## FIVE MORE BODIES RECOVERED FROM MINE

### GERMAN CABINET HEADS WILL HEREAFTER BE BARRED FROM THE RUHR SECTION

**BELGIUM AND FRANCE DRAFT NOTE TO THIS EFFECT TODAY**

### FOOD SITUATION

**In Occupied Territory Grows Acute and Sabotage Continues to Increase Difficulties**

(By The Associated Press) PARIS, Feb. 10.—The German cabinet ministers hereafter will be barred from the Ruhr section by France and Belgium forces. Premier Poincaré of France and Foreign Minister Janssen of Belgium at a conference here today drafted a brief note to this effect which was immediately delivered to the German embassies in Paris and Brussels.

DUSSELDORF, Feb. 10.—The French occupational authorities are devoting much of their time and energies to efforts to organize shipments of coal by rail and river from the Ruhr area to France. They are making slow progress, however, and the shipments average under five thousand tons of coal and coke daily.

Seven hundred car loads of coal and coke have been concentrated in the Wedau railroad yards near Duisberg. From this point three trains are leaving daily for Aix-la-Chapelle where the coke is diverted to Belgium and the coal to France. From three to six barges, each containing 1,000 tons, are leaving Rhurort daily.

The food situation is growing worse despite the reports of Dr. Luther, the German food administrator, that there are flour and cereals enough to last until March 15. The Germans are preparing a schedule of restrictions which are to be enforced beginning Monday. These will include a prohibition against the serving of eggs for breakfast and meat will be permitted at only one meal each day.

The railroad strike is still completely effective throughout the entire French zone, but the locks on the Rhine canal have been repaired and navigation opened.

Acts of sabotage continue. Six telephone lines were cut today in the vicinity of Dusseldorf and 17 in the region of Ratingen, where the director of telephones was arrested and expelled.

Recklinghausen, where the French Thursday put down a demonstration of protest against the deportation of the chief of police, continued today a center of agitation.

Shopkeepers and hotels and restaurants closed their doors at 2 o'clock this afternoon and announced they would not reopen at 6 o'clock Saturday evening as additional protest against the action of the French.

The committee of defense in the Ruhr is distributing funds to idle workers. The money has been subscribed in various parts of Germany and is advanced by the government.

Virtually no coal is being brought out of the mines. No untoward incidents were reported today. Best sides to the controversy seem to be pursuing a policy of watchful waiting.

### Hardee Appoints Sixteen Prominent Citizens to Attend

**National Cotton Conference At Atlanta February 20.**

(By The Associated Press) TALLAHASSEE, Feb. 10.—Governor Hardee in appointing sixteen prominent men of West Florida to attend the national cotton conference at Atlanta February 20th, made public a letter from Governor Hardwick of Georgia and a letter to each of the Florida delegates emphasizing the importance of the meeting. Governor Hardee urged Florida delegates to spare enough time from business to attend the meeting.

The Herald delivered six times a week for 15c.

### PROF. ROENTGEN DISCOVERER OF RAYS DIED AT MUNICH

(By The Associated Press) BERLIN, Feb. 10.—Professor William Conrad Roentgen, discoverer of Roentgen rays, popularly known as X-Rays, is dead at Munich.

### JOHN LUNING MAY TAKE PLACE OF ERNEST AMOS

**STATE TREASURER'S NAME IS PRESENTED TO GOVERNOR FOR COMPTROLLER**

(By The Associated Press) TALLAHASSEE, Feb. 10.—The name of Treasurer J. C. Luning has come into speculation around the capital as to be successor to Comptroller Ernest Amos, who is expected to resign within the next few weeks. Unofficial circles have it the treasurer's name has been presented to the governor in form of endorsement by supporters of Luning. Governor Hardee has withheld discussion of any names it is understood in other quarters to have been presented to him. Make known however Luning will not become "candidate" for office.

### STEEL WORK IS ERECTED FOUR STORIES

**ON PULESTON-DRUMLEY BUILDING, WORKERS NOW ON THE FIRST NATIONAL LOT**

The steel work on the four story Brumley-Fulcaton building is now erected and the erection gang are now putting in place the steel girders for the First National Bank building. The construction on Sanford's new motion picture theatre is also progressing rapidly and the contractors have assured the Milane Amusement Company that the building will be turned over to them by the first of May. The equipment has been purchased and pictures and shows booked. When completed Sanford will have one of the finest theatres in Florida. Contracts have been let for ten new residences, and the Building & Loan Association have fourteen homes now under construction. The local hotels report the best season they have ever experienced. With the new paving program under way during the summer months, business conditions in Sanford appear unusually bright.

### Disarmament Conference League Nations Will Invite America

**To Come In and Collaborate On A Concrete Proposition**

(By The Associated Press) GENEVA, Feb. 10.—Under a decision taken by the disarmament conference of the League of Nations Council of the League will be asked to invite the United States government to present concrete propositions concerning general lines of collaboration it is able to give other governments with regard to international control of the traffic in arms, and also in the private manufacture of terms.

Churchwell who sells for cash and sells for issue has an advertisement in this issue calling attention to the big shoe sale. See the prices and take advantage of this special sale on shoes.

### IN NEW MEXICO AND TOTAL NUMBER NOW REACHES FORTY-ONE OF THOSE KNOWN TO HAVE BEEN KILLED

**Officials Say There Were One Hundred and Twenty-two in Mine When Explosion Occurred, Two Emerged Unharmed Yesterday**

(By The Associated Press) DAWSON, N. M., Feb. 10.—Covered with a thin blanket of snow which began falling at midnight Dawson this morning continued the search for the dead in the torn recesses of Mine No. 1 of the Phelps Dodge Corporation, wrecked Thursday by an explosion. With the recovery this morning of five more bodies in shattered passage ways the total number of dead reached forty-one. According to mine officials there were 122 men in the mine when the explosion occurred. Two emerged unharmed yesterday, and seventy-nine are still in the mine.

CUMBERLAND, B. C., Feb. 10.—The death toll as a result of an explosion of fire damp Thursday night in Mine No. 4 of the Canadian Colliers (Dunsmuir), Limited, while the night shift of 400 was at work, was placed last night at 35. Steps toward an investigation of the cause of the disaster were begun last night. Thirty-one bodies had been removed from the wrecked mine, which is two miles from here, and four men, believed to be dead, remained to be accounted for. Six men, terribly injured, hovered between life and death in the hospital here. Cumberland yesterday afternoon was a place of mourning. Women ran aimlessly about the streets waiting their grief. As each body was taken to the morgue, groups of men, women and children gathered about, waiting fearfully for identification. During the long night, while rescuers worked feverishly with the determination to save the lives of at least a few of the imprisoned men, the group gathered, conversing in frightened undertones. The work of rescue went on slowly. The men could work only four abreast. Each of the rescuers worked until he was exhausted. Then he was relieved by another. The first body found was that of a 15 year old boy. Rescue workers saw him in the hoist some time before they reached him, but he died before help arrived. Like many of the others, he was bleeding at the nose, ears and mouth and the skin on his face and hands was scorched from the heat following the explosion. The explosion occurred in No. 2 east drive, and that portion of the mine was badly wrecked. It was believed that about 15 of the victims were killed outright; others died from after-damp. One miner named Pincfold found he could not force a passage through No. 4 level and remained where he was, inducing 12 others to stay with him. All were saved. Others went forward and were lost. A number of men came up from the mine slope and were overcome at the mouth of No. 4 level. These were the men recovered by the rescue party and taken to the hospital. Not one miner came out of No. 2 east drive alive.

### SANFORD WILL ENTERTAIN CALIFORNIA ORANGE GROWERS ON A TWO DAYS VISIT

**Will Have Banquet at Valdez Hotel and Lunch at Country Club**

Sanford is making elaborate preparations for the entertainment of the California party of citrus growers now touring the state. The program of entertainment is being handled by a special committee of the Chamber of Commerce. During the time that the party is in Sanford the arrangements provide for a continuous session of sightseeing trips, entertainments, etc. Lake county will turn the party over to the Sanford delegation at 5 o'clock the afternoon of the 13th at the Wekiva bridge, the Lake-Seminole county line. An informal reception will be held that evening, at which time the city and county officials and also those of the civic clubs will welcome them to Sanford. Tuesday morning, a motorcade through the celery fields will afford an opportunity of inspecting the wonderful agricultural development around Sanford. Inasmuch as the shipping season is now under way the Californians can observe the methods and system used in moving Sanford's enormous celery crop. The pre-cooling plant will also be visited. From the pre-cooling plant the party will be shown the many new subdivisions of Sanford and the city's residential section. From this point they will visit the icing station, which is conceded to be the largest original icing station in the world. Following this they will drive to the Sanford Country Club where luncheon will be served, and during the remainder of the day the individuals so desiring will have the opportunity of playing on Sanford's new golf course. The Chamber of Commerce has arranged a banquet for the evening in the dining room of the Valdez Hotel complimentary to the visitors, at which time formal addresses of welcome will be made by the mayor, Forrest Lake, and A. P. Connelly, president of the Chamber of Commerce. The speaking program has been arranged so that

### SANFORD CELERY at SOUTH FLORIDA FAIR

Sanford celery occupied a very prominent place at the South Florida Fair in Tampa. This is the booth of the American Fruit Growers, Inc., which was pronounced one of the most beautiful and interesting exhibits there. The entire lower front of the booth is decorated with celery growing in large troughs, and bearing the legend "Sanford Celery." It was furnished by the local vegetable headquarters of that organization. The booth also contains a very splendid exhibit of citrus fruits from all sections of the peninsula.

### Chamber of Commerce Had a Fine Meeting Yesterday at Noon

**Board of Governors and Members Took Up Many Subjects**

The regular weekly noon-day meeting of the Chamber of Commerce in addition to discussing plans for the entertainment of the California party heard reports from Chairmen of the different committees and their activities. Of singular importance was the report of the Traffic and Transportation committee of the meeting called by that body of growers and shippers for a conference with Division superintendent of the Atlantic East Coast Line Railroad, when the question of the undesirability of the short style refrigerators now being furnished for the movement of the celery crop was discussed. An amicable arrangement was arrived at as a solution of this problem, and assurance given to the shippers that the A. C. Line would take the necessary steps to reduce the percentage of these short style cars.

February 21st will be observed as Anti-Mosquito day in Sanford. In order to make this occasion a success, the State Board of Health is rendering the same valuable cooperation that has been given other communities where similar days have been observed.

The membership committee is achieving results in its campaign to bring up the membership of the Sanford Chamber of Commerce to a minimum of two hundred members.

Mr. J. E. Ingraham, vice-president of the Florida East Coast Railroad, was invited to be the guest of honor at the February monthly meeting of the Chamber of Commerce but found it necessary on account of ill health to decline the invitation, but has advised that he will be present at the March meeting.

### CELERY MARKETS

Carlot Shipments for Friday, Feb. 9th	
Florida—Sanford section	38
Florida—Manatee section	28
Florida—By boat, 100 crates.	
California	27

Total carlot shipments from Manatee this season to date	419
Total carlot shipments from Sanford last season to date	364
Total carlot shipments of Manatee last season to date	351

TAMPA, Feb. 10.—Fifty-one Californians touring the state and studying the citrus culture left here this morning after a four day visit. They were to be met at Lakeland by representatives of Polk County growers to tour the Ridge section. They were to entrain at Haines City this afternoon and spend tonight in Orlando.

The majority of the speakers will be Californians. The committee in charge has arranged for an interesting musical program in conjunction with the dinner. The menu will consist of Seminole products entirely, especially featuring the celery that has made Sanford famous. The 154th Infantry band will give an hour's concert immediately preceding the banquet.

The visitors will spend the evening of the 14th in Sanford and the following morning a delegation from Volusia county will arrive to take them in charge. They will leave Sanford for DeLand via the Clyde line, the river trip having been arranged in preference to the one via auto. Sanford and its citizens are indeed proud to have these distinguished visitors, and it is confidently expected that after a visit to this section and viewing the agricultural development of Sanford they will be further impressed with the wonderful possibilities and resources of Florida.

### ANOTHER EFFORT MADE TO SMOOTH TROUBLED WATERS FOR SHIP SUBSIDY CRAFT

**ARMY FLYERS KILLED IN AIRPLANE CRASH KELLY FIELD**

(By The Associated Press) SAN ANTONIO, Feb. 10.—Lieut. Harry J. Martin and Sergt. Walter F. Grodecki were killed instantly at Kelly Field when their airplane crashed and burned. The plane was flying over the rifle target when it suddenly nosed down.

### KILLING TODAY AT DEERFIELD, OLD TROUBLE

(By The Associated Press) DEERFIELD, Feb. 10.—Dan R. Johnson, county commissioner, was killed here this morning by W. L. Bracknell, former commissioner, the shooting is said to have been culmination of trouble started a few days ago when Johnson accused Bracknell's wife of sending black mail letters. Witnesses said Johnson pursued Bracknell although shot. Johnson's body was left on the Dixie highway where he fell. Bracknell was rushed to prison at Fort Lauderdale.

### BAND CONCERT SUNDAY AFT. CENTRAL PARK

The Sanford Band will have the regular Sunday afternoon concert in Central Park tomorrow afternoon at 4:15. The following program will be rendered:

Intermission	
March—With Trumpet and Drum	
Idyll—Mill in the Forest	A. F. Weldon
Selection from the Woodlands	Luders
Reverie—Traumerci	R. Schumann
Star Spangled Banner	Key

### Government Boat Making Soundings for 8-Foot Channel

The U. S. Government Engineers Department's boat Capt. Maylor, is now at Sanford for the purpose of locating an eight foot channel, improvement on which will begin early in March. The survey is in charge of Clark V. Lamb, superintendent of the U. S. Engineering Department in sonville district. The appropriation for this improvement was provided for in a recent act of Congress and when the work is completed there will be an eight foot channel from Lake Monroe bar to the Sanford dock at mean low water. During the rainy season this channel will have a depth of approximately 12 feet. The government engineers from the Jacksonville district will shortly begin making a preliminary survey of the proposed canal from the St. Johns river to the Indian River, north of Titusville. Continual agitation for the development of the St. Johns river by the communities it serves will, without doubt, result in the government's taking cognizance of the necessity for spending larger sums on Florida's largest river.

NE WYORK, Feb. 10.—Mrs. Leeds was the wife of Warner M. Leeds, a prominent club man who was a brother of the late William B. Leeds, the tinplate king and the first husband of Princess Anastasia. She had been ill for some time and only recently returned home from a sanitarium.

### IN SENATE CONFERENCE AT THE WHITE HOUSE TODAY

### SOME OPPOSED

**To the Bill in the Present Form But Would Accept Compromise**

(By The Associated Press) WASHINGTON, Feb. 10.—Another effort to smooth the troubled course of the administration's shipping bill in the senate was made at the White House conference attended by some senators who are opposed to the bill in its present form but who presented drafts of amendments designed to lead to a compromise insuring its passage. Senator McNary is said to have informed President Harding that the bill in its present form could not pass, but enough votes could be obtained if the amendments were accepted.

### Fish and Game Protective Association Had Good Meeting

**Getting Ready for New Legislation For Better Protection**

The Seminole Fish and Game Protective Association held a meeting last night at which time a report was heard from D. L. Thrasher, delegate appointed to attend the meeting of the State association recently held in Tampa, for the purpose of framing a state law for a greater protection of fish and game. Principal features of the state law were the provisions for a Game and Fish Commission and a game warden, the commission to consist of five men appointed by the Governor, and the warden to be appointed by the Commissioners. The new bill will also permit counties so desiring, the power of setting aside game preserves within their confines. It also prohibits the seining of any kind in any of the fresh water lakes and rivers of the state. The new law will increase the license for residents to ten dollars, which would, however, permit the holder to hunt in any part of the state. Fishermen, both resident and non resident, will be required to pay one dollar for yearly fishing license. The hunting season, in the new bill, was also shortened. It is proposed to have the season begin Nov. 20, and end January 20. The Seminole association is preparing a local game bill and the Chamber of Commerce a no-seining bill, which will be submitted to the legislature by Seminole county's representative, Mr. Forrest Lake, in the event the bill as proposed by the state protective fish and game association fails to pass. The meeting went on record as endorsing the no-seining law as framed by the legislative committee of the Chamber of Commerce.

### MRS. LOUISE LEEDS LEAPS TO DEATH FROM NEW YORK HOTEL

(By The Associated Press) NEW YORK, Feb. 10.—Mrs. Louise Hartshorn Leeds, sister in law to Princess Anastasia of Greece, committed suicide today by leaping from the window of her fifth floor apartment in East 65th street.

### Seminole Negro Murderer to Hang Sanford, Feb. 23rd

**Governor Hardee Sets Date for the Slayer of Deputy Jacobs**

(By The Associated Press) TALLAHASSEE, Feb. 10.—Governor Hardee today signed the death warrant of Percy Bayless, negro of Seminole county, convicted and sentenced to death for the murder of James Jacobs last September. The governor set the date for execution as February 23.

# SOCIETY

MRS. FRED DAIGER, Society Editor  
Phone 217-W

If you have any friends visiting you—if you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, or telephone the item. It will be greatly appreciated.

## SOCIAL CALENDAR

Friday—Mothers Club will meet at the home of Mrs. George Paxton on Myrtle avenue, at 3 o'clock.  
Saturday—Mrs. L. P. McCuller will entertain the members of the Every Week Bridge Club.  
Monday—Mrs. Zeb Radliff will entertain in honor of Little Mary Wyatt Radliff, at her home on Magnolia Ave., at 3:30 p. m.  
Monday—St. Agnes Guild will meet at the home of Mrs. Ben Coleman at 3:30 p. m.  
Tuesday—Bridge Luncheon for Social Department of Woman's Club at Parish House.

K. M. Kruse of Orlando was in the city yesterday transacting business.

Jacksonville was represented here yesterday by Robert R. Mulholland and R. W. Elsemann.

Among those from The City Beautiful attending to business here yesterday, was J. H. Porter.

C. W. Gvish of Mt. Vernon, N. H., arrived in Sanford yesterday and will spend a short time here.

Mr. and Mrs. N. O. Jackson, of Paterson, N. J., were among the arrivals here yesterday.

Mr. and Mrs. Harley Hisen of Austin, Ohio arrived in the city yesterday for a short stay.

Miss Lucy Byrd Smythe leaves this afternoon for DeLand where she will attend the Alpha Z Delta house party.

Mrs. R. E. Tolar and little daughter Mary Elizabeth, leave this afternoon for Jacksonville where they will spend the week end.

H. S. Mattox of Folkston, Ga., was among the arrivals here yesterday and will spend a few days here on business.

## MERRIE MATRONS

An enjoyable social affair of yesterday afternoon, was the bridge party given by Mrs. C. E. Henry at her home on Magnolia avenue, the guests being the members of the Merrie Matrons Bridge Club, there being two tables of players.

Exquisite roses combined with ferns were artistically used in the rooms where the card tables were arranged. During the afternoon a spirited game of bridge was played, the prize for high score, a hand painted rose bowl, was won by Mrs. R. J. Holly.

At the conclusion of the card game the hostess served club sandwiches, stuffed celery hearts and strawberry short cake.

Mrs. Henry's guests were Mrs. R. J. Holly, Mrs. H. B. Lewis, Mrs. W. T. Langley, Mrs. Fred Walsma, Mrs. Harry Heeron, Mrs. A. W. Fitts, Mrs. George Knight and Mrs. John C. Smith.

## PARENT-TEACHERS ASS'N.

The Parent Teachers Association had a most interesting and instructive meeting yesterday afternoon at the Grammar school. Miss Fort acted as secretary.

Several matters of importance were discussed, and it was voted to buy scales for the grammar school. The Child's Welfare department also voted to pay the balance due on equipment for the Best Room at the Grammar school. Part of the money has been raised by Mrs. J. H. Cowan and her committee. Splendid reports were also given by the various committees.

During the afternoon Mrs. Henry Wight presented the name of Florence Gilbert Hanscom, an entertainer of monologues, songs in costume, and pianologues, who will give an entertainment here at the high school next Thursday evening, under the aus-

spices of the Parent-Teachers Association. It is earnestly desired that all association members will attend and urge others to attend this entertainment which comes here highly recommended.

Next week there will be a drive for raising funds for the beautification of the school grounds, the interest not only of the association members, but all people in Sanford is desired.

**DUPLICATE BRIDGE LUNCHEON**  
Mrs. R. A. Newman was the gracious hostess yesterday when she entertained at a bridge luncheon, at her home on Fourth street, the guests included the members of the Duplicate bridge club and one extra table in honor of Mrs. Ed Fitzgerald of Daytona.

The valentine suggestions were beautifully carried out in every detail. Quantities of red hearts, cupid, and other valentine novelties were used. Vases and bowls of red sweet peas were also effectively placed.

A silver basket of red sweet peas centered the luncheon table placed on either side were red candles in silver holders and shaded with silver shades lined with red. The place cards were dainty valentine boats. At one o'clock a delicious four course luncheon was served.

Following the luncheon, an absorbing game of Duplicate bridge was enjoyed, the prizes for high score, brown pottery bowls filled with sweet peas, were won by Mrs. W. J. Thigpen and Mrs. E. M. Galloway. Mrs. Fitzgerald was presented a lovely vanity.

## "ROBIN HOOD"

There is a lot to be said for May Valentine's "Robin Hood." True it is a revival, but of a work that is absolutely as timely and as interesting today as it was thirty years ago when the Bostonians first gave it. For sheer beauty of music, costuming and scenery as well as effectiveness as an evening's entertainment, it is hard to recall anything that surpasses the De Koven masterpiece. But Miss Valentine's revival is eventful, in that the opera comique is adequately cast and beautifully done, and many have commented extravagantly upon the organization's singing ability. This, the producer says, is the one quality which she most values and never expects to abandon, for she considers that the substitution of dancing for singing in the modern musical productions makes a big place in the American theatre for such productions as "Robin Hood" which she proposes to fill. Then Miss Valentine added:

"There are literally hundreds of young men and women of high educational attainment and conservatory training who are available, and I have no trouble in finding them. My method is to use the most talented of them, many of whom soon rise to the principal parts. Real comic opera requires real singers and by adherence to the standards I have set for myself I hope to make my opera comique program permanent. There are plenty of lovers of such productions to sustain them."

Coming to the Princess on February 20th.

## MANY WILL OBSERVE

### LINCOLN'S BIRTHDAY

WASHINGTON, Feb. 9.—Unusual preparations are being made for the observance of Lincoln's birthday anniversary in the capital this year. A dinner in honor of the Lincoln university will be attended by President Harding, his staff, Supreme Court Justice Taft and many others. Addresses will be delivered by the president and Secretary Hughes. John Hays Hammond will be toastmaster. The occasion will signalize the opening of a nation wide campaign for building funds.

## INLAND WATERWAY

Pensacola to Mobile Proposed by Fletcher

(By The Associated Press)  
WASHINGTON, Feb. 9.—Preliminary survey for an inland waterway between Pensacola and Mobile, was proposed in a bill introduced by Senator Fletcher today. He also introduced a bill for the survey of the Manatee river.

# LOCALS

Sanford crops are looking fine.

Plenty of people in Sanford and many are staying a few weeks.

Kiwanis Park is a scene of great activity these days with the checker games and the horse shoe throwers.

J. H. Huddleston of Geneva was in the city today bringing the products of his farm and grove.

Just suppose you read the Seminole County Bank ad in today's issue and start that thrift account now.

Mr. and Mrs. Frank Pounds of Forest City were in Sanford today visiting their many friends and shopping at the stores.

Sir Michael Smith of Winter Park and Orlando was in the city today looking after his varied interests here. He has some of the finest celery lands in this district of uncultivated lands.

P. K. Van Valkenburg of Orlando and the manager of the Florida Mutual Auto Insurance Company was in the city today on business and shaking hands with his many Sanford friends.

Norman Bauman, representing the Republic Tire Company with headquarters in Jacksonville was in the city today calling on the local tire trade. Norman is an old school mate of the editor of the Herald and we are always glad to see him.

Trunks, suit cases, parcels or packages, delivered on short notice. Call 498. 266-Thu-Fri-Sat-tfc

## MCCORMICK RETURNS FROM BRIDAL TOUR: LOOKS MUCH YOUNGER

(By The Associated Press)  
CHICAGO, Feb. 9.—Harold McCormick, chairman of the executive committee of the International Harvester Company, who reached New York on Saturday with his bride, Ganna Walska, arrived home alone today, refusing to discuss plans. He confined his remarks to his health and the weather. He looked much younger than on his return a year ago from an European trip.

## Daily Fashion Hint

## FAVORED TYPES IN DRAPED FROCKS

Exceedingly smart results have been achieved in the design of these two draped models. Dark blue faille crepe is used for the first dress, trimmed with red and blue silk embroidery. The soft girdle is held together with twin buckles of red and blue enamel. Flowing sections lengthen the flowing sleeves and, if preferred may be gathered into narrow wristbands. The front gore of the attached two-piece skirt is allowed to hang free at the left side in cascade style. Medium size requires 3 1/2 yards 48-inch material. Faille crepe, in dark gray, is used for the second dress, which is made with a long waisted underbody and an attached two-piece foundation skirt. The over-dress is draped at the sides, the cascades being faced with concord blue satin. Medium size requires 3 1/2 yards 40-inch material. First Model: Pictorial Review Dress No. 1437. Sizes, 16 to 20 years. Price, 35 cents. Second Model: Dress No. 1436. Sizes, 16 to 20 years. Price, 35 cents.

# THE WEATHER

For Florida: Rain tonight and Saturday; warmer tonight in north and central portion.

## QUICK RESULTS FROM RECUMA EXPLAINED

No Reason Why It Should Fail to Give Vitality, Endurance and Attractiveness to Run Down Folks

The minute you start taking RECUMA, it begins to put your stomach in good shape so the food you eat digests properly and assimilates iron and vitamins into your blood. Rich red blood is what builds healthy tissue, strengthens your nerves and makes your skin clear and rosy.

That's why you hear and read about so many people saying they get relief from constipation, nervousness, indigestion, lack of energy and loss of weight almost from the first dose of RECUMA.

It is not a "miracle" for RECUMA to bring relief to people who have tried many remedies to regain their health, strength and good looks. RECUMA simply does what nature intended for your stomach to do. And it does it because it is made from some of the most health giving and heretofore practically unrecognized medicines ever found.

RECUMA is sold in Sanford by the Union Pharmacy and the leading dealers in every city.—Adv.

## 160 CARS OF 1922 POTATOES UNSOLD

CHICAGO, Feb. 9.—One hundred and sixty car loads of last year's bumper crop of potatoes are still in the hands of dealers, an unprecedented condition, according to the United States department of agriculture agents here. This condition is due to the slow movement of traffic.

Weather conditions retarded their movement and distribution, while the market showed a general decline of from 5 to 10 cents. Early spring products from Florida and the south were on the markets early and in some instances prices dropped.

Strawberries, with public approval, remained steady throughout the week.

## SKATING AND DANCING, LAKE MARY SKATING ACADEMY, FRIDAY NIGHT.

Britain has her problem in Mosul, France has hers in Ruhr. The world is hanging on their outcome. Working in harmony these two powers might settle both problems, but it is impossible for them to get together.

## Noted Doctor Returns to Florida for Winter

Dr. F. J. Meinhardi, famous throughout the country for his skill in applying the Bloodless Methods and who especially became conspicuous since successfully attending John D. Rockefeller and other noted individuals, has returned to Daytona, Florida, to resume his winter practice.

Dr. Meinhardi became eminent after producing miraculous results in previously pronounced incurable Chronic Diseases and Deformities through application of his original Bloodless Methods—without the use of Surgery. It is said that his methods are similar to those employed by the famous Prof. Lorenz of Vienna, Austria. Patients come to Daytona from all parts of the United States every year to consult him.

Dr. Meinhardi has been attending Clinics throughout the northern Cities during the past summer months and he recently announced that he has advanced a complete relief for Rupture by the Bloodless Methods without using Medicine, Surgery or Injections.

For quick results, try a want ad.

We give service obtained only in large manufacturing cities having well equipped shops, cleaning, repairing, overhauling family sewing machines; charge only for supplies and time used in work; no charge to examine machines. Jersey will use poison gas on the mosquitoes this spring and endeavor to destroy every one of the long billed birds in the Jersey meadows. It might help Hoboken some.

Wanda Hawley, of the movies, wants a divorce because her husband called her a "brainless fool." Of course the authenticity of the charge will have to be proved in court.

Limestone promises to add to the laurels of Hardee county by becoming a rival of Sanford in the production of celery. About thirty experienced celery growers of Kalamazoo, Michigan, have become interested in growing celery at Limestone.—Wauchoilla Advocate.

Turkeys warns the allies to look out for mines in and around the port of Smyrna. Well, if that bunch of cold blooded pirates blow up any American warships we would change our idea of war and go over there on the first warship sent out. It is just about the time of the year to spank that bunch of Turks good and plenty.

A portfolio of Scadsweet advertising material used in the various classes of advertising mediums has been compiled by the Florida Citrus Exchange, as illustrative that a real state does not always excel Florida in character and appeal of the advertising of her interests. The successful development of markets for Florida Scadsweet oranges and grapefruit has resulted from the extensive advertising campaigns which have been carried on each year by the Florida Citrus Exchange. Any person may secure one of the portfolios upon application to the Florida Citrus Exchange, Tampa; or to The Thomas Advertising Service, Jacksonville, which prepared the advertising copy.

RETURNING THE BATTLE FLAGS

A despatch from Maine, in yesterday's Herald stated that the governor of Maine and the state officials would return the battle flags captured by Maine troops in the Civil war to the southern states from which they had been taken. The statement said it was an act inspired by the thought that the war was long forgotten and the battle flags really belonged to the south and would be returned there as an evidence of real reunion of the north and south. This has been done in many instances and the south has returned the flags captured by the southern troops from the northern troops and as time goes on this great idea of no north, south, east or west will be carried out in every part of the country. And this is as it should be.

THIRTEEN CENT CURRENT.

It was a nice little present the new administration made the customers of our municipal plant when the January bills came in without any bluster or noise but showing current at 13 instead of 15 cents. Of course, the stipulation that all bills MUST be paid

by the tenth makes the actual reduction only half a cent, because the 10 per cent we obtained before brought the actual cost to 13 1/2 cents, but it is a move in a popular direction.

Now in a few days, we understand, the current will be strong in the early evening like it is late at night and we will be back in the good old days before we began monkeying with the lights and had real service. Every day in every way Leesburg is getting better and better.—Leesburg Commercial.

IT IS ALREADY BEING DONE

Representative W. D. Mercer of Suwannee county is quoted approvingly by the Jacksonville Journal for declaring:

"Let them audit every state institution in Florida and the county court houses as well," exclaims Mr. Mercer. "An audit should be made at least once a year, and every six months would be even better. When these audits are made, they should not be placed in secret drawers, but should be published, in order that the people might know what is going on."

Ever since the county finance act of 1915 became a law "county court houses" have been audited every six months, and The Tribune has no information to offset its statement that every state institution is audited "at least once a year."

Representative Mercer is right in his other demand, however, that these audits should be published and not pigeon-holed.

If all the public institutions, whether governmental or financial, were required to publish the auditing reports made on them, there would be fewer tangled up county affairs with incompetent officials holding on, and fewer state and other banks going to the bad.

There never was a more justly demanded or powerfully just law asked for in Florida than that urged by the Florida State Press Association that public proceedings and public audits should be published. The opposition to that proposed law came largely from county officials, and not a few state officials are known to have dipped an ear in the stream to hold back the progress of the craft that is slowly beating its way against the headwinds of political rings and the current of fear of publicity.

If Florida ever needed a law, it needs this publicity law proposed and urged by the papers of the state.—Tampa Tribune.

OUR BRIGHT PROSPECTS

Sanford never looked better to the investor than right now and it looks good because property has not reached the sky line as other cities have done and the chance to invest in a city growing as fast as Sanford is the safest in the world. Every stranger to the city remarks about the building operations here—all with Sanford money—about the deeper water projects and about the tourist hotel project, about the beautiful country club and golf links, about the great trucking industry and citrus fruit growing, about the value of Sanford business property and residence property, and about the pretty suburbs just now coming into their own, about our big bond issues for new streets and sewers and the boat basin and city pier and about the many and diverse improvements already going or getting ready to go. In fact, there is not a city of the size of Sanford in the entire south that has any brighter prospects than Sanford and the visitors to the city are quick to note this and they are investing in Sanford property every day. And the people here can thank the Chamber of Commerce for the right kind of publicity and they can thank the live and enterprising business men who have ever been ready to put their shoulders to the wheel and help along every good movement for the public good. There are some here who never turned their hand over to help the town but they are in the minority and they ought to be ready now to climb in the band wagon and help blow the horn instead of standing back with the old time hammer.

This city is going ahead and it will fulfill the prediction of the Herald of TEN THOUSAND PEOPLE IN 1923 if—everybody helps to push the great things that a few patriots have been pushing for years and years. Now is the time to get together, regardless of any partisan feeling and do your part toward making Sanford great and it is your duty to become an active citizen by becoming an active member of the Chamber of Commerce. No other agency can put over the big things for Sanford except the Chamber of Commerce.

BANKS ARE BECOMING PATRONS OF PUBLICITY

More and more financial institutions are realizing that only through good publicity is there success to be found. All wealthy, progressive banks in the larger cities are firm patrons of the daily newspapers—their bills amounting to huge aggregates through the year. It pays them to carry this pro-

paganda. If it did not, there would be no continuation of the plan.

Yet more than that do large institutions endorse. They believe that even their patrons, those who are frequently carrying on a business through the aid of the bank's funds, should be good advertisers. Here is what Festus J. Wade, president of the Mercantile Trust Company, of St. Louis, says in this regard:

"When we strike at advertising, meaning, of course, efficiently applied advertising, we strike at salesmanship, and the heart of business. For the banker to do anything to retard business right now is suicide.

"When the merchant pulls down his shingle and waits for business to come to him in a buyer's market, we laugh at him, and call him a poor business man.

"When he is forced to cut down one of his best methods of selling because his banker considers advertising an unnecessary item of expense and refuses an otherwise deserved loan purely on that principle, it is my humble opinion that we should laugh at the banker, and feel sorry for the merchant.

"Don't mistake my meaning. It is a basic banking principle that a loan must be well secured, and a firm cannot borrow merely because it is a big and successful advertiser. But the fact that it is a believer in advertising and wants to use a portion of the money for that purpose should never stand in its way when it calls on the bank's credit department."

Endorsements of that nature coming from the head of an institution which has a wonderful business growth and whose standing is remarkably high, must be taken as conclusive that much is to be gained through publicity.—Palatka News.

BUILDING FOR THE FUTURE

The Herald is glad to see the good work of the City Planning Committee of the Sanford Chamber of Commerce doing such good work for the future of the city. There are many big things to do here in the way of planning the city of the future—the city of our dreams—and City Engineer Fred Williams who is chairman of this important committee knows what he wants and his committee has brought out some good ideas for the city of Sanford. There are so many big things that can be done and will be done here in the next ten years and we all expect to live that long and see the fruits of our labors and we should all work to that end that Sanford in the next ten years will be not only one of the greatest commercial centers in Central Florida but it should also be a tourist resort and one of the most beautiful cities in Florida. There is so much to work with here especially on our beautiful lake front and our beautiful suburbs and when building we should lose the commercial spirit somewhat and build even in the business district with an eye for the beautiful. Our city will sometime have new city buildings and in this respect other cities are planning new landmarks in the building line and expect to pay for their city buildings with rents as the following from the St. Augustine Record would indicate:

"Some cities, as well as people, are past masters at finance and it would seem that Charlotte, N. C., belongs in the front rank of municipalities regarding that reputation. Charlotte is proposing to erect a combined-city and county building that will pay for itself, and which will furnish ample room for the needs of public officials for a long time to come. The plan calls for a twelve story structure which provides courtrooms and necessary accompanying offices on two floors with the upper ten stories given over to forty-two offices on each floor. The plan is to rent most of these offices, but to have them available later, if needed, for the use of officials.

It is estimated that the rental from offices will not only pay the interest on the construction costs, but will retire the bonds in twenty years, and give the county an income of twenty thousand dollars per year. The part of the cost assumed by the city will be met at the same time and the city will have an income of ten thousand dollars from the building while it is paying for itself.

"Some St. Augustine people have tucked away in their minds, the plan for a community center, which will include auditorium, club rooms, and offices for city officials. They will bring this forth at the psychological moment, and meantime every plan followed successfully by other cities is of course of momentous interest. Such a plan as that outlined above is not feasible, of course, for this community, which does not go in for "sky-scrapers" still the idea is a good one for the community here to serve, and St. Augustine people studying on their own civic problem will find the plan worth reading about anyhow."

Lower Taxes Not Yet in Sight, Says Babson

STATISTICIAN REPORTS ON TAX SITUATION IN WASHINGTON FOR BUSINESS MEN AND INVESTORS

WELLESLEY HILLS, Mass., Feb. 10.—"When will taxes be reduced?" The problem is uppermost in the mind of the American business man and investor as he figures his report for 1922.

To get the answer Roger W. Babson, statistician, has spent a week in Washington studying the tax situation. His first hand findings and unbiased report is of vital interest.

"Future taxes," says Mr. Babson, "depend, in part, upon future expenditures. The figures for the past year on this score, at least, are very hopeful. Whatever criticism may be made of the present administration it must be admitted that it has exerted a continuous effort to reduce expenditures. An honest attempt is being made to introduce and operate a budget system. At the conference of Bureau Chiefs, held recently at the Continental Memorial Hall some 600 men met to affect further economy in the operation of the government business.

"Fixed charges, interest rates, and previous obligations, of course, cannot be changed, and in spite of the splendid work done to cut down current expenditures, the expenses of the government for 1922 reached a total of \$3,795,302,499.80. Nearly one billion of this amount was paid out as interest on the public debts such as Liberty Bonds and other outstanding securities in the United States; \$253,800,000 was used in pensions to soldiers, or their dependents, of the war of 1812, Mexican war, Indian wars, Civil war and Spanish American war while \$159,000,000 was paid for compensations, care and training of veterans of the world war. Approximately \$155,000,000 went for the army, and \$475,000,000 for the navy. About 50 per cent of our total expenditures go to the payment of interest, sinking funds, pensions and the relief to veterans.

"During the fiscal year of 1922, the government collected \$4,109,101,150.94. Present prospects, however, indicate that no such amount will be collected in 1923. The excess profits tax has been removed and general business is not so prosperous, and therefore will not yield as much in taxes as in previous years. To meet this situation, President Harding has earnestly requested that expenditures be cut by \$2,000,000,000 more.

"If we look at the United States government as we would a corporation, there is no cause for alarm. Expenses have increased, to be sure, but expenses have increased in all businesses. On January 1st, 1923, we had in the United States, in gold \$3,933,475,615, about 10 per cent of all the gold in the world. Of this, over three and one-quarter billion is held in the treasury mostly in the form of bullion. If we look at the ledgers, we find that 3,600,000 tax payers and 101,300 corporations contributed \$2,068,128,192.68 in 1922. While only \$256,443,587.18 was received from customs and duties.

"Further study indicates that the problem during the next few years is not one of trying to decrease the present budget, but rather of trying to hold it where it is and keep it from going much higher.

"Unless a miracle happens, some sort of bonus bill will be passed in 1924. If not passed with the president's consent it will probably be passed over his veto. This will call for a huge additional sum of money. Then there is a tremendous road building program, the proposed nationalization of coal mines and the demands upon the treasury by the Farmer Bloc.

"When I talked with financiers regarding possible measures of taxation to meet these additional expenditures and proposed increase in our national budget, the suggestions are as follows: (1) A Sales Tax. (2) A tax on light beer and wines. (3) Further customs and internal revenues. (4) Collecting from Europe the \$10,000,000,000 owed us and, (5) The Restoration of the Excess Profits Tax.

"The keener students of taxes almost universally recommend the sales tax, but politically there seems to be little chance of the new congress putting it through. A tax on light beers and wines at the present time is certainly out of the question. Both custom and internal revenue taxes are as high as the public can stand. Hence, by the process of elimination the political leaders strenuously refuse to cancel the European debt for fear of the re-enactment of the excess profits tax.

"Their fear in this regard is well founded not from a purely selfish point of view on the business man who must pay such a tax, but because of its effect on the prosperity of the whole country. The re-enactment of

such a tax would be a distinct setback to every one. Natural resources, available labor, nor even capital, is sufficient to make a country prosperous. Russia is rich in natural resources. Africa abounds in available labor, and in every country where money is cheapest business is at its worst. Prosperity is really the result of initiative courage and hopefulness. These intangible but all important forces are the result of encouraging business. We cannot get prosperity by putting a ball and chain on the enterpriser.

"Inheritance taxes may be increased without affecting business. Congress may even increase the tax on incomes from stocks and bonds without hurting the farmer, but a re-enactment of the excess profits tax, which paralyzes efficiency, enterprise and initiative would be distinctly harmful to all sections of the country and to farmers, business men and wage workers alike.

"These figures on government receipts and expenditures have a direct relation to investors. They mean that the present demand for non-taxable bonds will continue. A good many people who have their money in taxable securities have continued to hold these securities and pay a tax on them with a sub-conscious hope that some time, some day, some how, some where, their taxes would be reduced. A statistical study of the situation leads one to believe that higher taxes are here to stay, and that it will be a real feat to keep them down to present figures.

"An interest in tax-exempt securities may also be increased by a constitutional amendment preventing the sale of any more 'tax-exempts.' A resolution to this effect is before congress at the present time. If it is passed, it will go before the states for ratification. It will be a long time, however, before such a bill will get the necessary two-thirds of the states to amend the constitution. Even if enacted, it will be safest for investors to count on present high taxes continuing, even if congress has sense enough to repeal an excess profits tax."

tation may tend to bring out a rush of new issues which will have a depressing effect on the municipal bond market in spite of the strengthening tendency which many people expect.

"All this means," concluded Mr. Babson, "that the very large investors will continue to hold tax-exempt securities but there is no reason why the average investor should stampede to secure such issues. The bond crop is some crop that has never yet been known to fail. Many people believe that owing to the improved conditions, money will be much higher and that all bonds will decline in price during the next few months. This may be true, but I seriously doubt it. Altho the Babsonchart stands today at 3 per cent above normal, which would ordinarily signify that we are entering another period of inflation a statistical study strongly suggests that the present optimistic figure is only temporary. The great readjustment which started over two years ago is only about 60 per cent complete. My prediction is that bond prices in 1923 will average about the same as the bond prices in 1922, and the 'tax-exempts' will follow the general market. It will be safest for investors to count on present high taxes continuing, even if congress has sense enough to repeal an excess profits tax."

THREE ESTABLISHMENTS IN FLORIDA MAKE BASKETS AND WARES

(By The Associated Press) WASHINGTON, Feb. 10.—There were three establishments in Florida engaged primarily in the manufacture of baskets and rattan and willow ware to report the value of their products at \$5,000 or more for the year 1922, according to figures made public by the Department of Commerce. Florida ranked with Georgia in this respect.

The largest number of firms engaged in this work, were located in New York where returns were received from 51.

With the exception of Alabama where five small establishments reported, Florida and Georgia lead the southern states in the number of enterprises in this industry, even if they do have only three apiece.

### LONGWOOD

Mr. and Mrs. Delmon McWorkman and three children and Mr. Willard McWorkman of Indianapolis arrived here on Friday and are located at the Clanser cottage for the winter.

Mr. and Mrs. Twyman Hicks of Staunton, Va., arrived Friday and are the guests of their uncle and aunt Mr. and Mrs. J. T. Dinkel.

Judson Duncan of Texas spent the week end the guest of his uncle Charlie Coon.

Olive Dinkel went to Winter Haven Sunday where she is the guest of Mr. and Mrs. Sam Page.

Mrs. E. E. Haidy was a visitor in Winter Park on Thursday.

Will and Ben Stum have purchased the Dr. Walker property in West Longwood which they will plant out in orange trees.

Mr. and Mrs. J. T. Dinkel and their guests Mr. and Mrs. Hicks motored to Tampa and attended the South Florida fair.

Friends of little miss Jacelyn Clark will be sorry to hear that while in roller skates she had the misfortune to fall and break her arm.

J. E. Phipps is transacting business in Bradenton this week.

F. H. Neimyer and Mr. Short went to Tampa on Friday.

The Women's Federation Club of Seminole county met at Longwood library on Saturday where they had a picnic dinner. The clubs represented were Sanford, Monroe, Ovidio, Geneva and Altamonte.

The Women's League of Voters also met at this time.

Mr. Payne is putting up a store building next to the post office.

The Ladies Civic League held their regular monthly meeting on Tuesday.

S. E. Dickson attended the Schuman-Heink concert at Orlando last week.

C. W. Entzinger attended the county commissioners meeting in Sanford on Tuesday.

Palm Springs is more popular than ever this winter under the management of Harry Stegman.

### MISCELLANEOUS

**FOR SALE**—Wood for sale, small blocks and trimmings from the crate mill. 50: a wagon load at the mill. Fine to make your heavy wood burn well.—Shinholser's Mill. 254-e.o.d-4wp

**FARMERS**—Plenty of saw dust free at Shinholser's Mill. It's the right kind for tiling. 254-e.o.d-4wp

**BRYAN LECTURE ON THE RADIO NEXT MONDAY NIGHT**  
William Jennings Bryan will deliver an address from WDAL, the Florida Times-Union broadcasting station, on next Monday night at 8 o'clock, his subject to be Florida's Greatest Need.

Mr. Bryan is chairman of the campaign committee seeking to raise the \$250,000 in Florida for a Student Activities Building for the University of Florida in Gainesville.

The University quartet will give a thirty minute program, and radio fans throughout the state are expected to tune in for the special Monday night program.

Daily Herald on sale at Joe's Smoke House, Mobley's Drug Store and Hunt's Pharmacy.

### HOUSE APPROVES SETTLEMENT DEBT FUNDING COMMISSION PLAN FOR BRITISH DEBT

AMENDMENT TO THE EXISTING FUNDING STATUTE: AUTHORITY TO SETTLE

(By The Associated Press)  
WASHINGTON, Feb. 10.—Approval of the British debt settlement agreement was voted late yesterday by the house, 291 to 44.

One Republican, McCormick of Montana, and 43 Democrats opposed the settlement, while 237 Republicans, 63 Democrats and the one socialist member, Meyer London, of New York, voted for it.

The house vote was on an amendment to the existing funding statute which not only would specifically approve the agreement reached with the British government, but also would authorize the American debt commission to make settlements "similar, but not more favorable in terms" with the other debtor nations. The amendment will be formally transmitted to the senate today and immediate consideration by the finance committee is planned. The time of senate action, however, still is problematical.

There was no effort in the house to attach a soldiers' bonus rider to the legislation and attempts to amend it otherwise failed. Representative Hudspeth, Democrat, sought to change the interest rates to be paid by Great Britain from 3 per cent for the first ten years and 3 1-2 per cent thereafter to a flat four and one fourth per cent, but his amendment was rejected without a roll call.

Similar disposition of an amendment by Representative Rosenbloom, Republican, West Virginia, which would have provided that any claims allowed to Great Britain against the United States growing out of the war should be credited against the British debt instead of being paid in cash. It was contended that such an amendment would throw the whole matter of the debt into renewed negotiation.

Amid some jeers and laughter, the house voted down a motion by Representative O'Connor, Democrat, Texas, to recommit the legislation with instructions to the ways and means committee to add a provision that the measure could not become effective until the Hay-Pauncefote treaty dealing with the Panama Canal had been abrogated.

Chairman Fordney, of the committee, who had charge of the bill for the majority, then called for the final vote asking for a roll call to show the world, as he expressed it, "that the American congress is practically a unit behind the debt commission in this settlement."

Representative Burton, Republican, Ohio, a member of the American commission, and Representative Garrett, of Tennessee, the Democratic leader, took the lead in supporting the British settlement, while Representatives Collier, of Mississippi and Oldfield, of Arkansas, Democrats, on the ways and means committee, led the fight for the opponents.

Representative Garrett brought the members, Republicans and Democrats alike, to their feet with applause and cheers when, after attacking the Republican party for its stand on the League of Nations, he announced that he would support the settlement because of the bigness of the subject and the bigness of the hour.

In assailing the settlement Democratic opponents declared the house was without sufficient information regarding the negotiations to determine whether the terms agreed upon were the best that might have been obtained. They also attacked President Harding for naming what they said was a partisan commission to deal with what they termed a purely economic question.

### FORDS ON DISPLAY

Edward Higgins, authorized Ford Lincoln and Fordson dealer, has on display in his show room one model of each of Ford coupe and Sedan. These cars are certainly well finished, with a great many new improvements, and are the most popular closed cars on the market. He has received three car loads of cars and trucks this week, and his men are busy making deliveries on orders which have been on file.

SANFORD HIGH SCHOOL NOTES

The records in chapel are always enjoyed. On Tuesday Miss Gray played "Symphonie Espagnole" by Mischn Elman, and "Go, Pretty Rose," by Louise Homer and her daughter Louise Homer Stires on Thursday, "The Lost Chord" by Caruso and "Waltz Efta Danca" by Rachmaninoff, the great pianist.

STOPS COUGHS AND COLDS Neglected coughs and colds lead to influenza, la grippe, asthma and bronchitis, and the old method of "letting it run its course" is rapidly giving way to preventive treatment.

The Herald for first class job work. IN CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT, IN AND FOR SEMINOLE COUNTY, FLORIDA, IN CHANCERY.

RESOLUTION BE IT RESOLVED, that the City Commission of the City of Sanford, Florida, deems it advisable to improve, grade and pave with vitrified brick or other hard surface material, the following streets in the City of Sanford, Florida, to-wit:

PRELIMINARY RESOLUTION REQUIRING THE GRADING AND PAVING OF CYPRESS AVENUE FROM UNION AVENUE SOUTH TO NINTH STREET, THIRD STREET FROM SANFORD AVENUE WEST TO MAGNOLIA AVENUE, FROM OAK AVENUE WEST TO MILL CREEK AND FROM MILL CREEK WEST TO AVOCADO AVENUE, AVOCADO AVENUE FROM THIRD STREET NORTH TO FIRST STREET, SIXTH STREET FROM MAGNOLIA AVENUE WEST TO OAK AVENUE, FROM THE ALLEY BETWEEN OAK AND MYRTLE AVENUES WEST TO MYRTLE AVENUE AND FROM MYRTLE AVENUE WEST TO LAUREL AVENUE, AND SEVENTH STREET FROM MAGNOLIA AVENUE EAST TO LOCUST AVENUE AND FROM LOCUST AVENUE EAST TO MELLONVILLE AVENUE.

complete plans, specifications, profiles and estimates of said proposed improvements now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans, specifications for said work; and this commission hereby declares the necessity for doing said work on each of said streets and that this resolution is an emergency measure providing for the usual daily operation of a municipal department.

The City Commission is hereby authorized to expend for said work on each of said streets, the following sums of money payable out of any moneys available therefor, to-wit: Cypress Avenue, to be paved 16 feet in width from Union Avenue South to Ninth Street \$13,233.00

Third Street and Avocado Avenue: Third street from Sanford Avenue West to Magnolia Avenue and from Oak Avenue West to Mill Creek and from Mill Creek West to Avocado Avenue from Third Street North to First Street \$27,102.00

Sixth Street from Magnolia Avenue West to Oak Avenue, from the alley between Oak Avenue and Myrtle Street West to Myrtle Avenue West to Laurel Avenue \$6,272.00

SEVENTH STREET, from Magnolia Avenue East to Locust Avenue and from Locust Avenue East to Mellonville Avenue. All of said improving, grading and paving shall be done in compliance with the estimates for said work on each of said streets as indicated by

of eight per cent. from the date of the completion of said improvement. BE IT FURTHER RESOLVED, that this resolution is hereby declared to be an emergency measure, providing for the usual daily operation of a municipal department of the City of Sanford, Florida, and shall become effective immediately upon its passage and adoption.

Adopted this 29th day of January, A. D. 1923. FORREST LAKE, S. O. CHASE, C. J. MARSHALL, City Commission of Sanford, Florida.

NOTICE OF PUBLIC IMPROVEMENT Notice is hereby given that on the 29th day of January, A. D. 1923, the City Commission of Sanford, Florida, adopted a certain resolution requiring the improving, grading and paving with vitrified brick or other hard surface material, the following streets in the City of Sanford, Florida, to-wit:

Cypress Avenue from Union Avenue South to Ninth Street. Third Street and Avocado Avenue: Third Street from Sanford Avenue West to Magnolia Avenue, from Oak Avenue West to Mill Creek, and from Mill Creek West to Avocado Avenue and Avocado Avenue North to First Street.

RESOLUTION PRELIMINARY RESOLUTION REQUIRING THE GRADING AND PAVING OF COMMERCIAL STREET FROM PARK AVENUE TO PALMETTO AVENUE, PARK AVENUE FROM FULTON STREET NORTH TO LAKE MONROE, PALMETTO AVENUE FROM COMMERCIAL STREET NORTH TO LAKE MONROE, TENTH STREET FROM OAK AVENUE WEST TO MYRTLE AVENUE, AND MELLONVILLE AVENUE FROM CELERY AVENUE SOUTH TO S. & E. BRANCH OF A. C. L. RAILROAD.

Palmetto Avenue, from Commercial Street North to Lake Monroe. Tenth Street, from Oak Avenue West to Myrtle Avenue. Mellonville Avenue, from Celery Avenue South to S. & E. Branch of A. C. L. Railroad.

All of said improving, grading and paving shall be done in compliance with the estimates for said work on each of said streets as indicated by plans and specifications, profiles and estimates of said proposed improvements now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore approved by the City Commission and constitute the plans and specifications for said work; and this commission does hereby declare the necessity for doing said work on each of said streets and that this resolution is an emergency measure, providing for the usual daily operation of a municipal department.

The City Commission is hereby authorized to expend for said work on each of said streets, the following sums of money payable out of any moneys available therefor, to-wit: Commercial Street to be paved 16 feet in width from Park Avenue, East to Palmetto Avenue \$3,736.00

Mellonville Avenue to be paved 16 feet in width from Celery Avenue South to S. & E. Branch of A. C. L. Railroad \$7,455.00

BE IT FURTHER RESOLVED, that this resolution is hereby declared to be an emergency measure, providing for the usual daily operation of a municipal department of the City of Sanford, Florida, and shall become effective immediately upon its passage and adoption.

Palmetto Avenue from Commercial Street North to Lake Monroe \$6,970.00 Tenth Street from Oak Avenue West to Myrtle Avenue \$6,764.00 Mellonville Avenue from Celery Avenue South to S. & E. Branch of A. C. L. Railroad \$4,970.00

Commercial Street to be paved 16 feet in width from Park Avenue, East to Palmetto Avenue \$3,736.00

Mellonville Avenue to be paved 16 feet in width from Celery Avenue South to S. & E. Branch of A. C. L. Railroad \$7,455.00

BE IT FURTHER RESOLVED, that this resolution is hereby declared to be an emergency measure, providing for the usual daily operation of a municipal department of the City of Sanford, Florida, and shall become effective immediately upon its passage and adoption.

Adopted this 29th day of January, A. D. 1923. FORREST LAKE, S. O. CHASE, C. J. MARSHALL, City Commission of Sanford, Florida.

which motion was seconded by Commissioner C. J. Marshall and unanimously passed. Said resolution was then placed upon its second reading and read by title only this 29th day of January, A. D. 1923.

Attest: L. R. PHILIPS, (SEAL) City Auditor and Clerk. 2-3-10-2c

NOTICE OF PUBLIC IMPROVEMENT Notice is hereby given that on the 29th day of January, A. D. 1923, the City Commission of Sanford, Florida, adopted a certain resolution requiring the improving, grading and paving with vitrified brick or other hard surface material, the following streets in the City of Sanford, Florida, to-wit:

Commercial Street from Park Avenue, East to Palmetto Avenue. Park Avenue from end of present brick pavement at Fulton Street, North to Lake Monroe. Palmetto Avenue from Commercial Street North to Lake Monroe. Tenth Street from Oak Avenue West to Myrtle Avenue. Mellonville Avenue from Celery Avenue, South to S. & E. Branch of A. C. L. Railroad.

All of said grading and paving to be done in compliance with complete plans, specifications, profiles and estimates of said proposed improvements now on file in the office of the City Manager of the City of Sanford, Florida, which said plans, specifications, profiles and estimates have been heretofore submitted to and approved by the City Commission of the City of Sanford, Florida.
