

Branch Baby Christened In Winter Park

Malcolm Hugh Branch, three-and-a-half-months old son of Mr. and Mrs. William D. Branch of Denver, Colo., was christened at 11 a. m. on March 3 at All Saints Episcopal Church in Winter Park by Rev. Lyon Williams.

Godparents were his aunt and uncle, Mr. and Mrs. Thomas Herald of Casselberry.

Young Malcolm and his parents are visiting his maternal grandparents, Mr. and Mrs. Hugh Lynes who held a reception in his honor following the ceremony at their home on Queen's Mirror Cr. in Casselberry.

Attending were Mr. and Mrs. Hibbard Casselberry, Mr. and Mrs. John Burns and son, Mrs. E. M. Herald, Miss Gail Herald and Mr. and Mrs. Leonard Casselberry and daughters, Melinda and Cathy.

G. R. Wardwell Dies Here

Mr. George R. Wardwell, who had lived at Lake Monroe for the past 25 years, died Saturday at the Seminole Memorial Hospital after a short illness.

He had retired seven years ago from the Florida Power and Light Co., where he had been employed for 11 years. He was a member of the Episcopal Church, and a member of the American Legion of Sanford.

He is survived by his wife, Josephine, one daughter, Mrs. Joyce Willink, Sanford; two grandsons, David and George Willink, Sanford.

Funeral services will be held at 10:30 a. m. Tuesday at the Brisson Funeral Home with the Rev. John W. Thomas officiating. Remains will be forwarded to New Canaan, Conn.

Catholic Circle Makes Plans For Dance

North Orlando's Our Lady Circle of the Catholic Church of the Nativity held its meeting Wednesday night at the home of Mrs. Hilda Sommer, hostess.

Plans for the St. Patrick's Dance were concluded and Mrs. Gloria Fasula, ways and means chairman, said a big turnout is expected.

The next meeting will be held April 4 at the home of Mrs. Barbara Hoel, 111 N. Edgemoor Ave.

CHRISTENING CEREMONIES were held for Malcolm Hugh Branch at All Saints Episcopal Church in Winter Park with Rev. Lyon Williams officiating. In the Christening Party were, from left, young Malcolm's parents, Mr. and Mrs. William Branch; his Godparents, Mr. and Mrs. Thomas Herald and Rev. Williams. (Herald Photo)

Girl Scouts Attend Camp

A weekend campout beginning on March 2 was made by Girl Scout Troop 497 under the leadership of Mrs. John Hall at Mead Gardens in Winter Park.

After pitching their tent, the girls built a campfire and enjoyed a pig-in-the-blanket supper followed by a program and period of songs and games.

Saturday morning, after breakfast, they conducted a flag ceremony and later learned the art of knot-tying and lashing. For dinner that evening the girls had one-pot individual meals and enjoyed another evening of campfire activity.

After the Sunday morning meal, the troop held a Scouts Own and shortly after lunch broke camp in order to arrive home by 2 p. m.

Both Mr. and Mrs. Hall accompanied the girls along with Nancy Fishinger, Winter Park senior scout.

Girls attending from Troop 497 were Vicki Brannon, Leslie Carmichael, Sandra Elliott, Jane Epinger, Cheryl Hall, Candace Herrington, Patti Stevenson and Linda Watt.

Catholic Guild To Meet

The March meeting of the St. Mary-Magdalene Catholic Women's Club of Altamonte Springs will be held at 8 p. m. Tuesday in the Social Hall of the Parish.

Mrs. David Hartman, president, has requested all members to attend the important meeting when executive board officers will be elected for the ensuing year.

Officers Elected By Altamonte Club

The nominating committee's recommended slate of officers for the Altamonte Springs Civic Club was voted upon and approved at last Wednesday's 2 p. m. meeting of the group in the Community Club.

Elected were Dr. Gertrude Forman, president; Mrs. A. M. Birk, vice president; Mrs. W. R. Wigley, recording secretary; Mrs. Clifford Sands, corresponding secretary; Mrs. R. T. Oberly, treasurer; Mrs. E. M. Sammons, historian and Mrs. W. R. Hoberg, chaplain.

Mrs. Marie Weber of Maitland, program speaker, used as her subject, "The New Trend in Art." Following her talk Mrs. Weber began an oil painting of a hibiscus, the club flower, which she completed as the club conducted its business session when, other than electing officers, the group voted to donate \$50 to the Altamonte Library Fund.

To conclude the meeting, refreshments were served by the hostess committee which included Mrs. Frank O'Brien, chairman and Mrs. E. R. Gaskill, Mrs. Curtis Jones, Mrs. K. A. Jube, and Mrs. Frank Henderson. Mrs. H.C. Seaman presided at the coffee service.

The dainty party foods, decorated in keeping with a St. Patrick's Day theme, were served from a green net covered buffet table centered with an arrangement using the club flower. Graceful white tapers flanked the arrangement. Cookies were topped with a green shamrock which doubled as a lapel pin.

Mr. John Chandler Fortson, 83, died at his home on Kentucky Ave. Sunday morning after a lengthy illness. He was a retired carpenter and had lived in Sanford for the past 62 years. He was a member of the First Baptist Church of Sanford.

He is survived by his wife Mrs. Ollie Fortson; three sons, Julian Fortson, Apopka; Marian, Sanford; William, Mount Dora; two daughters, Mrs. Lee Hunter, Sanford; Mrs. Naamon Bennett, Sanford; 16 grandchildren, 18 great grandchildren; one sister Mrs. Lucy Sloan, North Carolina.

Funeral services will be held at 4:30 Tuesday at the Brisson Funeral Home with the Rev. W. P. Brooks officiating. Burial will be in Oaklawn Memorial Park.

Spotlight On 'Scouting' At C-TP Meeting

By Jane Casselberry
The spotlight was on "Scouting" at this month's meeting of the South Seminole Elementary School Council of Teachers and Parents held last Tuesday night in the school auditorium.

South Seminole Elementary Cub Scouts, Boy Scouts and Girl Scouts, attending the meeting in uniform, were given standing recognition and girls of Troop 442 formed a color guard and led in the flag salute and singing of "God Bless America."

Guest speakers were Mrs. Frank Russell, neighborhood chairman of the Lyman Girl Scout Neighborhood Assn. and

leader of Troops 338 and 339 and Walter Krohne, vice chairman of leadership training for the Central Florida Council of Boy Scouts of America and cubmaster of Pack 340 of Casselberry.

Both emphasized the importance of scouting in instilling the qualities of good citizenship and strengthening character in youth and stressed the need for more men and women to serve as leaders in all phases of the program.

Mrs. Russell, in area scouting for the past eight years, told of rapid growth of the movement in the Lyman Neighborhood during the past

two years from seven troops to the present 15. She pointed out that several more troops will be needed in the Fall and asked that those interested in volunteering to assist contact her.

She also explained why the annual cookie sales are conducted and gave the percentage breakdowns for proceeds which go to funds of the participating troops and to the Citrus Council for maintenance and improvement of Camp Ticochee near Barberville.

During two weeks of the sale this year, girls of the Lyman Neighborhood have

sold \$2,400 worth of cookies, but that there always is a need for more leaders. He briefly reported on work of Scout Troops and Cub Packs both in Altamonte Springs and in Casselberry.

Manufacturer's suggested retail price for the full-size 4-door Newport sedan, exclusive of destination charges. White wall tires extra.

CHRYSLER \$2,964.*

SPORTS-DIVE THE 300! Now in a new price range that starts just above Newport. Recent winner, Manufacturer's Award, Class 1, Pure Oil Performance Trials!

Newport continues to help Chrysler set a record sales pace so far this '62 model year. And, Newport's a very solid success. Its all-welded body has no bolts to loosen. It's a hefty car.

Newport's broad-shouldered V-8 engine has a surprisingly dainty appetite for all of its 265 horsepower—on a diet of 10% less-expensive regular gasoline.

Newport's rich fabrics would lend color and distinction to any living room decor.

Newport's, more than ever, Chrysler's finest full-size value!

THREE GREAT CHRYSLERS. NEWPORT = 300 = LUXURIOUS NEW YORKER... Again, no fr. editions to jeopardize your investment.

Seminole County Motors • 519 East First St.

By LARRY VERSHEL
LEFT OVER NOTES
FROM THE CITY COMMISSION MEETING:

Commissioner Al Wilson suggested no more informal closed door sessions without the press. "Let's have confidence in them, and they'll have confidence in us," said Al... The board said YES... While the commission discussed renovating the old county jail, attorney Bill Hutchison said he wanted the minutes to show that state law requires that an architect be used to draw up plans on all public buildings... None was used on the jail... Bill then went to look up the law... came back about 10 minutes later... The law, statutes at city hall only go up to 1951...

AND SOME MORE...
Commission gave informal approval to a revised bus franchise for Seminole Transit Company... New bus line hopes to be put into operation soon... First reading on ordinance scheduled March 29... Terminal point First and Magnolia... cab drivers up in arms... City gave credit to two residents who donated palm trees in front of city hall... Donors were Mr. and Mrs. Ed Smith and Mr. and Mrs. H. H. Fortner, both of Catalina Drive... Street Division Supt. Ed Griffith handled the job and it looks good... LP gas trial again defeated... In a memo from City Manager W. E. Knowles fuel cost would save \$300 a year on the five city refuse packer trucks alone...

AND SOME MORE...
It took the City Commission two hours to finally agree on a zoning ordinance, have it read (remember) and Monday night they agreed to study amending it... prohibiting new residential construction in industrial zones.

Bill Hutchison said that a recent survey revealed that there were 984 abandoned homes in the county in the \$7,000-\$9,000 class.

First CD survival course for county officials jammed two weeks ago... Monday night about 10 present...

The word around the Naval Air Station is high hopes for a new attack bomber called the A-2G...

I think today's editorial will clarify the hospital situation... By the way, Architect John Burton told us this morning that it will take about \$30,000 to complete the hospital but another \$14,000 for equipment... making it \$50,000 as the Herald reported last week.

Not many people are aware of it but there will be many contested races in the Democratic executive committee race. Twenty-three precinct men and women up for reelection and this morning Jane Adriatico of Goldenrod qualified for the Precinct 8 race...

Only seven more days to qualify for county and school board posts. Qualifications close at noon of next Tuesday.

County Engineer Carlton Illias said that work on W. Lake Branley Rd. will start sometime this month. It will be a project stretching three quarters of a mile and estimated cost... \$21,000.

Is there another cat burglar around? Five homes broken into this past weekend throughout the city... Homes on Mellogville, Revona Ct., E. Fourth St., San Marcos and Magnolia hit.

I wonder who the person was who stole a telephone out of the booth on Lake Branley Rd. The Sheriff's office would sure like to know.

This is "Postmasters Week" throughout the country. Guy Allen will speak to the Jaycees Thursday on how it feels to wake up each morning undecided on whether you have a job.

2 Seminole Groups To Protest Building Halt

Seminole County builders and mortgage bankers plan to protest a Federal Housing Administration directive ordering a temporary halt to speculative home building under FHA financing.

The FHA issued the directive for Seminole, Dade, Broward, Palm Beach, Pinellas, Hillsborough, and Orange Counties in the FHA's Tampa district.

At the same time, the county board of realtors, according to President Bryan Kimball, indicated today that it would support the FHA ruling, citing the 1,000 vacant homes in the county.

William Wilcox, regional director in Miami for the FHA, emphasized the directive does not affect homes already built or being built under FHA approval, even if the homes are without buyers. Neither will the order affect individuals who pick out a house and want to buy it under the FHA—as long as they can qualify.

City Acts To Finance New Sewage Plant

news... BRIEFS

Operation Success
BOSTON (UPI) — Mrs. Rose Kennedy, 71-year-old mother of the President, underwent a successful operation today for a "serious but not critical" pelvic hernia.

Cease-Fire Near?
EVIAN, France (UPI) — French officials and Algerian rebel negotiators tackled today a few remaining differences today in a final drive for an Algerian cease-fire that could come at any moment.

Milk Suit
TALLAHASSEE (UPI) — Attorneys for the Florida Milk Commission and a Pensacola dairy have 30 days in which to back up their arguments in the dairy's federal suit challenging the commission's powers.

Confer Again
GENEVA (UPI) — Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko conferred again today for more than three hours amid signs that Russia is stiffening its stand on Berlin.

Hoffa Trial
ORLANDO (UPI) — Defense attorneys for James H. Hoffa were expected to produce 2,000 newspaper stories today in an attempt to either win dismissal of mail fraud charges or have his trial moved to Detroit.

Powers Hailed
POUND, Va. (UPI) — Francis Gary Powers, the shoemaker's son, listened to the band playing "When Johnny Comes Marching Home." He sat up there on the platform before the home-folks and heard himself called a hero and the local boy who made good.

B70 Backed
WASHINGTON (UPI) — Chairman Carl Vinson of the House Armed Services Committee today rejected President Kennedy's argument against a speedup of the B70 bomber program and pressed his demand for a show-down on Congress' right to play a major role in such decisions.

Candy For Kids
NEW DELHI, India (UPI) — Mrs. Jacqueline Kennedy handed out lollipops at a children's hospital today on the second day of her visit to India.

COUNTY HOME RESIDENT Harry Garwood, right, questions Magician Fred Tirrell about a baffling disappearing five dollar bill act shown during a two-hour show for the Home residents Monday night. Tirrell, in cooperation with the Sanford Moose Lodge, will present half-hour shows all day Saturday as part of Sanford's "Cracker Days" celebration with all voluntary proceeds to benefit the Home. Casselberry Gets Liquor Petition

The issue over Sunday sales of beer, wine and liquor in Casselberry was put before the City Board again Monday night in the form of a petition asking that the town conform with county laws.

Mrs. Mahel Griffin, who sponsored circulation of the petition said to contain enough signatures of the town's registered voters to bring the matter to a referendum, presented it to the board.

She read a report itemizing various personal opinions through direct statement and inference but containing no direct appeal in regards to the petition.

Chairman Paul Bates, visibly upset over the derogatory report and frankly admitting that it "utterly confused" him, called upon the people to weigh the situation before forming an opinion.

The lengthy list of names with its separate listing of residents who live in the area but out of the city limits, was turned over to Mrs. Lillian Beisel, town clerk, for a check against the voter registration books.

An annexation ordinance for an area west of Hwy. 17-92 was approved only after Bates split the tie vote of George Howard and Cliff Overman for and Mrs. Hope Bennett and Robin Lady against.

The area, running up and covering part of SR 427, includes the ACL railroad and depot and Inland Material, Inc. Objections of Mrs. Bennett and Lady were based on the unpaved roads in the area which Lady said could be a "serious detriment posing a huge indebtedness."

He asked every citizen present to drive through the area and make an inspection.

"This council seems bound to put the town in such a condition that property tax is going to become a necessity," he said.

Second reading of the ordinance will be made at the board's next meeting.

In other business the board approved the Fire Dept. budget including funds for its radio system.

Approved a plan for the town to work with the county and Seminole Raceway on an estimated quarter million dollar municipal connecting link paving program.

Accepted a plat for development of one block on Kenta Rd. subject to inspection and approval of Town Attorney Kenneth McIntosh.

WORK STARTED THIS morning on renovating the old county jail into a first class city police station. The first step in the \$12,000 program is the scraping of old paint on the top floor. The job is expected to be completed in two months. (Herald Photo)

Outside Fire Calls Lake Mary Issue

Members of the Lake Mary Volunteer Fire Dept. are expected to discuss continued coverage outside the Fire District (old Precinct 10) at today's 8 p.m. monthly business meeting at the Fire Hall.

Unofficial recommendations made at a meeting Monday night of the District Commissioners leave the matter to the discretion of the Fire Chief and the volunteers on hand when a call for service out of the district is made.

The volunteers also will hear a report from the commissioner's meeting on insurance rate reductions resulting from recent improvements and closer compliance with

2 Die In Train, Truck Accident

PORT MEADE (UPI)—Two persons were killed shortly before dawn today and two seriously burned in the fiery crash of a freight train and an automobile carrier truck near here.

The Highway Patrol said the driver of the truck and the train's engineer died in the crash. Two others on the train were seriously burned.

The patrol said the accident happened two miles west of Fort Meade, which is 12 miles south of Bartow on U. S. 17. Investigating officers said an Atlantic Coast Line phosphate train was pulling away from a mining area when the collision occurred.

The impact of the crash derailed the locomotive and it fell on top of the truck. Diesel fuel from the locomotive spilled over the area and caught fire.

Cubans Register For Rationing

HAVANA (UPI) — Cubans started registering for coupons today in preparation for drastic nationwide rationing of basic foodstuffs and soap ordered by Premier Fidel Castro.

Rationing, which Castro said was forced by the "imperialist U. S. blockade," begins next Monday.

Commodities affected by the new restrictions include such staples of the Cuban diet as rice and beans, as well as meat, milk and cooking fats.

Castro said Cubans can expect the following allotments of food and household necessities:

Lard—one pound per person per month, a ration already in effect.

Rice—Six pounds per person per month.

Beans—1½ pounds per person per month.

Soap—One cake of laundry soap and one cake of bath soap per person per month, plus one medium-sized package of detergent per person or a large package for two persons.

Toothpaste — one medium-sized tube per person per month or one-quarter of a large tube.

\$29,000 Year Voted To Retire 1924 B Bonds

The City Commission Monday night agreed to budget approximately \$29,000 per year for the next 16 years to pay off series B bonds and finance a sewage treatment plant by 1977 indicating that the money would come out of the utility budget which would mean an increase of from 85 to 90 cents per customer in the city.

After a lengthy session, the board asked fiscal agent Loomis Leedy to come up with a firm bond schedule on financing the project which, according to City Manager W. E. Knowles, would help improve the city's fiscal standing and would give the city a "planned bonding program for the first time."

Knowles pointed out today that if the program is not put into effect, thousands of dollars of debt would have to be refinanced in 1977 at an interest rate three times "what we are now paying."

The series B bonds would be retired on a schedule so they will not have to be refinanced.

At the present time, Sanford budgets \$8,260 for principal and \$10,425 for interest under these bonds for a total of \$18,685.

According to Knowles, Sanford must be prepared to pay an additional \$10,000 per year on principal under the proposed \$300,000 issue for a sewage treatment plant.

The series B bonds were floated in 1924 to purchase the city water system.

Work On Jail Starts

Work on renovating the old county jail into a first class city police station and jail started this morning.

Monday night, the City Commission gave the okay for the renovation with the stipulation that it not exceed \$12,000.

The money for the project will come out of surplus funds which City Manager W. E. Knowles explained "are in good shape."

In other business, the commission agreed to purchase 30 automatic parking meters at a cost of \$10.50 each.

Gave final approval authorizing the joint use of the county registration rolls.

Tabled action on installing 19 street lights in the area from W. 16th St. to W. 18th St.

Tabled action on resurfacing the alley between First St. and Commercial Ave. pending a downtown survey report. Estimated cost of the project is \$765.

Agreed to install street lights at Celery Ave. and Bay Ave. and at Celery and Willow Aves.

Agreed to pave Willow and Bay Aves. from Celery to Seventh St.

Imported Citrus Called Threat

WAVERLY (UPI) — If citrus production costs keep rising, foreign fruit will have a price advantage on the U. S. market, it was predicted Monday.

W. C. Pedersen, president of the Waverly Growers Cooperative, said that last week a shipment of Jaffa oranges arrived in New York City from Israel.

Pedersen said duty on foreign fruit is so small that overseas shippers can afford to ship to the U. S. market and compete with domestic fruit prices.

He said unless labor and other costs don't stop rising, U. S. growers will be in for some serious competition in their own country.

\$4.9 Billion In Aid Requested

WASHINGTON (UPI) — President Kennedy asked Congress today for nearly \$4.9 billion in foreign aid and said any less might lead to trouble that all the "armies and atoms" of the United States could not put down.

The President requested \$1.5 billion for military assistance and \$3.4 billion for economic aid in fiscal 1963, starting July 1.

The total request came to \$1,878,500,000, nearly \$1 billion more than he got last year, when Congress voted \$1.6 billion in military aid and \$2.3 in economic assistance.

Kennedy requested only one major aid innovation in his 1,500-word message to the House and Senate. That was authority to set up a separate, \$3 billion, four-year fund for the Alliance for Progress development in Latin America.

Seminole Has 16 Traffic Deaths

TALLAHASSEE (UPI) — Only Gilchrist and Liberty counties got by 1961 without a single traffic fatality.

The State Highway Patrol said in its yearly report that all other counties had a part in the highway slaughter that left 1,164 traffic dead and 48,054 injured.

The death toll in Seminole County was 16; Volusia, 40, and Orange 31.

The death rate amounted to 5.4 per 100 million miles of travel.

Highway deaths so far this year are running ahead of the same period in 1961.

Act On Old Buildings

The City Commission decided to condemn 17 dilapidated structures in the W. Ninth St. area but only after City Attorney William Hutchison warned the board to "take action one way or another."

At the public hearing on the structures, Hutchison pointed out: "This is a critical hearing, and first of its kind, and some action must be taken... one way or another."

The board had haggled back and forth on just how much time to give property owners to fix up the structures and agreed to give owners 90 days to repair or remove the buildings which have been termed health and safety hazards.

An attorney from Tarpon Springs was the only person at the hearing. He said he represented one of the property owners tied up now in litigation over several of the structures. He promised action as soon as the litigation was finished. "It could drag on for years," said Commissioner Earl Higginbotham.

Commissioner Tom McDonaid also urged the board to "take positive action saying that some of "these abandoned buildings had been used for immoral purposes while Higginbotham chimed in that "some weren't fit to be used as dog houses."

10 More Die In Algiers Strife

ALGIERS, Algeria (UPI)—Europeans killed six Algerians in three scattered attacks today, apparently in revenge for the killing of four Europeans.

By noon, the death toll throughout Algeria had climbed to 10, with 14 persons wounded.

Two of the three attacks were made from speeding cars in Algiers. Three Europeans machinegunned a bakery where two Algerians died and other gunmen killed three factory workers. Three Algerians were wounded in the attacks.

Public indignation over the continued terrorism flared as partisans of both sides awaited word on the cease-fire agreement imminent in Evian, France.

Doctors Probe Death Of 7 By Mix-Up Of Baby Formulas

BINGHAMTON, N.Y. (UPI)—One father's grief spawned bitterness.

"My lawyer told me not to say anything to anyone," he said.

For a mother, the heartache bred generosity.

"As soon as the tragic error was discovered—and it was a tragic error—the doctors did everything they could," she said.

A third parent remembered.

"We tried to give her the formula again, she tasted it and wouldn't take anymore," he said.

They and four other sets of parents were bound together today in a heartbreaking comradeship—their babies had died. Seven infants have

died since Friday in a hospital where baby formulas were accidentally mixed with salt instead of sugar.

Four other newborn infants were in critical condition in the six-story, red brick Binghamton General Hospital. A fifth was under "close observation" and a sixth, who had been sent home last week, was listed in serious condition at another hospital.

Dr. John H. Ford Jr., director of pediatrics at the 319-bed Binghamton General Hospital, said the four critically ill babies appeared to be improving. But he warned that possible secondary complications from excessive salt levels in their tiny bodies could cause death or permanent brain damage.

More than 15 other babies who authorities suspected may have been fed salt-poisoned milk were at home under the close watch of their family physicians.

Authorities said they suspected that a 20-year-old practical nurse, Mrs. Lillie Mae Colvin, had accidentally placed salt in the formula room sugar container last Tuesday. She had filled the container in the main kitchen, where waist-high sugar and salt bins stand side by side.

"I have done absolutely nothing wrong," Mrs. Colvin, who was suspended from the hospital, said in a statement issued by her attorney.

"I have three small children myself, and can understand the heartache suffered

by the parents who lost babies as a result of this tragic event."

Broome County Coroner Dr. Vincent Maddi said it was not yet certain whether the deaths had been caused by excessive salt in the babies' system.

"Some infants had other conditions," Maddi said.

He said delicate microscopic examinations on the dead infants might not be completed for a week or ten days. After that, he said, he probably would discuss the case with the district attorney's office, the police and state authorities before issuing any conclusions.

Officials of the Health Department already were on the scene.

LAKE HAYES RESIDENTS met at the Oviedo City Hall recently to confer with officials of the Florida Power Corp. on details of getting street lights installed in their area and to organize the Lake Hayes Assn. Shown inspecting the mercury vapor light which will be used are, from left, Ralph Neely, president; Leonard Faulk, treasurer; Tony Daniels, secretary; P. M. Smithson and Monroe Parsons, board members. (Herald Photo)

Steel Talks Set

PITTSBURGH (UPI)—Steel contract negotiations resume here Wednesday after a nearly two-week recess.

The talks, which broke off March 2 when both sides reported they were far apart, are reconvening at the request of President Kennedy.

E. R. Allison, Missionary, Dies Monday

Elmer Roy Allison, 68, Monroe Corners, died Monday at Orange Memorial Hospital.

Allison was a carpenter and came here from Ormond Beach in 1956. He was also an interdenominational missionary, who had served in Haiti for three years and in home missions for ten years.

He is survived by two sons, Wendell and Steven and a daughter, Mary, of Sanford; five brothers, Ray and John of Gallipolis, Ohio; Walter of Jackson, Ohio; Marshall of Ft. Pleasant, W. Va.; Foster of Sanford and a sister Mrs. Blanche Malone of Sanford.

Funeral services will be held at Gramkow Funeral Home Thursday at a time to be announced later. Rev. D. Pascock and Rev. W. Lutz will officiate. Burial will be in Bellview Memorial Park in Daytona Beach.

Job Outlook Over U.S. Improving

WASHINGTON (UPI)—More good news on the nation's job picture was expected today from a follow-up government report on February employment.

Informed sources said the Labor Department's analysis of detailed job data would confirm the over-all "improvement" in the employment outlook that was announced a week ago.

Figures on such key indicators as manufacturing employment and the factory work week were scheduled to be released today by the department.

President Kennedy and other administration officials were cheered by last Wednesday's disclosure that the unemployment rate had dropped to 4.6 per cent of the labor force, a 19-month low.

At the same time, employment climbed to a mid-winter peak of nearly 65.8 million. Unemployment was estimated at 4.8 million.

AFL-CIO President George Meany and a delegation of other top labor leaders called on Kennedy Monday to express concern over the jobless totals.

The union leaders, who have criticized the President for being too "timid" about fighting unemployment, discussed the economic outlook with the Chief Executive for an hour.

Meany and his fellow AFL-CIO chiefs have been warning that the President may have to deal with another recession unless tax cuts, more public works projects and shorter work hours are put into effect.

Jackie Makes Hit In India

NEW DELHI, India (UPI)—Mrs. Jacqueline Kennedy, decked out in kelly green with a white bow in her hair, lunched on spicy chicken curry and almond rice pilau today with President Rajendra Prasad and the top officials of the Indian government.

The wife of President Kennedy presented an enchanting picture for her first formal dining engagement in India and her first taste of Indian food.

Prime Minister Jawaharlal Nehru and Defense Minister V. K. Krishna Menon were among the president's 82 guests at the long, narrow banquet table in Rashtrapati Bhavan — the presidential mansion.

The menu included nan—a paddle shaped unleavened bread—curd of yogurt and a mixture of green peas and fried potatoes.

Mrs. Kennedy sat in the place of honor directly across the table from Prasad. Nehru sat on her left and Dr. Sarvepalli Radhakrishnan, vice president of India, sat at her right.

Krishna Menon, one of the more vocal Indian critics of U. S. foreign policies, sat across the table and two chairs down from Prasad.

Mrs. Kennedy appeared well rested after more than eight hours sleep in the guest house across the street from the U. S. Embassy.

She spent the morning in the house and left shortly before 1 p. m. for lunch at the red sandstone presidential mansion.

She wore a kelly green sleeveless linen sheath dress, three strands of pearls at her neck, beige calf pumps and a long slender white bow at the back of her bouffant hairdo. She carried a white handbag.

Her sister, Princess Lee Radziwill, wore a sheath of pale green with a pearl necklace.

As their motorcade drove to Prasad's residence through the secretariat area, government workers once again stood shoulder to shoulder in the streets to see the wife of the American president.

During the lunch an orchestra hidden in a balcony played soft music. Waiters or bearers dressed in long crimson coats with yellow

braids and high white turbans served platters of chicken curry and lightly fried almond rice pilau.

Between bites, Mrs. Kennedy spoke with Nehru and Radhakrishnan.

Her sister, sitting on Nehru's left, also engaged the premier in conversation.

After lunch, Mrs. Kennedy returned to the guest house for an hour rest before a scheduled visit to the children's wards at the All-India Institute of Medical

Sciences Hospital.

Today's occasion was a considerable tribute to Mrs. Kennedy since the white-mustachioed Prasad, 77, has not been receiving important visitors since he fell ill last September.

Mrs. Kennedy visited the presidential mansion briefly Monday when she paid a call on the president shortly after her arrival from Rome. Today she got a better look at the rambling building of 340 rooms.

Northern College Students Roll Into Fort Lauderdale

FORT LAUDERDALE, Fla. (UPI)—Northern college students rolled into Fort Lauderdale in increasing numbers today under the eyes of a warm sun and watchful police.

The first wave of about 300 arrived Monday, outsiders of an army of several thousand expected in this southeast Florida resort city within the coming six weeks.

The first of the visitors, free from school in their annual spring vacation, were on their best behavior. Police, who came under fire in riots with boisterous students last year, reported no trouble from them.

Bill Walsh, one of four in a group from Long Island University, said he and his buddies were "just here to relax," not to take any part in any fracas like Walsh saw when he visited here last year.

Remembering that Walsh said, "I didn't enjoy myself; I don't think anybody did. Guys like me who weren't out for a bad time got knocked around by the cops—I don't go for that."

Few of the early arrivals thought the size of the annual migration would be cut by memories of last year's turmoil.

"I think it'll cause more to come here," said Jim Rosenfield of the University of Pennsylvania. "They all read the papers and said, 'It'd like to get in on the fun.'"

Just in case the fun gets too rough, police plan to set

up a substation on the beach later this week, then go on 12-hour shifts, seven days a week, to keep an eye on the crowd.

The city, meantime, met the students with hospitality booths where they are being asked to register for free dances, beach parties, and beauty contests.

The city, meantime, met the students with hospitality booths where they are being asked to register for free dances, beach parties, and beauty contests.

Eden Better After Operation

BOSTON (UPI)—Former British Prime Minister Anthony Eden was reported "resting comfortably" today after undergoing surgery for removal of a lesion in his chest.

It was the third time in nine years that Eden had been operated on here. Operations also were performed in 1955 and 1957 for other ailments.

The operation Monday was performed by Dr. Herbert D. Adams of Latham Clinic. The 64-year-old Eden's condition after the surgery was "good," the doctor said.

The hospital was not specific in describing the ailment. A lesion is a structural tissue change caused by injury or disease.

up a substation on the beach later this week, then go on 12-hour shifts, seven days a week, to keep an eye on the crowd.

Water Cycle

The oceans do not dry up because when rain falls, it sinks into the ground, feeds streams and thus returns to the oceans, a process called the "water cycle."

No Life On Earth?

It has been revealed that orbiting satellites, launched from U. S. bases do not indicate that there is any life on earth. R. J. Duford of Mt. Dora told Rotarians Monday. "We don't even exist, according to information relayed by these instruments," Duford said.

Bear Lake Garden Circle To Plan Show

By Shirley Wentworth
The monthly business and program meeting of the Bear Lake Garden Circle will be held at 8 p. m. Wednesday at the home of Mrs. Shirley H. Walski, Shirley Dr., Bear Lake Manor.

Members will plan a fashion show and silver tea during the business session and for the program will hear Miss Helen Cockley of Sunset Rd., Bear Lake, discuss gardening and give numerous tips for the culture and care of plants in the Central Florida area. She also will distribute booklets prepared through the Florida Extension Service and available from Seminole County Agricultural Agents in their courthouse offices in Sanford.

Plans will be made for the fashion show and tea which will be held at 8 p. m. on April 11 at the Florida Power Club on Bear Lake. Styles will be from Susie's Dress Shop of Forest City and will run the gamut from fun and frolic clothes to dressy daytime attire according to Emma Unley, owner of the shop.

Rev. Pilley Leads Study For Fellowship

Rev. John Pilley led a group discussion following his talk on the subject of Jesus and Temptation taken from the Gospel of Matthew, chapter nine, at the meeting of the Young People's Westminster Fellowship of the Community Presbyterian Church of Lake Mary and the Upsala Presbyterian Church.

Those present were Dianne Hickson, Faye Karnes, Lois Karnes, Penny Grinnell, Sual Stubbings, Sonja Weaver, Linda Mohn, Larry Chester, Terry Buckley, Corkey Buckley, Billy Lowe, Richard Thayer, Robert Hopkins, Troy Thayer.

Bear Lake Club Sets Meeting

The March business meeting of the Bear Lake Community Club will convene at 8 p. m. Thursday in the Florida Power Employees' Club on Big Bear Lake.

On the agenda will be the election of a nominating committee to recommend candidates for the May elections of new officers and membership rolls will be brought up to date. New members will be welcomed.

Hostesses for the social hour will be Mrs. Robert Conover and Miss Louise Shaw.

Lucas Paces All-America

NEW YORK (UPI)—Jerry Lucas of Ohio State, college basketball's "Mr. Wonderful," today was elected to the 1962 United Press International All-America team by a unanimous vote—the first player ever so honored.

This was the third straight year that the talented 6-foot-8 Buckeye center was voted All-America. Lucas thus matched the feats of LaSalle's Tom Gola (1953-54-55) and Oscar Robertson of Cincinnati (1958-59-60).

the negative thinker who advances humanity, but the bold thinker, the positive approach," he pointed out.

Duford is a student of the flying saucer or unidentified flying object reports and has made a vocation of studying all reports and checking out stories.

He stated that he had never seen an unidentified flying object, but that does not prevent his belief that manned space craft have and are visiting our earth.

Emphasizing the fallacy of the old adage of "seeing is believing," Duford pointed out the unbelief and scorn which was shown the earlier inventors of the telephone, airplane, and other revolutionary inventions and ideas.

Duford quoted a passage of poetry which intones "The infinite meadows of heaven," saying that there is no beginning and no end to space. "How can we be so contented as to believe that we are the only intelligent beings in the universe?" he asked.

There is now on the drawing boards, Duford told Rotarians, an ionic rocket which exerts thrust through ionized particles, with a force more delicate than a "butterfly's sigh." But it is proposed that this thrust could propel an object at a speed of 3 million miles an hour.

Duford held the attention of his audience for some time as he related stories of UFO sightings by authentic, believable, reliable persons, all over the world.

Following the meeting, he displayed photographs of several different flying objects, most of them bearing a recognized resemblance, which had been taken by photographers, many in full view of a hundred or more people.

"The next 50 years are going to be fabulous," he concluded.

WILLIAM J. ORAZI, first class aviation electrician's mate attached to Heavy Attack Squadron Three was selected "Professional of the Month" recently. Orazi was cited in a ceremony at morning quarters when Cdr. Silas R. Johnson, Commanding Officer of VAH-3 read the citation and presented him with a plaque.

Oviedo Man In Good Shape After Snake Bite

By Jean Lyles

Eugene Smithson of Oviedo is reported in good condition today at the Winter Park Hospital where he was rushed Monday morning for treatment of rattlesnake bite.

Smithson estimated the rattler to be between two and three feet and said that after it struck him he tried to kill it but was unable to locate it under the pile of trash he was burning while clearing property for L. D. Plant, his employer.

The Oviedo man, who just recently moved from Bessemer, Ala., to the Lake Hayes area south of Oviedo, will be confined to the hospital until there is no danger of further complications resulting from the snake bite.

RECEIVING HIS "100,000 Mile" award and credentials from United Airlines — is Russ Perry, national sales manager of Dearborn Electronic Laboratories, Inc., located in South Seminole County. Presenting a plaque to Perry is M. T. Bellah, U.A.I. representative from Tampa.

Southern Bell Starts Safety Check

A new safety program for occasions of smashed bicycles might have been run over or toys that prove how easy it is a child or pet.

1962, known as the "Safety Circle Check" was inaugurated by Southern Bell in Florida on Monday, Bob Shelden, local manager said today.

This check will consist of making a complete circle of each company vehicle before driving away, checking for children, tricycles, animals and other obstructions which may cause accidents.

A reminder to the drivers to make this check will be a green plastic ring placed on the door handle, key rings, bulletin boards and other prominent places.

The "Safety Circle Check" has already paid dividends for one Bell system company where one of the drivers found two small children playing beneath his truck and another saw a small boy looking for his ball behind a company truck.

All drivers, too might find it wise to make the same circle check that Southern Bell follows. Many will recall

ENTERPRISE BROTHERS, Dan, left, and Jimmy Braddock, were honored at a combined birthday celebration and party by their parents, Mr. and Mrs. Edwin Braddock. Both boys are students of the seventh grade at Enterprise School and the entire class was invited to join them for the occasion at the Florida Power Club on March 3. Out-of-town guests included their grandmother, Mrs. Luis Brooke of Osteen and Maxine and Vince Stowell of Sanford. (Cox Photo)

GOP Candidate Attends Rally

Pat McKinney, Republican candidate for Seminole County State Representative in group 2, and Mrs. McKinney attended the Orange County GOP Rally held Friday night at the Cherry Plaza Hotel in Orlando.

McKinney was introduced and given recognition for his work in organizing the South Seminole County Young Republican Club. Orange County candidates spoke briefly to the group and answered questions coming from the audience.

Following the rally, those attending enjoyed refreshments and dancing.

Go ahead. Try naming something or somebody who enjoys his work more than a red-ant at a picnic.

Bookkeeping Origin
The origins of double-entry bookkeeping go back to the 13th century. Records of Florentine banks in 1211 contain examples of charge and discharge of obligations upon receipt and payment of cash, according to the Encyclopedia Britannica.

District WSCS To Meet In DeLand

The DeLand District of the Methodist Woman's Society of Christian Service will hold its annual meeting Thursday at the Trinity Methodist Church in DeLand.

This new district, formed in June of last year, is the 11th in the Florida Conference and includes 36 churches in Daytona Beach, DeLand, Sanford, Palatka, St. Augustine, New Smyrna Beach and surrounding towns.

Registration for the first annual meeting has been set for 9 a. m. with the opening business session to begin at 9:30 a. m.

Prominent speakers will be Mrs. David R. Thurman of Miami who is WSCS Conference president and Miss Rosemarie Kasher, special train missionary from Nagasaki, Shi, Japan.

Elections will be held for new officers and installation will be conducted by Dr. Joe Tolle of DeLand, district superintendent.

Each member has been requested to bring a sandwich for lunch with the beverage to be provided by the hostess society for which Mrs. L. R. Bland of DeLand is president.

Mrs. Howard Anderson of Daytona Beach, WSCS district president, will preside.

SHS Band Earns Superior Rates At District

Seminole High School Band, competing in Classification BB in the District Five, State Bandmaster's Meet came home with Superior in Sight Hearing; Superior in Drill and Excellent in Concert.

The A and B Corps Majorities also capped a Superior in their twirling routine. Susan Brown and Joan Jones rated a Superior with their duet and Ann Mahan and Ruthi Carleton with their solos.

In music, Joel Fehd's flute solo, John Oyster's alto sax solo, Marman Leach's trumpet solo and Doug Griffin's two drum solos all were rated Superior by the judges. David Welbold, Sanford Jr. High eighth grader was accompanist for all four numbers.

The meet was held in Daytona, Saturday.

Altamonte Garden Club Elects Officers At Supper Meeting

By Shirley Wentworth
New officers were elected at this month's business and supper meeting of the Altamonte Springs Garden Club held last Thursday at 6:30 p. m. in the Community Building.

Installed at the April meeting will be L. R. Stover, president; Mrs. George Hearn, vice president; Mrs. John Harris, recording secretary; Mrs. James Spencer, corresponding secretary, and Otto Baumgartner, treasurer.

The exceptionally large attendance at this meeting heard N. D. Jordan, department head and teacher of vocational agriculture at Raiford State Prison, as guest speaker for the evening.

Jordan described the progress that has been made on prison grounds and cited the addition of green houses since the first was built through donations in 1948. Florida Federation of Garden Clubs whose some 30,000 members were asked for five cents towards the project.

The speaker advised the group that guided tours through the prison grounds are available at any time upon request and also told of the coming flower show to be staged by inmates.

Scheduled from April 26 through April 28, the show will be set up in the clubhouse across from the main administration building and will be open from noon until 9 p. m. on Thursday, from 9 a. m. until 9 p. m. on Friday

and from 9 a. m. until noon on Saturday.

This will be the second annual show and among the 200 exhibits will be classifications for horticulture, corsage, hanging baskets, Shibui, artistic niche arrangements, terrariums, miniature and houseplants according to Jordan who also advised that it is open to the public.

Mr. and Mrs. John Raitley were hostsess chairmen for Thursday's meeting. Assisting them on the committee were Mr. and Mrs. Webber Haines, Mr. and Mrs. Edgar Burdette, Dr. Gertrude Forman, Miss Dorothy Renwick and Mrs. Ethel Simson.

A Little Clarification

From the questions many people have asked it would appear that erroneous conclusions have been drawn from the recent article concerning the hospital's building program in which Administrator Bob Bessner reported at a Jaycee meeting that there is a possibility that there might not be enough funds available to complete the new wing unless there is an additional \$50,000.

The facts are that the board had at the time of contract award and still presently have adequate financial arrangements to meet all obligations from the construction work in progress. There is no possibility of a stoppage of work due to a shortage of funds.

When bids were received on the project the board asked for bids on the entire addition in its completed form, according to architect John Burton. The board was aware at this time that the cost of completion of the entire project would probably exceed the funds they had available. For this reason they instructed the architects to include in the proposal forms alternate bids providing that certain areas of the third floor have the interior partitions and finishes left out and only the outside walls and roof of these portions built under contract.

The contract was awarded on the basis of the alternate bids, this, according to Burton, leaving these areas unfinished on the inside. However, one of the conditions of the construction contract was that the board could, as its option, call for the completion of these unfinished areas at the SAME cost figure started by the contractor in his alternate bid up until such time as the overall was 80 percent completed. After this time the commitment to finish this area for the original bid price would expire and the board would have to secure new bids for this work.

The contract, according to Burton, is now 78 percent complete and the board must exercise their option in the immediate future or wait and advertise for new bids later for the completion of this work. Since it will cost more at a later date the board is desirous of exercising this option at this time. This will take about \$36,000 and this is the needed fund under discussion.

Mr. Bessner in his talk to the Jaycees did not make this clear and we hope now that we have.

The entire public of the county should get behind the hospital and help make it one of the best in central Florida.

High Interest

Seminole County residents will go to the polls on May 8 for the first of possibly two Democratic primary elections. The second primary, if necessary, will be on May 29. The number of candidates for each open political post will decide the necessity of the second primary. The general election will be in November.

There are several important county posts that will be decided in this year's voting. (Not counting the Legislature) We will elect two commissioners and three school board members. The number of early announcements indicates that the county commission District 4 post will draw the greatest number of candidates.

Already three have announced they would run while we are still in doubt as to whether Vernon Dunn will call it quits.

It is clearly indicated already that the biggest campaign issues will be hiring of an administrative aide, full-time health director and possibly civil defense.

Three school board posts are open and all three incumbents have stated they would not seek re-election. The situation created by recent mishaps at some Seminole schools has undoubtedly increased interest in school board posts.

The amount of interest already shown in the forthcoming election is good. Residents need a variety of candidates from which to choose those who will direct school and county business for the important years ahead.

It would appear that we can look forward to interesting races and some exciting political rallies.

Dr. Crane's

Worry Clinic

Bill's mother was publicly a wonderful parent but subconsciously she was a very dangerous mother. Scrapbook this case, for widows often fall into this same snare and thus form a "triangle" as soon as their sons marry. We now have almost 5 million "only" parents in America, so be doubly on guard.

CASE L-602: Bill and Bob were 13 and 10 years of age when their father died.

Their widowed mother thus became an "only" parent and really tried to do well by them.

But she unwittingly slipped into a common snare of such widowed mothers and ultimately ruined their lives.

For she lavished not only the normal amount of maternal love on them but unintentionally gave them much of the affection she would have expended on their daddy, if he had still been alive. So she invested doubly of

her love. And this often makes a parent doubly possessive when her children reach adulthood.

If they then grow romantic about a young woman of their own age, such a mother may subconsciously strive to prevent their marriage, for double investment of her affection breeds double jealousy.

Bill dated several girls and his mother seemed delighted. In fact, the more DIFFERENT girls he escorted to parties, the happier she was.

For she realized there was safety in numbers. As long as he was not focusing his attention on just ONE girl, mamma could still dominate Bill.

But he finally got engaged. Then, by deft and often surreptitious methods, she helped break up that romance.

Later on Bill fell in love a second time and proposed marriage to a very nice girl of his town. But mamma

again managed to thwart that wedding.

So when Bill fell in love a third time, he wisely stopped.

Bill was then 26 years old, so he was mature enough to know his own mind.

But while he and his bride were honeymooning, mamma raged at home in front of Bill's younger brother Bob.

She claimed Bill's wife wasn't good enough for him and that Bill was making a mistake, etc.

But when the young married couple returned home, mamma was as sweet as pie and even too helpful.

For she urged them to set up housekeeping in one of her houses just a few doors down the street.

Thereafter, when Bill would come home from work at night, he had to pass mamma's home, so he'd often drop in to say "hello."

And mamma gradually instilled suspicion in Bill's mind.

"Mary had a caller today," she would casually begin. "He was a good looking man. Maybe he was just a salesman. But . . . he stayed an awfully long time."

By such nasty insinuations, she finally worked Bill up into a jealous state and fomented discord.

Although Bill and Mary now had a cute little boy, they finally ended in divorce. Mamma publicly shed crocodile tears and affected great heart ache at the unhappy ending of Bill's marriage.

But secretly she gloated, for she had won the battle for the final domination of Bill's affection.

He had been in a "triangle" from the moment he got home from the honeymoon and the "other woman" was his dolling mother.

See tomorrow's follow-up regarding Bill's brother Bob.

Phil Newsom Says . . .

Juliao Big Factor

(UPI) — When Brazilian Foreign Minister Francisco San Thigo Dantas refused to join the ouster of Cuba from the inter-America system, he did so with one wary eye on an slight, unimposing man who has not the look of a potential revolutionary.

Yet, if Castroism is to emerge in Brazil, it might well be led by this pale-faced little man with the shock of wavy brown hair who has become the leader of northeastern Brazil's dissatisfied peasants.

He is a 43-year-old socialist lawyer named Francisco Juliao.

Juliao was a sideline observer at the American Foreign Ministers' Conference in Punta del Este Uruguay. He then journeyed to Havana in time to hear Fidel Castro declare the equivalent of Khrushchev's promise to bury the United States, and the Organization of American

States (OAS) along with it. Juliao and his followers uncounted but known to number in the hundreds of thousands, provided one important reason why Brazil first proposed an OAS policy of co-existence with Castro within the framework of the cold war, and finally refused to go along with his expulsion.

Communism's powerful hold on Big Brazilian labor unions provided another. The northeast is Brazil's dust bowl, containing a third of Brazil's 60-million-plus population.

Its peasants are illiterate, mostly landless share-croppers who year after year see their crops withered by drought or washed away by torrential rains. They live in one-room bamboo or sugar cane huts plastered with mud and cook over home-made mud stoves.

Their poverty makes them easy targets for the get-rich-quick promises of Communism.

Juliao, an astute politician, has made their cause his own.

His big opportunity came two years ago when he led a court fight against a dentist who had attempted to raise rents on his sugar plantation. Juliao won the fight and the government ordered the plantation's expropriation.

When the peasants demanded more land and began invading nearby plantations with knives and machetes, the government expropriated two more and sold them to the peasants on the installment plan.

Out of this came the first government plan to aid the depressed area with a program of irrigation, rural education and sanitation, schools, hospitals and churches.

For these Juliao has taken the credit. But for him it is only a beginning and he has warned the government that if the peasants' demands are not met, Brazil will be faced with revolution.

Check On Plantar Warts

By Harold Thomas Hyman, M. D.
Written for Newspaper
Katerpiles Assn.

Q—My daughter had a plantar wart removed from the ball of her foot several months ago, and the incision has not healed yet. The podiatrist to whom I take her says this is a sinus condition and that it, and the new warts that are forming all around are due to a virus infection for which he has advised us to treat her with large doses of vitamin A.

Can you tell me more about this condition? Is it very contagious? Will my other children catch it?

A—Dear mother, how have you managed to collect so much misinformation in so short a time? In the first place, despite my high regard for the profession of podiatry, your particular podiatrist ought to know that he is neither trained nor licensed to deal with infections or to prescribe medication.

Hence, if he thinks your daughter has an infection or requires vitamins, it is his obligation to refer you to your doctor for the latter's more informed judgment in the matter.

Now as to the warts. It is true that warts can be produced by inoculations with viruses. But also the wart which is merely a skin reaction in which the cells heap up in a bunch, can be caused by almost any other skin irritant, no one of which is a result of a deficiency of any vitamin, no one of which could or would respond to doses of vitamins whether pure A or the rest of the alphabet.

Not having seen your daughter's plantar wart, I should not perhaps venture a suggestion as to its causation. Or its persistence. But from my general knowledge of the foot habits of the current crop

of youngsters, I'd advance the theory that it's just possibly the result of faulty hygiene.

By which I mean sloppy shoes, sloppy socks and stockings and sloppy walking habits.

If you feel your daughter's foot, you might find that the wart is situated on that portion of the transverse arch that should be turned up instead of being turned down. That is to say instead of being an arch, it's turned down like a capital U.

And if that's so, you might also find that her sweaty socks or stockings tend to bunch up at the bottom of the U. And that where they bunch up, the shoe lining has become roughened if not torn through.

There are two suggestions I have for you. If the facts you uncover support my theory. So as not to offend your podiatrist, you might try rubbing vitamin A on the socks and shoe linings. Then, if that doesn't work, maybe you'd better consult your doctor or preferably an orthopedist to see what can be done to treat

the CAUSE before your daughter gets herself in increasing difficulties.

Q—I have an enlarged thyroid. Can its growth be arrested?

A—If you have a simple thyroid enlargement and your doctor finds no evidence of any complicating circumstance, you may prevent further enlargement and perhaps even accomplish some shrinkage of the goiter by use of small doses of iodine. Indeed, as little as the amount contained in iodized table salt.

So you think talk is cheap? Can you name a costlier word than the "Yes" you chirped out when the preacher asked "Do you . . . ?"

Peter Edson

Political Notebook

WASHINGTON—(NEA) — Students of international communism are watching closely for any further evidence of a split in the March meetings of party leaders at Moscow and upcoming meetings in Peking.

One great danger in interpretation of the obvious strains within the Communist world is to reduce them all to personal feuds between, say, Russia's Nikita Khrushchev and China's Mao Tse-tung, between Khrushchev and Albania's Enver Hoxha, or between Khrushchev and the U.S.S.R. council of ministers in the Kremlin.

Experts on communism say this is oversimplification. They counsel that up to now they have no solid evidence that Khrushchev's leadership has been seriously endangered.

It is recognized that this situation may not continue indefinitely. But in every dispute thus far, Khrushchev has emerged as top man in full command.

Another oversimplification frequently heard is that disputes within the Communist bloc are national rivalries—Russians against Chinese or Albanians or Yugoslavs. But the possibility of any wars between Red nations is ruled out by Russia's unquestioned military superiority.

Such feuds as do exist are considered ideological and organizational conflicts, as identified by Prof. Alexander Dallin of Columbia University's Russian Institute.

There are low-level pits between factions within the Soviet Union. There is the high-level split between Russia and Red China. There are organizational conflicts between Russia and Albania, Russia and Yugoslavia.

There are also splits over local policies between factions of the Communist parties in France and Italy, Indonesian and Japanese Communist parties are said to be soul-searching for brands of Marxism that fit their own local conditions and are not dictated by Russia or China.

All such splits have been developing gradually during the last five years. Up to 1957, Soviet Russia could count on solid support from all satellites in the bloc.

In 1958, when the United States supported the Taiwan government in its defense of Quemoy and Matsu, it was a beginning.

By 1960, 12 countries were supporting Communist China. Last year in the 22nd Party Congress showdown over Albania, 30 of 88 countries backed Communist China in its defense of Albania.

Now, Red China can't afford to let Albania go down the drain. The penalty would be lost prestige. At the U.N. General Assembly last year, Albania openly defied with Russia, the first Red nation daring to do so.

The question which all these splits raises for the United States is whether there is an opportunity to drive a few well-placed wedges to widen the cracks in what the Communists want the world to believe is a solid bloc.

The consensus now is that the cracks are so narrow it would be well for outsiders to keep their tails from get-

ting caught. But here is something to watch closely. Some risks may have to be taken. To do nothing might be wrong.

This is the situation in Southeast Asia today. The Kennedy administration has adopted a policy of working with Soviet Russia in Khrushchev's expressed desire to achieve a peaceful, neutral nation in Laos. In Viet Nam, the United States is openly supporting the South Viet Nam government against infiltration from Communist North Viet Nam.

In this action the United States is openly challenging Red China on the aid it is giving North Viet Nam. In the last few months there has been an apparent freeze on the hot words between Russia and Red China. Both sides may try to keep it that way, covering up any cracks in their icy relations. The side that makes an open

break runs the risk of losing. And in the face of what they call an "imperialistic enemy"—the United States in South Viet Nam—there might be an influence that would draw the two opponents together.

Army Shortage Protest Checked

FT. POLK, La. (UPI) — Sen. John Stennis, D-Miss., has apparently verified a Mississippi Army officer's complaint about an equipment shortage here.

Stennis, chairman of the Senate preparedness subcommittee, indicated after arriving Sunday that a shortage of equipment did exist. He planned a news conference today.

The Stennis visit was prompted by a letter from Lt. Col. Evan T. Tomlinson of West Point, Miss., who complained that his unit did not have adequate equipment to carry out their training.

Tomlinson was relieved of his command of the 23rd Engineer Battalion last week and transferred to the 410th Engineer Brigade. He claimed at the time this was a result of his writing the letter.

Compensation Change Asked

WASHINGTON (UPI) — President Kennedy asked Congress today for an "especially urgent" matter to approve permanent changes in the unemployment compensation system in order to widen coverage, extend benefit periods and increase payments.

The chief executive sent letters to the House and Senate urging action on the recommendations he made last year but which have been buried in committees and have been given little or no chance of passage.

Dandelion root sometimes is toasted and used as a substitute for coffee, according to the Encyclopedia Britannica.

Strikes . . . Spares

By John A. Spolski

Many, many personal thanks to George Touhy of the First Federal Savings and Loan Association for taking time from his busy schedule to be at the lanes this past Saturday in order to award the many trophies to the winners of the Men's City Tournament plus other separate and distinctive "First Federal" trophies.

On the receiving line for the special trophies was Gary Fox for having high average last year and Gerald Murphy who rolled a 718 series two weeks ago.

I was just looking through the yellow pages of the past week's league action and find that there were quite a few big 600-plus series rolled by the men and the women were clipping 'em along at a high 500 series, too.

First game: "The Unit" of Dave Deaulph's 654. Dave, bowling for Lake Monroe Inn in the City League, had games of 209, 232 and 213.

In the earlier league, the All Stars, Bobby Horador

continues his tremendous effort as he had a high of 246, 215, 640. Not too far behind is Al DePalma who bombed home a gigantic 254, 630 duo.

Incidentally, talking 'bout that City Lg. Bob Steele (Gene's Cleaners) had his game of the nite with a 244.

Al DePalma's name re-enters the spotlight again this time as a result of his bowling scores in Monday nite's Singles Classic Lg. Al shot games of 203, 230, 606, hi enuff to take the jp for the nite.

As of this writing, it would appear that Harry Pentecost currently in first place in standings stands an excellent chance of taking the first place prize . . . \$133.00.

One final note of Buddy Al DePalma, last Friday nite in the Mr. & Mrs. Lg. his 223 tied Phil Hoche for the high game of the evening and winning with a 711 series. Al's currently on one of his hottest streaks!

Also of note in this Mr. & Mrs. League is Elaine Kostival's superb bowling. Elaine shot a 202-578 scratch series and then on Tuesday AM in the Bill Hemphill Motor-ettes Lg. Elaine continued her high bowling with a 189-497, good 'nuff to top all others in this lg.

Huey Long unlimbered his pitchin' arm long about 12 o'clock on Friday and then started pitchin' nothin' but strikes in the Spare Ribbers League. Well, almost nothing but strikes . . . a couple of very important spares were included along the way as Huey came home with a 227-591. Atta boy, Huey.

Hey looker, here! Bertha Neville (Richard's Hair Styling Salon) has a 491 series to be in the Jet Bowler-ettes Lg. Celeste Smith (Mary Esther's) and her 184 had the highest single game in this lg. Gee, but I'm glad to see these two women's names in print.

Hop Scotching the League Leaders:

Navy Intramural: III game — Atkins (NAS Ops. A) 225; II series — Vern Lilleks (NAS Ops. B) 575.

Mr. & Mrs. League: Tom Best 224/600 (if that ole finger of Tom's ever properly heath, I'm quite certain that his name would be in the bowler's spotlight more often than a not!) Elaine Kostival topped the gals in this session with a 208-542.

Hi-Nooners: Evelyn Fitzpatrick (Movieland) 220/563.

Midnet Foodmart / Country Club: III game — H. Marshall and L. Foote tied with a 109; II series — Betty Allen 481.

Jet Lanes Keglers: Ed Michalek's 235 was hi single and Chuck Tournoux's 562 was the hi series this Thursday nite.

Douglas Air Crafters: Rosemary Lambert 175/474; Jerry Riley 221/576.

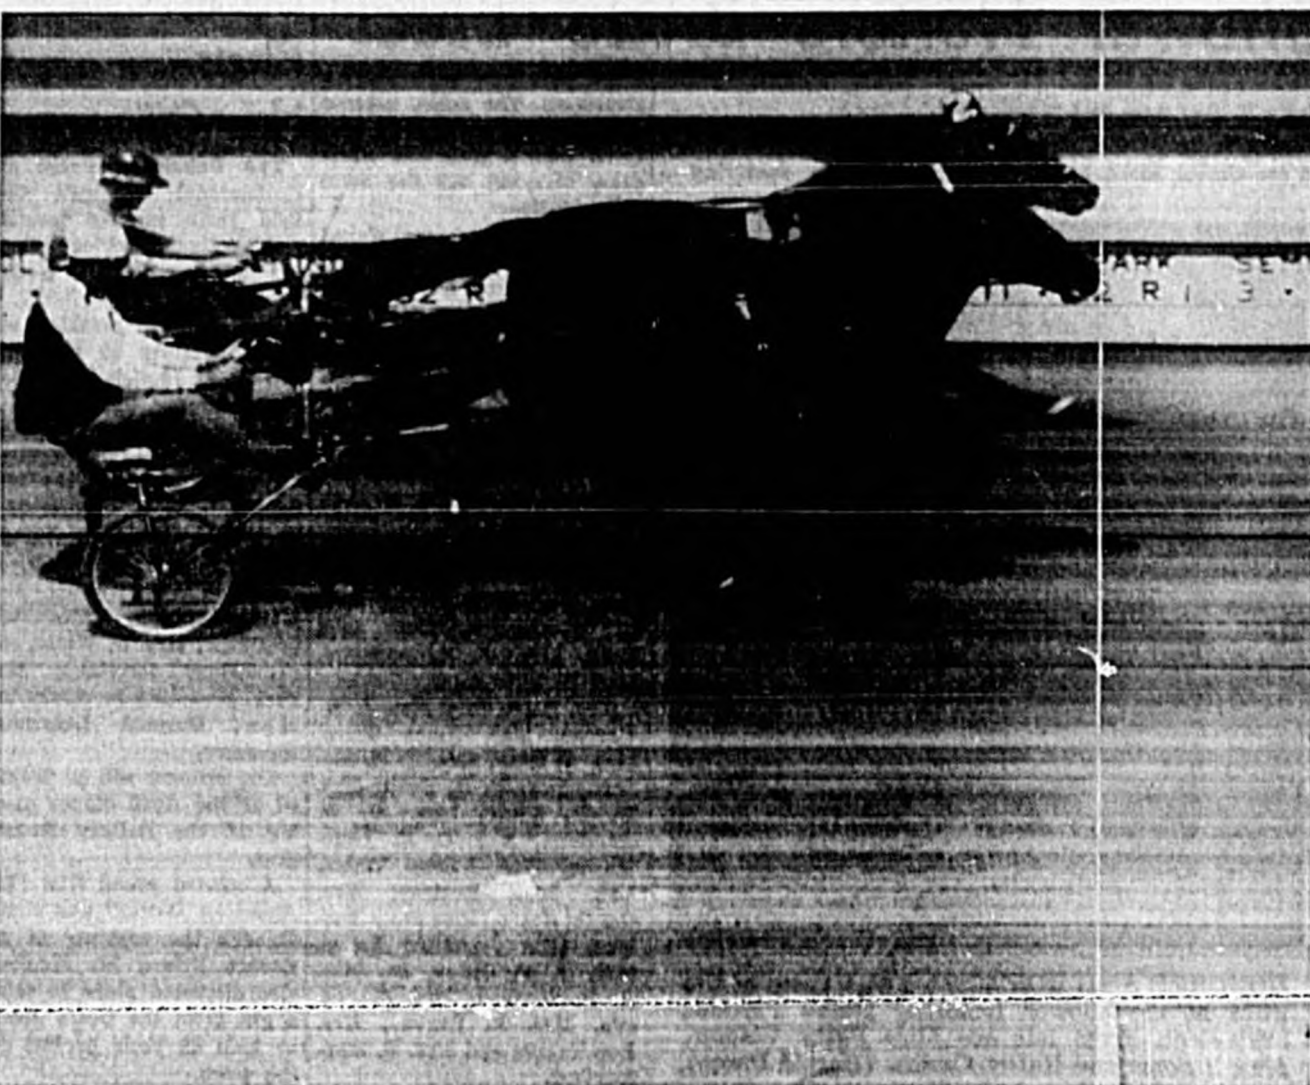

T. League: Hi game and series go to Don Hutton's 211/544 . . . ah, there are scratch scores, men!

Kingwood Bldrs./Sunland: Once again it was one person winning both honors, Marge Kipp's 221/512.

Sandpurs: Same story here again, one person carrying home all the laurels, and well she should, too! Jane Adcock's 232/565 was at the same time as these gals of the Sandpurs lg were bowling alongside the men's All Stars Lg.

Holler Motors/Navy Wives Lil Ogden 305/464.

Thank'll do it for this week. Remember, let's patronize the men who help you enjoy your sport, your bowling sponsors.

Colonel Armbrro Comes In For Photo Finish In 2:29 2/5. (Hagler Photo)

Record Smashed At Area Park Raceway Matinee

By Jane Casselberry

Gar Hanover, a free-legged pacer driven by George Sholly went a mile in 2:07 3/5 Sunday afternoon to best last week's record time of 2:08 4/5, set by Coast Patrol, thus taking a \$150 prize at Seminole Park Raceway's Matinee Horse Race held for the benefit of the Casselberry Lions Club.

The prize money was offered by Nick Grosso, owner of the King and Prince Restaurant at the Raceway, as incentive to the first driver who could cut last week's time.

Sholly also drove the trotter, Priory Abbey, to victory in the fourth race tying the time of 2:07 3/5.

First race, classified trot, time, 2:29 2/5. First, Colonel Armbrro, D. Webster; second, Ready Song, R. Chase; third, Excelsior's Pride, T. Cassavaugh.

Second race, classified pace time, 2:11 3/5. First, Victory Holmes, E. Taylor; second, Hobel Star, A. Sergi; third, Taffy Song, J. Fretell.

Third race, classified pace time, 2:07 3/5. First, Gar Hanover, G. Sholly; second, Sharp Time, T. McIntosh; third, Doc's Brother, L. Ellis.

Fourth race, classified trot time, 2:07 3/5. First, Priory Abbey, G. Sholly; second, Star Queen, L. Ellis; third, Ludlow Hanover, J. Faraldo.

Fifth race, classified pace time, 2:10 4/5. First, Cre-damus, J. Manal; second, Modest Scott, H. McIntosh; third, Mountain Arnold, L. Ellis.

Sixth race, classified trot, time, 2:10 3/5. First, Hunny-mede Slip, G. Peers; second, Mighty Fox, L. Ellis; third, Boom's Girl, G. Saiklal.

Seventh race, classified pace time, 2:12 3/5. First, Walter's Star, L. Ellis; second Mr. Ben, A. Sergi; third, Classy Freight, J. Faraldo.

Champion horses training at Seminole with records of two minutes or better were

Sholly Takes Prize Money

Day And Nite Grill Topples Carmen, 51-19

In this week's Biddy Basketball action, Day and Nite Grill defeated Strickland Morrison by the score of 51-19. Kenny Hinson led the scoring for the winners with 23 points.

In the second game, First Federal downed Sanford Electric 45-28, with Bobby Jernigan paving the way for First Federal.

The third contest was a thriller with Sanford Atlantic National Bank edging out WTRR 31-30 in an overtime period. All Slater Steve Barrowman paced the bankers with 16 pointers.

Scottish Eagle, 1:59 3/5, eight-year-old pacing gelding, was driven by Eddie Taylor.

Charlie Creed, 2:00, four year old pacer won nine races in 1961, owned by H. W. Gwinn and B. Stewart of Anderson, Ind., was shown by Arthur Roach, trainer-driver. Proceeds from the matinee will go to the Lions Club for use in its sight conservation work.

The matinee scheduled for next week has been canceled.

Watch That Mack The Knife Hustle For That Brave Post

United Press International

Mack (The Knife) Jones is cutting himself in for that vacant left field spot with the Milwaukee Braves.

The 23-year-old speedster from Atlanta hit his fourth home run in three exhibition games as the Braves handed the Cincinnati Reds their third straight defeat, 5-1, Monday in Bradenton, Fla.

Jones now has collected six hits in 11 at-bats and has driven in eight runs in his bid to succeed Frank Thomas, now with the New York Mets, as the Braves' regular left fielder.

In a brief trial with Milwaukee last season, Jones batted only .231 in 23 games but rated another look after clubbing .326 and knocking in 61 runs with Louisville of the American Association.

A lefty swinger, Jones never has hit more than 15 homers in one season since he broke into organized ball with San-diego of the California League in 1958. However, he has opened the eyes of Milwaukee Manager Birdie Tebbetts with his long-distance slugging this spring.

Elston Howard, who doesn't have to worry about his job with the New York Yankees, also has gotten off to a fast start in the exhibition grind.

The sturdy catcher, who beat the Baltimore Orioles with a three-run homer Sunday, hit two more as the Yankees downed the Washington Senators, 7-3, at Pompano Beach, Fla.

Both of Howard's drives Monday cleared the 400-foot wall in left-center at the Nat'l training quarters. Robin Roberts worked the first two innings for the Yankees, giving up three hits, including a homer by Dale Long.

Don Zimmer staged a one-man show as the Mets ripped the Chicago White Sox, 8-4, for their second straight victory. Zimmer rified four singles in four at-bats, scored three runs, sparked in the field, and stole home on the front end of a double steal.

A handful of rookies—including Gary Rushing of the Pirates, Purnal Goldby of the Tigers, and Ed Charles of the A's — also enjoyed their day in the sun.

Rushing hit a two-run double in the seventh inning off the Phillies' Ed Lunsford to earn the Pirates their first victory of the spring, 6-4; Goldby collected three hits, including a key triple, as the Tigers handed the Twins their third straight defeat, 9-7, and Charles hit a pair of triples in helping the A's to a 4-1 victory over the Orioles.

Wally Moon and Daryl Spencer, who once lollied for St. Louis, drove in two runs each to spark the Dodgers to a 5-4 triumph over the Cardinals. Bob Gibson, the Cards' star-

er, dug his own grave by issuing eight walks in the first five innings.

Elsewhere, the Angels downed the Red Sox, 7-3, for their third straight victory as Steve Biko and Leon Wagner each drove in two runs, the Indians handed the Cubs their third straight one-run loss, 5-4, in 12 innings, and a two-run homer by Manuel Mota helped the Giants down the Colts, 6-1.

Kwite White Increases Lead

Kwite White increased their lead in the Jet Lanes Keglers League by winning four points from Barley's Snelgar.

Other action found second place American Legion splitting their games with Wheeler Fertilizer and sixth place Cray Cars' moved up to fifth by winning three from Riggs Sunoco. OK Tires moved into fourth with three wins from Glenn Phillips 64.

Charles Tournoux' 214/532 series was high, followed closely by Ed Michalek 235/535.

Doug Smith had a busy night picking up the 4-7-10, 5-8-10, and 2-7 splits. Other splits included Dick Parker's 5-10, Ben Ward's 4-5, Bob Steele, Stuts Riggins, Al Poulter and Ed Michalek the 3-10.

VAH-11 Gains In Standings

City Basketball League action this weekend saw VAH-11, Florida State Bank, and Perfection Dairies advance in the standings.

In the first game, VAH-11 downed Wilson-Maier 42-33. Droste was the leading scorer for the navy team with 18 points.

Florida State Bank dumped VAH-7 by the score of 67-47 with Johnson pacing the scoring for the bankers with a 15 point total.

In the final action of the evening, Perfection Dairies romped over Marine Barracks 50-25. Pat Bacon was the top scorer for the milkmen with 17 big pointers.

Kid Lee Tops SOKC Feature

Kid Lee rates as a 5 to 2 favorite on the morning line in the featured ninth race at the Sanford-Orlando Kennel Club tonight. The hard-driving, black 55-pounder owned by Carl Tracy will be shooting for his sixth win, having already posted victories in grade C, two in Grade B and two in featured contests.

But vying in popularity with Kid Lee will be Tom Sweeney's Mrs. Mops, the winningest entry in this all-star octet. She will be shooting for her eighth win of the season. She has won in Grade C, in Grade B and four times in Grade A, two of those times in features.

Rounding out the field for the main event will be O.B.'s Melon, Good As Ever, Blue Gitter, Refuel, Don't and Idle One.

Three of the track's top distance stars have gone to Sarasota to represent the SOKC in the first of two Inter-City match races there tomorrow night. A return match with Sarasota is scheduled here for Saturday night.

CUPI

REIKO

A FEW YEARS BACK (1) when I was in the fourth grade we learned a catchy little song with words like this: "Far over the sea in the land of tea, Where the cherry blossoms grow, Lives the prettiest maid I know— There lives Yo-San Maid of Japan."

There was a picture in the music book, too, of pink blossoming cherry trees, and a pretty little girl with a parasol and clogs. It was very romantic looking and the music was a little off-beat, set in a minor key.

Here are four of the lovely tiny Japanese ladies whom customers will see when they visit Riksha Inn.

Cupi Sasko Dickman is from Tokyo. She came to America in 1957 as the wife of a Navy man, who is attached to VAH-11 in Sanford. She has lived in Sanford two years and likes it very much.

Yoshiko Suzuki McDade, is also a transplanted Navy wife. She comes from the city of Yokohama and also lives in Sanford. Her Navy husband is at present on deployment.

Reiko Crockett (Hay-co) is from Kobe, Japan and has been living in the U. S. for the past five and a half years. She is married to an Army man and they have three daughters.

Yoshiko Turner, another girl from Tokyo is married to an American airman, stationed at Orlando AFB and they have two children. She says that Japanese students learn English in school. She studied it six hours a week in high school, both writing and reading. Since being in this country, she says, "Television helps us to learn English better."

STARRING AS "Angie" in Seventeenth Summer, to be presented by the 818 Dramatic Club on March 20th, is Miss Susan Tanner. Robert Murray will play opposite her in the part of "Jack."

This will be the first three act play presented this year by the newly reformed Dramatic Club, (and the last for the season, in fact).

The romantic comedy, all about a girl's last summer before going away to college and out into the "outland world" will have a full cast of Dramatic's Club players under the capable direction of Mrs. Nellie Coleman.

THE YUK LADIES annual tea to welcome their new members will be held in the Conference Room at Seminole Memorial Hospital, Saturday from 2 to 4 p. m.

Mrs. Beuel Robinson is in charge of the tea and reception and we hear it's going to be real pretty.

FLORIDA PRESBYTERIAN COLLEGE in St. Pete is sending their 40 voice Concert Choir on a spring tour and accompanying them will be Wyatt H. Folds, a sophomore this year, whose parents live at Lake Minnie.

The Concert Choir has made several tours across Florida and will be going to Mobile and New Orleans over the spring holidays.

The new college just opened its doors in 1961 and has plans to reach a full four year status by 1968.

YOSHICO

YOSHICO SUZUKI

have cocus plumosus palms in Spain, or whether they have phlox, but they all seem to go together to make an interesting sight, with the lake in the background, to add to the look of tropic beauty. A vote of appreciation to whoever had the idea.

And All Round Town, the riotous blooms of azaleas, some older bushes as much as ten feet high, are adding their brilliance to the spring-time look of the city. Other shrubs and flowering trees are beginning to peep forth, too, and it looks like "the winter is over and past and the sound of the turtle (dove) is heard in our land."

Bear Lake

Personals

By Shirley Wentworth Recent houseguests of Mrs. Helen Cockey, 2831 Sunset Road were her sister, her daughter and a friend from New Jersey! Mrs. Mae Wisert, Westfield; Helen Bourne, Hazlet; and Mrs. Jane Buchanan, Trenton. While here the group visited points of interest in Central Florida.

New Arrivals

Mr. and Mrs. Joe Akerman, Lake Mary, announce the birth of a 7 lb. 11 oz. son, Feb. 28, at Seminole Memorial Hospital.

This is the couple's first child and they have chosen the name Joseph Mark for the new arrival.

Maternal grandmother is Mrs. A. G. Jordan of Tallahassee and paternal grandparents are Mr. and Mrs. A. P. Connelly of Orlando.

Perspiration and dirt affect the fibers in socks. Wash the socks promptly after wearing. Roll them in a terry towel. This speeds drying and helps prevent shrinkage.

Ten Families Welcomed To Sanford Area

Among the new families welcomed to Sanford recently by Welcome Wagon hostesses, Mrs. Virginia Petroski, are Mr. and Mrs. J. G. Chandler and children, Johnny and Jimmy, from Atlanta, Ga.; Mr. and Mrs. W. E. Downs, Edwin and Allen, from Winter Haven; Mr. and Mrs. M. A. Easter from Ocala.

Mr. and Mrs. J. W. Geer from Jewett, Conn.; Mr. and Mrs. J. C. Robertson, Darlene, Donnie and Danny, from Daytona Beach and Mr. and Mrs. L. C. Sharp, children, Norris, Eddy and Mary and grandson, Winky, from Little Rock, Ark.

Families transferred here by the Navy include Mr. and Mrs. G. L. Bunn and children, Tina and Vicki, from Los Angeles, Cal.; Mr. and Mrs. J. E. Drim, Julia, Robert, Kenny and David, also from Los Angeles, and Mr. and Mrs. O. P. Flynn, Marie and April, from Puerto Rico.

Ladies Society Meets At Titshaw Home

Mrs. H. J. Titshaw was hostess to the monthly meeting of the Ladies Society of the Brotherhood of Locomotive Firemen and Engineers.

Mrs. Darlene Purvis was initiated as a new member and welcomed by the group. A come as you are party is being planned by Mrs. Walter Cook, president, and Mrs. Alfred Greene, chairman of the social committee. It will be held some time this month.

Refreshments were served by the hostess during the social hour. Others present were Mrs. Eudora Ethridge, Mrs. H. H. Fortner, Mrs. C. H. Goethe, Mrs. Paul Seifried, Mrs. H. E. Turner, Mrs. J. H. Wells Jr., Mrs. E. P. Williams Jr. and Mrs. Harry Wilson.

Garden Circles

DIRT GARDENERS CIRCLE Mrs. E. S. McCall Sr. presided at the March meeting of the Dirt Gardeners' Circle which was held at the home of Mrs. Henry Cushing in Loch Arbor. Assisting hostesses were Mrs. J. A. Adams, Mrs. I. E. Batten and Mrs. W. D. Hoffman.

An informal coffee hour was enjoyed before the meeting. It was announced that the annual flower show will be held in the High School auditorium April 26 and 27. Theme will be "Footprints on the Future" and members were reminded not to over wax and polish their entries.

The Garden Club has purchased the book Exotica and it will be placed in the public library to be available to anyone. It contains everything pertaining to flowers and plants and is supposed to be the best of its kind and most complete.

The state flower show will be held in Jacksonville, March 31 and April 1 and the state general convention on April 2 and 3. Mrs. McCall was elected as a delegate with Mrs. S. C. Dickerson as an alternate.

All garden club members and the public are invited to attend the Mt. Dora Community Center, March 16, to hear Donald-Suliner Welles. He will show pictures and speak on "Gardens Around the World," which will range from American gardens to villas, gardens and parks in Italy and southern Asia. It is a benefit for the Waterman Hospital.

Personals

Following the business session, members were given instruction on permanent flower arrangements by Mrs. Mona Bridges. Twenty-three members were present for the meeting.

Casselberry

Mrs. Elizabeth Talso of Lake Talmo, Mobley's Corner, returned home Sunday from Seminole Memorial Hospital in Sanford where she was confined for treatment of injuries received last week in an automobile accident.

Mrs. Elizabeth Talso of Lake Talmo, Mobley's Corner, returned home Sunday from Seminole Memorial Hospital in Sanford where she was confined for treatment of injuries received last week in an automobile accident.

Shower Honors Bride-Elect

Miss Kathy Carlos and Miss Nellie Pickens, bride-elect. The gifts were placed in a white umbrella, featuring a large pink bow with flowing streamers. The table, covered with a white cloth, was centered with a pink and white cake, carrying out the same color scheme.

DeBary Club Elects New Officers

The DeBary Business and Professional Women's Club held their regular meeting and election of officers Tuesday evening at Dr. George Frison's office in DeBary.

Mrs. Jo Peck presided, and led the salute to the flag. The March 18 visit to the Ocala School for Girls was discussed and plans made to attend.

Officers elected were Mrs. Adam Muller, president; Mrs. Bert Lederhaus, first vice president; Mrs. G. W. Frison, second vice president; Mrs. Marie Accardi, third vice president; Mrs. O. White, corresponding secretary; Mrs. Peck, recording secretary and Mrs. Herman Lederhaus, treasurer.

The officers will be installed at the April dinner meeting at the DeBary Restaurant. A colored sound film "The American Doctor" was shown through the courtesy of Dr. George Frison Sr. Members also discussed plans to select a girl from the Ocala School to help as their project for the year.

Randy Celebrates Fifth Birthday

Randy Brown, son of Mr. and Mrs. Willie G. Brown

RANDY BROWN

1329 Summerlin Ave., celebrated his fifth birthday recently with a party at his home.

Games of pin the tail on a donkey, hot potato and drop the clothes pins in the bottle were played with prizes awarded to Michael Galetta, Mary Jo DeLatta and Donald Brown.

Following the gift opening ceremony with all the guests assisting the group joined in singing "Happy Birthday."

Refreshments of cake, cold drinks, candy and ice cream were served and small horns given to the guests as favors. Other playmates joining Randy for an afternoon of fun were Dottie Linley, Susan and Maria Galetta, Beverly and Nancy Wilson, Dorothy Nordstrom, Arlene and George Quattio, Linda Noel, Bill Collier, Mark and Johnnie Whigham and the honoree's brothers and sisters, Gary, Kenny, Laurie and Lynn Brown.

DeBary Club Meets Thursday

The DeBary Home Demonstration Club will meet Thursday at the Community Center.

A workshop will start at 10 a.m. followed by the afternoon session at 1:30 p.m. Mrs. George Wright will be in charge of the program. Members please note the change in meeting date.

Church Calendar

WEDNESDAY Circle 13 of the First Presbyterian Women of the Church, meets at 9:45 a.m. with Mrs. J. B. Baker, 521 Plumosa Dr.

VAH-1 Wives Hold Luncheon

The VAH-1 Officers Wives gathered at the Barbizon Restaurant in Winter Park for the monthly luncheon.

The buffet table was laden with many delicious varieties of food. Members were reminded of the luncheon and fashion show, planned for March 15 at the AFB in Orlando by the Sanford Officers Wives Club.

Polly Ethell was presented with a surprise birthday cake which she cut and served to the 21 members attending.

Brownies Learn How To Work And Play

The 22 girls who make up Brownie Troop 299, look forward eagerly every Tuesday to meeting at the Pinecrest home of their leader, Mrs. Roger A. Smith. Under the experienced guidance of Mrs. Smith, the girls learn how to

work and play together through a wide range of projects and activities designed to promote the basic goals of the scout movement.

February projects naturally included making Valentines. The girls each created sev-

eral original Valentines working with dillies, crepe paper, decorative seals, beads and sequins.

Another recent arts and crafts project was the fashioning of fancy match boxes from ordinary small match

boxes by the ingenious addition of construction paper, ribbons and colorful seals.

The girls often enjoy folk dances such as "Strut, Miss Lizzie" and "Bow, Bow, My Linda." Also, they have been learning the Charleston and other popular dances from Miss Ann Samuels, SHS physical education instructor, who attends meetings occasionally for that purpose.

Sometimes meetings are simply devoted to playing games or running relay races, all of which are thoroughly enjoyed by the Brownies. Singing their favorite songs is also a popular activity of the group.

One recent meeting was the scene of an Amateur Show when the girls put on various acts of their own making such as dancing, singing and story telling. The five judges unanimously chose as best the one done by Sherry Rogers and Jane Shattuck.

One week the girls were delighted to spend their meeting at the local roller skating rink. Every meeting is happily concluded by refreshments provided each week by a different troop mother.

Mrs. Smith is often assisted by Mrs. Charles Schoonover. She is also fortunate to have an able helping hand at every meeting from her daughter, Girl Scout Linda Smith.

At present the troop is in the midst of cookie sales, and is looking forward to a very busy spring schedule. It includes a train trip to Winter Park which is bound to prove exciting as well as educational. There will be more advanced arts and crafts, a mother-daughter banquet and eventually flying up to Girl Scouts.

BROWNIE TROOP 299 left to right, front row, Carol Melnyuk, Janice Boynton, Lisa Phillips, Norma McKeeney, Jennifer Graham and Judy Greene. Second row, Kathy Dodson, Joanne Arnette, Jennifer Mills, Karen Varner, Janie Blair, Debby Sessions, Vicki Oglesby and back row, Sherry Rogers, Jane Shattuck, Susan Yentech, Lynn Pruden, Christy Walstrom, Cindy Holcomb, Barbara Bailey and Jane Baird. Kimberly Jones was not present when the picture was made. (Herald Photo)

DeBary Personals

By Mrs. Adam Muller Houseguests of Mr. and Mrs. A. R. Duffin at their home on Shell Road are Mr. and Mrs. P. McPhail and sons, Bruce, Barney and Bucky, of Baltimore, Md. Mr. and Mrs. Foster Teator

of Rhinebeck, N. Y., are guests of Mrs. Bess Patterson. While here they are also visiting places of interest in Central Florida.

Mr. and Mrs. Aaron Dugon, First St., have as their houseguest, Mrs. Dugon's sister, Madeline Hand, of Virginia.

Mr. and Mrs. Max Schmitt of Danbury, Conn., are visiting at the Plantation Road home of Mr. and Mrs. Carl Galle.

Current houseguests of Mr. and Mrs. George Croake are Mr. and Mrs. Theodore Loach of Chicago, Ill.

Mrs. L. S. Seamon of Fort Lee, N. J., is visiting with Mrs. George Griffin at her home on Madera Road.

Mr. and Mrs. Eugene Kelly, Cliffside Park, N. J., are guests of Mrs. Joseph Callahan. Mr. Callahan, who is a

patient at Seminole Memorial Hospital, Sanford, is doing well and expects to come home some time this week.

Houseguests of Mr. and Mrs. Arthur Wagner are Mr. and Mrs. Weston Wagner of Millard Park, N. J.

Mr. and Mrs. Elsworth Ogden, Amigo Road, celebrated their 41st wedding anniversary last Friday.

Guests of Mr. and Mrs. Robert N. McGee are Mr. and Mrs. Seth Goodwin of Wheeling, Pa., and Mr. and Mrs. Joseph Kuhn, Pittsburgh, Pa.

Lake Mary

Personals

By Frances Wester Friends of Mrs. and Mrs. Morris Steiner, former Lake Mary residents, will be interested to know that they included their former home town in their trip from Pensacola to his ship at Mayport. The couple with their two daughters, Daphne and Anita, were guests of Mr. and Mrs. A. S. Kemp last weekend.

Dear Abby: By Abigail Van Buren

DEAR ABBY: Please print this in your column to wake up some women who take their children to business places and let them wreck the place. I own a beauty shop. Most of my customers bring along their little darlings, who yell and scream and tear the place apart and make other customers nervous while their mothers bury their noses in a magazine, never saying a word unless the child bothers THEM.

I have tried buying coloring books and toys to keep the kiddies amused, but the toys get broken or carried off and the coloring books get torn up. I love children, but not when they act like animals in my shop. What do you suggest? END OF MY ROPE

DEAR END: You can't ask your customers to leave their "darlings" home. Nor can you discipline a customer's child or ask the mother to without risking losing her business. You can't win, but you can avert an ulcer by admitting that these are the necessary evils of making a living, sulding heads and winding wigs.

DEAR ABBY: I am in love with a man who is just "about perfect" in every way. The only thing that is holding up our marriage is his divorce. It is taking a long time to come through because his wife refuses to sign the divorce papers. I have told my family and friends that we are secretly married because I

was so sure we would be last summer. Is there any way I can speed up his divorce. ALONE AND IN LOVE

DEAR ALONE: You can't "speed up" a divorce which is not yet in the works. The man IS married, which is probably the way he wants it. P. S. You had better stop peddling tales before you are "alone and in trouble."

DEAR ABBY: My husband and I are just average people. We have three small children. The baby is four months old. My complaint is that for the last three Sundays we have been opening our front door to unexpected company. In all cases they were casual friends whose husbands work with mine. They are nice people, Abby, but on Sundays the house looks so messy. Naturally, my husband feels that he should show them the house and we are both nervous wrecks and very much embarrassed because of the clutter and the children crying for attention. Am I a poor manager or am I correct in preferring a phone call or warning before guests arrive?

ORDINARY PEOPLE

DEAR "ORDINARY": NO ONE should "surprise" folks with a drop-in type visit in my opinion. I have been severely criticized for my point of view, but I still contend it is one of the most inconsiderate gestures one can make in the name of friendship.

Jacoby On Bridge By Oswald Jacoby

South's one club opening was silly. He had a perfectly natural diamond call. West's jump to three hearts crowded North into a four club bid. Then, after East went to four hearts, South decided that a jump to six clubs would get a six heart bid by West and South was ready to double that.

Instead, West passed and South found himself in an apparently hopeless contract. However, he gave the cards a chance and they produced for him.

He ruffed the opening heart lead in dummy, led a trump and played the ten. West won

with the jack and led a trump right back. Dummy's king took that trick. South came to his hand with a diamond, ruffed another heart with dummy's last trump, led a spade and finessed the queen, picked up the last two trumps with his ace, dropped the queen and jack of diamonds with his king, ran off dummy's last three diamonds to get rid of his remaining heart and finally was ready for the last bit of necessary luck.

He led the jack of spades from dummy. West was holding the lone ten of spades and the slam had to make whether or not East played his king.

We The Women: By Ruth Millet

A woman never works as hard as when she is pretending she isn't working hard at all—as when:

She works like crazy for two days before a party in order to impress her guests with how effortlessly she entertains.

She is doing her best to lead a wily bachelor to the altar and can't afford to be obvious in her pursuit.

She is making a determined effort to get in with the

"right" crowd and doesn't want anyone to notice that her social climbing is showing.

In order to seem younger she is busily fighting the battle of the bulge, graying hair, fine lines in the face—and so on.

She has her eye on the presidency of an organization but has to do a lot of lesser jobs first in order to work up into position.

She has assumed the job of press agent for her husband

and children and is constantly building their public image.

She is trying to put across the "I couldn't care less" attitude about something that is actually of utmost importance to her.

She is busily engaged in trying to keep up with the Joneses on a lot less money than the Joneses have.

She is trying to give the impression of being a charming scatter-brain when actually she has a mind that calculates as fast as an electronic computer.

She is trying to sell her husband an idea so subtly that he will never realize it wasn't his idea in the first place.

Men—read Ruth Millet's booklet, "Happier Wives (Hints for husbands)." Just send 25 cents to Ruth Millet Reader Service, c/o The Sanford Herald, P. O. Box 480, Dept. A, Radio City Station, New York 18, N. Y.

Highlights TV Time Previews

7:30-8:30 p. m. (NBC) Laramie. "The Day of The Savages." (Color) Usually seen alternating every other episode, both heroes, Slim and Jess (John Smith and Bob Fuller), join forces to battle Indians in this one, succeeding at first when the Bloux are routed in a kidnap attempt.

8:30-9:30 p. m. (ABC) The New Breed. "All The Dead Faces." The title tips the plot puzzle of why a former marine corps officer should wind up as derelict on Skid Row.

8:30-9 p. m. (CBS) Dobie Gillis. "Like, Oh Brother." Maynard's unique vocabulary saves the day for himself and Dobie in tonight's episode.

9-9:30 p. m. (CBS) The Red Skelton Show. "The Nine Lives of Freddie." Take away Red Skelton's ad lib propensities and you have plotted

dialogue that few other comics would touch. It's in his "Freddie the Freelander" character that Skelton shines best and it's worth your time to see how his physical actions and throwaway lines affect the biggest laughs.

9-10 p. m. (NBC) The Dick Powell Show. "View From the Eiffel Tower." Host Dick Powell heads a fine cast that includes Jane Powell, Akim Tamiroff and Bella Darvi in a logical drama that centers about the French-Algerian struggle.

10-11 p. m. (CBS) The Garry Moore Show. Garry's best of the year, due mainly to the presence of Red Skelton. The clowning of skelton is always insurance of fun.

Music For Twist Just Noise

By Dick Kleiner... Newspaper Enterprise Assn., NEW YORK (NEA)—You may love to dance the twist, but take pity on the poor musicians who have to play it.

That aspect of the world's latest terpsichorean fad was stressed by one of the most popular merchants of twist music, Ronnie Hawkins.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

"You play the same three chord changes all night long," he says, in his infectious Arkansas drawl.

But what isn't too well known is that Will is also a TV writer. He's had a script on John Casavetes' old series, Staccato, and is working on others.

Dick's Picks — Johnny Mathis' new one, on Columbia, is "Sweet Thursday." Others: "One More Time" (Danny Peppermint, Carlton); "Like I Do" (Nancy Sinatra, Reprise); "Easy as You Go" (Carmen McRae, Columbia); "Mexican Divorce" (The Drifters, Atlantic); "I Didn't Know" (Vic Vance, Mercury); "Drop It Joe" (Connie Francis, MGM); "It's Magic" (The Platters, Mercury); "Fantasia" (Liane, Verve); "Delta" (Lee Hazlewood, Smash).

For soft background music, try these: Time's "Mr. Galt" and Mr. Y's "fine arrangements on guitars, bass, harp; Capitol's "Nightfall," romantic melodies played by Carmen Dragon and the Capitol Symphony; Roger Williams' latest Kapp release, "Maria," most of his delightful piano arrangements; the newest from Bert Kaempfert on Decca, "With a Song in My Heart"; Billy Vaughn's "Greatest String Band Hits" on Dot; Imperial's "Crown Jewels," by Cyril Stapleton's orchestra; Capitol's "Burnish-Ed Brass," with George Shearing and a brass choir.

Angel has a fine new "Tannhäuser," with the great Wagner opera sung by experts — Elizabeth Grummer, Hans Hopf, Dietrich Fischer-Dieskau and Gottlob Frick. It's a good argument for the proposition that opera sounds better when sung by singers who are native to the composer's language.

He tried to go around a curve. Two wheels were off the ground. They're picking up the others, but Old Buck they haven't found!

South Seminole C-TP Members Elect Nominating Committee

By Jane Casselberry

The South Seminole Elementary Council of Teachers and Parents elected a nominating committee in preparation of April elections at its monthly meeting held at the school last week.

Named were Mrs. William Cass, chairman and Mrs. Ray Norman, Mrs. Frank Messick, Mrs. Sara Cole, Mrs. Lewis Cote and Mrs. Louise Means.

A brief inspirational talk was given by sixth grade teacher, Mrs. M. B. Ostrow, who stressed the freedoms enjoyed and taken for granted by Americans in contrast to the restrictions imposed upon citizens of Communist countries.

During the business meeting of the group, Mrs. Ray Norman reported that the Volunteer Clinic Mothers made a profit of \$18 on their sale of handcraft items and have bought two joining beds for the clinic.

She stated that there still are a number of cans of candy for sale with which the Mothers hope to make enough money to buy linens, pillows,

scissors and other needed items.

Mrs. Vernon Catron, C-TP president, gave a final report on proceeds from the Fashion Show stating that the net amount was \$331.75.

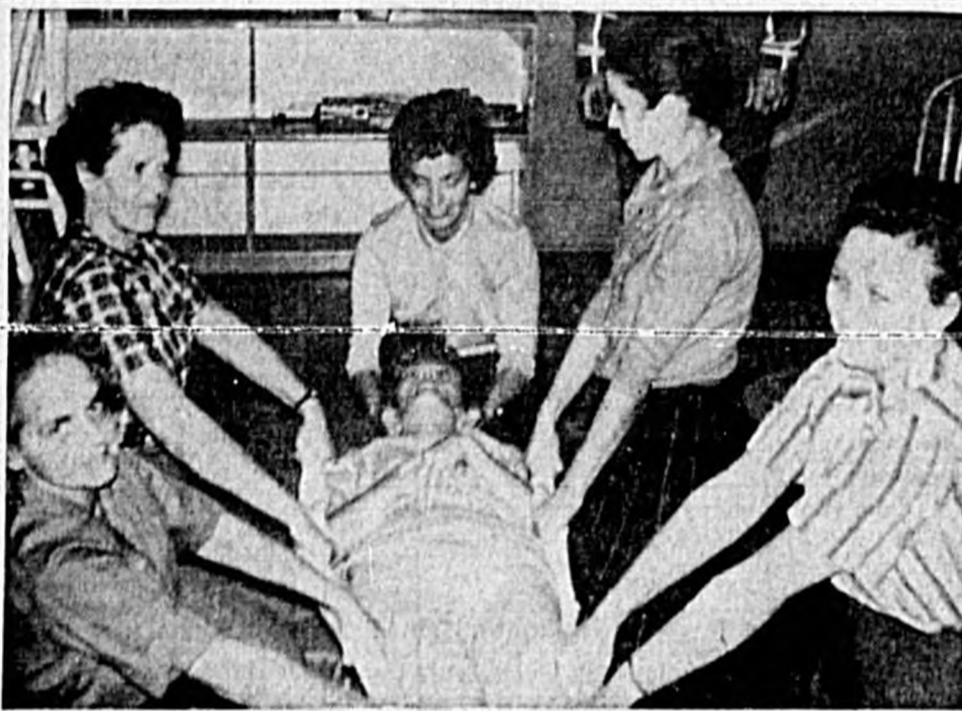

A progress report on the school library, given by Mrs. William Dunn, revealed that more than 1,100 are assessed toward the goal of 3,500 books. She suggested that each school child bring at least two books to the library.

John Angel, principal of the Longwood Elementary School and member of the Seminole County Juvenile Council, spoke briefly on the importance of keeping the public aware of the juvenile delinquency problem and asked to be invited back to speak on purposes and objectives of the council.

Room count winners were Mrs. Ostrow's sixth grade and Mrs. Davis' third grade. Following adjournment, refreshments were served in the cafeteria and members and guests viewed displays on various types of motors and experiments with electricity made by the sixth grade science classes.

WESTERN STYLE fun was enjoyed by members of IBEW Local 1491 of the Florida Power Corp. and their wives at a Saturday outing at MQ Ranch. Shown here from left are, L. W. Jones, vice president, Bart Galletta, treasurer, Al Brillante, and Richard Hart, committeemen.

THE TRACTION BLANKET LIFT is demonstrated by students of the first Standard Red Cross First Aid class, conducted at Holy Cross Episcopal Parish House under the direction of Martin Co. safety engineer, Jack Horner. In this picture, Mrs. John Thomas, Mrs. Carol Stone, Mrs. Jack Horner, Mrs. Jo Ann Lossing and Mrs. Ulla Grandtorn lift Mrs. Martha Kilpatrick in the approved manner. Others in the class, which graduated Thursday were Margaret Bower, Pat Hackett, Reba McFarlane, Evelyn Lavender, Colleen Stewart, Edith Avenel, Margaret Blaydes, Mrs. Jay Beck, Betty Boyer, Evelyn Bales, Mildred George, Betty Halback, Eva Hunt, Kay Knight, Mr. and Mrs. Gordon Sweeney, Miss Myrtle Wilson, Mrs. J. H. Masters, J. A. Kilpatrick and J. C. Lavender. (Herald Photo)

When the first offspring of a hereditary ruler are twins, the firstborn generally is considered heir to the throne.

PICK A SIZE, PICK A PRICE PICK A DODGE!!!

Now there's a Dodge in every size. Compact, new size, and big. Lancer is the compact; Dart is the new size; the Custom 880 is the big one. And it's plenty big. But these cars are different in more than just size. They differ in style, in room, in power and appointments and, of course, in price. You pick what you want in a car, and get it in Dodge. These automobiles are different, sure. But they have a lot in common, too. Each has a rustproofed, unitized body. Each gives you low-friction steering and Torsion-Bar suspension—called best by the experts. Each has a high-speed starter for fast starts and a high-output alternator that keeps the battery charged up even at idle. Each car goes 32,000 miles between grease jobs. Drive Dodge. Any Dodge. You'll find that a Dodge car is your best pick in any size and at any price.

BIG DODGE CUSTOM 880

This one is big, all right. Almost 18 feet long, 122" wheelbase. Seats are chair-high. A big 361 cu. in. V8 belts out 266 horsepower. Custom-made for the big car man. Manufacturer's suggested retail price, exclusive of destination charge, Super Spin-on wheel covers, white walls: \$2964

DODGE CUSTOM 880 4-DOOR SEDAN

DODGE DART 2-DOOR SEDAN

NEW SIZE DODGE DART

Sized right in the middle of the big and little. Two feet shorter than America's longest car; two feet bigger than the smallest. The most powerful standard 6 engine in the business. The standard V8 beats anything near Dart's price. Manufacturer's suggested retail price, exclusive of wheel covers, destination charge, white walls, for Dart 6-cylinder, 2-door sedan: \$2241

COMPACT DODGE LANCER

Car Life calls Lancer America's best handling compact. You'll call it America's quickest when you try its zig. The standard 170 cu. in. 6 has the power you pay extra for in other compacts. Want to do more than just save gas? Lancer is your answer. Manufacturer's suggested retail price, exclusive of destination charge, white walls and wheel covers: \$1951

DODGE LANCER 170 2-DOOR SEDAN

Girl Scouts Celebrate 50th Year

Another successful Cookie Sale has just been completed with most of the 800 Girl Scouts of Seminole County selling their Mint, Sandwich, and Round-Up Cookies in record number. A part of the profits stays with each individual troop, while the remainder will be used to help finance building projects at Camp Ticochee, the Girl Scout Established Camp for the Citrus Council.

This popular youth-serving movement has spread throughout all parts of our country, and, through its affiliation with the World Association of Girl Guides and Girl Scouts, it is part of an international youth movement dedicated to the spiritual values of personal honor, duty to God and country, and service to others. As a fitting climax to Girl Scout Week all girls will participate in a District-wide Songfest Friday, 6 to 8:30 p.m. at the Civic Center, with all friends of Scouting cordially invited.

Did you say THOUSANDS?

Right! New RPM deposit-free motor oils give thousands of extra miles without engine overhaul!

New from Standard—RPM motor oils with a revolutionary ashless detergent that halts engine wear. It leaves no ash deposits . . . keeps combustion chambers so clean, moving parts so free of thick, sticky sludge that your engine can now outlast the life of your car! Result: you can save hundreds of dollars in overhaul costs, and get cleaner, smoother engine performance.

Choose from the only complete line of deposit-free motor oils: Unsurpassed RPM Supreme . . . an all-season multigrade oil that cuts friction so effectively it can save up to 1 gallon of gasoline in every 8 you use. Or new RPM Special . . . the only single grade deposit-free oil available.

See your local Standard Oil dealer and get the full story on how RPM motor oils can give you thousands of extra miles without overhaul!

Look to Standard Oil for new ways to take better care of your car

STANDARD OIL STANDARD OIL COMPANY (KENTUCKY)

By Larry Vershel
The Seminole Hospital Board of Trustees had an unexpected guest at its meeting last night. A newspaperman... The newspaperman had all intentions of being gently told "The press is not invited," but was pleasantly surprised when asked to stay.

You might be interested in knowing who the hospital trustees are: A. B. Peterson Sr., chairman; J. W. Evans, vice chairman; Andrew Caraway, secretary-treasurer; Robert Bradford and John Schirard... Legal counsel or as they say on Perry Mason, attorney, is Gordon Fredrick.

P. S. They even offered me coffee!

Dr. Wade Garner, chief of the hospital's medical staff, told the board that he felt some of the doctors were concerned about using reserve money to purchase the Burton property "when we need money to complete the wing. It puts a sour taste in our mouths," said Dr. Garner.

"Looks like the board is just looking out for the future... You know, Nova is going to affect everything around here."

Speaking of the doctors, some have already pledged \$1,000 for the new wing. All have agreed to give to complete the third floor portion left undone... A conservative figure should be around \$10,000 from the local Killdares. One member of the trustees has already said he would give \$1,000... But he wants it kept quiet.

Karlyle Housholder, who holds down more titles than the Duke of Windsor, will move his offices into the old Florida State Bank Building on Park and First St. within the month. I don't know why we keep saying the old Florida Bank Building when there is nothing old about the bright look at First St. West. By the way, Karlyle is county service officer and county prosecutor.

Bellmeade Corp., the second low bidder on the Sanford Post Office, has been given the green light to go ahead with the project and work will start within the next 30 days.

YOU GOTTA SHOW ME DEPARTMENT: It's hard to believe there are close to 1,000 vacant homes in Seminole. Utility company census shows only about 200 homes overbuilt... Nova project will take care of all that.

I wonder if that survey includes the Palms Hotel and the other 500 condemned buildings in the city limits?

Margaret Reynolds has a asked to be relieved of duties as principal of the Pinecrest School after this school year. Watch for an announcement soon from the trustees on recommendations for her job as well as new principals for the new Bear Lake and South Seminole Junior High School.

Filing stations and others outside city limits who sell gasoline and cigarettes applaud the action of the city fathers here and elsewhere in the Florida Municipal League for their endorsement of the proposal of a three cent per pack tax on what grandma called "coffin nails" and one cent a gallon on gas sold within the city limits. They figure there ought to be a big pickup in carton sales of the "smokies" and "filler-up" orders at the gas pumps as the "city slickers" save the city tax.

These county merchants will undoubtedly lend their support to the Municipal League's lobby in the Legislature to see that the law is passed, huh? Nice windfall, eh?

County Attorney Harold Johnson reported today that he has filed a motion to dismiss the damage suit against the County Commission regarding Dike Rd. Hearing set in Circuit Court March 27 at 10:30 a. m.

Disarmament Conference Opens

Delegates Of 17 Nations At Geneva

Cuban Refugees Call For Arms Against Castro

MIAMI (UPI)—A crowd of Cuban refugees estimated at more than 3,000 rallied in downtown Bayfront Park Tuesday night, calling for arms to fight against the government of Premier Fidel Castro.

The Cubans roared approval when Dr. Osvaldo Soto, president of the 20th of May anti-Castro organization, called on them to return their U. S. government relief checks and "ask for arms instead."

Said another speaker, former Havana television personality Otto Sirco: "Maybe this showing will prove to President Kennedy we don't want peaceful coexistence with Red Cuba and don't want to be refugees all our lives."

"We'd rather die on Cuban soil," said Sirco.

Several speakers criticized Dr. Jose Miró Cardona, leader of the Cuban Revolutionary Council which launched the abortive invasion at the Bay of Pigs last April.

Miro Cardona was criticized as a "do nothing" and as a "comecheque" check eater who accepted American financial aid without producing anything positive in return.

The crowd dispersed before midnight, the deadline set for leaving the city park. One hundred and twenty-five Cubans were arrested in the park early Tuesday after they refused to cut short a hunger strike. The Cubans go to court on disorderly conduct charges today.

Walter Bonder Fourth To Enter Board Race

Walter Bonder, 34-year-old Fern Park resident qualified late Tuesday to run in the District 4 County Commission race in the May Democratic primary.

Bonder became the fourth candidate to throw his hat in the ring now occupied by Commissioner Vernon Dunn. Dunn has gone on record saying he would not seek reelection.

Others qualifying for the post are Lee Gary and Robert Cameron, both of Oviedo and Pitt Varnes of Fern Park.

Bonder has been past president of the American Legion Post 183 of Altamonte Springs and a member of the Casselberry Lions Club.

Bonder came to Seminole County in 1948 making his permanent home here in 1952. He had been vitally interested in the development of south Seminole and has helped develop Fern Park Plaza.

He has attended Orlando Junior College, Rollins and attended a year of Medical School at the University of Miami.

Last year he and his wife set up a women's wear business "Playgirl Fashions of Fern Park."

In his announcement, Bonder said, "I have always been active and interested in local politics and I feel I now have full time to devote to public service. I feel I can be of benefit to the people of Seminole County by approaching the problems of a fast growing and progressive county calmly and with fairness to all."

Armed Guards Alerted Over Hospital Threats

BINGHAMTON, N.Y. (UPI)—Armed police and private guards stood watch today over a city hospital which received bomb threats because six infants died there of an overdose of salt in their formulas.

Detectives, Pinkerton guards, hospital employees and volunteers guarded every corridor of the six-story Binghamton General Hospital. Outside, searchlights were trained on the grounds during pre-dawn hours.

At least six calls were received Tuesday—four at the hospital switchboard, which is now being tapped by police. Three were believed to be made by the same man.

"The callers would have to be screwballs or cranks," said police Sgt. Carl Stols, when questioned by a newsmen.

But the heavy guard was maintained for the protection of patients in the 319-bed, red brick hospital.

Of the 30 infants who received sodium - poisoned formula last week when a practical nurse apparently placed salt in a sugar container, four remain under constant observation.

"There continues to be steady improvement in at least two of the four infants who suffered sodium intoxication," a hospital bulletin said early today.

One of the infants remained on the critical list, one was reported "serious" and two are "fair," the hospital reported.

Dr. Dr. Lawrence Finberg, a specialist from Johns Hopkins Medical School, added a somber note when he said it might be years before it could be determined whether any of the babies suffered brain damage. Finberg flew here to help treat the stricken children.

Weather: Snow, Floods And Heat

By United Press International

Parts of five Midwest states remained drenched off behind 10-foot snow drifts today, and a new storm was boiling up in New Mexico.

The Northeast continued to dig out from under as much as 2 feet of new snow.

A record heat wave lashed Florida, where Miami reported 89 degrees Tuesday, highest ever on March 13.

Rising streams caused concern in parts of Iowa, Illinois, Michigan and Ohio.

Canadian cold sifting southward behind the Midwest storm area dropped the temperature to 5 below zero at Evanston, Wyo., shortly after midnight today. Glasgow, Mont., reported 2 below.

The new storm dropped 6 inches of snow at Corona, N. M., and 25-mile winds fanned 6-foot drifts. Socorro, N. M., had 4 inches of snow.

A dozen deaths, six in Michigan, four in Iowa, and one each in Nebraska and Vermont were blamed on the weather.

3 Die In Car

PENSACOLA (UPI)—Three men were killed instantly early today, when their car skidded and crashed broadside into a bridge abutment near here and overturned.

The victims were identified by the State Highway Patrol as Willie Hammock Jr., 21, of Pensacola; Robert Riley Redd, 25, of Niceville; and Bobby Wayne Wages, 25, address unknown.

58,783 Visitors

TALLAHASSEE (UPI)—The Development Commission's seven tourist welcome stations had 58,783 visitors during February, a 4.8 per cent increase over the same month last year, the commission reported Tuesday.

Walter Bonder Fourth To Enter Board Race

WALTER BONDER

news... BRIEFS

Powers Leaves

NORTON, Va. (UPI)—Uz pilot Francis Gary Powers left here today and was reported bound for Milledgeville, Ga., to join his wife, Barbara.

Plant Study Set

WASHINGTON (UPI)—The government is putting up \$27,000 for a study to see if a cement and lime plant could operate profitably in Northwest Florida.

Riot Follows Game

CHICAGO (UPI)—Rioting between high school basketball fans snarled traffic around the International Amphitheater Tuesday night and gave the police canine corps its first big test.

Sacred Cows

NEW DELHI (UPI)—Mrs. Jacqueline Kennedy, her car dodging sacred cows in the city streets, went to an Indian fashion show today and exclaimed in delight over handloomed silk scarves of pretty models.

Educator Killed

ALGIERS, Algeria (UPI)—Three gunmen burst into the medical department of Algiers University today and shot and killed two Muslims, including the 69-year-old honorary secretary of the university's academic administration.

Tariff Proposed

TALLAHASSEE (UPI)—Tallahassee Democratic congressional candidate Ralph D. Newman proposed Tuesday a Florida tariff on foreign goods and "strict scrutinization of foreigners coming into our country from lowly paid areas of the world to pull the working man's income down."

3 Die In Car

PENSACOLA (UPI)—Three men were killed instantly early today, when their car skidded and crashed broadside into a bridge abutment near here and overturned.

Night Flights New Red Threat

BERLIN (UPI)—The scheduling of night-time military flights by the Soviets coincide with those of Western aircraft posed a new threat today to the Allied access routes to West Berlin.

58,783 Visitors

TALLAHASSEE (UPI)—The Development Commission's seven tourist welcome stations had 58,783 visitors during February, a 4.8 per cent increase over the same month last year, the commission reported Tuesday.

Armed Guards Alerted Over Hospital Threats

BINGHAMTON, N.Y. (UPI)—Armed police and private guards stood watch today over a city hospital which received bomb threats because six infants died there of an overdose of salt in their formulas.

Delegates Of 17 Nations At Geneva

GENEVA (UPI)—The 17-nation general disarmament conference, aimed at bringing arms reduction to the world, opened formally today under the shadow of threatened nuclear testing by the United States and Russia.

Ted Tosses Hat In Political Ring

BOSTON (UPI)—Edward M. (Ted) Kennedy, youngest brother of the President, formally announced his candidacy today for the Democratic nomination as U. S. senator.

Holland Asks Poll Tax Ban

WASHINGTON (UPI)—Battle lines were forming today for a civil rights skirmish over abolishing the poll tax that could tie up the Senate for the rest of the week.

'Cracker Days' Hats Available

E. C. Harper Jr., chairman of the Merchants Division of the C. of C. reminds Sanford downtown merchants to pick up their arm-bands and hats at the Chamber of Commerce office for "Old Fashion Cracker Days" coming up Friday and Saturday this week.

21 More Days

Every day there is one less day to register. Don't let the time run out on you. The Registration office in the C. of C. Building is open from 9 a. m. to 5 p. m. and from 9 a. m. to noon on Saturdays. Registration closes April 7.

Outside Calls Will Continue

By Judy Wells

Lake Mary Firemen Tuesday night made it definitely and emphatically clear that they have no intention of cutting off all aid to areas outside of their own fire district and that they will continue to volunteer their services and equipment when possible.

Lake Mary Fire Department Tells Policy

Abell advised that the department will continue to go anywhere "within a reasonable distance, providing there is no fire and no prevalent and established threat of fire existing in our own district as was the case when the recent Celery Ave. tragedy occurred.

Burton Property To Be Used As Parking Lot

The Seminole Memorial Hospital Board of Trustees Tuesday night agreed to purchase Architect John Burton's property at the intersection of E. First St. and Mellonville Ave. for \$35,000 to use for future expanded facilities and a parking lot.

Indications are that the parking facility would not be used for two or three years and would accommodate some 80 cars.

Building Halt Hit By County Director

County Zoning Director Robert Brown today criticized the Federal Housing Administration order shutting off speculative home building in Seminole County.

Squadron 11 Has Top Bomb Score

The Lake George bombing range teemed with excitement yesterday, as Heavy Attack Squadrons Three, Five, Seven and Eleven lofted their bombs toward the target in an all-out effort to win the Bomber Stream Competition.

Greco Tickets Now On Sale

Tickets to the Jose Greco Show, being sponsored by the Seminole-DeBary Heart Assn. are now on sale at Roumillat and Anderson's Drugstore.

Screeney In Race

Dan Screeney of Longwood today qualified for the precinct 13 Democratic Executive committee election in the May primary.

21 More Days

Every day there is one less day to register. Don't let the time run out on you. The Registration office in the C. of C. Building is open from 9 a. m. to 5 p. m. and from 9 a. m. to noon on Saturdays. Registration closes April 7.

Smathers made a report on the insurance rate reduction going into effect Thursday for homeowners living within the Fire District (old precinct 10).

Reduced annual rates, made possible through recommendations of state inspectors on the department's work and available equipment, annually will more than cover the tax imposed to support the district, Smathers said.
