## REPUBLICANS WILL CONTROL CONGRESS FOR TWO YEARS SENATE MAJORITY IS CUT

### AND HOUSE AND SENATE SLASHED TO SCANT HANDFUL

### IS NET RESULT

Of Yesterday's Election With Returns Almost Complete and Some Close Races

(By The Associated Press) NEW YORK, Nov. 9.—Returns from all but three congressional districts where results are still undetermined at noon today show 224 Republicans and 205 Democrats, one Socialist, one independent, one farmer labor elected to new house of representatives.

The latest figures show the next senate will have 52 Republicans and 41 Democrats, one farmer-labor and the results of two senatorial contests, the one in Washington and the one in North Dakota, still undecided.

CHARLESTON, W. Va., Nov. 9.—West Virginia elected a Democratic senator and four Democrats and two Republicans to the house of representatives, replacing its solid Republican delegation in the last congress. Senator Sutherland, Republican, today conceded victory of Neely, his Democratic opponent.

NEW YORK, Nov. 9.—Continued Republican control of congress, but with the senate majority cut in half and the house majority of 160 slashed to a scant handful, it appeared today the net result of Tuesday's election with returns almost complete, close races in a few undecided districts not affecting the general result and delays in counting, however, threatened to postpone final figures until tomorrow. Related returns early today from Montana showing election of Scott Leavitt, gave Republicans 218 votes necessary to control next house. With seven congressional districts in four states, Kansas, North Dakota, Washington and West Virginia unreported at 7 a. m. today. Roll in the next house stood: Republicans, 229; Democrats, 207; Socialist, 1; Farmer Labor, 1; Independent, 1. In returns to date seventy-six places now held by Republicans had been captured without a single counter-balance Democratic loss.

OTPEKA, Kans., Nov. 9.—The election of Jonathan Davis, Democrat as governor of Kansas was conceded today by Chairman Hawk, of the State Republican committee, and W. Y. Morgan, Republican nominee, has wired his congratulations to Davis.

SEATTLE, Wash., Nov. 9.—Revised figures shows for the senate, Foulkes, Republican incumbent, running 4,368 votes behind Dill, Democrat, with only 299 scattered precincts missing.

SALT LAKE CITY, Utah, Nov. 9.—The re-election of Senator William H. King, Democrat, was assured today with further returns. Figures from all but two precincts gave King a majority estimated at between 300 and 400. Colton and Leatherwood, Republicans, re-elected to house.

### BOMBS WRECK PORCH

(By The Associated Press) ROCKY MOUNT, N. C., Nov. 8.—A terrific explosion which police said was caused by dynamite bomb, wrecked the front porch and damaged the home of Robert Breedlove on the outskirts of Rocky Mount yesterday, but no one was injured. The blast was heard all over town.

Breedlove is an employe of the Atlantic Coast Line shops at South Rocky Mount, according to the police. An investigation was started but nothing developed.

## SOUTHERN UTILITIES COMPANY ARE INSTALLING MACHINERY IN THEIR SANFORD PLANTS

That Will Give the Patrons the Best of Service in the Future

The Southern Utilities Company, commensurate with the growth of Sanford, are installing new machinery at the plant at Rand's Sidings that will give them one of the largest and best equipped electric light plants in this part of the state and THE LARGEST ICE PLANT IN FLORIDA.

The greatest improvement in the electric plant is the installation of the new 600 K. W. turbine that is being placed in position on the floor this week and a small army of men are employed working on the new plant and unloading the new machinery.

The electric plant was put in good condition two years ago shortly after the break-down of the old plant which runs one Uniflow engine was installed and another of the same type was added two years ago. These were as nothing compared to the turbine and the new condenser and all the new equipment being installed now. It is necessary to have a traveling crane to take care of this heavy machinery and the crane looks more like a mammoth machine than anything else you have ever seen. With this new turbine and condenser the electric plant will be able to take care of any load that Sanford can place on it in the next three years.

In the new manufacturing department which is really the biggest part of the plant they are installing an Uniflow engine to operate the 100 ton ice machine and after this is put in place the plant will have a capacity of 100 tons of ice per day and will be able to take care of the refrigeration of cars and with the added equipment this year even with the added production of vegetables and fruit this season they will not have to ship in more than 5,000 tons of ice. The new equipment in the factory will be ready by the first of December and then the Sanford plant will have the largest output of any ice factory in the state. The ice will be used for the city of Sanford where they have a large party of ice on hand for the city.

## EXAMINATION OF VENIREMEN FOR JURY TURKISH AFFAIR NOT ANY WORSE NOR ANY BETTER

IN HERRIN MURDER CASE CONNECTION WITH MINE KILLINGS

(By The Associated Press) MARION, Ill., Nov. 9.—Examination of the veniremen from whom will be chosen the jury to decide the fate of the first five men on trial now for murder brought in connection in the Herring mine killings, but the examination continued today.

MISS A. M. ROBERTSON CONCEDES VICTORY TO THE MAN SHE OUSTED

(By The Associated Press) MUSKOGEE, Okla., Nov. 9.—Miss Alice M. Robertson, the only woman of the 67th congress, late today edged her defeat for re-election by W. W. Hastings, Democrat, the man she displaced from congress two years ago. Smiling wanly but her eyes sparkling, she held high a campaign placard. She laughed and said: "I am ready to concede the truth of the statement made so often in the campaign that the Democrats controlled the government, the militia and the election machinery—what more could they want?"

SOLDIERS' BONUS LIGHT WINES AND BEERS IN ILLINOIS

(By The Associated Press) CHICAGO, Nov. 9.—The soldiers bonus bill, with additional provision to pay bonus by a tax on light wines and beer, will be reintroduced in congress by Representative Britton of Illinois, he announced today.

## STATE RETURNS INDICATE DEFEAT REAPPORTIONMENT OTHER AMENDMENTS CARRY

### PRESIDENT TO PLACE WREATH ON THE TOMB OF UNKNOWN SOLDIER ON ARMISTICE DAY A SIMPLE CEREMONY

WASHINGTON, Nov. 9.—Placing of a wreath on the tomb of the unknown soldier at Arlington will be the first official act of President Harding on Armistice day. Plans for official observance of the day, which is expected to serve as precedent in future years, provided for departure from the White House shortly after 9 o'clock, accompanied by Secretaries of War and Navy. The party will be met by a cavalry escort just before reaching Arlington. The ceremony at the tomb will be simple. The president accompanied by the two secretaries and his military aide will go within the enclosure to the tomb of the unknown soldier. The party will then receive the wreath from his aide and return to the White House by way of the Grand Staircase. The party will then return to the White House to attend the national

(By The Associated Press) JACKSONVILLE, Nov. 9.—Indications last night were the reapportionment amendment had been ratified at Tuesday's election with the other three amendments. Returns drifted in slowly last night and the definite outcome of the reapportionment question probably will not be known until the returns are certified and counted at Tallahassee.

Political observers here, however, professed to see in the passive interest shown in the doubtful amendment a favorable omen for its success. On the face of the meagre returns it was apparent that the expected overwhelming opposition to the amendment in South Florida did not develop. Hillsborough voted against the amendment strongly, so did Polk, Pinellas and other peninsula counties, but they were in the same sections as the proposal had in the ability of South Florida voting against it as a unit to out poll north and west Florida, and this apparently was not done.

However the outcome is not by any means definite. Dade and Palm Beach counties registered approval of the measure. Hardly any doubt as to the success of the school tax, judicial and officers' salaries amendments had existed before the election, and the scattered returns tabulated gave no indication they should be entertained now.

Further returns were available on which to base the strength polled by the Republican candidates for congress, the only interest in their race at large being in just how strong they would run against the Democrats.

In Pinellas county where there was a strong Republican bid for state senator, M. W. Timmer, of Largo, Democrat, won out on complete unofficial returns over A. P. Avery, Republican.

TAMPA, Nov. 9.—Scattering returns from 33 counties as collected by the Tampa Tribune show only in excess of 11,000 votes accounted for on the ratification of the reapportionment amendment 6,016 for and 8,170 against. But few counties from west and north Florida could be heard from and it was impossible to forecast the result of this amendment with any definiteness.

## MAYFIELD WILL BE ONE OF YOUNGEST SENATE MEMBERS

(By The Associated Press) JUSTIN, Tex., Nov. 9.—Charles B. Mayfield, elected yesterday, will be one of the youngest members of the United States senate. He was born April 12, 1881, at Overton, Tex., and was graduated from Northwestern University at Georgetown, Tex., at 19, admitted to the bar at 21, elected to the state senate at 25, became railroad commissioner at 31. He has held the latter position ten years.

Mr. Mayfield has been a steward of the Methodist church for twenty years. He recently declared on the witness stand of the Corsicana injunction hearing that he had joined the Ku Klux Klan but that he had resigned.

DRY GOODS ADVANCE FOLLOWING SHARP COTTON INCREASE

(By The Associated Press) NEW YORK, Nov. 9.—Cotton goods sharp rise in cotton. New sheeting lists showed advances of from 1-4 cent to 1-2 cent a yard. The demand for heavy and wide goods was renewed. Wool goods were firm with rising tendency. Silks sold freely with printed silks attracting more attention. Yarns were higher and firmer. Knit goods were more genuinely active.

ENTHUSIASTIC MEETING AT HOTEL VALDEZ

The first on the program at the regular weekly luncheon of the Kiwanis Club in the Palm Room of the Valdez Hotel today was a beautiful song entitled "Liza Jane" rendered by Judge Sharon and Edgar Ball—they were late.

Rev. Flacks, who is conducting a series of meetings here under the auspices of the Congregational and Presbyterian churches, asked a blessing on the deliberations of the club.

S. E. Barrett, who has a million friends here, expressed his gratification on coming to Sanford for the winter. He is agent of the Fruit Growers Express.

Howard Overlin was the speaker of the day and he made a good talk on a subject with which he is thoroughly familiar. He talked telephone—and claims that Sanford has one of the very best systems in the entire state, and the writer can bear him out that this city is blessed with the most obliging, courteous and prettiest bunch of telephone operators it has ever been our good fortune to meet. Mr. Overlin stated that there were 875 telephones in the Sanford exchange and that 5,500 local calls were handled each day. He also stated that the material was in the warehouse for \$6,000 worth of improvements on the local lines. In a recent efficiency survey of Georgia and Florida telephone offices, the plants at Sanford and Geneva were the only ones in the state showing a perfect score of 100 per cent.

Dr. Flacks told of his recent tour around the world and declared he was indeed proud to be an adopted citizen of the entire world were turned to this land of freedom. His remarks were greeted with much applause.

A vigorous membership campaign is being put on with Dr. Brownlee in charge, and the reverend gentleman said that he would have something of interest to report at the next meeting.

The following visitors were guests of club members: Messrs. Flacks, Miller, Dallas, Williams, Harrison and Ballard.

P. S.—Lake and Dumas were present.

GET IN YOUR ORDERS EARLY FOR BUILDING MATERIAL

Our place of business will be closed all day Saturday, November 11th—Armistice Day. But we are prepared to take care of your every want in building material if your order is received before then.—Hill Hardware Company

LOCALS

F. A. Huston, the general manager of the Southern Utilities Company, with headquarters in Palatka, is in the city looking over the many improvements being made in the Sanford plants. He sees a marvelous growth in Sanford during the past year and thinks that Sanford is one of the best cities in the state.

Miss Mary Aymanson and Miss Anna Bayard have just arrived here from Boston. Miss Aymanson is a very talented actress from the Arlington Theatre at Boston and Miss Bayard, who is a very talented educationist, will be here for the winter visiting Mrs. Narvin. Before coming here they were conducting a girls' camp in Massachusetts.

Chas. Cole, a popular fertilizer sales agent of Philadelphia, is in the city for a few days shaking hands with his many friends. Charlie Cole played ball in this section of the state when Orlando and Sanford pulled some of the best ball playing ever. While Charlie played on the Orlando team he had many friends all over the circuit.

The Ball Hardware Company has a fine hunting window with the ducks swimming around and a fine display of all kinds of guns and ammunition and hunting togs. The window is really a fine hunting window and brings to mind the fact that the hunting season is approaching. The Ball window was arranged by the hand of a real window decorator—we won't mention his name but be sure and see the window.

Mr. and Mrs. Bainbridge Richardson and Mr. and Mrs. E. R. Wheeler were in the city yesterday evening stopping with Mr. Richardson's brother, the genial manager of the Valdez hotel. Bainbridge Richardson is vice-president of the Seminole Hotel Co.

in Jacksonville, and Mrs. Richardson is the daughter of the former editor of the Louisville Courier-Journal, the beloved Marse Henry Watterson. They were on their way to Tampa.

Urge Judge Bryan For Appointment To Supreme Court

WASHINGTON, Nov. 8.—It was learned here yesterday that Senator Duncan U. Fletcher, of Florida, has recommended to the President that Judge Nathan P. Bryan, of the Fifth Judicial Circuit Court of Appeals, New Orleans, be appointed to succeed Justice William R. Day, resigned of the Supreme Court of the United States. Judge Bryan was born April 3, 1872, served as United States senator from Florida from March 4, 1911 to March 4, 1917, and was appointed by President Wilson during 1920 as Judge of the Circuit Court of Appeals.

There is strong sentiment throughout South Carolina and Georgia for the appointment of Robert C. Alston, of Atlanta, who is originally from South Carolina. Several of the most prominent attorneys and some of the bar associations of both states have already taken the matter up here and have requested southern senators to present Mr. Alton's name to the president. President Harding has as yet given no intimation of his action in the matter.

BANDITS HID IN WOODS

Baltimore, Nov. 8.—Frustrated in an attempt to rob the Clinton National Bank at Clinton, Prince George county, Md., today, the bandits fled from the place in an automobile which later was wrecked against a tree near Upper Marlboro.

The occupants, five in number, were apparently unharmed and sought safety in a patch of woods. The woods were being combed this afternoon by county, state and Washington police.

GUILTY OF MURDER

Burrort, Okla., Nov. 7.—Howard Brackentoday was found guilty of the murder of R. C. Means of Tulsa, and sentenced to life imprisonment. The jury deliberated six hours. Brack received the verdict calmly, still protesting his innocence.

Harry Zack, charged jointly with Means' murder, will be tried at a later term.

CORDELL HULL SAYS THAT DEMOCRATS HAVE WON ALL THAT PARTY HAD EXPECTED

(By The Associated Press) WASHINGTON, Nov. 8.—A statement issued at 11 o'clock last night from Democratic headquarters in the name of Chairman Cordell Hull, declared that "the prediction of a great Democratic victory made last Monday in a statement from Democratic National headquarters is being verified by the returns from all sections of the country which have been heard from at this hour."

"The wonderful victory won by Governor Smith and Senator Copeland in New York," the statement continued, "will only vary in degree, according to early reports received at Democratic National Headquarters."

"General dissatisfaction with the Republican administration and Republican congress is clearly indicated in the returns received up to this hour. The early returns are from the East and the Middle West, where Democratic candidates generally are leading, and if these leads are maintained, not only will these record a victory but give promise of a nationwide revolt against the Republican party with a restoration of the Democrats to power so far as it can be accomplished at this election. The Republican party has failed the country utterly, and every indication at this hour is that the people have decided to return to the party of performance, progress and prosperity."

AMERICAN RED CROSS APPEALS FOR SUPPORT IN ANNUAL ROLL CALL

Work in Seminole County Shows What Organization Can Do

Amplly entitled the "Greatest Mother in the World," the American Red Cross is again making appeal for support so that in turn the world's afflicted can be provided for.

Unfortunately the majority of people have been wont to think of the Red Cross as a war organization which during peace times is allied to relieve the suffering of individuals and communities afflicted by natural catastrophes. The belief that this class of relief, while handled by the Red Cross, does not properly come under its jurisdiction, but is done as an emergency measure, until such time as some other organization can step in to relieve them. The truth of the matter is that the Red Cross does more work during peace times than it does during war.

With the majority of us are familiar with its work in the Halifax disaster, the Pueblo, Colorado floods, and other great natural catastrophes, there are thousands of instances where individual relief has been rendered, where every day commonplace needs have been alleviated.

In Seminole county last year the local chapter handled about fifty cases among which were three funerals, care and hospital treatment for several clothing for one dozen or more, fitting out two children so that they could attend school, writing and aid for ex-soldiers. A great deal more work could have been accomplished had the local chapter been the recipient of greater funds.

The American Red Cross numbers four million American men and women in its leadership. In addition there is an excellent force of five million junior members active in an incessant battle against disease, disaster, misery and suffering in peace as well as in war, and is still providing comfort and good cheer for the enlisted personnel of the army and navy. For wounded ex-service men who are struggling to readjust their lives to post war conditions. Whenever a cyclone, fire or flood visits a community the American Red Cross is the first organized relief agency to provide aid for the victims. Last year it spent more than \$900,000 in nineteen states in this work. Through its trained personnel of over 1,264 public health nurses it is promoting health conditions throughout the country. Our o'clock and every night at 7:30 at the beaches are patrolled by over 280

life-saving corps, while Red Cross nurses, famous in song and story of battle fields, number 38,855 well trained men and women ready for emergency duty with the army or navy. Its work in the stricken regions of Europe during the war and up to the present time has been the object of the highest praise by governments of the countries where the American Red Cross has operated. The Red Cross duty never ends. Before one task is finished another awaits. It is a typical American institution, big and broad in every sense of the word. It is an institution that Americans can well be proud of, because it is typical of the Nation. It is an American institution, and as such it should be considered as their institution and supported as such.

The people of Sanford and Seminole county will be asked to contribute one dollar per member per family next Sunday. The local chapter has canvassers who will call at each home between the hours of 1 and 2 p. m. Sunday, November 12. The request is made that every one be at home during these hours. Be ready to contribute for your membership and help finance the Red Cross to the extent that it will be ready for even greater service to humanity.

REVIVAL MEETING AT CONGREGATIONAL CHURCH

Rev. J. S. Flacks continues to give us strong and effective sermons, in which he exalts the Lord Jesus Christ. Last night he presented the reasons why Jesus was born into the world, and in graphic manner showed that the work was being splendidly accomplished. This converted Jew clearly sees and appreciates the value of Jesus Christ to all men. The interest in the meeting is increasing, and the outlook is bright.

In the morning meetings, Mr. Flacks' expositions are unusually fine and truth revealing. Every person who can possibly get away for an hour, from ten to eleven o'clock, should sit at the feet of this teacher of divine things. Heavenly wisdom is revealed from the "Book of Books," as this man unfolds it. Do not fail to hear him at every opportunity. He speaks every morning at 10 o'clock and every night at 7:30 at the Congregational church.

Great weather, we call it. Now for that big lettuce crop and the real money.

You remember from your earliest boyhood days that it always snows the day after general election in the North, especially when the Democrats win.

We have no big rooster to put on the front page today, and don't know whether we could use it, for the situation is really in doubt, but if the Republicans had made good during the past two years there would not even have been any doubt about the result.

And Senator Lodge won by something over 8,000 votes, and Michigan elected the first Democratic senator in seventy years. It certainly shows that the people are leaning toward the Democratic party again as the Moses that will lead them out of the wilderness of doubt and high taxes and plutocratic power.

Orlando Sentinel says "Orlando citizens show interest in state elections." How remarkable, if true. To think that they should remember they are still within the confines of the state of Florida and take an interest in state elections! We knew they were interested in city elections every day in the year, but not to the extent of neglecting west Florida, we are sure.

Another auto has been put on the witness stand in the Hall-Mills murder mystery. If those autos could only talk in that part of the world, what a wonderful story they could tell. We wonder if any more eye witnesses have been found? At the last reading there were at least sixty who saw lights, who saw autos, who saw apple trees and probably who drank apple cider after the frost had touched it.

MUNICIPAL DOCK A VALUABLE ASSET

If the people of this city will carry a bond issue for the purpose of constructing a large municipal dock and wharf, it will be a great benefit to the city. The plan proposed at the council meeting was one which will apparently work out well. It was well received at the session, there being no argument against it and there is little doubt that the same question will be emphatically endorsed at the polls when the vote is taken. Its construction will be a big factor in the matter of river transportation, and will have a tendency to force down charges on such shipments still continuing to be carried by rail. The details should be most accurately worked out before decisive action is taken to avoid any complications in the future; then the people should vote as a unit for the bonds.—Palatka News.

ABOUT SUICIDE.

Doctors are more apt to resort to suicide than members of any other profession. This is revealed by the latest suicide records, which show doctors at the head of the list among professional men. Discussing this in American Medicine Magazine, Dr. S. Dana Hubbard, of New York City, reaches the conclusion that occupational strain is greatest in the medical profession. A physician is in constant danger, dealing with diseases in their most advanced stages, especially the incurable kind. An unthinking public overlooks this meritorious service. You never heard of a doctor backing out of a case because he fears the malady, however dread-

A lesson in courage and self-sacrifice for the good of humanity.

In proportion to numbers engaged in the profession, the suicide rate among doctors in 1921 was not much higher than among lawyers. Suicides last year totaled 86 doctors and 57 lawyers. But there are many more doctors than lawyers. Both professions require courage and the will-power of endurance. They have this in common, years of costly education, then years of comparative inactivity, sitting around waiting until they have a paying business built up.

Forty-five seems to be the average age of suicide. Hence it must be the danger year, the blackest hour that comes just before the dawn of success. At forty-five a man is beginning to grow weary, after years of dogged effort, and is apt to become discouraged unless constantly on his guard. Discouragement brings broodings, and brooding may result in the fit of temporary insanity in which most suicides occur.

The suicide ignores the lesson of countless centuries—this being the lesson: There is always a way out of any trouble. No trouble endures for good. The suicide is like a man who, at 4 in the morning gives up hope that the sun ever will rise again. A mighty lesson for all of us, this truth that it is always blackest just before dawn. It is part of the wisdom we have inherited from the past. And it is eternally true.—St. Petersburg Independent.

FLY OLD GLORY

Let Old Glory fly from every business house and dwelling next Saturday, for on that day we celebrate one of the greatest events in history—the end of one of the greatest wars in history and we folks who know what the war meant feel grateful that it is all over and we can turn aside on Armistice Day and once again give the Divine Creator for the cessation of all wars of this nature for many years to come. Let us all celebrate Armistice Day and once again give credit to those boys who went out to fight and make our peace possible. And fly Old Glory from every home, that all the world may see the Stars and Stripes, and, seeing the flag, remember what it means.

STORES WILL CLOSE

Saturday is the best trading day the week in Sanford, and yet the merchants are willing to close their places of business and help the American Legion to celebrate the big day. Every business house in the city will be closed all day with the exception of The Daily Herald, and our office has to remain open and get out a paper just the same, but our hearts will be with the boys just the same. The pledge of the merchants to close shows the real kind of patriotism and the members of the American Legion appreciate this spirit. However, we would advise that when Armistice Day falls on Saturday the next time that Monday be celebrated and keep Saturday for the biggest trading day in the week.

DEMOCRATIC VICTORY

With but few precincts to hear from in various parts of the United States it looks like a sweeping victory for Democrats everywhere. There were a few surprises here and there where a Democrat failed to be elected, but in the main it means that the party has performed a Democratic high. It shows where they are and where they are not in the eyes of their multitudinous promises. The people have found them out. It also means that the Democratic party stands a mighty fine chance of carrying the country for two years hence, and it is almost a good bet to place your money that way. It also means that this country will never again allow any party to rule long when they fail to measure up to the many requirements that the present day demands.

NEW HOMES WILL BE BUILT

The dearth of houses in this city will be met. No growing city the size of Sanford could go long without getting the money to build the houses so badly needed. It is safe to assert that if one hundred houses could be built at once they would be occupied in the next two months. And there have been so many families here looking for homes and so much has been said about the houses needed in Sanford that at last the cry has been heeded and it is understood that a new company recently formed will furnish the money for homes, and many of them will now be built. Sanford has long needed more money for investments in homes. The Sanford Building and Loan Association could not supply the demand, and it was only a question of time when outside capital would come to Sanford and supply the money. This means that many new homes will be started as soon as arrangements can be made to

build these homes and another long-felt want will be filled. With the requisite number of houses here to rent or to sell the population of the city will increase, for no city can add to the population if there are no homes to locate the new families.

GUMP TELLS THE TRUTH

Our opinion of the Gump cartoons generally is not of the highest, and Andy's entrance into politics has in no wise elevated the cartoonist in our estimation. But we chanced to run across an old one published about the middle of October which is an exception. In it Andy is depicted pouring something out of a bottle into a glass and animadverting as follows: "I don't know why the newspapers make so much fuss about me not being congressional timber. I am as good as the most of them down there. Ninety per cent of them sit down at roll call and when they wake up they brush the spider webs off and go home. The only reason they have 435 congressmen is because they have that many seats, and it looks nice to have a full house. There is no reason for so many—you only hear of five or six of them—each party has its leaders, and the rest trail along like a flock of sheep. Whatever most of the republicans are for most of the Democrats are against. So why not let the five or six smart guys run the country? They do it anyhow. They will work faster, get more results, and it won't cost so much. Maybe they could lower the income tax if they didn't have to support so many congressmen." The above is what we call the truth spoken unintentionally, or unaware. Numbers considered the congress of the United States is an aggregate of the smallest potatoes ever collected in one basket.—Eustis Lake Region.

FROM OTHER SANCTUMS

MAKE THE PENALTY FIT THE CRIME

Ninety days on the highways or a fine of \$200 is the limit of the penalty that can be imposed upon a person found guilty of driving a motor car while in an intoxicated condition. Edna Rogers, of Taft, who was rushed to a hospital the other day to prevent her from bleeding to death as the result of being cut by flying glass from the windshield of the automobile in which she was riding after it had been rammed head on by a drunken speedster, near Pine Castle, on the Dixie Highway, probably is of the opinion that the payment of \$200 or doing time in the chain gang for three months is not sufficient recognition by the law of the offense against the public welfare.

Miss Rogers would be perfectly justified in entertaining such an opinion, because she is right. Any motorist, no matter how careful is absolutely at the mercy of a man whose drink-crazed brain leads him to ignore all rules of the road and deprives him of the power to act intelligently. If traveling on the public highways is to be made safe, people guilty of the crime which resulted in the permanent disfigurement of that young lady from Taft, should be given a sentence that would keep them out of traffic mischief for a long time to come. But better still, get at the root of the evil, the boot-legging business. With the elimination of booze, much of the reckless driving of the present day would be abolished.—Lakeland Star-Telegram.

DEATH OF LITTLE HARRY DICKSON

Master Harry N. Dickson, the little 4-year-old son of Mr. and Mrs. Harry N. Dickson, passed away at the home of his parents at 8:40 o'clock this morning, death resulting from a severe attack of colitis.

Little Harry was taken sick last Friday, and though seriously ill, his condition was not considered critical. Yesterday afternoon he showed every sign of improvement, and it was the opinion of the attending physician that the worst had passed. However, at 2 o'clock this morning he suffered a severe sinking spell, from which it was impossible to revive heart action. Two physicians worked courageously until the last, but at 8:40 the little fellow peacefully crossed the divide and passed into the great beyond.

Little Harry was a favorite among the children in his neighborhood. It has been the custom for his many little friends to gather in his back yard to play under the large oaks. His presence among his playmates will be sorrowfully missed. His cheerful disposition, his masterful and manly manner endeared him to all who knew him. He was a hand-

some child with a beautiful disposition.

Harry Dickson is the second child and only boy of four children born to Mr. and Mrs. Harry N. Dickson. He was 4 years old in September.

The funeral services will be held tomorrow morning at the residence, 130 East Amelia avenue, Rev. Father Fox officiating, with Director Hand in charge of the arrangements.—Orlando Reporter-Star.

The many Sanford friends of Mr. and Mrs. Dickson extend their sympathy. Mrs. Dickson was formerly Miss Ann Higgins of Sanford.

AUTO MYSTERY IN HALLS-MILLS DUAL MURDER CLEARED

NEW BRUNSWICK, N. J., Nov. 9. The mystery in the presence of the two automobiles—one an old fashioned high back model, the other a small roadster—in the De Russey's Lane, near the Phillips farm, on the night when the Rev. Edward W. Hall and Mrs. Eleanor Mills were murdered, has been cleared up in the preparations to place the entire case before the grand jury, authorities said last night.

The lifting of the veil which has shrouded that angle of the case, it was said by special detective Mason, finds the story told as an eye-witness by Mrs. Jane Gibson, farmer woman, unchanged. Her statement to the authorities that she saw two men and two women in noisy argument under the apple tree, where the bodies of the rector and the choir singer later were found, and saw a man fire several shots, still stands, the authorities assert.

That account has been materially strengthened in several aspects by the bringing to light of new evidence contributed to the case by two men who were near the lane on the night of the murder.

Authorities decline to make public the identity of the new witnesses, or divulge other details which they said led to clearing up the mystery of the automobiles. Detectives expressed doubt that this angle of the case would even be revealed to the grand jury, as the force of introducing it as brand new evidence at the trial, which it is hoped will result from the work of the inquisitorial bodies, is considered of high importance.

Three indictments, it is said, against a woman and two men will be asked. The jury probably will begin its inquiry on Monday.

Boiling—And on Cake of Ice!

Steam shooting out of the spout. The lid bouncing up and down. And the kettle's on a cake of ice. Fred Andrews, of Providence, R. I., and Miss Viola May, a Pennsylvania girl, are demonstrating the action of liquid oxygen. Its temperature is 344 degrees below freezing. Hence, the ice is hot enough to boil it.

DR. NOBLE BUYS PROPERTY, WILL BUILD APARTMENTS

Dr. Noble, of Pennsylvania, who has been spending several days here the guest of Mr. and Mrs. Fields, south of the city, has become enamored of Sanford and has purchased the three Long lots on Myrtle between Sixth and Seventh streets and will build apartment houses on the lots. This is one of the most desirable properties for apartments in the city and Dr. Noble has shown good judgment in choosing Sanford from among other Florida cities for an investment. He was going farther south but came to Sanford through the invitation of J. H. Hintermister, who has known him for many years, both of them coming from the same part of Pennsylvania.

FIRST INTERNATIONAL GLIDING CONTEST TO BE HELD AT DAYTONA

DAYTONA, Fla., Nov. 9. Acceptance of the Dayton Chamber of Commerce invitation to hold the first international gliding contest staged in the United States on the coast at Daytona was announced yesterday by the Aero Science Club of America, from New York. Entries from all over the world will compete for the prize of \$10,000 which has been donated by the Daytona Chamber of Commerce. The motorless planes will take off from the landward side of the high sand dunes along the beach and glide toward the open sea. The landing field and hangar are now being erected.

The merchants of Sanford Avenue will close all day on Armistice Day, Saturday, November 11. In today's paper they will have their ads, as you will see, so that the public will have the benefit of the many bargains that they have to offer on Friday. All of the merchants on the Sanford Avenue page are showing their patriotism by closing all day on Armistice Day. As this day is a legal holiday all over the United States, it is only proper that every store should be closed on that day, and if all the stores listed to close are closed on this day and some other stores open, it will not be fair to the other merchants, so let's all close up for that day and have a big time. Armistice Day only comes once a year, and it is one of the greatest days in history. There will be one of the largest celebrations in Sanford on that day that has ever been. Everybody turn out and make it the largest day that Sanford has ever had. Plenty of amusement, cuts, parade, and EVERYTHING to make it glorious day. Do your shopping on Friday, for the stores will all be open until late Friday night, just as they would be on Saturday. Be sure and look over all the ads on the Sanford Avenue page, for they have many bargains and interesting necessities to offer you on Friday.

### REALLY WOULDN'T DO AT ALL

Blunt Railroad Owner Simply Couldn't See Any Sense in an Automatic Signal System.

A certain western railroad which has not yet been "reorganized" is still owned and operated by the blunt-spoken old lumberman who built it. Last year after a particularly severe accident upon it, the agent for an automatic block signal system called and tried to get a contract for installation.

The old lumberman examined the device attentively and seemed much interested.

"Your chief engineer recommends it highly," said the agent. "He told me to use his name with you and he would see you later."

"Well," said the lumberman, "I guess it is a pretty machine. I like to sit here and see it work myself. It's so all fixed sure. But come to using it on my road, now, young feller, I've been running a railroad some longer'n you and I'll tell you something."

"Accidents is bound to happen about once in so often, no matter what you do. I've got three brakemen in jail now and I've sworn to hang the next one and the public is pretty well satisfied. But what satisfaction is it going to be for any one if I go to work and hang an old automatic machine?"—Philadelphia Ledger.

### REMINDED COLONEL OF HOME

Use of Word "Tote" Brought to Virginian Joyous Memories of His Boyhood Days.

Colonel Cupepper came from Virginia so many years ago that he thinks he is a New Yorker, and he has lost most of his Virginia speech. Occasionally, when excited, he uses a word that is seldom heard in this city, but generally his speech is correct in syntax and orthoepy.

"I was made homesick today," he said, "when I saw a word I often heard in my youth, but which is seldom used in the North. It was the word 'tote.' Some man who does business on the cash and carry plan has named his store the 'Tote Service.' Tote is a mighty good word, and when I was a boy we used it regularly. It is good Elizabethan English. Up here you use the word 'carry.' Down in Virginia we use that word in a broader sense. We carry a horse to water, carry a girl to church or home therefrom. If we mean to take up and convey bodily we say tote."

"The store sign took me back to my boyhood—back to the time I toted a girl's school books when I carried her to school."—New York Correspondence of the Pittsburgh Dispatch.

### DR. CALHOUN NAMED MODERATOR FLORIDA PRESBYTERIAN SYNOD

St. Augustine, Fla., Nov. 9. Dr. Joseph P. Calhoun, of West Palm Beach, pastor of the New Presbyterian church, which is organizing here, was elected moderator of the

Synod of Florida at the opening session of the first annual meeting of the Synod of Florida Presbyterian Church of the United States of America, held in Memorial Presbyterian church last night.

The synod will be in session throughout this week, coming to an end Sunday, November 12. Some forty churches from the Presbyteries of north, southeast and southwest Florida, are represented by clergy and laymen delegates. The Woman's Synod opened meetings this morning and will continue sessions until tomorrow at noon. Noted visitors who appear on the synod program include W. W. Cleveland, D. D., of St. Louis; W. A. Provine, D. D., Nashville, Tenn.; George Francis French, D. D., Philadelphia; Professor Chas. Swain, L. L. D., Pittsburgh, who will give his famous temperance lecture, "The Battle of the Ages."

## GORMELY ROBERTS

A wedding of interest to a wide circle of friends was that of Miss Lillian Roberts and Ernest Gormely, which took place yesterday afternoon at five o'clock at the Methodist Church. Dr. S. W. Wagoner, pastor, performing the impressive ceremony.

The church was filled with guests. The bride wore a gown of white tulle with trimmings of feathery asparagus ferns. On the shoulders she carried a large bouquet of white lilies and orchids. The bridesmaids wore white tulle gowns with silver handkerchiefs, while in the center was a crystal chandelier. The pews reserved for the family were marked with signs of a patterned fabric. The bride's bouquet was a large one, filled with pink radiance roses, white lilies, and white gladioli. The entire ceremony was conducted with the utmost grace and dignity.

The bride's gown was a masterpiece of white tulle, with a high collar and long sleeves. The train was long and full, trailing behind her. She carried a large bouquet of white lilies and orchids. The bridesmaids wore white tulle gowns with silver handkerchiefs. The ceremony was performed by Dr. S. W. Wagoner, pastor of the Methodist Church.

places on the chancel, they were followed by Miss Ada Wagoner and Collier Brown. Mrs. Morris Spencer as Dame of Honor and Morris Spencer followed.

Miss Laing was lovely in turquoise blue changeable taffeta trimmed with hand-made flowers and silver. In her hair she wore a bandeau of silver pearls. Miss Ada Wagoner's dainty frock of orchid taffeta was trimmed with silver lace. She wore a bandeau of pearls in her hair. The bride's maids wore silver slippers and carried bouquets of pink radiance roses.

Mrs. Spencer was attired in a draped model peach bloom taffeta with trimmings of silver, worn with silver slip-overs. Her flowers were white rose buds.

Miss Dazie Eldredge, as maid of honor, entered next, wearing green and silver taffeta with trimmings of silver roses. Her flowers were pink roses.

The dainty little flower girl, Saides Williams, carrying a basket of pink roses preceded the bride. Her fairy like frock was of yellow taffeta with tiny ruffles. Entering from the opposite aisle with the flower girl was the miniature ring bearer, Master Harry Joe Minarik wearing a Eton suit of black velvet and blouse of white crepe de chine, and carried the ring in a large white lily.

The bride entered with her sister, Miss Jessie Street Roberts, by whom she was given in marriage. They were joined at the altar by the groom and his best man, his brother George Gormely. The bride was radiantly lovely in her bridal robe of white tulle, with a high collar and long sleeves. The train was long and full, trailing behind her. She carried a large bouquet of white lilies and orchids.

The groom entered with his best man, his brother George Gormely. The bride was radiantly lovely in her bridal robe of white tulle, with a high collar and long sleeves. The train was long and full, trailing behind her. She carried a large bouquet of white lilies and orchids.

Miss Lillian Roberts was a lovely bride in a gown of white tulle with trimmings of feathery asparagus ferns. On the shoulders she carried a large bouquet of white lilies and orchids. The bridesmaids wore white tulle gowns with silver handkerchiefs.

Mrs. Gormely's mother, the bride's mother, Miss Margaret Roberts, was seated in the front row. The bride's father, Mr. Ernest Gormely, was seated next to her. The ceremony was performed by Dr. S. W. Wagoner, pastor of the Methodist Church.

The large porch was enclosed and decorated with baskets of yellow daisies, and it was here that the happy young couple received congratulations. At one end of the porch was a pretty arranged punch table, and Mrs. Walter Haynes and Mrs. Fred Long prepared delicious fruit punch for the guests.

of pink roses and ferns were used. Quantities of pink unshaded tapers were effectively placed. The dining table was centered with a silver vase holding pink radiance roses, at either side were pink tapers in silver candle sticks, and placed at intervals were pink and white mints in crystal compotes. The refreshments of brick ice cream and individual cakes embossed in roses, carried out the dainty color scheme.

During the evening a lovely musical program was rendered under the direction of Mrs. Craig Harris.

Late in the evening Mr. and Mrs. Gormely left in their car for a short wedding trip, keeping their destination a secret. Mrs. Gormely's traveling costume being of blue Perret twill, with blouse of blue and henna georgette, with this she wore a chapeau of henna panne velvet and gloves and other accessories of brown.

Mrs. Gormely is the charming and accomplished daughter of Mrs. J. D. Roberts and numbers her friends by her acquaintances. Mr. Gormely came to Sanford ten years ago from Great Bend, Kansas, and holds a responsible position with the Crown Paper Co. He has made many friends here by his sterling qualities. The many friends of the popular young couple join in wishing them every future happiness.

After a short honeymoon Mr. and Mrs. Gormely will make their home at the Roberts home on Laurel ave. Among the out-of-town guests were Mrs. H. H. Stevenson, of Jacksonville; George Gormely, of Great Bend, Kansas; Mr. and Mrs. Wagoner and Miss Ada Wagoner of Kissimmee; Mr. and Mrs. McCaughan, of Orlando; Mrs. T. S. Roberts, of Jacksonville; Miss Jessie Street Roberts, of Wilmington, N. C., and others.

## TACKY PARTY

Last night the Catholic hall was crowded with an aggregation of men and women who seemed to have stepped out of paintings whose subjects lived a hundred years ago. Old fashioned suits, dresses and hats were in abundance. You have seen them in photographs and olden type, but your grandfathers and grandmothers had taken a century ago.

The hall was tastefully decorated. There was music and dancing and enjoyable games.

The room's price for dress was to Martin Temple, who as the portress of an old fashioned inn of colonial days, convulsed the guests with laughter. Mrs. Ted Wathert could easily have been her daughter, and received the lady's prize. Mrs. B. F. Takach received the prize for her score in five hundred.

In one of her mother's bridal dresses of black satin and large ostrich feathers, Mrs. Mary Walsh brought us back to the olden days. Mrs. George Fellows wore a bridal dress of ancient where creation. Mrs. Mellon was decked in an old yellow silk carmen dress. Miss Aranka Talar brought us a vision of the styles of 1890. Mrs. Mary Schall, in black and red trimmings and heavy jewelry, was a vision of an old fashioned mother. In fact, all present were arrayed especially for the occasion.

During the evening a delicious repast was served, and all agreed that the evening will stand out in their memory.

rolled high score of the evening with a total of 498, Pennington with 480 and Belding third with 489 while the highest score for the night was rolled by Cpl. Knight, who bowled a total of 473.

Champs established a new record for the league, a record that is to stand for some time unless the record is broken by themselves. The first time in the history of the league they bowled one game that over 800 pins, for the first time in the history of the league they bowled a total of 2,326 pins and for the first time in the history of the league every man on the team bowled over 400 pins each. Rotes were off, as usual, but that they bowled nearly 2,000 pins. We wish to state that we are the Rotes do about it and they want to see the team that

## WILLIAMS GIVES REASON FOR IT

### Jacksonville Druggist Tells Why RECUMA Is Now So Very Popular

Jacksonville, November 8. We are getting greater quantities of RECUMA than of any medicine we have handled," said Mr. J. J. Williams, the owner of Williams' Pharmacy, corner Broad and Bay Streets. "Some of my best friends come to me and tell me they are getting such wonderful results from it that they can't think of being without it in their house so they can use it regularly. I attribute the big success of RECUMA to the fact that this medicine is what people expect of it. I think RECUMA is the most popular medicine which has ever been used in Jacksonville, and the reason for this is that it gets results in two to three days for people who suffer from stomach, liver, bowels, kidney troubles, such as indigestion, constipation, rheumatism, backache, malaria, biliousness, a loss of strength and energy. I don't hesitate to recommend it to people suffering like that, because I have been convinced that it will positively relieve them."

### Reports Astonishing

Union Pharmacy is also enthralled about RECUMA because they have had so many reports which are flying all over and fast about this miracle medicine. Adv.

## Dogs in Exhibit Florida State Fair And Exposition

Jacksonville, Nov. 7. Prospective exhibitors at the dog and poultry shows at the Florida State Fair and Exposition here during November 17 to 25 are being advised that entries for the poultry and cat exposition close on November 19, while November 11 is the last day to qualify for the canine show.

Indications are that these shows will be the "biggest and best" ever held in the southeast.

The dog show, the first annual A. K. C. Exposition, will be staged November 23 and 24, and many aristocrats of the canine kingdom will be on display. The show will be held under the auspices of the Jacksonville Kennel Club. Those desiring premium lists and entry blanks should apply to Mrs. Florence I. Hopkins, secretary, Box 4262, Jacksonville, Fla.

The hoped-for thoroughbreds will be exhibited under the auspices of the Jacksonville Poultry Association, Dr. C. Stubb, president and superintendent. Several thousand birds will be on display.

The show will be held in conjunction with the Jacksonville Persian Cat Society, and the management promises that it is the best exclusive feline society will be exhibited on November 23 and 24.

All transportation lines have of fered reduced round-trip rates to Jacksonville for the fair.

## CHICAGO GETS INDIAN

Chicago, Nov. 9. For the first time in the history of the major leagues a full-blooded Indian is scheduled to appear on the diamond. He is Jack Peltz, a full-blooded Huron, signed today by Chicago Americans. Will be a pitcher and nineteen years old.

While with the Belleville club of the Central Ontario league last season he won twenty-seven games and one. In the game lost he allowed two hits but one of his teammates made an error that permitted opponent to score the winning run.

## CELERY SEED

Monk Bennett, one of the Men's Club stars, was one of the victors in the Champs over last night. "Monk" left after the first game and he was slow enough for him.

Ralph Stevens bowled a nice game considering the fact that he had two "lame dogs."

Let us whisper something to you that's a sure enough fact and that is this man Jewett will make some one hustle to hold the very highest averages in the individual averages this season.

And Pennington is there with the goods. Bowled nearly 500 last night and kept himself up near the top in averages.

Belding has weakened a little since last year, but we believe he is coming out of it, the way he acted last night.

Col. Knight was the only 400 bowler for the Rotes.

In the game tonight the fans will have the pleasure of seeing the three best bowlers in the league perform best. Will be seen playing against Doc Bowers, last year's best.

And no matter who wins tonight, the week will end with two clubs tied for first place, two for second and two for the cellar.

Have you been getting of late?

Bert Chapman was he made it in 18. Not so bad for a youngster.

Bruce Anderson is another youngster that's coming in his play.

And "The Loves of Pharaoh" is a Paramount picture that comes to the Princess Friday and Saturday of this week.

## WEST FLORIDA CITRUS GROWERS WILL ORGANIZE

### STATE WIDE ADVERTISING CAMPAIGN INAUGURATED BY EXCHANGE

Tampa, Fla., Nov. 9. (Special to Herald.) Developments of increasing importance in citrus circles during the past month are reported in the meeting of the Florida Citrus Exchange, Wednesday night at the organization of the citrus growers of west Florida and a rally to the support of the Exchange by leading banking interests of the state.

Business Manager C. E. Stewart, who presided at the meeting in Marianna, Round Lake and Panama City, reported that the organization of the citrus growers of west Florida will be the first step in a campaign to organize the citrus growers of the entire state. This work has been based in Tampa, this week according to the Exchange officials.

The Atlantic National Bank of Jacksonville, following a suggestion made by Vice President Gillett, of the Florida Citrus Exchange, recently published a full page advertisement commending the organization and its work. Numerous leading banks in citrus Florida have taken similar steps, and assurances have been received from several others that they will shortly follow suit.

The meeting transacted a large amount of routine business. On recommendation of the advertising committee it was decided to postpone consideration of several new forms of advertising, and spend all available funds for newspaper space. New markets are being opened by the sales department at a gratifying rate.

Among several instances of recent influential accessions to the membership of the Florida Citrus Exchange reported to this meeting was that of W. J. Krome, of Homestead, one of the leading growers and business men of the lower east coast. Echoes of the recent membership campaign, conducted by the Exchange, of a favorable character, are heard almost each week from every section of citrus Florida.

Dr. J. H. Ross, president of the Exchange, stressed the significance and value of the several meetings of affiliated growers which he had attended during the past month. The closer cohesion and more active co-operation

part of members of the Florida Citrus Exchange, reflected in the growth of this organization, are regarded as being of a distinctly encouraging and healthy nature, indicative of increased efficiency for the organization.

President Krome, Vice President Gillett and Business Manager Stewart presided at the meeting. The speaker on citrus was Robert S. G. to be held today in Orlando. In the discussion of the subject it was brought out that every advertiser advertising in citrus Florida in a way which benefits the entire state, and that the Florida Citrus Exchange now spends probably more for advertising than all other Florida interests combined.

Exchange directors at yesterday's meeting were: Dr. J. H. Ross, D. C. Gillett, P. C. Peters, Lee N. Hamel, C. J. Stubb, J. W. Ponder, F. C. W. Kramer, John A. Sively, Dr. J. E. Klock, E. B. Casler, R. J. Kepler, Jr. Others in attendance were C. E. Stewart, Jr., Geo. A. Scott, Wm. Hunter, J. A. Hill, W. E. Wymon, Chas. H. Walker, H. G. Gumprecht, E. G. Martin, Harold Crews, A. V. Anderson, W. E. Moore, A. H. Blanding, J. C. Mattern, W. W. Raymond, B. C. Merrill, H. N. Barnes, Geo. P. Thomas, A. C. Nichols, A. W. Stockett, L. L. Looney, J. B. Rust, Jefferson Thomas.

The regular monthly business of the Exchange Supply Company was held Wednesday afternoon. Many matters of importance were considered and a review of the continued growth of this Exchange subsidiary are gratifying.

Special millinery sale at Bammel's Specialty Shop Friday only. Pattern hats, street hats, sport hats, hats of every description on sale at specially reduced prices.
