

Village Committee To Be Continued

By Mona Grinstead
Members of the North Orlando Christmas Committee, meeting last week to hear reports on the Dec. 15 event, agreed to continue as a representative committee of various

organizations and clubs to assist in planning and sponsoring community events coming up later in the year.

It was voted that the fund balance on hand, \$72.64, would be used to establish a "Children's Event" fund after expenses of cleaning and storing Santa's suit and donations to the Civic Association towards the electric bill are paid.

The committee agreed to participate in giving an Easter Party for the children and in the annual Fourth of July celebration. A meeting will be called on the Easter Party.

Each organization represented will sponsor a fund raising project in the near future to provide the purchase of fireworks for the July 4 event and, for the celebration itself, will sponsor booths with proceeds going to the individual sponsoring organization.

Mrs. Spurling Dies; Founded Local Church

Funeral services for Mrs. Flora E. H. Spurling, 84, who died Friday in an Orlando nursing home, were held at 10 a.m. today at the Christian Missionary Alliance Church in Sanford with Rev. Charles C. Dees officiating. Burial was in Lakeview Cemetery.

A former Sanford resident at 1115 South Myrtle Avenue, Mrs. Spurling had made her home in recent years at 27 North Forest Avenue in Orlando. She and her late husband, Jesse Spurling, formed the first Christian Alliance Church in Sanford.

Survivors are stepdaughters, Mrs. George E. Wells and Mrs. E. A. Monforton, of Sanford; Mrs. Ralph Cowan, of Winter Park; Mrs. Harold Danforth Sr., of Orlando; Mrs. I. T. Stringer, of Winder, Ga.; and Mrs. Ola Keene, of Jacksonville; sister, Mrs. Abby David, of Orlando; brother, Carl Henry Harris, of Arlington, Va.; 14 grandchildren, 28 great grandchildren and several nieces and nephews. Gramkow Funeral Home was in charge of local arrangements.

Mr. C. Rodgers Funeral Tuesday

Clarence Rodgers, 49, of Longwood, died Friday at J. Hillis Miller Medical Center in Gainesville following open heart surgery.

Born May 16, 1914, in Hamburg, N. Y., he was a plumber by trade.

Survivors are his wife, Mrs. Vera Rodgers, three sons, Richard, Donald and William, and two daughters, Carolyn and Darlene, all of Longwood, and a number of brothers.

Funeral services will be held at 10 a.m. Tuesday in the Chapel of Niblack Funeral Home in Casselberry with Rev. Arthur Froelich of Maitland Bible Presbyterian Church officiating. Burial will be in Longwood Cemetery.

Active Cases Of TB On Rise In Florida

New active cases of tuberculosis are on the increase in Florida for the fifth consecutive year, according to Dr. Dwight J. Wharton, director of the Division of Tuberculosis Control, Florida State Board of Health.

Dr. Wharton reported a preliminary total of 1,368 new active tuberculosis cases in 1963 as compared to 1,439 cases in 1962—an increase of 129 cases. New active cases for the previous three years were 1,358 cases in 1961, 1,293 cases in 1960, and 1,271 cases in 1959.

"A large increase in the number of new active cases is being found in the age group from birth to age 15, not only in Florida but throughout the nation," Dr. Wharton said. He attributed

this increase among children to more thorough case detection activities and better reporting of newly-found cases.

Florida figures reveal that the total of 1,371 new active cases reported in 1963 included 30 children under the age of 15 while in 1962 the total of 1,439 cases included 138 children in that same age bracket. This represents a percentage increase of almost double among children discovered to have active tuberculosis in these two years.

Dr. Wharton cited figures released by the U.S. Public Health Service showing that there were 54,652 new active cases of tuberculosis in the United States in 1962, an increase of 828 more than the 1961 total.

Good Business

Seminole County's Clerk of the Circuit Court, Arthur H. Beckwith Jr., last week handed the Board of County Commissioners a report and a check in the amount of \$80,865.58.

This figure represented excess fees from the operation of the Clerk's office during 1963. It also represented an increase of \$9,091.39 over the \$21,274.19 that Beckwith's office remitted in excess fees during 1962.

In fact, during 1962 only seven other counties in Florida — Dade, Duval, Hillsborough, Broward, Pinellas, Brevard and Orange — remitted more in excess fees than did Seminole.

The 1963 figure appears to be even more impressive when compared to the \$16,536.69 in 1961 and \$14,713.04 in 1960.

This indicates that Beckwith along with his staff has increased the efficiency of the operation of the clerk's office or there has been a tremendous increase in the amount of business the office has transacted.

But the fact of the matter is, undoubtedly, that the increase in excess fees has been due to both of these factors. Beckwith, himself, points with pride to his aides and declares, "Without the very capable and diligent work by an exceptional staff these results would not have been possible."

The excess fees remitted by the clerk's office in 1962, the first time in Seminole County history, exceeded

\$20,000. One year later Beckwith comes up with another first — the first time the amount remitted exceeded \$80,000.

Beckwith's office came up with yet another first in 1963. During the year the clerk's office put \$15,000 in a reserve fund and placed on a time deposit. This was the first time the clerk's office — or any other fee office in Seminole County, for that matter — has been able to do this.

The Herald believes Beckwith and his staff deserve a word of appreciation for the manner in which the office has been operated during the past several years. And The Herald applauds Beckwith for placing a portion of his office's excess fees on deposit so interest could be earned before the fees plus interest were remitted to the Board of County Commissioners. This is good business.

Dr. Crane's Worry Clinic

CASE R-462: Dr. Frederick L. Hovde is president of Purdue University.

In his recent stellar address before a large convention at Detroit, President Hovde bestowed the widespread misinformation on our American Economic System.

"Better economic education," he said, "is a MUST if a free society is to survive."

That luncheon meeting was sponsored by astute Walker Claser, president of the Detroit Edison Company.

The main theme of the convention was the vital importance of better communications in American business and industry.

It was really a patriotic rally, for all of our freedoms in this great Republic are based on "free enterprise."

"Free enterprise" means you can start a factory in your own garage, as Henry Ford so ably proved.

You are at liberty to open a little grocery or a cabinet shop, a TV repair store or whatnot.

But that is NOT true in Socialistic England today nor in Communistic Russia.

For across the Atlantic, pri-

vate businessmen (and that includes farmers) are viewed with suspicion or open hostility.

They are looked upon as "economic royalists" and foes of the common man.

Actually, private business and professional men furnish most of the jobs in this country!

And those jobs offer the weekly pay checks that Uncle Sam then taps for income tax purposes!

So it is time we began to give our school children the proper viewpoint of employers and business heads.

It isn't Uncle Sam who is the real Santa Claus of America, despite the billions of our taxes he spends on relief.

No, indeed! It is the employers who serve as the millions of Santas that undergird this luxurious land!

Yet most people (including many college graduates) have only a kindergarten knowledge of business costs.

For example, clergymen often scold morticians for charging \$600 "for a casket that costs not \$100."

But these clergy fail to realize it is an entire 3-day use of a costly chapel, plus that cas-

ket and the embalming service, as well as the ambulance, etc., that all go into the \$600 total charge.

The \$600 is NOT the price of the casket alone but of the entire 3-day total service!

Moreover, the average college man has little understanding even of the cost of ordinary business letters.

For example, Dartnell Corporation recently made an exact analysis of the actual cost of every personally dictated letter by a business firm.

I've asked college graduates to guess at the answer and they estimate from 10 cents to 25 cents.

Yet the average cost is \$1.98, and this is a documented cost analysis report, not merely a guess or padded figures!

Even occasional editors have told the salesmen of the Hopkins Syndicate that "Dr. Crane must make millions out of the dime our readers send for his educational booklets and advisory services."

Even when you enclose a stamped, return envelope and 20 cents, we still lose almost 10 cents on every letter. And that's in spite of the fact I donate all my time and booklet royalties.

Total valuation of new non-farm building construction authorized in Florida in November, 1963, was "fractionally lower" than that for November, 1962, a report released by the University of Florida shows.

According to "Florida Construction Review," issued by the Bureau of Economic and

Business Research at the university, total authorized non-farm construction in November was \$106,747,700, a fraction less than for the same period in 1962.

However, the report said that for the overall 11-month period, construction was running 5.5 per cent above that in the same period in 1962 and

the overall 1963 volume will be the highest since 1959.

In addition to the 5.5 per cent overall increase, an 18.7 per cent increase was registered in public construction, and a 4 per cent increase in private construction.

Greatest percentage gain during the period was in the Tallahassee-North Florida district where nonfarm building authorizations were up 49.3 per cent over the 1962 period.

Primarily responsible for this was a 411.7 per cent increase in public construction. Second largest gain, 20.9 per cent, was in the Gainesville-Ocala-St. Augustine district where there was a 118 per cent increase in public construction.

The Review is published monthly in cooperation with the Florida Development Commission. Collection and processing of data is under Dr. Carter Osterblind, director of the Bureau of Economic and Business Research at the University and Elise C. Jones, assistant in research.

Letters

To The Editor

Editor, The Herald:
On behalf of the teenagers of America, I demand that this be printed.

We, the teenagers of America, protest!

Always there has been present, between the old generation and the new, a new factor. It has taken many forms; today it is in the form of the modern teenager.

Our protest is that we are not understood. Our idols are mocked and ridiculed by the adults of our generation. People do not and will not understand us. They don't seem to care that there is, in reality, much more good in us than there is bad.

Today when a problem arises, up comes the age old phrase, "Kids, who can understand them?"

Do these righteous, open-minded people ever even try to understand us? No! There are very few people who care enough to try to help us.

The teenager is going through a dramatic change. We are experiencing what every teenager through the ages has experienced. We are striving to make ourselves noticed and respected. We are trying to make something of ourselves in a world that too often tries to shun us.

Too many people look at the misfits of the teenage world (the delinquent and those like him) and immediately jump to the conclusion that all teenagers are delinquent.

Do you realize that it is you, the older members of our generation, the parents and the teachers, who are making the delinquent what he is? The teenager who goes wrong was denied something from the start, sometimes love, other times care, but more often it is understanding. By refusing to give us that one small factor, that costs one nothing other than a little time, you, the adults, have led us astray.

Then you ask, "Why don't you ask for help?" The main reason is fear of being refused, fear of being criticized instead of helped.

Now we come to the scholastic success of the teenager, too many parents only want their children to make good grades for the sake of good learning and knowledge. This is something that needs desperately to be altered.

We thank God there is some one we can turn to. There are people on this earth who care about us and who are willing to virtually fight for us. They are, however, few in number.

Look at yourselves, you, the fine upstanding citizens of America. Look at yourselves and then ask, "What have I done?"

Too many of you will answer, "I have done nothing." Others will answer, "I've done my share, why should I do more?"

This is written to arouse you, the adults—into action for and not against America's teenagers, your children.

Therefore, mock not our idols and our ways. Listen to us, hear us out, learn to understand us, listen to our protest and give us help so we will become the Americans, the teenagers, the leaders of the world that you want us to be.

We ask you not to quell our opinions out to let us speak our minds. We are learning to express ourselves as young adults, but we cannot do so unless you help us.

Remember, we are not a new generation but the product of your generation.

The Teenagers of America

Editor, Herald:
We still have all our Christmas decorations up and after last year's experience thought maybe I had better let the public know we are in our right mind.

One Sunday afternoon in January last year two young ladies, whom I didn't know, drove in our driveway and I went out and invited them in. We had all our Christmas lights burning inside and out. It was so dark and gloomy, and we were enjoying them, too. They said, "No, we were just driving by and noticed you still had your decorations up and we thought maybe we had better stop and tell you that Christmas is over; that maybe you didn't know."

Christmas is never over for me. We are having some neighbors' children in tonight for hot chocolate and cookies and to see the decorations. We have had other groups in, too. So please, Mr. and Mrs. Public, don't get disturbed if you drive by and see Christmas still at our home. Also,

Editor, Herald:
I would like to say to the person or persons that removed our Santa sleigh and reindeer from our front lawn the night after New Year's that I hope you enjoy them as much as we have in the past. Also, we want to thank you for leaving the spot light and the heavy duty outdoor cord. You should purchase a spot light before using them next year as the tiny lights in front of each reindeer and Santa are not sufficient to show them up enough.

A Blessed New Year to everyone.

Editor, Herald:
I would like to take this opportunity to express our thanks to you for the recent editorial concerning Dr. Starke's election as president of the Seminole County Medical Association.

It is indeed gratifying to live in a community where such a thing could happen, north or south. My husband has extended our congratulations personally to Dr. Starke, but we feel also that the Medical Association as a whole should be congratulated.

It would be interesting to know how many news services picked up this item, as contrasted with the many hits which have been picked up and quoted out of context. We feel that it helps to prove our point that if one has what it takes to be a leader, and command respect of ones' fellow men, the color is not a barrier.

Political Notebook

Washington Correspondent
Newspaper Enterprise Assn.
WASHINGTON (NEA) — There's a reason for President Johnson's sudden approach to Khrushchev for a "peace offensive" in 1964.

U. S. experts think Khrushchev's announced cutback in military spending won't be sufficient to enable him to get industrial - agricultural - consumer production on the track.

New government evidence here indicates Khrushchev's heavy step-up in military spending from 1960-62 was a major cause of his 1963-64 economic troubles.

From 1957-59 Khrushchev's military spending apparently held fairly steady. Russia's annual rate of growth of investments in fixed capital—which stimulates over - all

economic growth—went up a hefty 14-15 per cent a year, or a whopping 8.3 billion rubles for the two-year period.

Then from 1960-62, Khrushchev pushed arms outlays up by 3.3 billion rubles. The annual rate of growth of investment in fixed capital slid from 4.5 per cent a year, to a two-year total of 3.8 billion rubles.

From 1955-58, the Soviet economy reportedly grew by an average of 8 per cent a year. This slipped to around 2 per cent annually the past two years.

The Soviet construction materials industry was especially hard-hit by Khrushchev's arms race. Its growth rate dropped from 25 per cent in 1959 to 21 per cent in 1960, to 16 per cent in 1961, to 8 per cent in 1962 and to an estimated 4 per cent in 1963.

Much of Russia's over-all industrial growth depends on the strength of its construction materials industry.

"Khrushchev's plan to bury us by forcing us to spend ourselves into bankruptcy in an arms race has boomeranged," says one U. S. Soviet economic specialist.

Publicized first reports on the new Soviet budget indicated that Khrushchev was cutting back on military spending to give more aid to consumers, agriculture, industry.

New data carefully analyzed by Soviet experts here shows that Khrushchev is not only cutting arms spending, he is cutting back on consumer-agriculture-industry programs across the board.

This is what indicates to U. S. experts that the current cutback in military spending won't be sufficient to meet Soviet economic problems.

Here are examples of how Khrushchev in the past month has cut back on his 1970 goal: —Industrial goals were cut all along the line—in steel, other ferrous metallurgic pro-

ducts, plastics, chemical fibers. Goals for food, shoes, clothing, housing, wages have been revised downward.

—Textile production goals were slashed 28 per cent, from 13.6 billion square meters a year to 9.8 billion. Shoe output goals slipped 21 per cent. Fertilizer production goals, key in improving Soviet agriculture, were cut back around 10 per cent, meat goals about 20 per cent, milk goals around 15 per cent.

—In 1963, Khrushchev had planned for 91 million square meters of housing. Only 75.6 million were built. Housing goals for 1964 and 1965 have been reduced 17 per cent.

—Industrial and agricultural wages have been frozen for 1964 and 1965.

All Khrushchev's economic problems, of course, are not the result of military expansion. Soviet planners, administrators and managers have made many mistakes, and these mistakes have had a tendency to bunch.

Under the abortive Sixth Five-Year Plan, they brought a fuel-and-metal shortage on themselves. Currently, their errors have run high in construction.

Consider these figures: The value of uncompleted construction projects—uncompleted because of bad planning and management as well as shortages—increased from 16 billion rubles in 1956 to 17.8 billion in 1958, and to 27 billion in 1962.

Tribe's 1964 Grid Schedule Includes Lyman

About Sports

Thinking Out Loud

BY JULIAN STENSTROM

Bowes Is Second In Metro
Sanford Mike Bowes, Seminole's top notch scorer, has climbed to second place in the Metro Conference shooting race. Mike has appeared in all of the Tribe's 11 tilts this season and has posted a total of 195 points for an average of 17.7 per contest.

He is second only to Bishop Moore's ace, Gary Preiser. The Hornet sharpshooter, in an even dozen engagements, has netted 246 points for an average of 20.6 per game.

Metro Takes Night Off

Ever since the eight members of the Metro conference swung into action on a full scale basis it's been bang, bang, bang! But tonight, instead of four conference tilts, only two of the eight members will be in action, and in both cases they will be non-conference affairs.

Seminole's Tribesmen entertain New Smyrna Beach here tonight at the Fleming Gymnasium and the Pioneers of Oak Ridge move into Satellite Beach.

However, all eight loop members will return to conference action Friday night with a full slate of games. Winter Park comes to Sanford, Colonial visits Bishop Moore, Oak Ridge will be entertained by Evans and Edgewater will host Boone's Braves.

Triple Header Friday Night

Friday night's contest between Seminole High and the Wildcats of Winter Park will be part of a triple header. Possibly there's been something like this in Sanford before, but not that we can recall.

The dual main event will pit Seminole against Winter Park in the first tilt and the Rollins Tars will host the Bears of Mercer University from Macon, Ga., in the second. A preliminary between the Wildcat Jayvees and the Baby Seminoles will get underway at approximately 5 p.m. The Sanford-Winter Park tilt is slated for 6:30, and the Rollins-Mercer affair is scheduled for 8. We don't understand why they don't add another preliminary by pitting South Seminole Junior High with Sanford Junior High? We're just joshing. But did you ever stop to figure what a business the concession stand would do?

Lyman - vs - Seminole

We're extremely pleased to learn that officials at Lyman High and those at Seminole were interested enough in trying to satisfy the wishes of Seminole County football fans to almost move heaven and earth to get the Seminoles and the Grayhounds scheduled for a 1964 football game.

The affair will be played in Sanford's Memorial Stadium on Nov. 6.

It should be a natural next season. Seminole may not have quite the ball club they had this past year. On the other hand Lyman can get through the first half or so of its schedule without being plagued by injuries as they were last season the contest should be a natural.

Needless to say this corner is of the opinion it should be attended extremely well. We appreciate all the efforts Fred Ganas and Jim Pigott put forth to arrange this contest as well as the efforts expended by Dick Copeland at Lyman. We hear it was necessary to reschedule a Lyman contest with Apopka in order to complete arrangements.

Boosters To Buy Cage Equipment

The Seminole Boosters club Monday night in its meeting at the high school heard committee chairmen report on the activities during the football season, received high praise voiced on behalf of the coaches by Head Coach Jim Pigott, and voted to spend some of the money earned by the concession stands in the gridiron season on glass backboards for the basketball court and for the motion picture filming of at least one basketball game.

Mrs. Edie Swartz, treasurer, said that after expenses had been paid there still remained a balance of over \$1,000. Most of this income was from concessions and pop corn, although the 303 subscribing members reported by Membership Chairman, Mrs. Richard Elam, added a substantial share.

Mrs. Mike Caolo, whose capable handling of the "eats" stands at the home games helped so much in providing food for the hungry fans and funds for the athletic program, paid high tribute to the many willing hands that helped her. Especially thanked was Clarence McKee whose Nehl Bottling Co. provided drinks for the teams and cheer leaders for each game. Lucille Fesler, Bill Lovelace, Bill Hinson, Jim Grant, Mary Ed Meeks were other names among many praised for their contributions of time and energy. Also, Mrs. Laminor "the Patersons Averella, Billera, Lyons, E-lams" were names heard in Mrs. Caolo's talk.

The Dave MacGillis, affectionately known as "Mom and Popper" for their effort at the pop corn vender, were thanked for their efforts.

Mrs. Lee Samuel said she could not say enough nice things about the cheer leaders. They held a "car-wash" to earn money for their uniforms, sold programs, and "knocked themselves out" thinking up pep stunts for the teams. Coach Jim Pigott voiced an emphatic appreciation for the endless ingenuity shown by the girls in developing a pep theme for each game. The coaching staff was grateful and so were the players, he said.

Pigott also thanked Boosters, school authorities and the city commission for getting together on the sodding of the field at Memorial Stadium. The gala trip of the team, managers and coaches to the Gator Bowl also was mentioned as a highlight of the season.

I don't know who started the rumor, but it's just not so! The story goes that the Wednesday night City League entry — Jet Lanes is important bowlers from Notre Dame! You remember some

of those linemen's names . . . all Irish sounding! Dig some of those now shown for the J.L. team — Sloposky, Stabinski and Spli-ski!

Talking about Paul Sloposky, a newcomer to this area and now working at the Club Diamond, he was Top Dog for the City League again this week. Similar honors went his way in last week's play, also.

He led the team and the league with games of 222, 224/67 series.

There were quite a few other "goodies" thrown on Wednesday nite . . . for the Lake Monroe Inn's John Uhr 206, Harry Pentecost 227, Rich (Slingshot) Murphy 208, and Spli-ski with a 213 for the Jet Lanes five-some; Johnny Wright was over the 200 mark for Michael's Elk Gas with 206, 223/619.

Sweeney's Bar and Grill watched as Eddie Monroe found the lanes with a big 231 and teammate Pete Peterson chimed in with a 201. There were only two others making the "charmed circle" in this week's play — American Legion's George Oh-Swain, 213, and John Bridges of the Sanford Manufacturing team, 208.

Evidently the boys from the City League "loosened" some of the wood "cause in the following All Star League, there were three acts over the 600 mark.

Bowling for Larry's Mart—Garry Fox shot a 216, 214/626; Meador's Marine had George Oh-Swain hitting the pocket consistently with game of 210, 228/629.

And then the Cement-men of Inland Materials just couldn't believe their eyes as Spli-ski was rolling the ball without leaving those ever-present splits. I had a real fortunate night with games of 256, 193, 210/659 series.

Pete Peterson just popped in to let me know that the men will have their meeting this week in order to establish dates, times, etc. for the men's annual city tournament just like the women will be doing tonight.

I'll have more on this for you a little later in the week. Moonlight Bowling had 30 some entries this past Saturday, again proving that it's a popular promotion which is being readily accepted by one and all.

That'll do it for this week. Gals, don't forget the meeting tonight at 7:30.

Strikes . . . Spares

By John A. Spolski

Gals, this'll be the last time I'll have to remind you of the annual meeting of the Sanford Women's Bowling Association.

It takes place tonight at 8 p.m. in the nursery at Jet Lanes.

If you've ever attended one of these meetings previously, why don'tcha get one of your girl friends and hop into your auto-mo-bubble and lend your presence to the scene.

At this meeting you'll be talking about the plans for your forthcoming Women's City Tournament. If memory serves me correctly, I believe it's tentatively scheduled for the second and third weekends in March. But in any event, this'll be only one of the topics to be resolved during the course of the meeting.

I believe that it's most important that I call your attention to the number of bowling articles which are now appearing in the Sanford Herald. I'm quite certain that I speak for all of the participants of this sport when I convey their thanks publicly to the friendly folks here at the Herald for their appreciated co-operation.

To further assist them, we of Jet Lanes will gladly type all news releases which we receive from any of the various bowling leagues or get-retaries. Just drop off the pencilled info here at the lanes and we'll save you the trouble of typing same.

The Holler Motors/Navy Wives League continues to have itself a ball on Friday a.m.'s.

Eleanor Clemens of the Vigilantes team was our leader this week with a 178 game. Holding up series honors for the Ten Pinners was Pat Siple with her 480 act.

A couple of other "cuties" worthy of mention are Pat Draitm's 157; Vickie McK-Gough, 156; Margaret Botts, 170; Fran Morton, 174; Dee Rose, 154; Evelyn Fitzpatrick, 174; Jo Watson, 170; Joan Adams, 175; Thelma Unger, 157; Billie Johnson, 157; Rose Patrick, 170; Betty Bauger, 155; Pat Tournay, 170, and Jennie Hunnels, 175.

In Metro, SHS Plays Four Loop Teams

The Seminole High School football team will play four new Metro Conference opponents next fall plus a fifth newcomer, Lyman High School.

This was reported Monday night by Seminole Athletic Director Fred Ganas and Head Coach Jim Pigott in announcing the 1964 football schedule, the first for the Tribe as members of the Metro Conference.

The Titusville Terriers, the Colonial Grenadiers, the Bishop Moore Hornets, the Winter Park Wildcats and the DeLand Bulldogs are holdovers from last season. Colonial, Bishop Moore and Winter Park are Metro loop opponents and they will be joined by the Trojans of Evans, the Eagles of Edgewater, the Braves of Boone and the Pioneers of Oak Ridge.

Of particular interest to Seminole County fans is the addition of Lyman High of Longwood to the Tribe's schedule. The two schools games in both the Orange Belt and Metro leagues to enable the two schools to meet. Because of the growth of the Longwood-south Seminole section this should be the beginning of a long rivalry between the two institutions and one of these years it undoubtedly will be the "big game" for the two schools.

Pigott was pleased that officials at Seminole were able to continue their association with Titusville and also with DeLand. The Tribe will open with the Terriers and close with the Bulldogs. Outside of these two tilts, plus the Greyhound affair, the remainder of Seminoles' slate will all be Metro conference games.

The schedule is as follows: Sept. 18 Titusville Away Home Sept. 26 Colonial Home Oct. 2 Evans Home Oct. 9 Edgewater Away Home Oct. 16 Boone Home Oct. 23 Winter Park Away Home Oct. 30 Bishop Moore Away Home Nov. 6 Lyman Home Nov. 13 Oak Ridge Home Nov. 20 DeLand Home

Pigott said Monday night that in all probability the school's homecoming game will be the DeLand engagement on Nov. 25. However, he said, this is not yet official.

Athletic Support Stressed In Talk

Big time athletic programs in schools come from big time Booster club support. The splendid accomplishments of the Seminole Boosters Club thus far this year can well be just a stepping stone to even greater things for the high school athletics in years to come. This was the message that was given by Julian Stenstrom, associate editor of the Herald, to the three score of moms, dads and fans that met last night at the high school cafeteria.

Stenstrom, who until recently served as the executive secretary of a similar organization at Fresno State College in California, explained the development of that group into one of the most influential generators of pep in the west coast state. They have been instrumental, he said, in helping to bring more championships to the schools than have been won by any similar college in their conference.

It was the conviction of the local newsmen, sports writer and former sportscaster that with the firm foundation on

which the Boosters now stand next season can be a banner nine months of athletic accomplishment. Starting in the summer months, plans for early organization, use of radio, direct mail and telephone solicitation as employed by the Fresno stimulators can well expand the membership to many times its present 303 subscribers, Stenstrom said. Almost everyone of the 5,000 fans that attend the local football games could give at least one dollar for the improvement of the players and the athletic program, a part of which he is watching, it was felt.

The development activities suggested by the speaker included a campaign banquet, a climax gathering two weeks before the first football game at a "Players' Night" at the stadium. Here the complexities of the game would be explained, so the fans would enjoy the game more. And enjoying it, they would come offener.

A reception was mentioned as a means of affording Boosters and fans a chance to meet the players, get a look at them so they would feel on friendly personal terms with the boys as they appeared on the field during the season.

Stenstrom stressed the importance of adequate press box facilities. This gives the reporters and writers some protection from the weather, he said, a better vantage point from which to see and thus report the game. It also gives visiting newsmen a more favorable impression of the school and the city.

The significance of this "all-out" effort by the Boosters club can be tested in a development of more sports that are better supported by fans and therefore will attract more athletes. This develops better sportsmanship, high standards of character, and a greater realization of the value of participation, both for students and Boosters.

Stenstrom was presented by Dr. O.L. Barks, Booster president, who presided at the meeting.

Echaniz, Gasti Win Feature
In a hectic round-robin finish at the Orlando Seminole Jai Alai Fronton, the post five team of Echaniz and Gasti made good on their second try for game point to win Monday night's featured eighth event.

The winners were stopped their first time around by Arletto and Iriarte in post six, who then made their own bid for the fifth point. Up popped Martin and Quintana in post two to stop them and move into game position.

The post two, however, was halted by the pre-game favorites, Muguerra and Jacin in post four who promptly made their play for game point — only to be stopped in turn.

Next time around, Gasti and Echaniz hurdled their obstacles for the win. Martin-Arletto-Iriarte were third.

In the daily double, it was Urrizar and Augustin, a 2-3 combination paying \$50.20. Muguerra-Jacin took the All Star highlight, with Badilla-Quintana second for an 8-4 perfecta returning \$250.50.

In the afternoon's action, Gasti moved into the lead once again in his sea-sawing race with Martin for most wins.

Tribe Plays New Smyrna Beach Tonight

Seminole High's basketball five steps out of the Metro loop tonight to entertain the New Smyrna Beach Barracudas in a hardwood contest at the Fleming Gymnasium.

Meanwhile, Oviedo high-riding Lions, fresh from a victory over the Barracudas Friday night and a big win over the Lyman Greyhounds Saturday night, hit the road for a tilt with the Mount Dora Bible five.

Lyman High will be out of action tonight since their contest with DeLand was played Monday night. DeLand High officials requested that the contest be played Monday night instead of tonight due to examination schedules.

Wednesday night, Crooms Panthers go back into action with a contest with Daytona Beach in the coastal city.

At Seminole, Coach Ralph Stump's cagers may rejoice in getting away from the terrific pace of Metro Conference play by taking on the non-league 'Cudas this evening. It will be the first time the two clubs have met this season. If the locals can take the 'Cudas into camp it might get the Tribe to move back into Metro play Friday night with the attitude that they can win. Friday night they tangle with the Wildcats of Winter Park.

Game time at the Fleming Gym tonight is 6:30, when Coach John Colbert's Jayvees meet the Baby 'Cudas in a preliminary affair. The main event should take place about 8 p.m.

THE DEPENDABLES: SUCCESS CARS OF '64

Hot is the term that describes engines with more than adequate performance. It describes Dart's 225 cu. in. Six exactly. This Six has been more than a match of other compacts' extra cost engines. So why a new '64? We wanted to do something special for the guy who never quite got sports cars out of his system. And here it is! 273 cubic inches of bold V8 vigor.

Cat-quick from a stop. Plenty of reserve for highway passing. This responsive power plant turns regular gas into premium gusto. Prove it! Just guide the pedal toward the carpet, and you've got the answer—real quick! And isn't it just like Dart to give you more action. Dart already gives you more room, comfort, luxury and luggage space than more-than-a-few other compacts. And with Dart you also get a long, strong 5-year/50,000-mile warranty.* (There goes Dart . . . giving you more again!)

*THE DEPENDABLES GIVE YOU A YEAR (12 MONTH) WARRANTY — Chrysler Corporation warrants for 1 year or 12,000 miles, whichever comes first, against defects in materials and workmanship and will replace or repair all Chrysler Motors Corporation Authorized Dealer's place of business, the engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excluding manual shift), torque converter, drive shaft, universal joints, rear axle and differential, and rear wheel bearings of the 1964 automobiles, provided the owner has the engine oil changed every 3 months or 4,000 miles, whichever comes first, the oil filter replaced every second oil change and the air filter cleaned every 3 months and replaced every 2 years, and every 3 months for the 1964 Dodge Dart. This warranty is void if the car is used for commercial purposes or if the dealer is notified of such a defect within the required period, and requests the dealer to notify (1) receipt of such evidence and (2) the car's then current mileage.

Dear Abby: By Abigail Van Buren

DEAR ABBY: My son is marrying a very nice stay-at-home type girl. She is a fine person and we have nothing against her, but here's the problem. She loves to sew, but some of her sewing looks very "home-made" and that is why we don't want her to make brother-sister outfits for the wedding. She and my son will be married in May. She was widowed at a tragically young age (24) so she's not having a white wedding. She wants to make identical gold brocade tailored jackets for the groom and herself. She'll wear a black skirt and he'll wear black trousers. The woman at the fabric shop told her that men DO wear brocade jackets for dress-up but I've never seen any, have you? Should we let her go ahead and do it? Or should somebody tell her that she can make her own outfit if she wants to, but the groom should buy a ready-made suit?

GROOM'S MOTHER: DEAR MOTHER: Yes, men DO wear brocade dinner jackets, but I agree that "brother - sister" outfits wouldn't be appropriate for a bride and groom. Your

son should tell her in a kindly way that he'd prefer to buy a suit.

DEAR ABBY: I was taught not to kiss a boy on the first date. When Ron took me to the door he went to kiss me, so I turned my head. Then he said, "Don't you think I deserve a kiss for taking you out?" I didn't know what else to say, so I said, "I guess so, but make it snappy." He kissed me but he didn't make it very snappy. I didn't enjoy it much because I felt cheap. If this happens again, what should I say?

SEVENTEEN: DEAR SEVENTEEN: Say, "My kisses are not for sale. I thought you asked me out because you enjoyed my company."

DEAR ABBY: Any woman whose husband only tells her she is a lousy cook is lucky. My husband puts some action into his words. If he doesn't like what I put in front of him—wham! It goes on the wall, or me. Last night I had creamed potatoes in my hair, down my neck and all over my blouse. I am

always trying to explain to people why I have such strange designs on my kitchen wall. I can't tell them my husband had his potato flit. I started to cry and he said, "Shut up, you look awful when you cry." I have put up with this for 13 years, and will probably put up with it until death takes one of us. You see, he has some very good points, too, and when you love a man you can take a lot.

"GORDY'S WIFE"
DEAR WIFE: To each his own. But, lady—creamed potatoes?

We The Women: By Ruth Millett

"I feel sorry for Mrs. Johnson, having to follow Mrs. Kennedy in the role of First Lady." That is the reaction of many women who admire—as most women do admire—the grace, the beauty, the youthful exuberance, the artistic temperament and the courage of Jacqueline Kennedy.

It's a natural feminine reaction—for women tend to put themselves in another woman's place quite naturally. In "feeling sorry for Mrs. Johnson," what they are really thinking is, "I would hate to have to compete with the image of a woman so universally admired as Mrs. Kennedy."

But no one really needs to feel sorry for Mrs. Johnson—any more than they needed to

feel sorry for the young and seemingly shy Jacqueline Kennedy when she followed the gracious, mature, dignified, but cute-as-a-button Mamie Eisenhower into the White House.

For the truth of the matter is that just as a man who assumes the responsibility and the burdens of the presidency usually grows in stature to meet the demands upon him, so does the partner who stands at his side.

And there is no pattern a First Lady has to fit. Each brings to her position, and to the White House while it is her home, her own individuality, her own way of doing things, her own brand of charm, her own talents.

She doesn't have to try to do things the way any of her

predecessors have done things. From the moment she becomes the First Lady she doesn't follow—she leads.

So no woman needs to feel sorry for Mrs. Johnson.

She brings her own talents and gifts to the White House. And she will not for long be compared with any other First Lady.

Installation of the new officers of the VAI-1 Enlisted Wives Club was held at a luncheon in the NAS ballroom.

Mrs. Hershell Russell, beginning her second term as president of the club, presided over the ceremonies.

Those installed were Mrs. Robert Gorsline, vice president and parliamentarian; Mrs. Vern Graham, secretary; Mrs. Marvin Koozer, treasurer; Mrs. Richard Hoogerwerf, publicity, and Mrs. Vern Graham, treasurer.

Other flight wives present were Mrs. Roger Pope, Mrs. Floyd Oakes, Mrs. James Anderson, Mrs. Al Moylan and a guest, Mrs. K. L. Cook.

Mrs. Leroy Heath and Mrs. Ed Decker, wives of the commanding officer and executive officer of VAI-7, respectively, were honored with a farewell coffee at the home of Mrs. Bryan B. Brown.

Officers wives of the squadron were hostesses for the affair.

A corsage of yellow roses for Mrs. Heath and one of pink carnations for Mrs. Decker had been made by Mrs. Brown, whose husband will become skipper of the squadron Jan. 27.

A centerpiece of pastel gladiolus was on the lace covered table from which refreshments of pastries, tea sandwiches, coffee and tea were served.

Mrs. Heath was presented with a casserole in a silver stand from the squadron wives. A pie plate, also in a silver stand was given to Mrs. Decker.

Guests at the coffee were Mrs. Albert Antar, Mrs. Harlan Bakke, Mrs. J. F. Barlow, Mrs. Bart Bartholomew, Mrs. Harry Bryant, Mrs. J. A. deGanahl, Mrs. Henry Dement, Mrs. Ralph Feedback, Mrs. John Galloway, Mrs. Ed Gellner, Mrs. Warren Hoeller, Mrs. Wallace Holton.

Mrs. Louis B. Hoop Jr., Mrs. George Kimmons, Mrs. Robert Lovelace, Mrs. James Mayo, Mrs. H. L. Monroe, Mrs. Vincent Monroe, Mrs. Jane Moore, Mrs. Herbert Moreland, Mrs. O. W. McGuire, Mrs. Clifford Nelson, Mrs. Hugh O'Hara, Mrs. Leonard Reinhart.

Mrs. Wallace Russell, Mrs. George Schneider, Mrs. J. L. Shipman, Mrs. Stanley Stanul, Mrs. Jesse Taft, Mrs. Bobbie Taylor, Mrs. Leo Trepanier, Mrs. Robert Ware and Mrs. Charles Youngblade.

Mrs. J. J. Jarrell was elected president of the Chief Petty Officers wives club at its January meeting in the CPO Club. Chosen as vice president was Mrs. W. R. Armstrong.

Others elected were Mrs. P. J. Weber, secretary and Mrs. C. E. Morton, treasurer. Installation ceremonies will be held at luncheon at the Driftwood Inn on Feb. 4.

After the business meeting a film on polo was shown to the ladies. Refreshments of sandwiches, marshmallow cookies and coffee were served.

Hostesses for the meeting were Mrs. L. E. Fay, Mrs. V. M. Foster, Mrs. V. M. Ganderton, Mrs. C. Oxford, and Mrs. W. A. Wigg.

Other CPO wives attending were Mrs. J. B. Beckham, Mrs. E. G. Czecefsky, Mrs. C. A. Cisowski, Mrs. G. E. Dietz, Mrs. J. J. Hay, Mrs. Alvera Kelly, Mrs. F. J. Murray, Mrs. J. H. O'Donnell, Mrs. R. R. Pope, Mrs. H. H. Quinn, Mrs. C. B. Reeves, Mrs. J. S. Stankiewicz, Mrs. J. K. Stebbins, Mrs. R. E. Sims, Mrs. J. F. Uhr, Mrs. A. A. Vallier, Mrs. S. L. Wiggins, Mrs. J. T. Best, Mrs. D. E. Smith and Mrs. L. E. Morgan.

New officers of the VAI-5 enlisted wives club were elected at their January meeting held in the BOQ wardroom. Hostesses were Mrs. Barbara Rohrer and Mrs. Barbara Rameu.

Elected were Mrs. Ruth O'Neill, president; Mrs. Linda Pitman, vice president; Mrs. Elsie Reh, reporter and secretary; Mrs. Joan McDonald, treasurer; Mrs. Helen Tyre, chaplain and Mrs. Etta Farrell, historian.

In other business Mrs. Pat Rensbottom asked for help with March of Dimes roadblocks on Jan. 25 and the club noted its appreciation of the help in making baby gifts by Mrs. Clara Tiffin.

Mrs. Judy Boyce volunteered to help Mrs. Tiffin in the project and the gifts will be given to new mothers in the squadron.

Guests of the club were Mrs. Bonnie Wheeler, Mrs. Clara Yarker, Mrs. Gigi Copeland, Mrs. Eleanor Sutton and Mrs. Pat Haney.

Members present were Mrs. Shirley Dillow, Mrs. Sharon Hutto, Mrs. Pat Manning, Mrs. Linda Pitman, Mrs. Lois Linsey, Mrs. Peg Grey, Mrs. Marie Bunting and Mrs. Betty Tippet.

Mrs. Richard Bergen is home from the hospital and feeling fine after the birth of her two pound, 11 ounce baby girl. The infant is still in the hospital, but doing very well.

A welcome aboard coffee for new wives in the squadron has been set for Feb. 5 by the VAI-9 enlisted wives club. It will be held at 10 a. m. in the Acey Deucey club.

Plans for the coffee were made at the January meeting of the VAI-9 wives. Hostesses were Mrs. Bev Trimble and Mrs. Grace Herrin.

Also planned is a farewell dinner for Mrs. Marge Galmish and Mrs. Esther Gwarkney Jan. 24 at the home of Mrs. Dee Rose.

Enlisted wives interested in attending the welcome aboard

coffee should contact Mrs. Bev Noto at FA 2-8379.

Mrs. Laila Harris and Mrs. Phyllis Moore also attended the meeting.

Steak for two will be the prize offered the ladies of the Vigilante Navy Wives Club No. 211 for recruiting new members.

To win the steak dinner, present members must sign up three wives for the club by April.

The prize is part of a membership drive which will be kicked off with a "fun and games" get together Jan. 27 at the home of Mrs. Rhea Cooper. Co-hostesses for that evening will be Mrs. Jo Brown and Mrs. Mary Johnson.

Club No. 211 made the plans for the drive at its meeting at the conference room on the station. Officers of the club met for a short board session prior to the meeting.

Mrs. Ruth Farras was introduced to the group as a new member.

In other business Mrs. Janet Rogers was elected new corresponding secretary and a committee headed by Mrs. Ruth Smith is working on a Valentine's social for members and husband.

Any enlisted Navy wife interested in joining this club should contact Mrs. Barbara Driscoll at 323-0682.

Tentative plans for a homecoming party for the men of VAI-1 were made by the Tigerettes enlisted wives club at its meeting Thursday. Final plans will be made at the February meeting.

Mrs. Hershell Russell and Mrs. Al Moylan were hostesses for the group and served chocolate cake, cocoa and coffee to the ladies.

Also planned was a bake sale on Valentine's Day at the exchange. Mrs. Moylan is the chairman for the sale and Mrs. Robert Gorsline and

Mrs. Richard Shawley will assist her.

Mrs. James Anderson and Mrs. Kenneth Cook will bake cakes in February for the USO.

Three new members welcomed to the club were Mrs. Cook, Mrs. Amos Tiger and Mrs. Terry A. Perkins. Others present were Mrs. Vern Graham, Mrs. Richard Hoogerwerf, Mrs. David Ferrier and Mrs. James Anderson.

Russian Ducks Attracted To California

SAN FRANCISCO (UPI)—Russian ducks seem to like California.

This was the conclusion drawn by two San Francisco hunters when they were notified recently that two ducks they bagged during the 1962-63 hunting season carried Russian bracelets.

William Thornton and F. L. Brown shot their birds almost two months apart, but both ducks had been tagged by Russian scientists the same day—July 18, 1962—Wrangell Island, 300 miles north of the Arctic Circle, in the Chukchee Sea.

That Siberian island is about 3,400 air miles from where Thornton and Brown were hunting.

Utah's Great Salt Lake is much saltier than the oceans of the world.

Vigilante Navy Wives Club No. 211, 7:30 p.m. Social. Home of Mrs. Rhea Cooper.

Hostesses for the coffee were the officers wives of VAI-11 and Det. 8. Mrs. Yelnek, of the VAI-11 club, had been in charge of the decorations and her skill and talent was amply demonstrated by the decor of the ballroom.

The ballroom had been changed into a small portion of the Mediterranean area, featuring Spain, France and Italy. The foods of each of these countries was featured at separate booths and ladies in costume served it.

Glamorous and otherwise, ladies in that "basic black dress," stole the show at the coffee.

Dressed in woman's perennial favorites, the Navy wives accessorized them with items ranging from house cleaning gear to black lace.

The red bandana, apron and feather duster were featured with the outfit worn by Mrs. J. O. Mayo. A lovely black lace jacket topped the dress of Mrs. Stanley Stanul who carried a long cigarette holder and wore red and white garters just above the knee.

Much applause greeted the appearance of a costume familiar to most Navy wives. Deviating a trifle from the

Volusia Board Endorses Seminole As University Site

Resolution To Be Handed To Control Group

By Fred Van Pelt
Volusia County Commissioners, directly, and President Johnson, indirectly, joined forces Tuesday to give a double boost toward selection of a Seminole County site for the proposed East Central Florida university for undergraduate students.

Volusia Commissioners went on record Tuesday as favoring the location of the school in Seminole County. The approved resolution—reasoning that with the school in this county it will benefit students and engineers in all of East Central Florida, including Martin County personnel and Volusia engineers and scientists—has been presented to James P. Avery Jr., Seminole County Commission chairman, for delivery to the Board of Control at its Friday meeting in Orlando.

(The Martin Company this morning made a presentation of an additional proposed site in Orange County, near its plant and near the Bluestone site.)

Sen. Bernard Parrish of Brevard invited Sen. Mack Cleveland to inspect the Adamuel site in Orange County. Cleveland thanked Parrish for the invitation. But he also advised him that Seminole had what was considered by this county's leaders to be the best possible sites for the university.

We agree that Orange County and Orlando would provide more students at the university than any other area. This projection has been carried to 1970. However, who's to say that by 1975 or 1980 the Daytona Beach area would not provide more students? That leaves one conclusion: the university must be geographically located so as to not exclude any students from the overall east Central Florida sector.

Going through the post lock serving line at the Booster Club's meeting at Seminole High Monday night, Coach Jim Pigott looked over some 15 or 20 meat dishes and remarked, "These decisions are killing me."

And speaking of decisions, three major ones have been made. Jim Avery, Gen. J. C. Hutchison and John Fitzpatrick have decided not to seek re-election to the Board of County Commissioners. That will leave John Alexander and Lee Gary, brand new commissioners as of 1963, the only holdovers on the board. What an interesting situation this is going to create!

Thursday night Sanford Shrine Club nobles and their ladies will meet at the Mayfair Inn. Harold Kastner, recently elected Illustrious Potentate of Bahia Temple, will install officers.

A clock watcher, Mrs. G. F. McDaniel of Sunland, says the metropolitan phone system will be a step toward growing up. "If the county-wide phone system is approved," she declared, "we ought to establish a metropolitan bus system." In her opinion that will really go a long way toward uniting Seminole County.

If Seminole lands the university a metro transportation system will be a must.

Despite all of Seminole's growth and development, the leading economical factor in this county is agriculture with an annual turnover of some \$50 million. How do you like the flavor of that lettuce?

The next time you're on Interstate 4, or any other interstate highway in Florida, we remind you that the minimum speed limit is 40 miles per hour. That's a new Florida law.

The Women's auxiliary of the Glandville Fire Department is going to raise some more funds to help equip the volunteer group which has been doing such a fine job. They're going to start by sponsoring a fish fry from 5 to 8 p.m., Jan. 31. It's to be held at the Farmer's Auction Market.

Purse Stolen
Theft of her purse, containing \$27, from her parked car was reported by Mrs. Geno Gulco, Mayfair Inn, to police Monday night.

Candidates For Commission For Collector

FORD CAVANAUGH

Tossing his hat in the political ring for the first time, Lincoln Ford Cavanaugh, of Forest City, today announced his candidacy for County Commissioner for District 3, seat being vacated by James P. Avery Jr.

In announcing his candidacy, Cavanaugh said: "I'm not mad at anyone! I'm not running against anyone—but only for the District 3 County Commission seat."

Cavanaugh, 36, said that he "was born and reared up in a humble fisherman's shanty by the seashore in Northwest Florida near Panama City." He attended high school at Forest Lake Academy and has lived in Seminole County for more than 20 years. He is a Navy veteran of World War II. He attended Southern Missionary College, College, Tenn., for two years, Orlando Junior College one year and Stetson University for one year.

ROY R. WRIGHT JR.

Roy R. Wright Jr., a resident of Sanford for the past 20 years, has announced he will qualify for the May primary to seek the office of tax collector of Seminole County.

Wright is head of the bookkeeping and proof department of Sanford Atlantic National Bank, where he has been employed for the 25 years. During this time he has worked in every department of the bank, serving as bookkeeper, teller, loan and discount department and installment loan department.

In addition to his practical service, he has taken, through the American Banking Institute, special courses in banking fundamentals, negotiable instruments, bank administration, analysis of financial statements and commercial law.

In announcing his intentions, Wright stated, "I believe that my experience and knowledge of banking qualifies me for the job of handling the great financial duties and details of the office of tax collector. If elected, I shall use my abilities to best serve the people of the entire county."

Born in Rome, Ga., April 22, 1917, Wright came here at an early age. He attended local schools and was graduated from Seminole High School with the class of 1939, of which he was president. He attended the University of Florida and was a member of Phi Delta Theta social fraternity.

For 10 years Cavanaugh was self-employed as a plumbing contractor and currently holds a No. 1 master plumber's license at Orlando. The last five years he has been a pharmaceutical salesman, calling on doctors, drug stores and hospitals.

"I love Seminole County and long to see it thrive and prosper," said Cavanaugh. "Though I come from the tail end of the county, I am strongly opposed to sectionalism. I want to see Sanford flourish as a rose by the river just as much as Forest City and the other municipalities within District 3."

The candidate said he has "no intentions of trying to pave the county with political promises that cannot be delivered. I do not know the answers to all the problems confronting Seminole County but, if elected, with the help of a large number of civic minded citizens working together, we'll arrive at some satisfactory solutions. I am as pleased as punch the way the entire county is united on the university site proposal. For once we are all in step and singing the same tune. Certainly there is great joy in working together on worthwhile projects."

Daily newspapers at Ocala, Daytona Beach, Deland, Kissimmee and others and WESH-TV, Orlando, have editorially endorsed Seminole County, especially the Lake Ada site, for the university.

World War II, having served aboard the USS Bristol, a U.S. Navy destroyer, from 1942-45.

Wright is a member of First Presbyterian Church, American Legion and various Masonic Bodies of Sanford. As a Mason and a Shriner, he has served as master of Sanford Lodge No. 62, is past district deputy grand master and is presently grand scribe of the Grand Chapter, Royal Arch Masons of Florida.

Board of Control members Wayne McCall and John Pace, at the Jan. 10 meeting in Tallahassee, voted for the Econ site as a compromise when the entire board split 3-3 over Lake Ada, adjacent to Sanford, and Bluestone, 12 miles south of Orlando.

He owns his home at 1101 Palmetto Avenue, where he resides with his wife, the former Bertie Hughes, and his 12-year-old son, Roy III.

Board of Control will meet at 1:30 p.m. Thursday at Ovidio City Hall for a briefing by local university site committee leaders. Airplanes will be on hand at Duda airstrip should the Board members desire an aerial view of the Seminole sites.

He concluded by saying, "Here's hoping that during the forthcoming campaign we all have a barrel of fun getting to know each other better."

Three Seminole sites are in the running—Lake Ada, Econ and the Tuskawilla, the latter to be presented formally at the Board's session at 10 a.m. Friday at the Cherry Plaza Hotel, Orlando.

Captain Mayo will discuss the role and responsibilities of his command in Atlantic Fleet operations in a 30-minute speech illustrated with color slides.

Seminole leaders are united in their wish that the Board will make a selection Friday for recommendation to the State Cabinet, sitting at the Board of Education, for final approval.

Prior to the meeting, AOA members and guests will tour the Sanford Naval Air Station, inspect the new R-5C attack-reconnaissance aircraft and watch simulated carrier landing practice by Heavy Attack Wing One aircraft.

Members will meet at 10 a.m. Friday at the Cherry Plaza Hotel, Orlando.

Both Spenders, Economizers Hail Budget

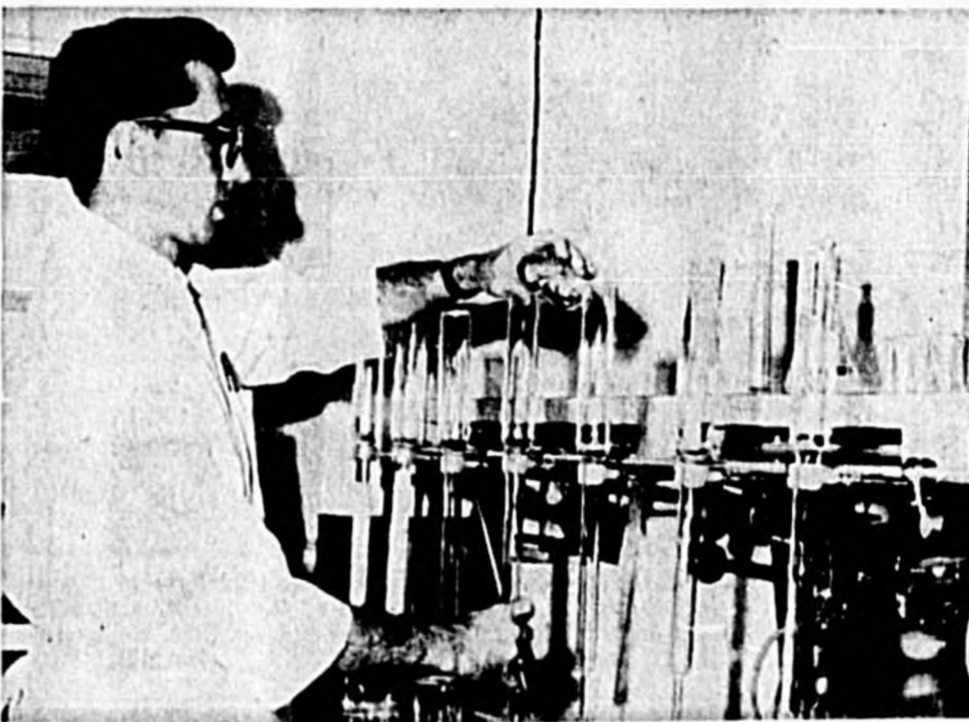

WASHINGTON (UPI)—President Johnson's newly unveiled \$97.9 billion budget, like a good morality play, had enough of everything today to please many economists as well as spenders in Congress.

Reaction from Capitol Hill, still coming in, showed a strong trend among fiscal conservatives to cite proposed spending reductions as justification for them to support a tax cut this year.

Among liberals, there was joy over Johnson's promise of a massive attack on pockets of poverty and his endorsement of almost all of the late President John F. Kennedy's urban spending program.

Not all comments were laudatory, by any means. There was some sniping by Republicans, and several Democratic budget watchers noted that the budget assured continued deficit spending.

Whether Johnson will be able to realize the spending and revenue goals he outlined actually won't be known for many months. Congress will not finish appropriating all the funds until late summer at best. By that time, the biggest tax cut in history, \$11.1 billion, is virtually certain to be law.

STATE OFFICIALS, including Commissioner of Agriculture Doyle Comer, will join with Seminole and Sanford officials Thursday morning at the dedication of the pesticide residue testing laboratory at State Farmers Market. Sen. Mack Cleveland will be the master of ceremonies. This is the only permanent laboratory of its kind outside of Tallahassee designed to protect the consumer and the producer of foodstuffs. Pictured at his test tubes in the new laboratory is Chemist Wade Shealy. (Herald Photo)

Hutchison Will Not Seek Re-Election

When Gen. Hutchison expressed his desire to step down as chairman of the Seminole County Commission at its reorganizational meeting Jan. 14, he gave indications bearing out reports he would not seek re-election to the board in this year's elections.

Gen. Hutchison today formally announced he will not be a candidate for re-election as Commissioner representing District 1.

"When I requested my fellow Commissioners to allow me to vacate the chair, after three years," the General said today, "I gave as my reason the pressure of business. That is true, too, for my decision not to seek re-election.

"The position of Commission chairman is demanding, very much so," he added, "and more so than on the other four members. I found I was away from my business office more and more, to the point of neglect. It is for that reason I decided to step down and, after this year, out."

Gen. Hutchison said he thoroughly enjoyed his work as Commission chairman during the last three years. "Both from a personal, selfish standpoint in doing public work, and in the great personal satisfaction of serving the people of Seminole County."

When James P. Avery Jr. was chosen Commission chairman for this year, Gen. Hutchison promised advice and counsel from his experience as chairman.

Commissioners Avery, John Fitzpatrick, John Alexander and Lee Gary, indicated their respect and admiration for Gen. Hutchison and his leadership by renaming Big Tree Road as "Gen. J. C. Hutchison Parkway."

Long associated with Chase and Company, Gen. Hutchison had been a member of the Florida National Guard for many years until his retirement in 1932 with the rank of lieutenant general. He saw active duty as an Army officer in World Wars I and II and wears the Silver Star Medal for bravery in action, the Legion of Merit, Bronze Star Medal and Air Medal.

Stopping Of 2 Ships 'Routine'

PANAMA CITY (UPI)—U. S. officials said today the stopping of two Panamanian ships near the Atlantic entrance to the Panama Canal was a routine matter not connected with the current crisis in the isthmus.

A U. S. military spokesman identified the two vessels as the Patricia and a tug boat named the Payard. He said they were halted and boarded by zone inspectors Sunday.

"There was nothing unusual about it," he said. "Boats near the canal are often checked." The Patricia was carrying 35 passengers and a crew of five. It was searched, he said, but the Payard was not.

The newspaper La Hora had reported that two ships, the Patricia and the Ondina, were held for two hours at the Atlantic end of the canal. The newspaper said both were later allowed to proceed. It did not say when the vessels were stopped or why. The report made no mention of the Payard and U. S. officials did not mention the Ondina.

Did Fidel Deal Red China Out?

MOSCOW (UPI)—Russia's new trade pact with Cuba apparently was in exchange for a pledge of support from Premier Fidel Castro in the Kremlin's dispute with Communist China, diplomatic observers said today.

Soviet Premier Nikita S. Khrushchev announced the long-term trade agreement Tuesday night at a gala reception ending the official part of Castro's visit.

Police Warn Of 'Con' Team

Police Chief Roy Williams today warned Sanford Negroes to beware of a Negro confidence team which has been attempting to bilk local residents.

The chief said a man and woman are attempting to use two old "dodges" to swindle local residents.

Farmers Now Can File For Gas Tax Refund

It is now time for Seminole County farmers who are holders of valid refund permits to file for a refund of state gasoline tax. The amount that can be refunded is four cents per gallon and the application should be filed before Jan. 31.

The last session of the Legislature made several changes in the gas tax refund law. Major changes now in effect are:

(1) Elimination of the book containing blank motor fuel tax refund invoices. The purchaser will be required to retain the sales invoice furnished by the seller and attach to his application for refund.

(2) The refund permit will be valid continuously from year to year as long as refund claims are filed yearly.

(3) Permit holders and sellers shall keep records of purchases for two years rather than one year.

For an application for refund of state gasoline tax for gasoline used for agricultural purposes contact the County Agricultural Agent's office (FA 2-3233).

10-Year-Old Girl Due To Bear Child

CHICAGO (UPI)—A 10-year-old girl is expected to give birth in St. Bernard's Hospital within two weeks. The expectant mother may be the youngest in Chicago's history.

Aides of the city health commissioner said there have been a number of cases of live births to mothers aged 11 in Chicago, two of them last year.

The American Medical Association said the youngest U. S. mother listed in its files was 10 when she gave birth. The youngest mother on record was a 5-year-old Peruvian who gave birth to a son by Caesarian section in 1939.

Police planned to question a 16-year-old boy named as the father by the 10-year-old expectant mother. The boy was a member of the family where the girl lives.

Car Dealers For Metro System

The proposed metropolitan telephone system got another favorable endorsement today when Willie Hunt, president of the Sanford Auto Dealers Association declared that his organization had approved the proposition and recommends its adoption by Sanford area subscribers of the Southern Bell Telephone Co.

Hunt said that most Sanford area dealers do business with many people throughout Seminole County.

"The members of our organization," Hunt said, "believe that a county-wide system enabling us to make toll free calls anywhere in Seminole would be of immense benefit to Sanford area dealers. We are also convinced that it would certainly benefit most of the other merchants who presently subscribe for Southern Bell service and do business in the county's southern area.

"Any time you can add some 20,000 telephones to the number you can phone toll free," said Hunt. "It is obviously worth the slight increase in rates."

Road Work Set

Because inclement weather has delayed county road maintenance, County Commission chairman James P. Avery Jr. announced today the county road department has authorized graders and other road machinery to be operated Saturday in an effort to return to schedule. Normally, the road department does not operate on Saturdays.
