That surge of confidence which is sweeping through the Sanford area following announce-ment by General Dynamics that final decision also build a new plant in Seminole County is but an earnest of things to come. It is, indeed, good news that the new elec-tronics plant will bring a \$5 million annual payroll, allow 1,000 employes to enjoy the comforts and delights of Central Florida liv-

But of much greater significance is the se-lection of the site by such a prestigious indus-trial organization. Before the final O.K. was stamped, the experts of the electronics divi-sion found that our county provided the en-sentials for an expanding operation. Another of the plants of the electronics division, our good friends at Dynatronics, had

provided actual experience to use as a guide. Completion of 1-4 had assured good north-south highway facilities. Rail and waterway transport was in being. But it was the action of the county commis-

signers in deciding to provide access roads, ac-cording to Congressman A. S. Herlong Jr., (who spread the gooding tidings from als Washington office) that swept away the ball

General Dynamics, welcome Thus we hall those who will build and those who will work in the new facility near the I-4-Lake Mary Road intersection, as a major factor in providing jobs for the Sanford area.

But it also, as do most important events, points a lesson. Sanford needs more roads. Try as our leaders do to attract industry, to bring good people to our lakefront city as contanted residents, an essential ingredient to all such growth is ease of access. We can, therefore, even while basking in the

glow of this important decision by General Dynamics' Electronics Division, show that we have learned the need for better roads in all How It is not our intention to increase the

load on the burdened postal services, but it is a well-known fact that letters to elected officials concerned with a stubborn problem have proved strong influences in spurring into action, those who need such spurring, in Sanford or Tallahassee.

Human Resources

head of Columbia University he started research on "human resources" with special emphasis on the proper use of this basic, major

and largely mis-used national asset. Here in Seminole County such a project, without the benefit of such a designation, hus been going on with the Seminole County Chamber of Commerce providing the impetus. Every year it plans and executes a membership drive which gives every countian an opportunity to put his abilities and energies to vork for the good of this fast-g In 1967 there were about 550 card-carry-

ing members. This year the drive with Robert Besserer, Hospital Administrator and Postmaster Cecile Heard in command kicks off next Tuesday aimed for even larger particination

It would be impossible to estimate anywhere near the value of the man-hours and the skills which Chamber members have freely given this city and this county.

But it is sufe to say that when year's end comes and the accomplishments of the chamber are totalled up-new industries attracted, older enterprises expanded, communications broadened, road needs emphasized or lakefront improvements completed-each member can say: "I was part of this and am proud of what we've accomplished." This is a bonus that cannot be valued in

dollars, but that carries the imperishable satisfaction of unselfish work well and effectively done. In this year of challenge, we trust that the chamber's drive will be more successful than ever and that more intangible bonuses will be happily received than ever before.

Farm Subsidy

If you don't think the state of farming in America is bad, chuckle with us (if you can) over this anecdote:

Two veteran farmers were being interviewed by a local newscaster. At the end of his questioning, he said: "What would you do if you were to inherit a million dollars tomorrow????"

The first allowed as how he'd quit working, take life easy, and go fishing. The second scratched his head, thought awhile, and an-swered: "I reckon I'd just keep on farming 'til it was all gone."—Columbia (S. C.) State.

Irv Waterman, head pro at the Orange Park Course, reports a lot of interest in the weekly Men's Senior Competition. This week, Paul Knight showed the rest of the group thow the same is supposed to be played when he carded a natural 78 to score low honors in the gross division. Following close on his beels with just one additional shot was Victor Hassel with a 79.

In the net grouping, a real super score of 62 won hands Idown for Bill Crame. Col. Smith came in second with an adjusted 66, and was followed by Bill Bowen and Henry IBranb with 67 and 68 in that order. SEMENOLE GOLF CLUB

Less Moss continued his domination of this layout with an-

the par five, 475-yard eight hole he hit a drive, a three iron and a one putt. On the par four, hole No. 4, he didn't get to butt as a drive and a wadge were all he needed for his

HID-FLORIDA

Mrs. Herb Smith, the most congenial spouse of the new pro out at Mid-Florida, reported to us that even though the weather was mighty rough, a group still got together for the weekly dogfight. Coming home with a net 67 were Tony D'Agistino, Joe Shiflo, Andy Wilson and Joe Pender, for the first place prize.

LAND O LAKES Raiph Park, owner and manager of this Casselberry course was able to pass on to m the news that made Harold Jongsins a mighty proud goller. This past work while playing with his partner, Ed Bust, Barold used his trusty seven true to hale out on the 140-yard No. 2 green. The nice part was that he did it from the No. 2 tee, for his first hole in one. DWD esistes Hareld Janquins for this feat . . . Dr. Hal Mello, who plays a lot of golf down this way,

tholed out on his second shot wedge on the 325-yard No. 4, for an eagle two.

Attention . . . all members of the men's association, and prospective members - as important meeting Tuesday, Feb. 6, at 7 p.m.

Saturday, Feb. 10, will actually see the beginning of two tourneys for the men's association. First will be a membership tourney, four ball best ball, full handicap. Make your own foursome and get out and play.

Second will be the beginning of a ringer tourney. This i one that will run for two months, and will enable you to im-prove your score on any hole any time you play a round of gif. There will be a special her for score cards, and it should really be interesting. Get your entry fee in before the open-ing day, and your first scores can go on the day of the 10th.

In the ladies association, we missed their weakly scores last week, when they counted the strekes from tee to green. Marge Person, with a 40 year the Class A. Sylvis Brown had 41 blows to win Class B. Frances Phillips took the class C event with 25, and Maryed Meeks came home first in the D grouping with a 12.

This work they counted the water holes only, and Cathy Tatham with 25 strokes was the class A. Thirty-sight was the score of Jeassails Houck for top spot is the class 2, and Ann Marsh's 41 won out in the C division.

Monday of this work now the picts esterisis the ladies from Rolling Mile, Tunotes Onio, and Mt. Dert. The low gross contest was was by fully Essents with as Ri, followed by Cary Strong with an M. Fundam McRoberts was first

in the ant division and Berturn McKinnes was preser up. In the westig deglight the from of Larry Johnson, Pois Coptigan, Rugh Grier and Mile Whetchel browed the elements to shoot a not @ far first meney.

In the menthly breakfast minor, which is slways a points tourney, a super effort of plas 20 teck the leners for the fourseme of Den Barnhart, Loyd Bouthel, Dr. Paul Gethals, and Fred Tinsley. The runner up team was Pote Howard, Pote Lytle, Bob

McOwen and Frank Stuast. They came home with a plus 13 for this position. In the individual scening, Ray Glibranth and Bob McOwen tied for top planing with plus eight Later on in the adversees, John North heled out on the No. 12, 345-yard per four, for an angle two.

In the westly latter competition Rath Manger shot a 20 to win the low gross and, and Marty Thairy carded a 307 with her 34 handleap to score an adjusted 20, and top spat in
