

Diamonds Stolen From Salesman By Bogus Officer

LOUISVILLE, Ky. (C) Clarence Loeb, 70, a jewelry salesman, was driving home to Cincinnati yesterday with \$50,000 worth of diamonds when he heard the wail of a siren.

He stopped. A man in a police uniform came up to the car and asked for his driver's license, then ordered him out of the car.

The man and a companion sized Loeb, bound him with adhesive tape, returned to his auto and drove him to a private lane, where the men took his jewelry sample case with the diamond rings and his wallet containing \$40 in cash and left.

Police theorized a third man must have driven the robbers' car to the lane and picked up his confederates.

Loeb struggled for 10 minutes to free himself from the tape and then went to a nearby school to telephone authorities.

His sample case and a police badge were found later near his car.

Legal Notice

THE STATE OF FLORIDA TO
WILLIAM H. HANCOCK, JR., HENRY
HARRIS, and others, Defendants.
A sworn complaint for Separate
Maintenance has been filed
against you in the Circuit Court in

Gov. Talmadge Named Speaker At Soil Conservation Meeting

Governor Herman Talmadge is scheduled to speak in Florida at the Ninth Annual Meeting of the Soil Conservation Society of America, Nov. 16-17. The Georgia Governor's address will be on "The Land - The Source of Our Strength."

The first Florida meeting of the National Society will be held this year in Jacksonville at the Georgia Washington Hotel.

More than 500 people expected at the meeting from all over the nation will be welcomed to Florida by Congressman Charles E. Bennett of Jacksonville.

Richard E. McArdle, Chief of the U. S. Forest Service, and Don A. Williams, Administrator of the U. S. Soil Conservation Service, will have prominent places on the program.

Colin D. Gunn, State Conserva-

Sen. Kennedy Said To Be Doing Well

HYANNISPORT, Mass. (C) Joseph P. Kennedy, former ambassador to Britain, says that contrary to "disturbing rumors" his son, Sen. John F. Kennedy (D-Mass.), is doing well after a recent operation.

He said "unfounded" rumors imply that his son's condition is such that he will be unable to resume his seat in the Senate. Such reports are not in accordance with the facts.

The Hospital for Special Surgery, New York, where Kennedy underwent surgery for a spinal condition, described his condition as "very satisfactory."

He is expected to appear on the program will be Dr. H. B. Sprague, Head of Agronomy Dept., Pennsylvania State, Extension Specialist in Soils, Rutgers University; Russell O. Olson, Agricultural Economist, Ohio State University; and James J. Wallace, Farm Manager Iowa State College.

REPRESENTATIVES Laurie Calvin Battle (left), of Alabama, and O. Clark Fisher (center), of Texas, chat with Ambassador Charles E. Bohlen at the envoy's residence, Spasso House, in Moscow. The Congressmen spent 17 days in Russia, touring cities, farms and factories.

Henry Hudson discovered Manhattan island on Sept. 11, 1609.

The world's greatest builder of V-8's presents THE TOTALLY NEW '55 FORD!

ON DISPLAY
TOMORROW!

with styling inspired by the Ford THUNDERBIRD

Now FAIRLANE Series . . . The new Club Sedan, like all six models in Ford's new Fairlane Series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

Longest, Lowest, Roomiest...most Powerful ever built!

New CUSTOMLINE Series . . . The Tudor Sedan (above) and Fordor offer a wide selection of exciting new color and upholstery combinations. Like all 1955 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series . . . The new 6-passenger, 4-door Country Sedan (above) is one of five new do-it-all beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

We invite you to come in and see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The distinctive, long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury . . . by fabrics never before offered in a motorcar at any price.

Mighty engines, mightier than in any Ford before—supply its exciting power. You now have three engines from which to choose. And each gives you the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother—even on smooth roads. You'll find automatic driving at its most versatile, most obedient, with new Speed-Trigger Fordomatic. Best of all, you'll find your kind of car, for there are 16 body styles to choose from in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look farther—why delay—you just can't buy better than when you buy Ford.

New MAINLINE Series . . . Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

**EXCLUSIVE TRIGGER-TORQUE POWER
IN 3 MIGHTY ENGINES**

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

(1) The new 162-h.p. high-torque Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build for extra smoothness . . . short-stroke design for greater savings.

(2) The new 182-h.p. high-torque Y-block Special V-8 is offered in combination with new Speed-Trigger Fordomatic Drive on all Fairlane and Station Wagon models. It features 4-barrel carburetion, dual exhausts and an extra-high (8.5 to 1) compression ratio.

(3) The new 120-h.p. high-torque I-block Six has a new higher (7.5 to 1) compression ratio, turbo-charge combustion chambers, deep-block build and low-friction design. It's the most advanced six-cylinder power plant in the industry.

ALL WITH TRADITIONAL FORD ECONOMY

- Plus all these other brand-new Worth-More Features
- ★ New Speed-Trigger Fordomatic Drive has an automatic low gear for quicker starts and better passing ability. ★ New Turbo-Action Spark Plugs resist "fouling" up to three times as long.
 - ★ New 10% Larger Brakes mean smoother stopping and up to 50% longer brake lining life. ★ New Tubeless Tires are quieter and easier-riding, offer extra puncture and blowout protection, longer tire life.
 - ★ New Angle-Poised Ball-Joint Suspension reduces "road-joint jar."
- (Fordomatic Drive optional.)

Longwood News

By MRS. BEVERLY FATON
 Longwood was saddened by the tragedy that struck here Monday morning when Mrs. Marie Dige was critically burned by an exploding gas stove and later died. Mrs. Dige was 61 years old and had been a resident here for 14 years, and had only recently returned from her former home in Ashfield, Mass. She was a member of the Longwood Episcopal Church and the Ladies auxiliary of the church, the Longwood Civic League and the Tourist Club. She left a daughter, Mr. Raymond Bush, Conway, Mass., and a son, Carl J. Dige, Ashfield, Mass.

The Rev. George Granger and his wife were the honored guests at a reception given by the ladies auxiliary of Christ Mission, Longwood. The Rev. Mr. Granger is the new vicar of the Episcopal mission.

Mrs. Leroy Neuman, chairman, was in charge of the reception and was assisted by Mrs. Herbert Hunter and Mrs. Leroy Hennessy. The president, Mrs. Charles Nichols, presided at the coffee table. The Rev. and Mrs. David Leugh, pastor of the All Saints Church and his wife, Enterprise, and the Rev. and Mrs. H. L. Zimmerman, pastor at the Holy Cross Church and his wife, Sanford, were among the guests present. Both had previously served as pastors at the mission here.

Included among the guests were Mr. and Mrs. Robert Hammond, Mrs. Anna Menick, Mrs. R. C. Carlson, Mr. and Mrs. Ralph Hammond, Mr. and Mrs. John Heams, Mr. and Mrs. Leroy Hennessy, Mr. and Mrs. Herbert Hunter and daughter, Lindsey, Mrs. James McGrath, and son James Robert, Mrs. Thomas Blanton, Debbie and Thomas Blanton, Mrs. Charles Nickols, Mr. and Mrs. Ralph Stevens, Miss May Stearns, Mrs. Clara Krug, Mrs. Hilox Eldridge, Mr. and Mrs. J. A. Hurdine, Mr. and Mrs. Elmer Haddin, Mr. and Mrs. Linton Cox and Mrs. Samuel Johnson, Mrs. Ella James, Mrs. Sarah Larson, Mrs. Janis Cole, Mrs. Marie Dige and Mr. and Mrs. Ira Wilson.

Sandra Prosser was honored recently when her mother, Mrs. William Prosser entertained with a party celebrating Sandra's seventh birthday. The affair was held in the Prosser residence's garden.

Guests were Lynn Humann, Tam and George Milwee, Gary Bowles, Glenda Payne, Gail Hammond, Ann C. Tom, Margaret Hayden, Bill and Johnnie Hobbs, and Hester Mohley, Mickey McFadden, Chuckie Wagner, Gary Hittman, Paul Lambert, Darlene Seymour, Dan Martin, W. Lambert, Shannon Hallett, Margaret Starnes, Lanie Shaw, Pamela Eldridge and Betty Sue Prosser.

New members announced by the Longwood City League are: Mrs. Vincent Marecki, Mrs. Charles Bushong, Mrs. W. T. Thorne, Mrs. H. K. Johnson, Mrs. D. S. Long, Mrs. J. S. Neuman, Mrs. C. Neuman, Mrs. T. J. Burrance, Mrs. N. A. Burnett, Mrs. M. E. Huddell, Mrs. John Murray, Mrs. George Kane, Mrs. E. Dunning, Mrs. R. D. Hathorne, Mrs. Ross Mable, Mrs. Joe Sweeney and Mrs. Don Hiltman.

Mrs. B. R. Gray was called to Lakeland last Saturday by the death of her brother.

Mrs. H. Desch is very ill in the Fernald-Laughton Memorial Hospital.

Florida forest rangers headquarters received a call on Thursday afternoon of a fire near the Chocoma tower.

The fire was apparently of incendiary origin and two acres were burned before the rangers could extinguish the blaze. Both trucks were dispatched to assist in fighting the fire. The call was received at 1:45 p. m. and the fire was extinguished at 3:15 p. m. A new ranger has been hired and assigned to the Chocoma tower. He is Robert L. McCannan.

Geneva

By ADDIE PREVATT
 Mr. and Mrs. E. H. Grant had a recent guest, Mr. and Mrs. A. D. Griffin and family of Winter Green and sons of Winter Park. The Baptist W. M. U. was hostess to a stork shower in honor of Mrs. Thomas Ray Summers on Tuesday evening. Refreshments were served after the honoree opened her gifts. Those attending were: The Misses T. W. Prevatt, Cader Hart, Paul Maxwell, W. L. Seig, J. T. McLean, Jr., Tingle Lester Brown and E. T. Summers.

Mr. and Mrs. William Bridges have as their guests for a few days, Mr. and Mrs. Michael Bridges of Alabama.

Mr. and Mrs. Louis Markham and family visited Mr. and Mrs. Cecil Bellars Wednesday night in Enterprise.

Mr. and Mrs. Jimmie Merritt and Sammy spent the weekend in Crescent City with Mrs. Merritt's parents.

Mrs. E. H. Grant visited Mrs. Round Weston and children in Sanford Tuesday.

Aldmonte Springs

By MRS. B. D. MCINTOSH JR.
 The Altamonte Springs Civic Club will again hold a rummage sale this afternoon from 2 to 5 p. m. at the Melinobak store building on Altamonte Blvd. A sale netted \$48 last Saturday, and additional funds are needed to complete the project of installing a sink and water heater in the Community House.

Those who worked last week are asked to come at the same hour again this Saturday. Many items held over from last week have been reduced.

The Altamonte Springs Civic Club will hold its second annual open house and community tea Wednesday from 3 to 5 p. m. at the Community House. Mrs. J. H. Morrison is the chairwoman of the affair. She will be assisted by Mrs. Allen Forward, Mrs. L. E. Mann, Mrs. B. O. Burnett, Mrs. D. J. Melinobak, Mrs. H. K. Seaman and Mrs. Graham Pollock. The Junior Civic Club will hold its November meeting at the Community House Wednesday night at 8 o'clock. A program of varied nature will be given by the club. Chairman, Mrs. Allen Forward.

Osteen

By MISS KING ALLMAN
 Mrs. Harry Osteen entertained the Cross of Malta Club of De Land Monday night at her home. The following were present: Misses U. N. Myers, O. G. Camp, Margie McCabe, Harry Leard, Frank McGuire, Luther Druggers, R. H. Williams and Harry Osteen.

Mrs. Harry Osteen and Mrs. H. Williams of Osteen were hostesses in the VFW Auxiliary in De Land, Tuesday night.

Mrs. Herman Koloff of Osteen was one of the hostesses at a stork shower given in honor of Mrs. W. R. Reed at the home of Mrs. Robert Wallace of Sanford, Saturday night.

Mr. and Mrs. Froyd Wheeler and son, Tommy of Ocala were dinner guests of Mr. and Mrs. W. E. Mattair Sr. Sunday.

Mrs. Cyril Baines and son, Tommy of Sanford called on Mr. and Mrs. W. E. Mattair Sr. Sunday.

Mr. B. E. Boyko was visited in New Smyrna Sunday.

Mrs. J. C. Hape of New Smyrna was over night guest of her sister, Mrs. George Hill, Friday.

Mrs. George Hill, Misses Carolyn Hill and Sandra Peterson attended the volleyball play day at Seabreeze High School, Daytona Saturday. Miss Carolyn Hill participated in the game representing De Land High School, who were runners-up.

Mrs. Anna Jansen and sons, Dickey and Johnny were dinner guests of Mr. and Mrs. Frank Allisa Sunday. Others who called

DeBarry

By KAY HENNINGER
 Five residents of DeBarry have availed themselves of the opportunity to join the class in parliamentary procedure and group dynamics being given in Sanford by Barry Crim under the auspices of the Sanford Chamber of Commerce. Those taking the course are Mrs. Alice Rubolino, Mrs. Ray E. Peck, Edward Healy and the Misses Dorothea and Kay Henninger.

The Women's auxiliary of the Volunteer Firemen's Association will hold a gift sale in the Kudlak Building on Friday, Nov. 19.

The following nominating committee was appointed Tuesday evening at the business meeting of the DeBarry Civic Association: Leo Sprague, David MacFarlane, Gregory Kudlak, Horace Cotcher, Gustav Rappich, George Wakefield, Carol Blackburn and Miss Alice Cooper. The books of the association will be audited by Harry S. Keck and Mrs. Alah Edwards.

The DeBarry Baptist Chapel will hold services at 11 a. m. on Sunday in the Community Center. Everybody is most welcome.

The W. M. U. met on Tuesday afternoon in the home of Mrs. Laura Brewer. The program presented was "New Roads in Southern Rhodesia," and those participating in it were Mrs. Evelyn Leisen, Mrs. Florence Cooper, Mrs. Florence Dery, Mrs. Gertrude Smith, Miss Alice Gehman and Mrs. Gwendolyn Thomas.

Fifteen members were present. After a business session several months, Mrs. Elsie Walker has returned to her home here. She hopes to be here most of the winter.

Mr. and Mrs. David Patterson of Oak Park, Ill. have rented a house in DeBarry for the winter. John L. Oldfield is also back home after an absence of seven

Public Schools

(Continued From Page One)
 press in the "three R's" more effectively and by less expenditure of school time. (2) Today's child has a better understanding and more knowledge of the facts and skills required for the job market. (3) Systematic instruction in a number of new fields such as healthful living, recreation, civics, science, international relations, general civics, international affairs, public speaking, music, practical art and time arts.

A local spokesman for public schools said: "So the chances are that the public schools in your area are doing at least as good a job today as they did a generation ago, and perhaps a better job."

If the job still doesn't seem to be as thorough as you think it ought to be, make the school a choice and call for your child's enrollment card. If you hear disquieting rumors about the quality of education your children are getting, don't brood over the rumor, but don't send your child to another school. Write to the superintendent of the school and point out what you think is wrong.

Can Hobbies
 "If after you have observed your own school in action, you are still worried about it, then you can help. The chances are that you will find out that you do not have to worry about the schools locally. The evidence indicates that only a few schools in the country are doing a poor job."

Mr. and Mrs. Lewis Knapp of DeLand called on their son-in-law and daughter, Mr. and Mrs. Herman Broyles Sunday.

A. H. Harris and Mrs. Buford Carroll of Sanford called on their parents, Mr. and Mrs. W. E. Mattair Sr. Monday.

Mr. and Mrs. V. L. Hopper and daughter Phyllis were over night guests of her parents, Mr. and Mrs. R. H. Williams Wednesday.

Retired Captain

(Continued From Page One)
 led to remain aboard the ship in the rank of lieutenant commander as navigating officer. He was aboard the Excelsior when the vessel was torpedoed by an enemy submarine in November, 1942, off Florida, 13 miles north of Cuba, at the start of the North African invasion. The day before he had seen the Exeter, his former command, torpedoed nearby.

Temporarily incapacitated following the torpedoing experience, Capt. Groves was released by the Navy and appointed port director of the War Shipping Administration in Casablanca, where he served for more than a year, and later acted as port representative for the War Shipping Administration at Ouan and Genoa.

Returned to Company
 He returned to the company at the end of the war and was given command of the express freighter, Exemptor. Prior to becoming a member of the Excelsior in 1942, he made many voyages to India and various Mediterranean ports on the Exemptor.

Capt. Groves went to sea in 1909 as an ordinary seaman in a sailing ship and still holds a license as master for square rigged vessels, one of the few remaining captains who hold such papers.

His wife Mrs. Theresa Groves, accompanied him on his trip down memory lane that will take him to 15 Mediterranean ports, eight of which have been planned in his honor in all ports when the Excelsior sails.

Although a native of Lynn, Mass., he now makes his home on Plantation Estates, DeBarry.

Longwood Council Gives Approval For Medical Center

LONGWOOD—The Longwood Town Council met on Thursday evening, Nov. 10, for their regular monthly meeting, at the Town Hall.

Two building permits were granted for immediate construction of a house and a work shop by S. McDonald, and an addition to the home of R. Carlson.

The Mayor, Jess Cottingham, informed the council that the Longwood Area Chamber of Commerce was considering the creation of a Medical Center and that they were requesting use of a portion of the town's property adjoining the playground. The Council voted to approve this action providing the County Commission's plan were in agreement. President of the council, R. C. Carlson, was appointed to contact the Commission.

A letter from the Winter Park Telephone Corp. was read stating the new rates for phone service in Longwood effective as of Nov. 1.

The Town Council voted a donation of \$50 for the Community Christmas Party that is given annually for the local children.

The Street Committee was reauthorized to lay Church street at their earliest convenience.

The Council also gave notice that the registration books must be closed five days before the board's election. And that anyone desiring to run for any of the vacant offices must post their petitions by November 15.

The Local Smoke Mountain committee, the cradle of all vegetation in North America.

Stennis

 are small committee investigate military matters.

Johnson said his view as to Zerkow's testimony before the special Senate committee would be left hanging on proposed testimony of McCarthy.

Walker, who was the second tried by the McCarthy committee on the third day of debate on a non-revolution.

Sen. Malone (R-Nev.) earlier had told the Senate he thought McCarthy had been "the swing pony" in a move aimed to delay the investigation process of the Senate.

Kremlin's Views On Religion Don't Herald Change In Policy

LONDON—The Kremlin's new decree on how to combat religion cannot be interpreted as any basic change in the Kremlin toward the church, it is a way of telling the party faithful, editors, writers, lecturers and cell secretaries — to be more clever and to admit themselves to the propaganda line of soft persuasion.

Obviously, party workers have gone far in re-educating and religious thought and, instead of leading people from the church, they are driving them into it.

Russian magazines, particularly Krokodil, have recently published cartoons in such chapters had told that even the tough men in the Kremlin must have winced. These particular drawings lampooned priests and citizens at prayer.

There are strong indications the

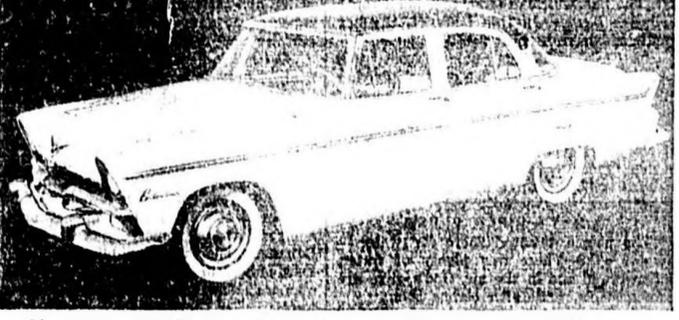

City Cop Fired

 look Patterson by his arm and the latter jerked away practically by falling down.

Deputy Relates
 After the abuse, according to the deputy, Patterson asked for a break but was told it was too late. The deputy said he told the motorist that he had the "same kind of job you know what we're going through."

Patterson again was untruthful, the deputy said.

He complained he wanted to be paid in such a matter. Patterson was released under a bond of \$500. The next day the County Court is Monday in court to find Deputy Sheriff G. G. Thomas.

Plymouth's completely new 1954 cars are lower, wider and more than 10 inches longer than previous models. With either a Power-Flow Six or its new V-8 engine, they are the most powerful cars Plymouth has ever built. They are available with a full range of automatic and power-assist devices, including electric window lifts and power front seat adjustment. Pictured here is the fully done 1954 sedan.

Crooms Panthers Meet Leesburg Here Tonight

The Crooms Academy Panthers will be seeking their third victory of the season when they battle the Leesburg Trojans Friday night in Sanford's Memorial Stadium.

The Panthers have been practicing their running plays during the past week as well as passing plays. They now have won two of their three conference games, and are facing their fourth conference foe tonight. Leesburg stands at three games won and three losses so far for the season.

The fast moving Panthers have won their last two games by the shutout route—defeating Bader City, 47-0 and Kautz, 20-0. Crooms is expected to be in excellent condition for tomorrow night's game.

Both the Crooms and Leesburg teams will perform on the field at halftime.

Each team in the American Hockey League plays 64 games, evenly divided home and away.

Larry Doby of the Cleveland Indians hit a home run in the first American League Park during the 1954 season.

AND UP THEY GO!—Here are the University of Florida cheerleaders getting up in the world. Left to right, bottom row: Doug Matrangola, Clearwater; Hambl Goodson, Miami Beach; Pinky Left, Jacksonville; Joe Evans, Miami; Bernard Palmer, Gainesville. Second row: Helen Klekhafer, Cedarburg, Wisconsin; FRED WILSON, SANFORD; Mary Lou DeNye, Plant City; Third row: Gladys Char, Orlando; Verena Fozel, Gainesville, and Top, Patia Warren, Winter Park. (UP PHOTO)

Cheerleaders Provide Spirit For University Football Games

GAINESVILLE.—If you've ever wondered where all the pep comes from at the Gator football games, then take a look at the Gator football games, then take a look at the University of Florida cheerleaders.

For these six fellows and six girls have one object in mind when they get to a game—to spur the "Fighting Gators" on to victory by leading the moral support.

And how it done? Well, by many yells and fancy tricks, of course! But it's not as easy as you might think. It takes a lot of practice to perfect a "pyramid", an "angel stand" or a backward flip.

Head Colds Hurt Gator's Chances

GAINESVILLE.—Head colds have become almost a big problem to Florida's Gators. This season's season has been riddled with colds, and this has hurt the team's chances of winning the national championship.

Quarterback Richard Allen, conductor of the Florida Orange team, was sent to bed with a cold by the team physician.

Only yesterday the physician allowed fullback Joe Brodzki, the team's leading ground gainer, to resume team activities.

FSU Meets Furman For Homecoming

TALLAHASSEE.—Florida State University is set to play a "good game" against Furman tomorrow here, Coach Tom Nugent said today.

The Seminoles coach said his squad was tight, physically and mentally.

FSU not only wants to win this one for the homecoming crowd, but also to revenge losses in two previous meetings with the Purple Hurricane. A victory also will assure FSU of at least an even break for the season. FSU has won four and dropped three.

Gator Bites COP

BEVERLY HILLS, Calif.—A Gator bit the leg of a cop yesterday at the height of yesterday's rainstorm. A two-foot alligator crawled down Wilshire Boulevard. Nobody knows where he came from. He's now at the Homebase Society shelter after biting the police officer who picked him up.

Sports Roundup

NEW YORK.—The Ohio State Buckeyes, undefeated and smelling roses, are certain to have their eyes filled with flying footballs when they take the Purdue Boilermakers in one of tomorrow's outstanding attractions on the national front.

This is what Ed (Moore) Krause, director of athletics at Notre Dame, has to say about Lennie Dawson, the 18-year-old Purdue sophomore who will demand the answer as to whether the Buckeyes have a big league defense against passes to go along with their other undoubted attributes.

Marion To Manage Louisville Colonels

LOUISVILLE, Ky.—John (Red) Marion, who has a habit of slipping into every job Pinky Higgins leaves, will succeed him as manager of the Louisville Colonels.

Higgins is taking over as Boston's pilot and manager, a 38-year-old former Colonels outfielder, was selected Thursday as his replacement.

"I love it, I back in a train league again. It gets a little rough riding those buses," Marion said at his home in San Jose, Calif. In three seasons with the Boston's Class C farm team there, Marion was a successful pitcher and a runner-up for the California League playoff title.

Substitute Match Better Than First

NEW YORK.—Floyd Patterson, 19-year-old light heavyweight sensation and veteran Jimmy Slade of New York will collide in an eight-round Nov. 10 with the victor possibly earning a title shot at Archie Moore, the 175-pound champion.

Interesting match was made Thursday when Willie Troy of Washington, D. C., was forced to withdraw from the date with Patterson because of a shoulder injury suffered earlier in the week. Troy said he was hurt in beating Jesse Turner in Kansas City.

High Altitude Troubles Sprinters In Olympic Pan-American Meet

NEW YORK.—The high altitude is going to be murder for sprinters and the sprinters at Mexico during the Pan-American games.

The comment was made by Katherine Kay Meyers, an Olympic official in Mexico City. The second Pan-American games will be held in the more than 6,000-foot Mexican capital in March.

Constance Hoping To Continue String Of Wins Tonight

NEW YORK.—Constance Ferguson, one of the few new faces in boxing, hopes to run his unbeaten streak in the United States to three tonight when he faces against Ralph (Fuzzy) Jones at Madison Square Garden.

The lad from Trinidad, however, is an 85 underdog to the heavier and more experienced Jones.

Rose Bowl Hopes May Be Decided By Saturday Game

MINNEAPOLIS, Minn.—The collision of Minnesota's Bob McNamara with Iowa's home-bending line here tomorrow might be enough to make the Milwaukee spectators wince.

Minnesota, a 5½-point underdog which still cherishes the hope of a Rose Bowl trip is banking virtually everything on McNamara. Iowa is gearing its defense against him without being absolutely sure from which position his line blasts will come.

Substitute Match Better Than First

NEW YORK.—Floyd Patterson, 19-year-old light heavyweight sensation and veteran Jimmy Slade of New York will collide in an eight-round Nov. 10 with the victor possibly earning a title shot at Archie Moore, the 175-pound champion.

Interesting match was made Thursday when Willie Troy of Washington, D. C., was forced to withdraw from the date with Patterson because of a shoulder injury suffered earlier in the week. Troy said he was hurt in beating Jesse Turner in Kansas City.

Marion To Manage Louisville Colonels

LOUISVILLE, Ky.—John (Red) Marion, who has a habit of slipping into every job Pinky Higgins leaves, will succeed him as manager of the Louisville Colonels.

Higgins is taking over as Boston's pilot and manager, a 38-year-old former Colonels outfielder, was selected Thursday as his replacement.

Gator Squad Flies To Knoxville Game

GAINESVILLE.—Forty-four Florida football players were on the squad which left by plane this morning for the game with Tennessee at Knoxville tomorrow.

Coach Bob Woodruff can then through a long scrimmage session yesterday.

Spartans End Drills For Saturday Game

TAMPA.—The University of Tampa will practice for its football game against Livingston State here tomorrow night with a light drill today.

Although three starters aren't expected to play, Tampa will be a heavy favorite over the winless Alabama team.

THE WINNER!—Fred Roberts of Hamilton, Mont., who is now stationed at the Sanford Naval Auxiliary Air Station receives a pilot's wings from Miss Edna Moberg, President of the USO Junior hostesses, as the winner of the USO-sponsored table tennis tournament. He is one of the many activities of the United Services Organizations (USO) sponsor in cities throughout the nation for the entertainment and pleasure of the members of all four branches of the Armed Services. In Sanford, the USO club is located on the northeast corner of First St., at Sanford Ave. The local USO sponsors weekly dances and other forms of entertainment. (Staff Photo)

Hurricane, Gator Freshmen Meet

MIAMI.—The University of Miami and University of Florida freshmen football teams clash in the Orange Bowl tonight with a turnout of 5,000 to 10,000 expected.

Under a Southeastern Conference rule, Florida Coach Dave Fuller will limit his squad to 35 players, while Miami Coach Jimmy Houston, former star quarterback at Miami Jackson High.

Looking Over

All Florida

CONGRATULATIONS. We think our friends, the Hijabs, whose story appears in this issue, deserve more than a happy birthday on their quadruplets' birthday. They deserve the admiration and respect of every one of us—and any help we can give them. Just imagine the two young parents taking care of five children without help while they both are working at the University of Florida for their Masters Degrees. Daddy Hijab, in addition, is working for his Doctor of Philosophy Degree in mathematics. It will take more than a degree in mathematics for these two young parents to figure out how to support a family of seven on a fellowship that pays them only \$900 a year while they are studying in this country.

NEXT WEEK We plan to have a story on Florida students at Mexico City College where, contrary to the economic struggle of the Hijabs, living seems to be cheap and easy. Four room furnished apartments for \$40 a month, plus a full time maid for \$10 a month sounds like our students have got it made. They're learning to fight bulls, too.

ANY WEEK We know that All Florida has a lot of readers in Florida (the combined circulation of Florida papers carrying the magazine as a supplement totals 284,000), but we were pleased several days ago to receive letters from both India and England commenting on articles in All Florida. We also got a letter from the editor of Punch Magazine in London, England. They heard that All Florida is the only publication in the United States printing directly from magnesium plates, a revolutionary type of printing developed by the Perry Printing Process Co. right here in Ocala. Punch's editor says they are interested in trying the same printing method—maybe we started something

At conclusion of the archery hunting season in the Eglin Field area, Adolph Finck of Niceville, makes with the crying towel—all 350 pounds of him. Adolph is vice president of the Choctaw-hatchee Bowman Club. Fellow members insisted he take out two memberships, but Adolph claims he is not bigger than two people, he just takes up a little more space.

Letters TO THE Editor

HOPE IT HELPED

Just a word to express my appreciation of the fine article you carried in your All Florida Magazine of Oct. 17 headed, "The Spotlight Is On Florida Prison Sports."

I mentioned this to the Cabinet Tuesday morning and I am sure each member appreciates your carrying this story. Thanks a lot from me, personally.

With kindest regards and best wishes, I am

NATHAN MAYO
Commissioner of Agriculture

FLORIDA HAS THE BEST

It was with interest that I read your article on Florida's motel industry by Cleveland Van Dresser. This was just one more of many splendid articles to be found in All Florida Magazine, which is rapidly taking its place as one of the most fascinating publications of its kind in Florida. I may add that Florida's motels are on a

par with most of the finest in the country, and far above in beauty of design, service and comfort of many that I have contacted in travels throughout the United States. Some of them are mighty sorry spectacles, but the poor motel in Florida is the rare exception rather than the rule. Thanks again for a fine article.

J. L. LANDERS
Daytona Beach

A LITTLE BIT OF HOME

The All Florida Magazine is just what I have been looking for from home.

I have been stationed in California for 16 of my 20 months in the Army. Just three weeks ago I started receiving the Jacksonville Journal by mail. My hometown paper. It sure was a great surprise finding this nice magazine in the paper.

I am sure this fine magazine will grow to be a truly great magazine for Florida. I think All Florida Magazine will tender

this mighty and magnificent State of Florida a well deserved service.

I especially like the articles on marine life, and the Facts of Florida.

JOHN W. ODUM
Lompoc, Calif.

OUR COVER

John Clardy, our hunter on the cover this week, is typical of the thousands of hunters in Florida who are getting into "high gear" this week for the opening Nov. 20 of the state's official hunting season. John, an Ocalan, is a former member of the State Game Commission.

Most important to any hunter, outside of his gun, is his dog. Without that faithful and hard working companion, few hunters would be successful. The horn hanging around John's neck is another important part of his equipment. It is used, of course, to call and guide the dogs. That red shirt and striped cap, too, are important adjuncts to the hunter.

FLORIDA HUNTING IS BIG BUSINESS

By **BOB BALFE**
All Florida Sports Editor

WATERFOWL winging in to a landing on a marshy lake edge, a turkey gobbler scurrying to his roost in a cypress forest, the familiar call of the bobwhite revealing a nearby covey of quail, a white-tail buck deer emerging from a dense thicket into a clearing.

Well, a man can dream can't he? Which is just what hundreds of Florida hunters have been doing these last few weeks as they await the "Open for Business" sign giving the green light to swamp buggy and trailer buggy, armed with cleaned and polished firearms, all anxious to once more live the rugged but pleasant life around the campfire.

Florida's general hunting season opens on Nov. 20, although the waterfowl season opened Nov. 12, and even earlier on marsh hens and dove.

The uninitiated may find this difficult to believe, but hunting is big business in Florida. Coupled with fishing, the sportsmen's expenditures for firearms and tackle, ammunition and lures, meals, lodging, transportation, boats, trailers, dogs, feed and vet bills, all add up to a terrific total. Conservative estimates put it at \$500,000,000, but you can find enthusiasts with claims putting the total closer to one billion dollars.

Unless you have roamed around this great peninsula, you may also find it difficult to believe that there are still, despite the intruders of a booming construc-

tion era, more than 20,000,000 acres of forest land, much of it good habitat for the white-tailed deer, and more than a third of it ideal for turkey raising.

There is Northwest Florida's hilly farm country and the open flatwoods of South Florida for quail and dove.

With more than 30,000 lakes, 1,500 rivers and streams, 3,000,000 acres of salt waters and almost that many acres of fresh waters, it is small wonder that duck, geese and coot stage an annual waterfowl invasion that makes human tourist traffic insignificant by comparison. The waterfowl, it seems, knew about winter vacations in the South long before people made the discovery.

Florida's great natural resources of game are not all that they were once. The State Game and Fresh Water Fish Commission long ago undertook extensive restocking for turkey, quail and deer. In recent years the state managed hunt areas have become more important. There are nearly 3,000,000 acres in 18 managed

hunt areas throughout the state, on land which has been stocked and protected. There are special hunting rules and dates for these areas, and hunters are advised to get that information from the agencies who issue hunting licenses.

Weather conditions make for varying outlooks in different parts of Florida as the new hunting season approaches, and makes pre-season forecasting almost as difficult as football game predictions. But from All Florida's statewide corps of observers, plus valued help from Bill Hansen, of the Information and Education Department of the State Game and Fish Commission, the probability is:

QUAIL—Another good year in prospect in most sections, though not on the lower East Coast. Last year was a good quail season, and this should be almost as good, certainly above average. On the lower East Coast, however, an extremely wet spring reduced the normal hatching volume. Season runs Nov. 20-Feb. 1 except for variations in days. Certain districts permit hunting. Daily bag limit: 10.

DOVE—Early season from Oct. 11 to Oct. 30 proved average in most areas, outlook slightly better in Dec. 11-Dec. 30 half of split season. High water conditions in South Florida affected feeding conditions after an early prospect for good crop. Day's bag: eight.

DEER, BEAR, quail and assorted other Florida wildlife will become "fair game" for thousands of hunters Nov. 20 when they take dogs and guns into the "scrub."

TURKEY—Reports from Big Cypress and Palmdale areas very encouraging, although state game officials had hoped for even greater success elsewhere. Adequate numbers of adult birds went into the breeding season, but conditions were not always good for the young birds. Result may mean that hunters will have to work harder than usual to find the same kind of birds our pioneer ancestors once shooed away from the porch. Season open Nov. 20-Feb. 1, with important variations by districts. Day's bag: two; season's bag: three.

DUCK, GEESE and COOT—Good prospects reported from such Northern terminals as Six Kitchens; early arrivals also indicate favorable supply (perhaps also in omen of a cold winter in the Northland); excess water conditions in South Florida regarded as favorable, these signs contrary to reports that waterfowl breeding success in the North has not been as good as desired. Season Nov. 12-Jan. 10; federal duck stamp required. Day's bag: four duck, two geese, 10 coot.

SQUIRREL—Supply abundant and well distributed; effect of weather will be on the most crop which is the chief food supply; grey squirrels may be more plentiful than fox squirrels, but are harder to hunt. Season Nov. 20-Feb. 1, with district variations. Day's bag: 10 grey, two fox.

DEER—Overall picture good,

deer population continues to increase, especially in managed areas where best food and cover possibilities are selected for; released deer, an early report indicated the Ocala Forest herd might be slightly smaller this year, but the long range view for the entire state is good. Season Nov. 20-Feb. 1, with district variations. Day's bag: one buck, season's bag: two bucks.

The marsh hen season ends Nov. 17, woodcock on Dec. 20; snipe on Jan. 7; bear and panther may be taken during the open deer season and during managed hunts; rabbits declared game animals without closed season. Big game: Unprotected game includes bobcat, fox, raccoon, opossum, skunk, buzzard, weasel, crow, jackdaw, flying squirrel, great horned owl and several varieties of hawks.

COME BACK ALIVE

THE 10 COMMANDMENTS OF SAFETY

1 Treat every gun with the respect due a loaded gun. This is the cardinal rule of gun safety.

2 Carry only empty guns, taken down or with the action open, into your automobile, camp, and home.

3 Always be sure that the barrel and action are clear of obstructions.

4 Always carry your gun so that you can control the direction of the muzzle, even if you stumble.

5 Be sure of your target before you pull the trigger.

6 Never point a gun at anything you do not want to shoot.

7 Never leave your gun unattended unless you unload it first.

8 Never climb a tree or a fence with a loaded gun.

9 Never shoot at a flat, hard surface or the surface of water.

10 Do not mix gunpowder and alcohol.

PROPER PROCEDURE for a pair of hunters crossing a fence. Note that hunter on left has opened pump gun for further safety.

FOR THE lone hunter, placing the rifle through the fence and on the ground eliminates danger of catching trigger on barbed wire.

By DICK LACOSTE

WHEN, during this coming hunting season, 16 million hunters take to the nation's fields, some 1,100 will be killed or maimed as a result of indulging in their favorite sport. More important, will you, yourself, be one of these casualties?

In Florida, noted nationwide for its good hunting, an estimated 24,000 sportsmen will shoulder gun and rifle during the hunting season. If average figures obtain in the land of love, romance and achievement, many Florida hunters will be killed or maimed. Will you be one of these casualties?

In a typical tabulation of hunter casualties in 30 states and four Canadian provinces several years ago (1951) (latest such causes available), 198 persons were killed and 907 injured in firearm hunting accidents.

Of these 1,105 accidents, 311 were caused by the victim. Victims unseen by shooters—most frequent cause—accounted for 26 per cent of all accidents. The same survey shows that 14 per cent of accidents

were caused when victims were mistaken for game.

Surely, this type of carelessness is unnecessary.

Experienced hunters, for instance, make sure a gun isn't loaded when getting into a car, climbing a fence, or handing a weapon to a friend. This they do by pulling out bolt or unloading both chamber and magazine.

Nor do good sportsmen aim idly at nearby objects or game. When a good sportsman aims, he means to shoot, and when he means to shoot, he aims to kill. It's as simple as that.

Firearms shouldn't be transported without taking the gun down, if it is that type, or in a carrying case. In some states it's illegal to transport weapons without meeting these two requirements.

Never, never hand a man a rifle or gun muzzle-first. That's a mighty big hole looking you in the eye.

Lastly, never mix alcohol with hunting. Careless use of either is dangerous enough. In combination they're deadly.

Exotic Tropical Drink Mixes

THE ORIGINAL

CURTIS-SUNNY ISLE PRODUCTS

PAPAYA—THE WONDER FRUIT

From the Tree of Life
Nature's Own Alkaline

"BOTTLED SUNSHINE"
FROM THE TROPICS

Manufactured under our own Cold Process, blended scientifically
to retain all of its essential qualifications

PAPAYA-PAPAIN

For Health's Sake
A DIGESTIVE AID

A fruit having this power must be of great value as an aid to digestion weakened from any cause. Also it has been discovered that Papain has no action on living tissues and can be taken in any quantity. It attacks and destroys dead tissues and false membranes of the stomach and intestines. Papain in the fruit replaces Pepsin as a drug for quick relief in acute indigestion. Recent research has proven that the PAPAYA fruit acts as an antidote against Bowel and Stomach disorders, also that the effectiveness in ulcerations of stomach and bowels is well known. Gastritis and Dyspepsia are quickly relieved, and even a permanent cure may be effected.

Have You Tried the New Drink

TRUE FRUIT, NOT CARBONATED
IN NON-RETURNABLE BOTTLES

WHAT IS PAPAYA?

PAPAYA, a tree melon widely used in the tropics both as food and as medicine, is rich in vegetable papain called papain. This ferment of greater efficacy than animal papain, has been found to have a marked effect in the treatment of gastric and intestinal disorders. A detailed account of its powers seems almost incredible but among other virtues it aids the gastric juices in preparing the food you eat for proper digestion and elimination of the indigestible matters, also of great benefit and relief of various stomach and bowel ailments, such as constipation, excessive gas, high gastric acidity, stomach and duodenal ulcers.

PAPAYA IS RICHER IN VITAMINS THAN ALMOST ANY OTHER FRUIT KNOWN

Vitamin content: A, in particular, seems to occur to the extent of 10,000 units to the pound of ripe fruit. B, 7,500 units. C, 7,500 units. For the sake of comparison a pound of butter contains 7,500 units of Vitamin A. Non-fattening Papaya is entirely alkaline. This should be important in the treatment of acids. It should also be of special interest to those who are concerned with the problem of overweight. It is our honest and considered opinion that the surface has only been scratched regarding the full benefits to be obtained from Papaya.

Papaya, the queen of all fruits, has sufficient good properties from a food and medicinal standpoint to warrant a little patience on the part of the people who need its properties or who want to profit thereby, in studying its peculiarities.

MEAT TENDERIZER

SALT FREE

As well as its other assets, in our research we have been able to formulate a product derived from the PAPAYA, a Meat Tenderizer that leaves no aftertaste or retards the flavor in its use as such for the benefit of those who wish to find a means to enjoy a tender cut of meat regardless of price, and to retain its full value. Designed to macerate Loathsome the lower cost cuts and to improve the better grades.

Contains a Super Saturated Solution of the digestive enzyme of the Tropical PAPAYA in which it acts and destroys the unlovable tough fibers in the same manner as it pre-digests your food entering your stomach with the help of nature and its active enzyme.

THE HOBBY OF KINGS

THE ENVELOPE (above left) is one of Florida's famed fumigated letters. Its owners, Mr. and Mrs. Henry F. VanDyke (right) said that the letter was one of a number ordered fumigated by the U. S. Surgeon General during the 1888 yellow fever epidemic in Northeastern Florida.

By MRS. ARTHUR G. LANE

President Florida Federation of Stamp Clubs

EVER since 1840 when Sir Roland Hill sold the British postal authorities on the idea of postage stamps, people have been fascinated by the little bits of colored paper which come on their mail, and have been saving them. Rich or poor, young or old, the appeal seems to be the same to all, until today it is estimated that 10 million people in this country alone collect stamps. Many surveys have shown stamp collecting to be the nation's No. 1 hobby.

It was not until 1847 that the United States began using stamps to indicate the prepayment of postage. Prior to that time postmasters indicated by manuscript marking the amount paid by the sender of a letter—or the amount DUE, to be collected from the recipient. (In the early days it was considered an insult to prepay a social letter as it indicated that the sender thought the addressee financially unable to do so.) But since 1847, the United States has issued more than 1,000 major varieties of postage stamps, and from the countries of the world, the total is nearly 125,000.

Stamp collecting in Florida is growing faster at the present time than in any other state in the Union, so say nationally recognized authorities. Some 900 stamp collectors are represented in the Florida Federation of Stamp Clubs, an organization which had its beginning only five years ago, and it is probable that only a small proportion of the people in Florida who SAVE stamps have joined a local stamp club.

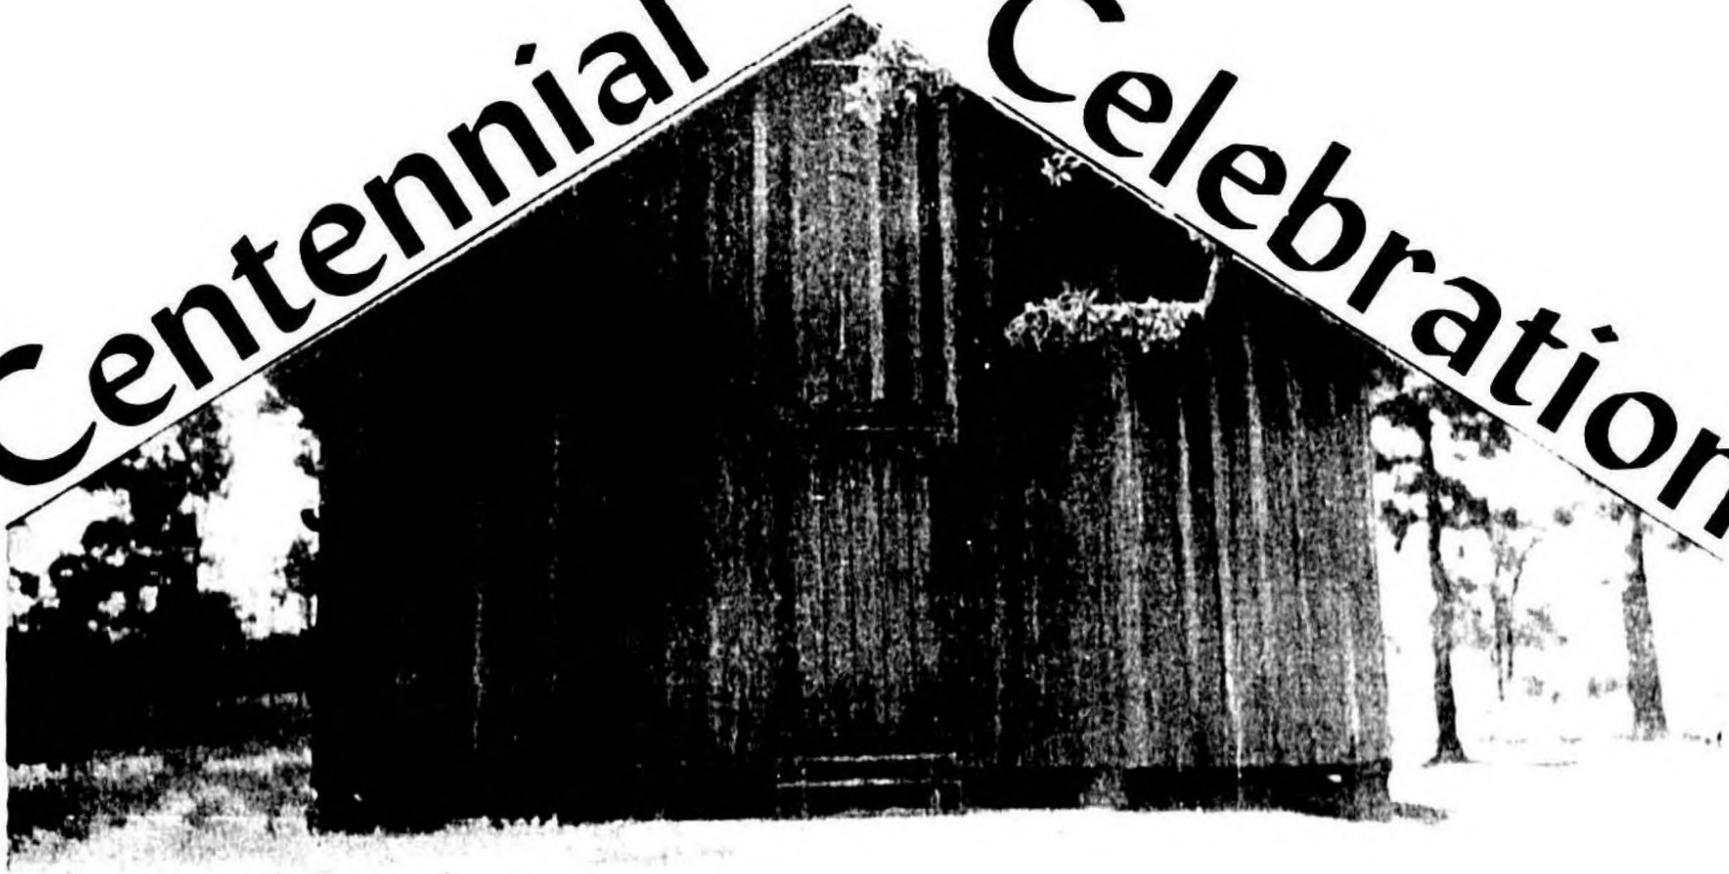

The Florida Federation was organized in 1949 at the instigation of the St. Petersburg Stamp Club. Clubs from six localities in the state composed the charter membership: Clearwater, Daytona Beach, Miami, St. Petersburg, Tampa and Winter Haven. The combined membership of these six clubs was less than 300. Now, five years later, the Florida Federation of Stamp Clubs has 16 member clubs with a combined membership of about 900 collectors. At least four other clubs are in the process of organization. Few sections of Florida are without a stamp club within easy driving distance. The aims of the Florida Federation of Stamp Clubs are to acquire and disseminate a knowledge of philately, and to cultivate a feeling of mutual friendship and fraternity among philatelists within the State of Florida.

Florida's postal history includes not only a record of early mail service by river boats, on horse back and even on foot through the sparsely populated sections of the state, but records of its various post-offices and the men and women who served as postmasters, distributing to their communities the messages from loved ones and the news of the day, both of which have played an important part in the development of our state. Postal history also records the historical events.

(Continued on page 15)

Baptist Centennial Celebration

HERE IS Florida's first Baptist Church, built at Pigeon Creek in Nassau County Jan. 7, 1821

By GUS JOHNSON

AS one tours the state of Florida, on every hand, in both the cities and in the rural areas, church buildings are there to remind us that not all the time spent in Florida is spent sightseeing, hunting, fishing, and the many kindred interests so abundant in the state. When Sunday comes our churches are filled—almost, at times, to bursting at the seams. Building programs are being promoted in almost every area to take care of the growing demands.

If you visit these churches one by one,

you would find that more than a thousand of them belong to one denomination—make up one convention. More than 450,000 Floridians hold their membership in this one denomination. Sunday school enrollment is around 300,000. Training Unions number almost 100,000 boys and girls this year.

A century ago, only a handful of scattered churches dotted the countryside, but this year there's going to be a great celebration in Daytona Beach, Nov. 16-17-18. A celebration of the Centennial of the

Florida Baptist Convention. There will be people there from churches so new that there is still a smell of fresh plaster and paint. There will be people there from churches that are more than a hundred years old. Not old as churches go, but old for a state as new as Florida—churches that made up that first convention on Nov. 20, 1853, as representatives from the Baptist Churches of that day met in the home of Richard J. and Eliza Mays, in Madison County. They met in the Mays' home, "Clifton Mansion," because it was

larger than the nearby church. R. J. Mays was elected the first president of the Florida Baptist Convention.

The history of the Baptist Church in Florida will be included in the program to be presented at Daytona Beach Centennial Celebration. The program was written by Mrs. James Nunn, West Palm Beach, and Mrs. John Maguire, Jacksonville, and will be presented by the dramatic department of Stetson University in the new Peabody Auditorium, on Nov. 15, and again Nov. 17.

FOUR YEARS after the Pigeon Creek church was in use, Florida's second Baptist church was organized in Jackson County in 1825. The photograph illustrates the progress in that short time of church architecture, compared to Pigeon Creek.

THE EBENEZER Baptist Church, near Monticello, was the fourth church built in Florida by the Baptists. This building was constructed in 1826.

MONUMENTS TO A LOST LOVE

HAND-CARVED this nine-ton replica (above) of the Crescent of the East stands on a 24-ton base, all put together by the hands of Edward Leedskalnin in memory of his 16-year-old lost love. Above at right is Leedskalnin's polaris telescope. By sighting through crosshairs in foreground rock and lining up crosshairs in the tower rock, he could orient the stars. At lower left is example of modernistic found-in-rock. The 1,000-pound contour chair, actually rocks, so gently it put our pretty model to sleep.

TWENTY-FIVE miles south of Miami stands a monument to a lost love, unique in the world, an unspoiled haven of rock formations that present themselves as if by the magic of the universe.

It is a monument of coral rock, with a polaris telescope that had withstanding eight feet with a long lens and all built by one man who could lift 100 pounds and 100 pounds soaking wet.

It is a monument to 30 years of patient, arduous, and to engineering skills akin to those displayed by the builders of the pyramids of Egypt or Yucatan, for the builder, Latvian, was no engineer, and worked with the simplest of tools.

Today it is a monument to Edward Leedskalnin's devotion to a 16-year-old girl who joined him on the night of their wedding. And although Leedskalnin died in 1939, his 30 years of patient work seems capable of carrying his love story on through several hundred years.

The story of the unusual structure began in European many Latvian. Edward Leedskalnin was plied by his 16-year-old sweetheart and emigrated to America in 1921 to be free.

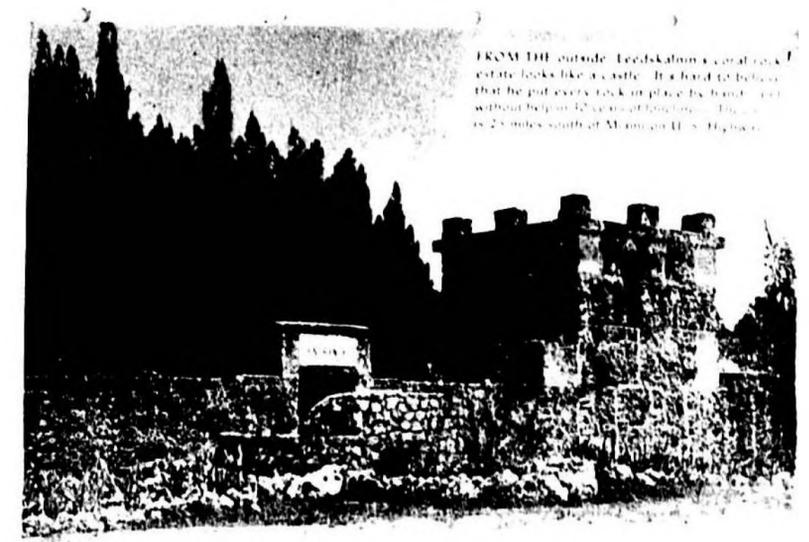

This was before Florida was discovered by the real estate boom of the 1920s, and the edge of the Everglades was one of the most remote places in the United States at the time.

Leedskalnin built a crude log cabin, then a garage, pens and coral rock. Then he began his strange coral rock project. In the 1930s, he moved, including his polaris telescope, to a new location, 30 miles south of Miami on what is now U. S. Highway No. 1.

And on this 10-acre plot, he continued to give the same shape to his coral rock. Why? No one could say for little Edward, in a vision to talking, nor did he give to have people get to comparative about his business.

The two-story, tower house in which he lived contained 100 tons of coral rock, not counting the stars in blocks weighing four to six tons each. On the ground floor he had his work shop where he toyed with magnetic theories and set up his own home-made equipment for experimenting with electricity. The second floor contained his magazine reading quarters.

It is obvious that he never forgot his love and with monotonous and much of his carving and building centered it and the hope that some day she would return to him. He went so far as to create a complete bedroom out of coral rock, including twin beds (a bit hard to sleep upon), a pair of children's beds, as well as a baby cradle. He also built a beautiful piano for children to play in, and named it "Ginoro of the Three Bears." He furnished the Ginoro with all the furniture of the famed fairy tale—all made of coral rock.

FROM THE OUTSIDE, Leedskalnin's coral rock estate looks like a castle. It is hard to believe that he put every rock in place by hand, and without help, in 30 years of toiling. The estate is 25 miles south of Miami on U. S. Highway 1.

AS NEAR AS the original, this nine-ton replica of the 'Crescent of the East' stands on a 24-ton base, all put together by the hands of Edward Leedskalnin in memory of his 16-year-old lost love.

Happy Birthday!

By ASH WING

THERE'S four reasons to be happy come Nov. 18 for the Wafsi Hijabs—it'll be the first birthday of the famous Hijab quadruplets!

Already there's growing excitement around the Hijab household and even on the University of Florida campus where both parents are students.

Four-year-old sister Nadia is getting about as excited as can be trying to figure out four presents for her famous four and University students are wondering what they can do on the anniversary.

It was just about a year ago that Wafsi and Abla Hijab both Moslems from Jordan, who are students at the University went to the Alachua General Hospital, like many another couple before them, expecting their second child.

But what was to be merely one addition to the family turned out to be four, three girls and a boy. Wafsi, a quiet intelligent young man uttered probably what was the understatement of the year when he told the nurse, "This is really a little bit surprising."

At that time the Hijabs were on a fellowship that paid them around \$900 a year—a sum by scraping they could live on.

Naturally the now famous quads made that sum look

ridiculous—for the babies themselves were piling up hospital and doctor bills at the rate of about \$50 per day. But University students, Gainesville townspeople and generous Americans everywhere came to the rescue and today, bills are paid and current, the Hijabs have a nice comfortable two-bedroom bungalow just half a block from the campus, and the quads are healthy and growing.

Today the quads — they're all cute as buttons — are about as healthy children as you'll see. Son Bakri weighs 28 pounds, Ann 20, Carol 21, and Dora 18. (Note the ABCD names.)

University of Florida Advisor to Foreign Students Ivan Putnam, who's been a real friend and advisor this past year, is high in his praise for the way Americans generally came to the Hijab's assistance—it was a wonderful expression of Democracy, he says.

And Daddy Hijab?—well, between working on his Doctor of Philosophy Degree in Mathematics, and his Masters Degree in Civil Engineering (both at the same time) he still likes to play with his children and will tell anyone who asks him, "I've got six good reasons to be happy—the quads, Nadia, and my wife!"

Frocks 'n' Frills

By **PAULA CLARK**
All Florida Fashion Editor

YOU may follow Dior's "H" silhouette in your clothes, but you'll have to go back to the letter "F" for your new coiffure. At least, that's the latest word from Paris, where Guillaume is showing new hair styles inspired by the letter "F," signifying French and feminine.

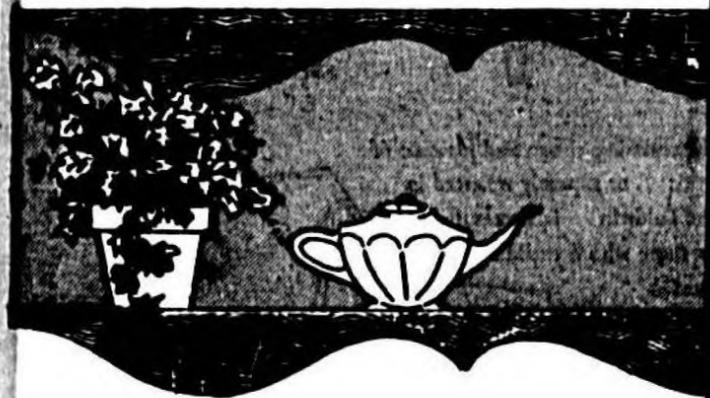

The effect is that of a small, sleek head that calls for the new deep caps or turbans. Which reminds us that you may find yourself wearing a hat this season, much to your own surprise.

Hats haven't been as pretty and varied in years. The millinery union in New York is enlisting the help of everyone in the industry, asking them to wear hats and get their friends to wear bonnets.

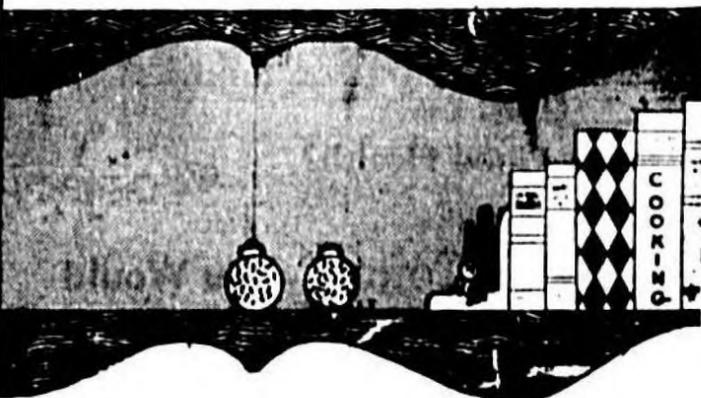

Here in Florida, it's tempting to go hatless with life as casual and informal as it is down here. But besides the flattery of a well-chosen bonnet, there's another reason why the smart woman covers her crowning glory outdoors. Sun and hair-coloring just don't mix. Or maybe we should say, they mix too well. There's nothing like a bit of sunshine to turn that lovely blonde hair into a green night-mare . . . if art has aided nature even the slightest bit in the matter of coloring.

Where will it stop? Colored hair in shades of green and orange appears occasionally as a conversation piece. But can you see yourself tripping to your P.T.A. meeting in a lovely turquoise suit, with hair to match? One never knows. . . .

SWEETSTAKES proves a heavy favorite in the collection designed by *Alix of Miami*. Conversational cotton in unique jockey print appears in a sliver-slim sheath which sports a wing collar, leather belt and walking slits at the skirt seams.

Sheets

SHRIMP—those bewhiskered denizens of the deep—are at the top of the list of those of us who are lovers of seafood. These queer little crustaceans, which at one time were often referred to as "little lobsters," make for some of the most delectable eating known to man. Years ago they were recommended to be used as a garnish for boiled fowl or fish—or as an ornamental side dish to be served whole and garnished "with parsley or nasturtium leaves" as one old cook puts it. "Green shrimp," for the benefit of those who wonder, are uncooked shrimp and have shells which have to be removed before cooking.

When boiling shrimp for salads, creoles or other recipes, which call for cooked shrimp, the shells are not removed until after cooking. Wash thoroughly and drop in enough boiling, salted water to cover and simmer until tender (about 20 minutes). Drain, and when cool enough to handle, open each shell with a

sharp-pointed knife, working on the underside and making sure to remove the black cord or sand vein.

There are myriad ways in which to fix shrimp, but probably the most common—and most popular—is to deep-fry. Gourmets insist you begin with green shrimp for the most tasty fried shrimp. When planning to fry a pound of green shrimp, peel them, wash, and remove the black cord. Soak 15 minutes in lemon juice before draining and dipping in beaten egg and cracker crumbs. Then place in fry basket and cook quickly in hot fat until a golden brown. Serve with your favorite highly seasoned tomato or cocktail sauce, or if you prefer, tartar sauce is highly recommended by well-known chefs.

Other tasty dishes we think you will want to try, which feature shrimp, are in our Cookbook section for this week. We have found them delicious and satisfying to the appetite.

If you have a favorite seafood

recipe, send it to Mary Louise at 1117 Lake West Ave., Okala, and we will publish it with full credit being given the sender.

Raisin-Nut Braid

- 1 package active dry yeast or 1 cake compressed yeast
- 1/2 cup water
- 2 cups milk, scalded
- 1/2 cup sugar
- 1/4 cup shortening
- 2 teaspoons salt
- 3 cups sifted enriched flour
- 1 cup seedless raisins
- 1 cup chopped walnuts
- 1/2 to 1 cup sifted enriched flour

Soften active dry yeast in warm water, compressed yeast in luke warm water. Combine milk, sugar, shortening, and salt. Cool

to lukewarm. Add softened yeast, then beat in three cups flour. Stir in raisins and nuts. Add remaining flour to make moderately stiff dough. Turn out on lightly floured surface, knead until smooth and shiny (five to eight minutes). Place in greased bowl, turning once to grease surface. Cover and let rise in a warm place till double (two to two and one-half hours). Punch down. Divide dough into two equal parts. Shape each part into a smooth ball. Let rest 10 minutes. Divide each ball of dough in thirds and roll out into strands about one inch across. Braid three strands together on greased cookie sheet, turning ends to

make crescent shape. Repeat with the three remaining strands. Cover and let double (about one hour and 15 minutes). Bake in moderate oven (375 degrees) 5' to 10 minutes. While still slightly warm, brush tops with Confectioners' Sugar Frosting. Slowly add two tablespoons milk to one cup sifted confectioners' sugar, stir till smooth. Garnish with candied cherries if desired. Makes two braids.

Weekly Household Hint

To remove a fish bone from the throat, cut a lemon in two and suck the juice of it slowly. This softens the bone and will give instant relief.

CITRUS RECIPE OF THE WEEK

Florida Orange Roll

- 3 eggs
- 1 cup sugar
- 6 tablespoons Florida orange juice
- 1 cup sifted cake flour
- 1/4 teaspoon baking powder
- 1/4 teaspoon salt
- Confectioners' sugar

Beat eggs until thick and lemon-colored, beat in sugar gradually. Blend in orange juice. Line shallow pan, 10x15 inches, with waxed paper, having the paper extend one inch beyond edge of pan. Turn batter into pan, bake in moderate oven (375 degrees F.) 20 minutes. Sift confectioners' sugar on brown wrapping paper three inches larger than pan. Turn cake out on this, remove waxed paper. Spread with Orange Filling and roll up like a

jelly roll. Yield: 10 one-inch slices.

Florida Orange Filling

- 1/2 cup sugar
- 1 tablespoon cornstarch
- 1/4 teaspoon salt
- 1 1/4 cups Florida orange juice
- 1 egg yolk, slightly beaten
- 1 tablespoon butter or margarine

Combine sugar, cornstarch and salt in top of double boiler. Blend in orange juice, mix thoroughly. Cook over direct heat, and stir constantly until mixture is thickened. Place over boiling water, cook 10 minutes longer. Stir small amount of orange mixture into the egg yolk, return to mixture in double boiler, cook, stirring constantly, three minutes longer. Add butter. Remove from heat, cool.

All Florida Cookbook

Shrimp Curry

Chop-fine and saute in two tablespoons butter, one large tomato, two medium-size onions, one clove garlic, add two tablespoons curry powder, one tablespoon paprika, three cloves, 2 bay leaf, small stick of cinnamon bark, crumbled, one tablespoon salt, a half lemon, and saute 10 minutes, add two pounds of shrimp, which have been shelled and the black cords removed, and cook three minutes. Add one cup water, cook until shrimp turn pink. Strain sauce. A half cup of sour or sweet cream will make a smoother curry and bring out the flavor. Serve with rice and garnish with hard-boiled eggs. Relish and French-fried onions are delicious served with curried shrimp.

Shrimp Salad

1 pound cooked shrimp
A dash of cayenne
2 cups diced celery or Chinese cabbage
A few sweet pickles, finely chopped
Marinate with your favorite mayonnaise or salad dressing, leaving shrimp whole or cut coarsely, as you prefer. Chill and serve on crisp lettuce leaves.

Pickled Shrimp

(This is an old Louisiana Recipe)

- 1/2 cup lemon juice
- 1/2 cup tarragon vinegar
- 1/4 cup salad or olive oil
- 1 large clove garlic
- 2 bay leaves
- Dash of pepper
- 4 slices onion, large
- 1 teaspoon salt
- 2 cups cooked, fresh shrimp

Combine first four ingredients and heat until smooth and well blended. Add next three ingredients and pour over shrimp, chill in refrigerator two hours. Arrange on platter with parsley garnish. Serves four.

Cut out and save the recipes above for your All Florida Cookbook. When you've saved a book size batch there'll be an attractive cover available.

For Good Health?

Why of Course You Would

Let Us Introduce **Wolf's Citrus Powder**

- WCP is of great importance in maintaining a high level of resistance to infections
- It has been established that Vitamin C is an influence in the full maturing of the red cells of the blood thus preventing and curing anemia
- It is necessary in repairing damaged tissues. Essential in keeping capillaries and arteries firm and pliant thus preventing hardening of the veins and arteries "A man is as old as his arteries"
- Vitamin C plays an important part in gastric ulcer picture as it has healing powers second to none. Also heals diabetic ulcers
- Vitamin C reduces the amount of insulin needed by diabetics as has been shown by blood and urine tests, after a month or so of taking WCP scientifically grown and processed grapefruit a minimum of insulin will be needed thereafter

Vitamin C must be replaced daily as it is not stored in the body. Vitamin C found predominately in grapefruit has been singled out in test as a veritable elixir of youth.

The Hobby of Kings

(Continued from page 6)

and tragedies of Florida such as the great yellow fever epidemic of 1888 when the Surgeon General of the United States ordered Florida quarantined, and all mail leaving the state fumigated in order to curtail the spread of the dread disease.

Although the complete story of this chapter in Florida philately has not yet been uncovered, it is known that fumigation of Florida mail took place at LaVilla Junction on the outskirts of Jacksonville at Waycross, Ga. and at Houston, Ala. Railway boxes were equipped especially for the purpose with wire netting shelves to hold mail studded with nails and the wrappers loosened with steam papers. Iron kettles containing sulphur were placed under the shelves, the sulphur ignited, and the cars closed and sealed for a period of six hours, after which the mail was reassembled and sent on its way under regular handling conditions. Records show that 2,536,815 pieces of mail were fumigated at the Waycross station alone during the height of the epidemic, August to December, 1888.

The annual Convention and Exhibition this year, which is generally known as **FLOREN 1954**, will be held at the **Southern Hotel**, St. Petersburg from Nov. 18-20. **Henry T. VanDyke** of St. Petersburg is chairman. It is expected that several hundred collectors from all parts of Florida will attend, and exhibitions of stamps will be held by collectors from the albums of collectors throughout Eastern United States. The exhibition, which will be held in the main ballroom of the hotel, will consist of 200 frames or the equivalent of some 2,000 album pages. Ribbons and trophies will be awarded to the best exhibits.

Other features of the Convention will include a special **Florida** postage cancellation authorized by the Postmaster General, and a special envelope, designed by the Convention Committee, using a cancel of the new **Sunshine Skyway Bridge**. These envelopes, franked with a three-cent commemorative stamp will sell for 10¢ each, and may be obtained by writing to **Alexander J. Cowan**, 4815 Ninth Ave. N., St. Petersburg. They will also be on sale throughout the convention.

Ten Florida dealers will have tables for the sale of stamps, and both of the national societies, the **American Philatelic Society** and the **Society of Philatelic Americans**, will have lounges. In the Florida Room on the same floor as the exhibit, philatelic movies and travelogues will run continuously. The **St. Petersburg Post Office** will present a display of the latest equipment used to expedite delivery of mail. On Friday noon the Florida Chapter of the **Confederate Stamp Alliance** will hold an informal luncheon. This organization will also present a special trophy to be awarded to the best Confederate exhibit at the show.

On Friday evening **Harry Weiss** of Hoboken, Kansas, will present **Weekly Philatelic Gossip**, will present the premier performance of his new show, "The College of Philatelic Knowledge." Over 500 philatelic prizes will be awarded to those who can answer his questions correctly. Closing event on Saturday night will be the **Grand Banquet** in which exhibition awards will be presented.

CAR BURNING OIL?

Engineer's Discovery Stops it Quick

Without A Cent For Mechanical Repairs!

If your car is using too much oil—if it is sluggish, hard to start, slow on pickup, lacks pep and power—you are paying good money for oil that's burning up in your engine instead of providing lubrication. Why? Because your engine is leaking. Friction has worn a gap between pistons and cylinder wall. Oil is pumping up into the combustion chamber, fouling your motor with carbon. Gas is exploding down through this gap, going to waste.

SAVE \$50 TO \$150 REPAIR BILL

Before you spend \$50.00 to \$150.00 for an engine overhaul, read how you can fix that leaky engine yourself, in just a few minutes, without buying a single new part, without even taking your engine down. It's almost as easy as squeezing toothpaste or shaving cream out of a tube, thanks to the discovery of a new miracle substance called Power Seal. This revolutionary, new compound combines

the lubricating qualities of Moly, the "greasy" wonder metal, with the leak-sealing properties of Vermiculite, the mineral product whose particles expand under heat. (Up to 30 times original size.)

Just squeeze Power-Seal out of the tube into your motor's cylinders through the spark plug openings. It will spread over pistons, piston rings and cylinder walls as your engine runs and it will PLATE every surface with a smooth, shiny, metallic film that won't come off! No amount of pressure can scrape it off. No amount of heat can break it down. It fills the cracks, scratches and scorings caused by engine wear. It closes the gap between worn piston rings and cylinders with an automatic self-expanding seal that stops oil pumping, stops gas blow-by and restores compression. No more piston slapping; no more engine knocks. You get more power, speed, mileage.

This genuine plating is self-lubricating too for Moly, the greasy metal lubricant, reduces friction as nothing else can! It is the only lubricant indestructible enough to be used in U. S. atomic energy plants and jet engines. It never drains down, never leaves your engine dry. Even after your car has been standing for weeks, even in coldest weather, you can start it in a flash, because the lubrication is in the metal itself. That's why you'll need amazingly little oil; you'll get hundreds, even thousands of more miles per quart.

TRY IT FREE!

You don't risk a penny. Prove to yourself that Power-Seal will make your car run like new. Put it in your engine on 30 days' Free Trial. If you are not getting better performance out of your car than you thought possible—if you have not stopped oil burning and have not increased gas mileage—return the empty tube and get your money back in full. Power-Seal is absolutely harmless; it cannot hurt the finest car in any way. It can only preserve and protect your motor.

POWER SEAL MAKES WORN OUT TAXI ENGINE RUN LIKE NEW
Here are the Test Engineer's notarized figures showing the sensational increase in compression obtained in a 1930 De Soto taxi that had run for 93,086 miles. Just one POWER SEAL injection increased pep and power, reduced gas consumption, cut oil burning nearly 50%.

	Cyl. 1	Cyl. 2	Cyl. 3	Cyl. 4	Cyl. 5	Cyl. 6
BEFORE	90 lbs.	90 lbs.	105 lbs.	90 lbs.	80 lbs.	100 lbs.
AFTER	115 lbs.	115 lbs.	117 lbs.	115 lbs.	115 lbs.	115 lbs.

"We simply inserted the POWER SEAL per instructions and made no other repairs or adjustments. Compression readings were taken before and after and showed a big improvement in both cars. As a result the engine gained a lot more pick-up and power which was especially noticeable on hills. What impressed us most was the sharp reduction in oil consumption. In one cab, we've actually been saving a quart a day and figure we have saved \$11.20 on oil alone since the POWER SEAL was applied a month ago. In the other cab, oil consumption was cut practically in half. We have also been getting better gas mileage. All in all, POWER SEAL turned out to be just about the best investment we ever made. It paid for itself in two weeks and has been saving money for us ever since, to say nothing of postponing the cost of major overhauls that would have run into real money." *Town Taxi, Douglaston, N. Y.*

SEND NO MONEY!

Simply send the coupon and your Power-Seal injection will be sent to you at once C.O.D. plus postage and handling charges. Or, to save the postage and handling charges, simply enclose full payment with the coupon. For 6-cylinder cars order the Regular Size, only \$4.95. For 8-cylinder cars order the Jumbo Size, \$7.95. Power-Seal is now available only by mail from us. Send the coupon at once.

RUDSON AUTOMOTIVE INDUSTRIES, Dept. 273
666 Fifth Avenue, New York 19, N. Y.

Please send me _____ tubes of the amazing new POWER SEAL.
 Regular Size, for 6-cyl. cars, \$4.95 Jumbo Size, for 8-cyl. cars, \$7.95
 (On arrival, I will pay the postman the price indicated above plus postage and delivery charges. I must see an immediate improvement in the pep and power of my car, less oil consumption, greater gas mileage, reduced engine noise, easier starting, faster pickup, within 30 days, or you will refund my full purchase price.)

Weather

Mostly cloudy with occasional rain extreme north this afternoon, otherwise mainly cloudy and widely scattered showers and light thundershowers through Tuesday, little change in temperature.

4-H CLUB MEETING—Officers of a county council of 4-H clubs, formed here Saturday at the Court House, are (left to right) Betty Jean Robinson, Lyman School, president; Elena Tuhy, Orelco, vice-president; Pat Freeman, Lake Mary, secretary; Priscilla Tuhy, Shalin, treasurer; and Jeanne Markham, Geneva, and Ruth Carlton, Sanford, song leaders. Myrtle Wilson, County Home Demonstration agent, is at the far right. (Staff Photo)

Woman Is Fined \$35 Following Accident

Twenty-one cases were processed in City Court Friday by Judge John Leonard.

Christina Stander, 50, Negro, 608 W. 20th St., who hit a boy riding a bicycle last Monday, was fined \$15 and costs on a charge of careless and negligent driving and \$10 and costs on a charge of having improper brakes.

George Leo McCaffery, Orlando, was fined \$25 and costs on a charge of being drunk behind the wheel of a car, Archie Holiday, M. Key, 72, Orlando, forfeited a bond of \$57, posted on a charge of passing a school bus when stopped.

John Delvin Woodruff, 112 W. 17th St., was fined \$15 and costs on a charge of careless and negligent driving.

20th Anniversary Is Being Observed By First Federal

Howard Faville, president of First Federal Savings and Loan Association, now observing its twentieth anniversary, is serving his second term as chief executive officer. He moved into the office in the election of January 1937.

In the 20 years of operation of the First Federal Savings and Loan Association, only four men have served as its president. The records reveal these four are Frank Evans, George D. Bishop, F. W. Harper and Howard Faville.

When the association was formed in November, 1931, the board of directors elected Frank Evans as president. For this executive position, Faville was chosen as vice president in 1937, and he has since then served as president.

Knowles' Estimate Shown To Be Close

Commercial Survey Underway

Water Billings Are Delayed

Following completion of a month's billing for the new City sewer service charges, City Mayor Warren E. Knowles today says computations came within \$12.78 of the actual amount assessed.

The charges have been a hot issue in the City of late, particularly among commercial sewer users.

As a result of the trouble caused among commercial users, a surcharge on bills of commercial users has been levied to offset any relief that might be granted in the near future.

Under the plan set up by the City, the City would be charged for the cost of their water bills. The City would be charged for the cost of their water bills.

As a result of the trouble caused among commercial users, a surcharge on bills of commercial users has been levied to offset any relief that might be granted in the near future.

Weekend Clashes Cause 31 Deaths

At least 31 people were killed in weekend clashes between Communist forces and government troops in North Vietnam, according to a report from the United States State Department.

The clashes, which took place in the mountainous region of North Vietnam, resulted in the deaths of 31 people, including 15 government soldiers and 16 Communist fighters.

London Newspaper Tells Of Weapon

A London newspaper has reported that the United States has developed a new type of atomic weapon, which it claims is more powerful than any other atomic weapon ever developed.

The newspaper, the Daily Telegraph, reported that the new weapon is a hydrogen bomb, which is capable of destroying an entire city with a single blast.

General Assesses S. Viet Nam Post

General William H. Tunney, commander of the United States Military Forces in Vietnam, has assessed the current situation in South Vietnam as a "post-war" situation.

General Tunney stated that the military situation in South Vietnam is stable, but that there are still some areas of concern, particularly in the border regions.

Prime Minister Retains Power

Prime Minister Benito Mussolini has retained his position in Italy, according to a report from the United States State Department.

The report states that Mussolini has been re-elected as Prime Minister of Italy, and that he will continue to lead the Italian government.

Man, 96, Collects Own Life Insurance

ABINGTON, Mass. (AP)—William B. Spellman, father of Francis Cardinal Spellman, Catholic archbishop of New York, enjoys the rare experience today of collecting on his own life insurance.

Spellman, who is 96, has outlived the policy. Insurance experts say that happens to only one person in 100,000.

Drive Is Started To Aid McCarthy

A nationwide drive to secure the signatures of 10,000,000 Americans in 10 days in a petition in support of Senator Joseph R. McCarthy is under way.

The drive is being organized by the "Committee to Secure the Signing of the Petition in Support of Senator Joseph R. McCarthy," which was formed in New York last night by L. Gen. George S. Stratemeyer, USAF (ret.), chairman of the newly-formed "Ten Million Americans Mobilizing for Justice."

Strolling In Sanford

As a part of the National Education Week program, several Seminole High School students participated in a panel discussion last week in the school auditorium. The subject was "Education is Everybody's Responsibility." Kathy Bauman served as moderator and James Whitley, Jackie Keefe, Sam Cushing, Bill Kirschhoff and Ronald Giles completed the panel. This group was later heard on Station WTRR.

County 4-H Clubbers Organize Council On Achievement Day

The Seminole County 4-H Club met at the Court House Saturday in honor of National 4-H Achievement Day, and organized a County 4-H Council.

Betty Jean Robinson of Lyman School was elected president. Elena Tuhy of Orelco club was elected vice-president, and Pat Freeman of Lake Mary club secretary. Priscilla Tuhy of Shalin club treasurer. Jeanne Markham of Geneva club, and Ruth Carlton of Sanford club, served as song leaders. Boazler Smith, Lake Monroe club, Districtional leader. Eugene Demark, Paola club, participation leader. Janet Glenn of Sanford club will serve as reporter.

Spellman, who is 96, has outlived the policy. Insurance experts say that happens to only one person in 100,000.

Drive Is Started To Aid McCarthy

A nationwide drive to secure the signatures of 10,000,000 Americans in 10 days in a petition in support of Senator Joseph R. McCarthy is under way.

The drive is being organized by the "Committee to Secure the Signing of the Petition in Support of Senator Joseph R. McCarthy," which was formed in New York last night by L. Gen. George S. Stratemeyer, USAF (ret.), chairman of the newly-formed "Ten Million Americans Mobilizing for Justice."

Strolling In Sanford

As a part of the National Education Week program, several Seminole High School students participated in a panel discussion last week in the school auditorium. The subject was "Education is Everybody's Responsibility." Kathy Bauman served as moderator and James Whitley, Jackie Keefe, Sam Cushing, Bill Kirschhoff and Ronald Giles completed the panel. This group was later heard on Station WTRR.

County 4-H Clubbers Organize Council On Achievement Day

The Seminole County 4-H Club met at the Court House Saturday in honor of National 4-H Achievement Day, and organized a County 4-H Council.

Betty Jean Robinson of Lyman School was elected president. Elena Tuhy of Orelco club was elected vice-president, and Pat Freeman of Lake Mary club secretary. Priscilla Tuhy of Shalin club treasurer. Jeanne Markham of Geneva club, and Ruth Carlton of Sanford club, served as song leaders. Boazler Smith, Lake Monroe club, Districtional leader. Eugene Demark, Paola club, participation leader. Janet Glenn of Sanford club will serve as reporter.

Man, 96, Collects Own Life Insurance

ABINGTON, Mass. (AP)—William B. Spellman, father of Francis Cardinal Spellman, Catholic archbishop of New York, enjoys the rare experience today of collecting on his own life insurance.

Spellman, who is 96, has outlived the policy. Insurance experts say that happens to only one person in 100,000.
