## 4 Jr. High Teams To Make Football Debut Monday

By B. Hush Anley  
Four junior high football teams, representing the seventh and eighth grades of Sanford Junior High and Pinecrest, will make their debut before the public Monday night in Memorial Stadium at 7:30.  
A. O. Roberts, Chiefs Club delegate handling the promotion of the games, said that the Chiefs Club has agreed to back the outing financially and guarantee the city of Sanford the \$30 for the use of the stadium.  
For the first time in Sanford's history there will be a unified program that will closely tie the schools of the city with each other in an athletic program.  
For years the Seminole High School football teams have been meeting rivals that had such a program, and the opposing schools have gradually outgrown Sanford.  
Paul Brown, perhaps the nation's most successful football coach, has attributed his success to a program such as Sanford is on the threshold of seeing instigated. It is here, in the lower grades, that winning attitudes and competitive spirits are best fostered.  
For years educational institutions have frowned on such a program, but as junior high competition in rigorous sports gained popularity it was discovered that such an institution was an actual

### Menon Makes Plea

UNITED NATIONS, N. Y.—India's V. K. Krishna Menon today called on the United States delegation to disown a statement by Sen. William S. Knowland R-Calif. criticizing India's role in the move to seat Red China in the United Nations.  
He called Knowland's statement "a disservice to the cause of international friendship."  
Menon referred to a declaration issued by Knowland to the press last night in his personal capacity as Republican minority leader in the Senate. The senator said he was shocked that Menon had apparently become the floor leader for the Communists in the campaign to seat the Chinese Reds.  
Menon told the 79-nation General Assembly that it was his duty to protest to the U. S. delegation and to ask U. S. Delegate Henry Cabot Lodge Jr. to say whether Knowland's views were those of the U. S. government.  
"It is up to the United States delegation either to own or disown this statement," Menon declared.  
Then referring to Knowland's statement that he was "shocked" by the role being played by India and its delegate, Menon said "being shocked is a state of mind and the thing to do about it is to go to a doctor."  
"No delegation," he said, "has the right to question the integrity of another, and he who says that the delegation of India is here as the mouthpiece of any government or people, except the government and people of India, is guilty not only of a misstatement of fact but of a disservice to the cause of international friendship."  
Menon spoke as the Assembly neared a vote on a U. S. resolution calling for postponement of all debate on the question of seating Red China.

### Buddy Poppy Day Sale To Be Staged Tomorrow By VFW

The Veterans of Foreign Wars, Seminole County Post 3282 will hold a Buddy Poppy Day sale on Saturday Nov. 17, throughout Seminole County.

The purpose of this yearly sale of Buddy Poppies is to raise money used for Veteran relief and rehabilitation as well as provide means of contributing toward the Veterans of Foreign Wars National Home at Easton Rapids, Michigan. The National VFW house is used to provide homes for children of deceased veterans. The children are provided a home and an education through High School years without a burden to the government or to the deceased veteran's family.  
The past year Seminole County Post 3282 has provided transportation to the Veteran's Hospital at Passaic, N. J. on numerous occasions to veterans without cost; it provided phone calls, paid for gasoline to needy veterans to help them on their way, it helped to buy food for needy veterans, as well as many other things in line of veteran needs and rehabilitations. There are many veterans who are less fortunate than others, and it is not necessarily through their own efforts or misconduct.

The Seminole County Post 3282 Veterans of Foreign Wars is always willing to tackle any veteran's problem. The Post has been instrumental in obtaining pensions for some of those unfortunate veterans, but all of this takes money; and it is only through your purchase of these Buddy Poppies that it can carry out this great task of Veteran Relief and Rehabilitation.

W. W. Brown, chairman of the VFW's Poppy Day Sale, said today, "Please contribute generously and willfully when one of our Ladies of the Auxiliary or a member of the Post or the many volunteers call upon you this Saturday, Nov. 17, Remember Saturday Nov. 17, is Buddy Poppy Day in Seminole County."

### Herlong:

## No Statement Made About Lund, Campaign

"I haven't made any statement relative to Arnold Lund and his campaign," Congressman A. S. "Syd" Herlong said this morning.  
Reached in St. Augustine where Congressman Herlong is spending the week-end, he was asked to comment on statements made by Anthony S. Battaglia in Tallahassee yesterday.  
"They're just trying to put words into my mouth," said the Congressman as he heard details of the article released this morning read to him. "I haven't made any comments at all concerning the race except to thank those who were good to me and re-elected me as their Congressman," Herlong said.  
"The statements they are using is the statement made by a Central Florida newspaper regarding the defeated candidate's possibilities of running again in the next election," he said.  
"These tactics are not unusual," Herlong added. "I've come to see that more and more during the last campaign."  
"I've never made any remark about Lund running again," commented the 5th District Congressman.  
Battaglia is reported this morning as having said "I don't know where Herlong gets the idea Lund isn't going to run again. He not only is going to run but he's going to win."  
The early move by Republicans came on the heels of Battaglia's appointment as Florida's new Republican national committeeman. Apparently, Battaglia's strategy is to open the 1938 Congressional seat campaign early as he said his "main objective is to see that Syd Herlong does not return to Congress in 1938."

## From GOD...to MAN

A field of wheat . . . a human soul!  
 Gifts from God—upon which man puts the imprint of his own labor, and faith, and wisdom.  
 The result; a loaf of bread . . . a Christian.  
 Life is teamwork with God. Man receives what he cannot create, and fashions what he needs. But between resource and product are vital steps.  
 Between a field of wheat and a loaf of bread must be the mill and the oven.  
 Between the new-born soul and the mature Christian must be a Church and a religious home.  
 True thanksgiving is the sacred resolve to use what God has given to fashion what God desires.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

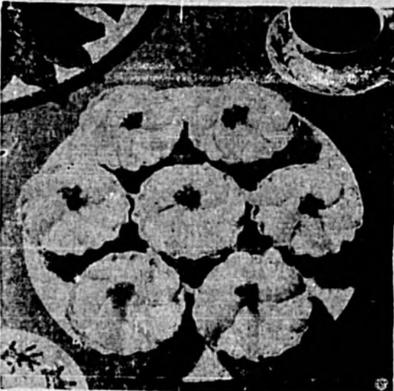

"The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Eggnog Tarts For The Holidays  
Based On Seasonal Milk Product**

By using commercially prepared eggnog as the base of chiffon tarts or pie, the preparation of a beautiful holiday dessert is practically done when started. The milk and egg mixture is dairy-assembled. To create the pie filling, unflavored gelatine, sugar and salt are added to the bottled eggnog. Then whipped cream... for smooth richness... and flavorings are folded in. Finally diced cling peaches go in to golden-fleck the chiffon filling, and peach slices are arranged in a poinsettia design to trim each tart. Unflavored gelatine captures the air beaten into the whipped cream. That's why this eggnog filling is velvety smooth and light to the tip of the tongue. Flavor with vanilla and almond extracts or an equal amount of rum or sherry flavoring. Tart shells or a 9-inch baked pie crust hold the filling. And if a packaged pastry crust is used, all ingredients for this modern holiday dessert will be pantry shelf and refrigerator handy.

**EGGNOG TARTLETS**  
2 teaspoons rum flavoring, optional  
1 cup heavy cream, whipped  
1 can (1 pound) cling peach slices, drained  
6 to 8 baked tart shells

Combine gelatine and sugar in top of double boiler. Stir in 1 cup of the cold eggnog. Place over boiling water and stir until gelatine and sugar are dissolved. Remove from heat; add remaining 1/2 cup eggnog. If additional flavoring is desired, add nutmeg and flavoring. Chill until slightly thicker than the consistency of unwhipped egg white. Fold in whipped cream and 1/2 cup of well-drained, diced peaches. Spoon into pastry tart shells, baked 9-inch pie shell, or into dessert dishes. Chill until firm. Decorate with remaining peach slices in poinsettia motif with finely cut maraschino cherries for flower centers.

YIELD: 6 to 8 servings.

**Air Power Said  
To Become One  
Of Popular Series**

NEW YORK (AP) — By this time anyone who owns a television set should be well prepared for an enemy air attack on this country. "Perhaps we're overprepared. If the real thing ever should come, television would be wise not to try to cover it. Millions of us might sit, jaws agape, waiting for the commercial-only to field a bomb instead. These thoughts are prompted by the first presentation of Air Power (CBS-TV, Sundays). Air Power undoubtedly will become one of the most popular and fascinating series of the home set. Certainly its first program, about a hypo-

thetical time when Russia launched an all-out air attack on the United States, was fascinating to watch. It also, curiously, was rather absurd. It may be an exaggeration to say the CBS has fixation on air attack against this country. But there do come to mind its recent dramatization of "Forbidden Area" on Playhouse 90, a Studio One dramatization several months ago, an Ed Murray See It New try to cover it. The theme is becoming a bit threadbare. But it cannot shed its dramatic appeal or the absorption natural in watching the cumulative details of defense against air attack. Air Power went a step farther than anyone has to date, however, and cast the Air Force itself in the starring role. Surely the producers ferreted out some of the most

photogenic members of the service. They also acquired Gen. Nathan F. Twining, Air Force chief of staff, and Gen. Earle E. Partridge, commander of the Continental Air Defense Command, to play the roles they actually would fulfill in the eventuality of attack. Possibly both were concerned by a problem Sunday's program raised. It involved the question of whether any responsible high officer of this government should be playing games in connection with his responsibilities on a commercial television program. If any wise and logical end were served by such dramatic hocus-pocus, we could look forward to further big television features such as "Statenmanship," starring John Foster Dulles, or "Defense-

THE SANFORD HERALD

manship," starring Charles Wilson. The duties of all branches of the Air Force are vital and interesting, and the public should be thoroughly informed concerning them. The documentary aspects of Sunday's program were superb. Only when the informative details were cast in dramatic form did the situation begin to seem absurd to one viewer. First the enemy was coming from the north, and then from the east and the west, and then the squadrons scrambled. Maybe this is the way the enemy would do it — if he did it at all. But I found it somehow unconvincing.

# Power Of Community Support Is Strong; Join Local CofC Today!

The power of community support is without a doubt the strongest support one could have behind a project of top importance.

That's the reason why the Seminole Chamber of Commerce membership drive should climax Tuesday at noon endorsed 100 percent by local business and professional people.

One of the team captains who wholeheartedly supports the activities of the Chamber of Commerce and is aware of the impact such an organization makes wherever it is heard reported that three new members were obtained and it was highly probable that all prospective memberships assigned would be turned in with the membership fee.

It is equally possible that other team captains are having the same success. One of the most aggressive, forward looking, unprecedented programs has been outlined by the 1956-57 Seminole County Chamber of Commerce Board of Directors, along with additional projects which are being tackled by the Chamber of Commerce Manager.

The economic impact of the Seminole County and Sanford communities by the ultimate success of these projects would make this Central Florida county and city one of the top communities of the state.

Already, indications point to partial success of the "yet new" 1956-57 Chamber of Commerce officials—and more steps could be taken to elicit the complete success of the program where funds from a successful membership campaign on hand.

As has been often said "To be big—think big."

This adage has become a by word of the Seminole County Chamber of Commerce organization as every effort is made to bring commerce, industry, tourist, financial support, and other worthwhile and beneficial professions and businesses within the county.

All that is needed is the complete approval of Sanford and Seminole County business and professional leaders—every one of them—by subscribing to "this eventual success" with a membership.

As we have said before in these columns, the annual membership campaign of the Seminole County Chamber of Commerce

should not have to be an effort on the part of community leaders who are willing to work and support their Chamber of Commerce. It should be an automatic annual pleasure of members to re-invest in their community.

If you have not been approached by members of the Membership Campaign teams, call the Seminole County Chamber of Commerce and ask that someone come around to see you.

It's easy to work together for the economic benefits Sanford and Seminole County will receive—it is harder to "gripe" and pull apart.

## World Affairs Crisis

The election is over, but the crisis in world affairs remains. We cannot vote it away. And now this country faces the great and difficult task of enunciating its policy. Not only in America but the world must know where America stands, and what America will not do.

If Russia continues to press forward, it will soon be knee deep in the Suez Canal. We have not won Colonel Nasser. To think of winning him is to nurse inexcusable illusions. And Suez is but one of the problems we face. Connected with it, but broader in scope and fundamental in character, is the question: What about our Western Alliance?

What of NATO? Is it to be strengthened, can it be strengthened. What can or should we do to ease the anxiety of the small countries of Europe? It is well and good that we are praised for the American stand taken in the United Nations, but praise alone will not cement an alliance of free nations which want to remain free.

Finally, what is to be our attitude toward the satellite countries and toward Tito and his Yugoslavians? The Hungarians, fighting a last-ditch fight for freedom against Russian troops, have cried out to America for help. We cannot honorably speak of freedom in generalized accents and say that we are friends of liberation unless we are ready to back those who will fight and die for liberation.

The world has changed and history has turned corners dizzyingly during these last few weeks. Its landscape is new. Unless we now enunciate our policy for the world, it will not know the face and voice of America, and even some of our friends may write in fear and confusion.

The lack of firm and clearly stated policy on the world picture could lead to disaster.

The Sanford-Titusville Canal is one of the best means of modern transportation for defense purposes—yet the project seemingly is standing idle. There needs to be a renewed effort toward bringing this project to a final and successful conclusion.

Not only will our defense system be strengthened but Sanford and Central Florida will benefit economically through the building of this valuable waterway.

A fellow in Honolulu kissed his girl good-night and was struck on the head by a coconut that fell from a tree. That should cure him—at least of kissing girls under coconut trees.

## P-TA Against Any Move To Abolish Public Schools

The Florida Congress of Parents and Teachers will oppose any move to abolish public schools and also will ask county school boards to put recent segregation laws into operation with "care and in the spirit intended."

One thousand delegates to the annual convention at St. Petersburg voted down overwhelmingly a move by Mrs. Beatrice Iman of Jacksonville to strike a section of the platform which expressed opposition to any efforts to abolish free public schools.

Attending the convention from Sanford were: Mrs. J. B. St. Johns, president of the County Council of Parents and Teachers Association; Mr. and Mrs. J. T. Baggerly, representing Sanford Grammar School PTA; Mrs. Margaret Reynolds, principal of Pineroot School; Mrs. Richard Elam, representing Pineroot School PTA; Mrs. Cliff Ables and Mrs. Michael Thomas representing the Junior High School PTA; and others representing the various school PTAs.

There have been proposals in the Legislature to abolish the public school system and install a private school setup because of the segregation issue.

Then the PTA also turned down a proposal to strike a section of the platform pledging cooperation with county school boards and asking that the boards use care in implementing recent state laws designed to slow down integration.

Mrs. Phyllis Ganey of Miami Beach made the proposal. Among the laws is one granting county school boards power to say which school a child may attend.

The law also provides a system of appeals should a child object to his assignment. Among legislative aims sought by the PTA is an increase of teacher salaries so well qualified teachers might stay on the job; provisions for an adequate library system; particularly in rural areas; and financing of an adequate school lunch program.

## Schools Will Get Federal Assistance Under Public Laws

The Seminole County Board of Public Instruction yesterday approved the application for two Federal Funds for local school under public law 817 and 874.

The law, according to Seminole County Board of Education officials, pertains to "Federal impact children."

Federal assistance under the two laws will aid greatly in the local school financing.

Superintendent of Public Instruction R. T. Milwe reported briefly to members of the board relative to the State Board of Education Survey Committee and its completed work in Seminole County.

Reports included the "thoroughness of the survey" and what was included in the overall survey picture. The final survey, Milwe told the Board of Public Instruction will reach Seminole County in about two weeks.

Members of the board also approved a request that school children be allowed to "turn out" at 2:30 on Wed. Nov. 28 to participate in and view the annual Jaycee-Merchants Association Christmas Parade.

The board also gave the Superintendent of Public Instruction permission to attend a one-day meeting of the Community College Council which is to be held in Tallahassee on Nov. 28.

Thanksgiving holidays were set for Nov. 22-23.

'Past Presidents' Dance At Elks Club Tomorrow Night  
A "Past Presidents" dance will be given tomorrow by the Anna Miller Circle of the local Elks Club. Honoring its past presidents, the dance will be held at the Elks Club with music by the "Populares" featuring Pete Rokman, Paul Caskey, and Jack Rokman.  
Dancing will begin at 9 p.m. to night and continue until 1 a.m.

## 4 Jr. High

(Continued from Page One) aid to all phases of the educational purpose and led to a closer harmony in communities.

A great deal of the success of the program will rest in the hands of Sanford's citizenry. Only a large turnout will insure the financing of the program that can grow and be a vital function in all Sanford's educational-recreational expansion.

The small admission charge—50 cents for adults and 25 cents for children and students—will go toward the first payment of the outfitting. It will take a huge turnout to make the program a success. A turnout like the season opener for the Sanford Seminoles will put the program across.

The fans who turn out will be surprised at the skill, agility, and ferociousness of the youngsters. They hit low, hard, and the game is as impressive to watch as any other football team.

The four teams, with canine names of Bulldogs, Boxers, Great Danes, and Hounds, will take the field in a thrill packed double-header that will make the fans' hearts beat with excitement. The games will be regulation JV length, 10 minute quarters, and the fans in the stands will arouse to the cheering of 20 beautiful cheerleaders from the junior high schools.

Monday night will be history in Sanford. Be in the stands at 7:30 and watch history written before your eyes.

## Inter Fraternity Christmas Dance Scheduled Dec. 25

The 9th Annual Inter Fraternity Christmas Dance will be held Tuesday, Dec. 25 at the Mayfair Inn Ballroom, according to Roy Green, chairman of this year's event.

## Dr. William Fort Speaks At Meeting Of Sanford D. A. R.

Members of Sallis Harrison Chapter, N.S.D.A.R. attended a dessert party at the Langford Hotel, Winter Park, on Nov. 9, with Mrs. Miriam Russell, Mrs. A. B. Peterson Jr. and Mrs. John Meisch hostesses.

Dr. William E. Fort, a member of Rollins College Faculty for fifteen years and author of numerous articles, was introduced by Mrs. L. P. Hagan, program chairman. He spoke on "Dangers to America arising from Communist infiltration into schools and colleges." Dr. Fort is an excellent speaker and in his talk gave a very vivid analysis of the Communist Party. He started with the registered party members who, he said, are a very small percentage of the huge body of Communists working undercover in an effort to overthrow this country.

A number of guests were introduced and included Mrs. Jackson E. Stewart, first vice president of the State Society, Mrs. J. P. Ristig, ex-regent of the Orlando Chapter, a number of daughters visiting in the city and Mrs. Fort. Also Mrs. H. J. Lehman, of Winter Park, formerly a member of Sallis Harrison Chapter, who was presented the beautiful floral arrangement which centered the speaker's table, in honor of her wedding anniversary.

Mrs. A. R. Key, regent, presided over the business meeting which followed the program. Mrs. Hagan reported on Approved Schools for Mrs. Charles Park Sr., who was unable to attend the meeting. She stated that four boxes of clothing had been sent to the two schools, owned and supported by the D.A.R., which are Kate Duncan Smith, at Grant, Ala., and Tammasce, at Tammasce, S.C. It was voted to send a gift of money to the endowment and scholarship funds of these schools, which cost the N.S.D.A.R. \$350.00 a year. A gift was also voted for the American Indian fund.

A report was given of the recent district meeting held in Titusville, where officers and committee chairmen received instruction on the year's work. About 30 members and guests enjoyed this most interesting meeting.

Treeta and Mike Michel are in town and staying with Jean Doolley until their furniture is re-leased from storage Monday. Then they will move into the Symes bouthouse in Loch Arbor, recently vacated by Boyd and Diddie Weber. Treeta should have some interesting tales to tell about her trip to Europe, since her European jaunts are never like anyone else's. The balance of the time this summer she spent at her home in Frederick, Md.

Meanwhile, back at the Symes: Boyd and Diddie are almost gone. Fanchon and Mae McRoberts had a small buffet supper for them Tuesday night and Jo and Roy Syms one Wednesday night, and everyone is just about ready for the sweet things to leave. By the time this comes out the Webers will have piled Robin, Soot (the dog), and Diddie's clothes in the car, and be on their way to St. Louis for a two-week leave. As long as you live in Sanford, parting from the Webers is not a final thing. They have definitely planned to come back. But don't think we'll miss them, because we will! It's all very depressing.

Dornell Kilcline has been quite ill, and her mother is here from Pensacola to care for her, as Tom is in Jacksonville for several weeks. Dornell reports that she is feeling much better now, and interested in the golf classes

as soon as she recovers her strength. Dornell's mother is Mrs. Mary E. Thompson of Pensacola, and has already spent some time in Sanford when she visited Tow and Dornell last month. Bill Emerson was back for a brief period Wednesday. Haven't yet heard the latest on Mary, but will pump all sources. Don't forget the first presentation of the Mutual Concert Association Monday night at eight. Better get there early, as it is Mary Hutchinson who presents what sounds like a fascinating performance. She acts, she sings, she dances! And in case you have a dinner party before the theatre, this recipe for Chicken Mexicaine is just the thing. Donated by guess who.

4 lbs. chicken breast, simmer in 3 cups water with 1 tsp. salt. Cook until tender. Remove bones. Boil broth until there are two cups left. Melt 1 lbs. butter, add 1 onion chopped fine, 2 green peppers, 1 clove garlic, minced. Sauté until onion is transparent. Add: 1 tsp. Pepper, 1 tsp. chili powder, 1 tsp. oregano, and chicken broth. 1 can tomatoes, 2 cans mushrooms.

## Social Department Has Card Party At Woman's Club

The Social Department of the Sanford Woman's Club entertained with bridge and canasta following the civic Department luncheon Wednesday afternoon.

High score for bridge was won by Mrs. Roy Tillis, while second highest score went to Mrs. J. E. Baker. High score for canasta was made by Mrs. George W. Quinn. Miss Alice Cooper and Mrs. E. C. Harper won the screeno game.

## Hibiscus Circle Makes Corsages At Recent Meet

Hibiscus Garden Circle met Friday at the Canning Kitchen at 2:30. The fifteen members present enjoyed making corsages out of dried arrangements under the direction of Mrs. Charles Wilke. The circle is responsible for the flowers in the Hospital for the month of November. This is being carried out by different groups, each taking one week to place arrangements.

The hostesses, Mrs. R. Gordon Brisson and Mrs. J. V. Jones served coffee and delicious white fruit cake.

## Mrs. Nichols' Guest Speaker At Circle Meet

An interesting talk on "Kinfroh in the Garden" was given by Mrs. J. E. Nichols at the recent meeting of the Magnolia Garden Circle, which was held at the home of Mr. Marvin Dyal.

Coffee was served and then the chairman, Mrs. Charles Meeks, gave the highlights of the recent Board meeting.

Plans were made for the members to attend the Flower Show School, and the Fashion Show at the Mayfair Inn. Christmas arrangements are to be taken by various members of the circle for the exhibit there.

A Thanksgiving basket will be given a needy family, food to be left with Mrs. L. P. Hagan on Tuesday.

Mrs. Nichols used an interesting poster to illustrate her talk, starting at the bottom with the and above that, the Monocots and Dicots. Various helps and hints Flston plants, then the Spores of interest to gardeners were discussed. Mrs. Nichols closed by saying "God through the ages has given us beautiful plants and now gives to men the knowledge to improve them".

**ANNUAL REPORT TO INVESTORS!**

We of SECURITY ASSOCIATES, Inc., stock brokers and investment bankers, have just completed our 1935 fiscal year. As a local company, home owned, that started back in April 1929 in a tiny one room office, close to Taylor's drug store in WINTER PARK, we felt Seminole County investors might be interested in what we do and how we operate.

We have presently 20 associates, with our main office directly behind the First National Bank, in WINTER PARK, and a branch office in the busy Central Plaza section in ST. PETERSBURG.

The difference between our WINTER PARK and ST. PETERSBURG business may be of interest to you. In ST. PETERSBURG, the majority of our orders is for mutual funds. In WINTER PARK, it is just the reverse. As an example, during September, about 74% of our business was in listed securities, about 20% in securities traded over the counter, and about 6% in mutual funds. This does not include underwriting business.

To clear up one point—commissions are the same on listed securities whether the order is executed on the New York, Midwest, or Philadelphia-Baltimore Stock Exchanges. We are members of Midwest and P.B., and with a direct wire to Smorre and Company, members of the New York Stock Exchange, orders are executed immediately on whatever exchange is to the best advantage of the customer.

During our fiscal year ending 31st., various companies came to the market for additional funds, we have participated to the benefit of the following concerns:—

## Low-Grade Fever May Mean Serious Illness

By HERMAN H. BUNDESEN, M. D.

IT is a good idea to take the temperature of all members of your family while they are perfectly healthy, every now and then, to determine what their normal temperature is when they are well.

Everyone, you see, doesn't have the same temperature of 98.6 degrees called normal, despite the popular belief that they do.

#### Temperatures Vary

Many persons—probably, some members of your family, perhaps yours—have normal temperatures either a little higher or a little lower.

You should know what these temperatures are. It may aid a doctor greatly in diagnosing some future illness.

When you suspect that a younger, spouse or other member of our household isn't feeling well, take the temperature right away. Then, you can advise your doctor that the patient usually has a temperature of, say, 98 degrees, at that now it has risen to 99.6 degrees.

#### Faster Diagnosis

By quickly noting the difference between the normal temperature for this particular patient and the fever reading, the doctor may be able to give a faster

diagnosis and thus a faster cure. It's important to detect a fever, no matter how slight it may be, for fevers are the warning signs of illness; often, one of the very first symptoms.

Very few of you hesitate to call your doctor when a high fever strikes a member of your household. A high temperature worries you and you want expert advice.

#### Low-Grade Fevers

But some of you, unfortunately, pay little attention or none at all to low-grade fevers. This can be a dangerous practice.

When you feel poorly for several days, watch your temperature carefully. Even if your fever is only slight, see your doctor. A fever, you must remember, is the most direct evidence we have that the body is fighting some kind of an infection.

And many serious illnesses produce only low-grade fevers. Remember that, too.

#### QUESTION AND ANSWER

**Q. R. E.:** Recently, I had a bullet wound in my leg. I was given gas gangrene antitoxin. Was this necessary in my case?

**A. Answer:** Yes, gas gangrene can frequently develop after bullet wounds. Since this disease is very dangerous, the administration of antitoxin is a wise precaution.

Newest work-saver for homemakers is the modern, button work shirt now being sold in all reputable stores carrying wa clothing and it gives greater freedom from mending and laundri than has been possible with the conventional button-equipped shir

Housewives who have faced regular button repair work over t years are finding these new shirts eliminate many laundering, iron ing, and button-replacement problems. Gripper snap fasteners instead of buttons are on the shirt front and cuffs.

Metal snap fasteners do not crack or chip and, of course, button holes with their usual problems of wearing and fraying are elim inated completely.

These new work shirts stay cleaner in use because the weara does not have to fumble all the way up the front with soiled hands to get such a shirt open. The snap fasteners hold firm and sure for the life of the shirt, yet it takes just a sudden tug to open the shirt all the way. This is considered an important safety feature for men working around moving machinery. If the shirt snags on something, it would give way rather than pull the man toward danger.

## Movie Business Heads For Change

**HOLLYWOOD (AP)**—The movie industry, which needs all the help it can get, is now getting an assist from George Abbott, one of the most successful of Broadway directors.

Abbott, whose funny, fast-paced shows have brightened the stage for 20 years, is here to oversee his "Pajama Game." But he's functioning as producer, not director.

In his Warner Brothers office, he explained why he has returned to films for the first time since 1945:

"Too many times I have seen plays I have done ruined on the screen. I shudder when I think what was done to 'Room Service,' what Warner Brothers itself did to shows like 'Brother Rat' and 'Three Men on a Horse'.

"So I decided to come out and see this one through. It is a system which worked when I think for me when I did 'Kiss and Tell' for pictures. That was a success with the critics as well as at the box office."

"Why is he producing and not directing?"  
"Because I think some directors can make the transition from stage to films, others cannot. Josh Logan makes an admirable director in films."

## Radio-TV Highlights

**NEW YORK (AP)**—Perhaps if we had not been so built up for "Jack and the Beanstalk" we would not have been so badly let down. One newspaper ad said it was another "Peter Pan."

It was not. As this original musical version of the old fairy tale came across on Producers' Showcase NBC-TV it was just another musical fantasy, pretentious but mediocre, its occasional flashes of charm smothered in symbolism and scenery. No child whom we've heard of enjoyed it. Certainly this child did not.

In conception "Jack and the Beanstalk" appeared to have everything: a stellar cast, original music, fantastic settings, a book written by Helen Deutsch, a writer

"I tried directing 'Too Many Girls' in films. We had a good cast — Lucille Ball, Deal Arnaz, Van Johnson, Ann Miller. But when I saw the picture, I realized how inadequate I was. All the exterior shots looked as if they had been done on a set. I don't know enough about how to use the camera, and I figure it's too late to learn."

So he hired a young film veteran, Stanley Donen, one time partner of Gene Kelly, to do the directing.

of superior movie scripts. Celeste Holm and Cyril Ritchard were superb, but unfortunately they appeared too infrequently to carry the show. No one will be humming the tunes of this musical; two were good, but none was memorable.

The creators of "Jack and the Beanstalk" killed off the basic quality of revelation which has made this childhood tale endure for centuries. They did it, in part, by refusing to let Jack kill the giant. Besides clearing his record of homicide, they purged it of burlesque, so that he stole neither the bag of gold nor the magic harp nor the hen that lays the golden eggs.

The creators swallowed whole all the notions of modern psychology: no good, no evil, no revelation. It's all in your head, children; now go to sleep and do not dream of violence. The whole thing, as shown on NBC, was a dream. Jack was not a child, with childhood's love of violence. He was a problem, his problem being that he wished to escape from reality.

If a battery of child psychologists had been chained to typewriters long enough they probably would have pounded out such a script as "Jack and the Beanstalk." But good psychology does not make good entertainment.

The result of its influence was curiously aseptic entertainment.

## Corps Expanding Aviation Program

The United States Marine Corps is now offering recruit applicants interested in aviation a guaranteed assignment to an aviation school upon completion of "boot" camp and individual combat training.

Men enlisting for duty in the Corps' expanding aviation program may be assigned to any one of a large number of specialized schools teaching skills in jet aircraft, helicopters, aviation electronics, aerology, aviation photography and a score of other related subjects. This guaranteed assignment is not binding upon the applicant if he later changes his mind and wishes to withdraw from the program in favor of general Marine Corps duty.

Marine aviation comprises about 20 per cent of the Corps' enlisted strength and is made up of attack squadrons, day and all weather interceptor squadrons, photo squadrons, transport and observation squadrons and helicopter squadrons. During the next few years the Corps anticipates a transition to the newest, most effective types of aircraft in almost every line. The F4D Sky Ray, the A4D Sky Hawk and the F4U Crusader are among the new fighting types. New helicopters will include

## Yellow Jackets Are 1 Touchdown Favorite

The Sanford Seminoles will be seeking their second win of the season tonight when they play host to one-touchdown favored Leesburg in Memorial Stadium. More than any other time in the last month, the Seminoles look like they're able to score an upset if the team sets a unitary mind to the project.

Working hard on defense all week, the Seminoles have come up with spirit that may be able to chill the running of two of the Orange Belt Conference's best combination power and speed merchants, Eddie Parker and Ivan Roberts.

All indication is that the Seminoles can take this one if they want to. If they could register a win over Leesburg tonight, they could go on to win the remainder of the games on their schedule—Fast rising DeLand Wednesday night, and the following week's homecoming game with Lakeview of Winter Garden.

The Seminoles will be only slightly hindered by injuries tonight. Phil Byrd is in bed with an attack of influenza and will not see action. Murray Nance is out with an injured hip, and Al Stanley is out for the season.

Brantley Schirard, after seeing a week on the sidelines with a slight concussion, will return to the scene of action tonight, and his presence is expected to fire the team with a renewed vigor and enthusiasm that could mean the difference in the outcome of the game.

Jini Warner, after being out for

football only one month, was last week's leading ground-gainer and has been outstanding in practice all this week. Warner is a 170 pound Senior with a lot of speed and drive; he's the fastest boy in the school and has a fine football attitude.

Eddie Barbour, the tackling terror that has made a name for himself in this, his Junior year at Seminole High, will see the starting lineup offensively for the second time in as many weeks. Barbour is the smallest offensive back on the team, yet is by far the most vicious with the exception of Schirard.

Terry Goembel has come into his own in the last two weeks. He reached his peak in this week's practice and will probably be the surprise back tonight.

In the line, Meredith "Porkey" Scott has been sparkling in this week's practices. Along with Scott, Bill Tyre and Fred Behrens have been hitting harder this week than in many past.

Rated only one touchdown under the fourth place Yellow Jackets, the Seminoles will have the opportunity tonight of redeeming themselves before their disappointed home town fans. But they will do so.

"We can win this game tonight if the boys want it badly enough," Bill Fleming Seminole head mentor said. "The boys will win if they stop this Parker boy and can keep their feet on the ground."

It all adds up to a game that the loyal Seminole fans have been crying for all season.

Game time is 8 p. m. tonight in Memorial Stadium.

## Jr. High Teams Told For Monday's Tilt

### Lyman Looking For 1st Varsity Win Of Season

The Lyman Greyhounds will be looking for their first varsity win of the season tonight when they entertain Mt. Dora in a homecoming tilt on the Lyman playing field in Longwood.

Jim Payne, head mentor for the Greyhounds, said last week that his charges would win a varsity game this season or die trying, and from the surprise display of power against Umatilla last week it seems that he meant what he said.

Lyman faced two firsts this season. They were one of the foundlings cast adrift when the Central Florida Conference died last year and they faced their first season as an independent team, and they changed from the Tennessee Single Wing to the speedy and deceptive Split-T.

Lyman boasts one of the finest starting lines in the area, but they are so woefully lacking in reserve strength that one injury is almost catastrophic and the Greyhounds are lost.

But this week will herald the return of the Greyhounds to full strength and brightens the season outlook for the Lyman eleven. Mt. Dora will go into the game yards and the score.

The South Bulldogs are almost certain of a Peanut Bowl bid again this year, but it is turning into a fight down to the wire between Jones and Richards to share the battle with Routh.

## Upsets Dominating Grammar School Football Finals

Upsets continue to dominate the final stanza of football at Sanford Grammar School as the Richards Gators dropped first place Routh Bulldogs 13-0 and the Grant Seminoles tied the Jones War Eagles.

For the Gators Butch Riser was the big gun in the 13-0 upset. He scored on a five yard run and a 15 yard pass interception return. The major part of the game was played inside the Bulldog 10 yard line, and the Gators made several brilliant goal line stands on their own one yard line. Riser made both tallies in the final period and snagged a Colbert pass for the final extra point.

Tension mounted in the Grant-Jones game and the Grant Seminoles made a final desperate bid to get into Peanut Bowl competition. Lee Watson fired a 14 yard aerial to Brad Wallace to pace the upset 6-6 deadlock with the Jones War Eagles. The Eagles tied the game when Billy Stevens passed to Tommy Hinson for four

yards and the score.

The Routh Bulldogs are almost certain of a Peanut Bowl bid again this year, but it is turning into a fight down to the wire between Jones and Richards to share the battle with Routh.

### 'Texas Lady' Is Western Story With Top Stars

In the tradition of "Cimarron," an earlier Academy Award winning RKO epic which set a fashion that is still going strong, "Texas Lady," a thrilling Superscope Technicolor production presenting Claudette Colbert for the first time as the heroine of an outdoor drama, will be the attraction at the Palm Drive-In Theatre starting Sunday.

Barry Sullivan is Miss Colbert's co-star in this fast-moving story of America in the making, produced against the historic background in Texas in the 1880s. Together they head a cast of skilled supporting players, including John Lill, Ray Collins, Walter Sande, Douglas Fowley, James Bell, Don Hascerty and Gregory Walcott, who looms currently as the season's leading candidate for "Mr. Screen Menace of the Year."

This is a hard-bitten story of conflict—a rivalry climaxed in the sharp drama of gun blasts, a human story of a woman and a man who must fight and risk all for their love, revealing as it unfolds a true portrayal of life on a rugged frontier.

Claudette Colbert, a gentlewoman who is forced to meet life on its own terms, finds herself in Fort Harkin, Texas, operating The Clart, a down-at-the-heels newspaper. She is promptly at odds with Ralston & Sturdy, a pair of ruthless autocrats of the range who are waging determined warfare against the incursion of the railroad.

Chris Mooney, a New Orleans gambler played by Sullivan, follows Miss Colbert west and incurs the murderous wrath of Jess Foley, a psychopathic killer played by Walcott.

The tight, action-packed climax of "Texas Lady" in which a bloody all-out battle of townsmen versus the cattle barons is narrowly averted by the timely arrival of the Texas Rangers, symbolizes with the historical accuracy and irresistible march of destiny our Western frontiers—the end of ruthless rule by range despots and the right of men and women to carve out new destinies that a nation may survive and grow strong.

Piper Laurie soft-soaps chief automotive engineer Paul Kelly into supporting Tony Curtis' attempt a radical new sports car in this scene from Universal-International's Technicolor production of "Johnny Dark." Starting Sunday at the Movieland Ride-In Theatre. Don Taylor is co-starring with Miss Laurie and Curtis. Ikk Chase and Sidney Blackmer join Kelly in the top feature cast.

### 'Johnny Dark' Story Of Sport Cars, Danger

Glamorous gams are simply a matter of stemming from the right genealogical tree, says shapely Piper Laurie, not to be seen co-starring with Tony Curtis and Don Taylor in Universal-International's Technicolor production of "Johnny Dark," opening Sunday at the Movieland Ride-In Theatre.

Never, divulges the titan-haired charmer, has she ever done any thing on her own to help turn her lissome legs into their classical mold. "Guess I'm just lucky that I had the right grandmother," she smiles.

Although she doesn't consciously pay any attention to keeping her legs in trim the captivating star says she believes her fondness for dancing is largely responsible for maintaining the status quo. But she raises querulous eye.

"Johnny Dark" marks the fourth romantic teaming for Piper and Tony, previous pairings having been in "The Prince Who Was a Thief," "Son of Ali Baba" and "No Room for the Groom."

Heading the supporting cast of "Johnny Dark" are Paul Kelly, Ikk Chase, Sidney Blackmer, Ruth Hampton and Russell Johnson. George Sherman directed and William Alland produced.

When he bets that he can take Sarah Brown of the Save-a-Soul Mission, to Havana, Jean Simmons is even as Adelaide, who accepts Sky's invitation when he promises to supply twelve genuine "sinners" for her mission. Sinatra is Nathan Detroit, who runs the "oldest established permanent floating crap game in New York," and Vivian Blaine, repeating her original stage role, is even as Adelaide, night club entertainer who has been enticed to Nathan for fourteen years and who is not ready for a show-down on the matrimonial prospects.

It is when J. Brannigan (Robert Keith) threatens to put Nathan's floating crap game out of business that he makes his bet with Sky in the hope of raising the \$1,000 needed to hire a hide-away for the game. Ten-thousand laughs and some fifteen musical numbers are even before Nathan gets his money. Sarah gets her sinners and saves her mission. Sky gets Sarah and Adelaide at long last gets Nathan in a romping, action-loaded series of incidents highlighted by some of the slap-happiest situations and funniest dialogue ever invented for a motion picture musical.
