## LAVAL, MELLON CONCLUDE 1ST DEBT PARLEY

### No Announcement Is Made Although Air Of Optimism Seems To Be Predominant

PARIS, June 27.—(AP)—Premier Laval's conference with Secretary Mellon was concluded late today but no announcement was made as to what transpired. The premier and secretary, together with other French and American officials, who were present, will meet again Monday to continue the discussion of President Hoover's proposal for a one-year debt repatriation moratorium.

Arrival of Ambassador Van Houten at the office of the ministry of interior where today's meeting was held coupled with the premier's statement that negotiations will be resumed Monday gave rise to new optimism although it is evident that details of applying the Hoover proposals are not agreed upon by Mellon and Laval.

Secretary of State Blinnson was optimistic concerning the international agreement on the proposed debt repatriation moratorium as he stated today from New York for a European vacation during which he is expected to join forces with Secretary Mellon in urging Europe to accept the Hoover plan.

The Paris government's counterproposal was hailed by Secretary Blinnson as expressing a "gratifying cordiality," but as involving a question which would not meet fully the purpose of the president. He emphasized the necessity for (Continued on Page Three)

## No Mistreatment Found In Charges Of Cuban Consul

ATLANTA, June 27.—(AP)—T. P. Gross, assistant attorney general of Georgia, said yesterday he had advised Dr. Angel Gues, Cuban consul in Atlanta, that he had found nothing in the consul's charge of "mistreatment" in Georgia that might be presented to the general assembly of the state for investigation.

The consul, in a letter to Gross, said he had been treated "impolitely" by Georgians, and that Cuban students in Atlanta have been subjected to "courteous treatment." Gross said he offered the consul of the state for any mistreatment the consul or the students may have received, but that there was nothing in the complaint which could be presented to the assembly.

Dr. Gross said that when he received a suit in North Carolina in behalf of two Cuban students charged with swimming in a nude, he himself was charged with incarceration, and had held the students were held in the jail at Decatur, where they were taken. This was done by the sheriff at Decatur, according to Judge of the North Carolina city court said the sheriff told him they were whipped in a kangaroo court by prison.

## Bomba Explode In Genoa Doing Damage

GENOA, Italy, June 27.—(AP)—A bomb exploded early today, shattering many windows and blowing walls in several places. Police arrested hundreds of suspects. The bomb exploded at half hour intervals, a combination of a bomb exploded near the Royal Hotel, another in the Piazza S. Marco, a third near the Piazza S. Marco, and the last near the Piazza S. Marco. Property damage was estimated at \$100,000. The explosion was fourth in a series of attacks which police believe were of a terrorist character.

## Tropical Hurricane Is Headed For Texas

HOUSTON, June 27.—(AP)—A tropical hurricane originating near Yucatan was reported moving today 100 miles east of Brownsville headed in a northwesterly course, the weather bureau here announced. The bureau said the barometer is falling rapidly in Brownsville and many slowly at Corpus Christi, Galveston, and Houston. "Apparently the storm is traveling at a very high speed though it seems to be of moderate intensity," the bureau said. Storm warnings were being for ships all along the Texas coast. The center of the storm is now taking would point to somewhere between Brownsville and Corpus Christi.

## HAS LETTERS

Dr. G. Jameson Carr, above, ship's surgeon of the Cunard liner Franconia, has returned to this country with letters which he received from Starr Faithful, the New York girl whose death is under investigation by the police.

## JOUETT SHOUSE ENDORSES PLAN FOR MORATORIUM

### Says He Is Gratified That He Is Able To Commend President

ATLANTA, June 27.—(AP)—Jouett Shouse, chairman of the Democratic national executive committee, last night endorsed President Hoover's plan to suspend for one year payment of war reparations and war debts.

He spoke before a group of Georgia Democrats assembled here at a testimonial dinner for Governor-elect Richard B. Russell, Jr. "It is gratifying to be able to endorse and commend, and that I do without hesitancy or reservation, in connection with the recent proclamation of the president calling for a year's truce in all international debts," he said.

"The president shows statesmanship, courage and decision, if followed, the plan that he has out," (Continued on Page Four)

## Traffic Violators Occupy Spotlight In Municipal Court

The local war on traffic violators continues unabated. Yesterday afternoon Municipal Judge Ware had nine cases of such violations brought before him in police court.

J. Benton, A. I. Stewart and A. B. Boone, white residents, were all in court on charges of violating the stop-sign ordinance. Pleading guilty, they were fined \$1. They had been arrested by Officer Shaffer.

Henry White, Jr., and Otis H. Edgers, white residents, were in court on charges of speeding on Park avenue. They pleaded guilty and were fined \$1 each. Officers Williams and Gray made the arrests.

A. L. Thompson, colored, paid a \$1 fine for violating the stop-sign ordinance. He was arrested by Officer Shaffer.

S. Haddad, white man charged with peddling without a license, entered a \$25 bond. He was arrested by Officer Gray.

S. M. Richard, white employee of the city, and Willis Lee Loring, colored delivery boy, paid fines of \$5 each to close a case of reckless driving against them. They were arrested by Officer Gray, following an automobile accident.

Willis Lee Williams, colored boy, in court on three charges: speeding, carrying concealed weapon, and petit larceny, was ordered held until a further investigation could be made.

## WIDE SECTIONS OF U. S. HELD IN GRASP OF HEAT

### Nation Sizzles From California To Alleghenies In Most Intensive Hot Spell

The Associated Press Heat broiled the Nation Friday from California to the Alleghenies. More than two score deaths were attributed to the year's most intense and general hot wave.

Except for widely scattered areas—most of the Atlantic seaboard, the Northern Pacific Coast, and parts of Minnesota and North Dakota—the country sweltered most of the day.

Those who looked to the skies last night for signs of relief saw none. Government predictions generally promised a continuance of the torrid weather.

The Southern tier of states from the Arizona desert to the Atlantic coast of Norfolk, Va., apparently escaped the brunt of summer's attack, although temperature readings generally were in the 90's.

Farther East, the temperatures mounted as a blazing sun baked the plains and prairies and in some places threatened crops. The great Mississippi River valley was a cauldron. Kansas, Nebraska, Iowa, Missouri, Illinois, Wisconsin, Indiana and Southern Michigan suffered with the thermometers hovering close to or above the 100 degree mark.

Yuma, Ariz., and Needhams, Kan., with their pace setting 108 and 106 degrees, respectively, on Thursday, met no relief. Galveston, Tex., reported 104 degrees for as all time June record. South (Continued on Page Three)

## Final Arguments Heard In Trial Of Ex-Deputy Sheriff

ARDMORE, Okla., June 27.—(AP)—A jury yesterday awaited the end of final arguments in the trial of W. E. Gues, ex-deputy sheriff, charged with slaying Cortez Rubio, student-kinsman of the president of Mexico.

Cecil Crosby, another former deputy sheriff, who also is charged with the murder of Cortez Rubio and Manuel Garcia Gomez, announced he would demand a trial even if Gues was acquitted.

Crosby was a companion of Gues the night of June 7, when the two Mexican students were shot and killed by Gues as they stepped their automobile on a street here while enroute to Mexico. Crosby did not shoot.

Malvin Rhilling, county attorney, announced the charge against Crosby would not be dismissed regardless of the outcome of the Gues trial.

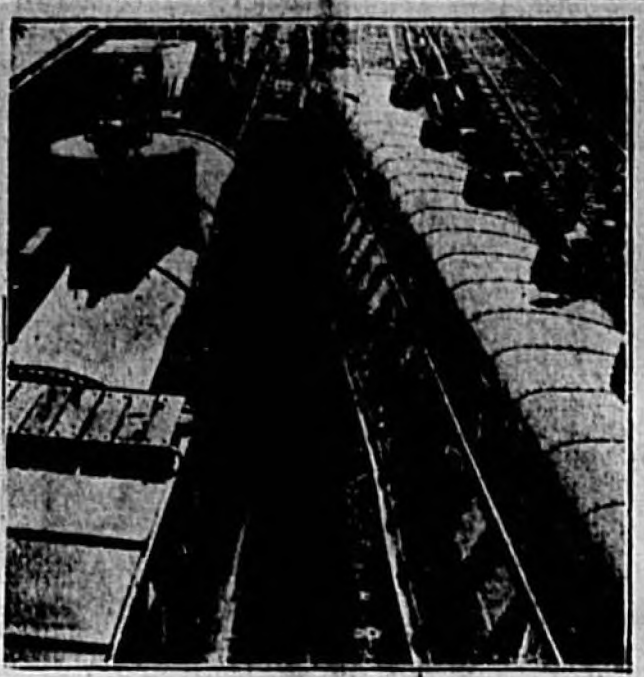

The Gues jury, instructed for three possible verdicts, first degree murder, first degree manslaughter, or acquittal, heard hours of arguments by half a score of lawyers, including M. C. Gonzales, attorney for the Mexican consul-general at San Antonio.

Gues, said Gonzales, was "prosecutor, judge and jury" when he shot down the youths. Emilio, he shouted, was "sacrificed to the sanguinary instinct of an irresponsible officer."

## Georgia Inaugurates Its Young Governor

ATLANTA, June 27.—(AP)—Richard Russell, Jr., 33, today was inaugurated as governor of Georgia. The oath was administered by his father, chief justice of the Georgia supreme court. In his inaugural speech Governor Russell said money would be the keynote of his administration.

## 18 INJURED IN WRECK OF THIS TRAIN

Eighteen persons were injured when the smoking car of a New York, New Haven and Hartford train jumped the track in a New York suburb, as picture above. The wrecked car crashed against the pillar of a viaduct.

## BULL MARKET IS STILL IMPELLING FLIERS CONTINUE PRICES UPWARD HAZARDOUS HOP

### New York Exchanges Scene Of Big Gains In Many Quotations

NEW YORK, June 27.—(AP)—The boom spirit still held the financial markets yesterday, and security prices in New York, London and Paris pushed higher.

In most markets, trading was in smaller volume than in the preceding sessions. The advance was swayed at times, as profit-taking sales were absorbed, but prices scored wide gains. Buying in Paris was described as the most excited since 1929. The Berlin market was somewhat hesitant.

The New York stock market heated for a time in the afternoon, as debate on the war debt proposal began in the House (Continued on Page Four)

## Trade Body Planning Elaborate Luncheon

Deland's busy Mayor, Earl W. Brown, and Karl Lehmann, secretary of the Orange County Chamber of Commerce, will be the principal speakers at an elaborate luncheon program being prepared for members of the Remond County Chamber of Commerce at the Valdez Hotel Monday at 12:15 o'clock.

The luncheon is to begin the nature of a tribute to the wives of trade body members who last year aided in the drive for membership, and a large gathering of women is expected. Special invitations have been sent to all members and their wives, with President Harry M. Parworth calling particular attention to the speakers of the day, Mr. Brown and Mr. Lehmann, two of Florida's most gifted public speakers.

## Committee Will Begin City Canvass To Sell Season Baseball Tickets

Headed by Harry M. Parworth, a committee of four men who were recently elected as officers and members of the board of directors of the Sanford Baseball Club will begin a canvass of the city Monday morning in an effort to sell at least 50 season tickets to baseball games played in Sanford for the remainder of the summer.

At a meeting of representatives of the Rotary, Kiwanis, Lions, Elks, and Farmers Clubs and the Sanford Chamber of Commerce at the ball park last Thursday afternoon, the following officers were elected, and will guide the destiny of the ball club here during the summer: John Metch, Jr., president; Frank L. Miller, vice president; F. L. Wietzel, treasurer, and Peter Schmal, secretary.

The board of directors is composed of the following: Harry M. Parworth, Dave Garrett, Howard Overlin, Joe Ludwig, M. L. Tilly, A. W. Kopp, G. W. Spencer, E. P. Dwyer and Ben Packard.

Best Chapman, newly installed manager of the club, told the group that a training ball club could be put on the field at a

## RESUME TELLS OF WORK DONE BY LAW BODY

### Accomplishments Of 80-Day Session Are Found In Summary Of All Action Taken

TALLAHASSEE, June 26.—(AP)—What the 1931 Florida Legislature did in the 80 days of its labor during a 60-day regular session and a 20-day extra session: Passed State inheritance tax law to be effective as long as the Federal law. Revenue variously estimated at from several hundred thousand dollars to four million dollars annually.

Passed State's first race track and pari-mutual law, overriding governor's veto of measure. Revenue estimated up to million dollars annually.

Passed \$7,500,000 annual appropriation act for standard eight months school term in all Florida counties and increased motor vehicle license 25 per cent to provide \$4,000,000 annually toward school appropriation. One mill constitutional tax and other sources expected to provide additional funds.

Passed new gasoline tax revenue allocation plan sending three cents of State six-cent tax to Road Department and three cents to counties proportionately on basis of population, area and constructed road mileage.

Passed bill for levy of \$1.50 tax on each \$100 gross receipts of (Continued on Page Four)

## Education System Improving Mental Power Advocated

LOS ANGELES, June 27.—(AP)—Universal education of the future which would bring mankind out of the alphabet stage into that of knowing how to use mental powers was described yesterday by Willis A. Sutton, Atlanta, presiding at the National Education Association.

He told the national council of education in a preliminary session to the association's convention Monday, the new age in education must give the child a greater social vision and teach that man to create; that anything he has made; that he is master of the machine.

"In the educational future," Sutton said, "we must teach greater speed and accuracy in acquiring knowledge. Many complain the curriculum is too complex. Many long for the simpler days of the three R's. Youth must be prepared for the complex civilization of today and in order to accomplish this, speed in education, both in acquiring knowledge and in attaining accuracy and using knowledge, must be accelerated."

He cited one instance of how people are thinking. In Georgia, he said, people think in terms of things. Instead of terms of people. Investigation disclosed that when 1000 of the leading citizens were speaking 78 words out of every 100 were of real estate, stocks, bonds, houses, and material possessions, and only 10 words concerned the development of social, intellectual and moral life of the public.

## Local Scouts Attend Activities At Camp

Sanford Scoutmaster James Dossy of the Kiwanis Club sponsored Boy Scout Troop No. 5 reports that a thrilling time was had at the camp during the past week although all of the boys had an opportunity of visiting several of the Scout headquarters and camps where water sports and Scout tests were featured.

Thursday afternoon several of the boys visited Camp Weva, Central Florida official scout camp, where many Sanford boys are staying. The trip was made in a truck furnished by Strickland-Harris, local Ford dealer, and through the co-operation of the Seminole Tire Shop.

At the regular Friday night meeting the principal tests were knot-tying and first aid drills, all of which were carried out with credit by each member of the troop.

## Racing Commission Named By Carlton As Required By Law

### FLORA SPURLING CASE HAS RECESS OVER WEEK-END

### \$50,000 Damage Suit Grew Out Of Death In Motor Accident

After hearing nine of more than 20 witnesses who are scheduled to testify in the \$50,000 civil damage suit of Mrs. Flora H. Spurling against O. J. Pope, local celery grower, Judge Wallace W. Wright and a jury of six local residents took a recess late yesterday afternoon until Monday morning at 10:00 o'clock.

The case, one of the few civil cases on the Spurling docket, involves \$50,000 damages asked by Mrs. Spurling because of an automobile accident which took the life of her husband, J. E. Spurling, prominent realtor, on Jan. 2, 1929.

The accident occurred at the corner of Oak Avenue and Geneva Avenue. Mrs. Spurling was driving one of the automobiles which figured in the case.

## One Officer Killed And Another Hurt In Pistol Battle

CEDARTOWN, Ga., June 27.—(AP)—One officer was killed and another wounded in a gun battle with suspected run runners on a farm four miles southwest of here yesterday.

Five men were under arrest yesterday and counts officers were holding the automobile abandoned by the assailants.

In the machine was found 15 gallons of whiskey and a pistol, officers said.

The story of the shooting was told by Halbert Thomas H. Tolbert, who said County Policeman William G. Weston was killed as he approached an automobile containing five men. One of them shoved a shotgun out of the car and shot Weston.

As the occupant of the car fled, Tolbert said he took his pistol and emptied it at the man. They fled, wounding him in the legs and abdomen as they ran. His condition was not critical.

## Republicans Face Depletion Of Their Treasury Account

WASHINGTON, June 27.—(AP)—The Republicans are facing one of the problems of their Democratic enemies—their money barrel is running low.

Both national parties have undertaken to keep new and permanent machines in operation since the last presidential campaign. It has been satisfactory to the party leaders but they find now that raising funds in off-years without the excitement and tumult of an election campaign is not so easy.

Joseph R. Nutt of Cleveland, treasurer of the Republican national committee, has been in conference here this week with Republican leaders. The low condition of the campaign chest was the center of these discussions.

However, Nutt still has some money and he is not alarmed. Incidentally, the Republican treasurer is very busy "selling" Cleveland to the party leaders for the next national convention city. He is hopeful of success but admits he has no promises.

### M. H. Mabry, R. N. Dosh, M. R. Harrison, R. L. Sweger, L. D. Reagin Get Appointments

TALLAHASSEE, June 27.—(AP)—Governor Carlton today appointed the state racing commission created under the new race track and pari-mutual law. Members of the commission are: M. H. Mabry, Tampa; R. N. Dosh, Ocala; R. L. Sweger, Quincy; M. R. Harrison, Miami; and L. D. Reagin of Sarasota.

Mabry, representing the First Congressional District, is a real estate and insurance man and the son of a former supreme court justice and lieutenant Governor Dosh, representing the Second District, is editor of the Ocala Star. Sweger, representing the Third District, is publisher of the Ocala County Times and is past president of the Florida Press Association and member of the 1929 Legislature. Harrison, representing the Fourth District, is a Miami contractor and builder. Reagin, named from the state at large, is a member of the Florida Railroad Commission, and formerly published the Sarasota Times. "These men are lovers of clean sport and men of reputation above question," the Governor said. "Since the law provides for racing it has been my purpose to secure men of the highest honor," the Governor said.

Reagin will resign as railroad commissioner. His successor has already been determined and the announcement will be made later than Monday.

The new commission will be called together at Tallahassee for an organization meeting. The commissioners hold office for two years. Each will receive \$1000.00 yearly and traveling expenses. The chairman will receive an additional \$600.00 a year and the secretary an additional \$1000.00 a year.

## Head Of Spain's Air Corps Is Dismissed For Red Activities

MADRID, June 27.—(AP)—Major Ramon Franco, Spanish trans-Atlantic flier who frequently was at odds with the old monarchist government, yesterday was dismissed as chief of the air corps after the government had warned him to stop distributing "revolutionary party" leaflets from his plane.

The aviator, who was an exile from Spain at the time of the overthrow of King Alfonso, had been actively campaigning as a candidate for the new constitutional assembly, and urging a "real revolution" rather than a conservative government.

At present Franco is being treated for a fractured leg in a hospital at Seville, the result of his speaking stand collapsing with him Wednesday night. However, he had announced he would continue his activities by dictating speeches for his colleagues to deliver.

Thursday the flier announced he would seek to be relieved as chief of the air service. He declared he considered the post an mere political than military. There is an order against those in active military service participating in political affairs.

In his political speeches, Major Franco has urged abolition of pay for the army and other public servants, distribution of wealth by a revolution and other drastic changes.

Gen. Sanjurjo yesterday flew to Seville to confer with Franco. The visit caused much public excitement.

## DEATH CALLED ACCIDENT

MIAMI, June 27.—(AP)—A coroner's jury returned a verdict in the case of Justice of the Peace A. O. Moore yesterday that Mrs. Stella Weatherford of Miami came to her death as the result of an unavoidable accident. Mrs. Weatherford was killed last Saturday night when she stumbled and fell in the path of a Seaboard Air Line passenger train while walking along the tracks.

TAMPA—Robert Johnson moved Delux Cafe to new and larger quarters.

OH YEAH?

By PETER SCHAAL

I picked them all wrong yesterday as far as central Florida baseball was concerned.

DeLand jumped on Al Whitley of the Saints for 14 hits yesterday afternoon, several of them questionable but all of them combining to give the DeLand outfit a 5 to 1 victory.

At Daytona, Lefty Murdoch, the Georgia ace made victory for Cocoa sure when he stopped a ninth inning rally short without a score.

Some classy baseball is on tap for Sunday in this league. The Reds for instance will take their prized possession, Buddy Laha, and visit Cocoa where they mix with the Indians who will probably use Joiner on the mound.

In the Big Show, the Browns created a sensation by winning a double-bill from the Athletics, cutting that team's lead to only one half game!

The Senators took advantage of Serralle's weakness, and won a 3 to 2 verdict which gave them the series three games out of four.

The Red Sox blasted two Indian hurlers for 14 runs and won the final game of the series, 8 to 3.

Home runs galore featured the two game victory the Yanks put over on the White Sox yesterday.

er of the Yanks, mainly because of four hit pitching by George Frazier.

The feature game in the National League was a three-hit game which Dazzy Vance pitched, yet lost for the Robins.

Chuck Klein, hitting his 19th homer of the year, and smart pitching by Dudley, combined to give the Phillies a 5 to 1 verdict over the Pirates.

Hack Wilson's miff of an easy fly ball sent in the run which eventually gave the Braves a 4 to 3 decision over the Cubs.

Only two Giants reached second base in their 6 to 0 defeat at the hands of the Reds.

The Big Six batting leaders are about the same as usual, except that a seventh member has been added, Chuck Klein, of the Phillies.

WINTER PARK IS WINNER OF 9-8 TILT FROM FEDS

Miller Fails In Pinch; Rogero, Tofaletti In Poor Form On Mound

By PETER SCHAAL. Just enough good baseball was mixed with more than enough bad baseball at Municipal Park yesterday afternoon for most of the fans to go home satisfied even though the Reds lost a 9 to 8 decision to Joe Tinker's Winter Park outfit.

They say that once in a season, a couple of teams will get together and play high-school, or worse, baseball. They say that sooner or later fans will have to sit through a game which sees-saws back and forth because of a million and one queer plays.

Back to the struggle. The usual Fed errors, rank ones too, saw the Parkers draw first blood in the very first frame when Harrison and Deetch made bobbles, the latter's seeing two runs come over.

That inning deserves mention. The old mystery man, Red Martin reared back and knocked a three base hit to the vicinity of the flagpole as a starter. It was the longest hit ball of the year, and the Red got plenty of acclaim as he squatted on third to catch his breath.

From then on it was a good game as far as the Parkers were concerned for Rogero held the Fed's to six hits for the rest of the way.

Schirard was out, short for first, but Tofaletti drew a pass. He went to second as Britt was out, second to first. Peters also drew a walk. Deetch singled to left field, scoring Tofaletti, Peters going to second. The mystery man got his third hit of the day.

Schirard was out, short for first, but Tofaletti drew a pass. He went to second as Britt was out, second to first. Peters also drew a walk. Deetch singled to left field, scoring Tofaletti, Peters going to second.

Speaker, Baecht, Hartnett, Homaley, Brooklyn, Chicago, St. Louis, Cincinnati, Baltimore, Frankhouse.

Girl Diamond Ball Teams Play Here Before Big Throng

By E. H. CULLUM. The largest crowd that ever assembled on the diamond ball field in Sanford was present last night to witness the game between two girl teams from Orlando.

The two teams, one sponsored by the Blackwood Cleaners and the other by the Progressive Laundry, put up a mighty pretty exhibition as to how the game should be played.

The result of the game has aroused the interest of the girls in Sanford, and the writer has already been approached by several who would like to organize a team, and the prospects are now that we will have several girl teams in the field in the very near future.

TWO INDICTED FOR PERJURY

LINCOLN, Neb. June 23—(AP)—Victory Seymour of Lincoln, and George W. Norris, former Broken Bow, Neb., grocer, and now of Alva, Okla., Tuesday, were indicted by a federal grand jury here for perjury in their testimony last Fall before the senatorial committee investigating campaign expenditures.

largely upon existence of a \$3000 double indemnity insurance policy on the life of Pierce. After the shooting Mrs. Pierce bundled the body into an automobile and drove with it to the home of her sister at Lakeview where she hid her story and was arrested.

Woman Is Freed Of Killing Husband In Gainesville Home

GAINESVILLE, June 23.—(AP)—Mrs. Nellie Pierce was acquitted by a jury here Wednesday of murdering her husband, James F. Pierce, who was shot to death at their home here May 21. She was the first white woman ever tried on a charge of first degree murder in Alachua county.

Woman Is Freed Of Killing Husband In Gainesville Home

The jury deliberated one hour and 27 minutes. When the verdict was read Mrs. Pierce wept joyfully. As the only defense witness, Mrs. Pierce contended she shot her husband accidentally as they struggled for possession of a shotgun. She said she was trying to hide the weapon from him after he had threatened the life of her 14-year old son by a former marriage.

Woman Is Freed Of Killing Husband In Gainesville Home

The state based its case on the fact that Mrs. Pierce had a motive for killing her husband. It was pointed out that she had been married to him for 14 years and that she had a son by a former marriage.

Author Who Wrote "Trader Horn" Dies

WHITSABLE, Eng. June 23.—(AP)—Alfred Aloysius Smith, known as "Trader Horn," died today at Tankerton after a brief illness. Trader Horn came out of the jungles of the dark continent to take a place in the spotlight of the world's literary capitals. In collaboration with Mrs. Ethelreda Lewis he wrote "Trader Horn" and entertained England and America with fascinating tales of his experiences with African natives.

MAKING UP YOUR LIST

PERHAPS you do your staple shopping by the week. Larger items you renew each month. Household furnishings, automobiles, radios and similar things are in the nature of investments which last for months, for years, or for life. For these things at long intervals.

But no matter what you buy, you have to pay for it. If you plan your purchases in advance, you can make a budget in time. This means you can buy what you want when you want it, and you can pay for it when you have the money.

**FIRST CHURCH OF CHRIST SCIENTIST**  
Christian Science services are held every Sunday morning at the church at East Second Street at 11 o'clock. Subject for tomorrow is "Christian Science." Wednesday evening services which will include testimonies of Christian Science healing, will be held at the new church at 800 E. End St. at 8 o'clock.

This church maintains a free Reading Room at the church where the Bible and all authorized Christian Science Literature may be read, borrowed or purchased. Open Tuesdays and Fridays from 8 to 6 P. M.

### Mrs. Allman Honors Her Son With Party

Mrs. J. J. Allman entertained a number of children on Thursday afternoon at her home, 1218 Douglas Avenue, with a birthday party in honor of her son, Ernest Allman, who celebrated his first birthday anniversary. An assortment of spring flowers added color to the rooms where the guests were entertained.

During the afternoon various games were enjoyed. The prize for the peanut hunt was awarded to Miss Alice Temple. Late in the afternoon an ice course was served by Mrs. Allman, assisted by Mrs. A. J. King and Mrs. A. L. Steacy. Those present were: Joyce White, Stella Mae Touchton, Alice Temple, Jerry White, Dolly Quattbaum, Emma Temple, Mary Touchton, Junior Steacy, Doris Quattbaum, Mary Hickson, Doris Allman, Stanley Steacy, M.C. Temple, Junior King and Virginia Harlett.

### Flora Spurling Case Has Recess Over Week-end

(Continued from Page One) ...ured in the collision, while Mr. Pope's daughter, Miss Rosalie Pope, was the driver of the other car.

Mrs. Spurling, through her attorneys, claims that Mr. Pope was entirely responsible for the collision and resultant death of Mr. Spurling in that Mr. Pope's daughter was acting as his agent. Mr. Pope asserts that he is not guilty of the charges, and that Mr. Spurling did not exercise proper care and diligence, by entering Geneva Avenue from a sand trail without stopping to see whether an automobile was traveling along Geneva Avenue, said to be a heavily traveled street.

The jury is composed of the following: O. H. Flyn, C. M. Stowe, G. W. Spivey, H. B. Finnell, R. P. Geiger, and H. A. Abell. The following witnesses were heard yesterday: Mrs. Spurling, G. W. Rutherford, George E. Wells, Dr. R. E. Stevens, A. H. McIntyre, P. A. Mero, T. W. Jones, A. Weiboldt, and Carl Williams.

Judge Wright this morning called attention to the fact that in a recent issue of The Herald he had been misquoted in his sentence upon Mrs. Emily B. Purdon. Instead of advising Mrs. Purdon that he was giving her the minimum sentence in the case of a misdemeanor following the purchase of property she knew to have been stolen although she had made restitution, Judge Wright told her that he was giving her the lowest sentence that he could, in view of all the facts of the case.

Mrs. Purdon was sentenced to pay a fine of \$150 and costs and serve 30 days at hard labor. The jail term was to be suspended upon payment of the fine and cost, but in the event she fails to pay the fine and costs, she must serve an additional 30 days at hard labor on the county roads. She is at present under a bond.

### NAVAL, MELLON CONCLUDE 1ST DEBT PARLEY

(Continued from Page One) ... further discussions and predicted an early and successful conclusion week-end negotiations now in progress in Paris.

Later yesterday, the cabinet officer left by airplane for New York. He will sail on the Conte Grand for Naples today and the ensuing weeks will see him in conferences with Europe's leading statesmen. Secretary Mellon is in Paris discussing the issues of the moratorium with French leaders.

The obstacles to an agreement narrowed today to three points. These were: America's insistence on postponement of all inter-governmental debts and France's demand that Germany pay the unconditional annuities under the Young plan.

The French proposed that these payments be made the basis of credits to Germany and other Central European powers.

The fact that the support which the president received from members of Congress for his assumption was based mainly on the plan that there would be no reservations.

One suggestion advanced today in diplomatic circles contemplated concessions on each side on the points of issue. The United States would concede, under the suggestion, to France's unconditional credit system plan. France would agree that no interest be charged on the credits and that they would be available only to Germany and not to other powers.

The acting secretary of state, William R. Castle, Jr., took up the diplomatic negotiations immediately after Stimson left. With Acting Secretary Mills of the treasury, he conferred with President Hoover at the White House. Afterward a state department officer carried a long telegram from the White House to the department for coding.

It was disclosed earlier that France has been assured President Hoover's proposal contemplates no impairment of the Young plan.

The note from that country had shown anxiety lest the integrity of the Young plan be affected by the moratorium.

The secretary of state emphasized the need for further discussions with a view to modifying France's objections so the debt

Here are some of the notables who received honorary degrees from Princeton University at the commencement. Left to right: Colonel Charles A. Lindbergh, Frank B. Kellogg, President John Grier Hibben of Princeton, Willa Catha, Newton D. Baker and Adolph Goldschmidt.

### WINS CONTEST

Mrs. Juliette Davis, Tampa high school girl, whose essay on meat won highest honors for the state of Florida in the Eighth National Meat Story Contest which just came to a close. Over 13,000 girls were entered by their teachers. The contest is sponsored annually by the National Live Stock and Meat Board.

### WIDE SECTIONS OF U.S. HELD IN GRASP OF HEAT

(Continued from Page One) ... lined will give the world a breathing space and Germany, in particular, will be relieved for the time being of the burdens that Dakota's prairies blazed with readings above 100 degrees at all recording points; Missouri cities for the most part reported 100 degrees or more heat; all Illinois sizzled.

The Western Lake Michigan shore got a few breaths of short lived cooling breeze during the day and Ohio's heat was dissipated when a violent wind, hail, rain and electrical storm. After whipping Lake Erie into a fury, the storm swept inland, leaving two dead from lightning at Cleveland. At Columbus three men were injured when wind blew down a factory. All points in the storm's path reported considerable damage. At Cleveland the wind reached a velocity of 52 miles an hour.

The heat started off early in Chicago and Milwaukee with evident intent to set new all time records. Suddenly the wind veered and jerked the mercury down from 93 degrees at 11 A. M. to 78 degrees an hour later at Chicago. But the relief was brief. At 5 P. M. thermometers showed 95.

The Atlantic seaboard north of Norfolk and including all New England and Eastern Pennsylvania and New York enjoyed temperatures in the cool 60's and 70's.

In Dixie generally, there was relief from torrid temperatures that section experienced during the past week or 10 days.

Several cities, however, still reported maximum temperatures Friday that were well up in the nineties, and Memphis, Tenn., marked up a new high mark for the year.

Little Rock, Ark., and Memphis, had high readings of 98, while Birmingham, Ala., had a 96, Vicksburg, Miss., and Tampa, Fla., 94's each, and New Orleans, La., 92.

Atlanta Friday had a high reading of 88, while Macon's high was 91 and Savannah's 84.

Northeast Florida and the South Georgia coast enjoyed cooling breezes.

HIALEAH—Andrew Jackson barber shop improved.

BRADENTON—Stovall-Baugh Co., established dry-goods store at 12th Street.

### PROMINENT COUPLE WED

Society from all sections of the country was represented at the wedding at Hingham, Mass., of Miss Elizabeth Lee Saltonstall and August Saltonstall. Both are members of prominent and wealthy families. About 100 guests, many from the bride and groom's family after the wedding ceremony.

### MILLS SHUTDOWN URGED

(AP)—An immediate three months' shutdown of hardwood mills to meet the problem of increasing debt was recommended in a report unanimously adopted by the Hardwood Manufacturers' institute meeting here yesterday.

### WEST PALM BEACH—

Former Chrysler Agency moved to former Graham-Paige building on south Dixie highway.

### MEMPHIS, Tenn., June 27.

(AP)—An immediate three months' shutdown of hardwood mills to meet the problem of increasing debt was recommended in a report unanimously adopted by the Hardwood Manufacturers' institute meeting here yesterday.

### WASH. DENIAL OF APPLICATION

(AP)—Denial of the application of station WCOA operated by the city of Pensacola, Fla., for permission to increase its power from 500 watts to one kilowatt was recommended by the radio commission yesterday by Examiner Hyde.

### OIL WORKS BURNS

FREEDOM, Pa., June 27.—(AP)—Damage estimated at \$200,000 resulted last night when fire destroyed the distilling oil building at the Freedom Oil Works. Origin of the fire was unknown.

### In His 87th Year

FRANCISCO, May 27.—Robert Dollar, one of the most successful figures in American history, is reported seriously ill at his home here. The news is believed to be the original cause of the illness of the 87-year-old Dollar in his 87th year. The physicians report that his condition is serious.

During the time of his illness, Dollar lived a life of constant activity. One of the world's largest maritime transportation companies, the Dollar Steamship Line, was his creation. He was also a pioneer in the oil business, and his company, the Dollar Oil Company, was one of the first to produce oil in California.

It was less than thirty years ago that Captain Dollar made his first voyage in trans-oceanic shipping when he shipped a cargo of lumber to China on the steamship "Arab"—a 6800 ton steamer which he bought. At that time, lumber to China was all carried in sailing vessels. In fact it was only during the twenty-five years previous to that time that cargo vessels of any kind had crossed the Pacific. Captain Dollar's steamship "Arab" was a new venture in steam transportation on the Pacific and since his lumber cargo was carried at a much lower rate than that charged by the sailing vessels the firm was a financial failure.

Then, too, the ship had to return in ballast as there was no cargo to bring back. But Captain Dollar was not discouraged. He was sure there were possibilities in the lumber trade with the Orient and decided to go over and see.

His next problem was to find commodities in the Orient for which there could be developed markets in America. He carefully surveyed the situation both in China and Japan. He was pleased with oak lumber which he found in abundance in Northern Japan and the possibilities for this lumber as lies in America, so he brought back with him six ties as samples. It was such a splendid quality of oak that he was sure of its demand also in the making of furniture. It happened that the Southern Pacific Railroad was negotiating for a road that would lead to Japan. He was sure that the Japanese ties were negotiable and the oak lumber business with Japan started.

Associated with him in his shipping and transportation business have been his two sons—R. Stanley Dollar and J. Harold Dollar. But they didn't inherit their father's business. They worked for him from the ground up. Harold was sent to China when he was twenty years old and has been running the Dollar business from that side ever since. He took with him his bride and started in at the bottom just as his father before him had done. Stanley, who manages the San Francisco office, also started at the bottom of the ladder and climbed gradually to his present important position in this world shipping organization.

Travel where you will in China today and you'll find the name of this steady old Capt. Robert Dollar along side that of George Washington and Abraham Lincoln. Chinese children in the schools are being taught to know and appreciate the life and work of Robert Dollar, who in the face

Here are a few of the seven survivors of the ill-fated French steamer St. Paulbert, which capsized while returning from an excursion, carrying over 500 persons to death. The survivors are shown as they were interviewed by the Mayor of Nantes and other officials.

twenty-one ports of call in more than a dozen countries in 112 days with a sailing every two weeks.

The decision was rendered on the grounds that there had been no attempt to eject the excess number of priests from their churches.

### GROVELAND

GROVELAND—Groveland Garage opened under new management.

### Joett Shouse Enderies Plan For Moratorium

(Continued from page 10) have been pressing her and which circumscribed might have led to a collapse. Such a result would have reaped with terrific force on the political and economic structure of the entire world.

"I look for no party obstruction to the president's purpose," he added, predicting the plan would have the cooperation of the majority of the Democratic congressional delegation.

"I welcome the act of the president, even though in my opinion no small part of the conditions which compelled it are to the administration's own deeds."

Shouse told the Georgia Democrats "the defenders of the Hoover administration have had but one answer to the various attacks on its policies and performance and that is the charge that we have found fault with everything and can see no good in anything that President Hoover does. That, of course, is not true. We have not hesitated to criticize acts that merited condemnation."

He also took the Republican administration to task for the governmental deficit, national unemployment, business depression and the difficulties of the farmer. He said the country is in danger for a change of administration.

"I do not think that any clear thinker in the whole country is satisfied with the present conditions," he said.

### Work Will Start Soon On New Miami Beach Race Plant

WASHINGTON, June 27.—(AP)—T. V. O'Connor, chairman of the board of the Miami Beach Jockey Club, announced last night the new racing plant there would be built immediately adjoining the Seventh-Ninth Street causeway connecting Miami and Miami Beach at a cost of \$2,000,000.

Mr. O'Connor, who is chairman of the shipping board, said the plant would be constructed on a site consisting of 300 acres, running one mile north from the causeway and approximately one-half mile wide.

When completed it will be a complete recreation for the day or two. It will have the broad estuary for boat races and features of any racing plant in America. The grand stand is to be built to seat 12,000 persons, with 200 boxes and 6,000 club seats erected planned.

"Work is so far ahead," he said, "that the plant completed at the earliest possible moment for winter racing."

### WASHINGTON

WASHINGTON, June 27.—Senators and House members today resumed their session. The House passed a bill to provide for the current naval budget. The bill was passed by a vote of 275 to 137.

For the years 1928 to 1931, the number was four appointments and from 1931 to 1937 it was five appointments. The regulations governing appointments to the Military Academy at West Point remain unchanged. Each senator and representative may appoint two. The term of such academy is four years.

Sen. Duncan U. Fletcher said yesterday that he had received a number of applications from high school graduates in Florida for appointments to the Naval Academy. His quota was filled some time ago and examinations for the next quota will not be held until April 1932.

For some reason the number of applicants for matriculation at the Naval Academy is considerably in excess of that for cadships at West Point. This partially seems especially marked among southern boys.

### Bull Market Is Still Impelling Prices Upward

(Continued From Page One) chamber of deputies, but the advance was resumed vigorously in the last hour.

An unconfirmed report late in the day that the Interstate Commerce Commission would immediately grant half the 16 percent freight rate increase sought by the railroads as an emergency measure sent shares up 22 to 25, and although financial news tickers carried a denial "from an authoritative source" in the last few minutes of trading, the advance was unimpeded.

A report that action may be taken to alleviate financial conditions in Latin America sent Latin American securities skyrocketing, although it was said in high banking circles that the matter had not progressed beyond the stage of vague and unofficial conversation.

Commodities also were buoyant. Cotton futures at New York were up \$2.15 to \$2.25 a bale. In the Chicago pit, wheat futures, ended the day with gains of 7-8 to 11-2 cents a bushel. Corn finished 1-3/4 to 2-1/4 cents a bushel higher. Copper held at Thursday's price of \$21.25 a pound.

The turnover in the New York stock market aggregated \$1,000,000 shares compared to \$1,000,000 Wednesday. Principal shares throughout the list showed numerous gains of \$2 to \$3 a share.

### BANDIT MEETS DEATH

ATMORE, Ala., June 27.—(AP)—Charles Longshaw, 21, negro, who terrorized this place Wednesday, was found dead on railroad tracks near here Thursday. Authorities said they believe a train ran over him. The negro, wearing goggles, held up Postmaster J. M. Camp of Nohemia, Ala., taking \$25 more. The money was found on the body.

### DADE CITY

DADE CITY—Dade City American Business College opened in Masonry building.

### SHOWS PLANS

Count H. M. Coudenhove-Kalergi, above, young Austrian nobleman, recently arrived in London to set forth his plans for a United States of Europe. He has been working on the plan since 1923.

### First Application For Racing Permit Made By Dog Track

TALLAHASSEE, June 27.—(AP)—The first application for a permit to operate a race track under Florida's new racing and pari-mutuel law was filed at the state capitol yesterday.

It was the application of the St. Petersburg Kennel club for a permit to hold a 90-day dog race period from Dec. 1 to Apr. 1 next winter. The application was signed by J. G. Foley, secretary and treasurer of the kennel club and was delivered in person by E. B. Casler Jr. of St. Petersburg.

All applications will be considered by the state racing commission at a meeting here Aug. 15. Applications must be filed here on or before July 1. Permits when issued must be backed up by approval of racing by voters at county elections.

Governor Carlton Thursday announced he would name the five-member commission Monday or Tuesday. The racing and pari-mutuel law was passed by the Legislature over the governor's veto.

### WARNS WORLD

Sir George Falah, above, former economic advisor to the British government, declared in a New York address that world-wide economic disaster could only be avoided, but could not be avoided as a result of the economic depression.
