Cold Storm Lashes Northeast

By THE ASSOCIATED PRESS
A winter storm lashed into the northeast today and scattered snow and freezing rain from Wisconsin to the Middle Atlantic states.

Blistering cold settled in behind the storm and drove the mercury down to zero or below from Montana into Minnesota.

Blizzards, heavy snow or freezing rain were in effect for parts of 14 states from Iowa and Eastern North Dakota to the Middle Atlantic region.

Four to six inches of snow fell into Wisconsin, through Wednesday. Five inches hit portions of lower Michigan. Freezing rain slicked highways south of the snow belt from Indiana into Ohio and Pennsylvania.

Cold wave warnings were issued from the Dakotas southward to Kansas and east into the middle Mississippi Valley.

Thermometers registered 18 below zero at Williston, N.D., and Glasgow, Mont., shortly after midnight.

The new cold snap was expected to end a brief spell of

Some early morning reports: Boston 21 partly cloudy, New York 23 cloudy, Philadelphia 27 cloudy, Washington 34 cloudy, Atlanta 37 cloudy, Miami 39 partly cloudy, Detroit 24 snow, Chicago 18 cloudy, Minneapolis-St. Paul -1 partly cloudy, St. Louis 27 cloudy, Kansas City 15 clear, Dallas 41 clear, Denver 20 cloudy, Phoenix 51 partly cloudy, Los Angeles 53 partly cloudy, San Francisco 44 cloudy, Seattle 37 rain, Anchorage 9 clear, Honolulu 70 rain.

SCHOOL DAYS for law enforcers are underway at Seminole Junior College with some 25 policemen, deputies and others enrolled in a 200-hour course in basic law enforcement. This is the first time a police-type course has been offered in Seminole County.

Crimefighters Go To School

By BILL SCOTT
Approximately 25 policemen, deputies and police trainees are enrolled in a 200-hour course in basic law enforcement. This is the first time a police-type course has been offered in Seminole County.

The program includes instruction in law enforcement, introduction to criminology, police administration and organization, criminal investigations and criminal law.

A 200-hour basic law enforcement program has been developed in conjunction with the regular law enforcement curriculum.

This course is required by the Florida Police Standards Council and will be offered by EJC containing 20 hours of instruction and 14 credits.

Lawyers Debate In Sirhan Trial

LOS ANGELES (AP)—Jury selection apparently will not start until Monday in the Sirhan Sirhan trial on charges of murdering Sen. Robert F. Kennedy.

Defense attorneys took up most of Wednesday, as they did Tuesday's opening session, and defense counsel prepared more for submission today.

However, Grant B. Cooper, one of three defense attorneys, said the defense and prosecution had agreed after a closed session in the chamber of Judge Herbert V. Walker—to begin questioning prospective jurors no later than Monday.

The trial had its first witness Wednesday—an expert on justice. William A. Goodwin, the

prosecution's chief witness, testified on how prospected jurors were selected. Sirhan, 24, a Jordanian who came to this country with his family as a boy, listened attentively. The second session lasted less than an hour.

Cooper argued that the list of prospective jurors should be set aside on the grounds of not complying with a "true cross section of the community."

Defense attorneys raised the possibility that motions for a mistrial or change of venue may be made. Counsel Russell B. Parsons told newsmen that the defense would be prepared to present evidence in support of a motion regarding "the saturation of publicity in this area."

He said the defense is concerned about the character of news stories in local news media.

Parsons declined to answer directly if this meant that the defense would seek to move the trial elsewhere. But he referred questions to earlier defense statements that there were few places in the world where the case had not been greatly publicized.

Would this mean a motion for a mistrial was more likely? "I would say so," Parsons replied.

Sirhan, 24, is accused of murdering Kennedy and wounding five bystanders last June 5 just after Kennedy had claimed victory in California's Democratic presidential primary election.

The slim, dark-complexioned defendant smiled and waved at his mother and two brothers as he was led into court and sat at the long counsel table. Mary Sirhan, 35, was at the rear of the room with her son, Adel, 29, and Munit, 21.

Again newsmen and the few spectators were thoroughly searched by sheriff's deputies before being admitted to the courtroom, where drapes-covered steel plates over the windows are further precautions against any attempt on Sirhan's life.

Cooper presented motions to set aside the list of prospective jurors for the trial and to quash the jury panel.

Judge Walker, as Wednesday's session ended, left rulings on both in abeyance until later in the proceedings.

Nation Honors 3 Astronauts

WASHINGTON (AP)—The nation's capital has pulled out all the ceremonial stops to honor America's latest set of heroes—the Apollo 8 astronauts.

Following a morning ceremony at the White House to receive the Distinguished Space Medal from President Johnson, Frank Borman, James Lovell Jr., and William A. Anders had an address to a joint meeting of Congress scheduled.

Air Force Col. Borman, Navy Capt. Lovell and Air Force Lt. Col. Anders became the first men to fly around another planet or satellite Christmas Eve and Christmas Day when they orbited the moon.

—Proved the soundness of the Apollo hardware and the ability of astronauts and ground crews to conduct complex deep space missions.

—Increased the stature of the U.S. space effort around the world.

The Washington ceremonies begin a hectic schedule for the Apollo 8 astronauts in the East. On Friday they will be honored in New York City with a ticker tape parade on Broadway, a luncheon given by Mayor John V. Lindsay and state dignitaries sponsored by Gov. Nelson Rockefeller.

The wives and children of the astronauts accompanied them to Washington Wednesday night from their homes near the Manned Spacecraft Center in Houston, Tex.

Since ending their lunar flight on Dec. 27, Borman, Lovell and Anders have been closeted with experts in Houston, recording all the intricate details of the mission—details intended to ease the way for other astronauts to land on the moon later this year.

The Astronauts' trip comes at a time when space agency sources were reporting in Houston, Tex., that Borman was in line for an administrative job, which would probably mean he will be precluded from future space trips.

A NASA official, while declining to deny the report, said "There is a distinct possibility that he (Borman) will assume increased responsibilities."

Borman was flight commander of Apollo 8 when it circled the moon 11 times in 20 hours, during which the astronauts: —Made a thorough photographic and visual reconnaissance of the areas over which they flew. —Mapped potential astronaut landing sites.

Cubans Race For 'Gitmo'

MIAMI, Fla. (AP)—A young Cuban refugee who braved killer dogs and machine-gun fire to reach the U.S. naval base at Guantanamo said Wednesday about 1,000 people had been killed in the past year trying to cross the fence to freedom.

The 19-year-old youth was one of 87 refugees who dashed into the base Monday morning in what is believed the largest mass escape from the Castro regime.

The man showed up at Mrs. Charles Stubbs' house, posing as a salesman, then pulled guns and told her: "We know you have at least \$5,000 and we want it."

She said she volunteered to go to the bank in hopes of finding help. One of the men went with her and the other stayed with the children, aged 3 to 21.

"I don't know what I was doing," Mrs. Stubbs said.

But all could think of was getting help for his children.

At the bank she was asking for loan officer Charles McGee, who knew her and was standing nearby. Teller Janet Harley realized Mrs. Stubbs was in trouble and called police.

Police Chief William Neil and detectives Edward Woodruff and Charles Michaels went to the bank, subdued the armed man, and arrested him.

Then the three officers went to the Stubbs house and gained entrance by posing as insurance men. But the gunman there got the drop on them and forced them to strip.

"There were three little kids and a young woman and there stood naked as a jaybird," Michaels said.

Apparently considering himself safe from pursuit, the gunman strolled out of the house into the hands of most of the city's other policemen, who had surrounded the dwelling.

Chief Neal identified the two men arrested as Ralph Seymour and Wiganman Kelly, both of whom gave Hollywood, Fla., addresses.

Intensive training on sailing and operation of sail boats has occupied district sales managers of MFG (molded fibre glass) Boat Company during their convention this week at Holiday Inn at Holiday Isle, Dick Wampler, district general sales manager reports.

The men from across the nation are taking the advanced course on the waters of Lake Monroe in order to better serve their clients at home. Harry Robson is distributor for the Central Florida area for the Union City (Pa.) firm.

Generating more and more popular with every freshening breeze, sailing offers new thrills, new excitement and new "craziness" to boating," Wampler said. "To keep pace with this popularity explosion, MFG Boat Company management decided that their sales force should have its sales meeting and seminar at the Sanford Holiday Inn and Marina.

The meeting which began last Saturday is to last until tomorrow.

DISTRICT sales managers of MFG Boat Company from across the nation are meeting in convention at Holiday Isle this week and are taking advantage of the waters of Lake Monroe for intensive instruction in the art of sail-boating.

Mom Did Everything 'Wrong'

DEERFIELD BEACH, Fla. (AP)—The mother of four children did everything "wrong" during a magnetic effects in the lunar surface that could have a distinct influence on man's attempt to land on the moon.

—Proved the soundness of the Apollo hardware and the ability of astronauts and ground crews to conduct complex deep space missions.

—Increased the stature of the U.S. space effort around the world.

The Washington ceremonies begin a hectic schedule for the Apollo 8 astronauts in the East. On Friday they will be honored in New York City with a ticker tape parade on Broadway, a luncheon given by Mayor John V. Lindsay and state dignitaries sponsored by Gov. Nelson Rockefeller.

Dean Named Law Chief

TALLAHASSEE (AP)—Gov. Claude Kirk today appointed Frederic D. Lewis Jr., dean of the University of Miami, as chief administrator of the new Inter-agency Law Enforcement Planning Council.

Lewis' primary job will be to supervise the preparation of a statewide, comprehensive plan for the improvement of law enforcement in Florida, Kirk said.

Lewis is taking a six-month leave from the University to take the post. He will be paid \$2,000 per month.

Boat Firm Meets Here

NEW YORK (AP)—President-elect Nixon will celebrate his 66th birthday tonight by flying to Northampton, Mass., for a festive dinner with daughter Julie and son-in-law David Eisenhower.

Intensive training on sailing and operation of sail boats has occupied district sales managers of MFG (molded fibre glass) Boat Company during their convention this week at Holiday Inn at Holiday Isle, Dick Wampler, district general sales manager reports.

The men from across the nation are taking the advanced course on the waters of Lake Monroe in order to better serve their clients at home. Harry Robson is distributor for the Central Florida area for the Union City (Pa.) firm.

Generating more and more popular with every freshening breeze, sailing offers new thrills, new excitement and new "craziness" to boating," Wampler said. "To keep pace with this popularity explosion, MFG Boat Company management decided that their sales force should have its sales meeting and seminar at the Sanford Holiday Inn and Marina.

The meeting which began last Saturday is to last until tomorrow.

JCs Set Annual Award For Good Government

The Sanford-Seminole Jaycees, in conjunction with Jaycees Week, again will honor an active citizen of the greater Sanford area with a Good Government Award during the Sanford-Seminole Jaycees Distinguished Service Awards banquet at the Sanford Civic Center on Jan. 25.

Nomination forms may be picked up from the Jaycees building on French Avenue or from Project Chairman Fred Leone at his office at 110 East Commercial Street. Nominees must reside in Seminole County and should have an outstanding record of service to Sanford or the greater Sanford area within Seminole County. There is no age limit for the recipient of this Good Government Award. Nominees should include a brief biographical sketch of the nominee as well as his accomplishments. No person will be considered if he is holding elective or appointive office such that he represents the state as a whole rather than Sanford-Seminole County, or the Fourth Congressional District of Florida.

All nominations should be mailed to Good Government Award, Sanford-Seminole Jaycees, c/o of Fred Leone, Project Chairman, Post Office Box 1783, Sanford. All nominations must be received prior to 3 p. m. on Monday, Jan. 20.

The 1968 and 1967 winners were County Commission Chairman John Alexander and Circuit Court Clerk Arthur H. Beckwith Jr., respectively.

The winner will receive an appropriately engraved plaque in performing good government services within his community.

The outstanding citizen to receive this award will be selected by a distinguished panel of judges whose identity will not be announced. All nominations and supporting materials become the property of the Sanford-Seminole Jaycees and will not be returned.

Boy's Locks Taken To Cabinet

TALLAHASSEE, Fla. (AP)—Alachua County school trustees claim it's up to the State Cabinet to decide whether a Gainesville High School senior can be locked out of school for refusing to cut his locks.

Board members Tuesday asked the District Court to dismiss Michael Canney's appeal because the 16-year-old student hadn't exhausted his administrative remedies.

The three-judge court made no decision on the case.

Canney was suspended and officially failed for the year because school authorities said he didn't meet the normal and acceptable standards set by the Alachua County School Board.

The boy, whose bleached hair falls to his shoulders, countered that the school "is a right to reject people who are different, instead of helping them to be tolerant of different people."

Canney, son of the state president of the American Civil Liberties Union, took his case to the state's court after one Cabinet board of Education deferred a decision on the grounds that it wasn't sure it had the right to hear the plea.

Envoy Meets

BERLIN (AP)—U.S. Ambassador Henry Cabot Lodge met today with the Soviet Ambassador to East Germany, Pyotr Abramov, in Communist East Berlin.

The three-judge court made no decision on the case.

Canney was suspended and officially failed for the year because school authorities said he didn't meet the normal and acceptable standards set by the Alachua County School Board.

The boy, whose bleached hair falls to his shoulders, countered that the school "is a right to reject people who are different, instead of helping them to be tolerant of different people."

Canney, son of the state president of the American Civil Liberties Union, took his case to the state's court after one Cabinet board of Education deferred a decision on the grounds that it wasn't sure it had the right to hear the plea.

Worship Knows No Calendar

Some select Sunday as a day of worship. Observe your Friday or Saturday. But the observance of worship knows no boundaries—temporal or spatial.

Some find their God in church. Others see him in a spring sunrise, or in a freshening meadow at dusk. Children get first kisses in an evening prayer.

Each finds peace in his own way. All place their trust in a God who is ever with us.

Why not join them? You, too, may find peace and guidance in prayer.

A-Treaty

MOSCOW (AP)—Canadian Ambassador Robert A. D. Ford today presented to the Soviet Foreign Ministry his country's ratification of the international treaty to check the spread of nuclear weapons. Canada is the fifth signer of the treaty to deposit its ratification in Moscow.

Worship Knows No Calendar

Some select Sunday as a day of worship. Observe your Friday or Saturday. But the observance of worship knows no boundaries—temporal or spatial.

Sports

Where's It At?

I should have better than to even open my mouth when it comes to predictions... the Colts have the Jets by more than 20 points the Vegas bookies are offering tonight.

Pay Attention, John

It's always most interesting whenever I can get a comment from one of the "backstage" jockeys... especially on the great friend and sports writer Fred Van Pelt.

Thanks, Rick

Sports Department
Standard Herald
300 North French Avenue
Standard, Florida

I would like to take this opportunity to thank the sports writers of the Standard Herald for their generous articles about myself and the Fighting Groundboys of Lynn High School. We are greatly appreciative and hope to live up to the reputation we have obtained from our fan and serve them this year.

NOTICE OF MEETINGS

This one is worth its weight in gold... or however much it costs to set it up in hot type.

George... I might add, "Betts Sam's brother Dale is very happy now, too!"

Well, I just couldn't envision little Ole Class B category Orlando as an example tangling with the giants of Sanford and Lynn. And Cromwell, well, I was hoping, but not giving myself much of a chance.

Beware Baltimore

Maynard, Sauer Set For S-Bowl Action

By WEL GRIMLEY
FORT LAUDERDALE, Fla. (AP) — Don Maynard and George Sauer Jr. are a far cry from the usual conception of a big, tough, tough professional football player. Yet they are two of the big reasons why the New York Jets will be meeting the Baltimore Colts in Sunday's Super Bowl at Miami's Orange Bowl.

Paterno, Money Is Not All

By WEL GRIMLEY
Associated Press Sports Writer
LOS ANGELES (AP) — Penn State's young Joe Paterno, who spurned a half-million-dollar coaching contract with the pros to stay on campus, acknowledged today he is a "corn-baller" and an "idealist."

NCAA Council Wants Only Limited Subs

By WEL GRIMLEY
Associated Press Sports Writer
LOS ANGELES (AP) — Despite charges of strong-arm tactics by the powerful NCAA council and pressure from the top brass, college football rules makers are expected to limit the number of substitutes in the new attempt to put in limited substitution, returning the game to the one-platoon system.

'A Simple Little Layup'

By THE ASSOCIATED PRESS
The loss was painful in more ways than one for the Pistons. Dave Bing, last year's NBA scoring leader, was forced to leave the game with a leg injury suffered in a multi-player collision on the boards in the third period.

Trevino Sets Sights On LA Golf Title

By BOB MYERS
Associated Press Sports Writer
LOS ANGELES (AP) — U.S. Open champion Lee Trevino, no stranger to sand putting strokes or most any other green, perfect, good or bad, isn't worried about the setting of the Los Angeles Open Golf Tournament.

Along with Trevino were such greats of the game as Billy Casper, per, the 1968 winner of the event, and three-time winner Arnold Palmer.

The setting is the 6,827-yard par 36-71 Rancho Park course where Palmer scored his victories in 1963 and successive wins in 1966-67.

Well, I just couldn't envision little Ole Class B category Orlando as an example tangling with the giants of Sanford and Lynn. And Cromwell, well, I was hoping, but not giving myself much of a chance.

Perfecta Rolls \$1963.20 As Charisma Loses

Charisma was stopped in her bid for her sixth victory Wednesday night at the Sanford-Orlando Kennel Club and the resulting Big Perfecta returned \$1,963.20.

Rollins closed the 1968 leg of his season with a three-game northward swing, losing to Augusta (Ga.) College 65-51 and Enkine College of Dow West, S.C., 60-51 before upending Mount Union College of Alliance, Ohio, 70-63 to take the consolation title in Atlantic Christian College's tournament in Wilson, N.C.

Year Of The Tie Continues In '69 NHL Competition

By THE ASSOCIATED PRESS
If a tie game is like kissing your sister it's just one smooch after another for the Philadelphia Flyers.

The Flyers had taken a 4-3 lead over the Philadelphia Flyers 4-1 and Mike Walton's goal at 2:08 forged the final tie of the evening.

Goalie Doug Favell was brilliant for the Flyers, kicking away 40 shots, while the Toronto fans booted the 44-year-old rover, who looked bad on several occasions.

Israeli Basketball: Time Outs Are Used For War

By IRA BERKOW
NEW YORK (NEA) — In America basketball teams, as in this country for eight weeks to learn about offenses and defenses. Basketball teams in Israel have a similar problem.

Each of those colleges are Israeli Catholics. In a spirit of admirable ecumenicalism, the U.S. Committee for Sports for Israel, the group which invites two or three Israeli coaches each year, included Braden on the roster.

Israelis don't always have a lot of time for basketball or other sports. They are too busy building and defending their country. There are no full-time coaches or players, but in the evening when kibbutz chores and military maneuvers are over, the 5,000 outdoor courts throughout the land.

Minibikini: World Of Debate

NEW YORK (AP) — A fashion survey by Associated Press today found scant support for the minibikini, especially among men — for an Australian rating that minibikinis measure at least two inches at the hip.

"The less the merrier," commented George Whimpey, 31, a commercial artist in New York City.

"If they have something to show off, let them go ahead," said Chuck Edmondson, 22, of Los Alamitos, Calif., a member of the University of Utah. "Anybody who complains is probably jealous or fat."

"I think they should raise the bar and turn all Australian girls with minis into a work system on U.S. beaches," said the Johnny Bennett L. Zimmer, 22, in Pasadena, Calif.

"It sounds like a rule passed by sex-starved beach inspectors," said Donald H. Anderson, 24, a sales representative of Pasadena, Calif.

Actually, the ruling made by Sydney, Australia, authorities recently has left both beach inspectors and many girls puzzled.

The inspectors were at first delighted, hoping to their job with zeal but then learned that if they measured the costume while it is on the girl they could be brought up for technical assault.

Meaned an inspector, "How

can we do our duty?"

And the Aussie girls, crowding the summertime beaches, were also dismayed. "I think it is dreadful," said Marijka Vos, 26, a 35-34-36 model. "There is no freedom left in the world."

Many American girls shared her exasperation.

Gail Burns, 22, a very slender, 5-foot-4 Miami girl said she would stick with the smaller bikini, adding, "If they would arrest me for that, I'd have to be a test case."

"If you have the figure for a

bikini, said stately Judi Daniel, 22, a reporter in Dallas, "I don't think the size should make any difference."

"It all depends on the size of your hip and the effect you want to create," said Ann Hodgson, 26, a curvaceous computer programmer in New York. "I would certainly want a great deal more than two inches on my hips."

Ingrid Meyer, 25, a Chicago secretary, agreed: "Two inches at the hip? You know that's pretty small. That's like a

string." Let me measure... That's too small. It has to be three inches."

And in Pasadena, Carol Belmont, 22, an x-ray technician, seemed to sum things up when she said, "It all depends on the size of the hips. On some women two inches wouldn't cover a freckle."

Food Bill Will Run In Billions

By THE ASSOCIATED PRESS
Americans are expected to spend \$16 billion on food this year — \$5 billion more than in 1968.

Food Engineering reports that "under pressure of the inflated distribution, food prices may rise 3 per cent by the end of 1969."

The magazine said food manufacturers planned to invest about \$1.5 billion this year "to improve efficiency and minimize the effect of rising costs on prices. The manufacturers will expect to spend 12 per cent more for better plants and equipment than they did in 1968."

The soft drink industry had an estimated \$3.95 billion in wholesale sales in 1968, or 11.2 per cent higher than the prepared statement. Mrs. Miles said, "Due to health reasons, I have had to give up the Altamonte Springs coverage. However, I do wish to thank the various organizations and publicity chairman for their wonderful cooperation and hope a future reporter will receive the same fine cooperation."

Recreational vehicles, such as motor homes, are expected to continue selling at a rapid pace this year.

John K. Hanson, president of Winnebago Industries, Inc., said "with over 2 million units now on the road, the industry is expected to sell another half-million vehicles with a dollar value of \$1.1 billion in 1969."

During the third quarter, the Commerce Department says, the vacancy rate for rental units fell to 5.4 per cent, a low for the 1960s. The situation was tightest in the Northeast, 3.4 per cent.

By 1980 it's estimated some 24 million trucks will be operating instead of 16 million, Mark Roberson, president of American Trucking Association, estimates.

"A lot of new products, and a good many old ones, will be flowing more efficiently and more profitably to more places," Roberson said.

Aliens Set To Report

Information furnished by an alien in making his annual address report to the government is confidential.

According to Robert L. Woytych, district director of Immigration and Naturalization Service, Miami, the information furnished by aliens in reporting their addresses has been declared confidential by statute.

These reports must be submitted during January each year by all aliens in the United States, with few exceptions. Forms on which to submit the reports are available at any Post Office or office of the Immigration and Naturalization Service. Persons who are unable to pick up a form because of illness, or other reasons, may have a relative or friend obtain a card for them.

The card should be returned to one of these offices. Parents or guardians of aliens under 14 years of age are required to submit reports for such children.

There are 3.7 to 5 million displaced men and women in the United States who could be rehabilitated into employment, according to the U.S. Social and Rehabilitation Service.

Yank Casualties Reflect Lull In Ground War

SAIGON (AP) — U.S. casualties in Vietnam last week were the lowest in 11 weeks, reflecting the continuing lull in the ground war. South Vietnamese and enemy casualties also were considerably less than the week before.

The U.S. Command announced today that 101 Americans were killed in action last week and 309 were wounded, the lowest American casualties since the week of Oct. 13-18, 1961, to 30,844 killed, 109,526

were wounded and 1,326 missing or captured; in those eight years, the U.S. Command said, at least 611,726 of the enemy have been killed.

In the seven and a half months after the preliminary peace talks opened in Paris on May 13, a total of 7,692 Americans, 9,020 South Vietnamese military personnel, and 83,189 Viet Cong and North Vietnamese were reported killed.

Despite more than 100 allied sweeping operations under way throughout South Vietnam, only fleeting and scattered contact with Viet Cong and North Vietnamese forces was reported again today.

The sweeps continued to uncover significant enemy stocks of food and weapons. One U.S. air cavalry unit bagged eight bicycles in working condition northeast of Saigon.

Harassing Viet Cong mortar and rocket fire fell on two provincial capitals, a district town and an American artillery camp during the night, military authorities reported.

They said damage and casualties were light.

The shelling was in line with the Viet Cong's recent strategy: a hit-and-run war of attrition while avoiding major risks or battles.

Their targets were the highland city of Kontum, the district town of Lai Thieu eight miles from Saigon and a U.S. 25th Infantry Division camp in rubber plantation country about 40 miles northwest of Saigon.

Miss Moses, T. B. Machnik Nuptial Mass Unites Couple

Miss Barbara Ann Moses of Ft. Lauderdale became the bride of Timothy B. Machnik of Hollywood at a 4 p.m. wedding ceremony and Nuptial Mass conducted by the Rev. William T. Keane on Saturday, Dec. 28, 1968 at All Saints Catholic Church in Sanford.

The bride is the daughter of Mrs. Higgins Moses of Sanford and the bridegroom is the son of Mr. and Mrs. Bernard Machnik of Hollywood.

For the candlelight double ring ceremony, the high and side altars were banked with white Full chrysantheum flanked by four standing brass candleholders with white cathedral tapers.

Palm trees used throughout the church, and the family pews were marked with white satin ribbon.

Organist Mrs. F. E. Rosenthal played "O Perfect Love," "Whisper Thou Sweet" and traditional wedding marches, and soloist Miss Joyce Hetsel sang "Ave Maria" by Franz Schubert.

The bride was given in marriage by Michael W. Moses, her brother. For her wedding, she chose a formal gown elegantly designed, of candlelight pastels, with ivory applique and imported Chantilly lace sprinkled with tiny pearls. The gown featured a scooped neckline and lace ruffles on

the elbow length sleeves of an Empire A-line silhouette. Her chapel train was bordered with scalloped Chantilly lace.

The bride's three-tiered collar length bouffant veil, held by a band of pearls, was trimmed with pearls and lace. She carried a cascade of polka roses and natural green foliage.

Matron of honor was Mrs. Gary P. Sanderson, cousin of the bride. Mrs. Sanderson wore a floor length moon green tulle gown in a full-skirted modified Empire silhouette. The bridesmaids wore a ruffled plumer neckline and bracelet sleeves.

Her bridesmaid was of matching moire double bows fastening the skirt, and the family pews were marked with white satin ribbon.

Centering the serving table was a cascading arrangement of white Full chrysantheum and yellow roses. Punch was served from two silver punch bowls.

Assisting with the serving were Mrs. John W. Williams, Mrs. George A. Spear, Mrs. Henry Wright, Mrs. William J. Lettler, Mrs. Wally Dietrich and Mrs. John E. Higgins Sr., Mrs. W. E. Dodson, Miss Ellen Beta, Miss Dorothy Powell, and Miss Martha Wright.

For the couple's wedding trip in the West Coast of Florida, the bride chose an emerald green double knit wool dress, sleeveless, with princess lines above a pleated skirt. A long sleeved hip length jacket completed the ensemble.

The couple will reside in Fort Devos, Mass.

Out of town guests were Mrs. W. Horace Williams of

Have An All-Star Birthday Using Signs Of The Times

The signs of the Zodiac are signs of the times. You use them everywhere these days. And what a perfect setting they make for a birthday celebration! Take advantage of this cosmic craze, and have a horoscope party for the next birthday on your list.

Set up a birthday bar with both the food and the decorations following the astrological theme. Have lunar sandwiches, starchy caponata, and soup in a bigureen with the birthday party's sodas sign.

It's wonderful if you have one ready-made, like a fish cake or a pie, but you can make a beauty yourself with a straight-sided kettle or casserole covered in colored foil.

Just paste on a paper fish or a ram for Arles, or a bull for Taurus. If you don't already know the sodical signs, almost anyone can tell you these star-gazing days.

Everybody serves himself at a birthday bar, which makes for comfortable guests and a relaxed hostess. The sandwiches and cakes can be as simple or elaborate as you care to make them. The soup should be a sensation.

You'll find it so easy to make a really spectacular soup, you'll think you, too, were born under a lucky star. All you need is some canned condensed soup, a few extras, and simple recipe.

Chili beef soup, blended with

- 8 tablespoons butter or margarine
 - 1 can (10 1/2 ounces) condensed chicken & stars soup
 - 1 soup can water
 - 1 cup snipped watercress leaves
 - Brown ham and mushrooms in butter; add remaining ingredients. Heat; stir now and then. Make 2 to 3 servings.
- CANCELLATIONS!**

Couple Celebrate 50th Anniversary

Mr. and Mrs. Turner Lodge celebrated their 50th wedding anniversary Sunday, Dec. 29 at the home of their daughter and son-in-law, Mr. and Mrs. Boyd Galletta, 1380 Summerlin Avenue.

The floral arrangements were gold and yellow chrysanthemums and yellow roses.

Centering the refreshment table was a four tiered cake with a gold "50" on the top tier. The cake was also decorated with gold roses and gold ribbons.

Also Mrs. Frank Bailey of Cocoa; Mrs. Lois Ragan of Apopka; Mrs. Ernie Jamison and Mrs. Ed Brown, both of Ormond Beach; and Mrs. Joe Goodson of New Smyrna Beach.

Unable to be present was the couple's other daughter, Mrs. Bill Locke, Mrs. Mary Noon, Mrs. Michael Rotundo

PERFECTLY AT HOME

NEW YORK (ID)—Most fashion designers agree that the one place every woman is entitled to wear pants is at home. Ergo, this season's at-home and holiday pants costumes add up to the longest-yet list of entertaining ideas.

One favorite is the one-piece jumpsuit, also called the hostess culotte or hostess pajama. Some of the unbelieved versions are sold with matching loose robes.

Another flattering leisure costume is the tunic of short, medium or long length with

Supposing, no matter what, you'd rather feel leisurely in something other than pants? Or, suppose your husband doesn't like you in pants? You can look just as wonderful slinking around in a long hostess shift—say, one that's slit to the knee on the side and leaves your arms bare for bracelets! Also different from pants and perfect for the feeling that you're curled up with a look-is-the-long-and-slinky lounging cardigan. It looks its most wicked in black, buttoned from a V neckline to the hem.

No one word sums up what fashion is all about—extravagance, least of all. Rather, it's about different looks and a few hoodlums. All There Is To Fashion, it is well worth the reading. Published by the Consumer Service Division of the IJGWU, it is available on request to the Union Label Department, IJGWU, Box 608, Radio City, New York, N.Y.

All in all, home is where you can look any way you like, and be more daring, if the fitted and others are sashed. A wide jeweled belt is the glitziest accent often replacing a sash—and you can also expect to see it on certain jumpsuits.

MRS. TIMOTHY B. MACHNIK

Sarasota; Mrs. Grella Higgins, both of Tampa; Mr. and Mrs. Fred Bisset of Miami; Mr. and Mrs. James Werlein, both of East Troy, Wis.; Mr. and Mrs. K. Bonzymowski, all of Milwaukee, Wis.; and Mr. and Mrs. W. H. Wright III of Texas.

Also Miss Elaine Ellison and Donald Sanderson, both of Miami; Mr. and Mrs. Charles Daley of Tallahassee; and Mrs. Mona S. Nutt of Texas.

SHERRY LYNN WALTZ Engagement Announced

MR. AND MRS. EMMETT J. WALTZ of Lake Charm Circle, Oviedo, announce the engagement of their daughter, Sherry Lynn Waltz, to Philip Arthur Parker, son of Mr. and Mrs. Arthur Parker of Tampa.

Miss Waltz was born in Indianapolis, Ind. She attended Oviedo High School, and she is now a senior at the University of South Florida, where she is majoring in Elementary Education.

Mr. Parker, born in Providence, R. I., attended Colonial High School and Orlando Junior College. He is presently employed through the International Brotherhood of Electrical Workers.

The wedding will take place in June, 1969, at the First United Methodist Church of Oviedo.

WOW! IT'S NICE TO BE REMEMBERED

My personal thanks to the many fine customers who remembered my men's Xmas time. We also thank those who year-long "kept it dry" by having LIDS on tight. Special thanks to those who place their containers at our side.

Government Salary Changes

POSITION	President	Vice-President	Speaker	Congress	Cabinet	Appointed Officers	Chief Justice
1968	\$200,000	175,000	150,000	100,000	80,000	60,000	40,000
1969	\$210,000	185,000	160,000	110,000	90,000	70,000	50,000
1970	\$220,000	195,000	170,000	120,000	100,000	80,000	60,000
1971	\$230,000	205,000	180,000	130,000	110,000	90,000	70,000

Washington predicts how much a long way since the founding of the Republic and they'll take the biggest jump yet if the new Congress approves current proposed increases. Table shows federal salary levels in key administrative posts. George Washington in 1792. Members of the first Congress were paid per diem rather than annual salary.

Peace Talk Snag Analyzed

PARIS (AP) — American officials are convinced by a combination of the practical and the political that the North Vietnamese are not serious in their offer to negotiate a peace settlement. The North Vietnamese and the Viet Cong's National Liberation Front have the role of negotiators, including the development of a peace plan in their own camp. That plan is expected to be unveiled before Washington and Saigon can put forward new proposals.

The United States wants to continue the debate with the North Vietnamese by getting the talks started quickly. This attitude calls for the practical approach to the war of the intelligence help.

The Paris case, the practical Americans essentially signed a confession of wrongdoing and publicly denied it at the same time.

In Paris, the United States again seems eager to take the practical approach in order to get everybody to a conference table. Once there, the Americans would affirm publicly — as they have all along — that they still adhere to the concept that there are two sides and not four in the Vietnam War.

The Americans have had no formal or informal contact with the North Vietnamese since Jan. 2. The prospects for the opening of peace talks in the immediate future are dim.

Even after the inauguration of President-elect Nixon on Jan. 20, the chances are that it will be some time before the two sides can get down to the business at hand, informed sources say.

Solons Aiming For House Seat

WASHINGTON (AP) — Chasing opposition to his conservative record, Rep. Don Fuqua withdrew Wednesday as a candidate for the House Ways and Means Committee in what he said an attempt to improve the chance of another Florida Democrat in getting the seat.

Fuqua bowed out in favor of his more liberal colleague, Rep. Sam Gibbons. He said Gibbons would give his full public endorsement at a meeting of the Florida delegation today.

"This has been no light decision, and I do so because I feel that it is vital to our state that we have a Floridian on this committee," Fuqua said.

Both Fuqua and Gibbons have been campaigning for the vacant committee seat for several months. In explaining his withdrawal, Fuqua told newsmen "there is a group in the House determined that a man with my conservative voting record not be elected."

The withdrawal was an act of "real statesmanship," said Gibbons, who attended the news conference called by Fuqua.

Rep. Bob Sikes, dean of the Florida delegation, had suggested that one of the two men give up their candidacies to prevent a divided Florida campaign.

Florida was represented on the Ways and Means Committee for some 14 years by Rep. A. Sydney Herling, who did not seek re-election. Prior to the end of Congress, Herling resigned his seat on the committee and Rep. Omar Burleson, D-Texas, was chosen.

The seat now open on the committee became vacant when Rep. Frank Karsten, D-Mo., retired from Congress at the end of the last session. The Democratic caucus is expected to meet next Wednesday to select Karsten's successor.

Florida is particularly interested in a post on the committee because, in addition to the loss of Herling's seat, the state has lost representation on the Senate Finance Committee through the retirement of Sen. George A. Smathers.

Mrs. Lester K. Sullivan, D-Mo., said last week that none of the Missouri Democrats would seek the Karsten seat unless she decided to do so.

She said she did not want the post because she would have to give up her third ranking Democratic position on the Banking and Currency Committee.

Mrs. Sullivan said she would seek the seat if the Florida delegation backed Fuqua. She said she and other more liberal members could support Gibbons.

His selection by the Florida delegation then apparently would preclude her being a candidate.

Youth Corps Abuse Aired

WASHINGTON (AP) — A large number of young people who haven't qualified for federal job training funds have been enrolled in a California Neighborhood Youth Corps program, say government investigators, who only last week disclosed similar abuses in Detroit's NYC project.

The General Accounting Office, auditing work of Congress, said examination of the work-training NYC program in Los Angeles County revealed that some youngsters didn't meet federal criteria, and that the eligibility of still others could not be determined because of inadequate records.

Last week, the GAO reported that federal funds had been handed out by the Neighborhood Youth Corps project in Detroit to hundreds of youngsters, including high school pupils and some college students, who didn't qualify for the assistance.

Grants to finance Neighborhood Youth Corps programs are allocated by the Labor Department, which also sets the eligibility requirements.

The NYC project is designed to provide job training for young people from low-income families, and is aimed especially at high school drop-outs. It also includes an in-school program which attempts to snap youngsters from dropping out of school.

Through last June, the Labor Department had awarded 4,000 contracts to agencies across the country under the 4-year-old program, obligating a total of \$1 billion in federal funds.

Of this amount, said the GAO, \$24.4 million went to the Economic and Youth Opportunities Agency, official antipoverty organization of Los Angeles County, which in turn channeled money to cooperating organizations.

In addition to citing participation by ineligible youngsters, the 166-page GAO report said some youngsters didn't meet federal criteria, and that the eligibility of still others could not be determined because of inadequate records.

Last week, the GAO reported that federal funds had been handed out by the Neighborhood Youth Corps project in Detroit to hundreds of youngsters, including high school pupils and some college students, who didn't qualify for the assistance.

YOUR LOCAL FILLING STATION.

Why often you hear people sanctimoniously talking about "Heaven of God." And they're right! Because that's just what those places are — Heaven. Buildings. And they are no more "heavenly" than the outside acts of the people who use them.

In fact, it might be a lot better if we thought of our church or synagogue as a spiritual "filling station" — a place not sheltering us from the world, but giving us the fuel to go out into the world.

This week, in your church or synagogue, don't just sit down. Think about how far you can go during the week on the spiritual fuel you're taking in.

Could you be doing something, for instance — no matter how small — about the spray of our cities? (You could touch a Head Start class, for instance.)

Could you right a wrong? Could you be strong enough to take a stand on a moral issue of the "present" — one that would be to remain silent?

Could you do a simple act of kindness with no hope of return, for the most unloved person you know?

This week, don't let your Faith fill.

Stop on the gas.

Show your gas bill? Write for free booklet, "The Turning Point: Religion in American Life, 1844-1964," New York, N.Y., 1965. Printed on a public service.

Kiddieland Returning To Sanford

Sanford Downtown We Care Merchants will sponsor a Kiddieland Carnival again this year, Sid Vihlen Jr., president, announced following a business meeting of the group Wednesday.

"Due to the outstanding success of our first such promotion last year, we feel this year's carnival will draw much more attention and will receive fine participation throughout the area," Vihlen stated.

The event is slated Jan. 21-25, 2:30 until 9 p.m. daily all day on Saturday, and will be located on the city parking lot at the Chamber of Commerce Building in downtown Sanford.

Area merchants have advanced children's tickets available upon request at any of the stores. With those tickets, rides will be reduced from 25 cents to 15 cents, Vihlen pointed out.

Ralph Cowan, chairman of the attraction, advises that all businesses will feature special discounts on merchandise during the week in conjunction with the event.

Of interest to all ages, the carnival will feature eight rides, four suited for adults and other youth and four specifically for the kiddies. There also will be games and amusements and refreshments will be available, Cowan points out.

In his statement to the Herald Vihlen stressed that the carnival is "not a sales promotion as much as it is a public relations effort directed to the downtown trade area."

Dear Abby: By Abigail Van Buren

Dear Abby: Last week I read your column and I was so glad to see you. My girl friend's son promised to drive on time, and today my son took me to the church for the Christmas celebration. So I took down a few things and then I got stuck on I can't get down to work. Then I went off and forgot all about it, and besides I just wasn't in the mood to do much of anything.

In a while my mother came in and very politely told me that I wasn't going to the party. Do you think that I was this punishment for what I had done? I was PROMISED, and she went back on her word.

Now my girl friend is mad at me because I spoiled all her plans for the party. I had to read your column, so I wish you would put this in with what you think of mothers who go back on their word.

Thank you. **PUNISHED**

DEAR PUNISHED: The punishment should fit the "crime." Your mother should have ordered you to "get in the mood" for a little more. After this showing on the home front, or getting you. My girl friend's son promised to drive on time, and today my son took me to the church for the Christmas celebration. So I took down a few things and then I got stuck on I can't get down to work. Then I went off and forgot all about it, and besides I just wasn't in the mood to do much of anything.

Horoscope Forecast

FRIDAY, JAN. 16, 1969

GENERAL TENDENCIES: A whole new plan in conjunction with a very influential person can bring you outside that best serve your purpose. Be sure to let others see you mean to forge ahead in happy accord, and with the advance can come a true meeting of minds.

ARIES (Mar. 21 to Apr. 19): Talk seriously with your associates what can be done to make present projects work more successfully. Those who are opposed to you can now change their attitude. Why be so belligerent?

Taurus (Apr. 20 to May 20): A fine day to complete all chores that are exclusively your own and require concerted effort. Be more tolerant and thoughtful of underlings. Your health needs some attention.

GEMINI (May 21 to June 21): Be with charming persons who bring out your finest qualities. You have fine talents to put forward and do not let personal delight and satisfaction.

Jacoby On Bridge

Today's column will discuss the correct answer to yesterday's "Card Sense" bidding question. It involves the "Grand Slam Force."

Ely Culbertson invented this bid in 1918 and named it after his second bid and the highest of it because the bidder of that day wasn't ready for it. Today it is in general use throughout the world. Specifically, it is a trump bid designed to ask partner how good his trumps are.

North merely bids two clubs in response to his partner's spade opening because he wants as much room as possible to maneuver. He can't jump to three spades as his second bid and the highest of it because the bidder of that day wasn't ready for it. Today it is in general use throughout the world. Specifically, it is a trump bid designed to ask partner how good his trumps are.

North merely bids two clubs in response to his partner's spade opening because he wants as much room as possible to maneuver. Specifically, it is a trump bid designed to ask partner how good his trumps are.

Jacoby and Son

responding to this convention but the most approved method is that the more you bid, the better your trumps. South has openings and bid and rebid hearts so that North is entitled to assume he has five spades and at least one of the three top honors. Six clubs would show this one honor and nothing more, six diamonds shows a top honor plus something extra. It might be a sixth trump but in this case it is the Jack. With slightly better trumps South would respond six hearts, with king-queen sixth or king-queen-jack fifth he would bid six spades while with anything better, he would jump right to seven spades.

North knows that the queen of spades is missing and his bid is a warning to guard against a very bad spade break.

There are many ways of responding to this convention but the most approved method is that the more you bid, the better your trumps. South has openings and bid and rebid hearts so that North is entitled to assume he has five spades and at least one of the three top honors. Six clubs would show this one honor and nothing more, six diamonds shows a top honor plus something extra. It might be a sixth trump but in this case it is the Jack. With slightly better trumps South would respond six hearts, with king-queen sixth or king-queen-jack fifth he would bid six spades while with anything better, he would jump right to seven spades.

LEO (July 23 to Aug. 21)

You need some specialized information and should go after it now in a very direct and positive manner. Set up appointments and deadlines, etc. Remember that good looks go a long way.

VIRGO (Aug. 22 to Sept. 22): Plan how to intelligently bring more abundance your way, but be very ethical. Get advice from wise persons in business channels. Stop being so lackadaisical — be positive in thought and act.

LIBRA (Sept. 22 to Oct. 22): Do whatever will make you more charming and then impress others favorably who can extend favors to you. State your ideas and get support for them. Accept social invitations that are good for you.

SCORPIO (Oct. 22 to Nov. 21): Next to being romantic, your greatest hobby is to work out puzzling situations to a logical conclusion. You are also able to secure help you need from others. However, you must be diplomatic.

SAGITTARIUS (Nov. 22 to Dec. 21): You can trust good pals to come through with ideas and backing. Do so right at this time. They carry through with plans you have in mind. You have a wonderful friend who now needs to be shown devotion. Do so.

CAPRICORN (Dec. 22 to Jan. 20): Use your charms with persons in high position, especially the government. They get so much of the other. Do nothing to jeopardize present image. Don't lose your temper.

AQUARIUS (Jan. 21 to Feb. 19): Doing whatever will make your influence really felt in the right place is wise now, and don't hesitate to use clever new methods. A new friend can give excellent advice. Follow it to best advantage.

PISCES (Feb. 20 to Mar. 20): You may have to do some work over again, but this is to your advantage, so get busy and do it. You must reach to establish more harmony with others, so agree to their wishes. Be gracious about it.

IF YOUR CHILD IS BORN TODAY . . . he or she will have such a delightful manner that others very quickly extend favors, but you must reach to work for what is wanted, otherwise the fine promise in this chart will be lost. Discipline the mind early, also, by giving good ethical and spiritual training. The arts, the theater fits here.

"The Significance" they do not compel." What you make of your life is largely up to YOU!

Beauty after Forty by Edyth Thornton McLeod

The wedding gown for Grace Kelly, Princess of Monaco, is on display in the Philadelphia Museum and gets more attention than any other display. The creative woman who designed and created the gown made lasting beauty and made history in Helen Rose. A mature woman, Helen Rose continues her creative career and has just had a dramatic showing in New York.

Before Helen Rose designed for herself, she did movie wardrobes both on and off the screen. In her record are 232 important films when under studio contract. Eleven times nominated for the Academy Award, Miss Rose has the distinction of having twice won the much coveted "Oscar."

"Designing Woman" was the story idea of Miss Rose, a success in a highly competitive field of design. Helen Rose did it by hard work, and talent, and a firm resolve to create the type of clothes in which she believes. I quote her, "In an age that seems to

Lost & Found

MARIETTA, Ohio (AP) — Police specialist automobile gas tank filled with gasoline, on a city street.

They were carrying the tank on the curb — a mistake, or the car — reported a car stalled on the outskirts of town. Police located the stalled car and found the driver checking the car engine for possible trouble.

Officers checked the driver of the car and informed the motorist his gasoline tank was missing.

So who answered the call? Heidi DuBock.

Miami's Back

MIAMI (AP) — Officials of National Guard a training Co. which engaged veterans by cutting off a professional football game to show "Miami" last month were interviewing fans for a temporary job as secretary for next Sunday's Super Bowl.

Plans OK Is Delayed

A probable 30-day delay in final adoption of the comprehensive plan for Seminole County has been occasioned by the effort of the Board of County Commissioners to comply with the latest planning and zoning law. Zoning Director Robert Brown told The Herald today.

The plan will have to be scheduled for hearing by P and Z and then scheduled for public hearing by the county board.

Commissioners will meet with the P and Z board tonight to relate their thoughts on the plan as presented.

The Board yesterday in compliance with the law reconstituted the board and designated the new advisory unit to have seven members rather than five.

Named to the board were Glenn McCall and Richard W. Hanks to three year terms and A. K. Shoenmaker Jr., Andrew Stanko and Raymond Ball to two year terms. Members for a three and a four year term are set to be appointed. After the initial appointments all members will serve on the P and Z Commission for four year terms.

Like Father . . .

LOS ANGELES (AP) — Edmund G. Brown Jr., son of the former California governor, is taking the plunge into politics. The 30-year-old Brown, an attorney, said Tuesday he will run for the junior college board in next April's elections.

The job sought by Brown, a Democrat like his father, is non-partisan.

Source Of Rivers

PENACOLA (AP) — D. Burke Kibler III of Lelandale, unanimously chosen chairman of the State Board of Regents after the balance of power shifted to supporters of Gov. Claude Kirk, says the university board will not get enrolled in politics.

Source Of Rivers

DENVER (AP) Six of the west's major rivers rise in Colorado — the Colorado, the Rio Grande, the Arkansas, the North and South Platte and the Republican.

Mothers Fight School Books

Board Orders Probe

By BILL SCOTT

Yesterday's meeting of the Seminole County School Board was deluged with mothers protesting the use of certain supplemental reading materials and the teaching of sex in the public schools.

Representing two separate positions, the mothers hit at the use of books, magazines and periodicals published under the Scholastic Scope banner and used in the English department of county schools.

Displaying arms filled with the literature, the mothers, headed by Mrs. Jean Mueller and Mrs. Jeanette McKinley, of South Seminole, read aloud from the material that contained words glorifying death, suicide, atheism, violence and un-American statements directed from the Great Lakes to the northern Appalachians, in the Vietnam war.

Reaction of the School Board was pronounced with Chairman John Evans directing John Angel, superintendent of schools, to look over the magazines and other written material used in the English program and to have staff evaluate the U.S. involvement in the Vietnam war.

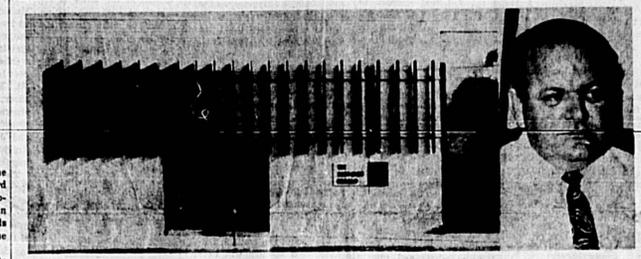

Carlton Henley, Lyman High School principal, objected to the possible censorship, asking, "How far are we going and where do we stop?"

Most of the objectionable material has been used at South Seminole Junior High School and one of the women read aloud an advertisement advising young men how to avoid the draft.

Another of the magazines lauded the wonderful USSR (Russia) and purported to list young people "we need in our 8th USA, referring to United States of America."

A second group headed by Mrs. Elizabeth Piazza, of Forest City, protested the sex education courses being offered at Lyman High, Seminole Junior High, and English Estates schools.

Mrs. Piazza said she represented the Citizens for Moral Education in Central Florida and asked the School Board to delete the sex courses because "it destroys rather than builds moral character. It is against religious beliefs and if you do not see fit to go along, we are prepared to go door-to-door in a blank banner."

PURCHASE of the building formerly occupied by The Sanford Herald at 204 West First Street was announced today by Architect John A. Burton IV, who said the straight-check transaction would be consummated today with Walter A. Gielow, Herald publisher. Burton (right) said he would announce in about two months future development of the structure, which housed The Herald for 10 years. The Herald moved into its new facility at 300 North French Avenue on July 4, 1966.

Board OKs Pelham Absences

Seminole County School Board yesterday approved request by Dan Pelham, assistant principal at Sanford Junior High, to take leaves on those days he attends meetings of the Seminole County Commission.

Pelham, elected to the commission in November, asked for personal leave for 25 days to attend the commission sessions usually held every Tuesday.

The School Board, after some deliberation, gave permission but cautioned both Pelham and Supt. John Angel to keep the situation under control and see that the school system does not suffer.

School Board will dock Pelham's salary on the days he does not work and also approved using an apprentice training program to replace Pelham on the days he cannot serve.

In another action, the Board okayed a request by Angel and a recommendation made by the Board of Trustees to elevate Fred Taylor, assistant South Seminole Junior High principal, to principal, succeeding Angel, who was elected in November to post of county superintendent of schools.

In other actions, the board approved final plans for Spring Lake school.

Okayed having a structural survey made of West Side Grammar School to determine if school is sound.

Approved lease agreement with Ford Motor Company for tractors and equipment.

Bone-Chilling Blast Heads South

By The ASSOCIATED PRESS

The bone chilling winter blast of arctic air that spread over the nation's central and eastern sections Thursday held its grip on those areas today and began an onslaught southeastward along a line from Cape Hatteras to northern Florida.

The rough winter weather continued to plague the northern half of the country and the central states with temperatures in the teens as far south as Oklahoma, Arkansas and Tennessee.

The frigid arctic air which has spread across the Appalachians and into the northeast put cold wave warnings into effect this morning for West Virginia and western Maryland with predictions of sharply dropping temperatures.

Following the arctic air are snow squalls and gales spreading from the Great Lakes to the northern Appalachians. This winter set in the long series of late storms is dumping more snow on the Northeast, already suffering under totals that range from 33 inches at Marquette, Mich., to 17 inches at Green Bay, Wis., and 14 inches at Supt. John Angel to keep the situation under control and see that the school system does not suffer.

School Board will dock Pelham's salary on the days he does not work and also approved using an apprentice training program to replace Pelham on the days he cannot serve.

In another action, the Board okayed a request by Angel and a recommendation made by the Board of Trustees to elevate Fred Taylor, assistant South Seminole Junior High principal, to principal, succeeding Angel, who was elected in November to post of county superintendent of schools.

In other actions, the board approved final plans for Spring Lake school.

Okayed having a structural survey made of West Side Grammar School to determine if school is sound.

Approved lease agreement with Ford Motor Company for tractors and equipment.

Annexation Vs Incorporation Or Stay 'As Is'

By JOHN SPOLAKI

The first in what probably will be a series of "Town Meetings" was attended by more than 275 residents of Lake Mary last night at the Lake Mary School auditorium where a panel of speakers discussed Sanford annexation versus incorporation, or to stay "as is."

Serving on the panel, which accepted written questions from the floor, were Harlen Hanson, chief of the Orange-Seminole Osceola Joint Planning Commission; Randall Chase, local resident of Lake Mary and prominent Sanford businessman; Attorney S. Joseph Davis, and the mayors of North Orlando and Sanford, Clifford Jordan and Lee Moore, respectively.

During the two-hour meeting, the speakers presented varied views on all three points as well as fielding profound questions from the area residents.

Davis cleared the air when he replied, "Yes, Lake Mary could be annexed to Sanford, providing that the land in between the current boundaries was also annexed and that it (Lake Mary) be contiguous to Sanford. And most importantly, that both parties show an interest to proceed with annexation."

"I would be glad if you could keep Lake Mary just as appealing and lovely as it is," said Hanson, "but, with all of your natural appeal, people will want to live here. You're right in the path of commercial development, along with a residential increase... it's going to change and get larger. What has to be done now is to decide on what services you want and make the proper advance planning to accommodate the growth pattern."

Randall Chase proposed a special tax district, where when problems warrant it, a special assessment could be levied to handle the items, whether they were fire or police protection, or street improvements, etc. All of the money collected via this assessment would be used solely for that purpose and the taxation would rise and fall, depending on the needs of the community.

North Orlando's Mayor Clifford Jordan cited that Lake Mary's current position is similar to those shared earlier by the residents of North Orlando. "There are pitfalls. But basically, you have to decide what you want in services and whether you want to be governed by a city or county government. As far as I'm concerned, a city form of government is better because it's closer to the people as compared to the county type which doesn't have the flexibility. They usually have to clear things through Tallahassee," said Jordan.

Lee Moore, mayor of Sanford said, "Of course, Sanford is interested in Lake Mary. But, we're not interested in forcing anything on anyone."

"You people should resolve your own problems. You make up your mind and Sanford will be glad to help you out. Remember, if an area doesn't grow... then it'll die," added Moore.

It was further stated by Moore that it's "easier and less expensive to add a platoon to one of the finest police departments in the entire state than it is to start a department from scratch. And the same applies to fire and water departments."

William J. Warricke served as program chairman and moderator for the meeting.

Migrant Panel To Meet Here

Sanford will be the scene beginning Jan. 15 of a two-day session of the Interstate Opportunity Panel set up by the governors of New York and Florida in the aftermath of migration patterns starting at Rochester, N.Y.

The group will be housed at Holiday Inn, according to Don Rathel, Sanford Industrial Commission director, who disclosed the scheduled meeting. Rathel said approximately 20 to 25 persons are expected to arrive here from New York and Florida, pointing for the conference, which will last from noon Jan. 15 until noon Jan. 16.

The Florida contingent will be headed by Gov. Claude Kirk's personal representative, James A. Bax.

Alton Marshall, secretary to Gov. Nelson Rockefeller, will head the New York delegation. Sanford Mayor Lee T. Moore will welcome the representatives, Rathel added.

This will be the third meeting of this group, the first occurring here on May 16, 1968, followed by a New York session last July.

"HOME OF THE GOOD GUYS"

UFOs Said Not To Carry Visitors From Outer Space

WASHINGTON (AP)—Detailed University of Colorado scientists reported Saturday that they have concluded that the government possesses extraterrestrial spacecraft and that their crews in secret captivity are being "transmuted" into human beings.

The scientists charged that the government has attempted an official cover-up of the flying saucer matter, "in fact, a deliberate attempt to influence the course of our study."

"When it became clear that these would fail, CIAAP at once ordered the Colorado project to be abandoned without a word," the report said.

The scientists presented 35 cases where UFOs were photographed, or appeared to have been.

Nine were said to give evidence of "probable fabrication" seven of possible fabrication, seven were classified as natural or man-made phenomena and 12 provide insufficient data for analysis.

None proved to be "real objects with high strangeness." Since the Air Force's Project Blue Book began investigating "flying saucers" in 1947, there have been 12,000 UFO sightings, 877 of which remain "unidentified."

The scientists said their main strategy was to not make any use of the old Air Force interviews and press clips of UFOs while focusing on their own independent observations and analysis of UFO incidents during the time of their study.

In detailed, sometimes highly complex, sometimes highly complex studies of 20 UFO reports, recounted the history of UFO sightings, looked at UFO activity programs in foreign countries and focused on 20 years of past U.S. study of UFO phenomena.

UFO reports around the world vary so greatly, the report said, considered that UFO's might be "impossible" to relate them to a single explanation.

"This means that a general explanation peculiar to any one country has to be ruled out since it is utterly improbable that the secret military aircraft of any one country (for example) would be undetectable and flights in different countries," the report stated.

The report disclosed the Air Force has from the beginning considered that UFO's might be manned vehicles from outer space "but naturally not publicly was given to this belief because of the total lack of evidence for it."

In their research, the scientists found that people who claim to have seen UFOs "often in fact seem to be several reasonable individuals... Only a very few are obviously quite completely delirious. Most with neurotic, pseudo-religious or other fixations."

New Dog Pound Urged At Oviedo

A new dog pound in the office of the City of Oviedo, that is if Mayor C. D. Thompson has his way about it.

Thompson at the January meeting of the City Council recommended some \$500 be allocated for materials for construction at the old city dump of holding pens for stray dogs.

He estimated cost for septic tank for the facility at \$150 and a well at \$100. Remaining moneys would be used for concrete slab for floor, structure and fencing. Labor would be supplied by city crews.

Thompson was authorized to make application to the Board of Adjustment for zoning variance to permit the pound's location. He was further instructed to have firm estimates of cost at next Council meeting.

In other action, Council heard City Attorney G. A. person. Spent give opinion there is no law against persons drinking alcoholic beverages in public.

Saw new City Clerk Nancy Cox receive her oath of office.

Garbage Service May Be Dropped

Garbage collection as a service of the City of Casselberry is expected to be abandoned by the City Council as one of the first items of discussion at the re-organizational meeting of the Board next Monday night.

Attempting to serve the rapidly growing community with a garbage collection has become a rather sharp pain in the side to city officials during the past two weeks.

It was found almost immediately that one garbage truck and inexperienced employees could not do other jobs of the city and enough job to satisfy the needs of the community's 5,000 residents.

At a special Council meeting earlier in the week, the governing body gave the mayor permission to lease an additional garbage truck and arrange for a crew to operate it as long as necessary to ease the emergency.

Some 125 calls were received early in the week complaining of the city's service.

Hear report that 300 subscribers have looked up to the city water system. Council Chairman W. H. Martin urged other citizens who have pending water deposits with the city to hook up to the system as soon as possible.

J. K. GALLOWAY, chairman of the Board of the Winter Park Telephone Company, was elected third vice president of the United States Independent Telephone Association at a convention held in Miami Beach recently.

Prime Minister Indira Gandhi quoted this couple to say she, as a politician, was a mistress to address a meeting of poets.

Summit Meet
LONDON (AP)—A proposal to send a high-powered peace mission to Nigeria was reported under study today as the prime ministers of British Commonwealth assembled for their first summit conference since 1966.

Stamp Aid
CAIRO (AP)—The Egyptian postal union has issued 250,000 new stamps ranging from 2 to 20 cents to enhance a new fund for the aid of the victims of the Arab-Israeli six-day war.

Education TV
EDMONTON, Ky. (AP)—The Kentucky Educational Television network will be in full operation by the time one more transmitter is erected in Northern Kentucky. Completion is scheduled for April 1968.

One-Body 'Senate' Proposed
TALLAHASSEE, Fla. (AP)—Proponents of a unicameral legislature for Florida are mounting an active drive.

Sen. Bill Gunter (Seminole-Orange), pre-filed legislation which would set up a constitutional amendment to change the legislature from a bicameral to a unicameral legislature during the 1967 Legislature. Gunter said he feels support is now growing for the idea.

"We're going into a period of governmental reorganization now. It seems appropriate to me that we streamline the Legislature as well as the executive," Gunter said.

Gunter said the "two house legislature is not functionally obsolete, particularly in the face of the one-man, one-vote decision. We have two houses that are established on the basis of population alone."

"An obvious advantage that the one house would offer is that it costs less. This could mean millions of dollars of savings," Gunter said.
