United Way Launches Drive With \$500,000 Goal

With a record goal of \$500,000, the United Way of Seminole launched its month-long campaign today with a total of \$16,116 raised to date, according to campaign chairman Dave Joswick.

The kick-off breakfast for campaign volunteers held this morning at the Eastmonte Civic Center in Altamonte Springs took on the air of a pep rally when the award-winning Lake Brantley cheerleaders bounded in to cheer on the United Way "team."

Also adding cheer with a personal appearance was Cindy Carnes of Casselberry, who is

honorary spokesman for the tri-county Central Florida "Heart of Florida" United Way Campaign and honorary chairman of the Seminole Special Gifts Division. Miss Carnes is a client of the Seminole Work Opportunity Program (SWOP) in Sanford, a United Way of Seminole agency.

Joe Knapp of United Technologies, head of the Industrial Division, reported the first industry gift is a \$2,500 corporate gift from Sunniland Corporation of Sanford.

Ivan Bowers, heading up the Education Division, reported \$1,100 to date from county school employees.

Joe Loeber reported for the Retail Division a total of \$7,711.60— \$7,200 raised to date from the Altamonte Mall Sears United Way drive and \$511.60 from the six employees at Kuppenheimer's Men's Store at the Altamonte Mall.

A total of \$4,800 was raised at the United Way of Seminole golf tournament held at Sabal Point Golf Club, according to the tournament chairman, Bruce Cox.

Joswick introduced Bob Blumentritt, administrator of South Seminole Community Hospital, as chairman of the new Medical Division. New

to the area Blumentritt was active in several United Way campaigns before coming here. He said that hospitals in the county are already beginning their United Way drives and he is contacting doctors and dentists.

Other division heads introduced were Gary Earl, Government Division; Kenny Cone, Commercial Division; and Robert Whitehall, Financial Division.

With a goal of \$450,000 last year, about \$440,000 was raised, according to Bob Walko, Seminole United Way executive director.

Band's Pizazz Nets Macy's Parade Slot

Pattishall To Be Event's 1st Female Band Director

By Rick Brunson
Herald Staff Writer

On Thanksgiving Day, the Lake Mary High School marching band will high-step its way through the streets of New York City and into the living rooms of millions of American homes.

The 243-member band is one of only 12 bands nationwide to be featured in the Macy's Thanksgiving Day parade, according to Ruth Schwartz, vice president of public relations for the New York department store.

And as a consequence, the band's director, Terry Pattishall, will become the first woman to direct a band in Macy's parade.

Macy's selected the Fighting Rams' band last year after reviewing about 300 applications. Schwartz said the company's special projects board listened to a cassette tape of the band, viewed a video tape of one of its performances and sent a representative to Lake Mary to see it in action.

Pattishall said Macy's was impressed by the group's sound and flashy red, white and black uniforms.

At once, she said the band began selling everything from cheese to candy to raise the \$115,000 needed to make the trip.

In addition to conventional methods of fundraising — car

washes and collecting newspapers — Pattishall says the band has done different odd jobs to pull in the \$70,000 it has so far. Band members once blew up 10,000 balloons for a convention for \$1,000. They have also collected green stamps: getting \$2 for each filled book.

Still \$45,000 short of its goal, Pattishall says more sales and drives are planned between now and Nov. 21 when the band takes off for the parade and a three-day tour of the Big Apple.

"I think it's a once in a lifetime chance," said Kim Schneider, the band's 17-year-old xylophone player.

Tuba player Houston Chapman, 15, said he is looking forward to the trip because "nobody in my family has ever been that far from home — except my dad, who was in the war."

Beside fundraising, the band keeps a rigorous practice schedule. The 160 instrumentalists and 83 flag corpemen and dancers stay after school twice a week and squeeze in extra sessions before games and competitions. Many also take lessons on their own.

"The kids are talented," Pattishall said. "They work hard and their parents are supportive."

The band has consistently scored high at state competi-

Herald Photo by Rick Brunson

Terry Pattishall is Lake Mary's "#1 Band Buddy."

tions, she said. The band is successful because it is "colorful, exciting and enthusiastic."

The students attribute a lot of their success to Pattishall.

"She's a great director," Chapman said. "She really knows what she's doing."

Chapman adds that "she's not like a lot of other directors — mean and fierce." But rather, she is "kind" and "honest," he said.

Pattishall says she is strict and demanding but adds that "anything worth doing is worth doing well."

Being the first woman band director in the Macy's parade is not that significant, Pattishall said.

"I figure the rest of the women band directors are smarter than me," she says nonchalantly. "They know better than to go to New York with 240 kids."

No Challengers

2 Re-Elected In Altamonte

By Donna Estes
Herald Staff Writer

Altamonte Springs Mayor Ray Ambrose and City Commissioner Lee Constantine won reelection Monday when the candidate qualification period passed in the city Monday with no one qualifying to run against either in the Nov. 6 city election.

The only contest slated for the Altamonte Springs ballot was for the city commission seat held by Bob Reis being challenged by former city civic center director Eddle Rose.

However, Commissioner Bette Griffith resigned the city commission post she has held for the past 10 months creating a vacancy on the governing body.

City Manager Phil Penland said Monday Mrs. Griffith submitted her resignation for health reasons and on orders from her doctor.

Penland said he will recommend to the city commission at its meeting today that a candidate qualifying period be opened for candidates to fill the one year remaining in Mrs. Griffith's term of office.

He said he will urge that Mrs. Griffith's post also be filled in the Nov. 6 city elections.

Meanwhile Ambrose has won a second three-year term as mayor while Constantine has won his fourth two-year term in office.

Reis is seeking a third two-year term.

In Casselberry, where the candidate qualifying period closed Friday, six candidates have qualified for the three council seats up for election Nov. 6.

Incumbent Carl Robertson, who has served as council chairman for the past two years, elected to that post by his colleagues, is being opposed for seat 3 by Gloria Smith, a homemaker. Robertson has served on the governing body for three two-year terms.

Challenging incumbent Frank Stone, a former city firefighter who is completing his first term in office, is former three-term

Ambrose Constantine

city councilman Frank Schutte for seat 2.

Stone unseated Schutte in the 1982 city election.

Incumbent seat 1 council member, Richard Russo, also completing his first term, is vying with Bill Ritter, a city builder, in his bid to continue in office.

This election will be the first Casselberry is holding in November, in accordance with a charter change approved by the people last year.

In Winter Springs where the mayor's office is up for grabs as well as two city commission seats, incumbent Mayor John Torcaso is opposed by former commissioner Martin Trencher.

Incumbent Burley "Buck" Adkins is being challenged by political newcomers, Lawrence Cera and Arthur Hoffman for Seat 2 while incumbent Bill Jacobs is vying with Ray Bradshaw, former city public works director and building official.

Winter Springs City Clerk Mary Norton said winner for commission seats are chosen by plurality — the one receiving the highest number of votes. There will be no runoff election, she said, unless candidate vying for one office receive a tie-vote.

Terms in Casselberry are two years and Altamonte Springs commissioners serve two year terms while the mayor's term is for three years. In Winter Springs, terms are three years.

The voter registration books for the three cities will close on Oct. 6.

Flying United Way

Dressed appropriately for the Fly Sky High theme of Central Florida Regional Hospital's United Way campaign, Red Baroness Diane Feddersen, R.N., left, holds helmet as "Heart of Florida" campaign poster star Cindy Carnes draws names for prizes during the hospital's United Way kick-off breakfast Monday.

Ex-Wife Says Mayor-Elect Behind In Child Support

Lake Mary Mayor-elect Richard "Dick" Fess is being taken to court by his ex-wife for alleged late child support payments.

A petition for enforcement of support was filed by Linda Fess Sept. 9 in an attempt to get payments she said were five weeks late.

Court records show Fess, who has been married and divorced twice, is \$170 behind on his alimony/child support. When the two were divorced in March last year, the judge ordered Fess to pay \$250 in alimony per month for two years. He was also ordered to pay \$85 a week to support the couple's 5-year-old son, Brad.

A hearing was scheduled for today at the Seminole County Courthouse.

Mrs. Fess, 25, resides in Altamonte Springs with Brad. The mayor-elect, 39, lives in Lake Mary with his 12-year-old daughter, Lisa.

Lawmen Hunt Escaped Killers

LANSING, Kan. (UPI) — Lawmen concentrated their search in northeast Kansas today for five dangerous convicts, including three murderers and a rapist, who escaped from a maximum security prison by crawling through an air shaft.

Randall Buford, deputy director at the Kansas State Penitentiary, said reports of sightings indicate the five inmates probably split up.

"[That] can be good because if they're not together, maybe they won't do something stupid," he said. "When

they're together, sometimes they're more likely to do some stupid things, show a lot of bravado."

The convicts escaped early Monday by crawling through an air shaft and dropping more than one story to freedom outside the prison walls.

More than 90 officers, backed by bloodhounds and spotter aircraft, concentrated their search near Leavenworth County in the rolling hills of northeast Kansas.

See ESCAPE, page 3A

State Stops Citrus Harvest And Shipments

WINTER HAVEN (UPI) — Florida has stopped lemon and lime harvesting temporarily and banned citrus shipments within the state to fight the spread of a canker disease threatening its billion-a-year citrus industry.

Agriculture Commissioner Doyle Conner said after issuing the new bans Monday that the tree-killing disease has been found only in nurseries, but added it will be "luck" if it doesn't spread to commercial groves.

Limited shipping permits issued earlier in the month were voided by state and federal officials until groves are re-inspected and certified as disease-free.

The grove re-inspection program began immediately and Bobby F. McKown of the Florida Citrus Mutual said "I see very little disruption" from the temporary halt in harvesting.

Florida's grapefruit and orange picking season doesn't get into full swing until early November and officials said inspection priority will be given to growers whose crops are approaching harvest.

When harvesting is resumed, fruit will be fumigated at packing houses before being shipped to markets in non-citrus producing areas.

The highly contagious disease, which kills citrus trees but is harmless to humans, has been found in six of Florida's 100 citrus nurseries and

officials pinpointed the source of the disease as Ward's Nursery, a major supplier of replacement trees to growers and other nurseries.

Florida growers were replanting 10 million seedlings to replace trees killed by a devastating freeze last Christmas when the canker was discovered.

Conner has ordered a massive burning of infected nursery stock and trees planted near seedlings from infected nurseries and industry officials say the combined effect of the freeze and canker may set Florida's industry back 10 years.

New Threat; Congress Asked \$371 Million

U.S. Speeds Up Beirut Security Work

BEIRUT, Lebanon (UPI) — Workers stepped up construction of fortifications at the U.S. mission in Moslem west Beirut today following threats by the Islamic Jihad that took credit for three previous attacks against American installations in Lebanon including Thursday's bombing of the U.S. Embassy annex in Christian east Beirut.

"We are taking the warning seriously," U.S. Embassy spokeswoman Carol Madison said Monday of the threat.

Despite two similar warnings by the Islamic Jihad Sept. 8 and 15, a suicide truck bomber penetrated the security of the annex, killing 24 people including two Americans.

Units of the Lebanese army's 10th brigade beefed up security at the east Beirut annex as investigations continued into last week's truck-bomb attack, witnesses said.

At the United Nations, the State Department said administration officials were urgently asking Congress for a supplemental security program of \$371 million, three times the security funds in the current budget request.

Secretary of State George Shultz put together the request after hearing a report from members of a U.S. team that inspected the bombed annex site. Experts now believe the suicide truck contained 3,000 pounds of TNT instead of the previously reported 300

pounds, the State Department said.

In Beirut, the independent newspaper *An Nahar* said preliminary findings show the suicide vehicle used in the attack most recent attack was a "Dodge or Chevrolet van with an American embassy license plate."

The newspaper said investigations, carried out by the Lebanese government, also showed the lone suicide bomber "was a man who appeared to be no more than 20 years old."

Witnesses said more workers were brought in today to speed up the placing of steel anti-rocket netting on the roof of the two-story waterfront

NATION IN BRIEF

Demonstrators Protest Reagan's Nuclear Policies

By United Press International

Anti-nuclear groups' claims that President Reagan is pushing the world toward nuclear incineration prompted protests nationwide Monday, resulting in more than 150 arrests but no injuries.

Among the largest demonstrations were those held in Livermore, Calif. where 107 were arrested outside the Lawrence Livermore National Laboratory; and in Cambridge, Mass. where another 47 were carried limp from the sidewalk in front of Draper Laboratories. Other large protests and anti-nuclear rallies occurred in New York, Washington and Davenport, Iowa.

The concerted action was to protest war games being conducted in Europe this month and what the Coalition of Civil Disobedience, a loosely knit organization of peace groups, says is the Reagan administration's intent to develop and deploy a first-strike nuclear capability.

"We wanted it (the mass protests) close to the election period," said coalition spokeswoman Judy Freiwirth in Cambridge.

De Lorean Figure Sentenced

LOS ANGELES (UPI) — William Hetrick, the drug dealer caught in the FBI sting operation that also snared John De Lorean, was sentenced to 10 years in federal prison for narcotics trafficking and tax evasion.

Hetrick, 52, was arrested Oct. 18, 1982 after supplying undercover agents with 55 pounds of cocaine, the first allotment of 220 pounds he had contracted to provide. De Lorean was arrested the next day in a hotel room by agents who had just shown him a suitcase full of cocaine.

In exchange for being spared prosecution under the government's toughest narcotics law and a possible life sentence, Hetrick pleaded guilty to various charges and promised to testify against De Lorean. He was never called, but still played a part in the trial as he appeared on several of the government's undercover surveillance tapes.

Good For GM, Good For Industry

DETROIT (UPI) — What's good for General Motors Corp. will be good for the auto industry, GM Chairman Roger Smith says.

Smith's comments came Monday as United Auto Workers at all 17 GM sites struck by the union returned to their jobs under the guise of a new tentative agreement.

The UAW struck the plants after its contract with the automaker expired Sept. 14. A new agreement, which included the union's chief goals of pay hikes and job security, was reached early Friday.

About 4,300 workers at GM's assembly plant in Van Nuys, Calif., who stayed on the picket line over local contract issues, returned to work after a threat of disciplinary action by the UAW, said GM spokesman K.C. Beck.

FLORIDA IN BRIEF

Florida Shrimpers Caught In Two-Way Economic Squeeze

MAYPORT (UPI) — Months of lagging shrimp catches and low prices caused by foreign competition are making hard times for northeast Florida shrimp fishermen, observers say.

Shrimpers, who may pull in a quarter ton of shrimp on a good day, have been averaging more like 100 pounds of late. The problem is compounded by competition from foreign fishermen, which has kept prices low.

"Normally, when production is down, demand picks up. But fisherman production is down and so is the price," said Harry Olcott, a seafood wholesaler.

The lag comes despite the beginning of September, which normally ushers in the season for white shrimp, one of two major species caught off Florida. While optimistic shrimpers say the season's start may be suffering only a temporary delay, others say recent severe winters have stunted the supply of shrimp.

Slur Judge Resigns Early

MIAMI (UPI) — Dade County Circuit Judge Dick C.P. Lantz, who was accused by lawyers three months ago of using a derogatory Yiddish term to describe a black man and later lost a bitter re-election battle, has resigned.

Lantz, who was to resign Jan. 7, wrote a letter to Gov. Bob Graham Monday, expressing his plans to quit the bench Sunday rather than serve out the remainder of his term, officials said.

The judge was not available for comment. Lantz has been the object of controversy continually during his six-year tenure. He has been reprimanded for unbecoming conduct by the Florida Supreme Court, threatened with contempt of court by the Third District Court of Appeal, investigated by the Florida Judicial Qualifications Commission and rated as Dade's least qualified judge in bar polls for the last three years.

Parking Meter Bandit Jailed

MIAMI (UPI) — A 37-year-old vagabond with what a judge calls an "abominable" record of 32 arrests for tampering with parking meters has been sentenced to 10 years in prison for robbing two meters.

"Ten years for stuffing a nickel in a meter. This is great," said Stephen Brehm of Miami, upon hearing Dade County Circuit Judge Gerald Kogan sentence him Monday to 10 years in prison for breaking into the meters.

Immigration Compromise Near

WASHINGTON (UPI) — With a lone potential stumbling block left, House and Senate negotiators neared compromise today on landmark legislation that would grant legal residence to at least 1 million illegal aliens in the United States.

Still to be resolved in the eighth day of talks on the measure was a disagreement over a House-approved provision to protect legalized aliens against job discrimination.

No action was taken on the proposal by Rep. Barney Frank, D-Mass., when negotiations resumed Monday, because Frank was unable to attend the talks.

But Sen. Alan Simpson, R-Wyo., who earlier had called the proposal "unacceptable," said he and Frank had discussed language that "might be acceptable."

The anti-discrimination proposal, approved 404-9 by the House before it voted 216-211 for its bill in June, was attacked by Simpson because he said it would prohibit employers from hiring American citizens in preference to aliens.

Simpson is the chief Senate negotiator and co-author with Rep. Romano Mazzoli, D-Ky., of the original bill that formed the basis for differing House and Senate versions.

As worked out over the last two weeks, the compromise would grant permanent residence to otherwise law-abiding aliens who entered the country illegally before 1977. It would grant temporary residence to other aliens who came later but prior to Jan. 1, 1981.

It also seeks to hold back a tide of more illegal aliens by imposing civil and criminal penalties against employers who knowingly hire them.

The number of aliens that may qualify for legal status under the bill is unknown, but the Immigration and Naturalization Service has estimated it at between 1 million and 1.5 million.

Estimates of the number of aliens now in the country vary widely, ranging from around 3 million to 12 million or more, and the number grows daily.

Despite opposition from Hispanics, growers dependent on illegal aliens to pick crops and labor unions that say the bill may take jobs from Americans, even critics see a possibility that the measure may pass in the final days of this session of Congress.

But Rep. Kent Hance, D-Texas, and about 40 other opponents have been working to round up House votes to reverse the

measure's razor-thin five-vote margin.

The bill also faces the possibility of a filibuster in the Senate, though Simpson said he had the votes to cut off debate if necessary.

Other major provisions of the compromise include:

—Expansion of an existing "guest worker" program that brings in thousands of foreign workers for temporary labor and a new requirement that the Labor Department act within 72 hours on requests for the entry of workers to harvest perishable crops.

—Denial of food stamps and cash welfare payments to legalized permanent residents for three years and to temporary residents for five years.

—Opening of other public assistance programs to legalized aliens, including aid to the aged, disabled and blind, emergency medical aid, aid to pregnant women and child nutrition and educational programs.

—An annual limit of 270,000 on legal immigration, exempting refugees and close relatives of legalized aliens.

—Approval of a system of immigration judges already set up by the Justice Department to hear deportation and asylum cases.

Couple Sued For Pool Franchise Infraction

A Forest City couple is being sued by a pool supply company which maintains the pair broke their franchise agreement by opening their own store at the same location.

Pinch-A-Penny, of Clearwater, is suing Noel and Virginia Mudd for reportedly breaking their franchise agreement and operating Bud Mudd's Pool and Patio store at 590 Lake Howell Road.

Pinch-A-Penny, doing business as Sun Wholesale Supply Company of Clearwater, is suing for an unspecified amount of damages in excess of \$5,000 and a 5-year injunction against the Mudds from engaging in any pool-related business.

According to the suit filed Monday, Pinch-A-Penny states that on Aug. 1 or 2,

the Mudds, who had a franchise with the pool company since 1979, stopped selling under the franchise name and began selling under their own business name.

Pinch-A-Penny states that the Mudds not only violated several articles of their franchise agreement but owe \$30,165 for supplies.

Among the alleged franchise infractions alleged by Pinch-A-Penny, the Mudds reportedly did not tell Pinch-A-Penny of the pending change, they used a Pinch-A-Penny store location for their own business, used Pinch-A-Penny sign space, failed to pay a franchise installment, and sold pool chemicals and equipment as a business other than Pinch-A-Penny.

According to Pinch-A-Penny, the loss of the franchise, its valuable location, and the

possible effects of the Mudds' action on other franchises was called "immeasurable."

The company said the Mudds also benefited from several years of working with the company to gain their expertise in pool care for which the company said no monetary value could be placed.

Pinch-A-Penny asks that the court grant a 5-year injunction against the Mudds, preventing them from engaging in a pool supply business or using the same telephone number they used as a Pinch-A-Penny franchise.

The case was transferred from Pinellas County Sept. 17 because most of the witnesses to be questioned live in Seminole County, according to court records.

—Deane Jordan

Theft Of Deputy's Shotgun Lands Altamonte Man In Jail; Cooperative Suspect Released

A 21-year-old Altamonte Springs man who allegedly stole a shotgun from a Seminole County sheriff's deputy's truck may have contributed to his own arrest by firing the weapon.

Police report receiving a call about 7 p.m. Sunday of a gunshot at the Interstate Mall, state Road 438, Altamonte Springs. A witness said he saw two men run from the mall and head south on Wymore Road. Police spotted the pair, one on foot and the other on a bicycle. They caught the pedestrian at Spanish Trace Apartments and caught up with the bike rider at LaPlaz Apartments, both on Wymore Road.

While police questioned the pair, they received a radio report that the shotgun of deputy James Summers had been stolen from his truck, which was parked at the mall.

The man who fled on foot denied any involvement with the theft, but the second suspect helped lawmen search for the gun, where he said the other man had thrown it in weeds along Interstate 4. The gun was not found.

The cooperative suspect, Nathan Gano, 26, of 1244 Lake Crest Drive, Apopka, was charged with loitering and prowling and released on \$100 bond.

Cleveland Bass Jr., of 523 Teakwood Drive, was arrested along with Gano at 8:13 p.m. Sunday. He was charged with armed burglary and was being held in lieu of \$10,000 bond.

BURGLARIES & THEFTS
John Edward Lander, 35, of 666 Citrus Ave., Oviedo, reported to sheriff's deputies that

Action Reports

- ★ Fires
- ★ Courts
- ★ Police Beat

his \$3,500 watch was not on a table where he left it outside the Palm Driving Range, 651 N. U.S. Highway 17-92, Longwood. Lander left the watch on the table at 2 p.m. Sunday while he played golf. When he returned at 3:45 p.m., the watch was gone, deputies report.

Katherine Maxon, 62, left the keys in her 1976 Toyota and a thief drove off in the \$4,000 car. Deputies report the theft occurred at Ms. Maxon's home at 1105 Frangipani Lane, Casselberry, at about 12:15 a.m. Sunday.

Sheriff's deputies have the name of a suspect who many have taken \$1,200 worth of items from the home of Lamorah Spivey, 77, of 102 Ranch Road, Winter Park. The thief took a gold thimble, gold hatpin, gold necklace, two silver buckles and a gold chain Sunday between 9:30 a.m. and noon while Mrs. Spivey and her husband were in church, deputies report.

FIGHTING WOMAN
A 27-year-old Sanford woman was charged with affray (fighting) after she reportedly refused to obey Sanford police's orders to stop fighting with a man. Police report responding to a

disturbance call at the woman's home, #53 Seminole Gardens, Sanford, at 4:15 p.m. Saturday. When they entered the house, they reported seeing a man and woman struggling on a bed. After the pair were separated, the woman reportedly tried to continue the fight with Eddie Williams.

Picola Williams was arrested and was released on \$500 bond. She's scheduled to appear in court Oct. 3.

BATTERED MAN
A Sanford man who allegedly beat another Sanford man with his fists, sending him to the hospital, was charged with aggravated battery and has been released on \$1,000 bond.

Gary Phillips was severely beaten about the head and face during an argument with the suspect, Sanford police report. Phillips was treated and released from Central Florida Regional Hospital, Sanford.

Phillip Steven Miller, 31, of 823 Park Ave., was charged in the case at 8:08 p.m. Saturday by officers who broke up the fight at 1215 S. Magnolia Ave., Sanford. Miller is scheduled to appear in court Oct. 12.

PILFERED PALMS
David Gould, 29, an employee of Sun City Septic Service, 640 S. Country Club Road, Lake Mary, went on an errand Saturday. When he returned an hour later, he discovered that eight potted King Sago palms valued at \$390 were missing from a shed on the property, according to a police report. No suspects have been found.

ASSAULTED GIRL
A 51-year-old Longwood man has been charged with sexual battery for allegedly fondling a 9-year-old girl. The alleged assault occurred at the man's house Sept. 18.

John Seasmus Worling of 318 Heather Ave., was arrested by Longwood police at his home at 5:15 p.m. Sunday. He was being held without bond.

DUI ARRESTS
The following persons have been arrested in Seminole County on a charge of driving under the influence:
—Troy Allen Clark, 19, of Orlando, was arrested at 2:07 a.m. Monday after allegedly driving 65 mph in a 45 mph zone on U.S. Highway 17-92, Fern Park. He was also charged with having an unassigned license tag.

—Dennis R. Duxton, 30, of 531 Fedde Drive, Winter Park, at 12:28 a.m. Monday after his car failed to maintain a single lane on state Road 438, Altamonte Springs.

—Rena M. Speigle, 27, of Route 3, Box 52 A, Sanford, at 5:20 p.m. Sunday after her car was involved in an accident on state Road 427 near Noland Road, Sanford, according to a highway patrol report.

—Mark David Doll, 21, of 101 Semoran Blvd., Altamonte Springs, at 1:42 a.m. Sunday after his car failed to maintain a single lane on state Road 438, Altamonte Springs.

—William Alan Maunz, 26, of 591 Lake Minnie Drive, Sanford, at 1:58 a.m. Saturday after his car was seen weaving and traveling 20 mph on state Road 438, Altamonte Springs.

AREA DEATHS

MARIAN M. BARROWS
Mrs. Marian M. Barrows, 65, of 2622 Laurel Ave., Sanford, died Monday morning at Central Florida Regional Hospital. Born Jan. 11, 1919 in Truxton, N.Y., she came to Sanford in 1971. She was a member of All Souls Catholic Church and was a retired seamstress.

Survivors include her husband, Ollie A., Sanford; a son, Ross, Sanford; five stepsons, Ollie Jr., Solvay, N.Y., George, Erieville, N.Y., Larry, Deruyter, N.Y., Jerry, Truxton, N.Y., and Lester, Chittanooga, N.Y.; five stepdaughters, Mrs. Mary Oast and Mrs. Juanita Bishop, both of Marcellus, N.Y., Mrs. Jane Hughes and Miss Elda Barrows, Delphi Falls, N.Y., and Mrs. Bernadine Maroney, Kansas City, Mo.; one sister, Mrs. Mildred Comerford, Courland, N.Y.

Brisson Guardian Funeral Home is in charge of arrangements.

ADAH P. CHENEY
Mr. Adah P. Cheney, 77, of Route 1, Sanford, died Monday morning at Central Florida Regional Hospital. Born July 19, 1907 in Plainfield, Ill., he came to Sanford in 1958 from Flint, Mich. He was a retired fish camp owner and a Presbyterian.

Survivors are a son, George, of Sanford, and a brother, Carl of Finton, Mich.

Brisson Guardian Funeral Home is in charge of arrangements.

BARBARA MOROVCHEK
Miss Barbara Morovchek, 60, of 856 U.S. Highway 17-92, Fern Park, died Saturday at Florida Hospital-Orlando. Born July 17, 1924 in Lickdale, Pa., she moved

to Fern Park from Reading, Pa. in 1976. She was a hospital supply technician and a member of Calvary Assembly of God.

Survivors include a brother, Michael, Jonestown, Pa.; five sisters, Theresa Boyer, Springfield, Mo., Mary Jasil, Betty Hitz, and Eleanor Milovich, all of Lebanon, Pa., and Agnes, Fern Park.

Powell Funeral Service, Union Park, is in charge of arrangements.

IN BRIEF

Israel Set To Pull Out Of Southern Lebanon?

TEL AVIV, Israel (UPI) — Special U.S. envoy Richard Murphy met today with Defense Minister Yitzhak Rabin amid growing optimism about ending Israel's 27-month occupation of south Lebanon.

After the 70-minute session at the Defense Ministry, Murphy, an assistant secretary of state, traveled to Jerusalem for talks with Prime Minister Shimon Peres. The U.S. diplomat apparently will brief Peres on his meeting in Damascus Monday with Syrian President Hafez Assad.

Murphy flew to Israel after trips to the capitals of Lebanon and Syria. In Beirut, Murphy was investigating the suicide bombing of the American embassy.

Syria has an estimated 40,000 troops in eastern and northern Lebanon, compared with an estimated 10,000 Israeli troops in the south.

Upon taking office Sept. 14, Peres and Rabin promised to bring home Israeli soldiers within months provided the security of northern Israel could be assured.

French, Libyans Leaving Chad

NDJAMENA, Chad (UPI) — French paratroopers sent to Chad 13 months ago to prevent a Libyan-backed rebel takeover will begin a phased withdrawal despite Chadian fears that Libyan troops will not do the same, a French government spokesman said.

The plan to end the foreign intervention, announced jointly in Tripoli and Paris a week ago, was to begin today. If it unfolds on schedule, 3,500 French troops and up to 5,000 Libyan soldiers will pull out of the former French colony by Nov. 15.

The agreement, transmitted to Chad only after it was reached, brought expressions of surprise and hostility from the government of President Hissene Habre.

Habre, who had asked for French military support last year, withheld comment on the accord. But members of his government protested they were left in the dark concerning preparations for the pullout and predicted Libya would fail to respect the agreement.

Americans May Be Expelled

United Press International

Salvadoran President Jose Napoleon Duarte says he is ready to expel U.S. military advisers from his country if Nicaragua sends home an estimated 8,000 Cuban troops at the same time.

Duarte told a news conference in San Salvador Monday that his government would abide by the terms of the Contadora group's 21-point peace plan for Central America, which can only work with "good faith and political will."

The plan, drafted by the Contadora nations of Mexico, Colombia, Venezuela and Panama after more than two years of negotiations, calls for the removal of all foreign military advisers from the region.

Nicaragua said Saturday it had accepted the document without modification and Duarte said El Salvador also would sign. The Central American nations have until Oct. 15 to agree to the plan.

Sailors Found 136 Years Later

EDMONTON, Alberta (UPI) — The discovery of the perfectly preserved bodies of two British sailors frozen 136 years ago in Arctic ice is like peering at faces in a "time machine," scientists say.

The graves of a 20-year-old petty officer and 25-year-old able seaman — members of Sir John Franklin's disastrous search for the Northwest Passage — were found last month by anthropologists digging in the permafrost of Beechey Island. It was announced Monday.

The bodies were uncovered at the Franklin winter camp historic site, 400 miles north of where Franklin's expedition became stranded in ice while searching for a water route connecting the Atlantic and the Pacific oceans.

Owen Beattie, a University of Alberta anthropology professor and leader of the university expedition, said he hoped the autopsy results, which will be known in about two weeks, will help explain why the expedition failed.

Reaction Mixed On U.N. Speech

UNITED NATIONS (UPI) — President Reagan's call for constructive negotiations with the Soviets was praised as a "happy initiative" by Mexico and Britain but got a cool initial response from Moscow.

"The president of the United States, at the very outset of the General Assembly session, restored hopes and expectations," Mexican Foreign Minister Bernardo Sepulveda told the first day of the assembly's general debate Monday.

"President Reagan infused optimism in the community of nations' difficult path towards peace and detente. Mexico expresses its recognition and appreciation for such a happy initiative."

Today's debate was expected to be highlighted by Venezuelan President Jaime Lusinchi, New Zealand Prime Minister David Lange, Canadian External Affairs Minister Joe Clark, and Prince Sihanouk, head of the exiled, Peking-based government of Cambodia fighting Vietnamese occupation of his country.

Reagan, who opened the debate of the 39th General Assembly Monday, told Moscow that "we are ready for constructive negotiations."

He suggested renewed arms control talks and regular meetings be staged between U.S. and Soviet experts.

First reaction from Radio Moscow was that Reagan again "claimed that the increased mil-

itary power of the United States was the basis for talks with the Soviet Union."

Full Soviet comment is expected Thursday when Foreign Minister Andrei Gromyko addresses the assembly.

Britain's Foreign Secretary Sir Geoffrey Howe said through a spokesman, "I welcome the tone and thrust of what President

Reagan said.

"I hope Mr. Gromyko will respond in an equally constructive spirit."

Speeches Monday by three Latin American leaders concentrated on what is becoming a major issue of international debate this year — the huge and growing indebtedness of the developing world.

Bentsen: GNP Figures Tampered With

WASHINGTON (UPI) — Commerce Department officials reacted angrily to a charge by Sen. Lloyd Bentsen, D-Texas, that political appointees ordered last week's gross national product figures altered to benefit the Republican campaign.

Bentsen, a former chairman of the Joint Economic Committee of Congress, charged on the Senate floor Monday that the Reagan administration juggled the official figures to hide a "steeper and deeper" drop in economic activity than anticipated.

"I realize this is an election year and I do not blame this administration, or any administration, for seeking a fair advantage," Bentsen said. "But playing with these numbers is a deadly game."

Bentsen, who is asking the Joint Economic

Committee to investigate, said the administration tried to disguise the economic slowdown by understating gross national product growth during the second quarter and overstating it in the third.

The Commerce Department official responsible for business statistics, Undersecretary Sydney Jones, called the charges of political manipulation "categorically false" and said the career economists who produced the estimates are prepared to defend them.

"Never at any time did I or anyone above me or to me left or right, in a political appointment sense, give any direction, any guidance, any inference as to what statistical procedure was to be used," Jones said.

...Escape

A woman in Lebo, Kan., about 90 miles from the prison, reported two men forced their way into her home Monday afternoon and wanted food, the Kansas Highway Patrol said.

The pair — one Asian, the

other white — left on foot, possibly carrying away a butcher knife, said KHP dispatcher Fred Cook.

Prison spokesman Troy Baker said authorities considered the report at least good enough to follow up.

Also late Monday, an officer in nearby Atchison County reported seeing two black men and one white man walking down a

county road near Lancaster. As he approached, they split up and ran away, Buford said.

One of the convicts is Vietnamese, two are white and two are black, Baker said.

The prisoners escaped about 1 a.m. Monday by squeezing their way through an air shaft intake from a dormitory-style cellhouse within the prison walls. They exited through an opening about one and a half stories up.

Prison officials said the inmates were all accounted for as late as the 11 p.m. bed check Sunday.

The convicts were identified as Thanh Ban Pham, 20, serving

life for murder; John Allen Purdy, 23, serving life for murder, robbery and burglary; Lawrence Eugene Lane, 33, serving 10 to 20 years for aggravated robbery; Thaddeus Jones, 28, serving life for first-degree murder and aggravated robbery; Arzon Tucker Jr., 28, serving 15-to-life for aggravated kidnapping, sodomy, rape, and robbery.

It was the prison's biggest breakout since September 1981, when seven convicted murderers and rapists escaped. Three were captured shortly after the escape and the others later in southwest Missouri.

...Security

mission.

"There are more workers on the roof today, despite Prophet Mohammed's birthday. There are about a dozen people working on the roof today," a resident of a neighboring building said.

"Other security measures, like the guards and checkpoints, are also very much in place," the witness said.

Madison said three U.S. Navy warships that arrived off Lebanon Saturday to provide helicopter support were still cruising outside Lebanese

waters but denied the 22nd U.S. Marine Amphibious Unit was aboard.

A caller to the *As Saffir* newspaper promised the terrorists would attack again to avenge the massacre of 13 Shiite Moslems in the Israeli-occupied southern Lebanese village of Salmur Thursday by Israeli-armed militiamen.

"A large operation will be carried out against American interests soon," the caller said. He said the last bombing was carried out because of U.S. support for Israel, especially in southern Lebanon.

Islamic Jihad is a secretive pro-Iranian organization, probably Shiite Moslem.

Mobile Home Law To Be Discussed

State Rep. Carl Selph, R-Casselberry, will speak on the new mobile home law at the special 7:30 p.m. open meeting

tonight of the Florida Mobile Home Owners unit at Carriage Cove. The meeting will be held at the Carriage Cove Club House.

WEATHER

NATIONAL REPORT: Severe thunderstorms raked the Midwest with hail, high winds, 5-inch rains and a tornado, while the first snowstorm of the season dwindled to snow showers in the high Plains. Snow extended across northern Wyoming, the Nebraska panhandle and the western Dakotas today. Freeze warnings were posted for northeastern Colorado into north central Nebraska, and stockmen's advisories for cold rain and wet snow covered parts of Nebraska. Slowly increasing temperatures began to melt snow that blanketed Montana, northern Wyoming and the western Dakotas, piling up as much as 2 feet in mountain passes.

Sheridan, Wyo., received a September record of 15 inches of snow. Cody, Wyo., and Broadus, Mont., received 11-inch blankets. Thunderstorms rumbled across Iowa, Michigan, Wisconsin and northern Illinois today.

AREA READINGS (9 a.m.): temperature: 75; overnight low: 68; Monday's high: 85; barometric pressure: 30.04; relative humidity: 79 percent; winds: north at 8 mph; rain: none; sunrise: 7:15 a.m.; sunset: 7:20 p.m.

WEDNESDAY TIDES: Daytona Beach: highs, 9:42 a.m., 10:08 p.m.; lows, 3:08 a.m., 3:40 p.m.; Port Canaveral: highs, 9:34 a.m., 9:58 p.m.; lows, 2:59 a.m., 3:31 p.m.; Bayport: highs, 2:40 a.m., 3:13 p.m.; lows, 9:06 a.m., 9:25 p.m.

BOATING FORECAST: St Augustine to Jupiter Inlet out 50 miles — Wind east around 20 knots through Wednesday night. Seas 5 to 8 feet but higher in the gulfstream. A few showers.

AREA FORECAST: Partly cloudy during today and fair tonight. Highs near 90. Lows in the low 70s. Wind east 15 mph. Thursday partly cloudy with widely scattered showers and thunderstorms. Highs near 90.

Lock Before You Leap.

Introducing NCNB's New Locked-In And Guaranteed-For-30 Days Car Loan.

Before you look into that shiny new car, look into NCNB's new, before-you-buy car loan.

Just tell us the price range that you're considering; we approve the loan and you're off. Ready to deal from a position of strength. After all, your loan's already approved, with an interest rate that's locked in for a full 30 days.

Don't worry, if our rates go down before you buy, we'll give you a lower rate when you close the loan.

Remember, only NCNB offers this guarantee. Our offer's good on new cars and trucks. Good for used vehicles, too, if they're under five years old.

NCNB's new pre-approved and guaranteed-for-30 days car loan.

It's just one more way we're working hard to be the best bank in the state of Florida. One neighborhood at a time.

Welcome Step In Child Porn

Denmark is now taking steps to reduce the flow of child pornography to the United States. It is a welcome move.

Child pornography is detestable. It victimizes the children who are used as models. It can encourage people who might be inclined to crimes involving sex and violence against children.

Denmark has been one of the world's most flagrant purveyors of sexually oriented materials in recent years. It was one of the first countries to legalize adult pornography. In 1969, the world's first sex and pornography trade fair was held in a stadium in Copenhagen.

Even after Denmark banned child pornography in 1981, production continued. NBC reported recently that Denmark and the Netherlands were among the biggest exporters of child pornography to America.

The Danish government reacted quickly after NBC's program was shown on Danish television. Prime Minister Paul Schluter announced that the Justice Ministry will push for mandatory jail sentences for convicted distributors of child pornography.

More vigorous prosecution of those who exploit children sexually is obviously needed not only in Denmark but wherever else the practice exists. A continuing effort must be made to eliminate child pornography and degradation that are associated with it.

Pay Study Tilted

Ask the average worker if he's underpaid and if he deserves a raise and the odds are you'll get a "yes" to both questions. It's not a matter of greed, but of human nature. Nobody appreciates us more than ourselves.

For many years, however, federal employees have had an obsession about being underpaid and they claim to have proof in an annual survey comparing private and federal sector white-collar pay. That survey this year found an 18.28 percent "pay gap" with federal workers on the losing side.

There are a lot of problems with that survey, not the least of them being that it is conducted by federal workers themselves. That in-house bias aside, the survey is decidedly skewed.

Its pay sampling does not include employees of state and local government, a group that would appear most similar in makeup; it does not include employees of firms with fewer than 250 employees, the kind of small businesses that account for an estimated 90 percent of all private-sector workers, and it does not include employees of non-profit organizations.

It does include workers in larger businesses and industries, that part of the economy that traditionally pays the highest wages and salaries. In fact, one-third of sampled private-sector employees work for firms employing more than 2,500 people.

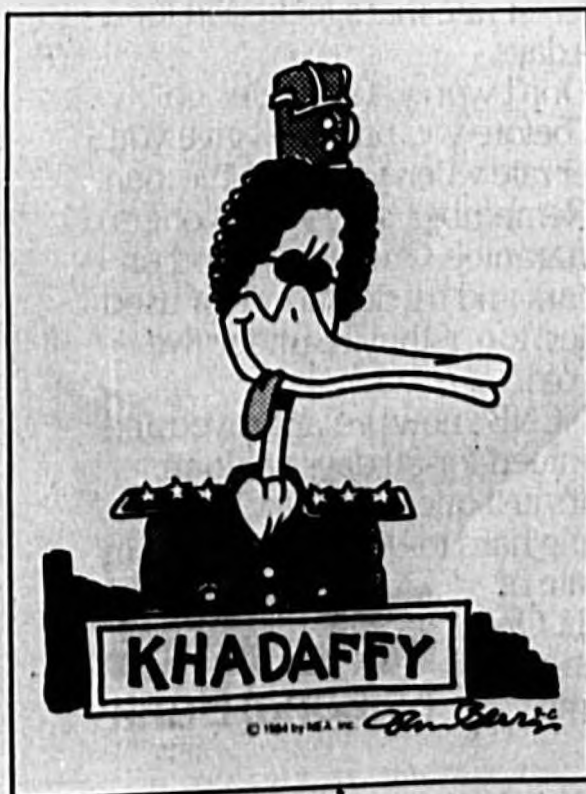

Even on the surface, the survey is unrepresentative of the American working force.

The president's "Pay Agent," a group of advisers on pay for federal white-collar workers, says the 18.28 percent pay gap is unrealistic at best. Echoing recommendations of a Cabinet council study earlier in the year, the advisers recently urged that changes be instituted over the next two years to make the survey more inclusive and more representative.

In essence, the group wants the survey system restructured and the bias toward high-pay private-sector jobs removed.

When that is done, and the survey becomes a credible straightforward comparison, the public will be sympathetic toward reasonable raises for federal workers. As things stand now, the cynicism that greets the annual survey is entirely warranted.

BERRY'S WORLD

While prevailing thought is that criminals are jailed for revenge, statistics do not back this up.

A Seminole County team who studied the needs of the county jail for a future plan found that nationally, the average time served behind bars in the United States for various crimes are: murder, less than 5 years; rape, 3 1/2 years; robbery, 3 years, 2 months; assault, 2 years 2 months; burglary, 1 year 9 months; auto theft, 1 year, 5 months, and drug offenses, 1 year 4 months.

The team was composed of James C. Shoultz, formerly corrections administrator here; I.S.K. Reeves, an architect; Robert L. Sickler, county jail program director, and Woody Price, county planner.

The team report said in Seminole County, meanwhile, the average person entering the jail on any felony charge can be expected to be back on the streets within 2 years.

The team also compiled a profile of the typical Seminole County jail inmate showing a young (21-34 years old) single, white, healthy, employed male, who is a resident of the county. In a pre-sentenced status and has been in jail less than 60 days. He has a prior record of from 1-to-5 arrests, has had 9-to-12 years education and has spent less than 48 hours in jail.

The most common offenses committed by the typical inmates are: burglary, 18 percent; grand theft, 19 percent; violation of probation, 14 percent; followed closely by drugs, 11 percent; robbery, 8 percent; sexual

battery, 5 percent; aggravated assault, 4 percent; driving under the influence, 4 percent and all other offenses, 2 percent or less. The information for the profile was taken on a day last March.

The ages of the typical inmate fell into these groups: 22-25, 29 percent; under 22, 27 percent; 26 to 34, 25 percent; 35 to 49, 13 percent; and over 50, 6 percent.

A check of the marital status of the inmates showed that only 18 percent were married; 60 percent were single, 14 percent were divorced and 8 percent were separated. The racial makeup of the prisoners was 75 percent white; 23 percent black and 2 percent hispanic. Some 94 percent were males and 6 percent females.

IN TALLAHASSEE

Doctor, Lawyer Feud ...

By Wayne Snow

TALLAHASSEE (UPI) — The latest chapter in the state's long-running doctor-lawyer feud over the medical malpractice issue has reached the Florida Supreme Court.

The 1st District Court of Appeal sent the issue up Friday, leaving it to the seven-member high court to decide whether a proposed constitutional amendment limiting some jury awards in malpractice cases can remain on the November ballot.

The issues are whether Amendment 9 violates the constitutional one-subject limitation placed on citizens initiative ballot proposals and whether its ballot summary is deliberately deceptive.

Amendment 9 is the product of a political organization called "Reason 84: The Committee for Citizen's Rights in Civil Actions." It is funded primarily by the Florida Medical Association.

If it remains on the ballot and is approved by a majority of the state's voters Nov. 6, it would limit monetary awards injured people can win for non-economic losses in civil suits to \$100,000.

It would also make a defendant's financial liability proportional to his degree of culpability. Under current law, if one defendant can't pay, other defendants must shoulder the cost to ensure the injured person is compensated.

Proponents present it as a way to hold down health care costs; critics label it a sledge-hammer approach to the medical malpractice issue that would drastically reduce the rights of injured parties in all civil actions.

The Amendment 9 case is the second highly controversial initiative question to come before the court this year.

In March, the court knocked Amendment 1 off the ballot, ruling the proposal to sharply limit the revenues of state and local government dealt with at least three subjects.

It was a decision that changed the parameters of the legal debate on the one-subject issue.

In its previous rulings on the issue, the court had adopted a broad interpretation which favored the inclusion of initiative questions on the ballot.

The court had found the one-subject limitation on initiative proposals to be similar to limitations on legislative "logrolling," the practice of attaching relatively unpopular bills to popular or necessary legislation to increase the former's chance of success.

The court took a broad view of "logrolling" because legislative enactments presumably underwent full debate and public scrutiny; the same standard made it easier for citizens' initiative proposals to stay on the ballot.

JACK ANDERSON

Bill Would Suspend Constitution

WASHINGTON — Civil defense has come a long way, baby, since World War II, when volunteer air-raid wardens would ring neighborhood doorbells to report cracks of light showing during blackout tests.

The successors to the friendly air-raid wardens want nothing less than to run the country along the lines of a military dictatorship in case of an emergency.

Federal Emergency Management Agency Director Louis Giuffrida, a California National Guard general who likes to be addressed by his military title, has already been slapped down for his pretensions by Attorney General William French Smith.

Giuffrida's proposal to give FEMA authority over every other governmental agency in a crisis would make him an "emergency czar," Smith wrote.

The idea of the little-known head of a little-known federal agency running the country in time of war

or natural disaster isn't as funny as it sounds. Certainly it's being taken seriously at FEMA.

My associates Donald Goldberg and Indy Badhwar have obtained FEMA's blueprint for the takeover: a draft of "standby" legislation "to provide the Executive Branch with the authorities necessary to meet various conflict contingencies."

Titled the Defense Resources Act, the law would vest unprecedented power in the president — who would presumably delegate his authority to Gen. Giuffrida and his glorified air-raid wardens.

The proposed legislation would suspend the Constitution and the Bill of Rights, effectively eliminate private property, abolish free enterprise and generally clamp the American people in a totalitarian vise. Here are some of the specific outrages FEMA has in store for us, according to the standby legislation:

— Instant confiscation of real estate or personal property "that

shall be deemed necessary for national defense purposes." No dickering, no delays: "Upon or after the condemnation petition, immediate possession may be taken and the property may be occupied." There goes the neighborhood.

— Throw hoarders in jail. Accumulation of goods "in excess of reasonable demands" by businesses, families or individuals would bring a \$10,000 fine or a year in prison.

— Nationalize the means of production. If a factory owner fails to produce what the government dictates, the president "may take immediate possession of such plant, mine or facility and operate it for the production of such materials or services as may be necessary."

— Freeze all wages, prices, fees, commissions and rents, and control all consumer credit by presidential decree.

— Nationalize all jobs. Employment would be limited to "activities essential to the national health,

EDWARD J. WALSH

The Job Security Delusion

The United Auto Workers approached contract negotiations with General Motors Corporation with two main demands: wage increases and job security. The autoworkers will learn, one way or another, that they can't have both. But the UAW, scarred by the loss of some 200,000 auto jobs in recent years, is in no mood to be conciliatory.

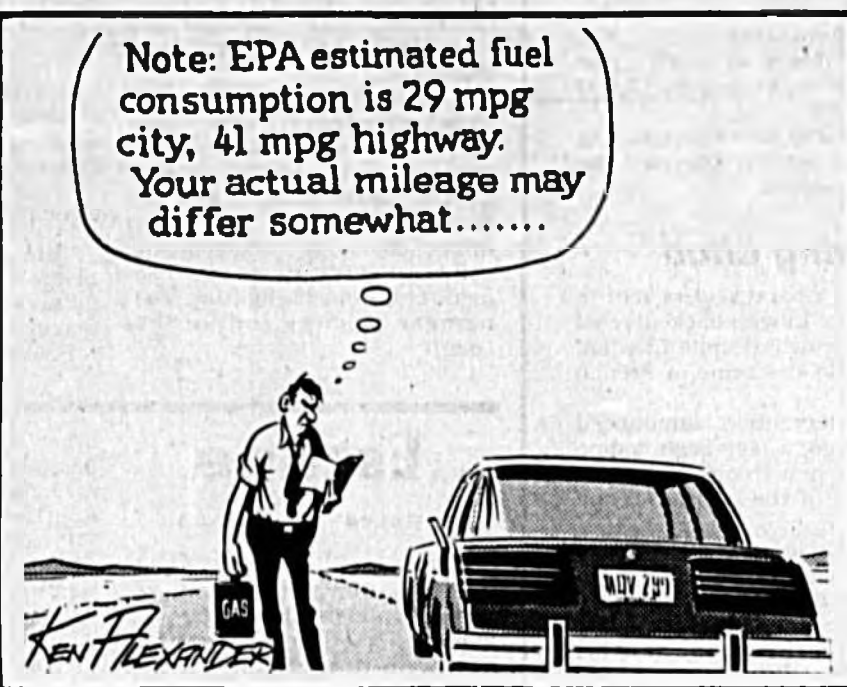

Initially, the UAW proposed that a new contract with GM include a substantial wage increase, and no change in the profit-sharing plan, health care coverage, or cost-of-living adjustments. The main disagreement was over the corporation's unwillingness to discontinue the practice of "outsourcing," or purchase of parts from outside, domestic suppliers not organized by the UAW, or foreign sources.

The corporation has offered to try to find jobs within GM for personnel displaced by outsourcing and by new technology. In return, it asks the union to assist in improving plant efficiency and worker performance. This wasn't enough for the UAW — thus the walkout at 13 General Motors plants at midnight Sept. 13.

The UAW leadership will learn that beyond the GM offer, no company management can go. What — after all — is job security? To the union, it's a virtual immunity from layoffs. To the rest of the world, it's an economic fantasy.

No employer can guarantee the jobs of his employees. Labor is an economic resource, and, like any other resource, the demand for it fluctuates with economic conditions. Mainly, the need for labor depends on its cost. While the UAW leadership looks enviously at the apparent job "security" of Japanese autoworkers, they ignore the Japanese auto pay scale, which runs about half the UAW level. So it goes for other countries, and other industries. The lower the cost of labor, the more "secure" the jobs are. When General Motors, or any other company can obtain parts from non-union suppliers who charge less for their products because their labor costs are lower, it should, and must. In the same way, if a manufacturer gets better efficiency at lower cost from a robot or a computer than from a unionized employee, he will use robots and computers instead of union men.

The United Auto Workers, and all unions, flinch at the prospect of improved technology, and become enraged at the use of non-union labor. The loss of union jobs to machines or unorganized workers still summons up decades-old bombast about unions as the defenders of the working men against the depredations of greedy businessmen. It matters not to the union officers that their speeches seem to others unreal.

JEFFREY HART

That Religious Issue

Rep. Geraldine Ferraro, like her mentor Gov. Mario Cuomo of New York, has a way of putting things at their crudest, as when she charged recently in California that Ronald Reagan wanted to "impose" his moral and religious values on the rest of us. Walter Mondale, more demurely, is saying that Reagan might want to break down the wall between church and state. Reagan has answered that he does not want to "impose" a state religion, but that he thinks moral values are religiously derived.

This is not a seminar, and something important is going on here.

There is a crude political level. The fact of the matter is that we are in the midst of an enormous Christian religious revival, as has happened before cyclically in American history. This is visible even in the Boston-New York-Washington media corridor, but it is an overwhelming fact outside it. Some 40 million Americans now attest to the experience of having been "twice-born." The sales of religious books are not recorded in the regular best-seller lists, but they are enormous. In raising the "religious" issue, Walter Mondale is trying to cope with this major political fact. And in appealing to religious and traditional values Reagan is undoubtedly trying to ride with it politically.

Something novel has happened in American culture during the period following World War II, and the current "religious issue" debate responds to it. We have seen the rise of a militant secularism, even an evangelical secularism, that has managed to ban prayer from public schools, that launches law suits about Nativity displays in public places, and that has as its ultimate goal the banishing of all religious symbolism from public life. The American Civil Liberties Union is the organizational spearhead of this effort, but its assumptions are powerful in liberal circles. Religion is a "private" matter. Its public

expression is an embarrassment. Walter Mondale has made it his public position that religion is a "private matter," like, perhaps, pornography.

Now, in terms of American history, this is a peculiar idea. The first settlers came here for religious reasons. Not only the founders of the Massachusetts Bay Colony, but the Spanish settlers who made their way to the city named for St. Francis where the Democrats recently nominated Walter Mondale and Geraldine Ferraro. Los Angeles would have been understood in the 17th century to be the city of the Angels, and if you had seen it then you might have agreed. George Washington thought that civic virtue could not be maintained in the absence of religion. The expansion westward was motivated by a desire for land and gold but also evangelization. The movement to abolish slavery both in England and in the United States had religious roots. The Union soldiers went to death or triumph to the sound of Julia Ward Howe's "Battle Hymn of the Republic." Good grief, religion as a "private" matter: "Mine eyes have seen the glory of the coming of the Lord; He is tramping out the Vintage where the grapes of wrath are stored..." In Civil War, that meant the South.

Probably the greatest energizing utterance of American progressive politics was William Jennings Bryan's Cross of Gold Speech: "You shall not press down upon the brow of mankind..." Religious symbolism all the way. Both Prohibition and women's suffrage had religious underpinnings, not to mention the Civil Rights movement — "I have a dream" — and the peace movement. And of course there are the Catholic bishops, who are attempting to add their teachings to what they mistakenly see as the liberal direction of history.

So, now, we have Mondale's "religious issue." It's a loser.

Queen Elizabeth Begins 12-Day Canadian Tour

MONCTON, New Brunswick (UPI) — Queen Elizabeth II and Prince Phillip arrived Monday for a 12-day visit to Canada that will take them to 75 towns and communities in three provinces.

The royal couple arrived at the Moncton airport aboard a military Boeing 707 for a visit that had been postponed by the general election. It began less than a week after Pope John Paul II's tour of Canada.

The queen, marking her fourth visit to New Brunswick as monarch, will help Canada's "Picture Province" celebrate its bicentennial this year.

Governor-General Jeanne Sauve, Prime Minister Brian Mulroney, New Brunswick Lt. Gov. George Stanley and Premier Richard Hatfield extended the formal red-carpet welcome to the royal couple.

About 1,000 people were on hand. Arilla Toole, 73, of Moncton, who said she last saw the queen in Sydney, Nova Scotia, in 1961, said she was too ill to go out and see the pope but "I rested up for this. I think the royal family is a marvelous example for everybody."

Nine-year-old Beverly Scott, holding both the Canadian Maple Leaf and Union Jack flags, said she missed the June 1983 visit of Prince Charles and Princess Diana so her mother gave her the day off school to see the queen and her husband.

Millie Arsenault, 51, of Shediac said security was far tighter at the airport when John Paul arrived Sept. 13. "We weren't allowed outside the airport to watch the pope's arrival. The security was much tighter for him. Besides, this is different. It's royalty."

As Princess Elizabeth, she and the Duke of Edinburgh first visited New Brunswick in November 1951. The queen visited New Brunswick again in 1959, 1967 and most recently in 1976 en route to the Montreal Olympics.

The royal couple will remain in New Brunswick for three days before flying to Ontario.

The 58-year-old monarch, who is Canada's head of state, will then fly on to Manitoba before traveling to the United States for a week-long private visit.

On her schedule for today, the queen planned a

Queen Elizabeth II

visit to St. Joseph's Church in Shediac, 17 miles northwest of Moncton, where 102-year-old Leonie Williams waited to present her with a bouquet.

A town of 4,285, Shediac is largely French and the self-styled "lobster capital of the world" in recognition of its reputation as an exporter of lobsters to world markets and its annual summer lobster festival which has attracted thousands since 1949.

The queen has also arranged for a private meeting with Mulroney — the seventh Canadian prime minister since her coronation in 1953 — before hosting a private dinner for Mulroney, the governor general and local dignitaries.

Economic Policy Changes Called For World Bank Wants To Reverse Poverty

By Donald H. May

WASHINGTON (UPI) — The World Bank is attempting to organize a major international effort to reverse the deepening poverty of 400 million people in the southern part of Africa.

The plan was approved by finance ministers of the Development Committee, a joint panel of the bank and International Monetary Fund, and will be discussed during the four-day 39th annual meeting of the bank and IMF that got under way Monday.

The committee instructed the bank's staff to begin negotiations with donor governments to raise money for the initiative. While no money target was set, the bank's report said \$2 billion a year in bilateral and multilateral aid could be needed above roughly \$9 billion now projected.

But, while the report said some additional money will be needed, it put its main stress on using existing resources much more efficiently. It called for economic policy changes by the 39 countries of the southern part of Africa, plus overhaul and better coordination of aid programs of industrial nations to make them more efficient.

Some 12,000 delegates, bankers, journalists and other observers from the 147 nations of the bank and fund are attending the meetings.

While there is a general consensus the potential financial crisis threatened by Third World debt problems has receded, there is wide concern among participants that debt is still a major factor slowing down Third World growth.

"The progress that is being made in restructuring existing debt is very encouraging," World Bank president A. W. Clausen told the annual meeting. "But it does not solve the

problem of financing future growth."

For heavily indebted countries, Clausen said, "Even the combination of expanding world trade, a significant reduction in real interest rates, and a steady pursuit of sound economic and financial policies in these countries — even that combination would not permit per capita consumption in some of them to regain for a number of years ahead the levels enjoyed in the seventies."

The annual meeting will discuss the inter-related issues of debt, economic growth and trade, but it is not a decision-making forum. The two panels where policies are made — the Development Committee and the IMF's Interim Committee — decided in weekend sessions to devote their next meetings here in April to those issues.

They adopted a suggestion by U.S. Treasury Secretary Donald Regan that they be the places for a dialogue between developing and industrial countries long sought by countries of the Third World.

The importance of opening up trade to help developing countries earn the money to meet their debt payments and also to grow is a theme being stressed at the sessions.

Arthur Dunkel, head of the General Agreement on Tariffs and Trade, the Geneva-based organization that oversees world trade, told the Development Committee that industrial countries should take the "first meaningful step" toward mutual reduction of trade barriers with the Third World by "undoing some of the protectionist measures they have introduced over the past decade."

Some Cancers Inherited?

Brain Tumors Said To Be Linked To Cancer

BOSTON (UPI) — The siblings of children with a certain kind of brain tumor are up to 30 times more likely to get similar types of cancer, doctors announced today, confirming the belief that some cancer may be inherited.

"We conclude that the occurrence of a brain tumor in a child is a marker for an increased likelihood of central nervous system tumors, leukemia and childhood tumors in the family," said Dr. Jacqueline Farwell of the University of Washington School of Medicine.

She published her results in the New England Journal of Medicine.

Her study of Connecticut children with brain tumors found "striking evidence" that their brothers and sisters and parents were far more likely to develop similar cancers than other people.

She found siblings of children with a brain

cancer called medulloblastoma are 30 times more likely than normal to get tumors of the central nervous system. They are also 12.5 times more likely to get other childhood cancers.

When a child got a brain tumor other than medulloblastoma, the chances of a brother or sister getting a similar tumor was increased eight fold.

"The results are striking," the report said. Medulloblastomas are cancers of the brain cerebellum, the part of the brain that coordinates muscle movement. No reasons have been found for why some families might be predisposed to certain types of cancer.

John T. Flannery, one of the paper's authors, said the conclusions were drawn from statistics accumulated by the Connecticut Tumor Registry and not from any direct observations of cause and effect.

The study also found that the risk of children developing leukemia and childhood cancers when a sibling had a brain tumor was increased five fold, higher than previously thought.

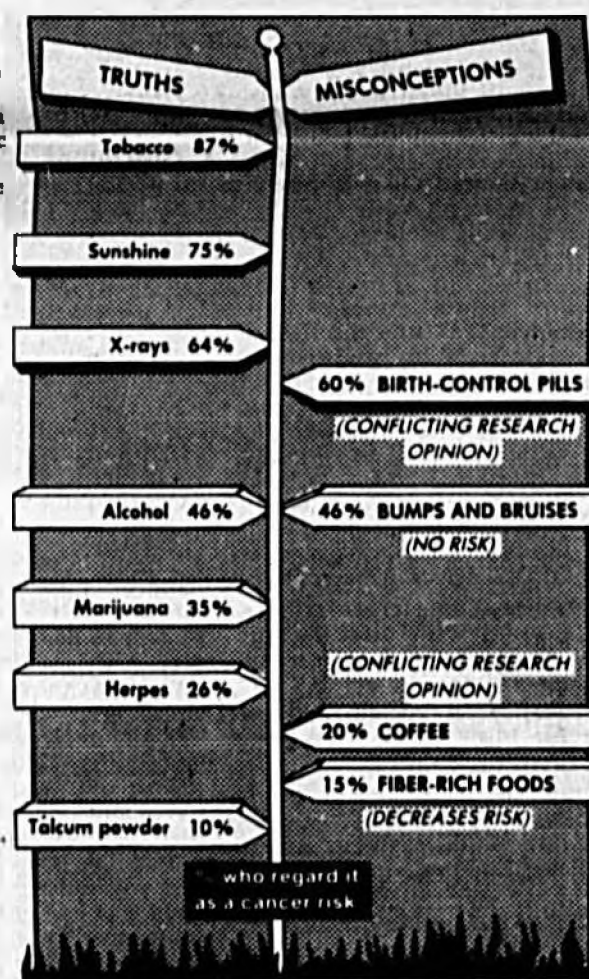

Of the 670 children with brain tumors studied, 12 had close relatives with similar diseases. None of the relatives of 360 children studied who did not have brain tumors were found to have brain tumors.

Nine relatives of the children studied with brain tumors were diagnosed as having cancer of the lymph system, six of those with leukemia.

No increases in risk could be found in the chances of contracting breast or skin cancer. Childhood cancer is expected to kill about 1,600 children in the United States this year, making it the leading cause of death by disease among children. Childhood brain tumors have a 40 percent to 59 percent survival rate.

What's A Cancer Risk?

What People Believe Is Often Wrong

Standards, Money Needed For Day Care Centers

WASHINGTON (UPI) — A Children's Defense Fund report says national standards have to be set for day care centers and more money is needed for the centers because administration budget cuts have weakened state programs even though demand for them is growing.

A report by the non-profit advocacy group, released Monday, said day care programs have not recovered from 1981 budget cuts, but the number of children with working mothers is growing.

In many states, programs are serving fewer children, have frozen payments to day care workers or have cut staff training funds, the report said.

"At best, there have been minor improvements in limited areas of child care during the past year," said the report entitled, "Child Care: The States' Response."

"The child care system for low- and moderate-income families, despite the growing need, remains far weaker than it was before the 1981

The child care system for low- and moderate-income families, despite the growing need, remains far weaker than it was before the 1981 Reagan budget reductions.

—Children's Defense Fund report

Reagan budget reductions," it said. Fund President Marion Wright Edelman said there is growing national alarm about child abuse but, "The question will be whether the response will be rhetorical."

"We have seen an already inadequate social service system cut back at a time ... when demand for those services is increasing," Edelman told a news conference. Edelman urged the Senate to approve House-passed bills continuing Head Start for pre-schoolers, spending \$8 million for state programs to help families find day care, spending \$15 million for day care for school-age children and restoring

ing a children's snack program dropped in the 1981 budget cuts.

Helen Blank, the study's author, urged Congress to consider national day care standards, training for day care workers, higher day care funding and more help for poor families.

The study of 46 states and the District of Columbia found:

—Ten states cut child care spending between 1983 and 1984 and half the states are spending less now for child care than they did in 1981. Twenty-seven states are helping fewer children than in 1981.

—Eleven states have increased child care spending by 20 percent or more between 1983 and 1984, but often not enough to compensate for earlier cuts.

—Fifteen states have not increased payments to child care workers since 1981.

—Six states cut day care worker training money in the past year, and 22 have not made up cuts since 1981. Only three states spent more since 1981.

—Half the states are spending more for protective services to abused and neglected children, but that often means reducing help for working families.

Federal day care funds were cut 21 percent in 1981. Congress increased the financing \$200 million, to \$2.7 billion for 1984, but that is \$600 million less than it would have been without the cut.

States not included in the study were Alaska, California, Oregon and Ohio.

Separate Vacations

Opinion Divided Whether Holidays Apart Help, Hinder Marriages

By United Press International

A marriage counselor says a husband and wife who vacation separately are displaying chinks in the marital armor, but a sociologist says it can benefit a marriage and doesn't mean the two are fleeing from each other.

Meanwhile, Guy Armao of Albany, N.Y., says unlike his on-the-go wife, Teresa, he prefers to relax at home or take a dip in the backyard pool, so they regularly take separate vacations. Once Mrs. Armao, who works for an insurance firm, went to Hawaii while he went to casinos in Atlantic City, N.J.

News reporter James Clifford, 46, of Redwood City, Calif., and his wife, Peggy, 42, a junior high school teacher, take separate vacations because they can't always afford joint ones and at least one of them must be around to care for their seven children, ages 3 to 21.

Jose Moreno, University of Pittsburgh professor of sociology of the family, says he knows of no scientific research on the topic. Some travel agents say they almost never deal with couples going in opposite directions.

But Moreno thinks a "small number" of married couples, who tend to be upper-middle-class professionals, take separate vacations. They can afford moving in different directions, which can be much more expensive than vacationing together, he said.

They might have obligations in their professions so that their vacations do not coincide in terms of time," he added.

The phenomenon of separate vacations didn't really appear until the late '60s and early '70s among the college generation of the '60s, Moreno contended.

It was fueled by the women's movement, which led to greater independence and spurred women to think they were "not necessarily tied to taking a vacation with their husband," he said.

Separate vacations can help a marriage, Moreno contended.

"I believe that in latent ways, (they) can be beneficial to a marriage," he said. "You're not necessarily looking to get away from the partner, but you're openly trying to do something that you particularly like that the other party does not like, like fishing or going to the beach."

Still, some couples take them because of marital problems, he conceded.

Marcia H. Wall, a marriage counselor in Pittsburgh, opposes separate vacations as a rule, contending spouses "should be best friends."

"Women might go to weight loss apas

or men to golf weekends or whatever," she said. "But when it is the only big vacation that they do separately, it usually signals problems in the relationship."

"Why would anybody want to be away from someone they're married to? They want to share, which is what it's all about."

Armao, 62, a partner in a meat market, however, said he thinks the separate vacations are good for his marriage.

"We enjoy it," he said, noting their five children are married and gone. "We have an understanding. She does as she pleases and I do more or less as I please. She doesn't like to go to the track at Saratoga and it's one of my relaxations."

One reason they vacation separately, Armao said, is, "We are two different persons. She likes to be on the go and

I'm on the go all year long. I deal with the public day in and day out. When I get a little time, I just like to sit down."

"She's been on ocean tours," he added. "One reason I don't go so much is because I've had two heart attacks."

Clifford said "the big advantage of separate is cost."

"It would be much nicer if both could go, but why should one be held back for financial reasons?" he said. "We both couldn't have afforded to go to Europe when Peggy went."

Piano-playing Peggy went to Europe in 1981 to attend a music school and James attended a Shakespeare festival in Ashland, Ore., in 1982. He will take two of the children to Santa Catalina this month; she will attend a convention of English teachers in Santa Cruz.

"We're looking forward in a few years to going to Europe — together," Clifford said.

Seminole Sack Attack Is Back

The sack is definitely back in the Seminole attack. Just ask the Lake Howell Silver Hawks. Coach Mike Bisceglia's Hawks were victimized no less than seven times in the backfield by the breaking-and-entering Fighting Seminoles.

Defensive end Walt Lowry and linebacker Mike DeBose had two apiece while end Fred Brinson, tackle Tony Cox and linebacker Bryan DeBose each collected one sack.

Those five were joined by linebacker Jerry Walsh, defensive backs Dennis Lawrence and Dexter Franklin and safety Brian Brooks Monday as coach Jerry Posey handed out nine Headhunter awards for defensive excellence.

"They were all spread out," Posey said about the sack attack which resulted in an 8-0 victory over the Silver Hawks Friday night. "We were looking at the film and it just amazes you. When one guy makes a tackle, there are a bunch of white jerseys (Seminoles) right behind him."

The gang-tackling should look familiar. It was a similar tactic which Titusville Astronaut used to shackle the Tribe's running attack in the season opener. After a week off, the Tribe put the same tactic on Lake Howell to even its record at 1-1.

Seminole finally plays its season opener Friday when the Mainland Bucs invade. Posey is looking for Five Star Conference victory number two which will put the 'Noles in the running for the top spot. The state's second-ranked team, Apopka (2-0, 1-0), hosts Spruce Creek while Lake Mary (2-0, 2-0) travels to Lyman. Lake Brantley (2-1, 1-1), which lost to Lake Mary last Friday, takes a week off. Lake Howell (2-1, 1-1) goes to DeLand (1-2, 0-1).

All of Sanford's heroes weren't on the defense Friday, however. Guard Danny Stone graded out the highest among the linemen and picked up a Hatcherman award. Running backs Cliff Campbell (13-48) and Deron Thompson (4-29) also earned Hatcherman honors.

"We moved the ball pretty well on offense, but we just couldn't push it in," said Posey. "It seemed like from the 30 to the 30 we did fine, but near the goal line we had trouble."

Posey laid part of that blame on injury. "We really didn't have a healthy fullback," he said. "(Daryl) Edgemon hurt his arm. We thought he'd be full strength but he wasn't."

Posey said backup fullback Frank Barnett has also been slowed by injury.

On the special teams, Alan Kendall, Jerry Littles, Hal Posey, Bryan DeBose, Brooks and Thompson picked up Savage awards.

Bryan DeBose and Stone were picked as the Optimist Players of the Week. For DeBose, it marked the second time this year. Stone is a first-time winner. The boys and Posey were honored at a luncheon by the Optimists today at Western Sizzlin'.

Posey also said Tuesday that reserved season tickets are still available for \$20. This entitles the holder to catch freshman, junior varsity and varsity action in the best seats in the house.

Advance game tickets for the Mainland-Seminole clash are also on sale at Sweeney's Office Supply, SunBank at the Sanford Plaza, Sanford and Lakeview middle schools and Seminole High School. Advance tickets save you .75 from Friday's \$3 price...

Former Seminole all-stater Isaac Williams was also doing a sack dance Saturday. The 6-1, 280-pound Florida State defensive tackle engulfed Miami quarterback Bernie Kosar on the last play of the first half before a regional television audience.

Williams and his Seminole teammates eventually forced Miami coach Jimmy Johnson to pull his sophomore phenom in the second half after FSU handed out some more rough treatment.

Florida State's convincing 34-3 victory moved it to ninth in the United Press International top 20.

Word out of Tallahassee is that Williams, a junior, will be pushed for All-America honors next year.

Herald Photo by Tommy Vincent

Oviedo's Stephanie Nelson, left, delivers a spike against Seminole's Dee Goebelbecker in volleyball action last year. Nelson, an attractive junior, helped the Lady Lions drop Lake Mary Monday night to improve their record to 6-0.

Nelson Slams Lady Rams, Oviedo Slays Another 4A

By Chris Fister
Herald Sports Writer

When it comes to volleyball in Seminole County, Oviedo rules in 1984.

In the past two weeks the 3A Lady Lions have knocked off 4A county opponents Lake Brantley, Lake Howell and Lyman. Coach Anita Carlson's team added Lake Mary to the list Monday.

Oviedo overpowered the Lady Rams behind the devastating play of Stephanie Nelson, 15-1, 15-12 at Oviedo High. The Lady Lions now stand at 6-0 overall and 2-0 in the Orange Belt Conference. Lake Mary fell to 2-5 overall.

Oviedo is on the road the rest of the week against Orange Belt Conference foes St. Cloud (today at 5 p.m.) and Osceola Kissimmee (Thursday at 5 p.m.). Lake Mary is back in action Wednesday as it hosts Lake Brantley at 7:15 (junior varsity 6:15).

In other Seminole County action today, Seminole hosts a tri-match with Lyman and Daytona Beach Mainland starting at 5 p.m., Lake Howell and Seabreeze travel to DeLand for a tri-match starting at 4 and Lake Brantley travels to Spruce Creek for a 5:30 match.

The Fayette Robinson years may be over at Oviedo High, but the winning tradition is still very much alive. Many of the players on this year's team have been starters since they were freshmen and sophomores. The Lady Lions have a number of talented and experienced players on the 1984 squad.

Nelson is one of those experienced players. The attractive junior has been a starter since she was a freshman and has matured into one of the best power players in Seminole County.

"Stephanie Nelson is really coming on," Carlson said. "She's a really smart player. She knows when she can get a spike in and when to dink and her back line play has improved a lot."

Nelson made her presence known early in Monday's match as she drilled two spikes into the Lake Mary defense as Oviedo built a 4-0 lead on the serve of Mary Lokers.

Allen Patterson's spike gave the serve to the Lady Rams, but a missed serve gave it right back to Oviedo. Lake Mary was its own worst enemy in the opening game with five missed serves.

Kim Bliestel then came on to serve and the Lady Lions reeled off six straight points to take a

Prep Volleyball

commanding 10-0 lead. Included in the string was an ace by Bliestel and a nice block by Nelson.

After another Lake Mary missed serve Oviedo made it 11-0 on Nelson's serve. Lake Mary finally got on the board as Michelle Farrer served a point to make it 11-1.

The two teams then traded side outs before Cindy Wood came on to serve for the Lady Lions. Wood served the last four points of the game to give Oviedo a 15-1 victory. Included in the final four points was a nice dink by Fran Foster and an ace by Wood.

Oviedo emptied its bench for most of the second game and Lake Mary cut down on its mistakes to make it much closer than the first game. Lake Mary took an early 2-1 lead then extended it to 6-1 as Katy Hodak served four straight points, one an ace.

Lake Mary eventually took a 10-3 lead before Oviedo started its comeback. With Kim Verne serving, Oviedo rallied for five straight points to pull within 10-8. Included in the rally were blocks by Lokers and Evonne Bartels and a dink by Bartels.

The Rams then regained the serve and took a 11-9 lead on Anquetette Whack's serve. Foster then slammed a spike into the floor to give Oviedo a side out and the Lady Lions took a 13-11 lead as Foster served five straight points, including a pair of aces.

Lake Mary cut the lead to 13-12 on Robyn Christensen's serve, but Oviedo got it back and closed out the match on Bliestel's serve. The 14th point for the Lions came when Nelson hammered a spike into Lake Mary's defense and the final point came on Nelson's dink over Lake Mary's blockers.

"We had our second string setters in there in the second game and we fell apart a little bit," Carlson said. "But overall I was pleased. All of our players got a chance to play. It looks like we're in pretty good shape this year."

In junior varsity action Monday, Oviedo won a three-game match over Lake Mary, 15-9, 4-15, 15-8.

Young Runners Take Center Stage

Lake Howell Girls Favored In Frosh-Soph Competition

By Chris Fister
Herald Sports Writer

When you have a freshman-sophomore cross country meet that could compete with a lot of major meets in other counties, you know Seminole County is becoming a hotbed in the state for cross country.

Many of the top runners in Seminole County will be on hand Wednesday at Lyman High for the 1984 Seminole County Freshman-Sophomore meet. The girls race begins at 4 p.m., followed by the boys at 4:30.

In the girls meet, the obvious favorite is Lake Howell. The top-ranked (4A) Lady Hawks have four sophomores among their top five runners and a number of upcoming freshmen and sophomores on the junior varsity. In the freshman-sophomore meet the top four runners make the team score while the top five in varsity make the team score.

Lake Howell's top four Wednesday will most likely be soph-

Cross Country

omores Lisa Samocki (third in Seminole County), Martha Fonseca (eighth in the county), Belinda Laseur and Mary Fonseca. Other talented sophomores for the Lady Hawks include Diane DiMauro and Kim Hammonree and top freshmen include Gwen Lane and Theresa Gringer.

The race for the individual title should be a good one between Samocki, Seminole freshman Shownda Martin, Trinity Prep sophomore Katie Sama, Lyman freshman Tracy Fisher and Lake Mary sophomore Sue Kingsbury. Sama will try to keep the individual title at Trinity Prep. Adrienne Politowicz, now a junior at Trinity, won the race last year.

Three of Seminole's top five varsity runners will run in Wednesday's meet including Martin (the winner of the Patriot

10 Mistakes?

Oviedo coach Jack Blanton tells the referee to count his fingers. That's how many mistakes he made Friday night as the Lions were upset by St. Cloud. Oviedo's offense took the night off in a 10-0 setback. The Lions, 2-1, try to get back on the winning track Friday at Leesburg.

Raiders Reward Fans With Comeback Win

LOS ANGELES (UPI) — The comeback from the 10-point deficit didn't surprise Jim Plunkett. He's been part of that scene many times before. What really shocked the veteran quarterback was winning a last-minute thriller in the Los Angeles Coliseum with some fans watching.

"It's the first time I've ever seen people here stay in the stands so long," he said.

Normally, L.A. fans show up late and leave the engines in their cars running for a fast getaway. But Monday night, nearly all of the 76,131 fans stayed for the finish. And what a finish they saw.

Marcus Allen vaulted into the end zone from the 1-yard line with 45 seconds remaining, lifting Los Angeles to a 33-30 victory over the San Diego Chargers and keeping the Raiders' dominance of Monday night football rolling.

The victory was the 21st for the Raiders in 24 Monday night games. They are 4-0 this season

Pro Football

while San Diego fell to 2-2. Allen said he expected a tough game. But not that tough.

"We knew it would be hard-hitting and the Chargers' spirits would be extremely high," said the 1981 Heisman Trophy winner, whose four-TD performance tied a club record set in 1963 by Art Powell.

"But tonight those guys threw everything they had against us. They threw themselves, their wives, their children and their houses against us. They threw everything."

It still wasn't enough. "One play here and one play there made the difference," said dejected Chargers coach Don Coryell. "I really thought we would hold them and stop them on the last drive."

The come-from-behind victory was the second in two weeks for the Raiders.

Evening Herald, Sanford, Fl. Tuesday, Sept. 25, 1984-18

Older Widow Deplores Meaningless Titles

DEAR ABBY: Here is one older widow who elects to be called by her Christian name. I deplore being called "Mrs." anybody. How can "Missus" be abbreviated Mrs.? There is no "r" in Missus. I can only presume we get a Mrs. when we marry because we become a plural of Mr. Or perhaps in some bygone era the apostrophe was deleted and we then belonged to a Mr., as in Mr.'s.

I will accept the unpronounceable "Ms." (Mizz) when men are addressed as Mr. with no vowel sound or as Merr — since we really can't pronounce either without a vowel. When will be debate the absurd labels, which mean nothing?

I am even occasionally addressed as "Miss" — with three children, 13 grandchildren and a great-grandchild! Considering that record, "Miss" is absurd. With no husband, "Mrs." is absurd, and "Ms." is the most absurd of all!

When John Doe can be just that, and no one asks if he is single or married, why do women clamor to have their status cluttered with some meaningless title? I like my name, and I want to be called...

MARGARET

DEAR ABBY: A friend of ours (we'll call her Joan) telephoned her mother, Mrs. A. long distance. A gentleman answered Mrs. A's telephone. Joan did not identify herself as Mrs. A's

Dear Abby

daughter, so the gentleman asked Joan, "Who is calling, please."

Joan responded, "Who are you?"

The gentleman replied, "My name is Paul."

Then Joan said, "Well, Paul, please put Mrs. A on the phone." Joan believes that Paul was rude to have asked who was calling, as it was none of his business. We believe it was an appropriate question. We would like your opinion.

FRIENDS OF JOAN

DEAR FRIENDS: It was not rude of Paul to have asked who was calling. (Perhaps Mrs. A had instructed him to inquire.) Joan should have immediately identified herself as Mrs. A's daughter.

And speaking of rudeness, I think Joan was rude to demand that Paul identify himself, as it was none of her business.

DEAR ABBY: I'm 16 years old and my love life stinks. I like this kid who has been coming to my house for a year now. He likes to watch TV, make out and eat. I make fabulous chocolate chip

cookies. He can put away a double batch with two quarts of milk.) But, Abby, there are two things wrong with him: 1) He won't make any kind of commitment; 2) he never takes me anywhere.

I'm nothing to be ashamed of, and I am not boring. So what should I do?

GETTING NOWHERE FAST

DEAR GETTING: If he's going to drink your milk and eat your cookies, tell him he has to take you out occasionally. And you may quote me.

DEAR ABBY: I am so furious I can barely write this. Recently, after my husband suffered a heart attack, several non-family members entered the intensive care unit through deceitful means — even after visiting hours. Fortunately, the head nurse realized what was happening and she put a stop to it.

If you have a friend in an intensive care unit of a hospital, do not sneak in to pay him a visit. He's much too sick to enjoy your company. Instead, show your concern and friendship by helping his family. Some suggestions: Offer to run some errands, do some yard work, sit with younger children, take a batch of cookies or a covered dish to his house, etc.

Please print this, Abby. It needs to be seen by many.

NAMELESS IN MARION, ARK.

Teens Wanted For Pageant

Mai-Lis Kunholm, Miss Florida Teen USA, will crown her successor at the 1985 Miss Florida Teen USA Pageant, Oct. 27 and 28, at the Newport Resort Hotel, Sunny Isle, Miami Beach. Miss Kunholm is a senior at Coral Gables High School. The competition is open for girls, ages 14-17. For information and eligibility requirements, call or write Miss Florida Teen USA, C/O Tel-Air Interests Inc., 1755 NE 149th St., Miami 33181. Phone: 305-944-3268. Immediately after receiving the crown, the winner will begin a series of appearances and preparation for Miss Teen USA.

Ceramics Classes Offered

The ceramics classes for 1984-85 will be offered in three separate sessions.

Registrations are now being taken for the first session, from Oct. 9 to Dec. 13, at the recreation office located in the Sanford City Hall, the office in the Youth Wing of the Sanford Civic Center located on the corner of Seminole Boulevard and Sanford Avenue, or at the Westside Recreation Center located at 919 Persimmon Ave.

Adult classes will be held on Thursday evenings from 6:00-9:00 p.m. and Tuesday mornings from 9:00-12:00 at the Cultural Arts Building, 5th Street and Oak Avenue. Class will be limited to 18 per class. There is a \$10.00 material fee for the 10-week session.

All students will be required to purchase their own paints and tools, which will be available at class.

Registrations for the second session will start Dec. 6, and Feb. 21, for the third session.

Non-residents will be permitted to register on a space available basis only, and must pay a non-resident fee prior to participation.

Registration for city residents will be on a first come first served basis. Students may not attend two consecutive sessions unless there is a available space.

Senkarik Glass & Paint Co., headquarters for glass, mirrors and paints.

Senkarik Glass & Paint They're A 'Glass' Act

For more than 35 years Senkarik Glass and Paint Co. at 210 Magnolia Ave., Sanford, has been doing quality residential and commercial glass and mirror work. No job is too large or too small.

Senkarik specializes in all types of glass including desk and table tops, custom residential glazing, glass replacement, shower doors, storefront commercial and auto glass replacement.

For a beautiful decorating touch, Senkarik has custom mirrors for walls and ceilings. They also stock Plexiglas in four thicknesses.

Of course! Senkarik is also headquarters for your other re-decorating needs—you need not look any further for paints, varnishes, stains, wallcoverings and custom frames.

Owners Jerry and Eddie Senkarik are carrying on the family tradition of friendly service. They are always glad to give you advice on painting and will even go out to your house to discuss special paint problems and give you an overall estimate of materials you will need for the job.

Senkarik carries a full line of nationally famous Sanford-manufactured Pen Paints and Benjamin Moore Paints for interior and exterior paint jobs as well as all types of painting supplies, brushes and rollers.

For any exterior wood exposed to the elements, the Senkariks recommend McCloskey's Man o' War Ultra Spar Marine Varnish.

They have the necessary products to help do-it-yourselfers do a professional looking job on restoring old furniture, antiques and picture frames as well as tips on eliminating some of the tedious work required in the past.

Lacquer, varnish, or shellac can all be removed with the Hope two-step method of instant refinishing. Hope's refinisher removes old finish with no stripping, paint brushes or sandpaper. Follow this up with a finish coat of Hope's Tung Oil and your furniture will be ready for use the same day.

Senkarik carries a large selection of wallpaper designs, including photo murals and grass stock from which to choose.

Senkarik also has art supplies for beginners and professionals. They carry such quality name brands as Grumbacher, Delta, Winsor-Newton and Liquitex. If you don't find what you want in stock, they will be glad to special order it for you.

To frame your work of art, Senkarik has a large selection of frames with more than 350 custom moldings from which to choose.

Call on Senkarik at 322-4622 for all of your paint and glass needs.

Congress Works On Alien Bill Snag

WASHINGTON (UPI) — House and Senate negotiators turned their attention Monday to a proposal that would protect aliens against job discrimination, a key roadblock to a compromise on major immigration legislation.

Negotiators on the bill to grant U.S. residence to illegal aliens who entered the country prior to Jan. 1, 1981, had laid the House-approved anti-discrimination provision aside because of the refusal of Sen. Alan Simpson, R-Wyo., to accept it.

Simpson, the chief Senate sponsor and negotiator, has said the proposal by Rep. Barney Frank, D-Mass., is unacceptable because it would prevent employers from giving preference in hiring to citizens over aliens.

Most major differences over bills passed by the House and the Senate had been worked out in six days of talks.

The bill would grant permanent residence to otherwise law-abiding aliens who entered the country illegally prior to 1977 and temporary status to those coming later but prior to 1981. Those granted temporary residence could seek permanent status after two years.

See Eric, left, and Charlie at Blue Book Cars for the best in used cars.

Meet Friendly Folks At Lash Blue Book Cars

If you are looking for a good used car to fit your budget come to Jim Lash Blue Book Cars where the courteous salesmen don't pressure the customers and there is a large selection in every price range.

Jim Lash has been in the automobile business for 30 years in this area and has operated his used car sales from this same location at 4114 S. Orlando Ave. (U.S. 17-92 south of Lake Mary Boulevard).

Newest member of the friendly sales staff is Charlie Hough, who joined Jim Lash in August. He is well known in the Sanford area and has sold cars here for the past nine years. Charlie invites his previous customers to come on in and have a cup of coffee with him.

"I'm proud to go to work for Jim Lash, he has a fine organization and has built a good reputation," said Charlie. "I was able to come here because of the way they are expanding and adding so much more inventory."

Eric L. Akins is also in sales. Although a young man he has been with the company for five years. He literally started out at the ground level doing part-time yard work and later moved up in the company into detailing cars and he has been in sales for the past year. Originally from Sanford, Eric spent much of his life overseas because his father was in the Navy.

Jim's sales manager is his brother, Ray Lash, who has been with the company since 1980. He has been in the automotive business all of his life and has sold and managed in new car stores. General Manag-

er Steve Lash said of his uncle, "He is very low key and likes working with people taking time with a sale and making sure the person has made the right purchase."

Steve is in charge of three operations at Jim Lash Blue Book Cars: auto sales, service and rentals. He joined his Dad's business 1982. "Our salesmen let you browse first, we don't believe in pressuring here," he explains. "We have almost 200 cars in our inventory and hope to increase the selection up to 250 with cars which sell from \$300 to \$20,000 from which to choose to better serve the people of the Sanford area and give them a wider range in selection."

"Our cars are just used cars, they are reconditioned both mechanically and in appearance," said Steve, "and they are backed with a warranty to prove it."

New in the Jim Lash office is Sandy Lopez, a bookkeeper. She is also new to the area and has a strong background in the automotive business in a new car store and an auto auction.

And of course we can't forget Dottie Deal, the office manager who joined the staff two years ago.

Blue Book Cars also sells used trucks and vans, as well as cars on consignment.

Should you have a problem with your car bring it to the well-staffed service department which is equipped with the latest electronic diagnostic equipment.

If your car is in the shop for repair, or you are temporarily in need of a second car, Blue Book Cars offers economical alternative transportation in the form of rental cars.

HEARING TESTS SET FOR SANFORD/CASSELBERRY AREA
Electronic hearing tests will be given free of charge at the Orange Hearing Aid Ctr. 2701 S. Orlando Dr., Sanford (Monday only) and 120 S. Hwy. 17-92 Casselberry, Monday-Friday this week. H. Powers and B. Fisher, certified by the National Hearing Aid Society will be at these offices to perform the tests.
Anyone who has trouble hearing or understanding is welcome to have a test using the latest electronic equipment to determine his or her particular loss.
Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now enjoying a hearing aid or those who have been told nothing could be done for them can find out about the latest methods of hearing corrections.
The free hearing test will be given Monday thru Friday - the week of the Casselberry office and Monday at the Sanford location. Call the number below and arrange for an appointment, or drop in at your convenience.

Assaulted Ex-Girlfriend At Restaurant

Man Faces Year In Jail For Attack

**By Deane Jordan
Herald Staff Writer**
A DeBary man charged with kidnapping and false imprisonment after dragging a woman into woods near a Longwood restaurant has pleaded guilty to battery.

Jon Simpkins, 23, of 432 Jeffers St., entered the plea before Seminole Circuit Judge S. Joseph Davis Jr. He could receive up to a year in the county jail when sentenced Nov. 20.

According to court records, Simpkins dragged Burnadette Qully, 23, of 518 San Marie Ave., Altamonte Springs, into woods near H.P. Cassidy's restaurant, 107 Markham Woods Road, Longwood, on June 21. Ms. Qully asked that Simpkins, her ex-boyfriend not be charged with kidnapping and false imprisonment.

Ms. Qully said she met Simpkins, whom she was no longer dating, at the restaurant because it was a public place and he had abused her in the past. She said that during the meeting, he had but one thing in his mind as they had a few drinks at the restaurant.

"He was obsessed with (the) idea of getting me pregnant so he could then own me because I would have no way of raising the child alone," she said in an affidavit. She said he wanted to go to his apartment "expressly for that purpose."

She said that after Simpkins calmed down, she left the restaurant. She said he followed her, ripped the keys from her truck's ignition and told her he was not leaving until he got what he wanted, "which was to rape me," she said.

She said they began to argue and he dragged her screaming into woods near the restaurant. Once in the woods, she said, he handcuffed her and beat her about the head.

She said people coming to her rescue scared him away. One witness said she saw the man hiking up his pants as he fled.

Ms. Qully did not report a sexual assault. Simpkins surrendered to authorities Aug. 1.

In other court action: —Charles Fritzel, 34, of 410 Hermitage St., Altamonte Springs, pleaded guilty before Davis to possession of cocaine. He was arrested after a traffic stop June 24 in Casselberry at state roads 436 and 15. He

could receive up to a year in jail when sentenced Nov. 28.

—Valarie Bryant, 30, of #13 Lake Monroe Terrace, Sanford, arrested June 4 for possession of cocaine and marijuana, pleaded guilty Wednesday to possession of less than 20 grams of marijuana. Davis sentenced her to one weekend in the county jail and ordered her to pay the public defender \$350. She could have received a year in jail. She was charged with the crimes after Sanford police searched her house April 12 while she was not home.

—Richard Mells, 20, of 1761 Barton St., Longwood, pleaded guilty to petty theft in connection with the forgery of three checks from his stepfather June 17 to pay for cocaine. He received 60 days probation. He could have received 6 months in the county jail. A co-defendant, Vincent Lee Pudlak, 22, of 771 Wymore Road, Altamonte Springs, was sentenced Feb. 8 by Davis to 3 years in prison on three counts of grand theft for forging checks.

—Charles W. McKenny, 31, of Orlando, pleaded guilty Wednesday before Davis on a charge of petty theft. He was arrested May 17 after reportedly putting more than \$100 worth of merchandise from Sears in the Altamonte Mall into a shopping bag and leaving the store without paying. He was sentenced to one weekend in the county jail and ordered to pay the public defender \$350. He could have received 6 months in jail.

—Andrea Jamar Williams, 21, of 705 Orange Grove Drive, Altamonte Springs, arrested April 26 for burglary at 805 Orange Grove Drive, pleaded guilty Wednesday to trespass in an occupied dwelling. He was sentenced to one weekend in the county jail and ordered to pay the public defender \$350. He could have received up to a year in jail.

—Alvin Nixon, 50, of 9630 McNorton Road, Forest City, pleaded guilty Wednesday to assault and was sentenced to 6 months probation by Davis. He was arrested June 23

after he reportedly assaulted his wife, Alberta Nixon, with a blackjack. He was also ordered to pay the public defender \$300.

—Evangalos Nick Pougouzas, 18, of 696 Stanford Drive, Altamonte Springs, and Alexander Tairambidis, 19, of 143 Sunset Drive, Longwood, were arrested August 3 for stealing and selling a surfboard. Pougouzas pleaded guilty Wednesday to burglary and grand theft while Tairambidis pleaded guilty to grand theft. Each could receive a year in the county jail. According to court records, Tairambidis was riding with Pougouzas on April 5 when Pougouzas stopped his car, took a \$125 surfboard out of a car parked at the Interstate Mall and drove away.

Legal Notice

IN THE CIRCUIT COURT OF THE EIGHTEENTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA
CASE NO. 84-300 CA-13 E
IN RE: The Former Marriage of CHARLOTTE SUMAN, 1/2/s CHARLOTTE WIRTH.
Petitioner/Wife, and DONALD B. WIRTH, and His Heirs and Assigns Respondent/Husband.
NOTICE OF ACTION TO DONALD B. WIRTH, and His Heirs and Assigns Residence Unknown
YOU ARE HEREBY NOTIFIED that an action to confirm a deed on the following property in Seminole County, Florida:
Lot 22, Block H, Foxmoor Unit 3, according to the Plat thereof as recorded in Plat Book 23, Page 20 and 21 of the Public Records of Seminole County, Florida, has been filed against you and you are required to serve a copy of your written defenses, if any, to it on WILLIAM T. CONNER, ESQ., of JACOBS & GOODMAN, P.A., 90 S.R. 434 North, Altamonte Springs, Florida, on or before the 25th day of October, 1984, and file the original with the Clerk of the Circuit Court either before service on Plaintiff's attorney or immediately thereafter, otherwise a default will be entered against you for the relief demanded in the Petition in Summary Dissolution of Marriage and Ordered at Kissimmee, Osceola County, Florida this 21st day of September, 1984.

State of Florida
Department of Environmental Regulation
Division of Pesticide Agency Action
on Permit Application
The department gives notice of its intent to issue a permit to construct improvements to the City of Longwood water treatment plant #2 located at the intersection of Rangeline Road and E.E. Williams Road in Longwood, Florida. Proposed improvements include an additional 750,000-gallon ground storage tank with 2500 G.P.M. aerator, a 2300 G.P.M. high service pump, a 500 KW diesel generator, a 1000 G.P.M. additional chlorination injector, and associated piping and appurtenances.
Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must conform to the requirements of Chapters 171.03 and 283, Florida Administrative Code, and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Twin Towers Office Building, Tallahassee, Florida 32310, within fourteen (14) days of publication of this notice. Failure to file a request for hearing within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.
If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this preliminary statement. Therefore, persons who may not object to the proposed agency action may wish to intervene in the proceeding. A petition for intervention must be filed pursuant to Madol Rule 28.3.207 at least five (5) days before the final hearing and be filed with the hearing officer. If one has been assigned at the Division of Administrative Hearings, Department of Administration, Tallahassee, Florida 32310. If no hearing officer has been assigned, the petition is to be filed with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32310. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, Florida Statutes.
The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 3319 Maguire Boulevard, Suite 222, Orlando, Florida 32835-2257.

The department gives notice of its intent to issue a permit to construct improvements to the City of Longwood water treatment plant #2 located at the intersection of Rangeline Road and E.E. Williams Road in Longwood, Florida. Proposed improvements include an additional 750,000-gallon ground storage tank with 2500 G.P.M. aerator, a 2300 G.P.M. high service pump, a 500 KW diesel generator, a 1000 G.P.M. additional chlorination injector, and associated piping and appurtenances.
Persons whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, Florida Statutes. The petition must conform to the requirements of Chapters 171.03 and 283, Florida Administrative Code, and must be filed (received) in the Office of General Counsel of the Department at 2600 Blair Stone Road, Twin Towers Office Building, Tallahassee, Florida 32310, within fourteen (14) days of publication of this notice. Failure to file a request for hearing within this time period shall constitute a waiver of any right such person may have to request an administrative determination (hearing) under Section 120.57, Florida Statutes.
If a petition is filed, the administrative hearing process is designed to formulate agency action. Accordingly, the Department's final action may be different from the position taken by it in this preliminary statement. Therefore, persons who may not object to the proposed agency action may wish to intervene in the proceeding. A petition for intervention must be filed pursuant to Madol Rule 28.3.207 at least five (5) days before the final hearing and be filed with the hearing officer. If one has been assigned at the Division of Administrative Hearings, Department of Administration, Tallahassee, Florida 32310. If no hearing officer has been assigned, the petition is to be filed with the Department's Office of General Counsel, 2600 Blair Stone Road, Tallahassee, Florida 32310. Failure to petition to intervene within the allowed time frame constitutes a waiver of any right such person has to request a hearing under Section 120.57, Florida Statutes.
The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at 3319 Maguire Boulevard, Suite 222, Orlando, Florida 32835-2257.

Balanced Diet Found In A Variety Of Foods

DEAR DR. LAMB - My mother insists that I eat eggs for breakfast for a balanced diet. In fact, whenever I don't eat what she thinks I should eat, she tells me I must have a balanced diet - so I asked her what a balanced diet is, and she really couldn't answer me. Exactly what is a balanced diet?

DEAR READER - You might all be struck by lightning on the golf course or drown on one of your fishing trips. I would need to know each of your medical backgrounds to really judge the effects of your habits. What is your blood pressure, your cholesterol and your ratio of good to bad cholesterol?

DEAR READER - You do not need to eat eggs to have a balanced diet. There is a wide range of foods you can choose from to achieve a balanced diet.

A balanced diet consists of a variety of foods from the four basic food groups: dairy products, fruits and vegetables, the bread-and-cereal group and meats.

You need to get four servings from all of these, except the meat group, every day. You need only two servings from the meat group. I call this the "4, 4, 4, 2 rule" for the number of servings from each group.

You should have fruit or fruit juice to provide vitamin C every day; for vitamin A, you need a pigmented vegetable, such as carrots, spinach or other orange-to-dark-green items every other day.

In addition, you must get enough calories to meet the calorie requirements for your lifestyle. With an adequate number of servings from the dairy and meat groups, you will get enough complete protein. Milk is rather important as a calcium source.

I have discussed these points in greater detail in a new issue of The Health Letter, Special Report 16, The Balanced Diet.

DEAR DR. LAMB - Three of us golf and fish together and we are always arguing about who will die first from his bad habits. One drinks six cans of beer a day, but uses no tobacco. Another smokes one-and-a-half packs of cigarettes a day but doesn't drink. The third neither smokes nor drinks, but chews one pack of chewing tobacco a day. In your opinion, which of our bad habits is the most dangerous?

WIN AT BRIDGE

By James Jacoby

Try to avoid an overdose of science in your bidding. North had a very nice hand facing his partner's opening one-spade bid. After South had rebid two spades, I would say, "Well done!" if North simply asked for aces and bid a slam. Instead, he bid three hearts. That gave East the opportunity to make a lead-directing double. North still launched into Blackwood and bid six spades. Now it fell on South's shoulders to justify his partner's optimistic bidding.

The ace of hearts won the opening lead. The king of clubs was played, then a spade to the jack. South trumped a low club with the spade 10, overtook the king of spades with the ace and

begin playing out his black suit winners. It would seem that the contract simply depended upon the favorable location of the diamond king, but declarer rightly felt he could postpone that play until the end of the deal.

Eventually the last three cards in the South hand were the jack of hearts and two little diamonds. Dummy was left with the A-Q-10 of diamonds and East was left with a headache. If he threw the king or queen of hearts away, declarer would play a heart and force East to lead into dummy's diamond A-Q. If he discarded the diamond jack, declarer would play to dummy's ace, dropping the king and making an overtrick.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY
 SEPTEMBER 26, 1984

Someone to whom you used to be quite close in the past will re-enter your life this year. When this friendship is revived, fortunate circumstances will result.

LIBRA (Sept. 23-Oct. 23) You might feel inspired today to move on something others consider financially daring. Boldness will be rewarded, but rashness won't. Major changes are in store for Libras in the coming year. Send for your year-ahead predictions today. Mail \$1 to Astro-Graph, Box 489, Radio City Station, New York, NY 10019. Be sure to state your zodiac sign.

SCORPIO (Oct. 24-Nov. 22) Fortuitous circumstances continue to surround you where your material interests are concerned. You may gain from something another originated.

SAGITTARIUS (Nov. 23-Dec. 21) Sometimes it's good to get off by ourselves in a quiet environment, but this won't be true in your case today. You'll come alive in a crowd.

CAPRICORN (Dec. 22-Jan. 19) Objectives too difficult for others to achieve will be reachable for you today. This is because Lady Luck will be pulling the strings.

AQUARIUS (Jan. 20-Feb. 19) You'll know all the right things to say and do today if you get involved with friends who are in need of encouragement.

PISCES (Feb. 20-March 20) Your possibilities for personal gain are very strong today. However, what transpires may be due more to the efforts of others than your own.

ARIES (March 21-April 19) Conditions are ripe for you to rectify a situation that previously caused you dissatisfaction. It's to your advantage to make alterations.

TAURUS (April 20-May 20) Partnership situations could be quite fortunate for you at this time. Try to select associates who think on grander scales than you.

GEMINI (May 21-June 20) Your friends will not feel used today if you have the need to call upon them for a business favor. You'd do the same if they required your help.

CANCER (June 21-July 22) Showing a willingness to share with others will prove to be a sound move today. Your unselfishness will be noted and reciprocated at a later date.

LEO (July 23-Aug. 22) Devote as much time as possible to creative endeavors today. Work on projects or ventures where you can give free reign to your imagination.

VIRGO (Aug. 23-Sept. 22) Your material prospects continue to look encouraging. Pursue any leads that give you a chance to add to your holdings.

ANNIE

HOW! MR. PLUMM SURE CUT ME OFF QUICH WHEN I TRIED TELL HIM ABOUT MYSELF!
 -NOT THAT I COULD TELL HIM MUCH -
 -BUT IT WAS MORE LIKE HE DIDN'T WANT T TELL ME ABOUT HIMSELF -
 -LEFT THAT I DON'T REMEMBER WHO I AM!

MEANWHILE...

NO MATTER HOW CLEVER THEY TRY TO BE, JAME DEAL ALWAYS FINDS 'EM! BUT IT TAKES TIME - AND MONEY -

HERE'S AN ADVANCE
