It is true that the cost of some individual prescriptions is greater than it used to be. It s also a statistical fact that you are spending a less percentacg of your income for medicines than you used to. The millions of dollars be

ing spent annually for medical research has developed medicines that are not only saving more lives, but are also helping you to get better much more quickly. You need less medicines per illness than you used to. Modern prescriptions are wonderful, and we carefully price, each one to give you honest value.

Professional Planner Would Help City Meet Changing Conditions

First-Ocale, Now DeLand. Next abould come Sauford.

Frunkly, it should be the other way a-

Couls has decided to employ a city plan-ber to help with the adoption of a master plan—a plan which the city already has.

As a matter of fact, according to the exenstion in the Ocala Star Banner, the Ity of Ocale and Marion County are jointogether so that the plan will affect, not any the city, but the entire county as well.

It is graphically pointed out in the Ocala Star Banner's story that, in all probability, more changes will take place in Ocals and its suburbs within the next ten years than in any similar period in the municipality's long history.

The employment of a professional planner as a consultant to help the area meet the changing conditions to its best advantage is hailed as a wise and commendable move. Now we all know that Ocala is not the

ealy Central Florida city which is facing hundreds of changes in the next decade.

Sanfey and Seminole County has been aware of the changes for several years.

We've been warned by analysta who have put figures together to point to the widepreed changing scene here.

But-does Senford have a master plan? If it has, what is it and what are we doing to carry the plan to its fullest completion? "Are those of us watching and guiding the sity's future considering taking the advice of a professional in the field of city planning as we look into the future?

Or, are we going to meet the headlong evaluate of industry, residently and selection and growth in a helier-skelter hodge pedge manner without knowing which way to turn to better our community?

Face liftings are going on all around us.

For instance—a visitor to the city of De-Land would hardly recognize it if he had. not been there for several months, Ocala of its master plan.

Here in Sanford the same plans should already be underway. What are we going to do about it?

School Days,

It won't be many more days now before the young people of Sanford and Seminole County will hang up their fishing poles and put away their play togs for another season.
School officials here report that surollment will be "up" in almost every school of the county.

With Navy personnel forming a very important part of our community, new industries moving in to operate in Sanford and Seminole County, many more residents moving in to make their homes in the land of sunshine have all caused the attendance figures to rise.

One brand new course has been added at Seminole High School as the Diversified Cooperative Training program gets underway, And new facilities have been contracted for at Lyman School.

All of this points to the fact that it's been a very short summer. Squash seems especially suitable for late summer and early fall meals. It is colorful, and its flavor blends so well with other vegetables, it is especially good when mashed and then seasoned liberally with margarine and a little brown sugar. The combination of flavors is a bit similar to that of candied sweet potatoes, without being cloying and too rich.

Miss Allyson Lee **Observes Birthday** With Wiener Roast

Sanlando Springs was the scene of a birthday party Saturday motions, with Miss Allyson Lee as honored guest. The guests met at Miss Lee's house and were driven by her mother to the plenic spot.

Swimming, hiking, games and lancing were enjoyed by the group, after which they roasted wieners, and, in addition, were served baked beans, potato salad, and a soft drink.

After the meal, the party moved down to the spring where they cut the two lovely cakes, chocolate and white, which were gaily trimmed with pastel colors for the occasion. Miss Lee then opened all her lovely gifts.

Those attending were Miss Cindy May, Miss Sheryl Woodard, Miss Mary Helene Washburn, Miss Penny Pulver, Miss Ruthle Carlton, Miss Betty Ann Slaton, Miss Carol Cleveland, Miss Merritt Philips, Miss Ann Crapps, Miss Sharon Riser, Miss Rose Kratzert Miss Barbara Bradley, Miss Deanna Nichols, Miss Susanne Jones, Miss Jackie Berryhill, Miss Judy Robb, Miss Sally Robb, Miss Sandra Estridge, Miss Debbie Scott, Miss Lynn Crabtree, and Miss Lorraine Jeffards.

Theater Party Held For Daryl McLaine On Eighth Birthday

Daryl McLaine was entertained on his eighth birthday, Monday, Aug. 27, with a Theater Party given by his mother, Mrs. Raiph McLaine, Daryl and his guests attended the matinee showing of "Avey All Boats" after which they returned to the McLaine home at 708 Elm Street.

The main point of interest there were the cowboys who galloped across the tablecloth and matching napkins with six-shooters blazing. Harmonizing with this cowboy theme was the chocolate cake, adorned with yellow icing, which the group was served, along with dishes of icecream. Attending the theater with Daryl

Contract Awarded For St. Pete Post

Office Building WASHINGTON un - The Post Office Department said Friday a contract for the 13/4 million dollar post office building at St. Peteraburg, Fla., has been awardat to the Harving Realty Co., of Mil-

waukee, Wis. Rollin Barnard, deputy assistant postmaster general, said the convern is organized for construc-

tion work in Florida. Barnard said the building will Varied Selection of Plans Avail- be the first major federal building with drive-in facilities for patrons similar to the drive-in windows now operated by some private

banks. He said the two-story building will be air-conditioned and will have 154,000 square feet of floor space plus 7,900 square feet for truck platforms and 147,000 square feet for mail truck maneuvering and parking.

The building will be located on the northwest corner of First Avenue North and 31st Street North. " by the department under a new 30-year lease policy, Bernard said. It also is the first time the department has prepared final working plans and specifications

Ten bids were submitted for the building two weeks ago. Barnard said John B. Gay, a St. Petersburg firm, was hired to prepare the final plans at Post Office Department expense but the Harving Co., was required to buy these plans as part f its contract.
