

Smathers Talk

(Continued From Page One)
The possible dangers of inflation due to the pouring of 17 billions of dollars of military outlay into the economic stream.

If we are not to see the purchasing power of fixed incomes reduced we must stop inflation and stop inflation, he stated. "The President has the authority to stop this trend by restrictions on easy credit."

The Russian leaders in the Kremlin were confident, he said, that when they gave the order for the invasion of South Korea that the end of the United Nations as an effective organization was in sight and that they did not doubt in their plans for world revolution.

These criminals, he declared, forgot that for five months prior Russia had been attacking the Security Council because it had refused to seat the Chinese Red government.

Russia quickly realized its mistake and came back with Malik and Vishinsky. It realizes that the UN if permitted to grow could call on the conscience of the world and stop aggression.

Mr. Smathers thanked the people who worked for him in his campaign and the voters of Sanford and Seminole County for their support.

Gut Elected

(Continued From Page One)
terested itself in a number of projects that added to the progress and welfare of the citizens and business interest of our county.

"A banquet was tendered the New York giant officials and members of the press accompanying them here during the training season. The Chamber assisted the Seminole Country Club and the Mayfair Inn in putting on a very successful amateur Golf tournament last spring.

"During the past 12 months 25,000 illustrated folders and supplements have been distributed. The Chamber is maintaining its billboards and three in partnership with the Orlando and DeLand chambers of commerce.

"The Chamber has been represented at various meetings of the Florida Waterways Congress and both the manager and A. W. Lee were elected directors of the organization during the year.

"The Chamber undertook the rechecking of the federal census figures for Seminole County and found 1440 additional names. The tourist season was longer than any ever experienced in our county, and the program conducted by the Tourist Club was satisfactory in every way.

"The membership drive this year will be over \$100,000 as soon as a few of the outstanding pledges come in. This is by far the best year we have ever had, with total cash receipts of \$8,419.50.

As one of the first acts of the new president, Mr. Gut appointed a finance committee consisting of W. V. Hittung, H. B. Coleman, E. G. Kilpatrick, Jr., W. A. Patrick, and H. B. Pope, and an executive committee including all the officers of the organization, and John D. Ivey and J. C. Clutchette from the membership at large.

Mr. Patrick expressed his appreciation to the board for its help and co-operation during the past year and urged similar assistance be rendered his successors during the coming year.

Marines Enlarged

(Continued From Page One)
Silverthorn said he could not discuss details at the committee's open session.

The Air Force at a hearing yesterday also indicated it intends to expand beyond its present goal of 69 squadrons.

Silverthorn told the committee that the Marines did not expect to resort to the draft. He said they had been getting men through voluntary enlistments and by calling up reserves.

The Marine Corps on June 25 when the Korean war broke out was 74,300 strong, including 7,281 officers and 67,019 enlisted men. This was increased by Sept. 30 to 123,600, including 9,600 officers and 114,000 enlisted men.

Silverthorn said the June, 1951, manpower target figure would permit the Marines to have two divisions at full combat strength and 18 air squadrons at partial war strength.

Silverthorn was called before the house group as part of its investigation of military manpower needs, plans and possible revision of the draft law.

Chairman Vinson (D-Ga.) asked him what he thought about having one central agency—the Selective Service—to obtain men for all services.

Kiwanis Lunch

(Continued From Page One)
local Kiwanians to attend. "So the rent for a three-bedroom apartment," Mr. Martina,

"That's right," replied Rev. McKinley, "and the law says that a family must pay at least one-fifth of its income for rent."

"There will be plenty of space for children to run and play without any traffic hazard," was the reply. "There will be recreational equipment to accommodate all ages."

During the group singing today conducted by Leon Cornell, fish started jumping in the lake and Kiwanians craned their necks trying to see them.

HOME COOKING
Mrs. Coline Wilhoit, home economist of the Florida Power and Light Co., conducted a demonstration of cooking yesterday afternoon and last night at the Crooms Academy in Goldboro.

There are signs that overtime is coming back in the factories that's the kind of sugar to hoard.

President Truman will cancel his political barnstorming tour due to the Korean war, it is reported. Thus many Democratic congressmen will know the horrors of too little, too late.

Many Democratic incumbents welcome talk of Congress staying in session. Any excuse to avoid going home to face a hungry Republican opponent is welcome.

There are signs that overtime is coming back in the factories that's the kind of sugar to hoard.

Try and Stop Me

By BENNETT CERF

THE Park Avenue Prevaricator's annual tournament was won this year by the braven member who insisted he had dropped a bottle of hair tonic by accident into Lake George.

Lea Guild saw two youngsters stop in front of a movie palace, and heard one of them exclaim, "Goody, goody! This one has a picture we haven't seen very often."

Florida Foresters Cracking Down On Forest Fire Bugs

TALLAHASSEE, Oct. 4 (Special)—The old saying that "crime doesn't pay" is becoming more and more evident to Florida's woods burners as investigators of the Florida Forest Service press their campaign against violators of the state's woods fire laws.

Last year 84 percent of the forest fire law cases in which there were arrests resulted in convictions, according to the state forest service.

Out of 72 cases in which there were arrests convictions were obtained in 49 cases. There were four acquittals and five cases nolle prosequere.

There were a total of 570 cases investigated and warnings were issued in 262 cases. Fourteen arrests cases are still pending.

In Florida it is unlawful for any person willfully or carelessly to set fire or burn any area not owned or controlled by him. But

Malik Attacks Loyalty Check And Taft Law

Egypt Offers To Contribute 1,000,000 Man Army If Allies Will Supply Them

LONDON, Oct. 5.—(AP)—Eleven nations led by Britain will ask the United States to help finance a \$5,000,000,000 program to raise southeast Asian living standards.

A communique issued after a week-long talk announced that fulfillment of the aid-Asia program will depend on "the financial support of international agencies and countries outside the area."

WASHINGTON, Oct. 5.—(AP)—Greece agreed today to join Turkey in linking its military defense planning to the Mediterranean strategy of the Atlantic Treaty nations.

Greek Ambassador Athanasios Politis informed the State Department in a note that his government accepted an invitation from the North Atlantic Treaty Council to take part in planning the defense of the Mediterranean.

LAKE SUCCESS, Oct. 5.—(AP)—Russia's Jacob A. Malik today criticized American loyalty checks and the Taft-Hartley law as violations of human rights and freedoms.

The Soviet delegate to the U. N. also accused Britain and the U. S. of falsifying charges of spy violations in Bulgaria, Romania, and Hungary to divert attention from British-American espionage and sabotage in those Communist controlled countries.

His attack was made before the (Continued on Page Four)

China Resolution Tabled By Jaycees For Further Study

At the suggestion of Judge Douglas Steinbrun, the Jaycees today voted to table a National Committee Resolution urging the use of the veto to keep Communist China out of the U. N.

Judge Steinbrun expressed the opinion that the resolution was too important to act on without further study.

The Jaycees also accepted a challenge from the Kappa club to par- (Continued on Page Four)

Search Is Continued For Campbell Child

BATON ROUGE, La., Oct. 5.—(AP)—Several hundred persons renewed the search this morning for 18-month-old Keith Campbell, missing from her home since last night.

From 300 to 400 persons armed with flashlights combed Harding Airport last night. A small lake on the place was drained.

The child is the daughter of George Campbell, who is parish director of aviation and is manager of the airport, now used by commercial and private planes.

Bat. Enemy More of city officials said the child, barefoot and dressed in light blue nightgown and slippers, apparently wandered away from home after dinner.

The Campbell live at the airport. Mrs. Campbell is the former Jane Aycock, a former Louisiana State University "Gumbo (LSU Yearbook) Beauty."

The child was dressed in a white t-shirt stained with food, a diaper and rubber panties.

MINUTE MAID LOAN NEW YORK, Oct. 5.—(AP)—Prudential Insurance Co. of America announced today it has made a \$1,500,000 loan to the Minute Maid Groves Corp., subsidiary of Minute Maid Crop.

BRASSIERE INNOCENT MIAMI, Oct. 5.—(AP)—Thirteen persons implicated in the "Brassiere brigades" theft of some \$11,850 from Southern Bell Telephone and Telegraph company pleaded innocent today when arraigned in criminal court.

FORD STRIKE DETROIT, Oct. 5.—(AP)—The Ford Motor Co. reports today a break in a wildcat strike that has threatened a complete shutdown of its plants.

At midnight strikers began permitting for work at three rolling mills of Ford's big steel plant in suburban Dearborn. Production on the midnight shift was restored to 30 to 50 percent of normal, a Ford spokesman said.

STORE CLOSING The World-Mercantile Association of the United States recommended that stores close the Wednesday afternoon of Nov. 1, Christmas Eve, and reported to the world. In a news conference Stassen said that what he really had in mind is a meeting between

Hits Korean Peace

FAMILIAR SOVIET arguments are given by Moscow's Foreign Minister Andrei Vishinsky to the United Nations Political Committee at United Nations headquarters in Lake Success, N. Y. Vishinsky charged that the Korean conflict was a "civil war" and blamed the United States for aggression against the North Korean Communists. His long speech was designed to delay U. N. political action on Korean peace. (International)

Speeding Express Hits Tank Car At 70 Miles An Hour

BLAST OCCURS BUT NO ONE KILLED THOUGH FORTY ARE INJURED

ERIE, Pa., Oct. 5.—(AP)—A New York Central Railroad flyer chugging along at better than a mile a minute smashed into a detailed freight oil tank car early today, setting off an explosion which rocked midtown Erie.

Miraculously, no one was killed. Between 40 and 50 were injured but none was burned although flames from the burning tanker leaped high into the air and lapped at some of the cars on the parallel westbound New England state express.

The engineer of the Boston to Chicago express had no chance to keep his train from hitting the tank car. It was hauled into the express' path from a freight train traveling eastbound on a parallel track.

Only one of the 14 cars on the streamliner caught fire. It was the dormitory car for dining room employees. More than 100 occupants scrambled to safety through a lone exit which remained open. One unidentified water said, "Everyone just scrambled around. We had seen sleeping. Some of us got two left shoes." (Continued on Page Three)

MINE BLAST PRAGUE, Czechoslovakia, Oct. 5.—(AP)—Thirty-six men were killed in a coal mine blast near Slezska Ostrava, Prague radio reports today.

The broadcast said the explosion occurred yesterday in the Michalka mine in Czechoslovakia's highest coal field in Silesia.

The broadcast said many other miners were trapped by the blast but later were freed.

Diplomatic Experts See Little Hope From Stassen-Stalin Talks

By JOHN M. HIGHTOWER

WASHINGTON, Oct. 5.—(AP)—Diplomatic experts on Russia saw little chance today that Premier Stalin would accept Harold E. Stassen's proposal for a virtual public debate on the course of Soviet world policy.

Stassen's letter to Stalin, made public yesterday, was obviously well received at the State Department as a move which in its propaganda effects puts the Moscow government somewhat on the spot.

For while the letter calls for discussion in the full light of publicity on Russia's actions in world affairs, it is highly critical of Soviet policies and makes the point that in the interest of peace those policies should be changed.

Stassen told Stalin Russia should stop attacking the churches in the Balkans, should limit its propaganda in the United States, should stop the Iron Curtain to let tourists and traders enter the Soviet Union, and should take other steps in the interest of world peace. He criticized Russia's attitude toward the Communist aggression in China.

We then offered to prove his point either in an exchange of correspondence or in conferences provided they should be fully televised and reported to the world. In a news conference Stassen said that what he really had in mind is a meeting between

Vienna Strike Halts Traffic On Railroad

Shouting Reds Delay Trains And Set Up Blocks On Roads To American Sectors

VIENNA, Oct. 5.—(AP)—Communist demonstrators halted all rail traffic into and out of Vienna for three hours today. Tracks on the east-west line from the American occupation zone into Vienna were the first ones cleared of road blocks and traffic resumed.

A flying squad of several hundred Communists piled railway tracks across the tracks of that line at St. Pölten, in the Russian zone, west of Vienna. Other lines were blocked the same way and the Communists stood guard over the barricades at many points.

Crowds of shouting Communists apparently angry over the failure of their general strike call yesterday initiated blockade of both rail and road traffic at St. Pölten in the Russian zone. The halted western rail traffic running into Vienna's west station, North Station traffic was cut by demonstrators at Stadlau in the Russian sector of Vienna. Traffic into the south station was cut at Hüttner, between Vienna and the Russian military headquarters at Baden, 20 miles south of the capital.

It was not known immediately where the Communists had blocked train traffic into the northwest station and Franz Josef Station, from where American military trains leave every night.

An American, Curtis E. Ettinger of Scarsdale, N. Y., reported the Communists had set up three road blocks at St. Pölten on the high-speed line from Vienna to the American zone.

Ettinger said, "Communists in groups of about 20 to 50, were turned over trucks and plows. They are refusing to allow any American trucks or cars to go through."

He said that although his car has an Austrian license he was able to get through in a convoy of American Army trucks.

Police, despite Russian orders not to interfere, tried unsuccessfully to stop the demonstrators.

SOME ALLOCATION WASHINGTON, Oct. 5.—(AP)—The government's top production official said today some materials may have to be allocated in the next 60 to 90 days to assure that military needs are supplied.

William Henry Harrison, head of the National Production Authority (NPA), told reporters he "wouldn't be surprised" if some allocations orders are necessary by that time.

WILSON DEFERRED Arthur L. "Al" Wilson, a second lieutenant in the Army Medical Service Corps, has been granted a three month deferment from duty after being called for physical examination, he announced today.

As a partner in the Wilson-Maier Furniture Store, he requested the deferment in order to complete business arrangements. He stated, "He served in the Army medical corps during World War II."

Hampson To Speak At Farm Meeting

C. M. Hampson, extension economist in farm management of the University of Florida, will be one of the guest speakers at the Veteran-On-The-Farm Training Camp meeting next Wednesday evening at the 818 Farm Building and will lead a discussion on "Farm Management for Seminole County Veterans."

Mr. Hampson is the author of a book entitled, "Starting and Managing a Farm," and is also co-writer with County Agent C. R. Dawson of the "Seminole County Land Use Plan."

Mrs. S. C. Dickerson, operator of the Grey Shadow Nursery, will talk on growing flowers for home beautification.

Mr. and Mrs. Theodore Austin Jr. and Mrs. George M. Jacobs, will have charge of the covered dish supper. John Pierson, veterans teacher, will preside at the meeting.

BORDER CLASH ARACHNE, Pakistan, Oct. 5.—(AP)—Pakistan said she was chasing Afghanistan forces back to their mountain homes today after a new crossing of this country's northern borders. The shooting followed two years of bickering and some violence between the neighboring countries.

Grade Crossing Smash Kills Two

TWO DIED in the demolished and burned car struck by a Long Island R.R. train at the Malverne, N. Y., grade crossing which again was attacked according to police. William Suber, 48, 48 street, was questioned. The victim, known for recognition, was taken to St. Albert's Hospital, 50, and to the city of New York City. (International)

Board Approves Pacifist Plan Of Fire Referendum British Leftists For Nov. Ballot Soundly Defeated

Commission Studies Bids On New Road Building Machinery

The County Commission this morning approved the inclusion of state fire control for the county as an issue in the Nov. 7 election, and the placing of the proposal on the ballot.

This action followed the presentation by R. S. Simpson of the State Forest Service of petitions received by County Agent C. R. Dawson from owners of more than 10,000 acres of land in Seminole County, asking that the Commission place the matter of a county fire fighting unit on the ballot.

Prior to the circulation of the petition, the County Commission passed a resolution that they would accept it if signed by the requisite number of owners and submitted to them.

In event fire control is approved by the voters, the County will contribute \$4,000, and the State and Federal government \$8,000 a year for the project. The County Commissioners may sign a contract with the Florida Board of Forestry to establish this unit.

The county will not start receiving its share until July 1, 1952 or when actual fire control begins.

This morning the Commission considered bids on about 10,000 worth of new road building machinery designed to enable the County to build its own roads without letting contracts. Decision in the bid was postponed until the afternoon.

Representatives of the Florida Equipment Co. and the Georgia Florida Tractor Co. were present. Equipment considered included a spreader, a asphalt distributor, highway sweeper, a pulverizer and a pneumatic road roller.

A test road with a clay base and oil treatment that creates an asphalt like surface under constant wear, has been under observation since it was laid four months ago between Sipes and Boardwalk Avenue in Goldsboro, said L. P. Higgan, county surveyor, this morning.

Young Parolee Shot; Refused To Surrender

MEMPHIS, Tenn., Oct. 5.—(AP)—A young parolee who seemed "You'd better keep shooting" as he charged a sheriff was killed yesterday in a field near here.

Sheriff W. J. Jones later said, "I regret having to kill him, but I know if he got my gun he'd undoubtedly have killed other officers engaged in the search."

Father had escaped Binger, Wash., police Monday, where he was arrested on Monday. He defied police bullets, then and again the next day when captured by an Oregon State officer while asleep in a stolen car.

Sheriff Jones said Farmer's reply to his surrender demand was "I'm not putting up my hands. And you'd better start shooting, or I'll shoot you."

The sheriff said Farmer ran toward him, grabbing at a belt as if at a concealed weapon.

HURRICANE WIND HALIFAX, Oct. 5.—(AP)—A tropical hurricane whipped Nova Scotia early today after changing its course. It had been expected that the storm, with winds up to 90 miles an hour, would make the Nova Scotia coast. However, winds of 70 miles an hour in gusts were forecast for southern Newfoundland as the blow swept northward.

The storm drenched bonyon Babil Island, off Nova Scotia, with four inches of rain. Eight showers fell over the Cape Breton area.

KOREAN CASUALTIES WASHINGTON, Oct. 5.—(AP)—The Defense Department notified American families of 20,756 Korean battle casualties through Sept. 29.

This was an increase of 3,636 over the last previously announced today included 2,660 killed in action, 13,053 wounded and 4,143 missing in action.

The total for wounded includes 294 who died of wounds, raising the number of battle dead to 2,954.

Another Ship Is Struck By Korean Mine

Total U. S. Casualties From Mine Action Now Stand At 11 Dead, 17 Hurt

WASHINGTON, Oct. 5.—(AP)—The Navy announced today the mine sweepers Myrtle has been sunk by a floating mine near North Korea. Twenty-one men are missing.

Total casualties from the three ships now stand at 11 killed, 17 injured and 24 missing.

The Navy has said the mines are known to be in the area of the Korean coast.

It was the third ship to hit a mine in Korean waters. Two destroyers, the Bush and the Mansfield, were damaged by earlier collisions with mines, and 11 men on the Bush were lost.

The Myrtle hit a mine Sunday near the city of Chinkang. Twelve survivors were picked up by a sister ship, the minesweeper (Continued on Page Four)

Ball Says Homes Will Be Erected Despite Defense

Reporting on the economy of the nation's home buyers, President Raymond Ball told members of the Seminole County Board of Health today at the annual meeting of the national defense effort, that the national defense effort does not nullify the responsibility of builders to work for more widespread ownership of homes and other types of real estate.

"Home ownership," he declared, "must be kept available to the public during the present conflict."

He added that he did not believe that the shift in Florida real estate sales is due to a marked way to threats of an atomic invasion of the northern industrial areas.

Mr. Ball pointed out that there has been a firm movement to ward home ownership, and particularly the purchase of rural properties, for several years. The movement of about five million families into the ranks of home owners between 1940 and 1945 may indicate that the uncertainty of war increased demand for the nation's top production of homes.

"Before the fighting began in Korea," he said, "the Federal Reserve Board estimated from its interviews that even million top American families owned only one home within the next five years," he said.

Mr. Ball declared that he is convinced that the uncertainty of (Continued on Page Four)

IT MOVED INJURED FORT SAM HOUSTON, Tex., Oct. 5.—(AP)—A group of Korean soldiers, including a medical officer, are being treated at Brooke Army Medical Center, Fort Sam Houston, Texas, this week, to 2nd Lt. Jack J. Moore, son of Mrs. Moore, 1120 West Park Street, San Antonio.

He is undergoing treatment at Brooke Army Hospital for wounds received while engaging the enemy on Sept. 19. It came with the famous First Cavalry Division.

Railroad Unions Hold Conference On New Round Of Wage Increases

By HAROLD W. WARD

WASHINGTON, Oct. 5.—(AP)—Exploratory talks between the railroad and firemen's and engineers' unions were looked upon today as the first ripple of a new wave of wage demands for 1,250,000 rail workers.

The Brotherhood of Firemen and Engineers, headed by David R. Robertson, and the Brotherhood of Locomotive Engineers, led by J. B. Shields, were set to start talks with railroad negotiators on their delayed demand. Firemen and engineers want a 10-hour work week for 48-hour pay. Engineers reportedly are seeking a 20 per cent pay boost.

Those demands were held up while the trainmen and the conductors wrangled this summer with the nation's railroad. The lines were seized Aug. 27 to avert a strike of the 300,000 trainmen and conductors—whose dispute still is unresolved. They turned down one offer for a 25-cent hourly pay increase for year-end pay raises, and a nickel an hour for those on the rolling trains plus cost of living increases for the next three years.

The switchmen and yardmen accepted the railroad's offer because most of their members would get the 23 cent increase.

The railroad committee, headed by Daniel P. Lonnie, has to talk with all of the rail unions pressing for the shorter work week without loss of pay.

After today's preliminary ses-

ROK 3rd Division Occupies Changion North Of Parallel

Show Of Red Resistance Is Seen As 175,000 UN Troops Mass South Of 38

TOKYO, Friday, Oct. 5.—(AP)—Beating down the strongest resistance yet encountered in North Korea, the Korean Republic's third Division Thursday seized Changion, 60 miles north of the 38th Parallel.

U. S. Eighth Army headquarters stated that a Red infantry division and a company of Red Marines made a stand three miles south of that east coast town.

AP correspondent William Jordan with the last moving Republican third Division, said the town fell to the South Koreans after an all day fight. He information evidently was several hours more recent than that at Eighth Army headquarters.

Thirty-five miles south of this deepest penetration of North Korea, the Republican capital division engaged a bypassed force of about 1,200 Reds on the hills west of Hwangju.

The first notable show of Red defiance came as a United Nations army of up to 175,000 troops was massing to yank down the Iron Curtain all along Parallel 38 and wipe out Communist resistance in all of Korea.

The non-Korean allies kept South Korea to cross and join South Koreans who have already pierced the curtain and probed (Continued on Page Four)

Martina Announces His Candidacy For City Commission

San Antonio, operations manager of Florida Fashion, today announced his candidacy for the City Commission in an election which will take place next month.

San A. Martina, general manager of the operations division of Florida Fashion, today announced his candidacy for the City Commission in an election which will take place next month.

Mr. Martina, born in New Orleans, La., came to Sanford in February, 1947. A graduate of Louisiana State University, he received graduate training in business administration, personnel management, engineering and business law.

He served during World War II in the U. S. Infantry, but was discharged in the grade of captain due to injuries received in line of duty.

Active in group work, he has served on the 47th committee of the Boy Scouts, a post commander of the D.A.V., local Chapter No. 30, and is a past secretary of the Jaycees. He is a director of the Seminole County Chamber of Commerce, a member of the Sanford Housing Authority, and (Continued on Page Three)

STEEL WAGES ATLANTIC CITY, N. J., Oct. 5.—(AP)—President Philip Murray and today his steelworkers' union expected a very healthy and substantial wage increase, but the amount to be sought was kept a secret.

Murray made his announcement at the close of a two-day meeting of the steelworkers' top policy makers as the union prepared to reopen wage negotiations with the steel industry. The speculation was that a 25-cent-an-hour pay increase would be asked.

GENEVA BRIDGE Due to rainy weather, the work of paving the approaches to the new Geneva Bridge has been delayed. W. M. Hong, state highway project engineer, announced this morning.

Work was started last night on removing the draw span of the old bridge. All but three of the steel trusses, which will be retained for the benefit of fishermen, will be removed, he said.

32 KILLED SANTIAGO, Chile, Oct. 5.—(AP)—Thirty-two coal miners were killed and five injured today in a gas explosion in the Pique Grande mine at Lota, Concepcion province.

The mine workings extend under the ocean floor. It was at a point beneath the South Pacific where the blast went off, a company announcement here said.

Martina Runs

(Continued From Page One) belongs to the American Legion, Rotary Club and Elks Lodge. He was married to Mary Ellen Lesher at Camp Paraiso, Canal Zone, Mar. 29, 1947, and they have four children.

"It will be my policy," he declared, "to impartially and unbiasedly work for the following needs and principles: 1. Undelayed improvement and extension of sanitary sewerage. 2. Rapid reduction of City Bonded Indebtedness. 3. An administration of city affairs predicted of sound business principles, complete and impartial information on all issues. 4. Encourage industrial growth to further insure the economic stability of Sanford. 5. Fair and impartial consideration of all problems presented by our citizens. 6. Improvement of city streets. 7. Encourage the interest of all residents in city affairs and provide complete and impartial information on all issues. 8. A well organized and coordinated children's recreation program. 9. A program to familiarize our forthcoming generations with city affairs. 10. A bigger and better Sanford unhampered by tax rate increases."

Train Wreck

(Continued From Page One) some got one shoe and some got none. But we all got out of there in a helluva hurry. Nearly 50 firemen, aided by as many police, were at the scene—only five blocks from downtown Erie—within minutes after the 1:15 A. M. (EST) crash. They kept the fire from engulfing the train and aided in rescuing passengers.

Nearly 50 passengers were trapped in the only car which overturned. Twelve of the injured passengers were admitted to hospitals but are not in critical condition. At least 10 others on the express, including one crewman, were treated and discharged. 25 were two of the rescuers who battered windows with their bare fists to free the injured.

Upwards of 20 doctors reached the scene within 30 minutes. They treated many persons on the spot for minor injuries. Eleven cars of the train were caught about like jackstraws. Their all-steel construction not only kept them from catching fire but prevented a catastrophe, said an unidentified crew member. While helping the injured, he commented:

"If we had wooden cars on this train it would have been awful." The tank car was about midway in the 75-car freight train. Eighteen of the freight cars were derailed, including the oil tanker, and another tanker containing what fire chief Lawrence Scully said "was some sore of a powered chemical."

The two tank cars and two freight cars were consumed by the raging flames.

"It was one of the most unusual fires in my experience," said

Rail Unions

(Continued From Page One) a seven-cent hourly wage increase effective in October, 1948.

The operating unions, such as the engineers, firemen, trainmen and conductors, may combine their 1950 drive for a shorter work week with the summer with a new wage proposal designed to offset rises in living expenses.

That possibility will develop within the next week or ten days as the firemen and engineers shape their policy and the trainmen, in convention at Miami, develop their program for coming to terms with the government-operated railroads.

President Truman has made it clear, however, that the government will not negotiate. Secretary of the Army Post and Presidential Assistant John P. Steelman may make the matter from time to time, however, to speed the contact and return the railroads to their owners.

Chief Scully.

"And it was a God's blessing that those people escaped. Our first thought was to get those people out of that overturned car. Then we got out of the fire which was fast, too, by oil from the diesel engines."

"The fact that many persons weren't killed is certainly a tribute to the modern, all-steel cars on the passenger train."

Ray Bloom of Erie, fireman on the express, estimated the crack train was rolling at 70 miles an hour seconds before the crash.

He and engineer Charles Samuels of Buffalo, N. Y., climbed their partially overturned diesel seconds before flames before flames from the tank car spread to the rest. Both suffered from shock but were not otherwise injured.

G. F. Sangston of Westville, Pa., the conductor of the east-bound freight train, stated: "Evidently a car in my train left the tracks which caused the oil tanker to jack-knife across in front of the oncoming express."

TODAY'S BIBLE VERSE

A penny meant an eighth of an acre, or two-thirds of a shilling... Muhammadan laborers in Palestine get only a few pence more today.

Congratulations to Jim Gut on his election as president of the Chamber of Commerce. Orchids to W. A. Patrick for a job well done.

If it takes the United Nations as long to decide what to do when the Russians start rolling west over Europe as it has to authorize the crossing of the 38th parallel in Korea, the Soviets will be in New York before the last delegate has finished his speech.

"This man Truman," said his attorney John Coe of Pensacola in his argument before Judge Orlivie of Jacksonville, "is not a criminal Communist—he is a philosophical Communist."

If the Phillies get a little stage fright during this Series, who can blame them? Only three men on their team, Blix Donnelly, Dick Siler and Dick Whitman, have ever appeared in a World Series before.

That army column inching its way down to the Red Korean capital from the Manchurian border may just be another batch of Korean Communists returning from training camps in China or Russia, or they may be a part of the Chinese armies themselves.

There are now 46,151,170 housing units in the United States or about one for each 3.3 persons. That represents an increase from 37,325,470 housing units in 1940, the greatest building boom in the history of this country.

Believe it or not, the Russians have finally paid a bill. That is, they have made a part payment on a bill, and for the Russians that is going some. The Moscow government turned over \$541,594.50 early this week to the United Nations on their 1950 assessment of \$2,166,378, indicating that they are still in the game.

We commend the report of the American Automobile Association in which it condemns the condition of rest rooms in the majority of filling stations throughout America. "It is an alarming condition," the report said, "which is a near menace to the health of motorists and their families."

Justice William O. Douglas of the Supreme Court who has just returned from a tour of the Middle East says that Communism is gaining few converts in that area, so close to Russia, yet still free from her domination.

Justice Douglas, "This is especially true in the areas largely unoccupied. The farmers with their few acres of land have a great deal to say in the decisions made over the very few Communist agents."

Communist Competition

The Central Reform Committee of the Chinese Nationalist Party has taken a step which would be astounding for a political party in a western nation, in the United States, for instance. In China, where such stress is laid on "face", it borders on the fantastic. The committee, speaking officially for its party, the Kuomintang, has taken on the shoulders of that party the blame for China's present crisis.

Naturally this is the prelude to a call for the reconquest of the mainland of China, now held by the Communists. But the call says that along with the reconquest must go political reform. Moreover the reforms are to be tried at once in the only territory still held by the Nationalist government, the Island of Formosa.

The reform program would recommit the Kuomintang to the three principles of Sun Yat-sen—nationalism, democracy and livelihood. During its reign the Kuomintang did a remarkable job of building Chinese nationalism. On the other two it fell far short.

With such a program, earnestly carried out, the Kuomintang once could have offered effective competition to the Communist propagandists. Now it seems rather late if American wishing could make it so, there might be a second chance.

What Youth Wants

Social and educational experts have been engaged in compiling reports to be sent to Washington for use at the December White House Conference on Childhood and Youth. A group of these workers, meeting in Camden, New Jersey, to organize their data, sat through five and a half hours of trends, tendencies and statistics. The solemnity of the occasion was lightened by the appearance, late in the afternoon, of a group of high school students eager to present their own viewpoint on their needs and problems.

Mr. Nehru declared in his address that the Korean war contains "seeds of a mighty conflict." He warned military leaders not to carry it too far. That seems to fit the stand taken by the Indian delegation in the U. N.

Thus the question naturally arises whether a middle-of-the-road course will represent Mr. Nehru's attitude towards Communism in Asia as a whole. That's a mighty important question if he is in reality headed for leadership of that vast theater to which the major weight of the offensive for the spread of Communism is now being transferred.

The Prime Minister was a close adviser of the British arrested experiment in trying to mix Communism with any other ideology. He saw disastrous failure of the attempt to force a coalition of Communism with the Nationalist regime in China.

The result in China was what it has been in numerous other cases. The Communists ultimately moved in and took over again.

Prime Minister Nehru's position as head of a nation of 300,000,000 in the heart of the Asiatic theater is both difficult and dangerous. It will become doubly difficult if he is adviser to sister nations.

He probably will find that a middle-of-the-road program, if Magpie, L. E. G. Warren R. Person, is among the missing. Chukun-Dong, the Korean city nearest the point where the Magpie was sunk, is about 90 miles south of the 38th Parallel which has been the dividing line between North and South Korea.

It is about 80 miles north of the port of Pohang. Navy officers here said the mine might have drifted hundreds of miles before the Magpie came into contact with it.

One theory among Navy men is that the North Koreans have been putting the mine in the river and letting the currents disperse them. The Navy released today a communique from Vice Admiral C. Turner Joy, commander of the United Nations naval forces, which said more than 65 mines have been destroyed along the east and west coasts of Korea in the last month.

One Korean minesweeper destroyed three mines near Mokpo yesterday, the communique said.

"First hand information has been obtained by the commission's field observers of the murder of civilians and prisoners of war despite assurances of the North Korean authorities that the latter would be treated in accordance with the principles of the Geneva conventions. Additional evidence is currently being gathered to indicate that the atrocities have been committed on a large scale in North Korean territories. These areas formerly occupied by the atrocious invaders in some cases the brutal beating and mutilating of persons prior to being murdered."

By HAL HOVIE U. S. ARMY HEADQUARTERS—Korea, Oct. 5—(AP)—A U. S. Army officer reported today surprised Red guards hurriedly buried the dead 150 South Korean civilians and 18 captured American soldiers in Chongju after a liberating American task force had passed through the town. Chongju is about 30 miles north of Taegon.

The story was told for the first time by Capt. R. T. Westburg of Washington, D. C. It is indicated that dozens of instances still being discovered of mass brutality on the part of North Korean troops and Communist secret police during the capture of the town. Westburg said the massacre occurred Sept. 26.

On that day he was in a First Cavalry Division task force assigned to completing the breakthrough from Taegon by linking up with the Inchon-Seoul landing force. Speed was all important if large enemy units in the northward were to be walled off from escape. The task force consisted of its nucleus by using the final 102 miles in 31 hours to join up with American troops pushing south from Seoul.

At least 20,000 Korean Communist troops were already in Red territory. These are the Capital Division and the third on the sea of Japan coast.

THE WORLD TODAY

By DeWITT MacKENZIE, AP Foreign Affairs Analyst

Efforts of middle-of-the-road U. N. members, headed by India, to reconcile the divergent Korean peace plans of Russian and the Western Powers, were foredoomed to failure.

There is no common ground upon which the Communist and the Democratic bloc can meet where ideological matters are involved. They are so diametrically opposed that any attempt to bridge the differences is like trying to carry water on both shoulders.

The Western program, supported by a majority of U. N. members, called for the complete defeat of the North Koreans, who have been condemned as aggressors by the peace organization. The plan demanded immediate cessation of hostilities and complete withdrawal of U. N. troops from the North Koreans from complete disaster. The Indian bloc would withdraw U. N. troops immediately.

The position was impossible. Mr. Vishinsky himself told a group of Communist leaders in New Delhi that there was no Soviet and the majority plans. The Indian delegation naturally has been following directions from Prime Minister Nehru in New Delhi. In view of this it is noteworthy to find him making a major pronouncement regarding Korea in a speech Tuesday at the meeting of the Institute of Pacific Relations in London. And this takes on special significance in view of the fact that he seems to have been adopting the role of Atlantic leadership in recent months.

Mr. Nehru declared in his address that the Korean war contains "seeds of a mighty conflict." He warned military leaders not to carry it too far. That seems to fit the stand taken by the Indian delegation in the U. N.

Thus the question naturally arises whether a middle-of-the-road course will represent Mr. Nehru's attitude towards Communism in Asia as a whole. That's a mighty important question if he is in reality headed for leadership of that vast theater to which the major weight of the offensive for the spread of Communism is now being transferred.

The Prime Minister was a close adviser of the British arrested experiment in trying to mix Communism with any other ideology. He saw disastrous failure of the attempt to force a coalition of Communism with the Nationalist regime in China.

The result in China was what it has been in numerous other cases. The Communists ultimately moved in and took over again.

Prime Minister Nehru's position as head of a nation of 300,000,000 in the heart of the Asiatic theater is both difficult and dangerous. It will become doubly difficult if he is adviser to sister nations.

He probably will find that a middle-of-the-road program, if Magpie, L. E. G. Warren R. Person, is among the missing. Chukun-Dong, the Korean city nearest the point where the Magpie was sunk, is about 90 miles south of the 38th Parallel which has been the dividing line between North and South Korea.

It is about 80 miles north of the port of Pohang. Navy officers here said the mine might have drifted hundreds of miles before the Magpie came into contact with it.

One theory among Navy men is that the North Koreans have been putting the mine in the river and letting the currents disperse them. The Navy released today a communique from Vice Admiral C. Turner Joy, commander of the United Nations naval forces, which said more than 65 mines have been destroyed along the east and west coasts of Korea in the last month.

One Korean minesweeper destroyed three mines near Mokpo yesterday, the communique said.

"First hand information has been obtained by the commission's field observers of the murder of civilians and prisoners of war despite assurances of the North Korean authorities that the latter would be treated in accordance with the principles of the Geneva conventions. Additional evidence is currently being gathered to indicate that the atrocities have been committed on a large scale in North Korean territories. These areas formerly occupied by the atrocious invaders in some cases the brutal beating and mutilating of persons prior to being murdered."

By HAL HOVIE U. S. ARMY HEADQUARTERS—Korea, Oct. 5—(AP)—A U. S. Sanford Forum

Editor The Herald:

Celery, a major crop in this district, affects the income of many people in Seminole County. The number of workers, the number of hours they work per year and dollars per year they have to spend, depends on the profitable acreage.

At the present time almost 100% of the celery sold is handled on the fresh produce market at market price. Like all fresh produce this (price) fluctuates and tends to be almost a speculation crop. Basically an acreage must produce so much profit as to sustain both the planter and the worker. It must do this year after year if the community as a standard of living comparable whole is to prosper and enjoy a to the national standard. In past years it has not done so.

There are a number of ways to accomplish a less speculative crop. Increase and further guarantee a stable acreage income. 1. A government subsidy 2. Combine for monopoly. 3. Increase and diversify our product and market.

Number one is a distasteful idea to the grower only when an acreage is small. Number two, a monopoly is illegal and unworkable. Number three, this is our answer. The best market for celery is still the fresh produce counter in the retail stores. This traffic can be increased through an educational advertising program. Number three also mentions diversification, this is the basic need. Celery can be processed in many ways for new markets and uses.

1. Celery juice to be added to the many vegetable juices now can be made. 2. Celery juice, concentrated and added to other vegetable concentrates to be marketed as a "cooking flavor" or used on the table as lettuce, mustard and steak sauce. This concentrate also finds a market in the large meat packing plants for flavoring sausage and canned meats.

Celery chopped and added to other waste vegetable (48% celery 15% mixed vegetables) processed into a relish for use in homes and restaurants. Most of these products can be produced from that part of the celery stalk that is now thrown away or tossed in a pasture for the cattle feed. All the pomace left from the juice process along with other waste leaves can be dried and sold for cattle feed. There are other uses waiting development in the laboratory, these should be investigated.

John Clark, Development Engineer Sanford Electric Co.

Jaycee Meeting

Participants in a softball game on Sunday at 3 P. M. on Oct. 12 consisted of the "Jay" and "Cee" teams, headed by Malcolm MacNeil, plans a series of radio announcements urging people to vote on the day before the election.

President W. H. Stiemper introduced Saul G. Harris of the Public Housing Administration and added that the Housing Authority plans are almost in shape to begin letting contracts.

"Sonny" Powell read a letter from the National Better Fishery Program for Boys and Girls Association stating that results of the 3rd annual contest were not yet available. President Stiemper suggested that a letter be written requesting that the date of the contest be moved up in this area to avoid the hurricane season.

John Senkirk announced that the Sanford Jaycees plan a conference at 12:30 P. M. on Sunday Oct. 8. Gordon Bradley was appointed a member of the five-person committee.

President Stiemper announced that Miss Phyllis Beck was a candidate for the position of hostess vacated by Mrs. Raymond Flumist following her marriage. Guests at the meeting were Tom Burgess, Mr. Don and Bob Hokin of Orlando.

Realtors Meet

Participants in a meeting of realtors during World War II have encouraged the trend toward small farms and garden patches.

"The demand for farm property," he said, "is a solid, steady element in the market which has been present for years, but which has undoubtedly been an accentuated by the present international situation." Today's would-be part-time farmers, he said, "are looking to the land for a more self-reliant way of life."

have been destroyed along the east and west coasts of Korea in the last month. One Korean minesweeper destroyed three mines near Mokpo yesterday, the communique said.

Rejection Rate Is 48 Percent On Men Examined By Draft

WASHINGTON, Oct. 5—(AP)—The Army turned down 109,413 of the 225,000 men examined for the draft in August.

This 48.5 percent rejection rate for the second month of Selective Service calls was reported today by the Surgeon General's Office. It compared with 52.2 percent in July, when only 12,291 were given pre-induction tests.

In August 20.1 percent of the draftees failed to pass the physical examination. The July rejection rate for this cause was 26.8 percent. The number failing to pass the intelligence test increased from 18.2 percent in July to 17.3 percent in August. All other rejection categories dropped or remained substantially the same.

Noting the over-all improvement in the rate of acceptances, the Surgeon General's report held a hope for its continuance as draft boards begin working down from the 26-year olds to younger men.

Most men now 26 have already been called over by two drafts, first during World War II and then in 1948. This age group, moreover, the Army said, supplied most of the volunteers since the last war.

These factors tend to increase the rate of fallouts in the intelligence tests above the 113 percent which the current 70-point passing grade is designed to reject.

Jaycee Meeting

Participants in a softball game on Sunday at 3 P. M. on Oct. 12 consisted of the "Jay" and "Cee" teams, headed by Malcolm MacNeil, plans a series of radio announcements urging people to vote on the day before the election.

President W. H. Stiemper introduced Saul G. Harris of the Public Housing Administration and added that the Housing Authority plans are almost in shape to begin letting contracts.

"Sonny" Powell read a letter from the National Better Fishery Program for Boys and Girls Association stating that results of the 3rd annual contest were not yet available. President Stiemper suggested that a letter be written requesting that the date of the contest be moved up in this area to avoid the hurricane season.

John Senkirk announced that the Sanford Jaycees plan a conference at 12:30 P. M. on Sunday Oct. 8. Gordon Bradley was appointed a member of the five-person committee.

President Stiemper announced that Miss Phyllis Beck was a candidate for the position of hostess vacated by Mrs. Raymond Flumist following her marriage. Guests at the meeting were Tom Burgess, Mr. Don and Bob Hokin of Orlando.

Realtors Meet

Participants in a meeting of realtors during World War II have encouraged the trend toward small farms and garden patches.

"The demand for farm property," he said, "is a solid, steady element in the market which has been present for years, but which has undoubtedly been an accentuated by the present international situation." Today's would-be part-time farmers, he said, "are looking to the land for a more self-reliant way of life."

have been destroyed along the east and west coasts of Korea in the last month. One Korean minesweeper destroyed three mines near Mokpo yesterday, the communique said.

"First hand information has been obtained by the commission's field observers of the murder of civilians and prisoners of war despite assurances of the North Korean authorities that the latter would be treated in accordance with the principles of the Geneva conventions. Additional evidence is currently being gathered to indicate that the atrocities have been committed on a large scale in North Korean territories. These areas formerly occupied by the atrocious invaders in some cases the brutal beating and mutilating of persons prior to being murdered."

By HAL HOVIE U. S. ARMY HEADQUARTERS—Korea, Oct. 5—(AP)—A U. S. Army officer reported today surprised Red guards hurriedly buried the dead 150 South Korean civilians and 18 captured American soldiers in Chongju after a liberating American task force had passed through the town. Chongju is about 30 miles north of Taegon.

The story was told for the first time by Capt. R. T. Westburg of Washington, D. C. It is indicated that dozens of instances still being discovered of mass brutality on the part of North Korean troops and Communist secret police during the capture of the town. Westburg said the massacre occurred Sept. 26.

On that day he was in a First Cavalry Division task force assigned to completing the breakthrough from Taegon by linking up with the Inchon-Seoul landing force. Speed was all important if large enemy units in the northward were to be walled off from escape. The task force consisted of its nucleus by using the final 102 miles in 31 hours to join up with American troops pushing south from Seoul.

At least 20,000 Korean Communist troops were already in Red territory. These are the Capital Division and the third on the sea of Japan coast.

At least 20,000 Korean Communist troops were already in Red territory. These are the Capital Division and the third on the sea of Japan coast.

United Nations

(Continued From Page One)

General Assembly's special political committee. This group is debating a revised Australian draft resolution condemning peccate treaty violations by the three Balkan countries.

Asserting that the proposed Australian resolution was "a dish concocted by Anglo-American cooks," Malik said the reason U. S. Delegate Benjamin V. Cohen "wept" over those who have been persecuted was that "the U. S. intelligence services have lost valuable spies who occupied high positions in those countries."

He said the "crying facts" of rights and freedoms violations were to be found in U. S., Britain, and Australia. Malik referred to loyal checks in America, the "persecution of democratic organizations" the "insulting discrimination" against more than 10,000,000 Negroes, and the Tall-Hartley Law.

Egypt was reported today to have offered to contribute an army of 1,000,000 to 2,000,000 men as part of a permanent international force if the United States and other United Nations members will supply the arms and equipment.

Informed quarters said the offer was made by Egyptian Foreign Minister Mohamed Salah-El-Din at a private luncheon given yesterday by Secretary of State Dean Acheson for heads of the Arab U. N. delegations.

The offer was understood to have been made on the condition that British troops are withdrawn from Egyptian soil.

Salah-El-Din was understood to have assured Acheson that Egypt would strongly support his proposals to strengthen the U. N. and prepare it to meet aggression. He then made his offer.

The Egyptian suggestion contained three major points: 1. Egypt is a vital strategic area because of the Suez Canal which controls the eastern outlet of the Suez. Its protection in international peace, but should not be left in the hands of Britain.

2. Egypt is a country of 20,000,000 population and is capable of raising an army of 1,000,000 or 2,000,000 without difficulty, provided the arms and equipment are supplied from the outside.

3. Egypt is willing to make this force available as part of an international force and to assume the responsibility for protecting the Suez until reinforcements could be sent in by the United Nations.

4. An Egyptian force is the most logical choice for the defense of the Suez, since the troops would be fighting not only in the name of the U. N. but would be defending their own homeland.

The Acheson anti-aggression plan, called "uniting for peace," provides for U. N. members carrying out military units for U. N. duty. It also calls for changing the rules so the General Assembly could be convened on 24-hour notice in case the Security Council is paralyzed by the veto.

Canada, the Philippines and others already have offered unhilly to make troop units available to the U. N. but no country has offered to build a force of such size as that mentioned by the Egyptian foreign minister.

THE NATION TODAY

By MAX HALL, (For James Marlow)

WASHINGTON, Oct. 5—(AP)—How far above ground can mankind build? This year we are stalling the heavens with new structures of awesome height.

A television antenna in Atlanta has shot up to 1,937 feet. This is higher than the Chrysler building, which is the No. 2 skyscraper of the world.

But the No. 1 skyscraper, the Empire State building, acting as though it were resolved not to be overtaken, is now hurling itself into the New York sky 217 feet higher than before. That is, a television tower is being built on top.

A few weeks ago, the Empire State was 1,250 feet tall. Last night it was 1,210 feet. Any minute now, it may become the first manmade structure to reach a quarter mile (1,320 feet) into the sky. The building is expected to attain its new full-grown stature of 1,467 feet.

Even this may be surpassed in a few years. The new television tower, though plans for a 1,520-footer near Des Moines, Iowa, have been abandoned because of the expense. The cost is great, but engineers say that such heights are quite feasible.

I have been looking into this matter of tall structures, and after talking with engineers and government officials, and after reading a few books, I have written down a list of the seven tallest in the world.

1. I am not sure this is accurate. For one thing, it may be somewhere in the world—of military towers that are being kept hush-hush for security reasons. But the seven tallest non-military structures so far as I can make out, are as follows:

1. Empire State building, New York City, now about 1,310 feet, soon to be 1,467 feet. 2. Television tower at Atlanta, built for station WCOP-TV, not yet operating commercially, 1,067 feet. 3. Chrysler Building, New York City, 1,046 feet. 4. Radio tower at Budapest, Hungary, 1,030 feet (this has been reported as 1,065 feet but the Hungarian legation told me 1,030).

5. Eiffel Tower, Paris, 984 feet. 6. Television and radio tower of station WKY, Oklahoma City, 963 feet. 7. The "60 Wall Tower," an office building at 60 Wall Street, New York City, 950 feet.

The hoatzin, a pheasant-like bird of South America, holds enemies at bay with its objectionable odor.

The National Geographic Society says Bismarck was a Great Dane fancier.

McKinley Elected Student Council Head

Marvin McKinley was elected president of the Student Council of Sanford Junior High School on Monday. Mona Jobe was elected vice president, Dixie Beard, secretary, and Larry Beard, treasurer.

The Student Council is made up of two representatives of every section in the school. They are the following for the eighth grade: Bennie Rotundo, Marvin McKinley, Mona Jobe, Al Phillips, John E. Jones, Elizabeth Hardy, Chester Estes and Rachelle Eubanks. The seventh grade representatives are: Mary Ester Powell, Wayne McCoy, Pattie Wittie, Larry Burney, Barbara O'Hare, Kenneth Ramsey, Dixie Beard and Tommy Wyatt.

Personals

Mr. and Mrs. Roy Holley returned Tuesday night from a vacation spent in New York, Boston and Quebec.

Mr. and Mrs. B. B. Crumley are leaving today for a three-week vacation in points of interest in North Carolina, Tennessee and Alabama.

Capt. Glenn Govecek and family left this afternoon for Washington, D. C. where he has been assigned to the Pentagon. On Sept. 2 he completed two years of study in business administration at the University of Florida under Army training program.

Woman's Club Hears Mrs. Norwood Phelps

"There are no disappointing little nations in the world today," said Mrs. Norwood Phelps of Jacksonville when she addressed the Women's Club Wednesday afternoon at the first meeting of the year.

"Last spring I started a scrapbook on the small nation Korea and could not find enough material, but only a few months later there was a world of material on Korea.

"This year while I was in Europe I saw that the Marshall Plan had accomplished a great deal and that the children and the people are healthier and happier than ever before," Mrs. Phelps said. "If we have a backlog of love in the United States, we would find all other nations eager to join our hearthstone."

Mrs. Ralph Austin Smith, who introduced Mrs. Phelps, said, "She has traveled through many nations with many missionaries."

Mrs. B. Crumley presided over the meeting and called upon officers and chairman of various departments to give their reports.

The budget for the coming year was approved and adopted. Mrs. D. H. Watkins read the minutes in the absence of Mrs. H. W. Goodspeed who is secretary.

Group singing was led by Mrs. A. M. Phillips with Mrs. Wallace Phillips at the piano.

Luncheon was served by the hostesses, Mrs. Henry Wittie, Jr., Mrs. Clayton Smith, Mrs. Irving Feinberg, Mrs. Cecil Carlton, Mrs. Harry Lee, Mrs. Paul Charleston and Mrs. Clyde Hamery. The following were present: Mrs. Phelps, Mrs. John Lee, Mrs. Vail Lovell, Mrs. H. H. Menck, Mrs. Francis Meriwether, Mrs. E. A. Montfort, Mrs. H. A. Montfort, Mrs. Charles Meek, Mrs. Jack Morrison, Mrs. J. E. McKinley, Mrs. H. M. Pappaworth, Mrs. W. M. Phillips, Mrs. L. P. Holt, Mrs. M. M. Phillips, Mrs. C. L. Redding, Mrs. Miriam Russell, Mrs. H. E. Robson, Mrs. Robert Karns, Mrs. P. R. Stephenson, Mrs. R. A. Smith, Mrs. W. M. Scott, Mrs. W. H. Stempfer, Mrs. Douglas Stenstrom, Mrs. E. L. Sill, Mrs. Ernest Southward, Mrs. L. E. Spencer, Mrs. Azda Thomas, Mrs. Roy Tillie, Mrs. W. E. Varr, Mrs. Brodie Williams, Mrs. Ben F. Wade, Mrs. Dorothy West, Mrs. D. B. Watkins, Mrs. Wurt Warner, Mrs. Ralph Warren, Mrs. J. A. Young, Mrs. Frank L. Woodruff, Mrs. H. L. Zimmerman, Mrs. Helen Zittrover, Mrs. Clifford Mrs. Kibbin, Jr., Mrs. P. M. Gingles, Mrs. E. E. Anderson, Mrs. J. Ross Adams, Mrs. Clara Brown, Mrs. W. B. Brinson, Mrs. J. E. Baker, Mrs. R. M. Burns, Mrs. B. H. Beck, Mrs. Fletcher Holt, Mrs. T. C. Blisdel, Mrs. Paul Russell, Mrs. Francis Holt, Mrs. N. G. Gibson, Mrs. J. E. Couter, Mrs. N. B. Crumley, Mrs. J. H. Crawford, Mrs. C. E. Carlton, Mrs. J. E. Callahan, Mrs. E. P. Collier, Mrs. W. M. Caste, Jr., Mrs. Joder Cameton, Mrs. C. R. Dawson, Mrs. M. L. Edwards, Mrs. C. O. Earle, Mrs. W. B. Elshie, Mrs. W. P. Fields, Mrs. E. M. Flowers, Mrs. D. O. Herndon, Mrs. S. D. Higleyman, Mrs. J. W. Hall, Mrs. O. M. Harrison, Mrs. E. C. Harper, Mrs. W. D. Hoffman, Mrs. S. G. Harrison, Mrs. C. C. Henderson, Mrs. C. P. Harkey, Mrs. Lauran Johnson, Mrs. R. R. Jennings, Mrs. E. G. Kilpatrick, Jr. and Mrs. Bill Kirk.

PTA Gets Report On Celine Crate

Mrs. J. M. Sincemeyer, recreation chairman, made a report on activities of the "Celine Crate" at the first meeting of the Sanford High School P.T.A. which was held Tuesday afternoon in the school library.

Mrs. Sincemeyer invited the parents to visit and help with the work for the coming year. She introduced Mrs. J. P. Holcomb as the director of the crate.

Mrs. C. A. Anderson, Jr. presided over the meeting and the officers and committee chairmen were called upon for reports.

The hospitality committee composed of Mrs. H. H. Robson, Mrs. Cassette and Mrs. Warren McCall and Mrs. H. M. Pearce greeted the members at the door.

Mrs. V. G. Hasty, supervisor of the luncheon, invited the parents to have lunch sometime and tell them of the new equipment.

Plans were made for parent teacher get acquainted night which is to be held on Oct. 12.

Mrs. M. E. Baker made the report of the summer institute in Tallahassee.

COWAN PICNIC

Mr. and Mrs. R. T. Cowan were hosts to the employees of their store at a picnic held at SandLago Springs on Wednesday afternoon, where swimming, singing and games were enjoyed by all.

A delicious picnic supper, centered around a baked Virginia ham was enjoyed by Mr. and Mrs. A. K. Shumaker, Mr. and Mrs. John Davis, Mr. and Mrs. W. C. Tere, Mr. and Mrs. M. T. Haines, Mr. and Mrs. Bob Browning, Mr. and Mrs. R. F. Chenshaw, Mr. and Mrs. Fred Harrison, Mrs. Flossie Goodson, Mrs. J. E. Jackson, Mrs. Mrs. Valerie LaPanth, Miss Jean Dobbs, Miss Margaret Davis, Ralph Cowan Jr., Ed Cowan, and J. Walters.

HOLLY WOOD

By BOB THOMAS

HOLLYWOOD, Oct. 5.—(AP)—This may sound strange, but Maurice Evans is going his first U. S. movie in order to further the stage.

The famed stage actor of the classics is spending his nights appearing at the Biltmore in Shaw's "The Devil's Disciple" and his days preparing for his film role with Ethel Barrymore in "Kind Lady." When I caught him between the two functions at his Beverly Hills house, he explained why he has finally succumbed to Hollywood.

"The reasons are two-fold," he declared. "First, I realize the value of furthering one's name in motion pictures. In the theater, it is no longer possible to travel to every little town when you appear in a play; costs are now too high. For that, but if you appear in a movie, you can go to those towns in a car, so to speak."

"With a movie-created name, you receive an added audience to draw from when you appear in a play."

Evans said his second reason for doing the movie concerned the New York City Center Theater. He and a number of other stage people put on a successful season of plays there last year and intend to continue Evans is out to enlist movie names to appear for the company.

"I am asking everyone I see," he said. "It is a good chance for movie people to do the stage work they say they yearn for. We require only two weeks of rehearsal and two weeks of playing. That should please those who don't want to get involved in long runs."

Evans sees the center project as a hope to revive the ailing theater. "We can put on worth while shows by playing two weeks in a big theater," he said. "Prices run from \$1.00 to \$2.00, so nearly anyone can afford it."

"That, I think, is the main trouble with the theater, as with all forms of entertainment—they have become too blamed expensive. People have gotten out of the habit of going to the theater. We have to find means of drawing them back."

The British actor cited another change in the theater: the stars are no longer box-office insurance. "The same has become true in the movies," he said. "The public used to go to the theater to see actors, no matter what play they were in," he observed. "But nowadays that was proven last season. The Luntz had a flop. Here Hayes had a flop and so did I in 'The Browning Version.'"

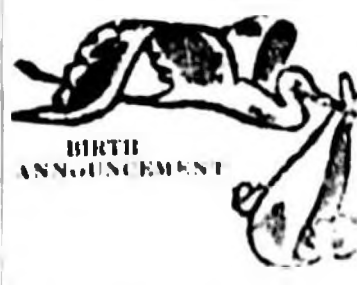

"Kind Lady" is not the first movie for Evans, although it is his first in Hollywood.

"I played in about 13 films in the early 1930's in England under the quota law," he recalled. He referred to the ruling that a certain percentage of the films

FASHION SHOW

The Fashion Show, sponsored by the Beta Sigma Phi sorority, will be held at the Ritz Theatre next Tuesday. Clothes from the Yowell Company and shoes from Ivey's Shoe Store will be modeled. It is to take place at 9:00 P.M. and the public is invited to attend.

A. K. Rosetter will contribute the flowers for the occasion.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Elmer Russell Echols announce the birth of a son, Elmer Russell, Jr., weighing 6 pounds, 14 ounces, on Oct. 4 at Fernald-Laughton Memorial Hospital.

Stassen Plan

Stassen announced from Page Street station addressed by putting the Russians on the defensive in this campaign. A meeting of 200 citizens with Russian government leaders could not commit the American government to any particular action and might bring a new point of view to bear on the Russian high command.

Yet the fact that Stassen suggested such a meeting, official on one side and unofficial on the other, could prove to be a Soviet eyes a major weakness of his proposal.

What Stalin has always wanted and publicly encouraged in recent years is a meeting with President Truman. The President's advisers have assumed the Russian leader wanted to get the United States in a position in which he could write concessions and break down the unity between the country and its Allies.

Mr. Truman has repeatedly made clear that he is not interested—that in his opinion the place to work out the latter issues between Russia and the West is the United Nations. He has said he would be glad to talk with Stalin in Washington; Stalin has said he was sorry but his doctors would not allow him to make a long journey.

GENEVA NEWS

By VALLEEN PREVATT

Mr. and Mrs. Walter Yarborough, Mrs. Marge Braidmeyer, Mrs. T. W. Prevatt, and Mrs. Ham Fisher attended the opening of intra stock market Tuesday.

Mr. and Mrs. Braidmeyer returned home after spending about six weeks visiting relatives in Ohio.

Mr. and Mrs. Herbert Kirkland, Mr. and Mrs. Fred Ballard, and Mr. and Mrs. Edwin Ballard and daughter all of Orlando were Sunday guests of Mr. and Mrs. Philip Bauer.

Mrs. J. C. Bills and Mrs. S. P. Smith have returned home from Virginia and New York where they have been visiting this summer.

Mr. and Mrs. Dick Griger have moved to Sanford where he has a place of business.

Mr. and Mrs. Ham Fisher and son Joe spent the weekend in West Palm Beach, visiting relatives.

The Methodist Missionary meeting met at Mrs. J. H. Bibe's Wednesday.

Rev. Leola Barns taken dinner with Mr. and Mrs. Frank Pitts Sunday.

Mr. and Mrs. T. W. Prevatt and children were in Mims Saturday.

DiMaggio Homers In 10th As Yankees Defeat Phillies 2-1

Yankee Clipper Hits Four Bagger Into Left Field Stands To Break Up Game

By JACK HAND
SHIBBE PARK, Philadelphia, Oct. 5.—The Yankees clinched a 10th inning home run into the upper left field stands today to give the New York Yankees a 2-1 victory over the Philadelphia Phillies in the second World Series game. It was the favored American League champs' second straight victory in the best-of-seven series before 32,000 fans. Tomorrow's game will be played in New York.

The Yankee Clipper's belt, his seventh in nine World Series, broke up a four-hitter between the Yankee fireballing right-hander and 24-year-old Roberto, the Phil's first 20-game winner since Grover Cleveland Alexander.

The game Phila carried the struggle down to the last out with pinch hitter Jack Mayo on second base with the potential tying run when Reynolds' batted a third strike past Dick Sialer to end the first extra inning series game since the 1946 opener.

Clear, crisp weather greeted the second game of the World Series as the Phillies, beaten 1-0 yesterday, called on their ace pitcher, Robin Roberts, to even the count against Yankee pitcher AlB Reynolds.

The odds-makers took a dim view of the National League champions' chances, and made the Yankees 1-4 favorites to win the Series, and 5-7 favorites to win today's game.

In contrast to yesterday's cloudy skies, the sun shone brightly on Philadelphia. The temperature was close to 40 but was hit by 1 P. M. when the game started.

Shibe Park was jammed to its 33,000 capacity by a strange quirk yesterday there were plenty of empty seats—the official attendance was only 30,740—although prior to the game some tickets had been sold on the black market for as high as \$50 per pair.

The reason for this was that tickets reserved for other baseball teams were turned back to purchasers returned others, and the mailman was unable to deliver some. The tickets were placed on sale at the park, but the lack of place anyone in Philadelphia expected to find a World Series ticket was at the windows of Shibe Park, so many went buying elsewhere.

Woodling heated out a slow bounder to Hamner between third and short for a single.

Seminick made a fine catch of Reynolds' foul pop near the base behind home plate.

Reynolds punched a looping single into short left and Woodling went to third.

Goliat batted up on the grass to catch DiMaggio's fly was behind second. Woodling attempted to score after the catch but slipped and his mind and scrambled back to third to beat Waitkus' relay with a heading slide.

Mize swung at Roberts' first pitch and raised a sharp foul up to Seminick to the left of the plate.

THIRD INNING
 Yankees
 Beria went down swinging. Goliat scampered out on the grass in short left to get under DiMaggio's short fly.

Mize batted a fly single over Goliat's head into right field. Ashburn moved back a few strides to gather in Brown's high fly.

No runs, one hit, no errors, one left.

PHILLIES
 Roberts struck out. Waitkus lined a double barrel inside the foul line in the right field corner.

It was the Phil's third hit and their third extra base hit.

Ashburn fouled to Beria directly in front of the Phillies' dugout.

Sialer went out on a weak relay to Coleman.

No runs, one hit, no errors, one left.

FOURTH INNING
 Yankees
 Hamer popped to Hamner behind the infield grass.

Coleman was credited with a two-bagger when his drive into center field took a bad bounce which Ashburn was barely able to knock down with his bare hand.

Reynolds walked on a 3-2 pitch.

Robba Church, a right-hander, got up to warm up in the Philadelphia bullpen.

Woodling fouled to Sialer near the base off left field.

Rizzuto bled to Ennis in right.

EIGHTH INNING
 Yankees
 Ken Silvestri went in to catch for the Phils.

Mize fouled to Waitkus along-side first base.

Brown batted a single over third base into left field.

Hammer hit a ground single through the hole between third and short into left field. Brown stepped at second.

Hopp went in to run for Brown.

Hammer enabled Coleman's slow grounder and threw him out at first on a chop play, both runs advancing. It was the first groundout by a Yankee and the first assist by a Phillie.

A sharp breaking curve ball that broke away by a foot caught Reynolds looking at a third strike.

No runs, two hits, no errors, two left.

PHILLIES
 Ennis Johnson went in to play third and Hopp took over first for the Yankees.

Ashburn dropped a beautiful line toward third and never even gave a throw to be credited with a single.

Reynolds came in to goop up on Mize's intended sacrifice bunt and threw to Rizzuto forcing Ashburn at second. Rizzuto helped the play with a fine catch of Reynolds' wide throw.

Ennis drove a sizzling grounder right at Johnson who started a double play. He threw to Coleman for the second and Coleman relayed to Hopp to double up Ennis. It was the first double play of the series.

No runs, one hit, no errors, none left.

NINTH INNING
 Yankees
 Goliat went to his left to scoop up Woodling's grounder and threw him out.

Three U.S. Players Win In Mexico City Tennis Playoffs

MEXICO CITY, Oct. 5.—(AP)—Several United States stars were in top action today in quarter-finals of the Pan American Tennis Tournament.

Art Larsen of San Francisco, seeded No. 1, ousted either James Brink of Seattle, seeded fifth, or Gustavo Palafox, ranked No. 1 in Mexico but not seeded. The Brink-Palafox encounter scheduled for yesterday was postponed on account of rain.

Robert Flam of Beverly Hills, Calif., second seeded in the Capistrano sports club tournament, ousted straight Clark of Los Angeles, seeded third, in quarter-finals.

Tom Brown, Jr., San Francisco, placed Francisco Guerrero Arcocha, ranked No. 2 in Mexico, Guerrero Arcocha won a long match yesterday, from Silvey Schwartz of Coral Gables, Fla., 6-1, 3-6, 1-6, 6-2.

The end of the fifth day of the tournament found only Mexican, one Palman and one Philippine player left in the tournament.

Arnaldo Bassi, the Italian Women's Singles Champion, defeated Andriana Petri in Drew Bear of Caracas 6-1, 6-2, to go into the quarter-finals. Felicitas Ampon of the Philippines defeated Har-

ROCKY GRAZIANO
CHICAGO, Oct. 5.—(AP)—Rocky Graziano, the former middleweight champion, last night knocked out Gene Barton, New York, welterweight, in the seventh round of their scheduled 10-round bout.

The attendance was 8,532 who paid \$3,288 to see the bout. Graziano, weighing 150, had a nine pound weight advantage over Barton.

Roberts 5 (Herra, Mize, Reynolds 2, Johnson). Winner—Reynolds. Loss—Roberts. U.—Bill McGowan (AL) Plate; Dusty Bergess (NL) Plate; New York, welterweight, in the seventh round of their scheduled 10-round bout.

The attendance was 8,532 who paid \$3,288 to see the bout. Graziano, weighing 150, had a nine pound weight advantage over Barton.

Florida Given Nod In Tech Game By AP Football Poll

By HAROLD CLAASSEN
NEW YORK, Oct. 5.—(AP)—Remember that recent eclipse of the moon? That wasn't an eclipse. That was just a certain football selector hiding his face after last week's picks.

Last Thursday's selections listed 58 winners in 14 decisions. That's an average of 7.7 and pulls the season's average down to 7.69.

But there is a new list of names this weekend, so here goes: Notre Dame vs. Purdue. No breaking of the Irish victory sack here Notre Dame.

Pennsylvania vs. California. Penn was good for one quarter of the battle with Virginia last week while California as good for the entire 60 minutes. But the westerners should win California.

Tennessee vs. Duke. The blocking and tackling in this one should be rugged. The voters were thinking of this one last Saturday. They are awake now, Tennessee.

Florida vs. Georgia Tech. Bob Woodruff, who brought new life to Baylor, hasn't been defeated as Florida coach. He should escape defeat another week, Florida.

Texas Christian vs. Arkansas. A year ago Arkansas won 27 to 7, but this time TCU should get revenge, Texas Christian.

Georgia vs. North Carolina. Old Barrows of Charlottesville, Va., 6-0, 3-6, 6-1, 6-1, in singles quarter finals.

Florida vs. Georgia Tech. Bob Woodruff, who brought new life to Baylor, hasn't been defeated as Florida coach. He should escape defeat another week, Florida.

Texas Christian vs. Arkansas. A year ago Arkansas won 27 to 7, but this time TCU should get revenge, Texas Christian.

Florida vs. Georgia Tech. Bob Woodruff, who brought new life to Baylor, hasn't been defeated as Florida coach. He should escape defeat another week, Florida.

Seminoles Defeat Troy 26-7; Indians Look Impressive

TALLAHASSEE, Oct. 4.—(AP)—The Florida State University Seminoles opened their 1950 football season at Troy, Alabama, Saturday night with a convincing 26-7 victory over the Troy State Teachers College Red Waves.

FSE Coach Don Vetter had 10 men in the contest as he showed youngsters returned themselves however, by taking the visiting kickoff straight down the field on a series of plays that were halted by the final whistle with the Seminoles "red shirts" on Troy's 1-yard line.

The victory was number 17 for Florida State against only 2 defeats since Coach Vetter came to Tallahassee from Indiana in 1944 to take over coaching duties here.

The Indians won the Dixie Conference championships in 1948 and 1949, and clinched this one showing by upsetting Wofford College in last year's Tampa Shrine Clear Bowl game at Tampa.

South Koreans Push 20 Miles Farther North

Korean Reds Reported To Have Lost 200,000 Men Since June 25th Invasion

TOKYO, Oct. 6.—(AP)—South Korean troops punched 20 miles deeper into Communist North Korea today on the east coast while other Allied forces massed for the expected big push to the Red heartland.

The forward South Koreans were more than 75 miles beyond Parallel 38, the border where they had crossed into enemy territory last Sunday.

Arrayed below the boundary was the bulk of the poised 175,000 United Nations troops. Air and naval support was at the ready for an offensive.

Another vice apparently was being forged to crush the remnants of the fleeing Reds—officially estimated by MacArthur's headquarters to have suffered 200,000 casualties since their June 25 invasion.

Forty thousand of the Red manpower losses were listed as war prisoners of the Allies.

The other casualties admittedly include some duplications. This means a man might have been turned to battle, wounded again and pressed into action again.

A MacArthur spokesman denied a speculation on how many of the Red casualties were dead men.

The Reds' heaviest losses of (Continued on Page Three)

Russian Copy Of U. S. B-29 Is Said Reds Only A-Plane

LONDON, Oct. 6.—(AP)—The only known Russian plane capable of dropping atom bombs at long range is a copy of the American B-29, the "Fat Man" bomber. The authoritative annual survey also listed a 582-mile-an-hour jet fighter as the fastest known military plane.

The survey said the Soviet counter has an "A" type B-29, which is a copy of the American B-29, the "Fat Man" bomber. The authoritative annual survey also listed a 582-mile-an-hour jet fighter as the fastest known military plane.

Henry M. Watson, 52, owner of the Guarante Title and Abstract Co. took his own life early this morning by burning on the gas in a bathroom located at his home at 204 West Eighteenth Street.

Richard Williams, colored yard man for Mr. Watson, smelled the gas fumes on coming to work this morning, called neighbors, including Tom Holt, realtor, who lives back of the Watson home, and together they forced open the door of the bathroom, which had been held shut by a steel clothes basket placed against the panel. All windows in the house were closed.

According to W. E. Watson, coroner who pronounced the death a suicide, Mr. Watson lay on (Continued on Page Three)

Capitalists Banquet In Incheon, Reds Say

MOSEOW, Oct. 6.—(AP)—Pravda declared today a group of American business leaders had evaded Incheon invasion from a U. S. fleet ship and later, at a lunch banquet in Seoul, celebrated the "Transformation of Korea into a colony."

The Communist Party newspaper claimed rear Admiral James H. Doolittle, commander of the amphibious assault at Incheon had brought with him representatives of "the biggest American business firms—Rockefeller, Morgan, DuPont, and Harbison."

From the war front, Pravda reported that the North Korean command had removed its main forces north.

"Such operations," commented Soviet correspondent Sergei Borzenko, "do not take place without losses."

SAIGON, Indochina, Oct. 6.—(AP)—Communist-led Indochinese nationalists attacked French forces today in small but violent battles throughout the Indochinese state of Vietnam.

A French military spokesman said these attacks may signal the start of the long anticipated autumn offensive by the Vietnamese guerrillas of Moscow-trained Ho Chi Minh.

RED PRODUCTION UP BERLIN, Oct. 6.—(AP)—Soviet news agency Tass said today that Red production of watches which would not run and 300 cameras which could not take pictures.

BANK CALL WASHINGTON, Oct. 6.—(AP)—The Comptroller of the Currency today issued a call for a statement of the condition of all national banks at the close of business Oct. 4.

DEATH RATE HOUSTON, Tex., Oct. 6.—(AP)—The Defense Department's medical director said the death rate among wounded in Korea is "by far the lowest in any similar campaign" in U.S. history.

Rep. Smathers Greeted Sanford Friends

Rep. George Smathers greeted an enthusiastic group of friends and supporters at the Tourist Center Tuesday afternoon. Taking a bit of time out between session of Congress to make a quick trip up and down the state to thank those who aided him in defeating Senator Claude Pepper in the May Primary, Rep. Smathers was outspoken in

Tourist Business Looks Up As Advance Reservations Increase

CHICAGO, Oct. 6.—(AP)—European newspaper editors told Chicago newsmen tonight that American newspapers are "amazing and prodigious" but those in Europe are "the real deal of journalism."

In reply, John S. Knight, editor and publisher of the Chicago Daily News, declared American newsmen often are not "as well educated or informed" as European, but many European papers contain too much "mish mash" and not enough news.

The exchange of friendly criticism came at a dinner given in honor of a dozen foreign newspaper editors touring the United States.

The European view was summarized by James Murray Watson, editor of the Scotsman, Edinburgh, Scotland.

He said European editors "handle the news in a sober, responsible manner and cannot afford to be big-winded" like those in America.

"Our newspaper of eight to ten pages is much easier to read and certainly much easier to handle."

"Someone should invent a gadget with which to read yours."

He said that after buying the 36 page Thursday morning edition of the Chicago Daily Tribune he had to lay it on his hotel bed, and then lay on his back himself, to read it.

Watson said: "We have never (Continued on Page Three)

Final Plans Made For Purchase Of Farm Mart Site

Final plans for the purchase of a 14 acre tract at land on the Orlando Highway upon which to locate the new Sanford Farmers Auction market were made last night at Gundersville by a group of vegetable and fruit growers and stock men. County Agent C. R. Dawson presided.

The new site is more than the Council considered at (Continued on Page Three)

Rep. Smathers Greeted Sanford Friends

Rep. George Smathers greeted an enthusiastic group of friends and supporters at the Tourist Center Tuesday afternoon. Taking a bit of time out between session of Congress to make a quick trip up and down the state to thank those who aided him in defeating Senator Claude Pepper in the May Primary, Rep. Smathers was outspoken in

his thanks to those who aided him in rolling up a commanding vote in Seminole County. Those who met him for the first time were impressed with his cordial, friendly manner and his sincerity.
