Slang Dictionary Translates Movies

COPENHAGEN—(AP)—A new Danish "U.S.A. slang" dictionary has recently been published in Denmark because, say the authors, Victor Skaarup and Kris Winter, people take such an immense interest in movies and modern books that they are not content with the translations they can get by knowing standard English.

The Danes are therefore no more astonished when they read about a "palooka" who "oozes out of town" when "the pink" got on his trail. They think it quite natural for a musician to sit in the orchestra and "chew on his lute stick" so that the performance can be a "splendidorous sockeroo."

FUNNY CONCLUSION

MOULTREE, Ga., (AP)—Albert Linden has been collecting jokes for 20 years but has never run across a single "new one." But, he adds, "they seem to be as funny as ever."

Bermuda May Ban Cedar Coffins

HAMILTON, Bermuda (AP)—Bermudians may no longer be buried in caskets of native cedar if legislation prepared by Morris A. Gibbons is passed by the House of Assembly.

The Colony's supply of cedar is limited and may become even more scarce through the ceiling being placed on the use of the trees and through craftsmen's use in making cedar articles for the tourists.

There has never been any thought given to having caskets made of anything but Bermuda cedar, the purpose as well as the security being in a cedar coffin.

NOW RURAL FIRE ALARM

LOVELL, Me., (AP)—A top 30 foot tower on the outskirts of this Maine village stands the siren which alerted residents of New York City from the top of the Empire State Building for possible air raids during the war years. Now it is used as a fire alarm signal, operated by remote control from the local telephone office switchboard.

From where I sit... by Joe Marsh

Folks weren't surprised when Bert Childers won first prize for his corn at the county fair.

Yet the judges admit it wasn't just because Bert had the finest ears of corn. He knew how to display them: neatly arranged, with the husks cleanly trimmed, and the both white and spotless.

"Trimming" sure make a difference no matter what you're offering—as Andy Botkin, keeper of the Garden Tavern, well knows. Andy doesn't just sell good beer. He sells it in a place that's clean and attractive... in nice surroundings that

belong with the enjoyment of a wholesome beverage of moderation.

And Andy, of course, is a whole-hearted supporter of "Self Regulation," that's the system by which the Brewers and tavern keepers themselves make sure that taverns selling beer are clean and orderly.

From where I sit, people like Andy also rate a "first prize." Not just for the quality of the product—but for the "trimmings" too.

Murray Re-Elected President Of C.I.O.

PAC Serves Notice It Will Enter All Important Elections During Year 1947

ATLANTIC CITY, Nov. 22—(AP)—Philip Murry was re-elected president of the C. I. O. this afternoon at the convention in Atlantic City. The election of Murry was by acclamation.

The C. I. O. winding up its convention today, has adopted a foreign policy resolution which calls for world disarmament and opposes stockpiling of atomic bombs.

There was a slight ripple of excitement in the otherwise unusually placid convention when the foreign policy point came up. In contrast to other resolutions a considerable number of "no" votes were cast.

The vice president of the wholesale and retail employees union, Jack Altman, sought to amend the resolution to read that dictatorship — not merely fascism — should be condemned. He maintained that all the United Nations, not just the United States, should be urged to break relations with Spain and Argentina.

Altman argued "Soviet Russia made a pact with Hitler once. How do we know it won't make a pact with Franco?"

His suggestions were turned aside and there was no further debate on the question. On this final day of a five-day meeting, the convention also continued the CIO Political Action Committee. It served notice that the PAC will enter every important city and state election in 1947.

Britain Is Not Satisfied With Roumanian Poll

Russia, Meanwhile Hails Result As Win For Democracy

LONDON, Nov. 22, (AP)—A British Foreign Office spokesman charged today that the Roumanian election in Bucharest was neither fair nor free. He added that the question of British relations with Roumania now is under consideration. The spokesman was asked whether the withdrawal of British recognition would affect the signing of the peace treaty with Roumania. He replied that the British government aimed at concluding peace treaties only with recognized governments.

Meanwhile, the election in which the Communist emerged victorious was hailed in Moscow as a victory for Roumanian democracy. Soviet news dispatches from Bucharest claimed that the result showed the Roumanian people's approval of their nation's foreign policy.

Wreckage Of U. S. Plane Is Sighted

PARIS, Nov. 22, (AP)—It was announced officially this afternoon that the wreckage of a lost American Army transport plane has been found in the Swiss Alps. The announcement by Orly Field officials said that all 11 persons that went down with the plane are alive.

The wreckage was sighted 12 miles southeast of Interlaken, Switzerland. Supplies have been dropped and planes are scouting the area to mark the spot.

Word reaching Grenoble, France, said that a United States patrol plane crashed on a mountain peak. The plane may have been one of those which had been searching for the wreckage of the transport plane in the Swiss Alps.

Grizzard Urges Revival Of Good Business Tactics

Sanford Lions Will Aid Promotion Of Courtesy Week

The need of reviving pre-war courtesy in business relations was today stressed by Vernon T. Grizzard, public relations teacher, in a talk to members of the Sanford Lions Club at their initial meeting at the Community House. Food for the luncheon was prepared by Mrs. M. D. Gatchell.

"We are all salesmen," said Mr. Grizzard, "selling the good will of the firms we represent." He stated that practically every one wants to develop his or her personality, but "so few do much about it." Another strong modern trend, he said, is to render service, and he declared that there is not a Lion's Club or any other club "worth its salt unless shot through with the spirit of altruistic service."

King Lam Witte, president of the Lions Club, announced in promoting Courtesy Week in Sanford, starting Dec. 3, during which time Mr. Grizzard will lecture to workers and employees on business relations, in a program sponsored by the Chamber of Commerce and the Retail Merchants Association.

The club voted to aid the Salvation Army in its Christmas collections. It also promised aid to the Elks in their toy collections for underprivileged children and their Christmas party program. J. E. Rowland reported plans are completed for the Lions Annual Dance at the Mayfair Inn, to be given Thanksgiving Eve for the benefit of the Blind Fund. Plans to sponsor a circus were discussed.

Lt. O. E. Greer Is Discharged From Army Air Forces

BOCA RATON FIELD, Nov. 22, (Special)—First Lt. O. E. Greer, 21, of Oviedo, who has qualified for separation from the Army Air Forces, was discharged today. He has been stationed at Boca Raton Army Air Field since May 1945. After final processing he received his honorable discharge and has returned to civilian status.

Lt. Greer, son of Mr. and Mrs. B. H. Greer of Oviedo, entered the service Nov. 18, 1942, and reported to Boca Raton Field May 1945. He was previously stationed at Ellington Field, Tex., and Greenville, S. C.

Lt. Greer served overseas as a pilot of a B-17 in the European Theater of Operations from Nov. 21, 1944, to Dec. 17, 1945. He wears the Air Medal with three Oak Leaf clusters. He graduated from Seminole High School.

First T. B. Health Bond Is Purchased

Mr. and Mrs. Robert Aiken were purchasers of the first T. B. Health Bond sold in the 1946 Christmas Seal Sale. It was reported today. Mrs. Aiken came personally to buy the bond. She declared, "I know the work that the Tuberculosis Association is doing and we feel that we want to have a share in its humanitarian program. We leave a place in our budget for such things and count it a privilege to give."

George Touhy, General Chairman for the Seminole County Seal Sale, announced that the first mailing of general seal letters will go in the mail on Monday.

BASE BALL SEASON TILT

WEST POINT, Nov. 22—(AP)—The Army football team will engage in its post-season games. Courtesy, Personality Development, Salesmanship Course To Be Held Here

Following an outline by Vernon T. Grizzard, public relations teacher, of the post-war needs, a course of courtesy, salesmanship and in personality development members of the Chamber of Commerce and the Retail Merchants Association agreed yesterday to sponsor a two evening lecture course on the subject to be conducted on the evenings of Monday and Tuesday, Dec. 9 and 10, at the Community House.

W. V. Billing, president of Seminole County Chamber of Commerce, presided over the meeting at the Community House. A number of representative business men attended. Mr. Grizzard, directs the Grizzard Business Course and school of public relations in the larger cities of the coast and read letters of commendation from public officials for his work in Orlando, Jacksonville, Tampa, Sarasota and other Florida cities where his lecture work was conducted. He was introduced by Edward Higgins, chamber of commerce manager.

Pointing out the slackness of courtesy during the war period, Mr. Grizzard declared that the course will be a "time consuming" one that employees have to get back to "old fashioned"

Report Says U. S. Troops Will Be Sent To Greece

American Attache In Athens Refuses To Comment On Story

ATHENS, Nov. 22, (AP)—A Greek newspaper (Vradyni) published a story today attributed to "authoritative sources" which claimed that 18,000 American troops are expected to arrive at Monika, Greece, early in December. The report was dispatched by the rightwing publication's Monika correspondent, and it said that preparations are being made to receive the American troops.

The United States military attache in Athens — Col. Donald Beckwith — answered all queries about the story with the statement "no comment."

News dispatches from Athens, of new terrorist activities, including the killing of a Greek official, were reported today. The killing occurred after the Greek government had issued a petition for the arrest of the village of 200 men, who were wounded and killed in the attack.

HIBLE VERSE FOR TODAY

IT ALL RESTS ON LIBERTY, DEMOCRACY AND THE GOLDEN RULE: Every man also to whom God hath given riches and wealth, had hath given him power to eat thereof, and to take his portion, and to rejoice in his labor; this is the gift of God.—Ecc. 5:19

THE LITTLE CATS (From The Saturday Review of Literature)

Our mackerel cat Has three kittens. The girl one sat With white mittens Down in the hall. The grandfather clock Boomed. The kitten Shied at the shock.

Pounce, bounce, Come her two brothers. There were once Three others. We don't surmise Who this one is. Their round eyes Are all iris.

They sleep in a ball. They scuffle and scamper. Once they lived all By the clothes hamper. Of their mother they know They can't boss her. They sit in a row For the milk saucer. They think a brown marble Is a mouse.

They hop up stairs And tuck through the house. Pretentious books By many are written. I prefer the looks Of a high-tail kitten. WILLIAM ROSE BENET.

President Truman is not the only notable currently being attracted to Florida. Governor Dewey of New York is expected to visit Miami this weekend.

A. F. Whitney of the Brotherhood of Railroad Trainmen pays his respect to President Truman. He is, Whitney says, "a product of the Pendergast cesspool". However, it should not be forgotten that he was President Roosevelt's personal choice for the Vice Presidency.

Senator Pepper is worried lest the G.O.P. will not aid the South in obtaining lower freight rates. Well, the Democrats have been in control of Congress for 16 years and they haven't done it yet. There's no reason why the Republicans should go out of their way to help the South.

Winston Churchill, who was without a doubt the greatest Prime Minister England ever had, says President Roosevelt "was the greatest American friend Britain ever had". The Roosevelt "lend lease" scheme, he adds, "will stand forth as the most unselfish act of any country". Never before in the history of the world have so few given so much to so many.

Thousands of union men are fed up with the Lewis tactics, but we are afraid their sympathies would shift if the Government jailed Mr. Big. There must be some other way to stop this man from telling the United States of America where to head in—Orlando Sentinel. They put Charles Mitchell, George Whitney, Samuel Insull et al in jail without making martyrs of them. Is Lewis above the law?

The next depression, says James Truslow Adams, the historian, will be a honey, or words to that effect. "After every war," he continues, "eventually the loss of capital goods has to be made good, and it can only be made good the hard way. In this world war, we have destroyed more capital goods than ever before in the history of the world and the crash will be correspondingly great." When you borrow 200 billion dollars, you generally have a hard time paying it back.

Henry Wallace warns that if this government abandons the liberal philosophies of the last few years there will be another depression. That is safe bet no matter what the government does. He says that if Florida doesn't take drastic steps to avert another hurricane, there always have been depressions, and we suppose there always will be. The Bible tells us about the seven good years and the seven lean years. The wise man prepares for the lean years in times of plenty. Others will for the WPA to take care of them.

The Coal Strike

Time was when coal miners worked twelve hours a day, seven days a week and for that got twelve dollars a week. Women worked in the mines as well as men in those days. Even when pregnant, and babies were more often than not born dead. Going into the mines before sunup, coming out not until after dark, men and women both often worked for years without seeing the light of day.

All that was a long time ago, long before either John L. Lewis or his United Mine Workers. Considerable progress toward the emancipation of miners had been made before Mr. Lewis was born, but giving the devil his due, abuses still prevalent even in this generation have been largely eliminated through Mr. Lewis' efforts. For this he deserves full credit.

It has been a long time since coal miners suffered much. As far back as 1930 they were working for \$7.50 a day, not bad with steady employment, but the miners complained they did not have steady employment or a full week. That complaint is no longer justified. With a guarantee of 54 hours of work each week, with time and a half pay over 35 hours, the average is about 40 hours.

For the eighth time in five years, war or no war, John L. Lewis called his miners out on strike last Spring, tied up the country for 59 days, and won for them what most of us would consider pretty generous terms. He had, it seemed, knocked a home run every time he came to bat. This time he got \$1.85 a day wage increase, a 35-hour week with a 54-hour working schedule with time and a half for over time and double time on Sunday. He also got \$100 vacation pay and 5-cents a ton royalties for a "welfare fund," which to date has raised \$8,000,000.

Is Mr. Lewis satisfied with that? He is not. He has a contract with the government, but unions cannot be prosecuted for contract violation. The Smith-Connolly Act prohibits a union from striking against the government, but Mr. Lewis does not take that seriously. He demands a new contract with 48 hours pay for 40 hours of work, or a 30 percent wage increase, and larger contributions to his "welfare fund."

Without this wage increase, the miners now make an average of \$62.37 a week, working on the average about 40 hours. If they worked the full 54-hour week as they are permitted to do, they would make \$75.25 a week. Coal mining is not skilled labor. Anybody who can dig a ditch can mine coal. But their pay ranks above school teachers, nearly all white collar workers, construction workers, and those in the manufacturing industries.

If these new wage demands are granted, it is the American people, most of whom earn less than the miners, who will have to pay it, through higher prices for coal, for products using coal, or through higher taxes. For this is a strike against the government, the government of the American people. And it may well determine who is the stronger, the American people or John L. Lewis.

VERY TRULY YOURS

By CLAUDE PEPPER

Dear Friends: In common with many others, I have been trying to peer into the future to see what Republican policy of the House and Senate holds in store for us. If the Republicans follow their previous performance, both as a minority power and when last in power, I am fearful that their policies will be harmful to the South. Under the Democratic Party and particularly with Roosevelt, who called the South his second home, our Southern states made tremendous strides. This can easily be seen from the fact that average income payments in the 13 Southern states rose from \$210 per person in 1933 to almost \$300 per person in 1945. This is a four-fold increase, whereas income in the other states increased only three times in the same period.

Today we are on the verge of even more rapid development in our industry and agriculture if we can continue proper Federal aid. However, I strongly fear that Republican policy will slow that development. First, the seat of power in the Republican Party is held by Northern and Eastern industrialists who, while having many industrial connections in the South, have consistently opposed the development of local Southern industry. They have fought against our attempt to reduce freight rates. They have resisted active development of our rivers and harbors work. And I do not quite see a Republican Congress encouraging our bill, S. 1385, the bill introduced by Senator Bailey of North Carolina and myself, along with other Southern Congressmen, to aid in the industrial interests represented by the Republican Party will encourage federal aid to local competition in the South.

Furthermore, the Republicans' announced policy of reducing expenditures threatens many of the Democratic programs which have directly benefited the South. These include federal aid to education and health, and aid to research for business and agriculture. In particular, I have found no signs of Republican interest in dealing with price support for products and soil conservation programs. It is perhaps no accident that the drop in the cotton market took place on the eve of the Republican victory.

I am particularly fearful that the Republicans now in control will block a number of changes which a number of us in the South had prepared in the social security program and other federal aid programs which would have raised the proportion of Federal aid to the Southern States. And I should not neglect to mention that the Republican proposed tax cut will least benefit the relatively lower income Southern states. A straight tax cut is less equitable than the democratic principle of taxes graduated by income.

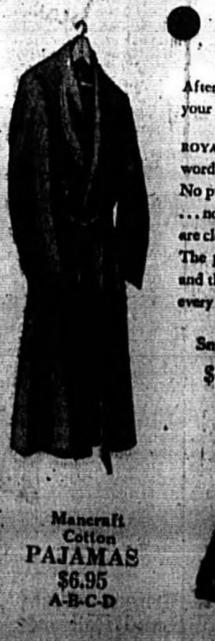

One principal factor making for this not very cheerful picture of what Republican rule will mean to the South is that all of our Southern leaders lose their respectable and important Committee chairmanships in both Houses. In the House of Representatives, Speaker Rayburn of Texas will be replaced by Joe Martin of Massachusetts. Southerners lose important posts in the House as

chairmen of the Committees on Agriculture, Naval Affairs, Military Affairs, Patents, Ways and Means, Public Buildings, and others. Florida's Representative J. Hardin Peterson of Lakeland loses his chairmanship of the important Public Lands Committee. Our losses in the Senate are just as vital. Senator McKellar, Tennessee loses both the office of Presiding Officer of the Senate and the chairmanship of the all-powerful Finance Committee post. Senator George of Georgia loses an equally powerful Finance Committee post. Senator Connally, an important Foreign Relations Committee, Senator Overton the chairmanships of both the Brigades and Manufactures Committee, Senator Bailey of North Carolina Commerce Committee, and I lose my chairmanship of the Patents Committee.

Giving up these chairmanships means that Southerners who have for many years guided the passage of the most vital legislation in the history of this country will no longer be in a controlling position. In their places come Republicans who have to date shown little interest in the welfare of the South and its citizens. But we who are working for a new and better South will continue to fight for the interests of the South and to work night and day to see that the Republicans do not keep their majority for long.

German Funds Withheld In Japan

TOKYO (AP)—German national funds withheld in Japan have been refused permission by Gen. MacArthur to withdraw \$20,000 from blocked accounts on grounds that current authorized withdrawals are enough.

The Japanese government is responsible for providing food as well as supplying destitute Germans with 50 yen monthly for relief. They also are furnishing firewood, clothing, shoes and medical supplies.

Lake Blows Up And Kills Its Fish

BRISBANE (AP)—Lake Nooga Nooga, normally a five-mile-wide expanse in the northern part of Queensland, has disappeared. The water's edge receded rapidly following a muffled explosion from the direction of the lake heard on Christmas E., 1944, and today only a strip of mud remains.

The explosion, believed to have been a subterranean disturbance, killed all the fish in the lake. One theory is that the disturbance opened a connection with an underground shale layer through which the water flows away.

Public Buildings, and others, Florida's Representative J. Hardin Peterson of Lakeland loses his chairmanship of the important Public Lands Committee. Our losses in the Senate are just as vital. Senator McKellar, Tennessee loses both the office of Presiding Officer of the Senate and the chairmanship of the all-powerful Finance Committee post. Mrs. Kircher Speaks At Civic Meeting

The Civic Department of the Sanford's Women's Club held its regular monthly meeting Nov. 20 at 11:00 A. M. for the purpose of holding Christmas seals for the Seminole Tuberculosis Association.

The covered dish luncheon was served by the following hostesses: Mrs. H. C. Hessel, Mrs. W. S. Brumley, Mrs. W. R. Hinson, Mrs. J. M. Joyner. At the conclusion of the luncheon Mrs. H. H. McCallin, chairman, called the meeting to order. Minutes of the previous meeting were read by the secretary, Mrs. Ralph Austin Smith and approved.

Mrs. B. H. Crumley, program chairman, introduced Mrs. Edward Kircher, principal speaker for the day. Mrs. Kircher, secretary of the T. B. Association, told of the three points on which the association is concentrating. First, being the work done with the health unit on case finding which includes taking care of mental and social problems, as develop from the discovery of the disease.

Promoting health education in schools by use of literature and films and rehabilitation which begins with the discovery of T. B. in the patient. This includes getting the patient into a sanitarium and revamping his work if necessary after he leaves the sanitarium.

Mrs. Kircher concluded by pointing out that these things are done with money received from sale of Christmas seals. Dr. Frank Quillman spoke briefly on the connection of the health unit to the T. B. Association and requested support in promoting good health in Seminole County.

Teen Talk

Dear Judy,
All the heps are busy like mad making with the needle and thread. There has been lots of interest in little remnant stores where pieces of material can be picked up for scarves, handkerchiefs, patch quilts, aprons and handbags—for Christmas presents.

JoAnn Little of Cathedral High School in New York is making the "cutest little animals—scaly dogs, etc.—out of wool and wire. She says directions are easy to get in art stores.

Some of the kids bought some pretty string gloves and mittens, embroidered 'em with flowers or initials at the cuff of the glove.

You really feel in a sewing mood, hand-rolled handkerchiefs are in-most presents for the heps. First try to find some real iris linen. If you can't, you can get squares of various printed cottons in the remnant or department stores.

Almost every city has a shop that sells old camera cases with shoulder straps (Civil or World War). Usually you can pick them up for about 10 to 50 cents. The better looks a little worn and may give you up and make slick gifts.

Fix up some turpentine to clean off any paint. Then use castor oil to give life to the leather. After that use a regular leather polish or automobile polish to finish the job.

See all the slick chicks are buying over usignia—the big brass kind—any kid would appreciate a Christmas gift of the kind. You can find unusual brass insignia in your neighborhood and try to get insignia that might be used to old policeman or fireman's or war uniforms—foreign and American. Then use a polisher to polish and clean 'em up and spin 'em.

New York delis have gone to a happy that they even buy the waiter's badges at the club.

Have you seen skating socks? They are socks and make a really good gift. Get a solid color sock and a solid color sock. The solid color socks in different colors that will harmonize with the color you choose. If you have old socks you would then get green, yellow gold and red socks. If the socks are like, so get the better, sew a row of those rows of green, row of yellow gold, etc., down the side.

Bye Now,
Vivian

Louis Fischer To Speak In Winter Park

"The first job of the peace planners is to plan a world without empires," says Louis Fischer, who will speak in Winter Park on Tuesday evening at 8:15 o'clock. "Otherwise," this brilliant journalist continues, "it will be a world without peace. Peace planners who omit a consideration of empires are leading in fantasies."

Perhaps no other war correspondent, lecturer or author and Louis Fischer has distinguished himself in all three callings — is as well qualified to analyze the relationship of world peace and the empire concept.

Fischer has come by his reputation for unbiased reporting and sound analyses — political, military, social and economic — through first-hand observation of people, places and events. Long recognized as an authority on Russia and India, he has spent a great deal of time in France, England, Germany and the Balkans. He knows Stalin, Truman and Churchill, and many American statesmen and diplomats.

To those who would be guided by an intelligent approach to the problem as a safeguard against

future wars, Louis Fischer warns, "Asia has become conscious of its strength and its possibilities. It is tired of being regarded as the white man's burden. That is why American leaders are warning the world that imperialism must go."

Tickets now on sale at the Book Nook in Orlando and the Sandspur Book Shop in Winter Park.

First Rounds Of \$10,000 Orlando Open Begins Thursday

Several Sanford Golfers Plan To Enter Tourney

Nation's Prominent Professional And Amateurs Expected

The Junior Chamber of Commerce in Orlando is sponsoring the \$10,000 Orlando Open Golf Tournament to be held at the Delwood Country Club beginning Nov. 28 with the final rounds being played on Dec. 1.

Among the professional named golfers in the Professional Golfers Association to participate in the tourney will be Ben Hogan, Sam Snead, Fred McLeod, and others.

A large field is expected to enter the qualification rounds to lead for amateurs on Nov. 27. The amateur field in the tourney will be limited but the pro ranks will be unlimited. Nearly 100 players are expected to compete.

The most prominent amateurs in the country will also participate in the contest. Among those who are expected to compete will be Frank Stranahan, Cary Middlecoff and Gene Balfanz.

The amateur field will be limited in order that only the best will participate in the final rounds.

A number of Sanford golfers will participate in the Orange County tourney. Among those to enter will be Lee V. Stover, manager of the Seminole County Club; Clyde Tewksbury, Jr., Seminole County Club; A. Bryant, Sr., G. W. Spencer, Jr., Spencer and E. H. Smith. Tickets for spectators are on sale at the local club.

Californians Do Not Approve The Bowl Agreement

Many Persons Along the Northern Stretch of the Coast Opposed to the Bowl

SAN FRANCISCO, Nov. 22. (AP)—Nearly every one on the west coast is having his say today on the Bowl agreement between the Pacific Coast conference and the Western Conference.

Many persons along the northern stretch of the coast approved the pact, but the consensus in Southern California seemed to be that such an agreement could have been made a year later, so that the opposition next year's "Day" would be less severe.

There even is a healthy minority of golfers in the Professional Golfers Association who are opposed to the bowl in any form, no matter what the terms. They object because the pact closes the door on teams from the South and Southwest which have provided the bowl history with many colorful chapters.

The players on the UCLA and Southern California teams were particularly vocal in their opposition. "UCLA's candidates for All-American honors and Big Ten titles, commented: "We would have liked to see West Point to play the bowl."

Kicking Is No Lost Artistry In Big Six

CHICAGO, Nov. 22. (AP)—A cry that is being heard in recent years is that kicking is no longer a lost art. Such a statement certainly doesn't hold true in the Big Six.

It was a field goal by Sam Vucata that gave Nebraska a 14-14 victory over Kansas. A field goal by Paul Turner enabled Kansas to upset Oklahoma, 16 to 13. Missouri's tackle, Jim Keeler, booted three extra points to beat Nebraska. The Fambrough of Kansas beat Oklahoma, 14 to 14, by making good on three conversions. Dave Wallace of Iowa kicked a 40-yard field goal to defeat Texas Christian, 14 to 12.

SPORTS LAUGH

An idea comes from near where the potatoes grow in the state of Maine. No native of that state, Fritz Crisler of Michigan thinks about the possibility of growing the bowl. Crisler's only comment has been: "We have a football game on our hands Saturday."

SPORTS ODDITY

On this odd day of 1932, Southern California clinched the Pacific Coast football championship and the right to play in the Rose Bowl by beating Washington, 9 to 6. Their margin of victory was a field goal.

On the same day, UCLA was eliminated from the race as the Bruins lost to Washington, 20 to 0.

INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

The 10 Commandments Of Sports

1. Treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.
 2. Carry only empty guns taken down or with the action open, into your automobile, camp and home.
 3. Always be sure that the barrel and action are clear of obstructions.
 4. Always carry your gun so that you can control the direction of the muzzle, even if you stumble.
 5. Be sure of your target before you pull the trigger.
 6. Never point a gun at anything you do not want to shoot.
 7. Never leave your gun unattended unless you are loaded.
 8. Never climb a tree or fence with a loaded gun.
 9. Never shoot at a flat, hard surface or the surface of water.
 10. Do not mix gunpowder and alcohol.
- (From "Florida Game and Fish" for November, published by the Sporting Arms and Ammunition Manufacturers' Institute in the interest of keeping shooting a safe sport.)

LEWIS ORDERED TO STAND TRIAL

British Urge Verification Of Troop Figures

U. S. Group Decides To Oppose Moves To Inject Inspection Provisions

LAKE SUCCESS, N. Y., Nov. 25—(AP)—The British delegation to the United Nations today urged that all troop figures in a proposed U. N. inventory be subject to verification by a United Nations inspection unit.

The British position was disclosed shortly after it was learned that the United States delegation had decided to oppose any move to inject an inspection provision into the inquiry. Russia also is known to be opposed to such a plan.

The Australian delegation is believed to be ready with a resolution calling on the assembly to condemn Russia for her stand against limiting the use of the Big Five veto.

Soviet Foreign Minister V. M. Molotov arranged to call on State Secretary Byrnes today to what may be their first serious private discussion of Soviet-American problems in many months. The appointment is said to have been made at Mr. Molotov's request.

Celery Rapidly Recovering From Blight, Side Burn

Rapid recovery from blight and side burn on celery which has been brought on by the continued, hot, dry weather in the Sanford-Ocala section, was reported this morning by M. C. Cunniff, manager of the C. C. Chase and Company, who last week after a tour and survey of celery sections throughout the state, reported that all celery crops looked rather poor.

Sanford seems to be the first section in the state to show recovery in celery, and there are signs of new growth, he said. At present, the Everglades celery districts seem to be the worst hit, due to a heavy rain there on Nov. 1. Cabbage was also damaged there.

A change of weather to cooler, with moderate rain, will overcome present difficulties in growing celery of good quality, declared Cunniff.

"However," he asserted, "celery men are quick to point out similar conditions in the state where celery growth was retarded, then followed by large sizes of exceptional quality. If, on the other hand, present hot, dry conditions continue, there is likely to be further deterioration instead of improvement in the crop.

"If there is no set-back, perhaps 100 cars of the crop may move by Dec. 7. It is estimated, however, that plantings have been set back by two or three weeks and that movement will be comparatively light until Jan. 1.

In contrast to the relatively poor condition of the Florida crop is the report of fine quality celery in California, according to H. C. Hatzel, district manager of American Fruit Growers, Inc. who returned by air line Thursday. After inspection of packing places at Ingle and Los Angeles, he reported California packing equipment to be very good. The trade there is very uncertain as to prices on the celery deal, he said.

W. I. Hughey Dies Suddenly In Orlando

Washington Irving Hughey, a resident of Sanford for the past 25 years, died suddenly at an Orlando Hospital at 8:40 A. M. today.

Until his retirement several months ago, Mr. Hughey had been associated with the Hill Hardware Company for 25 years. He was a member of the First Methodist Church, the Odd Fellows and a leading member of the local Towns-End Club.

Survivors include the widow, Mrs. Orpha Mae Hughey of Sanford; two daughters, Miss Frances Mae Hughey of Miami and Mrs. M. T. Scarborough of Gulfport, Miss.; one son, L. I. Hughey of Sanford; one brother, Will Hughey of Watkins, N. Y.; two granddaughters, Lewis Hughey and Jo Ann Hughey of Sanford.

Funeral arrangements, under the direction of the Erickson Funeral Home, will be announced later.

As Lewis Faced Court Test

GRIM DETERMINATION marks the features of United Mine Workers chief John L. Lewis as he walks from his headquarters in the nation's capital. The silent refusal on the part of Lewis to comply with a Federal Court order to withdraw his contract cancellation notice has caused President Truman to instruct the Attorney General to move to have the union leader cited for contempt of court. Wilson Says Tomato Crop Reached Peak

JACKSONVILLE, Nov. 25 (Special)—"The tomato movement handled through our Fort Pierce State Farmers' Market reached its seasonal peak during the last week, with an estimated total of 60,000 crates or better for the six-day period," said William L. Wilson, director of Florida State Farmers' Markets. In a letter, he said he had returned from an extensive trip covering several of our South Florida markets, during which he was much impressed by the good outlook for Fall and winter production of major vegetable crops, and by the critical need for extension of facilities at several points. Right now the Fort Pierce Market is facing a real emergency, due to its rapid growth of patronage, and to the general expansion of production in that area.

"An idea of the situation at Fort Pierce may be gained by the official report from Market Manager M. E. Williams. For the second full calendar week of this month, Fort Pierce handled 33,450 packages of produce, including 30,787 bushels and 12,054 crates of tomatoes. For the corresponding week of 1945 the market handled 3,379 bushels and 7 lots of tomatoes. We may admit that a part of this tremendous increase in market-patronage may be accounted for by the production season late last Fall, but even granting this, the growth in the market's business is tremendous, and the overloading of its facilities increasingly serious. Plans are now being drawn for some essential improvements, on which work will be started at the earliest possible moment, and I am very hopeful that construction may be completed in time for the Spring shipping season.

"Tomatoes sold on the Fort Pierce market this last week for prices ranging from \$2.50 to \$3.90, mostly from \$4 to \$5.50. A few cucumbers were handled at \$5.50 to \$7.

Sanford County Post No. 3283 of the Veterans of Foreign Wars will hold their regular meeting tonight at the Legion Hut on Central Ave. Woodward. Adjutant John Seis reported this morning. He said that a dinner will be served at 7:00 P. M. and a business meeting will follow immediately. Comdr. Smalley Odham has urged all members to attend.

Christmas Seals To Be Mailed Tonight

First mailing of Christmas Seals for the tuberculosis relief fund will be mailed this evening, it was announced today by George Touhy, seal sale chairman, who urged that all citizens promptly respond with remittances. Those who have not received seals by mail may get them at Association headquarters in the Touchton Building.

"Buy 'em and Use 'em" is the slogan for the sale. Mailing will be staggered to aid postal distribution.

Robert Cail Funeral Held This Afternoon

Robert Cail died at his home on the Orlando highway Sunday at 8:00 o'clock after a short illness.

Mr. Cail was born in Georgia on May 2, 1876, and had lived in Goldensrod for a number of years. He was a member of the Baptist Church of Goldenrod.

Survivors include one son: Mr. A. L. Cail of Rosedale, Tex.; one daughter: Mrs. C. K. Hawkey, Miami.

Funeral services were held at Southside Cemetery this afternoon at 3:00 o'clock with Rev. J. W. Austin of Orlando officiating. Erickson Funeral Home in charge of arrangements.

Rice To Play Tennessee In Orange Bowl

Committee Says More Than 50,000 Ducat Applications Have Been Turned Down

DALLAS, Nov. 25—(AP)—Arkansas has been officially selected as the host team for the Cotton Bowl. Athletic Director John Barnhill of Arkansas said earlier today that the Razorbacks would accept, if invited.

MIAMI, Nov. 25, (AP)—The Orange Bowl Committee today announced that Rice Institute of Houston, Tex., will play the Tennessee Vols in the Orange Bowl game on New Year's Day in Miami. The group revealed last night that Tennessee had accepted an invitation to play in the 1947 classic.

Graduate observers in the South had previously declared that the Tennessee opponent would either be either Rice or the University of Texas. Boston College, winner of Alabama by a 13 to 7 score last Saturday, faded out of the picture because the Vols had already defeated Boston by a 34 to 0 score.

Coach Bob Neyland of the Vols said he and his boys are applying for tickets to the game. The Army general recalled Tennessee's 17 to 0 victory over Oklahoma in Miami in 1939 and said that the Vols made their debut in bowl games in Miami and are delighted to return.

Tennessee has won eight games and lost one this season. Rice has lost two while a long seven. Both teams have faced rugged opposition. The Vols downed Georgia Tech, Duke, Alabama and North Carolina. Rice defeated Tulane, Texas, Texas A. and M. and TCU.

Both have no more opponent before their regular schedule ends, but both opponents are weak.

The Orange Bowl committee reported that more than 50,000 applications for tickets have been turned down. The stadium only seats about 50,000 spectators, and these seats were sold out early last Spring.

Mrs. Belle D. Burke Died At Home Of Son

Mrs. Belle Darby Burke died at the home of her son, W. P. Burke in Lake Mary at 1:00 o'clock Sunday afternoon after a lingering illness.

Born in Louisiana on Sept. 9, 1863, Mrs. Burke had lived in this section for the past 25 years. She was a member of the First Christian Church in Sanford.

She is survived by one son, W. P. Burke of Lake Mary; two daughters, Mrs. Helena Torrey of Miami and Mrs. D. A. Bessie of Jacksonville, Miss.; and five grandchildren.

Funeral services will be held at 3:30 P. M. Tuesday afternoon at the Erickson Funeral Home with Dr. E. D. Brownlee officiating. Burial will follow in the family lot in Lake Mary Cemetery.

British Halt Another Jewish Immigrant Ship

Two Destroyers Are Escorting Vessel To Port Of Haifa

JERUSALEM, Nov. 25, (AP)—Official sources announced today that another shipment of Jewish immigrants has been intercepted off the coast of Palestine. The vessel is said to be carrying 337 Jews seeking to enter Palestine illegally. Two destroyers are escorting the immigrant ship to Haifa.

The port area of Haifa has been closed to all civilians pending the arrival of the vessel which has a Hebrew name meaning Jewish assistance (Hinnenu HaYehudi). The number of persons aboard is said to be the largest since the outbreak of entry into Palestine from a single ship.

The British transport Empire Heywood and Comoro Vignot are said to be escorts to Haifa. They have been used previously to transport illegal Jewish immigrants to Cyprus.

Compensation Paid To 9 Persons

U. S. Compensation Commission has awarded \$129,000 for the week ending November 18 and were paid to 9 persons. One R. South, chairman of the Florida Industrial Commission reported that 1,701 payments in the state were \$2,342 of which 1,915 of which \$2,079 were men and 1,996 were women.

COBBI, Erie, Nov. 25—(AP)—The luxury liner S. S. America sailed today from Cobbi for the United States. The American ship left the Irish port after calling to embark 117 passengers.

Postmaster Field Makes Appeal To Citizens To Mail Parcels Early

By JULIAN STENSTROM
Since the Sanford Merchants Association has announced that Santa Claus is planning a visit to Sanford everyone appears to be getting into the Christmas spirit. And there's no greater reason for Sanfordites to start mailing Christmas packages to distant points than the spirit of the season.

Joel Field, postmaster, today appealed to local citizens to mail their parcels on or before Dec. 15. "This request is made," declared Mr. Field, "in order that the patrons themselves will not have to stand in line to mail packages and it will also enable the employees at the address post-office an opportunity to deliver the packages on time in good condition."

"Now that airmail is reduced to five cents an ounce," Mr. Field continued, "it is suggested that Christmas cards going to distant points be sent by airmail for quick delivery and forwarding by airmail if necessary." If the card cannot be delivered, he added, it will be returned the same as first class mail.

Mr. Field stressed that "third class" mail with one and a half cent stamps are not forwardable, either can they be returned if not delivered.

Mr. Field warned the public not to mail any of the following classifications of unmailable matter. This applied not only to Christmas mailing but is prohibited at all times:

- 1 — Intoxicating beverages.
- 2 — Inflammable matter such as matches, lighter fluid, and other articles likely to cause fire through absorption of moisture or self ignition through friction or spontaneous chemical change.
- 3 — Ammunition and all other explosives.
- 4 — Firearms, such as revolvers which are capable of being concealed on the person.
- 5 — Obscene matter.
- 6 — Poisons.
- 7 — Narcotics.
- 8 — Explosive matter.
- 9 — Lottery and raffle tickets.

"The postal laws," said Mr. Field, "provide severe penalties for the mailing of any matter included in any of the above classifications."

The Heart Of Jerusalem Becomes An Armed Camp

BARBED WIRE BARRICADES, erected on the streets located in the main section of Jerusalem, force the inhabitants to walk practically single file as a precaution against further disturbances. Seminole Racks Up 21 To 0 Win Over Seabreeze Of Daytona Beach

Members of the Sanford Rotary Club today were taken on a tour of inspection of the Stine Machine Co. plant where they were shown machinery in operation for wrapping candy, plants and for drying fruits and vegetables. George Stine and the Stine Machine Co. conducted the tour and explained the operation of the machinery.

Across 11 Grizzard public trials the competitor, who will conduct a future tour in Sanford early in December on the value of courtesy under the sponsorship of the Chamber of Commerce and the Merchants Association, made a short talk at the Rotary luncheon on the value of courtesy in business.

Introduced by Andrew Caraway, secretary and charge of the program, Mr. Grizzard said that the next ten days of the county challenge program will be the greatest in the history of the program. To the credit of this period he stressed the importance of adult education and the development of individual personality.

By adult education, he said he did not mean going back to college, but rather the necessity of maintaining active minds and keeping abreast of the times, pointing out that the average person actually uses only 4 percent of his brain.

"We are, in effect," he said, "operating on one cylinder with a 2 cylinder machine."

"Two years from now," he continued, "any of us could be making twice as much as we are now, if we were willing to pay the price in superior training."

The importance of personality was also emphasized by the speaker who said that everyone wants a good personality, everyone can have a good personality, but very few are making any effort to acquire a good personality. Such a personality, he said, cannot be bought with a million dollars, but it can be acquired with a little effort and the elimination of a few bad habits.

"What this world needs today," he continued, "is a liberal dose of good old fashioned Southern proverb courtesy. We must go back to the days of politeness. We must re-train ourselves in the art of being courteous to others."

The meeting was presided over by Roy Holler in the absence of President G. A. Spear. Mr. Caraway announced that Ladies Night will be held at the barbecue pit of the Fifty Associates next Monday night at 7:00 o'clock. Visitors included Burrell Tidale of Gainesville, and C. J. Finley and Reed Whittle of Orlando.

Freighters Collide And Sink Near Miami

MIAMI, Nov. 25—(AP)—Two small freighters collided and sank off the coast of Miami today.

The Coast Guard began a search and air search for about 17 members of the two crews.

HENRY MORGANTHAU, 81-year old Henry Morgenthau, died today. He was the father of former Treasury Secretary Henry Morgenthau, Jr. The senior Morgenthau was an American ambassador to Turkey at one time.

Local Fishermen, Out Of Gasoline, Lost Overnight

What started as a pleasant fishing trip in a rented boat on the Indian River, Saturday morning turned out to be a wet, cold and thoroughly uncomfortable experience for C. H. Wynn, local Silver-leaf taxi stand manager and Grady Loftin, visitor from Auburn, Ala., when both of the outboard motors they had brought, gave out of gasoline. Lost in a maze of slugs and channels, they had to remain overnight.

"No raincoats and it rained three times, no food, and worst of all we had to throw away the 20 speckled trout we had spent all day catching," said Mr. Wynn. Miserable and cold they huddled under palmetto bushes all night to keep the strong wind off their rain soaked bodies. Meanwhile radio calls were going out that they were missing, and planes and the Coast Guard were out searching.

At morning they found that only a narrow rise of land separated them from the main channel they had been seeking at night as they rowed about the inlets and slugs. While Mr. Wynn went to a nearby camp to get gasoline, Mr. Loftin was picked up by men from a coast guard boat. The men were lost about five miles south of New Smyrna near Packwood camp.

Decision Is Handed Down In U. S. Court

One Of Greatest Legal Fights Between Labor And Industry Has Been Forecast

WASHINGTON, Nov. 25—(AP)—John L. Lewis is to stand trial Wednesday on charges of contempt of court in the soft coal strike. This was ordered today by Federal Justice T. Alan Goldsborough at a hearing in Washington.

Lewis arrived early at the jam-packed courtroom this morning. Through his lawyers, he challenged a federal court restraining order in the coal strike and demanded a trial. Lewis's attorneys argued that "Big John's" notice cancelling the miners' contract with the government was both valid and proper. They also stated that no contract exists under the coal strike law.

At 10:30 A. M. Wednesday the government will try to prove that the order is valid, right, and that the government's interpretation of the mining contract was right and that Lewis is wrong.

One of the greatest legal battles involving labor in the history of the United States government has been joined.

The coal strike is having an immediate effect on 20 states. (Continued on Page Four)

Local Fishermen, Out Of Gasoline, Lost Overnight

What started as a pleasant fishing trip in a rented boat on the Indian River, Saturday morning turned out to be a wet, cold and thoroughly uncomfortable experience for C. H. Wynn, local Silver-leaf taxi stand manager and Grady Loftin, visitor from Auburn, Ala., when both of the outboard motors they had brought, gave out of gasoline. Lost in a maze of slugs and channels, they had to remain overnight.

"No raincoats and it rained three times, no food, and worst of all we had to throw away the 20 speckled trout we had spent all day catching," said Mr. Wynn. Miserable and cold they huddled under palmetto bushes all night to keep the strong wind off their rain soaked bodies. Meanwhile radio calls were going out that they were missing, and planes and the Coast Guard were out searching.

At morning they found that only a narrow rise of land separated them from the main channel they had been seeking at night as they rowed about the inlets and slugs. While Mr. Wynn went to a nearby camp to get gasoline, Mr. Loftin was picked up by men from a coast guard boat. The men were lost about five miles south of New Smyrna near Packwood camp.
