NRA WARNED OF GENERAL MILL STRIKE

Cotton Textile Industry Workers Threaten Walkout Monday Of 300,000 Persons

WASHINGTON, May 29.—(A.P.)—Thomas F. McMahon, president of the United Textile Workers of America, served formal notice on NRA today that a general strike in the cotton textile industry would be called for Monday if an NRA order curtailing production in the industry by 20 percent were placed in effect.

Mcmahon, accompanied by other union officials and representatives from northern and southern cotton mill centers, estimated that 300,000 workers would leave the mills on the first day of the strike if a walkout is ordered, and that the number would be considerably larger within a week.

As an alternative to the production cut granted by NRA at the request of the Cotton Textile Code Authority to prevent an overproduction, the Textile Union proposed a machine hour week of 60 hours divided into two daily shifts of 30 hours each.

The present code provides an 80-hour week of two 40-hour shifts.

Candidates To Speak In Lake Monroe Hall

Candidates for local and state political offices will make their last appearance in the western part of Seminole County when they gather at Lake Monroe School tonight at 8:00 o'clock to participate in the 8th of a series of 10 meetings sponsored by the Seminole County Democratic Executive Committee.

Committee Secretary S. M. Lloyd will preside, and the speakers are Dr. Frank Park, E. P. Brady, J. E. Jackson, L. P. Hagan, O. P. Herndon, and G. W. Spencer, candidates for the State Legislature, and Albert Jarrell, J. E. Preston, and S. A. B. Wilkinson, candidates for the State Democratic Executive Committee.

Orlando Man Winner Of Fiddling Contest

Announcement was made late yesterday that Jim Boyd of Orlando was the winner of the fiddling contest which was one of the features of second annual Crackers Day celebration stage here all-day Saturday. "Bug" Beasley of Orlando was second prize winner.

It also was stated that Joe Clowes of Tampa was the winner of a special contest staged by the entertainers during the square dance late Saturday night. Clowes is a guitarist who is said to be the state champion. He was the popular choice for prize money over Norman Beasley of Orlando.

STEAM HEAT ON IN JACKSONVILLE OFFICES MONDAY

Storm Off Coast Made Day Coldest May 28 In History Of City

JACKSONVILLE, May 29.—(A.P.)—Steam heat and overcast skies took to Florida yesterday as a chill northeast wind, drawn by a storm off the Atlantic coast, made it the coldest May 28 in Weather Bureau history. Unseasonable temperatures extended over a large section of the Florida peninsula and caused a vast area

to be colder than it was in Montreal, Canada at noon yesterday. Frost at degrees compared with 38° in the Canadian metropolis.

By mid-afternoon the temperature had climbed somewhat to around 60 degrees. The streets here, however, bundled pedestrians made a strange contrast with those who stuck to thin linens and layers of clothing.

Many and extreme southern Florida alone escaped the low temperatures. Miami had a minimum of 50 Sunday night, compared with readings in the far north.

A violent and strong storm near Moss Bluff in the southeastern part of Marion County, near Orlando, during the night and left thousands of twisted pine trees in its wake. Orange groves and corn fields were reported damaged but buildings escaped unscathed.

Extraordinary high winds gusted at the approach of the Daytona Beach sea, causing

the course over which world automobile speed records have been set. The mercury fell to 50° and 25 inches of rain fell in 24 hours.

Tallahassee, in the north central section, felt a temperature of 67 yesterday and deluges of rain poured over all north Florida. About 85 is the average for this time of year.

At St. Petersburg, the east end of the city, the temperature fell to 60° yesterday and deluges of rain pored over all north Florida. About 85 is the average for this time of year.

For three women the wives of the three judges of the competition, that the South Atlantic flight had been completed with the end of hours of action was

announced.

Your Dollar Is Still World's Best Money

NEW YORK, May 29.—(A.P.)—In the face of talk of inflation and currency dilation, the dollar stands today as the most favored monetary unit in the world. Ever since the demands proposal in Washington last week of freezing the nation's gold and silver in the possession of the amount of silver, the dollar has become the standard of value throughout the world. Even though the confidence of the public in the dollar has been shaken by the recent fluctuations in foreign exchange markets, the dollar still remains the standard of value.

Washington, May 29.—(A.P.)—President Roosevelt signed a bill authorizing the U.S. Treasury Department to issue \$100 million in gold certificates.

BERT CHAPMAN WILL UMPIRE IN CENTRAL LEAGUE

Laing Announces List Of Men Who Will Work Around Loop

Bert Chapman, former major and minor league baseball star and of recent years a member of local semi-pro ball clubs, has been signed as an umpire in the Central Florida Baseball League.

This announcement was made today by President Roby Laing who recently inaugurated a new league policy in that all league umpires will umpire only in their home cities.

Mr. Chapman will umpire here on Thursday afternoon when Manager Bill Story's Klammees Cowboys come to the city seeking a first win after three defeats.

Announcement also was made that the umpires had been named in the other league cities. Clark Hinde will umpire at Cocoa. Gus Erickson, who once played baseball for Sanford, will umpire at Vero Beach, and Ules Woodall will umpire at Kissimmee.

Manager Sid Rive stated this morning that he will start Elmer Mattair, stumpy left-hander from Osteen, against the Cowboys on Thursday. Mattair has been searching for a chance to show his stuff. Manager Rive stated, and he will get that chance on Thursday.

It was not learned today whether or not Pete Schirard will be home from the University of Florida in time to appear in Thursday's tilt. He was signed yesterday along with Pat Miller, local player who may be a starter in the outfield Thursday.

A Condensed Education

What is more entertaining than up-to-the-minute news of all of the wonderful achievements of our present age? Accounts of scientific inventions that are sometimes more fantastic than any novel written; records of daring exploits; articles on queer modes of life in unknown countries; essays on better living in our own circles; utterances on the welfare of our children; information on the status of national and international questions that are hanging in the balance, and all of the day.

After you have read the local news in your local newspaper, The Reader's Digest, published at Pleasantville, N. Y., give to you, in condensed form for quick, easy and pleasant reading and entertainment, over forty articles carefully picked for importance from over a hundred of the leading magazines. No advertising is included in this handy little monthly—just brilliantly edited articles of lasting interest.

But write this office or The Reader's Digest Association, Pleasantville, N. Y., for a sample copy. We know of no better way of convincing you of the truth of our statements. Your personal copy of one issue will be sent to you without charge—Adv.

In 1860, a Portuguese navigator published a book on the subject of building a Panama canal.

Very Much Improved

After Taking Cardui
"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Jr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to others. beauty Carens recommended them. If it does not benefit you, consult a physician."

Mr. and Mrs. W. A. Sewell, Jr., of Waco, Texas, are the parents of Mrs. W. A. Cooper, who is the author of the article on Cardui.

It was decided to stage a special meeting on the subject at a later date.

A resolution was passed approving the cancellation of \$71,000 in city bonds that had been taken in as payment on taxes.

The Commissioners accepted an

information, a letter from the Seminole County Medical Society which endorsed the Commissioners' decision to take immediate action against persons who violate the quarantine ordinance.

The Society's various recommendations are to be tabulated and placed in the present city quarantine ordinance which also is to be amended to provide a \$100 fine or not more than 30 days in jail for a violation.

No action was taken on a request by Mrs. J. Fleischer of the Congregation of Beth Israel, that a water bill for \$17.90 for one month's service be reduced for the reason that a leak in the plumbing was responsible for the fact that over 100,000 gallons of water passed through the meter.

Clerk Lamson presented the Commissioners with a signed agreement between the city and Albert Hall, blacksmith who has agreed to remove the tin building he now occupies at Sanford Avenue and First Street before Aug. 1 if the Commission will withhold its recent decision to order demolition of the building at once.

Les Rabunton, local lumber grower and shipper, offered to pay \$20 cash for the release of one of his negro field workers who was jailed last week because he was unable to pay a \$60 fine. The offer was accepted.

The Commissioners were unusually uneasy over attacks on American diplomatic officials there.

"These attempts," Barrett said, "are the first wide-open and direct action of the organized anarchist element in Cuba and throughout Latin America to carry out a very definite program against the United States government, which has been mapped out most carefully for nearly two years."

Barrett said the anarchists, in a last definite effort to force intervention in Cuba, had now resorted to a reign of terror and that the lives and property of all Americans were in danger.

"These attacks," he said, "mean nothing personal against Caffery or Matthews, but are solely prompted by the organized anarchist purpose of hamstringing the United States in its new Cuban and Pan-American good neighbor relations and policies.

"These elements, which operate not alone in Havana, but also in Miami, Buenos Aires and Montevideo, know that if they can force the United States to intervene in Cuba, it would destroy American prestige and good neighbor promises in Latin America, and give a pretext for latent anti-imperialism forces everywhere to revile this country."

The Commissioners authorized the payment of \$243.15, representing back state taxes and interest on the Mayfield Hotel.

"I move that the letter be put on the table or under the table," said Commissioner Lehman as he interrupted the reading of a letter from the Seminole County Chamber of Commerce, addressed to property owners along the route of State Road No. 3 through the county, and asking that they consider giving the State Road Department an additional 100-foot right-of-way in return for a promise to beautify the entire route.

Mrs. Helen T. Morse of the Welfare Board had requested that the city take care of a small number of indigents in this manner, and Commissioner Lehman took the stand that "We ought to cut off the water and treat everybody alike."

The matter was held over until the next meeting.

The Commissioners authorized

the payment of \$243.15, representing back state taxes and interest on the Mayfield Hotel.

"I move that the letter be put on the table or under the table," said Commissioner Lehman as he interrupted the reading of a letter from the Seminole County Chamber of Commerce, addressed to

property owners along the route of State Road No. 3 through the county, and asking that they consider giving the State Road Department an additional 100-foot right-of-way in return for a promise to beautify the entire route.

"There are too many other things more important and essential than such a project," Commissioner Lehman said, "and I'm absolutely opposed to it." No action was taken on the letter.

The Commissioners approved a request that the FERA headquarters be set up in the former Chamber of Commerce rooms in the City Hall, provided the FERA would pay for the electricity.

After a long discussion of a proposal raised by both Frank Evans and Joe L. Marvettie as to the city's responsibility in creating a condition which has resulted in the flooding of the basement and orchestra pit of the Milano Theater, the Commissioners agreed to donate the tile needed for drainage purposes on condition that the city will not be responsible for the class with diplomas.

The program was concluded with a reading, "Graduation," by Miss Eloise Wien, a song by the Senior Class, and the benediction by Dr. W. A. Cooper of the First Methodist Church.

Charles Palmer was president of the Senior Class of 1934, and Miss Dorothy Marshall was vice-president. Miss Carolyn Carpenter was secretary, Miss Elizabeth Methvin was treasurer, and Miss Lorraine Yarborough was chaplain.

The class flower was "Semper Fidelis," and the class colors were green and gold.

It was suggested that the city donate about 250 feet of three inch tile which could be installed by FERA laborers, and the suggestion was finally adopted, provided, however, that the city will not be responsible for the results.

It was pointed out that since CWA crews had installed a new sewer at the rear of the theater building, surface waters no longer drain off into the sewer and as a result, the water backs up under the building, and at present it has flooded the orchestra pit and run over into the lower floor.

Major Leffler was of the opinion that the city is not responsible for the damage. "I don't see why we should repair the pit," he said. "I've had trouble with my pits too, and they just plain leak, that's

it."

It was suggested that the city should repair the pit, "but we should repair the pit," he said.

The Commissioners accepted an

Seminole's Even Lions Ball Loop Series At Two-AH

Falling on pitcher Lee Strom for 13 hits, including four doubles, the Seminoles team which finished the 8th annual Lions Club Junior Baseball League in first place, scored a 12 to 1 victory over the Giants team at Grammar School Park yesterday afternoon.

The victory earned the annual post-season series, each team now having won two games.

The deciding game of the series is scheduled to be played at the Park tomorrow afternoon at 5:00 o'clock. Lions Glen Lingle and John Meisch, Jr., are scheduled to act as umpires.

Tillis, hurling for the Seminoles, was in rare form. He allowed only three hits, one of them a triple off the bat of catcher Eason. Tillis had fine support at bat from Welborn, Eppes, Cunningham and Meriwether, the latter getting a pair of doubles for the second straight day.

Tomorrow's deciding game not only has the title at stake but also a picnic or party is to be given to the winning team. Arthur Branigan, Sanford-Atlantic National Bank cashier whose son is a member of the Seminoles team stated today that if the Seminoles win, C. J. Meriwether, A. W. Eppes, D. B. Welborn and R. A. Cobb will give a picnic at Sand Lake Springs for the team. If the Giants win, the Lions Club is expected to stage a party for the team.

Commissioners Talk About Their Stand On Liquor Problem

(Continued From Page One) that "I understand that at least four places are now selling liquor openly."

Commissioner T. L. Dumas asked Attorney F. R. Wilson whether or not the city could legal

ize the sale of liquor before the state had repealed its ordinance and Mr. Wilson gave the opinion that it could not.

Commissioner S. O. Shinholser proposed that the city, in his opinion, could set up a regulatory ordinance which would relieve the city of any responsibility provided the vendor lived up to all terms of the ordinance.

The Commissioners approved a request that the FERA headquarters be set up in the former Chamber of Commerce rooms in the City Hall, provided the FERA would pay for the electricity.

After a long discussion of a proposal raised by both Frank Evans and Joe L. Marvettie as to the city's responsibility in creating a condition which has resulted in the flooding of the basement and orchestra pit of the Milano Theater, the Commissioners agreed to donate the tile needed for drainage purposes on condition that the city will not be responsible for the class with diplomas.

SENATE BODY RATIFIES NEW CUBAN TREATY

No Serious Opposition Expressed During Discussion Of Pact Which Cheers Cuba

WASHINGTON, May 30. (AP)—The Senate Foreign Relations Committee today voted a quick approval to the new treaty with Cuba under which the United States renounces its right to intervene in the island republic's affairs.

At the same time the committee postponed action on American adherence to the World Court until the next session.

Chairman Pittman, Democrat of Nevada, in announcing a favorable report on the Cuban treaty signed yesterday, said there was no record vote, and no serious opposition was expressed.

Within an hour after the pact was signed, President Roosevelt rushed it to the Senate with a request for ratification.

"By the consummation of this treaty," said the President, "this government will make it clear that it not only opposes the policy of armed intervention, but that it renounces those rights of intervention and interference in Cuba which have been bestowed upon it by treaty."

The Senate appeared ready to give prompt ratification to the new treaty, but plans to that end were deferred when Senator Long of Louisiana insisted on delivering a speech on "Latin-American" affairs.

Long said Standard Oil of New Jersey had financed Bolivia in its war against Paraguay for the control of the Gran Chaco some in South America. In order to do easily get its oil to tide.

Cuban patriots hailed the pact as elevating the island to complete sovereignty and independence.

However, a fresh wave of anti-

(Continued on Page Four)

Growers Return From Meeting With Sholtz

As the result of a 45-minute interview held in the office of Governor Dave Sholtz yesterday, a party of Sanford growers and members of the Seminole Agriculture Club, headed by F. P. Dorner, returned to the city to report that Governor Sholtz has arranged for the growers to place their proposal looking toward the erection of a Farmers' Wholesale Distributing Market before Julian F. Stone, Jr., state FERA administrator, and C. B. Treadway chairman of the state advisory and planning board.

The delegation discussed the market plan and a means of financing it, and the hope was expressed that it would be possible to secure a federal loan of some size to insure its erection. As a member of the State Marketing Board, Governor Sholtz is said to have expressed himself in favor of the plan, and like Commissioner Nelson Mayes and State Marketing Commissioner L. M. Rhodes, he is said to have endorsed the plan.

The party which went to Tallahassee also included Alex R. Johnson, George E. Balmer, Frank Melch, and Ross Packard.

LATE RESULTS

Results of morning and early afternoon Memorial Day baseball games in the big leagues are as follows:

AMERICAN LEAGUE

Philadelphia 5 8 1
Boston 3 8 1

Batteries: Whitehill, Russell

Phillips; Gossen and Dickie.

NATIONAL LEAGUE

New York 5 10 1
Brooklyn 2 8 2

Batteries: Clark and Richards;

and Lopez, Barnes.

10 15 1

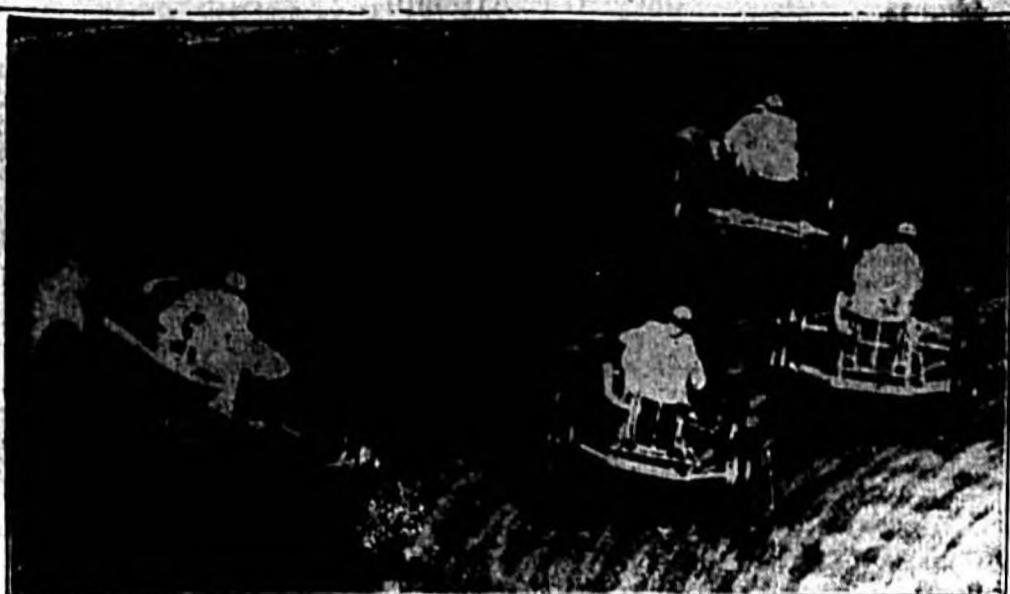

St. Louis 4 9 1

Batteries: Smith and

Moore, Hanson, Darby.

The same method will apply in

FOUR WHO SOUGHT GLORY AT INDIANAPOLIS.

Scene on the Indianapolis Speedway early this afternoon as four of the 33 premier American drivers who started the annual Memorial Day 500-mile race classic negotiated one of the four curves on the huge course which was crowded with racing fans from all over America. The scene shows Mauri Rose, driving a Duray speed, taking the lead at the end of the first 150 miles, a lead he was holding when the 400 mile lap was reached. Bill Cummings was second and Ralph Hepburn was third at the end of the 100 mile lap. Bulletin: Cummings Wins!

CROPS BAKED BY BLISTERING RAYS OF DESERT SUN

Temperature Rises To 108 In North Dakota; Fires Are Numerous

(The Associated Press) Scattered fires smoldered in several sectors of the West yesterday as a desert sun baked town and country.

Crops withered and rivers receded in temperatures which ranged through the 90's and reached a peak of 108 degrees at Oakes, N. D.

Flames cropped up in the woodlands of Minnesota and Idaho, and a huge marsh in the vicinity of Norwalk, Ohio, dehydrated by weeks of scanty rainfall and intense heat, caught fire.

Directors of the Sioux City, Iowa, chamber of commerce decided to ask President Roosevelt and Secretary Wallace to release sixers of cotton gin contracts from all crop reduction obligations. A committee was selected to enlist other Midwestern chambers and governors.

Rea Funeral Service Held This Afternoon

H. J. Rea, resident of Sanford for the past 16 years, died at his home on South Sanford Avenue late yesterday afternoon.

Funeral services were held from the Erickson Funeral Home at 3:00 o'clock this afternoon, with burial in Evergreen Cemetery. Rev. Wm. P. Brooks, Jr., of the First Baptist Church officiated.

Mr. Rea, a carpenter by profession, was born at Cheyenne, Oklahoma, on November 30, 1864. He is survived by his widow, Mrs. Maude Rea and son, Charles Rea, both of Sanford; two sisters, Mrs. Laura Head of Mangum, Oklahoma, and Mrs. Pearl Spence of Dallas, Texas; and two brothers, Sheriff Will Rea of Fort Worth, of the city, and sunk a 65-foot

POND CLAIMS PLANE WAS TAMPERED WITH

LONDON, May 30 (UPI)—Captain George A. Pond charged today that the air plane in which he and Lieutenant Cesare Sabelli recently flew the Atlantic had been maliciously tampered with before they left New York. Claiming that he had infinite proof, Pond traced the trouble to others encountered to alleged sabotage before the takeoff. He said he would attempt to fasten the guilt on someone when he returns to New York. We have evidence of three kinds of tampering, Pond said. There were strips of metal found in the oil tank and a thin coating in the oil line. The main fuel line from the rear of the gas tank was definitely shut off, and water contents of one of the tanks filled myself, were emptied.

A minority report recommended that the assembly follow the suggestion in a memorandum of Dr. W. M. McPherson, of the interior, to add an extraordinary panel commission to act ad hoc in the case and report to the 1945 assembly.

Another case involving the orthodoxy of a minister came before the assembly indirectly in the report of a panel of economists on the complaint of Dr. F. P. Robertson, of Memphis.

TROPICAL STORM WHIPS SELF OUT IN EASTERN AREA

Carolina Crops Suffer Heavily As Result Of Unusual Winds

CHARLESTON, S. C., May 30 (UPI)—After hurling itself out of the tropics with almost hurricane force, a storm which left thousands of dollars damage to crops, property and small shipping craft along the Carolina coast yesterday appeared to be spending itself in the interior.

Whipping this old seaport at a velocity of 45 miles an hour, the wind, accompanied by torrential rain, swept away a number of wharves, inundated the lower port, and sank a 65-foot

ELECTION CLERKS, INSPECTORS FOR JUNE PRIMARY TUESDAY HAVE BEEN NAMED

Election clerks and inspectors who will serve around the county on next Tuesday have been selected in all but one precinct, that at Forest City, it was learned at the Court House today.

It also was stated that voters Tuesday as were used in the past will visit the same polling places to speed in compiling the last general election.

In Sanford the two city precincts have been divided in the returns.

In Precinct One, which comprises all voters living on the west side of Park Avenue, voters will call at the Woodruff building at Commercial Street and Park Avenue and be handed ballots in one of two divisions of the room.

Those whose names are included in the classification "A through K" will cast ballots at one part of the room, and those whose names are included in the classification "L through Z" will vote in another part of the room.

The same method will apply in

Precinct Three, Sanford, through "K" division; A. D. Shomaker as clerk, E. E. Chapman

Herbert Russell, and G. C. Spec-

ers as inspectors; "L through Z"

division; W. M. Haynes as clerk,

M. H. Spencer, H. M. Rumley,

John Hunter, and W. H. Bettis as inspectors.

Lake Monroe: Albert Hawkin-

as clerk, W. E. Ogleby, M. L.

Shelby, and J. C. Moffett as in-

spectors.

Precinct Three, Sanford, A

through "K" division; A. D. Shomaker as clerk, E. E. Chapman

Herbert Russell, and G. C. Spec-

ers as inspectors; "L through Z"

division; W. M. Haynes as clerk,

M. H. Spencer, H. M. Rumley,

John Hunter, and W. H. Bettis as inspectors.

Forest City, 50 Shomaker, 51 Park, 31; Osceola, 55, total 54 voters.

PROPOSED U.S. SUFFERS RAIL LEVY SET BACK IN PROTESTED WEIRTON CASE

ROBINSON SAYS TRUCKS WILL GET MORE PRODUCE IF CHARGES ARE ORDERED ON CARLOTS

Court Rules That It Is Without Jurisdiction To Issue Injunction Sought

ATLANTA, May 30. (UPI)—Atlanta protest against the proposed assessment of carlot shipments of Florida fruit and vegetables by railroads for diversion and reassignment was made at the Southern Freight Association hearing in Atlanta yesterday by J. Curtis Robinson of Orlando, executive vice president of the Growers and Shippers League of Florida.

In a closing address, Mr. Robinson to railroad heads that additional charges of this sort would only free more business to trucks and residents. He said it would be against the interests of the railroads to place the proposed charges in effect by this summer.

The decision was general of the government's position for a preliminary injunction against the Western Railway Company pending final determination of the case.

Atlanta's contention that the action involved a federal question

that therefore, under the National Labor Relations Act, court lacked power to issue an injunction, was rejected.

The decision was general of the government's position for a preliminary injunction against the Western Railway Company pending final determination of the case.

The relative issue of whether the railroads' contention that the action involved a federal question

constituted a defense to the National Labor Relations Act

was rejected.
