

# PRESIDENT WILSON WRITES GOVERNOR COX EXPRESSING CONFIDENCE

## Is the Democratic Standard Bearer to the Fullest HAS FOLLOWED HIM IN ALL HIS CAMPAIGNS AND EXPRESSES HOPE THAT HE WILL WIN

(By The Associated Press.)  
WASHINGTON, Oct. 29.—President Wilson wrote Governor Cox today, expressing his confidence in the Democratic presidential nominee. He expressed hope that under Cox's leadership "we will carry the policy of our national government forward along the path of liberal legislation and human reform until the whole world again sees illustrations of the wholesome strength of democracy and the happy fruit of what the founders of the republic purposed when they set this great government up."  
He said he had followed Cox's course throughout the campaign with "admiration" and expressed belief that the governor would receive the "emphatic endorsement" of voters of the country.

## WEATHER AND CROP CONDI- TIONS IN FLORIDA FOR THE WEEK ENDING OCTOBER 26

(By The Associated Press.)  
Temperature.—The week averaged 4 to 6 degrees warmer than usual for the period. Midday temperatures were well up in the 80's during much of the time.  
Precipitation.—The week was generally drier than usual, except in sections west of the Apalachicola river and on the lower southeast coast, where rainfall was as much as 2 to 4 inches. Dry weather ruled, however, over most of the divisions, the deficiencies being quite an inch or more over much of the state.  
Conditions of crops.—Practically all the cotton crop has been picked and ginned. The dry weather was favorable for haying, gathering the last of the corn crop, and for the maturing of velvet beans, but was unfavorable for cane, sweet potatoes, truck, and fall gardens; and the high temperature retarded the maturing of citrus fruit, which, however, is in good condition. The seeding of oats is, also, delayed, but the work is progressing. Much cane is being made into syrup. The peanut crop has been gathered to a great extent; the yield was fair to good. Cooler weather and moderate rains are needed in most sections.

## ANTI-SUFFS WILL NOT REGISTER TO VOTE IN GEORGIA

(By The Associated Press.)  
MACON, Ga., Oct. 29.—Declaring their intention of continuing the fight against woman suffrage and expressing the belief that they can defeat, through the supreme court, the Susan B. Anthony amendment, prominent women of the Georgia association opposed to equal suffrage at a meeting here Wednesday, voted not to register.

In the resolutions adopted is an appeal to the teachers and preachers of Georgia to "explain to the public why we so bitterly oppose woman suffrage and we quote from the official manifesto of the communist party, knowing that Georgia men and women, black and white, can see the dangers ahead of the United States. Suffrage, or anti-suffrage, they will help us defeat these iniquitous schemes of Alice Paul and her crowd who intend to destroy the home life and moral uplift for which Christianity has been struggling for 2,000 years."

## REPUBLICANS WILL WIN SAYS WILL HAYES

(By The Associated Press.)  
NEW YORK, Oct. 29.—Will Hayes, chairman of the Republican national committee, issued a statement today saying the official Republican survey indicates that Harding and Coolidge will receive the "largest popular majority ever cast" in the presidential election.

## MEXICO ASKED TO GO AFTER MEN WHO KILLED AMERICANS

MEXICO CITY, Oct. 29.—Representations were made to the Mexican foreign office yesterday by Matthew E. Hanna, acting United States charge d'affaires here, relative to the deaths of two Americans, Arthur Mosley and Gustave Salazar, at the hands of several armed men near Tampico recently.

## ALABAMA COAL MINERS WILL STRIKE

(By The Associated Press.)  
BIRMINGHAM, Ala., Oct. 29.—A resolution calling for a general strike in Alabama in support of mine workers now on a strike was introduced at the convention of the State Federation of Labor and referred to a committee.

## GEORGE WHITE SAYS DEMOCRATS WILL WIN EVERYWHERE

(By The Associated Press.)  
NEW YORK, Oct. 29.—The Democratic National chairman, George White, said the general political situation points unmistakably to Democratic success. He said "the Republicans are demoralized from the Canadian border to the Gulf and from the Atlantic to the Pacific. Their forces are in full retreat everywhere."

## THIRTEEN ARE INDICTED IN BALL SCANDLE

(By The Associated Press.)  
CHICAGO, Oct. 29.—Indictments against thirteen persons were returned by the Grand jury in connection with the throwing of the 1919 world's series, the state's attorney's office announced today.

## WEATHER

Fair tonight and Saturday except probably showers extreme south portion tonight; probably light frost extreme north portion tonight; slightly warmer Saturday. North and Central portion.

## McSweeney Mourn- ers In Trouble

WANTED BODY TAKEN THROUGH  
DUBLIN AND OFFICIALS  
WOULD NOT PERMIT

(By The Associated Press.)  
HOLYHEAD, Wales, Oct. 29.—The shipment of Lord Mayor MacSweeney's body direct to Cork was preceded by violent scenes between officials and mourners who wanted the body taken through Dublin where a big demonstration was planned. After a fist fight officials got possession of the body and placed it aboard a steamer bound for Cork. Mourners refused to follow the body and went on to Dublin.

## COCCHI KILLED RUTH CRUGER SAYS COUNSEL

(By The Associated Press.)  
BOLOGNA, Italy, Oct. 29.—Counsel for Alfred Cocchi, who is charged with the murder of Ruth Cruger in New York City in 1917, admitted Cocchi killed the girl but contended he was crazed by domestic trouble and wine.

## FACTS REGARDING THE SCHOOL BUS SITUATION

1st.—That patrons were assured free transportation, when their children were first taken from the rural to town schools.  
2nd.—That in the Sanford district, the district school-bond issue reaches to all parts of the section covered by the busses. And that proceeds of said bonds have gone to build and equip the schools of Sanford.  
3rd.—That on Sept. 25th rural patrons were notified through the Sanford Herald that the District School Board had passed a resolution, that all rural patrons would have to pay \$1 per month per child to ride on the school busses.  
4th.—That on Monday, Sept. 27th, the county superintendent was presented with a statement signed by nearly all the patrons on Elder Springs route, refusing to pay the one dollar charge.  
5th.—That on October 12th (the last day that a name could be gotten on the official ballot) by order of the superintendent and secretary of the local board, that some thirty children were refused transportation on said busses.  
6th.—That on the same day, the matter was taken up with the county superintendent and secretary of the local board and they invited patrons to meet with them Wednesday night to hear protests and to come to some understanding.  
7th.—That on Wednesday night, October 13th, a large number of patrons did meet with said board.  
8th.—That Superintendent Lawton did, through his influence, get the county board to meet and pass the same resolution, making it reach to all busses in the county thereby taking the matter out of the hands of the local board and forestalling any chance of reconciliation with that board.  
9th.—That on meeting with the Board Wednesday night said superintendent did read in the beginning of the meeting said resolution. And patrons were informed that they were wasting their time in further protest.  
10th.—That said boards and superintendent were requested to give, by what law, right, or privilege that they made such demands. And patrons were told to employ their own counsel.  
11th.—That said boards and superintendent were there and then requested to rescind their action, and if in financial difficulties call on said patrons for a contribution, with the assurance that they would possibly receive double the amount demanded, with the statement that we are men, not mules, to be driven.  
12th.—That it was shown that it was costing the county about \$14.00 to transport a child, for the year, on the East Side and about \$34.00 on the South and West side.

13th.—That on the East side, the board was paying a man \$2,000 a year to carry about 135 children, a total distance of from 13 to 14 miles, another man \$5,150 to carry about 150 children a total distance of from 15 to 16 miles on the South and West sides. And the last man's contract is for two years at that price.  
14th.—That it was shown to said boards that by buying and operating its own equipment on the South and West sides it could save approximately \$3,200 in the two years, \$1,600 a year, or just \$400 less than they are demanding on the dollar per month proposition.  
15th.—That Supt. Lawton did tell the patrons to "let the courts decide it."  
16th.—That patrons did organize and employ counsel.  
17th.—That on Oct. 23rd said boards did publish a statement, to patrons wherein they made acknowledgment they have acted without law or authority and propose to discontinue the busses in case patrons do not respond with the dollar.  
18th.—That no charge has ever been made, by patrons, against the character of any of the members of said boards.  
19th.—That, in their statement, said boards did make a charge, of a criminal threat made, they say by at least one patron.  
20th.—That no patron has yet claimed the honor of making such a threat, as none claim to be night riders.  
21st.—That it would seem that if said boards are so much in fear of said threat, it appears that it is their duty to protect the lives of their bus-drivers, by having such party or parties arrested and put under a peace bond, and not hide behind it, to get out of a bad situation.  
22nd.—That it does appear from the laws of the state of Florida that according to the amount of school taxes paid that the board has allowed the superintendent some \$25 per month more than he should receive, and the law does not seem to allow anything for traveling expenses.  
23rd.—That said county board has repeatedly neglected to publish or post the minutes of their meetings, thereby subjecting themselves to the penalty named in the law governing their actions of being removed from office.  
24th.—That it is the judgment of the board in the matter that patrons have found fault with.  
25th.—That it is a bad situation, but can be met and solved if the board will act Democratic instead of auto-cratism. We have a proposition for them.

M. M. LORD,  
Chairman.

## Democratic Women Voters League Precinct Schools For Voters

That the new voting element—the women—are going to the polls next Tuesday prepared to cast their ballot intelligently, is shown by their eagerness and willingness to learn election laws and methods. "Schools for voters" are being held this week throughout the entire county, and Mrs. John Leonard, chairman of the Seminole County Democratic Women Voters League, is addressing large audiences in all the precincts, where she is being received with enthusiasm. The county is being organized into precinct groups of purposeful, earnest women whose advent into the ranks of Democratic voters is not only welcomed but is urgently sought by the Democratic brothers.  
During the week, precinct captains and committees have been appointed as follows:  
Precinct No. 1.—Sanford: Mrs. R. C. Maxwell, Mrs. R. J. Holly.  
Precinct No. 2.—Monroe: Mrs. W. F. Blackman.  
Precinct No. 3.—Sanford: Mrs. D. L. Thrasher, Mrs. S. Puleston, Mrs. H. H. McCaslin.  
Precinct No. 4.—Paola—Miss Coyce Suddath.  
Precinct No. 5.—Oviedo: Mrs. W. P. Carter, Mrs. J. W. Lawton.  
Precinct No. 6.—Geneva: Mrs. Endor Currett.  
Precinct No. 7.—Chuluota: Mrs. C. D. Brumley.

Precinct No. 9.—Longwood: Mrs. Florence Lovell.  
Precinct No. 11.—Altamonte: Mrs. Adkins.  
Mrs. R. C. Maxwell has called a meeting of the Democratic women voters of Precinct No. 1 for Friday afternoon at the Presbyterian Sunday school room, where a "school for voters" will be conducted at four, four-thirty and five o'clock, giving an opportunity to all of the women of the precinct to attend one of these three classes.  
Mrs. D. L. Thrasher will have instruction classes also on Friday afternoon, for the Democratic women voters of Precinct No. 3, at the Parish House.  
A "fake election" will be held and dummy ballots used at all of these precinct gatherings that will be not only interesting but extremely helpful to the new voter. At the all-day Democratic rally at Central Park on Saturday, there will be instruction classes throughout the day, with good speakers who will present the vital issues of the campaign; the restaurant just opposite the park at the Parish House, for women and children and other interesting features of the well prepared plans, there is every reason to believe there will be a big crowd from town and county to rally around the Democratic standard carried aloft by Democratic women.

## WOMAN'S CLUB MEETING INTERESTING, INSTRUCTIVE WEDNESDAY AFTERNOON

### BALLOT BOXES TO CONTAIN 150 TONS

NEW YORK, Oct. 29.—By night-fall next Tuesday, election day, 150 tons of ballots will have been stuffed into the ballot boxes of New York City. This estimate was made today by the board of elections, which announced that 6,500,000 ballots or three for each of the 1,367,835 qualified voters, have been printed at a cost, for printing alone of \$200,000.

### WASHINGTON POST- OFFICE ROBBERED

(By The Associated Press.)  
WASHINGTON, Oct. 29.—An unmasked man robbed the Branch city postoffice in an exclusive residential section near the Dupont Circle here today of \$550 and escaped. He held up the woman clerk with a revolver.

### HOLD ROBBERIES ROBBED BANK IN FORD'S TOWN

(By The Associated Press.)  
DETROIT, Oct. 29.—Five men entered a bank here today and compelled four employees and seven patrons to lie face downward on the floor. They obtained \$15,000 and escaped in an automobile.

### HYDROPLANE RACE AT MIAMI FOR FISHER TROPHY

(By The Associated Press.)  
NEW YORK, Oct. 29.—The second hydroplane race for the Carl Fisher trophy will be held at Miami, Fla., the American Power Boat Association announced today.

### PRINCE PAUL PROCLAIMED GREAT KING

(From Monday's Daily)  
ATHENS, Oct. 29.—Prince Paul, younger brother of the late King Alexander, was proclaimed king of Greece by the Greek parliament today.

### COX IN OHIO, SPEAKS TODAY, REPLIES TO HARDING

(By The Associated Press.)  
YOUNGSTOWN, O., Oct. 29.—Gov. Cox is back in Ohio speaking here this morning and at Akron tonight when he will reply to Harding's statement about being "unpledged" and "unbossed."

### Farmer's Conference Is Resolute

URGENT THAT ALL CROPS BE  
MARKETED AS DEMAND  
REQUIRES

(By The Associated Press.)  
WASHINGTON, Oct. 29.—The farmers conference here today adopted resolutions urging that all crops be marketed as demand requires and congress conduct investigations in the interest rates charged by the banks. All farmers urged joint marketing organizations and congress asked to give the federal farm loan board authority to issue and sell in open market short term securities based on warehouse receipts.

### SPECIAL ASSISTANT APPOINTED FOR SPECI- AL INVESTIGATION

WASHINGTON, Oct. 29.—Attorney General Palmer appointed Joseph Kaufmann, a civil assistant to the New York district attorney to conduct the federal investigation into the alleged combinations in the building materials market there.

## Literature and Music Depart- ments Hold Sway GOOD ATTENDANCE

HAVE FINE PROGRAMS AR-  
RANGED FOR MONTH OF  
NOVEMBER  
Club Calendar  
Wednesday, Nov. 3rd.—General business meeting, Reciprocity Day.  
November 9.—Social.  
November 10.—Literature and Music.  
November 18.—Welfare.  
November 23.—Social.  
November 24.—Literature and Music.

Literature-Music Department  
Another fine program was rendered on Wednesday afternoon at the Woman's Club, on the occasion of the Literature-Music Department meeting. Mrs. Duncan Kelly, chairman of the Literature department gracefully presiding. There was a good attendance and with each recurring meeting of the various departments the officers feel much encouraged over the renewal of interest and the better attendance which greatly exceeds that of several years.  
The program on Wednesday opened with a very delightful piano solo, Grand Valse de Concert rendered by Miss Julia Laing, who ranks among the best of the girl musicians in the town and who is very popular with the club membership, her numbers always giving pleasure. For unavoidable reasons, the papers which were programmed for the Literature department contribution to the meeting were omitted, and will be presented later in the season, in lieu of which Mrs. H. H. Chappell gave an interesting and at times, humorous reading from Barbon's Impressions of Florida, in which Mrs. Chappell cleverly compared the Florida of 1879-1880 with the progressive Florida of today. In passing, the author paid his compliments to Sanford "the commodious and elegant Sanford House not excelled in the state," the "beautiful Episcopal church, the gift of Mrs. Sanford," the very excellent weekly paper edited by Messrs. Way and Osborn and the "mosquitoes, which were no worse than those of other sections" found a place in his recital with other interesting land-marks, and events in the early history of Sanford. To our own Mrs. A. E. Phillips belongs the credit for naming the town after its founder, General Sanford.

Mrs. Vance Douglass rendered two charming vocal selections that were much appreciated "A Little Pink Rose" (Carrie Jacob Bond) and Neidlinger's "Serenade." Mrs. Douglas has the gift of a sweet voice that invariably charms her audience.  
The pleasing program concluded with "Vacation Echoes" given by Mrs. D. A. Kelly. A most unique synopsis of her trip to the west as presented in "daily bulletins to her Sunday school class." Mrs. Kelly has a delightful sense of humor and a fascinating way of describing the beautiful scenes through which passed that made her contribution to the program most interesting.

### STOLE MILLIONS FROM EXPRESS COMPANIES

MACON, Oct. 29.—Indictments charging conspiracy to purloin and embezzle property of the United States, conspiracy to embezzle interstate express shipments and conspiracy to defraud the United States were returned by the Federal grand jury here yesterday, against sixty-four express messengers, express agents, railroad conductors and others.

The American Railway Company presented evidence to the grand jury showing that for the first six months of this year property stolen from the express company in Southern states amounted to \$1,018,722.94.  
The articles alleged to have been stolen range from furs, silk shirts, pocket knives and guns to hogs, chickens, fish and eggs.

**How many miles did you march the summer Cleveland was nominated**

**REMEMBER** the time the first automobile parade was organized? Even the good old torchlight procession had to give way before the advance of progress.

Tires are often sold the same way politics are.

The last people to wake up to what they are getting are the people who pay the bills.

The bills are getting too big these days in both cases. And the man who is feeling it most with respect to tires is the man who owns a moderate-price car.

The idea that the small car owner doesn't need a good tire is rapidly going the way of all mistaken ideas.

He needs it *more than anyone else.* It's part of our job, as we view it, to see that he gets it.

Our tire service starts with good tires—U. S. Tires. All sizes made to a single standard of quality—none graded down to the price of the car they will go on.

U. S. perfected the first straight side automobile tire—the first pneumatic truck tire.

The U. S. guarantee is for the life of the tire, and not for a limited mileage.

When we recommend and sell U. S. Tires we do so in the interest of greater tire economy. It is our experience that that is the best way to build up a sound and sizable business.

Martin Caraballo.  
 Charles E. Jones.  
 J. G. Sharon.  
 P. W. Carr.  
 W. V. Knott.  
 G. B. Wells.

Halloween is the next big festivity.

And then Thanksgiving and the turkey, maybe.

Greetings to the new Chamber of Commerce. Long may she wave.

The women of Seminole county are alive to the political situation.

But we also drop a tear for the old Board of Trade. We had some happy hours together and many good things were accomplished in that name.

There is nothing in a name, however. It is the men behind the gun that shoot the well, the stuff that makes things grow—you know what we mean—and if the right men will stand behind the Chamber of Commerce and our fine little secretary we will do things in this smiling valley of the St. Johns.

The people are coming, heigho, heigho, and we should be getting ready for them, bulleive us. There are more people coming into Florida this year than ever before. The high price of coal, the cold weather, the uncertainty of getting to Europe on tours, the Republican party and many other calamities are driving them this way. Hold out the glad hand to them they will come here and be one of us.

With the death of McSweeney and King Alexander we pine for something to fill up the front page. These boys went and played out on us too soon just when we were counting on filling up at least a half a column every day with their family history, previous condition of servitude and other matters of interest all culled out for our careful readers. And then Frank Miller gets counted out of the commissioner's race and the election will soon be over and what chance have we in the newspaper business?

**STUDY LEAGUE OF NATIONS**

Women, like men, should make up their minds about the league not upon the representations of its opponents or its advocates, but upon an unbiased study of the covenant itself. If they will undertake to do that they will find that practically the whole of the assault on the league is directed at Article X. Article X is the root of the evils alleged against it. It is Article X that "scraps" our constitution. It is Article X that would impose over us a "super-government" with power to order our boys anywhere and everywhere. It is Article X that would breed war instead of promoting peace. One reading these attacks on the league would be justified in inferring that Article X is all that there is in the covenant.

But the truth is that Article X is only one of the covenant's provisions designed to prevent war; that in its possible advice of force to prevent war it is the last of the covenant's provisions which would be resorted to, and that it would not be reached and applied until about a dozen other methods of war prevention had been tried and failed.

An examination of the covenant will demonstrate this.

In the first place, the object of the combined wisdom of the nations which drafted the covenant was to promote peace, not war, and it would be a hopeless proof of the incredible feebleness of the human brain if just the reverse had been achieved. The object is well set forth in the preamble of the covenant, which, "in order to promote international co-operation and to achieve peace and security," binds the league members, as "high contracting parties," to seek those ends "by the acceptance of obligations not to resort to war; by the prescription of open, just and honorable relations between nations; by the firm establishment of understandings of international law as the actual rule of conduct among nations, and by the maintenance of justice and the scrupulous respect for all treaty obligations in the dealings of organized peoples with one another."

Here, then, are solemn obligations assumed before the world by every nation which enters the league to pursue a course which in almost every conceivable case will prevent war.

But the observance of these obligations is only the beginning of the methods of war prevention relied on by the league. Various special measures of prevention are provided, and any one of which must be vastly effective and all of which combined would seem to be all but infallible.

The time has passed for petty jealousies to rule this city. We should all work for the common cause and that common cause is the building of this city and country into the biggest city and best country in the state. Only by the standing together of all of the progressive men and women of this county can these things be accomplished.

**PUT YOUR CROSSMARK OPPOSITE "NO."**

Following is the form of the constitutional amendment to be voted on Nov. 2:

Proposed Constitutional Amendment  
 Amendment of section six of article I, relating to taxation and finance.

Yes.  
 Proposed Constitutional Amendment  
 Amendment of section six of article IX, relating to taxation and finance. X No.

If the people of Marion want their county debt doubled, they will vote "Yes." If they want their money taken out of their own hands and put in the hands of a bunch of politicians over whom they have no control, they will vote "Yes." If they want to permanently separate themselves from the right of passing judgment on their taxation, they will vote "Yes." If they want their taxes and their children's and grandchildren's taxes added to every time an extravagant legislature meets, they will put a cross mark opposite the word "Yes."

If they want to retain a great constitutional right, if they want to retain control of their own money and pay the way so about their taxation, if they want to retain a great control of corruption paid for with their money among a gang of irresponsible office holders, they will put a cross mark, as we have indicated, opposite the word "No."—Ocala Star.

**COX WITH THE FARMERS**

"The Country Gentleman," on August 14 and September 25, published twelve questions to the Presidential candidates, all of which dealt with their attitude towards the agricultural interests of the country, such as the Federal Farm Loan Banks, cooperative efforts of farmers, transportation of farm products, national highways, improvement of agricultural marketing conditions, etc. The questions covered a broad policy believed to be of vital interest and benefit to the farmers of the country. The answers are published in the October 30 issue. To each of the questions Governor Cox answered, "Unequivocally yes." Senator Harding has returned no answer.

The Republican candidate stays on his front porch, declines to debate with his opponent and declines to answer questions which commit him to any settled policy. His methods and tactics are the exact reverse of Governor Cox's. Harding is losing, and Cox is gaining every day.

Sanford is right on the eve of the greatest area of prosperity that this city has ever known. The election will soon be over and then we can settle down to real business. There are so many things for us to do after the election is settled for four years.

But you have to hand it to them. When the women undertake anything they go into it whole heartedly and with both feet. And they are showing the men something in politics.

**DEMOCRATIC MISMANAGEMENT?**

"For eight years the general management of the United States has been disastrously incompetent."—New York Tribune.

Was the passage of the Federal Reserve banking bill a disastrous blunder?

Is freedom from financial panics a national calamity?

Was the establishment of farm loan banks a frightful mistake?

Was the submission of the prohibition amendment to the Constitution proof of incompetency?

Was suffrage a Democratic failure?

Were the Liberty Loans failures?

Was the army of more than 4,000,000 men a failure?

Was the sending of more than 2,000,000 men overseas gross mismanagement?

Were their victories in battle errors?

Was the draft law and its enforcement a profound example of folly?

Was the rapid demobilization and return to a peace basis a failure?

Was the construction of a merchant marine of first magnitude evidence of incompetency?

BRINGING HOME THE HONEY

In most communities there are two classes of citizens—those who produce, and those who do not.

The productive class brings home the honey.

The other class merely consumes that which the producer produces.

There would be less hue and cry over the cost of living if more people would conscientiously produce instead of being content merely to consume.

Food and other commodities are hard to produce at best, and the idleness and indifference of the non-productive class only accentuates its scarcity and contributes to its cost.

A hive of honey bees is a good thing for mankind to study. The bee that does not work is not allowed to eat—it is not permitted to consume the fruits of the labors of other bees.

We humans, with all of our superior intelligence, can still profit from the example set us by the little honey bee.

Future generations may learn to see, where we of today are groping in darkness.

The honey bee may teach them.

Regardless of the croakings of the men who were against the women voting we believe now and have always believed that women in politics will put a better phase on everything concerned. We will watch the next campaign with much interest.

Now is the time for all good men to come right square out for the Board of Trade or the Chamber of Commerce or whatever they are inclined to call our new trade body.

# UNOFFICIAL BALLOT ELECTION NOVEMBER 2

Following is an unofficial copy of the ballot to be used at the general election to be held on Tuesday, November 2nd. Note that you are to vote for six presidential electors. On this ticket the six candidates for Democratic presidential electors come first, then the Lily White Republicans, and so on with other parties.

Remember that it is against the law to carry this unofficial ballot or any other memoranda into the voting booth with you.

Remember also that in this election you make the cross mark in front of the candidate for whom you wish to vote.

## GENERAL ELECTION A. D. 1920

Precinct No. 1

Seminole County, Florida

Make a cross mark (X) before the name of the candidate of your choice.

Make a cross mark (X) before the word "YES" or "NO" in voting for or against the Constitutional Amendment.

### BARGAIN WINDOW

In this issue of the Herald is the advertisement of Henry McLaulin, who calls attention to the fact that he is putting on a big Bargain Window every Saturday. Here you will find all kinds of bargains in jewelry, China ware, novelties, etc. Watch this paper for announcements each week and watch the window for the display. It will pay you.

### FRUIT AND VEGETABLES ARE MOVING NORTH

Perishable shipments continue to leave Plant City in increasing quantities. Four cars of grapefruit were shipped from here to New York Sunday. Two cars of grapefruit were shipped to Seattle Saturday, and a car of oranges left Plant City Friday for Cincinnati.

Shipments of perishable matter handled by the express company since the first of the month total 3,000 packages.

Outside of citrus fruit, cucumbers and squash have been the main products selling on the local market in the last few days. One hamper of Irish potatoes has been bought so far. Egg plants are still coming in in good quantities. Other vegetables being bought on the local market are pepper, okra and beans.

Shipments by the express company since October 20th total about 1,000 packages as opposed to 2,000 packages between October 1st and October 20th, showing an increase of 100 per cent since October 20th. House Brothers sold a car of ap-

ples in Plant City Monday. Prices quoted by local buyers: Beans, \$2.50; cucumbers, \$3.50 to \$3.75; egg plants, \$2 to \$2.25; grapefruit, \$2.50 to \$3; okra, \$3; oranges, \$3 to \$3.50; Irish potatoes, \$2 to \$2.50 and \$3.00; peppers, \$3 to \$3.50; squash, \$2 to \$3; tangerines, \$4 to \$4.50. No tomatoes have come in lately.—Plant City Courier.

Senator Duncan U. Fletcher was in the city several hours today enroute to Wauchulla and other points south from Eustis where he spoke last night to a large crowd. The senator is looking well and has been campaigning for several weeks in Florida. He was called today to make a campaign in Ohio but thinks he would have little time before election to go that far.

TRY A HERALD WANT AD

"Beating the high cost of living"

Look for the "O & O" Tag!

Wherever you see one you will find a bargain.

"O & O" means "Odds and Ends" and "Overstocked" articles, taken from our regular stock and marked away down in price.

These "O & O" bargains will be found at this store every day for a time—but we cannot guarantee how long they'll be here before someone else sees them.

### Here Are The Advantages:

- this method is a sound merchandising idea that presents real bargains and keeps our store out of the bargain counter class.
- it enables us to give better values.
- it treats all customers alike.
- and gives each customer an equal chance at these bargains.

Watch the Ads in this paper for the next few days, better still come in and let us show you.

Don't forget The Woman's Democratic Rally, Central Park, Saturday

Sanford Shoe & Clothing Co.

### FULL Automatic Starts and Stops Itself

Not Merely "Self Starting"  
THE Matthews "Automatic Caretaker" requires no prompting from the human brain in the recharging of the storage batteries. Long before they are exhausted to the danger point the "Automatic Caretaker," of its own accord, automatically starts the engine recharging the batteries. And it automatically stops recharging when the batteries are full. A "self-starting" device depends on some one's memory. The "Automatic Caretaker" can be obtained with

### MATTHEWS FULL AUTOMATIC RECHARGE ELECTRIC LIGHT AND POWER PLANTS

When batteries are in danger of heating through overload the "Automatic Caretaker" instantly starts the generator which takes ALL the heat. If the drain is still too heavy, the batteries are automatically "cut in" again and help the generator. Any plant that does less than this is NOT Full Automatic and is out of date the day it is installed.

Matthews rating is based on generator capacity. A LONG battery being a big extra supply. The Matthews dealer for your district will give you a booklet "A Full Automatic—starts and stops itself—merely self-starting."

CONSOLIDATED UTILITIES CORPORATION - CHICAGO

Chas. L. Polk  
The Matthews Man  
Sanford, Florida

## LAST WEEK CAMPAIGN WILL BE BUSY ONE BIG MEETING SATURDAY

### Democratic Rally Last Saturday Night Was Big Success

### MANY SPEAKERS

WOMEN PRESENT WERE GREATLY INTERESTED IN ALL THE SPEECHES

The mass meeting and Democratic Rally held on the streets Saturday night practically ended the campaign in Seminole county although it is possible that another meeting may be held here before election day. The largest crowd that has ever gathered on the streets here was present at the meeting Saturday night and they remained until the last speaker on the program had made his address, showing an unusual interest in the meeting and wanting to learn something about the manner in which elections are held and to know the men for whom they should vote. R. J. Holly, as chairman of the meeting, introduced the following: Mrs. John Leonard, John D. Jenkins, Forrest Lake, F. P. Forster, William Shelley, C. M. Hand and George A. DeCottes.

Mrs. Leonard made a decided impression upon the audience, being her first appearance before a crowd of men and women here although she has made several addresses in other precincts in the county and before the Woman's Club and her clear conception of the methods of voting was most interesting not only to women but to the men.

Every one of the speakers had the same message about voting the straight Democratic ticket and standing by the party nominees from presidential electors down to countable and they were heartily applauded. Sanford has a number of good speakers and while there were seven on the

program and the meeting lasted over one hour the crowd was ready for more of the same kind when the chairman announced the close of the meeting. The new voters and the old ones are taking a deeper interest in politics this year than ever before realizing that upon the turn of the wheel depends the future and safety of our nation and the women especially are studying the situation most carefully and will be an important factor in the general result.

The women will hold an all day rally in the Central Park next Saturday to which every woman in the county is invited. This will be made a big day and everything for the comfort of the visitors will be arranged.

### CLYDE LINE CHANGES SCHEDULE OF SAILINGS

It is rumored from headquarters that the Clyde Line will change the St. Johns river line schedule making the sailings on Tuesday, Thursday and Saturday instead of the present schedule and there would be no serious objection to this arrangement only it will be difficult for the merchants to take care of the shipments of goods on their busiest day in the week and will work a hardship on them in many ways. If the merchants of Sanford do not want this change they should get busy through the Chamber of Commerce and tell the Clyde Line officials about it. The present schedule seems to be the most convenient for all parties concerned but the Clyde Line probably has a good and sufficient reason for a change. However, the Clyde Line officials have always been ready to listen to any and all protests and are more than willing to meet the business men of Sanford half way on all propositions and if this change does not suit the business men of Sanford they should say so now or forever hold their peace. Selah!

Doctor—"Your wife needs a change of air."  
"Tightwad"—"Well, I'll get her an electric fan."

### SANFORD DEPOSITORY PRESBYTERY FUNDS

OF ALL THE BENEVOLENT FUND OF PRESBYTERIAN CHURCHES OF SOUTH FLORIDA

Dr. F. D. Brownlee and H. C. DuBose, who have been attending the St. Johns' Presbytery at Plant City have returned home and they brought home something good for Sanford. At the meeting it was decided that in the future instead of the different churches in the Presbytery sending in their contributions for benevolent purposes to the various cities over the South they would decide upon a central treasury in the Presbytery and Sanford was chosen as being the best place after they had heard from Dr. Brownlee and Mr. DuBose about the wonderful place in which they lived. The St. Johns' Presbytery extends from Astor south to Tampa and has a large territory to draw from and all the Benevolent Funds will hereafter be sent here and the funds will be distributed among the Sanford banks making a neat sum that will be on deposit here all the time. The Benevolent Funds of the Presbytery comprise all the money that is sent to China, Japan, Korea, Africa, Mexico, Brazil and Cuba and also the support that is given to the missionary work in various sections of America and a large share in the support of the orphanage in South Carolina besides other benevolent activities. All of this work will bring a large account to the local banks of Sanford and give this city much publicity throughout South Florida.

It will also mean more work for Dr. Brownlee and the workers in the Presbyterian church but they are willing to undertake it as they have always been willing to undertake anything that means better service to the church and to the city.

Dr. Brownlee and H. C. DuBose are to be congratulated upon landing this depository for Sanford.

### JONES CASH STORE READY FOR BUSINESS

In this issue appears the advertisement of the Jones' Cash Store that has recently opened in the DeForest building on First street next to the Hill Hardware Co. The Jones' Cash store is one of a chain of stores being established over the south and buying in large quantities and paying cash and selling for cash and cutting out all delivery expenses their stores are cutting down the high cost of living. It is the idea of paying cash, getting a better price and carrying your articles home thereby making a big saving. Hassel Brown, is the manager of the new store and has arranged it in an up-to-date manner, having painted the interior in pure white and with new fixtures and everything in fine shape is ready for the trade that is bound to come when the public reads the prices that are quoted today and will be quoted every Friday in the Market Edition of the Daily Herald.

### LIST YOUR VACANT ROOMS WITH SANFORD CHAMBER OF COMMERCE

Among the many conveniences of the new Chamber of Commerce that will soon be organized is the department that will take care of those who are seeking rooms and homes and those who are seeking to offer the same for rent. Secretary Pearman, of the Chamber of Commerce, will make it his business to locate all the strangers in the city if such a thing is possible and will keep up with all the vacant houses (there are none now) and with those who have apartments and rooms to rent and will take the strangers in hand and find them homes if such homes are available. The Chamber of Commerce will also at an early date take up the question of more homes and if more homes are not to be obtained the question of housing the people in tents will be investigated. See Secretary Pearman at his office in the Valdez Hotel for all information on this subject.

The urgent need of the times calls for more study on the part of farmers, more organization and greater efficiency on the farm. Production must be done as cheaply as possible. Products must be raised with a more intelligent knowledge of world markets, of knowing how to market products, and the fertility of the soil must be built up, and that in the most economical way by rotation, use of farm manures and pasture.

### Your Friends Notice Your Hat First

No matter how ravishing the rest of your costume may be. So whether you choose two or a half a dozen hats, be sure that they suit your personality exactly. It isn't always so easy to make this decision for yourself but our Millinery salespeople are carefully trained so that they may be of great help to you. And then our pricings are all well within reason.

### The Quality Shop

CITY MARKET IS NOW IN THEIR NEW HOME

The City Market has moved into their new home at the corner of First street and Railroad Way in the Welaka block. The beautiful new store rooms in the beautiful new building is one of the finest in the city and Walthall & Estridge, the proprietors of the City Market realizing that they were going into one of the best stores in the city are living up to the reputation by arranging their large stock of groceries and meats and fruits and vegetables in the most attractive manner possible and the store looks as neat as "milk and spick and span" and with their new refrigeration system that has already received mention in these columns Walthall & Estridge expect to not only live up to their former reputation of "Caterers to the Public" but they intend to surpass it. This enterprising firm also believes in advertising and will keep their customers informed as to latest prices on the meat and grocery line and their quick delivery will bring the best the market affords right to your door. See them in their new home today.

F. G. Lightsey, an elderly man residing at 116 Dora street in Jacksonville was assaulted by two negro women near the corner of Stewart and West Duval streets Friday night and robbed of \$7,000. Lightsey told the police that he was walking along Duval street when the two negroes came up from behind and began to rob him. In a few minutes he was knocked unconscious. The loot included seven bills of \$1,000 denomination, the balance of \$65 being in smaller denominations.

The assessed valuation of Palm Beach county is now put at \$9,990,604.

## Why Pay for Your Home and Not Own It?

The table below shows how a thousand dollar loan is paid off in eleven years and eleven months at the rate of \$10.00 per month.

If you pay rent for eleven years and eleven months what will you have to show for it?

Why pay for your home and not own it?

Payments \$10.00 per month on loan of \$1,000

End of	Interest	Applied on Loan	Balance Unpaid
1 year	\$60.00	\$ 60.00	\$940.00
2 years	56.40	63.60	876.40
3 years	52.58	67.42	808.98
4 years	48.54	71.46	737.52
5 years	44.25	75.75	661.77
6 years	39.71	80.29	581.48
7 years	34.89	85.11	496.37
8 years	29.78	90.22	406.15
9 years	24.37	95.63	310.52
10 years	18.63	101.37	209.15
11 years	12.55	107.45	101.70
11 years, 11 months	6.10	101.70	000.00

A home of your own will always be worth the money. We carry a complete line of Lumber and Building Material and will appreciate your orders, whether large or small. Either will have our usual efficient service.

## No sir-ee, bob!

No premiums with  
Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be:

"My, but that's a great cigarette!"

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

# FORMER SANFORD MAN WRITES ABOUT DUTIES OF REAL CITIZENSHIP

## Should Support Board of Trade To The Fullest

### REAL ADVERTISING

SHOULD BE SENT BROADCAST  
TELLING THE TRUTH  
ABOUT SANFORD

Mr. R. J. Holly,  
Sanford, Fla.  
Dear Holly:

I have been reading with a great deal of interest, recently, unkind things our friends, a few miles South, have been saying about one another. It may give those who are engaged in this unfortunate controversy much satisfaction when their system is entirely relieved of the thoughts developed by their recent local difficulties.

It is fair to say that our friends live in one of the most beautiful little cities in the country, they have worked together for many years; they have become prosperous and they should be happy. If they are not happy it is to be regretted that the many able men there, of even temperament, cannot bring the opposing forces together, either for a settlement or for an agreement to keep the matter out of the newspapers. If prospective residents have been reading the papers regularly, it is a foregone conclusion that outsiders will not wish to locate in a handsome community. Of course, we have nothing to do with the matter, and an expression from us would be properly looked upon as impertinence. I am referring to it, however, in our own interest.

Sanford has reorganized its trade association, and a man has been selected for secretary who seems to have had some experience in that line, he can be successful if he has the support of the community, and there is no reason why it should not be forthcoming. If any local differences should arise, business, political or otherwise, I hope your personal influence and the influence of your paper will be used to keep the quarrel away from the outside world and patch up the disagreement. I do not know of a city in Florida having better opportunities, and a more promising future than Sanford. If you will, but for a few moments, look ten years back, and then go out and look up and down the street, I am sure you will be amazed at the wonderful growth during that period under the many difficulties our people encountered. I think we had great difficulties to overcome, but you have been very patient through the period of acrimonious ridicule and jealous political intrigues of outside and neighboring influence, the result of that patience and perseverance is present today. I noticed it when I was there in June, and often times I am sorry my occupation keeps me so far away from home, because I would like to be there to help you make the beautiful and prosperous city I have pictured in my mind.

If you will go away and stay three or four years, and then go back to Sanford, it will be easy for you to appreciate how men feel who must be away permanently. I hope you will keep the streets clean, particularly in the section where the railroads run, and that you will maintain your public parks, and the people living on the avenues will keep the lawns and the flowers looking fresh and attractive. Cultivate all that is good in the outside world, and above all things, have your committee be careful that the new advertising matter does not make a statement that cannot be verified, because if you will stick to the facts about the city of Sanford, and about Seminole county, you will have enough to say in a convincing way without resorting to visionary things. It is ordinary knowledge that when people try to draw pictures advertising themselves, they are not satisfied with the natural beauty and the possibilities of their surroundings, it will follow then that the purchaser will discover his mistake to our injury and mortification.

Yours sincerely,  
WELL WISHER.

#### KILLING DOGS WITH AUTOS

The latest sport in town is the killing of dogs by automobile drivers. It's great sport. W. L. Scott lost a fine bird dog on Tuesday and another was killed on North Boulevard Thursday night. Any coward who will intentionally run over a poor dumb animal and crush out its life is a worse dog than the mangiest, flea-infected dog on four feet.—DeLand News.

A plan to shorten the highway distance between Tampa and St. Petersburg by more than thirty miles is being worked out by George Gandy, Sr., a St. Petersburg promoter who is arranging for the construction of a two-mile bridge across a portion of Old Tampa Bay, work to begin early next spring when labor is expected to return to about normal. A dirt fill of more than two miles will be a part of the engineering problem.

Post Cards at the Herald office, 1c.

#### ON THE CEMETERY ROAD

Mr. Editor: Thank you for the memorial you wrote to the city paper in honor to Mr. J. D. Parker. How did you reach the Silent City you never said, you surely never went by the road that I went by the same day, you must have went by airplane although you did not come home that way.

I wonder if you could be instrumental to work a good turn for those that are moved by their friends to that City—Mr. Parker worked without ceasing till his desire was accomplished in getting that pavilion, the occupants there have thanked him many times, your words of praise to him is the first I have read.

Now I want to tell you a serious thing, the whole city will testify to the truth of the words that follow: Fabulous sums of money has been spent for good roads in Seminole county leading in every direction but to our Silent City where our loved ones rest. Now listen to what a northern-er told me, she said, she had lost her little girl upon a visit here to Florida the day of the funeral to ease the pain in her heart.

She and another had the little coffin rest on their laps on the way to the cemetery, the road was in such a rough condition that the car was so shaken she felt the body hit the side of the coffin.

Other's have told me they had seen their loved ones so shaken that they coffin had moved in the hearse, they thought if a city ever wished to prosper they should first pave a road to the cemetery.

Just a few days ago a body was brought here for burial one of the relatives thought they were on the wrong road never having seen such a way to a cemetery before.

The advertisement of this is not to Sanford's credit many a one will think and remember this road should have been paved long ago. And then built roads for our visitors ourselves. SANFORD LADY

#### BOTH SIDES OF ELECTION DAY

"Good citizenship means team work and it is an all-the-year-round job, not merely a campaign stunt. It is not enough to let our candidates know that we are checking up both sides of election day; we must back up both sides of election day as well. Watch the legislature, the congress, the bench and the executive chair to hold up their hands as well as to cover their records. Good government is a co-operative affair. The vigil doesn't end for the citizen with the counting of the ballots any more than for the candidates. The tone and quality of the citizenry mark the measure of the government's achievement. Official heads can not be much better than the rank and file; they dare not be much worse. Freedom is a growing thing which is forever being won anew, with each new fight, with each new law, with each new institution. The citizen—every citizen—has a stewardship as well as does the public official. The welfare of our country checks our account. Together with it we are on trial, and perhaps, in this hour, we women most of all. For ours is the new consecration, the long and special preparation."—Mary Stewart in November Good Housekeeping.

#### DEMOCRATIC CONTRIBUTIONS BREAK ALL RECORDS

NEW YORK, Oct. 26.—A new record for campaign contributions received in a single day was announced by Democratic national headquarters here last night after Treasurer March had checked in \$74,000 in gifts in small denominations. The treasurer's announcement asserted that "never in the history of the Democratic campaigns had such a flood of contributions been received."

## McSWEENEY DIED OF HEART FAILURE

### JURY SAID SO IN VERDICT GIVING REASONS FOR SO SAYING

(By The Associated Press)  
LONDON, Oct. 27.—A jury of ten men returned a verdict in the MacSweeney inquest saying the mayor died from heart failure due to a dilated heart and acute delirium following scurvy due to exhaustion from the prolonged refusal to take food.

#### PERKINS & BRITT IMPROVING STORE

In the midst of a big rush incidental to the sales now being put on at the store of Perkins & Britt they are getting in a lot of new store fixtures to take care of their constantly increasing trade. They received a shipment yesterday of new and greatly improved hat and clothes cabinets that are the last word in convenience and service to customers and clerks alike. The hat cabinet is large enough to hold 300 hats and any and all sides can be shown by a simple twist of the wrist. The clothing cabinet is of the very latest pattern that will hold dozens of suits and keep them in good shape and also make them easy to display. In the middle of the cabinet is an alcove mirror that shows the customer how well he looks in Perkins & Britt's clothing; and the cabinet is made of mahogany with nickel trimmings and makes a fine appearance in this up-to-date store. Perkins & Britt believe in having everything just right and they are adding many improvements in their store to make it just what it should be—the last word in a modern haberdashery. They also believe in letting the public know what they have to offer by taking liberal space in the Sanford Herald and cutting out fake advertising of all kinds believing in patronizing the home newspaper to the exclusion of all other kinds of advertising.

Whether a man is handling farm machinery or livestock he will accomplish more if he understands how to take proper care of his property. This is true of machinery, from the wagon to the tractor, as it is to the hogs and horses on the farm. Too many farmers have allowed themselves to depend upon good luck and the veterinarian when their livestock have become sick or injured.

# WOMAN'S DEMOCRATIC RALLY IN CENTRAL PARK SATURDAY, OCTOBER 30

## Will Be The Greatest of This Kind This Season

### SPECIAL BARGAIN

WILL ALSO BE OFFERED BY THE MERCHANTS AND MANY PEOPLE WILL ATTEND.

One of the big coming events in the all-day rally of the women that will take place next Saturday, Oct. 30th, lasting from early morning until late in the afternoon. The women are arranging for this big event and will make it a Democratic rally for the instruction of the women of Seminole county and all of them are invited to come in and bring their families as a rest room will be provided for the children, giving the mothers a chance to enjoy the day and get the important instruction.

Not only will politics be discussed in all its phases but the road question and the amendment that is bothering the men and will soon bother the women will be discussed from all sides and down the middle and the big meeting will be a real get-together meeting and free discussion that are bound to be conducive of much good in the community. Prominent women from all parts of the state will be here and will discuss the issues of the day. The school for voting will be something that has been needed and all of the women will take advantage of it. Aside from the business features the women present will be able to obtain coffee and sandwiches on the grounds for a nominal sum and the merchants of the city have been asked to cooperate by giving special bargains on that day and advertise the day in their advertisements in the Herald and otherwise lend their aid in making this a big gathering day for all the people of the county. See the Herald for future announcements of this big gathering.

### MISS KATHERINE WILKIE WILL BE SOCIETY EDITOR

Miss Katherine Wilkie has consented to take the society column of the Daily Sanford Herald and starting from next Monday will have that department in charge. This is only one of the many items that the Herald expects to inaugurate to improve the paper and make it a real daily. With the constantly increasing price in newsprint paper and everything that goes into the making of a daily the Herald will not stand back on the expense but will endeavor to have every part of the news department covered in full and in making the Daily a better paper the public can help immeasurably by sending in all the local and society news to the society editor.

Miss Wilkie is no stranger to Sanford, having resided here for several years and having been connected with the city schools and other work and comes to the Herald with a comprehensive knowledge of the city and city affairs, being connected with the many women's organizations of the city and taking a deep interest in all that pertains to the city's welfare. Miss Wilkie will endeavor to chronicle all the various happenings in the social circles and will also collect all the local news of the city and in this she asks the help and co-operation of the people for only by this wholehearted support can this news be gathered and printed each day. If you have any local or social news, phone Miss Wilkie at the home of W. J. Thigpen, 801 Park avenue. Phone No. 428. We want all the news.

### KISSIMMEE WANTS CURB MARKET

"Curb Markets" have proved so advantageous in other cities both larger and smaller than Kissimmee that the vegetable-growers and farmers in the district contiguous to this city have become insistent that such an institution be established here, and, to thoroughly consider the matter, there will be a mass meeting held at the Chamber of Commerce rooms on Tuesday evening next. This meeting will be attended by many growers of this vicinity who have become enthusiastic over the success of like institutions in other cities, and there is a desire that every progressive citizen shall attend this gathering.

There will be those present who have seen such markets instituted in other small cities who will be glad to give all the information sought, and it is essential that the Chamber of Commerce rooms be thronged with those who are urging for this city all that will be of general benefit. There seems to be a feeling that such an innovation will prove beneficial to the residents of the city—and will at the same time work no hardship to the various establishments now carrying a line of such goods.

Just what restrictions shall be placed by the city upon those who shall offer goods for sale at the curb market, or where the same shall be located, or any of the numerous details which will be necessary if the project is carried through, will be matters which will be thoroughly discussed at the coming meeting.—Kissimmee Gazette.

### INSTRUCTIONS HOW TO VOTE THE TICKET NOVEMBER SECOND

There will be at the end of the ticket two paragraphs, each containing a part of the constitutional amendment to give the legislature power to assess the state indefinitely to build roads and bridges. One paragraph will be marked "No" or "Against"; the other "Yes" or "For." The ticket will be printed in parallel columns. It will have a stub at the top. The voter enters the polling place when the officers give him or her permission, goes to the table where the clerk and inspectors sit and waits while they look up his or her name on the registration book. If the name is there the voter receives a ticket, which is marked with a number by the inspector giving it. The voter then goes into the nearest voting booth and marks the ticket. The booth is a little portable closet with a shelf to lay the ticket on and a pencil to mark it. The voter had better always use his or her own pencil, as the one in the booth is likely to be of little account. There is a curtain on the booth, which a voter may draw, but there is not much use in pulling it down, because no one can see from the outside how the ballot is marked. The voter has only five minutes in the booth, though if there are few others waiting the inspectors seldom press the point. The ticket marked, the voter folds it so only the stub will show, returns to the table and hands the ticket to one of the inspectors, who tears off the stub and puts it on file, and hands the ticket back to the voter, who puts it in the ballot box. Then the voter leaves as quickly and as quietly as possible, and must not approach the polling place again, because no one is to be of convenience to other voters or the officers until the election is over and the ballots are counted.

### PLAN OF MUNICIPAL GOVERNMENT TO BE DECIDED BY ELECTION

Presenting a "Commission-Manager Plan" charter, the charter board elected at the regular city election in July to prepare a new charter or amendments to the present charter for the city of New Smyrna, has completed its work and is ready to present the proposed new charter to the electors of the city for its adoption or rejection.

A special election on the question of adoption or rejection of the proposed new charter will be called for November 21st. If adopted, the charter provides for the new plan of municipal government to go into effect the first day of January, 1921, and a special election for commissioners will be held in December.

The charter prepared by the charter board is similar in many respects to the commission-manager plan now in effect in St. Augustine, Tallahassee and Sanford, where the municipal governments are said to be operating satisfactorily, and where the residents declare they would under no circumstances return to the old councilmanic form of city government. It is similar in many respects to the commission-manager plan charter prepared by a former charter board and submitted to the voters of New Smyrna, but eliminating the features to which objections were made at that time.

The charter board has labored faithfully and well in the preparation of the proposed charter and in presenting it to the people believe they have proposed a plan of municipal government by which the taxpayers will receive one hundred cents in value for every dollar paid in city taxes.

The general plan of government under the proposed charter is for all municipal affairs to be handled by a board of three commissioners to serve without pay, one of whom is to be elected each year, and these commissioners employ a city manager to be the administrative head of the city. The city manager is responsible to the commissioners, who are responsible to the electors.

The charter contains the initiative and referendum and the recall, by which a commissioner may be recalled from office and another elected in his place if it is shown that the affairs of the city are suffering at his hands.—New Smyrna News.

### TO COMBINE ORLANDO HOSPITAL WITH DELAND

"Shall DeLand seize the opportunity to secure an endowment of \$150,000 for developing a hospital which may ultimately make her the medical and surgical center of the state?" was the subject which engaged the attention of the Board of Trustees of DeLand Memorial Hospital at a special meeting held this morning at 10 o'clock at the Commercial Club. That this can be done the board is assured, provided the citizens of DeLand give it their hearty support in the effort it is now making to bring about a merger between the St. Luke's Hospital of Orlando and the DeLand Memorial Hospital. Not to mention the large and complete equipment of the present St. Luke's which would be at the disposal of the new institution, the sale of the St. Luke's property together with its invested funds would provide an endowment fund conservatively estimated at over \$150,000. With this magnificent sum as a nucleus for future gifts and bequests, and with DeLand's unexcelled natural advantages of pure water, healthful climate, and high location of hospital grounds, in course of time there might well be developed here one of the leading hospitals in the country, certainly the finest in the state.—DeLand News.

### PEARMAN LEAVES TO TAKE UP SECRETARYSHIP AT SANFORD

(From Tuesday's Daily) Resigning as auditor for the Jacksonville Chamber of Commerce, which post he has held more than a year, R. W. Pearman, Jr. leaves this city today for Sanford, where he has been elected secretary of the Sanford Chamber of Commerce. Mr. Pearman will take charge of the Sanford office Monday.

The Sanford Chamber of Commerce was recently organized, and Mr. Pearman was elected the first secretary of the organization. His training under B. R. Kessler, secretary of the Jacksonville Chamber of Commerce was counted by the Sanford organization as especially qualifying him for the post.

Mr. Pearman came to Jacksonville several years ago, and was for some time connected with the United States shipping board local headquarters as auditor. He has many friends in the city who are expressing keen regret at his departure, while congratulating him on the opportunity.

"I hope and intend to work in harmony with the Jacksonville Chamber of Commerce," Mr. Pearman said yesterday, "and I have the assurance of the officers of the organization that Sanford will carry on in harmony with the other commercially organized cities of Florida. The Sanford section is one of the richest of Florida, and offers many opportunities for settlers and investors. On my recent brief visit there I was so impressed with the city and its prospects and with the spirit of the city building among its people that I immediately formed a high opinion of Sanford and Sanford business men. A close co-operation between all cities of Florida is necessary for future development, and I am certain that Sanford will go the limit in this regard."—Times Union.

### FELLOW PRISONERS OF ALFRED COCCHI SAYS HE IS GUILTY

(By The Associated Press) BOLOGNA, Oct. 27.—Aldo Derossi, a fellow prisoner of Alfred Cocchi on trial charged with the murder of Ruth Cruger in New York City in 1917 testified Cocchi told him he killed a girl after mistreating her.

# BOARD OF TRADE WILL CHANGE THE NAME OF CHAMBER COMMERCE

## Enthusiastic Meeting of The Board of Trade Members Last Night

### AFTER NEW CHARTER

WILL BE ARRANGED TO TAKE EFFECT SOME TIME IN NOVEMBER

About fifty business men, members of the Sanford Board of Trade, met in the court house Tuesday night to lay plans for the organization of the new Chamber of Commerce to supersede the Board of Trade and get on a bigger and broader basis for the betterment of the city and county. Vice-President T. W. Lawton presided in the absence of President Miller and stated the object of the meeting and several suggestions made by a special committee of the Board of Trade were read and acted upon as it was decided that the old Board of Trade would have to hold over for thirty days or more, or until the new charter for the Chamber of Commerce could be arranged. It was decided to vote upon the names of nine men for governors and the highest man to hold the office of president of the Chamber of Commerce until the regular election in January. The result of the ballot was the election of the following in the order named: J. G. Ball, R. C. Bower, John Meisch, who will be president, first vice-president and second vice-president respectively, and the following as governors: A. P. Connelly, R. R. Deas, F. P. Forster, R. J. Holly, G. W. Knight, and H. R. Stevens.

Judge Housholder was instructed to take up the matter of the new charter and within the next thirty days the new Chamber of Commerce should be organized and working. Meantime the Board of Trade will continue to function and Secretary Pearman, who has been engaged for this important position will get busy on the many things that Sanford intends putting over. Mr. Pearman gave a most interesting talk to the members at the close of the meeting Tuesday night and he was most cordially received into the greatest club of boosters in Florida and with the assistance of the members of the board of governors Secretary Pearman can put Sanford on the map with large letters. For the interim President Miller will continue with the Board of

Trade and the good work that has already been started and in this connection it would be well to remind the members that the next banquet of the Board of Trade will be held next Tuesday night at the Valdez Hotel at seven o'clock sharp and after the banquet the members will adjourn to the Lyric Theatre to hear the election returns. If you want to attend the banquet it will cost you \$1.25. If you want to attend the banquet and take your wife to the returns it will cost you \$1.75. If you have no wife and want to attend the banquet and the returns it will cost you \$1.50. In other words the banquet is the regular price of \$1.25, the returns at the theatre 25 cents extra or for two 50 cents.

You can get your tickets at the banks or from President Miller at the store of T. J. Miller & Son.

### HEALTH DICTATOR APPOINTED FOR POLISH PEOPLE

WARSAW, Oct. 26.—A health dictator has been appointed by the Polish government to fight the typhus plague. He is Dr. Emil Godewski, known throughout eastern Europe as an expert in hygiene. His writings on the subject are a textbook in nurses' schools and hospitals. Under the Polish Ministry of Health he has set up an office in Warsaw where he has been given the widest powers. The American Red Cross has placed two of its best physicians at his disposal and one of the first results of their cooperation was the decision to send out a series of dispensary trains, staffed by Polish and American personnel.

### WOMEN TO HAVE FULL VOTING POWER IN LUTHERAN CHURCH

WASHINGTON, Oct. 27.—Resolutions requesting the United Lutheran church to give full voting privileges to women on all boards was presented to the convention by the Women's Missionary society. It was referred to the executive board.

### GOVERNOR COX ON NATIVE HEATH WILL REST TODAY

AND WILL NOT CONSENT TO ACCESSION OF HIS SON PAUL.

LONDON, Oct. 27.—Former King Constantine of Greece, maintains an attitude that he is the occupant of the throne and may not consent to the accession of his son, Prince Paul, says the London Times dispatch. Former Queen Sophia is prostrated with over the death of her son, Alexander.

### HARDING DISCUSSES MANY QUESTIONS IN NATIVE STATE

MARION, Oct. 27.—The League of Nations, tariff protection, Americanism and constitutional government are the main topics to be discussed by Harding in a final swing through Ohio ending Saturday.

### NIGHT RIDERS CAUGHT IN ALABAMA BY OFFICERS OF THE LAW

MONTGOMERY, Oct. 27.—Forty-three alleged "night riders" have been arrested in nearby counties lately the governor's office announced today.

### KICK ON SUITS WORN BY SWIMMERS IN THEIR CONTESTS

NEW YORK, Oct. 27.—A protest against the scanty suits worn in the swimming contests will be considered at a convention of amateur athletic union in New Orleans today.

### BARNETT CHANGES FIGURES ON NUMBER SPIGGOTTIES KILLED

WASHINGTON, Oct. 27.—Brigadier General George Barnett, former commandant of the Marine corps told the naval court of inquiry he was "terribly shocked" by conditions in Haiti as disclosed at the trial of two privates last year. He said there existed a "state of mind which might make it possible for any one to be killed." He said 2,250 natives were killed instead of the previous announcement of over three thousand. Officer of casualty record office said only a few had not fallen in action with Marines or native troops.

Mrs. Z. W. Bass, and son and her mother Mrs. Bronson of Kissimmee and Mr. and Mrs. Seely of Michigan, were the guests of Mr. and Mrs. T. E. Spur Sunday afternoon.

Miss Annie Hawkins and father and mother have returned to their Celery avenue home for the winter. His many friends will be glad to know

an operation of his eyes by Dr. Calhoun of Atlanta has been most successful.

Mr. and Mrs. B. W. Herndon and Dr. and Mrs. Puleston motored to Miami Sunday. Mr. Herndon and Dr. Puleston returned to the city early this morning making the return trip in less than twelve hours. Mrs. Her-

ndon and Mrs. Puleston will remain in Miami for a few days.

Vincent Green, and wife and family, of Orlando, were in Sanford Sunday for a few hours, enjoying the beauties of the city.

Mrs. A. M. DeForest returned Saturday from New York.

## Never again on the movie stunts

I WATCHED a guy, IN A movie show, RIDE THE same plug, NINE THOUSAND miles, AND FIRE his six-shooter, ALL AFTERNOON, WITHOUT RELOADING, AND THEN, in a close-up, HE ROLLED a smoke, WITH JUST one hand, AND I tried it myself, FIRST WITH one hand, THEN WITH two, THEN WITH my mouth, AND THE forty-third trial, STAYED PUT long enough, FOR ME to light it, AND I thought I had it,

AND THEN it spilled, LIKE A Roman candle, AND BURNED the rug, AND BURNED my clothes, AND EVERYTHING, SO I'M convinced, I'LL NEVER get THAT ACTOR'S job, AND I know now, THAT THE only thing, I CAN roll with one hand, ARE ROLLICKING dominoes, AND I'M going to stick, TO MY regular smokes, FOR THEY satisfy.

EVER see a "close-up" of real cigarette contentment? Get next to any Chesterfield smoker, and watch him register "they satisfy!" It's all in the blend of those choice Turkish and Domestic tobaccos—and that's a secret that nobody can imitate.

# FINANCING THE FARMERS TO MARKET THEIR CROPS IS THE BANKERS DUTY

**Co-operative Methods  
Would Improve Their  
Conditions**

## NEW VIEW OF CASE

**MANY EVIDENCES THAT FARMERS NOT SATISFIED WITH PRESENT CONDITIONS**

(By The Associated Press.)  
WASHINGTON, Oct. 22.—Financing the farmers of the country in the marketing of their crops demands new methods of extending credit so as to prevent unjust price depreciation, Henry M. Robinson a banker of Los Angeles who was chairman of the United States Bituminous Coal Commission, declared today in addressing the convention of the American Bankers' Association. "A change in the bankers' point of view and the establishment by producers of co-operative marketing agencies were suggested as means for improving present conditions.

"There are many evidences," declared Mr. Robinson, "of growing dissatisfaction on the part of the producers of many commodities who claim that they are being discriminated against by bankers or those in control of credit facilities, and there is constant agitation by such producers for an extension of the principle of co-operative marketing to remedy etiol taci ntain taolili or at least relieve the situation. "Bankers must meet this problem. There must be a modification of the old attitude. Whether this should be done through banking machinery or through proper cooperative marketing remains to be decided. However, some method must be devised for reducing the pressure on the producer's crop, either at the moment the harvest is completed, or while its movement is under way, as this has been too often used as a means for price depreciation. Methods also must be discovered for lowering the cost of financing him."

The tendency of the cooperative organizations of producers is toward use of their great power to the disadvantage of other producers, Mr. Robinson said.

Regarding current practices in the movement of grain and cotton, Mr. Robinson said:  
"For many years it has been accepted as a part of the obligation of the banks of the country to finance the movement and storage of grain, but no commodity, considered its importance, has shared as little in the financial resources of the country as has cotton—this principally due to the lack of adequate warehouse system in the production area and lack of an open market for paper issued against the product."  
"Insufficient effort has been made to place cotton and its storage on a basis of credit in a form that would be readily marketable on its own merit."

"The difficulties of financing even legitimate holdings of such commodities as grain and cotton, of the purpose of conducting a movement in an active and orderly way, are becoming increasingly greater and more complex and bankers must use their best thought to see that each producing industry receives a fair share of the available credit and bears its fair share of the burden and pressure when a credit shortage exists."

"In the present emergency, requiring the rationing of credits, a measure of financial support proportionate to the cotton's contribution to the credit resources of the country, and with proper consideration for the delays in moving exportable surplus because of the low ebb of European credit, should be given."

### 50 HOMESEEKERS PASS THROUGH JAX MONDAY

The first party of fifty "homeseekers" from the North destined for Moorehaven, Florida, will arrive in Jacksonville Monday at 8:30 a. m. on the Dixie Flyer, with six hours to look over the city before resuming the trip, according to A. Rice King, Florida passenger agent of the N. C. and St. L. railroad.

The party is headed by R. C. Healy, president of the National Farm Estate, a syndicate holding large tracts of reclaimed Everglades lands in the Moore Haven district, which is conducting parties of prospective buyers from the north.

On arriving at Moore Haven the party will be taken in automobiles over the reclaimed districts that are now suitable to intensive garden farming. The party will return north after a stay of two weeks. These excursions will be continued every week throughout the tourist season.—Jacksonville Metroells.

The next step to be taken by Tampa in the change from the aldermanic to the commission-manager form of city government is the election of five commissioners. A white municipal primary to select these five men will be held on Nov. 15.

### HOLD THIEVES STEAL WHISKEY FROM DRUG HOUSE

(By The Associated Press.)  
CHICAGO, Oct. 26.—Thieves with motor trucks broke open a wholesale drug house here today and stole a thousand dollars' worth of whiskey.

If an individual is less effective working alone than when working with his fellows, is not sound reasoning that a single organization is less effective working alone than it would be working with its fellow organizations? There is growing tendency for farm organizations of all kinds to pull together for the betterment of the farmers.

### MOVING HIS BUNGALOW TO FLORIDA ON WHEELS

William Ward Decides He Can Beat High Cost of Everything by Hitching Home to Rear of Auto

NEW YORK, Oct. 26.—A bungalow on wheels, under construction by a Staten Island resident and prospective inhabitant of Florida, is claimed to be the latest device for beating the high cost of building and railroad transportation.

William Ward, designer of the "rolling home," consisting of a living room, bath and kitchen, reckoned it would be cheaper to build, equip and tow his household, intact, by automobile to "where we shall not need coal," than to ship his effects by rail.

### IS HOMEMADE LIQUOR INCREASING INSANITY?

A recent bulletin of the state board of health dealt with the possibility of Florida's insanity rate being increased because of the making and drinking home brew and moonshine. It showed where considerable progress towards overcrowding Chattahoochee

had already been made. And to those who are inclined to partake of the various concoctions which have recently sprung into prominence we wish to reiterate the sad experience of a fine Florida youth.

A young man who has relatives near Orlando, and who belongs to a South Florida family, prominent as a large cattle owner, with several relatives took a trip to Hot Springs this summer. While the young man was in town he ran across some "corn brew", he later got hold of some mountain "shine". In a short time he came down the street discarding one garment after another, he sat upon the porch of the hotel clothed only in those garments of nature gave him. The police were notified, and he was taken to the lockup, where it was found he was, to use a common expression, ap lain nut. There was no semblance of violence about him. He apparently had lost his sense of reasoning and was a child brought into the world without his mental faculties.

His realties at the hotel were notified and he was soon on his way home, but upon reaching Jacksonville he was taken to Chattahoochee, where this otherwise physical fit young specimen of manhood may spend the rest of his natural life.

We have known of more than one case of temporary insanity caused from drinking "shine", and we ask: Is it worth the probable results?—Reporter Star.

Office supplies at the Herald.

## ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.  
Analytical and Consulting Chemist - Professional of Natural Science Emeritus, Rollins College, Florida  
Private Laboratory of Rollins College Winter Park, Fla., Nov. 21st, 1919

Mr. T. O. Charles Sanford, Fla.  
Dear Sir:  
I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	4.50 parts per million
Free Ammonia	00 parts per million	Hardness	23.00 parts per million
Albuminoid Ammonia	Trace	Nitrates	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,  
(Signed) THOS. D. BAKER

## Protect The Birds In Florida

### FIELD SECRETARY DOING GOOD WORK AMONG THE SCHOOL CHILDREN

The fact that the war and its activities pushed aside so many other important things, is the reason why there has been an interregnum of about three years in one of the most important branches of Audubon work. Six months of each year—from October first to May fifteenth—a field secretary is supposed to travel over as much territory as can be covered in that time, carrying leaflets, folders and other literature about birds and their protection, also it is the duty of this secretary to give grown people opportunity to become members, and all teachers materials to organize Junior societies among their pupils.

The reason Florida is considered to be the most important state in the union is, that we have not only our own birds to protect, but also those from colder climes that come here each winter. If those northern birds don't find protection here, they cannot return when spring would call them back north to help the nation's farmers in the summer's losing fight with insect enemies. It is also true that more sportsmen gather here during the season than in any of the other states. Before so many kinds of game birds in this state had been exterminated, Florida had become famous as the hunter's paradise, which makes it that much more difficult for all who are working to save the birds.

Farmers and gardeners are becoming more "wise up" to what they owe the birds, and what it means to have them destroyed. They welcome eagerly all bird literature and meet more than half way the workers for the Audubon Society. In the towns and cities it is still more a matter of sentiment—birds are dear neighbors, and the final touch of charm to lawns and flower-borders.

Slowly we learn that even the smallest lawn or border would soon lose its verdure and beauty if not for the eternal vigilance of our bird friends and neighbors, who are on the lookout for every caterpillar, cutworm, and all the rest of those robbers.

"There's a reason" why Audubon workers find such welcome in all communities where the importance of what they are doing is understood.

#### THE COUNTRY BOY'S CREED

I believe that the Country which God made is more beautiful than the City which man made; that life out of doors and in touch with the earth is the natural life of man. I believe that work is work wherever I find it, but that work with Nature is more inspiring than work with the most intricate machinery. I believe that the dignity of labor depends not on what you do, but on how you do it; that opportunity comes to a boy on the farm as often as to a boy in the city; that life is larger and freer and happier on the farm than in town; that my success depends not upon location, but upon myself—not upon my dreams, but upon what I actually do—not upon luck, but upon pluck. I believe in working when you work, and in playing when you play, and in giving and demanding a square deal in every act of life.—Edwin Osgood Grover.

#### EAST COAST HAS THIRD OF STATE POPULATION

Exactly 315,270 of the 966,204 people in Florida reside in the Fourth Congressional district, stretching from Jacksonville to Key West, along the East Coast, according to information just received from the census bureau at Washington by J. J. Emery, of Jacksonville, census enumerator for the district.

Thus approximately one-third of the people of Florida are residents of the 16 counties which are included in the Fourth District. These counties are Duval, Clay, St. Johns, Flagler, Putnam, Volusia, Seminole, Brevard, Orange, Osceola, Okeechobee, St. Lucie, Palm Beach, Broward, Dade, and Monroe.

An interesting feature of the count is the fact that over one-half of the population of the district reside in five of the larger towns of the district, those towns being Jacksonville, Miami, West Palm Beach, Key West and Orlando. There are four congressional districts in Florida.—Delaware News.

Mr. and Mrs. Brandt and wife and two children, and lady friend, were in Sanford Sunday for a few hours. Mr. Brandt is a Linotype operator on the Sentinel and while here paid the Herald a pleasant call.

## FOREST LAKE CHAIRMAN STATE BOARD

Hon. Forest Lake, of Sanford, may be obliged to move his residence to Tallahassee, having been on Tuesday elected to the position of chairman of the Florida State Road Department, at a meeting of the board at the Hillsboro Hotel.

Mr. Lake was elected temporary chairman and announced that the first business would be to select a permanent chairman, and he was immediately nominated by Commissioner W. A. Holt of White Springs. Commissioners Ed. Scott of Arcadia, and J. D. Smith, of Marianna, also being nominated for the office by roll call and Mr. Lake declared elected, receiving three votes. On motion of Commissioner Scott, it was voted to make election of the chairman unanimous.

The newly elected chairman made a short speech in which he said that he had at times been accused of being a politician, but that he is far from it, and had tried very hard to injure Governor Catta to reappoint M. M. Smith, former chairman, to the board "in fact," said Mr. Lake, "I nearly broke with the governor in my efforts to induce him to retain Mr. Smith, but he positively refused to do so, and told me that if I did not accept his appointment of myself he would find someone else, but he absolutely would not retain Mr. Smith. As chairman of this board I shall ask the co-operation of all the rest of you and there will be no politics in it. I have no enemies to punish and no friends to reward." Assurances of co-operation were given the chairman by the other members of the board and the meeting was declared ready to proceed to other business.

Commissioner Scott moved the reading of the minutes of the last meeting and the secretary started on the job, but after reading some twenty or so pages, and in answer to an inquiry from the chair stating

there were forty more, it was voted on motion of Commissioner Tutwiler to disperse with the reading, and that copies be printed and sent to the members.

Mr. Scott explained that he wanted the minutes read "to refute the claims of certain of the leading newspapers in the state which wanted to make it appear that the board was not doing anything or putting out any money, except in the south part of the state."

J. E. Taylor, chairman of the county commissioners of Clay county, appeared at the meeting to inform the board that the appropriation for that county has been used up and, as the board had voted money for the building of certain roads in that county, which money has not yet been received, he desired assurance that it will be forthcoming before the work is forced to stop. He was told that his county might use the auto tax money to keep going on, to be reimbursed a little later.

W. P. Farrar, county commissioner of Manatee county, informed the board that the funds in his county are now available, and work ready to start, and that if the board will send its engineer to that county to get things under way, the commissioner will provide the necessary machinery.

A. M. Roland, an attorney of Bushnell, stated that he represented Sumter county and a part of Marion, and that these counties have money all ready to put into a road from Ocala to the Hillsborough line toward Plant City, for a distance of seventy-two miles, which they will build at their own expense provided the board will list this as a state road, but do not want State Road No. 5 which the state board has planned. He said, furthermore, that Pasco county felt the same way about it and would put up money for a share of the road, which was borne out by remarks from C. A. Lock of Pasco county who was present.

Mr. Roland said that Sumter county has the funds with which to build this road, but that the proposition was made last year and turned down by the board. In consequence the citizens of the county are practically without exception against the bond issue, but if this road could be assured they might change their minds. Mr. Scott explained that this road would run almost parallel to State Road No. 5, which will serve as an outlet to Tampa, and should be built. It was voted that this matter be gone into again at the next meeting.

The chairman read an invitation from the mayor and chamber of commerce of Jacksonville, signed also by the Jacksonville Kiwanis and Rotary clubs, asking that the next meeting be held in that city, and it was voted to accept the invitation and meet in Jacksonville on Thursday of next week, proceeding from there Thursday night to Tallahassee and holding a meeting, which, according to Chairman Lake, will take three or four days to go into all the matters which are left to be decided. —Tampa Tribune.

## DEATH OF MRS. M. C. DOYLE.

(From Tuesday's Daily)

Mrs. Mary C. Doyle died at her home on Oak avenue early this morning after an illness of several months. Mrs. Doyle had been very ill but had recovered sufficiently to walk out in the yard and the family had hoped she would soon be restored to health but her advanced age retarded the efforts of medical skill and she passed away peacefully almost before those at her bedside were aware of the fact that her spirit had winged its flight.

Mary C. Doyle, as Mary Speer, came to Florida while a child having been born in Georgia in 1844 and coming to Sanford with her parents who settled at what was then Melonville and were among the early pioneers here in the raising of oranges the Speer grove being a landmark for many years. She was married to Martin J. Doyle, who was one of the largest merchants in this section of Florida and from this union were born three boys and four girls who are left to mourn her loss. Mr. Doyle having died in 1888.

The children are: Arthur Doyle, of Memphis; Fred Doyle, of Texas, and Edward Doyle, who is also in Texas, and Mrs. B. W. Herndon and Mrs. Frank L. Miller and Miss May Doyle of this city and Mrs. Clay of Arcadia.

Mrs. Doyle was a devout member of the Methodist church during her life and lived her life as a Christian, strong in the faith and the funeral services will probably be held from the Methodist church on Friday, but on account of the children being so far away no arrangements have as yet been made.

The sympathy of the many friends of the Doyle family here and elsewhere in the state is extended to the bereaved family.

F. S. Ostrom and J. C. Bowen, camera men for the Ford Screen News, spent Sunday at the Seminole on their way to Winter Haven where they will take movies of the fine orange groves in that section to be shown later throughout the North. They will get some beautiful and interesting pictures that will be a great advertisement for Florida.

## Six Kinds of Safety

Have you every paused to consider the safety of the bank where you deposit your money?

The first consideration is the capital, which should be ample to meet the requirements of the community the bank is to serve.

The next question to consider is the officers in charge. They should be men of experience, high character and successful. Without men of ability no institution can succeed.

Then there is the question of confidence. The public should have confidence in the officers and in the bank.

These three principles determine the success of a bank.

We adopted these principles in the outset of our career and we expect to live up to this high standard and increase our usefulness to the community as the years go by.

#### We Offer You:

- 1ST: LARGE CAPITAL AND WORKING RESERVE.
- 2ND: TRAINED MEN IN CHARGE—MEN OF SEVERAL YEARS EXPERIENCE.
- 3RD: THE CONFIDENCE OF THE PUBLIC, WHICH IS PROVEN BY THE DAILY ADDITION TO OUR LINE OF DEPOSITORS.
- 4TH: PROTECTION BY TWO EXAMINATIONS EACH YEAR BY THE STATE BANKING DEPARTMENT, TWO AUDITS EACH YEAR BY AN INDEPENDENT RECOGNIZED PUBLIC AUDIT COMPANY AND TWO SWORN STATEMENTS SUBMITTED TO THE STATE COMPTROLLER BY THE CASHIER, GIVING THE BANK'S CONDITION IN DETAIL, ALL OF WHICH INSURES REGULAR, SYSTEMATIC AND THOROUGH OPERATION OF THE BANK.
- 5TH: THE ADVICE OF A COMPETENT BOARD OF DIRECTORS, WHO MEET WITH THE OFFICERS REGULARLY EACH MONTH AND ADVISE THEM AS TO THE OPERATION OF THE BANK.
- 6TH: INSURANCE OF ALL DEPOSITS EVERY DAY OF THE YEAR. THIS IS A PROTECTION NOT COMMONLY FOUND IN BANKS AND IS AN ABSOLUTE PROTECTION FOR YOUR FUNDS, IN ADDITION TO ALL THE OTHER USUAL SAFEGUARDS.

THESE ARE REASONS WHY YOU SHOULD DO BUSINESS WITH US, AND WE BELIEVE THAT NO BANK CAN OFFER BETTER INCENTIVES.

### Democratic Women To Have Meeting

ALL DAY RALLY IN CENTRAL PARK AND MANY GOOD SPEAKERS

With the added power of the vote coming to women it is with the usual progressive spirit that characterizes the sex that they are already organizing for the purpose of instruction in citizenship—and to study the ballot. We must know this tool of citizenship through which we must hereafter work. More than this, we must not be content with knowledge—for "government is not a theory, but an actuality" touching our daily life. The average woman does not know the difference between a primary and an election. Politics, like charity, should begin at home—and there are those who, when one speaks of politics sees only the national election. This is a mistake. Every woman should know through her own investigation her ward, whether in city, county or township. It is near us that the wheels are set in motion, right at home that "petty officials," and office-holders begin to create those conditions which result in national well-being or ill-being.

At the present time however, Seminole county women are vitally interested in the national election, for this is their first opportunity to use the right the franchise has given them and in the South it is especially necessary that the white women cast their full voting strength.

The Democratic Women's Voters' League is being organized in this county, with Mrs. John Leonard, as chairman of the league, and Mrs. Henry Wight and Mrs. E. M. Galloway associated with her on the committee. Mrs. R. A. Terhan has been appointed publicity chairman. Precinct captains and committees will be appointed whose names will appear later and this week these committees will call together the Democratic women voters of their respective precincts for the purpose of instruction. "Schools for Voters" will be made interesting by the introduction of "Fake elections."

Dummy ballots will be used and the forms of a regular election will be presented in such a manner that the average woman voter will go to the polls better equipped with "voting knowledge" than the average male voter. The women are urged to respond to the invitation that we may be able to vote intelligently and pile up a splendid vote on election day, November 2nd.

Headquarters for Democratic Women on Election Day.

In order that every Democratic woman may have the opportunity to cast her ballot on election day, headquarters will be established in the law offices of Mrs. John Leonard, in the Woodruff building where committees of ladies will be in attendance all day. One room will be fitted up for a rest room with every comfort and convenience and with facilities for the care of young children and babies who may be left there while the mothers cast their vote. There will be a telephone, and a line of automobiles will be here also that anyone who so desires, may be sent for and brought to the polls. A telephone message will bring the car. A committee of ladies at headquarters who will give last minute instructions to the timid voters will be Mrs. J. C. Higgins, Mrs. C. M. Vorce, Mrs. J. E. Pace, Mrs. Galloway, Mrs. Henry Wight, Mrs. E. G. Tyler and Mrs. John Leonard. Others will be added to this committee.

The League will petition the school board to close the schools on election day that mothers in the outlying districts may have the privilege of coming into town to vote.

### Big Crate Company Will Use Sanford for Distributing Center

The story of what promises to be another manufacturing enterprise in Sanford was given to the Herald this morning by C. F. Walker of the Nocatee Crate Co.

The manufacturers of the Florida Four-in-One Crate Co., want to establish a warehouse and assembling plant in Sanford to assemble the crates and vegetable packages and to have the headquarters for selling these crates for all the various plants in Florida. They will have a trained corps of demonstrators here to show how the crates are made up and closed and how they must be made to get the best results. S. O. Blazer, of Nocatee, will be in charge of the demonstration department. These new vegetable packages have been made for celery, potatoes and cabbage and other vegetables and have proved very satisfactory. The new crate is bound with four wire strands making it absolutely safe for transportation and carrying and have made a great hit wherever they have been shown. Frank Dade, the Florida representative of the Wire Bound Corporation, of Rockaway, N. J., the manufacturer of the machinery is doing the educational work in the state and will be here much of the time. The new factories make a complete line of all square packages and everything except hampers.

The company have recently opened a branch factory at Manatee, Florida, and other points and they will be welcomed to Sanford when they start their operations as it will mean another manufacturing and distributing enterprise.

C. F. Walker, of the Nocatee Crate Co., is well known in Sanford as he resided here for some time several years ago.

### All Day Democratic Rally at Central Park on Saturday

There will be a big all day rally of the Democratic women at Central Park on Saturday, which the women of Seminole county are earnestly urged to attend. Good speaking on important issues and another school of instruction will be included in the day's program. Sandwiches and coffee will be served on the grounds at a nominal sum. Mrs. Hal Wight and Mrs. B. W. Herndon in charge.

Through the courtesy of Rev. Father Peck, the Parish House, just opposite the park, will be fitted up for a rest room for women and children and will be in charge of Mrs. A. P. Connelly.

Speaking will begin at 11 o'clock a. m. and continue at intervals throughout the day. The meeting will be commenced by Mrs. Leonard. Mrs. Henry Wight will introduce the speakers whose names alone, insure the treat that is in store for those who hear them.

Mrs. W. F. Blackman will speak on "Americanization." Mrs. E. M. Galloway will use as her subject "The

Good Roads Constitutional Amendment." Mrs. Stella Arrington, the "Peace Treaty" and Mrs. John Leonard, "Why I am a Democrat." It is hoped there will be a large attendance from all over the county for it is expected that this will be one of the most enthusiastic political rallies ever held in Sanford.

### Fine Prospects Orlando Fair In February

Florida is not far behind her sister states in anything and certainly is abreast of them in the matter of fairs, for between the dates, October 26th, 1920, and February 15, 1921, there will be thirteen fairs held within the borders of the state. All but three of these fairs are an early winter proposition, the three mid-winter and spring fairs are the South Florida to be held at Tampa, the St. Lucie county fair to be held at Vero and the Sub-Tropical Mid-Winter Fair to be held in Orlando, February 15 to 19, 1921.

The advanced stand occupied by the state of Florida is very largely indicated by these expositions of the products and educational advantages of the several parts of the state. Everywhere in the older states these annual fairs prove the front rank occupied by the places holding them and a state or county, as well as individuals, are judged as to being up to date by reason of holding or not holding a fair, and the interest they evidence in them.

For this reason the thousands of people coming into the state of Florida estimate our advancement to a great extent by the interest manifested along these lines and that is certainly one reason why the sections holding a fair are pictured the greatest in the minds of the people.

We are sure we state a fact when we say that our Five County Fair, as some call it, embracing the counties of Orange, Volusia, Seminole, Osceola, and Lake from which our exhibits are all or in part drawn, is one of the greatest factors in the up-building of this section.

This would not be the case if these counties combined did not put up one of the very finest fairs in Florida, known far and near for completeness and excellence.

The coming fair will far exceed all that have preceded it and arrangements are being made on an extended scale with the confident belief that the attendance from all parts of the state will be greater than ever.

## CLASSIFIED ADS

**WANTED**  
Wanted—Corn. The Beacham Grain Co of Alachua Fla. will pay you the market price for ear corn in car lots. Farmers can join together in making up cars. 49-tfc.

**WANTED**—Second hand show case. Inquire at the paint store in the Welaka Block, Railroad Way. 5-tfc.

Buy your post cards at the Herald office. Beautiful views, 1c each.

**First:** It is sold at a moderate price. You save when you buy it.

**Second:** It has more than the ordinary leavening strength, therefore, you use less.

**Third:** There are no failures—it always makes the sweetest, most palatable of foods.

**Fourth:** It is used by millions of housewives—leading domestic science teachers and cooking experts.

**YOU SAVE**  
WHEN YOU BUY IT—WHEN YOU USE IT

**CALUMET BAKING POWDER**

**Fifth:** It is the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago, Paris Exposition, Paris, France.

**Sixth:** It contains only such ingredients as have been officially approved by the United States Food Authorities.

The finest quality Baking Powder—at the most economical cost. "The Biggest Bargain That Goes into the Kitchen Today."

Mix plain flour with pure baking powder instead of using uncertain mixtures. Then you will know your bakings are pure and wholesome. Plain flour cannot be adulterated.

**Calumet Nut Cookie Recipe**  
—1 cup butter, 1/2 cup sugar, 2 eggs, 1/2 cup flour, 1 level teaspoon Calumet Baking Powder, 3/4 cup chopped nuts, 1 teaspoon lemon juice. Then mix in the regular way.

# Fordson

TRADE MARK

A Fordson Tractor on the farm means more prosperity for the farmer. It doesn't make any difference how you spell that prosperity—whether it is in increased production, whether it is in the saving that comes from a machine over a horse or a mule; whether it comes in a release from the drudgery and all-day and all-night labor on the farm for both man and wife—because the Fordson answers all those problems to the satisfaction of the farmers.

It can't be otherwise. These are the days of progress, and power on the farm is the necessity. It is only a question of what kind of power the farmer is going to have, but no farmer with the facts now before him can question the monetary advantage of machine power over horse and mule-power. The Tractor is the farmer's necessity just as much as the sun is the necessity for growing crops.

All that is necessary for a farmer is to know his Fordson Tractor as familiarly as he understands handling a team of horses. He wants to use the amount of reason and common sense. In the Fordson Tractor is the concentrated power of eighteen horses, and as flexible comparison much more economical both in service and in keep. Then it will do so many things that horses and mules cannot do, and it doesn't eat when idle.

We don't believe there is any question in the mind of any farmer as to the necessity for a Tractor, but he may have some doubts as to what make of Tractor, so that is the reason we are putting this advertisement in this paper to draw his attention to the Fordson Tractor. This is why we put the above arguments before him, and why we now invite him to come in to our place of business and view the Fordson Tractor. Let us show him what it has done. Let us prove to him its superiority over any other Tractor. It means more to him than it does to us. When we sell a Tractor, we make a small profit, but when he buys a Tractor he buys a power that is working for him every day in the year; that is, if he buys a Fordson—we can't speak for the other kinds. Come in!

 Complainant.  
 Citation  
 Thomas R. Huff, et al.  
 Defendants.  
 To Thomas R. Huff and wife, Elizabeth Huff, of Bronsville, New York, and James McCarron of the city of New York and state of New York:

It appearing by affidavit filed in this cause that you and each of you are non-residents of the State of Florida that you, Thomas R. Huff and Elizabeth Huff are residents of Bronsville, New York; that you, James McCarron are a resident of the City of New York, State of New York; that there is no person in the State of Florida the service of a subpoena upon whom would bind any of you, and that you are each over the age of 21 years, therefore, you and each of you are hereby ordered and required to appear to the bill of complaint exhibited against you in this cause, not later than Monday, the 5th day of December, A. D. 1920, the same being a rule day of this court.

It is further ordered that this notice be published in the Sanford Herald a newspaper published in Seminole county, Florida, once a week for four weeks.

Witness E. A. Douglas, Clerk of Circuit Court and the seal thereof, of this 27th day of October, A. D. 1920.

E. A. Douglas  
 Clerk of Circuit Court,  
 Seminole County, Florida.  
 Geo. A. DeCutter,  
 Solicitor and Counsel for Complainant.  
 10-29-20.

**IS SANITY RETURNING?**

In one of our large cities there is a manufacturer who employs numerous traveling men who penetrate every nook and corner of the country. These men are instructed, in addition to the sale of goods, to keep their fingers constantly upon the pulse of the people and report to the home office.

This manufacturer is firmly of the opinion that the country has about recovered from its delirium of commercial and financial insanity, and is on the return to normal conditions and stability.

The public has ceased to buy with such extravagant abandon, confining itself to the purchase of such articles as are legitimately required.

This has curtailed the demand, with the result that thousands of employees have been laid off, and others will follow.

Most of these men have spent their money as easily as it was earned, and it is only a question of time when they will be forced to accept other employment at reduced compensation.

This, thinks the manufacturer, marks the beginning of a downward trend in the cost of labor, with a consequent decline in the price of the finished products.

He thinks the decline will be slow and gradual in all lines, but effective, and he does not look for a panic or any other great disturbance of our commercial and financial systems.

Sounds reasonable, and we hope it is true.

# SANFORD'S WHITE WAY

Sanford's White Way will soon be installed.

The material for the White Way has arrived and will be taken out of the freight depot at once by the Southern Utilities Co., and installed as soon as they can get the force of men and the time to do it. The White Way was made possible by the efforts of the Woman's Club, the City Commissioners and the City Manager and the Southern Utilities Co. The White Way will be installed on First Street from Sanford avenue to Oak avenue and will also be on Park, Magnolia and Palmetto and Sanford for a block or more. Other streets will possibly want the White Way later on and extensions will be provided for the future wants of the city. The equipment for this White Way is difficult to obtain and much of it is very high but the officials of the Southern Utilities Co. think they have succeeded admirably in the face of all difficulties in getting the material shipped so promptly and also in getting a very reasonable price on the same.

The White Way will add much to the appearance of our business streets and it is hoped in time to in-

## Economy Scraps [Fertilizer] for Farmers

Menhaden Fish Scrap and It's Value As A Fertilizer Material.

Thousands of farmers have heard of fish scrap and have talked about it, and many perhaps know that it is very valuable as a fertilizer material, but few perhaps know how the fish get into the fertilizer. The fish are caught by steamers with nets some eight hundred to a thousand feet long. Then conveyed to the factory where they were handled by machinery and cooked by steam. They are then put through a screw press that presses the oil out and the scrap which is the whole fish after the oil is taken out is conveyed by machinery to the drying sheds. All scrap before it is dried is passed under a stream of sulphuric acid, and at this stage is known as acid scrap. Acid scrap contains about forty per cent of moisture and usually analyzes from seven to eight per cent in ammonia. When this scrap is thoroughly dried, it will run over twelve per cent in ammonia.

As a fertilizer material fish scrap ranks first among all ammoniates and is a soil builder of great value. Fish scrap being an organic material draws moisture and begins to become available as a plant food as soon as it is applied regardless of the weather conditions, whether wet or dry. If the season is unusually wet of course it protects the crop because unless the ground is washed away, it stays there and works. If it is a dry season, the scrap rots as all animal matter must and the process of liberating plant food goes on. Fish scrap is regarded as an excellent fertilizer material by all State Departments of Agriculture.

After a thorough investigation by experts of the fishing grounds of the entire coast, Florida was found to be the best for fishing, because of the long season, which runs almost throughout the entire year.

Aside from the scrap which is made from Menhaden Fish, the oil that is extracted from them in the pressing process is very valuable and nearly one hundred thousand gallons of this finished oil was made last year. This oil is used by large paint and soap manufacturers and for various other purposes.

Fish factories are not dependent upon other factors for their supply of materials, hence as manufacturers of raw material are in a better position to supply materials when the demand is beyond the supply, as has been the case for the past few years.

One of the finest fishing fleets and what is regarded as the finest fish factory in the world, is located at Fernandina, Florida, and is owned by the Seminole Fertilizer and Oil Company. This company also owns a large mixing plant in Fernandina where they use the scrap they produce in the manufacture of high grade mixed fertilizer.

This industry is destined to become an important factor in the manufacture of fertilizer and will count a great deal in the future development of Sanford and the entire South.

Call or write to Albert Dorner

stall it on the lake front boulevard and also on many of the residence streets. A White Way from the union station to the business center has also been discussed and it is probable that the A. C. L. Ry., will take up the matter of installing several lights of the same pattern around the station for the winter business.

### LAKE MARY

Mr. and Mrs. Will Evans and children motored up from Tampa and spent the week end with their home folks here, returning to Tampa on Monday.

Mrs. Sallie M. Cotherwood, of Jacksonville, spent several days here this week looking after her place.

Mr. and Mrs. Oscar Riley moved to Maitland last week and expect to make that their future home.

Mrs. Harris and daughter Curtis left Saturday for Orlando after spending a week here with Mrs. H. P. Monroe.

W. P. Monroe and family motored to Winter Park Sunday.

Mr. and Mrs. J. B. Baxter and children, of Orlando, were Sunday afternoon visitors at the home of Mr. and Mrs. Ed. Quigg here.

# Sheriff Brady

## Discloses Amazing Facts--Information Worth Dollars

GETS DOWN TO CLEAN FACTS AND ENLIGHTENS CITIZENS ON MANY PERTINENT ITEMS.—SAYS FIGURES DON'T LIE.

No matter how you vote! Eliminate entirely the question of Politics, Creed or Party, I am going to ask you for your own good, for your own information and as a Bonafide citizen of Seminole county, to read every word of this statement and afterwards use your own judgment.

When Seminole County was created in 1913 a Fine and Forfeiture Fund was transferred from Orange County amounting to \$3,538.00.

After forty-two (42) months of C. M. Hand's administration I entered upon my duty as Sheriff of Seminole County and found only a balance of \$16.69 in this fund.

I worked about three (3) months as Sheriff before any money was paid me because other county obligations had precedence over mine.

On July 1, 1920, after forty-two (42) months of my administration there is a balance in the Fine and Forfeiture Fund of \$7,419.41. Bear in mind I had turned over to me only \$16.69.

### OTHER SALIENT FACTS

#### CONVICTIONS UNDER HAND'S ADMINISTRATION

Violation of Prohibition Laws.....	56
Violation of Gambling Laws.....	61
Violation of Vagrancy Laws.....	3
Violation of Other Laws.....	274

#### CONVICTIONS UNDER BRADY'S ADMINISTRATION

Violation of Prohibition Laws.....	95
Violation of Gambling Laws.....	151
Violation of Vagrancy Laws.....	71
Violation of Other Laws.....	282
Total number of convictions under Hand 494. Under Brady 732.	

238 CONVICTIONS TO BRADY'S CREDIT, for the same length of time in office.

\$33,511.97 was the total amount of Fines assessed by the Courts during Hand's administration. \$21,898.44 was the total amount of Fines assessed by the Courts during Brady's administration.

For your information the Fine and Forfeiture Fund is the Fund out of which a Sheriff is paid for his services in Criminal cases.

A Fine and Forfeiture Fund is maintained by fines and costs assessed by the courts and by a Millage out of the general taxes if necessary.

When I entered upon my duty as Sheriff of Seminole County in January, 1917, there was not enough money accruing from the Fine and Forfeiture Fund to meet necessity and Two Mills were being used from the General Taxes.

The first year of my administration a reduction was made from Two (2) to One (1) mill.

IN 1919 THE MILLEAGE FROM GENERAL TAXES WAS ERASED ENTIRELY AND TODAY THE FINE AND FORFEITURE FUND IS SELF-SUSTAINING AND SHOWS A GOOD BALANCE.

Now, ladies and gentlemen; voters of Seminole County, in casting your vote, you become automatically, a stockholder in your county and of your county, and the vote you cast, is your expression as to whether you employ or not employ any certain man or woman for the filling of any one office in that county. Therefore, it is sound good business on your part to pay you money for SERVICE rather than POLITICS. A merchant does not ask the clerk he is about to hire whether he is Democrat, Republican or Independent, nor to what church he belongs—he only asks "CAN YOU PRODUCE." If after a trial that employee proves progressive, efficient and renders dividends in work to his employer, that employer protects and appreciates him as a valuable asset and continues to retain his services.

Therefore, if you ever expect competency, efficiency and justice from those you elect to office, you must base your actions at the coming polls according to performances of the past, and FIGURES DON'T LIE. The records of Seminole County carry the individual records and figures that I have presented in this statement, won't you, at least, for your own information verify them.

From the two records, if I am worthy of my hire, wont you express it by your vote?

Sincerely,

E. E. BRADY.

(Advertisement)

In the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, in Chancery.

People's Bank of Sanford, a corporation, Complainant,

vs. CITATION

Sarah Frank, et al. Defendants.

To Sarah Frank, Florence Laurus and Sylvia L. Laurus, 567 Green Avenue, Brooklyn, New York, and Young Hat Company, a Corporation, of New York, Connecticut: It appearing by affidavit filed in this cause that you, Sarah Frank, Florence Laurus and Sylvia L. Laurus are non-residents of the State of Florida, and are residents of Brooklyn, State of New York, that there is no person in the State of Florida the service of a subpoena upon whom would bind any of you, and that you are over the age of 21 years, and if subpoenaed would appear from said affidavit that Young Hat Company, a corporation, is a non-resident Corporation of the State of Florida and is a resident corporation in its state or county other than the State of Florida, and that said Young Hat of Connecticut, having his place of business in New York, Connecticut, and that there is no person in the State of Florida the service of a subpoena upon whom would bind said corporation;

Therefore, you and each of you are hereby required and ordered to appear in this cause not later than Monday, the 6th day of December, A. D. 1920, save being a rule day of this court. It is further ordered that this notice be published in the Sanford Herald, a newspaper published in Seminole County, Florida, once a week for four weeks.

WITNESS, E. A. Douglas, Clerk of Circuit Court and the seal thereof on this 25th day of October, A. D. 1920.

E. A. Douglas, Clerk of Circuit Court, Seminole County, Florida.

Geo. A. McCutcheon, Attorney and Counsel for Complainant.

H. Bandel has purchased the H. E. Tollar residence on Magnolia avenue, through J. E. Spurling. Mr. Bandel is the proprietor of Bandel's Emporium store on Sanford avenue.
