay which took place over 650 years ago. Copies of the

pledge of allegiance will be presented to area elementary schools on Tuesday, and a family dinner will take place at the Sanford Shrine Club Wednesday evening. Thursday's Masonic Temple cleanup will be followed by a pool party.

Subscriptions to the DeMolay magazine, the "International DeMolay Cordons," will be presented to the libraries of Seminole High School and Sanford Junior High School. A basketball game will be played on Saturday.

Closing the week's activities will be the membership attendance at the Episcopal Church of Sanford.

During the year, members are engaged in community service projects and worthwhile social functions.

The order's purpose is to offer young men of today: (1) A wholesome occupation for his spare time; (2) worthwhile associates; (3) the best of environment; and (4) an interesting and complete program of all-around youth development. Membership is open to any boy of good character who is between the ages of 14 and 21.

Additional information may be obtained by writing to the chapter in care of Post Office Box 93, Sanford.

### The Gloom Gap

The world's "golden age of optimism, confidence and security" has ended, says a scholar, 76. It proves that old folks, if they try hard enough, can be almost as gloomy as the under-30 crowd. — Knoxville (Tenn.) News-Sentinel

### Global Comment:

#### Shift May Help Paris Peace Talks

By PHIL NEWSOM  
UPI Foreign News Analyst

The sudden Communist peace move in Laos opens up interesting new lines of speculation, particularly as it may relate to a shifting pattern in Vietnam and to the stalled talks in Paris.

From the military standpoint a prevalent view is that the Communists, stalemated in South Vietnam, decided to strike at the weak side, namely Laos.

It is agreed the Communists could, if they wished, take all of Laos. But to do so would be to admit the presence of North Vietnamese forces in Laos and to dangerously extend their supply lines under constant U.S. bombing attack.

The peace talks proposed by Geneva talks, either over Laos or the division of Vietnam.

Instead, the North Vietnamese appear preparing for a long, low war and a return to the guerrilla tactics of the past. This would mean a reorganization which may be taking place now. They remain capable of heavy strikes and use in either in the Mekong Delta or in the Central Highlands.

It is not believed they wish to abandon the Paris peace talks entirely.

Instead, it is believed likely the Communists may be planning some dramatic move in Paris during the summer months in time to help influence the American election.

Such is the attraction of "martyrdom."

But behind that facade of propriety and notoriety, the activists are badly split.

Vietnam was a solid objective. Now splintered groups aim at pollution, women's rights, the draft, legalized abortion, free love and legalized drugs, as well as Vietnam and civil rights.

Violent groups are splitting from the less venturesome.

A good many of the "student" radicals are no longer college students. They're getting "old." There's already a "generation gap" between them and many of the younger college kids.

Blacks split away to form their own groups. Some time back, one major national association divided straight down the black-white line. The two parts agreed to go their separate ways. In some recent big-city demonstrations on the streets of the Chicago Seven, blacks were noticeably absent.

An activist sees it, something has got to be done to keep the anti-establishment movement alive.

There will, therefore, be more localized, systematic, dramatic acts of a type certain to bring heavy reaction from local police.

The burning of a Bank of America branch at Santa Barbara is one example.

Draft boards will be hit in

### Political Notebook:

#### New Lefts Seek New Martyrs

By RAY CROMLEY  
WASHINGTON (AP) — This reporter's contacts in the New Left's youth activist groups report they are looking for new and better martyrs.

The Chicago riots, the trial of the Chicago Seven and the well-publicized Black Panther Party have been bonuses.

Representatives of the Black Panthers draw large crowds. So does anyone connected with the trial of the Chicago Seven.

They're attracting audiences of 1,000, 2,000, 5,000. Fund-raising has become easier. Socialists, wives of prosperous professional men and heirs to fortunes are finding it fashionable to raise money.

Such is the attraction of "martyrdom."

But behind that facade of propriety and notoriety, the activists are badly split.

### Business Mirror

#### New Stock Market Index Is Proposed

AP Business Analyst  
NEW YORK (AP) — The New York Stock Exchange is considering a suggestion to establish a mutual fund that would be tied to the Big Board's daily stock index.

The fund would include shares in every stock on the exchange.

Such a fund would simply rise and fall with the market, doing no better nor worse than the widely followed index.

Unlike all other funds, which represent only a percentage of the market, it would be so broadly based as to represent, in effect, an investment in the economy itself.

How shares would be sold has not been determined, although presumably they would be distributed by member firms of the exchange.

Exchange sources say the idea was proposed from without as a vehicle for small investor participation in the market.

They said its staff is looking at it, but they declined to name the source of the suggestion.

Although a feasibility study would be needed before a firm decision could be made, industry sources say the suggestion isn't being treated lightly. It could be one means of encouraging the small investor to remain active.

In recent months pro-venture houses have discouraged trading in small accounts, convinced that they are too costly to handle.

Some houses, in fact, now penalize registered representatives for accepting small orders.

Some order floor brokers have quietly moved the benches and big boards customarily used by individual small investors.

Sympathetic to the cost problems of its members, the NYSE already has proposed that small investor rates be raised, and the matter is now being worked out with the Securities and Exchange Commission.

Despite this, the industry seemingly needs the small investor badly in order to maintain fluidity. Buy and sell orders for large blocks of stock, such as traded by institutions, often are difficult to match and tend to force sharp price changes.

### BERRY'S WORLD

"Pure coincidence. I didn't know how to find the White House and the committee just happened to be the place where I stopped to ask directions."

"Well, you have ordered \$6000 'Palmer for Senator' posters. What is the significance of that?"

"I ran across a highly persuasive poster salesman."

"Never mind. I stand on my original statement."

"If you are only interested in cherry trees, why did you go to the White House and have yourself photographed shaking hands with the President? Isn't that a sign that you plan to run for the Senate?"

"Maybe it's a sign that the President plans to run for the Senate."

"Then why are you spending so much time conferring with your party's senatorial campaign committee?"

"I don't say I was here to see the cherry blossoms. I said I was here to see the trees."

"You plan to run for the U.S. Senate this year. Would you comment on that?"

"When the people of my great state elected me as their governor, I promised I would serve out my full term. I intend to keep that promise."

"But, governor, your term expires in two weeks."

"Never mind. I stand on my original statement."

"If you are only interested in cherry trees, why did you go to the White House and have yourself photographed shaking hands with the President? Isn't that a sign that you plan to run for the Senate?"

### No Negroes On Membership Rolls

## Tallahassee Clubs Are 'Exclusive'

TALLAHASSEE, (AP) — There are no Negro members in two private clubs in Tallahassee, but the membership rolls are jammed with names of men who occupy the seats of the Florida government.

Between them, Capital City Country Club (CCC) and Killearn Golf and Country Club (KGC) have some 1,500 members. The only black faces in their midst are the waiters or locker room attendants.

"I think we're probably as mixed here as you would find in any community in Florida," said John Madigan, a lawyer, lobbyist and president of the CCC.

"When people form a country club they recognize that people are in various ranges of social status. Then tend to invite their friends," explained State Sen. Mallory Horse, D-Tallahassee, board chairman of Killearn.

The clubs' members include Cabinet officials, State Supreme Court justices, legislators, state agency heads, an assistant U.S. attorney and a former mayor.

"I think it's really a shame that people in high public positions can afford to give their names or influence to any endeavor that is as regnant and sinful as the way these clubs are organized," said the Rev. C. E. Steele, a Tallahassee-based official of the Southern Christian Leadership Conference.

A continuing probe by the House Elections Committee into Gov. Claude Kirk's financial support turned today to a fund-raising dinner last year in Miami.

Rep. William Andrews, D-Gainesville, chairman of the committee, subpoenaed Kirk's aides and records for the meeting, but the governor said Saturday the formal documents weren't necessary.

Kirk, however, said similar studies should be made of financial support given to other candidates for major jobs.

"I feel your political circus has gone on long enough," Kirk wrote Andrews in a letter dated from his hospital room in Lakeland.

The governor, who underwent surgery last week for a kidney cyst, told Andrews that he "would like to suggest that you either discontinue your one-sided political vendetta or disband the committee."

The vigor with which he has pursued the first Republic campaign in 94 years, and the contrasting to him attitude he display toward others raises serious questions about your motives," Kirk said.

Kirk repeated his suggestion that the committee also question Jacksonville financier Louis G. Wolfson.

"He has said he has given away more than a million to various public officials over the years," Kirk said.

Kirk said he has "always believed in full disclosure."

Sen. Askew told the Times-Union he believed "disclosure of personal finances was in order for all candidates, and it should start with the governor. If the governor will remove this cloud of suspicion from his financial manipulations, it would set a wonderful example for all candidates."

### Kirk Hits 'Political Circus'

### State News

JACKSONVILLE, Fla. (AP) — A special police patrol was ordered to stand watch today at Highlands Junior High School where racial animosity exploded into street fights involving both students and parents Friday.

The Duval County school superintendent asked for extra police to be stationed in the area and said student "peace keepers" would patrol the hallways of the school, which has 1,659 students, 140 of them black.

Parents were ordered to stay off the school grounds.

It took a force of 100 police and highway patrolmen to restore order at the school Friday when hundreds of white and black students and parents battled with lead pipes, rocks, belts and shoes.

But following a weekend meeting of about 50 parents, both black and white, Jerome Myron of the community relations committee, expressed optimism.

"It was the feeling of parents here that a corner has been turned," Myron said. "We need a meeting of about 50 parents to exercise positive restraint to restore calm."

The trouble at Highlands apparently stemmed from racial tensions which have been building up in the recently integrated Sherwood Forest subdivision.

"It was like touching a match to a powder keg," said principal Sam Hardwick.

Sen. Myron's melee began with a name-calling confrontation in the school yard which escalated into a rock battle. Then some parents joined in, whipped off their belts and began swinging. Fist fights broke out. Some used their shoes for weapons.

Hardwick immediately ordered the school shut down.

The community relations commission called the meeting of parents over the weekend to try to work out their differences.

"I talked with some parents and some ministers and asked them to bring their lily, black and white, to the meeting Saturday," Myron said. "The meeting was extremely positive. There was no shouting, no swearing."

### Sales, Use Taxes Up 13.8% To \$68 Million

Collections from Florida's sales and use tax during January added 68.9 million dollars to the state's general revenue fund, Comptroller Fred O. Dickinson, Jr. reported today.

The amount, representing a 13.8 per cent increase over funds collected from the sales and use tax during the same month last year, brought fiscal year collection to \$773 million.

"The fiscal year increase" per cent more than the period reported for the 1968-69 fiscal year." He added that the increased tax collection is a "definite indicator of the continuing prosperity of Florida's economy," but that the percentage of increase may level off later this year.

### Police Eye Jax School For Additional Violence

JACKSONVILLE, Fla. (AP) — A special police patrol was ordered to stand watch today at Highlands Junior High School where racial animosity exploded into street fights involving both students and parents Friday.

The Duval County school superintendent asked for extra police to be stationed in the area and said student "peace keepers" would patrol the hallways of the school, which has 1,659 students, 140 of them black.

Parents were ordered to stay off the school grounds.

### 21 Die In Weekend Traffic

By THE ASSOCIATED PRESS  
Two wrecks that claimed 21 lives, including that of a 6-month-old baby, pushed Florida's weekend traffic deaths to 21.

Four persons perished in a two-car collision on State Road 25, a mile and a half south of Jacksonville, on Wednesday.

The Florida Highway Patrol reported that the car "traveled 132 feet after leaving the roadway, struck a tree, went 93 feet more and struck a second tree front to back."

Another early Sunday accident was fatal to Paul Daniel Redfish, 32, of Jacksonville.

Highway Patrol reported that the car in which he was a passenger "was going west on an eastbound lane in Palatka and struck another vehicle."

An 11-year-old pedestrian, Robin Pesgram of Leesburg, was struck and killed on State Road 25 in Leesburg at 3:15 a.m. Saturday. The Highway Patrol reported: "She was crossing the road in front of a vehicle."

Barriers Built  
FRANKFORT, Ky. (AP) — Continuous concrete barriers are being installed on medians of certain expressways around Kentucky. The sloping lower face of the barrier is supposed to overcome the rolling tendency of an errant vehicle and absorb energy.

In recent months pro-venture houses have discouraged trading in small accounts, convinced that they are too costly to handle.

Some houses, in fact, now penalize registered representatives for accepting small orders.

Some order floor brokers have quietly moved the benches and big boards customarily used by individual small investors.

Sympathetic to the cost problems of its members, the NYSE already has proposed that small investor rates be raised, and the matter is now being worked out with the Securities and Exchange Commission.

Despite this, the industry seemingly needs the small investor badly in order to maintain fluidity. Buy and sell orders for large blocks of stock, such as traded by institutions, often are difficult to match and tend to force sharp price changes.

# "Candid Chatter"

Hey, speaking of St. Patrick's Day - big things are going on at CLUB LUI including a real old fashioned Irish shindig with Irish show and Irish boogie.

MARY HAY, a pretty local gal straight from Ireland, via Paris, New York, Washington, etc. will serve as mistress of ceremonies.

To BOO and FRED GANAS. Related congratulations on your recent wedding anniversary.

By DORIS WILLIAMS. Society Editor. It's just wonderful - Spring bustin' out all over with a few months, anyhow.

According to an old cliché, in the Spring a young man's thoughts turn towards love and all that goes with it. It appears that that is the order of the day with so many fun-fund raising parties coming up.

So here's to a friendly season of eating, drinking and being merry. Read on!

Now everybody's just gotta get to the International Smorgasbord Saturday night at Jai Alai fronton... being executed to aid Mental Health.

It's obvious that many will come up with some antiquated and dumbed all but everybody's gotta be fed and you can't afford to dine at home with such a sumptuous array of exotic fare being practically given to you.

Oh, yes, serving hours are between 6-8 p.m. and the small fry are welcome. Read on!

So you want to be with your own crowd on Saturday night and do your thing? EAT first and then party, party after dinner festivity at International Smorgasbord. Looking for exciting entertainment? Read on!

A pot pourri of professional entertainment will be presented at the Smorgasbord including an International Fashion Show under the direction of PAT FLEESHER.

Local models and students of PAT BARBARA TIFFANY and MELBODY SIZEMORE will join the ranks with the professional models to participate in the exciting fashion show.

Not enough excitement in a Fashion Show? Okay read on!

Speaking of talent at the Smorgasbord patrons will have the pleasure of enjoying Betty JAN CARA doing her thing in a Hawaiian style.

Talented Jan will interpret songs and dances of Hawaii with complete authenticity. The Cara family lived in Hawaii for years where they became acquainted in the native music and dance. The show they present is really out of this world. Read on!

Clean-up day days at the Baptist Church was a success and I am sorry to report that we nor I made it to help, but we had the best excuse in the world - Todd and Dan came down from Atlanta for the weekend accompanied by daughter, Jeannene and Elliott. Also visiting with us over the weekend were my Mom, Mrs. W. H. Weatherstone and sister-in-law, Mrs. Thelma Weatherstone, niece, Michele and nephew, William Howard Weatherstone II, all of Jacksonville Beach, Florida.

It is nice to be able to tell you that Mrs. Edward Guyette are still improving from a recent bout with bad health. The Guyettes are in their 80s and 90s so you can understand our concern for them - they are the parents of Lucille Norton, and visit with daughter, Lucille all winter.

In addition to exciting fashions on parade, refreshments will be served and door prizes will be awarded. Everybody's invited.

the theme for Sanford Garden Club annual Flower Show, set for April 24, 25 and 26.

ABBY OWEN is general chairman assisted by BETTY GRAMKOW, co-chairman, AURELY SPEER, schools, and LOU WOODRUFF, judging.

If you haven't stopped by First Federal to purchase some of the clever Easter eggs on display, then do so today.

Members of Sanford Plant Club are decorating the eggs and selling them with proceeds going to the club's scholarship fund.

"The decorative eggs are just a delectable - ROSAMOND CHAPMAN brought one around to me to grace my desk. Perched on a box filled with confetti, the blonde egg wears a wide, black lace chapel, embellished with brilliant... would love to have a homelike like this for Easter."

Endless hours have been spent decorating the eggs and that's no "yolk" - purchase several dozen - they're beautiful!

A recent personal, hand-written letter from that avigating attractive distaff senator, BETTY JOHNSON, was filled with praise for endevours... now I'm flattered so will have to reciprocate... now, that's what I call politicking.

Anyhow Betty invited me to the next legislative session in Tallahassee and informed me she had her own coffee pot. Seems I read reading where the pretty female senator crumped the older legislators' style and infringed on "men's benefits" during "breaks."

Guess Betty took the hint and set up her own private retreat... at least she has a pot... I'm still on instant.

The past present and future history of Sanford will be presented in "Growing Pains,"... at least she has a pot... I'm still on instant.

JEAN SILER reports that SUE CEYNOWA and CLAUDIA JASA have been given pledge rituals into Zeta Xi Chapter of Beta Sigma Phi.

JEANEVA. By LIZ MATEHEUX. Prof. David Pfeiffer and his charming wife have been here "nursing" our good friend and neighbor, Mrs. Katherine Ladd, who is recuperating nicely after recent surgery. David is Katherine's brother who was on the staff of Southern Methodist where he taught Engineering.

While we are giving hospital reports, I should like to tell you that Mrs. Donald (Margaret) Dunn Sr. is on her way home from Atlanta where she went for a visit with some of her children. It seems that Mrs. Margaret was visiting, she was a victim of pneumonia accompanied by a severe attack of asthma. She is on her way to recovery and we hope that she will remain recovered from all ills for a long time to come.

Brother - in - law Oris Mathews took our nephew and niece, Betty Jo and George Forward, Oliver and wife, "Little Lie," daughter, Mildred and husband, Robert Geiger and good friend, Meade Baker, Joe and yours truly and we all ventured over to the Holiday House to celebrate George Stewart's and Mildred's birthday. What a grand treat - the food was quite tasty and the company was more than exceptionally good. Thanks, brother, dear!

It has been brought to my attention that the Geneva Volunteer Fire Department has a new captain, Evans Bacon and now other than Bob Phillips - our first lieutenant. The

# Dear Abby: By Abigail Van Buren

DEAR ABBY: I am 78, and my wife is 73. We've been married 25 years. I am now retired. My problem is widows who live on both sides of my street. On my way to the store I have to pass by the house of one widow who is 75 years old. She has tried to get me into her house by asking me to come in and fix her leaking radiator.

I was able to forestall her plans by walking around the block to get to the store. But recently the widow at the other end of the block (she is 80 years old) asked me to come in and have coffee and freshly baked coffee cake, but I am wise to such tactics, so I always make up some excuse like I am in a hurry.

To avoid such situations I now climb the back fence and take a short cut to the neighbor's dog house. The neighbor's dog tore the seat out of my pants for trespassing onto his yard.

My wife accuses me of getting sent for climbing the back fence and I can't tell her why I do it because she is a very jealous woman. So what do I do?

TRAPPED IN BRIDGEPORT. DEAR TRAPPED: Keep climbing that fence. It's the lesser of the evils. Better to be accused of "sentility" than infidelity.

DEAR ABBY: I have written a lot of songs which my friends tell me are better than some of the big hits we have today. Mine aren't of the new far out variety the kids go for. I write the old fashioned love songs with words that rhyme and everybody can understand. And my tunes are easy to sing and easy to remember. Anyway, I must have about 300 songs in all.

I have never tried to get any of my songs published, and that's why I am writing to you, Abby. Could you please send me the names and addresses of some famous song writers? I would like to send them my songs and possibly they could help me get them published. Of course I would be willing to share the profits with whoever they could help me. My wife accuses me of getting sent for climbing the back fence and I can't tell her why I do it because she is a very jealous woman. So what do I do?

# Horoscope Forecast

TUESDAY, MARCH 17, 1970. GENERAL TENDENCIES: Until evening, you can get the right answers to whatever may be troubling you. Later you may find you can't seem to put into effect an important plan, but control yourself and follow conservative and accepted ways of doing things. Then you can skim through without such annoyances.

TAURUS (Apr. 20 to May 20): Try not to add further worry to what family already has on this rather peculiar day. Try to help them instead. You may get some fine idea that is best forgotten for the good of all.

LEARNERS SLOWLY CONSIDER TALK TO "LOVELY" IN PHOENIX: You take the initiative. Eleven months is a long, long time.

LEO (July 22 to Aug. 21): You can prepare for the future very nicely in the morning. But this may be a little rough later in the day, so take it in your stride. There is some work you'll have to do, but it requires more effort in order for it to be successful. Be thorough.

LIBRA (Sept. 23 to Oct. 22): Early communications with pals bring the right answers to problems, but later avoid the social problems of important persons in the morning, but take care you guard your reputation later in the day. Do your work more carefully and conscientiously so your efforts are pleased.

SCORPIO (Oct. 23 to Nov. 21): You can gain the good will of important persons in the morning, but take care you guard your reputation later in the day. Do your work more carefully and conscientiously so your efforts are pleased.

SAGITTARIUS (Nov. 22 to Dec. 21): A new acquaintance can give right suggestions to problems you are facing. Don't permit others to busy with work at hand. Write to one who can do you some special favor.

CAPRICORN (Dec. 22 to Jan. 19): Don't allow yourself to be pushed around by a demanding person. Show that you are not intimidated. A good friend can give excellent advice. Go after it. Stop being a martyr; there is no reason for it.

PISCES (Feb. 20 to Mar. 20): Use your finest efforts to make surroundings very charming, and don't argue with those around you and get into unnecessary trouble. Plan your leisure well, too. Improve health, too.

AQUARIUS (Jan. 21 to Feb. 19): Don't allow yourself to be pushed around by a demanding person. Show that you are not intimidated. A good friend can give excellent advice. Go after it. Stop being a martyr; there is no reason for it.

# We The Women: By Betty Canary

We all have our personal aspirations in life. After my family's latest bout with the flu I would rightly forgo any goals I've had. Right now I'm settling for having all the good things in each other and dropping one at a time like beads from a string.

My eldest is a thrasher and threaten. Every five minutes he calls, "This is ridiculous! I'm getting out of this bed. I SAID, 'I'm getting out of this bed!'"

My second son is plainly unco-operative. He stares steadily out the window when I approach his bed with cracked ice and gentle words. Only when I am close enough to catch everything does he quickly turn and vomit on the floor.

My eldest daughter is an accuser. "Why did I get sick today?" she bursts at me, "when you know I was supposed to go to Mary's birthday party?"

Then there's my youngest son, the hypochondriac. "Feel my forehead - it's hotter, it's hotter!" The reason I called you THIS time is, I have this little red spot on the back of my knee!

My youngest daughter is not only because of the behavior of the bride and groom, but because newlywed Tiny Tim and ditty Carol Channing are participants. They and Carol provide the music at the ceremony, and the blend of her baritone and his soprano in "Wanting You" constitutes a vocalist first. Apart from the wedding festivities, Carol visits the Parker family, playing their housekeeper, Helga, and joins Teresa in a song and dance number, "Soul Sisters."

8:30-9 p.m. CBS. Here's Lucy. (Color) (rerun) One of last fall's funnier episodes. NOT ONLY BECAUSE OF THE BEHAVIOR OF THE BRIDE AND GROOM, BUT BECAUSE NEWLYWED TINY TIM AND DITTY CAROL CHANNING ARE PARTICIPANTS.

A NEW SHADE LUI GREEN. Entertainment activities in the Seminole County area will be a part of Patrick's day party that will take place at Sanford Community Center, 2100 N. Seminole Ave., at 7:30 p.m. Tuesday, March 17, and will last until 11 p.m.

# S. F. Employes Threaten Strike Extension

By STEVEN CARTER  
SAN FRANCISCO (UPI)—Striking city employes threatened to extend picketing to the waterfront and San Francisco International Airport today, Mayor Joseph L. Alioto refused to seek an injunction against the sprawling four-day walkout.

TEENAGERS ARE REALLY GREAT in their support of the Block Sale for the Good Samaritan Home, said Martin Neumann, (from left) chairman of the drive. Here Seminoe High Key Club members, from left, Randy Brown, Thomas Wade, and Dan Hill help unload the blocks that are being sold for 50 cents each. That is the price of each block since it is installed in the new home. Interact Club members are also helping in the effort. (Charner Leone Photo)

Sanford Plaza Is The Place To Shop. Now They're OPEN TIL 9 At Night!

### From The Bench

By: Tom Alexander

Here's a question that every angler is going to have to ask himself: The new G.G. Productions' full length motion picture FISHING U.S.A. opens at Sanford Plaza Theatre on March 20.

FISHING U.S.A. shows you where and how to land the big one—from Down Main to out California. "Gadabout" Gaddis of the highly successful television series, "The Flying Fisherman" comes to the screen for the first time to show fishermen everything about the sport from the rudiments of baiting a hook to the fine art of casting.

In short, a wife will come out of FISHING U.S.A. with a new enthusiasm for your favorite sport. You may discover her looking up new recipes for your day's haul. Or, you may find her eyeing some fishing gear for herself. It's a risk—but worth talking to see FISHING U.S.A.

Florida State's basketball team enjoyed its most successful basketball season in history during the recent campaign and in the process set 13 school records and tied another.

The Seminoles, who wound up in various polls ranked anywhere from fourth to sixth, ended their season with a single game record, bettered three single season individual marks and two career records were erased.

The most satisfying records which went down the drain were the most victories (23) and the fewest losses (3). That added up to a winning percentage of .865 which eliminated the old record of .744, set by the 1954-55 club.

A 21-game winning streak broke the old mark of seven set by the 1961-62 and the 1967-68 teams.

Coach Hugh Durham's high-breaking Seminoles averaged 61.7 points and that erased the old record of 60.3 hung up by the '67-68 outfit.

This year's Seminoles were the most successful rebounders in Florida State history. They hauled down 1,431 missed shots for a 55.8 average—both new records.

Florida State's 36.5-point margin of victory was always managed to give the Greyhounds a rough time.

SEMINOLE STREAKS  
New convincing wins over the weekend by the Seminoles High baseball squad resulted in a 4-5 record for the Fighting Greyhounds.

On Friday the Seminoles annihilated Ocoee Tech by a 10-1 score. Coach's only run came in the first inning and the game was sewed up with a six hit final inning, sparked by Bill Kirkpatrick's three run triple.

# Local Diamond Combos Victorious

## Lyman Upsets 'Canes

By CHUCK GRILE

Last Saturday afternoon, in Gainesville, the Lyman diamond nine proved their worth as they defeated a strong Gainesville squad by a score of 8-5, coming up with four big runs in a six inning walk-off.

On the defense, Terry Baker pitched a one hitter for the visiting Lyman crew, had two walks, and struck out four Gainesville batters, while also picking up one hit himself to aid the Greyhound cause.

Although the Florida out-scored Gainesville, they committed five costly errors while the Hurricanes made one.

On the hitting side of the Lyman attack was Richard Smith, who went two for four at the plate and keyed Lyman's six inning rally.

The Greyhounds were never behind in the contest as they got one run in the fourth and then came back to tie the sixth and one in the seventh in an attempt to offset the Lyman leads.

The Greyhounds have now fought back from a dismal 0-4 record to produce a four win-loss mark, that could be reversed up this Tuesday at the new Lyman diamond, when the Greyhounds host top Sanford Seminoles.

Coach Hugh Durham's high-breaking Seminoles averaged 61.7 points and that erased the old record of 60.3 hung up by the '67-68 outfit.

This year's Seminoles were the most successful rebounders in Florida State history. They hauled down 1,431 missed shots for a 55.8 average—both new records.

SJC PITCHING ACES  
SEMINOLE JUNIOR COLLEGE tutor and head coach Jay Bergman (center) shows how to pitch to Tom Austin (left) and Dennis Pitts (right). Another Raider hurler how he would throw a curve.

The Raiders scored six runs in the third inning. Tom Austin led off with a walk, and Steve White followed with another base-on-balls. Ferrell then slammed the ball well over the right field fence, at the 375-foot marker. The Raiders also scored three more runs before the inning was over to assure them the win.

The Raiders went to work from the start in the second game. Leadoff batter Austin singled and then scored on a double by White. Ferrell struck out for the first out and Turnbull reached on an error. Skipper Senkari slammed a two-run double as White and Turnbull raced home. Tony Foster walked, and Bill Dancy slammed a single that sent Foster and Senkari across the yard station. Austin came in to pitch for the second time in the first frame and Dancy scored as Austin reached on an error.

Leading 10-6, the Raiders put the frosting on the cake with a four-run seventh.

Ferrell, though his average dropped 14 points as he went 1 for 5, still leads the team with his .510 average. He had three RBIs Saturday. Turnbull pumped his average by 71 points to a cool .290. Senkari, who had four RBIs for the day, upped his average to .267. Bill Dancy collected three RBIs and pumped his average by 31 points as he is now hitting .268.

The Raiders will travel to Gainesville tomorrow for a 5 p.m. game with Santa Fe. Thursday they will travel to Palatka for an important twin-bill with St. Johns Junior College. St. Johns and Seminoles are the leading contenders in Division II.

The Ocoee Lions played two games this weekend and came out with a win and a loss. The Lions defeated the Ocoee Cardinals Friday afternoon with the final score reading 7-5.

Saturday, in the Lions' first home match, the Sanford Seminoles dropped the Ocoee team 15-3. This led the Lions holding a season 2-0 mark.

## Raiders Roll

By GARY TAYLOR  
Herald Sports Writer

The hog hat of Joe Turnbull, a three-run homer by Mike Ferrell and two fine pitching performances, including a one-hitter by Steve Shumaker, paced the Seminoles Junior College Raiders to a clean-sweep this weekend as they upped their record to 10-2 and expanded their winning streak to nine. Their divisional record now stands at an unblemished 4-0. The wins came 6-1 and 14-6 over Central Florida Junior College.

Only a little blooper, which narrowly cleared the head of short stop Bill Dancy, cost Shumaker an early nitter in the opener. Shumaker lost his shut-out early as he issued four base-on-balls in the opening frame.

But coach Jay Bergman felt he just needed a little time to warm up and left him in; a decision he didn't regret.

## Oviedo Splits Pair

By DOUG ARIE  
Herald Sports Staff

The Oviedo Lions played two games this weekend and came out with a win and a loss. The Lions defeated the Ocoee Cardinals Friday afternoon with the final score reading 7-5.

Saturday, in the Lions' first home match, the Sanford Seminoles dropped the Ocoee team 15-3. This led the Lions holding a season 2-0 mark.

In the Ocoee contest all the Lions were hitting fine, but David Austin and Joe Miller managed to carry the batting average by four hits, scored three runs, and drove in two with a single.

All seven innings were composed of fine ball playing by the Oviedo combination, but the sixth inning was the high point in the Oviedo surge. Mike Hobbs of Oviedo was at the plate during the inning with two strikes on him and a man on.

On the third pitch by Cardinal hurler David Turner, Hobbs pounded a line drive to the pitcher which knocked Turner out. The ball was hit so hard that it bounced from the pitcher to the third baseman which in turn took Hobbs to first base.

In the Seminoles contest, the Sanford team got off to a good start, as in the first three innings they scored eight of their total of 12. The Lions had trouble in the hitting department and picked up only three runs in the initial three frames.

The Seminoles scored the rest of their runs in the sixth and seventh, picking up two in each frame.

The Lions picked up the remainder of their runs in the sixth.

In the SIS-Oviedo contest, the winning hurler was Paul Borden, while Duane Boston suffered the loss for Oviedo.

## A Real "Overnight Dream" JU Dolphins Are Seven Feet Tall

By HUBERT MIZELL  
JACKSONVILLE, Fla. (AP)—People are hailing Jacksonville's basketball rise as an "overnight success" but Coach Joe Williams has been lining his stomach with milk medicine a half dozen years while assembling this powerhouse.

"Sometimes it is like trying to climb a greased wall," said the Dolphin team manager. "I had all the obstacles, I'd make some folks mad who've now hopped on the bandwagon."

Jacksonville University, situated on a sleepy turn in the St. Johns River across from a cigar factory and a smelly paper mill, has reached new basketball highs with each side of a 29-3 season.

The latest fallen enemy was Kentucky in a 106-100 Saturday thriller at the NCAA Midwest finals in Columbus, Ohio. It was

the 4th experience for an 18 days earlier by beating Western Kentucky. Rupp-bossed team in an NCAA playoff game while the With Southeastern Conference upstart Dolphins center the king Kentucky and Big Ten post-season business only seven (champ Iowa) should admit, Jacksonville, Fla.

"Two years ago, we lost a game to Wilmington College," Williams said, "and now we're beating people like Iowa and Kentucky. This is the greatest bunch of kids ever assembled to play basketball."

And, assembling them was the key to all this "overnight" glory. "I can't say it enough. My assistant, Tom Wasdin, brought such talent home from recruiting trips that we had to have a good team," Williams said.

Thirteen years ago the biggest thing the little independent could boast for was the National Junior and College Athletic Association. They had heroes such as Chuck Brendler and Nellie Vinal, not exactly household names at the keener of basketball mind.

A silver-haired Oregonian named Hollie Monroe was the coach when the school changed from Jacksonville to Jacksonville Junior College.

## Hounds Place Eighth

Last Saturday night in Winter Park, in a meet hosted by Winter Park High School, the Lyman Greyhounds picked up 23 points to come in eighth out of 18 schools in the Winter Park Relay.

The host school won the meet with 85 1/2 points. The Greyhounds had one double winner in the person of all-around performer Rick Browne, who came in third in the discus throw, and later fourth in the shotput. Along with Browne in the scoring column was Paul Cross, who jumping in his first meet came in fourth in the high jump.

The Greyhounds also scored in the distance medley relay coming in a fine third and the mile medley relay where the Hounds also took a third place.

The Longwood based team has been doing a fine job thus far during the season on the track and coach Ronnie White is optimistic for a good season ahead.

Giving emphasis to White's statement was Browne's performance last week which he received a shotput 50.2 feet to break his school record in a meet with Sanford.

The New York Mets will get a break this season. Their first visit of the year to the Houston Astros will be on June 6. Last year the Astros won the season series from the Mets.

## DOG RACING

Crystal C., winner of the Racing Queen Title earlier this year, is the early favorite to win tonight's featured 11th race.

SELECTIONS  
1. Rudy's Speller, T.R.'s Casper, H. H.'s Penny  
2. Kaseas Kata, Bvornah, P.J.'s Hot Dawg  
3. Robin's Red Streak, Sandy Jane, Rusty's Eagle  
4. Chess Call, Foggy Tread, Bet Poole  
5. Taaty Green, Miss Leonard, Sunny Bloom  
6. Fonda Candy, Kame Drake, Jay's Saw A Bird  
7. My Velvet Sue, Satin Luster, Del Delight  
8. Powder Charge, Terry King, L.E.'s Striker  
9. L.E.'s Outcast, R.L.'s Hinzmore, Clifford Sallie  
10. Jim MacDonald, Curtis Dixie, Clara Bob  
11. Crystal C., Ken Troubles, Keep Track  
12. T.K. Kay, Komey's Lou, Handy Hammer

Best Bet: 5th race, Taaty Green  
Best Quinella: 8th race, 2-4-7

Tribe Link Win  
Scouting to their eighth win of the season, the Seminoles High link stars bombed Trinity Friday afternoon 189 to 206. The match was held at the Mayfair Golf Course.

Low man for the second straight time for the SIS linksters was Bubba Park with a one over par 37, followed by Mike Leary with a 36. Sophomore Al Green, shot 40, and Ricky Smith, who joined the team only recently, led the team with a 34.

**STEEL GOING UP** — The \$15 million clubhouse under construction at the Seminole Turf Club in nearby Casselberry forms a backbone for a thoroughbred working over the racing strip. Seminole will reopen April 20 for a 90-night thoroughbred meeting. New operators who acquired the plant last year are completely modernizing it at a cost of \$2.5 million. The air-conditioned clubhouse will seat 800 diners at tables overlooking the stretch.

### TO BE COMPLETED BY APRIL 20.

**Hemphill Keg Sweep By Bonny's**  
Connie Moore's 190-46 led the Homebodies to a clean sweep over the Wildcats to strengthen their lead in the Hemphill Pontiac-Buick bowling league.  
Shirley Sims' 176-433 geared the G.H.O.'s to three wins in their match with the second place Skybirds.  
Emily Griffith's 187-477 was high for the Electras and Ann Barnhart's 167-476 led the Opel Kadelites as she split the points 2-2.

**NATIONAL LINK TITLE SETTING**  
A 26-YOUG BIRDIE putt on the final hole and a course record 64 brought this big girl to University of Florida's Steve Melnyk during Cape Coral Intercollegiate Golf Classic at Cape Coral Country Club last year. Melnyk, who won the U.S. Amateur championship several months later, came from 10 strokes behind on the final day to win tournament's individual title. Forty teams and 240 players will compete in seventh annual Cape Coral Classic over two southwest Florida courses April 1-4.

## Third Straight Loss Parkers Best SIS Tankers

The Seminole High Swimmers went down to a third straight loss to a powerful undefeated Wistar Park High Saturday. Both Seminole boys and girls tried hard but they were simply out-classed by the powerful Parkers of Wistar land.  
Seminole won the boys 400 free relay and Fran Smith won the 100 free.  
These were all the first places that Seminole gathered. The girls won only the 400 free relay.  
Four years ago the Seminole boys lost their first four meets and came on to win their last ten of eleven games remaining and it is felt that this year's team will also come back. The Seminole girls are off to their best start in five years but they should really come on strong.  
The Seminoles have great pride and high spirits and they plan to make some changes this Tuesday when Ocala will visit the Seminoles for a 3:30 P.M. meet.  
It takes a lot of hard work and self-sacrifice to become a good swimmer and most of the Seminoles are paying this price.

Lost Fisherman Safe; Missing Day, 2 Nights

By BILL SCOTT

A Seminole County man reported missing when his empty boat was found Monday on Lake Harney in Volusia County turned up this morning after spending a day and two nights in the woods.

Chief Deputy Duane Harrell said Jack Sullivan, in his 70s, walked into Lindsey's Fish Camp on SR 46 near Geneva, this morning after being missing since Sunday.

Harrell said the man apparently ditched his boat in rough water and tried to find his way through swamps and thickets but seemed to get further away from civilization.

He spent Sunday and Monday nights in the woods and, according to Harrell, must have walked almost to New Smyrna Beach before becoming more confused and walking back.

Except for exhaustion, Sullivan appeared to be in fair condition.

In another county report, a mother has reported her daughter was abducted Monday by a man near the Orange County line.

The woman, who lives on Mobaw Trail, said her 15-year-old daughter was invited to get in the car by a middle-aged male driver as the girl walked to school.

Man Dies In Bar Explosion

COCKTAIL LOUNGE DEMOLISHED BY EXPLOSION; ONE MAN DEAD

1 Dead, Bar Razed In Blast

By TOM ALEXANDER

An explosion, believed to have been caused by a homemade bomb, cost the life of at least one man, and destroyed a South Seminole nightclub at approximately 3:30 o'clock this morning.

A shock wave shook the entire South Seminole County region during the blast, according to residents in the area. Flaming fragments from the building were blown across 17.92, some up to 300 feet. The front door of the blasted building was found across the four-lane thoroughfare.

Killed in the blast was Jack R. Berryhill, 38, of 7810 Sunvista Way, Orlando, according to Sheriff John Polk. The burned body was found near a service entrance to the bar.

Police and fire units from Casselberry, Longwood and the Seminole County sheriff's department were on the scene moments after the explosion, according to Sheriff Duane Harrell, the department

has received information that Berryhill was dropped off at the night club 15 minutes prior to the blast, but, according to Harrell, "it's still a puzzle."

Rustan told The Herald that two of his employees along with a friend secured the club at 2:30 a.m. this morning and went to breakfast at a Winter Park restaurant. On returning they found the gutted structure. Rustan said that he had come back to pick up some \$2,000 in cash receipts from Monday's business that he had left in the establishment.

A state fire deputy fire marshal from Winter Park and sheriff's deputies along with other investigators were still waiting at press time to sift through the smoldering club for evidence and the possibility that someone else was inside the building at the time of the explosion.

The body was removed to the Seminole Memorial Hospital, where Justice of the Peace Thomas Lovett ordered an autopsy on the badly seared body.

St. Patrick's Day

NEW YORK (AP) — The first St. Patrick's Day parade ever held in the United States took place here on March 17, 1776 — a few weeks before the Declaration of Independence was signed.

Doctor Testifies At Murder Trial

By CHARNER LEONE

A 12-man jury heard testimony today in the first degree murder trial of Carl Lee Bowers, accused in the 1969 Halloween Night slaying of his wife, Beryllien Bess Bowers.

School Lunch Hike Pondered By Board

Data processing, school lunches and school principal appointments for next year are expected to highlight this afternoon's School Board work session.

Walter Teague is expected to report on his findings concerning data processing operations in adjacent county schools employing the computer operation.

Board last Thursday heard Robert Murrie, programmer for Seminole Memorial Hospital's computer, explained the costs involved with leasing an unused portion of the hospital operation.
