Will The Balkans Enter The War?

February 7, 1940, the nations that form the Balkans will meet in the capital of Yugoslavia. They will discuss the situation in Europe and discuss their course. It is important because it is important to show qualification of the Balkans. A meeting there will be held in Greece, Turkey, Rumania, and Hungary. Notably absent is Albania, which is being annexed by Italy. They may try to settle differences between Rumania, Hungary, and between Rumania and Bulgaria. These nations have been "fusing" since about certain territories which claims as his. The Balkans are "plotted" against the Balkans "second" to share an effort to the Balkans? One is a threat of invasion by the Axis powers. Bulgaria, Rumania, and Hungary settle their differences peacefully. Only time can answer these vital questions. EDWARD MARSHALL.

High School Pencil Sale

The regular assembly hour on Friday, Jan. 23, the following items were sold: Pencils, pens, paper, and other school supplies. The sale was a success and the proceeds will be used for the purchase of new school supplies for the students. The sale was held in the school cafeteria and was attended by a large number of students and faculty members. Kiwanis Key Club Has Second Meeting

The Key Club, which is sponsored by the Kiwanis, met Monday morning at actively period. The meeting was devoted to the electing of officers and the making of the plans for the Key Club luncheon, which is to take place Friday in Mrs. Stone's room. The following were elected as officers: President - Edward Higgins, Vice President - Julian Haunel, Secretary - Bruce Mulhead, Treasurer - Arthur Brunson, Senior Director - Kent Bassett, Junior Director - Milton Hudson. Meetings will be held every Friday. -BILLY HOLLEYHEAD

New Students Enter Seminole High School

Maxine Seleba, sophomore, brunette, five feet four, weighs 100; from Ironton, Ohio; hobby, dancing; favorite actor, Mickey Rooney; favorite song, "Oh, Johnny, Oh." Earl Clark, freshman, brunette, five feet five, weighs 120; from Pensacola; hobby, football and baseball; favorite actor, Lew Ayres; favorite actress, Claire Trevor; favorite song, "South of the Border." Billy Griffin, freshman, five feet two, weighs 100; from Franklin, N. C.; hobby, skating; favorite song, "South of the Border"; favorite actor, Tom Tyler; favorite actress, Dorothy Lamour.

Magician To Appear At Junior High School

Astounding magical thrill chills fun! The largest full evening of Magical Production in America this year will be at the Junior High School on February 8th. At his time the high school band will present the Great Virgil, the world's greatest magician, and his magic show, the best on the road. The Great Virgil has a real show, wonderful presentation and spectacular illusions. This exceptional performance will be a wholesome entertainment for both old and young. This full evening stage spectacle filled with baffling mystery and illusions will be without a doubt the best of its type ever had here. Hundreds of attending spectators await.

FFA Leave To Visit Florida State Fair

The Future Farmers leave Saturday morning for the Florida State Fair. The fair is a great event and the FFA members are looking forward to it with great interest. The fair is a great event and the FFA members are looking forward to it with great interest. The fair is a great event and the FFA members are looking forward to it with great interest.

Cast Of Musical Comedy For Glee Club Is Selected

The cast for the musical comedy "An Old Kentucky Garden" has been selected. The music is entirely by the great American composer, Stephen Collins Foster. The setting is an old southern garden party in 1850. The costumes are to add much color and beauty to the setting. The glee club will present the opera early in March, an intensive rehearsal are already in progress. "An Old Kentucky Garden" promises to be one of the best performances ever presented by students of Seminole High School. The cast is as follows: Stephen C. Foster—Edwin Pridgen, Jennie—With the light brown hair—Rose Harkey, Col. Stanburton—Daniel Benarkh, Philip, Jennie's brother—L. M. Talford, Joy, Phillip's fiancée—Marion Allen, Hannah, Tricia a widow—Mary Wiggins, Henry Blow, Gold prospector of 40—Emmett Herndon, Richard, fond of Jennie—Orion Farrell, Joe Bassard, a money lender—Junior Brown, Lily, Tom, colored servant—Gladys Pippin and Leon Warwick.

Oviedo High School News

Nine of the fourteen members of the Oviedo High School Glee Club took their half-day holiday off last Friday, which they won for having the best one-act play on October 23, 1939. Chartered by the sponsor, Miss Madeline Fols and Sammy Long, they spent the morning at Sandalwood Springs. In the afternoon they attended a picture show, "Savage River." Those enjoying the day were: Lona Aulin, Wanda Lee Anderson, Hope Allen, Melba Ward, Allie Davis, Madeline Bogard, Mickey Chalkler, Pete Hunt and Edward O'Connell. Oviedo Chapter Future Farmers held Annual Father and Son Banquet.

Junior Class Play To Be Presented

The Junior Class Play, "Prose, or How Could You?" will be presented next Thursday, Feb. 3, at 8:00 P. M. at the Seminole High School Auditorium. Given as follows is a list of characters: Kate Perry, a young professor—Dickey Brown, Vicky Randolph, the babe of his life—Neil Stewart, Grandma Perry, an obliging and devoted friend—John Dunno, John Appleby, a helpful friend—Leroy Lang, Patricia Morely, a sweet young thing—Emma Doney, a spinster—Tootie Bean, a plump spinster—Mervin Proctor, Bulcher Roy Bean, her big brother—Chris Thompson, Valeria Williams, Southern charm—Catherine Hurt, Boggins, the sporting butler—Jack Morrison, Joe how Catherine Hurt, Maria Proctor, Emma Doney all use leap year to its best advantage and propose to Dickey Brown. Jack Morrison as the Butler gives almost all the comedy to the play. "Prose" is a play by "Tommy" Big Brother, Leroy Lang the helpful friend gets Dickey in the plot and then in a very hilarious way gets him out. John Duna and Neil Stewart as grandpa and grandy help help get Dickey out of his trouble. Neil Stewart as the young college girl fights the professor all night long through to the most surprising ending. —GRACE SERRER —CATHERINE HURT

Students Get Chance To Make New Grades

With a simple movement of the hand we students in Seminole High School are going to be offered a fresh new page for our grades of the second semester. Recreation brings pleasure and failures are being banished from sight. With this new opportunity we should attempt to make these grades a statement of our best work. Recreation, though it is a vital part of student life, should not require so much of our time that we neglect to do our home work properly. Recreation brings pleasure, but the average person will derive much more pleasure from good grades, and incidentally remember that in later life these grades will be an excellent recommendation.

Hi-Y Girls Give Annual Program In School Chapel

The girls' Hi-Y of Seminole High School presented their annual chapel program Thursday morning, February 1. It was composed of music and vocal selections from talented Hi-Y members. After the student body sang the flag salute and sang "God Bless America," Lois Hagan read the Scripture and led in prayer. The speaker for the day was Mr. Burroughs Waltrip, who spoke on "What Kind of a Person We Really Are." We do not often appear to others as we appear to ourselves, he said. The students have greatly enjoyed having Mr. Waltrip speak to them and are always glad to have him visit them. The musical selections by Hi-Y members were as follows: Piano Solo—Mabel Chapman, Piano Solo—Olivia Chapman, Song, "I Poured My Heart Into A Song"—Rose Harkey, Piano Solo, "Chloe"—Elise Hutehagen, "Shubert's Serenade" and "Balalaika"—Clayda Ferguson and Marion Alken, Natalie Trus gave a reading, How Girls Study.

Geneva School News

P. T. A. met last Wednesday. A musical program was given by the first four grades. After P. T. A. the teachers served refreshments to the parents and visitors in the new lunch room. Mrs. Lamb will give lessons in First Aid beginning Tuesday, January 30 to 7 to 9 P. M. in the School Auditorium. The Geneva School Band will hold its first concert in the School Auditorium on Friday, January 23 at 8:00 P. M. Everybody come out—Hear the children play and see their new uniforms. Mrs. Sieg is absent from school with the flu. Mrs. Luis Moran is teaching for her. New storage rooms are being built at school. The 4-H club met Tuesday. Mrs. Andrews helped the girls with sewing to enter the Fair.

Southside Primary School

The First Grade pupils in Miss Thigpen's and Miss Welsh's rooms presented a program Friday, January 29, at the Southside Auditorium. Every child participated in the entertainment. The entire program consisted of classroom activities including songs, a dramatization of selected slides, story-telling and games. One feature of the program was the painting of winter scenes by Barbara Ann Petras and Nancy Key. Calcium pencils were used on large sheets of wrapping paper. The pictures were painted in black and white while the remaining children sang appropriate songs. The girls wore red paper hair ribbons and the boys red paper ties which accentuated the color scheme of red and white. Other children taking special parts were: Thelma Ogilby, Kathleen Hartwig, Carl Russell, Betty Flowers, Margaret Hunt, Norman Altman, Gwen Shannon, Walter Swanson, Marlene Williams, Martha Bailey, Kenneth Robbins, and Valeria Vaughn.

Rotary Meet In Havana

CHICAGO, Feb. 3.—(AP)—Rotary International announced that officials decided definitely yesterday to hold its 1940 convention in Havana, Cuba, June 10 to 14. President Walter D. Head, said the plan to convene at Rio de Janeiro, Brazil, had been postponed until 1943 because of uncertain war-time travel.

Jane Screamed In Agony At Torture

"Help! Jane screamed as her stomach turned wrong side out for the second time. The torture was too great and she just couldn't stand it another minute. "Stop! Stop!" she yelled, but no one heard her. It just kept on. "Oh, why did I ever let those men persecute me to get with them? Why didn't I stay at home with mother and be a good girl?" Jane shut her eyes and tried not to yell but the torture was awful. "Help! Help!" she screamed during the meal. This banquet was prepared and served by the home economics girls. Miss Louise Wheeler is the teacher.

Citizens Will Vote For Governor Of Florida In Primaries In May

In May, the citizens of Florida will go to the polls. The gubernatorial race is one of the most important to the people, as the governor directs most of the state affairs. All people of the state are affected by his deeds. Who will be the next governor of Florida? It is covered that he will be a democrat as Florida is nominally democratic. The May elections only determine the candidate of the Democratic Party to oppose the other parties' nominees. The May primary is the most interesting to watch. In 1938, fourteen men ran for governor, with Fred P. Coe of Lake City coming out on top. This primary always has a great number of candidates. This year seven men each have already entered hoping to be governor. Many others are possible candidates. This complicated matter because it is very difficult to choose a person when there are so many running for an office. The seven who've entered are well-known civic leaders. First of these is Walter B. Fraser, the five-time mayor of St. Augustine, who has done much to improve Florida's tourist business. B. F. Pate, a state-wide-known lawyer from West Palm Beach, is also seeking the post. (He also ran in 1938, coming out fourth.) Francis P. Whitehair of Deland, holder of many public offices, has hopes of becoming governor. Epperson L. Holland is a state senator from Bartow who has been in the state legislature for eight years and who has become well-known as a competent lawyer. The Rev. James E. Barbes, who has made a name for himself by campaigning against slot machines throughout the state, is one of Jacksonville's two citizens entering the race. The other is Fuller Wagon, popular Jacksonville lawyer. Latest entry is Hans Walker of Ocala, who also is a lawyer. This election turn out "OK" to everyone? Will a worthy and competent man be elected? You can only you can determine these questions. —EDWARD MARSHALL

Junior High News

The Junior Class is sponsoring a pencil sale for the benefit of the library. This is being done in order to secure the Doubleday Encyclopedia printed in eleven volumes, and the Nature Library printed in six volumes. In order to raise the necessary funds fourteen hundred pencils must be sold. These will be sold at the price of \$0.05 each. This means that 2800 pencils must be sold a month to receive the required \$10 for the monthly payments. These pencils will be on sale at the supply stand, the library, in the downstairs dispensary, and by all teachers. The cooperation of all the students will be greatly appreciated. Much credit is due to the Junior Class for giving up the sale of the pencils, which they have formerly conducted at the supply stand, in order that all the students may enjoy the volumes purchased.

HONESTY

If something, down inside of Perhaps a tiny elf, Tell's you to do a thing that's wrong Don't! You'll cheat yourself. You'll make other folks lose love for you And you, your self respect, It isn't fun and it doesn't leave A pleasant after effect. It starts out small and gets much bigger And maybe you'll land in the pen Instead of cheating, then trying To stop. Take our advice and don't begin. LAURELLE DUTTON.

Winter's Whim

Winter's here with all his raiment, Snow is deep on roof and pavement. Covered warmly 'neath its gleam, Earth has settled down to dream. Winter—King, o'er all supreme Has reached the Northland. Spectre trees all dreary white, Woo the sun—and then at night Lift their arms toward some bright star That glitters and glimmers from afar— When 'Winter' reaches the Northland. Winter, all his glory bringing, Sent the birds, all feathered—slinging, Winging northward to the sun. But the birds' flight isn't done. For Winter's reached the southland! Down to the land of sunny climes Where the sun most always shines. Winter sent his son—Jack Frost— And he, with careless hand, has cast The reputation of the southland. —SELMA LEVY

Shakespearean Drama To Be Given Feb. 16

Seminole High School English Department will present a well-known troupe of players Feb. 16 in a new Shakespearean play. Full information concerning the play to be presented and the hours of presentations will be given on this page next week. Seminole County Teachers Meet At West Side

The Seminole County Teachers' meeting was held at the West Side School Friday, January 25, 1940. This was the first time a County Teachers' meeting has been held in this school. Through courtesy to Mrs. Watt, the South Side School—Mr. Coon was in charge of the devotional. Mrs. Winters sang a hymn and accompanied herself on the altar. A group of children from West Side School gave a few choral selections. A pupil sang "Trees" and dedicated it to Mr. Kipp. After a short business session Mr. King, the program chairman presented Mrs. Babcock and Mr. Doolittle, both of whom gave excellent talks. The former gave a review of art in public schools and concluded her remarks by showing specimens of the work done in public school art classes in Sanford Schools. Mr. Doolittle talked of the progress made in music in Sanford, but he emphasized the possibilities of more advancement in this line if the students are given every encouragement. There were a number of discussions from the floor. At this time Mr. Morris told of the excellence of the physical education program in Seminole County. Mr. Doolittle said the meeting was a joyous one. Mr. St. John assisted by Mrs. Faculty and P. T. A. served refreshments to those present. —LOIS CALDWELL

LEGAL NOTICE

NOTICE OF MASTER'S SALE Notice is hereby given that I, the undersigned Special Master, under and by virtue of a final decree and foreclosure of mortgage in that certain case numbered 104, do hereby order the sale of certain real estate situated in Seminole County, Florida, in Chapter 104, wherein E. J. Adams, et al., are defendants, and Mrs. E. J. Adams, et al., are plaintiffs, and the said sale shall be held on the 15th day of January, 1940, at 10 o'clock in the forenoon of the said day at the Court House in the City of Sanford, Florida, for the sale of the same to the highest bidder for cash. The said real estate is described as follows: A certain lot of land situated in the City of Sanford, Florida, in Section 11, Township 35 North, Range 17 East, containing 1/4 acre more or less. Terms cash, purchase to pay for debt. H. M. WATSON, Special Master.

Hundreds Of Reds Reported Killed In New Thrusts

Night Air Raids By Soviet Forces Are Cause Of Terror Among Civilians

Finland Promises Stiff Resistance

English Minesweeper Sinks On Way Home After Air Attack

While night air raids by Soviet warplanes have brought terror and severe damage to two Finnish cities, Turkey and Vilour, defense forces northeast of Ladoora were reported to have killed hundreds of Russian attackers in repulsing three new thrusts.

Fires burned throughout the night after the air attack but Finns retaliated their intention of a stiff resistance. A communique reported Finnish troops had captured another enemy stronghold, killing the majority of defenders. It said the enemy dead numbered over 500. Seven tanks, four guns and large quantities of other arms, and more than 30 automobiles were captured. An attack on the Karelian isthmus failed and resulted in 1,000 Russian casualties.

In Europe's other war, main activity was at sea where German aircraft struck three times this week against merchant ships off the British coast. Germany said 14 were sunk Saturday, and British acknowledged 10 ships were sunk. The British said the sinkings were "abundant."

The minesweeper Sphinx, badly damaged in the raids, sank today while being towed to port in heavy weather. Four officers and 45 men were missing and they were believed lost. One officer and four men were known dead in addition. The Western Front was quiet.

Britain devoted attention to speeding up home industry and trying to solve India's problems as ways to helping win the war. Gandhi and the Viceroy of India failed to reach an agreement on Indian demands for independence as a condition active to war help. France added her protest to that of the United States against Japanese air raids on the Kuming-Hanoi Railway, while it was reported in Shanghai a new attack was being carried out.

HELSINKI, Feb. 5.—(AP)—Deadly Finnish fire which hurled back five waves of attacks, piled the Karelian snow with more than 1,000 Russian dead and silenced the batteries of artillery, has stalled the Red army's drive against the Mannerheim line, the Finnish high command announced last night.

Russian bombing planes, spreading their worst terror of the war during the week-end, continued to cut a swath of death and destruction from the frozen Arctic tundra to Finland's southern coast with a 24-hour toll of 300 dead and wounded.

The Red army was reported to have thrown at least 10,000 troops into the renewed efforts to break the Mannerheim line in the sparsely wooded Summa sector of the Karelian isthmus where the fighting raged Saturday and yesterday in temperatures 10 degrees below zero.

In addition to the more than 1,000 Russians killed in the isthmus fighting Saturday, Finnish officers said that large numbers were wounded. The Finnish command reported that the Soviet planes yesterday rained the already bomb-shattered Gulf of Finland and support of the Red army's drive against the Mannerheim line.

Fighting Planes From U.S. May Be Finnish Salvation

Small Force Expected To Be Big Help In Fighting Russians

By EDWARD E. ROMAR, A. P. Staff Writer

A relative handful of American-made fighting planes may play a part in the defense of Little Finland out of all proportion to their numbers.

They are the 44 single-seater pursuit craft which were being made to operate from United States airports but were released for sale to Finland less than two months ago when the navy decided they were not needed immediately.

The few squadrons they represent are a small force, but for the time being the Finns' aerial requirements are comparatively modest.

With a few hundred superior fighting planes which Russia has been sending over to harass communications and bomb towns, the Finns should be able to take care of themselves beyond Spring. That was the limit they set for their resistance in their original appeals for aid.

Reports of the Finnish press indicate that about 300 such planes would be sufficient to chase the Soviet bombers home, in the considered estimate of some qualified airmen, who profess a slight regard for the real strength of the Red air force.

If that estimate is at all accurate, the Finns' prospects for continued success would appear to be much brighter than heretofore. The Red air force is the only one of its kind in the world.

Reports of the Finnish press indicate that about 300 such planes would be sufficient to chase the Soviet bombers home, in the considered estimate of some qualified airmen, who profess a slight regard for the real strength of the Red air force.

Information is lacking as to the extent to which the British and Italians have supplied pilots to fly the planes and mechanics to keep them in operation.

The first shipment of 11 planes arrived a few days ago at Bergen, Norway, and the rest are reported on the way. From Bergen, by present indications, they will be flown across Sweden to Finnish bases.

American army planes, the Curtiss Hawk planes ordered by the Finns, already have proved their worth in aerial combat by the Western Front, several squadrons which air men rate much higher than the Soviet equipment. Add the navy planes, and the Red army's drive against the Mannerheim line is being starved.

The volunteers for Finland already on the way include members of the Red Cross, from veterans of the World War. From Helsinki, some thousands of Finnish youth are being trained in the use of arms and explosives.

ATLANTA, Feb. 5.—(AP)—The United States government today announced that it had agreed to sell to Finland 44 single-seater pursuit planes.

GETS DEGREE

Earl Kipp, principal of the Sanford Grammar School, who has just received his Master's Degree from the University of Florida, wrote his thesis on "The Mental Abilities and the Problem of Educating the Children of Seminole County."

Earl Kipp Thesis Commends School System Of County

Extensive Study Made Showing How Education Needs Are Met

Robert Earl Kipp, principal of the Sanford Grammar School, who has the degree of Master of Arts in Education conferred on him at the mid-semester graduation exercises of the University of Florida last Friday morning presented a thesis on "The Mental Abilities and the Problem of Educating the Children of Seminole County."

The study was initiated to determine the extent which the Seminole County Schools were meeting the academic needs of all the white children. Academic achievement was defined as the standing of the children on two measures—the achievement tests at the end of the school year and the general average of the student's work for the year.

Attack Made On New Deal By AFL Group

Sharp Criticism Of Government's Industrial, Social Policies Voiced

MIAMI, Feb. 5.—(AP)—Sharp criticism of the national government's industrial and social economy policies of the past seven years was contained in a statement released by a group of AFL leaders.

They declared the "hour has come for Americans to recognize the dangers that confront them, and to join in a united effort to halt the drift toward national insolvency, industrial collapse, and the extension of opportunity for the Americans of tomorrow."

They described many of the government's policies as an "experiment" and declared "innovation after innovation have followed upon each other so fast and furiously that only a trained few could keep abreast of the changes."

"We find labor torn into warring camps. We find industry depressed and capital on a strike, we find ten millions of America's workers unemployed. We find youth discontented and age discouraged."

"Industry and labor alike have been disturbed, the production of useful goods has been hampered by the introduction into the industrial government to cut the unemployment which he termed the nation's "No. 1 problem."

Speaking at a Methodist church here, Green asserted "government distrust of business and business distrust of government, whether justified or unjustified, must cease. There is no sense in it. The American people will not stand for it."

Resolution of the unemployment problem, Green said, "will help labor, it will help industry, it will help the farmers and it will enable our government to cut the fearfully high cost of providing temporary relief."

Urging unity of thought and action, Green expressed the belief "American industry will shift into gear and start rolling as soon as the government shows it the green light. Turning on the green light does not at all mean obliterating the white light of progress," he added.

In conference with the fight to end unemployment, the AFL head suggested a census of unemployment and creation of a national advisory council on labor, farmers and consumers will be represented.

Green, outlining the policies of the AFL, said it was traditionally non-partisan, but pointed out its political power was "far-reaching and highly effective."

Twice he took steps at the rival CIO—when he said that not a single major strike was called by the AFL last year and when he explained that the federation "does not engage in 'Blitzkrieg' politics."

Green spoke of this nation's "vicious economic circle of acute unemployment, industrial underproduction and agricultural overproduction in which our economic progress is now imprisoned," but expressed the belief "the American people will not give way to despair."

Pointing to the wars in Europe and Asia, he said that not a single man is forced to live in totalitarian states abroad. Green said, "never has the American people been afforded a more effective lesson in government."

Green pledged the AFL through "more unity of thought and unity of action" to help "make our democracy work."

"Frozen" Celery Is Found To Be Okay

A sample of so-called "frozen" celery was presented to The Herald office Saturday afternoon by Lee Ransbottom to show that the recent freeze did not materially damage Sanford celery.

FLEET FINNS REACH U. S. TO RAISE WAR RELIEF FUNDS

Out to do their bit for Finland by helping raise war relief funds in the United States, Paavo Nurmi (left), one time world champion distance runner known far and wide as "The Flying Finn," and Taisto Maki (right), present champion, are shown upon their arrival at New York. Welcoming them is T. O. Vahervuori (center), Finnish consul general.

Citrus Growers To Meet Tonight At Lyman School

Estimate Of Damage From Cold, Need Of Fruitmen Planned

Citrus growers of Seminole County will gather tonight at Lyman School at Longwood at 7:30 o'clock to discuss results of the recent "freeze" and estimate damage to their crops together with consideration of what can be done to alleviate the condition, County Agent C. R. Dawson announced today.

Fred Forward, chairman of the Seminole County Citrus Growers, Inc., said "an estimate of the needs of the growers is desired in Washington, and the way to get results is to attend the meeting. Mr. Forward has been named chairman of the committee handling the inquiry."

Congressman Joe Hendricks, addressing members of the Townsend State convention in Orlando yesterday, declared that every effort is being made to aid Florida growers but by the recent cold wave.

Mr. Dawson urged every citrus grower in the county to attend the meeting. "Unless the growers get together, and get together right now, tonight, they're going to miss doing themselves a lot of good," he asserted.

Mr. Hendricks said that he had made the trip to Florida to personally study the situation of the growers, and that he has a long day and night gathering data.

The Fifth District Congressman said that representatives of the RFC were also in this area, and would be in Orlando to confer with him in a day or two. It was understood that the investigators would then set an estimate to the damage done to citrus and produce in the State.

Mr. Hendricks said that there were three possible outlets in which the situation could be remedied. He listed the RFC, the Production Credit Corporation and the FBC. He said that the Works Progress Administration was also easing the situation by putting more men to work.

The Congressman said that President Roosevelt, when approached with the problem of aiding the growers, the modify disbursements question arose, and the President intimated that he would support the move in the face of the recent so-called disaster.

Registration Books Opened In Precincts

Registration books in all the 18 precincts of Seminole County were opened today, according to an announcement by Supervisor of Registration W. J. Thigpen.

The books will remain in the county precincts from Feb. 5 to Mar. 4 when they will be returned to the registration office in Sanford and will then remain open until midnight of Apr. 20.

All books in the Sanford precincts were opened today and will close at midnight, Apr. 20. The books will be open from 9:00 A. M. to 12:00 noon, and from 2:00 P. M. to 5:00 P. M. each week day.

Citrus Growers To Meet Tonight At Lyman School

Estimate Of Damage From Cold, Need Of Fruitmen Planned

Citrus growers of Seminole County will gather tonight at Lyman School at Longwood at 7:30 o'clock to discuss results of the recent "freeze" and estimate damage to their crops together with consideration of what can be done to alleviate the condition, County Agent C. R. Dawson announced today.

Fred Forward, chairman of the Seminole County Citrus Growers, Inc., said "an estimate of the needs of the growers is desired in Washington, and the way to get results is to attend the meeting. Mr. Forward has been named chairman of the committee handling the inquiry."

Congressman Joe Hendricks, addressing members of the Townsend State convention in Orlando yesterday, declared that every effort is being made to aid Florida growers but by the recent cold wave.

Mr. Dawson urged every citrus grower in the county to attend the meeting. "Unless the growers get together, and get together right now, tonight, they're going to miss doing themselves a lot of good," he asserted.

Mr. Hendricks said that he had made the trip to Florida to personally study the situation of the growers, and that he has a long day and night gathering data.

The Fifth District Congressman said that representatives of the RFC were also in this area, and would be in Orlando to confer with him in a day or two. It was understood that the investigators would then set an estimate to the damage done to citrus and produce in the State.

Mr. Hendricks said that there were three possible outlets in which the situation could be remedied. He listed the RFC, the Production Credit Corporation and the FBC. He said that the Works Progress Administration was also easing the situation by putting more men to work.

The Congressman said that President Roosevelt, when approached with the problem of aiding the growers, the modify disbursements question arose, and the President intimated that he would support the move in the face of the recent so-called disaster.

Annual Tourist Party Is Scheduled Tonight

Winter visitors to Sanford will be entertained tonight at the annual tourists' party to be held at the Chamber of Commerce at 7:30 o'clock under the sponsorship of the Women's Civic Committee of the Chamber of Commerce.

A fine program of entertainment has been provided, it was announced by Mrs. Endor Carlett, chairman, who urged all visitors to Sanford and Seminole County to attend.

The program is being conducted by the following: Mrs. J. Ross Adams, chairman of the talent committee, Mrs. Pearl Hansell, refreshments, Mrs. Grace Hinton, song and stories, Mrs. J. E. Edge and Herman Morris, games.

WPA Certification Will Be Started In Sanford, Feb. 8

Only Those Who Have Never Been Certified Are Affected

Resumption of certification for WPA work relief will begin in Seminole County, on Feb. 8 according to announcement today of Miss Margaret Windau, director of State Welfare District No. 12, with headquarters at Orlando.

Due to the limited number of social workers available, application by those desiring WPA employment will be received only on Thursday of each week at the local welfare office, Miss Windau declared.

The office will be open from 9:00 A. M. until 4:00 P. M. Only persons who have not previously been certified at this time by the State Welfare Board, or WPA having arranged through its own social work staff to re-certify those who have been dropped from the rolls.

WPA certification was discontinued by the State Welfare Board in June of last year as an economic measure.

Delegates at the Florida Townsend convention in Orlando yesterday endorsed Jerry W. Carter for United States Senator on the recommendation of Dr. Francis Townsend.

Action was also taken to provide for the sponsorship of a state-wide radio program with state club financing and lending moral support, and the formation of an organization in the third district backing congressional candidates.

Following reading of a recommendation by Dr. Townsend, the endorsement was made at a closed meeting by delegates representing the 500 clubs in Florida.

Principal speaker was Robert Townsend, son of the founder of the Townsend Plan. Other speakers included Congressman Joe Hendricks, Lex Green, Pat Cannon and Mr. Carter. Hardin Peterson was scheduled to speak but was absent because of illness.

Mr. Townsend criticized certain aspects of the New Deal but did not launch a personal attack on President Roosevelt's administration, pointing out that "because something had to be done, the WPA and set up the Social Security as a way out."

Congressman Hendricks pledged his support to the movement and forecast a swing to the right in the national recovery plan said that the plan would be brought to a vote at the 76th session of Congress.

The endorsement of Mr. Carter said in part: "We herewith extend our unstinted endorsement for the office of United States Senator to the Honorable Jerry W. Carter."

"We make this move on behalf of the Townsend Recovery Plan because of our personal knowledge of the long and unselfish service rendered by Mr. Carter in his unflinching fight for the General Welfare Act, and because we know it is the will of the vast majority of the patriotic Townsend Club members in Florida."

Independent Voters Are Being Sought

Jim Farley Tells Demos They Must Seek Support Outside Of Party

Convention City Will Be Picked

Postmaster General Is Not Apprehensive Of Coming Elections

WASHINGTON, Feb. 5.—(AP)—Chairman James Farley told the Democratic National Committee today the party's biggest job was to win over some ten million independent voters "who will cast their ballots for the best candidates and the best program that is offered."

The committee gathered at an all day session to pick the convention city. Predicting a "very active pre-convention campaign," he noted many who would like to have the Democratic presidential nomination. He mentioned by name only Garner, however. Garner's name came up while Farley was expressing thanks for assistance given by members of the committee, including sturdy stalwart John Nance Garner.

He said "I confess that I have no great apprehension as to the result of the forthcoming election." He declared there was no danger of a Republican victory unless Republicans are able to formulate a better program than the Democrats. "It has long been a political maxim that in a political campaign you cannot beat anybody with nobody. In a political campaign you cannot beat any program with no program." He didn't mention a third term.

Farley said the committee would meet again on Thursday of each week at the local welfare office, Miss Windau declared.

The office will be open from 9:00 A. M. until 4:00 P. M. Only persons who have not previously been certified at this time by the State Welfare Board, or WPA having arranged through its own social work staff to re-certify those who have been dropped from the rolls.

WPA certification was discontinued by the State Welfare Board in June of last year as an economic measure.

Board May Pass On FDR Entry In Illinois Primary

SPRINGFIELD, Feb. 5.—(AP)—Unless President Roosevelt himself withdraws from the Illinois advisory primary April 9, a final decision as to whether his name will appear on the Democratic ballot apparently must await a final decision as to whether his name will appear on the Democratic ballot apparently must await a final decision as to whether his name will appear on the Democratic ballot.

This view was taken by party leaders yesterday in the wake of the surprise action of the Chicago Democratic organization in filing petitions to enter the President's name in this State's preferential primary.

The Roosevelt petitions filed Saturday were not accompanied by the customary certificate of candidacy bearing the candidate's signature necessary in this case. "Of course," he added, "if the President does not want his name on the ballot in Illinois and so expresses himself he may withdraw the petitions at any time before the deadline for such withdrawals Feb. 24."

Should the Roosevelt petitions be challenged on a legal ground, the protest would go before the certifying board composed of Hughes as chairman, Gov. Henry Horner and State Auditor Edward J. Barrett, all Democrats.

In Washington, Democratic National Committee members, looking into town for today's meeting, evinced more interest in whether President Roosevelt will sign again than in their task of picking a city and date for the 1940 convention.

GYM 7500 FEET UP

GUNNISON, Colo. Feb. 5.—(AP)—Western State college officials claim their basketball court is the highest collegiate playing floor in America. The gym is just 7500 feet above sea level.

History Of Journalism

Word comes from Maxwell Hunter, field supervisor of the Florida Writers' Project that his organization is about to prepare a History of Florida Journalism. The work will contain the names of all editors and publishers of all newspapers issued in Florida since 1846, the dates on which the papers were founded and their subsequent development.

In order to make this history as complete as possible and an everlasting source of information on Florida Journalism for the benefit of this as well as future generations, Mr. Hunter is conducting a search of all old newspaper files and copies. Because many of the older newspapers have long since disappeared from places readily accessible, he is asking for public co-operation.

Anyone having in his possession any old Florida newspaper which might be of value in preparing such a history is requested to notify the editor of his local newspaper who will transfer the information to Mr. Hunter. It is not necessary for the owner to part with such copies as a representative of Mr. Hunter will call and examine them where they are.

Particularly desired are samples of editorial writing revealing the problems of pioneer times, unique news stories, characteristic advertisements, significant cartoons, ancient photographs, historic news pictures. Many persons have material of this kind in their attics, stuffed away in old trunks or office files.

If you have, let The Herald know about it, and we will notify Mr. Hunter so that he can send someone to examine your papers.

Clever Pickpockets

Don't carry your wallet in your hip pocket. This makes it a cinch for the pickpocket artist, who can filch it with a dozen tricks of the trade. It'll be a lot safer in an inside pocket, according to Myron M. Stearns, who discusses in the current issue of the Rotarian Magazine ways to safeguard your money.

"If you have money in an outside pocket, and pickpockets spot it, they'll probably get it unless your suspicions are aroused," Stearns warns. "Keep alert in crowds, and move instantly when you're jostled. Leave at home all money you don't actually need. If you carry your money in an inside pocket, vest pocket preferred, it'll be safer than elsewhere."

To cheat the crook, you must know the way the crook works: beat him at his own game, Stearns writes. "If a man sticks a newspaper under your chin, suspect him. Beware of the man who asks for a light and lets you hold the match while he bends over to use it. You can't be too suspicious in a crowd—if you value your money."

Air Travel

In spite of unusually cold weather and considerable snow, Eastern Air Lines is doing right well these days, thank you. During the month of January its planes flew more than 11 million revenue passenger miles.

According to World War ace, Capt. Eddie Rickenbacker, who is now as successful in operating Eastern Air Lines as he once was in downing German planes, this represents an increase of 3,746,225 miles over January of last year.

Last month approximately 41,000 paying passengers were flown in Eastern Air Line planes, or almost half as many again as used the service one year ago. Air travel is increasing in popularity at a surprising rate.

Earl Kipp Thesis Commends School System Of County

(Continued from page one)
 struction, elective subjects, manual and commercial work, music, picture and map drawing, blackboard work, and tables, wood-working, gardening, visual education facilities, and habit formation in health, safety, and personal living.

Each teacher rated her children on a scale beginning at 50 and running to 100 as to their mental ability. These estimates were then rated with a national test on mental ability to see how they would compare.

The comparison between the two was made in the case of the final achievement test grade. The teacher's estimate was closer than was the measured ability. On the basis of the general average in the subjects the average mental ability of the students in the county as a whole was above the average of 100 (the average of any unselected population) with the exception of grades four and five.

Most of the items from children getting school are concentrated above the sixth grade. This accounted for 2.5 percent of the school population. Of these 1.5 percent did not return to school the following year.

The lowest mental ability recorded was 57 and the highest 115. In general students with low mental ability were boys by parents who did not combine with normal education. The students showed that life's work is being with their ability.

Personal letters were received from the parents of the students with mental ability below 70. In general these letters were very interesting and showed that the students were being well as usually.

Children whose mental ability was below 70 on a scale of 100 are usually considered as being in the lower range of mental ability. This is the case with the students of Seminole County. The average mental ability of the students in the county as a whole was above the average of 100 (the average of any unselected population) with the exception of grades four and five.

Most of the items from children getting school are concentrated above the sixth grade. This accounted for 2.5 percent of the school population. Of these 1.5 percent did not return to school the following year.

ALONG THE POLITICAL FRONT

The race for United States senator this year bids fair to be a hot one, with five candidates for the Democratic nomination already announced. Senator Andrews, as an incumbent who has done at least a satisfactory job, naturally leads the edge. He will have plenty of opposition in Governor Fred Coe, Arthur Charles Francis Coe, Mrs. Hortense K. Wells (Democratic committeewoman), and Railroad Commissioner Jerry Carter—St. Petersburg Independent.

Titusville got its first opportunity to vote up a gubernatorial candidate in a public meeting this week when Senator Spearman Holland of Polk County met with twenty-five local men in an informal breakfast meeting. He made a decided impression on the group and the opinion has been freely expressed by those who chatted with him and heard him speak that he will be a strong contender for first primary honors next May.—Titusville Star-Advocate.

OKLAHOMA CITY, Feb. 5—(AP)—Of all the things the Phillips Petroleum company produces, natural gas is near the top of the list. In fact the company is one of the largest producers in the world. But on a recent cold morning the company's Capitol camp at Oklahoma City was so cold business had to be suspended. They were out of natural gas. The gas mains had frozen.

Indian Roll To Go To Post As Favorite Tonight In Feature

ORLANDO, Feb. 5.—Indian Ed Willard's surprising victory over the favorite, Grayhound, will go to post for the feature event of tonight's program at the Sanford-Kennel Club, in an effort to boost her stock in the wide-spread scramble for the track championship.

The Indian scampered over the distance in 29 and 2-5/8 seconds to win the "hot box" feature last Thursday night. She was from the seven box then and tonight the "luck of the draw" has put her in the same box.

Stetson To Play University In DeLand Tonight

DELAND, Feb. 5.—Basketball teams of Stetson university, both varsity and freshmen, will play against the University of Florida in a double bill tonight.

Both Golden and Vann are safe bets as starters with the only question left in doubt being the other forward post.

Dartmouth college is the only U. S. pre-revolutionary university that has held graduation exercises every year since its founding.

Frank Lumpkin To Meet Elmer Ray In Ten-Rounder

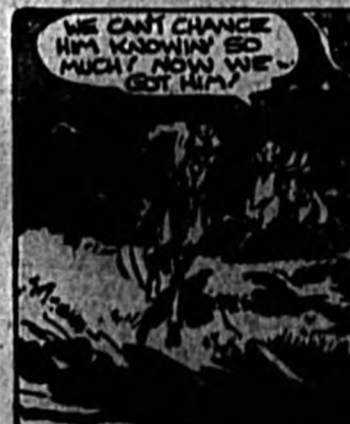

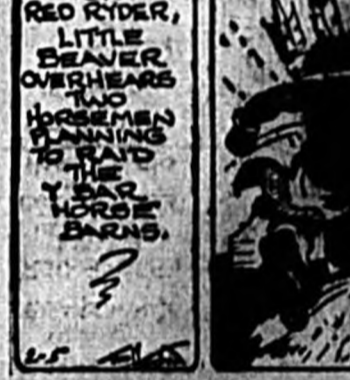

ORLANDO, Feb. 5.—With a personal score to settle and a future shot at Beatec, Obie Walker, Atlanta negro, heavy-weight, for undisputed possession of the southern negro heavy-weight crown at stake as an added incentive, Elmer Ray and Frank Lumpkin square off tonight for a 10-round return bout that promises plenty of lively fireworks.

The 10-round re-match fight between Ray, 195-pound, Palatka veteran, and Lumpkin, 185-pound young local negro, headlines a card that includes 24 rounds of boxing.

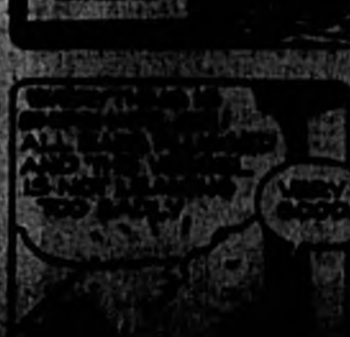

Lumpkin out-pointed Ray here two weeks ago as the main attraction of the first boxing show put on by Stephens. Their first 10-round fight, a fast and savage scrap, was acclaimed as one of the best ever presented in an Orlando ring.

Advance ticket sales, according to Stephens, indicate that a near-capacity crowd will turn out at the Legion quadrangle for this popular re-match bout.

India And Ireland Provide Trouble For Great Britain

New Wave Of Bombings Attributed To Irish Republicans; Eire Is Seething

Gulf Between India And Britain Seen

Big Canadian Freighter Sunk By What Is Believed To Be Sub

India and Ireland provided new wartime headaches for Britain as the controversy with Japan over seized German seamen neared a solution.

A new wave of bombings attributed to the Irish Republican Army swept England and Ireland seething with anti-British feeling as the time neared for the execution of two IRA members tomorrow for the terrorist bombing in London.

Bombing of the police said were planned by the IRA exploded in London, Birmingham and Manchester. A total of six were injured.

The British announced new rationing would begin March 11. After a conference with the Viceroy of India, Mahatma Gandhi said there was a "wide gulf" separating the nations over Indian self-government demands.

It was disclosed both by Tokyo and London that Britain had agreed to hand over 9 of 21 German ships from the Amami Maru, which Japan agreed to release.

Germany reported continuing success against the Russians, and the Soviet 18th division was destroyed. A communiqué today said attacks yesterday continued far into night, but were repulsed.

Recreation class grows steadily, Hardaker states

Recreation classes for boys and girls have been growing steadily at the City Hall. Director of Recreation, E. M. Hardaker, announced today.

The classes are held for girls between 3:00 and 5:00 o'clock on Tuesdays, Thursdays and on Saturday morning from 9:30 to 12:00 o'clock. Classes for boys are held on Mondays, Wednesdays, and Fridays between the hours of 3:00 and 5:00 o'clock. Any boy up to 15 years of age may take part in the classes.

Recreation and instruction in activities in shuffleboard, badminton, checkers, chess, checkers, and table tennis.

Mr. Hardaker announced that arrangements are under way for basketball matches with Orlando and Daytona Beach. A return match with Jacksonville is expected to take place here later this month.

Arrangement was also made of a tennis tournament for boys and girls under 15. Mr. Hardaker said that all boys and girls desiring to take part should register at the City Hall, or at his office at the City Hall.

The aid will be increased to \$100,000 a month, it was reported today.

The aid will be increased to \$100,000 a month, it was reported today.

FOUND FINN LINE

Soviet sledges were put to new use when covered with armor, they were pushed as shields for tanks in major thrust at Mannerheim Line, shown by shaded area on map, during Red drive toward Viipuri.

Barge Canal Advocated By Claude Pepper

Survey For Channel Across State Given Committee O.K.

WASHINGTON, Feb. 6.—(AP)—Senator Pepper, Florida Democrat, and long an advocate of the ship canal across his state, suggested today a less expensive barge canal over the same route.

He said a barge canal, linking the Atlantic with the Gulf of Mexico, could be completed "for about \$15,000,000 compared with an estimated cost of \$127,000,000 for the larger ship canal."

Pepper said the Senate Commerce Committee had approved his request that army engineers re-survey their estimates on a barge canal and sections of the intracoastal waterways along the east coast and the Gulf of Mexico with a view to combining these projects.

Chairman Ballou, North Carolina Democrat, said Pepper's request was approved by committee because it was a "pro forma" matter under which the request of any single senator wins committee backing.

Legionnaires Plan To Attend Jax Meet

Plans for local representation at the American Legion school on child welfare to be held in Jacksonville Feb. 9 and 10 were discussed at the regular business meeting of the Campbell-Lanning Post in the Legion Hut last night.

Delegates from seven southeastern states will be present for the session to map out a program of child welfare work for the coming year with officials of the national organization, Mr. Weinstein said.

The legionnaires also discussed plans for a campaign to raise funds to be used to defray the expense of holding the Boy Scouts of America convention in St. Petersburg in April.

Members of the Campbell-Lanning Post in the Legion Hut last night discussed the program of child welfare work for the coming year with officials of the national organization, Mr. Weinstein said.

The legionnaires also discussed plans for a campaign to raise funds to be used to defray the expense of holding the Boy Scouts of America convention in St. Petersburg in April.

Dies Is Given Clean Bill By Legion Chief

Charges Of Collusion With Investigators Is Denied By Leader Of Silver Shirts

WASHINGTON, Feb. 6.—(AP)—William Dudley Pelley, Silver Shirt Legion leader, dropped in on the Dies committee today after a month's silence to give Chairman Dies "an absolutely clean bill of health" in regard to charges of collusion between Dies and himself.

Long, who has been hunted by a committee, surrendered himself and went before a closed session of the group to tell what he knew about the letters allegedly forged with his name to, recently brought forth as evidence of the connection between Dies and the legion chief.

Later at another committee hearing, he said he knew nothing of the letters, and didn't write them.

Congressman Hook, who placed the letters in the House record entered the hearing about the same time and remarked audibly: "Funny they can find Pelley, now, isn't it?"

Jax Attorneys Hit Wage Law In Federal Court

JACKSONVILLE, Feb. 6.—(AP)—Three Jacksonville attorneys in federal court yesterday attacked constitutionality of the wage-hour law on the ground that it invades rights reserved under the constitution to the individual states.

The power of Congress to regulate interstate commerce, they argued, does not include regulation of hours and wages.

Counsel for the Florida Fruit & Produce Co., one of three companies charged here with wage-hour violations, asserted that his client was not engaged in interstate commerce and so was not covered by the law.

Judge Quinn held the court session to hear arguments on motions to quash charges and demurrers.

Department of justice attorneys from Washington argued that regulation of wages and hours came under commerce powers of Congress and asked that the motions and demurrers be overruled.

The other two defendants are Walters Lumber Co. of Hilliard and Industrial Rag Co. of Jacksonville.

All three concerns were charged with failure to pay the minimum wage and compensation for overtime. Walters Lumber Co. also was charged with having fired employees who filed wage-hour complaints against that concern and the produce company also was charged with falsification of records.

Francis Dunning Kills Self At Home In Osteen

Francis Dunning, Osteen citrus grower, shot himself to death with a pistol at his home in the little Volusia county town of Osteen Sunday. He was 73 years old.

Mr. Dunning had been in poor health for several weeks, despondent over the loss of citrus in the recent freeze, according to facts ascertained by Peace Justice Maurice Foster of DeLand who conducted a coroner's inquest. A .32 caliber gun was used, and two bullet entries were shown, one in the chest and the other in the back. The despondent man pulled the trigger Sunday morning while his family was absent, witnesses Sunday night.

The family discovered Mr. Dunning lying on his bed, weapon stuck in hand, upon returning. A physician attended him, but efforts to save his life were vain.

Funeral services will be announced later pending the arrival of relatives.

Mr. Dunning had lived in Osteen 14 years where he was engaged postmaster. He was engaged in the growing of citrus.

Mr. Dunning was born June 24, 1866, at Osteen, Mich. He is survived by his widow and two daughters, Mrs. G. C. Dunning, Osteen, and Mrs. M. G. Dunning, Osteen.

PRESIDES

Debutante Katherine Phillips reigns as queen of New Orleans traditional Mardi Gras and will preside over grand ball which climaxes the fête.

At a meeting of the Seminole County Democratic Committee Saturday night, an assessment of 1-2 percent of a year's salary or remuneration of the office sought by the candidate was levied while the qualifying fee which is required by the County is 2 percent of the annual remuneration of the office.

Candidates May Now Pay Fees For Qualifying

Demo Group Levies Assessment Of 1 1/2 Percent At Meet

Any candidate who desires to do so may now pay his qualifying fees, County Clerk O. F. Herndon said today.

At a meeting of the Seminole County Democratic Committee Saturday night, an assessment of 1-2 percent of a year's salary or remuneration of the office sought by the candidate was levied while the qualifying fee which is required by the County is 2 percent of the annual remuneration of the office.

The candidates have until Mar. 22 to pay these fees, Mr. Herndon pointed out.

At the meeting in the Court House, the Democratic Committee endorsed the proposal of E. F. Housholder that an effort be made to increase the voting in this county. He pointed out that according to the last census there are approximately 6,000 in this county who are qualified to vote and that at present there are only approximately 4,000 registered.

The registration books are now open in all of the county precincts and those who are not registered were urged to do so at once in order to be eligible to cast ballots in the May primaries.

J. H. Truluck, chairman of the Jackson Day Committee, appeared before the committee and requested the support of the group in raising funds for the party, following which each precinct committeeman pledged his assistance in a canvass of his precinct to raise funds for the expenses of the state and national headquarters.

Chairman Fred Bender presided over the meeting in which Mrs. Newton Merrill, state committeewoman gave a report on the state committee convention held in St. Petersburg. It was decided by 23 persons present that the meetings of the group in the future will be held quarterly. It was also decided that the candidates for offices in Seminole County will be invited to attend the next meeting of the committee.

James G. Sharrad, Jr., was named secretary of the committee and all committee assessments will be paid to him by the candidates. He pointed out that the candidate is required by law to present a receipt showing the committee's assessment has been paid before the county qualifying fee can be paid.

Rev. Packard was named treasurer for the group.

William W. Smithers To Speak To Masons

William W. Smithers of Philadelphia will be the guest speaker at the regular meeting of the Sanford Lodge No. 63 F. and A. M. to be held in the Masonic Temple tonight at 7:30 o'clock.

Worshipful Master Edward F. Lane said today.

Mr. Smithers' subject will be of interest to every Mason. He is a native of Philadelphia, Pa., and has spent much of his life in all visiting Masons.

Mr. Smithers is a member of the University of Pennsylvania and is a member of the University of Pennsylvania.

Hoover Says Graft Found In Miami Area

Charge Made Before House Committee January 10 Is Announced To Public

WASHINGTON, Feb. 6.—(AP)—Edgar Hoover, FBI director, today announced that his staff had found "evidence indicating local graft, corruption, and inefficiency" in the Miami area.

This charge, and another that police authorities of the resort had failed to cooperate with the Justice Department's investigation, was made before the House appropriations sub-committee Jan. 10. The committee made the testimony public today.

Hoover said police officers in that area had been instructed "not to come near the representatives of the FBI. He said the FBI's greatest problem was caused by the fact that gambling houses and houses of prostitution had become meccas of criminal interests.

He said the investigation had turned up evidence of "some shifty activities in Tampa and Orlando, though not as regards open gambling casinos.

He termed the Miami and Miami Beach area as "one of the greatest problems we have had to contend with in the entire country, because of the influx of criminals from various sections of the country." He said six Miami Beach police officers had police records.

Board Head Is Charged With Black-Listing

WASHINGTON, Feb. 6.—(AP)—A charge that J. Warren Madden, a member of the board of directors of a little blacklisting board, was made by counsel for a labor investigating committee yesterday.

Madden had defended the board's actions against an employment agency accused of "blacklisting" union workers.

Edmund M. Toland, the committee attorney, made the accusation during a bitter controversy over the board's actions against Charles Fahy, general counsel of the labor board, for more time to present the board's case.

Saying he had had only five days to answer four or five weeks of testimony, Fahy asked permission to call a long list of board employees who, he said, had been mentioned in the testimony.

Toland, on his feet quickly with an objection, asserted that the request was made solely as a means of getting publicity.

"It shows a lack of appreciation for the favors the board has been doing in this investigation," he declared.

He knew of no other congressional inquiry, the attorney continued, in which counsel for the agency being investigated had been allowed to present witnesses and examine them without cross-examination.

For four days, Toland said, he had sat and listened to board officials testify, powerless to cross-examine them with documents his staff had obtained from the board's files.

"I have documents to show that he (Madden) did a little blacklisting himself," he shouted.

Fahy protested that the statement was unfair but Toland rushed on: "Put him on the stand!"

Founders Day Meet Will Be At Mayfair

The Founders Day luncheon, which, according to a previous announcement, was to have been held in the Woman's Club will now be held at the Mayfair Hotel at 1:00 o'clock on Thursday. It was decided today. Reservations for the luncheon should be made at the Chamber of Commerce.

Samuel E. Cobb, a director of the National Archives in Washington, who will be the principal speaker at the luncheon, is a member of the Florida Historical Society, the Southern Historical Society and the American Military Institute. Born in Madison, his father came to Florida from Alabama in the early 1830s and his mother was a native of Gadsden county.

He will be returned from a tour of Western Europe where he has been on a tour of the British Empire, Germany, Belgium, The Netherlands, and the United Kingdom. He is a member of the University of Pennsylvania and is a member of the University of Pennsylvania.

\$3,000,000 Damage Done By Freeze In Seminole County

FDR Asserts He Is Tired Of Third Term Discussion

President Says Talk Has Been Fun But He's Had Enough

HYDE PARK, N. Y., Feb. 6.—(AP)—President Roosevelt said at a press conference yesterday he was getting tired of attempts to sound him out on a third term and that when anything was said it would be at a time of his choosing and his alone.

Then, grinning a bit, he admitted some perfectly grand wise cracks, on his part and on the part of the press, had evolved from repeated efforts of reporters to get him to give a clue to his political intentions.

It has been awfully amusing, the President said, but after all, you can drive a willing horse to death—both the press and the President.

Newsmen reminded the President that the Pennsylvania Democratic state committee on Saturday had declined to endorse Senator Guffey specifically for renomination and had endorsed a third term unanimously.

He was reminded, too, that petitions had been filed in Illinois the same day to place his name on the democratic primary advisory ballot.

To a request for comment, Roosevelt said there was no news, that there was no law to make questions because we are all tired of it.

"You said, 'All tired of it,'" a reporter interjected. "Did you mean of the question or of what is going on?"

The President said he thought newsmen agreed with him and that they, too, were tired. He suggested putting it this way: "You are very busy, very busy, because, very obviously, when anything is said, it will be at a time of my choosing and not of their choosing."

Nevertheless, a reporter remarked, "We will keep on trying, Mr. President."

The President said he wouldn't add an admission to those assembled at the conference to tell their offices that they did not want to be put in a ridiculous or immature position.

Lake Mary Names New Officers To Commerce Body

Art Tomkinson was named president of the Lake Mary Chamber of Commerce at its annual election of officers held last night in the Community House as the climax of a meeting marked by considerable enthusiasm over the increased activities noticed in Sanford's neighboring community.

James Kinsky was elected vice-president, G. C. Van Huskirk, secretary, and Raymond Hall was named treasurer at the same meeting.

Opinions expressed at the meeting were unanimous in the belief that Lake Mary's most successful tourist season and that only a lack of housing facilities prevented many additional tourists from spending the winter there.

As part of the entertainment facilities provided for the visitors, as well as the home people, are the Tuesday night social affairs held at the Community House, where various kinds of card games, checkers, Chinese checkers, dominoes, and other games are enjoyed.

On Friday nights dances are held for the younger people, and it was announced that next Friday night a special program will be held at which time Norman Beasley and his "Florida Cowboys" will provide an entertainment feature, followed by a dance.

85 Winter Visitors Entertained By Group

A total of 85 winter visitors were the guests of the Women's Civic Committee of the Seminole County Chamber of Commerce at a party in the Chamber of Commerce building last night.

H. E. Morris, supervisor of the members of the club in the Valdez Hotel Wednesday night at 8:00 o'clock. President George Weinstein urged a full attendance of members.

ANNOUNCES

Sam C. Gardner, above, has announced that he will be a candidate for Constable in the Fourth District which embraces Sanford and environs.

House Committee Makes Big Slash In Appropriations

Total Cuts Below Amounts For Current Fiscal Year

WASHINGTON, Feb. 6.—(AP)—The House Appropriations committee today cut \$228,013 from President Roosevelt's \$100,000,000 request for expenses of the State, Commerce and Justice departments, and federal courts during the next fiscal year.

The reduction brought to \$196,700,000 the amount slashed from presidential estimates in a half dozen appropriation measures now before Congress.

The \$107,373,000 bill for the three departments and courts contained funds for such activities as counter-espionage, anti-trust investigations, and 1910 census.

The total \$142,850 is below appropriations for the current year.

HOSPITAL SHIP BOMBED

LONDON, Feb. 6.—(AP)—A Reuters press dispatch from Helsinki said last night a Russian plane bombed and machine-gunned a Finnish hospital ship yesterday. The ship was reported damaged but the crew and a lone patient aboard escaped uninjured.

The weekly drill sessions of the three local National Guard companies were held in the Armory last night.

The Sanford Ministerial Association met this afternoon at 3:00 o'clock for a regular session in the Presbyterian Church.

L. Moran, pitcher for the Kansas City Club, is the guest of Buddy Lake of this city, while awaiting the opening of Spring training activities on Mar. 8.

Friends of Ralph Bagwell, secretary of the Seminole County Chamber of Commerce, will regret to learn that he is confined to his home because of illness.

The regular luncheon meeting of the Kiwanis Club will be held in the Valdez Hotel at noon Wednesday. The Rev. W. P. Buhman is chairman of the program committee.

Fred R. Wilson, local attorney, will be the guest speaker at the regular meeting of the Lions Club in the Valdez Hotel Wednesday night at 7:00 o'clock. Secretary C. E. Adams urged a full attendance of members.

Final arrangements for the annual Shrine Club dinner dance will be made at a special meeting of the members of the club in the Valdez Hotel Wednesday night at 8:00 o'clock. President George Weinstein urged a full attendance of members.

Disaster Debt Moratorium Purchases Of Every Hurt By Cold

Citrus Growers Are Hardest Hit

Damage Suffered By Industry In State Is Over \$50,000,000

Damage to citrus and truck crops in Seminole County as a result of the freeze is approximately \$3,000,000, according to an estimate by the Seminole County Disaster Committee which met in the office of County Agent C. R. Dawson in the Court House yesterday afternoon and recommended that a moratorium be declared on all crop and private loans to growers because of the heavy damage suffered.

The county's citrus growers were hardest hit, suffering an estimated loss of \$2,000,000, including the loss of fruit which was estimated at between 90 and 95 percent and the damage to trees which was estimated at \$1,000,000, the committee reported.

The damage to this county's 4,500 acres of citrus was estimated at approximately \$100,000 while the damage to other truck crops was estimated at \$100,000.

Members of the Seminole County Disaster Committee, who met in the office of County Agent C. R. Dawson in the Court House yesterday afternoon and recommended that a moratorium be declared on all crop and private loans to growers because of the heavy damage suffered.

Following reports in Florida's 21 citrus-producing counties, the state's major industry was tentatively estimated at \$100,000,000.

Principals Discuss Democracy Day Plan

Observance of Democracy Day on George Washington's birthday, Feb. 22, was the chief topic of discussion at the meeting of Seminole County's white school principals in the Court House Saturday afternoon. Superintendent of Schools T. W. Lawton presided.

It was decided that appropriate programs will be held in the schools of every community on the night of Feb. 22 in which the students, the P. T. A. and others will take part. The program for Sanford will be held in the Junior High School.

Mr. Lawton has been named chairman of the observance in Seminole County by Colin English, state school superintendent, who is chairman of the observance in Florida.

Mr. Lawton has sent letters to the officers of all civic, social, religious and other groups in Seminole County inviting them to attend the meeting of the Board of Directors of the Seminole County Chamber of Commerce Tuesday, Feb. 13 when plans for the observance of the day by these groups will be discussed.
