

Woman trapped in vehicle after driving into lake

By Jamie J. Anderson-Potter
Staff Writer

SANFORD — Cathy Cookman was trapped inside her minivan for nearly half an hour Tuesday afternoon when she veered off Seminole Boulevard and into Lake Monroe.

According to witnesses, Cookman was turning onto West Seminole Boulevard from North Mangoustine Avenue when she lost control of her vehicle and drove headfirst into the lake.

"She ran right over a post and into the water," said witness Jeanie Kimmons, who was a passenger in the vehicle directly behind Cookman. "It didn't seem like she attempted to stop or even hit the breaks. When we saw what happened, we couldn't just keep going, we had to stop and make sure she got help."

When Kimmons reached the edge of the sea wall, the front of Cookman's van was submerged in 2 to 3 feet of water and the back tires were balancing on the sea

wall. As another bystander placed a 911 call, Kimmons remained with Cookman, who was unresponsive.

"I just kept talking to her," Kimmons said. "She didn't appear to be quite right — maybe a diabetic, maybe drunk or maybe just in shock — I can't say for sure."

According to Lt. Tim Robles, inspector and public information officer of the Sanford Fire Department, although the water is

Honoring our troops: Renato prepares to reboard ship

Marine Corps Lance Cpl. Renato J. Pinto, son of Conceicao A. and Edegar A. Pinto of Altamonte Springs, is preparing to re-board ships of the USS Nassau Amphibious Ready Group. He is assigned to the 24th Marine Expeditionary Unit (MEU), based in Camp Lejeune, N.C.

Pinto's unit had been on a routine overseas deployment since August 2002 participating in exercises and operations in Djibouti, Kosovo, Kenya, the Arabian Gulf and Iraq. Pinto was preparing to return to his home base when he received orders to support Operation Iraqi Freedom in March.

Pinto's unit is an expeditionary intervention force with the ability to rapidly organize for combat operations in virtually any environment. MEUs are composed of more than 2,000 personnel and are divided into an infantry battalion, aircraft squadron, support group and command element. With this combination, Pinto's unit supplies and sustains itself for quick mission accomplishment and for clearing the way for follow-on forces.

Pinto is a 2000 graduate of Lake Brantley High School in Altamonte Springs. He joined the Marine Corps in September 2000.

Idyllwild Elementary School students and teachers gather during a dedication ceremony for the school's new memorial garden and brick walkway.

Garden, walkway dedicated to fallen astronauts

By Michelle Jerie
Managing Editor

On Feb. 1, when the Space Shuttle Columbia was lost during its re-entry into Earth's atmosphere, the construction of a memorial garden at Idyllwild Elementary School took on new meaning.

When Principal David Scott presented his idea for a memorial walk and garden to the school's PTA more than a year ago, the original idea was to highlight community members and alumni of the school. After the shuttle tragedy, the concept grew to include a permanent memorial for the seven astronauts who lost their lives during Columbia's tragic flight.

"We already had a memorial for the astronauts who lost their lives in the Challenger explosion," Scott said. "When the accident happened with Columbia, we decided to incorporate a memorial for the astronauts in what we were already planning to do."

The school's memorial walk and garden officially opened Tuesday during a school assembly and ribbon cutting. Many of the students who listened to the dedication helped create the scenic area in front of the school.

"A lot of the kids helped with the garden," PTA President Patrick Stenstrom said. "They did a bit of everything — digging, planting, laying soil. It all came together and is now a beautiful thing."

The new addition to the school follows hours of planning and fund-raising by the PTA and student body, Stenstrom said. The entire project was funded through the

City to announce new hotel deal

By Dan Ping
Editor

SANFORD — City officials are expected to announce this week a new plan for a downtown conference center that includes a key component missing from previous proposals: a commitment by a private developer to build a hotel.

Official details have not been released; however, multiple sources close to the negotiations say a private developer has approached the city about building a hotel and conference center.

A representative from the mayor's office would only confirm that a press conference regarding the conference center project has been tentatively scheduled for Thursday morning.

"There's a meeting going on right now to finish up the details," said Jeffrey Bauer, liaison to the mayor and city commission.

Unlike previous proposals, pre-

liminary sketches do not show a hotel connecting with the conference center space. Instead, the new plan calls for a multi-floor hotel on land occupied by the Best Western Marina Hotel. Sources say the developer, Sunco Properties Inc., has already obtained agreements with the principals in the Best Western property.

"Looks like it will be a Best Western hotel," said John Jones, economic development director for the city of Sanford. "It will be a very nice four-star Best Western."

In another departure from previous proposals, the new plan would not demolish the existing Civic Center. Instead, the Civic Center would receive substantial renovation including the possible addition of a second-level mezzanine. The Civic Center would be connected to a three-story structure located at the site of the

Groundbreaking held for Seminole's new environmental center

From Staff Reports

On Thursday, May 15, at 9:30 a.m., the Environmental Studies Center had a groundbreaking ceremony to start their new facility.

The Environmental Studies Center is located at 2985 Osprey Trail, Longwood.

The new 6,100-square-foot \$1.1 million facility will include a new Natural History Museum/instructional room, a multipurpose room, support spaces for staff, and outdoor interpretive displays and kiosks. Minor site improvements for bus drop-off, parking, and storm water retention are also included.

The existing 1920's era school portable that was relocated from Lawton Elementary School in 1977 will be in use during construction, then demolished when the new facility is complete.

The exterior of the new building will be a cement fiber product which looks like wood lap siding, and will feature a full front porch, and covered learning area/pavilions on each end. The aluminum plousie louvered windows will provide increased security of the center while adding to the "old style" Florida appearance. The interior entry

features a large open lobby with exposed truss ceiling. The east wing will have a 1,200-square-foot multipurpose space for both student and community weekend and evening use. The west wing will feature the 1,200-square-foot Natural History Museum that will be the new home for the various live and static displays of native wildlife and related topics currently at the Center.

The Environmental Studies Center is a cooperative effort between Seminole County Public Schools and the Seminole Board of County Commissioners. The program's goal is to increase environmental awareness, knowledge and responsibility while engendering feelings of protectiveness and ownership toward the environment.

Tours and activities are scheduled daily for first and fifth grade students. The center also provides teacher in-services and teaching materials to support classroom lesson plans.

School Superintendent Paul J. Hagerty, Ph.D., school board members, local elected officials, and the Friends of the Seminole County Environmental Studies Center Organization attended the groundbreaking ceremony.

Cause of Historic District fire still unknown

By Jamie J. Anderson-Potter
Staff Writer

SANFORD — Two historic homes located on Magnolia Avenue in the downtown Sanford Historic District were destroyed during a house fire early Saturday morning.

According to Mark James, a fire inspector with the Sanford Fire Department, the cause of the fire has not been determined.

"Due to the heat and the instability of the walls left after the fire, we [Sanford Fire Department] chose not to make entry and find an origin of the fire," said James. "We will not be

conducting an investigation, but the state fire marshal has completed his on-site investigation and will determine a cause and come back with a ruling."

According to James, the fires began at the home located at 801 Magnolia Avenue. The structure, owned by Clarke D. DeLano, was being rented to her son and his two roommates. The men heard the smoke alarms and were able to escape without injury. However, the residents' two dogs were unable to make it out alive.

The son ran to his mother's home located at 807 Magnolia Avenue to

warn her of the fire. When he arrived at the door, DeLano was already leaving the home after being awakened by her four dogs. She and the dogs made it out safely.

According to fire department reports, the fire at 807 Magnolia Avenue began nearly 1 minute after fire crews arrived on the scene.

"They had lumber, fuel, mattresses, furniture, boxes of papers and other things like that stored in both of the homes," said James. "This contributed to the heat generated and that is what caused the second fire and the amount of damage seen in both fires."

Only a few bricks and concrete slabs remain of two historic houses on Magnolia Avenue in Sanford that were destroyed during a Saturday morning fire.

Deal

Continued from Page 1
Sanford Chamber of Commerce building at 1st Street and Sanford Avenue.
 That multi-floor structure would house retail space along 1st Street, offices for the chamber of commerce and the Seminole County Tourism Development Council and a 40,000 square-foot meeting space. A 300- to 400-car parking garage would be located on the second and third floors of the structure.

Plans also call for a large, outdoor amphitheater that could seat approximately 2,500 people. At this time, officials expect the conference center complex to be called Seminole County Convention Center at Riverwalk.
 Exactly how funding for the project will take shape and how much the private developer will shoulder is unclear. However, one official said the public sector cost would be considerably less expensive than the \$14 to \$18 million

approved by the Seminole County Commission. County officials had proposed spending up to \$700,000 of Tourism Development Council revenue each year for 30 years. This official said the county's cost could be about \$300,000, with Sanford contributing an equal amount, over a 20 year period. The city currently spends \$180,000 annually to maintain the Civic Center.
 "I haven't gotten all the figures, but it looks like the county's share

would be substantially less," confirmed Daryl McLain, chairman of the Seminole County Commission. Suncor Properties Inc. is a Lake Mary-based company that has most recently completed commercial and residential developments in Lake Mary and Heathrow. Last week the Sanford Planning and Zoning Commission approved the company's site plan for a \$12 to \$15 million residential/retail complex on Lake Monroe just west of City Hall.

 only a few feet deep if she had gone over the wall, she could have sunk 4 foot in soot. Dive teams were deployed in case the back tires slipped, but were not needed.
 According to Kimmons, the response time for the police and fire department teams was almost immediate.
 According to Robles, once rescue workers reached Cookman she was conscious and responsive. She didn't have her seatbelt on, but may have taken it off after the accident in an attempt to get out of the vehicle. Workers removed van seats and carried Cookman out through the back of the van on a stretcher.
 This is the second driver this year to veer off the roadway and into Lake Monroe. An average of

six accidents a year occur on this stretch of highway in front of the Central Florida Regional Hospital.
 "There are several of us who want to see guardrails up here," said Sgt. P. Jankowski of the Sanford Police Department. "It will take more of the crosses before it happens."
 The crosses Jankowski speaks of are those marking the many fatalities that occur at the edge of Lake Monroe.
 "This seems to be a hot spot to have cars end up in the lake," said Robles.
 According to Robles, Cookman was admitted to Central Florida Regional Hospital in stable condition with minor injuries, including slight back and neck pain, cuts and bruises.

 a brick walkway that honors members of the Idyllwilde community. Several bricks contain names of people, including former Idyllwilde student and member of the World Champion Anaheim Angels, David Eckstein.
 "We call it a memorial garden, but it is actually an honor garden," Principal Scott said. "We want to remember the fallen heroes, but we also want to honor those who are still with us."
 The brick walkway is a continuing fund-raiser for the school's PTA. For \$25, individu-

als may purchase a brick and have it inscribed with a name. All funds raised will go back to the school.
 As for the Columbia memorial, Patricia Gillis from NASA's Center for Education was on hand during the dedication ceremony. The school presented her with a plaque to commemorate the event.
 "I am going to take this plaque back to the Center for Education, where it will be displayed for a while," Gillis said. "And then, I will send it through the various facilities at NASA, where people who work on the actual shuttle can see it."

Wedding planner rehearses proper behavior for guests

DEAR ABBY: I am a certified wedding planner. With the wedding season upon us, I would appreciate it if you would publish the following "reminders" for wedding guests:

1. The only people invited are those listed on the invitation. Please do not bring uninvited guests. I've seen a shortage of space and food at receptions because of this. (Caterers often charge extra for the number of guests exceeding the original count.)
 2. Please do not bring children unless they are listed on the invitation. They may be the cutest kids in the world — especially when they're all dressed up. However, it's the bride and groom's day, not an occasion for you to show off your little ones.
 3. Another reason not to bring uninvited children is that many reception sites charge by the number of attendees, regardless of the age.
 4. If you must bring a running baby to the ceremony, ask to be seated on an aisle near the back, so a quick exit can be made if the baby becomes fussy.
- Keep in mind that a wedding day is an occasion the bride has dreamed of all her life. Countless hours and thousands of dollars may have been spent to make it perfect. Please don't spoil it for the happy couple.

Dear Abby

SPEAKING FOR ALL BRIDES

DEAR SPEAKING: Every spring I receive wedding etiquette questions by the bushel. Your helpful reminders can diffuse more than a few potential problems before they occur. Thank you for sending them.

DEAR ABBY: I am 13. I read your column every day. My mom is bulimic, and now I am fat because all she buys is junk food. Please give me some advice in the newspaper, because Mom will be mad if she knows I wrote to you.

I am sick of the kids at school calling me names all the time. I am sick of my mother calling me a fat pig when it is her fault that I eat the wrong food and don't throw up afterward like she does. There is no reason to live any more. Every day of my life is miserable and I'd rather not even be here. You are my last chance for help on how to deal with these people.

FED UP IN FORT MYERS, FLA.

DEAR FED UP: You need more help than anyone can give you in a letter. It's time to talk to your teacher, your principal or a school nurse about what you have written me. Your mother has an eating disorder and may not even realize that she is passing it along to you. You need a healthy diet and an exercise program, and your mother needs to understand that what's going on could be classified as neglect because children's eating habits are dictated by their parents. Don't wait — talk to someone now. Please let me hear from you again. I care.

DEAR ABBY: In a recent column you mentioned the old story that my grandfather, W.C. Fields, did not relate well to children. Nothing could be further from the truth. In fact, he loved children, and proudly drove his firstborn grandchild home from the hospital. A family photo appeared in People magazine on Jan. 1, 2000. It depicts my beloved grandfather, his first grandchild and my mother — and it is heartwarming.

HARRIET A. FIELDS, WASHINGTON, D.C.

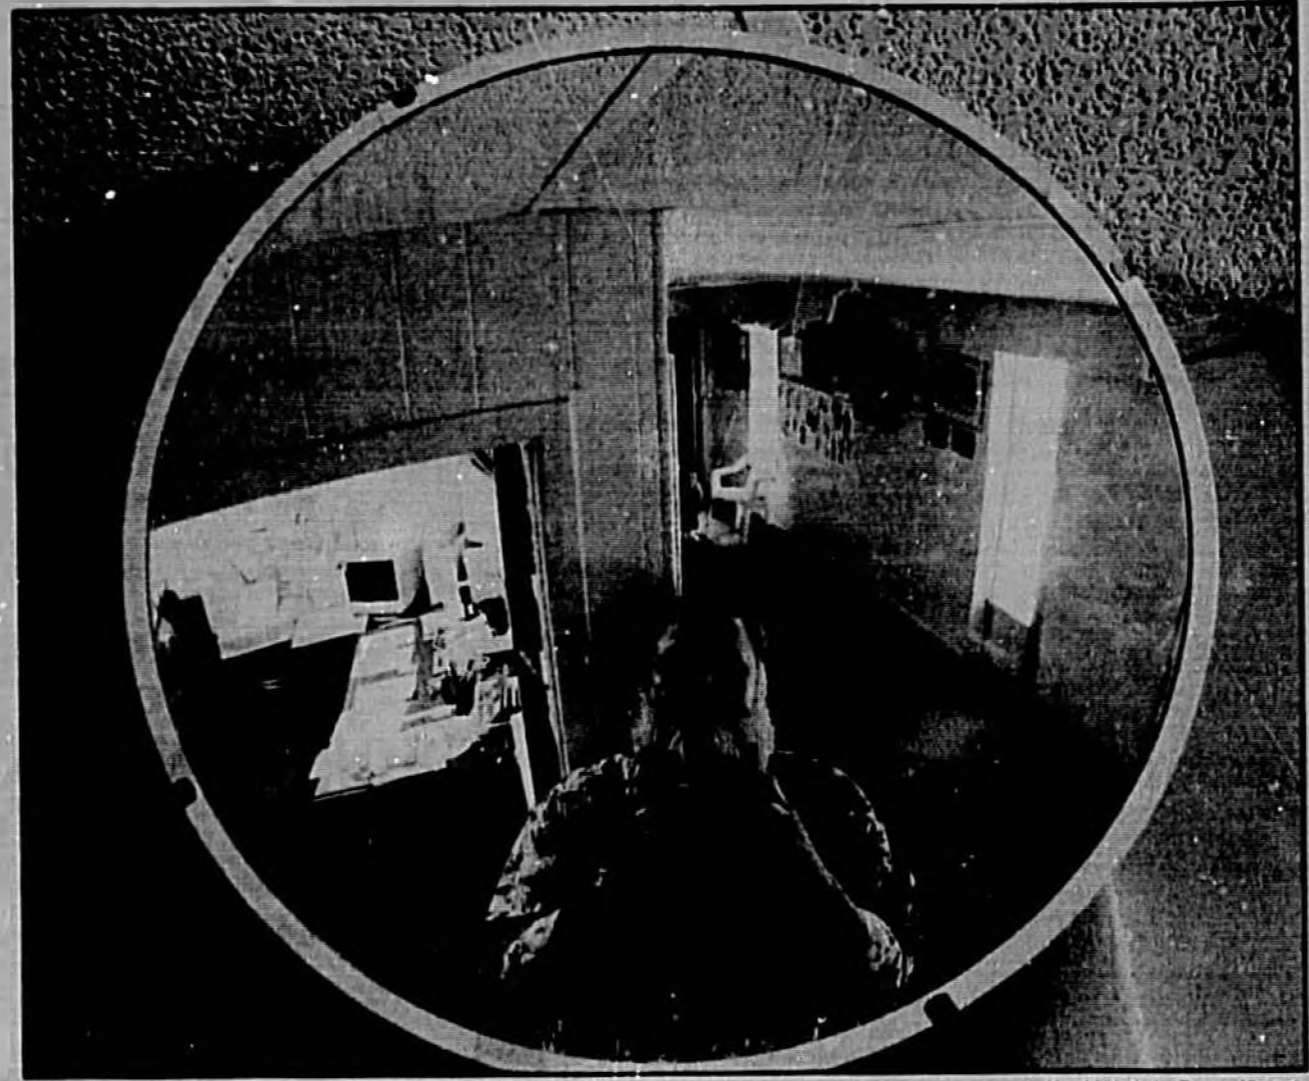

DEAR HARRIET: I stand corrected. Thank you for helping to bury an old myth.

Workers Temporary Staffing to open new offices in Atlanta

Worker's Temporary Staffing, a leading Florida temporary staffing agency based in Lake Mary, plans to open its second out-of-state office in Atlanta in about six weeks.

Mark A. Lang, Sr., founder and president of the firm, said his office currently has more than 20 offices in Florida and puts more than 2,000 people to work every day here.

Workers Temporary Staffing recently opened an office in Kansas City, Mo. and plans to open another one in the port area of South Jacksonville because of the heavy demand for temporary workers.

"We are busier than we have ever been and we are expanding," Lang said. "We are studying other markets and we are focusing on southeastern region."

Lang said the biggest demand for temporary workers now is in warehousing, refuse and carpentry.

"Those are also good signs," Lang said. "Growth in warehousing and distribution and the refuse industry are both strong indicators of economic health. Demand is strong and work is steady."

M/I Homes expands design center in Altamonte Springs

M/I Homes, one of the most active homebuilders in Central Florida has expanded its design center at its corporate headquarters in Altamonte Springs, Dana Bennett, division president, said.

At the same time, Bennett said the division named Sandra McKee design coordinator. She has nine years of experience in interior design. The expanded center will now offer each buyer literally hundreds of options to choose from in floor, window and wall treatments, colors, counters, kitchen cabinetry, kitchen and bath fixtures and many other interior amenities and features. 2,400 square foot facility was designed to accommodate buyers of M/I Homes throughout the Central Florida area.

Horse Liniment Eases Arthritis Pain

OCALA, FL -- An ingredient derived from hot peppers that decreases inflammation in racehorse's legs, is now recognized as safe and effective for human use. The ingredient has been formulated into a product called ARTH-Rx™ and comes in a strength designed for humans. Researchers are excited and say the formula can relieve arthritis pain for millions.

Developed by the Phillips Gulf Corporation, ARTH-Rx is a breakthrough in the treatment of painful disorders ranging from minor aches and pains to more serious conditions such as arthritis, bursitis, rheumatism, tendonitis, backache and more.

Although the mechanism by which ARTH-Rx works to relieve pain is not totally clear, scientists suggest that pain is relieved because ARTH-Rx intercepts the messenger substance that sends pain signals to the brain.

ARTH-Rx is available in a convenient roll-on applicator without a prescription. According to a spokesperson for the company, due to the overwhelming demand for ARTH-Rx, supplies are sometimes limited. ARTH-Rx can also be ordered by calling 1-800-729-8446. www.hcdsales.com

Engineered Homes moves up in Central Florida builder ranks

From Staff Reports

Engineered Homes, which has several residential developments underway in Seminole County, solidified itself as one of Central Florida's leading production homebuilders, moving up a notch to No. 11 in the latest homebuilder rankings released by "Orlando Business Journal."

It is the highest ranking for the 7-year-old, Winter Park-based company that has improved its position among Central Florida production builders every year since commencing operations in 1996.

OBJ ranked the leading volume builders in Orange, Seminole, Osceola and Lake counties according to the gross dollar value of homes sold in 2002.

Engineered Homes, which is building Buckingham Estates near Heathrow and Lake Griffin Estates in Casselberry, posted \$72.8 million in gross volume on 319 home sales last year, the second straight year the company has eclipsed the \$70 million mark. The company ranked No. 12 in last year's rankings on the strength of 2001 sales volume of

\$78.4 million.

The company, which specializes in gated communities and extensive community amenity packages, was one of the few companies listed in the OBJ survey that doesn't have national ties.

National homebuilding heavyweight Pulte Homes ranked No. 1 in the survey with \$192 million in sales volume.

Engineered Homes Marketing Director Marilyn Anderson is pleased with the company's steady climb up the builder ranks.

"It's very satisfying to know that a small, privately owned company is able to hold its own and carve out a market niche for itself among the larger national builders with many years under their belts," she says.

Last year as it completed its seventh year in Central Florida, the company approached a significant milestone - 2,000 homes built and sold. Going into 2003, Engineered Homes had logged 1,974 home sales for approximately \$315 million - all of it occurring in a four-county market of Orange, Seminole, Lake and Osceola counties.

Brentwood Custom Homes wins top score in area's 'Parade of Homes'

Brentwood Custom Homes, one of Central Florida's most active custom homebuilders won two top awards during the recent Volusia County Parade of Homes.

Mark Herring, president of Brentwood Custom Homes, said the builder won the Grand Award and a Top Score Award for the Litchfield II, a luxury home Brentwood built at Victoria Park.

The Litchfield II also took a Merit Award. Brentwood also won a merit Award of Excellence for the Martinique in the \$190,000 to \$240,000 category.

"Brentwood always has been very active in Central Florida

and we have won many awards here, but the Grand Award and the Top Score Award is among our first in Volusia County.

"We are very pleased, and we are especially pleased because the competition in Volusia County was very high," he said.

"I Got Rid Of My Back Pain Forever!
Call The Toll-Free, 24 Hour Low Back Pain Recorded Message Hotline And I'll Reveal My Secret For Free!"**

Lake Mary, FL - My back pain was horrible! I tried everything imaginable to get rid of it but nothing worked. I tried Aspirin at first. But it didn't work. It hurt so bad I couldn't even pick up my children without wincing from the pain. I went to my doctor but he told me I would just have to live with the pain and take muscle relaxers and painkillers whenever my pain got bad. But it only got worse! I was about to talk about surgery until I stumbled upon a free report offered in my paper

which revealed to me the truth about my back pain and the best proven way to get rid of it forever! I admit, I didn't believe it at all, but I ordered the free report and I haven't had one attack of pain in 8 months! If you're even remotely curious about how to end your suffering, call toll-free 1-800-704-6476 and listen to the 24 hour recorded message to order your own copy of this remarkable report. Don't live another day in pain. Call Now! It's Free!

Pressey impressive at State Meet

Lake Mary junior scores all 28 of sixth place Rams' points

By Dean Smith
Sports Editor

GAINESVILLE — Everyone knew Angie Pressey was a great athlete. Saturday in Gainesville she proved it. The Lake Mary High School junior, who has been making headlines for her prowess on the basketball floor and volleyball court since her freshman year, had a spectacular day in the 2003 FHSAA Class 4A Girls Florida Track Finals at Percy Beard Track at the University of Florida.

The daughter of Orlando Magic assistant coach Paul Pressey scored all 28 of the Rams' points as they finished tied for sixth.

Pressey won the 100-meter dash handi-

ly and also had a second place finish in the 200-meter dash, a third place finish in the Long Jump and a fifth place finish in the Triple Jump.

She was not the only local athlete to have an impressive weekend in Gainesville as Oviedo High School sophomore star Jenifer Barringer won the 1,600 meter run and was runner-up in the 3,200 meter run and pole vaulter Christopher Sienko scored all 10 of Winter Springs High School's points, good for a tie for 19th, giving the Bears

their first ever Gold Medal in boys track. Oviedo finished tied for 34th with five points as Dillard Gould placed fourth in the High Jump. Howard Lingard finished 13th in the same event.

Seminole High School tied for 47th as Andrew Jenkins was eighth in the triple jump, Jeremiah Stokes was eighth in the discus and the sophomore team of Stevie Warren Jr., Caves Richardson, Travis Knight, and Daniel Johnson III placed eighth in the 4 X 100 meter relay.

Lake Brantley High School did not

score any points, but Charles Johnson was 13th in the shot put and 14th in the discus.

The only other 4A girl to run in a final was Winter Springs' Anlis Hopkins, who ran ninth in the 300 meter hurdles.

In the Class 3A boys meet on Friday, Lyman High School was the only local team to score, finishing tied for 15th with 15 points.

Junior Kyle Harris had the best finish for the Greyhounds with a third in the triple jump. He was also a member of the 4 X 400 meter relay team with junior Comart Franklin, senior Gerald Christian and sophomore Shaun Roberts that came home 11th.

Florida Mini-Stock Challenge at Orlando

From Staff Reports

BITHLO — Orlando SpeedWorld will be hopping this week as tonight the 3/8's mile will host Test and Tune and this Friday a special night of action will be held.

'Test and Tune' runs from 6 p.m. to 10 p.m. A car and three persons will be admitted for \$20. Each additional person will cost \$5 more.

On Friday (May 23), the facility will host a 50 lap Florida Mini Stock Challenge race, plus the Mod Lites and Pro Challenge Cup cars.

Also on the card will be the regular FASCAR divisions of Super Late Model, Sportsman, Super Stock, Mini Stock and Strictly Stock. Modifieds will have the night off.

There will also be a kids bike-race with two new bikes being given to the boy/girl winners.

Pit gates open at 5 p.m. and the grandstands at 6 p.m. Racing begins promptly at 8 p.m.

For raceday information call 407-568-1367.

SpeedWorld is located 17 miles east of Orlando, between Orlando and Titusville, on Highway 50 at the 520 Cocoa cut-off.

Orlando SpeedWorld Dragway, located right next to the oval, will be holding the regular weekly Wednesday and Friday Street Drags from 6 p.m. until 10:30 p.m.

This time can be used for tuning, practice, grudge racing, and co-driver drags. Admission is \$10 and it only costs \$5 more to run.

For event, ticket and race day weather information call 407-568-5522.

On Saturday (May 24), New Smyrna Speedway welcomes the Antique Cars to the 1/2-mile.

Also set to run will be the Late Model, Sportsman, Open Wheel Modified, Mini Stock, Super Stock and Strictly Stock divisions of FASCAR. The Super Late Models have the night off.

New Smyrna Speedway is located at the intersection of SR44 and SR415 between I-4 and I-95, eight miles west of New Smyrna Beach. Grandstands open at 6 p.m. with racing action slated for 7:30 p.m.

For more information on any FASCAR short track action, call the FASCAR offices at (407) 568-1367 (Orlando) or (386) 427-4129 (New Smyrna), or check the Internet site at www.Newsmyrnaspeedway.com.

Also on Saturday, Volusia Speedway Park welcomes the winged mini-sprints to Barberville.

The 1/2-mile dirt oval will also be holding a regular night's action of heats and features in the weekly classes of Late Model, Hobby Stock, Mini Stock, Street Stock and Pure Stock.

Grandstands open at 5 p.m. and racing starts at 7:30 p.m. General Admission is \$10 with children 12 and under free. The track also offers Senior and Student discounts.

For information call 386-985-4402 or visit the web at <http://www.volusiaspeedwaypark.com>.

Volusia Speedway Park is located just 15 miles west of Ormond Beach. From I-95, take exit 88 west on State Road 40. From Highway 17, turn left on SR 40. The facility is five miles east of Barberville.

Orangewood exits

Rams' run ended in Class A semifinals

By Dean Smith
Sports Editor

TAMPA — The Orangewood Christian School baseball team scored the first and last runs of the game Monday at Legends Field.

But Providence School from Jacksonville did all of the damage in between as the Stallions eliminated the Rams, 7-2, in the Class A Semifinals of the 2003 FHSAA Florida Baseball Finals in Tampa.

Orangewood (14-16) showed signs of brilliance for much of the game, but Providence (29-2), which is hitting .352 for the season, was just too powerful for the Rams.

Former Major League pitcher, and Tampa native, Dwight "Doc" Gooden threw out the first pitch prior to the game and the game started as hot as the weather.

Kellyn Townsend led off the game for the Stallions with a single to center, but Orangewood second baseman Bryan Robertson, who calls Sanford home, then snagged a sharp ground ball off the bat of Tim Aldridge and in one motion tagged Townsend and fired to first baseman Nate Rupp for a scintillating double play.

Rams ace Taylor Meier (4-4), who has signed with UCF, then got a strike out to end the first and the momentum was clearly in the hands of Orangewood.

Freshman Jon Reilly led off the bottom of the first for the Rams by getting hit with a pitch and one out later went to third on a single to right-center by Brian Irvine.

Reilly then broke for the plate and got a steal of home when Stallions pitcher Joshua Maxwell threw the ball wildly past third.

The score remained 1-0

Herald photos by Dean Smith

Orangewood Christian School second baseman Bryan Robertson (above) fires to first baseman Taylor Meier for an out during Monday morning's Class A Semifinals at the 2003 FHSAA Florida Baseball Finals at Legends Field, the Spring Training home of the New York Yankees in Tampa. Robertson, who lives in Sanford and will be attending Mercer University in Macon, Georgia this fall, made several outstanding defensive plays and singled and scored a run for the Rams (14-16), who fell to powerful Providence School (29-2) from Jacksonville, 7-2. Junior Nate Rupp (left) had a big day at the plate for Orangewood, getting two of the Rams' four hits on the day and lining out hard to center in his other plate appearance.

through the second inning and then a bit of bad luck cost the Rams the lead in the third.

With a one ball, two strike

count, Providence's Ryan Kramer, stuck his bat out on a tough fastball from Meier and somehow got enough of the

ball to hit an opposite field double just fair down the left-field line.

Baseball comes to an end at UCF

Special to the Herald

ORLANDO — UCF's two-year reign as Atlantic Sun Champions came to an end Saturday as the Golden Knights dropped a doubleheader to Jacksonville, eliminating the Golden Knights from the 2003 Atlantic Sun Tournament and ending their season.

Jacksonville won game one of 3-1 and secured the sweep and a spot in the A-Sun Tournament with a 7-4 win in the second game.

UCF ended the season 31-25 overall and 14-16 in the conference. UCF had missed the A-Sun Tournament just once in its history, coming in 1994. The Golden Knights ended the 1994 campaign 29-26 and 8-10 in the conference.

In game one of the doubleheader, JU freshman left-handed pitcher Donald Brickle (3-3) tossed a gem in limiting the Golden Knights to one run on six hits for the complete game and did not allow a walk for the Dolphins.

Gordie Gronkowski led the Dolphins by going 3-for-4 with a home run in the game one victory. Drew Butera singled home Ryan Bear in the UCF seventh to spoil the shutout. Mark Michael (7-6) allowed three runs on 10 hits with eight strikeouts in a losing effort for UCF.

In game two, JU sprinted out to a 5-1 lead before the game was halted 55 minutes in the top of the third inning due to lightning in the area. The Dolphins added a run in the fourth to take a 6-1 lead before UCF attempted a comeback.

The Golden Knights plated one run in fifth and two in the sixth to close the deficit to 6-4. In the sixth, Dee Brown and Rich Wallace delivered two-out RBI-singles to bring UCF to within two.

JU added a run in the seventh and Josh Deel pitched the final 2.0 innings to record his second save of the season.

Kragt ended the second game 2-for-4 with two runs scored for the Golden Knights.

JU starter Darren Truty pitched five innings to earn the win. Truty fanned three to improve to 5-5 on the season.

UCF starter Matt Fox (3-4) yielded five runs on seven hits in 2.1 innings in a losing effort.

FWC to offer free education courses

Special to the Herald

OCALA — The Florida Fish and Wildlife Conservation Commission (FWC) is offering a free hunter education course in Chuluota in Seminole County on June 14 and 15 from 8 a.m. - 5 p.m.

Participants must pre-register by calling the FWC's Hunter Education Training Center at (352) 625-2804. Classes fill quickly so please register early.

To successfully complete the course, students must attend all class sessions, pass a written exam and participate on the firing range. Class materials, guns and ammunition will be provided, but participants must bring their own pen, pencil and paper to take notes.

The course covers survival, wildlife identification, hunting laws, ethics, first aid and gun safety, and is required for anyone born on or after June 1, 1975 in order to purchase a Florida hunting license.

For information on future hunter education classes and classes in other areas, please visit the FWC's Hunter Education website at <http://floridaconservation.org/huntered/>.

The FWC will also be offering bowhunting education classes in the area.

The first will be in Winter Park on June 7 and the other will be in Geneva on June 28.

The class is free and open to the public, and is offered for those wishing to learn how to hunt with bow and arrow.

The emphasis is on bowhunter history, safety, ethics, fundamental skills, techniques

and tackle. The course is based on the National Bowhunter Education Foundation text.

Some states require a Bow Hunter Education course in order to bow hunt.

Pre-registration is required and anyone under 16 years of age must be accompanied by an adult. This course is not really suited to younger children. Participants should dress appropriately for the weather, bring pen or pencil, paper, lawn chair, and lunch and beverages. If you have your own archery equipment, please bring it to the class.

For more information or to register call the FWC Hunter Education Training Center at (352) 625-2804, Monday - Friday, 8 a.m. to 5 p.m.

“Championship Challenge” coming to DeBary Saturday

Chasyn Rance, the “Independent Sensation”, who captured the belt in a stellar matchup with Kid Lethal, when he defends his title against crowd favorite Thump Dupree. The Frat Pack will also be in the house as they plan to defend their titles against the team of Leon Scott and Aaron Epic. In a singles match, “Florida’s finest Wrestling Technician”, Anthony Michaels, will take on former SCW Grand Champion Hexx.

The matchup will be the first between these two technical wrestlers, who have held numerous championships throughout the Southern Region. SCW rookie Ryzee, the 6-foot-10 Korean monster, will try to

continue his undefeated streak against former SCW Grand Champion Sequel. This confrontation has been teased on several shows leading up to this week as this will be a classic matchup of power and agility against speed and expertise. These matches, and many more, are yours for the watching starting at 8 p.m. at the DeBary Civic Center, 38 South Shell Road, this Saturday. Tickets are \$10 for ring side and are available at Ray’s Appearances in Sanford (407-328-0083).
