

# Educators Give Views On Kind Of Improvements Needed In Schools

WASHINGTON (UP)—Two years ago, a high school official told an American educator who was visiting Russia: "We're not going to fight a hot war with you. We're going to fight you in the classroom."

Few Americans were prepared in 1945 to take this serious warning. The U. S. school system, despite its "temporary" shortages of space and faculty, was widely regarded then as the best in the world. Russia was credited with a few good technical schools but its overall educational system was considered rather primitive.

Comparative Study Studies

Three recent developments have shaken credulity and American complacency:

1. Discoveries that Russia is training far more scientists and engineers than the United States. Russian students graduate 60,000 engineers a year to our 24,000; 8,000 P.D.'s in science to our 4,000.

2. Sputnik I and II blasted any notion that Russia is sacrificing quality for quantity in technical education.

3. A U. S. Office of Education report showed that Russian students work much longer a school day, and receive far more intensive training in science, mathematics and languages than American students.

President Eisenhower had all of these facts in mind when he said in his Nov. 16 broadcast that "the most critical problem" confronting the nation is the "fight with Russia for scientific and military supremacy."

George W. Frazier, president of the Brookings Institution, has been called by leading scientists and educators and speakers from the state of New York, and has been asked to lead the schools long before Sputnik I and II.

While everyone seems to agree that America needs better schools, a United Press survey disclosed a wide range of views on the kind of improvements most urgently needed.

Some critics are calling for drastic reforms in the content and philosophy of American education. They say high school and college curriculums must be overhauled from top to bottom. They would restore emphasis on solid intellectual achievement and the teaching of basic subjects—not only math and science, but also history, geography, foreign language, English grammar and literature.

But Adam H. G. Rickover, a noted atomic scientist, said "school standards" must be raised sharply at every level of U. S. education. He contends that there have become so few that the average American college graduate has less real education than a graduate of European high schools.

Teachers Turn Head For

However, some educators, executive secretary of the Council for Basic Education, said U. S. schools are dominated by professional educators who have a hard time in an outside criticism. These educators, he said, are too busy to consider the "job-education" aspect of education that has been most state of the past decades of a school is to prevent an organized body of knowledge and teach children to use their minds effectively.

Millions of American youth, says Smith, are being taught to "drive cars, weave beads, change meters, and behave generally in a party" when they should be learning to solve

problems. They are being taught to "behave in a party" when they should be learning to solve problems. They are being taught to "behave in a party" when they should be learning to solve problems.

Representatives on the executive committee from the various districts are: District One, W. Palmer Van Arsdale, Fort Lauderdale and Alex M. Balfe of Miami; district two, Gleason M. Stambaugh, West Palm Beach and Paul Franklin, Fort Myers; district three, Robert Thomas and Jack Fitzgerald, both of Tampa; district four, John Krider, Sanford and G. G. Ware of Leesburg; district five, Charles E. Commander and Gordon Thompson, both of Jacksonville; district six, Roy S. Philpot, Pensacola and H. C. Brown, Fort St. John.

Other officers named Friday were W. Palmer Van Arsdale of Fort Lauderdale, vice chairman, and G. G. Ware of Leesburg as secretary-treasurer.

Next meeting of the committee has been set for Dec. 6 at West Palm Beach, Krider said today.

Friday's meeting of the group as a whole was the last one until November of next year. Under the by-laws only annual meetings are called, except for the executive committee.

Krider said the executive committee would meet as called during the next month, but would eventually meet only four times a year.

Several days were taken in securing the photographs of merchandise on display in local stores so that shoppers here could see graphically the enormous selection from which Christmas gift shoppers can choose.

Toys, furniture, electric appliances, sporting goods, stationery, gifts, glassware, silver, and jewelry are all represented in the pictorial display of the most exciting array of Christmas gifts ever to go before the eyes of Sanford shoppers.

Tomorrow's special edition, in three sections, will also carry the advertisements of local merchants as they begin to display a grand and glorious array of Christmas gifts for the happiest and most memorable of all Christmas seasons.

As The Sanford Herald rolls from the press tomorrow afternoon, a new and different Christmas Gift Edition will be delivered to homes throughout the Sanford and Seminole County area.

It depicts the beginning of the Christmas Gift Shopping season in local stores and displays through the lens of a camera the many fine and unusual gifts available in hometown stores.

**Weather**

Partly cloudy and warm with a few widely scattered showers Monday. Generally fair and cooler Monday night and Tuesday.

## King Mohammed Arrives Today For U. S. Visit

WASHINGTON (UP)—King Mohammed V of Morocco arrives today for his first U. S. visit in which he will attempt to gain some preliminary ideas of the nation and its people from President Eisenhower to Joe Smith.

The three-week tour will include a three-day official state visit here which is expected to further cement Moslem ties with the West.

From the time he enters this nation King Mohammed will get the deluxe red carpet treatment. President Eisenhower will greet him personally at the airport, an honor accorded only heads of state.

The King and President will ride in a motorcade to the White House from the airport. Mohammed V will lunch privately at Blair House and will meet the press during a reception later in the afternoon.

Will Give State Dinner

Tonight President and Mrs. Eisenhower will entertain King Mohammed and his official party at a state dinner at the White House.

During his visit the King is expected to confer with the President at least twice. He will also talk with Secretary of State John Foster Dulles.

Mohammed V, leader of a generally rich nation of some 25 million souls at the western end of the Arab hills, is one of the most respected statesmen of the Moslem world.

While in the United States King Mohammed wants to look at an American supermarket. He will visit a department store and some average American homes as well.

In his talks with U. S. officials King Mohammed and Foreign Minister Ahmed Balafout are expected to try to win support for the joint Moroccan-Tunisian offer to mediate the three-year-old French nationalist rebellion against the French in neighboring Algeria.

## Krider Named Chairman Of State Waterways Executive Committee

The Florida Waterways Committee will open a permanent office in Tampa, John Krider, chairman of the executive committee, said today.

At a meeting of the Florida Waterways Committee held in Tallahassee Friday, Krider was named chairman of the executive committee following election of committee members from the six districts of Florida.

Representatives on the executive committee from the various districts are: District One, W. Palmer Van Arsdale, Fort Lauderdale and Alex M. Balfe of Miami; district two, Gleason M. Stambaugh, West Palm Beach and Paul Franklin, Fort Myers; district three, Robert Thomas and Jack Fitzgerald, both of Tampa; district four, John Krider, Sanford and G. G. Ware of Leesburg; district five, Charles E. Commander and Gordon Thompson, both of Jacksonville; district six, Roy S. Philpot, Pensacola and H. C. Brown, Fort St. John.

Other officers named Friday were W. Palmer Van Arsdale of Fort Lauderdale, vice chairman, and G. G. Ware of Leesburg as secretary-treasurer.

Next meeting of the committee has been set for Dec. 6 at West Palm Beach, Krider said today.

Friday's meeting of the group as a whole was the last one until November of next year. Under the by-laws only annual meetings are called, except for the executive committee.

Krider said the executive committee would meet as called during the next month, but would eventually meet only four times a year.

**Herald To Publish Special Gift Edition Tomorrow**

Readers of The Sanford Herald will be treated to a new Christmas Gift Editions tomorrow when a three-page special edition featuring gift suggestions actually seen in Sanford stores will be published.

Beginning with tomorrow's special Sanford Herald Christmas Gift Edition photographs taken of gift suggestions on display in local stores will be featured.

Nearly every store, featuring merchandise for Christmas gifts, is represented in the pictorial display of everything from art to strollers.

Several days were taken in securing the photographs of merchandise on display in local stores so that shoppers here could see graphically the enormous selection from which Christmas gift shoppers can choose.

Toys, furniture, electric appliances, sporting goods, stationery, gifts, glassware, silver, and jewelry are all represented in the pictorial display of the most exciting array of Christmas gifts ever to go before the eyes of Sanford shoppers.

Tomorrow's special edition, in three sections, will also carry the advertisements of local merchants as they begin to display a grand and glorious array of Christmas gifts for the happiest and most memorable of all Christmas seasons.

As The Sanford Herald rolls from the press tomorrow afternoon, a new and different Christmas Gift Edition will be delivered to homes throughout the Sanford and Seminole County area.

It depicts the beginning of the Christmas Gift Shopping season in local stores and displays through the lens of a camera the many fine and unusual gifts available in hometown stores.

A MOTOR SCOOTER and passenger automobile smash-up at the intersection of Park Ave. and 18th Street late Friday afternoon. Sanford Police Department Investigation. (Staff Photo)

### Motor Scooter, Auto Collide

A 17-year-old Negro youth was slightly injured late Friday afternoon when he was thrown off his motor scooter when it collided with a passenger car at the intersection of Park and 18th St.

Joe Cogins Royal, of Apt. 27, Castle Brewer Court, was traveling west on 18th street, when his motor scooter collided with an automobile driven by Genious Ray Holloman, AD2, attached to HATU at the Sanford Naval Air Station.

Holloman, a Negro, attempted a right turn into a filling station at the intersection when the accident occurred.

Capt. Arnold Williams and Patrolman Carl Dodson of the Sanford Police Department reported about \$20 damage to the automobile and \$25 damage to the scooter.

### Helicopter Makes Forced Landing

A helicopter on a routine training flight from the Sanford Naval Air Station made a forced landing because of engine failure early Friday afternoon in an area on the northwest side of Lake Jessup.

NAS spokesman said this morning that the helicopter, piloted by Lt. Cdr. W. M. Webber, and with AD2 J. W. Waters as plane captain and AECA R. F. Lamberston Jr. of VAH-11 as an observer, left the naval air station at 1:05 p. m. Friday afternoon on the training flight.

Because of the engine failure, the helicopter made the forced landing in a swamp area and turned over on its side.

Cdr. H. H. Hamrick, on duty at the time of the helicopter's flight became anxious about the whereabouts of the plane when reports failed to come in from the aircraft. A search party was alerted and rescue operations began.

However, Lt. Cdr. Webber and the two crewmen, walked about one mile through the swampy area and two miles on high ground to reach a phone on Geneva Ave. and report the accident.

The Sanford Naval Air Station spokesman said that there were no injuries and the helicopter is being salvaged.

### Board To Consider Zoning, Planning Board Appointment

The Board of Sanford City Commissioners will hear a letter of resignation tonight from Robert S. Brown stepping down from the Planning and Zoning Commission to accept his seat on the Board of Commissioners.

The Board of Commissioners will also consider an appointment to the Zoning and Planning Commission to fill the vacancy. Brown served as chairman of the City appointed board since its creation.

Also to come before the Board of Sanford City Commission at its meeting tonight will be a discussion by the City Attorney, Wm. C. Hethcote, concerning a suggested revision to the licensing ordinance in regards to photographers.

A change in the Joyce's agreement with the city and the use of the French Ave. Park area for a "cove" housing development, both will come before the commissioners for discussion tonight.

The first reading of three ordinances will be heard at tonight's meeting of the commissioners. The reading of an ordinance, distribution of gasoline in glass containers, and three amendments to the Zoning Ordinance are slated for their first reading.

The recommendation to rezone Lots 11, 2 and 3 of Block 13, San Lane's subdivision, from the Zoning and Planning Commission will be considered at tonight's meeting of the Board of Commissioners.

Only six items appear on the published agenda. However, it is expected that the Board of Commissioners will be confronted with other problems in unpublished memorandums distributed only to commissioners.

The commission will also hear miscellaneous business from the floor and members of the commission.

Not appearing on tonight's agenda is a report on action taken toward bringing the docks and terminals project into the forefront as the city's "number one" project to be completed.

### Driver Ignores Flagman's Signal, Is Hit By Train

A passenger automobile was damaged early Saturday morning at the intersection of Permaton Ave. and the Atlantic Coast Line Railroad.

According to a report from Seminole County Sheriff J. L. Hobby, a 1953 Pontiac was damaged on its right side when the driver ignored the signals of a flagman.

The Sheriff's report said that "the signalman for the railroad tried to flag down the apparently fast moving automobile."

The A.C.L. train hit the right side of the automobile beeping out all of the past two weeks. Damage was estimated at \$200. The train stopping six feet, the report said while the automobile traveled a distance of 75 feet before coming to a stop.

Oliver Lowell Lee, whose address is given as 347 Ohio Ave., DeLand, driver of the automobile, was charged with reckless driving. There were four other Negroes in the car.

### Board To Publish Special Gift Edition Tomorrow

Readers of The Sanford Herald will be treated to a new Christmas Gift Editions tomorrow when a three-page special edition featuring gift suggestions actually seen in Sanford stores will be published.

Beginning with tomorrow's special Sanford Herald Christmas Gift Edition photographs taken of gift suggestions on display in local stores will be featured.

Nearly every store, featuring merchandise for Christmas gifts, is represented in the pictorial display of everything from art to strollers.

Several days were taken in securing the photographs of merchandise on display in local stores so that shoppers here could see graphically the enormous selection from which Christmas gift shoppers can choose.

Toys, furniture, electric appliances, sporting goods, stationery, gifts, glassware, silver, and jewelry are all represented in the pictorial display of the most exciting array of Christmas gifts ever to go before the eyes of Sanford shoppers.

It depicts the beginning of the Christmas Gift Shopping season in local stores and displays through the lens of a camera the many fine and unusual gifts available in hometown stores.

### Public's Attention Called To Gun Law

Sheriff J. L. Hobby, this morning, called the public's attention to a gun law relating to children.

He said a number of complaints are being received and "I want as many people as possible to know about the law which we must strictly enforce."

The law, said Sheriff Hobby, is Florida Statute 790.22 which is an act relating to the regulation of children under the age of 18 years in the use of air rifles, bb guns, or .22 cal. rifles.

Section One of the law reads: "The use of any purpose whatsoever of bb guns, air rifles and .22 cal. rifles by any child under the age of 18 years is prohibited unless such is under the supervision and in the presence of an adult."

Section Two states: "Any adult responsible for the welfare of any child under the age of 18 years who knowingly permits such child to use or have in his possession any bb gun, air rifle or .22 cal. rifle in violation of the Section One of this act shall be guilty of misdemeanor and upon conviction thereof shall be punished by fine of not more than \$500 or by imprisonment for not longer than 30 days."

"We have had many complaints about the violation of this law," Sheriff Hobby said. "This is the law and we're paying information along to as many people as possible," he said.

### Sheriff Reports Weekend Arrests

A 40-year-old Negro man was taken into custody Saturday night by Sheriff J. L. Hobby and charged with "possession of lottery tickets."

Sheriff Hobby said this morning that Thomas William Jones of Fern Park was apprehended on State Road 436 with the gambling tickets in his possession.

Other arrests over the weekend, the Sheriff reported, included seven for public intoxication; three for driving while intoxicated; two for affray; two for unlawful speed; four for reckless driving; three for assault and battery; one for hunting with an unplugged shotgun; one for improper starting from a parked position; and one for running a stop sign.

Sheriff Hobby said that at midnight last night there were 31 prisoners confined to the county jail. Of that number, he said, 14 were colored male, nine white male, six colored female, one white female and one white female juvenile.

### Legion Schedules Joint Meet Tonight

A joint meeting of the building grounds and executive committee of the American Legion is set tonight at 7 o'clock at the Legion Hut.

A chill supper will be enjoyed after the meeting to which the entire post is invited.

Following the supper a social hour is scheduled.

### Kiwians To Tour New State Farmers Market Wednesday

A tour of the new Sanford State Farmer's Market will follow the Wednesday luncheon of the Sanford Kiwanis Club.

Richard Packard announced that Kiwanians will have an opportunity to "preview" the facilities at the local market.

The "Kiwanis Bulletin", official release of the local club said this week "The important part of the State Farmers Market plays in the economic structure of our community cannot be over-stressed."

### Leaders Try To Reknit Anglo-French Alliance

PARIS (UP)—British Prime Minister Harold Macmillan and French Premier Felix Gaillard meet today to try to knit the Anglo-French alliance which was badly torn by American and British air shipments to Tunisia.

Extra police precautions were put into effect when Macmillan flew in from London. There is an explosively anti-British atmosphere here, and a right wing group called for a "British demonstration in the Place De La Concorde near the U.S. and British embassies."

Macmillan files back to London this evening, as his encounter today with Gaillard was to be a brief one. But the agenda was heavy with crucial issues which affected the whole Western alliance and the Dec. 16 NATO summit conference.

Main Topics Listed

Here are the main topics up for discussion:

—Tunisian arms. The French are still angry over the "token" delivery of rifles and submachine-guns to Tunisia by Britain and America.

—Algeria. France wants assurances of British support again this year when the Algerian crisis is debated in the United Nations. This may not be forthcoming since Britain feels Gaillard's plans for Algeria are not sufficient to end the rebellion and that the rebellion threatens NATO.

—NATO. France claims that Britain and the United States plan to set up an Anglo-American "directorship" to run NATO. British Foreign Minister Selwyn Lloyd who accompanied Macmillan today has emphatically denied this. See Free Trade Plan.

—Free Trade. Britain wants other West European nations to agree to a plan which would include and supplement the six-nation common market. France is suspicious of the British plan, fears Britain would wreck the common market.

British political observers said the fate of the NATO summit meeting depends to a large degree on the smoothing over of the breach between France and Britain and America.

Presidential Press Secretary James Haggerty, told a news conference in Paris Sunday. Eisenhower probably would be prepared to stay over an extra day or so if things do not go smoothly at the NATO meeting.

### Navy Man Dies From Injuries

The remains of Earl Joseph Byrne, 20-year-old airman attached to VAHS at the Sanford Naval Air Station, were shipped to his hometown, Clinton, Ill. Saturday accompanied by military escort.

Byrne died Friday in Orange Memorial Hospital from injuries received in an automobile accident Nov. 15 on State Road 46 near Sorrento.

### Men Urged To Be At Chorus Practice

Members of the Male Chorus are reminded that there will be a rehearsal tonight at 8 o'clock at the First Presbyterian Church.

Director Harry M. Weir urges a good attendance.

## Nominees Take Wait, See Attitude

By Mrs. Raymond Morris CASSELBERRY—A wait and see attitude seems to point up interest among prospective candidates in the local political contests to be decided here on Dec. 2.

Francis Allen, town clerk, said that only one candidate had filed for each of the offices of mayor, clerk and marshal and two for the two seats to be filled on the board of aldermen.

Mrs. Allen said that others have indicated their intentions of filing, but had not yet done so. In that group are: for mayor, Donald Wilson, incumbent and Paul Altman and Hibbard Casseberrry for aldermen. Altman was appointed in October to serve out the unexpired term of the late Floyd B. Smith.

Applications have been filed by Capt. J. D. Bryant for mayor; Mrs. B. R. Rogers and Douglas V. Cochrane for aldermen. Mrs.

Allen and Nash B. Kennedy, incumbents for clerk and marshal respectively.

Mayor Wilson, ending his first term December 31, has resigned in Casseberrry for approximately ten years. He was elected by a landslide vote in his initial try for local office last year. Wilson, a retired business man of Rochester, N. Y. built and operated the Top Motel here, later selling out to Mr. and Mrs. Robert O'Neill.

The paving of East Lake Triplett and North Lake Triplett Drives this year at no cost to the town, stands out as a major accomplishment of Wilson's administration. Property owners on the two streets, under Mayor Wilson's leadership made voluntary pro-rata contributions to underwrite the paving cost.

Should Wilson seek a second term his only opponent at this time is Bryant who, with his wife

and three children, has resided at 321 Piney Ridge Rd. for approximately three years.

Bryant filed for mayor last year but because of a military ruling withdrew from the race. At that time Bryant was commander of Sanford's Company B of the Florida National Guard. More recently he has been assigned to the reserves. He is employed by the Railway Express Company at Orlando.

Bryant served in World War II in military intelligence and as a combat commander in the Korean campaign.

Mrs. Allen is serving her third successive term as clerk and Kennedy a fourth term, not in succession.

Holdover aldermen are Lytle Swepe, Graham Wilson and chairman Junius Allen, the latter a two-term mayor.

THE ANNUAL YFV POPPY DAY sale began Friday afternoon in Sanford and continued throughout Saturday. Proceeds to benefit hospitalized veterans. (Staff Photo)

TODAY'S THOUGHT  
"For it is not for the angels, but for the men that you must do the things which speak to you."

## Sanford Merchants Are Ready For The 1957 Christmas Season

Sanford is ready for the 1957 Christmas season!

Merchants are beginning to display the most glittering array of Christmas merchandise ever seen in Seminole County and they're ready for the biggest yuletide trade in its history.

Christmas colors, bows, candles, trees, and every other kind of decoration is being added to the new stocks just arriving and being unpacked for display in Sanford stores.

Of course, local merchants, with their bigger-than-ever selection of new and gleaming suggestions for Christmas giving, are counting on their neighbors and friends more than ever before to "look in Sanford first" this year.

Never before have such tremendous sums of money been invested in huge stocks of merchandise for the local market — and everything that's new is being added to the toys, the clothing, the furniture and appliance arrays in order to attract Sanford and Seminole County citizens.

Naturally we all know that the Christmas shopping in any area provides the biggest income of the year for the merchants—and as money spent for Christmas gifts is poured into the tills here in Sanford, more man-

## Sanford Must Plan For Growth

It is a frequent repeated truism that the face of America is changing more rapidly than ever before. A vast acreage is taken over each year by the spread of housing and industrial development. Towns are growing, cities are moving outward at a rate that is without precedent.

This is being felt dramatically in Florida where it is predicted that at least 10,000 industries and business concerns will move to the state within the next twelve months.

And such growth is having its effect on Sanford and Seminole County.

This is good, in the sense that it reveals the vitality and growth of our society. The spreading of towns and cities also brings an array of new problems, however. It is becoming increasingly evident that in many cases the only hope of adequate solution is to be found in planning.

As towns grow and spread and amalgamate, there must be a corresponding increase

#### FUMES FATAL TO TWO

ATLANTA, Ga., (UP) — Two deer hunters were found asphyxiated in their tent near here Wednesday. A third was unconscious. Police said the two died from fumes of a charcoal stove. The survivor was taken to a hospital for treatment.

#### POLLUTED AIR CITED

NEW YORK (UP) — Dr. Leonard Greenburg, New York city commissioner of Air Pollution Control, said today that city air pollution from gasoline and diesel exhaust fumes is apparently a major factor in causing not only lung cancer but other pulmonary diseases.

GOES...

where ordinary trucks can't go!

With the extra traction of its 4-wheel drive the rugged all-purpose Jeep Truck "takes off" where other trucks leave off. It carries a payload of more than a ton through mud, sand, snow or soft earth — goes where other trucks can't go. It travels at highway speeds in conventional 2-wheel drive. Equipped with power take-off, it supplies mobile power for many types of machinery used in industry or on the farm. It's time-tested and performance-proved... It's America's lowest priced 4-wheel-drive Truck.

## MOSCOW MERRY-GO-ROUND

## Foreign News Commentary

By CHARLES N. HOEANN  
United Press Staff Correspondent  
Last week's good and bad news on the international balance sheet:

Plans to speed American development of nuclear weapons were put on what appeared to approach a crash-program basis this week. Reports of projects for ballistic missiles, anti-ballistic missiles, an earth satellite and an atom-powered plane came in a steady stream from Washington.

Linked up with this program were plans to strengthen the defenses of the North Atlantic Treaty Organization and to tighten the unity of its 15 member nations.

Secretary of State John Foster Dulles announced that the United States will seek to establish nuclear missile bases in those countries in Western Europe which want them.

Responding to an invitation by President Eisenhower, Adlai E. Stevenson, his Democratic opponent in the 1952 and 1956 presidential campaigns, set up an office in the State Department to aid Dulles in promoting NATO unity.

French Foreign Minister Christian Pineau came to the United States to confer with Dulles on the near-cries in relations which resulted from the sending of American and British weapons to Algeria.

In Washington and New York, Pineau also sought the support of the United States and other countries in the debate which the United Nations Assembly is to hold next week on Algeria.

President Habib Bourguiba of Tunisia flew to Morocco to confer with King Mohammed V on a possible plan to end the long revolt of the Algerian Nationalists against France by compromise.

Mohammed is due in the United States Monday to visit Eisenhower in Washington and to address the U.N. Assembly in New York.

Felix Gaillard, France's new premier, was given a confidence vote of 258 to 188 in the National Assembly, the controlling house of parliament, on his plan to meet a treasury shortage by raising taxes.

Unfortunately, the vote emphasized the weakness rather than the strength of Gaillard's government.

Of the total of 886 members, 136 were absent or deliberately abstained, including many members of parties which are represented in the cabinet.

Russia announced it would grant economic credits of up to 200 million dollars to Egypt.

The aid was given, it was announced, in response to an appeal by Egyptian President Gamal Abdel Nasser.

There was some speculation whether Nasser also had asked—and obtained—additional Russian military aid.

William S. O'Grard, the 22-year-old American soldier tried by a Japanese court for killing a woman on an Army firing range, was found guilty. He was given a three-year prison sentence—but the sentence was suspended. The court put O'Grard on four years' probation. However, as he is to return to the United States in a couple of weeks, the probationary period is purely technical.

## Too Late To Classify

By RUSSELL MAY

I attend a lot of conventions but there is none more stimulating and inspiring than the annual meeting of the Florida State Chamber of Commerce. This annual congress of Florida's top-flight business and industrial leaders provides a meeting of the minds, a more intimate knowledge of the state's problems and opportunities and lays a firm groundwork for our continued progress and prosperity.

It spotlights what we have achieved and points the way to even greater accomplishments. The meeting held in St. Petersburg recently was particularly well conducted and I never cease to marvel at the smooth and efficient work of Executive Vice President Harold Cole and his fine staff of assistants. Their teamwork is notable and attested by the growing attendance at these meetings.

John T. Billa Jr., vice president of the Peoples Gas System of Miami, convention keynote, called on delegates to take responsible roles in preventing an "economic vacuum" in the future growth of the state, which could occur between wealthy and pensioner classes should industrial growth not keep pace with them. He urged business leaders to avoid conflict with tourist development, pointing out that tourism pours millions of dollars into the state and both tourism and industry in proper balance are needed for a healthy permanent growth.

Governor Collins called on the Florida State Chamber of Commerce to take the lead in adopting a broader program aimed at giving older workers a greater opportunity for employment. The Governor deplored the attitude of industry in its failure to recognize the ability and experience of older workers and urged that a greater effort be made to find jobs for people of 45 or over, many of whom are better qualified and in a better position to serve industry than are some younger people. He cautioned against what he termed "human crises" which siffles ambition and creates a desire for so-called "security" in the place of

## Conning The News

By VIRGINIA COHN, Society Editor

If this typewriter will work after the children have operated on it, I'll try to make up for the lack of editorial news in Friday's paper—just simply no room. And not much time either.

A baby shower was given last week for Paula Pippin by Rita Bauer. Rita served iced tea, coffee, and goodies while Paula opened dozens of lovely presents. One of Rita's famous baby coronas was presented to the honoree. This coronas must not be confused with flowers, as it is made entirely of the little luxuries in a baby's life—such as safety pins, powder, and so on.

For the occasion were Pat Knight and Anne Hoey. Much fun was had by all, and noon came as quite a surprise. Others at the party were Jeanette Culppeper, Alice Matius, Jane Sapp, Betty Meyer, Jane Fraden, Connie Yount, Dodie Matkowski, Glnny Nelson, Helen Crawford, Helen Biehl, Thelma McMurray, Ann Mergl.

Thursday morning the time came around for another VAR-7 coffee. This time the hostesses were Joyce Roberts and Helen Crawford; and held in Joyce's home.

The rooms were abundantly decorated with yellow and red gladioli, (I'm trying to put you in the mood for Thanksgiving). Sweet rolls, doughnuts and open faced sandwiches. Jane Sapp gave a book review in an attempt to educate the seven girls. Since it was a review of "The Loving Couple" by the author of Auntie Mame, I can well imagine how educated they are by now.

The guests were entertained with musical selections by Joe Gebbort on the organ and Evelyn Mills on the accordion.

The guest of honor was presented a set of jewelry, including a watch, his pin, cuff links, key chain and other gifts.

Those present were Mrs. Annie Lee Slawson, Mr. and Mrs. Richard R. Cameron, Mr. and Mrs. Peter G. Kurch, and children Carroll and Peter, Mr. and Mrs. John Miller, Mr. and Mrs. Herman Eplin, Mr. and Mrs. Joseph Gebhart, Mr. and Mrs. Jack Boone, Mr. and Mrs. Jack Guthrie of Pittsburgh, Pa., and Mr. and Mrs. C. Curtis Dorsey and daughter Carol Jean, of Clermont.

Ran into see Jessie Perkins the other day, not long after she had produced her fourth lovely daughter. Jesse was looking at what we can be. By the way, guess this is as good a time as any to speak a little piece about the hospital.

There are many criticisms of this institution, as there are about everything, I guess. Naturally, I am ready to say how wonderful it is since I've worked there, but that would not be an impartial opinion. On the basis of criticism, I queried a friend who recently had a baby in the hospital. She and her husband were enthusiastic in their praise, and had been on the point of asking me to thank the hospital on their behalf through the newspaper. They could not say enough about the service, food, or kindness that had been received by the patient. Both of them felt most fortunate to be living in a town that harbored such a fine institution. If it were possible, each person who had anything at all to do with the patient's care, would

be thanked personally, with feeling. Hope this will be taken to heart, because, believe me, the couple was sincere in their opinion. They had no reason to be otherwise.

Betty and John McCracken invited a crowd to Friday night before the O. W. C. dance at the Longwood Hotel. Betty's house looked lovely, with a bowl of panicles on the coffee table, deep red and white gladioli on the dining table and something else on the porch that escapes me completely, although I do remember the hibiscus blooms that hung to a large houseplant on the porch. It was fun to see the ladies dressed in their best. Marge Hill was superb in a deep green taffeta ball gown, strapless with a great pouf of a skirt. Jean Fitton, always lovely, was gowned in a blue dinner gown with brilliant, Can't leave out dear old Betty, who was the sensation of the evening with her silver hair and pale blue bouffant dress. When she woke up Saturday morning with a silver face, however, she decided to go "Au naturel" the next time.

Seen in the crowd at the McCrackens were Jean and Carl Tegfeldt, Ruth Tully (Joe struck with the fist), Sonja and Bob Blackwood, Dodie and John King, John Miller, Eric and Jean Bower, Forrest and Ruth Norvell, Bob Hadden, Dave and Pat Dearolph, Polly and Don Brubaker, Nancy and Bill Gray, Terry and John Price, and John's sister and her husband, Ethel and Bob Fitzsimmons, Paul and Eunice O'Dea, Dave and Lee Cunningham, Mrs. and Hazel Rowell Cliff and Jane McKibbin, Cy and Jean Fitton, Bill and Marge Hill, Glnny and Jim Shaffer, Frank and Jane Baty, Pat Hansen, Spook Hook, Imogene Schultz, and probably a few more—who will forgive me, I hope, if I do not run on.

Margaret and Bill Hamilton just popped in from Jacksonville, and we spent the afternoon chatting about where they might live if they came down here.

Was amused by the fact that Howie Hansen has gone home to see his mother for a couple of weeks, while Pat stays with the children. Of course, Pat's mother is here already so none of the old jokes are any good.

Tommy Peterson's birthday was well celebrated Thursday night, although it was not until Friday.

The hunting season has started, as evidenced by the women left to themselves over the week-end. Jim Parker flew down from Washington to hunt at Harry Robson's camp along with a huge crew.

John and Jean Dooley are suffering from an ever generous public who keeps dumping kittens at their gate. They are now up to five. The Dooley boarding house is full—anyone needing a nice little pet could call Jean and I'm sure she would be glad to oblige. This

is not the beginning of the Sanford Animal Shelter.

## Mrs. Hardin Chosen President Of Ladies Society

The Ladies Society of B. L. F. and E. held the monthly business meeting at the home of Mrs. H. E. Turner, Thursday. The business meeting was conducted by Mrs. H. J. Tishaw. Plans were made to help a needy family at Christmas.

Initiation was held for new members, Mrs. Joe Wells, Mrs. Ronald Brooks, and Mrs. W. E. Raines.

Election of officers was held. Mrs. Vernon Hardin was chosen president, Mrs. G. H. Goethe, vice-president, Mrs. Doc Bennett, secretary, Mrs. J. A. Calhoun, collector, Mr. L. E. Jeffords, chaplain, Mrs. H. A. Tishaw, warden, Mrs. Don Hamner, conductor.

## Teenagers Have Dance Buffet

CASSELBERRY—A party and dance was held at the Joseph H. Weller home 250 Sunnyside Rd. Saturday night by teenagers Susan Keller and Susan French.

The two Susans had as their guests Jackie Sue Johnson and Gense Garstide, Winter Park; Doug and Stan Strupe, Milland; Tommy Grantman, Altamonte Springs; John Krohn, Fern Park; Janet Schariden and Dale Birkmeyer, Casselberry.

The young people took time out from dancing at about the midway point of the party to refresh themselves buffet style.

Miss Keller is the daughter of Mrs. Fred A. Yeager, 230 Sunnyside Rd., and Miss French is the daughter of Mr. and Mrs. F. F. French, Longwood.

## Lake Monroe Plans School Float For Christmas Parade

LAKE MONROE—The Christmas parade committee for the Lake Monroe P. T. A. held an organization meeting this week. Making plans for the float were Mrs. T. B. Rabun, Mrs. James Lee, Mrs. C. E. Hittell, Allison Lee, Mrs. J. B. Stapler and Mrs. Herbert Thurston.

is not the beginning of the Sanford Animal Shelter. Bridge was much enjoyed Friday after a delicious luncheon at Lucille Heard's. All in honor of Ada Slater, Lucille's charming sister from Douglas, Ga. Others attending were Keen Ivey, Genevieve Woodruff, Jackie Crawford, Fanchon McRoberts, Billie Tooker and myself.

## Mrs. Stafford Is Member of Month In Anna Millers

The Anna Miller recently selected Mrs. C. H. Stafford as its "Member of the Month". Mrs. Stafford has been very active in the circle as Sunshine chairman and is always one of the first to volunteer when members are asked to help in any project.

"Marie", as she is known to her many friends, is the wife of Charles Stafford, who owns and operates a sheet metal works. They have three children, 2 daughters and 1 son. The son will enter the service around Christmas time.

Marie joined the Anna Miller Circle in 1934 and has been Sunshine Chairman since 1935. Marie never misses sending a card and flowers to sick members of the Circle. She also sends a card and handkerchief to members on their birthday.

Marie is a member of the First Presbyterian Church. Along with all her other duties, Marie was leader of the Southside School Brownie Troop No. 5 and a leader in the Cub Scouts. Marie and her husband moved here from Tampa 21 years ago, and has made many friends in the community as well as in the Anna Miller Circle.

## Lake Mary Xmas Float To Feature Santa's Workshop

LAKE MARY—The Lake Mary School P-TA met Thursday night at the school. The Rev. Craig led the devotion. Mrs. Dale Alexander, study group chairman, stated that she hoped to have a group sometime the first two weeks in December. The exact date will be announced later.

The float for the Christmas Parade was discussed and contributions were given toward the expense. The float will be Santa's Workshop complete with Santa and helpers.

Mrs. Walt Wiederhold resigned as vice president. The nomination committee from last year will choose a successor.

The recent Bond Issue Election was discussed and the P-TA was thanked for their effort. A new project was chosen for the coming year. The World Book and additional books will be purchased for the school library. For the kitchen a roasting pan and a baking sheet will be purchased.

Mrs. Hugh Tilton's room won the room count. Al Case, chairman, spoke on civil defense. Mrs. Edna Humphry explained to the parents the new grading system on the report cards. Joy and Sonja Wester entertained the group with a tap routine.

The second grade mothers were hostesses for a refreshment of doughnuts coffee and punch following the meeting.

## Navy Man Honored By Frank Durzo

A fish fry was given recently by Mr. and Mrs. Frank Durzo of the Lake Monroe Inn, honoring Rollins A. Cowart, storekeeper 1st Class at the Sanford Naval Air Station.

The party was given as a farewell for Mr. Cowart who had received orders to the destroyer Boston. He must report aboard December 1.

The guests were entertained with musical selections by Joe Gebbort on the organ and Evelyn Mills on the accordion.

The guest of honor was presented a set of jewelry, including a watch, his pin, cuff links, key chain and other gifts.

Those present were Mrs. Annie Lee Slawson, Mr. and Mrs. Richard R. Cameron, Mr. and Mrs. Peter G. Kurch, and children Carroll and Peter, Mr. and Mrs. John Miller, Mr. and Mrs. Herman Eplin, Mr. and Mrs. Joseph Gebhart, Mr. and Mrs. Jack Boone, Mr. and Mrs. Jack Guthrie of Pittsburgh, Pa., and Mr. and Mrs. C. Curtis Dorsey and daughter Carol Jean, of Clermont.

## Lowes Reveal Plans For Daughter's Wedding In Osteen

OSTEEN—Mr. and Mrs. J. Wesley Lowe announced today final plans for the marriage of their daughter Margaret Ann, to Thomas H. Sermons Jr., son of Mr. and Mrs. Thomas Sermons of Enterprise.

The ceremony will be performed Sunday afternoon, December 1 in the Osteen Baptist Church, at 3:00 P. M. The Rev. Jose Gardosa will officiate.

Miss Lowe will be given in marriage by her father. Her cousin, Miss Floy Nell Lowe, will be maid of honor. Mrs. Kenneth Harvey has been chosen as the bridesmaid. Herbert Cohen, of Orlando, cousin of the groom, will be his best man.

A reception will follow the ceremony in the church educational building. All friends and relatives of the couple are invited to attend.

## Miss Nowlin Speaks To 4-H Club; Light And Sound Subjects

The Sanford Junior High 4-H Club held a meeting Monday morning at the school. The program was conducted by Miss Lucy Nowlin, on light and sound.

The girls learned to measure light by foot candles and to read a light meter. They discussed the increasing use of light since the days of the cave-man, and the ABCs of good lighting.

DAVID GATCHEL, Sanford mayor, signs the "Know Your America Week" proclamation, asking Sanford citizens to participate in the program designed to protect an informed public against communism and preserve human freedom.

## B.P.W. Sponsors "Know Your America Week" Here In Sanford

More than 50 organizations affiliated with the All-American Conference to combat Communism are joining the National Federation of Business and Professional Women's Clubs, Inc., in observing "KNOW Y O U R AMERICA WEEK," November 24-30, Thanksgiving Week. The local chairman is Mrs. Opal Karriker, National Security Chairman of the Sanford Business and Professional Women's Club. President Dwight D. Eisenhower has this to say—"KNOW YOUR AMERICA WEEK" can be a meaningful event as it reminds us of our solemn obligation as citizens. We have little to fear from subversive influences if by example we demonstrate our knowledge of the duties and privileges of free Americans.

### Brundage Points Economy Knife At Farm Subsidies

WASHINGTON (UP) — The nation's budget chief has pointed the economy knife at farm subsidies, veterans benefits and housing to obtain more defense money.

Percival F. Brundage, the budget director, is the first administration official to name specific non-defense programs which Pres-

ident Eisenhower said will have to be cut back to finance the expanded space age military contest with Russia.

Brundage gave the three examples of federal "benefit" programs which would have to be reduced. He said all the programs amount for 17 billion dollars, or 23 per cent, of the current budget.

Brundage discussed control of federal spending in a speech Wednesday night at the Washington Chapter of the National Assn. of Accountants. Control over spending could be strengthened, he said, if Congress would authorize

the President to veto selected items in appropriation bills. Under present practice the President must sign or veto an entire money bill.

Brundage reiterated his endorsement of a proposal to make spending authority lapse on funds that are unspent at the end of a fiscal year. This is part of a recommendation by the Hoover Commission under which Congress moved to vote money only for goods and services that would be received in the fiscal year.

This so-called "accrued expenditures" system, Brundage said, would give the law makers more control "over the scope of agency programs" and of the budget "in terms of surplus or deficit."

Government departments are now permitted to carry over appropriations and spend them after the fiscal year for which congress voted them.

### Polio Hall Of Fame To Open On Jan. 2

WARM SPRINGS (UP) — A "Polio hall of fame" will be opened here Jan. 2 to honor 17 persons prominently involved in fighting the disease.

Basil O'Connor, head of the Georgia Warm Springs Foundation, said busts of the 17 will be set in a wall of Founders Hall, the foundation's new administration building. O'Connor himself is one of the honorees, along with the late President Franklin D. Roosevelt and 15 scientists whose names will be released later.

The ceremonies will signal the broadening of biologic horizons and the development of the Salk vaccine, made possible by the American people through their enthusiastic support of the March of Dimes," O'Connor said.

President Roosevelt set up the foundation and made frequent visits for treatment. He was on a brief holiday here when he died in 1945.

The busts were made by Edmont Romulus Amaltes of Brewster, N.Y., designer of a number of memorials both in this country and abroad.

### Early Care Of Eyes Can Help Adults

SYRACUSE, N. Y. — (UP) — Thousands of adults would not need eye glasses if they had sought preventive optometric care as children, according to Dr. Frank H. Kitchell, president of the New York State Optometric Association.

Dr. Kitchell said optometrists should educate parents to the effect that "vision care is just as important to the well-being of the child as early dental and medical care."

He said "spectacular discoveries" have been made concerning the prevention of vision problems which develop during the late teens and 20's. The symptoms of these problems, he said, are detectable as early as five years of age but are not discovered in public school screening examinations.

The Hempstead optometrist said "vision problems which require correction get their start during the years of rapid growth when there are major changes in the child. As he goes through the higher grades in school and is required to do more reading, these vision problems worsen."

Optical aids and vision training can do wonders for the visually handicapped child, the doctor said, and "the chances are good he won't have to wear glasses all the time as an adult."

**UPD SIGHTED**  
CHEROKEE, Ala. (UP) — High school principal Homer Blankenship and his wife reported seeing a flying saucer Thursday night. Its lights "flashed on and off." Blankenship said the object, about 100 feet wide and tapered at the bottom, hovered over the highway moving up and down. He said, "it definitely was an object with enough speed to scare my wife and me half to death."

**Indians Roamed Alaska Long Ago**

**COLLEGE, Alaska (UP)**—Evidence that a large number of Indians roamed and hunted in the interior of Alaska thousands of years ago was found last summer in the vicinity of a highway leading to Mt. McKinley National Park. Dr. Ivar Skarland, head of the University of Alaska Anthropology Department said the evidence was in the form of well-flaked projectile points, knives, spear heads and scrapers made of flinty rocks and obsidian.

Dr. Skarland said the material, found near the new Denali Highway leading to the park, closely resembled that discovered by William Irving near Lake Tyone several years ago. That was the first large collection discovery south of the Alaska Range.

"The new discovery indicates that many more people were in the area than generally has been believed," Dr. Skarland said.

He added that the natives were migratory because the material was found between the mountains and mountains where caribou traveled, and there was insufficient water and fuel to induce hunters to build a permanent camp site.

"The material is very likely 2,000 or more years old," he explained.

**State Bank Debits Get New Records**

**JACKSONVILLE (UP)**—Bank debits in Florida continued to set new records last month, jumping 11 per cent higher than October.

All major trading centers in the state shared in the gain. T. A. Lanford, vice president and general manager of the Jacksonville branch of the Federal Reserve Bank of Atlanta reported Wednesday.

Lanford said the bank debits represent a good barometer of business activity because some 90 per cent of the business in this country is transacted by check.

Tampa led the state with a 19 per cent increase, just two per cent ahead of Fort Lauderdale. Other increases included 15 per cent at St. Petersburg and West Palm Beach; 14 per cent at Daytona Beach; 12 per cent at Lakeland; 10 per cent at Orlando.

# Sputnik 'Jammed' With Message

By WILLIAM TUCKER  
United Press Staff Correspondent  
ATLANTA (UP) — The story came out today how a mysterious sender "jammed" the first Russian Sputnik with a message that could only have been radioed into space from the U. S. A. or its environs.

Remember the evening of Oct. 4 when trackers across the world reported that the signal from Sputnik I was fading or had ceased entirely?

Sputnik eventually came back on loud and clear but not before some American had packed his transmitter with a wry grin and put the Federal Communications Commission on his trail, not knowing exactly what action to take if it could find him.

The story takes a bit of back-peddling. There was a case brought by the Federal Bureau of Standards a few years back against the manufacturers of "ADX," a "battery additive" that amounted to a youth gland for your ignition system, its advertisers claimed.

Call For Help  
When Sputnik's beep became a feeble peep on Oct. 4, most scientists agreed its batteries were about gone. All they heard on the frequency of 30 megacycles, Sputnik's sending level at the time, was a lot of QRM. That, any ham will tell you, is the trade name for static.

But other listeners stayed tuned in patiently on the faltering Russian orb and deciphered the static into a message that made sense on the low frequency band.

It read: "CQ, CQ, CQ. de Sputnik, Sputnik, Sputnik, send ADX." Freely translated it read: "Hear this, anyone, this is Sputnik, please send ADX."

Vanguard Lesson  
Fred J. Friel, manager of field operations for tracking and guidance of the Vanguard Project, the Navy's satellite job, told about Sputnik's mystery jammer. Friel was here to speak to the local chapter of the Armed Forces Communications and Electronics Assn. Friel said the best practical lesson learned by this nation's satellite scientists is that the radio signals sent back by the Vanguard should prove much stronger than the Sputnik's. The Sputnik came through the ionosphere at 40 megacycles, less effectively at 30 megacycles and the Vanguard's 108 megacycles should really ring the decibels, Friel said.

## Soil Bank Reserve Program Will Pay

WASHINGTON (UP)—The Agriculture Department has announced that farmer's participating in the government's soil bank reserve program will get slightly higher per-acre payments next year.

But it said there will be fewer acres in the soil bank in 1958 than were set aside under this year's program.

The department has set a 1958 goal of a minimum of 11,400,000 acres for the program. The acreage reserve goal this year ranged from 20 to 25 million acres.

The 1958 rate per acre, compared with the 1957 figure: Wheat, \$20.85; \$20.94; cotton, \$52.97; \$54.15; corn, \$44.46; \$42.66; rice, \$67.79; \$63.18. The tobacco rates will remain the same as this year.

The department said farmers may begin signing up for the program on Jan. 13. The deadline is March 7.

BOCA RATON, Fla. — John S. Knight, president of the Knight newspaper chain, praising the nation's press for courageous exposure of racketeering in government and labor:

"At no time in the history of journalism have professional standards been so high. . . editors worked so constructively for community betterment."

# Edwardian Look

By ALFRED LEECH  
United Press Staff Correspondent  
CHICAGO (UP)—Custom tailor Lawrence Pucci Jr. says men who ridicule feminine fashions should take a look at themselves.

The Ivy League look was bad enough, said Pucci, president of the Association of Custom Tailors and Designers of America.

But now comes the "Edwardian look."

This consists of narrow cuffed pants with belted backs and narrow jackets with cuffs on the sleeves. A fashion note proclaims that these duds will be worn by "style conscious men as an assertion of their individuality."

"Ludicrous," said Pucci, who makes clothes for some of America's best dressed males.

"Here we are in the dawn of the space age, with Sputniks circling the earth, and we're digging back into the fashion attic to don grouse hunting suits."

"Clothes like these should be worn against a backdrop of castles and manor houses."

He conceded that Ivy League garb might be permissible for "boys in school," especially if the school has ivy-covered walls or Gothic architecture.

But a man stepping into a turbo-jet plane or a new sports car looks foolish in "horse and carriage" attire, Pucci said.

"Surrounded by modernity, we're trying to dress like Diamond Jim Brady or Sherlock Holmes," he said. "It's an idiotic affectation."

There is a "crying need for original thought" in men's attire, Pucci said.

The ideal suit, he said, could

be worn anywhere, regardless of season, climate or occasion.

"A businessman who starts his day in Chicago or New York may well finish it in San Francisco, Miami, or Toronto," he said. "So his clothing should be that adaptable."

"He should be able to attend the theater one night, a cocktail party the next afternoon and a prize fight that night, wearing the same suit."

But before we reach this ideal, Pucci said, we may have to shed some foibles like neckties, lapels and shoes that lace in the archaic manner of a Roman sandal.

NEW ORLEANS — Rep. F. Edward Hebert D-La., on General Motors Corp.'s offer to repay \$0.7 million which Hebert said they had overcharged the government for jet fighter planes:

"The American people can draw their own conclusions. . . in the history of this committee, it is the first time I have ever heard of a corporation making such an offer in cold cash."

WASHINGTON — Former President Truman, on President Eisenhower's missile speech of last week:

"A right good speech. Now I want to see some action."

MIAMI BEACH — Dr. Mason Trupp, suggesting that many of man's headaches and brain ailments are caused by his lack of a waggable tail and can be cured by a tall nerve operation:

"Even though evolution has deprived man of his tail, he has not lost the desire and compulsion for wigging it."

# Army Is Trying To Solve Old Tactical Query

WASHINGTON (UP) — The Army today is trying to solve an old tactical problem: Did Gen. George Custer lose his heart to a "camp follower" before he lost his scalp at the Little Big Horn?

William J. Donohoe, the Army's security review officer, said that romance had nothing to do with Custer's defeat in 1876 by the Cheyenne and Sioux Indians of Sitting Bull and Crazy Horse.

"They lost their heads at Little Big Horn," Donohoe said, "but it certainly wasn't over a woman. The experts all tell me there is absolutely no evidence that a woman was with the government troops at the time of the massacre."

The question of Custer's romantic inclinations popped up when Vice Adm. John M. Hopkins, the Pentagon's declassification chief, told a House subcommittee there was absolutely nothing secret about Custer's last stand.

This was followed by published reports quoting one of the Admiral's aides as saying that Custer had an interest in a camp follower of "a very amorous type."

These reports also said the Army never disclosed the fact because officials didn't want to hurt Custer's widow. When Mrs. Custer finally died many years ago, this account said, no one seemed interested.

Taking Hopkins at his word, the United Press sought and received permission from Donohoe to examine a 700-page stenographic record of a court of inquiry held in Chicago into the conduct of Maj. Marcus A. Reno who survived the campaign.

The record detailed how Reno and a fellow officer, a Capt. Bentzen, either failed or were unable to come to Custer's relief, leading some historians to blame them for the defeat. But there was nary a mention of any camp follower.

# \$500-A-MONTH FOR LIFE

Plus 2 New "MONEY-AHEAD" PLYMOUTHs every week for 9 weeks  
450 other valuable prizes

## Plymouth "MONEY-AHEAD" CONTEST

Fantastic? It's mighty near unbelievable! But true — just read this:  
You can win \$500 a month for the rest of your life. You can win a gleaming new "Money-Ahead" '58 Plymouth. You can win other valuable prizes.

It's the Plymouth "Money-Ahead" Contest, where a lifetime of financial security is ripe for the taking. Few things are more substantial than money, and a lot of money is the grand prize. But this is a contest where you can win big without hauling down first prize . . . for 18 sparkling new Plymouths and 450 other valuable prizes will be awarded. Now here's what you do:

Go into your Plymouth Dealer's and ask him for a contest blank. You don't have to be a mental giant to shoot for the big money. This contest is fun, and it's easy.

You simply unscramble seven easy words and terms, like the one you see in the example to the right. Then add your own short version of why you'd be money ahead in a '58 Plymouth. Believe us, there are plenty of good reasons you can use: Torsion-Airs, Total-Contact Brakes, Silver Dart Style, Push-Button Driving, new Golden Commando engines, etc.

Unscramble or scramble — but you better not amble — to your Plymouth Dealer soon. The fun starts Monday, Nov. 25.

Spreads a magic carpet over bumps.

# Seminoles Overpower Lakeview Squad 20-6

**By JERRY COVINGTON**

The fighting Sanford Seminoles continued their winning ways Friday night by defeating a young Lakeview team 20-6. The Seminoles scored in all but the last quarter in winning their third consecutive game and sixth of the season. The record now stands at 6-1 for the season with games against DeLand, Cocoa and Bishop Moore remaining.

With Cecil Dandridge calling the shots, Bob Johnson, Johnny Yeackle, and Eddie Barbour were very impressive with the offensive duties. Johnson raked in two Lakeview passes for plenty of yards—two to set up the first score. Yeackle also received his biggest

thrill of the year when he took the second half kickoff on the 15 and went all the way for pay dirt. Barbour's best play came in the second period when he took a flat pass and went 35 yards to set up the second TD. Dandridge kept the Red Devils deep in their own territory by punting for 35 and 28 yards in two tries.

Allan Swaim led the defensive attack with six tackles and two assists. Billy Tyre, Mike Tammy, Dave Stanley, Ronnie Russel and Harold Stone balanced out the defense with several tackles each. The defense was, again, flawless—the lone TD was scored on a pass.

period with Sanford kicking. Lakeview tried two plays up the middle but failed to move. On the third down, Bob Johnson gobbled up a pass attempt and took it to the Red Devil 20. On runs by Yeackle, Barbour and Johnson, the Seminoles moved inside the 10. Two plays later, Johnson went off left tackle for the first TD. On the point attempt, the center was high and wide so Tyre could not get it off.

In the second period, Lakeview could not move and was forced to kick. Dandridge took the ball on the keeper and picked up the first down. After being stopped on three plays a kicking situation presented itself. Dandridge removed his shoes, dropped back to kick, and hit Barbour in the flat. Barbour fought away from three tacklers and went 35 yards to the 20. Yeackle carried to the four on two plays but was unable to go over for the TD. On third down, Johnson scored from the three—his second of the night. Tyre kicked a shot right through the middle and the score stood 13-0.

Sanford kicked and the Devils proceeded with the passing. Mike Tammy raked in a pass to the left and the Seminoles took over. Just before the end of the half, Al Collins broke through for a 15 yard gain and a first down. Second unit quarterback, John Allred, went in to call the action and was injured on a roll out play. Johnny was hospitalized and the extent of the injury, at the time of this writing, was not known.

To begin the second half, Lakeview kicked to the Seminoles. The kick went to Yeackle, got away momentarily, then he proceeded to roll. He finally got the ball on the 15, picked up several nice blocks, and galloped all the way. This was indeed, the outstanding play of the game. For the last two games, Johnny has had rough luck getting started, but this time he ran more than made up for it.

At the beginning of the last period, Bob Johnson picked up 25 yards around right end. It moved the ball within striking distance but the Red Devils dug in. Dandridge was hit hard and fumbled so the Devils took over. In desperation, they started passing. They only hit four for 13 throughout the contest but one was good for a score. With the ball on the twenty the quarterback threw to the end in the end zone for the host's only score. Shortly after the Lakeview TD Sanford failed to move and had to punt. Lakeview, again, started to pass but this time they weren't quite so fortunate. Johnson grabbed another one and ran the ball 23 yards to the 18. In turn, Lakeview intercepted a Dandridge pass and the game ended in mid-field.

JOHN ALLRED, second unit quarterback, was injured in Friday night's game and hospitalized. (Photo by Bergstrom)

SPEEDY HALFBACK, Johnny Yeackle ran a 85 yard kickoff back for a TD. (Photo by Bergstrom)

## Today's Sports Parade

**By OSCAR FRALEY**  
United Press Sports Writer

**NEW YORK (U.P.)**—On the threat of losing his franchise in the expert club, I'm acceding to the demands of practically no one to-day and naming Fearless Fraley's All-America football team for 1947.

These guys now probably will be ignored by every one else in the nation—including my underworked barber who is announcing his team this week at the canardis coliffure conclave. The fact that I have seen absolutely none of them is to be ignored.

So here they are: Ends: Dick Wallen, UCLA, and Jim Phillips, Auburn.

Tackles: Alex Karras, Iowa, and Lou Michaels, Kentucky. Guards: Roy Hord, Duke, and Al Ecuery, Notre Dame. Center: Don Stephenson, Georgia Tech.

Backs: John Crow, Texas A&M; Clendon Thomas, Oklahoma; Walt Kowalsky, Michigan State; and Dan Clark, Ohio State. Names Second Team

The second team, just in case you're still with me, includes: ends, Jim Gibbons, Iowa; and Dave Kaiser, Michigan State; tackles, Charley Krueger, Texas A&M; and Bob Reifnyder, Navy; guards, Aurelius Thomas, Ohio State, and Bill Johnson, Tennessee; Center, Charley Bruckman, Pitt; and backs, Bob Anderson, Army; Tom Forrestal, Navy; Jim Shanley, Oregon and Jim Pace, Michigan.

## Mantle Is 'Most Valuable Player'

**By JOHN GREFFIN**  
United Press Sports Writer

**NEW YORK (U.P.)**—Mickey Mantle, who lost all the pieces of his batting "triple crown" but put on a brilliant all-around performance, edged out Boston's Ted Williams to win the American League's "Most Valuable Player" award.

The New York Yankees' "belting beauty" gained the decision from the Baseball Writers Association for the second straight year with 223 points against 209 for Williams and 205 for Roy Sievers of the Washington Senators.

That's one of the hottest voting races in the history of the award and makes muscular Mickey of Commerce, Okla., the fourth man to win the award two straight years.

**Had Rough Season**  
The honor comes as the dramatic climax to a year that saw Mantle overcome assorted leg ailments.

while Wallen is only six feet and 185 but is a growing lad of a mere 20.

**Pensacola Spring Training Camp For Athletics**

KANSAS CITY, Mo. (U.P.)—Pensacola, Fla., has been chosen as the spring training camp for the Kansas City Athletics' farm team.

Hank Peters, Athletics farm director, has announced that the training camp will be moved from Huntsville, Tex., next spring.

Peters said the training camp would set up administrative headquarters in the Casino on Santa Rosa Island in March with 25 administrative personnel working out of the office.

The nearly 200 players will be housed in motels on Santa Rosa Island. Practices will be held on four diamonds, the Municipal Stadium, two in Legion Park and one at the Municipal Naval Base.

The camp is expected to open about March 10.

**PLAN ALTERED STADIUM**

TORONTO (U.P.)—Officials of the Canadian National Exhibition have approved expansion of the grandstand at the sports stadium on their grounds, making the stadium suitable for football and soccer.

**CATLIN BACK TO BROWNS**

CLEVELAND (U.P.)—Linebacker Tom Catlin, a Cleveland Brown regular in 1963 and 1964, has returned to the active list from Air Force duty. Stan Sheritz was released to make room for Catlin.

It's time for

**Report Shows AF Told Satellite Would Be Launched**

WASHINGTON (UP) - A re-  
 By NEIL MACNEIL.

United Press Staff Correspondent  
 search firm doing top secret work  
 for the government advised the  
 Air Force last June 21 Russia  
 would launch an earth satellite  
 probably on Sept. 17.

Russia launched Sputnik No. 1  
 A copy of the report to the Air  
 Force, made by the Rand Corpora-  
 tion of Santa Monica, Calif., was  
 made available to the United  
 Press. The concern is an inde-  
 pendent non-profit organization do-  
 ing secret research and develop-  
 ment including contracts with the  
 Air Force and Atomic Energy  
 Commission.

Contained Dog Sketch

The 21-page report summarized  
 recent Soviet publications which,  
 the Rand Corp. study said, indi-  
 cated the Russians were about to  
 send a satellite into orbit around  
 the earth. The report, given to the  
 Air Force June 28, contained a  
 sketch of a dog harnessed for  
 space flight.

The Rand report based its esti-  
 mate of the Soviet satellite launch-  
 ing on Russia's announced in-  
 tention to put several satellites into  
 orbit and the announced postpone-  
 ment of the U.S. satellite launching  
 until March, 1958.

Great Propaganda Value

"The prestige and propaganda  
 value to be gained from a premier  
 launching of an earth satellite,  
 whether instruments or not, un-  
 doubtedly present a circumstance  
 for too attractive for the oppor-  
 tunists in the Kremlin to ignore,"  
 the report said.

U. Rep. John E. Moss (D-Calif.),  
 chairman of a House Informal  
 subcommittee, sharply criticized  
 the Air Force for failing to act on  
 the warning and for following a  
 "public be damned" information  
 policy in not alerting the American  
 people.

The Rand report also warned  
 that Russia's interest in space  
 flight is "not merely academic or  
 superficial but is as serious and  
 purposeful as interest can be in a  
 subject that is sponsored to the  
 hilt by a ruthless totalitarian re-  
 gime."

# Carriers To Take Last Of Troops Out Of Little Rock Tomorrow

LITTLE ROCK, Ark (UP) — Giant C-119 Troop Carriers will take out of Arkansas Wednesday the last 200 troops of the 101st Airborne Division, who made it possible, with bare and ready bayonets, for nine Negroes to attend Central High School. The job of protecting the Ne-

groes will be turned over to 900 National Guardsmen, federalized by President Eisenhower when he ordered in the paratroopers, but still residents of Arkansas. Because of the Thanksgiving holidays, which begin Wednesday, the first possible test of the quality of protection of the National

Guardians will come next Monday. In command of the National Guardsmen is Maj. Gen. Edwin Walker, a regular Army officer and commander of the Arkansas military district. See Violence Gov. Orval Faubus does not

think all the troops could leave now without violence. "If I had to hazard a speculation, it would be that some federal force will have to remain at the school until the end of the term if the Negroes are still enrolled," Faubus said. "If the Negroes are still enrolled," may spring from reports that the NAACP at mid-term will give the Negro children a choice of dropping out and attending a segregated school, or remaining. This, Mrs. L. C. Bates, president of the Arkansas Chapter of the NAACP, bitterly denies.

Tension Still Present Under the surface, there is still plenty of tension in Little Rock. There are scattered reports of incidents between white students and the Negroes. School officials deny some and confirm others. Principal J. W. Matthews appears annoyed because he figures

the Army is "leaking" information about conditions in the school. "It will be difficult when the Army leaves," he said. "Conditions have gradually improved until there is a strong program followed by superintendent Virg

said. "That is the only thing I am interested in," he said. Most white students pay little attention to the Negroes. One white boy said he feels that a majority of the white students has adopted the same attitude as "Get an education and get

## Board Delays Decision On Fire Insurance

The Board of Sanford City Commissioners went round and round in their discussion last night regarding lower fire insurance premiums, additional expense to the city, and annexation. The discussions were touched off by a report from City Manager Warren E. Knowles relative to a Southeastern Underwriters Survey to determine if the city could receive a better rating and thereby lower fire insurance premiums. Increase in appropriations necessary to operate the fire department should present boundaries continue to exist added additional discussion relative to canceling agreements for fire protection outside of the city and for a more aggressive annexation program. "I am not satisfied with our annexation program at the present time," Mayor David Gatchel said, and added "we should have a planned program for right now we don't know what we want to annex."

Commissioner Earl Higginbotham expressed his displeasure over the proposed requirement for lower fire insurance premiums. "This fellow is setting up a lot of frills that are not essential," he said. "I read that thing and it's fantastic."

Commissioner A. L. Wilson commented "if you put fire protection on a dollar value it would be you need it or you don't need it."

Commissioners agreed to wait until further figures as to benefits and cost could be analyzed. Discussions on the proposal will continue at the first meeting of commissioners in December.

Commissioners also discussed the Recreation Director and his status on the basis of being under the Civil Service Commission. Commissioner Marie Warner stated "good or bad, we would have to keep him."

City Manager Knowles stated "if you get a sorry man no one is responsible but the City Commission because you're going to hire him."

"We have a job choosing the right man—one with personality, attractive to children and adults, and with ability to produce a progressive program."

Dr. T. F. McDaniel was appointed City Physician by commissioners last night contingent on a salary agreement.

Commissioners also unanimously approved a resolution expressing gratitude for services rendered.

with the Seminole County Chamber of Commerce and announce that the Library will open by a reception at 4:30 P. M. on Friday, December 6.

It was no small task to prepare for this functioning of the library. These old and valuable books had been stored for many years in Derby, Connecticut. They were in a number of languages. They needed proper cataloging. Suitable shelving had to be built. The building had to be heated. A talented librarian had to be found.

There was much correspondence with the Library of Congress. Most if not all of the books are one (Continued on Page 10)

# Evaluation Report Due On Ike's Health

## \$800 Damage Seen In 3-Car Crash On Highway 17-92

A three-car crash at the intersection of Highway 17-92 and State Road 438 resulted in property damage estimated at \$800. Trooper T. Mark Mack, investigating officer, reported that there were no injuries in the smash-up which blocked one lane of traffic on the four lane highway temporarily, during rush-hour traffic at 5 p. m. yesterday.

Henry Gordon, 52-year-old Sipes Ave. Negro was charged with violation of right-of-way.

According to Trooper Mack, Gordon, driving a 1955 Chevrolet passenger automobile attempted a left turn across Highway 17-92 to State Road 438 when he collided with a 1957 Chevrolet driven by Edward Hale Brown, 66-year-old Seaboard Airline employee of Jacksonville.

The force of the impact when the two cars met smashed the 1955 Chevrolet into a 1958 Plymouth which had stopped at the crossing's stop sign. The third car was operated by Mrs. Leona Weaver, 41, of Longwood.

Damage to the Plymouth was estimated at \$100 and \$350 damage to the Chevrolet.

## 8 Bid On Proposed Low Rent Housing

Bids were opened this morning at 10 o'clock by the Sanford Housing Authority for the proposed construction of an additional public housing development here. Apparent low bidder for the 30-unit Cowan - Moughton Terrace was A. B. Newton and Co. of Valdosta, Ga. for \$333,330.

There were eight bidders on the proposed construction to be located "just west of Edward Higgins Terrace."

Other bidders were: Arra Construction Co., Orlando, \$345,000; C. A. Fielland, Inc., Tampa, \$397,000; J. C. Harper Construction Co., Winter Park, \$430,000; H. J. High Construction Co., \$374,964; Morton Schiff Co., Orlando, \$359,700; E. A. Scott and Sons, Americus, Ga., \$379,000; and United Builders, Orlando, \$330,779.

John Burton, Jr., architect for the Sanford Housing Authority and the proposed new low rent housing project, told the eight bidders that the low bid was over the amount allotted for the project.

Each bid was accompanied by a five per cent bid bond with the exception of the low bidder who enclosed with his bid a certified check for \$18,000.

Gordon Bradley, executive Secretary of the Sanford Housing Authority said this morning, following the opening of the bids that he did not know exactly what steps would be necessary to secure additional funds for the project.

Bids for a Negro low rent housing development in Oviedo were opened at 10 o'clock this afternoon.

## State Officials To Look Into Docks Terminals Project

State officials representing the Internal Improvement Funds will be in Sanford this week to look into the Docks and Terminals project.

City Manager Warren E. Knowles advised commissioners of their last night's session that "members of the State Development Commission will be in town this week to secure information relative to plans for the Docks and Terminals Project."

Commissioner F. D. Scott told commissioners "we must create a good first impression for it is the only way, I think, that we will build the terminal."

Plans were set for the full board of commissioners to meet with state officials here in Sanford as details of the improvement are gathered to report further in Tallahassee.

## Memorial Library To Open Dec 6

The Henry Shelton Sanford Memorial Library and Museum building was dedicated last February but it has taken ten months to prepare it for use by the general public and by library students.

Now President Frank Evans, Vice President Randall Chase and General J. C. Hupchison, chairman of the Board of Managers, have cleared the date.

Additional Local News On Page 10

## Jaycees Urged To Meet Tonight With Longwood

Local Jaycees are urged to meet tonight with members of a new Jaycee organization in Longwood, M. L. Raborn Jr., president of the Sanford-Seminole County Junior Chamber of Commerce said today.

Raborn said that tonight's meeting will be held at the Longwood Library at 7:30 p. m.

"It is a joint meeting," said Raborn, "and we would like to have as many local members present as possible."

# U.S. Nears-Zero Hour For Satellite Launching

WASHINGTON (UP)—The United States drove today toward a zero-hour-possibly next week—for launching its first tiny earth satellite.

Sources close to the Navy Vanguard project reported all in readiness at the Cape Canaveral missile range for the space shot with six-inch test "moon." But they said variable factors, such as weather, made the setting of an exact date impossible. The firing is scheduled for next month.

The disclosure came after a "chill" forced President Eisenhower to cancel tonight's third "chins up" speech on national security. The President also was to have been shown "some very significant" rocket-missile research results after the speech at Cleveland.

The display, prepared by the National Advisory Committee for Aeronautics, included examples of engines and high energy fuels to throw new emphasis on America's effort to catch up with the Soviets.

Will Query Hagan

Meanwhile today the Senate Preparedness Subcommittee planned in its far-reaching investigation to get more information on the U. S. satellite program from Vanguard director Dr. John P. Hagan. Scientists Dr. Vanguard Bush and Dr. Edward Teller, "father" of the H-bomb, called Monday for a missile speedup. Bush said "damaging" inter-service rivalry had hampered the program. Teller said the Russians have or will have shortly a ballistic missile accurate enough to hit an American city.

The President, who was scheduled to attend a North Atlantic Treaty Organization "summit" meeting in Paris next month, urged a group of NATO scientists Monday in a message to serve as a model for "practical and productive cooperation."

Gen. Nathan F. Twining, chairman of the Joint Chiefs of Staff, told the same group Russia is "steadily" closing the gap with the military superiority held by the free world.

Must Be Ready

"If war is thrust upon us," he said, "we will have to win it with the weapons in hand. Time will no longer be available to marshal our resources."

In an interview Monday night, Air Force Secretary James H. Douglas declared this country has no evidence Russia could "attack in the near future with intercontinental ballistic missiles."

Navy Vanguard scientists plan to shoot a fully instrumented satellite into orbit in March. But the Army, which was ordered to back up the project, may attempt to launch one in January with a Jupiter-C rocket.

For the baby moon firing which may be made next week, the Vanguard project has already successfully tested all three stages of its rocket. If it goes into orbit, the launching of other test globes will be abandoned and attempt will be made in January to put up the 20-lb. instrumented satellite.

The U. S. Atomic Energy Commission's newest traveling exhibit now touring the country under the sponsorship of the National University Extension Association and the National Junior Chamber of Commerce, showings throughout Florida are being handled by the State Extension Department of Florida and the Florida Junior Chamber of Commerce.

Here in Sanford, the showings of the "Atoms for Peace" exhibit are being arranged by the Sanford-Seminole County Jaycees.

Visitors to the exhibits will, in a relatively short period of time, obtain a comprehensive picture of the many ways in which the peaceful atom is playing a more and more important role in our everyday life. A series of panels, several of them operated by the speaker himself, explain research and development in the atomic-energy field, ranging from the mining and refining of radioactive ores to the construction of nuclear reactors designed to provide electric power.

In addition, the visitor will learn some of the many uses of radioisotopes — in medicine, agriculture, and industry. The exhibit also contains actual samples of radioactive ore, simulated fuel elements, reactor control rods, radiation-detection devices, and other materials.

During its visit, the "Atoms for Peace" will be located in downtown Sanford. There will be no admission charge and every resident of Seminole County is invited to visit the exhibit for an informative glimpse of the peaceful atom.

## Farm-City Week Has Competitors Says Rotary Guest

Farm-City Week, now being observed nationally, has much competition, was the statement of Forrest E. Myers, assistant to the director of the Florida Agricultural Extension Service with headquarters in Gainesville at Monday's Rotary meeting.

Some of the weeks being called to the attention of the public at this very moment, the speaker said, were National Apple Week, National Popcorn Week, National Pretzel Week, National Honey Week, Anti-freeze Week, Better Baked Turkey Time, Gift Cheese Shopper Time, National Fresh Cranberry Week, National Baking Week, Holiday Egg Nog Time, Cat Week and "for some reason I can't explain," Myers said, "National Bird Caps Week." Other (Continued on Page 10)

## United Fund Campaign Now Totals \$23,602

Contributions over the week brought the total amount of the United Fund to \$23,602. It was reported this morning by Roy F. Mann, campaign treasurer. Of this amount, the Negro donation headed by Dr. George H. Starke as chairman and Alma Hurston as treasurer, contributed a total of \$1,378.16.

The following additional contributions in the 325 group: T. E. Tucker, Mr. and Mrs. Warren E. Knowles, Mr. and Mrs. L. P. Hagan, Mr. and Mrs. Roy Wall, Mr. and Mrs. S. T. Mullen, Mr. and Mrs. I. M. Anderson, Mr. and Mrs. Joseph Smith, Mr. and Mrs. L. R. Rubanks, Wilson-Eichelberger Mortuary and also The Ritz Theatre, \$50, and Brisson Funeral Home, \$35, are included in the above listed total.

## Atomic-Energy Exhibit To Be Here

The exhibit is one of four "Atoms for Peace" mobile units now touring the country under the sponsorship of the National University Extension Association and the National Junior Chamber of Commerce. Showings throughout Florida are being handled by the State Extension Department of Florida and the Florida Junior Chamber of Commerce.

Here in Sanford, the showings of the "Atoms for Peace" exhibit are being arranged by the Sanford-Seminole County Jaycees.

Visitors to the exhibits will, in a relatively short period of time, obtain a comprehensive picture of the many ways in which the peaceful atom is playing a more and more important role in our everyday life. During its visit, the "Atoms for Peace" will be located in downtown Sanford. There will be no admission charge and every resident of Seminole County is invited to visit the exhibit for an informative glimpse of the peaceful atom.

## New Patrolman Is Assigned To Local Area

A new Florida Highway Patrolman has been assigned to Seminole County to assist in the control of traffic in this area.

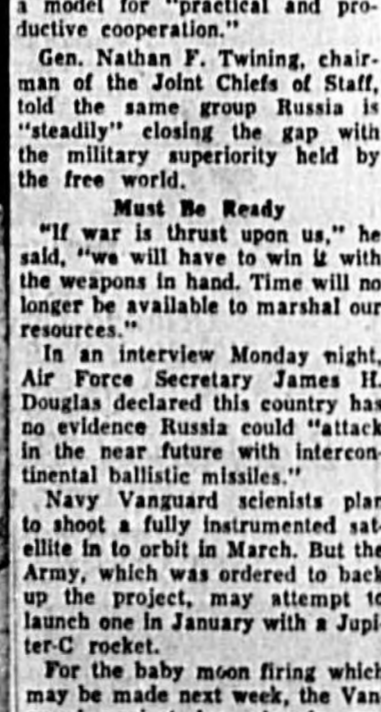

James Lester Sikes, who has just completed the last patrol school is now in Sanford to bring the local complement up to three. Sikes, 25, is married but has no children.

He is presently residing at the Montezuma Hotel.

Already in Seminole County with the Florida Highway Patrol are Trooper T. Mark Mack and Patrolman Olan Garrett.

THESE ARE SOME OF THE pictures, C. Russell Mason, Executive Director of the Florida Audubon Society, told Seminole Audubon Society members at their meeting last night, as he described a "Caribbean Tour." Shown in the picture are; Mason, Miss Adele Moore, president of the local organization, Mrs. A. G. Wark, secretary, Mrs. H. C. Hetzel, recording secretary, and Mrs. Frank Lieske, treasurer. (Staff Photo)
