

### COUNTY AGENTS' COLUMN

By C. R. DAWSON

This column is scheduled to appear every Friday in the Sanford Herald. Its purpose is to put forth information, useful and interesting to the farmer. There will be announcements and notices of meetings, reports on meetings, reference material, "timely topics," "hints and kinks," reports of new gadgets and perhaps a joke now and then.

We will try for interesting reading, leaving out the flowery language and promise to use no 50-cent words.

Sometimes we will be tempted to give a news item from some other county, such as the recent formation of the Florida Sheep Association. Hounds fanny in Florida, but the sheep of the Manatee breed have done well on some Walton County farms. Farmers who do not have enough acreage for cattle can raise some sheep as an additional source of income.

Or another item, to show the interest in scabiosis and hairy root in the lower crops, we learn that 16 Broward County farmers recently bought 18 tons of these seeds for planting in vegetable fields.

This column will not attempt full coverage. Any suggestions from readers will be appreciated.

The following letter from C. M. Gay, comptroller of the State of Florida is of interest to farmers: "You are no doubt aware that the Florida legislature enacted a law providing a refund of four cents of the seven cents gas tax to farmers when fuel is used for agricultural purposes and to fishermen when fuel is used for commercial fishing purposes, exclusive of motor vehicle use. "Since your position as county agent places you in direct contact with the farmers of your county, your assistance in bringing the provisions of the law to the attention of the farmers will be a great benefit to this office. I would like to ask that you lend your fine spirit of cooperation to this end.

"The law takes effect August 5 and it is our hope to have the applications for the refund permits and the rules and regulations ready for distribution on or before July 1.

"It is my thought to furnish you with a supply of these applications for permits and rules and regulations so you would have them to supply requests in your county.

"If you think it would be advantageous for you to call a meeting of the farmers of your county, a representative of this office could possibly be present at the meeting to outline the law and make a full discussion of it. Since a number of such meetings are expected, if you desire such a meeting, please advise and an agreeable date can be fixed.

"One of the features of the law which I think should be made plain is that the maximum refund provided in a calendar year is \$500,000, and it is anticipated that the refund claims will far exceed this \$500,000. In this case, the law provides that refund claims be reduced to a proportionate percentage basis for payments which would result in an applicant receiving less than his full claim. In fairness to the applicant, I feel that I should mention these possibilities before they advance their permit fee of \$2.00.

"If you will be so kind as to help us, I would like to hear from you and will furnish you with the forms as soon as they are available."

Since Ole King Celery has turned out to be a pretty good wrestler and has thrown some of our boys plumb out of the ring, they are turning to some of the minor crops, such as cantaloupe. Georgia 47 and Smiths Perfect are two good eating varieties. And if you care to put some of these by for winter eating be sure to select fully matured melons, but not overripe. Wash the melon and cut in halves, remove seeds, peel and cut in uniform cubes. Pack the cubes gently into freezer cartons, covered with a cold syrup made with 2 cups of sugar to 1 cup of water. Chill before using.

If everyone in Brevard County who normally likes cantaloupe either fresh or frozen knew how good this locally grown product is, there would be no need to worry over how to ship to distant markets. All we can grow would find a home right here at home.

### Property Owners Notified Regarding Building Ordinance

The City Manager's office today sent out a notice to property owners, contractors, and sub-contractors, stating that due to the necessity for more rigid enforcement of the City Zoning, Building, Plumbing and Electrical Ordinances, the Building Department serves notice that in the future the pertinent ordinances will be strictly enforced.

John M. Gillon, department head, listed the following laws which must be complied with:

Section 141. Southern Standard Building Code  
(a) Any owner, authorized agent, or contractor who desires to construct, enlarge, alter, repair, move, demolish, or change the occupancy of a building or structure, or to erect, or construct a new building or structure, or to install or alter any mechanical, electrical, or plumbing equipment, or to install a steam boiler, furnace, heater, incinerator, or other heat-producing apparatus, or to alter the installation of any such equipment, shall first make application to the building inspector and obtain the required permit therefor.

No plumbing or wiring shall be covered until inspection has been made and a notice posted for electrical work in fuse panel, chandelier, or other place on the outside of any new construction or addition.

Section 142. Water Supply Code  
(a) A main shut off, on each water supply line, shall be provided near the curb. Accessible stop and waste cocks or valve and blowers shall be provided on the main supply line, just inside or outside the foundation wall of a building.

Section 174. Covering of Work  
No drainage or plumbing system or part thereof shall be covered until it has been inspected, tested, and approved.

Section 202. Misuse of Certificate  
No Master Plumber shall send any person on any job requiring a license, in the capacity of a plumber without such person being in possession of a certificate issued by the Board of Plumbing Commissioners of the City of Sanford, Florida.

Section 5. Ordinance No. 274  
(a) It shall be unlawful for any person, not a Certified Electrician in accordance with the provisions of the Ordinance, to do any electrical construction, or make repairs, alterations, additions or changes to any existing system of electrical wiring, apparatus or equipment for light, heat or power within the limits of the City of Sanford.

FOUNDATION INSPECTION:  
To be made after trenches are excavated and forms erected.

SCOPES AT STORM THEORY  
SEATTLE (AP)—The man whose weather eye helped set 4-day in Europe in World War II says attempts to link atom bomb explosions and tornadoes is "just another manifestation of the witch-hunting complex."

Dr. George H. T. Kimble, director of the American Geographical Society, said here yesterday that Americans "still are a very superstitious people."

"Every time there's something we can't explain, we have to have a witch-hunt. I'm afraid Congress will get very little change for its money. If it seriously tries to link the recent tornadoes to atom bomb explosions."

When men first went to New Zealand there were only two kinds of mammals there, both of them bats.

### CHURCH NEWS

All Church Notices must be presented at The Herald office by 4:00 P. M. on the day before publication.

**FIRST CHURCH OF CHRIST SCIENTIST**  
300 East 2nd St.  
Sunday School 9:30 a. m.  
Church Service 11:00 a. m.  
Wednesday Service 8:00 p. m.  
Reading Room Tuesdays and Fridays 3:00 to 5:00 p. m.

"That God must be acknowledged as absolutely supreme is the theme of the Lesson-Sermon entitled, 'Is The Universe Evolving?' to be read in Christian Science churches next Sunday.

These words of the Psalmist constitute the Golden Text: 'The earth is the Lord's, and the fulness thereof, the world, and they that dwell therein.' Passages from the Bible include: 'When they had rowed about five and twenty of thirty furlongs, they saw Jesus walking on the sea, and drawing nigh unto the ship' (John 6:19).

Included among selections from Science and Health with Key to the Scriptures was Mary Baker Eddy's the following: 'God never ordained a material law to annul the spiritual law. Jesus walked on the waves, fed the multitude, healed the sick, and raised the dead in direct opposition to material laws' (p. 233).

Mid week Service Wednesday 7:45 p. m.

We extend a warm welcome to all our service men and their families. Come and worship with us this Sunday. We will do our best to make you feel at home.

### Health Services Will Be Cut Due To Fund Slashes

JACKSONVILLE (AP)—Dr. Wilton T. Sowder, state health officer, says some public health services will be cut because of reduction in funds from federal and other sources.

The Legislature increased appropriations for the State Board of Health substantially, he told the board Thursday, but the principal increases were for county health departments, mosquito control and mental health.

One and a half million dollars was set aside for mosquito control. However, the appropriation of \$1,200,000 for general operations, a gain of \$126,000 over last year, was "insufficient to compensate for loss of revenue from other sources," he said.

Dr. Sowder explained federal funds were reduced from \$833,000 to \$385,000 and added the board also faces loss of emergency funds for enforcement of narcotic laws.

**HOLY CROSS CHURCH**  
(Episcopal)

Visitors are welcome.

and anticipated loss of funds from private industry for stream pollution research and control and funds formerly contributed by Franklin County toward operation of the marine biology laboratory at Apalachicola.

He said: "The effect of the reductions will be to reduce the personnel and work of every program carried on by the State Board of Health, except those for which special funds were provided."

The board approved elimination of 34 positions and fund-slashes for tuberculosis control, sanitary engineering, bureau of laboratories, cancer control program, and field training center at Gainesville. The cuts ranged from \$12,000 to \$17,000. With 1 1/2 million dollars available for mosquito control, the board boosted its insect control agency from division to full bureau rank.

There's only one answer...

# Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

Only Chevrolet Advance-Design Trucks offer all these features... yet it's the lowest-priced truck line!

- TWO GREAT VALVE-IN-HEAD ENGINES—The Loadmaster or the Thriftmaster—to give you greater power per gallon, lower cost per load.
- SYNCHRO-MESH TRANSMISSION—for fast, smooth shifting.
- HYPOID REAR AXLE—for dependability and long life.
- DUAL-SHOE PARKING BRAKE—for greater holding ability on heavy-duty models.
- CAB SEAT—with double deck springs for complete riding comfort.
- VENTIPANES—for improved cab ventilation.
- WIDE-BASE WHEELS—for increased tire mileage.
- BALL-GEAR STEERING—for easier handling.
- UNIT-DESIGNED BODIES—for greater load protection.
- BATTLESHIP CAB CONSTRUCTION—double-walled, all-steel unit of great strength and durability.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

As the official sales figures keep rolling in, they keep telling the same positive story: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks.

If you're a truck user, this fact is mighty important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical that since Chevrolet trucks outsell all others, they must do a better job at lower cost?

Millions of truck buyers have found this to be true. They've found, too, that Chevrolet trucks offer more features they want, yet it's the lowest-priced truck line of all! That's why it will pay you to stop in and see us before you buy your next truck.

## FSL All-Star Tilt To Be Here Monday

### Sanford Is 1 1/2 Games Out Of 4th After Double Win

#### North Is Favored Over South; Over 2,600 Fans To See Game

By KENT CHELAIN  
For the second time in the infant two-year-old Florida State League's North-South All-Star game, the Northern contingent will be the favored team, with the offensive and pitching standpoints. This gala FSL dream game will be played for the second straight year in Sanford, on the new Municipal Stadium, Monday night beginning at 8:15 p.m.

For all outward indications another huge crowd of 2,600 fans will be on hand for the opening pitch. At least 40 tickets have been sold to diamond partisans in every city in the league from as far away as Jacksonville Beach in the north and Lakeland in the south, not to mention the dozens of major and minor league scouts, FSL officials and a contingent of working newspaper and radlomen.

Were it not for the fact that Sanford has the finest class D plant in Organized Baseball, local fans would not have the privilege of seeing the FSL dream classic played here again this year. Monday night's second annual North-South contest and 11th State League All-Star game will be the fourth such contest staged in the Colony City — the FSL's head of baseball.

It was back in the days of Sid Hudson and the golden era of Sanford dominance on the diamond in 1930 that a revived All-Star tournament of 374 fans watched the All-Stars massacre Daytona, 25-2, in 1930.

Last year the South lost 3-2, with such weak hitters as John Sawick, Leeburg outfielder and Fred Cavallino, Sanford flycatcher, battling a puny .349 and .233 respectively.

This year as last, Southern voters were guilty of partisans balloting, or really didn't know the players, since another motley array of weak players for their respective positions were selected. While the non-partisan Northern fans voted for the "best" players, their Southern counterparts were basing an eye on the lofty standing of Cocoa and checking the names of the Cocoa Indians without regard to the best player at each position.

Cocoa's entire infield was voted in while players like Bill Batty of Sanford with a .333 average were overlooked. Dimingo Vella with a .313 mark was picked over Batty. Sanford's complete .308-hitting infield produced only one All-Star — Tommy Leonard (.386). Bill Blythe (.333) and Manager J. C. Dunn (.330), who played more at first base than anywhere else, were also snubbed by fans.

Ed Vadimsky, Cocoa, won the gateway post with a .265 average. Two of the best pitchers in the league — Clarence Ingram (9-8) and Ernie Palmieri (7-3) of Sanford — were completely overlooked for such oldtimers as Bascom Hamm and Virgil Frazier. Both Ingram and Palmieri have hurled some of the best ball in the league, but since they wear on a first division club and were relatively new in the league, fans must have overlooked them.

These are some of the reasons local fans are discontented with the present method of selecting the

All-Stars by the fans. Many contend that the managers or sportswriters and announcers should make the selections, because they have a greater knowledge of the players.

As a result of this year's balloting, the Northern sector of the League — comprising teams in Jacksonville Beach, Daytona Beach, Lakeland and Leeburg — will field a complete lineup of 300 hitters boasting a team batting average of .337. The South Lakeland, Cocoa, Orlando and Sanford will field a club with an aggregate .287 average.

Sanford's Leonard will be the top hitter, .386, while the lowest hitter in the league — Bob Noles with a .188 average — will be the shortstop for the South.

Sanford fabulous class D Memorial Stadium and park, valued at \$200,000, and reputed to be one of the finest in Organized Baseball, will be the scene of the Florida State League's second annual North-South All-Star Game Monday night at 8:15 p.m. For the second consecutive year Sanford has been selected as the site of the FSL All-Star Classic, largely because of this city's excellent diamond and stadium facilities. Monday evening's dream game will be the 11th such contest in the 11-year history of the circuit. Sanford has been host to the annual All-Star tilt three different times starting with 1939, 1940 and last year. This year's game will give Sanford the distinction of having the most FSL All-Star games previously. Daytona was host for the most games, three. The 1939 All-Star game in Sanford drew the record crowd for the classic when 1137 fans paid their way into the former Municipal Stadium on the corner of Melbourne and Colony Avenue.

#### F-S-L Dream Game Data

EVENT—North-South All-Star Game. PLACE—Memorial Stadium, Sanford. DATE—Monday, June 22. TIME—8:15 p.m. NUMBER OF PLAYERS—Each team has 13 players on the roster, two left-handed pitchers, two right-handers, a utility player and one player for each other position, plus a manager. The entire playing roster and manager were selected in an official poll taken by the Florida State League teams in all eight parks last week. Once the ball game begins, managers will have complete charge of the teams and they may pitch the entire route if they deem it necessary. Players may be shifted from positions once the game is underway at the discretion of the team managers. Managers must, however, comply with the fans' choice for all starting berths, except for pitchers, at each position. Another exception will be where a player cannot play due to an injury or some other valid excuse, sanctioned by League President Jack Dempsey.

UNIFORMS—The Southern All-Stars, consisting of players from Cocoa, Sanford, Orlando and Lakeland, will be wearing their white, home, uniforms. The Northern All-Stars—Lakeland, Leeburg, Daytona Beach and Jacksonville Beach—will be wearing their gray, road, uniforms.

UMPIRES—All seven Florida State League umpires will work at one time or the other in this FSL dream classic. Umpire-in-chief Bill Latta will be handling the roving assignment.

OFFICIAL SCORER—Kent Chelain, Sports Editor, Sanford Herald. PUBLIC ADDRESS SYSTEM—Arthur Beckwith Jr. RADIO ANNOUNCERS AND STATIONS—Jim Field, Sports Director, WIRB, Sanford; Bob Pettin, WDBF-TV, Daytona Beach; Wendell Huscho, WLBE, Leeburg; Dan Daniel, Sports Director, WIOD, Orlando. Other stations will pick up game from FSL All-Star network.

ADMISSION—Regular prices will prevail for Monday Night's Classic. Adults 50c, general admission 30c, children 20c with parents, otherwise 30c.

#### Southern All-Star Team

# Jax Beach Places 5 Of 14 On North All-Star Team

Fans Pick Ed Levy As Club Manager

## Cards Draw 23,267 In 28 Games To Pass Entire 1951 Total

OCALA (Special)—Red Truway and his Jacksonville Beach Sea Hirts won five of 14 places on the Florida State League "North" All-Star team. It is revealed in an official tabulation of 1,477 votes cast and counted at league headquarters here today.

All of the four teams in the league's north half—Jax Beach, Daytona Beach, Deland, and Leesburg placed at least two men on the squad that meets the "South" All-Star in Sanford next Monday night, June 22, at 8:15. The nearly 1,500 voting fans decided that Truway belonged in center field, Red Foster, Joe Angel, and Bub Kitchen, all of the Sea Hirts squad, as well as Bobby Trump, deserved to be at second base on the hurling staff as a right-hander and left-hander, and utility man, respectively.

Ed Levy of the league-leading Daytona Beach Sea Hirts was voted as manager of the team as well as its logical first baseman. Daytona also will be represented by Buck Fardus as catcher, Skeeter Miller in right field, and Dutch Crummer as one of the club's two left-handers.

Leesburg will be represented by the popular Chico Fundera at shortstop and distance hitter Buck Collins in left field, while the defending champion Red data will be represented by the 1952 league batting champion, Jack Cade, at third, and all Jim Vickery on the mound as a right-hander.

Whereas the starting regulars for the "South" team had a season-long combined batting average of .305, the starting "Northerners" will go to post with a team that was hitting a phenomenal .337 through midnight Tuesday.

In fact, every "North" team starter is hitting .310 or better, with Cade leading the league with a .410, and Truway close behind with a .393.

In selecting Angel and Vickery as right-handers, the fans paid tribute to the former's sparkling record of 16 wins and only three defeats plus his remarkable control. Vickery leads the circuit in earned runs allowed, and through Tuesday had won 11 of 16 decisions.

Fans also figured that they couldn't do without Bonds Crummer whose 11 wins and only two losses mark him as the rookie hurler of the year. Kitchen, winner of six of ten decisions, drew a heavy vote in each of the four cities after fans first took care of their own local choices.

Whereas there were two spirited races in the "South" team balloting, the issue was never in doubt in the selection of the "North" team. Cade drew a record 807 of the 1,477 votes cast with Angel getting 872, Truway 804, Miller 803, and Levy 810.

Fans also chose the Islander bat-boy, while it was expected that Levy would bring with him his club trainer.

Upwards of 2,500 fans are expected at Sanford Monday night for the big game for which regular admission prices will be prevailing.

### Sanford Legion Club Looks Good With Only 2 Holdovers From 1952

Only two players are returning from last year's third ranking team in the state American Legion Baseball tournament, and these only one is playing the same position he played last year.

The first of these, Ross Hanum, is still patrolling one of the outer gardens. Larry Bates, the other one, has been shifted from his outfield post to first base and the mound.

Achieve from these two veterans, everything looks like one big conglomerate of inexperienced talent. The local outfield, nevertheless, appears quite easy. Despite having been shifted into a stranger sub-district, the Sanford rookies

still appear to be the best of the lot.

From the score of new boys who have played together an inning, which although lacking the polish and pulse of last year's outfit, might develop into a good a defensive unit.

At first is Bates, who has played one or two games at his position, as it is not altogether and totally strange to him. At second and short, to form a flashy key-stone combination, are Randy Reynolds and Jimmy Butler, both rookies.

Reynolds covers a lot of ground and has a good strong arm for his position. At the same time, Butler continues to amaze with adeptness on ground balls. Extremely fast and well coordinated, he is improving steadily and should develop into a real ball player. They also show promise of developing into fine hitters.

At third is erratic Jimmy Wade. Fast, and with a strong arm, Wade could settle down to become a tonight hot corner guard.

In the outfield Fleming has a number of boys all just about equally talented. As things shape up now, "Pre-Woo" McCall and Hanum have the inside track on their positions, but they are closely followed by "Delaware" Davis, "Cisco" Bates, Robert Samuel, and Stanley "Two-shirt" Katz.

Splitting up the mound chores are Bates and Jimmy Hawkins. Hawkins, in the only game of the season, turned back a tough Or-

### Navy Chief Leads FASRON Fishing Contest At Base

As the Herald goes to press A. E. Brady, ABC, is leading the FASRON-51 fishing tournament at the Sanford Naval Air Station with a nine-pound 14-ounce large mountain bass which he caught at Lemon Bluff Camp.

The contest, the first at the station, began on Apr. 29 and ended today. Valuable prizes will be awarded to the winners. The prizes are: spin rod, a reel and 100 yards of line, a casting rod, another reel and 100 yards of line and a complete fishing box.

The winner will have his choice of any one of the prizes, while the second place man will have a pick of the two remaining articles. The third place man will receive the remaining gear.

A. M. Siverly, VNS, is in second place in the contest with a seven-pound bass while W. T. Pilot, ADI, is third with a five-pound eighth-ounce bass.

Chief Brady caught his fish during the second week of the contest and to the present time no one has come close to this whopper. Brady was casting from a boat, using shiners when the large bass struck.

He has indicated he will probably pick the spinning rod outfit for his prize, if his fish continues to be the biggest in the contest.

In the race for Varsity backstop Johnny Jones seems to be running a little ahead of hustling John Clarke. They are about equal defensively, but Jones swings a little bigger club than his freshman counterpart.

All in all, the whole team is shaping up amazingly well. With a little luck, these boys can give Sanford another big winner this season, turned back a tough Or-

### Paid Total Reaches 19,921 Admissions

Once known as a town that would only support a first division club, Sanford is recording one of the most amazing transformations in the annals of Florida State League attendance history. For the first 28 home games, not including last night's doubleheader here with Leesburg, those unpredictable strippling clad in the Sanford Cardinal livery have lured 23,267 fans through the Memorial Stadium turnstiles.

Of this total, 19,921 have been cash customers. This is 800 more paid patrons than witnessed the entire 65 home-game schedule of the 1951 Sanford Giants.

While these statistics are truly a factual tribute to the loyalty of Sanford's diamond following, they are even more remarkable in light of the fact that Sanford has been a second division club all this first half, mired at one point in the PSI, cellar with a 6-12 record.

After making a mass appeal to George Washington, St. Louis Cardinal general manager, last February urging the Cardinals to sign a working agreement with Sanford, local fans have repaid the St. Louis Cardinals for finally consummating the working accord by turning out and supporting a band of learning rookies.

A look at the gate records shows Sanford has been averaging 712 paid admissions per night. This is nearly two-and-a-half times the 290 nightly average that attended games of the 1951 Sanford Giants.

Last year, playing in the Memorial Stadium for the first time, the Seminole Blues, representing Sanford, doubled the 1951 paid total of 19,229 by drawing 23,306 in 65 home games. The

# Sportsmen Must Battle Seining Now, Says Lansing

## Game Commission To Air Seining Issue

By **WENT CHAPLAIN**  
 Sanford's Harbor Landing, president of the Fifth District Sportsmen's Association, declared today that sportsmen and fishermen must band together and voice their protest of commercial seining in fresh waters now.

The sportsmen and fishermen all over the state have a golden opportunity to settle this age-old seining controversy right now, Lansing asserted.

Next Wednesday the new Fresh Water Fish and Game Commission of Gov. Dan Cady meets in Tallahassee to hear a hearing on the seining issue. For the first time in years, the Commission will have a sportsman and a businessman on the board of directors.

As in the past, the commercial fishing interests, which strip our lakes and streams of our sport and game fish, will be well represented in the controversy—you can bet the bottom dollar on that," he said.

"What is needed now," he pointed out, "is for every sportsman and businessman, who wants to preserve our lakes from the mass extirpation of fish by the commercial seiners, to either get to Tallahassee next Wednesday and fight this thing out, or send a letter to the Commission."

"Personally will be there," he stated, "I strongly urge other sportsmen in this area to give me letters to deliver in person before the Commission next Wednesday. In fact, I would like to have between 200 and 300 letters sent from Seminole County to the Commission, expressing our side of this issue."

Delving into the far-reaching effects of commercial seining, Lansing pointed out that 60 percent of the salaries and expenses of the game commission is paid by the revenue collected from the sports fishermen in the form of licenses.

"Not only that, but the state Chamber of Commerce has pointed out that Florida's greatest single industry is fresh and salt water fishing. It has the complete facts and figures to prove that statement," he emphasized.

"Anyone can readily see that the commercial fishermen are not paying their share of the tab and in addition are hurting our sport

Porter Lansing, president of the Fifth District Sportsmen's Association, flatly asserted that the time is ripe for Sportsmen and Businessmen to band together to stop commercial seining in Florida's fresh waters and streams. Lansing will attend next Wednesday's meeting of the Fresh Water Fish and Game Commission in Tallahassee to point out how seining is ruining the state's fishing sanctuaries and hurting the largest industry in Florida—the tourist trade. Lansing urges all sportsmen to write letters to the Commission asking for a ban on seining in fresh waters.

## 10-Pound, 1-Ounce Bass Is Top Fish Caught In Fishing Rodeo

By **WENT CHAPLAIN**  
 PALATKA (Special)—Bruce H. Davis, Crescent City, was the champ black bass catcher in the Putnam County Fishing Tournament, sponsored by the Palatka and Crescent City Junior Chamber and tourist fishing business, which is the largest industry Florida has. If we permit this wholesale stripping of our lakes and streams, then the tourists will find other places to go outside of Florida. This will damage our economy and hurt every one of us directly or indirectly.

The bass was caught in the St. Johns River and weighed in at the Palatka Fire Department. The bait casting winner this week was W. D. New, Jr., also of Crescent City, who used a plug-in' shanty to entice a 7 pound 10 ounce bass to strike in Maul Lake and weighed in the big bass at the Sportsman's Service and Supply store at Crescent City.

The rodeo, which is just over the half way mark in the 30 week event, recorded a total of 2 bass this week, weighing 23 pounds, 13 ounces to bring the total fish entered for the first 17 weeks to 203 (over the six pound limit). These bass weighed a total 1,589 pounds 15 ounces or an average of 7 pounds 6 ounces for each bass entered.

Two other bass, both taken on live bait, pushed the leader this week. Each of these moselacks hit the scales at 9 pounds 2 ounces. One was taken from Lake George by A. W. Waller of Bethesda, Md., while fishing out of the Tripple "B" Lodge at Huntington and the other from the St. Johns River by

## Gator-Tech Contest Might Be Sell Out

By **WENT CHAPLAIN**  
 GAINESVILLE (Special)—Early June indications are that the largest home crowd in the history of University of Florida football will pack Florida Field Stadium on Sept. 29 when the Gators entertain Georgia Tech in the first home game of the year.

The University athletic office said this week that advanced sales to this game are running "half again as high as two years ago." In 1951 when Georgia Tech came here the total paid attendance was 112, a new Florida Field record.

The year the game "caught fire" the week of the game when the final 10,000 tickets were sold. This year a pre-game sellout seems to be in the making. Florida opens the season against Rice at Houston on Sept. 19 and returns here the following week for the Tech game.

M. F. Hammond of Atlanta, Ga., out of St. Johns Lodge.

W. B. Parkin Jr., Jacksonville, Broward at Pomona Park, weighing his catch in at the Palatka Fire Station. Another fly rod catch was recorded at Camp Stone, Gopfertown, by I. H. Allen, Jacksonville, who used a yellow popper to land an 8 pound, 3 ounce monster.

Arthur B. Kellog, Stone Mountain, Ga. used a live shiner to land a 9 pounder from the St. Johns River while fishing out of St. Johns Lodge and F. H. Rogers, St. Augustine, landed a 6 pound bass on live bait out of the A. P. Oliver Camp at Weir.

The Palatka Fire Station is still leading the 21 weighing-in stations in the tournament with 32 entries, one more than second place St. Johns Lodge. The nearest rival to these two leaders is the Oliver camp with 25.

Twenty-five states are represented by the fishermen entering bass in this tournament. Florida is naturally leading with 97 entries and Georgia is second with 20.

The only requirement to enter the tournament is to originate your fishing trip in Putnam County, nationally known as the Bass Capital of the World.

In addition to the trophies given each week, every fish entered entitles its capturer to a certificate of award for their skill in handling a "big Florida black bass."

## Gulfport Chamber Plans Regatta For Outboard Boats On July 5th

By **WENT CHAPLAIN**  
 GULFPORT -- (Special) — Plans are being consummated for the Annual Gulfport Outboard Regatta, co-sponsored by the Gulfport Chamber of Commerce and the Gulfport Outboard Club, to be held July 5 at 1 p.m. The race program has been established and will be announced officially within the next week.

All types of boats will be entered in this various heats, consisting of family run-around classes on up to the outboard Hydros which will exceed 70 miles per hour.

The high powered boats are very spectacular to watch, but there is a great deal of fun and thrills in the family runabout classes run by less experienced drivers but still with a great deal of enthusiasm. Their speeds are about 30 miles per hour.

The same classes of boats will run at Pass-A-Grille, in their Annual Regatta July 1. Prize money will exceed \$750 at the two regattas, \$500 at Gulfport and \$250 at Pass-A-Grille, with trophies for the free-for-all.

There will be trial runs and a general meeting of boat boys at Lake Seminole, Sunday, June 21 at 12:30 p. m. All those in the St. Petersburg, Tampa, Clearwater and Sarasota area are invited for this regatta. 7 sanctioned races, they are merely trial runs. Photo-chases are welcome.

## Sal-Army Beats Wilsonmen, 18-2 To Move Half-Game Out Of First

Salvation Army's Warriors did it again Wednesday night as the little Davids cut down the giants beating the top leader Wilson-Maier Furnitures, 18-2. It was a climatic juncture in the recent Warrior surge which has seen them knock off both top rung FABRON 51 and Wilson-Maier in consecutive nights.

The victory put Sal-Army in undoubted possession of second place only one-half game behind the front-running Wilsonmen. Ido FABRON dropped from second to third while VC-9 cut its margin to four games on a 13-11 victory over hapless Robson's Sporting Goods nine at the Lakeland Diamond last Wednesday night.

Sal Army blasted sore-armed flinger Red Hines, usually the most effective softball flinger in the circuit, for 10 hits and 18 markers, including looming home runs by Junior McMillen and winning pitcher J. Watson.

Watson turned in a sterling six-hitter against the league dominant Wilson-Maier nine. Metts led the winning attack with three hits while Kenis collected two for the losers.

FABRON VS. VC-9  
 FABRON will battle VC-9 tonight at the Lakeland Diamond in the second game of a scheduled softball doubleheader beginning at 8:00 p.m. National Guard will meet in game Robson's in the opener at 7:30 p.m. VC-9 staged off a four-run spurt in the last two innings to defeat the Robson's Sporting Goods, 13-11. Fred Hines drilled out a homer and three singles for the

Two other bass, both taken on live bait, pushed the leader this week. Each of these moselacks hit the scales at 9 pounds 2 ounces. One was taken from Lake George by A. W. Waller of Bethesda, Md., while fishing out of the Tripple "B" Lodge at Huntington and the other from the St. Johns River by

the Award, emblematic of the national title.

Teams desiring to enter their state tournament program for a chance at the state championship and later national title, should contact at once National Baseball Congress, Wichita (1) Kan. Details with team entry blank will be mailed without cost, postpaid.

Complete details of the N.B.C. tournament program are in the 1953 Official Baseball Annual at news stands and sporting goods stores.

**Sandlot, Semi-Pro Teams Will Begin To Enter Tourney**

WICHITA, Kan. (Special) — Sandlot and semi-pro baseball clubs comprising players of an limited age in each of the 48 states, are now entering their teams in the National Baseball Congress tournament program for a chance to participate in the 19th annual National Championship tournament in Wichita, starting Aug. 14.

The National tournament is rated by most sports experts next to the world's series and the annual All-Star game as baseball's top attraction with the 1953 event slated to attract in excess of 25,000 fans.

Each of the 48 teams in National tournament receive mileage allowances with every team winning more games than it loses awarded prize money. The winning team is presented a \$10,000.00 cash purse in addition to the Coca Cola Hot

(For Hal Boyle)

**NEW YORK**—Did you ever go back to your hometown, long years after?

Never go back, people say, nor hope to find it as it was. Everything will look smaller, the hills and trees and homes and churches. Even the river, the beautiful and secret river, will have narrowed to a giggling stream. That's natural, they say, because you were seeing those things through the eyes of a child. And, too, the freshness and wonder have long since gone, vanished like a hazy Indian summer, and nothing is left but ghosts and the thin, sharp pain of some half-forgotten dream.

So they tell you, in warning. Never try to go back.

It was pure chance that the route led through our town. Being there was like looking at a double-exposed film and seeing two images at once. It was hard, even after all these years, to keep past and present separated.

There was the courthouse, where the salesman demonstrated a Stanley Steamer by driving it up the steps. And further on, the cigar store with the wooden Indian in front, holding a handful of stogies. The "sports" would gather there of a Saturday night, in white pants and blue coats, and tip their straw hats to the girls, strolling past arm-in-arm.

"The Birth of a Nation" had been shown in the opera house across the way. Before it began, I sat there with a thudding heart, afraid the battle scenes would scare me, and even more afraid that someone would see "If it gets too bad," I thought, "I can cross my eyes." I often did that when something made it necessary to shut out the world.

Then down the street to the spot where the saloon had stood. This was a place of sheer fascination with sawdust on the floor, a free lunch — "but not for the likes of you" — and an ivory-tipped nude over the mirror. As a feature, however, she ran a pair second to the painting of Custer's last stand that stood in the window.

The school has been turned into a library now, and there is a fence around the park across the street.

In the tribal customs of that school, you had to have a fight on the first day, otherwise you couldn't get in on the one-of-a-kind game at recess. My brother offered to arrange mine, but I said I would rather do it myself. That's how I met my best friend, Collin.

"I don't feel much like fighting anybody, do you," he said.

"Not much," I said. "I guess some of these guys are pretty tough, too."

We stood for a moment, acuffing the dust in the schoolyard. Then Collin said, "I tell you what we can fight each other, only we'll just pretend we're sore."

Collin lived in a big house on a hill, with a wide sweep of lawn stretching down to the street. A great flower-box, shaped like a white boat, stood in the center of the lawn. By the standards of those days, I suppose, his family was "well off." By any standards, ours was not.

But such is America that neither of us was ever conscious of a difference between us. When Collin got a bicycle for Christmas, I hesitantly broached the subject of having one.

"Certainly," my mother said. "But you'll have to earn it, some how."

So Collin spoke to his grandfather, who owned the afternoon paper, and got me a paper route. He helped me deliver the papers and sell magazines until we had \$10, mostly in nickels. Then he found the bike that I bought.

Never go back, they say. But it is poor advice.

The old place can teach you that nothing ever changes much, nor even really dies.

When deer were introduced in to New Zealand they became so numerous as to be a pest.

**GREETINGS** are extended to President Dwight D. Eisenhower by ex-President Herbert Hoover as they meet at the home of Theodore Roosevelt, "Siagomoo Hill," dedicated as a national shrine. Speaking from the front porch of the mansion in Oyster Bay, Long Island, N. Y., President Eisenhower issued a proclamation inaugurating "Teddy Roosevelt Week" in honor of the 20th Chief Executive. (International)

**Participation Of Children In Safety Program Is Urged**

**TALLAHASSEE, Fla. (Special)**—School children, kindergarten through high school ages, should participate in education safety programs, Norman Key told representatives of Southeast educators yesterday at Florida State University.

Secretary of the Commission on Safety Education, National Education Association, Key called accidents "Public Enemy No. 1 of the Elementary School Child."

He set the stage for a three weeks' short course, sponsored jointly by the state department of education and FSU.

Dr. H. G. Danford, FSU professor of physical education and director of the workshop, said the first three days of the workshop will present general problems to be thrashed out later in discussion groups.

One group the days of frightening children with gory posters and confining them with lallyhoo speeches, according to Key who reports constructive headway is made by putting children to work in the educational program.

He stressed the importance of safety patrols at all grade levels, telling how kids stationed at traffic jams and on playgrounds often come up with some of the best solutions.

Quoting National Safety Council statistics, Key said the junior high school age is the most dangerous, showing a big jump in victims. It is the time youngsters change schools, take to skis and bicycles, go out for football and generally assert their independence.

Key urged well coordinated community-school safety education programs. He warned particularly against community agencies working against each other in competition. They must pull together, he said, working harmoniously with school authorities, parents and children if the number of accident victims is to be cut to a minimum.

**Business Mirror**  
By **SAM DAWSON**

**NEW YORK**—Fireworks in the Chicago wheat pit this week highlight a decline in general commodity prices that has been going on in most parts of the world for about two years.

Hardest hit in this country have been the products of the farm and of the zinc and lead mines. Other countries have seen the price of rubber, wool, tin, hurlap an drop per skid from the Korean War inflation peak.

But some other commodities are going up. The price of steel and its many products is climbing, although the price of steel scrap has fallen from its peak. Crude oil is advancing on prospects are for higher prices on gasoline and fuel oil, and perhaps for the long list of petrochemicals—from which are made such synthetics as rubber and fibers and many plastics. The price rise in basic industrial chemicals is affecting the cost of processing some food, drugs, soap, fertilizer and paper.

Most of these rising prices are laid to higher costs of labor and materials. The price of sulfur is going up this fall—with manufacturers crediting the rise to advancing wages.

Farm products have suffered sharp drops this year, much of them within the last month. Wholesale food prices are 10 to 14 per cent lower than last year. But grocery prices aren't. The Grocery Manufacturers of America Inc. blames "higher wages, higher transportation costs and higher taxes."

Hopes for a Korean peace have played a part in recent price breaks, but only a part. The world-wide downward for most commodity prices follows a more general pattern.

One factor is increased production. Since World War II world food production has risen 20 per cent.

Another factor has been the many barriers nations have raised against imports. To "save" their

### Plaque At Navy Air Station Honors 4 Men Lost In Crash

Photographic Squadron 62 at Sanford NAS placed a plaque inside the main entrance to Building Three in memory of the four members of the squadron who lost their lives in a crash of an A-12B photo plane near Turner Air Force Base, Albany, Ga. last winter.

The plaque honors LCDR George S. Von Welles, pilot of the plane; Lt. William F. Kasher, co-pilot; Olie T. Perry, ADJ, plane captain; and Lawrence R. Lewis, AFC, photo technician aboard the air plane when it crashed Feb. 7.

The plane was returning to Sanford from a routine training flight

### Rotary

(Continued From Page One)

has not taken into consideration the small minority of Seminoles who have been pushed from one area to another by the state.

One of the chief complaints of the Indians today is the fact that they want to hunt deer and spear fish when they need food. The state wardens won't let them hunt out of season, the white man comes in the fall to hunt on their reservations for sport. This naturally angers the Seminoles, who believe that land is his.

The greatest single threat to the Indian is the government's discontinuance of welfare subsidies. "This is the first step by the government to turn over all relief and

to the Georgia base when it crashed shortly after takeoff.

Six members of Photographic Squadron 62's Detachment "Ade" have returned to the Air Station here from Goose Bay, Labrador, to get a P-51 photo plane to replace a P-51 which was badly damaged when it ran off the end of a runway in Sandstrom, Greenland.

The damaged plane was on a flight from Goose Bay to Sandstrom AFB and was landing when an apparent malfunction of the brakes caused the plane to ground loop.

Aboard the plane at the time of the crash were Lt. Col. F. E. Moy, Ens. E. J. Clark, N. E. Annis, ADJ, A. A. Dick, AFJ, J. R. Hayes, AFJ, D. E. Jackson, AFJ, C. J. Knutson, AFJ, and J. C. White, AN.

None of those aboard was injured.

Lt. Moy, Ens. Clark, N. A. Williams, ADJ, E. McGinley, ADJ, N. E. Annis, ADJ, and D. E. Jackson, AFJ, returned to Sanford.

With the exception of McGinley, who will remain in Sanford, the other men will return to Labra.

Naval Air Reserve Patrol Squadron (Photographic) 930 is scheduled to arrive aboard the Naval Auxiliary Air Station on July 11 to perform a period of active duty training until July 21.

The U. S. Naval Air Station at Willow Grove, Pa. will provide liaison between the reserve squadron and the Sanford station. The training duty will be a part of the necessary annual active duty which is performed under the six-year reserve program.

The squadron will conduct maximum possible flight and ground training and will provide extensive ground and practical training for supporting ground personnel during its two week stay here.

While aboard the local station VP-936 will be assisted in accomplishing maximum training by NAAS, VJ-62, and FASB-51.

### Five Sanford Boys Are At Boys State

More than 300 delegates from 17 States, including 100 from Seminole County, started setting up their rival political organizations in Tallahassee today as they opened the annual American Legion sponsored week of mock government.

Stanley Katz, Joe Moss, Phillip Foley, Bill Park, and Jimmy Wade are the local delegates.

The students organized city governments, elected mayors, and began campaigning for positions in the Boys State legislature.

Later in the week they will take over the State Capitol House and Senate chambers for serious debate on bills involving some of the major political questions of the day.

They will also elect state officials from government on down to the local level.

When the boys move out at the end of the week, girls from all over Florida will move in to try their hands at playing government in the annual Girls State sponsored by the American Legion Auxiliary.

Girls from the County who will attend include Joyce James, Peggy Wright, Barbara Cassole, Paulette Cason, and Jeanne Miller.

Other officers will be named next year.

### Solution Sought In "Fretting" Blamed Threatened Strike In Heart Symptoms Of FP & L. Workers By Noted Physician

MIAMI — Another meeting is scheduled Tuesday between Florida Power & Light Co. and union officials seeking to negotiate a new contract and avert a threatened strike.

McKremer Smith, FPL president expressed confidence that the differences could be worked out amicably but H. F. Wager, business agent for the union of 10 FPL locals of the International Brotherhood of Electrical Workers (I.B.E.W.), said 1,000 out of 1,500 members would go on strike if negotiations fail.

Smith reported "good progress" in negotiations and said the union asked for 36 changes in the 28 paragraphs of the contract.

The union seeks a 15 per cent pay raise which would boost minimum wages from \$2.10 to \$2.45 an hour. They also want some changes in job classifications and working rules.

The union notified the company last February that it wanted changes in the 1952 contract and that it would terminate the agreement if no settlement was reached by April 1.

The company serves South Florida and about the east coast to the Georgia line. It has about 12,000 employees in 45 states.

W. M. McAlister, federal mediator assigned to the case, and I. W. DeLoach, developments check and will invite both sides to meet

## Methodist Church Setting For Jones-DeFoor Wedding Ceremony

Miss Joynia Mae Jones, daughter of Mr. and Mrs. Clarence Robert Jones Sr. and Dan Wylie DeFoor, son of Mrs. Lucy L. DeFoor and the late Sanford M. DeFoor, were united in marriage in a beautiful candlelight, double-ring ceremony on Saturday, at 4:30 p.m. at the First Methodist Church with the Rev. Miller W. Wyatt officiating.

Impressive music was presented by the organist, Mrs. J. L. McEwan. Dr. Wayne Tucker, soloist, sang the selections, a wedding "Prayer," and "Untill".

The bride, given in marriage by her father, wore a white embroidered organza gown fashioned with a fitted basque bodice and a full three-tiered skirt. She wore a finger tip veil of illusion which fell from a lace cap embroidered with seed pearls, and carried a white Bible topped with a white orchid and streamers.

Miss Betty Joe DeFoor, maid of honor, wore a halting length pink imported organza dress made also with a fitted, basque bodice. She carried an old-fashioned bouquet of roses shaded from pink to red.

Miss Margaret Jones, sister of the bride, wore a dress fashioned identically to that of the maid of honor and carried a small bouquet.

The bridesmaids wore pink organza caps of veiling and flowers and pink organza mitts. Morris DeFoor, brother of the groom, was best man, and ushers were James Powell and Bobby McNab.

The bride's mother wore a pastel blue lace dress with matching hat and shoes and white gloves. Her carriage consisted of white roses.

The bridegroom's mother was dressed in a light blue nylon ensemble with white accessories. She also had a carriage of white roses.

The reception was held in McKinley Hall which was impressively decorated with ivy and pale pink hibiscus. Silver candelabra and tall pink tapers set off an imported Irish linen tablecloth.

Mrs. H. Wayne Tucker was at the altar, showing the guests to the receiving line was Mrs. Ruby Cagle and Mrs. R. L. Beard. Mrs. O. E. White served the cake, and at the punch bowl were Mrs. J. J. Cull and Mrs. R. S. Billhimer. Mrs. James Powell, Miss Betty Billhimer, Miss Eddy Cull, Miss Peggy Wilson, and Miss Irene Green were junior hostesses.

The couple will be gone for a short time after which they will make their home in Sanford.

Mrs. Tyler Freeland Dedman, who prior to her marriage on Saturday was Miss Lillian Elizabeth Hall, daughter of Mr. and Mrs. Raymond Malcolm Hall of Lake Mary, Fla., is seen in the photograph above. Her groom is Mr. and Mrs. Virgil Freeland Dedman of Lake Mary, Fla. The ceremony was held at the Holy Cross Episcopal Church by the Rev. H. Littleton Zimmerman. The young couple, now on a wedding trip through south Florida, Nassau and Bermuda, plan to make their home at 5110 Janice Circle in Jacksonville where Lt. Dedman is stationed with the United States Navy at Cecil Field.

## Miss Ball, Lt. Dedman Exchange Vows In Candlelight Ceremony

Dignity and beauty marked the ceremony which united Miss Lillian Elizabeth Hall and Lt. Tyler Freeland Dedman in marriage. The bride is the daughter of Mr. and Mrs. Raymond Malcolm Hall of Lake Mary, Fla. Dedman's parents are Mr. and Mrs. Virgil Freeland Dedman of Lake Mary, Fla.

Holy Cross Episcopal Church was the setting for the marriage on Saturday night at 8:00 o'clock with the Rev. H. Littleton Zimmerman officiating at the candlelight service. The altar was banked with white gladioli and palms adorned with the glow of candlelight from the graduation white tapers. White gladioli, asters with maidenhair fern were on the chancel rails and the graceful palms further decorated the church. Lighted tapers and sprays of gladioli tied with white satin ribbons were placed on alternating pews. Acrostics were: William Kirchoff Hall (bride) and Elizabeth Freeland Dedman (groom).

Mrs. F. E. Symes, organist, rendered spiritual music and the traditional wedding marches were used. Mrs. Robert Tully of Vero Beach, a sorority sister of the bride's at Florida State University, sang "O Perfect Love" and Miss Joyce Helzel rendered "Ave Maria".

The bride, given in marriage by her father, was beautiful in a gown of white bridal satin. The gown was fashioned with a basque bodice and long milled sleeves that came to points over the hands. The sweetheart neck-line and shoulders were embroidered with seed pearls in a deep eye effect. She wore a fingertip veil of silk illusion which fell from a half hat of satin with seed pearl embroidery. She carried a linen and lace handkerchief used by her great aunt and cousin, with a white satin covered Prayer Book on top of which was placed a white orchid from which fell white satin ribbons.

Miss Carol Skinner, maid of honor, wore a dress of tulip yellow net and taffeta. The strapless decolletage was covered with a cascade of matching net accented with lavender asters and carried a basket of the lavender asters. Bridesmaids were Miss Mary Anne Galloway, Miss Nixie Kirchoff, Miss Mary Helen Fife, Mrs. Harold Chapman and Mrs. Earl Swanner. Their gowns were of aqua net and taffeta fashioned identically to that of the maid of honor. Their small half hats were of matching net and were trimmed with yellow asters at one side. They carried baskets of yellow asters.

Serving as best man for Lt. Dedman was Lt. Paul Riley, a classmate of the bridegroom and now stationed at the Jacksonville Naval Air Station. Usher groomsmen were Lt. Hubert Loehd, Lt. Ray Stribling, Lt. Roy Ewert, Lt. Richard Harris and Lt. Donald Hamilton. All are serving with Lt. Dedman in Attack Squadron 33 at Cecil Field in Jacksonville, except Lt. Harris, who is stationed at the Naval Air Station in Jacksonville.

Little Lorena Loehd, as flower girl, wore a tulip yellow dress fashioned like the bridesmaids. She carried a basket of rose petals.

Mrs. Ball, mother of the bride, wore mauve chiffon gown with full, flowing skirt. The bodice of lace and chiffon was covered with a brief bolero of Chantilly lace. She wore short white doekita gloves and a half hat of mauve

## Joanne Williams To Be Married To Gaston Edmonson

Mr. and Mrs. J. C. Williams announce the engagement of their daughter Joanne to Gaston Edmonson, son of Mr. and Mrs. Tom A. Edmonson of Montgomery, Ala. The wedding will be an event of August.

Miss Williams is a native of Sanford. She received her schooling here, graduating from Seminole High School in 1948. She then attended Huntington College in Montgomery, from which she received a Bachelor of Arts degree in May.

Mr. Edmonson was born in Montgomery and received his education there. Following his graduation from Lenoir High School he then attended Huntington for two years after which he served with the United States Army for two years. He is now studying Agriculture at the Alabama Polytechnic Institute in Auburn, Ala.

The regular meeting of the Sanford Business and Professional Women's Club was held Wednesday evening, and was in the form of a covered dish supper picnic held at the Ponder Lanesing Club on the Wekiva River. The members gathered about 5:30 o'clock and talked in the lovely surroundings and time for the business meeting after which the picnic supper was enjoyed. It was reported that many of the club members are away on summer vacations, but there was an excellent attendance of members present, all of whom expressed the hope that there might be another meeting during the summer.

Mrs. C. E. Butler was hostess. The business meeting was presided over by Mrs. R. E. Foye president.

Members of Wedding Party Entertained

Members of the Ball Dedman wedding were entertained Friday evening at a rehearsal party given by Mr. and Mrs. R. E. Foye at Lake Mary. Individual tables were placed in the garden where guests were served dinner buffet style.

A large candle in a silver bowl encircled with aqua crystals and with aqua tulle and satin ribbon corresponding to the color of the bridesmaid's dresses, crowned the serving table. Also on the table which was covered with a linen cutwork cloth, were smaller silver candle holders decorated in the same fashion with ribbons of the color and asters. Candelsticks were silver and appointments were also in silver.

Assisting the hostess were Mrs. Frank Evans, Mrs. W. E. Baker, and Mrs. J. M. Thompson.

Among guests were Lt. and Mrs. Tyler Freeland Dedman, Mr. and Mrs. Virgil Freeland Dedman, Mr. and Mrs. Raymond Malcolm Hall, the Rev. and Mrs. H. Littleton Zimmerman and all the members of the wedding party and close relatives of the couple.

The next time you make a trip for fried chicken try using half bouillon and half light cream to fry the chicken. This gives it a crisp coating and makes it taste like the fried chicken you eat at Cecil Field in Jacksonville.

Miss Helen Rose Skinner, daughter of Mr. and Mrs. James Lulliver Zorn of Sanford, whose engagement to a young man named today by her parents to Joseph Franklin Smith of Savannah, Ga. Both Miss Skinner and Mr. Smith are associated with the Citizens and Southern National Bank in Savannah, Ga. The marriage will take place on Sept. 15 in Savannah.

## Officers Installed At Council Meeting Former Sanfordite Engaged To Marry Savannah Resident

Officers were installed at the meeting of the County Council of Home Demonstration Club of Seminole county held at the Longwood Library, Dunedin, on Friday, June 19. Mrs. W. J. Smith, president, presided over the installation of officers for 1953-54. Mrs. J. W. Williams, president of the club, presided over the meeting. Mrs. J. W. Williams, president of the club, presided over the meeting. Mrs. J. W. Williams, president of the club, presided over the meeting.

Members of the club were present and the meeting was held in the Longwood Library. The officers for the coming year were installed and the meeting was held in the Longwood Library.

Former Sanfordite Engaged To Marry Savannah Resident

Miss Helen Rose Skinner, daughter of Mr. and Mrs. James Lulliver Zorn of Sanford, whose engagement to a young man named today by her parents to Joseph Franklin Smith of Savannah, Ga. Both Miss Skinner and Mr. Smith are associated with the Citizens and Southern National Bank in Savannah, Ga. The marriage will take place on Sept. 15 in Savannah.

### H. S. Klenk Is New Navy Commander Of Squadron 62

Cmdr. J. Kennedy turned over the command of Photographic Squadron 62 at the Sanford Naval Auxiliary Air Station Friday afternoon to Cmdr. Herbert S. Klenk, who came here after a tour of duty as officer-in-charge of Detachment Two, FAETU, Naval Air Station, Jacksonville.

Cmdr. Klenk entered the Navy in July 1940 as a reserve midshipman following his graduation from the University of Kansas City. After midshipman training aboard the USS Illinois, he was commissioned an ensign in February.

His first duty was aboard the USS Decatur as assistant engineering officer and water officer. The ship spent much of its time on anti-submarine and convoy duty. At the time of his transfer from the destroyer, he was the chief engineer.

During the period from December 1942 until January 1944, he completed flight training and a course at the Naval photography school in Pensacola.

Upon completion of this training, he received orders to Photographic Squadron Two where he was flight officer. When detached from that command, he underwent operations flight training in the PB4Y type aircraft. He then returned to his former unit, this time as executive officer.

The time from September 1947 to June 1951 was spent as superintendent of the Aeronautical Photographic Experimental Laboratory at Philadelphia.

Cmdr. Klenk served at FAETU, Norfolk, until December 1951, when he went to NAS Jacksonville. At the present time his wife, Patricia, and daughter, Gretchen, are residing in Jacksonville.

Cmdr. Kennedy, who has been the commanding officer of VJ-62 since its commissioning, will leave for London where he will report to the commander-in-chief of the U. S. Naval Forces for the Eastern Atlantic and Mediterranean as duty as an exchange officer with the Royal Air Force.

### Chief Darr Ends 21 Years Of Navy Duty

James Herbert Darr, BMGC, was honored with a traditional Naval ceremony Thursday at the Sanford NAAS as he was "piped over the side" after serving 20 years, 11 months, and six days on active duty.

Capt. J. L. Chittenden, base commanding officer, gave a narrative of the chief's Naval service after which Chief Darr was officially released to inactive duty with the Fleet Reserve.

Enlisting in the Navy July 13, 1932, Chief Darr served aboard the USS Marblehead, USS Porter, USS Prairie, USS C-132, USS Gansar, and USS E. M. Robinson.

He saw World War II action in the battles of Saipan, Marshall and Gilbert Islands, and in the Philippine liberation.

### Vets Planning Homes May Get Guidebook

A 32-page guidebook for veterans planning to build or buy homes through the GI Bill is now available at all Veterans Administration offices.

The booklet, entitled "To the Home-Buying Veteran," is designed to aid the World War II and Korean veterans. It covers the cost of home ownership, contracts, final settlement or closing of the loan and what to expect before and after moving into a new home.

Every veteran applying for a certificate of eligibility will be sent a copy. Copies may also be obtained by writing to the nearest regional office of the Veterans Administration. There is no charge.

Since its commissioning, will leave for London where he will report to the commander-in-chief of the U. S. Naval Forces for the Eastern Atlantic and Mediterranean as duty as an exchange officer with the Royal Air Force.

### Korea

(Continued From Page One) Korea army, will be jeopardized. Churchill was asked whether his attention had been called to Rhee's statement that he would carry on the war in Korea alone even in the event of a truce.

The prime minister replied that the fighting should be brought to an end as soon as a "proper truce agreement" is reached and declared.

"Although President Rhee expects to receive moral and material support from the Allies, even though he carries on the war on his own, the aid which has been given by this country is limited to any war carried on under the auspices of the United Nations."

NEW YORK — The New York Herald Tribune reported today from Seoul that South Korea has given formal notification that it will withdraw its troops from United Nations operational control rather than go along with the present armistice terms.

The newspaper's copyrighted dispatch by Correspondent Marguerite Higgins, appeared in print before today's conference between Gen. Mark Clark, UN commander, and South Korean President Syngman Rhee. After the meeting, Clark indicated Rhee does not now plan to yank his 10 ROK divisions from the UN. Clark said he was encouraged by the talk.

In her dispatch, Miss Higgins said that "the cease-fire as negotiated at Panmunjom is definitely out."

"An armistice in Korea is as far away as ever unless the United Nations and the Communists can agree on some formula for enforcing a separate truce exclusive of the South Koreans."

The views of the South Korean government were transmitted by Rhee in a letter intended both for the United Nations Command and for President Eisenhower the paper reported.

SEoul, 22 — Gen. Mark Clark, U. N. commander, conferred today with President Syngman Rhee, then announced he can sign an armistice without South Korean approval, but he said doing so would "depend on instructions from my government."

"I am authorized at the present time to sign the armistice which has been drawn up," he told newsmen after what was apparently a showdown meeting with the rebellious Rhee.

"I am not trying to be overly optimistic. There are many problems. I feel somewhat more encouraged, more hopeful," he added.

Clark said he could not reveal why he was encouraged.

What effect the talk might have on an armistice was not apparent. Although Clark indicated the truce document was virtually complete, he said there still are problems and added, "The truce time table is more or less up to the Communists." He said a truce could be completely promptly "if the Reds desire it."

### Harriman Seeks Stop To Rumors About Red Cross

WASHINGTON — President E. Howard Harriman of the American Red Cross said today it is time to stop the "whispering campaign" against the relief agency.

Harriman told the agency's 22nd convention, "From time to time we are faced with complaints and rumors that circulate about the Red Cross which sometimes become whispering campaigns."

"The vast majority of these," he said, "are based on half-truths and distortions, and some of them, like the stories about the sale of blood

are out-and-out falsehoods. You don't read these stories in print, you don't hear them on radio, or see them on television, but, oh, how they circulate by word of mouth!"

Harriman said the agency has embarked on a full-scale public relations effort in all means of communication and word-of-mouth publicity to counteract these falsehoods.

And he urged the 5,000 delegates to "start a truth campaign that would stop rumor-mongering dead in its tracks. . . Surely we see this mission as a part of our Red Cross service for we are the guardians of a tremendous force for good."

In his address opening the three-day convention, Harriman called attention to the wave of domestic disasters which have hit this country during the spring, mostly floods and tornadoes.

MORGAN HEADS V. F. W. TALLAHASSEE — Florida's veterans of foreign wars elected William D. Morgan, Orlando, department commander at the close of their 22nd annual encampment here Sunday.

Lakeland was chosen for the 1954 meetings.

Other officers named included: Lee C. McAlister, West Palm Beach, senior vice commander; Haney C. Whaley, Havana, junior vice commander; Gerald E. Horn, Gainesville, adjutant-quartermaster; Ernest Yokum, Miami, judge advocate; Dr. W. W. Davies, Coral Gables, surgeon; Dr. Harold S. Sanders, Tallahassee, chaplain.

The ruby-throated hummingbird summers in the United States but winters in Yucatan.

The tornado that hit Worcester, Mass., earlier this month.

### Conference

(Continued From Page One) be a French government by that time."

On the day the plan for a Big Three session was announced last month, the French government of Premier Rene Mayer fell, and four efforts to form a new one have failed since then. President Vincent Auriol yesterday asked former Premier Antoine Pinay to try.

Originally, it was hoped that the talks—which Churchill has been plugging as a possible preliminary to Big Four sessions with Premier Malenkov of Russia—would get under way late this month. But the absence of a government in Paris threw a wrench into those plans.

Eisenhower will fly to Bermuda in his plane the Columbine, leaving here July 7.

Churchill will travel on the 42,500-ton battleship Vanguard, probably sailing June 30.

### PHILIPS' COLONIAL CLEANERS

NEW SUIT? NO, Sta-Nu!

Send your clothes to the drycleaner who uses Sta-Nu... the miracle finishing process!

Walls, slacks, dresses—in all of them, Sta-Nu makes a magic difference you can see and feel. Sta-Nu restores textile oils lost through wear and cleaning. Restores lost luster and softens. Removes dirt and killing so they die. Colors look new—bright again. And—even in muddy stains—washes—washes—washes clean off your clothes!

Send a garment today

**Sta Nu**

Phone today... YOU PROMISED YOU WOULD!

...During last winter's cold snaps I'll bet you promised yourself—quote: I'm not going through another winter without adequate heat in this house, unquote! Well, it's time to make good on that promise. Remember, Oil House Heating is Best—keeps you warm, guards your health, saves you money... and won't overload electric lines. Remember, the electric system isn't designed for heating homes—not enough cold days to justify it.

There are new oil heater models, new types of oil heaters sized to fit every home and budget...in new modern decorator finishes, too. Dealers aren't too rushed now...call for an appointment today! Remember—you promised yourself you would.

—Reddy Kilowatt

### Eastern Zone Of Germany Is Hit By Hunger

"Grave Problems" Are Faced By Red Rule

BERLIN — Hunger stalked East Germany today, as the zone, which exploded last week into a workers' rebellion against Russian repression, is hit by the effects of the strike.

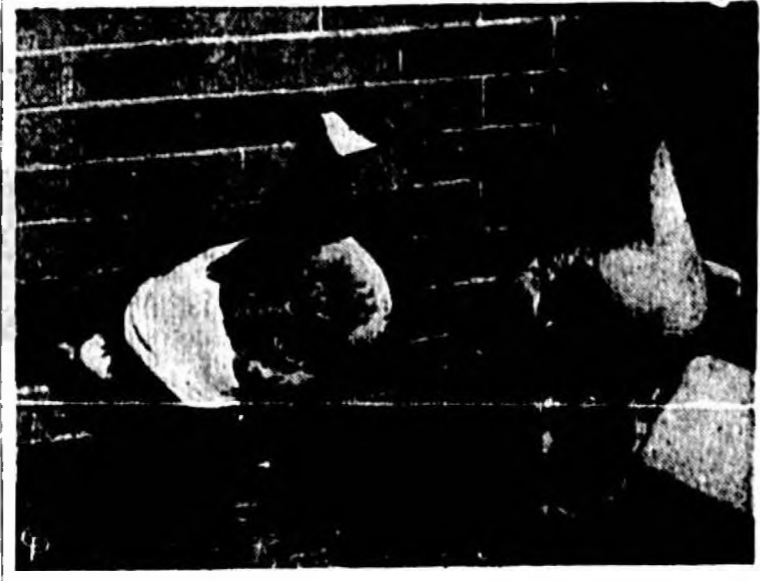

Never was the old adage that a ball can take funny bounces pointed out more conclusively than last night at Memorial Stadium when some 1500 baseball fans saw Park Pudge pull away from a bad pitch and end up as the hero of a ball game.

For those who like to know who did what first, the Sommerer follows: the first pitch of the game was fouled off by Dominguez Vella, the first ball was struck by the first batter, Red Foster, and the first home run was hit by the first batter, Red Foster.

All in all, it was a true All Star contest with many glittering plays. This corner thinks that Leonard's grab of Levy's long clutch off the bat is the highlight of the game.

A few odds and ends... Nice hearing our national anthem played before the start of the contest. Why not before every game?

Today's school goes to Irving and Mildred Feinberg who are the guiding lights behind Sanford's duplicate bridge program.

THIS IS STRICTLY for the birds, as Dr. Leonard J. Goss, of the Bronx Zoo, New York, is ready to testify. It seems he has been acting as matchmaker in the highly romantic of a pink-footed goose (right) and a hybrid Richardson's goose, whose wing was broken. It seems, when these two birds were together, that he had originally been together. But when the goose began fluttering about the cage in which the injured gander was recovering, Dr. Goss decided that a romance was hatching and now they are in the same cage. (International)

### Christie Says He May Have Killed More Than Seven

LONDON — John H. Christie, mumbled to jury in Old Bailey court today he may have killed more than seven women of milled by his counsel.

Christie, whose trial opened yesterday, pleaded innocent by reason of insanity. His lawyer declared today he was "mad as a March hare."

Christie is being tried specifically on the charge of murdering his 54-year-old wife, Ethel, but admitted in statements read in court today the strangling or gassing of six other younger women in mad sex orgies beginning in 1943 when he was a wartime special policeman.
