## Senate Group Votes Hike In Income Taxes

20 Percent Increase Expected To Raise About 3 Billions; Truman Hits UMT

WASHINGTON, Aug. 11.—(UPI)—The Senate Finance Committee today approved an annual increase of about \$3,000,000,000 in personal income taxes. And President Truman announced his opposition to a Universal Military Training bill at the present time.

The tax bill authorizes the government to begin digging deeper into the pockets of over 50,000,000 taxpayers on Oct. 1.

At the same time, the committee instructed its staff to draw up an exemption which would have the effect of removing taxes from members of American fighting forces below the commissioned officer rank in Korea and other areas of hostilities.

Some exemption also would apply to officer personnel, under this plan.

If the Senate and House approve the tax bill, as they are expected to do, the tax obligations of individuals will go up as much as 20 per cent in some income brackets.

Beginning Oct. 1, withholdings on wages and salaries, after personal exemptions, would jump from the present \$1,100 to \$1,300 per week.

The committee action completed its approval of the major items in President Truman's "first installment" \$5,000,000,000 tax program intended to help pay for the Korean war and America's rearmament against Communist aggression.

The tax framing group yesterday okayed a \$1,500,000,000 a year increase in corporation taxes, raising the top levy on corporate income from 38 per cent to 45, effective of July 1, 1950.

The higher tax rates will apply in 10 of 1950 corporate income, but only to 1/4 of 1950 individual income.

All told, the committee now has approved items aggregating about \$4,500,000,000 of the President's \$5,000,000,000 request. It has yet to act on several minor items, also possibly on an excess profits tax proposal for corporations.

President Truman will not seek passage of a Universal Military Training bill at this session of Congress, the white House said.

Presidential Secretary Charles G. Ross said that the President is as strong as ever for such a measure, but feels that pressure for it at this time might interfere with other vital needed legislation related to Korean war needs.

Even if the President wanted UMT now, key members of Congress were saying it would cost too much in money and manpower, especially when piled on top of other growing defense costs.

Ronald M. Truman's view at news conference when told about reports of an Administration drive for passage of a UMT bill, was firmly voiced contempt of Congress citations against 84 who voted for it.

Home Builders Say Housing Boom Will Continue This Year

WASHINGTON, Aug. 11.—(UPI)—Home builders said that recent government urban renewal programs will not check the record breaking housing boom until late fall. They said the eventual effect will be a cut of 25 to 30 percent in home building next year.

That estimate of the situation was announced by the National Association of Home Builders, which is anxious to avoid any further housing controls at this time.

The new government regulations require veterans to make a 5 percent down payment when buying a home, and require down payments 5 per cent larger than before on mortgages insured by the Federal Housing Administration.

About 30 key men of the association, including the executive committee, are meeting here today.

TAYLOR PERSISTS

BOISE, Idaho, Aug. 11.—(UPI)—Just about everybody here, Senator Glen H. Taylor, had conceded today that Taylor had lost in his bid for renomination for the Idaho Democratic six-year Senate term.

The one-time singing cowboy who ran in the number two spot with Henry Wallace on the 1948 Progressive Party ballot, was trailing his opponent, former Senator D. Worth Clark, by a considerable 1,000-plus votes.

With 816 of 1,020 precincts counted, the unofficial figures in Tuesday's primary stood at 26,780 for Clark, 25,630 for Taylor, and 14,541 for the third man, Rep. Compton L. White. White conceded to Clark yesterday.

He is Raymond N. Marston, Jr., whose father, a pulp mill worker in Palatka, formerly lived in Titusville and knew Mr. Harrel. The latter recognized the boy's picture in a newspaper, and telephoned the Sanford Police Department.

## Security Council President Malik Irks Members

Tingfu Tsing

Warren Austin

THIRISTERING TACTICS OF SOVIET DELEGATE Jacob Malik (left) in the U.N. Security Council at Lake Success, N.Y., are vigorously attacked by China's Tingfu Tsing (center) and Warren Austin of the United States. Malik strives to delay a vote of censure on North Korea, introduced by Austin, and likewise to hold up the seating of South Korea's representative, John M. Chang, as angrily demands by Tsing (International).

## Reserve Officers Called To Colors, Army Announces

### Doctors, Dentists And Veterinarians Are Ordered Out

WASHINGTON, Aug. 11.—(UPI)

The Army announced today that it is calling up to active duty whether they like it or not—7,862 reserve captains and lieutenants who are not assigned to units of the organized reserve corps.

The officers, all men, will be on active duty by Oct. 6, the Army said. They are being ordered up for 21 months, subject to change by Congress, unless relieved sooner.

The Army said simultaneously that it will recall involuntarily 1,582 male officers of the active and inactive medical, dental, veterinarians and medical service corps.

This call-up will affect officers up to the grade of major in the medical and medical service corps, lieutenant colonel in the dental corps and major in the veterinary and medical service corps.

The company grade officers being recalled include 1,858 captains and 6,056 lieutenants in 16 arms and services. They will come from all parts of the country.

This was the first Army call-up from the higher ups, were in tough situations, and there is a good chance the staff will be picked with a knowledge of his duties. Too little information is available as to the effects of atomic blasts and how to cope with them, he added. If global war comes we will need information regarding mass shelters and medical supplies.

Mr. Peterson, who told the Jaycees he could not begin them with a sense of false security, and predict "dark days ahead" in event of a global atomic war.

The non-Communist committee have invited the North Korean authorities to meet with them until they have been taken across the 38th parallel.

He said that his instructions from the higher ups were in tough situations, and there is a good chance the staff will be picked with a knowledge of his duties. Too little information is available as to the effects of atomic blasts and how to cope with them, he added. If global war comes we will need information regarding mass shelters and medical supplies.

### Jaycees Consider Ways To Increase Defense Spending

The Jaycees yesterday voted to appoint a committee to investigate the possibility of inducing the national government to spend some of its defense funds in this area.

A. B. Peterson, as director of the Seminole County Defense Council told of the present defense set up here.

W. H. Steimer, Jaycee president, pointed out that Seminole County has favorable facilities for camps and waterfront buildings suitable for amphibious training.

Briley Odham, Florida Jaycee president, suggested that the Jaycees look into the possibility of the Naval Air Station being reactivated, and pointed out that the government is spending more than 15 billion dollars for national defense, and said that facilities at the former station are in top condition.

"I think that arrangement could be made with the federal government to relinquish those now occupying the station," he stated.

Gordon Bradley introduced Mr. Peterson who told the Jaycees that he could not begin them with a sense of false security, and predict "dark days ahead" in event of a global atomic war.

The Jaycees, who told the Jaycees they could not begin them with a sense of false security, and predict "dark days ahead" in event of a global atomic war.

### Malik Demands Immediate Vote On His Proposal

### Russian Would Admit Both North, South Korea To Council

WASHINGTON, Aug. 11.—(UPI)

Secretary of State Acheson today accused Russia's reservation in the U.N. Security Council of trying "to thwart the United Nations effort to restore peace and security" in Korea.

The British leader called the five-nation Brussels Treaty as completely ineffective.

A committee has been set up which has been failing to agree," he said. "Conferences have been held with high officials and statesmen. A pretense has been employed by the government responsible for our safety.

"But in actual fact," he said, "apart from the establishment of an American liaison base in Berlin, nothing has been done to protect our people."

Churchill complained that his warnings to the West in the past had fallen on unheeding ears, or were used to sustain the false position in the east of war.

"Now, however," said Churchill, "after the lighting flash in Korea and the spreading confrontation which he has caused, the whole free world is to be given a vehement realization of its dangers, and many measures are proposed which, if they had been taken two years ago, would at least have yielded some fruit."

Churchill warned against depending too much on the West's military power, and that the communists are

Most of us ought to be prepared to the aggression of the communists.

### Bid Is Accepted By School Board On School Buses

### Brailey Odham To Preside At Meet On Jaycee Group

The bid of the Seminole Tool and Tractor Co., on two International school buses equipped with Wayne bodies at a cost of \$75,000 delivered, was accepted yesterday by the County School Board at a meeting.

Bids on tires for school buses were opened to Rockwell's Tire Shop, Strickland Morrison, Inc. and Scott's Garage, Longwood said Capt. T. W. Lawton.

A resolution was adopted that all children who recently came from states and areas where there has been a polio epidemic, such as Virginia, to remain out of school for at least two weeks.

All schools in Seminole County are scheduled to open on Sept. 1.

Local clubs will wear spirit shirts at the conference on which are painted maps of Florida, and states of color, identifying the visitors as representing this section.

Officers for combat arms may be ordered to the service branches.

All officers selected will be ordered to the nearest Army post for physical tests, the Army said. If found physically fit, they will be given 21 days to wind up their private affairs unless they are willing to report sooner.

The Army said it anticipates that one-third of the group will report by Sept. 22 and an

### Sheet Shortage

JACKSONVILLE, Aug. 11.—(UPI)

Enough sheet metal material for a variety of Halloween ghosts was stolen from the George Washington Hotel.

Police said someone entered the hotel with a pass key and took 60 dozen sheets valued at \$40.

RAIL STRIKE

WASHINGTON, Aug. 11.—(UPI)

President Truman today stepped into the labor dispute between 26 short-line railroads and workers represented by 18 non-operating unions.

He signed an executive order setting up an emergency board to investigate differences which the President said threaten to the country of essential transportation services.

Mr. Truman's action has the effect of preventing a strike for a period of 60 days.

## One European Army Sought By Churchill

### Statesman Demands Unification Of Western Defense, Ridicules Talk

STRASBOURG, France, Aug. 11.—Winston Churchill today urged the immediate creation of a unified European army to defend the West against the Soviet Union.

Britain's wartime Prime Minister formally introduced a motion on the floor of the European Consultative Assembly asking for such an army "subject to proper democratic control."

Churchill's motion said such a European force should act in full cooperation with the United States and Canada in support of the United Nations Security Council.

Churchill demanded the prompt creation of a "real offensive front in Europe."

"The United States and Britain must send large forces to the continent, and France must revise its arms," Churchill declared, calling upon the nations of the West to do their share in protecting civilization.

The wartime leader asserted that the whole West is in great danger with the "freedom and civilization of Western Europe under the shadow of Soviet aggression."

The British leader called the five-nation Brussels Treaty as completely ineffective.

A committee has been set up which has been failing to agree," he said. "Conferences have been held with high officials and statesmen. A pretense has been employed by the government responsible for our safety.

"But in actual fact," he said, "apart from the establishment of an American liaison base in Berlin, nothing has been done to protect our people."

Churchill complained that his warnings to the West in the past had fallen on unheeding ears, or were used to sustain the false position in the east of war.

"Now, however," said Churchill, "after the lighting flash in Korea and the spreading confrontation which he has caused, the whole free world is to be given a vehement realization of its dangers, and many measures are proposed which, if they had been taken two years ago, would at least have yielded some fruit."

Churchill warned against depending too much on the West's military power, and that the communists are

Most of us ought to be prepared to the aggression of the communists.

## Red Troops Capture East Port Of Pohang; Air Field In Danger

### Harriman Heads For The U.S.

PRESIDENTIAL ASSISTANT W. Averell Harriman, second from left, accompanied by Gen. Douglas MacArthur, far left, and Gen. Lucius D. Clay, third from left, and Dr. Douglas Bliss, president of South Korea, on Far East problems. (AP Photo/International)

### Marines Take Over In Kusong As Muscats Go To Aid Of Northeastern Army

WITH C. S. MARINER IN KUSONG, Korea, Aug. 11.—(UPI)

The U.S. Marines today captured Kusong, largest city to fall to the Americans in their recent attack on the southern front. The Marines drove out the North Korean Reds and took over the city of about 60,000. The Communists had fought through the night against stiff Red opposition which enabled bad before Kusong was occupied.

TOKYO, Aug. 11.—(UPI)

Red troops last night seized the important port of Pohang on the east coast and fought virtually to the edge of the U.S. airbase to the southeast.

Here about 6,000 of the enemy with artillery for support from a river the river, are trying to break out of the base. If they will cut off Kusong from Pusan, 55 miles to the southwest.

The headquarters summary said heavy fighting was continuing in that area.

The Naktong bridgehead wiped out apparently were those on the U.S. East Coast Division front about 12 miles northwest of Taegu.

FRIDAY, AUG. 11, 1950

TODAY'S BIBLE VERSE

It is impossible to stand on the  
defensive; battles are won by attack;  
you cannot stand still.  
Whoever shall seek to gain his life  
shall lose it, but whoever shall lose his  
life, shall preserve it.—Luke 17:38.

The Communist East German  
government charges American  
flies with dropping incendiary  
bombs in farm houses. More  
potato bugs!

Five hundred pounds of DDT  
powder and 500,000 gallons of  
DDT liquid are being flown to  
Korea, and no doubt it is needed,  
for Korea is not a country free  
from insects, but we are afraid that  
the biggest pests over there will  
have to be sprayed with TNT.

You've heard the story about  
the man who had the bullet by the  
tail. Well, down in San Salvador  
the other day a fish caught a  
man in much the same way. Bob  
Boltinge caught a shark on his line,  
engaged in a brief tug of war,  
only to be pulled into the sea.  
Whereupon the shark attacked him  
and bit him on the leg, finally be-  
ing driven off with a large knife.  
Blood transfusions were necessary  
to save Boltinge's life.

If Russia wins, do you realize  
that Western civilization wherever  
it may exist in the world, will be  
extinct? That everything from So-  
cates on down to Franklin D.  
Roosevelt, good, bad, and indif-  
ferent, will be replaced by Soviet  
Communism? That we would stand  
on the verge of a Dark Ages that  
would make the dark ages after  
the Roman Empire look like the  
midday sun? Do you realize that?  
Well, how in heaven's name can  
you keep on buying 35 girdles,  
605 pairs of nylons, and 475  
cans of spam?

The passage of a bill imposing  
death sentences on peacetime  
spies, the first time in American  
history such a measure has been  
passed recalls the danger of losing  
our liberty in our fight to preserve  
it. It will be a delicate task in  
the years of the immediate future  
to make those emergency sac-  
fices which are necessary and yet  
remain sure of a firm foundation  
upon which to return to free gov-  
ernment. This would perhaps be  
made easier if more of us became  
acquainted with the Constitution  
and with what liberties it guar-  
antees.

The charge that Russia is sim-  
ply filibustering in the UN Securi-  
ty Council raises the question as  
to whether any nation has the  
right to filibuster in the great  
international peacemaking organiza-  
tion as states have such rights in  
the Congress of the United States.  
We rather incline to the view that  
they have, since not to be would be  
tantamount to the admission that  
the majority is always right, the  
minority always wrong, something  
all of us know to be untrue. But  
the filibuster is, after all, merely  
a weapon, and the purpose to  
which it is put is what determines  
whether it is morally right or  
wrong.

It is too bad that the public  
generally is unable to read the  
full transcript of testimony taken  
in the Kefauver hearing on na-  
tional gambling and campaign fin-  
ancing. One Chicago gambler who  
has 4 dog tracks in Florida admits  
contributing \$100,000 to Full  
Warren's campaign for governor,  
but claims he didn't expect any  
favors in return. Just gave him  
the \$100,000 because he liked him.  
Another one says that although  
the S. and G. Syndicate in Miami  
has a \$100,000 bonus if one  
of them gets no protection to any  
one, every track is operated  
against the law for five years,  
and a single bookie was never  
busted. Similar admissions  
have poured forth ad numerus.

**Asking Some Questions**

We are on the way toward a general mobilization, economically and militarily. In the event of the continuation of the war in Korea, which if not settled by the United Nations, will necessitate the reconquest of the peninsula, the people of the United States can anticipate total conscription and total control of everything—life, labor, capital, and income—by the state. In short, and by whatever name it is called, we can anticipate the coercive military and bureaucratic state collectivism which, when practiced elsewhere, we call "communism".

Accompanying this development will be the old demand for "unity," the protest "don't rock the boat," and the urge to "trust our leaders." To raise disagreeable questions will soon become tantamount to "conspiring with the enemy."

Before this state of affairs is achieved, and we are reduced to the condition described in the late George Orwell's "1984," let us, then, raise few questions.

Why should we trust our leaders?

Have the policies they have hitherto pursued brought us peace, stability and international security, or have they brought us war, inflation, and international chaos?

We have had a continuing administration in office since 1933, or at least have one now, which has defended all the international acts of its predecessors backed up by bipartisan Republicans. Many of the persons who advised these acts are still advising. It is now apparent that they did not know for what purpose they were leading us in the last war; that they were afflicted with an almost incredible blindness to geographical, political, and social realities; that, for the sake of world peace they vested the power of the United States in an international organization incapable, because of its composition and structure, of framing let alone enforcing international law, and that now, via that body, we are again engaged in war for the purpose of "enforcing peace."

Now, "war" is not "peace," despite the new vocabulary which manages to define things by their exact opposites. Nor are "United Nations" repelling aggression in Korea. Soldiers of the United States are, so far unsuccessfully, trying to reverse an aggression initiated by another member of the United Nations, whose delegate is presently president of its Security Council. Without the Russians, the United Nations was, briefly, an alliance against communism, resting on the real and potential forces of the United States. With the Russians it is a fiction. But for the sake of this fiction real persons—almost entirely Americans—are risking and losing their lives.

If ever it was urgent to set limited objectives, for the limited aim of protecting our own Western civilization in the places where it lives, that time is now. Instead, we are setting out to police the globe against aggression. In behalf of a United Nations that is a fiction, in the process of which we shall lose the last vestige of Western freedom.

Again, our leaders don't know where they're going, but they're on the way.—By Dorothy Thompson.

**Men In The Kitchen**

The flat declaration that men are better cooks than women has been attributed to two Boston food experts—men. This should not be surprising, except in that the statement came from the distaff side where it might not be universally supported. Have not the famous chefs been men? And do not our common terms for an uncommon cook—"chef" and "maître d'hôtel"—stem from masculine words? But perhaps this is beside the point. It was not said that men are more famous chefs or more numerous masters of commercial kitchens, but simply that men are better at the kind of cooking which goes on in the home kitchen.

It was stated that men "put more effort into preparing a meal than do their wives and mothers", which could mean merely that men go at it the hard way, and the kitchen looks it when they are through. It was also suggested that men should take their cooking talents more seriously and devote more time to cooking family meals.

Ah! There's the hitch. The reason the man of the house does a more artistic job in the kitchen (if he does) is that he isn't in it so often. If he had to prepare three statements to the effect that women are better cooks, the man-cook who is smart will quit while he's ahead.

**Senate Taxes**

(Continued from Page One)  
ness who defied the Un-American Activities Committee by refusing to answer questions about Communism.

The entire proceeding took only

about an hour.

This brought to 86 the two-

house upon recommendation of the committee. The committee will be referred to the Justice Department for court action. Committee for contempt of Congress carried a maximum penalty of a year in jail and a \$1,000 fine.

Four of those cited today were identified by the committee as scientists who worked on the wartime atomic bomb project. Another was Philip Bart, general manager of Communist Daily Worker newspaper.

The possibility of affiliating with both the Florida State Safety Council and the National Safety Council was discussed and it was decided that such affiliation would be made at the conclusion of the present membership drive.

Such a drive is planned for the near future. Mr. Harman declared an effort will be made to enlist the maximum number of citizens in the county to create a widespread effectiveness of the purpose of the Council.

Present at the meeting were Mr. Harman, chairman, J. Q. W., vice-chairman; E. J. Mardon, Jr., treasurer; C. P. Biggs, and H. M. Gleason of Lake Wales; Police Chief G. W. Williams; Sgt. Frank Rocket, George S. Mr. Roy Tillie, and Mrs. Russell of the Sanford Women's Club.

He welcomed the presence of

German delegates in the Assem-

bly, but added that they "should

not want to have to be liberated

again, Churchill said:

"But, after a period of Russian

Communist occupation there would

not be any left to liberate. The

systematic liquidation of all

elements hostile to Communism would leave little which could be re-

cognized by the rescuers of the

survivors."

He welcomed the presence of

German delegates in the Assem-

bly, but added that they "should

cognized by the rescuers of the

survivors."

He told the great danger lay

in the fact that the Western democ-

racies disregarded their armistice

after the war. While dissociated

from the Soviet Union, the West

had no means to re-occupy the

**Safety Council**

(Continued from Page One)  
aimed in cutting the rapidly grow-  
ing pace of accidents and fatalities  
in the county, with the result  
that this rate is declining.

Mr. Roy Tillie was appointed

chairman of the "School and Child  
Safety Committee" to plan an

education program throughout the entire

county.

Initial plans were made to as-

sure signs calling for safe driving.

These are to be placed at all entrances in Seminole County.

It was decided, said Mr. Har-

man, to secure a representative

on the Council from each commu-

nity in the county including Okeechobee,

Longwood, Felda Park, Casselberry, Lake Mary, Lake Monroe, Altamonte, Chuluota, Forest City, Paula, Silver Springs, Goldenrod and Wagner.

The possibility of affiliating

with both the Florida State Safety

Council and the National Safety

## WEDNESDAY

The Prayer meeting service at 8 P.M. at the First Baptist Church.

## THURSDAY

The Brotherhoods of the First Baptist Church meet for their supper and program meeting at 7:30 P.M.

### Miss Weightman To Wed Mr. Chestnut

### Personals

Miss Janice Weightman announced today that her marriage to James Chestnut will take place Aug. 17 at the local Christian and Missionary Alliance Church at 8:00 P.M.

Rev. Glenn E. Smith will perform the ceremony. Attendants will be Mrs. Verne Hendon of Jacksonville and Mrs. Ruth Breckner of Sanford, Mrs. Howell and Bobbi Smith, both from Winter Haven.

Thomas Breckner will act as best man for Mr. Chestnut and others will be Howard Brotzel, Rev. George Clark and Mr. Wright.

The reception will be held at the Spring Woman's Club immediately after the ceremony. All friends and relatives are cordially invited to attend both the wedding and the reception.

### Beta Sigma Phi To Entertain Women

The Gamma Lambda chapter of Beta Sigma Phi sorority met Monday night at the home of Miss Daphne Connally. Plans were made for a party to be held on Sept. 21 entertaining one young woman of each.

Mrs. W. R. Clark left Friday to visit her sister in Savannah, Ga.

On her return to Sanford, she will be accompanied by Sally and Albeta who have been visiting their aunts.

Miss Daphne Connally and Miss Elizabeth Dysom will leave tomorrow by car for a three week tour of interesting points, including Virginia Beach, where they plan to spend a week and to Washington D.C. where they will be for several days.

Frank Rossetter, son of Mr. and Mrs. A. K. Rossetter, returned yesterday from Bremen, Mont., where he spent the months of June and July doing geological field work. Mr. Rossetter will return to Princeton University to continue his college work on Sept. 4.

**Mr. Sturtevant And Miss Stokes Married**

Mr. and Mrs. L.E. Stokes announced today the marriage of their daughter, Leah Estelle, to William Bartlett Sturtevant, son of Mrs. D.E. Ponder.

The ceremony was performed by Dr. W. P. Brooks Jr. at 4:30 o'clock Tuesday afternoon.

The bride, given in marriage by her father, was gowned in a light pink crepe street length dress. Her corsage was of orange blossoms and rose buds.

Mrs. Ruby Matthews, matron of honor, was also gowned in a pink crepe street length dress. Her corsage was of rose buds.

Performing the duty of best man was Robert Beasley.

Mr. and Mrs. Sturtevant will reside at 201 W. Waldburg Street in Savannah, Ga.

Chintz was originally called or cotton fabric from India, each piece being called a "chine."

Sawmills and gristmills were Utah's first industrial operations.

# Sanford Takes Forfeited Game From Leesburg 9 To 0

Manager Steinecke Refuses To Field Second Baseman After Wilder Ousted

The Leesburg Packers forfeited the game to the Sanford Giants last night in the bottom half of the fifth when Packer manager Bill Steinecke refused to send in a replacement for second baseman Walt Wilder, who had been waved from the game by plate umpire George Hettinger for protesting a called strike three too vigorously.

Wilder, who came to bat with two away, watched a third strike over the center of the plate and belt high go by. When plate umpire Hettinger called it strike three Wilder charged him protesting. After hearing Wilder's protest, Hettinger turned and walked down the first base line with Wilder on his heels. After giving Wilder ample time to settle down without avail Hettinger waved him from the game.

The Packers then took the field, without a second basemen. Umpire Hettinger then gave manager Steinecke time to field a second basemen. When it became apparent that he wasn't going to send in the replacement, Hettinger and base umpire Tonoff walked over to the dugout and told Steinecke to get a man on second base, and Steinecke refused to do so.

Hettinger then had no choice to begin. Sanford pitcher Clyde Stevens stepped in to the box and took a called strike. Sanford manager Ed Levy then charged out of the dugout protesting the game, on the charge that Leesburg failed to field a man.

Hettinger strode back to the stands and announced that the game was forfeited to Sanford by a score of 9 to 0.

Tonight the Giants go to Day-

**Paul Pettit Wins For New Orleans Over Birmingham**

By STERLING SLAPEY

Associated Press Sports Writer At the start Paul Pettit was as wild as ever and he wasn't worth any of the \$100,000 Pittsburgh paid him for his services. But as the New Orleans-Birmingham game got on the young plutocrat, who almost cornered the bonus money market, began to look a bit better.

Toward the end Paul Pettit looked something like a professional.

When it was over Pettit was a pitcher—he had won his first game and done it so well that fans have the right to expect him to do it again and often.

Young Paul whipped Birmingham 3-2 in the seven-inning first game and did it again. His opposition was Don Ferris who was winning in the big leagues before Paul got to high school in Lomita, Calif.

No pitcher in New Orleans ever received a bigger thanks from hometown critics and fans than Pettit after his four-hit victory. The 18-year old graciously accepted cheers then sent a telegram to his parents in California giving them the news they had waited for since April—he finally had won.

But for a time it looked like he would lose. In the first inning he walked two men. In the second Birmingham got two home. From then on it was a 1-1 tie.

In the second game New Orleans broke a 2-2 tie to win 5-2. In the sixth inning New Orleans scored three times on a single; a double and Stan Wenzel's second home of the game.

Birmingham's double defeat and Atlanta's split with Mobile in the Candler Cup four and a half games lead in the pennant race. Mobile whipped Atlanta in the opener 4-2 but lost the second 6-5. Art Fowler was the losing pitcher in the first game but it hardly should be charged against him. Mrs. Fowler was admitted to the maternity ward at a Spartanburg, S. C., hospital Wednesday night. Fowler, one of the leading pitchers in the Southern, gave only slight help.

Young Charlie Gorin, who was pitching for the University of Texas two months ago, made his first start with Atlanta, a winning one in the second game although he needed relief from Hugh Casey. Mobile's potential tying run was out at home when Ewing Turner missed the plate on his side.

**Elder Fikret Will Fill Pulpit Here**

The pulpit at the 11:00 o'clock service of the First Presbyterian Church this Sunday will be filled by H.H. Kikret, Ruling Elder of the Park Lake Church of Orlando, an eminent Christian layman, it was said today by Miss Mary Wilkes, secretary.

Mr. Fikret adopted the Christian faith not many years after his birth in what was then Constantinople, Turkey, and since then he has been an ardent student of its tenets.

He studied at Glasgow, Scotland. This tended to deepen his interest in Christianity and this was further expanded before his graduation from the University of Michigan a few years later.

While he was serving as professor at the University of Illinois he was asked to speak to a congregation while the regular minister was on vacation and so greatly did he impress those who heard him that he was recalled many times. This experience was repeated while he taught at Ohio State University and the University of Cincinnati.

His reputation as a speaker on Christian Living quickly became known to Orlandoans a few years ago, and Dr. Robert H. McCullin, pastor of the Park Lake Church, frequently has asked Mr. Fikret to talk to the congregation there.

When the Rev. A.G. McNeis, minister of the local Presbyterian Church, was making plans for his vacation, he asked the popular Orlandian to talk to the Sanfordites and the invitation was accepted. The opportunity to hear this interesting speaker will be seized upon by many local people, according to Miss Wilkes, because during the week much interest has been evidenced in this Sunday's service.

The music will include a program on "Spirit of God" by Noddlinger and the organ method, "The Little Bells of Our Daddy of Lourdes" by Harvey Gaul and played by Mrs. George Tonby, minister of music for the First Presbyterian Church.

A sort of apartment house was built by the Nunaqmiut eskimos, using a willow framework covered with snow.

Leslie S. Ladd, Jr., of 34 Cleveland Avenue, Nashville, Tenn., sure knows his HADACOL. He, his mother and his grandfather get precious Vitamin B1, B2, Niacin and Iron from this family product.

"Mamma, we haven't taken our HADACOL," says Leslie when his mother forgets. "Mrs. Ladd explains, however, that her son always takes HADACOL family because it has helped relieve deficiencies of Vitamin B1, B2, Niacin and Iron for herself, little Leslie and her father.

**TAKES 10 BOTTLES**  
Read Mrs. Ladd's own statement of their experiences once they learned that they were suffering from such deficiencies and began taking HADACOL. "I have taken 10 bottles of HADACOL and my son is down since my oldest son was born. I am 23 years old. I have had very little appetite and I had weak spells every morning. I would feel faint but after taking HADACOL they are gone and I stay hungry all the time."

My four-year-old son had little appetite and his cheeks were pale. His cheeks are rosy and he has a wonderful appetite. I also had gastric disturbances, but they are gone now. My father took HADACOL for the agonizing aches and pains of neuritis. He is much better now."

**WONDERFUL HADACOL FEELING**

HADACOL is that wonderful new preparation — promising blessed relief for your indigestion, stomach disturbances, (gas, heartburn, sour "rising" after meals) for normal aches and children, as well as that general run-down condition, and aches and pains of neuritis if your system lacks Vitamins B1, B2, Iron, and Niacin.

HADACOL is being recommended by many doctors. HADACOL is so amazingly successful because if your system lacks Vitamin B1, B2, Iron, and Niacin it acts directly to relieve this deficiency, the real cause of your trouble. That's the kind of product you want—the kind you should buy—the kind you should start taking immediately.

**Only One Genuine HADACOL**

Don't go through life suffering such ghastly torture from your stomach or aches and pains of neuritis when relief is as close at hand as the nearest drugstore for sufferers from these deficiencies. HADACOL is the only genuine HADACOL. It is the only genuine HADACOL. There's only one true genuine HADACOL.

## At THE CHURCHES

In Church Notices must be presented at the Herald office on the day before publication.

**SANFORD MINISTERIAL ASSOCIATION**  
**Rev. H. L. Zimmerman, President**  
**Joe C. Crews, Secy. - Treas.**

### Rev. E. B. Newell

The Rev. E. B. Newell, former pastor of the Church of God in Lakeland, has recently moved to Sanford to serve as pastor of the local Church of God, located on South Orange Avenue.

Rev. Newell is married and has one son, Edwin. While in Lakeland, a new church was built and dedicated under his leadership. He stated that he hopes to build a church in Sanford.

Sunday services will be as follows: Sunday School at 9:45 A.M.; Morning Worship, 10:45 A.M.; Young People's Service 7:00 P.M.; Evangelistic Service 7:30 P.M.; Prayer meeting Thursday 7:30 P.M.

### FREE METHODIST CHURCH

West Fourth Street and Laurel Avenue

Fred R. Brown, Pastor

Sunday School 9:45 A.M.

Morning Worship, 10:45 A.M.

Young People's Service 7:00 P.M.

Evangelistic Service 7:30 P.M.

Prayer meeting Thursday 7:30 P.M.

The music will include a program on "Spirit of God" by Noddlinger and the organ method, "The Little Bells of Our Daddy of Lourdes" by Harvey Gaul and played by Mrs. George Tonby, minister of music for the First Presbyterian Church.

## Bricker Urges Congress Keep Control Power

### No Request For Arms Funds Expected By Congress; Postal Service Not Cut

WASHINGTON, Aug. 14—(UPI)—Senator Bricker (R-OHio) defended in the Senate today that Congress ought to keep for itself the right to decide when and if wage and price controls are needed.

He argued against granting that power to President Truman as proposed in pending economic controls legislation.

Bricker said that all available evidence seems to point to the conclusion that total economic mobilization is not necessary to handle the cost of the Korean war or any similar emergency.

To give wage-price powers to the President, he said, would create two dangers:

Pirat, a piecemeal approach would create inquiries faster than they could be corrected.

Second, the President would be subject to tremendous pressure to control certain commodities, and having started a piecemeal system, he would be "powerless to stop general price and wage controls even if he should feel they were premature."

Bricker added:

"To apply such controls uniformly, without careful study, or for the purpose of obtaining some political advantage, is a serious gamble with the security of the nation at stake."

The Senate returned to debate on the bill after a week-end extension of Republican-Democratic charges of playing politics with home front mobilization.

Republican lawmakers accused the Truman Administration's handling of the program. Senator O'Mahoney (D-Wyo), talking with reporters, called in reply for "a true no partisan bill."

Meanwhile, congressional leaders said after a talk with President Truman that they do not anticipate any immediate request for still more military funds.

They made it clear, however, that this did not rule out the possibility of further requests in the next few weeks or months.

Since the Korean War began, (Continued on Page Two)

## Storm In Atlantic Develops Slowly Into Hurricane

MIAMI, Aug. 14—(UPI)—The Atlantic storm reached hurricane force today but was too far away and developing too slowly for any coastline area to become concerned about it.

A Navy hurricane hunter flew through and over the tropical disturbance in the early morning and found winds of 75 miles an hour near the center. Last night the highest winds were 60 miles an hour.

Grady Norton, chief storm forecaster in the Miami Weather Bureau, declared "it isn't much of a hurricane as a midseason storm goes." There is very little rain in it and it reaches only 12,000 feet high.

Hurricanes draw their energy from the heat released by heavy precipitation, and big storms at this time of year reach 40,000 feet or higher into the air.

"It has well-formed eye about 20 miles in diameter," said Norton. His position at 9 A. M. was at latitude 23.30 north and longitude 74.30 west, about 275 miles north of San Juan, P. R., that would put it about 1,000 miles south and east of Miami.

The storm is moving northwestward or west-northwestward at a slow rate of speed. It will be over the open ocean for several days. We are keeping close watch on it, but there isn't the slightest cause for concern by any coastal area at present."

The storm is moving at a rate of about 10 miles an hour alone its course. Gales extend outward 100 miles to the north and east of the center. The barometer at the center showed a barometric pressure of 29.29 inches.

A further increase in intensity is expected, and shipping in the area was advised to exercise caution.

**KOREAN AID**

GENEVA, Switzerland, Aug. 14—(UPI)—The United Nations Economic and Social Council unanimously pledged itself today to provide for an assistance to the civil population of Korea which the U.N. command may require.

With a minimum of resources, the Council adopted a resolution presented by General President Norman Stans of Great Britain and voted to hold itself in readiness in Lake Success for extraordinary meetings to implement the resolution after the close of the present session.

### INDIA GETS TOUGH

NEW DELHI, India, Aug. 14—(UPI)—Parliament passed an emergency law today giving the government power to send food boards to prisons for seven years and fine them 20 times the value of the hardened food. In addition the food will be confiscated.

### PAROLE STUDIED

TALLAHASSEE, Aug. 14—(UPI)—The State Parole Commission is considering release of A. L. Burton, former High Springs police officer who is serving two life terms for murder.

However, Chairman Joseph T. Cheney said the board had reached no decision. He said the commission has the case under consideration on its regular schedule without formal application on behalf of the convict.

MARINE HELICOPTER PROVES AN ANGEL OF MERCY for wounded in the swiftly moving American attack on the Chinhae front. The gravest stretchers cases are evacuated by air to base hospital, thereby saving precious time and avoiding the victims' suffering imposed by slower ground transportation. (International)

### Pravda Accuses U. S. Of Planning Rise Again Due To Extensive War

### New Aggression Said Being Plotted By American Diplomats

MOSCOW, Aug. 14—(UPI)—Pravda accused the United States government today of preparing to expand the Korean war.

Covering themselves up with hypocritical phrases on striving to "localize" the conflict in Korea," the official said. "The United States government is in fact carrying out ever newer and newer measures to expand aggression in the Far East.

"It was just this purpose which was pursued in recent talks with MacArthur with Chiang Kai-Shek and also the recent trip of Harrington to Tokyo and Korea."

The Agriculture Department reported today that land values increased an average of 2 per cent between March and July to continue an upward trend started last November.

Prices are only 3 percent below the peak reached in November, 1948.

The Department said the Korean situation has introduced a "strong new force" in the farm commodity and real estate market. It said that if recent commodity price increases are maintained, land values can be expected to continue strong.

Land prices were said to be showing greatest strength in Minnesota, Iowa, Missouri, South Dakota and Illinois, where advances since March averaged 5 per cent.

Favorable returns from citrus fruits contributed to a 7 per cent increase in Florida and a 2 per cent

**JOHN D. ROCKETT, 88, Died On Sunday**

John D. Rockett, 88, died in the local hospital yesterday afternoon following a brief illness. He had resided at Wagner since 1928.

Born in Birmingham, Ala., Aug. 17, 1861 Mr. Rockett moved to Orlando before moving to Wagner. He was a retired farmer.

He is survived by the widow and three daughters, Mrs. G. D. Walters, Colington, Ky.; Mrs. C. M. Rockett, Sanford; Mrs. A. E. Pittman of Orlando; one son, Kenneth Rockett of Orlando; one granddaughter, Miss Mary Ann Pittman of Orlando; and two brothers, James Rockett of Birmingham and Luther Rockett of Lindsey, Calif.

Funeral services will be held at Erickson Funeral Home Chapel at 10:00 A. M. tomorrow with Father H. L. Zimmerman officiating. Burial will be made in Greenwood Cemetery in Orlando.

**DUCES MEMORIES**

RIARRIS, France, Aug. 14—(UPI)—The Duke of Windsor died today that after his health has been failing for some time, there will be no funeral service.

The Duke told a news conference that the book will be published in the United States before Christmas and in Great Britain next spring. He said it will contain much material and many photographs that have not been included in serializations of his life story.

### Hialeah Official Is Mum On Gifts To Warren Fund

### State Racing Commission Conducts Inquiry On Politics

MIAMI, Aug. 14—(UPI)—Sam H. McCormick, secretary-treasurer of Hialeah race course, declined to tell the Florida State Racing Commission today whether he had made a personal political contribution.

McCormick's attorney, Grady Crawford, objected to the question on grounds that it was improper. He said the racing commission should ask all about race track affairs and not about individuals.

It had no power or authority to inquire into the lives of individuals.

Crawford was chairman of Governor Warren's Dade county committee during the 1948 campaign.

McCormick readily supplied a list of the track stockholders and testified that the track made no political contributions. Objecting, he said when he was asked if he personally had made political contributions.

McCormick was the third witness in the State Racing Commission's "exploratory" public investigation of political contributions and stock ownership of race tracks.

Leo Edwards, commission chairman, called a recess to discuss McCormick's stand with other members and attorney Manuel Garcia.

Milo Coffrin, secretary-treasurer of Gulfstream Park, was first to present his track's list of stockholders and declared no political contributions had been made. Edwards noted that the track listed its contributions in a lump sum and asked Coffrin for a breakdown of individual contributions, which Coffrin promised to supply.

Nathan Herold testified that

**Government Tells What To Do In Case Of Sudden Atom Bomb Attack**

By FRANK CAREY

Associated Press Science Writer

WASHINGTON, Aug. 14—(UPI)—Five years after the explosion of the first atomic bomb, the government has come out with some specific instructions on what to do if one hits you.

They are contained in a big book "The Effects of Atomic Weapons" released over the weekend by the Atomic Energy Commission.

Much of the book is technical, pretty rough going for all but a trained technician, but it has some down-to-earth sections on what a citizen should do in the event of an explosion. It also has recommendations for combating contamination of personnel, homes and other areas by radioactive materials.

Here are some tips you might do well to memorize:

The first thing to remember is that if a bomb goes off, there will be a sudden increase in the general illumination. The burst will be about 100 times as bright as the sun.

Don't worry about recognizing an atomic explosion, told reporters. If you are not dead already, you won't recognize it when it has gone off.

In a letter to The Herald the AEC wrote, "This is further proof that our fine book is still one of Sanford's best mediums of advertising."

### 60,000 Men Reportedly Concentrated By Reds For Drive On Taegu And Pusan

TOKYO, Tuesday, Aug. 15—(UPI)—Thrusting under water bridges across the Nakdong River, the North Korean Reds pushed toward by an estimated 60,000 men on this fifth anniversary of Korea's liberation from Japan.

A summary issue early today by General MacArthur's Tokyo headquarters placed the threat near Waegwan, 12 miles northwest of Taegu, main forward American base on the central front of South Korea.

There, it said, the Reds were believed to have completed a second underwater bridge. Such stone and log crossings are sunk about a foot below the surface to escape detection from the air.

Twenty-three miles south of Taegu, the American 24th Infantry Division counter-attacked and drove the Red Fourth Division back 1,000 yards to a mile.

MacArthur's summary, however,

and the enemy still was moving reinforcements to the river's east bank in that sector southwest of Changnyong.

The greatest threat, however,

was around Waegwan, where the Reds were assembling their largest force.

It is believed to be the most effective mass drawn from 16 divisions—150,000 men—the Reds had shovelled up to the long, curling battlefield. And it greatly outnumbers anything the Allies have to oppose them.

A Red attack down the Taegu-Taebaek mountain valley corridor was expected momentarily Tuesday, the fifth anniversary of the liberation of Korea from Japan. Such anniversaries are rarely occasions in Oriental reckoning for demonstrations of strength.

As the Red thousands assembled west of the Nakdong River, American troops recaptured muddy slopes on the Allied eastern side of the stream from some of the 12,000 Reds who crossed the river at Changnyong, 23 miles south of Taegu.
