

ST. JOHNS RIVER ROUTE WAS BOOSTED AT MIAMI BY SANFORD B. OF T.

NO OTHER REPRESENTATIVES FROM CENTRAL FLORIDA

A great event, the importance of which was fully realized by the East Coast of our own state and taken advantage of by leading citizens in large delegations from all the cities, towns and hamlets along the beach, but apparently only faintly appreciated by the vast population and territory of Central Florida, was the national assembling of waterway improvement executives, enthusiasts and empowered authorities in Miami last week. The former flocked to this wonderful gathering, this 1917 Annual of the Atlantic Deeper Waterways Association, in delegations aggregating hundreds not to say thousands, while the latter permitted this opportunity of opportunities so uniquely pregnant with probability of not only enlisting effective interest in our needs and superb natural commerce inviting water road possibilities, but of securing actual development operations, Central Florida we regretfully say permitted this extraordinary opportunity to pass inadequately observed and utilized. Sanford Board of Trade sent its delegation and did its full part, just as we trust we may always be depended upon to do, but all others rested perfectly content to let our commercial body, alone and unassisted, war and win for them equally with ourselves.

Regarding the monster association convention we will only say that it was, as heretofore, a masterpiece of machinery, admirably organized, equipped and manipulated to accomplish the work for which it is designed, namely, the construction of a magnificent, incalculably valuable inland waterway from Maine to Key West. The fact that at this time we had in our state this mighty factor for waterway improvement, and the executive Congressional Rivers and Harbors Committee, to say nothing of powerful influence of the telling kind in the presence of noted statesmen from every part of the country was reason enough for realizing that now was the time to leave nothing undone to acquaint the visitors with our water assets, our requirements and commercial importance of these, and urgently press not only our logical claims, but, enthusiastically incite activities in development. Our East Coast friends were thoroughly alive and awake to all this, while Central Florida apparently peacefully slumbered, tranquilly reposing with the cheerful confidence and willingness that Sanford Board of Trade could and should perform every wise and publicly beneficent effort in the matter.

What the Sanford and Seminole County Board of Trade did actually accomplish might be told in a small booklet, but in this account we will briefly state that while it is the policy of the Atlantic Deeper Waterways Association never to depart from its previously prepared and printed program, and on no account to allow any to appear before the audience except he has beforehand been thus billeted, the representative of our Board, so Trade was, after repeated request and urgency of its importance, accorded the honor of a few moments' time for presentation of certain potent statements of Central Florida and St. Johns river scenic, economic, commercially and strategically important conditions and demands. The presentation was rousing cheered. Also the above representative was accorded the distinction of a special conference with the Rivers and Harbors committee Thursday evening at the Grayly, where he was given the most careful attention and at the close of his presentation closely questioned by Chairman Small and the several members of his committee. Promise was made to investigate and see what can be done, upon the return of the committee to Washington.

The representative of our section was, in the Florida state caucus of some time ago, a hundred practically all East Coast delegates, elected member of one of the association committees; this through the cour-

tesy of nomination proposed by Delegate White of Ft. Myers. In this caucus, Delegate Bours of Jacksonville stated that he wanted a man chosen by the caucus for member of the resolution committee who would be sure to get a resolution embodied therein favoring the East Coast canal as the through-Florida-route of the Intra Coastal Waterway. He was himself elected to that position. Suffice it to say he did not get a word of that kind of resolution adopted. Possibly he would not have succeeded in getting the scheme through had our representative not been there to oppose same, but he did not propose to take any chances, and therefore went directly to Congressman and Chairman Small and informed him of what had transpired. The honorable gentleman then and there vetoed the plan, assuring our delegate that such a proposition should not be enacted or permitted to creep in.

It was with genuine regret, we believe, that the invitation to visit Orange and Seminole and thence pass homeward as far as Jacksonville over the St. Johns, by courtesy of the Boards of Trade of these counties was declined. This invitation was referred to District Passenger Agent W. Hartsell, who had to special train in charge, and he was emphatic and unalterable in his edict that the schedule could not be changed. Invitations to other places including Key West, which it was shown could be reached and still return north on the same train and schedule as planned, the Dist. Pass. Agent would not permit to be accepted. None of these invitations were allowed made from the stage or platform by the party bearing same, the Sanford and Seminole County Board of Trade alone being, as above stated, distinguishably favored and recognized.

We of Central Florida should feel highly gratified that the resultant good of sending one delegate to the Atlantic Deeper Waterways Association 1917 Annual is as large and apparent as it is, but it is profoundly to be regretted that all this great population and territory was not universally represented, for in numbers impressions are made, and the East Coast people did not fail to recognize that fact, as assuredly Central Florida lamentably did.

When the route through Florida is decided upon, it will be the route recommended by the engineers, and they will doubtless endeavor to act unbiassedly and with good mechanical judgment, but strong pressure, with the aid of imposing numbers can scarcely fail to have its effect, a fact that our people of central and along the St. Johns are, it would appear deplorably indifferent to. Our very richest and most naturally available assets may, and we greatly fear will, slip away from us one of these fine days, if we do not, as a whole, wake up to our invaluable heritage. Citizens of all this central locality, do not leave all for just a few to accomplish. Your interests are mutually essential and are not confined to one spot or place. Sanford has no more at stake than has every other part of the district to be benefitted. Do not let it be said that you have awakened to this when it is at last too late.

It is a matter of congratulation that our delegate accomplished so much for the project, vital to all central Florida interests, and that the matter stands just where it did as an engineer recommendation, with no ability thus far on the part of strong effort to in anywise prejudice that favorable to the St. Johns route report.

Volusia county farmers have formed themselves into an association called the Volusia County Farmers Association. They start out with a membership of more than 100. The object is the general betterment of the farming interests of the county.

RED CROSS CAMPAIGN IN AMERICA

SEMINOLE COUNTY WILL DO A FULL PART

On December 18th the campaign for Red Cross membership will be launched throughout the United States. This is not a campaign for funds but for more members—active members who will not only give their dollar for membership but will give their time and attention to the work of the Red Cross and will consider that paying their dollar also means that they have enrolled under the cross of service. On Sunday the 16th all the churches will devote some time to the Red Cross and on Monday the actual campaign will be inaugurated. The ministers of Sanford will be in charge of the companies of able lieutenants and a thorough campaign will be made throughout the city of Sanford for members. The ministers of the county will also be enrolled and other willing workers will devote their attention to the county membership. It would be well to read the following report of the work accomplished by the Red Cross nationally since the war began.

Six months of effort to meet the most far reaching appeals for relief in history is described in a report to the American people made public tonight by the war council of the American Red Cross. It is the council's first semi annual report and it tells how more than forty million dollars of the \$100,000,000 war fund contributed for the people has been allotted for expenditure at home and abroad.

Demands from Europe continue to increase and on the recent basis of expenses the council estimates that the war fund will not last much beyond spring. So far about \$88,000,000 in cash has been paid into the fund by the subscribers.

Of \$40,272,657, appropriated by the council \$7,659,000 has been advanced to chapters for purchase of material and will be refunded. For work abroad \$27,885,616 has been appropriated, \$20,601,240 of the amount going to France where suffering has been "beyond description."

For work outside of France, exclusive of \$750,000 recently sent for emergency relief in Italy, the following appropriations have been made: Belgium; \$720,001; England, \$1,066,520; Italy, \$214,000; Russia, \$1,359,440; Roumania, \$1,518,398; Serbia, \$493,203; Armenians and Syrians, \$1,800,000; others, \$113,013.

The report describes in detail how all this money has been spent and tells of the vast organization set up by the war board since its appointment. It records the formation of the junior Red Cross naval auxiliaries, the camp service bureau, the sanitary service bureau and other divisions and described the membership campaign which brought the number of Red Cross members beyond the five million mark. The great aims of the war council are set forth as follows:

(1) To be ready to care for our soldiers and sailors on duty whenever and wherever that care may be needed.

(2) To shorten the war by strengthening the morale of the allied peoples and their armies, by alleviating their sufferings in the period which must elapse before the American army can become fully effective abroad.

ELKS LODGE OF SORROW ON SUNDAY

STAR THEATRE FILLED BY PEOPLE TO WITNESS CEREMONIES

As usual with the Elks Memorial services in Sanford the Star Theatre building was filled long before the hour for the beginning of the exercises. Under the able leadership of A. D. Parrish, assisted by O. P. Herndon, John Gillon, B. L. Perkins, and S. Runge of the committee on decorations the theatre was transformed into a Florida woodland scene, the beautiful fronds of the palm being seen everywhere. The windows were hidden by palms crossed and tied with purple bows and each entrance to the stage was built of palms and decorated with red, white and blue bunting. The bunting effect was also used on the sides of the building and on the stage the immense flag of our country hung from the center of the stage and in front of the rostrum decorated with red, white and blue the immense head of the elk was fastened making a very beautiful effect. Palms and potted plants in profusion assisted in making the front of the stage a bower of beauty. The following program was carried out in toto:

- Voluntary, "God For Us," Sanford Band.
- Ritualistic Lodge
- Prayer, Chaplain A. S. Peck
- "Come Unto Me," Chas. M. Davis
- Ladies Chorus
- "Sancta Maria," Faure
- Miss Olive Lord
- Ritualistic Lodge
- "The Vacant Chair," Men's Quartet
- "Slumber Song," Men's Quartet
- Ritualistic Lodge
- "Waves of Memory," Blanchard
- Sanford Band
- Oration, Hon. M. F. Hetherington
- "Nearer My God to Thee," Nevin
- Ladies Chorus
- Eulogy, Hon. G. A. DeCotte
- "O Shining Light," Adams
- Miss Olive Lord
- Ritualistic Lodge
- "Star Spangled Banner," Lodge (Audience Assisting)
- Benediction, Chaplain A. S. Peck

Special mention should be made of the music of the Sanford Band, the numbers by the Ladies Chorus, the Men's Quartette and the solos of Miss Olive Lord of Stetson University who rendered Sancta Maria and O Shining Light in a manner that delighted the audience and gave a most artistic effect to the program of music.

The oration by Hon. M. F. Hetherington was of high order and for the first time in several years the oration was on Elkdom and it was a masterly address that contained much food for reflection not only to Elks present but to those who were not members of the order. Mr. Hetherington is a scholar and an orator and is editor of the Lakeland Telegram of Lakeland, a popular member of the Press Association, Past Exalted Ruler of the Elks of Lakeland and is well known in Florida and is well beloved wherever he is known.

Hon. George DeCotte always enjoyed in Sanford as a speaker was at his best Sunday and in the eulogy for Bro. Battle of Sorrento gave one of the finest addresses that the lodge has ever heard. Mr. DeCotte in the course of his remarks very appropriately called attention to the fact that ten of the members of the Elks lodge of Sanford were at the front fighting the battles of democracy and asked for the silent prayers of the lodge for the safety and return of these brother members. They are as follows: B. W. Anderson, J. D. Chittenden, Leroy Chittenden, T. Meade Fox, Geo. G. Herring, J. H. Lee, Jr., Tracy McCuller, Dr. Thomas A. Neal, W. D. Thornton and R. B. Wight.

GERMANS LOSE MANY IN VAIN ATTEMPT TO DEFEAT ENGLISH

SEVEN DIVISIONS SLAUGHTERED BEFORE CAMBRAI

Violent German efforts to wipe out the British positions toward Cambrai has brought about little tactical success as Gen. Byng has successfully withstood for three days all efforts to break through. About Gonnelleu the Germans have gained slight terrain at heavy cost, and the British have evacuated Maanleres, west of Cambrai. The Germans have lost heavily in dead and wounded and the British have taken many prisoners. In the important sector west of Cambrai, embracing Bourlon wood, the dominating position, the Germans have made no impression on the British defenses nor between Bourlon wood and the Moeuvres, the northern side of the salient. The heavy attacks against the region of Maanleres were driven off, but a sharp salient involving the village made its abandonment necessary.

Southwest of Maanleres toward Gonnelleu, the Germans still hold La Vacquerie, where the dead in 1 hour have numbered more than in any similar period. The British have reached Gonnelleu and fighting was in progress Sunday in and around the village. In this sector the Germans used four or five divisions Saturday and Sunday. At least six or seven divisions were lost in fruitless efforts to break the northern leg of the salient.

American engineers operating and building railroads within the British lines, were Gouzeacourt, west-southwest of Gonnelleu, were caught in the first rush of the German attack. Many sought shelter in shell holes, from which they were rescued by British counter attacks. The engineers aided the British in withstanding the enemy attacks. Several were captured but later escaped.

Northeast of Ypres the British have captured fortified buildings and German strong points on the main ridge north of Paschendale. Elsewhere on the western front the artillery continues active. The German crown prince has not repeated his attacks. Bombardments continue along the Piave river. While the bolshevik representatives planned to enter the German lines Sunday and began negotiations with the Germans, nothing yet has been heard of their mission. The bolshevik leader Trotsky has warned the allied diplomats in Petrograd that his government will not permit them to interfere in the internal situation. The demobilization of the Russian army by the bolsheviks is reported to have begun.

The Russian provisional government has reappeared and issued a manifesto asserting it is the only legal authority. It urges the people to disobey the decrees of the bolsheviks.

Berkeley Blackman Promoted
Friends of Berkeley Blackman in Winter Park and throughout the country will be interested in the announcement that he has been recommended for a First Lieutenant in the Aerial Service and leaves within a few days for the Pacific coast where he will take a training course at one of the big government schools. The recommendation for First Lieutenant is the highest awarded to volunteers prior to their entering the training schools and a comparatively small percentage receive this honor. Mr. Blackman who is a graduate of Oxford University, which institution he attended as a Rhodes scholar, is universally popular. He has had a wide experience and his splendid education should make him particularly valuable to his country, in the service for which he has enlisted.—Winter Park Post.

ing in order of the roll call of the absent brothers, W. D. Holden, B. P. Higgins, W. M. Wadley, R. H. Marks, J. C. Higgins, W. H. Underwood, G. H. Fernald, E. W. Rowland, J. D. Roberts, D. G. Monroe and E. J. Hill and J. L. Battle. As the name of each was called the lights at the left of the stage on a raised column were put out one by one, making the roll call most impressive. The lighting and wiring under the personal direction of John Gillon of the Elks lodge was responsible for the beautiful lighting effects. Much credit is also due to Clarence Mahoney, chairman of the committee on music for the fine musical program and all those who donated flowers and other decorations and assisted in making the memorial services the great success achieved by Sanford lodge.

Dr. Hulley Speaks at Temple
Dr. Hulley, that gifted orator, spoke twice at the Baptist Temple last Sunday. For the morning hour the subject used by the Doctor was "The Comrade in White." At this service a vivid portrayal of the appearance of a man robed in spotless white in the war torn trenches of Europe, Dr. Hulley related a number of stories about the Comrade as they have been told time and time again by different soldiers. Dr. Hulley said that the soldiers of the Front believe that the Lord has come again and is helping them fight their battles over there and with His help they will surely win.

For the evening hour the subject used by the Doctor was "Bring My Boy Back Clean." This was a warning to the boys that might go to the camps and to the trenches, and also a word of advice to the parents of the boys that have already gone. In the service Dr. Hulley told of the many snares and pitfalls that confront the soldier and also of the many diseases and ill comforts that they are subject to. Diseases that if contracted will have a tendency to weaken the army and navy of the United States. In this connection Dr. Hulley paid a royal tribute to the War Work that is being conducted by the Y. M. C. A.

Doctors Raise The Rate
The doctors like every one else in business are paying more for their supplies than ever before and finding it more difficult to practice under the many advance circumstances. Consequently they have decided to raise the rate and the following communication has been mailed to the Herald:

Due to the advance in prices of all commodities and necessities, but due especially to the enormous increase in the expense of maintaining the office in an efficient and up to date condition, the members of the Orange County Medical Society have decided, reluctantly and regretfully, that it will be necessary for them to follow the example set by the majority of the Medical Societies in this state and elsewhere and adopt a new fee schedule.

After December 1, 1917, the following scale will become effective:
Office Consultation.....\$ 2.00
Calls to Patients..... 3.00
Calls to Patients after 10:00 o'clock p. m..... 5.00
Obstetrical Cases..... 35.00
Oliver J. Miller, M. D., President.
G. H. Edwards, M. D., Secretary.

J. H. Wendler has purchased a 60-acre tract northwest of Orlando, where he will establish a live stock and poultry farm on a large scale. Mr. Wendler is widely known as a judge of live stock and fancy poultry and for several years has come here to serve as judge of these exhibits at the Orange County Fair.

Sweet potatoes began moving out of Bradford county the last week in October at \$1 a bushel to the farmers. The average is unusually large, but the production per acre was reduced by the late summer rains. Experienced buyers and shippers do not believe the price will hit the old levels of this year.

Farewell for the Steinsmeyers
Dr. and Mrs. L. R. Phillips were the gracious hosts at a farewell social for Rev. F. E. Steinsmeyer and wife, given by the members of the Methodist church Monday night, 26th at the home of the hosts.

Half an hour was spent exchanging thoughts with one another, after which the following program was rendered:

Instrumental solo.....
Miss Mollie Abernathy

Solo: "The sunshine of your Smile"
Mrs. A. M. Phillips

Recitation, "Best to Know Nothing at All"..... Miss Emily Bailey

Solo, "When I Was Born"
Marjorie Hoskins

Marjorie is just five years old but has a remarkable voice and sang very sweetly and accurately, much to the appreciation of her audience.

Trio, "Departure"
Mrs. Claude Herndon, Mrs. Geo. Fox, Mr. C. L. Polk

Solo, "Dry Those Tears"
Mrs. Will Hooleshan

Musical Reading, "That Sweetheart of Mine"
Mrs. L. R. Phillips
(accompanied by Miss Marion Phillips)

Recitation, "When the Minister Comes to Tea," Miss Julia Laing

Sanford Shoe & Clothing Co.

This number was particularly interesting to the several ministers present for it pictured the home and inmates preparing for the "minister at tea" with every member of the family in a good humor, well behaved and everything spic and span and all fine except the cooking and "Ma" has had her unusual bad luck with that, though the young son said that it was really primp as could be.

Instrumental Solo.....
Miss Caroline Spencer

Trio, "Sweet and Low"
Mesdames Herndon and Fox
Mr. C. L. Polk

Our Next Preacher Contest and Preacher Picture contest. This consisted of fifty five pictures hung around the room, each of which had been made to represent the name of a preacher and each guest was handed pencil and paper and asked to guess all these names.

Musical Story, by Mrs. L. R. Phillips, accompanied by Miss Marion Phillips. This number was especially enjoyed. The story was arranged by Miss Lillie Farnsworth, who is noted for her originality, and it represented parts of the work accomplished by the pastor and his wife during their four years' stay in Sanford. Scattered through its lines were parts of fifty six old and familiar hymns, the name of each to be guessed simply by hearing the music played. Rev. Steinsmeyer and Mr. A. R. Chappell tied, both guessing the largest number of hymns.

The musical program rendered was highly appreciated and thoroughly enjoyed.

Dr. Phillips in a most pleasing manner expressed for the board of stewards and trustees the officers of the missionary society and the officers and teachers of the Sunday school and membership of the church their appreciation of the efficient and faithful services of the pastor and wife and in token of this fact presented to them a handsome "chest of silver."

Upon entering the home a slip of paper upon which was written a name he was to assume for the evening was pinned on each guest and at this time each family was invited into the dining room for refreshments, consisting of hot coffee and delicious cake.

The genial manner and the hospitality in which Dr. and Mrs. Phillips greeted and entertained the guests made the evening long to be remembered by the hundred or more who were present.

Dr. Hulley at Temple Sunday
Morning Hour: "The Comrade in White." Evening Hour: "Bring My Boy Back Clean."

Dr. Hulley, president of Stetson University will speak at the Baptist Temple Sunday, Dec. 2nd, at both the morning and evening hours.

The soldiers on the battle front declare that Christ has come again; that He has been seen by hundreds of eye witnesses on the battle line. Their stories are the most thrilling that the war has produced. Dr. Hulley will give a full account of these appearances of "The Comrade in White" at eleven o'clock service.

At the seven o'clock service the Doctor will deliver a sermon on "Bring My Boy Back Clean." This will also be a war address. Dr. Hulley will show the temptations and the sins of life in the army camps, on the battle fields and in the cantonments in the United States. He will illustrate it by some of the most wonderful stories the people have ever listened to. They are thrilling heart searchers. These two addresses crowded the auditorium at Stetson to the doors, the main floor, galleries, aisles and platform being filled.

The Temple has a splendid auditorium which can be easily heated. Extra chairs have been provided for the comfort of all that may care to hear these two sermons.

in Society's Domain
(Continued From Page 5)

very attractive with its decorations of roses and ferns. Mrs. McLaughlin won the prize a cut glass bud vase and Mrs. Hazard was presented with a pair of silk bedroom slippers. The guests were Mrs. Barnes, Mrs. Smith, Mrs. Watson, Mrs. Thigpen, Mrs. Morse, Mrs. McLaughlin and Miss Wilkie.

Private Joe D. Chittenden, Camp Wheeler, Macon, Ga., is at home on furlough.

Mrs. May Dickens leaves Saturday for Green Cove Springs where she will spend the winter.

Miss Gladys Field who is taking a business course in Jacksonville is home for a few days.

WORKS EIGHT YEARS ON TOMB

Miss Melva Beatrice Wilson has spent her summers for eight consecutive years at work in Calvary cemetery, one of New York city's greatest cities of the dead. She has been engaged on the sculptural exterior and the mural interior decoration of the mortuary chapel and mausoleum erected by Cardinal Farley for the prelates and priests of the archdiocese of New York.

The chapel and the mausoleum are situated on the highest point in the cemetery, with a wonderful view commanding the turmoil of the city on one side and the wide expanse of Long Island sound on the other. The chapel and the hundred catacomblike sepulchres are early Byzantine in architecture. The reputed cost is half a million dollars. The structure is built of hard Blue Indiana limestone.

GERMANY SHORT ON LINEN

All Hotels and Restaurants Are Forbidden to Use Table Cloths and Napkins.

Berlin.—The lack of linen and cotton fabrics caused by the war is making itself felt more disagreeably from week to week and threatens the cleanliness of the German nation. All hotels and restaurants have now been forbidden to use table cloths and napkins, or to furnish more than one towel per day to any guest. Bed sheets, pillow cases, etc., must be used at least seven days before they are changed and washed, even if the bed during this period is used by different guests.

The Vossische Zeitung announces that after October 15 no permits for the purchase of underclothing will be issued to persons who own more than three shirts and two sets of underwear. The manufacture and sale of night shirts and pajamas are to be stopped entirely.

Big Money.
One of the largest and most cumbersome forms of money is found in Central Africa, where the natives use a cruciform ingot of copper ore over ten inches long.

Twisted.

BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH, "HE'LL PRENT 'EM"—SO SAYS SAUNTERER.

Hoover's Goin' to Get You
The darned old Hoover pledge has come to our house to stay:
To frown our breakfast bacon and take our steak away,
It cans our morning waffles, and our sausage, too, it seems
And dilates on the succulence of corn and spuds and beans;
So skip the sugar in your cake and leave the butter out.
Or Hoover's goin' to get you, if you don't watch out!

Oh, gone now are the good old days of hot cakes thickly spread;
And meatless, wheatless, hopeless days are reigning in their stead;
And gone the days of fat rib roasts, and two inch T-bone steaks,
And doughnuts plump and golden brown, the kind that mother makes.

And when it comes to pie and cake, just learn to cut it out,
Or Hoover's goin' to get you if you don't watch out!
So spread your buckwheats sparingly and peel your taters thin;
And tighten up your belts a notch and don't forget to grin.
And if, sometimes, your whole soul yearns for shortcake high and wide.

And biscuits drenched with honey, and chicken butter fried,
Remember, then, that Kaiser Bill is short on sauer kraut,
And Hoover's goin' to get him if we'll all help out.

One of the Cleveland city papers publishes the following, as showing how cosmopolitan the Stars and Stripes are: "A few days ago a magnificent new American flag was raised over the worsted mills at Jamestown, N. Y. The manager of the plant traced back the stages of its construction and this is what he learned:

The flag was made of wool from American sheep, sorted by an Amer-

ican, scoured by an Albanian, carded by an Italian, spun by a Swede, warped by a German, dressed by an Englishman, drawn by a Scotchman, woven by a Belgian, supervised by a Frenchman, inspected by an American, dyed by a Turk, examined by an Irishman, and pressed by a Pole. The flag represents America—all it is and all it stands for—perhaps better than any other that flies in the breeze today." It should be added that the same spirit permeates every American flag that flutters today. A flag that stands for the rights of humanity everywhere and that welcomes to its protecting folds the people of every land who love liberty and justice—and are willing to give up their lives if necessary, without question, in its defense, that freedom may live.

The commission form of government is taking a rest until after the holidays it seems. There were insufficient names on the petition presented to the council for an election and now it will be necessary to find out just how many names it takes to call this election and get them. After the number that voted at the last election it should not take very many to get twenty per cent although it is the number that is registered and not the number that votes that is taken as the quota. Since the election I note that City Attorney DeCotte is busy collecting delinquent taxes. There was considerable discussion about this matter of delinquent taxes before the election and the city council and the city attorney were blamed for not collecting a greater percentage of the delinquent taxes and it seems that now the city attorney has hardened his heart to the anguish and misery that is caused by the tax payers getting a letter demanding that their taxes be paid at once or they will suffer the consequences. Probably some of those who were so loud in their demands that delin-

quent taxes be paid will not care to be pushed to the wall on their own taxes and others who were so loud about it have no taxes to pay. Of course it is up to the man with property to pay the taxes but it is also human nature to put off taxes and death as long as possible because we all know that you will have to pay both in the end. However the stir about commission form of government has wakened the aldermen up to the necessity of collecting delinquent taxes and also conserving the city's resources in every way and it is certain that there will be a great change in city affairs from this time on. But did you ever stop to think how anxious the fellow with no taxes to pay following the trend of events in city politics, how the loudest about delinquent taxes, wants countless improvements with no expenditure of money and knows just how to manipulate the city government on wind?

The man, woman or minor who is not concerned as to the outcome of the present struggle is to be pitied and enlightened. He or she is really unconcerned through ignorance. They have failed entirely to grasp the true inwardness of the situation confronting us as a people. Let us suppose that the history of our country were to end with the present generation. Does any one imagine that our statesmen would be materially interested in the settlement of the questions in dispute? Hardly.

Naturally, then, it is mainly the future of the country that is to be considered. What that FUTURE is to be will depend upon OUR ACTION NOW.

It is to the credit of the American people that they have always had a clear vision of the duty of the present generation to posterity. That vision was responsible for the Revolutionary war. It was the stimulus of the war in 1812. And when the Mexican question assumed grave proportions the same thought was at the fore in the national mind. Not so much the interest of our own posterity as that of our fellow man was the stimulus in the brush with Spain. But throughout her whole life this country has never failed to place the true interests of posterity before present ease and comfort.

What can be said then of the young man or woman who is not concerned over the outcome of this struggle? That they have no concern for the best interests of their own. Present ease and comfort weighs more with them than the future of their children, or of the race in general. No nation of people can ever come into their own until present can be subordinated to future. No present is ever entirely what it should or could be. By the sacrifice of the present we stand a chance of realizing on the future. If all else is to be subordinated to the present, there is every possibility of their being no future worthy of the name.

As the war goes on and my dear friends one by one are leaving for the front and I am here back of the lines sweating blood trying to keep the home fires burning while wood is out of sight and the wolf is kept from the door by throwing bundles of Liberty Loans and three cent postage stamps at him I wonder if the boys at the front are not just about as well off as we are here at

I would just as soon starve to death in the trenches as to starve to death at home and yet I suppose that staying at home and helping the government by finances and other good works is assisting just as much and more than the fellow who joins the army or the navy. Anyhow I expect to go to the front if the war lasts long enough.

The man, woman or minor who is not concerned as to the outcome of the present struggle is to be pitied and enlightened. He or she is really unconcerned through ignorance. They have failed entirely to grasp the true inwardness of the situation confronting us as a people.

Naturally, then, it is mainly the future of the country that is to be considered. What that FUTURE is to be will depend upon OUR ACTION NOW.

It is to the credit of the American people that they have always had a clear vision of the duty of the present generation to posterity. That vision was responsible for the Revolutionary war. It was the stimulus of the war in 1812. And when the Mexican question assumed grave proportions the same thought was at the fore in the national mind. Not so much the interest of our own posterity as that of our fellow man was the stimulus in the brush with Spain. But throughout her whole life this country has never failed to place the true interests of posterity before present ease and comfort.

What can be said then of the young man or woman who is not concerned over the outcome of this struggle? That they have no concern for the best interests of their own. Present ease and comfort weighs more with them than the future of their children, or of the race in general.

No nation of people can ever come into their own until present can be subordinated to future. No present is ever entirely what it should or could be. By the sacrifice of the present we stand a chance of realizing on the future. If all else is to be subordinated to the present, there is every possibility of their being no future worthy of the name.

SALT INSTEAD

Many Prefer It On Ripe Grape-Fruit

The use of salt as a substitute for sugar will be strongly advocated in this year's grapefruit advertising of the Florida Citrus Exchange, according to F. L. Skelly, the general sales manager.

After the copy for the current season's campaign had been approved by the advertising committee it was in part discarded, Mr. Skelly says, and an entirely new outlay, adopted, at the suggestion of Jefferson Thomas, who handles the exchange publicity.

In every one of the newspaper advertisements the first of which is to appear early in January, there will be carried, in bold, well displayed type, this message on the use of salt or sugar:

"Tree ripened Sealdsweet oranges, require but little, if any sugar. Nor need much be used with Sealdsweet grapefruit — many persons prefer them with salt instead of sugar."

A little while ago a health journal published an article, approved by the United States Food Administration, in which wider use of oranges and grapefruit was urged as a means of improving the health of the people of this country and also of conserving the supply of solid, less perishable foods.

One of the phrases used in this article very succinctly expressed the case for citrus fruits in these words: "They are medicine that tastes like food and food that is more potent than medicine."

This expression at once appealed to business manager, C. E. Stewart, Jr., of the Citrus Exchange, as a dandy good slogan for the advertising of Sealdsweet oranges and grapefruit and at his suggestion Mr. Thomas has incorporated it in much of the copy now going out.

Some other points of great importance to the citrus industry of Florida were brought out in the article mentioned. For instance, it emphasized the fact that the prices of citrus fruits have advanced but slightly during the past five years, whereas those of almost all other food products have increased heavily and persistently under the pressure of growing demand and lessening supply.

This is the keynote of the appeal of the Exchange advertising. The wording of some of the ads is particularly strong along this line. One says:

"You and all the members of your family will be the brighter, the cheerier and the healthier for doing this.

And as you eat more oranges and grapefruit and less meats and grains you will conserve the latter for shipment abroad to feed our soldiers and our allies in the war for freedom."

"While the oranges and the grapefruit grown in Florida, ripened on the trees and, properly packed will keep indefinitely in the ordinary household; these fruits cannot be exported to any great extent. They should be eaten in America, leaving more solid foods to go across the seas.

"Sunshine and showers are prime factors in making oranges good. There are more days of sunshine in the citrus belt of Florida than in the United States, but almost every day the groves are blessed with copious, gentle showers.

"Sometimes a Florida orange or grapefruit is rough and uninviting in looks, but cut it open and you will realize the truth that beauty is more than skin deep. If they have been ripened on the trees, you will find Florida oranges and grapefruit filled with delicious, invigorating juice."—Times, Tampa, Nov. 30th.

Going to the Dickens. People accustomed from infancy to lie on down feathers have no idea how hard a paving stone is without trying it.—Hard Times.

Does It Seem Fair? About half of the discount in the world arises from the circumstances that men cannot collect the living they think the world owes them without putting in about eight good hours of toil a day.—Houston Post.

Another Good Milk Record
Another Florida Jersey cow has found her way into the Register of Merit of the American Jersey Cattle Club, the second in the state to receive the recognition this year. This cow is Austin's Viola 352496, aged 3 years, 2 months, owned by Marcus A. Milam, Miami. The test continued from August 7, 1916 to August 6, 1917. During this period the cow produced 6,577.0 pounds of milk, 4.97 per cent fat, a total of 327.18 pounds of fat in the milk.

Creole's Cassie Sue 306825, owned by the University of Florida experiment station was the first to make the Register of Merit. Her record showed a total production of 7,708.6 pounds of milk, 4.86 per cent fat, a total of 374.32 pounds of fat in the milk.

Both tests were made under good average conditions and the cows were milked twice daily.

How Cotton Land This Month
One of the important measures against the cotton boll weevil is that of plowing under all old stalks and refuse from this year's crop, says the University of Florida extension division. The ideal time for the work is just as soon as the crop has been gathered, but many fields in the state have not yet been plowed.

Full plowing will have a double effect; the boll weevil will be deprived of the greater part of his food, and many of them will be turned under ground with the stalks, and the soil will be partly prepared for next year's cotton crop. The growing of an early maturing cotton is essential if the farmer is not to lose out with this crop entirely. The fall plowing will eliminate some of the spring work.

If cotton is to follow cotton, the fall plowing is specially urged. It may be advisable to work the land a few times in the winter to retain soil moisture. Then when spring comes, planting may proceed without delay and an early crop will be well as the road to maturity when the weevils strike it.

How to Conserve Machinery
Since labor has become scarce, and little relief can be expected until after the end of the war, the University of Florida extension division is urging upon farmers the necessity of conserving farm machinery. Here are a few suggestions offered by the U. S. Department of Agriculture:

1. Orders for new equipment and repair parts should be placed as soon as possible.
2. To reduce maximum results with a minimum of labor, new and modern machinery in large sizes should be used wherever possible.
3. Serviceable equipment, not needed, should be sold or made available to others.
4. Useless machinery should be returned to the channels of trade as scrap.
5. Thorough lubrication and proper care when in use will materially lengthen the period of service of farm equipment.
6. More care should be given to protecting farm implements from the weather.

Machinery is to be the farmers ally since labor has deserted him. In order to use it most efficiently it will be necessary to clear out stumps and make larger fields.

Consider the Pig
The number of hogs on farms in the United States September 1, 1917 was 5,274,000 less than on the same date one year ago. The corn crop this year is 607,842,000 bushels greater than last year. There is the gap—from a decrease of more than five million hogs to an increase of more than 607 million bushels of corn that hog raisers are expected largely to close up, says the U. S. Department of Agriculture.

Closing the gap by breeding more hogs is not only one of the big opportunities but one of the big obligations of American farmers. These figures show the reason for the "more hog" campaign, for urging that sows be bred now in increased numbers to insure the needed number of pigs next spring to eat the surplus of the 1917 corn crop.

That the farmers of Florida will respond as "minute men" in the hog emergency is the belief of the University of Florida extension division. A definite hog increase must be made in this state.

With the Government backing them, through emergency legislation, as it never has before, farmers never have had greater assurance that their efforts would be justly compensated. The Food Administration has said that until further notice, prices, so far as it can influence them will not go below the minimum of about \$15.50 a hundred, for the average of the packer's droves on the Chicago market. Furthermore, it has said as to hogs farrowed next spring, "We will try to stabilize the price so that the farmer can count on getting for each 100 pounds of hogs ready for market thirteen times the average cost per bushel of corn fed into the hogs." Experience has shown that this ratio of 13 to 1 is liberal, and that it should stimulate hog breeding now.

The Department stands ready to aid the farmers in any way it can, and has already placed two more men in Florida to assist Dr. A. H. Logan in controlling swine diseases. This is the immediate war duty of farmers: Breed sows now—and gilts if necessary. Breeding should be hastened; the sooner the new pig crop can be obtained, the sooner the urgent meat needs of the world will be met.

Tick Eradication Progress
Broward, Dade and Monroe counties, and a part of Palm Beach county have been declared tick-free. This area occupies 4,900 square miles, or nine per cent of the state. While this area in Florida was declared tick-free on December 1, 64,420 square miles in eight other southern states was liberated.

In more than half of the south the tick no longer kills cattle with fever or sucks them thin. It no longer bars the introduction of proper breeding animals to build up beef and dairy herds to consume profitably the south's feed stuffs. In the remainder, cattle still are dying by thousands of tick fever and a large part of every pound of forage, grain and concentrates goes to feed useless ticks instead of making meat and milk.

Florida is now getting into its stride and the tick will soon be a stranger to the state, is the prediction of the University of Florida extension division. That the tick can be wholly eradicated is no longer a doubtful proposition—the whole state of Mississippi is now free, separating the tick infested territory into an east and a west. Florida can do no better than follow the lead of other southern states.

In throwing off its complete bondage to cotton, the south has made a great advance by extending gradually its production of food crops. The greatest obstacle to the change, however, was finding substitutes for cotton, which could be marketed readily and profitably. Cattle, to which the south is adapted by climate and agriculture, furnish an ideal, readily marketable commodity. Cattle, however, cannot be raised profitably as a part of the farm's business unless the tick is girdled. The tick, therefore, has been a costly obstruction to the evolution from one-crop farming to profitable diversification.

Increase in meat production at the present juncture is an absolute essential to the nation. The quickest, surest way for the south to do its full share in contributing beef is

to eradicate the tick. There will be an excellent market for meat for years irrespective of whether peace comes soon or is long deferred. All the world is meat hungry and a wonderful opportunity awaits the south to satisfy this essential demand if only it will eradicate the tick, enable itself to make full use of its forage, and open up its cattle to the free cattle markets of the world.

Times Have Changed.
"Times ain't as easy as they used to be," said Uncle Eben. "I kin remember when a gemman didn't have to go to war to get de title of 'major' or 'colonel.'"

Radium Emanations.
The emanations from radium cannot be stopped, but as scarcely any exhaustion of the material is appreciable, despite the fact that a stream of energy is constantly passing off from it, this is of small consequence. If the rays were allowed to escape profusely, however, they might do considerable damage; in order to confine them, therefore, a safe has been constructed with a thick lining of lead inside the shell.

Saving His Feelings.
Lo-ern had a favorite plate, from which she always liked to eat. One day he, father accidentally broke it. He had to tell the bad news to his little daughter, and was so penitent that her love for the plate was overshadowed by sorrow for him, and she said: "Oh, that's all right, papa. I was going to break that myself yesterday."

Her Best Wishes.
It was the last day of school. The teacher was giving a farewell party for her class, as she was to be married in the near future. The children spent a pleasant afternoon, and before they realized it the time came to say good-by. One by one they marched up and shook hands with their dear teacher. Doris said: "I hope you will get as good a husband as my papa is."

Goldsmith's World-Wideness.
One of the most memorable things to be remarked in Goldsmith is the note of world-wideness which he introduced into literature. There is a total absence in him of local prejudice, which is in strong contrast with the vigorous and almost barbaric insularity of Johnson. He had once thought of emigrating to America, and would have done so but for one of those humorous incidents so common in his haphazard life.

It Wasn't His Fault.
One youngster in school had delivered a severe kick in the stomach to another lad. When taken to task as to why he had struck his playmate there, he said: "I didn't mean to hit him there, but he turned around just in time."

MOST DECORATED WOMAN

Madame Maitre, wife of a French deputy, has been wounded more than once while ministering to the wants of wounded soldiers near the fighting line. It is said she is the most decorated woman in France. The picture shows her being congratulated after receiving her latest decoration.

MAKE GOOD IN THE ARMY

Men Prominent in College Athletics Rise Rapidly in the Service.

Boulder, Colo.—University of Colorado athletes will soon find good use for the training they received in school sports here. Word has been received of the arrival "somewhere in France" of two former football stars of the state university, and of two others who were prominent in athletics here. Elbridge Gerry Chapman, captain of last year's varsity eleven, went to the Fort Riley officers' reserve camp early in the summer and is now a captain in the regular army.

Eddie Evans, who was elected captain of this year's football squad, but who retired from school to seek fame in Uncle Sam's fighting forces, has been made a second lieutenant and letters received here disclose the fact that he is "over there" somewhere. Horace P. Wells and Chauncey Bennett, both prominent in athletics at Boulder, have been accepted in the aviation corps and are believed to be "across the pond."

UNCLE SAM BUILDING BIG NAVAL SANITARIUM

Los Animas, Colo.—Uncle Sam's largest recuperation camp for the sick and wounded sailors of the United States navy will be at Fort Lyons, near here, when new additions now under construction are completed. At present the sanitarium accommodates 250 patients, but work is being rapidly pushed, on the construction of buildings that will make it possible to care for between 5,000 and 6,000 marines and sailors who are incapacitated through tuberculosis and other diseases. The cost of the work will be about \$2,000,000.

POISONED FISH FOR RATS

Authorities at Somerville, Mass., in War With Invading Army of Rodents.

Somerville, Mass.—Poisoned fish for pesky rats. The city dump here is headquarters for a rat army which has invaded the city. The authorities are carrying on a franc-tireur warfare against the invaders, and the enemy has been exacting reprisals on family larders. Householders are fearing that the cold weather will drive the rodents away from the dump to some more private and exclusive domicile. Poisoned fish will be scattered about the dump and boys will police the vicinity to keep children, dogs and cats from interfering with the rats' repast.

PAWNS RIVAL'S GIFT TO GIRL

She Has Him Arrested in East St. Louis and Departs With Other Man.

East St. Louis.—A love "triangle," with a diamond ring, making it a "quadrangle," was unfolded in the police station when Miss Annabelle Mace, eighteen years old, of St. Louis, caused the arrest of her former sweetheart, Walter B. Howell of 646 Collinville avenue, on a charge of pawning a ring given her by her other sweetheart, Charles Lucas. Then she walked triumphantly away with Lucas, waving farewell to Howell as he was led to a cell.

What One Needs.
"Tis a good old world to live in, so you need yourself a house; to love in, so you need a spouse; to go in, so you need a car or horse; to know in, so you need a college course; to read in, so you need some books; to shine in, so you need good clothes and looks.—Exchange.

Troubles of a Lazy Man.
"A lazy man ain't likely to be happy," said Uncle Eben. "He generally gets a bad disposition tryin' to scare other people into doin' de work."

Helps the Landlady.
A wire basket, made to fit inside the wash boiler, and held in place by wire hooks, makes less work for the landlady.

Prayer for Perpetual Aid.
The theologian says the only form of prayer given for perpetual aid in the Old Testament is the one in Deuteronomy (28:1-15), connected with the offering of tithes and first fruits.

Ft. Pierce has opened a magnificent new hotel, the New Ft. Pierce Hotel. For many years Ft. Pierce needed this hotel and the persistent efforts of the newspapers and the board of trade finally won out. Congratulations to Ft. Pierce and the newspapers.

City election today promises to be a tame affair as the real questions were settled at the primary several weeks ago. Still this is the real election and every voter should register his real sentiments and stand by the primary results. After the city election the question of the commission form will bob up again.

It would be strange if the Bolsheviks get into the German lines for peace proposals and start the German people off on a revolution. And this could easily be accomplished. Nothing is heard from Kerensky, nothing from the Grand Duke, nothing from the Czar and the Germans are treating with the Russians today. This is a puzzle that will make history in a few days. Who knows?

Now is the time to start your Christmas shopping and you should do all of it right here in Sanford where the merchants are using their money for the upbuilding of the city. The stocks here this season are larger and better than ever and there is no need for anyone to go out of the city to find what they want in suitable Christmas gifts. If you need any suggestions about the gifts with for the Christmas edition of the Sanford Herald that will be out about December 16th.

OUR CHRISTMAS EDITION
The regular Christmas Edition of the Sanford Herald is now in the process of the making and if you have not already been approached for your advertisement get your copy ready for our solicitors will call upon you this week and there is not a business in Sanford or Seminole county that can afford to be left out of this edition. The cover will be magnificent this year, the articles will be timely and no expense will be spared to make this Christmas above all others one long to be remembered. You know what the Christmas edition of the Herald means to this community, and you know that you cannot afford to be out of it. Get your copy ready today.

CONGRATULATIONS

greatest boosters and one of the finest gentlemen in the Florida Press Gang has been appointed Director of Explosives and Master of Arms of Dynamite for Florida. In other words Clarence has charge of the explosives in this state, who buys and sells and why. It is a good position and while it will not pay him all that he is worth it is better than catering to the public for small pay as a newspaper man and will free Clarence from the drudgery of a country editor for some time to come. We congratulate you, old friend. There is nothing too good for you to receive from the government or from the people and while we hate to lose you from the newspaper gang we know that you feel free as the bird that has escaped from the cage. And while the government is thinking about this appointment they might think about a few other newspaper men who are just now giving more time and space to government projects than any other form of business in the United States.

HAS NO GERMAN FRIENDS
The following from the pen of Gilbert Leach of the Leesburg Commercial expresses the situation in a nutshell concerning alien enemies. Leach says:
"One of our readers wants to know if we are not afraid of 'hurting the feelings of our German friends.' All Germans are our enemies. If Americans who are living in here among us consider themselves 'German' they are equally our enemies, alien enemies of the very worst type. This is not their country and they have no rights that we should respect here.

But understand us please. There are scores and scores of splendid American citizens among us who are directly descended from German ancestry, and when we see a proved patriot with the German accent on his American language, we bow to that man or woman as a patriot indeed for he has had to make his own choice and that choice must have been made from his own heart. He is not a German. He is an American and one of the very best of Americans at that."

THE HETHERINGTONS
Sanford Lodge of Elks had the honor of entertaining Mr. and Mrs. M. F. Hetherington last Sunday. Mr. Hetherington is Past Exalted Ruler of Lakeland lodge and was the orator of the day at the memorial exercises here. Seldom does an editor have the active cooperation of his wife in the business of making a newspaper but Mr. and Mrs. Hetherington are a team difficult to beat and for many years they have worked night and day to give the people of Lakeland a real daily newspaper. They have burned the midnight oil at the printing office and while working early and late have also managed to raise a fine family of boys and girls that are a credit to their parents. All honor to Mr. and Mrs. Hetherington and may their efforts bring the proper results not only for their community but for themselves and in the sunset of life may their just reward take shape in the repose under their own vine and fig tree where in retrospect they can look back upon a life well lived, a life in which each have played a principal part and a life that should be full of rich joys and blessings.

HOW WILL IT BE RAISED?
In discussing the question of raising the enormous amounts of revenue necessary even during the coming twelve months, an exchange, after demonstrating the utter impossibility of raising the vast amount by taxation, and the corresponding necessity of resorting to bond issues, concludes as follows:
" In a sentence, unless the big loans are balanced with heavy taxes upon those who are making money out of the war, we will rapidly and inevitably reach a state of financial, industrial and social chaos."

The conclusion is inevitable to the candid person who will give the question unbiased thought.
Based on the probability of a need of from fifteen to twenty billion dollars by this time next winter, the demand would mean from \$600 to \$750 for each of the twenty million families that make up the nation. It can be seen at a glance that this can never be even approximately distributed among the masses. Possibly a few more billions may be secured through popular subscription, but the great bulk of the required means must come, as our contemporary suggests, from those who are making MONEY OUT OF THE WAR.
If the war continues for even two years longer there will be fortunes made that will dwarf any the world has yet seen, provided business is allowed to take its hitherto uninterrupted course. While it is true we will spend prodigious amounts, it is equally true that we will make fabulous amounts. The skilled workers are practically at our mercy for food and other supplies. Huge

revenues are constantly coming from that source. Not a dollar's worth of any commodity that can be used by man need go to waste in the United States for want of a foreign market. It is up to our government to correctly analyze the situation and place the burdens of taxation to meet these great national expenditures upon the shoulders of THOSE who benefit by war prices.

Will our law makers arise to the occasion and make an equitable adjustment of these burdens? Along with some very common, we have some really good timber in our national legislature, and it is to be hoped that this material will insist upon a reasonable and just basis for working out this momentous question.

Woman's Club Notes
The regular monthly business meeting of the General Club will be held at the club house, Wednesday, Dec. 8th at 3 o'clock, at which time brief but very interesting reports are to be given by delegates to the Federation just held at Tampa.

The Club wishes to especially announce the sale of Red Cross Xmas seals, beginning next week. Places at which these stamps can be found will be at the postoffice, Mobley's Drug Store, the Rest Room, and at the Club house next Wednesday afternoon.

One method already used to bring these stamps before the public has been the selling of quite a number to the business houses and banks, they to use them on their statements and letters when mailing them out to the public.

The importance and fine object of this work has been made known to the people of Sanford and we trust a splendid response will be the result of this effort.

The Literature Department takes particular pleasure in announcing a musicale to be given on next Saturday afternoon, Dec. 8th, at the Club House, three o'clock sharp, by Mrs. Stenbridge Munson to the department.

Those familiar with the department's programs know that for years past it has been Mrs. Munson's custom to give a musical program once a year to the department, an affair much anticipated and so thoroughly enjoyed by those fortunate enough to be present.

Every member of the club and friends are cordially invited. The program consists of the following numbers:

- Part I—Spanish Orchestra, Panquita Robyn
Reading, In Old Madrid Marion Crawford
Songs—Sung in Spanish—
a Danza Goribar
b "El-ta-La-La-y-el" Plinteado
Cornet Solo, Spanish Selection Geansdos
Part II.
Etude, "Butterfly" Chopin
Caprice 7 Weber
Waltz Chopin
Part III.
Ultra Modern Composers:
Dance Neque Cyril Scott
Gelliwig's March (from Children's Suite) Debussy
Rubenzahl Klodike
Orchestra Selected.

The Music Department of the Woman's Club held the regular monthly meeting Tuesday afternoon, Nov. 20th, at the club house. The program subject for the day was American Men Composers and the splendid program began promptly at 3:30. Program was as follows:

- Paper, American Men Composers through the Time of Mac Dowell, Mrs. T. O. Pearson.
Piano Solo. (a) Told at Sunset, Mac Dowell; (b) From Uncle Remus—Mrs. Schelle Malnes.
Paper, The Younger Group of Creative Musicians—Mrs. W. E. Sooggan.
Vocal Solo (a) Nita Gitana, DeKoven; (b) The Robin Sings in the Apple Tree, Mac Dowell; (c) Sweetest Little Fellow, Nevin—Mrs. Albert Phillips.
Chorus—(a) Dreaming, Shelley; (b) When Daylight Begins to Wane, Meldinger—Club Chorus.

The papers were well written and very interesting and the musical numbers were given with the ease and expression which showed thorough preparation and study.

During the business session a motion was carried to make our next program, which will be in December a benefit program for the Children's Home Society of Jacksonville, the usual fee of ten cents will be the admission price and the subject of the program is Music From and Stories of Great Operas.

After the reading of a fine article on Community Music by Mrs. Takach a motion was carried that this department take up the study of Community Music, and conduct one or more "Community Sings" during the season.

"Dime Strip" to be filled for the "Royal Palm State Park" were given into the care of the treasurer. The chairman, Mrs. W. Gwynn Fox told a few of the many interesting facts about this park.

An interesting article from the Federation Magazine telling of work proposed by the G. F. of W. C. Music Dept. and also giving suggestions as to how music clubs could help the soldiers in camps was read by the secretary, Mrs. Scoggan.

The chairman asked members to see that the graduates of 1917, who are complimentary members of the club are especially invited to meet with us.

The chorus meets every Thursday afternoon at 3 o'clock in the club house for the instructions being given by Mrs. Takach. This course of instruction in choral work has been open to the General Club for the small fee of fifty cents and the willingness to assist chorus when necessary, and as several ladies not members of the club have expressed a desire to take this course the Music Dept. has made this open to the ladies of Sanford upon the same terms that it is open to the general club.

Any one desiring to take advantage of this opportunity notify Mrs. W. E. Scoggan, Sec'y of the Music Department.

WANT INCREASED WAGES

Conductors and Trainmen Request More Money
Cleveland, O., Dec. 1.—Practically every railroad in the United States was today presented with a request from the Brotherhood of Railroad Trainmen and the Order of Railway Conductors for increased wages approximately 40 per cent. The general chairmen of both labor organizations were to present the wage schedule to the general managers of the roads throughout the country today.

The new wage schedule is signed by W. G. Lee, president of the Brotherhood of Railway Trainmen, and A. B. Garretson, president of the Order of Railway Conductors. A request that an answer to the proposal be made in writing to the general chairman of the labor organizations on or before December 31, 1917, accompanies the schedule.

Article A of the schedule refers to passenger service as follows:

- "Rates to be paid employees on steam trains, or upon trains propelled by other motive power on runs of 155 miles or less per day: Conductors, not less than 3.5 cents per mile, \$5.43 per day or \$162.90 per month.
Ticket collectors, not less than three cents per mile, \$4.65 per day, or \$139.50 per month.
Baggage electricians, not less than 2.9 cents per mile, \$4.50 per day, or \$135 per month.
Baggage men, not less than 2.5 cents per mile, \$3.88 per day, or \$116.40 per month.
Flagmen and brakemen, not less than 2.33 cents per mile, \$3.61 per day, or \$108.30 per month."

Article B reads as follows:
"Passenger trainmen on short turn around runs, no single trip of which exceeds eighty miles, including suburban and branch line service shall be paid overtime for all time on duty or held for duty in excess of eight hours (computed on each time from the time required to report for duty until released from duty, and responsibility at the end of the run) within ten consecutive hours and also for all time in excess of ten consecutive hours (computed on each run from the time first required to report until finally released at end of last run, and will be computed for each employe on the basis of actual overtime worked or held for duty."

"Overtime in all passenger service per hour shall not be less than one-eighth of the daily rate."

BID PASTOR'S WIFE GOOD BYE

Mrs. F. E. Steinhmeyer and Family Given God Speed

Mrs. F. E. Steinhmeyer entertained "The Truth Seekers," the ladies Bible class of the Methodist church of which she is teacher, very delightfully on last Tuesday afternoon, November 27 at 3 o'clock at her home on Magnolia avenue.

L. J. JONES, Prop.
"A Hotel Man With A Conscience"

President Mrs. L. P. Hagan called the class to order and the usually monthly program was carried out. After business meeting was over a very pleasant hour was spent, sewing for the Red Cross, making hospital socks for our soldier boys.

This being the last meeting with Mrs. Steinhmeyer as teacher the meeting was not without its time of sadness and regret. About thirty of our class members were present.

Mrs. Steinhmeyer organized the class with about seventeen charter members. The membership has grown until now it numbers ninety two. This in itself speaks much for the devotion and efficiency of the teacher, who by her tireless efforts and loving labor has so successfully borne such good fruits.

Mrs. Steinhmeyer spoke in a few well chosen words of her regret at leaving Sanford and of her appreciation of the kindness and love which has been extended to her by the members of the Methodist church and many outside of the congregation.

Owing to the condition at present existing, refreshments have been barred and Red Cross sewing done by food conversation was ably discussed.

All present parted from their beloved teacher with love and regret and extended her their best wishes for the future in her and that success may follow her to her new home.

The following resolution was read by Mrs. Hagan and adopted by the class:

Whereas, Mrs. F. E. Steinhmeyer, our beloved and honored teacher of the Wesleyan Truth Seekers of the Sanford Methodist church will soon be changing her place of residence and thereby depriving us of her able and beneficent efforts in the Master's cause, Therefore, be it

Resolved, First, That we congratulate ourselves on having been enabled for so long a period to enjoy her superior and excellent plan of instruction in the great truths of God's Word.

2nd. That we tender her this expression of the grateful and affectionate appreciation of our hearts for her noble and untiring endeavor to enhance our spiritual welfare and to promote the interest of our Master's kingdom.

3rd. That we convey to her our sincere assurances that wherever her future home may be our loving remembrance and tender regard will be following her, and our earnest prayers will ascend that these in

other fields with whom she shall minister may with us rise up in that great and glad day of coming and call her blessed.

Ministering to the Boys
The Presbyterian church is ministering to its men who have entered the army and seeking to keep in touch with them, and keep before them the home ties and the ideals of religion. The pastor writes to them and sends them copies of the church Bulletin and helpful suggestions about Bible reading. Announcement was made last Sunday of some responses from the men which shows that they greatly appreciate this thoughtfulness about them by the folks back home. This is just what the church is for, to minister to men and the Presbyterians are seeking to realize these high ideals. Sixteen men from the congregation are in the army, some of them have already gone to France, and others are expecting to leave soon.

Entertained The Juniors
Rev. Arthur Searing Peck entertained the Junior Brotherhood of Holy Cross Church last night at the Parish House with a roast pig supper. The little porker was brought to the table whole and had the proverbial apple in his mouth much to the delight of the boys. The pig was flanked with dressing, sweet and white potatoes, peas and other good things and assorted nuts, cake, ambrosia, cocoa and crackers for dessert. After the dinner the party adjourned to the auditorium of the Parish House, where games were played and after a march around the city the boys left their beloved rector with the feeling that they had been royally entertained.

Those present were Rev. Peck, Clarence Fields, W. A. Adams, James Stone, Jamie Robson, Joe Gonzalez, Edward Rumph, E. K. Foster, William Moye, Pierce Griffin and Robert Holly.

Why He Went to Freddie's
"Why do you always come to go over to Freddie's in play?" asked Uncle Charlie of his nephew. "Why don't you have him come over here once in a while?" "Oh," replied Jack, "I don't have to be careful at Freddie's house."

3 in 1 Store will be closed all day Friday getting ready for the big sale. 30-11c

Miss Gladys Fields returned to Jacksonville yesterday to resume her course of study.

3 in 1 Store will be closed all day Friday getting ready for the big sale. 30-11c

The people of Miami deserve high praise for the manner in which they took care of and sought to en-

ertain their guests, the Atlantic Deep-sea Waterways Association and visitors of last week. The "Magic City" was a blaze of pyrotechnics, Japanese fireworks, bunting and welcome. Ship and harbor decoration as well as city display of life and color were fairly dazzling, and the Beach "fish-fry" with accompanying wit and repartee from the vicinity of the speakers' table was a feature long to be remembered.

The third number of the Lycoum course last night was all that was promised. Charles Howard Paltenburg, in his lecture, fully fulfilled the expectations of his audience. Wit, humor, eloquence and vigorous, uplifting thought combined with rugged good sense to delight, instruct and entertain. This course is worthy the most liberal support of every citizen of Sanford and surrounding country. Those who do not attend and enjoy the good things provided are simply cheating themselves out of rich and only now and then available and invaluable musical and culture inspiration.

Three numbers remain to be given, every one a gem, and each one more entertaining and instructive than the last. If you have missed the first two or either of them, do not de yourself the injustice of missing those that are to come.

Miss Lillian Herring returned to Altamonte Springs yesterday where she teaches school.

Miss Abbey Doudney was home for the week end from Orlando, where she teaches at the Cathedral School. She was the guest of Mrs. Ball at dinner at the Carnes on Sunday, returning to Orlando in the afternoon.

Mr. and Mrs. William Coulbourne are in Sanford again after having been away six months. They are the guests of Mrs. Coulbourne's parents, Mr. and Mrs. H. H. Chappell on Celery Ave.

Mr. Ivy Harper of Orlando was in Sanford Saturday the guest of his father, Dr. Harper at the Empire.

E. S. Smith of Chicago was in Sanford on a business trip last week.

Elmer Jones of Lumber City, Ga., was here Saturday and Sunday.

Mr. and Mrs. Larry Boyd of Boston came from Jacksonville on the Osceola Saturday and were guests at the Carnes while in the city.

Mr. and Mrs. Straw of Rockport, Ill., were in Sanford Saturday.

Lottie Roller of Orlando who was the week end guest of John Brady returned home Sunday.

Mrs. J. T. Brady returned last night from Orlando where she spent the week end very pleasantly as the guest of Mr. and Mrs. H. R. Roller.

Mr. and Mrs. Roller and Miss Jennie Baas accompanied her home in their car.

Mr. and Mrs. Herbert Lyman were the guests of Mr. and Mrs. J. S. Wilson Thanksgiving.

Benjamin Whitner who was home from Gainesville University for the holidays returned yesterday.

Mrs. Bertha Bruel of Dunedin who has been visiting her sister, Mrs. Dingle has gone to Jacksonville to spend the winter.

Mrs. A. P. Connelly and her son, Albert arrived home after a several weeks visit in Washington with Mrs. Connelly's sister, Mrs. Mauldin.

Mrs. Carrie S. Jackson, librarian at the University of Florida left yesterday after spending Thanksgiving with her sister, Mrs. R. J. Holly.

Masons Attention

Thursday evening of this week will occur the annual election of officers at which time officers will be elected for the ensuing year.

Every member of Sanford lodge is urgently invited to be present as this will be an important meeting. Visiting brethren always welcome. O. L. Taylor, Sec'y.

Bake Your Own Bread

If housewives are to cooperate to the greatest extent in the food conservation program, they will bake much of their bread at home, says the University of Florida extension division. In this way they will be able to use many of the flour substitutes, such as corn meal, potatoes and sweet potatoes. And this statement will hold true for the making of cakes and cookies.

Hot cakes, the food commonly found on Florida breakfast tables, may be made chiefly of corn meal, and if spread with Florida cane syrup a saving of two articles of food scarce on the market may be effected. These articles are wheat flour and sugar.

Peanuts are finding a place in the diet also. Several recipes for this

map have been developed, and they provide variety when the use of other articles is restricted.

Election Proclamation

Under and by virtue of the authority in me vested as mayor of the city of Sanford, Florida, notice is hereby given that a general city election will be held in Sanford, Florida on the 4th day of December, A. D. 1917, for the purpose of electing the following city officers, wit: Mayor and seven councilmen, to serve for the two years next ensuing, from the first Tuesday after the first Monday in January, 1918.

And I do hereby appoint the following persons as clerk and inspectors of said election: H. C. DuBois, clerk; C. C. Woodruff, David Speer and W. W. Long, inspectors.

The polling place will be at the fire station in the city building, on Palmetto avenue in the city of Sanford. The polls will open at 8 o'clock a. m. standard time and will be closed at sundown.

Witness my hand as mayor of the city of Sanford, at Sanford, Florida, on this the 20th day of November, A. D. 1917.

J. D. DAVISON, Mayor of City of Sanford.

Attest: J. C. Roberts, City Clerk. 27-41c

War Empties Prisons

Since the outbreak of the war seventeen of Great Britain's prisons have been closed and the male prison staff reduced from 3,001 to less than 2,000.

True Friendship

It is only the great-hearted who can be true friends. The mean and cowardly can never know what true friendship means.—Kingsley

Eyeglasses as Ornament

When eyeglasses recently patented in England are not in use they can be folded to resemble a locket and worn on a chain for an ornament.

IN SOCIETY'S DOMAIN HAPPENINGS OF INTEREST IN AND AROUND SANFORD

Mrs. Norma King McLaughlin, Social Editor. Any one having guests, parties or any article for this column, it would be appreciated if they would telephone 370-3

Senior Class Banquet The senior classes of the Baptist church had a get together social a few evenings ago to which they extended an invitation to the teachers and officers of the other departments. After a short program and business session, a delicious banquet was served during which a social time was enjoyed. All those who were so fortunate as to be present on this happy occasion were unanimous in their appreciation of the hospitality of these classes.

The "Spendthrift Club" met Friday afternoon with Mrs. Eugene Roomillat. The prize, a whisk broom was won by Miss Katherine Wilkie. The other guests were Mrs. Billie Hill, Mrs. Perkins, Mrs. McCuller, Mrs. Miller, Mrs. Gonzales, Mrs. Howard, Mrs. Butt, Miss Charlotte Hand, Miss Owens.

Mr. and Mrs. A. H. Moses gave a very lovely eight course dinner Thanksgiving. The house was beautifully decorated. Giant chrysanthemums, tea roses and green vines were abundantly used and produced a charming effect. Their guests were Mr. and Mrs. H. R. Stevens, Mrs. Allen Jones, Mrs. Gerrer, Miss LeClaire Jones and Mrs. Rebecca Stevens. They motored to Orlando in the afternoon and after tea finished up the evening at the Star Theatre.

A. R. Helle of Jacksonville is registered at the Hotel Carnes.

Mr. and Mrs. W. J. Thigpen and Miss Katherine Wilkie leave today for a camping trip. They will be away all week.

Mr. and Mrs. Nixon Butt of Orlando and Mrs. Butt's sister, Miss Selby spent Sunday in Sanford.

Benjamin Whitner, who came home for Thanksgiving returned to the University of Gainesville Monday.

Mr. and Mrs. S. O. Chase and family, Mrs. B. F. Whitner, Sr., Mr. and Mrs. B. F. Whitner, Jr., and family, Miss Edwards and Miss Moffett spent the week end at Mr. Chase's grove on Lake Butler.

Randall Chase has returned to Miami.

Lieutenant Boardall of Orlando, who is stationed at Camp Wheeler, Miami, Ga., is in Sanford Sunday.

Joe Chittenden, Arthur Dickins, Donzel Stafford and Frank Campbell all came home for Thanksgiving. They returned to their various camps on Sunday.

Many friends of Mrs. Fred Wolfman will regret to learn of the confined illness of her mother in Michigan.

Mrs. Carrie S. Jackson, librarian at the University of Florida left yesterday after spending Thanksgiving with her sister, Mrs. R. J. Holly.

Mrs. J. T. Brady returned last night from Orlando, where she spent the week end very pleasantly at the guest of Mrs. and Mrs. H. R. Roller. Mr. and Mrs. Roller and Miss Jennie Baas accompanied her home.

Miss Gladys Field returned to Jacksonville Sunday.

Miss Lillian Herring spent the week end at home.

Mr. and Mrs. William Coulbourne after being away for several months have returned to Sanford and are the guests of Mrs. Coulbourne's parents, Mr. and Mrs. H. H. Chappell on Celery avenue.

Miss Abbie Doudney, who is teaching in Orlando this winter spent the week end at home.

The dance at the Hotel Carnes given by Miss Muriel Harold and Miss Frances Gonzales was a small but delightful affair. Those present were Virginia Brady, May Thrasher, Elizabeth Stafford, Fern Ward, Helen Peck, Mr. Connor, Harry Lewis, G. W. Spencer, Lloyd Brown and Alfred Robson.

Camilla Puleston, the dainty little daughter of Dr. and Mrs. Puleston entertained a number of her small friends Saturday afternoon in honor of her birthday. The Christmas season afforded many beautiful decorations, everything being red and white—the birthday cake was white with red candles, surrounded by poinsettias, ice cream, cake and candy were served and each little guest was given a box made to re-

present the American flag and they were filled with salted peanuts. A number of games were played in the Christmas contest, a big white sheet with the word Xmas pinned on in red letters was hung on the wall. The letter S being left off in pinning it on the girls' prize fell to Theodora Miller, the boys' prize to Thomas Bassett. In hunting peanuts LeClaire Jones and Algernon Speer were the successful ones. The girls' prizes were paper dolls, the boys' tennis rackets and balls. The boys and girls invited were Mildred Holly, May Holly, LeClaire Jones, Olive Newman, Thomas Wight, and Maud Lake, Margaret Neal, Rebecca Stevens, Elizabeth Whitner, Kermit Hurley, Leonard Miller, Claude Herndon, Briggs Arrington, Thomas Bassett, Alice Elder, Louise Thrasher, Frank Chase, Lois Hand, Mildred Hand, Irma Smith, Margaret Peters, Jack Peters, Harry Woodruff, William DuBois, Algernon Speer, Lella Mahoney, Deane Turner, Georgia Mobley, Beatrice Howard, Mary Helen Morse, Joe Caldwell, John and Richard Maxwell, Pearl Robson, Billie Ball, L. P. Hagan, Annette Shingler, Rose Hurt, Ruth Henry, Sarah and Fred Williams and Emily Griffin.

Miss Georgia Mobley, one of Sanford's future belles and beauties invited about forty of her little friends to her home yesterday afternoon to help celebrate her tenth birthday. Many beautiful gifts were received, among them a lovely wrist watch from her parents. Ice cream and cake and candy were served. Everything being in green and pink. The children invited were Maude Lake, Margaret Neal, Rebecca Stevens, Olive Newman, Carol Stone, Katherine Warner, Sarah Evelyn Williams, Kittie DuBois, Naomi Scoggin, Warner Scoggin, Elizabeth Whitner, George Wilson, Joe Caldwell, Wavely Abernathy, Albert Connolly, LeClaire Jones, Harry Woodruff, Pearl Robson, Claude Robson, Vera Clute, Ruth Henry, John Maxwell, Nan Paxton, Mary Elizabeth Puleston, Camilla Puleston, Theodora Miller, Mildred Holly, May Holly, Frank Chase, Gene and John Terwilliger, Francis Rhoads, Algernon Speer, Rhoads Vaughan, Dought Turner, Lois Hand and Helen Kennedy.

Dinner Party Among the most delightful dinner parties of the Thanksgiving season was that of Mrs. R. J. Holly who had as her invited guests Mrs. Lucy Harber and daughter, Miss Thelma of Commerce, Georgia, T. I. Hawkins and Miss Annie Hawkins of this city and Mrs. Carrie S. Jackson of Jacksonville, sister of Mrs. Holly. Turkey was the piece de resistance and an old fashioned Georgia dinner was served with all that goes with the great American bird of Thanksgiving fame.

The tourist season is beginning and it looks as though Sanford will have her, share this winter. With the Gables which is most attractive and the Hotel Carnes which is being done over and greatly improved we are certainly in a position to care for them. Mr. Carnes is going to do everything possible to make the hotel attractive this winter not only to the tourist but to Sanford in general. Good parties and dances will be given every week during the season. The first dance will be next Friday evening at nine o'clock. Mrs. Norma King McLaughlin has charge of the social affairs in the hotel for the winter.

A very informal little card party was given at the Hotel Carnes last evening. Bridge was played and the prize, a deck of cards was won by Mrs. Vorce. Those playing were Mrs. Vorce, Mrs. Parramore, Mrs. Thigpen, Mrs. Wallace, Mrs. Bill, Mrs. McLaughlin; Mrs. Fetter, Miss Annie Parramore, Mr. Ball, Mr. Thigpen, Mr. Hayden, Col. Thrasher, Mr. Hale and Mr. Smith.

Mrs. McLaughlin leaves today for Leesburg, to spend a few days with Mrs. N. N. Byleston.

Mrs. Neal and Miss Margaret Neal have returned from a very delightful visit to Dr. and Mrs. Lincoln Hulley in DeLand.

There are very enthusiastic over the prospects for a fine new lodge and many improvements are contemplated.

The Moose of the state are working toward better and greater things and have big plans for the future. The Sanford lodge will have a most important meeting next Monday night to which every member is invited to be present.

Mrs. DeSaules Acquitted Minnesota, N. Y., Dec. 1.—It required but one hour and forty-three minutes for a jury in supreme court here tonight to reach a verdict of not guilty in the trial of Mrs. Blanca DeSaules for the murder of her divorced husband, John L. DeSaules, former Yale football star and clubman at his home near Westbury, Long Island, the night of August 3 last.

In the verdict no reference whatever was made to insanity. It was a plea of temporary loss of accountability which formed the basis of the defendant's case.

Mrs. DeSaules who had maintained an air of extreme self-possession throughout the two weeks of the trial received the verdict smilingly. She shook hands with each of the jurors as they left the box and to each gave a nod of appreciation.

Keep Hands Off Wounds. A wound should never be touched with the bare hands. It is better to cover it up just as it is rather than to run the risk of introducing another colony of perhaps even more dangerous germs. If possible, however, the wound should be washed out with an antiseptic solution. If water is to be used, it should have been boiled at least ten minutes, as simply bringing it to the boiling point will not kill the germs.

When Gloves Became Popular. Although worn before, gloves did not find favor with women until the fourteenth century, when they were always in evidence. If not on the hands, in them or carried stuck in the girdle, the stitching that made the fingers extending far down the back of the hand and finished off with fancy stitch and embroidery, the gauntlet often jeweled, the whole glove perturbed.

Hardwoods of North America. More valuable hardwoods are found in North America than are native to any other region of similar area in the temperate zones. In addition to these the great range in minimum temperatures, ranging from Canada down to Florida and the wonderful Pacific coast, also allow us to grow a greater range of foreign hardwoods than may be found introduced to any other similar area in any zone.

Solomon's Chariots.
Solomon maintained a force of 1,400 chariots (L. Kings, 10:25) by taxing certain cities. Jewish chariots were limited from Egyptian models, or, perhaps, imported from Egypt.

Answers the Purpose.
"Your true lover is often at a loss for words." "But nature makes that up to him by supplying him with an extensive vocabulary of gurgles, mumbles and sighs."—Louisville Courier-Journal.

Motion Pictures "Edited."
After a moving picture reel has been made it must be "edited" in somewhat the same method as is a manuscript. This operation is performed by the editor making his direction in a dictating machine as the reel is worked off in front of him.

Love and Beauty.
Men of strong impulses alone know what love is. Love alone fathoms beauty; beauty alone creates art.—Wagner.

Whatever You Will in Coiffures

Just at present, coiffures are almost as diversified as heads. In the matter of hair dressing there are no styles that govern and about everything is left to individual taste. The hair dresser asks you what you will have, and is prepared to execute any sort of order, even to bobbing off half your locks and curling what is left of them. He is not arbitrary about a single thing, but is insistent that waved hair is better than straight hair, no matter what style you may elect to make your own.

Young women like the style in which the hair is combed back off the forehead so well that they are reluctant to part with it. It is still a favorite. But it is much less becoming than waves or curls about the face, and newer coiffures insist upon covering at least a portion of the forehead. All of them present waved hair as an essential feature and all of them are exquisitely neat.

A coiffure for evening dress is shown in the picture, with the hair parted a little to one side and waved. Only half of the forehead is uncovered and the waved hair almost covers the ears. There is a fad for turning the ends of the hair under and pinning them in without coiling them into a knot or making them into puffs. This is not so easy to do if the hair is long. The ends are usually disposed of in a knot at the top of the crown, as in the coiffure pictured.

Not many hair ornaments, except combs, are worn; but in this as in coiffures, the individual may please herself.

Some of the smartest women have worn a single soft feather, held by a brilliant ornament, in the hair at the opera.

Julia Bonnelly

Artificial Flowers.
Hortense is very fond of the present artificial flower bud, which she says is "so Frenchy." Possibly never before have artificial flowers had such a vogue as they have just now, and a small corsage flower is one of the best means to giving color to a dark street frock or suit.

There are bunches of tiny flowers in brilliant red that are very good. There are bouquets consisting of a rosebud, a few forget-me-nots and a sprig or two of green that are good. Then there are nasturtiums, poppies and many other flowers in their own natural, rich coloring.—Paris Correspondence.

Boots for the Street.
One sees the most frivolous dancing boots, high of heel and paper thin of sole with street tailored garb for shopping and runabout wear in town; but such boots are not correct according to the canons of conventionality. Pretty boots of bronze or light-colored glazed kid are intended for formal wear with dancing or reception frock when one travels by limousine or brougham; the walking costume in tailored style demands a smart walking boot with long, slender lines and heel, high perhaps, but not too curved for comfort.

REPORT OF COUNTY FINANCES, SEMINOLE COUNTY

Period Ending September 30th, 1917
The following report of the receipts and disbursements of the several funds of Seminole county for the period ending September 30th, 1917, with the balances and amounts of warrants outstanding and a statement of the assets and liabilities, and the value of the county property (other than school) of the said Seminole county, as reported by the clerk of the court, and the county commissioners on the 30th day of September, 1917, is hereby published under the provisions of Chapter 6813 of the Laws of 1915

ERNEST AMOS,
Comptroller

Long Distance Always Gets Quick Attention

"I always answer Long Distance Telephone calls promptly. Usually it means profitable business or an opportunity to settle a problem quickly and satisfactorily.

"When I talk to a man over the Long Distance Telephone it is like being face to face with him. I can inject my personality into the matter and win his confidence without loss of time.

"The telephone, both Local and Long Distance, plays an important part in our business. We have a Bell Telephone on every desk and the time and traveling expenses we save make the cost of our service one of the most profitable investments."

Every Bell Telephone is a Long Distance Station.
