Evening Herald — (USPS 481-280) — Price 25 Cents

Price Choice For Deputy Administrator

County Planning Director Woody Price, a Seminole employee for the past eight years, is expected to be promoted to deputy county development administrator effective April 1.

Woody Price

He will receive a pay raise of \$5,639.

At a workshop meeting of the county commission today, County Administrator Ken Hooper announced to the board that Price is his choice for the post.

The commission is expected to confirm the appointment at its 9:30 a.m. meeting Tuesday at the County Services Building, 1101 First Street, Sanford.

Price edged out four other top candidates for the position, including his colleague, John Percy, 37, director of county services.

Salary range for the newly created job is \$43,596 to \$60,881. Price's salary as director of planning is \$37,957. Price will receive at least the minimum of \$43,596.

The deputy administrator for development will be in charge of overseeing the operations of the departments of planning and development, including the functions of land management and building inspections.

Price has a bachelor's degree in social welfare and political science from Florida State University. He also has done post graduate work at the University of Central Florida in statistics, calculus, economics and computer science.

Hooper said he will announce his appointment of a deputy administrator in charge of administration at the April 2 county commission meeting.

Among those vying for the job are: Eleanor Anderson, county budget director and acting assistant county administrator and Ann Neiswender, director of personnel for the Seminole County School Board.

Top Students Get Windfall From State

By Roger Blimmons
Herald Staff Writer

Some top students at Seminole Community College, the University of Central Florida and other colleges and universities around the state received a surprise in their financial aid checks recently — up to \$562 more cash.

The additional money is part of an allocation by the state legislature for the 2,179 students in the Florida Academic Scholar Fund, said Dr. Liz

Sweeney, director of state programs in the office of student financial assistance for the department of education.

The increase affects only those students in the scholar fund, she said. The fund awards money each year to students who have been recognized by the Merit Scholarship Program, have a 3.5 grade point average and high scores on college entry tests.

Ms. Sweeney said under the scholar program her office normally distributed

\$1.8 million per year. Students who attended schools with less than 2,000 students received \$500 per semester and those at schools with more than 2,000 enrolled received \$750 per semester.

The increases range from \$835 for students at smaller schools to \$1,312 for those at larger colleges and universities, Ms. Sweeney said.

The increases came as a surprise because the state legislature increased

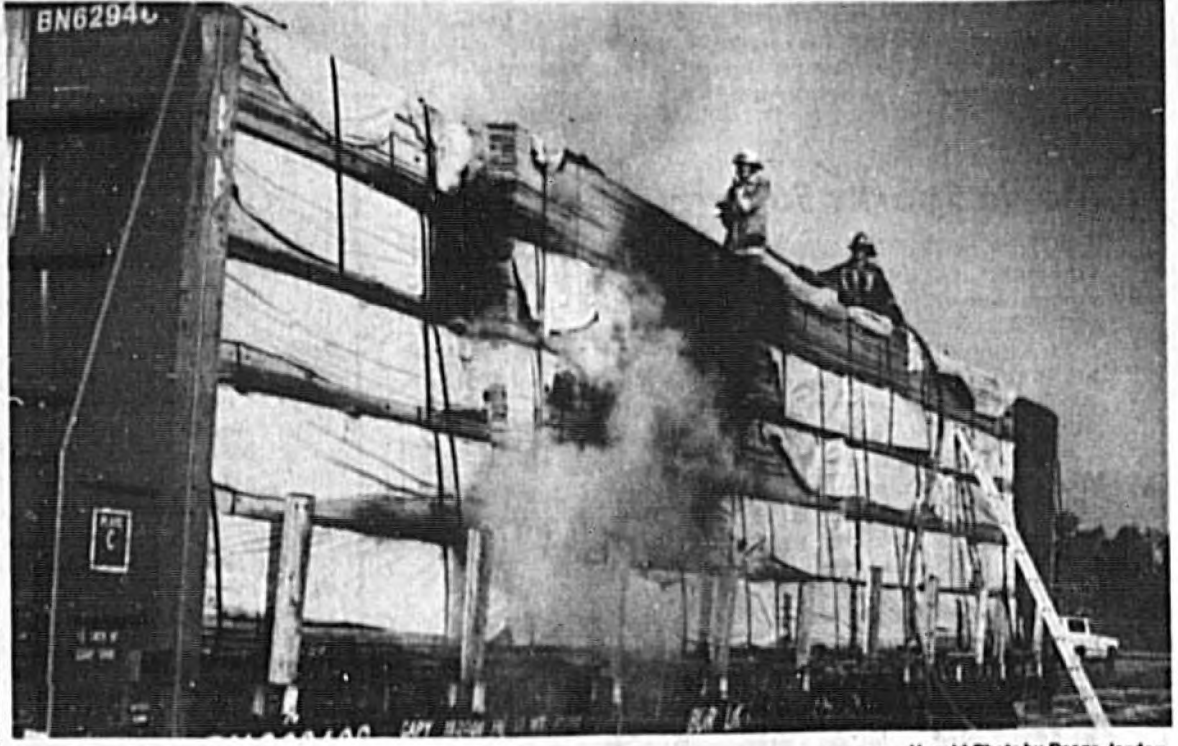

funding for the program by \$300,000 after the financial assistance office has already informed students the amount of money they would be receiving for the coming school year, Ms. Sweeney said.

She said the fund was created by the legislature to provide a way for Florida's smartest students to attend college and to keep some of the students from leaving the state to

Mark Payton, manager of Franklin Arms apartments, inspects a table melted by Saturday's fire.

Firefighters hose down a stack of smoldering lumber on a railroad car near the Central Florida Zoo.

Arson Suspected In Fires

By Rick Brunson
Herald Staff Writer

An apartment in Sanford was gutted and a \$10,000 load of lumber burned on a railroad car in Lake Monroe in two unrelated fires Saturday. Arson is suspected in both incidents.

The fires were two of seven that kept Sanford and Seminole County firefighters scrambling over the weekend.

Fire destroyed the inside of an apartment at #650 Franklin Arms, Sanford, at about 10 p.m. Saturday, according to Sanford Assistant Fire Chief Ron Neel. He said arson is

suspected and state fire marshals are conducting an investigation. No one was home at the time of the fire and the only injury during the blaze was a cut firefighter Carl Helms received on his hand, Neel said.

Mark Payton, manager of the apartments, said a bottle plugged with a rag resembling a bomb was found near a window.

A resident spotted the draperies on fire and called the fire department, Payton said. He and other residents used extinguishers to fight the blaze until firefighters arrived.

The fire was contained to the one

apartment but Payton said damage could have been much worse because the apartment is adjacent to a laundry room where there are gas-operated dryers.

"We're really lucky it didn't make it that far," he said.

He hasn't received an insurance statement but estimates damage to be in the thousands of dollars.

In the railroad car fire, vandals are suspected of igniting a load of lumber on a flatcar at a Seaboard Coastline rail station near the Central Florida Zoo, according to road foreman C.W. Shiver. He said the fire was started at about

4:30 p.m. and burned all night because firefighters could not stop the tightly-stacked lumber from smoldering. The car received "severe damage" but was salvaged, according to Seaboard spokesman Owen Pride. The lumber, valued at \$10,000, was headed for Wilkerson Lumber Co. in Longwood.

A Central Florida Zoo employee called the Seminole County Fire Department and reported there were youngsters lighting fires along the railway behind the zoo, Shiver said.

The fire is still under investigation, according to county fire investigator

Tuskawilla Developments Go Before County Board

Tuskawilla area residents will have a second chance to register their objections to development proposals for a shopping center, an apartment complex and an office building on Tuskawilla Road at a public hearing before the Seminole County Commission 7 p.m. Tuesday.

Bernie Namie, a resident of Tuskawilla Point, said the main reasons the residents are opposing the proposed developments are: the proposed rezoning is contrary to the county's comprehensive plan; it would have an adverse effect on traffic problems and add pressure to an already taxed sewer system; as well as disturbing nesting eagles either within or adjacent to the property.

The hearing will be held at the county commission meeting room at the county services building in Sanford.

Homeowners from the area turned out en masse to oppose the rezoning proposals and changes in the county's land use plan at the Planning and Zoning Commission public hearing March 6.

The advisory board recommended the county commission approve changes in zoning and the county's comprehensive land use plan for the shopping center and the apartment complex, but recommended denial of the office building.

The shopping center is proposed for construction on a 7.16 acre tract on the west side of Tuskawilla Road, south of the Willa Spring Shopping Center.

Frank Tepper, trustee, is seeking the change in

Herald Photo by Gregory Gahuz

This bald eagle, nesting in a pine tree not far from Tuskawilla Road, is one reason area residents oppose proposed development.

zoning from agriculture to commercial and a change in the land use plan for the property from low density residential-preservation to commercial. Members of the trust are Malcolm Clayton, Charles Clayton and Edward Fielding.

Namie told the planning and zoning com-

Seeping Gas Burns Through Night After Blast Destroys LA Store

LOS ANGELES (UPI) — Seeping gas that exploded beneath a crowded department store, injuring 21 people in a blast that blew the roof off the building, burned through the night as experts searched today for its source.

One employee of the Ross Dress for Less department store was still unaccounted for several hours after the blast reduced its interior to a jumble of twisted metal, fire spokesman Ed Reed said.

Rescue workers using bulldozers searched several hours for victims who may have been trapped in the debris-strewn shell of the building but gave up about midnight.

Two people were reported in critical condition with burns and three were in serious condition at hospitals with injuries suffered when the blast in the Park La Brea shopping center blew out windows in stores a block away and forced the evacuation of hundreds of people from four blocks around the site.

The blast occurred at 4:47 p.m. PST and more than eight hours later flames a foot high were still fluttering from the parking lot and sidewalk and out into the street across from the popular Farmer's Market tourist area near the La Brea Tar Pits.

The fire department's Reed said the gas could be commercial natural gas, methane from the sewers or gas coming from an old well. Crews from Southern California Gas Co., dug up the

street to try to turn off the area's principal gas main, but said lab tests showed the seepage was not commercial gas.

Reed said the flaming gas was being allowed to burn to decrease the possibility of a potentially explosive buildup.

John Alcalde, 60, who owns an optical store in the shopping center, said he and his wife were in the department store, crowded with "well over 100 people" when he heard a "soft boom" and windows began shattering.

"Some (people) fell, some screamed, some ran — and I ran," Alcalde said.

Mike Gleason, manager of a nursery across the street, said the explosion blew the roof off the 300 x 200-foot department store and "almost shook our place down."

UF Record Falls

KINGSTOWN, R.I. (UPI) — Contorting themselves in all manners, 1,212 students at the University of Rhode Island over the weekend broke the University of Florida's record for the most people to play the game "Twister" at one time.

Using 425 Twister mats and the school's gymnasium, they bested UF's 1984 spring break effort when 1,203 players gathered at the Orange Bowl to twist, turn and try to stay on their feet in the process.

A 1960s classic, the Milton Bradley game is played on a plastic mat with colored dots. A spinner tells the player where to put his or her arms and legs while other people on the mat are trying to do the same thing. The object of the game is not to fall and the last person standing wins.

Diane Peck of Milton Bradley said the new record in the "Twister Challenge" will be submitted to the Guinness Book of World Records.

Crime Up Only Slightly In Seminole

From Staff and Wire Reports

The overall crime rate in Florida went up for the first time in three years in 1984 — 3.4 percent — but in Seminole County the increase was much less dramatic, .6 percent.

Statewide, motor vehicle thefts showed the greatest increase followed by aggravated assault, rape and robbery.

By category, violent crime increased more in Florida and Seminole County than non-violent crime, according to statistics released today by the Florida Department of Law Enforcement in its yearly publication, *Crime in Florida*.

While the actual number of crimes in Seminole County increased slightly, from 11,278 in 1983 to 11,345 last year, a gain of 67

offenses, the per capita crime rate dropped 5.5 percent. The per capita decline occurred because there were 12,964 more people living in the county last year, reporting only 67 more crimes than the year before. The population increased from 201,906 to 214,870, according to the report.

Robbery led the crime stats in Seminole County, rising about 24 percent from 234 robberies to 289 in 1984. Murder showed a 23 percent increase from 9 cases to 11.

Rape locally increased 21 percent from 67 reported cases to 81. Burglaries increased 5 percent from 2,907 to 3,047, and aggravated assault went up 2 percent from 703 to 721.

Unlike state statistics, motor vehicle thefts were down 3 percent in

Seminole County from 572 to 552, and larceny dropped 2 percent from 6,786 to 6,644.

In the report, the sheriff's department made 2,965 arrests in 1984. By city, Altamonte Springs made 1,228 arrests; Sanford, 1,166; Casselberry, 889; Winter Springs, 298; Oviedo, 185; and Lake Mary, 41. State troopers made 923 arrests.

Of 12 murder arrests, six were made by deputies, five by Sanford officers, and one by Casselberry police. (Two arrests were made in one of the 11 murders.) Statewide, 46 percent of the people murdered were killed by a gunshot, most of them on a Saturday.

Sanford police also made the majority of the arrests involving rape, assault, robbery and burglary.

Horsing Around

After horsing around for some time with President Reagan's proposed spending cuts, the Senate Budget Committee finally approved its own budget package. Reversing a series of earlier votes that maintained a wide range of domestic programs at present levels, the committee approved on a partisan 13-9 vote cuts estimated at \$55 billion that it asserts could halve the projected deficit in three years.

The reductions were more curb than cut. Instead of eliminating general revenue sharing, the Small Business Administration, mass transit, the Export-Import Bank, as the president urged, the committee voted to keep them all in business on reduced spending levels. Federal agriculture subsidies of about \$15 billion were spared altogether, and \$300 million were even added to the Supplemental Security Income program.

In order to keep all these programs going, the committee defied the president by denying Social Security cost-of-living increases next year and allowing no defense spending beyond inflation at about 4 percent rather than the 6 percent after inflation the administration is requesting.

Even this half-loaf of deficit reduction was too much for the committee Democrats, who voted against it to a man. Instead, Senate Democrats are beginning to talk again of another round of tax increases.

The committee's budget resolution is significant because it becomes a broad blueprint for other Senate committees and will have substantial influence over the coming budget debates on the floor.

President Reagan, who promised a few days ago to "take the heat" for budget cuts, readily accepted the committee's action as a challenge to combat; he's come out swinging. In high dudgeon, Mr. Reagan warned: "I have my veto pen drawn and ready for any tax increase that Congress might even think of sending up. ... And I have only one thing to say to the tax increasers: Go ahead and make my day. ..."

Those who have followed the Senate Budget Committee's gyrations, led by Republican defectors, must find difficulty in disagreeing with the president's assertion that "the defense budget has become a convenient scapegoat for those in Congress who aren't willing to face up to the tough budget decisions." He reminded his critics that military spending has declined \$26 billion in the current fiscal year from the budget submitted two years ago, while non-military spending increased by \$60 billion.

As the farmers who stormed Washington have demonstrated, every spending program has its fierce constituency against whom the Congress appears to be defenseless. Although the nation's taxpayers are not represented by a powerful lobby in Washington, nevertheless, they are not defenseless as Walter Mondale now knows. Congressional Democrats and their fellow-traveling Republicans ought not lose sight of that reality these days.

The Senate Budget Committee has given us a case history of why Congress, the relentless spending machine, is as unwilling as it is unable to deal with federal spending that has increased an average of \$75 billion annually since 1980 and is a whopping \$107 billion higher in fiscal '85.

The budget that will have doubled since 1979 and tripled since 1975, somehow, must be brought under control. Inasmuch as President Reagan has demonstrated he can take the heat from spending cuts and Congress is demonstrating that it cannot, the obvious answer is for Congress to let him do so, as the Constitution envisioned in the first place.

Sen. Mack Mattingly, R-Ga., has introduced a bill to permit the president to veto line items in the federal budget and he has gathered 46 sponsors. This promises to be the litmus test for Congress on the deficit. The country will be watching because the line item appears to be the only reasonable hope for controlling spending and reducing the increasingly intolerable deficit.

BERRY'S WORLD

"This Gorbachev seems to be a 'fun' guy. Maybe we could do a CHARISMA SUMMIT!"

HELEN THOMAS

Reagan's Trip To Be Minus Show Biz

WASHINGTON (UPI) — Missing on President Reagan's forthcoming trip to Europe will be the drama and spectacle that marked his previous trips abroad.

One aide bemoaned the fact that the trip would not include the president in colorful activities such as he participated in last year in ceremonies observing the 40th anniversary of the invasion of Normandy, and last spring's London Economic Summit. Nor will there be the charm of Reagan's return to his roots in Ireland, or the high profile of his trip to the Great Wall of China.

His aides are hard put to spotlight the moments that will give Reagan a high profile when he attends the seven-nation Economic Summit in Bonn, West Germany. He also will make state visits to Spain and Portugal on the 10-day swing.

Presidential aide Michael Deaver acknowledged that the European journey does not have the stage-managed events that are attention

drawers.

But he said that Reagan "wanted to try something new" and will take a "red eye" overnight flight from Washington to Bonn. It is usual for the president to fly overseas at night. All other departures have been early in the morning.

Deaver, described by some of his colleagues as a "genius" who is on target in knowing what will sell when it comes to Reagan's public appearances, said the trip will be "very substantive" without the usual fanfare. "It won't be necessarily chocked full of news," he said in an interview.

He also ruled out sightseeing, which is usually guaranteed to produce the front page picture for the folks back home.

Deaver will leave the White House in May after the European swing. He said that he has not yet decided what he will do in the future, but his friends expect him to return to public relations and to remain in Washington.

"I don't know what I'm going to do," he said.

He said he would be leaving with "mixed emotions." He has no plans to write a book, although he has experiences that would fill a volume or more.

He said that the most rewarding part of his White House years was to watch "Ronald Reagan do the things he's always wanted to do and seeing his success."

Deaver ran into some trouble but was cleared of any wrongdoing when he and others purchased a BMW at a discount.

Deaver rejects the conventional wisdom that Reagan will be a lame duck after two years. He bases his conviction on the way Reagan handled his second term as governor of California, and cited a number of initiatives that Reagan took in that era, including welfare reform.

"I think Ronald Reagan will be a force as long as he is alive," he said.

ROBERT WALTERS

Nazis Kill With Impunity

WASHINGTON (NEA) — Being forced to choose between communists and Nazis is an especially distasteful choice for most people, but for the third time in five years, a jury in North Carolina will have to make that selection.

On the two previous occasions, the juries were empaneled to reach verdicts in criminal trials resulting from a violent confrontation which left five people dead in the streets of Greensboro, N.C., on Nov. 3, 1979.

This time, the jury in nearby Winston-Salem, N.C., is weighing testimony and evidence offered during the trial of a suit in which the victims' survivors seek \$48 million in damages from the alleged killers.

The case is of more than local import because it raises a number of transcendent issues — including the quality of justice dispensed to members of unpopular political groups, the status of race relations in the contemporary South and the legitimacy of the activities of federal law enforcement agents acting as undercover investigators.

On one side of the dispute is the United Racist Front, an alliance of right-wing American Nazi Party and Ku Klux Klan members openly hostile to blacks.

On the other side is the Communist Workers Party, a band of radicals who were left-wing political activists but hardly dangerous subversives.

The racists were heavily armed, with handguns, an AR-180 semi-automatic rifle, a shotgun, tear gas, clubs and knives. After a brief but fierce gunfight (the Communists were also armed but with far fewer weapons) five people were dead, seven wounded.

Four Klansmen and two Nazis were charged with first-degree murder in the criminal trial, conducted in a state court, but the administration of justice in that case left a great deal to be desired.

Before the trial, the district attorney in charge of the prosecution publicly proclaimed that the Communists "got what they deserved." The jury foreman said he viewed the Nazi party and Klan as "patriotic" groups.

In November 1980, all of the defendants were acquitted. A second criminal trial, on federal conspiracy charges, produced similar results with six Klansmen and three Nazis acquitted in April 1984.

The score to date: Five people were shot to death in the middle of the day but nobody has been held accountable for those slayings. If the racists prevail in the current civil case, they will have evaded any form of retribution.

JACK ANDERSON

U.S. Sends Pakistan Mixed Signals

WASHINGTON — Reagan administration officials are at their wits' end trying to figure out how to keep Pakistan from breaking into the nuclear club — short of cutting off all U.S. aid to that strategic American ally.

Intelligence experts have warned the White House with some urgency that Pakistan is on the verge of producing and testing a nuclear bomb after years of buying — and stealing — the necessary technology.

The administration's public position is to restate assurances by Pakistan's dictator, Gen. Muhammad Zia ul-Haq, that his country has neither the desire nor the wherewithal to produce a bomb and that its nuclear program is for purely peaceful research.

But privately the administration has done more than just wring its hands at Zia's disingenuous disclaimer. My associate Indy Badhwar has learned that there has been a

flurry of diplomatic activity — and some not so diplomatic — aimed at cajoling or pressuring Zia not to build a bomb.

High-level presidential aides have visited Islamabad at least a dozen times to bring Zia warnings from President Reagan. The most recent was veteran envoy Vernon Walters, who "told Zia to knock off certain things he was doing," according to one inside source.

There are mixed assessments on the effect of the administration's pressure tactics. But according to one report, Zia has agreed — for the time being, at least — not to operate Pakistan's uranium reprocessing plant or to enrich the fissionable material at any other facility.

Yet the Reagan administration appears to have sent a contradictory signal to Zia in another development. That was its response to the arrest of a Pakistani "businessman," Nazir Vaid, for trying to smuggle a large number of nuclear

triggering devices out of the United States. Vaid was tried, found guilty, given a suspended sentence and deported to Pakistan.

Journalist Seymour Hersh gained access to documents confiscated from Vaid after his arrest. They linked Vaid directly to major figures in Pakistan's nuclear project. And though Vaid claimed he was buying the nuclear triggers for industrial use, he had tried to acquire 50 of them — more than half the total number now in use commercially throughout the world.

But instead of trying Vaid as a spy, the Justice Department let him off. Several senior State Department officials reportedly fear that the administration's leniency toward Vaid will encourage Zia to ignore the attempts to keep him from building a bomb. A recent Arms Control and Disarmament Agency working paper on the affair is reportedly critical of the government's treatment of Vaid.

SCIENCE WORLD

Window On The Universe

By Lidia Wasowicz
UPI Science Writer

STANFORD, Calif. (UPI) — American and Chinese physicists are reaching for the stars — by trying for the first time to directly detect gravity waves, a type of energy Einstein predicted the existence of decades ago.

Scientists at Stanford University and Xhongsan University in Gaungzhou, Canton, turned on the two most powerful detectors in the world March 19 and will operate them simultaneously for three months.

The researchers will match events reported at one detector against the readings from the other in an effort to become the first to directly detect gravity waves — believed born in dying stars in other galaxies, they said.

"This is the first attempt to run coincidental gravity wave experiments with detectors of this sensitivity," said William Fairbank, head of the Stanford research team.

The Stanford device is an aluminum bar cooled to minus 456 degrees Fahrenheit, said Peter Michelson, assistant professor of physics. At that temperature, molecular motion is so quiet, the instrument is capable of registering the impact of energy that moves it less than the diameter of an atom.

Michelson defined gravity waves as ripples that travel at the speed of light. The gravity we know on Earth is a static form of this energy, exerting only pull. Gravity waves, predicted in Einstein's theory of relativity but never found, push and pull.

If gravity waves can be detected, scientists might be able to use them "as a tool to study objects in the universe that cannot be studied through conventional astronomy," Michelson said.

"It would be a whole new window on the universe," he said.

The Chinese detector runs at room temperature. Although it is the second most sensitive such device in the world, it is considerably less sensitive than Stanford's, said Hu En-Ke, a physicist from Xhongsan who is spending a year with Fairbank's group to learn the technology.

So far, the Stanford detector has registered 574 impacts that might qualify as gravity waves, but need further investigation.

Stanford will ask the National Science Foundation for funds for a five-year program to complete construction of two new detectors sensitive enough to detect gravity waves generated from collapsing supernovas, or extremely bright stars.

WILLIAM RUSHER

Vietnam-Nicaragua

NEW YORK (NEA) — It is, presumably, only coincidence that the debate in Congress over whether to give further covert aid to the Nicaraguan contras is taking place just as America's experience in Vietnam is undergoing sharp review. But Congress is not emerging at all well from the latter — a fact many legislators may bear in mind in deciding how to vote on funding the contras.

Sen. Henry Cabot Lodge's defeat of President Wilson over joining the League of Nations was regarded as a famous victory at the time; but Lodge is remembered today only as the leader of a "little group of willful men" who scuttled the league and thereby recklessly set the stage for World War II.

The congressional opponents of the Vietnam War have assumed that history would treat them more kindly. As they see it, America was misled into that deadly adventure by its "best and brightest" during the Johnson administration. Opposition to the folly grew, but Richard Nixon became president and pressed the battle. Finally Congress, taking matters into its own hands, forced the withdrawal of American troops from an "unwinnable war," ended aid to South Vietnam, and left far off Southeast Asia to its own devices.

But this account of events has never been the only one, and a rival version has recently been gaining ground. Now it has taken a major stride forward with the publication of Richard Nixon's sixth book, *No More Vietnams*.

Because of that title, some people may assume that Nixon holds the view that the Vietnam War was a mistake from the outset. Not at all, says Nixon: "In Vietnam we tried

and failed in a just cause. 'No More Vietnams' can mean that we will not try again. It should mean that we will not fail again."

And why did we fail? Certainly not because the war was lost — quite the contrary. "On Jan. 27, 1973, when Secretary of State William Rogers signed the Paris peace agreements, we had won the war in Vietnam," Nixon's description of his four-year effort to reach that point is clear and altogether convincing.

Then what went wrong? Congress, that's what. Fiercely partisan, attentive to the national mood of war-weariness, and though Nixon doesn't stress this reaching for the president's jugular over Watergate, the Democratic leaders of Congress in 1973 first insisted on a halt to the bombing of North Vietnamese sanctuaries in Cambodia, then passed the War Powers Act over Nixon's veto, thereby removing "the last threat to the North Vietnamese of an American retaliation." In October, Hanoi resumed the offensive.

Then, with South Vietnam on its own and Hanoi's reinforcement from Russia and China growing, Congress during 1974 slashed the supply of military equipment to South Vietnam to well below survival levels. The end came, of course, in April 1975.

It is not a flattering picture of Congress that Nixon paints, and of course its accuracy will be challenged — though I must say it strikes me as beyond serious contradiction. But the members of Congress today, as they approach a vote on aid to the Nicaraguan contras, must be painfully aware that they are likewise being watched by the eyes of history.

Rams Win 1 Without Schmit

Alegre Homer: Did It Travel 465 In The Air?

Paul Alegre hit a long home run Saturday. How long? I'm afraid to tell you how long I think it was. Some of the people I've told so far have greeted the news with disbelief and immediate phone calls to the men with the white coats.

Anyway, it was the top of the fifth inning at Lake Mary High's field Saturday as the Greyhounds and the Rams slugged it out in a key Five Star Conference encounter. Alegre came to bat with Lyman holding a precarious 6-4 lead.

Anthony Laszale was pitching for Lake Mary. Laszale is a good pitcher but somehow he always gets involved with spectacularly hit home runs. There was that one in Gary, Ind. with the bases loaded against Ping Tung, Tatwan and another one this year off the bat of James Hersey which was traveling around 120 miles an hour when it left the park.

Alegre, who is more of a slasher than a home run hitter, picked on the first pitch and sent it up, up and away. I was positioned on the right field foul line, a perfect setting to watch it go. It was one of those "no doubters."

The right field line at Lake Mary is 315 feet. The power alley in right center is 345 feet. Alegre's blast split the difference between the two signs. It carried almost all the way to bushes, hitting about five feet in front of the unmowed area and bouncing in.

Armed with such baseball "hysterians" as Wayne Overstreet, Harold Helms and Roger Clem of the Seminole Pony Complex and Altamonte Springs Little League members Russ "Whit" Whittington and Ron Holman, we began to discuss the possible length of the prodigious poke.

Certain factors, of course, needed to be considered. The wind. When the game started, it was blowing 15-20 miles per hour toward center field — a hitter's dream. At the time of Alegre's blast, however, it was around 10 mph at the most.

After trying to coerce several younger fellows into stepping off the blast, Helms took the bull by the horns and walked it off. Starting at the point of where it left the park, Helms began his trek.

He walked and he walked and he walked. Once there, he surveyed the area and Holman — who had retrieved the ball — verified that Helms was perfectly positioned. He started his return trip. People made curious observations as to why Helms was headed for the brush, but I maintained that he was on a mission of mercy and his intentions were honorable.

All of this time, various estimates were going on as to the clout's length. All, of course, seemed a little long. Was the distance half a football field? Was it one-third of a football field? Was it a short wedge to the green? Was a long putt? Was it from home to second base?

Finally, Helms returned. "It was 135 feet," he announced.

Silence... When the figures finally came together, no one could believe it. Taking the 330 from the fence and adding the 135, the home run traveled 465 feet — in the air. The roll was about 20 feet more. A high school home run — 485 feet.

Is that possible? On the surface, it doesn't seem to be. But until we get a hold of Lake Mary track coach Mike Gibson and his tape measure, Helms' long walk will have to do.

Lake Mary catcher Rod "C.J." Metz bnaged his way into the Florida High School Record Book with 11 straight hits two weeks ago, it might be time to clear a page for one Paul Alegre.

Mike Schmit, who missed Saturday's game with a touch of mononucleosis and strep throat, hit a replica of the Alegre shot March 15 at Lake Brantley. Schmit's blast — way, way over the right field fence — was headed for State Road 436 when last sighted.

Herald Photo by Gregory Gahner

Lake Mary's Bret Molle crosses the plate with one of the Rams' 14 runs Saturday as Shane Letterio awaits his turn at the plate. Molle and Letterio both played key roles as the Rams cruised to a 14-9 Five Star

Conference victory over Lyman's Greyhounds Saturday. Lake Mary strengthened its lead in the Five Star as it improved to 11-1, two and half games ahead of Lyman and DeLand.

Grayson, Hill Provide Big Hits To Top Lyman

By Sam Cook
Herald Sports Editor

Saturday wasn't win one for Mike Schmit day at Lake Mary High School. It was win one without him. Lake Mary's Rams, minus the team's mainstay, wanted to desperately prove they aren't a one-man show.

Schmit, although not a one-man show but definitely the nucleus of a fine ballclub, was confined to his home with a touch of what is thought to be mononucleosis and a strep throat, according to Lake Mary coach Allen Tuttle.

"We really wanted to prove we weren't a one-man team," said Tuttle. "I usually give out game ball after each game, this time I would have needed a dozen."

Schmit or not, the Ram proved to be too much for the Greyhounds one more time Saturday, erasing two early leads by Lyman en route to a sloppily-played 14-9 victory in Five Star Conference baseball at Lake Mary High School.

"It certainly didn't look like the two best teams in the Five Star, did it?" said Lyman coach Bob McCullough. "We played horribly. We make a mistake and it's such a blow to our ego that we can't reclaim it. One mistake just led to another."

Mistakes were many (eight errors) in the battle between Lyman, ranked No. 5 in the state, and Lake Mary, ranked No. 9. But so were dramatic moments, which made the ballgame a spectator's delight if not a purist's dream.

The Lake Mary victory, brought about by Donald Grayson's three-run homer and

Baseball

Kevin Hill's clutch game-winning RBI single, improved the Lake Mary record to 11-1 in the Five Star and 14-3 overall. Lyman, 8-3 and 15-4, fell three games off the pace with six to play.

Derek Livernois, who beat Lake Mary in a pre-conference game but has been ineffective the past two times, pitched into the sixth inning before giving way to Byron Overstreet. The senior right-hander was roughed up for 10 hits and 13 runs, nine of which were earned. He struck out five and walked six but threw 130 pitches. Lyman's defense collapsed in the sixth inning, committing three errors. Livernois fell to 5-2.

Anthony Laszale, subbing for Schmit, turned in a performance good enough to win. Laszale went the distance to earn his sixth straight win. The sophomore right-hander allowed nine hits but just four earned runs. Laszale struck out three and walked five.

Lyman jumped ahead in the first inning when Kyle Brubaker singled to right, Mike Henley lined out to right but Brubaker stole second before Derek Livernois flew out to center. Laszale, pitching carefully, walked dangerous Paul Alegre but Jimmy Odum spanked a single through the right side for a 1-0 lead.

Shane Letterio took care of that with one swing of the bat in

Big East Beasts—Three Advance To Final Four

United Press International

The argument will continue, but in the NCAA Tournament quarterfinals the Big East has made a very strong case for its superiority over the Atlantic Coast Conference.

Three members of the Big East defeated ACC teams over the weekend to advance to the Final Four, the first time a trio of schools from the same league have reached the semifinals.

Sunday, St. John's defeated North Carolina State 69-60 and Villanova downed North Carolina 56-44 to join Georgetown, Saturday victors over Georgia Tech, in the Final Four at Lexington, Ky. Memphis State, which Saturday defeated Oklahoma, completes the semifinal field.

Third-ranked St. John's faces No. 1 Georgetown in next Saturday's semifinals while Villanova plays No. 4 Memphis State.

The trip to the Final Four will be the first for St. John's coach Lou Carnesecca

Basketball

In 17 years at the New York school.

At Denver, Colo., Chris Mullin's 25 points, Bill Wennington's 10 rebounds and smothering team defense left the normally verbose Carnesecca as close to speechless as he could be after a victory.

"It's very difficult for me to express myself," he said. "I'm usually very verbal. With five seconds left in the game, I looked up at the clock and kept thinking, 'We're going. We're going.' This is one I'll remember when I'm going to my grave."

"We gained a lot today," said 7-foot center Wennington. "They (N.C. State) just did not hurt us inside. We kept (Lorenzo) Charles bottled up, and the other guys just didn't get it going."

N.C. State got only seven inside buckets from its big men — Charles, Cozelle McQueen and Russell Pierre.

"I guess that was their plan," Charles said, "to keep me from getting my hands on the ball. They did."

At Birmingham, Ala., Villanova seniors Ed Pinckney, Dwayne McClain and Gary McLain, denied in the regional finals in 1982 and 1983, finally reached Final Four.

"There aren't any words to explain the way I feel," Pinckney said. "Our freshman year, we made a pact between the three of us to try our hardest to get to the Final Four. Now we've done it."

North Carolina denied Villanova a chance at the championship in the 1982 Eastern Regional final and appeared to be on its way to robbing the Wildcat's dream again Sunday.

The Tar Heels led by as many as 8 points in the first half, using their superior height to limit the Wildcats to only 26 percent shooting from the field. Villanova bounced back to hit 16-of-21 shots (76 percent) in the second half.

"They've made my hair stand on end

and they've made me love them," Wildcats coach Rollie Massimino said as he chomped on a victory cigar. "One thing they have is confidence. They're not cocky, just confident."

Harold Pressley, who led the Wildcats' scoring with 15 points, and reserve guard Harold Jensen, who was scoreless in the first half, each had 10 second-half points to lead Villanova's comeback. McLain had 9 of his 11 points in the second half and McClain had 8 of his 11 after intermission.

Brad Daugherty scored 17 points and grabbed 12 rebounds for North Carolina, 27-9, but the 6-foot-11 center had little support. No other Tar Heel had more than 6 points.

"I felt like maybe after we got through tough games at Notre Dame and here against Auburn, maybe we thought we had it," North Carolina coach Dean Smith said. "We were not ready mentally — and that was my fault."

Seminoles Shine In Jacksonville

By Chris Flister
Herald Sports Writer

JACKSONVILLE — They came, they got "kicked around a little," they conquered.

After beating up on Central Florida teams the past few weeks, Sanford's Fighting Seminoles journeyed to Jacksonville Saturday to see what the rest of the state had to offer.

The Seminoles didn't completely dominate the 65-team Bob Hayes Invitational at Jacksonville Raines High, but they did compile 55 points, which was 24 better than the second place teams, Homestead and Miami Southridge with 31 apiece.

Among the highlights of the meet included a school record and state leading 440 relay and the mile relay which ran its best time of the season and the fastest time in the state.

"It was a tremendous meet," Seminole coach Ken Brauman said. "We've been dominating teams in our area and it was good for our athletes to go up there (Jacksonville) and get kicked around a little. We performed super in some areas and were disappointing in others, but, when we needed a lift, our team leaders came through with quality efforts."

The 440 relay team of Pat Davis, Clifton Campbell, Deron Thompson and Frank Barnett teamed up for a first place time of 42.0. "We were even at the first exchange and Clifton, Deron and Frank extended the lead," Brauman said.

The mile relay team of Louis Brown, Eric Martin, Thompson and Campbell churned to a season's best time of 3:17.2.

Brown started off the mile relay and gave Seminole the lead but, with about 130 yards to go, his hamstring tightened and he slowed down, according to Brauman. Martin took the baton with Seminole trailing Gainesville Buchholz by 40 yards. Martin caught the Buchholz runner and gave the Tribe a slim lead when he handed off to Thompson who extended the lead slightly with a 49.8 split before giving off to Campbell for the last leg. Campbell rolled to an impressive 47.4 split to give the 'Noles first place.

See 'NOLES, Page 6A

Herald Photo by Tommy Vincent

Seminole's Leo Peterson sails to a 21-2 in the long jump earlier in the season. The Tribe's junior leaper took second in the triple jump and fourth in the long jump Saturday in the Bob Hayes Invitational at Jacksonville Raines High. Behind state best times in the 440 and mile relays, the 'Noles won the prestigious meet with 55 points compared to 31 each for Homestead and Miami Southridge. Seminole County's young athletes will be in the spotlight Thursday in the county Freshman-Sophomore meet at Lake Howell High.

Martin Blazes Into Record Books

By Chris Flister
Herald Sports Writer

Seminole High's Shownda Martin took on not only some of the best the state had to offer, but some of the best in the nation in the 800 meters and the fleet-footed freshman let all challengers eat her dust.

Martin ran the fastest half mile in Seminole County history and was one tenth of a second off the state record as she sprinted to a meet record time of 2:12.85 in the Lady Gator Relays Saturday at Santa Fe Community College in Gainesville.

There were 150 schools on hand Saturday from all over the United States and its possessions. They came from as far north as Hartsdale, N.Y., and as far south as the Bahamas and Virgin Islands.

Martin's incredible run highlighted an outstanding day for Seminole County athletes. Other county winners included the Lady Seminoles' mile relay team, which also set a meet record, and Trinity Prep's talented junior Adrienne Polittowicz, who turned in a tremendous time in winning the 3,000 meters.

Martin's time of 2:12.85 is electronic timing. Rounded up for 880 yards, which is what is run in most high school meets including state. Martin's time would be 2:13.5. The state record is 2:13.4 while the former top Seminole County time was 2:14 by Lake Howell's Lydia Blakely. Martin also improved on

Track/Field

her previous best of 2:17.8 which was the state's top time going into Saturday's meet.

Martin completely dominated the race from start to finish as the next closest competitor, North Miami's Imogene Bowen, came in almost four seconds behind Martin at 2:16.4.

Among the others Martin beat were Adrienne Waltus of Truman High in Hartsdale, N.Y., (2:17.37), Julie Johnson of Memorial Day of Savannah, Ga., (2:19.56), Stacy Matschner of Cocoa Beach (2:20.53) and Gennie Oliver of St. Vincent Academy in Savannah, Ga., (2:23.31).

Other Seminole County athletes competing in the 800 meters included Lyman's Jennifer Hitzges (2:29.91), Trinity Prep's Katie Sams (2:24.5), Lake Howell's Nancy Nystrom (2:25.8) and Lake Mary's Denise Putnam who ran a personal best 2:36.1.

Seminole's mile relay team of senior Glenda Bass, Martin, freshman Dorchele Webster and senior Katrina Walker teamed up to destroy the rest of the field with a meet record time of 3:49.11 compared to 3:53.8 for St. Croux Central of the Virginia Islands, 3:54.27 for Truman High (N.Y.), 4:00.33 for Sweeting High of Nassau, Bahamas, (2:23.31).

Tired Rams Can't Stop Hard-Hitting West Orange

By Chris Fister
Herald Sports Writer
CASSELBERRY — "They're playing like possessed demons."

That's the way one spectator described the impressive play of Lake Mary's Lady Rams as they moved through the loser's bracket of the Lady Hawk Tournament at Red Bug Park.

But, even possessed demons get tired.

Having played six games to get into the finals, Lake Mary would have had to win two more for the tournament title. But the Lady Rams just didn't have enough left in them for one game, let alone two. Even though they turned in a valiant effort, the tired Rams dropped a 10-0 decision to the hard-hitting Lady Warriors out of Winter Garden West Orange High.

"I was really proud of the way the girls played," Lake Mary coach Cindy Henry said. "They looked so tired in that last game and still played well. I just didn't know how to stop West Orange."

The Warriors jumped out to a 3-0 lead right off the bat. Heather Brazier and Susan Walls led off with consecutive singles and Jennifer Hawkins boomed a triple to left center to drive in two runs. The third scored on Cheryl Browning's ground out.

West Orange made it 5-0 in the top of the second when Walls unloaded a mammoth home run to left field. "We were playing them deep," said Henry. "But they still hit the ball over our outfielders' heads."

A solo homer by Mandy Maxey, who was the tournament's Most Valuable Player, gave the Warriors a 6-1 lead, but the Lady Rams fought back with three runs in the bottom of the third to pull within 6-4. With one out, Karen DeShetler drew a walk, Beth Watkins followed with a single and Kim Averill singled to drive in DeShetler. An error on the play moved the runners to second and third and both Watkins and Averill scored on Lisa Simkins' singled to left center.

West Orange pulled away with four runs in the top of the fourth. **THE COMEBACK TRAIL**
It was West Orange that put

Softball

the Lady Rams in the loser's bracket to begin with. Saturday morning, the Lady Warriors came out with a 4-1 victory.

The first win was a hard fought contest against Oviedo's Lady Lions. The teams were knotted at 1-1 after seven innings before Lake Mary won it in the eighth when Averill singled. Simkins followed with a single and Averill scored on an error on the play.

The going got a little easier for the Rams in the next game as they hammered the hapless Lady Trojans of Orlando Evans, 16-3. Lake Mary then outslugged Oak Ridge, 15-8, to set up a rematch with county rival and tournament host Lake Howell.

Lake Howell advanced through the loser's bracket by beating Lyman, 11-2, and edging Colonial, 5-4.

RAMS TRIM LADY HAWKS

The last time the two teams met, Lake Howell came away with a 2-1 victory in eight innings, taking advantage of a Lake Mary error to score the winning run. This time, however, the shoe was on the other foot.

A two-run error by Lake Howell and tough defense by the Lady Rams paved the way for Lake Mary's 3-2 victory.

"We didn't make any big mistakes against Lake Howell," Henry said. "It was kind of opposite from the first time we played them. Our error helped them last time while their error helped us this time. Psychologically, Lake Howell was our biggest win of the tournament. It really lifted our confidence."

"Our defense was not as sharp as usual," Lake Howell coach Jo Luciano said. "It really showed in the Lake Mary game. We made some big errors but we still had time to come back. We just didn't."

Lake Mary scored three runs on four hits with one big error in the bottom of the fourth. With one out, DeShetler, Watkins and Averill stroked

consecutive singles to load the bases and Simkins followed with a single to center to drive in DeShetler. Satull then hit a routine grounder to second but it went under Sandy Gillies' legs and both Watkins and Averill scored for a 3-2 lead.

"That's something you don't see very often," Henry said of Gillies' error. "She's one of the best fielders around."

7 ERRORS DOOM BRANTLEY

A seven-error inning enabled Lake Mary to break open a close game as they advanced to the final with a 10-2 victory over Lake Brantley's Lady Patriots.

The Lady Rams capitalized on seven Lake Brantley errors in the fifth to score nine runs and that was all they needed for a 10-2 victory. The key hit in the fifth was a two-run single off the bat of Santulli. The hit by Santulli, who has been a tough hitter in the clutch this season, was the one that broke the game open for Lake Mary.

While Brantley made seven errors in the fifth inning, Lake Mary made just one in the game. **BRANTLEY WINS FIRST TWO**

In what coach Renny Betris called their best two games of the season, Lake Brantley's Lady Patriots opened the tournament with a pair of impressive victories, 8-2 over Orlando Colonial's Lady Grenadiers, and 16-2 over Oak Ridge's Lady Pioneers.

In the first-round game against Colonial, the Lady Patriots pounded out 14 hits. Laura Davis was 3 for 4 to lead the way while Kim Walt was 2 for 5, scored three runs, and smashed a two-run homer in the seventh to sew up the win. Mandy Mathieson and Sherry "Ice" Asplen added two hits each.

Against Oak Ridge, Mathieson, Brantley's hottest hitter in the tourney, was 4 for 5 and drove in three runs. Walt and Davis added two hits each, Michelle Brown scored four runs while Asplen and Wendy Jeffers drove in one run apiece.

Brantley moved into the winner's bracket final against West Orange and, although they took a 2-0 lead, the Lady Patriots couldn't contain the powerful bats of the Lady Warriors.

A pair of fine second sackers. Above, Lake Mary's Lisa Simkins tries to sweep the tag on runner.

The Lady Rams defeated the Pioneers, 15-8. It was one of five victories for Lake Mary in what was one long Saturday at Red Bug Park. Lake Mary wound up second in the Lady Hawk Tournament. At the left, Lake Howell's Sandy Gillies makes the pivot at second en route to completing a double play. Gillies and the Lady Hawks were knocked out of the tournament by Lake Mary, 3-2. West Orange won four straight games to claim the championship with a 10-6 victory over Lake Mary, in the Rams' seventh game of the day, the final decision.

Herald Photos by Gregory Gahst

An eight-run fourth inning gave Lyman a 13-12 victory over Sanford's Lady Seminoles.

Highlights of the game for the Lady Greyhounds included grand slam homers by Denise Stevens and Valerie Price.

Janet Hauck had an impressive game for the Lady Seminoles as she went 4 for 4 with three doubles and five RBIs. Hauck now leads the county in

runs batted in with 17.

TRIBE, LIONS EXIT EARLY
Both Seminole and Oviedo's Lady Lions were eliminated in two games as Seminole lost to Lyman and Colonial and Oviedo was upended by Oak Ridge and Lake Mary.

"The girls played a super game," Seminole coach Beth Corso said

...Noles

Continued from 5A

The Tribe went one-two in the 440 yard dash Saturday, but it wasn't the usual order of finish. Martin, a sophomore, upset Campbell, a senior, for first place with a time of 49.2 compared to 49.3 for Campbell.

"Clifton (Campbell) had just run the 440 relay and had about three minutes before running the quarter," Brauman said. "He hadn't recovered enough and was sluggish the last 180 yards. It's an experiment we tried and we failed. We won't try it again."

Campbell leads the state in the 440 with a 48.1 which is also the state record.

In one of the feature races of the meet, Seminole's Barnett battled Michael Timpson of Miami Lakes in the 120 high hurdles. Timpson, the defending state champion, outduelled the Seminole senior in a close race, 13.4 to 13.5. Barnett also placed fifth in the 330 hurdles.

Leo Peterson, a junior, finished second in the triple jump (48-3) and fourth in the long jump (22-2) while Alvin Jones took third in the triple jump (46-10).

Junior distance standout Billy Pentek took third in the mile with a time of 4:26.8.

"The team showed that they are class individuals," Brauman said. "They are a credit to the school and the community."

4:00-49 for North Miami and 4:05-81 for Belle Glade Glades Central.

Bass ran the first leg of the 4X400 meter relay and her time was in the 57's. Martin then grabbed the baton and set the track on fire with a 58.1 split. Webster also ran in the 57's while Walker anchored with a 58.9.

Lake Mary's mile relay team of Tabitha Gano, Niki Hays, Denise Putnam and Jodie McCurdy finished with a time of 4:25.5.

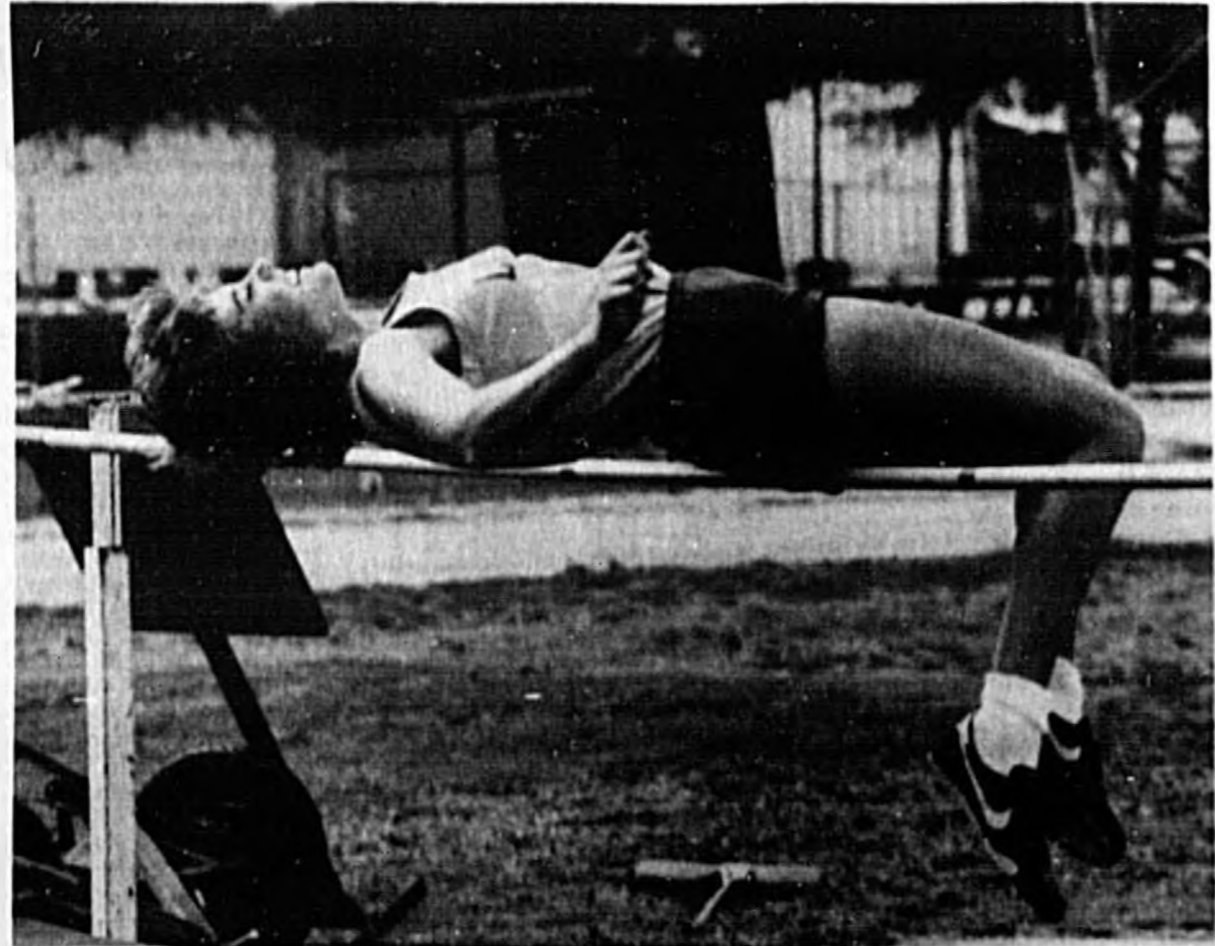

Poltowicz finished off what part of the track wasn't already burned up by Martin as the Trinity Prep standout obliterated the rest of the field in the 3,000 meters (7 1/2 laps) with a time of 10:30.1 (hand held).

Lake Howell's Amy Ertel also ran an impressive time as she came in fourth at 10:43.6. Lake Howell's Martha Fonseca was seventh at 11:07.6.

Poltowicz is going after her second straight state title (1A) in the two mile run. She ran a state record 10:47.4 in winning the state two mile last year and the junior distance ace took on and outlasted all classifications in Saturday's meet.

Seminole County had three of the top seven teams in the 4X800 relay including a third place finish by Lake Howell's Lady Hawks, a sixth by Lake Mary and a seventh by Seminole.

Lake Howell's Rochelle Spearman, a senior, placed in both hurdle events as she came in fourth in the 300 meter

Herald Photo by Tommy Vincent

Lisa Shelby strains to get over the bar in the high jump. The Lake Mary sophomore cleared 4-6 Saturday as one of five events she competed in in the pentathlon portion of

the Lady Gator Relays in Gainesville. Shelby, a last minute entry in the pentathlon, came away with a seventh place finish out of 20 competitors.

hurdles (45.75) and sixth in the 100 meter hurdles (15.66).

Lake Brantley's Cathie Wild took sixth in the 300's (47.34) while another Lady Patriot hurdler, Tammy Jones, recorded a time of 49.0. Also running the 100 hurdles was Lake Mary's McCurdy who ran a 18.60.

While the rest of Seminole County's teams were competing in relays or individual events, Lake Mary's Lisa Shelby, a sophomore, entered the five-event pentathlon competition. Shelby entered the pentathlon at the last moment after being scratched in the individual high

jump and it was well worth it as she came in seventh out of 20 competitors with 1,930 points. "They told her (Shelby) she couldn't enter the high jump so we got her into the pentathlon at the last moment," Gibson said. "She came in seventh and she was happy as a lark."

Apopka Drops Pats

Baseball

APOPKA — Rob Cousins and Tim Oxley combined on a four-hitter Saturday as Apopka's Blue Darters handcuuffed Lake Brantley's Patriots, 3-1, in Five Star Conference action at Apopka High.

The loss dropped the Patriots to 7-5 in the Five Star and 12-8 overall while the Darters improved to 7-4 and 12-5. Brantley will try to rebound tonight at 7 when it hosts Sanford's Fighting Seminoles.

Apopka got to Brantley starter Tim Smith for one run in the bottom of the first as Sydney Lowman singled and came around to score on a single off the bat of Mike Hinde.

The Patriots came back to tie it at 1-1 in the third. Kevin Bass stroked a single and moved to third on a single by Smith. Blair Patten then laid down a squeeze bunt to score Bass.

Smith shut the Darters down until the sixth inning when

Apopka rallied for two runs. Meanwhile, Cousins and Oxley, who came on in the fifth, allowed just two hits the rest of the way while closing the door on the Patriots.

In the sixth for Apopka, Keith Usarey drew a walk to lead off and was sacrificed to second. Lowman followed with a single to drive in Usarey and break the 1-1 deadlock. Apopka added an insurance run when Hinde singled in Lowman.

No hitter had more than one hit for the Patriots as Andy Dunn, Bass, Smith and Mike Beams each had singles.

In other Five Star action today, red-hot Lake Mary travels to Daytona Beach to take on Seabreeze. Lyman takes on another of the hottest conference teams in DeLand at DeLand and Lake Howell hosts Mainland.

SPORTS

IN BRIEF

Alford's 29 Move Knight, Hoosiers Into NIT Semis

By United Press International
According to Indiana Coach Bobby Knight, reports of the demise of the National Invitation Tournament have been greatly exaggerated.

"I think anybody that would ever wonder about the good of the NIT only has to look to this game," Knight said after Indiana defeated Marquette Sunday in double-overtime. "It's about as interesting and as exciting as we've ever had in here."

Steve Alford moved Indiana into the semifinals as he scored 29 points, including 11 in the two overtime periods, to lift Indiana to a 94-82 victory over foul-plagued Marquette in a quarterfinal contest at Bloomington, Ind.

The victory advances the Hoosiers to the semifinals, which, along with the championship, will be played at Madison Square Garden in New York.

Indiana will join Louisville, which got 15 points from Jeff Hall and 15 from Mark McSwain off the bench Sunday to eliminate Tennessee-Chattanooga 71-66.

Manual Forrest added 12 points, helping the Cardinals, 19-16, advance to semifinals where they will play UCLA, 19-12, on Wednesday. Indiana, 18-13, faces Tennessee, 21-14, in the other semifinal. The winners meet for the championship Friday.

A 3-point play by Alford with 3:30 left in the second overtime gave Indiana an 81-76 lead and Marquette got no closer than 3 points after that.

At Lexington, Ky., Louisville never trailed as it played before a home crowd of 19,272 at Freedom Hall.

Tennessee-Chattanooga, 24-8, moved within 52-48 on a 15-foot jumper by Gerald Wilkins with 7:58 left. The closest they got after that was 65-62 on a basket by Clifford Morgan with 1:11 remaining.

If Louisville wins its next game it will insure Coach Denny Crum his 13th straight 20-victory season since taking over the Cardinals in 1971-72.

Sweaty Strange Tops Watson

LAS VEGAS, Nev. (UPI) — Curtis Strange has spent the last month with a case of sweaty palms.

During that time, he has won two PGA events in dramatic fashion and is awaiting the birth of his second child.

On Sunday, Strange, 30, knocked in a 6-foot birdie putt on the 18th hole to claim the title at the PGA's \$1 million stop in Las Vegas. The victory was worth a season-high \$171,000 payday and placed Strange comfortably on top of the season's money list.

"I played well today," he said. "Tom (Watson, the leader coming into Sunday's round) and I were going at it pretty good on the front side. Tom had some problems on the backside and I tried to have some too, but I managed to get out of it."

Watson struggled all week attempting to break out of his helter-skelter, birdie-bogey syndrome. On Sunday, he finally fell victim to it.

He started the round at 14 under and quickly moved to 15 under with a birdy on the first hole. Watson then proceeded to miss a short birdie putt on No. 2 and bogey No. 3. He knocked himself out of contention for the title on the 12th hole when he came away with a very uncharacteristic double bogey.

Watson finished the day tied with Fred Couples at 14-under par 341.

Stephenson Staggers To Title

GLENDALE, Calif. (UPI) — It had been so long since Jan Stephenson won a golf tournament that when it got within reach she was almost done in by negative thinking.

But Stephenson held on Sunday, staggering to a 3-over par 75 to capture a \$250,000 LPGA tournament by one stroke over Amy Alcott, Barbara Moxness and Pat Bradley.

Pepitone Just Hitchhiking

NEW YORK (UPI) — One of the two men arrested with Joe Pepitone on drug and weapons charges claims the former Yankee slugger only hitched a ride with them, and did not know about the car's illegal contents, a published report says.

Thomas Carbone, 51, told the Daily News he had only picked Pepitone up on a Brooklyn street 15 minutes before the car was stopped by police.

"They should let the guy go. He was just a hitchhiker, the poor kid," Carbone was quoted as saying.

The article also quoted Pepitone as saying he was a victim of circumstance.

"I'm innocent ... I was in the wrong place at the wrong time," he said.

Police stopped the car for passing a red light in Brownsville.

But when they searched the vehicle, investigators said, they had reason to believe they had more than just a traffic violator in their custody.

In the car, police said, was \$70,000 worth of cocaine, heroin, pills and a .22-caliber Derringer.

Pepitone did not have any narcotics when the search was conducted.

Carbone, Pepitone and Robert Oates, 46, of Rockaway Parkway, Brooklyn, have been freed on bond.

It remains unclear whether Pepitone will testify before a grand jury investigating the incident.

Martinsville 500 Rained Out

MARTINSVILLE, Va. (UPI) — The \$145,350 NASCAR 500 mile race at Martinsville Speedway was postponed because of rain and rescheduled for April 6th, speedway officials said Sunday.

"Naturally, we would have preferred to run next weekend, but there are too many conflicts with other events and I felt it wouldn't be fair to other promoters as well as the fans and competitors," Speedway President H. Clay Earles said in an announcement.

The triple-header will include a 200-lap Modified Championship race, a 200-lap Late Model Sportman Championship and the debut of the Late Model Stock cars in a 100-lap battle at the half-mile track.

Starting lineups for the races will remain intact with 30 cars in the Late Model Stock car class, 32 cars in the Late Model Sportman and 31 cars in the Modified, Earles said.

Collier Sets Modern Mark

NEW YORK (UPI) — Orlando Renegades quarterback Reggie Collier set a modern pro football record Thursday night when he rushed for 171 yards on 18 carries against the Jacksonville Bulls.

Collier broke the former USFL mark of 120 yards set by Steve Young of the Los Angeles Express on April 20, 1984 against the Chicago Blitz.

Bobby Douglas of the NFL's Chicago Bears rushed for 127 yards on 14 carries against the Oakland Raiders on December 17, 1972.

Despite Collier's efforts, Orlando was defeated 34-31.

Simmons, Haas Bouncing Back

By United Press International

It was no coincidence that last year when Ted Simmons hit 221, the Milwaukee Brewers finished with the worst record in the American League.

So on the heels of their 67-94 season, the Brewers can take heart from a 500 spring record and a three-game winning streak. They can be further gladdened to see rebounding individual performances from Simmons and right-hander Moose Haas, who combined to key Sunday's 7-1 rout of the Cleveland Indians.

Haas gave up one run on eight hits and Simmons hit a three-

Baseball

run homer in the seventh inning after the Brewers had built a 4-1 lead.

Haas surrendered only a double to Brook Jacoby and scattered seven singles in preparing for his opening day start April 9 in Milwaukee against the Chicago White Sox and Tom Seaver.

The Brewers scored four runs on 10 hits in the fourth off right-hander Bert Blyleven.

Cleveland's only run came in sixth on a sacrifice fly by Mel

Hall.

"Moose is ready to go nine," said Milwaukee manager George Bamberger, meaning innings and not the nine total victories Haas mustered all last year.

Regular shortstop Robin Yount, recovering from a bad shoulder, was in leftfield again and Bamberger indicated that's where he will start the season.

At Pompano Beach, Fla., Pete O'Brien's two-run double capped a four-run fifth inning and sent the Texas Rangers to a 5-4 victory over the Houston Astros.

At West Palm Beach, Fla., Rene Gonzalez, scheduled to open the season at shortstop for

Montreal's minor league team in

Indianapolis, hit a grand slam home run in a six-run first inning to spark the Expos' 9-8 victory over the Baltimore Orioles.

Gonzalez, charted behind starter Hubie Brooks and backup U.L. Washington, made Bill Swaggerty a loser for the third time this spring.

At Bradenton, Fla., Glenn Wilson, who began wearing eye-glasses Friday, hit a home run and three singles and scored three times to lead the Philadelphia Phillies to a 6-2 victory over the Pittsburgh Pirates. The loss was the Pirates' eighth in a row.

Sixers Seek New Direction

United Press International

The Philadelphia 76ers have realized the Atlantic Division title is probably out of their grasp, so now they are reaching for new goals.

The 76ers, who had lost three games in a row, gathered for a pre-game meeting Sunday and then went out and routed Denver 124-103.

Team captain Julius Erving, who finished with 22 points, said he called the 30-minute meeting to improve the players' communication with each other.

"We're trying to establish a new direction," Erving said. "We had to do something different because we had lost three games in a row. We talked with each other and shared our feelings with each other. We went into this game in a good frame of mind."

"After the Milwaukee game (a 19-point loss Friday), we came out with the understanding that we probably weren't going to win the division, so we have to make a concession for the final 12 games."

Elsewhere, San Antonio stopped Seattle 104-99, the Los Angeles Lakers downed Detroit 148-130, and Utah beat Chicago 110-92.

Spurs 104, SuperSonics 99

At San Antonio, Texas, George Gervin scored 8 of his 15 points in the fourth quarter, halting Seattle's comeback.

...Rams

Continued from 5A

the bottom of the first. After Ryan Lisle walked, Letterio picked on a Livernois offering and sent a screamer over the center field fence for a 2-1 lead.

It was Letterio's second homer off the Lyman ace this year.

Brett Molle, who made two fine diving catches in right field but muffed two easy ones, had the key hit as the Rammers took a 4-1 lead in the second Donald Grayson, subbing for Keith Wallace at first, punched a one-out single to left.

Molle followed with a double to right field to push Grayson to third. Lisle then grounded out to second to score Grayson and Molle scurried home on a wild pitch for the other run.

Lyman used three Ram errors to take a 6-4 lead in the third. With one out, Laszaic walked Henley and Livernois. Usually reliable center fielder Scott Underwood then dropped Algere's liner to load the bases. Laszaic induced Odom to pop to third for what should have been the third out.

John Bane followed with a base hit to left which scored Henley for a 4-2 game.

Freshman Chris Brock lifted a twisting fly ball into the right field corner. Molle drifted over and was in position to catch the ball but it skipped off the top of his glove for a three-base error as Lyman seized a 5-4 lead. When Underwood dropped Clint Baker's easy fly ball, the lead grew to 6-4.

Lake Mary had a chance to get a couple in the bottom of the inning but Livernois speared Laszaic's bases-loaded line drive

and turned it into a double play to retire the side.

Unsettled, Laszaic served one in Algere's wheelhouse in the top of the fifth. The Lyman center fielder got it all, sending a prodigious blast (see related story, 5A) way over the right field fence for a 7-4 lead.

"I thought we were going to win it after Paul's homer," said McCullough. "But we just couldn't get it done."

Two reasons were first baseman Grayson and third baseman Hill. After Livernois retired Underwood and Rod "C.J." Metz in the fifth, he walked Hill on four pitches. Ron Natherson followed with a sharp single to right center. Laszaic then rifled a double down the left field line to pull Lake Mary within 7-5.

Grayson was next. The senior slugger, always a late arrival on the baseball scene because of basketball, had batted just four times prior to Saturday, producing a bloop single and striking out the three other times.

Somehow it didn't matter. Picking on a low breaking pitch, Grayson sent a low liner to right field. Lyman's John Elwood crashed into the fence as he just missed flagging down the drive which fell for a three-run homer and an 8-7 Lake Mary lead.

Grayson, a modest senior bound for UCF on a football grant, was surprised as anyone by the homer. "To tell you the truth, I thought it was a blooper," he said. "I was running as hard as I could until I got to second base and found out it was over."

Tuttle said the drive was the turning point. "Donnie's a gamer. What else can you say?" said Tuttle. "The only reason he

started was because Wallace wasn't here. But somehow he always comes up with the clutch play."

Hill, who would produce the second clutch effort an inning later, agreed. "That homer picked everybody up," said Hill. "We knew we had them after Donald's clutch hit."

Hill's own single and three Lyman errors made sure after Laszaic wild pitched home Baker to tie the game in the top of the sixth.

Letterio ripped a double to open the frame but Underwood, still mired in a dreadful slump, struck out. Metz, who looked at curveballs and changeups all day, walked. Hill then stroked his base hit through the left side and Letterio beat the throw to the plate for a 9-8 lead.

...Crime

Continued from page 1A

personnel, reported 15 assaults. Altamonte Springs, with 65 officers, reported 19 assaults;

Casselberry 10 assaults on 33 officers; Longwood 9 assaults, 25 officers; Oviedo, 7 assaults, 11 officers; Lake Mary 9 officers and one assault.

According to the report, there are 576 law enforcement officers in the county, 404 male, 172

female. Longwood led the county in solving crimes with a 30.9 percent clearance rate. Winter Springs was second, clearing 30.4 percent of its reported crimes. Other clearance rates were: Altamonte Springs, 26.4

percent; Sanford, 23.9; Casselberry, 20.1; sheriff's department, 19.9; Lake Mary, 15.1; and Oviedo, 14.8.

Statwide, the crime rate ended a two-year downward trend with a serious offense occurring every 42 seconds. Law

Enforcement Commissioner Robert R. Dempsey said.

The annual report said statewide nearly three-quarters of a million Floridians — one of every 15 people in the state — was the victim of a serious crime last year. The FDLE estimated that half the street crime, ranging from armed robbery and mugging to prostitution, was related to illegal drugs.

"As I have been saying in the last two years, apathy and complacency are setting in," said Dempsey. "That is unfortunate. Crime is up because the drug problem is as bad as it was before."

The FDLE report said the state had 42,294 drug arrests last year — up from 37,984 the previous year — but that 81.7 percent of them were for possession, not sale, of drugs.

Dempsey said neighborhood "Crime Watch" programs were

helpful in combatting household burglaries and both violent and property crime. He said individual citizens could help by being more conscious about making themselves or their possessions easy prey for criminals.

The FDLE annual report is based on seven "index crimes" — murder, rape, robbery, assault, burglary, larceny and vehicle theft — and has shown an overall decline for 1982 and 1983. Dempsey said, however, every category statewide showed an increase last year.

The number of murders increased from 1,203 in 1983 to 1,264 last year. Rapes were up from 5,170 to 5,576, robberies from 28,127 to 30,320, and assaults from 53,798 to 58,208.

In the non-violent crime categories, the report showed an increase in burglary from 191,911 to 198,559, in larceny from 400,802 to 408,457, and in car theft from 43,236 to 46,847.

AREA DEATHS

JOHN T. CATES JR.

Mr. John Thomas Cates Jr., 64, of 214 Sheridan Ave., Longwood, died Thursday at South Seminole Community Hospital, Longwood. Born April 7, 1920 in Louisville, Ky., he moved to Longwood from Satellite Beach in 1978. He was a retired engineer for a telephone company and was a member of Sweetwater Baptist Church, Longwood. He was a member of Telephone Pioneers of America, Plum Lodge 862, F&AM, Louisville, Scottish Rite Valley, Orlando, AARP, Florida Real Estate Association. He was a World War II veteran and a former deacon of the First Baptist Church, Eau Gallie, Fla.

Survivors include his wife, Lyla M.; two daughters, Mrs. Kaye Shannon and Mrs. Joyce C. Cauley, both of Melbourne; four brothers, Robert L., Hollywood, James E., Arvin A., and Ernie C., all of Louisville; two grandchildren.

Davis Funeral Home, Melbourne, is in charge of arrangements.

ELTON R. DARE

Mr. Elton R. Dare, 80, of 525 E. Semoran Blvd, Fern Park, died Thursday at Florida Hospital-Altamonte Springs. Born Oct. 10, 1904 in Falls Creek, Pa., he was a winter resident of Fern Park from Columbus, Ohio. He was a retired field service director and was a member of Elder Broad Street Presbyterian Church. He was a World War II veteran, a member of Milnor Lodge 287, F&AM, Pittsburgh, a member of Scottish Rite, Valley of Columbus and Aladdin Shrine.

Survivors include his wife, Sara E.; two daughters, Nancy D. Schmitt, Longwood, Sally Ann Marple, Lancaster, Ohio; six grandchildren.

Baldwin-Fairchild Funeral Home, Altamonte Springs, is in charge of arrangements.

LILLIE M. TILLIS

Mrs. Lillie M. Tillis, 77, of 136 Lake Mary Ave., Lake Mary, died Saturday at Central Florida Regional Hospital, Sanford. Born August 23, 1907 in Genoa, she

moved to Lake Mary from there in 1929. She was a homemaker and a member of Lake Mary Nazarene Church.

Survivors include her husband, Leonard C.; four sons, Lester, Blackshear, Ga., Byron, Liverpool, N.Y., Bobby, Altamonte Springs, Daniel, Osteen; daughter, Francis Tillis Watson, Deltona; sister, Thelma Fredrick, Elmore, Ala.; 17 grandchildren; nine great-grandchildren.

Oaklawn Funeral Home, Lake Mary, is in charge of arrangements.

KEVIN DOUGLAS WEBB

Mr. Kevin Douglas Webb, 27, of Whittier, Calif., died Saturday in Whittier after a long illness.

Born April 14, 1957 in Orlando, he grew up in Sanford. He moved to Whittier from Sanford in 1978. He was pastor of Calvary Chapel, La Mirada, Calif., and had a ministry with drug addicts and runaways. He was co-director of Lovell International, a California-based relief agency that provided food and housing for the Indian children in Guatemala and was building a hospital there before a coup overthrew the government.

He was also a guitar player with a Christian band. Before that he was a member of Sanford Christian Missionary Alliance Church.

Survivors include his wife, Jo Ellen; two sons, Zebulon and Joshua, both of Whittier; mother, Anna, Sanford; brother, Wesley, St. Petersburg; two sisters, Biron, Sanford, Linda, New York City.

School Choirs, Best In District, Off To State

The District Choral Festival was held at Seminole Community College with students in middle and high schools participating in the six county competition.

Ann Nilsen, director of the Lake Mary High School Choir and district chairman of the Choral Festival, reported that of 13 choirs chosen to be in the State Competition, nine are Seminole County Choral students.

Choral groups and student conductors were rated on a 1 through 5 scale. Receiving a rating of straight 1 (superior) were Lake Brantley's, #2 Mixed Choir, #3 Mixed Choir and Girl's Chorus; Lake Mary High's Concert Choir and Girl's Chorus. The judges awarded a grading of 1 (average) to Seminole High School's Concert Choir, the Oviedo High School Girl's Chorus, Lake Brantley High's Mixed #1 Choir and Lyman's Girl's Chorus.

Student Conductors chosen to compete at State through the District Meet are Lisa Rogers and Cindy Jennings representing Lake Mary; Tammy Mikell for Seminole High; Jane Torres and Christina Langus of Lake Howell High, and Dan Brubaker from Lyman High School.

Tallahassee bound for State competition in May, these students and their directors are looking to a learning experience with their peers throughout the state as well as hopes to capture state level distinction.

A major floral event visited by thousands of plant enthusiasts from all over the Nation, the 30th Annual Spring Orchid Show will be held March 29 and 30 at the Winter Park Mall.

Presented by the Central Florida Orchid Society, the show consists of commercial growers and hobbyists in competition with their stunning displays of flowering orchids.

In addition to the orchid exhibits, the Bromeliad Society of Central Florida will present exhibits of bromeliads both for viewing and sale. The orchid growers will also have many varieties of orchids to sell.

Nancy Frye
Longwood Correspondent
323-8893

The Orchid Show will be free to the public and open during the Mall's shopping hours.

World Music Center's Seth Rye will perform at a concert for the Hacienda Village Organ Club on Friday, March 29. The Organ Concert is set for 7:30 PM at Hacienda Village's Clubhouse located off Longwood/Oviedo Road in Winter Springs. The community is invited to attend.

The first Florida 4H Horse Bowl Competition was held at the Central Florida Fair with Seminole County's club team placing third.

Members of the placing county team are Debbie Sargeant and Tiffany Wallace of Sanford, and Barbara Buccino and Jodi Sobotka of Longwood.

The purpose of the event is to give 4H members from over the state the opportunity to demonstrate their knowledge of horses and the horse industry in Florida.

Come out to the Spring Arts and Crafts Festival to be given by the Wekiva Woman's Club on Saturday, March 30. The show and sale will be from 10 a.m. through 4 p.m. at the Wekiva Hills Park in the Wekiva area of Longwood.

The League of Women Voters of Seminole County will hold their Food for Thought luncheon-discussion on Thursday, March 28, from noon to 1 p.m.

The luncheon will be at Quiggley's Restaurant of the Quality Inn North just off I-4 at SR-434.

This month's discussion will be on growth

management at the county level of government. The League of Women Voters in a non-partisan organization that encourages active citizen participation in government to influence public policy.

An Easter Cantata, "The Crimson Bridge" will be presented at the Altamonte Springs First Baptist Church at 7:30 p.m. on March 31. The Cantata, written by Deric Johnson, will be offered under the direction of Jerry Ulrey. The public is invited to enjoy the music with church members.

Sanlando Springs Extension Homemakers Club will meet March 28, at 9:30 a.m. in the fellowship hall of the First Baptist Church of Sanlando Springs on SR 434.

The March Program will be "Table Settings and Napkin Folds - Formal to Casual." Given by Dot Healey, Margaret McLain and Penny Wilson. Guests are welcome.

Seminole County's YMCA Coed Volleyball League for intermediate to advanced intermediate levels teams will be held on Wednesday evenings beginning this Wednesday, March 27 at Lake Brantley High School from 6:30 to 9 p.m. For further information contact the YMCA at 862-0444.

A Lake Brantley student, Kevin Greenstein, was chosen Student of the Quarter by Kiwanis of Central Florida. To receive this honor, the student must be exemplary both academically and in the community.

Greenstein is a member of the school's Beta Club, Classical League and Latin Club. He also holds honors in sports events at Lake Brantley.

The Seminole League of Homeowners Association Inc. will meet tonight at 7:30 p.m. (March 25) at the Westmonte Civic Center off Spring Oaks Boulevard in Altamonte Springs. The league offers membership to all homeowner associations throughout the county.

In the countywide essay contest sponsored by the Seminole Reading Council eight students received certificates for winning entries. Middle school level winners were Tahnee Causey of Tuskawilla Middle School and Heather Winokur of Rock Lake Middle won second.

Third through fifth grade winners were Pat Wellman, Geneva Elementary 1st; Teresa Taylor of Winter Springs Elementary, 2nd; Dawn Coker, Hamilton Elementary placed 3rd.

Kindergarten through second graders placing were: Kevin Morrison, Eastbrooke, 1st; Charles Rupe of Geneva Elementary, 2nd; Jenny LaBelle from Sabal Point earned 3rd place.

Teaching One's Wife To Drive Is One Big Fight

DEAR ABBY: Someone wrote in to say that women whose husbands always drove them around were at a terrible disadvantage should they become widowed without having learned how to drive. He then urged all married men to teach their wives how to drive.

Dear Abby

I'm all for women learning how to drive, but I have never met a man who taught his wife to drive who would recommend it to another man. A man can teach another man's wife how to drive, but when it comes to teaching his own wife, it's one big fight from beginning to end!

I am not smart enough to explain something about the husband-wife relationship that makes it impossible for the wife to accept criticism or instruction from her own husband. And for some reason, a man has very little patience with his own wife's mistakes.

Newlyweds or old-timers, it makes no difference: If there's a

man alive who ever taught his wife how to drive without a fight, I'd like to know how he did it.

Affirmative Action Working: Study

WASHINGTON (UPI) — Minorities and women made significant gains in employment in the 1970s due largely to affirmative action programs and the guidelines should be continued despite criticism from the administration, a study says.

The study found, for example, that blacks' share of the job market increased by 15 percent during the decade with the majority of those jobs in higher paying categories. Women increased their share in the job market by 19 percent, the report said. Hispanics' share of the market jumped 50 percent.

The 100-page study, "A Decade of New Opportunity: Affirmative Action in

the 1970s," was written by Herbert Hammerman, a private consultant and former staff member of the Equal Employment Opportunity Commission, and was published by the Potomac Institute, an independent Washington research organization.

"Ironically, this positive evidence comes at a time when the critics of affirmative action — including the president, the attorney general and other high government officials — are waging a campaign to strip the program of basic elements," said Harold Fleming, president of the Potomac Institute.

The EEOC, for example, decided this year to emphasize investigation of

individual discrimination complaints rather than widespread "pattern and practice" instances of discrimination.

In addition, the Justice Department is entering court cases opposing judicially ordered remedies to implement affirmative action programs.

Fleming conceded employment gains by minorities and women "have been uneven and in most areas parity is still remote."

"But the trend is unmistakably in the direction of equal opportunity, particularly in the higher positions that were for so long closed to the traditional victims of discrimination, he said.

Half Of All Rapes Unreported: Survey

WASHINGTON (UPI) — Nearly half the rapes from 1973 to 1983 went unreported, a government survey says, and a Justice Department official suggests the reason is that victims end up paying emotionally and financially for the crime.

The report by the Bureau of Justice Statistics released Sunday said 40 percent of the estimated 479,000 women raped in the period did not report the crime and 49 percent of the 1.03 million attempted rapes during the same period were unreported.

The bureau also found that were an estimated 123,000 male rape victims during the period.

The information comes from data collected annually by the bureau, which questions 125,000 people 12 years and older in 60,000 households every year about their crime experience in the past year. These responses were then used to estimate the number of rapes nationwide.

The bureau estimated more than 70 percent of rape victims are unmarried women, 63 percent are under 25 and 53 percent are from low-income families.

Eighty-one percent of the victims are white but black women are significantly more likely to be raped compared to their proportion in the general population, the bureau found.

Assistant Attorney General Lois Haight Herrington, who heads the department's Office of Justice Programs, said rape victims are hesitant to come forward for a variety of reasons.

"Sexual assault victims would be more likely to report the crime if they did not fear becoming entangled in the morass of an insensitive criminal justice system," Herrington said.

"In many states rape victims must literally pay for their crime," she said. "They are given the bill for the medical exam required to gather physical evidence. Burglary victims are not charged for collecting fingerprints. Why should sexual assault victims be charged for collecting evidence?"

Regan: Compromise Possible On Budget

WASHINGTON (UPI) — With President Regan and Congress at loggerheads over how to attack huge budget deficits, the White House has cracked open a door to compromise but that may not be enough to satisfy Senate Republican leaders.

White House chief of staff Donald Regan hinted at a possible compromise on defense spending Sunday in acknowledging "some procurement" of non-strategic items could be scrapped or postponed without endangering national security.

At the same time, however, Regan outlined the difficult task that awaits a special working group created last week to pursue the on-again, off-again negotiations between the White House and the Senate GOP leadership.

When asked about the prospects for a compromise, Regan replied: "That remains to be seen. If we give a little, are they going to give a little? And, if so, in what areas?"

Administration and Senate negotiators were expected to meet Tuesday, though the budget impasse that continued last week appeared to dim prospects that the full

Senate could begin debate on the budget later this week.

Regan, interviewed on NBC's "Meet the Press," indicated two major elements of a plan approved by the Republican leadership are unacceptable to the administration: denying the Pentagon any budget growth beyond inflation and freezing Social Security benefits.

Of the latter proposal, a sensitive issue the White House has sought to avoid, Regan said, "We won't even touch that."

The Senate leadership has proposed a \$57 billion deficit-reduction package for next year, compared with the \$51 billion in savings contained in the fiscal 1986 budget Reagan sent Congress Feb. 4.

Regan said the two sides came to agreement last week on some parameters of the budget, including economic assumptions that influence projections of revenues, expenditures and the deficit, but remain at odds on specific issues.

On the most contentious of those issues — defense spending — Regan sent a strong signal that Reagan recognizes the inevitability of compromise.

Baldness Not A Problem Restricted Solely To Men

Dr. Lamb

DEAR DR. LAMB — I am 68 and am surely going totally bald. My hair has been coming out since I was 40. I had a badly needed hysterectomy at 29.

When my hair started to come out, I thought it was due to tension and possibly the use of hair coloring. I got a wiglet, then a full wig. Now I'm retired with no tension and no hair coloring, but my hair continues to come out. I don't dare appear without a wig.

DEAR READER — By all means, see a dermatologist. You might have an underlying hormone imbalance that causes hair loss. Women do have hair loss. It can be quite extensive and is similar to male pattern baldness.

Some dermatologists claim to have gotten good results by using estrogen cream on the scalp. It will not restore the lost hair, but will stop the progressive thinning. Obviously, this treatment is not for men.

Using hair coloring will not cause hair loss. Some hair preparations, including peroxides, may damage the hair shaft, but a new hair will grow in to replace it in the regular cycle of hair regeneration.

I have discussed hair-regeneration cycles and hair loss in The Health Letter 12-6, Hair Care, which I am sending you.

DEAR DR. LAMB — I have a problem similar to anorexia nervosa, called bulimia. I've had this problem for five years. Unlike most bulimics, who overeat and induce vomiting on a daily basis, I overeat and vomit only once a week, sometimes twice.

Am I a candidate for heart problems? Am I causing damage to my esophagus? Lately I have had a strange feeling at the top of my breastbone, as if my esophagus has an irregularity or a weak spot. This occurred after a weekend of three or four overeat-vomit sessions. Am I damaging my health in any way?

DEAR READER — Many bulimia victims do have a danger of poor nutrition and all that causes. These people, like the anorexia nervosa patient,

often have a preoccupation with thinness. Starvation, regardless of how it is induced, is a not good.

You are unlikely to get heart disease. Staying thin usually protects against heart disease. Also, you are a woman, and I presume a young woman, which also means there is little chance of heart disease.

Yes, there is a danger of

damage to your esophagus from forceful vomiting. Retching can lead to a tear in the esophagus, with a severe and sudden hemorrhage.

Send your questions to Dr. Lamb, P.O. Box 1551, Radio City Station, New York, N.Y., 10019.

WIN AT BRIDGE

By James Jacoby

The essence of a safety play is to sacrifice a potential overtrick to protect against losing two tricks. When the contract is a small slam, the best approach is to first see if you can afford to lose that one trick.

The contract was six hearts. Declarer won the opening lead with dummy's club king, and played ace of hearts and a low heart. His plan was to try the heart finesse. If that failed, he hoped the spade finesse would work. Of course the bad trump split defeated the slam immediately.

Here is the best plan for the hand. Declarer should first take the spade finesse. If that loses, he must then take his best play to win all the heart tricks. But the spade finesse does win. Now

the declarer has the luxury of guarding against losing two heart tricks.

That is easily done. He plays the king of hearts, and then leads low from his hand toward the dummy's A-8. When West follows with the seven, declarer inserts the eight.

If that finesse loses, South's ace will pick up any remaining high heart. If West shows out on the second heart lead, declarer will win the ace in dummy and lead through the Q-10 in East's hand. Barring a very unlikely 5-0 split, declarer can guarantee that there will be no more than one heart loser.

The key to making the slam is for declarer to find out first whether he can afford the safety play.

HOROSCOPE

What The Day Will Bring...

YOUR BIRTHDAY MARCH 26, 1985

More travel than usual is a strong possibility for the year ahead. The many trips you make aren't apt to be of long duration but they will be both interesting and exciting.

ARIES (March 21-April 19) Through a unique channel, you may be the recipient of some good news today that you'll be eager to share with a few choice friends. The Matchmaker wheel reveals your compatibility to all signs, as well as showing you to which signs you are best suited romantically. To get yours mail 82 to Astro-Graph, Box 489, Radio City Station, New York, NY 10019.

TAURUS (April 20-May 20) Owing to the concern and efforts of others, several good things could come your way today. Don't be too proud to receive favors.

GEMINI (May 21-June 20) Your splendid leadership qualities will be evident to people with whom you associate today. They'll sit back and let you step forward.

CANCER (June 21-July 22) People in positions of authority are likely to do things for you today they wouldn't think of doing for others. It pays to be a nice guy.

LEO (July 23-Aug. 22) Give full reign to your imagination today and don't be afraid to test out bold new concepts. Fresh ideas could prove lucky for you.

VIRGO (Aug. 23-Sept. 22) Conditions that have a direct effect upon your standing in the eyes of others are quite favorable today. Your sense of duty wins you points.

LIBRA (Sept. 23-Oct. 23) A relationship that was a trifle out of sync will be brought back into harmony today. Your counterpart will be the one who offers the olive branch.

SCORPIO (Oct. 24-Nov. 22) Actions and efforts you expend

today on behalf of someone else will be gratefully acknowledged in an unusual fashion in the near future.

SAGITTARIUS (Nov. 23-Dec. 21) To be your happiest today, you need involvements that have elements of friendly competition. Make plans to play your favorite game with pals.

CAPRICORN (Dec. 22-Jan. 19) Tasks that are usually a bore could turn out to be pleasant diversions today. The secret to being happy is to keep both your hands and mind as busy as possible.

AQUARIUS (Jan. 20-Feb. 18) Your companionship will be sought by others today and wherever you go, more attention than usual is likely to be centered upon you. Smile and be yourself.

PISCES (Feb. 20-March 20) Tides will be stirring today that will contribute to your financial security. Your goods could begin to flow from more than one source.
