In Only Three Months— To Protect the Peace of the World; To Promote the Progress of America; To Provide Prosperity for Sanford.

WASHINGTON, June 21 (AP)—The Senate today approved a bill authorizing the construction of a new highway through the Florida Everglades...

A great day for FLORIDA... a great day for AMERICA!

Florida's check for \$2,000,000 was handed to Secretary of the Interior J. A. Krug by Governor Millard F. Caldwell on June 20th. Secretary Krug then signed an order establishing Everglades National Park, third largest in the United States.

EVERGLADES NATIONAL PARK

June 20th was a great day for Florida, for America — and for the men and women of vision whose unselfish and determined efforts, over a period of 19 years, made possible the Everglades National Park.

Known here at law, detestable, legions, legionnaires, legionnaires, legionnaires, legionnaires, legionnaires, legionnaires...

# Sanford To Meet Gainesville G-Men Here This Evening

## Feds Defeat League Leaders In 4 To 1 Tilt; Bissen Will Get Hurling Chore

By ARTHUR BECKWITH, JR., Herald Sports Editor.

The Sanford Celery Feds, for the first time in two weeks, showed aggressiveness and power last night in their 4 to 1 defeat of the league leading St. Augustine Saints behind the five hit pitching masterpiece of southpaw Johnny Tomat.

Tonight the locals will entertain the fast moving Gainesville G-Men in a single tilt that is scheduled to get under way at 8:15 o'clock with lanky Charlie Bissen getting Manager Don Murray's nod for the mound duties.

Last night Tomat silenced the heavy artillery of the Saints and fanned Broome, with the runways jammed in the final frame to end the tilt.

The only Saint marker came in the sixth canto on a free duct issued to Lyle Judy and successive singles by Manager Don Anderson and Johnny Pawlick.

Two fast twin killings by the Feds assisted Tomat. An unusual play occurred during the top of the eighth frame when Pawlick singled to left center field, Dave Bride relayed the ball in to shortstop Johnny McManus who rifled the sphere over to first base to nip Pawlick, who had taken a lengthy lead off first base.

Bendon felled the first marker in the fourth as Murray singled, followed by Silverman and Tyler.

In the fifth canto the locals added the final scores. Tomat opened the frame with a single into left and was sacrificed to second by Steve Denier. McManus singled, advancing Tomat to third and Dave Bride was safe at first on a fielder's choice with Tomat crossing the platter on the play and McManus sliding across on a boot by Stillwell.

Buddy Lake was safe at first by virtue of a miscue by Judy. Bride moved to third on the error. Manager Murray poled a long fly into center and Bride scored on the tag up to end the melee.

Elsewhere in the league, DeLand blanked the Leesburg Pirates in a 1 to 0 nip and tuck ball, Mason Leeper, stellar Gainesville lefthander gave up one hit to the cellar dwelling Daytona Beach Islets, but dropped the tilt by an 8 to 3 margin by virtue of 15 free tickets. Leeper backed ten men, walking in six runs in two innings. The Palatka A's tripped the Senators in a 4 to 3 juncture duel in the Azalea City.

## Joe Walcott Topped Maxim Last Night

LOS ANGELES, June 24. (AP)—Dusky Joe Walcott protected his standing as one of the more prominent of a poor crop of heavyweights by outpointing Joey Maxim of Cleveland last night.

Jersey Joe hardly enhanced his hopes for a crack at Champion Joe Louis. Walcott weighed 192½ Maxim 182½.

Singer Frank Sinatra's debut as a fight promoter proved no bonanza. The gross was \$52,574 and the net gate receipts amounted to \$40,807, on a "net" most observers believed to be \$75,000. The turnout, paid, was 9,747.

Maxim's 25 per cent of the net was \$10,201.75; Walcott was guaranteed \$35,000.

## COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.

**PUBLICITY**

Several days ago we were talking to some "wolves" in the downtown area, and the question of Spring training for baseball teams came up. From there we went into the publicity that the City derived from the Spring training activities of the different teams that have been here.

There is little doubt that any city in the state that has a team training at its park secures publicity that could not be purchased with money. It is utterly impossible to gain the value from paid advertising in any paper or magazine that we receive from columns and reports that the sportscaper sent out each day from our city.

Last year we had four top notch scribes here with the Mud Hens and the Missions. We covered the activities for several more papers that could not have men on the spot at all times.

We wrote a column that was published in the Toledo Blade that was worth \$5,000 if we (and I mean the City of Sanford in this case) were to buy the space.

In the column we gave a complete word picture of the City of Sanford and the surrounding area.

In part this is what we wrote: "Amid a picturesque setting of tropical palms and soft southern breezes the Toledo Mud Hens are undergoing their Spring training at Sanford, Fla."

The Mud Hens, nearly 50 strong, are living in one of the finest hotels in Central Florida, the Mayfair Inn, which is luxuriously located in a spot of beauty."

We continued by telling of the outstanding attractions of the area, including the Municipal Zoo, the Seminole Country Club, the Sanford-Orlando Kennel Club, fishing, swimming afforded in several nearby springs and lakes and featured the Seminole Driving Park.

Jack Senn, sports editor of the Blade, stated that he wrote several other stories praising Seminole County. Bob French of the Toledo Blade also wrote several interesting articles concerning the area.

After realizing that such top papers, as these carry songs of praise for the community, is there little wonder that we are interested in securing teams to come to the city for their Spring sessions.

—BOB ALTMAN

We received a nice letter in mail yesterday from Bob Altman. Bob, you will remember, was aboard Capt. Collin Kelly's ill fated plane in the early days of the recent war.

Bob says, "I've been intending to write to you for some time and thank you for the Herald, which has been coming my way. For your information, those tid-bits of information concerning the Florida State League have been making me always quite often."

"Yes, Art, we are finding them quite useful and informative for our sportscasts as well as fill-ins during our play-by-play of the Gainesville home game. Naturally we always credit the source, so the name Art Beckwith is quite well known to the baseball fans in this area."

Bob is one of the sportscasters at the Gainesville radio station.

—DIAMOND DUST

A newcomer to the Daytona Beach 1947 baseball team is Joe Schoendienst. Joe is a cousin of the St. Louis Cardinal Red Schoendienst. Joe is a shortstop and is also a member of the Card farm system. He was sent to the resort city by the Columbus, Ga., Cardinals. We see that the DeLand Sun News is calling Bill Steinecke "Curly" these days. As well as we remember, the last time we talked to Bill those two hairs were just as straight as poker.

The Associated Press reports

## Today's Standings

Team	W	L	Pct.

Pittsburgh	27	29	.483

## LSU Placing Bid For National Collegiate Tournament

ANN ARBOR, Mich., June 24. (AP)—The final third of the 18-hole qualifying round in the National Collegiate Athletic Tournament began today with most of the nation's leading college golfers still trying to move within respectable distance of par.

As more than 180 collegians out of a record field of 300 tested the University of Michigan course yesterday, they found both the terrain and a bracing breeze stimulating to lofty scores.

Only two freshmen, Oklahoma A and M's Bo Winger and San Jose State's Robert Harris, were able to turn in par 72's.

The team race appeared to be shaping up among Ohio State, Louisiana State, Oregon, Northwestern, Stanford and Oklahoma A and M.

That President Al Combs has received word from Commissioner Trautman's office that Ted Rosa is a veteran player. We now wonder what action will be taken on the part of the Florida State League concerning the matter.

COMPLETELY SWATHED IN BANDAGES, little Raymond Laros, 5, lies in the Cook County Hospital, Chicago, severely burned as a result of playing with matches. The youngster, his mother, Armando, 3, and his sister, Gloria, 2, set fire to a packing case in which they were playing house. An older sister attempted to rescue the three, but Gloria, severely burned, died shortly after in the hospital. (International Soundphoto)

## Boudreau Continues To Pace AL Hitters

NEW YORK, June 24. (AP)—Manager Lou Boudreau of the Cleveland Indians, who broke a first place tie with New York's Joe DiMaggio last week, continued to pace the American League hitters today with a mark of .348 while Enos (Country) Slaughter of the St. Louis Cardinals stayed in front of Philadelphia's Harry Walker by one point, in the National League batting race, 643 to 342.

Boudreau collected six hits in 21 times at bat during the past week and fell from .350, but George McGinnis of the Yankees, his closest competitor, dropped even more from .348 to .333, tie with Detroit's George Kell for the runner-up spot.

Slaughter, who a week ago led Walker by three points, lost 16 points but managed to stay on top. Bert Haas, the handsy man of the Cincinnati Reds, upped his average to .326, and rose to third place. Bob Elliott of Boston was fourth with .328 followed by Brooklyn's Carl Furillo, .325.

Tires are usually less than half the rubber used in an automobile.

## Southern Hurlers Kept Fans On Edge Of Seats Last Night

ATLANTA, June 24. (AP)—Two southern pitchers had their home town fans on the edge of their seats last night as they retired two batters in the ninth inning, still without having allowed a hit, but one of them failed to make the grade by a single pitch.

Bobby Hogue of the class AA Texas League, facing Beaumont at Dallas, got the 27th man for a 4-0 no-hitter, while Dick Platnek of Selma, Ala., in the Class B Southeastern League, just missed. Platnek, with Selma leading Montgomery 4-0 and two out in the top of the last frame, got two strikes on Art Rebel, Montgomery outfielder. Then he grooved a pitch and Rebel doubled cleanly to left. It was the only hit Platnek allowed.

Hogue faced only 28 men.

## Votes Continue To Pour In For DiMag

CHICAGO, June 24. (AP)—Votes for Joe DiMaggio, slugging-New York Yankee center fielder, continued to pour in today, boosting his lead over Enos Slaughter of the St. Louis Cardinals as champion choice of the fans in balloting for starting lineups for the All-Star baseball game in Wrigley Field July 8.

DiMaggio has polled 422,184 nominations, as the total vote in the poll, which ends at midnight Thursday, soared to 1,019,998. DiMaggio led Slaughter by 6,580. Ted Williams, Boston Red Sox left fielder, held third with 416,288, while Lou Boudreau, manager-shortstop of the Cleveland Indians, current American League batting leader, moved from fifth to fourth place with 410,327.

Johnny Mize, hard hitting first baseman of the New York Giants, who formerly was fourth, slipped to fifth with 402,943.

a gambling scandal broke last year, doesn't look for a repetition. He says he has taken the sure step to prevent it.

"I have placed the responsibility on the club managers," declares the tough president of the Evangeline and Big State Leagues who has been in baseball some 45 years and knows the answers.

"I have told the managers they are supposed to know where their players go and what they do and there is to be no associating with gamblers."

Those acquainted with the stern executive know he means what he says and if the managers don't keep up by their players to the extent of being virtual guardians they'll hear some very unpleasant news.

Morris issued more fines and suspensions for players and managers last year than any league president.

It was the chunky former law student who started the investigation of a reported gambling fix in the Evangeline League. He hired detectives and dug up the information that led to five men being placed on baseball's ineligible list.

Morris, one of the best known baseball men in the Southwest, started in the game at the turn of the century, playing at the University of Texas. Since then he has held every position from player to club president to league president. He has owned clubs, managed clubs and built clubs and the only time he has been out of the game was during three years at Memphis where he conducted an automobile laundry.

J. Walter got his license to practice law in 1906 but followed this profession only a few days.

Hints To Housewives
Weekly from Home Demonstration Specialist, Tallahassee
INK FROM SACKCLOTH
The soft sturdy cotton fabric of many flour and feed bags has long

been used by thrifty rural housewives for making everything from house dresses, aprons, and children's clothes to bedspreads, draperies, luncheon cloths, and tea towels. Use of bagging fabric is wise economy. The first step in using it is to remove the black

printed letters that labeled the bag. Textile specialists of the U. S. Department of Agriculture list the following different methods which have been used successfully to take print from sackcloth:

- 1. Scrub bags with hot water and laundry soap. This often removes nearly all the ink. The rest usually disappears if bags are boiled in soap water for half an hour and rinsed. A chlorine bleach may be used to take out the last traces of black.
2. Wet a bar of laundry soap and rub on the dry bag until it is entirely covered with a thick layer of soap. Roll up the bag and let it stand several hours. Then wash and boil if necessary.
3. Soak the bag in kerosene overnight. Then wash - first in lukewarm water, then in soapy water - and rinse thoroughly.
4. Cover the black print with lard or soft petroleum jelly, rubbing the grease into the fabric thoroughly. Leave overnight to loosen the black, then wash in soapy lukewarm water and rinse.
5. Boil bags in water with sodium hydroxylate or other removers, which may be purchased at drug stores. Follow the directions given on the package. Rinse well.
Farmers of the United States use less than two-thirds as much labor per unit of product as they did in 1920.

Peron Says Argentine And Spain "Parallel"

BUENOS AIRES, June 24. (AP) - President Juan D. Peron told the Spanish people in a radio message today that the governments of Spain and Argentina "follow parallel lines."

Expressing thanks for a decoration awarded to his wife, now visiting in Spain, President Peron declared: "We followed from here every step taken by the Spanish government for improving social conditions amidst a world convulsed and bled by the greatest war we ever knew, which is unable yet to recover its equilibrium. Our retirement desires is to let the rose of the peace blossom."

RURAL COMMON SENSE BY SPUD JOHNSON

WORK INSPIRES AND REASSURES IN TIMES LIKE THESE

Such events as the recent short courses for Florida 4-H club boys and girls are indeed inspiring and reassuring in these rapidly changing times when some folks may be inclined to overlook the importance of centuries-old principles and ideals. It isn't that these rural boys and girls who attended the University of Florida and Florida State University for a brief week are not adjusting themselves to new ideas. They definitely are making necessary adjustments as they grow up. And, of tremendous importance to them and to others, they are retaining many of the old principles which have made this land the great nation it is today and which will be needed to maintain its greatness.

The 700 boys and girls, representing thousands of other 4-H boys and girls, studied, worked, played together for a week at college. They studied hard, played hard, and competed in hard but friendly fashion for honors and other recognition. And, above all, they governed themselves and cooperated with each other. They were selected from the 45,000 club members in the state to attend the short courses because they had accomplished a little more than other members. The boys and girls who did not attend the short courses will be striving harder than ever to be selected next year.

All these boys and girls are workers. They believe in work in study, and in the idea that it is everyone's duty to strive for his own betterment and the betterment of his fellows. They want to equip themselves as they will be progressive, stable-minded, and helpful men and women of the future - helpful to themselves, their communities, their state, and their nation. They have all the energy of youth, and they also have the principles of honesty, reverence, and duty. It would have been fine if the whole state could have seen them as they studied, played, and sang together. Folks who live near the 4-H camps or who have an opportunity to attend an achievement day rally, or some other 4-H event will get a good idea of what these young people are striving for, what they will mean to our state.

If you're an adult, you'll be pleased with what you learn about 4-H clubs; if you're a rural boy or girl, you'll be more than pleased - you'll join a club. The 4-H club inspires youth to achievement, to cooperation, to advancement for the benefit of the individual and the group. It builds character. Its members and their activities are inspiring and reassuring in such times as these.

Strike Authorized By AFL Radio Union

NEW YORK, June 24. (AP) - The New York local of the Radio Directors Guild (AFL) has authorized strike action in its effort to extend contract bargaining to cover free lance as well as staff directors. William Sweets, local president, announcing the action here last night, said similar votes would be taken by Chicago and Hollywood locals within two weeks. He said present contracts covering staff directors expire Nov. 1 and negotiations for renewals are to open Sept. 1.

Poland Cooperation

(Continued from Page One)

representatives who expressed interest in the plan.

Meanwhile, a British-Foreign Office spokesman said that thus far Denmark, Norway, Belgium, Holland and Italy had asked Britain for further details on the Marshall plan through their diplomatic representatives in London.

Other authoritative informants said Foreign Secretary Bevin had called for a report from British occupation authorities as to how Germany should be fitted into any plan of continental reconstruction.

In Berlin the official newspaper of the Soviet military administration in Germany observed today that "the people of Europe look with great hopes" to the Marshall plan conference opening Friday in Paris.

"All European people now suffering the effect of the war would welcome with joy the aid that can be given them by America, a country which, as is known, did not suffer from the war but without doubt actually became richer through the war," said the newspaper, the Tagliche Rundschau.

"But the Marshall plan must be, as Secretary Marshall said, a fight against hunger and must not bear any political strings like 'dollar diplomacy.'"

A FOUR-ENGINE Pan American clipper flying from Karachi, India, to Istanbul, Turkey, en its way to New York, crashed in a remote region of Syria, killing 15 of the 36 persons aboard. The others were injured, four of them seriously. Among those who died in the crash were crew members Arthur O. Olson, Brooklyn, N. Y.; Howard Thompson, Astoria, N. Y.; Robert S. McCoy of Flushing, N. Y. One of the survivors was third officer Eugene W. Roddenberry of River Edge, N. J. (International)

Time Buying

(Continued from Page One)

Two of these would authorize continuation of the information program and the third would authorize employment of clerks and secretaries for federal judges.

The House eliminated funds for bought on credit. It also requires that installments be paid off in 15 months at most.

With controls removed, purchasers will be able to buy at whatever terms a dealer is willing to give.

With this Congress session scheduled to run only about five weeks more, leaders are beginning to whip together a stretch program. (They aim for adjournment about July 31).

One big measure put down for action is that to put the Army and Navy under a single cabinet officer. It is part of the answer the administration framed to one of the major questions confronting Congress when it met.

What can be done to strengthen national defenses?

President Truman asked also for a universal military training law, but G.O.P. leaders have passed the word there will be no decision on that at this session. It is getting study and the House Armed Services Committee decided today to go ahead with hearings.

Also in today's developments: Foreign Broadcasts.—The Senate Appropriations Committee recommended that the State Department be allowed to continue its foreign language radio broadcasts, known as "The Voice of America." It recommended however, an appropriation of \$11,500,000 to finance that and other information programs instead of the \$34,000,000 asked for operations in the 12 months beginning July 1.

Radio.—The Senate Commerce Committee, continuing hearings on legislation to rewrite radio broadcasting laws here at home, heard Rolf Kaltenborn recommend that radio stations be required to give a "fair presentation" of differing views on important public issues. He spoke as representative for a group organized under the name, "The Committee to Insure Non-

ONLY woman graduate in chiropody at Temple University, Philadelphia, Sara H. Hill, of Williamsport, smiles as she holds aloft four scholastic awards she won and her prized degree. (International)

Airlines Claim Two New Speed Records

MIAMI, Fla., June 24, (AP)—Eastern Air Lines today claimed two new speed records for commercial flights between Newark and Miami.

One Lockheed Constellation arrived here last night 3 hours 27 minutes and 30 seconds after taking off from the Newark airport, 1,100 miles away, at an average speed of about 340 miles an hour.

Partisan Radio.—Before Congress adjourns, some House republicans want to bring up legislation to outlaw the poll tax.

NLRB Funds

(Continued from Page One)

the new federal mediation agency created by the Taft-Hartley Act.

In any event, the lawmakers will have some time to act on the question of funds to administer the new labor law. The

Wagner Act revisions, such as the ban on the closed shop, do not go into effect for 60 days. (The new legislation set up will start operating in 30 days).

But another major provision of the act is in effect now. This provision authorizes the government to obtain 80-day injunctions to block or stave off national emergency strikes.

However, Taft says he still is not certain that this section will list its purpose in the event of a coal strike next month when the government turns the soft coal pits back to private owners. The Ohioan says it is open to question whether the government could force the miners to remain at work for a new employer with whom they have no contract.

Meanwhile, there has been swift and bitter reaction from organized labor to enactment of the Taft-Hartley Act. There are actual mine shutdowns in effect and there have been irate calls for widespread protest strikes across the nation.

Union leaders have been stung by the ease with which the House and Senate overrode Mr. Truman's veto. And they have threatened reprisals at the polls against legislators who favored the labor law.

Other labor leaders have promised to work for the prompt repeal of the act and still others are going to try to get quick court tests of the constitutionality of the law.

Cries of anger and protest have come from many of the nation's top labor leaders. One of these has declared privately he sees about 10 years of litigation ahead for organized labor and industry. There has been some scattered talk of a general strike by the more than 15,500,000 members of labor unions. But AFL and CIO headquarters in Washington are minimizing the possibility of any such move.

However, the San Francisco CIO council, in a telegram to CIO President Phillip Murray, has proposed a 24-hour nationwide work stoppage in protest against congressional enactment of a law labor bosses have described as a "slave" labor law.

Murray has made no public reply. But he has summoned his 51 member executive board to meet with him Friday in Washington in an emergency session to

discuss the situation now confronting organized labor.

Enactment of the Taft-Hartley bill also is having its repercussions on the political front.

Democratic Senator Claude Pepper of Florida says he believes the Senate's action in overriding Mr. Truman's veto has given what he calls "tremendous impetus" to a fledgling Third Party movement. Says Pepper:

"Political history has been written here. Congress has done more than Henry Wallace ever did to lift a Third Party. We have seen a demonstration that neither party can muster a majority in Congress for liberal proposals. Nobody but intellectual liberals have been interested in a Third Party up to now, but if the working people feel that their rights aren't going to be protected they may make a third

party movement a vital affair."

Some Democratic Senators, including Harry Byrd of Virginia, are not in agreement with Pepper's views on the political effects of the enactment of the labor law.

And Republican colleagues are disrupting the views of Vermont's Senator George Aiken. Aiken declares that as he sees it, the Republican party as of today has lost the rank-and-file labor vote. However, says Aiken:

"If (the GOP) has a chance to recover some of it if it will act in the next Congress to amend some of the law's objectionable features before the 1948 election."

Aiken explains that on the strength of promises from GOP leaders to sponsor such amendments, he voted with his colleagues to override the President's veto.
