THE WEATHER

Considerable cloudiness with scattered afternoon and evening showers through Friday. Gentle to moderate south to south-east winds.

Bodies Of British Hostages Found In Palestine Forest

Soldier Injured In Booby Trap Explosion During Removal Of Victims

JERUSALEM, July 31 (AP)—The bodies of two young British sergeants kidnapped as hostages by Irgun Zvai Leumi were found today hanging from two eucalyptus trees and were blasted to bits by a booby trap when British soldiers started to cut them down.

Jewish settlement police found the bodies in the forest preserve near Nalanya just 24 hours after Irgun, extremist Jewish underground organization, announced it had executed the Britons in reprisal for the hanging of three Irgunists convicted in a prison delivery.

The area was cordoned off and dogs were turned loose in an attempt to pick up the trail of the killers.

In Jerusalem, top Palestine government officials met to map a rigid campaign against underground violence. One official said plans under consideration included a demand upon the Jewish agency to cooperate actively in stamping out underground attacks.

In London Prime Minister Attlee placed the entire Palestine situation before his cabinet. When soldiers started to cut the bodies down after an hour-long probe for mines, the booby trap exploded behind the body of Sgt. Clifford Martin. It blasted to bits his body and that of Sgt. Mervyn Paice and scattered the pieces over a wide area.

The blast wounded one grenadier guard in the face and threw several bystanders in the ground. A military photographer James Prynne and correspondent Carter L. Davidson, both of the Associated Press.

Pinned to the bodies of the two soldiers were "communiques" (Continued on Page Eight)

Jacob C. Wills, Of Lake Monroe, Takes Own Life

Dependency over ill health was attributed by authorities today as the reason Jacob Carl Wills, 70-year-old grower of Lake Monroe took his own life. Mr. Wills' body was found early this morning in the woods, 100 yards from his home. His heart had been pierced by a bullet and a .22 rifle was clutched in his hands.

Judge R. W. Ware, who was called to the scene by Sheriff P. A. Mero, officially pronounced the death of Mr. Wills as having been caused by shooting himself through the chest.

At 6:15 o'clock this morning, Sheriff Mero was informed by Mrs. Wills that her husband was missing, and that his clothes were still in his bed room. Jack and Bobby Mero, two neighbor boys, found the body which was clad in bath robe and slippers.

The body was taken in a hearse to the Erickson Funeral Home. Announcements concerning the funeral are being delayed pending the arrival of a daughter, Mrs. Leland T. Stratton of Pasadena, Calif. Mr. Wills is also survived by the widow, Mrs. J. C. Wills of Lake Monroe.

State Farmers' Price Index Still Dropping

Orlando, Fla., July 31 (AP)—The United States Department of Agriculture in its farm price report of July 15 said today that the index of prices for Florida farmers continued to decline because of unseasonably low prices.

It said that on July 15, the index was 187 compared with 278 for the United States with 1909-14 equalling 100.

This, said the report, was seven points below a month ago and 39 points below a year ago. The citrus index at 81 was lower than last month and 143 lower than last year's July 15 index.

The truck index was 84 compared with 259 and 230 for last month and last year respectively. Grains registered in food grain, cotton and cottonseed, dairy products were not enough to offset losses incurred in citrus, truck and miscellaneous commodities, the report said.

Capital City Of Indonesia Is Captured

Seat Of Republic's Parliament Situated In Java Falls To Dutch Troops

BATAVIA, Java, July 31 (AP)—The scorched, dead city of Malang, seat of the Indonesian Republic's parliament, fell to the Dutch today, the Netherlands army announced, and other Dutch columns raged toward the blazing town of Tiliptop, chief republican port on the south Java coast.

BATAVIA, Java, July 31 (AP)—Jungle troops of the Dutch army drove today to within two miles of the resort city of Malang, key to east central Java, and were expected to occupy the flame-ravaged center by night.

A broadcast Indonesian communiqué said the Dutch were within 100 yards of the city and that Indonesians were applying the scorched earth policy.

The Republicans asserted their forces were within 12 miles of Batavia and had recaptured the perimeter towns of Tangerang, Sepotong and Tjumen. The Dutch declared this claim was "nonsense." This reporter found no sign of Republican activity in the general Batavia area.

The Indonesian broadcast said Malang was "heavily gassed and machinegunned" during the night, and that Republicans started fires in the city yesterday. It said Dutch planes strafed Malang.

The Indonesians said another column of the Dutch army, equipped largely with U. S. lend-lease and surplus war supplies, had cut nearly halfway across the waist of Java in a drive from Tegal on the north coast, to the submersible area, 35 miles to the southeast. The Republicans asserted the Dutch were using a company of Japanese in the attack.

The Republican Seventh Division, pitted against the Dutch advance on Malang from the north, offered no organized resistance except that of long road blocks, tank traps, land mines and occasional sniping, a dispatch from Soerabaya said. The Dutch jungle troops were backed by mechanized forces. Dutch officers said four Dutch soldiers had been killed and six wounded and that a number of enemy snipers were killed.

Dutch scout planes reported the streets of Malang appeared deserted. A Jogjakarta broadcast declared Indonesian shore batteries sank a "Dutch warship" off Tjiliring in central Java.

The Indonesians said also the Dutch had occupied Lahat, in Sumatra west of Palembang, but that Indonesian troops had halted the advance.

ICC Gets Complaint Against 900 Railroads

WASHINGTON, July 31 (AP)—Attorney General Clark in a new complaint today accused more than 900 railroads of collecting "unjust and unreasonable" rates on wartime shipments of steel airplane landing mats.

The action was filed with the Interstate Commerce Commission. The government is asking reparation for alleged overcharges on the landing mats moved from Eastern shipping points to Pacific Coast ports between Jan. 1, 1942 and June 30, 1946.

The Justice Department announcement said "thousands of carsloads" of landing mats were involved. The petition to ICC states the exact amount of money sought to be recovered is "not present ascertainable."

The complaint is another in a series which Clark has made before the ICC concerning wartime freight charges.

Lake And Langston Open Fruit Stand

Buddy Lake and Mayo Langston are busy putting up an attractive little fruit stand at Palmto Avenue and Fourth Street.

"Yes, we have no bananas" called the popular Lake in a passing motorist friend, then turned back to planning a window sill, his mind completely off baseball for the time being.

RAINED OUT
The historic football battle between the Rotary Club and Lions Club was rained out Wednesday evening at the Municipal football park. No future date for the tilt has yet been set, according to Harry Robson, Lions football official.

Royal Marriage Set For Nov. 20

LONDON, July 31 (AP)—Princess Elizabeth and Lieutenant Philip Mountbatten will be married Nov. 20 at Westminster Abbey. Buckingham Palace announced tonight.

The King and Queen have approved the marriage of Princess Elizabeth and Lieutenant Philip Mountbatten shall take place at Westminster Abbey at 11:30 A. M. on Thursday, Nov. 20, 1947, the brief statement said.

The betrothal of the heiress presumptive and the former Greek Prince had been given formal approval before the Privy Council at the palace earlier today.

King George VI's formal consent to the Privy Council carried out an old ritual.

Drive To Operate Tourist Booth Is Begun By Jaycees

\$5,000 Goal Set By Group To Further Publicity Project

The Seminole County Junior Chamber of Commerce opened a drive at their luncheon meeting today in the Mayfair Inn to raise \$5,000 to maintain and operate the tourist information booth on the Seminole Boulevard.

"This is a community project and we want to see that it is completed," Bradley Odham, president of the organization, told those present.

"Possibilities of bringing tourists into this area are unlimited, and this money that will be donated will be spent to further the tourist program in this city," Odham added.

A thermometer, showing the progress of the drive will be placed in the downtown area. Members of the Jaycees will canvass the county in an effort to get the needed money on which to maintain the booth and further the tourist publicity program of the county, it was stated.

"Today we are starting one of the largest programs ever undertaken by the Seminole County Junior Chamber of Commerce," H. G. McIntosh told the organization. "We need everybody's help to complete this financial program and we urge every citizen in the county to support our program," Mr. McIntosh added.

Miss Barbara Dampier, assistant city recreational director, supported the organization and asked that the Jaycees assist her in building up interest in the recreational program for youngsters in the area.

"When the program started we had more children participating in the events than we could handle, but the enthusiasm has died. We want the children to come down to the Grammar School Park and join the fun," Miss Dampier stated.

It was announced that the next meeting of the Seminole County Jaycees will be held Thursday night, instead of Thursday afternoon, in an attempt to make it (Continued on Page Eight)

Open Season, Limits Fixed On Waterfowl

WASHINGTON, July 31 (AP)—President Truman today fixed the open season and shooting limits on waterfowl in the United States, territories and possessions.

The open seasons on waterfowl and rook, except for wood ducks, snow geese, and brant in several states; and excluding Ross' geese and swans included: Alabama, Arkansas, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee and Virginia -- Dec. 8 to Jan. 6, 1948. Louisiana, Nov. 18 to Dec. 17.

New Grocery Opens On Sanford Avenue

O. L. Powell, former Gulf Life Insurance Agent, recently opened an attractive little self service, cash and carry grocery store next to Angel's shoe place on Sanford Avenue. It is called Powell's Edgewood Grocery.

The one story building, which was constructed by Roy Redding, is of concrete block construction and has a cement area in front. It has a 16 foot open front, and they specialize in all of meats, frozen foods, vegetables and ice cream. Produce and vegetables are attractively displayed in plywood racks. Lighting is fluorescent. A large fan keeps the store well cooled.

The store opens daily at 7:30 A. M. and closes at 8:30 P. M. except on Saturdays when the closing hour is 9:30 P. M.

Greeks Weigh New UN Blow At Balkans

Truman Aid Plan Is Reported In Force Despite Red Veto Of Watch Group

LAKE SUCCESS, July 31 (AP)—Greece formally charged Russia's three Balkan satellites today with aggression in a drastic new move aimed at countering the Soviet Union's veto of an American proposal for an 11-member United Nations Border Commission.

The Greek government reported by informed sources today to be considering the possibility of bringing charges against Russia's Balkan satellites under the most drastic provisions of the United Nations charter.

The Greek delegation to the United Nations would not comment, but informed sources said the Greeks were studying closely Chapter VII of the charter, which provides for United Nations action in cases of aggression and breaches of peace.

This chapter was invoked for the first time in UN history yesterday by Australia in bringing the Indonesian and Balkan issues on the council's agenda for the meeting today.

It was said authoritatively that the Greeks have been told by the United States that the Truman aid plan remained definitely in force despite the Russian veto of a Balkan Commission. Furthermore, it was said that the United States held the Greeks this country was firmly behind them in their efforts to establish a stable government and stop the disorders in the Balkans.

Chapter VIII includes among its duties: from breaking off relations with the aggressor up to actual military operations by the United Nations against any country the Security Council decides has committed an act of aggression.

However, the United Nations police force which would carry out any such military orders still is in a disorganized state. Not one soldier has yet been committed to the UN force.

UN observers said a significant part of Chapter VII is Article 41, which permits UN members to take collective action for self-defense against an armed attack until the Security Council can act. It was said this would be one way for action in the face of a Russian veto which has killed an American proposal to set up a Balkan Commission to watch over the troubled area.

Studebaker Plant Suspends Production

SOUTH BEND, Ind., July 31 (AP)—Suspension of passenger car production and plans for a temporary shutdown of truck assembly lines at the Studebaker Corporation plant here were announced today by Paul J. Hoffman, president.

Hoffman said passenger car production would be halted next Monday for an indefinite period because of a strike at the Detroit plants of the Murray Corporation which supplies fenders and hoods for Studebaker cars.

State VFW Demands TB Patients Removed

LAKELAND, Fla., July 31 (AP)—The Florida Department of the Veterans of Foreign Wars demanded today that the Veterans Administration immediately remove all tuberculosis patients from the State Tuberculosis Hospital at Drew Field, Tampa, because of "inefficient and unsatisfactory" medical service.

Carl Linton, department adjutant and quartermaster, made public the complaint and said if the VA didn't act immediately the State Department would take necessary action at its meeting here Sunday to force the removal until the Drew Hospital is put on a "proper basis."

The VA pays for treatment of veteran patients at the Drew Hospital, which is a branch of the State hospital at Orlando.

LOUIS FIGHT

NEW YORK, July 31 (AP)—Heavyweight Champion Joe Louis will meet Jersey Joe Walcott of Camden, N. J., in a ten-round non-title fight at Madison Square Garden-N.Y. 14, the Twentieth Century Sporting Club announced today.

Chiefs Of Army-Navy Reported Opposed To Flying Boat Program

Public Hearing Is Conducted By City Commission

Request To Close Seminoke Blvd. During Races Approved

The City Commission held a public hearing yesterday to determine whether or not to revoke the beer and wine license of J. D. Carlton, 801 West Ninth Street, as requested in a petition by 18 nearby residents. It was decided to put the place on a probationary status, and if there are any more complaints, to revoke the license, it was announced today by Gordon Bradley, of the City Manager's office.

The request of the Coast Guard Auxiliary to close Seminoke Boulevard where many boats are to be launched during boat races on Sept. 1, was approved, subject to State Road Department approval.

A written report from Dr. Raymond L. Baas, City most inspector, was reviewed in which he gave his reasons for condemning some beef which had been sent to a local market by a cattle raiser in the county. The liver of the animal was completely destroyed as a result of a severe toxic condition, he stated, and this had rendered the beef unfit for human or animal consumption.

In accordance with most inspection ordinance of the City, the beef was condemned and ordered destroyed, the report stated. The Commission accepted the report, said Mr. Bradley, but ruled that future meat condemnation findings be confirmed by State Laboratory analysis.

The Commission deferred action in regard to insurance of taxicab operators until after the State Insurance Commission holds a hearing on Aug. 6.

Due to reports of accidents caused by high shulders at street intersections, the Commission decided to notify owners to cut shulders within three feet of the ground as required by City ordinance, said Mr. Bradley.

1 Killed, 2 Hurt In Gandy Bridge Wreck

ST. PETERSBURG, Fla., July 31 (AP)—Jackson C. Futch, 25, son of Dr. and Mrs. Hugh L. Futch, this city, was instantly killed and two others injured, one critically, when Futch's car and a motorbike crashed last night on Gandy Boulevard.

A woman listed by Mound Park Hospital as Mrs. Midge Burgher, of Tampa, was the most seriously hurt. Police reported she was riding with Futch.

Howard Fauthin, middle aged bicyclist, suffered a fractured leg and bruise on the head.

Bus driver Harold A. Bux said he was driving the empty bus northward headed for Plant City. According to his report given the highway patrol his headlights flicked up the bicycle rider at about the middle of the road.

He swerved to avoid hitting him and suddenly saw lights of the car coming toward him. The cyclist was hit by the rear of the swerving bus. Mrs. Burgher formerly resided at Jackson, Tenn.

Rev. Mrs. M. Ware Report On Arkansas

The Rev. Melton Ware, who with Mrs. Ware has been spending a month in Arkansas visiting her parents, stopped today to visit Judge and Mrs. R. W. Ware before proceeding to their home in Vero Beach where Rev. Ware is pastor of the First Methodist Church.

Rev. Ware reported that he found the first three weeks in Arkansas very cool, but that during the past week there was a heat wave that sent the temperature up to 100 degrees at Little Rock. As a result of the cold weather of June and early July the peach and grape crops are a month late, he stated.

LIGHT COMPANY STOCK

NEW YORK, July 31 (AP)—Investors today were offered \$35,500,000 in bonds, debentures, equipment trust certificates and capital stock, all but \$4,800,000 representing new corporate financing.

St. Johns River Measure Signed By Pres. Truman

Jacksonville To Lake Harney Project Given \$300,000

AP Special Washington Service WASHINGTON, July 31 (AP)—President Truman signed today a \$502,123,912 appropriation bill for flood control, navigation and other non-military activities of the War Department.

One of the latest measures approved by the 80th Congress before the July 26 recess, it includes \$300,000 for the St. Johns River project, Jacksonville to Lake Harney, in the \$298,134,835 for flood control construction and maintenance. It also carries \$116,000 for navigation improvements and maintenance during the year ending next June 30.

Other items are \$20,576,000 for the Panama Canal, \$41,000,000 for the Alaska Communications System, and \$200,000 for alteration of bridges over navigable waters under the jurisdiction of the Army Engineers.

While the total is \$117,802,188 under a \$419,927,100 budget estimate, it carries the largest flood control fund in several years. The budget figure included an original estimate of nearly \$383,000,000 and President Truman's request for an extra War Department fund of \$237,000,000 to begin a 10-year program to control floods, develop hydroelectric power, and otherwise utilize the country's water resources.

Florida projects included in the flood control portion of the bill were:

Caloosahatchee River and Lake Okechobee drainage areas, \$12,700; Hollywood Harbor (Port Everglades) \$410,000; St. Johns River, Jacksonville to Lake Harney, \$300,000; St. Lucie Inlet \$5,000; Lake Worth Inlet \$100,000; Tampa Harbor \$200,000.

The bill carries funds to continue on about 100 other projects in most of the country's river basins. Some involve hydroelectric development as well as flood control, navigation and related work.

Among these is the gigantic Garrison Reservoir in North Dakota, developed by the State of North Dakota, which is to cost \$155,000,000. The bill also is provided for the \$16,000,000 Clark Hill Reservoir, Ga. and S. C.; the \$57,000,000 Wolf Creek Reservoir, Ky.; the \$57,000,000 Buggy Island Reservoir, Va. and N. C.; the \$135,000,000 Fort Randall Reservoir, S. D.

Barr Is Planning To Reopen Local School

National League Umpire George Barr is making plans for the re-opening of his umpire training school in January and has already received many applications from prospective students, according to a letter received from him yesterday by Joel S. Field and Dick Mauldin.

Mr. Barr in his letter requested Mr. Field, Mr. Mauldin and Sam Mertins, former veteran's education supervisor, to contact Paul Eddy, state supervisor of veterans education at Tallahassee in order to secure renewal of authority to conduct the George Barr Umpire School under the G. I. Bill of Rights provisions.

It was further revealed by Mr. Barr that he had received letters from a number of league presidents, highly complimenting him on the manner in which umpire graduates of his school conducted themselves.

The umpire school was located last year in a former Marine barracks building at the Municipal Airport.

U. S. Envoy Slightly Hurt In Plane Crash

OBLO, Norway, July 31 (AP)—An American military plane carrying Joseph Marvel, Jr., U. S. ambassador to Denmark, tipped and crashed today after landing on a runway of Fornebu airfield near Oslo. None of the four persons aboard was seriously injured. Marvel suffered a slight cut.

Both engines of the DC-3 caught fire, but prompt work and crashed today after landing on a runway of Fornebu airfield near Oslo. None of the four persons aboard was seriously injured. Marvel suffered a slight cut.

Action of WPB In Letting Contract To Hughes-Kaiser Upset Staff Heads

WASHINGTON, July 31 (AP)—The joint (Army-Navy) chiefs of staff declared in July, 1942, that production of materials for the flying boat program would be "inadmissible," it was developed today at a Senate investigation into the award later that year of the Hughes-Kaiser contracts for three such boats.

Robert A. Lovett, now undersecretary of state, testified to the Senate War Investigating Committee as to the stand of these top Army and Navy officers.

He read into the record of a letter which Robert A. Patterson, then undersecretary of war, wrote five years ago yesterday summarizing the position of the joint chiefs of staff.

Patterson wrote the memorandum to Donald M. Nelson, then chairman of the War Production Board, which later that year gave Henry J. Kaiser, West Coast shipbuilder, and Howard Hughes, aeronautical engineer, and film producer, an \$18,000,000 contract to construct three huge flying boats.

Under questioning by Senator (O'Dougherty) E. M. and C. A. McNamara, Lovett said that the WPB's action in letting a contract to Hughes and Kaiser "caused concern" on the part of the chiefs of staff.

He said he knew of no other case in which the WPB had undertaken to become a contracting agency, adding that it involved "a hazardous and unusual approach to have a third agency competing with the Army and Navy in ordering combat equipment."

The War Production Board suddenly became a contracting agency (Continued on Page Eight)

Talks And Rallies Scheduled As 1948 Campaign Starts

BY THE ASSOCIATED PRESS
A full-fledged drive to land the 1948 Republican presidential nomination for Senator Robert A. Taft of Ohio was rapidly taking shape today.

The 41-member Ohio Republican committee and the State Republican congressional delegation were holding separate meetings in Columbus. Advance indications were they would formally launch a "Taft boom" on a "favorite son" basis.

Taught, Ohioans will have a Taft rally at Columbus. The senator will speak and his address will be broadcast over 250 stations. G.O.P. leaders from half a dozen other states will attend.

Ohio Senator John W. Bricker, 1944 Republican vice presidential candidate, cleared the way for Ohio party members to unite behind Taft by announcing he (Bricker) is not a candidate and backs his Senate colleague.

As for Taft himself, he has said he will withhold any formal announcement until after he makes a cross-country tour this fall.

Thus far the only avowed candidate is former Gov. Harold Stassen of Minnesota. Both he and Gov. Thomas E. Dewey of New York, a prospective candidate, have preceded Taft into the West. Stassen is now on the Pacific Coast and Dewey is in his native Michigan, stopping on his way back to New York from a western tour.

Seminole Ranks 22nd In U. S. Citrus Census

Seminole County ranks 22nd among the 50 leading citrus producing counties of the United States in oranges grown, and 34th in the number of acres in orange groves, according to a Seminole County report today.

Seminole County was 26th in production in 1946 and 27th in the number of trees planted. These figures from the United States Department of Agriculture, were pointed out yesterday by County Agent C. R. Dawson. Palm Beach County is first in the United States in vegetable production, and sixth in dollar value of crops. Other Florida counties listed among the vegetable leaders are Broward, Hillsborough and Duval. Seminole County, because of relatively small vegetable acreage, was not listed.

The great tea center of Ceylon was first a coffee center until dis-

One of the most common and annoying of house ants is known as Pharaoh's ant or the Monomorium pharaonis.

Five-sixths of the world supply of jute, from which burlap and sacking cloth are woven, comes from Bengal.

At the New York auto show of 1930, electric autos far outnumbered steam and gasoline-powered cars.

America's average annual production of Idaho White Pine is approximately five hundred million feet board measure.

\$569,617 Given To Counties From Taxes

TALLAHASSEE, July 31 (AP)—Comptroller Clarence M. Gray today announced that...

Total collections from the one-half mill levy on such holdings as cash, securities, mortgages and other evidence of indebtedness amounted to \$3,003,761. However, collection expenses refunded cut the net amount to \$2,701,844.

The state received \$2,026,383 as its 75 percent of the net receipts. Before the counties got their portion, \$105,843 was taken out as their contribution to the county officers and employees' pension fund.

The biggest item of the collection expense was \$170,545 in commissions paid to county collectors and assessors. Some of that went back into county general funds as excess fees.

Dade county's 25 percent share of \$164,553 on total collections of \$867,221 led all other counties by far. Jackson county reported no collections and received no portion of the total receipts. Dixie county was next to the bottom of the list with a share of \$37.67 on total collections of \$198.49.

Other counties received these amounts as their one-fourth shares:

Table with 2 columns: County Name and Amount. Includes Alachua \$3,466, Bay \$3,168, Broward \$21,104, Duval \$66,743, Escambia \$1,031.3, Hillsborough \$25,148, Lee \$4,067, Leon \$6,777, Manatee \$4,611, Marion \$2,780, Orange \$22,550, Palm Beach \$90,822, Pinellas \$47,429, Polk \$13,277, Putnam \$1,073, St. Johns \$8,456, St. Lucie \$2,002, Sarasota \$10,926, Seminole \$2,103 and Volusia \$20,381.

O. P. Herndon, Clerk of the Board of County Commissioners, said...

837,494 Tons Feed Sold For Cattle

TALLAHASSEE, July 31 (AP)—The State Department of Agriculture today reported 837,494 tons of livestock feed were sold in Florida during the fiscal year which ended June 30.

A total of 635 tons were withdrawn from sale because of improper tags and 117 tons were taken off the market because of analysis samples showed their ingredients did not tally with their labels.

A Louisiana firm was fined \$4,000 in federal court during the year after attempting to market in Florida a shipment of cattle feed chiefly composed of rice hulls. Taylor said the product was labeled rice bran. He reported the indigestible rice hulls are prohibited as cattle feed ingredients because they contain no nourishment and frequently cause internal injury to animals.

The Chief Inspector said efforts are being made to equip all citrus pulp processing plants with magnets to be installed along conveyor belts to attract metal fragments in the product. Citrus pulp is a widely used cattle feed.

"You wouldn't think all this would be citrus pulp, would you?" inquired Taylor, exhibiting eight or nine screws, bolts and various pieces of metal which he said a farmer who had retrieved them from sacks of feed.

AIR POWER IS PEACE POWER! HELP BUILD AMERICA'S AIR POWER ON AIR FORCE DAY, AUGUST 1st NOW - THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth - and select your school or course before you enlist. The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, explain the kind of aviation training you want and you will receive an application blank and a complete list of available courses. When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you have chosen. Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your nearest U. S. Army Recruiting Station. * U. S. ARMY RECRUITING SERVICE * 6 Rutland Bldg., Orlando, Fla.

BIBLE VERSE FOR TODAY

NO ONE WHO IS FILLED
WITH HATRED AND MALICE
HAB GOD IN HIS HEART: And
we know we have passed from
death unto life because we love
the brethren.—1 John 3:14

Gael Sullivan has lost his driver's
license. Maybe he should also
be deprived of his license to drive
the Democratic Party.

We hope that northern do-gooders
everywhere will take note
and remember that the woman
who was fined \$2,500 for enslav-
ing a colored woman and who was
ordered to pay her \$6,000 in back
salary, hailed from Boston, Mass.

Britain is reported as planning
to reduce the size of her armed
forces throughout the world. But
not on account of the decreasing
tension in Java, India, Palestine,
Greece and points north, south,
east and west.

General Eisenhower says that
more and more it looks as if the
United States would have to ac-
cept a "two-world concept" when
we have been working for a "one-
world plan." Even that is progress.
If the whole world can be divided
into more than two great con-
flicting forces, it will have made
a decided improvement over the
time when it was frequently di-
vided into a hundred or more such
components. Eventually we may
get one world.

People who believe that fish
won't bite should read the story
of Ralph Rives, University of
Florida student who lost a leg
Sunday while swimming in the
Ponte Vedra canal. He did not
even see what bit him, but he
believes it was either a shark or
barracuda. Sharks as a rule are
not particularly vicious and the
ones which are usually do not
come close to shore. Barracudas
on the other hand are always dan-
gerous and even the smallest ones
will bite anything that comes
near them.

The value of a college educa-
tion is apparently being recognized
as more and more men and women
attend adult education classes or
enroll in the nation's colleges.
Once limited almost entirely to
boys and girls in their teens, or
at most under 22, our universities
now report an ever increasing
number of students over 25. Stet-
son University reveals that the av-
erage age of male students is be-
tween 26 and 30 years, while more
than 30 students are listed as
over 40 years of age. There is an
old saying that you can't teach
an old dog new tricks, but it is
equally true that you are never
too old to learn.

The effectiveness of the United
Nations organization for preserving
peace was never more clearly
shown than the other day when
the whole program for protect-
ing the borders of the Balkan na-
tions and guaranteeing the gov-
ernment of Greece against inva-
sion by foreign forces was vetoed
by Russia after nine of the eleven
nations on the Security Council
had approved the plan. If the UN
can do nothing towards defend-
ing Greece against aggression,
could it do anything toward de-
fending France, or England? Could
a similar organization have pre-
vented Germany's invasion of Aus-
tria, Czechoslovakia, or Poland?
Isn't the UN, after all, a hollow
shell, which we would be better
off without, since it lulls many
gullible and unsuspecting people
into thinking it is as strong a
defensive position as the Rock of
Gibraltar, or the Maginot Line?

He Earned It

A real American success story, worthy of Horatio Alger
at his best, comes to us by way of Life magazine which
tells of an Oklahoma farmer who 12 years ago was so poor
he tried to get his creditors to take his land in settlement
of his debts and they refused, but who is now worth half
a million dollars.

Henry Witt came up the hard way. He was the son of
a Kansas railroad brakeman who lost his life's savings and
died when Henry was still a boy. After a few years of
wandering from farm to farm as a hired hand, he was
drafted and served a hitch with the Army during the first
World War. With a little money he had saved up, he return-
ed to Oklahoma and bought a quarter section which he
started farming.

There were, of course, ups and downs. Some years he
made a little money, which he put into more land, and some
years he lost, whereupon he would go to the bank and
borrow. Finally came 1930 when the price of wheat dropped
to 65 cents and 1931 when it got down to 30 cents. These
were also the years of the great drought and Witt lived
in the heart of the dust bowl where a tractor he bought
from a neighbor was buried in the dust before he could
get it into his barn.

Hundreds of Witt's neighbors sold their farms or simply
abandoned them and went looking for other jobs at a time
when 10,000,000 people were unemployed. Their plight was
graphically described by John Steinbeck in one of the most
popular books of the day, "The Grapes Of Wrath". Witt
thought he was worse off than the "Okies" ever thought
of, being because he couldn't even get away.

To put it differently, he stuck it out. He fought the
bankers, the dust storms and the grasshoppers. He watched
the price of wheat come back a little and he paid his debts.
He did all his work himself, with the help of his large
family of growing boys and girls, and he invested every
cent he could save in more farm land which others regarded
as less than worthless.

Today this same farm land, and that which lies around
it, are regarded as the richest in the world. The town bank
where Witt keeps his bank roll boasts deposits of \$3,300,000
compared to \$300,000 fifteen years ago. The 160 acres of
land which Witt used to own has now grown to 3,360 acres
and he figures it as conservatively worth \$75 an acre.

Besides this, he owns five sections of ranch land in Colo-
rado, 300 head of cattle, six expensive combines and an
interest in nine natural gas wells. At present he is planning
to take his family on a trip to California, but when he
goes he won't travel in an old broken down jalopy like the
ones the "Okies" used, but in a brand new \$4,600 Packard
with wine-colored upholstery.

Henry Witt may soon become one of the idle rich. He
may have more of our worldly goods than he can use. He
may be sneered at by New Dealers and denounced by Com-
munist, but who can begrudge him his new found wealth?

Policy Planning

One of Secretary of State Marshall's first acts when
he took his job was to organize a Policy Planning Staff,
consisting of six trained career men whose work is confined
to planning. Their object is "to put continuity, consistency
and content into American foreign policy." They will not
have to clear the state department reports, they will have
no staff under them. They may call in other experts for con-
sultation, then do their own thinking. This stream-lined
program should cut red tape and result in a consistent
foreign policy. Success of the project depends on the co-
operation of Congress, which should not be hard to get if
the Policy Planning Staff acts in a manner to inspire con-
fidence.

The PPS, as we understand it, is not to do the actual
planning, but rather the information-digging on which
policy must be based. If Secretary Marshall wants to know
how to handle a ticklish problem of China, Java, some
obscure tiny country or great European nation, he needs
merely say the word and in a few hours Davies of China,
Johnson of Latin America, Adams of Austria will hand
him the important facts which Marshall policy must take
into account before it can emerge as a plan — not dead
stuff dug from encyclopedias, but important, human, current
matter assembled by men of experience and high con-
tacts.

They are all expert in a practical as well as theoretical
sense and all are young; ages range from 35 to 49. They
are — with a few of many qualifications:

George F. Kennan, economics and Russia; Joseph E.
Johnson, UN, atoms and Latin America; Ware Adams,
Germany and Austria; Jacques Joseph Reinstein, finance;
John P. Davies, born and raised in China, served in our
embassies in Chungking and Moscow. (This is the John
Davies who was in a plane forced down in a Burmese jungle
among head-hunters, the adventure written about so well
by Eric Sevareld for a magazine soon after.)

This list is a strong one. Too often our state depart-
ment has had to guess in important matters. Now, perhaps,
it will be able to know.

TOO LATE TO CLASSIFY

By RUSSELL KAY

When Tom Watson announced
that he would not run to succeed
himself as Attorney General, but
instead would seek the office of
Governor he let the bars down
for a free-for-all, and at this writ-
ing it looks as though we would
have a swarm of candidates for
this office.

Running for a cabinet office
against a man who is firmly en-
trenched and runs to succeed him-
self is a mighty tough race for
other contenders, for the man in
office has a tremendous advan-
tage, and if Tom had chosen to
remain in the office of attorney
general it is extremely doubtful
if he would have had any serious
opposition.

Now, however, it is anybody's
race and it is beginning to look
like anybody and everybody will
get into it.

During the legislative session P.
Guy Crews, representative from
Duval, let it be known that he
would be a candidate and he has
been campaigning ever since.
L. Grady Burton of Wauchope,
one-time gubernatorial candidate,
and an able lawyer, is definitely
in the race and with his wide ac-
quaintance throughout the
state and strong political connec-
tions he has a tremendous advan-
tage over others who are less well
known.

R. W. (Dick) Ervin, former as-
sistant attorney general, who hails
from Palatka, crashed newspaper
front pages last week with his
official announcement. He is well
known in political circles but
is practically unknown to the
general public.

R. A. (Lex) Green, former con-
gressman and candidate for Gov-
ernor in the last go-round, is bit-
ting his nails and trying to decide
what to do. He wants to run for
something, but doesn't know just
what. Maybe governor, maybe at-
torney general or maybe for a re-
turn to congress. He has his ear
to the ground and we will hear
from him sooner or later, I'm
sure.

A half a dozen others are con-
sidering entering the race and no
one can say at this time how many
will be lined up at the post when
the starting gun is fired.

A spreading rumor to the effect
that Commissioner of Agriculture
Nathan Mayo would retire at the
end of his present term caused an
ambitious crowd of office seekers
to start beating the bushes.

Ammon McClellan of Ft. Pierce
didn't wait to find out whether
Mayo would run or not but tossed
his sombrero into the ring and has

started out on a statewide hand-
shaking campaign.
Friends have been urging Rich-
ard Simpson of Monticello, former
Speaker of the House, to enter the
race but Simpson will not run in
opposition to Mayo, although he
would run a mighty good race for
any office he might seek.

Mayo, last week, released a
statement to the press saying that
he had no intention whatever of
retiring, that his health had never
been better and that he had an
unfinished agricultural program
to complete that could not possi-
bly be accomplished during his
present term.

With Mayo definitely planning
to run for reelection it is doubtful
if any serious opposition will de-
velop. Mayo is loved and respected
throughout the state and it is gen-
erally agreed that he can retain
his office as long as he wants to.

There may be other candidates
seeking cabinet offices but pres-
ent incumbents will all run for re-
election, and that means that any
opposition that develops will have
a tough time of it for it is plenty
hard to defeat a man who is in
and wants to stay.

As it appears now, the only race
for a cabinet post that will attract
public attention and arouse any
degree of interest will be the race
for attorney general and of the
men who have announced to date,
it would appear that L. Grady
Burton is in the most advantag-
ous position.

Having made a statewide race
for the office of Governor, his
name is known to thousands of
voters who have never heard of
the other contenders. On top
of this, he will get strong support
from political circles and he can
be depended upon to run a mighty
good race.

We won't know a great deal
about who will or will not run
until later in the year, but come
New Year's day, we can count on
the kettle standing to boil in earnest.
There will be candidates
plenty and the old walkin' win-
g ring from Pensacola to Key West.

Everglades Enjoys
First Rainless Day
In Over Two Months

CLEWISTON, Fla. July, 31
(AP)— For the first time since May
23 a 24-hour period without rain-
fall was reached in the Everglades
today.

Not a trace of rain fell around
Lake Okechobee yesterday. But
the Everglades, swollen and wet
with downpours which totalled
24.04 inches at Clewiston, 23.48 at
Moorehaven and 24.04 at Balla
Glade during the long wet spell,
still hold vast quantities of water.

Several thousand head of cattle
were reported being moved out of
lowlying flooded sections to higher
grounds. The movement is over
short distances and no major
migration of herds is under way,
but stock owners sought to protect
their cattle from foot rot which
results from constant standing in
water.

Lake Okechobee was reported
virtually stabilized with two mighty
discharges flowing out of the
Caloosahatchee River and St. Lucie
canal. The lake level today was
17.17 feet above sea level.

Pumps continued to bum through
out the farmland area, lifting
water from diked areas and dis-
charging it into canals from where
it found its way into the lake or
to the sea.

Fifty-three percent of office
employees have visual problems.

Miss McCall Honored By Miss Gene Caswell

MONDAY

Circles No. 10 of the W.S.C.S. of the First Methodist Church will meet at 8:00 P. M. at the home of Mrs. J. R. Hoolehan, 2206 Palmelto Avenue.

Circles of the W.S.C.S. of the First Methodist Church will meet at 3:00 P. M. as follows: No. 1 with Mrs. J. B. Crawford, 1204 Oak Avenue; No. 5 with Mrs. Brodie Williams, 802 Oak Avenue; No. 6 with Mrs. Claude Herndon, 605 Magnolia Avenue and No. 9 with Mrs. Ralph Thompson, 1913 Beust Avenue.

Miss Connie McCall, whose marriage to James Ford will be an event of Aug. 6, was honored yesterday with a bridge-luncheon given by Miss Gene Caswell at her home in Orlando. Colorful arrangements of zinnias and greenery decorated the rooms of the Caswell home.

Several progressions of bridge were played after which the scores were added and high prize, a white linen purse, was awarded to Mrs. Lee Moore and screen, cefkall napkins and coasters were won by Mrs. David Nussickel of Winter Park. Miss McCall was given a set of Lu-Ray pastel breakfast china.

The luncheon was served buffet style by Miss Caswell assisted by her mother, Mrs. B. D. Caswell. The table was overlaid with a white lace cloth and centered with an arrangement of pink love vine in cut glass bowls. The dainty centerpiece was flanked with pink tapers in crystal holders.

Those attending with Miss McCall were Mrs. Emmet McCall, Mrs. Moore, Mrs. Nussickel, Mrs. T. E. Tucker and Mrs. Donald Jones. Also the Misses Martha Perkins, Nancy Cullum, Jackie Brochie, Jane Thigpen, Kathryn Higgins, Mary Ann Whosehel, Sylvia Meich and Camille Batten. From Orlando were Elizabeth Allen and Patricia Jones.

Personals

Friends of J. L. Hurt will regret to learn that he is ill and confined to the Fernald Laughton Memorial Hospital.

Mrs. Paul Brown and children, Pat and Alice, have returned from visiting Lookout Mountain and Jackson, Tenn.

R. L. Cornell and son, Robert Cornell, plan to arrive tonight by plane from Chicago where they have been spending the past several days.

Mrs. J. L. Galloway and daughter, Mary Ann, returned yesterday from a vacation spent in Washington, D. C. and New York City.

Mr. and Mrs. C. B. Rudd and Leland Rudd returned this morning from Bellwood, Ala. where they have been spending a vacation.

Mr. and Mrs. L. F. Garner and two children, Emily Faye and Roger, are spending a month's vacation in various points in North Carolina.

Mr. and Mrs. Wallace Phillips returned on Sunday from Daytona Beach where they spent the past week. Their children, Wally and Merritt, spent several days with them.

Mr. and Mrs. Ross D. Hunter and son Linwood of Silver Lake have returned from Burlington, N. J. where they visited Mr. Hunter's parents, Dr. and Mrs. J. R. Hunter.

Mr. and Mrs. John Herbst and Mr. and Mrs. Harold Herbst returned on Sunday from a two weeks tour of the Eastern states and Canada. En-route home they visited relatives in Plainfield, N. J.

Mr. and Mrs. J. Q. Galloway have as their guests at their home at 119 Poplar Avenue, Mr. and Mrs. G. E. Armstrong and child of Albertville, Ala. and Mr. and Mrs. L. W. Galloway and child of Gadsden, Ala. Mrs. Armstrong and Mr. L. W. Galloway are the sister and brother of Mr. Galloway.

feathers or bows. Turbans also have come into their own once more, especially for dinner wear, done in lush materials such as velvet or lame, to contrast with furs.

The coming season provides a field day for milliners, as practically every hat is draped, sculptured and manipulated. Simple blocked crowns and straight brims are few and far between.

Larger Hats Seen In New Fall Fashions

By DOROTHY ROE
Associated Press Fashion Editor

The bigger the better is the word for fall hats to be outdone by the dress designers, who have stirred up a nation-wide storm of controversy over the radical changes in the new silhouette, milliners also have prepared some shockers for fall.

As hats bulge and shoulders droop according to the fall decrees of the designers, hats also grow larger and more elaborate. Gone is the day of the beanie and the doll hat. Next season, a hat is going to be an important project, not just an afterthought.

Fashionable all-bow or the advance fall collections is the bloused or draped beret crown combined with a cloche, cuff or medium off-face brim. Often this generous piece of headgear, which by the way, fits snugly down on the head all the way round, is further elaborated by feathers, fur, glittering rolls of metallic lame or poufs of velvet or satin.

The dramatic wide brim is in high favor, sometimes extended further by side trimmings of

Virginia Hartfield Weds Truman Galley

Mr. and Mrs. J. H. Hicks announced today the marriage of their granddaughter, Virginia Hartfield, to Truman Galley, son of Mrs. Lindyan Galley of Alto, Ga. The wedding took place on July 19 in Folkston, Ga.

Mrs. Galley received her schooling in Sanford and graduated from Seminole High School with the class of 1946. Mr. Galley served for 31 months with the United States Navy during the recent war, 22 months of which were spent overseas. Following a brief honeymoon the Mr. and Mrs. Galley are making their home on West First Street.

Hollywood

By BOB THOMAS

HOLLYWOOD, July 31 (AP)—Mark Stevens, who has acquired fame and also a world of grief in the past two years, plans an early escape. After "The Snake Pit," he hopes to visit his parents in Canada and get a complete rest.

Mark, who only recently got out of the bed, is faced with three court actions, one a divorce. He is homeless and has been through a long recuperation from a back injury. He has an ulcer. He needs a rest.

The actor blames "Hollywood phonies" for his marital break-up. His rumored romance with Hedy Lamarr isn't so, he said; they are merely old friends. Incidentally, the only photographs in his dressing room are of his estranged wife, Annalee.

Gregory Peck flies to New York next week to finish work on "Gentleman's Agreement" and then returns to Los Angeles where he'll spend the summer. Greg is a guy who loves his profession. He can laugh at the difference in his salaries—several thousand a week at 20th-Fox, \$40 at the La Jolla Playhouse.

Ann Southern visited Robert Sterling on the "Roughneck" set. Sterling is to more talk about whether their marriage is on again or off again. It must be confusing for Bob. His leading lady is Gloria Grahame, who is a ringer for Ann.

The Ingrid Bergman film, "Joan of Lorraine," will not be quite as gigantic as planned. The battle scenes are being cut down because of the monumental expense involved.

Dana Andrews and Henry Fonda are feudin' and fightin', but mostly in jest. Dana has been hunting for a story for months and finally heard about a promising sea-yarn. But Hank found it first and won't tip off Dana as to its identity. It keeps the "Daisy Kenyon" set lively.

June Haver has been tested film, "Foreign Affairs," and may be added to the cast headed by Jean Arthur and John Lund. There is doubt that Marlene Dietrich will accept the role because she would have to play a Nazi.

Howard Hughes has "Vendetta" added to his current woes. After three remakes, the film still isn't to his liking, and he figures, it has to be good or everyone will scoff. If the next picture doesn't improve the picture, it may be scrapped entirely.

Henry Morgan will spoof the bi-town in his first picture, "So This is New York." The sharp-witted satirist will aim particularly at head waiters, cab drivers and other "hipsters." New Yorkers wonder how Morgan will take to the debunking.

Ella Raines plans two more pictures at U-I this year after "The Senator Was Indiscreet." That'll make five this year for Ella and there's a reason for building up the backing. She wants to devote 1948 to a production of her own. It would be her first child.

The John Mills, who have been houseguesting with the Rex Harrisons, will return to England with the Harrisons in a fortnight. John Lund's wife, Marie, nixed an RKO role because she would have had to dye her hair. Anyway, her old man is working. MGM is so pleased with Mervyn Leroy's reconstruction of the Greco-Garson film that his name may be put on it as director. Usually the director who starts a film gets credit for it, even if he is replaced. It's not like baseball pitchers.

Members of the "Youth Caravan" who are arriving in Sanford to conduct a Youth Week at the First Methodist Church from Aug. 3 to Aug. 8. They are from left to right seated: Naomi Rupert, Clio Metcalfe and Mary Beth Joyner. Standing are Nell Rose Beck and Porter Anderson.

New Designs Do Not Consider Figures

By BETTY CLARKE
AP Newsfeatures Beauty Editor

Some designers never consider the real American figure when they design clothes. They drape a piece of cloth over a pencil-thin model, add some fullness where she needs it, taper it where it will emphasize her wasp waist, and put it on the market for the Average American Woman.

Well, who is the Average American Woman? She is a wife, a mother or a career girl who spends most of her time fighting a big problem—spreading hips. She massages, exercises and starves herself to achieve a silhouette that will enable her to wear the fashion of the moment. But seldom is the fashion one that will help her conceal her bulging hips and thighs.

You may console yourself that the new long skirts will at least hide your plump calves. Though the hemline is dropped you will notice that in new suit and dress fashions, nipped-in waists and hip fullness may merely emphasize your hipfulness.

So let's face it. If you want to look well in the new clothes, you'll need to do some work on your waistline and hips right now.

The housewife is lucky that there are dozens of ways she can trim down her waistline while working around the house. You can combine bed-making with waistline magic, suggests a fa-

mous beautician, by doing this: Stand at the center of the bed and don't move the position of the feet at all. Just make every bit of your body move as you stretch and pull your ribs away from your hips. As you get those sheets well tucked under the ends of the bed, every pull you exert on your middle torso will count.

To help streamline your arms and your chest at the same time, here's a good exercise: Sit cross-legged next to the wall with the small of your back at the waistline digging tight into the wall. Raise your arms above your head on the wall. With your elbows slightly bent, and elbows and wrists tight flat against the wall, ever so slowly pull your arms down to your side so that your fingertips come to your shoulders and your bent elbows come back to your ribs. Repeat from 20 to 50 times daily. For the hips, there is always the

NOTICE

The August meeting of the Daughters of Wesley Class of the First Methodist Church has been postponed. It was announced today by Mrs. C. H. Winn, president of the class.

BIRTH ANNOUNCEMENT

Mr. and Mrs. C. E. McLain announced today the birth of a daughter, Linda Sue, on July 25 at St. Vincent's Hospital in Jacksonville. Mr. and Mrs. McLain are former residents of Sanford and she will be remembered as Miss Helen Petras.

Mr., Mrs. Williams Honor Connie McCall

Mr. and Mrs. Roy Williams entertained on Tuesday night with a dinner for Miss Connie McCall bride-elect, given at their home in Mayfair. Lovely arrangements of tiny pastel sinias decorated the living room and sun porch of the Williams home.

Guests were served at the long table in the dining room. The table was covered with a white cloth. A crystal bowl in the center held an arrangement of white daisies and the centerpiece was flanked with white burning tapers in crystal candelabra.

Miss McCall was presented with a piece of her Strauburg silver pattern. Those invited to be with the honored guest, Miss McCall, were her parents, Mr. and Mrs. Emmet McCall, Mr. and Mrs. B. S. McCall, Mr. and Mrs. H. B. McCall and Mrs. R. G. Fox.

OAAB Will Conduct Training Flights

ORLANDO, July 31. (Special)—Headquarters Fourteenth Air Force has announced that Training Flights will be conducted from the Orlando Army Air Base on Friday.

At this time, 12 planes will take off from Operations Area at 11:00 A. M., flying over Orlando at approximately 11:10. From Orlando they will proceed to Sanford and then to DeLand, Daytona Beach, Palatka, Gainesville, Ocala, Leesburg, Lakeand, Bartow, Winter Haven, Lake Wales and Kissimmee, in the order named. Two long runs will be made over each town.

During Queen Victoria's reign divorce in England could be secured only by the husband though a costly and complicated procedure.

Invitation

This is to invite you to the finest showing of our brilliant new coats and suits for Fall. Make your selection before August 15th, and save 10%.

Leesburg To Appear Here For Twin Attraction Tonight

McCammon To Pitch Opener; Tomat Or Kettles To Toss Second Contest

Tonight the Sanford Celery Feds entertain the Leesburg Pirates in a twin attraction at the Municipal Park. The games are scheduled to get under way at 8:45.

Last night the locals invaded the Vaseline-Celery Field for a contest, but were forced to return home without playing the game because of rain.

Jack McCammon, newly acquired Fed righthander, is slated to handle the mound assignment in the twilight affair. Tomat, and either Carl Kettles or Johnny Tomat will get Manager John Kridler's call for the nightcap.

Last night the St. Augustine Saints scored a 6 to 2 decision over the league leading G-Men, and the Palatka Azaleas tripped the Daytona Beach Islets in a 5 to 2 tilt.

The Orlando Senator-DeLand Red Hat contest was washed away.

The Linescores:
 Gainesville 000 001 001 2 8 2
 St. Augustine 000 001 14x 6 10 2
 Palatka 000 001 011 2 4 4
 Daytona 202 000 01x 5 10 3
 Samuay and Petroff; Drigger and Tomcoff.

Larger Bat Gives Sauer More Power And Shot At Majors

SYRACUSE, N. Y. — Hank Sauer's big bat, which has been pounding out home runs in convincing fashion, probably will land the 28-year-old outfielder in one of the major leagues next year.

Hammerin' Hank, who weighs a solid 198 and stands two inches over six feet, currently is the International League's leading home run hitter and his batting average fluctuates around the .350 mark compared with a .297 lifetime average.

Sauer, a native of Pittsburgh, Pa., was purchased outright by the Syracuse Chiefs of the International from its parent club, the Cincinnati Reds, Apr. 25, 1946. His .282 batting average in 140 games for the Chiefs last season labeled him just another ballplayer.

It was during spring training this year that Manager Lew Land of the Chiefs figured Sauer was "getting around too fast" on his swing, and suggested he use a bigger bat. Henry picked out a 40-ounce, 36-inch weapon, six ounces heavier and an inch longer than the stick he had been using, and has been walloping homers ever since.

Right now he wants to better the league record of 63 homers established by Joe Hauser of Baltimore in 1936. He had 36 just after midseason.

Leo T. Miller, president of the Chiefs, is convinced that Sauer is sure-fire big league material, but he isn't selling — for the time being. He may make a deal when the season's over, perhaps on a two-for-one basis.

"We're not selling any players. We want to buy some," Miller comments. He declines to say what Syracuse paid for Sauer's contract. Cincinnati probably would get

STYMIE TO RACE TILL HE GROWS BEARD WITH AGE

By BILL KING
 BOSTON, July 31, (AP)— After watching Styxie extend the turf's all-time earnings record to \$719,000, trainer Hirsch Jacobs today vowed he would keep his six-year-old stretch-running chestnut in action until "he grows a beard."

"I'll race him as long as he stays sound," Jacobs promised after his bread-winning equestrianist watch off spring turned the 13th running of the \$50,000-added Massachusetts Handicap into something resembling a walk-off, despite six ambitious rivals that were sent out to try to steal New England's richest purse.

Closing at 1-5, with \$139,468 bet on him to show, Styxie, with jockey Conn McCreey aboard, got off last and remained so during the first six furlongs of the mile and a furlong route that he turned in 1:50 flat.

The Jacobs' entry jumped from last to third coming into the homestretch, caught William Hell's Elips at the eighth-pole and was going away from that strong and speedy mare when he came under the wire with a length and a half to spare.

Mrs. A. E. Augustus' Blue Yonder showed a neck behind Elips and two lengths in front of the Brookmead Stable's Boss. The rest of the rundown, in order, were D. F. Harrington's Weathercock, J. L. McKnight's sprinter Agrarian-U, which set the early pace, and L. J. Lepper's Off-Islander.

While Styxie with a pounds impost, was giving away 17 to both Elips and Blue Yonder without the slightest bit of strain, he picked up the winner's \$41,150 slice, a neat haul that boosted his prize-money margin over the second-place and still misty Assault to \$98,290. Jacobs boasts that his rags-to-riches meal ticket is strong and sound enough to run every week and he'll go again at Sarasota on Aug. 9.

first call on Sauer. But an attractive offer from some other team might be acceptable.

Another factor in his becoming one of the International League's most dangerous hitters, according to Sauer himself, was his decision to give up golf. It was Bill McKechnie, former manager at Cincinnati, who advised Sauer to abandon golf because Henry had developed a tendency to "swing up" when he was at the plate.

Sauer's ability to hit a long ball was ably demonstrated while he was performing with Birmingham, Ala., in the Southern League. He believes he's the only player who ever hit a homerun over the Birmingham center field scoreboard, 420 feet away.

Like any long-distance hitter, he likes a fast ball. He also murders curves. Playing once a week on the Pacific Coast during the winter, he abandoned his "batting eye," he believes.

The big righthander's No. 1 fan is the former Esther Tavel, whom he met and married while playing with the Birmingham club.

Sauer began his professional baseball career with Butler, Pa., in 1937 and subsequently moved to Akron, O., Birmingham, Cincinnati and Syracuse. During the war he served two years in the Coast Guard.

COMMENTS from the SIDELINES

By ARTHUR BECKWITH, JR.
 As in the past years, the Florida State League is again a hotbed of pitcher's records that were released this week.

Leading the league is Joe Cleary, Palatka Azaleas hurler, who is boasting a marvelous earned run average of 1.54 for 18 games. The Palatka fireballer has worked 145.2 innings and has won 12 games and lost six.

The leading Sanford chucker is Johnny Tomat with a record of 2.20 earned runs in 13 games in which he worked 103.2 frames.

Buddy Lake closely follows Tomat with 2.25 and Carl Kettles boasts 2.57 as his record. Charlie Bissen has pitched in 20 games and has an average of 2.93. Bill Stanton has pitched 158 innings in 31 games and has 3.39 for his average.

There have been 50 shut out games played this year in the FSL and two of them have been shutouts. Bill Stanton of DeLand on May 4 by a 4 to 0 margin in one no hit contest and Al McGahagan and Len Goicochea of Palatka teamed up to defeat the Leesburg Pirates in a 7 to 1 contest in the Azalea Bowl on July 9.

Here 'n There
 Syd Herlong, Jr., acting president of the Florida State League has sent a letter to National Association President George M. Trautman explaining his suspension of Bill Steinecke. It has been reported that Steinecke was removed bodily from the Palatka ball park, but Syd says that was untrue. "It was unfortunate that the word bodily was used," Herlong stated. "We sent an inquiry to J. G. Taylor Spink, general manager of the Sporting News, concerning the 19 inning contest pitched by Buddy Lake and Yogi Alonzo of DeLand. Spink stated, 'I checked with our editorial department on your inquiry, and found that the game between DeLand and Sanford, while interesting, did not establish a record.' Florida State League fans may be interested to learn that Bill Godfrey, 1946 FSL arbiter, has moved into really high classed work. He has reported to the International League as a member of their staff. The International League is only one step below the Majors. It is AAA classification.

16 Players Open Fight For Golf Tourney Crown

PEORIA, Ill., July 31—(AP)— Sixteen survivors from the starting field of more than 90 in the National Junior Chamber of Commerce Golf Tournament battle today for berths in the semifinals in two 18-hole third round and quarter-final matches.

Heading the third round group was Al Mengert of Spokane, Wash.; the defending champion, who was opposed by Dick Tiddy of Charlotte, N. C.

An outstanding casualty yesterday was co-medalist Westley Brown of Chattanooga, Tenn., who was ousted by John Morris of Atlanta, Ga., 2 and 1. Today Morris opposed Bob Bruff, of Duluth, Minn., who eliminated Bill Adams of Myrtle Beach, S. C., 2 up in a second round match, with victories over Rufus Hughes, Paducah, Ky., 3 to 1, and Bernard Riviere, Houston, Tex., 5 and 4, and today faced Dick Estey, of Portland, Ore. Estey dropped an 18-inch birdie putt on the 22nd hole to oust Jack Evans, Phoenix, Ariz., in yesterday's longest battle.

Frank Morey of San Diego, Calif., encouraged 15-year-old Billy Eay of Columbus, Ga., Ray "Spike" Beeber, Klamath Falls, Ore., runner-up last year, recovered from qualifying tribulations to move into the third round against Gene Dial of Columbia, S. C., while the final match set Harlan Lidke of Fairmont, Minn., against Phil Tatem of Columbia, S. C. Dial fired an eagle three on the 490-yard 18th hole to defeat Bob Addington of Houston, Tex., 1 up in the morning.

Mid-South Tennis Tourney Advances To Quarterfinals

MEMPHIS, Tenn., July 31—(AP)— The Mid-South Tennis Championships ease into a number of all-important quarterfinal matches today.

First-seeded Leslie Longshore, Anniston, Ala., and Alex Wellford, Memphis, tangled, and Harcourt Waters, New Orleans, takes on Texas Brown Baker, Memphis, in a featured affair.

Yesterday Rodgers beat Dr. Wilford Gragr, Memphis, while Longshore defeated Billy Ledsinger, Memphis, and Waters passed Billy Hughes, Memphis.

Another favored entrant, George Dunklin, Pine Bluff, Ark., meets Memphian Lou Faquin after turning back Ed Lovrance yesterday.

In the Women's Singles, Miami's top seeded Maria Barnett entered the semifinals with a win over Harriet Allen, Memphis.

YESTERDAY'S STARS
 Monte Kennedy, Giants, pitched four hitless relief innings to get credit for the victory as the Giants snapped Ewell Blackwell's 16-game winning streak with a 5-4 triumph over the Reds.

Pee Wee Reese, Dodgers, singled with two out in the top of the tenth to drive in Gene Hermanski with the run that defeated the Cards 11-10 in one of the most thrilling games in many seasons.

Cleveland 12, Boston 7.
 St. Louis 2, Detroit 5.
 Chicago 3, Philadelphia 2.

FISH HOOKS MAN
 CLEVELAND — (AP) — George Melrovich, Cleveland, Indian, out-fisher, carries the name of "Catfish" after a fishing trip on the Manatee river in Florida. George hooked a catfish which had swallowed his hook. George tried to retrieve the hook, but one of the fins of the fish went through his shoe, putting him out of action for three weeks.

PLENTY OF WEIGHT
 NEW YORK (AP)— Eighteen nations have been requested to send teams or individual competitors to the 1947 world's weightlifting championships at Philadelphia, Sept. 26 and 27. It is the first time the event ever has been held in the U. S. America will be the defending champion.

Zing, comes the swing to your sweetheart

How's that Buick sweetheart of yours? Still giving out with that eager Fireball power surge at a toe-touch? Still answering every light finger-touch on the wheel?

Most likely you'll answer, "It's doing very nicely, thank you." But years have a way of whittling away at performance—sometimes so slowly you don't notice it.

So you can be in for a whopping surprise. Just wheel your car into our shop and treat it to some real Buick care.

The kind that comes from men who are truly fond of Buicks — who know what they can do and like to bring out all their oomph and go.

Let these men of ours test and tune your Buick with their special Buick tools. Let them replace anything that's worn with the right Buick-engineered part. Then, ZING, back comes the swing to your sweetheart.

Job for job, Buick car care costs no more than ordinary service. So, what's to lose? Come in to us whether it's for a tune-up, major or minor repair or regular lubrication. Your car rates it.

GEOMETRY? Ugh! But here it means Extra Comfort

Buicks take turns without swing or sway. This means more comfort and less fatigue every mile you travel. Credit that to the geometry of Buick front-wheel suspension.

The wheels are designed to bank slightly on curves—the inside wheel turns a degree or two sharper than the outside one. And they're hung at an angle that lets them give slightly to cushion road shocks.

So good Buick front-wheel service is a job for men who know Buick front-wheel action — who have Buick-approved checking equipment—who have at hand any needed Buick-engineered parts.

Another example of why Buick care keeps Buicks best. Whether it's for wheel alignment or any other attention, bring your car to us.

TODAY AND FRIDAY!

One of the Screen's all-time greats returns to thrill you again... and again!

U. S. Seen As Sole Democracy Capable Of Military Strength

By DEWITT MACKENZIE AP Foreign Affairs Analyst Britain's drastic decision to reduce its global military commitments, in a further effort to cripple the economic crisis gripping the country, is a sober reminder that the United States is the last of the great democratic countries still capable of fully manning a war machine and that this can be a mighty blessing to the world.

It is by way of saying that, after all, England has been America's staunch ally in two world wars, and remains the chief ally of Western Europe for the defense of democracy. It is tough to see her striking-power reduced even temporarily in these emergency days.

This reduction of military commitments was one of the concessions Prime Minister Attlee promised Labor members of Parliament in a secret cabinet meeting yesterday to listen with critical attention to an accounting of his stewardship. He has been under heavy fire, not only from his conservative opposition but from many of his own followers, because of dissatisfaction with the government's progress in dealing with the economic upheaval.

The Prime Minister defended his position with determination, as this column yesterday said he likely would do. The result was that he won a virtual vote of confidence from his caucus.

The Prime Minister is reported not only to have promised to cut down military commitments in Greece, Italy and Germany, but to reduce the number of men under arms and send them back into the ranks of labor to meet the demand for work.

But that wasn't his only promise. It is said that he will call on Britain's coal miners to work an extra hour daily in order to get the production which is so badly needed to stimulate badly lagging industry. Lack of coal is the crux of the economic crisis. It is suggested that the miners get time and a half pay for this overtime.

Advocates of this plan say it would increase the coal output some 300,000 tons a week, to equal the present production of about 2,700,000 tons. The government's target for the year is 28,000,000 tons.

The vote of confidence means that the question of Attlee's resignation is postponed until the next election, at least pending developments. There has been a demand in some quarters that he step down to other leadership, and Foreign Minister Ernest Bevin was mentioned as a possible successor.

However, a high government source says that Attlee may make changes in his cabinet soon. In this connection the political correspondent of the London Daily Mail said yesterday, prior to the vote, that the only concession the Prime Minister was prepared to make would be the formation of a sort of emergency battle cabinet of five senior ministers to tackle the economic problems.

The big five would be Attlee himself, Foreign Minister Bevin, Chancellor of the Exchequer Dalton, Deputy Prime Minister Morrison and President of the Board of Trade Sir Stafford Cripps.

Mr. Attlee's government would seem to have weathered a nasty hurricane. The storm signs aren't yet down yet, though, and won't be until there is marked improvement in the economic situation, a matter of concern not only to the people of Britain but to the world at large, especially America.

Boats Destroyed By \$500,000 Florida Fire

SAFETY, Fla., July 31—(AP)—About 50 boats, many of them newly appointed cabin cruisers, were destroyed today by a fire which caused an estimated \$500,000 damage.

Sentence Appealed By "Paul Revere"

BOSTON, July 31, (AP)— Counsel for Douglas Chandler today prepared an appeal for the 68-year-old Chicago-born writer sentenced to life imprisonment and fined \$10,000 for serving as a Nazi mouthpiece during the war.

Red Suspects Freed From Greek Camp

ATHENS, July 31, (AP)— The Ministry of Public Order announced today it had directed the release of 279 concentration camp inmates who had voluntarily signed statements "condemning the Communist rebellion and disavowing KKE (the Greek Communist Party) methods."

Police Question 3 Bargemen In Slaying

BALTIMORE, July 31, (AP)— Police today questioned three young bargemen in the slaying of Doris O'Brien, 40, whose trussed body floated to the surface of the Baltimore harbor nine days ago.

Henry J. Kris, captain of detectives, said his investigators had concluded the woman had been beaten and thrown overboard Sunday, July 13, from a barge which plies between Baltimore and Norfolk, Va.

One of the seamen was arrested aboard the barge. The other two were returned here last night after being arrested in Norfolk.

Police said they had learned the woman left a tavern late Saturday night and went aboard the barge some time after it arrived here from Norfolk with a load of iron ingots.

Britons Found

(Continued from Page One) in Hebrew, telling of the arrest of the man, their trial, conviction and execution in the name of the Jewish struggle for a homeland.

The inscriptions told how pleas for clemency were rejected at the "military trial."

The killings, the inscription said, were carried out as "a military execution by the Jewish resistance to the enemies of our homeland."

The contorted features of the two sergeants indicated that their deaths had been caused by strangulation by crudely fashioned nooses. The ropes were looped around limbs close to the trunks of the trees. The men's hands had been tied behind their backs and their feet had been wired together. The sergeants' shirts had been used to blindfold them.

Their underclothing and army trousers were stained with blood which poured from the gashes cut into their necks by the half-inch ropes.

The booby trap exploded as a grenadier guardman attempted to cut down Martin's body. The blast echoed throughout the historic forest of Sharon, scene of many battles of Biblical times.

Natanya's mayor, Oved Ben Ami, who had received information from the moderate underground, Hagana, that the bodies were in the area, was on the scene when the blast occurred.

Tight-lipped and obviously fearing his report city once again would come under military rule, he declared: "This is the most brutal crime they have done yet. All we've built and prayed for now lies in the dust."

Military personnel in the Natanya area, hearing the circumstances in which the bodies were found, hastened to bases.

"There will be some searches," one military source said, "and the populace may be inconvenienced a bit, but no military control is planned, at least for the present."

LONDON, July 31 (AP)— Mrs. F. L. Martin, widowed mother of Sgt. Clifford Martin, who was hanged in Palestine by the Irgun Zvai Leumi underground, collapsed today at her home in Coventry and was reported in a serious condition.

"We do blame the government," said her son-in-law, Frederick Kemp. "Surely they know how desperate these people are and they could have waited until our boys were safe before executing the terrorists."

Maylin and another sergeant were hanged after three Irgunists were executed.

LONDON, July 31—(AP)—The British government officially condemned today what it called the "cold-blooded and dastardly murders" of two British Army sergeants by Irgun Zvai Leumi Pal-

Flying Boat Program

(Continued from Page One) might have been trying to serve the war effort just as you were serving the board, might he not?" "Unquestionably," Lovett said.

The Florida Senator told a reporter he thinks one of the chief questions for the Senate group is whether young Roosevelt was justified in recommending that work on the photo ship be continued.

He also remarked, "I have no doubt that it will be shown that Elliott Roosevelt accepted entertainment from representatives of Hughes."

The contract for the photo plane is entirely separate from that for the flying boats, but it is also under investigation.

One point of committee interest is why work was continued as the war drew to a close and it was apparent that fighting would end before any planes were received.

"In that connection, Senator Pepper asked Lovett if the latter believed there was anything corrupt, fraudulent or contrary to the public interest in the late President Roosevelt's 1944 decision to continue the Hughes flying boat work after the WPB had ordered the contract cancelled.

Jesse Jones, former Secretary of Commerce, told the committee yesterday that Mr. Roosevelt had decided in favor of the completion of one plane at an additional cost of about \$5,000,000 after \$13,500,000 had been spent on the then cancelled contract.

"On the facts as you state them, Senator Pepper," Lovett said, "a decision of that kind would call for a very careful exercise of judgment."

He added that the President had not consulted him on the decision.

Howard Hughes and his globe-trotting publicity man, John Meyer, will take the stand side by side tomorrow in the senatorial investigation of Hughes' wartime plane contracts. Senator Ferguson (R-Mich.) announced today that arrangements have been made for the joint appearance of the Hollywood millionaire and the man who said he spent lavish sums to entertain government officials in Hughes' behalf.

Ferguson's announcement was made after a session in which the Senate War Investigating committee heard testimony that top military leaders turned down a mass flying boat program in July,

Campaign Starts

(Continued from Page One) The West, which looms as the major 1948 battleground, also is beckoning to others.

In Washington, Senator Claude A. Pepper, Florida Democrat, announced he plans a cross-country speaking tour in the fall in an effort to "keep our democratic party liberal."

Perhaps tipping off what he intends to tell the voters, Pepper said in an interview that the record of the G.O.P. Congress has buried "any hope or idea that the Republican Party might become the people's party, or liberal."

Taft has said he intends to discuss Congress' record and all issues, domestic and foreign, on his trip. He has called on other G.O.P. leaders to speak out.

This has been widely interpreted as an indirect argument that Dewey, the 1944 nominee, is not speaking out. Friends of the New Yorker say they believe Dewey will have plenty to say in due time. He took only joshing recognition of Taft's call, telling reporters:

"What am I supposed to say, 'Don't shoot until you see the whites of their eyes?'"

Before today's committee session began, Senator Pepper (D-Fla.) said an aircraft expert's appraisal of Hughes' P-11 photo-reconnaissance plane as a "hot war" plane indicated Elliott Roosevelt had grounds for purportedly pushing wartime construction of the ship.

Lovett acknowledged in reply to a question from Pepper that the WPB at the time had the primary responsibility for allocation of the materials and priorities, with the advice of the Army-Navy Munitions Board.

"If Donald Nelson thought it was in the public interest to award this contract for a new type of plane to be made from non-strategic materials," Pepper asked, "he

Jewish Refugees May Be Sent To Germany

LONDON, July 31, (AP)— An authoritative source said today Britain would send the 4,500 Jewish refugees of the R. S. Exodus of 1947 expedition to Germany, and perhaps later to Africa, if they persisted in refusing to disembark at Fort De-Bouc, France.

The source said Prime Minister Attlee and his cabinet took that decision at a meeting in which the entire Palestine situation was considered.

Under the plan, the Exodus of 1947 refugees would remain temporarily in the British zone of Germany while the British cabinet picked a place for them in some other British-controlled area of the world, notably an African colony, the source said.

The Jewish refugees arrived off France Monday. Three British ships brought them from Palestine waters, where their ship, the former President Warfield, renamed Exodus of 1947, had been intercepted and rammed by the British.

QUEEN MARY SAILS SOUTHAMPTON, Eng., July 31 (AP)—Cheering crowds and circling planes saw the 8,235-ton Queen Mary off today on her first postwar voyage to New York as a passenger liner. The reconverted Cunard liner, second biggest afloat, was due to reach New York Aug. 5.

REPATRIATES BERLIN, July 31, (AP)— Russian authorities announced today that 266,023 German war prisoners and civilian internees had been repatriated from the Soviet Union in the past 12 months.

Soviet Foreign Minister Vyacheslav Molotov told the foreign ministers council at Moscow last spring that the Russians still held approximately 900,000 German war prisoners.

It takes a fraction of a second for human eyes to see an object. 1947; yet contracts for three boats were made later with Hughes and Henry J. Kaiser.

U. S. Correspondents Kept From Red Zone

VIENNA, July 31, (AP)— American sources said today that for almost a month Russian authorities had refused to grant clearance papers for American newspaper correspondents seeking to cross the Soviet occupation zone en route to Budapest, Bucharest or Prague.

The contract for the photo plane is entirely separate from that for the flying boats, but it is also under investigation.

One point of committee interest is why work was continued as the war drew to a close and it was apparent that fighting would end before any planes were received.

"In that connection, Senator Pepper asked Lovett if the latter believed there was anything corrupt, fraudulent or contrary to the public interest in the late President Roosevelt's 1944 decision to continue the Hughes flying boat work after the WPB had ordered the contract cancelled.

Jesse Jones, former Secretary of Commerce, told the committee yesterday that Mr. Roosevelt had decided in favor of the completion of one plane at an additional cost of about \$5,000,000 after \$13,500,000 had been spent on the then cancelled contract.

"On the facts as you state them, Senator Pepper," Lovett said, "a decision of that kind would call for a very careful exercise of judgment."

He added that the President had not consulted him on the decision.

Howard Hughes and his globe-trotting publicity man, John Meyer, will take the stand side by side tomorrow in the senatorial investigation of Hughes' wartime plane contracts. Senator Ferguson (R-Mich.) announced today that arrangements have been made for the joint appearance of the Hollywood millionaire and the man who said he spent lavish sums to entertain government officials in Hughes' behalf.
