Drainage District At Lake Howell Topic Of Meet

he Tanglewood Area Civic As-

and Kyle Lockaby, of Leedy,

Although Tanglewood resifents will not be directly involved in the project, the subject of a drainage district was of interest as the subdivision has had its difficulties heightened because of the water from Orange County which is drained into the area. The area included in the pro-

posed Lake Howell Drainage District runs from Highway 17-92 east to Red Bug Road and from SR 436 south to English Estates, all part of the Indian Hills Development. Plans call for using a 4 acre grass pond located on the track as a reservoir in which to drain the surrounding area, which eventually would drain into the west end of Lake Howell. The project would be financed by floating a bond issue to be paid off by

on property owners in the drainage district. A slate of officers for the coming year, to be voted upon at the Oct. 16 meeting, was presented by Mrs. Shirley Ericksen, of the nominating committee. Named were Charles Deneen, president; Harland Tuck, vice president; Mrs. Dorothy Porter, secretary, and Fred Staly, treasurer. Nominations also will be acceptable from the floor if nominee agrees to serve if

levying a tax for that purpose

The nominating committee also recommended a board of firectors be elected as soon as possible. Members were reminded to pay their dues in order to vote in the elections. Also present at the meeting were Maurice Shams and Robert Carrick of the Eastbrook Pool Association, who offered members of the Tanglewood association an opportunity to join their group.

U. S. Runs In Red \$8.4 Billions

WASHINGTON (AP) - The Treasury Department reports the government ran a deficit of \$8.4 billion during July and August, the first two months of the current fiscal year when tax collections normally are light. Net receipts of \$12.9 billion compared with spending of \$21.3 billion. Almost half the spending - \$10 billion - was for defense during the two months. The deficit for the same two months of the last fiscal year was \$5.07 million. Defense spending during July and Auguest of last year totaled \$7.7

Contributions Being Received

By United Fund campaign of the United Fund of Seminole County are coming into the UF office in the Sanford Atlantic National Bank Building although the official one-month drive will not start until Oct. 1, Chairman Richard Keogh has announced. "There are various circum-

Richard Keogh, 1966 chairman, "One is the fact that some of the public-spirited citizens of the county who want to keep the 16 agencies active in filling the needs of the countians know now they will be away during the official drive. "One such person is Sidney E. Ives, whose contribution of \$100 has been received. Then there are those who want to use the UF campaign as an instrument to show their appreciation to a loved one who is no longer with us by contributing a memorial gift. One such has been received by the

UF in memory of little Anita Fitzpatrick-a gift that will go

toward helping the living," Keogh said. "Response to the UF appeal enclosed in bank statements by most of the banks in the county to their subscribers this month keeps a flow of welcome contributions. Among these is one from Mrs. Ethel M. Harris," he added.

Mrs. Margaret Ganas, the UF executive secretary, reports that visitors from various organizations are dropping in to see what they can do to participate in this years' banner campaign with even more enthusiasm than usual. "All of these surface indications point out the mounting force of the drive which will rget all-county send-off on Oct. 1 with the volunteers holding special kick-offs in the four emajor sections of growing "Seminole County," she conclud-

Checkers, known as draughts in Great Britain. is one of the world's oldest intellectual pastimes. Checkers was played in the days of the early Egyptian P pharaohs and there is res son to believe that it is oldrer than chess. Plate and Homer both mention check-reers in their works. The Ro-el mans imported it from di Greece. The earliest publi-cations on record show the conventional checker board Pistill in use today.
