

WILL HAVE HOME MINSTRELS

Sanford Will Witness Good Performance

The amateur minstrels of Sanford will get together and give a performance some time in April for the benefit of the base ball association and the performance promises to be a good one from every standpoint. Sanford boasts of some very fine voices and some good comedians and the local hits will be rich, rare and of the 1913 vintage. The circle is not complete and all the good minstrels in the city or those who have ever pulled off a stunt or think they can pull off one are requested to meet in the city hall building third floor tomorrow night at eight o'clock when the first rehearsal will take place. Lake Hodges, an old minstrel troupier of Barlow Minstrels and C. H. Dingle, who is one of the finest in the city have been secured for two end men, and R. J. Holly will act as interlocutor. There are probably four more end men will be required and the rehearsals will start at once. Everybody is invited to come in and make the show the real article. The cause is a good one and the people will get their money's worth, for it is a well known fact that the amateur minstrel shows are always better than the professional show on account of the many local hits. The best musicians of the city will form the full orchestra and the musical feature will be the best part of the show.

Mettinger's Sale Notes

An immense crowd gathered at Mettinger's store Saturday afternoon, each one hoping they held the duplicate number that would draw the twenty-five dollars in gold. Simon Phillip, laborer on a Celery avenue farm was the lucky holder of duplicate ticket 2354, the original having been taken by Gladys Ingo, a little girl, from a box. This sale started by J. H. Cole, and under the supervision of M. Rathouser has been a phenomenal success and J. K. Mettinger is congratulating himself on having been able to obtain such energetic sales promoters to run this sale for him.

Overman's Millinery Opening

The millinery opening of Mrs. Overman in the West building, this season promises to eclipse anything ever before attempted in this line in Sanford. Mrs. Overman believes in giving the people of Sanford the best and has secured the services of Mrs. Mehrtens, one of the best trimmers in the south, who will be here during the spring season. The regular spring opening will occur on Monday, March 10th, and refreshments will be served to the patrons during the hours of the millinery display. Mrs. Overman wishes to make no promises about the many beautiful hats but requests the ladies of this vicinity to call on Monday next and see the display.

An Early Attraction

With a bevy of exceptionally pretty singing and dancing girls, a splendidly balanced company, Billy "Single" Clifford supported by that clever prima donna, Marie Welter, will be seen in the merriest of musical farces, "The Girl, The Man and the Game?" at the Imperial Theatre Monday, Mar. 10th, 1913. The success of this clever play the past season from coast to coast was little short of phenomenal. This season it will be seen to much better advantage, the company being improved by the addition of Miss Marie Welter and a very clever little singing and dancing soubrette, Miss Mae Collins, who was a feature the past season in The Pink Lady and at the Folie Bogere in New York. The chorus will be up to the Clifford standard, which means much, and Billy will have the best and brightest selection of songs he has ever had in his long career.

"The Girl, The Man and The Game?" is a success with a capital "S" as Billy Clifford's brand of comedy and dancing is delightfully pleasing.

At a recent meeting of the county commissioners of St. Johns county it was decided that the Augusta gravel was a failure for surfacing purposes and they cancelled all orders. Brick will be used instead.

Information has been received here of the untimely death of Mrs. D. H. Hartley, which occurred at her home in Waldo on Tuesday night. From the information at hand, it seems that the lady had been out calling during the afternoon and reached home after dark. After building a fire in an open grate, in some manner her clothing became ignited, and there being no one in the house to assist her, she was fatally burned. She was almost unconscious when found, and death relieved her suffering during the early evening.—Gainesville Sun.

Don't miss it—Gibson Reunion.

Death of Mrs. Morey

From Pensacola Journal, Feb. 28: Mrs. Lula Gholsten Morey, after an illness of several weeks, breathed her last yesterday morning at 9 o'clock at the Pensacola Sanitarium.

Although her death was not unexpected, when the information was given out it caused the deepest sorrow among her legion of friends. Mrs. Morey was a most lovable woman and had for some years been a prominent figure in Pensacola's social, church and charitable work.

Mrs. Morey was a leader in the work to establish a Young Woman's Christian Association in this city. She was 41 years old and is survived by her husband, Hon. M. E. Morey, a daughter, Frances, who is eleven years old and a pupil in the city schools, her mother in Clarksville, Tenn., three brothers and two sisters.

The home of the family is at 5 East DeSoto street and funeral services will be held there at 11 o'clock tomorrow morning. They will be conducted by the Rev. A. S. Moffett, pastor of the First Presbyterian church, and the Rev. K. L. Melver, pastor of Knox Presbyterian church. Interment will be in St. Johns cemetery.

With Mr. Morey and their daughter, Mrs. Morey came to Pensacola more than two years ago from Rochester, N. Y., where Mr. Morey formerly practiced law. She soon made friends and became an active member of the Shakespeare Society, the Caxtons and other similar organizations. She also took great interest in the Y. M. C. A. proposed for this city and did much to bring the efforts to secure one to their present promising point.

Her mother, brothers and sisters were telegraphed news of her death as soon as it occurred, but the service throughout

this part of the south was so badly crippled by the storm that no replies have yet been received. It is feared that the good mother of Mrs. Morey will be unable to come. One sister, Mrs. I. M. Raynor of Ocala is here, and Miss Dora Gholsten, another sister, is expected this evening.

Mrs. Morey was the daughter of Dr. and Mrs. John A. Gholsten of Clarksville, Tenn., and was prominent in church and exclusive social circles there at the time she became the wife of Mr. Morey.

In St. Johns cemetery the interment will be held, and all that is mortal of this estimable woman will be laid to rest forever.

Mrs. Morey came to Sanford a bride some years ago. Her husband's family were living here at the time. Mr. and Mrs. Morey resided in Sanford several years before going to Rochester to live. Mrs. Morey made many warm friends in Sanford who will regret to learn of her death.

Hold Earlier Services.

Commencing with next Sunday night the churches of Sanford will begin services at 7 instead of 7:30.

Celebrated Milliner Here.

Mrs. E. Glasgow Mehrtens of Jacksonville, has been procured by Mrs. S. M. Overman and will have charge of the Spring Opening of millinery and will also remain here during the busy season. Mrs. Mehrtens studied millinery art with the celebrated Madame Sokoia of Jacksonville for three years and has held positions in the millinery departments of large establishments in almost every state in the Union.

Gibson Reunion—Mar. 13-14.

Mosquito Inlet Deep Water

At one of the most enthusiastic and largely attended public gatherings ever held in Volusia county, the Central Florida Deep Water Association was organized at New Smyrna by the election of Judge C. E. Barrett of that city as president. The other officers elected were: Vice presidents R. H. Boyd, DeLand; S. H. Gove, Daytona. C. R. Walker, Sanford, and M. Leiderdorf, New Smyrna; secretary, H. I. Hamilton, New Smyrna; treasurer, S. A. Wood, DeLand; board of governors, J. McCormick and G. M. Marshall, New Smyrna; T. K. Bates, Sanford, R. L. Smith, Daytona, and Bert Fish, DeLand.

Many prominent speakers were present from Volusia and adjoining counties and the project seems to be nearer an assurance than at any time yet. Dr. Van Valzah said that in a conversation with Capt. Slatterly, the government official stated that with the opening of the St. Lucie Inlet and the new island waterway along the East Coast, that matter of a government appropriation for New Smyrna Inlet would become a necessity. He further said that eventually the East Coast canal would be made navigable for boats drawing six feet.

A letter was read at the meeting from J. R. Parrott, president of the Florida East Coast Railway, saying that he was in hearty accord with the movement.

Among the speakers of the evening were Judge Barrett, Dr. Lincoln A. Hulley, president of Stetson University, DeLand; State Attorney Cary D. Landis, also of DeLand; T. K. Bates and C. R. Walker of Sanford; Rev. D. H. Ruttee and S. H. Gove, of Daytona; Dr. J. A. Van Valzah, of Daytona Beach; C. F. Burgman, of SeaBreeze and E. H. Perrell, of Titusville.—Daytona Gazette.

Wednesday Club

The members of the Wednesday Club are reminded that they have been invited to hold their regular meeting Wednesday afternoon, Mar. 5th, at the City Hall. The purpose of the meeting is order that they may have the opportunity of seeing the apparatus used in the "Montessori method" with an explanation and demonstration of the method by Misses Farnsworth and Leffler, who are using it in their department. Please be on hand at 2:30 o'clock.

Cecilian Club

The Cecilian Club will hold their regular meeting at the studio of Mrs. Fannie S. Munson Saturday afternoon, Mar. 8th, at 3 o'clock.

The Senate campaign expenditures committee will make no report to the dying congress upon its exhaustive inquiry into campaign expenditures of 1904-1908 and 1912 and into the relations of John D. Archbold and the Standard Oil Company with members of congress and federal officers. Members of the special committee have found it impossible to agree upon a report and the matter is to be carried over to the new congress. It is understood that the five members of the special committee, Senators Clapp, Pomerepe, Oliver, Jones and Paynter, have been unable to agree on the character of the report or the extent to which the committee should go in analyzing the testimony taken. Some members of the committee will eventually recommend important changes in the laws regulating campaign expenditures.

IN SANFORD—Life is Worth Living

Number 67

SANFORD, FLORIDA, FRIDAY, MARCH 7, 1913

Volume V

BONDS HAVE BEEN SOLD

Sanford District Will Now Pave With Brick

ONLY DISTRICT IN FLORIDA

That Has Twenty-five Miles of Vitrified Brick Country Roads

The Sanford district will soon witness the laying of brick on twenty-five miles or more of the country roads. The final act in the great work of starting this innovation in road building was accomplished on Wednesday when the bonds were sold to a Cincinnati bond firm at 6 1/2 which is a most excellent figure and demonstrates that the Sanford district is above par in the money markets.

Sanford is the first section of the state to form a special road district and vote bonds for brick roads and is probably the first section in the entire south to take the initiative in the matter of building vitrified brick roads.

Hand Bros. of this city and the Wilson Co. of Jacksonville have been awarded the joint contract for making the roads and the work will start as soon as the brick can be shipped. On account of the large amount of brick required for the twenty-five miles, two of the brick concerns will furnish the material and in this way the brick can be shipped at once and the work will not be delayed. The brick roads will be built as follows: Celery avenue to the ferry, Beardall avenue to Cameron City, Sanford and First street to distance of eight miles, First street west to Sylvan Lake, and from the Stenstrom place north to Monroe ferry, from Stenstrom place to the same line at Sylvan Lake and from Beardall avenue to Geneva ferry for one mile.

The average width of the roads will be nine feet, with the exception of those roads where the travel is large enough to warrant a wider road and some of these will probably be sixteen feet in width. The width may be changed on some of the roads by the trustees, as the nine foot road seems to be popular and it may be possible in some instances to build more nine foot roads and lengthen the roads.

Wednesday Club

A very entertaining innovation was added to the always pleasant meetings of the Wednesday Club at the meeting in the primary department of the Sanford school Wednesday afternoon, by invitation of Miss Farnsworth and Leffler, who had charge of the program for the afternoon.

The club were pleased to have with them the School Board and Prof. Maris, also several patrons and visitors to enjoy with them the splendid program prepared by their pleasant hostesses.

After admiring the very attractive and beautifully neat schoolroom and the new and novel accessories to an up-to-date school for little folks the club and visitors enjoyed the fine chorus "Ninth the Splendor of the Flag," sung by the following little girls and boys who marched to the front, the leader bearing the American flag, when Miss Leffler gave the signal on the piano: James Mitchell, Mildred Holly, Emma Spencer, Evelyn Biggers, Irma Smith and Mildred Holly. Another solo, "Pretty Morn" sung by Frances Rhoads, concluded the little folks' part of the entertainment.

Miss Leffler gave a splendidly prepared "Sketch concerning Madame Montessori and her Discovery." The interesting paper gave a brief synopsis of the circumstances and conditions surrounding the life and needs which led this remarkable Italian woman to make a study of methods for teaching.

Frebel's method as a basis to assist not only defective but normal children, and the development of every faculty of their being.

At the conclusion of Miss Leffler's fine paper Miss Farnsworth continued the intensely interesting story of how Madame Montessori put her ideas of auto education and sense training into practice in Rome, and of its immediate

OUR BUILDING ASSOCIATION

Sanford's Best Institution Is Growing Better Each Day

The Sanford Building & Loan Association continues to be one of the great factors in upbuilding our progressive city. The secretary and treasurer reports that during the month of February more than four thousand dollars were taken in and immediately contracted for building new homes, and the month of March will show more than five thousand dollars income, all of which will be applied at once to building new homes.

Our Building & Loan Association is purely cooperative and is managed by Sanford's conservative citizens and in the interest of the whole community, and it most cordially deserves the cordial support of every business man and citizen.

Those of you who have not done so are cordially invited to visit the office of Secretary and Treasurer Connelly over First National Bank or to confer with any member of Board of Directors, as to plans and manner of handling preferred and common stock, making loans, etc. They are in position to build several more houses, quite a number of them in the year 1913. Why not have them help build yours, and if you don't want to build, the common stock as a savings institution can't be beat paying above nine per cent dividends now, and for those who have larger amounts to invest the preferred stock paying seven per cent is just the best of all. Officers and directors are as follow:

Geo. H. Fernald, president
A. P. Connelly, secretary and treasurer
Geo. A. DeCotter, attorney
Directors: Geo. H. Fernald, H. R. Stevens, T. J. Miller, J. C. Higgins, F. P. Forster, Ernest Case and A. P. Connelly

ST. JOHNS WILL BE IMPROVED

Rivers and Harbors Bill Signed by Retiring President

The Rivers and Harbors Bill carrying appropriations for Florida of over one million dollars received the signature of President Taft last Monday night and was one of his last official acts. This bill means much to Florida, and while the people of this section would like to have more money for the St. Johns river south of Jacksonville the money appropriated will do much in the upper reaches of the St. Johns and will help Sanford materially. Following is the appropriations for Florida:

Jacksonville to the sea, \$550,000; Jacksonville to Lake Harney, \$60,000; Indian River, \$22,000; Hillsborough Bay over \$10,000; Tampa Bay, \$5,000; Key West \$15,000; Sarasota Bay, \$13,000. From \$2,000 to \$5,000 will be spent in improving many other smaller places.

This means that over \$1,000,000 is now available for the work in Florida. It has been feared for some time that the President would not sign the bill. Had he refused at the last moment it would have meant that the work here would have been delayed for perhaps two years. The local engineers were out of money and the work was at a standstill.

apparatus was also shown and the uses explained by Miss Farnsworth, which in its excellence teaches the child to read, write and the principles of elementary arithmetic. Madame Montessori in seeking to advance this method to such an efficiency that auto education and sense training can be used during the entire school education. Having shown the advantage of this wonderful method Miss Farnsworth mentioned also the disadvantages in concluding her most excellent paper.

The meeting was then adjourned by the president, Mrs. Maris, and Miss Leffler, assisted by Mrs. L. R. Phillips served delicious punch and wafers to the club and visitors.

The club will meet next Wednesday afternoon at the home of Mrs. Henry Wright.

Program for March 10th:

Music.
Account of the French Occupation, Mrs. Geo. L. Maris.
Story of Maximilian and Carlotta, Mrs. S. O. Shinholser.
The Monroe Doctrine, Prof. Geo. L. Maris.
Roll Call.

It's great—The Gibson Reunion.

GOVERNMENT BUILDING

Sanford is Among the Lucky Cities to Draw One

PRESIDENT TAFT SIGNS BILL

And This City Realizes The Nice Sum of \$70,000 for Adequate Postoffice Building

Sanford has drawn a valuable prize in the \$70,000 Government building that was made possible last Monday when President Taft, as one of his last official acts, signed the bill giving the appropriations as approved by the House and Senate. The people here were waiting with bated breath the first intimation of the act of the President as it was feared he would use his veto prerogative and kill the bill for the time thus causing a delay in our building. The first intimation that the bill had become a law was through a telegram received by Secretary Bates from Senator Fletcher to the effect that Taft had signed the bill, although under protest as he did not think some of the cities with less population than Sanford should receive an appropriation although he really approved of Sanford knowing that this city would soon become the county seat of the best county in the state.

This public building for Sanford means more than the average citizen could imagine. It means more than a mere job of marble and brick for a postoffice. It means that Sanford has been recognized as a city of the greatest importance and on account of the location at the head of navigation, Sanford is the most important city in the county. It means that never before in the history of the county has a city other than the county seat received recognition over the county seat in the matter of appropriations and an appropriation of such magnitude.

A communication from Washington states that the retiring President was on the point of cutting out the other Florida cities other than Sanford because they could not show cause why they should receive government buildings on account of their lack of water transportation but that Sanford especially appealed to him and saved the day for all other cities.

Thus does the fame of Sanford precede them all and daily adds lustre to her name.

Consider the Operator.

"Notice. Remember when you talk to 'Central' you are talking to a lady." That's the exact quotation verbatim printed on a small placard and posted just above the telephone in one of the leading Brennan grocery stores. It was placed there by one of the proprietors.

"Most any one knows that 'central' is a lady. That is, they would know it if they stopped sufficiently long to think about it. The trouble is the average man using a telephone regards 'central' not as a living, breathing piece of humanity, sweet, girlish humanity, but a portion of the machinery which makes the telephone system. Perhaps she is a part of the machinery, just as you are part of the machinery of your special line—besides, you are a great big, husky man and she well she is a lady.

It's a two to one shot that the average individual who gets mad and rants and swears over the telephone because he is not answered within two seconds after taking down the receiver, would be less agitated and considerably less profane and assy, and not at all subject to fits if a man were at the "central office" instead of a sweet-voiced girl. He would not feel nearly so anxious to abuse and curse and criticize in vehement terms if there was a probability of that voice on the other end coming back in the same adjective and a muscular development to emphasize the point if necessary. There are occasions when one is rather certain that the telephone system is an incorporated insult to its patrons, but it is not the fault of "central." Something may be wrong with other portions of the machinery and she may be having a blamed sight worse time than the abusive patron. But, the placard says: "Remember she is a lady." Southwest-ern Telephone News.

AFTER THE EXPRESS COMPANY

Failure to Ship Vegetables Will Cause Trouble for Company

Tallahassee, Fla., Mar. 6.—The railroad companies are receiving complaints on account of the Southern Express Company failing to move promptly shipments of perishables offered for transportation. The shipments are principally for interstate points, and the commissioners, upon behalf of the growers and shippers have taken up the matter with the Interstate commerce commission, and have forwarded the following message to the commission:

"Interstate Commerce Commission, Washington, D. C.: Following wire received here last night from McIntosh, Fla. a point on the Atlantic Coast Line Railroad:

"Train forty took no express today. Left over 100 crates on platform.

"These shipments are principally lettuce and other perishable products destined to markets outside of state. Failure to give service at that point was called to the attention of the general manager of the Southern Express Company by this commission last week. We are advised that it is almost a daily occurrence that the express company fails to carry all the express from that and other points in that vicinity. Please give this matter such vigorous handling as will break up this practice. If necessary this commission stands ready to prefer formal charges against Southern Express Company for failing to do its duty as a common carrier."

Welaka Club Notice

The regular bridge party of the Welaka Club will be held in the parlors of the Sanford Hotel on Wednesday, March 11th, at 3 o'clock. Mrs. A. W. Brown, hostess.

ORANGE COUNTY CITIZEN CAN GET A HAIR CUT

An interesting event took place in Orlando last Tuesday which attracted the attention of hundreds of people. The fact that it was in connection with the change of the administration of the United States, following immediately upon the inauguration of the new chief executive of the country, made the occasion of interest.

Code Hill, one of the leading bill billies of Hill's Center had his hair and beard shaved. The "operation" took place on the public square in the banyan stand, and was witnessed by hundreds of people. Mr. Hill made a vow at the close of the Cleveland administration not to shave his face, or have his hair cut, until another Democratic President was placed in the office. As many years had elapsed during that time Mr. Hill's beard grew to vast proportions, while his hair was being hung down upon his shoulders, and his appearance has many times attracted much attention by strangers to the city, who were not "in" on the proposition.

When President Wilson was elected, Mr. Hill informed his friends that upon the Democratic President taking his oath of office he would have the "shave." Following the expert work of the tonsorial artist, Mr. Hill made a speech, contending that the growth of his hair "grew a Democratic President," and that he thought he should be advanced from Code Hill to "Colonel."

Fancy Work Circle

Mrs. W. L. Milteer was hostess of the Fancy Work Circle Thursday. Their dainty fancy work and pleasant conversation was the afternoon's entertainment of the members of the circle and visitors. The hostess served delicious fruit cake and ambrosia.

Mrs. Milteer's guests were Mrs. J. J. Purdon, Mrs. J. D. Roberts, Mrs. D. A. Caldwell, Mrs. H. H. Hill, Mrs. C. C. Woodruff, Mrs. R. W. Hines; visitors, Mrs. Harry Wilson, Mrs. J. C. McDaniel, Misses Dale Powell and Miss Nell Evans.

At the Methodist Church

Services in the Methodist church Sunday:
Sunday school 9:45 a. m.
Preaching, 11; subject The Open Door.
Senior League 7.
Preaching 7:30; subject The Closed Door.
Whoever will let him come.
H. T. GAINES, Pastor.

ANOTHER NEW COUNTY

Everglades County Will be Formed From Dade

COUNTY SEAT FAVORS PLAN

Other News Items Not so Important But Worthy of Notice.

Fort Lauderdale, March 7.—As a sequence to an article appearing in the Fort Lauderdale Herald two weeks ago regarding the division of Dade county, to be known as Everglades county, a meeting was held last night and attended by the most influential citizens of the north end of Dade, who will engage in an active campaign toward the establishment of the proposed new county. The proposition seems to have easy sailing as thus far no opposition whatever has developed and even Miami newspapers are cordially supporting the movement.

At last night's meeting a permanent committee was organized and a permanent secretary was employed. A bill creating the new county is now being prepared and will be submitted to the legislature when it convenes in April.

The boundaries of Everglades county will begin at the section line just north of Deerfield, run west to the Hillsborough canal, along the canal to Lake Okechobee and along the shores of the lake to the western boundary of Palm Beach and Dade counties, thence south to the southern boundary of township 51, thence east to the Atlantic coast.

City saloons has been raised to \$1,000 per annum for each place of business.

Mt. Dora, one of the prettiest towns in the State, has issued an attractive illustrated booklet, showing some of its scenic charms. Mt. Dora is at the head of navigation on the famous Oklawaha river.

Palatka's new chemical auto fire engine has been given a successful tryout and has been accepted by the city council. An experienced driver and attendant will be employed to take charge of the machine.

The West Palm Beach public school Arbor Day exercises were very elaborate and each grade planted tropical trees on the campus and named the trees after some noted poet or prominent man.

Henry M. Flagler, eighty-two, rival railroad tycoon is said to be recovering from injuries sustained Saturday when he fell down the steps at his winter home near Palm Beach. Reports that Mr. Flagler's hip was broken by the fall was denied. It is stated that his condition probably will be normal in a few days.

Turpentine operators of the State are talking enthusiastically about the new process to extract rosin and turpentine from tree stumps. One of these operators is quoted by the Jacksonville Metropolis as saying that the process will be the biggest thing that ever happened in Florida.

Home Missions Week

The Ladies of the Baptist Missionary Society will observe a week of prayer for Home Missions next week as follows: Monday, Mar. 17th, at Mrs. E. E. Brady's; Subject—By the Sea Shore, Mrs. E. E. Cox, leader.

Tuesday at Mrs. R. C. Maxwell's; subject, Upon the Plains, Mrs. S. G. Kennedy leader.

Thursday at Mrs. A. J. ... and Sixth; subject, "On the Islands," also ingathering of offerings; Mrs. W. T. ...

These meetings all commence at 7:30 p. m. and it is earnestly hoped that all members will try and be present each evening. A cordial welcome is extended to all others interested.

Hold Earlier Services. Commencing with next Sunday night the churches of Sanford will begin services at 7:30 instead of 7.

Woodcock-Butler

The family and friends of Miss Eunice Woodcock, daughter of Mr. and Mrs. E. Woodcock were very much surprised when she and Mr. J. E. Butler were quietly married Sunday evening last by Judge L. C. Smith. Miss Woodcock is less than a year Miss Woodcock has been connected with the Telephone Exchange. Mr. Butler is in the employ of the Atlantic Coast Line Railway. Mr. and Mrs. Butler will make their home in the city.

Dime Social

Mrs. J. D. Roberts and Mrs. G. W. Rayton were hostesses at a very enjoyable dime social given for the benefit of the Missionary Society of the Methodist church, at the home of Mrs. J. D. Roberts Monday afternoon.

The spacious living room of Mrs. Roberts' charming home is specially adaptable for such pleasant gatherings.

The guests were delightfully entertained with several fine readings given by Mrs. L. R. Phillips and Mrs. H. E. Hester. Mrs. H. V. Perry and Mrs. Hawley contributed several vocal solos to the pleasure of the afternoon. Miss Margaret Davis accompanied Mrs. Hawley, but Mrs. Perry sang several of the old songs dear to the hearts and memories of many who were present to her own accompaniment.

Surprise is added to the pleasure of hearing Mrs. Perry sing and play when it is remembered that she is seventy years of age.

Miss Eula Powell of Warsaw, North Carolina, Mrs. Roberts' attractive home guest and Miss Bessie Rayton of Lavinia, New York, assisted by Mrs. Hawley, Mrs. Margaret and Eleanor Roberts in serving delicious chocolate and dainty wafers.

The informal afternoon was delightfully spent by the guests who numbered about thirty.

A Merry Attraction

In "The Girl, The Man and The Game" which is booked for the Imperial Theatre Monday, Mar. 10th, will be seen a play packed full of songs and laughter. The plot is pure farce, and interspersed among the many scenes are many songs which have the life and go that make them instantly popular.

Billy (Single) Clifford, the star of the play, and one who is one of the most popular actors upon the American stage, is the singer of many of them among which are: "On the First Dark Night Next Week," "Hands Up," the famous Billy song, "I Want a Berth for Bertha," "That was All Nothing More," "Texas Tommy's Dance," "Beautiful Love," "Clifford Dream Waltz," "Mine," "Rose Marie," "I Want a Girl," "Home Run Bill," "Winnie from Winnipeg," and many others equally tuneful and catchy.

Billy is surrounded by an excellent company headed by Miss Mae Collins, who assumes the role of the Girl, Jack Trainor, who is "The Cause" of The Game. A clever prima donna in the person of Miss Marie Welter, Bud Branagan, Edward C. Clifford, Lol Marlowe and a host of others including his "Famous All Girlie Beauty Chorus."

The scenic and electric effects are beautiful and dazzling, while the costuming is bright, clean and gorgeous.

Wednesday Club

The Wednesday Club will hold their regular meeting at the home of Mrs. Henry Wight Wednesday, Mar. 12th, at 2:30 o'clock.

Cecilian Music Club

The Cecilian Music Club will hold their regular meeting at the home of Mrs. Fannie S. Munson Saturday afternoon, at 3 o'clock.

CITY COUNCIL MEETS

Much important business transacted by City Fathers

The city council met in regular session at 7:30 p. m. on Monday, March 4, 1913.

Minutes of the last meeting read and approved.

Moved and seconded that the personal assessment of the Water & Ice Co. for 1912 be reduced from \$50,000 to \$40,000. Carried.

Moved and seconded that the clerk be authorized to purchase two dozen chairs for the council chamber. Carried.

Petition largely signed was presented, making that Second street from Maple to Cedar avenue be opened. Referred to the street committee.

A communication from the Welaka Club was received and referred to the street committee. The members of the council was extended to the members of the club for the good work they had done.

The clerk was instructed to order 43 cast iron man hole covers from the Orlando foundry, they being the lowest bidder.

Moved and seconded that Geo. P. Paxton be appointed electrical inspector for the city of Sanford. Carried.

Moved and seconded that J. E. Laing be refunded \$8.28 for taxes overpaid in 1911. Carried.

Moved and seconded that the personal tax of Tom Faircloth be reduced to \$5.00 for the year 1911. Carried.

Reports of the treasurer, chief of police, sanitary inspector and fire company read and ordered filed.

Moved and seconded that the mayor and clerk be appointed as a committee to invite the convention of postmasters to meet in Sanford during 1914. Carried.

An ordinance entitled an ordinance governing plumbing in the city of Sanford was read in full and passed its first reading.

Moved and seconded that the ordinance signed by the president and approved by the finance committee be paid. Carried.

Council adjourned.

M. W. LOVELL, City Clerk.

The Webb Liquor Law

The passage of the Webb bill over President Taft's veto has called the attention of the country to its provisions more directly. Its enemies will still endeavor to show that it is unconstitutional, but there seems to be a pretty well established opinion among jurists in all parts of the United States that the law will stand.

From the text of the bill it will be seen that a powerful aid has been given for the breaking up of illicit liquor traffic in prohibition states and its enforcement will make another means of winning more advocates of prohibition laws among people who have had a wholesome dread of the blind tiger taking the place of the legalized hence the supposedly regulated saloon.

The text of the bill is as follows: "That the shipment or transportation in any manner or by any means whatsoever, of any spirituous, vinous, malted, fermented, or other intoxicating liquor of any kind, from one state, territory, or district of the United States, or place noncontiguous to but subject to the jurisdiction thereof, into any other state, territory, or district of the United States, or place non-contiguous to but subject to the jurisdiction thereof, or from any foreign country into any state, territory or district of the United States, or place non-contiguous to but subject to the jurisdiction thereof, which said spirituous, vinous, malted, fermented, or other intoxicating liquor is intended, by any person interested therein, to be received, possessed, sold, or in any manner used, either in the original package or

otherwise, in violation of any law of such state, territory, or district of the United States or place contiguous to but subject to the jurisdiction thereof, is hereby prohibited."

shipped to a person living in a prohibition state when intended for his own use and consumption, it does deny interstate commerce protection to liquors which are intended to violate the laws of a state and will undoubtedly cause abundant annoyance to the illicit dealers in liquor in states that are "dry."

Morning Prayer with sermon at 11 o'clock, and

Evening Prayer with short sermon at 7:30 every Sunday in the month.

On the first Sunday in the month there will be a celebration of the Holy Communion at the 11 o'clock service; and on the third Sunday of the month there will be an early celebration at 7:30. The mid-week services will be as follows:

Tuesday afternoon at 4.
Wednesday evening at 7:30.
Thursday afternoon at 4:00 o'clock
Friday afternoon at 4:30 o'clock

The Guild of the Holy Cross will meet Friday afternoon of each week during Lent at 2:30 at the Rectory, adjoining in time to attend the evening service at 4:30.

Strangers in our city, as well as our resident friends will be cordially welcomed and shown to seats, which are all free.

Rev ARTHUR S. PECK, Rector

Notice

Notice is hereby given that after sixty days from the date hereof we intend to have a bill introduced in the Florida Legislature at Tallahassee, asking for the division of Orange county on the township line dividing townships Twenty-one and Twenty-two, except that portion which will not be included as per the map which will be attached to the bill, the object and purpose being to make and create a new county out of that territory lying north of said division line in Orange county and separate it from that portion lying south thereof.

Dated this 30th day of January, 1913. COMMITTEE 150 ON COUNTY DIVISION.

TEACHERS OF FLORIDA

Stetson Opens a Spring Normal Review Course March 26th to May 30th. Send for a Bulletin. A special low rate is given. The state text books are used. You can enter at any time. Prepare for a better grade. Cost is only \$4.50 per week or \$30.00 for the nine weeks. This includes table board, room, light and tuition. Send for picture bulletin. Address: STETSON UNIVERSITY, DeLand, Florida.

Special Attention is Called to

The Preliminary Course in Agriculture—Botany, Biology, Organic and Inorganic Chemistry, Qualitative and Quantitative Analysis, Agricultural Chemistry, Mineralogy, Geology, etc. The Pre-Medical Course—Physiology, Botany, Anatomy, Bacteriology, Histology, Zoology, Botany, General Chemistry, Inorganic Chemistry, Qualitative and Quantitative Chemistry. School of Music—Piano, Pipe Organ, Violin, Voice, Harmony and Chorus Work. School of Fine Arts—Drawing, Painting in Oil, Water Color, etc.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with various kinds of different kinds. What other treatments I tried, helped me for a few days only."

TAKE CARDUI The Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

"The Girl, The Game"

THE SANFORD HERALD

Published Every Tuesday and Friday Morning by THE HERALD PRINTING COMPANY R. J. HULLY, Editor W. M. HAYNES, Business Manager...

Office in Herald Building Telephone No. 148

The president of Orlando's Board of Trade states in a public meeting that there are mosquitoes in Orlando.

President Wilson has offered the editor of The Herald the position of Collector of Internal Dimension at Orlando, but it was declined with thanks.

Anybody can get space in the Orlando papers now. Even a learned treatise on the weather if it can be turned to county division will be accepted and given four columns with a scare head.

The Orlando papers have found a mare's nest. Having lost out on every other question they again bring up the wet and dry—that same old gag that is worked every time an election comes round.

Orlando should be very grateful to Sanford for getting their government building for them. Only their proximity to the hustling city of Sanford allowed them an appropriation.

The St. Johns river gets \$60,000 for improvements and while this is not enough we are thankful for small favors and the \$60,000 will go a long way toward helping Sanford.

A meeting will be arranged in the near future to select a site for the new government building and the idea will be to locate it near the Harney county court house. Orlando people are cordially invited to send their selections by mail.

Governor Park Trammell in this issue of The Herald outlines some of his policies and like all of Park's actions his future policy will be to benefit the majority. Read the article in another part of this issue.

The end is near. Whenever an important matter has dwindled to the end of discussion the wet and dry is injected into the argument and immediately starts a new line of thought. Orlando is losing out. Hence the wet and dry again.

Making Harney county will be the last county to be formed by a decree of the state legislature, if a bill to abolish this procedure passes the session. Many of the legislators are in favor of leaving local matters to local people and not burden the legislators with such matters.

Five thousand dollars per month is the record of the money being loaned out by the Sanford Loan and Building Association. The money goes to erect handsome homes in the capital of Harney county.

Sanford gets her \$70,000 government building, new tourist hotel, county site and brick roads all in the space of sixty days. And yet there are people in Orlando who are still talking about county division.

County division has been settled and The Herald will not weary the readers with any more division talk. We have a majority of voters and our dear friends at Orlando have nothing to do with the matter. They have no voice in the matter, not even if it were left to a vote. Not even Mr. Howard could use his rented voice in the matter.

This is not a day of triumph; it is a day of dedication. Here muster not the forces of party, but the forces of humanity. Men's hearts wait upon us; men's lives hang in the balance; men's hopes call upon us to say what we will do. Who shall live us to the great trust? Who dares fail to try. I summon all honest men, all patriotic, all forward-looking men, to my side. God helping me, I will not fall them, if they will but counsel and sustain me.

ANOTHER MARE'S NEST A few learned lawyers who are anti-divisionists found out that Attorney General West does not know his business and that some time in the future a wet and dry election can be held in Orange county and in Harney county. The Attorney General makes a decision and the Orange county lawyers set it aside. The Herald refuses to give these

seekers after free publicity the chance to take up all the space of The Herald in their very learned discussions about the wet and dry question after the Attorney General had made the decision. The wet and dry has no place in the county division matter. This paper...

FLORIDA'S GREATEST ASSET Any man asked what is the greatest asset of Florida? unhesitatingly replies: "Its agricultural possibilities."

It is not needed to ask them—those who have come into the state. It is but necessary to watch them. The first thing any man does who enters this state with a view to permanent residence, is to buy land, and then buy more land. Where? It does not matter. They have found that if they cannot grow oranges...

It is this prodigal harvest of all money making crops, that makes Florida today what it is, the Mecca for the man who wants to do things with the soil.

When such men as W. J. Bryan come to Florida, after having seen all the states of this Union, and buys land here and there for immediate development, it means that what has been said of this state is not a visionary fancy of the impractical poet; but that it is a land where intelligent methods will ensure agricultural success.

Every year men are learning that Florida is not merely a land of orange blossoms; but is a land where honest toil and the sweat of the brow brings harvests of other gold than that which gleams 'neath the green of the citrus trees.—Jacksonville Metronia.

ALAS! POOR HOWARD! Snookums Howard of the Orlando Citizen is pawing the air and talking about his grandmother and the place where he was born, evidently wandering in his mind and getting nearer Chattahoochee every day. While enroute to Tallahassee in April it will probably be the sad duty of the Herald editor to take the Citizen editor to the state asylum until the division matter is settled.

Poor fellow! he is even ranting up and down Orange county making speeches and taking subscriptions to his paper, at the same time, and incidentally taking photographs while he waits. He even jumps on E. A. Douglass and questions his birthplace with an interrogation point and at another place in his paper has a long and tiresome "brief" on the question of wet and dry in Harney county. The wet and dry question has no place in the division matter and the Orlando papers having no other argument persist in dragging it into the county division for no other reason than to garble the truth. Attorney General West has settled that matter and his opinion is good enough for the people of Florida. Bro. Howard also published the communication from our old "friend" Oviedo Citizen, but as Citizen and his article have become chestnuts the re-appearance in the Orlando Citizen did not create any furor. Both the Oviedo Citizen and the Orlando Citizen have become the jokes of the county.

But what of county division? With all the twaddle and Howard's grandmother the question of why the north end of the county should not separate has not entered into the argument put up by the Orlando papers. In fact the Sentinel and the Reporter Star have quit and given up the case as hopeless. Only Snookums continues to cry and call for "Mother Orange" to soothe his pain by more public pap. Poor little fellow!

WE HAVE COME BACK

The old saying or new saying made popular in the last few years that "they can't come back" has been set at naught by the Democratic party for President Woodrow Wilson has taken his seat and is president in fact as well as in name. Probably at no time in the history of the United States has a President taken

Republican party has been in power and that power has been felt in every root and branch of the government and even by the citizens in the private walks of life. So great has been the effects of the Republican machine that no one was exempt from the influence and...

We have indeed "come back" and under the most auspicious circumstances. The country is safe and in the best of hands and the next four years should be most prosperous ones with no bugaboo of money panics or manipulations of the markets or fostering of trusts to the detriment of the poor.

We have come back and a regular spring house cleaning will result. Not the radical cleaning that would upset the whole routine of the government household and cause chaos but the safe and sane methods that will remove the dirt gradually yet effectually and leave the White House in better shape than it has been during the latter half of the present century.

We have come back and we have come back to stay. The real victory to the majority of the people of the United States during the next four years that they will never ask for another change and we can and will make good not only for the next four years but for the next century. We expect Wilson and Bryan to write upon the tablets of stone the future history of the Democratic party as well as the present history. We expect them to rule so wisely and well that even the lady suffragettes will be satisfied and the married men know that this is the acme of approbation and the official seal of approval. We have waited long and prayed earnestly for this day to appear and now it is here great is the rejoicing thereof. And the greatest proof of the wisdom and justice of the reign of Wilson and Bryan is the fact that both of them are inspired by the Word of God, the greatest inspiration of all ages.

LOCAL NEWS

The many friends of Mrs. W. R. Anno are glad to welcome her home again.

Woodman Circle meets Wednesday, March 12th, 2:30 p. m. at Masonic Hall.

Miss Mamie Hill is visiting her sister, Mrs. B. W. Howard in Columbus, Ohio. Mrs. C. O. McLaughlin has returned from a delightful visit with old friends in Leesburg.

James Sjogerson, a prominent citizen of Wichita and large owner of valuable celery land near Cameron City is in the city this week.

All the churches of Sanford have decided to hold the Sunday evening services at 7:30 instead of 7. Please bear this in mind.

Rev. C. Fred Blackburn, presiding elder of the Miami district, M. E. church, was a visitor to the city on Wednesday.

Sanford will soon have that fine government building and regardless of location the building will enhance the appearance of the city.

The rains and cooler weather this week have greatly improved the celery crop and it is looking fine and bringing a better price.

Mrs. H. P. Driver of Tampa, is the guest of Mrs. O. W. Brady. Mrs. Driver's many friends in this city are delighted to see her again.

The bonds have been sold and contract let for the brick roads and work will commence next week, making a good pay roll for the Sanford merchants to annex.

George Ellis, the well known representative of the Florida Fertilizer Co. of Gainesville, was in the city several days of this week.

E. B. Brown of the Virginia-Carolina Fertilizer Co., spent Tuesday in Gainesville on business, and reports Alachua's capital as being in a most prosperous condition.

Colonial George A. DeCottes of Sanford, is in Orlando looking after legal matters in connection with the affairs of the county.

M. F. Robinson, Beth Mettinger, and S. T. Field, are among the Sanford representatives looking after business interests in Orlando.

R. B. Wright of Sanford, a popular resident of that town, is looking after business affairs in the city.

If you want to ride through life on Easy Street get a pair of J. M. Shock Absorbers. See The Herald car and get absorbed in the absorbers.

Mrs. J. V. Denton of Micanopy is in the city today, coming over to have Dr. Housholder do some dental work for her.

The city clerk has on hand a limited number of maps of the city as now constituted. Paper \$2.00, cloth \$5.00 each, size five feet square.

Mrs. Annie Trego has returned to her home in Wichita, Kansas after spending the winter with Dr. Minnick and family at Cameron City.

Mr. and Mrs. Taylor and Mrs. Middleton have returned to their home in Philadelphia after a pleasant visit with Mr. and Mrs. F. F. Dutton on Lake Onoro.

Mr. and Mrs. B. T. Houser were called to Tampa last week on account of the illness of Mr. Houser's father, Mr. F. H. Houser. Mr. Houser's friends in the city will learn with pleasure that he is improving.

Dr. W. H. Lilley, a prominent citizen of Fayetteville is in the city, the guest of J. H. Harrison. Dr. Lilley thinks Sanford is the most progressive city in the state and has enjoyed his visit here immensely.

M. Frank has removed from the Pico building to the DeForest building and now occupies the store room recently vacated by Palmer & Seigh. His new fixtures will arrive in a few days and the store will present a most attractive appearance.

Among the tourists in the city this week were Adolph Fund of Chicago, Mrs. E. J. Kendall of North Dania, Miss; Mr. and Mrs. Green of Glen Falls, New York; Mrs. C. G. Porter of Detroit and Mrs. Peckard, Mrs. Warner, Mrs. Field and Mrs. Field of Greenfield, Mass.

Mrs. Granberry Jackson of Nashville, Tenn.; and Mrs. E. H. Tomlinson of Jacksonville were guests at the Sanford House for a short time this week. Both ladies were former residents of Sanford and have hosts of friends here who were glad to see them. They returned to Jacksonville today.

Mrs. Viola James of Sanford, aged twenty-two years, died at four o'clock this morning in this city. The remains were prepared for burial by Hammond

& Gore, and shipped to Sanford on the 10:11 train, for interment, accompanied by the husband, who was present when the death came.—Reporter-Star.

That there will be lively times over Florida's big convention seems likely. Before the meeting of the legislature and afterwards. Meetings are now being held in various parts of the county for and against division and the enthusiasts on both sides of the question are waxing warm and eloquent.—Times-Union.

Among the prominent visitors to the city are Mrs. G. V. Hamory and her charming daughter, Miss Julia, who are the guests of their cousin, Mrs. Takach, at the Pico Hotel. The Hamorys are prominent in Youngstown, Ohio, where Mr. Hamory is a banker and engaged in the steamship business. Miss Julia is attending the High School and they will remain here during the winter season.

Notice The assessment books for the year 1913 are now open at the office of the city clerk. Please call and assess your property. M. W. LOVELL, Assessor

Congregational Church. There will be regular preaching service in Congregational church morning and evening Sunday, March 9th by Rev. G. B. Waldron, and on March 16th, morning and evening services will be conducted by Sherman C. Kingsley of Chicago. Mr. Kingsley is director of Elizabeth McCormick Memorial fund. He is now in Florida to attend the Chief Labor Conference in Jacksonville, and will come to Sanford to address our people on "Child Labor at the morning service, and "Associated Charities Work" in the evening. A special invitation is extended to all our citizens to come and hear Mr. Kingsley. A more extended notice will follow.

From Florida Growers News The Lettuce Movement. Florida lettuce is on the blink. Beaufort has been shipping in large quantities. Brownsville, Texas has been rolling lettuce to the western markets to beat the band. The movement from there this week is expected to reach around 75 cars. Next week it will be close to the same number if favorable weather continues. Beaufort will send out this week in the neighborhood of 60 cars. The movement from here will be about 14 or 15 cars. Our report from the Manatee section has not come in at this writing. Lettuce is off in price in nearly all markets and most of them have a big supply.

The Potato Crop. The potato crop in all sections of the state is coming on nicely. Barring bad weather the crop will be a fine one. Some small shipments have already been made from Dade county and next week will probably see car lots started. It will be towards the end of the month before potatoes will be ready here. Hastings will not be very far behind if any. The large crop is causing considerable discussion as to values when the real movement is under way. There is not one reason why potato growers should not receive good prices this season. The heavy movement will be in the control of men of wide experience who know what to do and what prices to ask to keep the supply on a free movement into consumption. Bermuda will start shipping its potatoes this month. They will be in pretty much the same hands as the large part of the Florida movement. It is well that this is so, as these firms know just how to handle the deal, so as to get best results for their growers.

Small Fry Louisville Courier-Journal. The little fishes in the pools. Where rushes grow. Are said to go about in schools. By those who know. But this is what I do not like. It comes to pass. That when I fish, I always strike. An infant class. Are helpless women out of style. And destined for the past? They may go out, but hardly while. These hobble dresses last.

The Gate City House has brought down the high cost of living. Only \$4.00 per week for the finest table board in the city. See Parker. 28-1f

DeLAND MAN WINS PRIZE

Frank McCorkle Concocts Best Mixture in Hot Drink Contest

J. Frank McCorkle, soda dispenser at J. Frank McCorkle's, is very proud and justly so—over a prize of \$10.00 received a few days ago from the Welch Grape Juice Company of New York city.

Frank secured second prize for his "Colonel Welch," a concoction made from Welch's grape juice, egg, nutmeg. There were several thousand contestants and the fact that the first prize came to the little village in South Florida is most pleasing, not only to the recipient of the prize but to his friends as well.

The recipe for "The Colonel Welch" will be printed with other recipes by the company and sent all over the world, including the United States, Europe, Asia, Africa and Sanford.—DeLand News.

NEWS from the COUNTY

GENEVA JOTTINGS

Miss Irene Peters returned home Saturday from a pleasant visit spent with her sister, Mrs. Oscar Nicholson of Daytona Beach.

Mrs. Endor Curlett was hostess at a delightful luncheon given last Tuesday in honor of her mother, Mrs. L. C. Eichner and friend, Mrs. A. J. Fry of Baltimore. Those enjoying Mrs. Curlett's hospitality with these ladies were Mrs. Daniels, Mrs. Pattishall, Mrs. Burley, Mrs. Geo. Peters, Mrs. J. Q. Adams, Miss Blanche Pattishall, Miss Marie Daniels, Miss Belle Eichner and Albert Fry.

Regular services at the Baptist church Sunday conducted by the pastor, Rev. E. Lee Smith.

Mr. and Mrs. Pattishall, Mr. and Mrs. Baker and Mr. and Mrs. Daniels, attended quarterly meeting at Oviedo last Saturday.

Rev. C. Fred Blackburn, presiding elder of the Miami district, M. E. church south, was the guest of Mr. and Mrs. H. H. Pattishall, Friday night.

The M. M. S. Society met with Mrs. Claude Raulerson last Wednesday afternoon and enjoyed a very pleasant social time. At the close of the meeting Mrs. Raulerson served dainty refreshments.

There being so few of the members present it was decided to postpone election of officers until the next meeting which will be held at the home of Mr. J. W. Wickes Thursday afternoon, Mar. 13th. The president requests all members to be present.

Mrs. A. J. Fry, who has been the guest of her sister, Mrs. Burley for the last two months returned to her home in Baltimore, Md., Friday.

Mrs. L. C. Eichner was honor guest at a dinner given by Mrs. W. J. Daniels last Thursday. The table was very attractive with its decorations of crimson and green. Covers were laid for ten, and a full course dinner was daintily served. The guests were Mrs. Eichner, Mrs. Lewis, Mrs. Pattishall, Mrs. Geo. Peters, Mrs. Curlett, Mrs. J. Q. Adams, Miss Belle Eichner, Miss Blanche Pattishall and Miss Marie Daniels.

Miss Mamie Harris of Winter Park was the guest of Mrs. Curlett Saturday and Sunday.

C. E. Howard, L. G. Starbuck, H. H. Dickson and J. N. Bradshaw of Orlando and J. H. Lee of Oviedo were a party coming here last Thursday night at the invitation of some of our Oviedo people to give us some facts why the county should not be divided. The speakers, C. E. Howard and L. G. Starbuck, who were introduced by J. H. Lee, certainly put up some very convincing reasons why we should remain true to our "dear (?) old Orange county."

Rev. E. Lee Smith and family, Miss Mayme McLain and W. L. Seig, were dinner guests of Mrs. G. A. Nicholson Sunday.

Dr. and Mrs. Lewis went to Orlando Monday for a short stay.

CAMERON CITY CLIPPINGS

Guy Ellsworth is spending some time in his potato patch this week.

Mrs. Shinholser and Mrs. Griffin of Sanford were calling on the ladies here last week in a business way.

Mr. and Mrs. Taylor and Mrs. Middleton, who have been guests at the Dutton place for several weeks have returned to their homes near Philadelphia.

Mrs. Annie Trego left Monday for her home near Wichita, Kansas, after a few months' stay at Mimick place. She came to Florida in search of relief from severe rheumatic trouble and felt she was much benefitted by our mild climate.

Dr. Minnick has some very nice celery that is ready to market this week.

The Marshalls came near losing their horse one evening last week. It seemed so seriously sick that they phoned for the vet and the horse was taken to Sanford.

C. G. Beck planted twenty-five fruit trees this week about his house and on his farm, improving his own property, and incidentally his neighbors' property as well.

Miss Aileen Minnick will go to Tampa this week, in response to a call for help with the Children's Home work there. She expects to be there about a month.

We certainly miss our car and are glad to hear it will be running very soon on schedule time.

Among our recent tourist visitors were Adolph Pfund, Chicago; Mrs. E. J. Kendall, North Dana, Mass.; Mr. and Mrs. James Green, Glen Falls, New York, Mr. and Mrs. Chas. G. Porter, Detroit, Mich., and from Greenfield, Mass., Mrs. Nettie Packard, Mrs. Sarah Warner, Mrs. L. J. Pike, Mrs. E. M. Field.

R. Warkum, the genial conductor on the interurban does much to make the trip on his line a pleasant one for tourists, showing them about and answering their many questions.

Mr. and Mrs. Earl Gormly of Beck Hammock were calling here on Sunday.

Some of the commission men who have been looking at the stuff here in the past few days are Messrs. F. F. Dutton, Dixon, Fedder, Moses and E. A. Gilbert.

Kinahan and Shinn have been making some good shipments of lettuce this week.

MOORE MOVEMENTS

Rev. H. T. Gaines was here Sunday. It was regretted that the bad weather kept many at home.

Mr. Russell, the California celery grower and buyer is buying a good deal of celery about here.

Joe Cameron has been in Fort Christmas looking after his cattle there.

Mrs. Ella Greenland is entertaining company from the north. Her mother and sister, Mesdames Strickler and Curtis are at Daytona for a few days.

Mr. and Mrs. J. T. Edwards leave this week for Waycross, Ga., to make their home. They have resided at the beautiful Compropt place for some time. Their removal will be regretted by a large circle of friends. Number of pleasant entertainments were given for them before their departure.

Walter Hibbard was host to a jolly party of ladies for a drive into town last Saturday evening.

Lucile Pope has been quite ill for some time.

The little Knight boy is on the way to recovery, we are glad to say.

Ladies' Aid Meeting

The Ladies' Aid Society of the Baptist church will meet this evening at the church, commencing at 7:30 o'clock. A full attendance of members is desired.

THE VALUE of well-printed neat-appearing stationery as a means of getting and holding desirable business has been amply demonstrated. Consult us before going elsewhere

Sanford Vegetables to Wilson
President Wilson ate his first meal in the White House this week and his first meal consisted of almost a vegetable diet made up of Sanford vegetables, the finest in the world. A well known commission merchant is a great admirer of President Wilson and to show his appreciation of the fact that after sixteen years a Democrat would occupy the White House Mr. Denton sent the President a fine array of fresh Sanford vegetables and fruits. The packages went forward last Monday and should have arrived in time to grace the table of the President at his first meal in the President's mansion. The following fruits and vegetables made up the list and they were fine enough even for the President:

- One box oranges
- One box grapefruit
- One crate strawberries (12 quarts)
- One crate of celery
- One crate of lettuce
- One crate of peppers
- One crate of eggplant
- One basket of beans
- One basket of squash
- One basket of peas, parsley and carrots mixed
- One basket cauliflower
- One crate beets
- One basket escarol
- One basket chickory
- Two dozen cucumbers
- One basket sweet potatoes
- One crate tomatoes, ordered shipped.

WE WANT YOUR BUSINESS

Your Deposits are Insured Against Loss—It Costs you Nothing

PEOPLES BANK OF SANFORD, FLORIDA

To Our Friends and Neighbors

You know us. You know we would not—that we could not afford to—go back on our word. Nor can you afford to ignore this money-back-if-not-satisfied offer on this splendid laxative.

We honestly believe we have the best bowel remedy ever made—the most pleasant-to-take, most permanently beneficial laxative for relief from the miseries and dangers arising from constipation.

We wouldn't say this if we didn't believe it to be true. We wouldn't risk our reputation by making such statements did we not feel sure you would find them true.

Our faith is built both on the knowledge of what Rexall Orderlies are made of and on observation of very many severe cases in which they have proven their merit.

Try them at Our Risk

If they do not abundantly prove their merit with you also—if you are not entirely satisfied with them—we will refund your money—and we will do that on your mere say-so. We don't ask you to risk a penny. Isn't that fair?

Just let the bowels fail in properly doing their work—just let their action be delayed and incomplete—and the entire system will suffer; other organs suffer. Wastes that should have been expelled remain to poison the system.

Headaches, biliousness, nervousness and other tormenting and serious ills are common when the bowels fail to act daily as nature intended. All this may be avoided, if you will accept our advice.

Rexall Orderlies

taste just like candy. They are soothing and easy in action. They do not cause griping, nausea, purging or excessive looseness. They tend to tone and strengthen intestinal nerves and muscles. They promptly relieve constipation, and help to permanently overcome it.

Rexall Orderlies promote better spirits and better health. In all of these things they are vastly superior to old-fashioned, harsh salts and other purgatives, which are not only unpleasant to take but which usually leave the bowels in worse condition than before. We particularly recommend Rexall Orderlies for children, aged and delicate persons.

Rexall Orderlies come in two sizes: 10 tablets, 10c.; 25 tablets, 25c.

CAUTION: Please bear in mind that Rexall Orderlies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

L. R. PHILLIPS & CO.

GOV. TRAMMELL'S PLANS

He Will Give His Policies Full Publicity

OUTLINE OF RECOMMENDATIONS

Reductions of Interest, Abolish County Treasurers, Authorize City Charter Changes.

Tallahassee, Fla., March 7.—Governor Park Trammell has decided upon the policy of publishing from time to time before the Legislature convenes for the information both of the Legislators and of the people, an outline of some of the policies which he will recommend in his formal message to the Legislature that will assemble in Tallahassee, April 8th. The Governor's object in doing this is to invite discussion upon his recommendations, which he believes to be the best way of stimulating a helpful public sentiment with regard to the merits or defects of his proposals; also, to acquaint the legislators with these recommendations, as they have but little time after the session convenes to consider the Governor's message.

Among the recommendations which Governor Trammell will make are:

Reduction of Interest Rate

"I respectfully recommend that a law be enacted changing the legal rate of interest from eight to six per cent., and that the rate which is allowed to be charged by contract be changed from ten to eight per cent. It has now been twenty years since the law fixing the legal rate of interest in this state was enacted. Our state has quadrupled in population and developed remarkably in the scope and value of all her industries and resources. The rate of interest suggested by me is equally as reasonable in our state at the present time as the rate now allowed was when fixed in 1891. As

evidence of the fact that the rate suggested by me is reasonable, a large majority of the banks and individuals loaning money on contract now require not exceeding eight per cent. In fact, much capital is now loaned at a rate of only lower interest charges, and business men generally consider a return of six to eight per cent upon money loaned a good investment. It is not believed that the law here suggested would in the slightest degree retard the investment of capital or the extension of loans. It would merely be adjusting the statutes of the state to the changed conditions of the times. Most of the southern states now have a lower rate of interest than is fixed by Florida, and it has come to be generally recognized that both in business practice and as a government policy lower interest rates should prevail—large enough to give reasonable returns to the lenders, but on the other hand, low enough not to work a hardship on those who have to borrow, and also to encourage those who would borrow capital and invest it in industrial development.

Interest on Public Funds

"At present, interest is required on state funds on deposit, the state receiving two and one half per cent on daily balance. The law also should require banks to pay interest on deposits of county funds. It should also provide for the state and counties receiving bids from the banks of the state for the deposit of the funds. This policy, in my opinion would produce more interest on state funds, and will result in the counties deriving an income of from \$50,000.00 to \$75,000.00 annually from a source now producing no revenue. It would be advisable for cities and towns to also inaugurate such a policy in handling municipal funds."

Abolishing Office of County Treasurer

"A constitutional amendment to abolish the office of county treasurer at the expiration of the terms of the present incumbents should be submitted for ratification or rejection by the electors at the next general election. In my opinion the amendment should provide that the county tax assessor shall perform the

duties now incumbent upon the county treasurer. It is a well known fact that the duties connected with the office of county treasurer require but little time and work from the person filling the office, and that the compensation paid therefor is entirely out of proportion to the responsibilities assumed or the work actually done. These duties should be discharged by the tax assessor without interfering with his duties as assessor. The change could be made without injustice to the assessors and without impairing the efficiency of the public service; yet with a very considerable economy in the administration of government. This being true, why should the tax payers of all the counties be required to continue paying salaries aggregating at least \$125,000.00 annually for officers which are fully unnecessary. The submission or adoption of such an amendment should effect a saving to the people of the state of the amount now paid to the county treasurers of the respective counties. Favorable consideration of such a constitutional amendment is strongly recommended."

Authorize Cities to Change Charters

Much of the time of each session of the Legislature is consumed in the consideration of city charter measures. To relieve the Legislature of this work and in order that the people of the towns and cities may have authority to make their own charters and alter same, as desired locally, a constitutional amendment removing this authority from the Legislature and vesting it in the towns and cities should be submitted."

A Mistake Corrected

In the Herald issue of March 4th a notice appeared stating that commencing with next Sunday night the churches of Sanford will begin services at 7 instead of 7:30. The announcement should have read All churches will begin services at 7:30 instead of 7.

- FIRST PRIZE—Player Piano, on display at The Herald office.
- SECOND PRIZE—\$25.00 Brass Bedstead, purchased from and on display at the store of D. A. Caldwell & Sons.
- THIRD PRIZE—\$22.50 Ladies' Watch purchased from and on display at Schaal's Jewelry Store, (new store) 123 West First Street.
- FOURTH PRIZE—\$10.00 Ladies' Locket and Chain, purchased from and on display at McLachlin Jewelry Store.

Twelve more days and The Herald contest will pass into history, but in that short period more interesting chapters will be added to the chronicle of this friendly struggle.

To win in this contest means honor as well as profit. Under the terms of the bonus offer from now until March 17, good hard work will be worth while. For every \$8.00 worth of new subscriptions candidates will be rewarded with 20,000 extra votes—votes in addition to the regular scale. Every club will put you nearer the prize of your choice, or if you feel that you are already within touching distance, will make you lead safer.

Remember what has been said repeatedly in these columns—that it is better to have in votes a million too many than one too few, and that the subscription neglected may be the subscription that will win for you the prize of your choice.

Realize on every promise, leave no stone unturned, get every possible vote, be able to say to yourself when the contest is over that you have done everything you could.

It is utterly impossible for one contestant to know the number of subscriptions turned in by some other contestant. There will be no "leaks" for the reason that it will be impossible for anyone to have the slightest information regarding what goes in the ballot box.

Voting Power of Subscriptions
Payments on all subscriptions will earn votes according to the following

schedule. Renewals and back subscriptions count the same as new subscriptions:

1 year \$ 2.00	2,000 votes
2 years' 4.00	7,000 votes
3 years' 6.00	12,000 votes
4 years' 8.00	18,000 votes
5 years' 10.00	25,000 votes
10 years' 20.00	75,000 votes

The list of candidates and their vote exhibit as counted up to noon Thursday Sanford, Fla.

PRESIDENT NOW AT WORK

Wilson Settles Down to The Routine of The Capitol

OFFICE SEEKERS ARE BARRED

Other Facts and Fancies of the World at Large and Then Some

With the tinsel and the military pomp, the cheers of the multitude, the stirring music and bands and the heavy tread of marching thousands, the fireworks and the limelight only a pleasant memory, Woodrow Wilson has settled down in the chair of President as quiet and with as little ceremony probably as any man ever crossed the threshold of the White House. Wednesday was crowded with incidents and filled with the flavor of the power that is a President's. Almost first act was serve notice upon office-seekers that they would not be welcome at the White House unless invited. Almost his last action tonight was to confer with Senator John W. Kern, today chosen leader of the Democrats of the Senate and reputed representative of the President in the upper House. He found time to shake hands with almost 200, consult with his new cabinet, and with a few friends in Congress, dictate letters and generally launch his own ship of administration. In spite of the reports that Mr. Wilson might be expected to change many of the precedents that have grown up about the Presidency he bothered with none of importance today, except that which permitted the office seekers to invade the White House. He fitted in easily with the machinery of the executive office, did mostly what the trained officials told him should be done and took up the routine of office easily.

A welcome as demonstrative, if no more so, as Hon. William Howard Taft ever received in Augusta, while president-elect or as president of the United States, was given him this morning on his arrival at Augusta.

With 1,000 school children gathered in and around beautiful Barrett plaza, immediately in front of the union station, and with each waving a small American flag and cheering at the top of his young voice; with 150 Richmond academy boys, in front of the city hall, formation along Telfair street, where former president was driven out on his way to his hotel, and with several hundred citizens, including the mayor, members of the city council, prominent business and professional men and many ladies, Mr Taft's entry into Augusta was indeed triumphal. "Citizen" Taft showed his appreciation of the great honor which the people of Augusta are paying him, purely because of their regard and affection for him, and the famous Taft smile was much in evidence from the time that left his private car until an automobile whisked him and Mrs. Taft and Miss Helen away to their hotel, where the ex-president of the country says that he will rest and recreate.

x x x x x

Hundreds of inaugural visitors who thronged into Vice President Marshall's office today, so disturbed the equilibrium of the vice president's first day of official duties that he has determined to ask for a new room over in the senate office building where he can "put his feet on the desk and smoke a cigar in peace."

x x x x x

Aroused over the failure of the Washington police department to maintain order during the progress of the suffrage pageant of March 3, the senate today began an investigation to place the responsibility for the lack of protection for the women marchers. The investigation is a result of a joint resolution of congress directing the police department to furnish protection to the suffragists.

Presbyterian Church.

Additional chairs will be placed in the church before Sunday, so that all who come may be comfortably seated. At 11 a. m., Dr. Brownlee will preach the second sermon of the series on Genesis. This will treat in broad outline Gen. III-XI. The song service at night will begin at 7:30 instead of 7.

Gibson Reunion—Mar. 13-14. ■

Death of Mrs. Sturgis

Mrs. H. H. Sturgis, wife of Rev. H. H. Sturgis died at the home of her daughter, Mrs. J. T. Lee on Wednesday last. Mrs. Sturgis had been in poor health for some time and her death was inevitable.

Deceased was well known here, having been a resident of this city for many years. Rev. Sturgis has been living at Homestead for some time where he has a charge and owns property, but Mrs. Sturgis loved Sanford so well that it became her permanent home, where she could have the loving and solicitous care of her daughter.

The funeral occurred today from the Baptist church, Rev. Wildman officiating. Interment made in Lakeview Cemetery.

Mrs. Sturgis leaves a husband and the

following children to mourn her loss: Mrs. Wm. Cobb of Brooksville, Mrs. E. V. Booth of St. Cloud and Mrs. J. T. Lee of this city.

Washington Party.

Mr. and Mrs. Archie Peterson entertained in honor of their guests, Mrs. Maynard and Mrs. Peterson, at a Washington party. The home was a bower of beauty, decorated in flags, lanterns and cut flowers. The guests were presented with miniature hatchets, as souvenirs of the affair, and a delicious two course lunch served at midnight.

NOTICE

Notice is hereby given to all creditors, legatees, distributees and all persons having claims or demands against the estate of Frank Franklin, deceased, to present them within two years.

FAKE POOL ROOM SCHEME

Arch Plotter Arrested at Palm Beach Saturday

WORKED RICH MAN ON RACES

Other Items of Interest and Days Happenings in the Land

J. N. Bateman, the Atlanta, Ga., lawyer arrested at Palm Beach Saturday, on a warrant charging him with having been connected with an alleged fraudulent horse race betting schedule by which Frank Rothleuter of Kilgore, Neb., lost \$9,000, was brought to Miami yesterday. Bateman denies the charge against him and in a statement tonight he said:

"This charge came to me like a bolt of lightning out of a clear sky. I was never in a pool room in Miami or elsewhere that was used for booking horse races or for gambling. I don't know anything about such sports. I expect to prove myself innocent of the charge that has been made or may be made."

Mr. Bateman and his wife, who was with him when he was arrested Saturday, are the guests of the county magistrate here who has assumed responsibility for the lawyer's appearance in court here tomorrow morning.

The permit has just been taken up by St. Petersburg by J. M. Smith, a magnificent brick and concrete contractor, who is spending the summer of 1913 at St. Petersburg.

Representative Francis W. Martin has selected Jefferson as his district in the next Congress. He was formerly private secretary to Representative D. H. McLean and has spent some time in Washington.

It is an actual fact that Florida are permitted to enforce the game laws, even when the game wardens are around. The game wardens are just as usual.

The parent court of Hillsborough was its offspring. Hillsborough was the one which was the parent of the division of funds and indentures. Hillsborough was allowed to split off from Hillsborough some two years ago. Hillsborough has refused to acknowledge his indebtedness and has offered Hillsborough \$50,000.

Tacksonville will be the port of the custom, which is the collector for the year, and his office in the house for all other ports of the state and for St. Marys, Ga. The salary list of the collector is \$100,000 per annum and rents paid for office and other headquarters in the state will be \$61,670. St. Marys, Ga., Port Tampa, Punta Gorda, Boca Grande, Marco, St. Augustine, Port Inglis and Belle are made new ports of entry.

Change in Management

At a special meeting held last week of the Board of Directors of Florida Gardens, Incorporated, Mr. J. N. Whitner tendered his resignation as President and Director of that corporation and Mr. B. A. Howard was elected to fill the vacancy.

Mr. Whitner has been president of the corporation since its organization last May and has given practically his entire time to this work, but owing to continued ill health, has been seriously handicapped and did not feel able to carry the entire burden any longer. He still retains general supervision of the firming and of the business, hoping that the out-look of the firm will prove beneficial, both to himself and the interest of the company.

Mr. Howard, the new president of the corporation, is not new to the business and needs no introduction. He was one of the original incorporators and his efforts have already done much to bring about the success already attained. Under his management the Company is sure to forge ahead to the success it deserves and become the largest growing and marketing concern in this part of the state.

WHOS WHO AND WHY

The Members of Wilson's Cabinet and Where They Came From

Secretary of State—William Jennings Bryan, Pittsburg and Col. Graduated at Salem, Ill. March 10, 1860. Had Lincoln, Neb. Education at Cornell College. Democratic member of the President 1896, 1900 and 1908. Member of Spanish American war.

WANTS TO STOP SEINING

A Well Known Fish Dealer Would Pass New Law

SEINING DESTROYS THE FISHING

Streams of Florida Being Depleted by Rapacious Use of Nets

T. T. Tucker's Plea

Having been in the fish business both in the fresh waters and the salt waters of the state for a number of years I am feeling from actual experience when I see that the scarcity of fish is due to the use of drag seines and small seines. The use of these seines will very soon destroy the fishery. The use of seines destroys not only the young fish but it breaks up the bedding grounds of the fish and for this reason the same is the greatest enemy the fish have and to prove this I have only to refer back a few years.

I have only to refer back a few years to the time when the St. Johns river, which then knew about that river will give me that proof for years ago any one could see that the river was a good one. The use of seines will very soon destroy the fishery. The use of seines destroys not only the young fish but it breaks up the bedding grounds of the fish and for this reason the same is the greatest enemy the fish have and to prove this I have only to refer back a few years.
