

HOUSE TAKES STEPS TO CUT ON EXPENSES

Votes To Abolish Office Of Tax Equalizer And To Cease State Publications

TALLAHASSEE, May 9.—(AP)—The House today took first action toward economy of state government by voting to abolish the office of tax equalizer and to prohibit the issuance of publications by the state board, department, or commission. The action featured the first Saturday session of the House this year and was taken after a number of members absent.

The bill to abolish the tax equalizer office was previously adopted by the senate. Representative Matthews, Duval, estimated the prohibition of publications would save the state \$100,000 yearly. The House also voted to require the publication of one year before newspapers could publish legal advertising. The bill originally called for 2-year restriction, but was amended. The House adopted a resolution on Mother's Day which is ordered printing in the journal.

It also memorialized Congress to repay Florida fruit and vegetable growers for losses during the Mediterranean fruit-fly campaign. The Senate was not in session today.

Continued fireworks displays, the verbal battles centering around proposed investigations of alleged lobbying by educational interests, and the passage of the bill to abolish the office of tax equalizer were the main items of business today.

Chief Of Police At Tarpon Springs Put Under Indictments

TARAPON SPRINGS, Fla., May 9.—(AP)—Walt Hill, chief of police of Tarpon Springs, was arrested today on three indictments, charging extortion, returned by a county grand jury. He is being held in the sheriff's office here pending the posting of \$5000 bond on each charge.

The indictment of Hill came after the grand jury had heard testimony from Tarpon Springs, and culminated several weeks of investigation by officers. Extortion indictments were also returned against Nick and John Bogdanis, previously indicted for a second offense of liquor violation. They were alleged by witnesses to have been connected with Hill in purported extortion. Each was held under \$5000 bond on an extortion charge and \$2500 on liquor indictment.

The grand jury, which adjourned until next Wednesday, also returned on Wednesday, also returned indictments yesterday against six men and one woman, charging kidnapping in connection with the slaying of R. W. Oxford, St. Petersburg, recently. Further indictments of the activities of the gang followed by police to have been responsible for several slayings in the section during the past few years, is expected when the grand jury reconvenes.

STATE LOBBYING BODY WILL HOLD PROBE SECRETLY

TALLAHASSEE, May 9.—(AP)—The Florida Legislature's lobbying committee held itself behind closed doors last night to open an examination into reported race track lobbying in the state.

Two witnesses appeared before the committee. Four others who were subpoenaed several days ago at the request of Rep. Peter Tommasello, Osechobee, awaited examination.

Those who testified last night were F. W. Norris, vice president of the Barnett National Bank of Jacksonville, and James H. ...

Elks Band To Take Part In Concert At Tarpon Tomorrow

The 25-piece Sanford Elks Band will play an important part in the combined band concert participated in by three bands, which will be presented at the Municipal Auditorium tomorrow afternoon starting at 8:30 o'clock. This announcement was made by Edmund Melch, manager of the band this morning.

The concert is scheduled as the climax of a musical season which has not been equaled in Orlando's history. Every important bit of talent in Orlando has been called upon to devote a short period of the afternoon to the final concert of the year, and the local band members expressed their pleasure at being included in the program through Mr. Melch, who said, "It is a distinct pleasure and surprise to be asked to appear on this program. It is an honor to us that we are asked to participate in a creditable organization here in Sanford, and we will be glad to do so."

The concert will be held at the Municipal Auditorium, Tarpon Springs, Florida, tomorrow afternoon at 8:30 o'clock. The program will include several selections from the Elks Band, the Sanford High School Band, and the Tarpon Springs Band. The concert is expected to be one of the most successful of the season.

CARSON GIVES RADIO SPEECH ON DRY ISSUE

Miami Lawyer Praises Party Chairman At Same Time Disagreeing On Prohibition

"Prohibition! Should it be D-erased or E-erased?" was the subject of an address which was brought to radio-listeners of the nation last night by James M. Carson of Miami, former candidate for governor, who spoke over the Columbia D-X network at 7:15 o'clock.

"Since it is impossible to discuss any subject, whether controversial or not, save from the viewpoint of the speaker, I think I should say that I am a Southern, dry, Protestant Democrat, and that my discussion of this question is necessarily from that point of view."

"I have always been politically a prohibitionist, have since my majority voted for prohibition, and I have practiced prohibition personally for five or six years past."

Sanford Golf Team Leads Field In 1st Tourney Of League

In the first round of the recently organized Florida Golf League, Sanford defeated Daytona Beach and led the field of participants scoring 21 1/2 points, Thursday afternoon at the Sanford Country Club. The contestants were Sanford versus Daytona Beach, Orlando versus DeLand, and Duqueland County Club versus the Aloma Country Club, both of Orlando. The tournament was staged under the Nassau system of scoring. Scores for the other clubs were as follows: Duqueland 20 1/2 points, Orlando 19 1/2, DeLand 7 1/2, Aloma 6 1/2 and Daytona Beach 5 1/2 points.

The next games will be played May 14 at the Daytona Beach Golf and Country Club. At that time the Sanford team will be opposed by DeLand. The Clubs this year are not only playing for the glory and sport of the game but for the silver loving cup that is to be awarded to the victor.

Individual scores were as follows: G. W. Spencer, 82; Roy Green, 83; F. H. Treshler, 87; John Pierre, 84; Jim Spencer, 82; Cy Young, 94; Lawrence Lundquist, 89; R. SUPREME COURT SAYS LAKE MUST SERVE SENTENCE

Decision Is 3rd Made By High Tribunal In Hard Fought Case

Forrest Lake must spend three years in jail for violating the state banking laws. That was the decision of the Supreme Court, which yesterday afternoon, after acting upon information gathered at an oral hearing of the Lake case April 22, decided that the former banker's appeal from a three-year sentence was not as Mr. Lake's attorneys had represented it, "vague, indefinite, and impossible of fulfillment."

It was the third time that the court had ruled upon the Lake case. Mr. Lake sought to escape the last decision of the court on the ground that the sentence passed by the trial judge was indefinite as to the time of enforcement. The sentence read that Lake was to begin the three-year term following expiration of a sentence on a previous indictment and conviction. That indictment was dropped, and the former banker claimed that he could not be put in jail on such a vague sentence.

In yesterday's decision, the court stated that there was no record of the previous sentence mentioned in the original judgment. The court ruled that the sentence was definite and enforceable. Mr. Lake is to be put in jail for three years.

Only Seven Cases Upon Docket Face Judge Ware Friday

Judge Ware was greeted with a light docket at the Friday afternoon session of the police court. Only seven cases appeared on the list and these were disposed of in rather short manner. Elmo Lee and Forrest Lee, white boys, charged with disorderly conduct and assault pleaded not guilty. Each received a fine of \$15 or 30 days in jail. They were arrested by Officers Shaffer and Anderson.

Sophonia Schrirens and Rebecca Kinney, colored girls, entered a plea of not guilty to a charge of disorderly conduct. The case was discontinued with a fine of \$5.00 or 15 days. Officer Anderson made the arrests.

Wayman McCoy, Leon Robertson, Alphonse Walstein, also arrested by Anderson and charged with disorderly conduct, were dismissed with a warning from the judge.

CITY COMMISSION NAMES DATE FOR VOTE ON TAX BILL

Discusses Details Of Proposed Charter Amendment Change

The Sanford City Commissioners, at a short special meeting of that group at the City Hall yesterday afternoon, discussed details in connection with the proposed charter amendment election on the recently passed tax foreclosure bill, and passed a resolution setting June 8 as the day it would be held. All freeholders of the City of Sanford as of May 1, 1931, will be eligible as voters.

The polls will open at 7:30 o'clock, and will close at midnight. B. F. Whitner, Sr., was appointed as clerk, while E. F. Lane, J. H. Beck, and W. M. McKinnon will be inspectors.

The bill, which provides that all delinquent taxes of the City of Sanford for the years 1927, 1928 and 1929 may be foreclosed on at the discretion of the Commission, and allowing a two year grace period on all future taxes, was presented to Representatives Geo. W. McRory and L. P. Hagan last week. It was prepared by the City Commission, assisted by the legislative committee of the Duval County Chamber of Commerce. It passed the House Thursday of last week; the Senate on Friday, and was signed by Governor Carlton last Monday.

Chicago Police Nab Nest Of Gangsters Wanted For Crimes

CHICAGO, May 9.—(AP)—Authorities have struck at gangland again, this time to capture what they claim is a gang of six kidnapers and bank robbers who have looted and ransom money ran into millions, including \$800,000 taken in the Denver mint holdup of 1922.

Six men were caught in a spectacular raid of what officers described as a gangster flat in East St. Louis, Ill. They were said by police to be the remnants of the Cuckoo and Shelton gangs of Southern Illinois, and were affiliated with the mob of Fred Burke, the notorious killer.

Tell High School Reporters Their Reasons For Taking Up Their Field Of Work

By FRANCIS REITS and HARRY WALL

"Doctor, lawyer, merchant, chief." As our high school graduates come to a close, we begin to realize that we must soon make our choice of a life work. We thought it would be interesting to ask certain prominent men about town just why each chose his particular vocation. We give you the reasons which were gratifyingly varied and interesting.

In our interview with Dr. McLaughlin, prominent pharmacist, we found many facts. Dr. McLaughlin stated that since boyhood he had been interested in pharmacy. He found the work very fascinating and found that the more he studied the more desirable the work became. "In this profession," he said, "one is continually learning. By applying myself, the work holds interest. The long hours, drudgery, small business coupled with study and attention are highly comparable with other professions of less mental exertion."

"The pharmacist," he added, "is still doing scientific work in his laboratory. In time of sickness he combines his skill with that of your physician, and in the promotion of public health he takes leading part."

Fred Williams, county engineer, chose his work because of his desire to be an engineer. His studies brought him to the attention of the State College of Engineering, where he was enrolled for a short while.

In our talk with Mr. Williams he said: "Engineering is an interesting work because it is a healthful work. It keeps you in touch with town, county, and state affairs. I think every student should be a member of the Chamber of Commerce. He should be of some assistance to the organization, and vice-versa."

Arthur Yowell, one of Sanford's leading merchants, has been in business probably longer than any other business man in Sanford. Coming here first from Orlando, he has operated a dry goods and clothing store for 30 years. "My work has proved very interesting," Mr. Yowell told us. "I derived my experience while working for my brother, who has a store in Orlando."

The bride was given away by her father, Mr. J. H. Hawkins. The wedding party included Mrs. J. H. Hawkins, mother of the bride, and Mr. J. H. Tomlinson, father of the groom.

Woman's Club Day Is Held On Wednesday

About 75 people attended Wednesday afternoon at the Women's Club under the auspices of the club with the members of the club as hostesses. The program for the afternoon was most enjoyable and was assisted by Mrs. J. M. Wilson, chairman of the Social Department, who arranged the musical numbers on the program. Mrs. John Matloch and Mrs. Jane Boumillat had charge of the refreshments.

Proceeding the program a short business session of the club was held with Mrs. Langley presiding. Superintendent T. W. Lawton, representing the executive committee of the Fernand-Langley Memorial Hospital, gave a short history of the hospital starting at the time it was organized and ending with the present time. He told of the management then and today, and of the various ways it was financed.

Dr. Samuel Fuleston, in behalf of the staff of the hospital, told in his address of the present-day needs of the hospital, while Miss Frances Frenette, head nurse, expressed her appreciation of the cooperation she has received from the people of the city regarding her work as head nurse.

John Bills read his state prize essay, "Forest Fire, a National Menace", for which he will receive a free trip to Washington, D. C. Other numbers on the program were given as follows:

1. Saxophone solo—Mrs. D. L. Harper, accompanied by Mrs. Arthur Branan.
2. Vocal solo—Mrs. E. L. Glenn, accompanied by Miss Madeline Mullen.
3. Piano solo—Miss Madeline Mullen.

Quantities of linen and other hospital necessities were received later in the afternoon from the guests in attendance from Carver's Store. Quantities of garden flowers were arranged in baskets, vases and bowls about the rooms where the guests were seated. The flowers were donated by Mrs. A. K. Rossiter and were given, at the conclusion of the meeting, to the courtesy committee of the club who distributed them to inmates of the hospital and other sick people.

During the reception which followed the program an ice cream social was served.

THE GREATEST REGULAR PRICED MOTOR FUEL EVER DEVELOPED FOR WARM-WEATHER DRIVING

MOTHERS DAY

Men of all creeds . . . or no creed . . . should go to church Sunday. The day is dedicated to the memory and appreciation of our mothers. As the flower is the symbol, the church is the shrine for doing her honor. Wear a red flower Sunday if your mother is living and a white flower if she has gone . . . and attend some church in commemoration of the day. The churches of Sanford will offer special services to "Mother."

Mother is the symbol of sacrifice. Find inspiration in the day set aside to her and in the words of those who will extol her virtues. She embodies that which is best in us all. Visit her Sunday if possible. If not wire her, phone her, send her some little remembrance, or do some act to mark this annual event.

SANFORD CLUB IS READY FOR GAME WITH PARKERS

Team Gets New Pilot As Deetch Replaces Rive, Who Quits Job

Under the watchful eye of George Deetch, local baseball player who took over the manager's duties of the Sanford Colony Field club entered in the central Florida Baseball League, some 18 players of the local club were scheduled to have game through a stiff workout this afternoon, in preparation for their game with Winter Park in that city tomorrow afternoon at 4 o'clock.

Manager Deetch announced this morning that he expected to use a changed lineup in the game tomorrow, and that, with the arrival in Sanford late last night of Jack Peters, Pat Miller, and Pete Ehrhard, he also expected to direct his players to their first win over the season.

Cal Dennis is scheduled to hurl for Sanford. He declared himself as anxious to oppose the Winter Park outfit once again, and assured Manager Deetch that, with any support at all, there would be a Sanford victory without a doubt.

Just what line-up will be used tomorrow is unknown at this time. However, it is believed that Schiraid will catch, Peters play first, Deetch, second, Higgins, short, Miles, Harrison, or Wright, third, Lake, Ammon, Weaver, Spencer, Bigger, McLanahan or Miller in the outfield. Beck is as yet under the care of a physician, following an operation for tonsillitis, but he will be ready for active duty by next Sunday at least.

The local clubs displayed great possibilities in its opening game of the season against DeLand, although they lost. Errors accounted for some of the runs, while flukes hit in others. The line-up for that game revealed that only a few changes would be needed before a fast, smooth-running club would be ready for action throughout the season.

The St. Augustine game last Thursday, in which the locals were trounced by a 17 to 1 score, was played under a serious handicap in that only nine men were able to go to the Rainy city, and that two of them, Rive and Ludwig, had not played ball in some time. McLanahan was touched for a few hits in the early innings, but gave a good promise of repeating some of the fancy games he turned in while he was a member of the Sanford State League entry in 1928. Letty declared that he would be ready for the firing line in a few days, and that he has not been as anxious to play ball in years.

Manager Deetch expressed the hope that any baseball players of former experience attend practice sessions, which are held every afternoon starting at 5:00 o'clock, and continuing until dark. There are several players in Sanford I know who could help us get together a great club," he said, "especially in and about some of these out-lying towns." He urges that they get in touch with him at once, or better still, bring a glove or mitt to the ball-park, introduce themselves, and start right in practicing.

Tomorrow's game at Winter Park will be the third of the year, and the second on the road for the local club. Next Thursday they will go in DeLand for a return game with that outfit, and on next Sunday, May 17, they play Daytona Beach at Sanford. Games throughout the league start at 2:30 o'clock and a large delegation from Sanford is expected to be on hand.

New Teaching Plan Is Inaugurated By History Instructor

By VIRGINIA EARLE
Foremost among the successful projects undertaken during the term of 1930-31 is Mrs. Gladys Williams' history project. This new method provides that each student work in a laboratory setting, gaining information for himself. The laboratory plan consists of a general outline of the work to be completed, and each student follows this outline by doing reference work. In this way he gains greater knowledge than by the usual lecture system. He has access to the best history books in the county, and he learns a great deal more from a library of books than from one textbook.

The old way of teaching is generally being abandoned because by that method the teacher does most of the work himself, while the students try to do it. The laboratory method corrects this defect. The student now does his own work. Another advantage of the new plan is that it is more interesting to the student. It gives more people who are interested in history and

Junior Class Play Given Recently Is Declared Success

The Junior Class of Seminole High School presented a play recently entitled "Listen in on the Campus."

The play was a big success. The auditorium was full and everyone enjoyed it.

The comedians, Molly Moore, played by Camilla Deas, was a scream. She was well suited for the part. Alva Sharon, as an undergraduate, came next in the comedian line. We didn't know "Judge" had it in him to act, but he was good. The Stouffmire twins, of course took their part well. Christine as a senior, was very striking looking on the stage. Pauline, as a freshman, was the popular girl on the campus. Mary Maxwell played her part well as a young journalit.

Melvin Ware, the campus body, was a big success. Fulton Hester and Hendrix Lyles, football heroes, of opposing teams, each had their luck in the end by getting the girl of their choice. Others in the cast were: Marjorie Forrest, the bride; Stinson Kinlaw, the football hero of the old days; Ushy Kanner, an alumnus; Frances Pearson, Ushy's girl; Frances Wilson, chaperone; and Mary Dighton, the mysterious lady. Margaret Varner, president of the sorority; John Brown, the rector, and Forrest May were also good.

DEDICATION

By BARA MAXWELL

"God gave each of us one dear mother—
So that nobody need feel alighted, and only one—
So that nobody need feel too proud."

Mother's Day has been set aside as the day when we, a nation, think especially of our mothers. It is unnecessary to mention here the sacrifices our mothers have made for us, because everyone knows of them already. Although we shall never be able to repay the great debt we owe our mothers we try to take every opportunity to express our appreciation and love. This paper is just one more small way in which 85 sons and daughters wish to show their appreciation for that greatest gift of all, their mothers.

Although we feel that every day should be Mother's Day, we, the Senior Class of 1931, are glad to observe this national Mother's Day in affectionately dedicating this edition of the Herald to those who have so faithfully loved and guided us throughout our school years and throughout all our lives—our Mothers.

PROGRAM IS GIVEN

In commemoration of Mother's Day, a program was given on Friday morning at the Sanford Grammar School during the regular chapel period by the pupils of the school. Several pupils gave recitations appropriate for the occasion, while Mrs. Claude Henderson, Mrs. George Harden, Mrs. Duke Steele and Mrs. Eugene Higgins, accompanied by Mrs. Frances Hickson, sang.

Pupils are never able to remember what they have read. The laboratory method teaches the students to concentrate, and after a year of this plan he has greater powers of concentration than before. He knows what he has read after he reads it.

Mrs. Williams has introduced the laboratory method into Seminole High School and it is there to stay. It is one of the best methods of teaching yet found and it will make our school bigger and better.

DRAMATIC PHASE OF HIGH SCHOOL SEEN VALUABLE

Amateur Theatricals Gain Large Place in School's Activities

By HEARLETTA HERSHKOWITZ
All the world's a stage
And all the men and women
Merely players.

The Melancholy Jacques may be right. But to the aspiring high school boy or girl who wants to act (and what high school boy or girl does not so aspire) such a vague and impersonal stage as the world is not sufficient. The call of the stage is that of one clearly visible and decidedly concrete. If really interested the student usually gets an occasional chance during his high school days. Although it is a valuable experiment to him, we have often wondered if the hard work and the often amateurish results were of enough value to the individual really to justify the existence of dramatic attempts in Seminole High School.

Wanting an expert opinion on the subject we decided to call on one who is known to Sanford as an actress of talent—Miss Oliver Dean. We not only received her cooperation but we were so delighted with Mrs. Dean herself—that we find ourselves restraining with an effort and desire to fill several columns with adjectives entirely apart from our subject, high school dramatics, and devote them to Mrs. Dean, her English home on a warm April afternoon, and the delightful hour spent with her there. But balance must come first.

Mrs. Dean is highly in favor of dramatics in high school. In fact, it seems hard for her to understand that everyone should not have a natural desire to act. She does not think it necessary to have a professional director to coach school plays. Even though the cast should not be coached to perfection, it gives the individual a chance to portray his talent and ability an opportunity to express himself. She says also that the feeling of accomplishing something through the hard work demanded by a

GIRLS' ATHLETIC ACTIVITIES HOLD SCHOOL INTEREST

Sports Program Given Praise As Result of Efficient Direction

By ETHEL GATES

There has been much interest created among the girls of Seminole High in the various sports this year, under the direction of Miss Kathryn Symes. Miss Symes, girls gym instructor has been very successful in her efforts to further girls' athletics.

This year the system of awarding letters has been changed. Honorary letters were given only to girls who played basketball. Judges were selected each year to watch the girls class games and pick out a number of outstanding players to participate in a tryout game. The 12 best players were then selected and letters were given to each of these girls. Each girl was then entitled to membership to the "S" Club, which is considered a great honor.

At the beginning of the year, it was announced by Miss Symes that there would be a number of sports in which girls, who were not especially good in basketball, might win a letter. The letters were to be given according to the point system, 12 points being required for a letter. Points are given for the following activities: four points for every class athletic manager, and two points to every girl who played on any class

play brings a spirit of co-operation that can be secured no other way. One of the chief drawbacks in an amateur production is the faulty diction, but making the pupils even "diction conscious" is a worthwhile accomplishment.

Mrs. Dean, who was largely responsible for the success of the Sanford Little Theatre productions, "East is West" and "Hud-die", told us that if she ever directs another production in Sanford she would like to try a play of Barrie's or of Shaw's, something of permanent literary value.

We appreciated Mrs. Dean's encouraging views as we feel that such ideas coming from an authority are really worth while.

team. Service stripes were to be given for every six additional points besides those necessary for a letter.

The girls' sports season started with the playing of foot-volley ball. This was a new game and proved a very interesting sport among the girls. The juniors came out victorious. Those who composed this team were: Courington, Lovell, Thompson, Maxwell, C. Stouffmire, P. Stouffmire, Norwood and Hopkins.

The next sport which aroused much interest was basketball. Class teams were selected after night practice. The games were fast and exciting and the seniors proved themselves school champs. The seniors who played on this team were: Varn, S. Maxwell, Higgins, Rumbly, Takach, Spencer and Gates.

Track teams were something new in the history of girls athletics in Seminole High. The girls worked hard and each class had two representatives in each event, each girl being allowed to enter only three events. A list of the winners in various events are as follows: 50 yd. dash, Takach; 75 yd. dash, Gates; 100 yd. dash, C. Stouffmire; basketball throw, Gates; high jump, C. Stouffmire; running broad jump, Gates.

The baseball season has just ended with the sophomores team winners. All of the class teams played good games but the sophomores were proclaimed as inter-

class baseball champs. The players were: Dugrat, Thorndy, Colbert, David, McGilone, Bryan and Dresser.

It has been the custom for the past several years to give gold emblems to girls who have played on their class teams two years, one of which must have been the Senior year. Those receiving emblems this year are: Takach, Varn, Spencer, Rumbly, Higgins, S. Maxwell and Gates.

Thus the sports season in girls athletics has ended. The girls have been very enthusiastic in the various games and Miss Symes has proven herself to be a very capable instructor, well liked by all the girls.

Plot Against Life Of King Carol Revealed

BUCHAREST, May 9.—(AP)—Police reported today they had uncovered a plot in connection with King Carol tomorrow on the occasion of his 55th anniversary. The police issued a denial, the report was to the effect that authorities arrested an armed man concealed under the stands from which King Carol and the royal family planned to watch a military parade.

Construction to start shortly on Pensacola-Mobile Canal for which \$600,000 has been appropriated.

ADIRING GIRL-FRIEND: "Yes, darling, those stockings are sheer! And simply dull-light! Just a bit of gossamer—and probably your allowance is, too, after unity leads you into several pairs of them."

PROUD POSSESSOR: "Don't talk sheer nonsense—wear sheer loveliness! Don't be dull intellectually—be dull fashionably. These are CHIFFOAM®—which means no runs—and no errors—but lots of hits. And they're not expensive—because they wear so long and beautifully. It seems it's all in the twist—but try them yourself!"

THE SECRET — it's the tighter twisting of the silken threads. Result:—longer wear

CHIFFOAM® — greater durability and what's more — gossamer sheerness. Of course, it's dull—

for that's what women want. But thrift is woven in every thread—thrift as well as chic!

MOTHER'S DAY

is washed day

Sunday, May 31, is dedicated to Mother. On that day we render homage to her devotion, her courage, her self-sacrifice. And no tribute can be too great.

But the next morning will find Mother—in many homes—going back to the same weary, dreary task of washing the family's clothes. She will not complain. But how she longs for relief from this heaviest of all household burdens . . . and how easily it can be lifted out of her life, forever!

Our modern method does the washing even better than Mother can do it—for we use hundreds of gallons of pure, soft water on each family bundle. And clothes washed our way last longer—in the long run cost no more—than those done at home. Phone for our routeman now. Make your Mother's Day tribute last throughout the year!
