

Town Bands Together Under New Threat Of Extinction

EDITOR'S NOTE: What happens in a community of about 6,000 persons when it suddenly learns that 2,400 of them will be out of jobs? This is the problem faced today by Benicia, Calif., which last Thursday was notified by the Defense Department of a close-down in armament and military expenditures. Does such a community fight back? What levers of power and persuasion can it bring to bear on the federal government committed to budget economy? This is a story about how such a community reacts. What it thinks, feels and is doing to preserve its life.

BENICIA, Calif. (UPI)—Nothing unites a town like the threat of extinction.

Nearly 2,400 civilian employees at Benicia Arsenal, which was ticketed for oblivion by a Defense Department order Thursday, have joined townsmen in a struggle to preserve the 113-year-old depot in this community of about 6,000 persons.

Thursday night, citizens and public officials met to launch the fight, which many of them regarded as a life-or-death battle for the town.

Their first move was to select a 20-man steering committee, headed by a local businessman and former mayor, whose job it will

be to convince the Defense Department they have made a mistake.

"It doesn't make sense," said ex-Mayor Mike Fitzgerald. "This is creating a distressed area of the worst kind."

H. FRED WILLIAMS of Winter Garden will be the principal speaker at the quarterly meeting of the Seminole Baptist Association Brotherhood at the Orange City Baptist Church today. The Memphis, Tenn., native will speak on "Opportunity On Wheels" at the dinner meeting which is scheduled to begin at 7 p. m.

"We've been through this before," he added. "Thirteen years ago the government announced the arsenal would be transferred. But we fought it then and the order was changed. We'll fight it again."

Benicia has been a military base since 1849. Now it is a supply shipping point for tons of Army equipment destined for installations throughout the Pacific area. The trucks, tanks, personnel carriers, and holsters squat on rolling green hills bordering Suisun Bay about 25 miles east of San Francisco. The depot includes a missile repair and rebuilding facility.

Besides the local citizens, Fitzgerald said, "we have had offers of support throughout California, from congressmen, state legislators, and local officials."

Rep. John Baldwin, a Republican who represents Benicia, wired an immediate, strongly worded protest to President Kennedy.

"Benicia Arsenal is the only arsenal which the Army has on the Pacific Coast which is on deep water and can load . . . equipment directly on board ship for Army installations throughout the Pacific and Far East," Rep. Baldwin pointed out. He said in the telegram: "I should like to strongly urge that this decision be re-

considered from a defense standpoint."

Employees at the arsenal were dazed but not defeated.

"We heard a rumor that we would be transferred about a year ago," said personnel director Leslie Wagner, "but this came as a complete surprise. There was no warning."

"But we still feel we have a darn good chance," Wagner said.

"We're convinced that our operation is more economical than Tooele would be."

The Defense Dept. announced that Benicia's functions would be transferred to Tooele Ordnance Depot, west of Salt Lake City, Utah.

Some of the principal arguments that will be mobilized in defense of Benicia concern the additional time and expense it would require to ship equipment by rail from

Utah to the coast for reshipment to the Far East.

"I think when the facts and figures are given to Washington, the order might be changed," said Wagner.

The word went out to the Benicia employes Thursday, when the commanding officer, Col. Albert C. Wells Jr., called department chiefs together for the announcement.

Col. Wells asked workers to remain calm, to stay on the job,

and not to sell their homes. The Defense Department order calls for a three-year period for closing the arsenal.

"We will certainly be in operation here for a long time to come," he said.

The workers themselves were worried and confused. Many of them are veteran civil servants, whose services date from 1941 and 1942 when the arsenal swung into a full-scale wartime schedule.

"I'll have 20 years service in December," said Roland McQuivrey, a deputy storage chief. "I came here from Utah, but I don't want to go back. If I had to, though, I would. I have too much at stake."

"Almost everyone here either owns a home or is paying on one," he added. "It would be almost impossible to move."

Action Is Tabled On Racing Funds

District 4 County Commissioner Vernon Dunn today asked the board to rescind its action asking for the repeal of a law giving race track revenue to the school board.

Dunn called the board's action "hasty" and said "it came like a bolt out of the blue and we didn't realize the implications involved."

County Board Opposes Fresh Water Seining

The County Commission today adopted a resolution asking Gov. Farris Bryant to oppose any commercial seining in fresh water lakes and rivers in the state.

Col. E. L. Jennings, president of the Seminole County Sportsman's Assn., urged the commission to take "definite action" vouching opposition to a proposal now being studied by the Game and Fresh Water Commission on the seining.

Jennings called the matter of "serious concern" to the entire county and said the "county will suffer terribly unless something is done about it now."

In other business, the board heard a delegation from Lake Brantley area opposing the moving of a home into the area because it was below the standards required by the zoning board.

The delegation, headed by Don Ellis, said that a building permit was issued for the home although it was never inspected.

Zoning Director Robert Brown admitted the mistake and called "it an error in his office."

The board directed the county attorney to take legal steps to have the house removed. The house was moved from the right-of-way of the proposed new Interstate Hwy. 4.

Congo Province Is Mobilized

ELISABETHVILLE, The (UPI)—President Moise Tshombe ordered mobilization of the entire Katanga Province population today because he said United Nations action here "constitute a cause of war."

However, the situation eased at midday when the United Nations and the government tentatively compromised their differences.

The incident that touched off Tshombe's order occurred when a Swedish UN unit arrested 25 well-armed Katangese soldiers led by a Belgian officer when they invaded Luano airport at Elisabethville under cover of darkness.

The Katangese pushed several trucks onto a runway and were trying to break into the control tower. The Swedes, responsible for guarding the airfield, promptly moved in and seized the invaders.

The Swedes then sealed off all entrances to the airfield and barred Katangese military and civil air traffic.

Tshombe followed with a radio speech ordering full-scale mobilization, and Elisabethville quickly took on the appearance of a city preparing for a siege.

Tshombe and Interior Minister Godofroid Munoongo issued an order forbidding anyone in Katanga to "have relations with the United Nations, supply them with goods or provide them with services." Penalties for violation ranged through fines up to \$2,000 and imprisonment for as much as five years.

Astronauts Get Added Whirl

WASHINGTON (UPI) — The three Mercury astronauts training for America's first man-in-space venture have been ordered to take a "refresher course" in a contrived to familiarize them again with the stresses of rocket flight.

The National Aeronautics and Space Administration said today that they will go to Johnsville, Pa., "in the next week or so" for three days of intensive additional training in the Navy's huge centrifuge.

They will be whirled at high speeds to give them "current experience in the same acceleration profile they will experience in the manned Redstone flights" to get underway at Cape Canaveral some time this month or next.

Dunn made the request after a letter was read from school board attorney Douglas Stenstrom asking the commission to withdraw its motion and urging a joint meeting of both boards to discuss the problem.

Commissioner James P. Avery, who proposed the motion last week, said that it would be a saving for the county in the long run.

He explained that the overall county millage would be cut by reverting the funds because the county would not be liable to refund any money to the municipalities from the road and bridge fund.

The board agreed to table any further discussion of the proposed legislation until a meeting can be set up by the two boards.

However, it is unlikely that any legislation will be passed this session of the legislature because State Reps. Mack Cleveland Jr. and Gordon Frederick have gone on record opposing the change.

Thursday Closing Date For Jaycee Board Election

The deadline for members of the Jaycee organization to qualify for officers on the board of directors is Thursday.

The election committee urges interested Jaycees to qualify now as the race is wide open with only Don Ludwig and Ed Taft qualifying so far.

In the race for president are Glenn McCall, Garnett White and Jack Wilber.

Plans have been made for an election party to be held at the American Legion building April 20 at 7:30 p. m.

Members of the Bill of the year Orange Bowl classic, sponsored by Scott Burns and arranged by program chairman Garnett White.

High School Sets Open House Event

Seminole High School will hold an open house Thursday, with the public invited to hear a talk by Supt. of Schools R. T. Milwee and tour the new school plant, Principal A. J. Bracken announced today.

The visitors will meet in the auditorium first at 7 p. m. then be guided on a tour of the facility by representatives of the student clubs at the school.

Members of the student council will act as hosts for the open house and will serve refreshments in the lunchroom.

Pacifists Riot

LONDON (UPI)—Rioting pacifists who fought with policemen in front of the American embassy and a police station were hauled into court today to face charges of disorderly conduct and obstructing traffic.

Two bearded supporters of Britain's "ban the bomb" movement—the first of 31 defendants to appear in court—were released on bail.

DCT Leaders Set For State Convention

Larry Davis, state president of the Diversified Cooperative Training organizations, and Gary Folds, first vice president, will leave Thursday for the convention of the Florida State Federation of DCT, being held this year at the Galt Ocean Mile Hotel in Fort Lauderdale.

Early Friday, convention delegates Gayle Bamber and Bill Lipthrot, alternates Charles Benham and Delton Parker, accompanied by DCT Director Louis Girard, will leave for the convention Friday and Saturday. The board of directors meets Thursday.

There are approximately 150 clubs in the state now which will send delegates to the convention. Specialists in all fields of employment will conduct individual and group workshops for the students, who go to school half a day and work half a day, in on the job training programs in high schools throughout the state.

The Sanford Public Library will join in the observance of "National Library Week," April 16. The staff plans an extensive campaign to get our public to take a more active interest in books. This year's motto is "For a Richer, Fuller Life—Read." The staff also reminds us that a new program will start this summer under a children's incentive reading plan.

Last week was one of the hottest weeks in March on record here. The temperatures soared over the 85 mark for four days.

Reps. Mack Cleveland Jr. and Gordon Frederick said before leaving for Tallahassee Sunday that they would oppose Gov. Bryant's plan for a one and a half percent increase on the utility gross receipts tax for creating road right of way funds.

Upcoming

Kiwanis Club, meeting at noon in the Civic Center, Wednesday will hear about the work and duties of the State Patrol and Probation Commission in Seminole County from Jim Lee, probation and parole officer here. The program chairman is R. T. Milwee.

A comedy magic show, entitled "Fun with Magic" is being presented in the Pinecrest School auditorium today, by the P.T.A. with a national touring show.

There will be a meeting of all classroom teachers in the Seminole High School auditorium at 7:30 p. m. today. This will be an important meeting and all teachers in Seminole County are urged to attend.

Judge Mize Asks Fee Abolishment

County Judge Vernon Mize today asked the County Commission to endorse statewide legislation abolishing the fees of the county judge's office.

Judge Mize said that he is not in favor of the fee system and said that "the majority" of county judges were also against it.

He asked the commission to notify the county delegation to support the repeal of the law. The board agreed to study the law before reaching any decision.

Plane Missing

SANTIAGO, Chile (UPI) — A DC-3 plane of the Chilean Lineas Aereas Nacionales was reported missing today with 24 persons on board. The plane last reported its position at 8:30 p. m. Monday.

Reds Drop Troops Into Laos

VIENTIANE (UPI)—Hundreds of Communist paratroops dropped near the key Laotian airbase town of Vang Vieng Monday, Defense Minister Phoumi Nosavan told UPI today.

He said the paratroops were operating like those who overran the town of Thu Thom at the southern entrance to the Plain of Jars Friday. Phoumi said the paratroops landed about six miles west of Vang Vieng, which is situated 65 miles north of Vientiane.

This would put rebel troops 20 miles south of the fighting at Muong Kassy, where government forces last were said to be advancing. The aerial assault could cut off the loyalists at Muong Kassy from their supply lines leading from Vientiane.

Phoumi said four Soviet-built Ilyushin transports made three flights each over Vang Vieng, dropping about 360 soldiers.

The paratroop attack might spell an end to immediate hopes for a cease fire in Laos and the arrival here for a three-nation watchdog commission to police a military truce while East and West seek a political settlement.

Earlier, the Laotian government said it was willing to give up United States aid if Russia cuts off its help to the Communist in Laos and North Viet Nam.

said the United States and the Soviet Union should stop aid to the two sides simultaneously. Then a cease fire could go into effect.

He said that under such conditions Laos would accept the International Control Commission on Indochina — composed of Canada, India and Poland—to supervise a cease fire.

"We are ready for all aid to our country to pass through this commission," Bouavann said. "We are ready to accept the withdrawal of the Americans."

He made it clear, however, that this would depend on Moscow stopping the massive arms aid to both North Viet Nam and the Pathet Lao rebel forces in Laos.

Israel Prepares For Eichmann Trial As Executioner

JERUSALEM (UPI) — Adolf Eichmann goes on trial here a week from today on charges of having been Hitler's chief instrument in the murder, degradation and uprooting of millions of European Jews.

This is the trial Israel has wanted most since becoming a free nation in 1948. It has prepared carefully for the trial for almost a year — since the day Eichmann was abducted by the Israeli agents who found him hiding in Argentina.

Both prosecution and defense attorneys were believed ready for the momentous trial. Chief defense counsel Dr. Robert Servatius, the Cologne attorney who also represented some of the Nazi defendants at Nuremberg, will open the trial with preliminary arguments.

Prosecutor Gideon Hausner then will open his case with a detailed report on history of Germany's Third Reich and its extermination program, according to the sources close to the Israeli justice ministry.

In preparation for his trial, Eichmann has ordered, among other things, a liberal supply of headache pills. This was disclosed by the men who have been guarding ever since his capture.

Eichmann also ordered a supply of colored pencils, cigars, a filler for his ballpoint pen and writing paper—indicating he intends to keep personal notes as the trial progresses.

About 500 policemen and soldiers will maintain security inside and outside the Jerusalem cultural center, where the trial will be held. Gunpoint will command the scene in all directions.

A total of 420 newsmen from all over the world, plus 123 Israelis, have been accredited for the trial. They will have to submit to daily security checks.

Civic Club Meeting Place Changed

The Allamonte Springs Civic Club has changed the place of its Wednesday meeting.

The meeting will be held at 2 p. m. in the educational building of the Allamonte Chapel instead of the Community House as previously planned. The speaker will be Rev. Richard Brown and his topic will be "How We Got Our Bible."

Final Arguments

MIAMI (UPI)—Final arguments were scheduled today in suits brought by a group of parents seeking to abolish religious practice in Dade County's public schools. Circuit Judge J. Fritz Gordon will hear summations by attorneys for the parents, the school board and by E. P. P. Brigham, representing nine churchmen who are intervening in the board's behalf.

South Changes

NASHVILLE (UPI)—A special report released today spoofed the idea that the South was "rural." The "dramatic changes" reported in the first publication of the Peabody Center for Southern Education Studies at Georgia Peabody College that the South's national banks alone claimed nearly 23 per cent of the nation's total bank assets, manufacturing output increased 50 per cent in six years and only 13.7 per cent of Southern workers were in agriculture.

THE SEMINOLE 4-H CLUB land judging team finished ninth in the state contest held at Gainesville this past weekend. Over 20 teams competed. Team members left to right, are Jerry Arndt, Oviedo; John Jakubek, Slavia; Teddy Bellhorn, Slavia, and Owen Cammack, Geneva.

Act Asked To Regulate County Disposal System

The County Commission today agreed to get enabling legislation to regulate the pumping and repair of all sewage disposal systems in the county to safeguard against any health hazards.

The motion was made by Commissioner James P. Avery who declared "certain violations" in disposing of sewage is a "nuisance and health hazard."

Under the act, the board would be authorized to police and license any person, firm or corporation engaged in the business of pumping and repairing sewage disposal systems and to require that all work be done in a manner that will not create a health hazard.

In other business, the board agreed to secure rights of way for the paving of Vihlen Rd., under a joint participation basis with the Shoemaker Construction Co.

Heard a report from the road department that during March the cost of labor and materials was \$27,633.

News Briefs

Bomb Injures 12

PARIS (UPI)—A bomb exploded in the Paris stock exchange building today, shattering doors and windows and injuring at least 12 persons, two seriously. Police said the explosion occurred in a washroom on the second floor.

Six-Foot Bunny

PALM BEACH (UPI)—A six-foot, 180-pound "chocolate" Easter bunny sent to Caroline Kennedy from Switzerland will be sent to charitable organizations here. The upright rabbit, received Monday by the Kennedy family, turned out to be only partially chocolate. It is made out of plaster with a heavy chocolate coating.

Final Arguments

MIAMI (UPI)—Final arguments were scheduled today in suits brought by a group of parents seeking to abolish religious practice in Dade County's public schools. Circuit Judge J. Fritz Gordon will hear summations by attorneys for the parents, the school board and by E. P. P. Brigham, representing nine churchmen who are intervening in the board's behalf.

South Changes

NASHVILLE (UPI)—A special report released today spoofed the idea that the South was "rural." The "dramatic changes" reported in the first publication of the Peabody Center for Southern Education Studies at Georgia Peabody College that the South's national banks alone claimed nearly 23 per cent of the nation's total bank assets, manufacturing output increased 50 per cent in six years and only 13.7 per cent of Southern workers were in agriculture.

Plea For Economy Opens Legislature

TALLAHASSEE (UPI) — Senate President Randolph Hodges and House Speaker William V. Chappell urged the 1961 Florida Legislature into session today with rapped pleas for economy.

Peeking from behind flower-bedecked desks, members listened intently as their presiding officers implored a cautious approach to spending less the flood-gates be opened to new taxes.

"We are beginning what could be the most critical legislative session in history," Hodges said as he took over the gavel from outgoing President Dewey Johnson.

"It will require all the ingenuity at our command to meet the tremendous governmental needs of a great and growing state at a time when the economy of the state and nation is fading."

Chappell and Hodges, both strong conservatives pledged against new taxes, and they urged their colleagues to face the issue squarely and do their best.

The speaker, said Hodges, would be to levy new taxes and give everyone all the money they ask. Chappell referred to the request of government agencies for a whopping \$952 million in appropriations against estimated revenues from present taxes of \$765 million.

"I caution you that the power to tax is the power to destroy," he said, "and urge you to explore every avenue of elimination of duplication by state agencies and of every unnecessary service before we direct our thoughts toward new taxes."

Both presiding officers have appointed tax chairmen pledged to hold the line on new tax bills.

Highlight of the day was to be the governor's message to a joint session at 3:15 p. m., when he was expected to renew his pledge against new taxes and adopt certain economy measures to make it possible.

In other opening day business, the Senate installed John Rawls of Marianna as president pro tempore and the House made Rep. George Stone of Escambia speaker pro tempore.

Opposition Heard On Contractors Law

The County Commission today was once again besieged by residents asking that the board not go through with enabling legislation on the licensing of contractors in the county.

John Evans of Oviedo said that the County Farm Bureau had opposed the proposed bill calling it "loose and inadequately worded."

Residents also complained that it would work a hardship on free enterprise in the county.

However, Commissioner John Fitzpatrick emphasized that this is only permissible legislation and asked that citizens leave it up to the County Commission to insure adequate safeguards.

Commissioner James P. Avery, for the second week in a row, asked that the motion asking for the law be rescinded but, once again his motion died for lack of a second.

Ad Rules Asked

WASHINGTON (UPI) — The government moved today to protect the public, especially amateur investors, from false or deceptive investment advertising.

Emergency Road Measure To Aid Building Backed

TALLAHASSEE (UPI) — An emergency measure to help Gov. Farris Bryant's administration begin its road program will be introduced early in the 1961 Legislature with the backing of the powerful Kelly-Roads Committee.

The measure, approved by the committee at a final meeting Monday, would put a three-month moratorium on the law requiring the Road Department to maintain a 20 percent cash reserve in its primary highway fund.

Bryant's legislative aide, Road Board member Max Brewer of Titusville, urged the committee to sponsor the legislation and said that without it the administration would have its hands tied on primary road projects until July 1.

Brewer explained that the Collins administration overran the primary fund by about \$7 million, and that without lifting the 20 percent cash reserve law the fund would not be built back up sufficiently before July to plan major highway projects.

The Kelly committee, which spent two years between legislative sessions investigating the Road Department, agreed to give its endorsement to the measure sought by Bryant, and to seek early introduction.

The committee, at its final session, also endorsed bills to put a professional career man at the head of the Road Department as state highway commissioner, and to give the counties more say in the spending of secondary gasoline tax monies.

The committee recommended that the Legislature also pass a strong "conflict of interest" law aimed at preventing payola among employees of every state agency, including elected officials and legislators.

The committee, headed by Sen. Scott Kelly of Lakeland, touched off payola scandals in the Road Department with its series of hearings around the state.

Among other bills endorsed by the committee, one would require the state to assume responsibility for buying rights-of-way for all primary road projects, and set up a revolving fund for purchase of rights-of-way.

W. First St. Hearing April 17

A public hearing on the W. First St. widening project will be held at 2 p. m. April 17 in the county commission chambers of the courthouse.

State Road Department Engineer Richey Green, in a letter to the board of county commissioners today urged that the board and all interested citizens attend the hearing.

LARRY DAVIS

GARY FOLDS

Target Date For Man Orbit May 1?

LONDON (UPI)—British space scientists said today Russia's target date for orbiting a man in space probably is May 1 to coincide with the great Communist and left-wing May Day celebrations around the world.

But in view of these experts, the Soviet space program is somewhat behind schedule in achieving the "absolute safety" Russian scientists have insisted is essential before they risk a human life.

"They may still try," said a member of the British Interplanetary Society, "but if anyone goes up in the

next month or so, he will only have a 70 percent chance of getting back alive.

"If the Russians manage another successful landing or two of animals before then, their first astronaut will have better than an 80 percent chance.

"Although they talk about 100 percent safety, there is no such thing, certainly not in space flight, and hardly ever in any great pioneer exploration."

This scientist believes the Russians will consider an 80 percent chance of a safe return good enough odds for a first try—especially if it will enable them to beat the United States into space by a wide margin.

Texas Goes To Polls To Replace Johnson

DALLAS, Tex. (UPI)—Texans vote today to try to pick a successor for Vice President Lyndon B. Johnson in the U. S. Senate in a special election that has become the biggest political elimination contest in the state's history.

There's a record field of 64 candidates in the race — 63 Democrats and one Republican. It is such a large field that there is almost no chance of any candidate winning a majority.

So voters probably will have to go back to the polls in a month and vote for the top two men in a runoff election.

Only six of the candidates, however, are considered serious candidates and it would be a miracle if one of the others got into a runoff much less won the election.

The six are interim Sen. William A. Blakley of Dallas, appointed by Gov. Price Daniel to fill in for Johnson until a successor could be elected; U. S. Rep. Jim Wright of Fort Worth; Atty. Gen. Will Wilson of Austin; State Sen. Henry B. Gonzalez and former state Rep. Mury Mavriak, both of San Antonio, and John Tower of Wichita Falls, a former college government professor and the only Republican in the race.

Anderson Movers Hold Opening

The grand opening party of Sanford's newest moving and storage company was held Saturday, when Claude and Judy Anderson owners, threw open the doors of their warehouse offices to the public.

Approximately 1200 people came during the afternoon to view the new facility.

A band known as the "Rockin Robins" provided musical entertainment for the event and free refreshments were served to the interested persons who attended. Door prizes were awarded to lucky guests and included a \$100 savings bond as the grand prize and two medals as second and third prizes.

Mrs. Jean Miller, 225 Cherokee Drive was the grand prize winner and the radios were won by Mrs. Walter Gleason and James Long. Mr. Harry Campbell of the Methodist Church made the dedication address and lead the prayer of invocation for the new business.

Anderson is the agent for Global Van Lines Movers here and their motto is that they are the "smoothest mover for fussy people." Offices are located behind and adjacent to the Sanford Manufacturing Company building on W. First St.

They feature modern moving vans with trained personnel, which provide the best facilities and service for any moving problem.

SIGNING THE SALES CONTRACT which involves 50 acres of land lying on the west side of Grapeville Ave. is Leo Butner, manager of the Sanford State Farmers Market and purchaser William W. Austin, builder, who is vice president of the Knox Florida Development Corp. Kenneth McIntosh legal counsel for Butner, Francis J. Ley, vice president of National Homes Acceptance Corp. and Betty Day, of the Stanstrom Realty Company observe the signatures.

Southern Bell Boss Stresses Expansion

Ben S. Gilmer, president of the Southern Bell Telephone Company, told the annual convention of electric industry people in Boca Raton recently, that very large capital investment sums must be raised by utilities in the South for the great expansion that will be needed in the next decade.

"Meeting successfully the challenge to raise the necessary investment funds will require improved inducement for capital attraction," the telephone executive declared.

"We in the utility field have a grave obligation to see that our earnings are adequate to keep us in a healthy operating condition and able to furnish the best, most progressive and expanding service."

"Monetary authorities generally expect the worldwide shortage of investment capital that exists today to continue for many years," said Gilmer, "and capital can be accumulated only as savings out of production and this will be done in increasing amounts only when there is an increased incentive to save."

The newspaper Al Akhbar said the people of Baghdad's largest section, the Alzamlah quarter, are allowed out on the streets only between 11 a.m. and 4 p.m.

Lincoln Heights Development To Start Construction Soon

A new Negro subdivision, to be known as Lincoln Heights, will soon be under construction on the west side of Grapeville Avenue.

The former farmland, property of Leo Butner, manager of the Sanford State Farmer's Market and once head of the Farm Bureau here also connected with the Federal Land Bank in Orlando, is a fertile 50 acres, which has grown many bushels of celery, corn, squash, peppers and other crops, as well as experimental crops of medicinal herbs, imported from Egypt and India.

The new owner is William W. Austin, builder who plans to construct about 200 top grade homes for Negro citizens. Plans are for three bedroom, 1 1/2 bath homes, with both FHA and VA financing.

Although, the property lies just outside the city limits of Sanford, the builders have submitted plans for their own water and sewer systems and have received preliminary approval. All the streets will be paved and lots will be a minimum of 70 ft. wide.

The homes will be of partially prefabricated construction, with some brick or block facing and have resilient tile floors.

Austin gave credit to Robert Brown, county zoning director for interesting him in building homes in this location and said that he plans to use local construction workers when the work begins.

Collaborating with Austin is Frances J. Ley, vice-president of the National Homes Acceptance Corporation, one of the largest home mortgage financing companies in the nation.

Knox Homes are a national concern, with special designs planned exclusively for Florida living conditions and Lincoln Heights homes will follow these plans. From Herbert Stanstrom comes the following statement:

"Stanstrom Realty is pleased to have been involved in helping to bring to our community an organization so widely known in the field of home construction. We trust Knox Corporation will enjoy the same success here as experienced by them throughout Florida and Georgia.

Four Americans Held In Beating Of Red Officer

BONN, Germany (UPI)—U. S. military authorities today investigated reports that four young American soldiers who had been drinking yanked a Soviet lieutenant colonel from his automobile and beat him on the street Easter Sunday night.

Informed sources said the soldiers, aged 18 to 20 and attached to the 3rd Armored Division, dragged the Russian Army officer from his Soviet military mission car in Frankfurt and punched him several times.

Spokesmen for both the Soviets and U. S. Army refused to comment on the incident, but a statement was expected to be issued later today by the U. S. Army headquarters in Heidelberg.

The sources gave this account of the incident: The soldiers were driving through Frankfurt when they stopped for a traffic light. An automobile with the words "Soviet Military Mission" printed on the side drew up next to their vehicle and stopped for the light.

One or more of the Americans left the car, opened the rear door of the Soviet automobile and pulled the Russian officer out of the back seat. They punched him a number of times and pushed him back into the car.

The soldiers climbed back into their car and drove off. The Russians noted the American car's registration number and told the U. S. Military Police.

Several hours later Military Police picked the young men up and they were held for questioning pending an investigation.

Reporter Starts Contempt Jail Term

DENVER (UPI)—Newspaper reporter Vi Murphy, sentenced to 30 days in jail for contempt of the Colorado Supreme Court, began the second day of her sentence today.

The 35-year-old Mrs. Murphy was given the jail term for refusing to disclose the source of material she used for a story in the Colorado Springs Gazette-Telegraph, she was cited for contempt last Oct. 28 after repeated refusals to tell where she obtained a copy of a legal petition that charged a former Colorado chief justice with accepting a bribe.

Mrs. Murphy, who left two children at home under the care of her husband, Thelmer, and her mother, told reporters Monday the idea of the jail term was "no fun."

Her appeal from the conviction was denied by the U. S. Supreme Court last Wednesday and she surrendered Monday to the Denver sheriff's office.

The state high court was to decide this week whether Mrs. Murphy would have to serve the full 30 days. She asked the court to reconsider a decision that she be denied time off for good behavior.

Mrs. Murphy still refuses to reveal the source of her information.

The program entitled "Keeping Up With the Jones' Daughter" was presented by Carol Keen at the meeting of the Intermediate G. A.'s of the First Baptist Church of Lake Mary.

Mrs. Dixie Lusk, counselor opened the meeting with prayer. Each girl repeated the Watchword and Allegiance. Anita Ferguson read the names of the Memorials from the Calendar of Prayer and Linda Beal prayed for them.

A discussion was held concerning camp for the G. A.'s this summer.

Intermediate GA's Hear Program

Club Plans Dessert Card Party Thursday In DeBary

The DeBary Woman's Club will sponsor a dessert card party, Thursday, at 1 p. m., at the Community Center.

Those attending are requested to bring their own cards and play their favorite game. There will be many prizes.

It has been announced that the club cook book has arrived. They make wonderful gifts, especially for friends back home in the north.

Members are reminded to get their copy early, before they are all sold out.

DeBary

Personals

By MRS. ADAM MULLER

Thomas Howard has returned to the Halifax Hospital for X-rays and tests. He will be glad to hear from his friends and buddies while he is there.

House guests of Mr. and Mrs. Frank Stone are Mr. and Mrs. Andrew Sturek, of Chicago, Ill. Mr. Sturek is president of the Zephyr Printing Co.

Dr. and Mrs. Harlan Reeder, of Homewood, Ill., arrived for a few weeks visit with Dr. Reeder's parents, Mr. and Mrs. Glenn Reeder, at their home on Agua Vista.

Robert Stroud, son of Mr. and Mrs. Stanley Stroud, is home from The Citadel, for the Easter holidays.

Mrs. William Stith and two young children, spent the Easter weekend with her husband at Fort Bragg. They will also visit relatives in Wilson, N. C. and in Georgia, enroute home.

Mr. and Mrs. Eric Michaelis, of Westfield, N. J., are visiting Mrs. Alice Robiolo, at her home on DeBary Drive.

Houseguest of Mr. and Mrs. William Cole, is Miss Grace Macdonald, of Long Island, N. Y. Mrs. A. Zell, of Erie Pa., is visiting Mr. and Mrs. E. R. Andrews.

Mrs. Frank Maher entertained a group of friends with two tables of bridge, at her home last week.

Mr. and Mrs. James Johnston of Lucerne Dr. celebrated their 50th wedding anniversary, this past week.

Mrs. E. Carson of DeBary Ave. entertained her bridge club at dinner. Her guests were, Mrs. Henning K. Johnson; Mrs. David Rothchild, Mrs. Ernest Walke, Mrs. Fred Renisch and Mrs. E. Watson.

Mr. and Mrs. Frank Swallow have as their houseguests Mrs. Swallow's sister, Miss Agnes Crowley, of Rochester, N. Y.

Mr. and Mrs. David Rothchild have as their houseguests, Mr. Rothchild's brother-in-law and sister, Mr. and Mrs. E. Perkins of Mt. Vernon, N. Y.

Mr. and Mrs. Edward Allan of Starta Rd., are entertaining, Mrs. P. H. Keays of Ontario, Canada.

Mr. and Mrs. George Taylor, of Maatic Beach, N. Y. have been visiting with Mr. and Mrs. Charles Youman and touring places of interest in the state. They also visited Mr. and Mrs. A. Pope, at Jensen Beach, the Brudis in Clearwater and friends in Fort Lauderdale.

Mr. and Mrs. Henry Lohof, of Billings, Mont., who spent the winter in DeBary, have departed for home.

Mrs. James E. Bayles, of Oradell, N. J. who has been visiting her father, Albert Lange, left for home this week.

Miss Waschek, Donald Futrell Married In Ceremony At Brooksville Church

Miss Marcia Florence Waschek, daughter of Mr. and Mrs. Anton J. Waschek, of Brooksville and Donald A. Futrell, son of Mr. and Mrs. Robert A. Futrell, were married at 3:30 p. m. March 19, at the First Baptist Church, in Brooksville.

Rev. Ollie Matthews officiated at the ceremony before a background of greenery and baskets of mixed mums and pom poms.

A program of wedding music was presented by Mrs. John C. Emerson, organist and Brownlee Waschek, brother of the bride who played two violin solos, "Adoration" and "Intermezzo."

The bride given in marriage by her father, wore a pale rose scalloped lace sheath dress over taffeta with matching satin headband and shoes. She carried a bouquet of pink and white Frenched carnations with matching ribbon.

Mrs. Leslie Lewis, matron of honor, chose an aqua sheath style dress with matching headband and shoes. She carried a bouquet of pink Frenched carnations with matching ribbon.

George Jarrell, of Gainesville, a cousin of the groom, was best man and serving as usher were William Catron, Brooksville and Godfrey Thompson, of Miami, also a cousin of the groom.

The mother of the bride wore a dress of blue lace over taffeta with mauve accessories and a pink carnation corsage. The groom's mother wore a pink chiffon over taffeta and a corsage of pink carnations.

For a wedding trip to the East Coast, Mrs. Futrell chose a black and white checked suit with red accessories and a white carnation corsage. The couple will make their home in Bunnell.

Mrs. Futrell is a graduate of the Hernando High School and a member of the Junior Service

League. For the past several years she has been associated with the Hernando County Board of Public Instruction, serving three years as secretary at the

Hernando High School and later as Finance Officer in the office of the superintendent. The groom is a graduate of Seminole High School and received

his degree in Business Administration from Stetson University. He is assistant auditor with the State Auditing Department of Tallahassee.

Out of town guests included the groom's parents, Mr. and Mrs. Futrell, and Mr. and Mrs. J. H. Parramore, of Sanford, Mr. and Mrs. Irma B. Thompson, and son John, of Key West and Mr. and Mrs. George Jarrell and daughter, Janice, of Gainesville.

Following the ceremony, a surprise reception was given by a group of friends and co-workers of the couple, in Fellowship Hall of the Church.

The refreshment table was centered with a beautiful four-tiered wedding cake, decorated with pink and white rosebuds and topped with a miniature bride and groom.

On each side of the cake were crystal candelabra with tall white tapers. The table holding the punch bowl was decorated with colorful carnations. Many relatives and friends attended both the wedding and the reception.

MRS. DONALD A. FUTRELL

Orange City Staff Entertained At Bedient Home

Miss Barbara Bedient, Lakewood Drive, DeBary, entertained the faculty and staff of the Orange City School, at her home, last week.

Among the guests were Mr. and Mrs. H. Brokenshire, Mr. and Mrs. Daniel Jacobson, Mr. and Mrs. Ed Ballentine, Mr. and Mrs. Clyde Adair, Mr. and Mrs. A. L. Simmons, Mr. and Mrs. C. Kerby, Mr. and Mrs. L. Hayward, Mr. and Mrs. G. Hauser, Mr. and Mrs. J. Elliott, Mr. and Mrs. Jerry Hodges, Mr. and Mrs. Robert Arndt and Mr. and Mrs. R. Mowery.

Enterprise

Personals

By HELEN SNOODGRASS

Mr. and Mrs. John Hood of Bradenton were recent overnight guests of Mrs. Hood's sister, and family, Mr. and Mrs. J. H. Stultz.

Mr. and Mrs. Clyde Perkins and Mrs. Robert Williams left Friday to return to their home in Beloit, Ohio after a visit with Mrs. Alberta Warner.

Mr. and Mrs. D. J. Parker and daughter Linda spent the holiday weekend in Frostproof.

Mr. and Mrs. Ed L. Cunningham and daughter Jean, Mr. and Mrs. L. O. Hayman, Mr. and Mrs. Wise Hardin and Mrs. Bernice Boyer and Alva Hayman of Orange City spent Sunday with relatives in Ft. Pierce.

Jack Broyles of Melville La., Mr. and Mrs. Fred Harris of Winter Park and Mr. and Mrs. Richard Harris and children of Maitland were Sunday guests of Miss Helen Snodgrass.

Mrs. Catherine Dann and grandchildren, the Hagan twins of Orlando were visiting Mr. and Mrs. Sam Lawson last week.

Mr. and Mrs. Leon Lawson and children David and Jan of St. Petersburg visited Mr. and Mrs. Harold Stultz over the week end.

A late hostess is as inconsiderate as a lady guest.

Does BLADDER IRRITATION MAKE YOU NERVOUS? THROTTLED BY URIC ACID? ...

GLENN

IT'S HARD TO BEAT the record that freshman Glenn Utt has made for himself at Piedmont College in Demorest, Ga.

Through the second quarter of his first year, he has maintained straight "A's" in all his college subjects.

Glenn is the handsome son of Mr. and Mrs. G. C. Utt of Sanford and graduated last year from Seminole High School.

Mr. and Mrs. Utt recently visited their son at Piedmont and while there enjoyed visiting with Dr. Bernard Root, former teacher at Seminole High School and minister of the Congregational Christian Church here for 33 years.

Dr. Root is head of the English Literature Dept. at the university there and the students have grown just as fond of the wonderful, perennially young gentleman as were students of the high school here for many years.

FREDDIE

Freddie's happy, outgoing personality and his vital interest in people quickly wins him friends wherever he goes.

A PERFECT PROTOTYPE of the American image of the Nordic people is blond, blue-eyed Pekka Kurkijarvi, the Kiwanis exchange student from Finland, who has been living in Sanford since last summer and attending Seminole High School.

"Peter" as he is called here, spoke at the recent meeting of the local Business and Professional Women's Club and they were much impressed, finding him to be "friendly, intelligent and charming." They felt that his knowledge of his country's physical, industrial, political, social and educational conditions was quite extensive.

Although the adjustment to a foreign land, with our customs and way of life being strange to him, has not been easy, Peter has done a good job of fitting himself into the local scene and has been cordially accepted by the high school students, who find his accented English delightful and are intrigued by his "differences."

It's amazing how many persons answer home phones in an abrupt or disinterested manner.

ROY

A SIGNAL HONOR has been bestowed on 15-year old Roy Green Jr., ninth grade son of Mr. and Mrs. Roy Green of Palmetto Ave. Roy has been chosen to serve as a page at this year's session of the Florida Legislature. The appointment came from Rep. Mallory Horne of Leon County.

The new page will be dismissed from his studies at Sanford Junior High and depart for Tallahassee May 15. While in the capital city he will reside with his maternal grandmother, Mrs. O. R. Rivera, at her home there.

Mr. and Mrs. Green are both members of the Holy Cross Choir and Roy Sr. is a member of the Sanford Male Chorus, as well as a Past Exalted Ruler of the Elks. He is with the advertising department of the Herald. They have a 10-year old daughter, Cathy, who is in Virgil Duffell's fifth grade at Grammar School.

Both Roy Jr. and Cathy have maintained a high scholastic record in school and Roy plays the record in school and Roy plays the Band.

Diminishing Returns

In all the talk of the economic and political weight of Big Labor in this country, it is usually lost sight of that the organized labor movement is losing ground, proportionately, as the total U. S. labor force grows.

Today the labor force is in the range of 70 million, up roughly seven million from its level at the start of the Eisenhower regime.

Dues-paying union membership at that earlier date was generally placed around 16 million. The figure now is a somewhat nebulous 17 to 18 million, the range reflecting in part differing judgments as to the inclusion of unemployed workers paying only token dues.

Union men insist, however, that while they may be suffering percentage losses in their share of the total force, they still are gaining in absolute numbers.

Their biggest problem today is that they see major shrinkages occurring in basic industries that up to now have provided the core of their membership strength. Coal mining and steel and automobile making are prime illustrations.

It has been estimated, for instance, that 125,000 of the auto workers laid off in the past year will never be rehired in that field. The United Automobile Workers Union is taking a stiff blow. So are the steel and coal unions.

The progress of automation promises further shrinkages. The character of the American labor force is undergoing marked and rapid change.

A decade ago, the United States became the first nation to employ more nonfarm workers in trades and services than in production. Last month nearly 83 million held trades-services jobs while just 18.3 million worked in mining, construction and manufacturing. In these latter categories the unions traditionally have had most of their base.

Generally speaking they've made slow headway in the white collar and other nonmanufacturing fields. And the unions have quarreled among themselves as to which one should organize which group.

If white collar resistance remained high and automation cut a new deep swath in the production field, the time might come when organized labor's numbers would decline in absolute terms. But leaders say they doubt this will happen.

Even if it does not, it seems clear Big Labor is not as big as it once was, relative to the total work force. And some of its most powerful unions have moved onto very shaky ground.

WASHINGTON

by Ed Koterba

WASHINGTON—Oh, Mr. Kennedy! Here's a lulu of an example in Pentagon waste—the kind of thing you've been looking for.

It's about something simple, a telephone receiver. But in a way it's more horrendous than the spendthrift cases you yourself have uncovered.

This would be a howl of a funny story—if it didn't mean a dead loss of thousands of dollars to us taxpayers.

It had its beginning several days ago when the little chiefs at the Pentagon sent out an urgent request for bids for the manufacture of a certain type of telephone handset—25,000 of them.

The request was filed through the U. S. Army Signal Supply Agency in Philadelphia.

The sub-chiefs at the supply agency rushed the applications to several electronics companies for bids. The bids will be opened March 7.

Now, this is but a small item in the strange, grand world of Pentagon spending. It's known as a switch, the kind our troops use with the EE-9 battery-operated field telephone.

The last time the Signal Supply people put through an order for TS-9s was December, 1955.

They obtained 6,790 of them from Yankee Telecommunication Labs, Inc., of Meriden, Conn. The cost, according to Bishop's report, an independent report on military procurements was \$6.93 each.

The price: \$3.95 each. That's the cost for the TS-9s new. Used ones are only \$2.95. And the supply, I understand, is unlimited.

These surplus receivers—and this will make you laugh, or sigh—came from the signal corps! And the way surplus stocks are sold by the Pentagon, they probably didn't cost any more than 50 cents apiece.

If the little chiefs or any of the big Indians under your command had done just a bit of shopping around, as I had done, this would have saved taxpayers a zillion bucks.

Since the price hangs somewhere around \$6.95 per handset, savings would be \$3 each—or \$75,000 on the full shipment. (Or \$100,000 if you bought the second-hand ones.)

As I said, the Pentagon's in a hurry for the new order. They want 2,000 within the first 150 days, and the remainder within 90 additional days.

BOWLING DOWN TO RIO!

THE WORRY CLINIC

by Dr. George Crane

College heads are notoriously poor business men, so you state legislators and members of the Board of Trustees must stop the needless demand for more taxes. Make the colleges use "horse sense" and they can handle TWICE their present enrollment without a penny for new classrooms or additional faculty. Let's also stop panderings from Uncle Sam for education!

CASE H-450: George G., aged 45, is a member of the Nebraska state legislature.

"Dr. Crane," he asked me recently, "we are constantly being urged to appropriate more money for new buildings at our various state universities and teacher's colleges."

"I am very much in favor of education, and as much FREE schooling as we can offer, but we can't go on forever increasing our tax rates, even for schools and public welfare."

"So what is the solution?"
"More 'horse sense' on the part of our colleges!"

Despite the widespread clamor that we shall have twice as many college students in 1975 as today, and many educators are sending up "trial balloons" to get legislatures favorably inclined toward bigger appropriations, let's face facts.

Our legislators (and college Board of Trustees) should just demand more American business

efficiency on the part of the colleges before you grant them any more funds.

Our colleges can handle DOUBLE their present enrollments and WITHOUT AN EXTRA CENT OF APPROPRIATIONS, either for new classrooms or for any new teachers!

Read that sentence again for it is gospel truth.

All we need to do is schedule a 2nd educational "shift," just as efficient factories run double (and often triple) shifts of workers.

Our present classrooms, microscopes and other lab equipment would handle not only DOUBLE our present school enrollment, but if need be, we could run a third shift and handle TRIPLE the number.

College students are adults in physical and mental age, so they don't need to be limited to grade school hours of 8 A. M. to 3 P. M.

Let the second shift start at 3 or 4 P. M., and run through 9 or 10 P. M.

"Yes, Dr. Crane," you may protest, "but what about the extra faculty members needed to handle that double enrollment?"

Again, use "horse sense" which has been obviously lacking on our college campuses for 300 years in America!

The typical college professor today handles an average of only 12 students, whereas each high

school teacher handles 24.

Why shouldn't college professors work as hard as high school teachers and thus raise that Student-Teacher ratio from 12:1 up to 24:1, where it easily could be?

Then the present college professors would be handling TWICE the present college enrollment, without adding to their number at all!

And that added number of tuitions per prof would permit a 50% jump all the way along the line in salaries . . . and WITHOUT ONE CENT OF NEW APPROPRIATIONS from our state legislatures!

The only new buildings needed to accommodate double our present college enrollments would be dormitories. And thousands of townfolk still have vacant rooms available, which could easily be used for that purpose.

Fancy million dollar college dormitories don't raise the student's grades! You can rate just as high on exams by living in a rented room in a private home of the townfolk.

So let's stop this mad stampede toward ever increasing taxes! You can do it easily by simply using American "horse sense." Get hep!

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4 cent stamped, addressed envelope, and 25 cents to cover typing and printing costs when you send for one of his booklets.)

It's Not Easy To Keep Tab On Communist Economy

By HENRY McLEMORE
ROME—Few people know it, and fewer care, but this column is probably the last word when it comes to keeping in touch with the rise and fall, economically, of the Communist world.

It is no easy task, let me tell you that.

The economies of the Communist countries go up and down more furiously than the tides of the Bay of Fundy. One day the Communist economy is outstripping the world, and the next it is lower than a well digger's boots.

A few days ago our economic bureau (it occupies an entire linen closet in a side-street Pensione) had word from the East German government that it soon would forge ahead of West Germany in prosperity, especially in the matter of consumer goods.

Our economic bureau duly flashed this to the world. The ink was scarcely dry on the flash when word came in from East Germany that it was in the throes of an economic crisis and was closing all of its airplane plants.

This shows you what we are up against in keeping the world informed on how things are go-

ing behind the Iron Curtain. A boat is no sooner made than it is flattered by a statement saying "Woe is Us!"

China is a tremendous headache to our bureau. Three of our assistant economists have gone crazy, plain crazy, trying to keep up with what is going on in Peking and its surroundings.

Only a little while ago China announced that half the backyard of China were producing a ton of steel a day, that thanks to the commune system farms were at an all-time high, and that billions were being poured into the production of a bomb.

Hard on the heels of this optimistic announcement came official word that millions of Chinese were threatened by starvation, and that rice and wheat were being brought by the shipload from Australia and Canada to keep the Chinese body and soul within striking distance.

As hard as this sort of thing is on us, we are comforted by the knowledge that it must be much harder on the poor devils who run the propaganda departments of the Iron Curtain countries.

Think of the miseries of their job.

While the right hand is typing out a release extolling the tremendous strides made, the left is pecking away at a retraction.

Or do these countries have two sets of Propaganda Ministries? One for telling lies and one for saying the lies are lies and here is the truth as best as we can tell it?

The Free World has its faults, as all of those who pay forty-five cents for a peanut butter sandwich know, but at least our governments don't tell two sets of lies every day.

Our bureau has become so skeptical that it isn't at all sure Russia has ever sent a dog into space. We have all seen pictures of the Russian space dogs, and we know their names, but wouldn't it be nice to have had a neutral witness there for the launching.

The lotus plant was used as food in India and later introduced into Egypt.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: Would you cost put in the paper about what it would cost a man to hire a woman to clean his 8-room house every day, to cook for him and five children, to do all their laundry, to be there every minute to care for the children, to stay up nights when they are sick, to can 300 quarts of vegetables and fruits, and to sew all the clothes the children wear?
WOULD LIKE TO KNOW

DEAR WOULD: No one woman could be hired to do all the above-mentioned chores. (The Fair Labor Standards Act wouldn't permit it.) But a lot of women do it for their keep, a word and a tender touch. (The unluckier ones do it for nothing.)

DEAR ABBY: I am the mother of four married children and am "Nana" to ten adorable grandchildren.

My problem is that all four of my children fight over me. I have my own apartment, but they are constantly after me to give it up and come to live with them.

I spent the Christmas holidays with my eldest daughter, and I had to steal away in the night so the children wouldn't see me leave. They cried for days when they discovered I had gone. It's that way with the other grandchildren, too. Should I keep my own apartment or give it up and take turns living with my children? I am 58 and widowed.

IN DEMAND

DEAR IN: Are you bragging or complaining? Keep your own apartment and continue to enjoy the status of the sought-after guest. Distance lends enchantment.

DEAR ABBY: Will you print my letter as encouragement to women to remain true to their husbands even though they are strongly attracted to someone else? Our marriage differences seemed insurmountable, a tall, dark, charming man walked into my life. He was everything my husband was not. Refined, exciting and talented. We seemed made for each other.

Knowing that two families were involved (he was married), and our reputations were at stake, I put up the struggle of my life. I told no one, fighting the feeling alone. I leaned on my God. His strength was sufficient for I won, Abby. After two months of a debilitating struggle I was able to tear this man's face out of my heart. I now think of him as a wonderful friend, but not for me.

My life is sometimes dull—but my conscience is clear. My promise to love, honor and cherish my husband until death do us part remains unbroken. THE WINNER

CONFIDENTIAL TO "HAD MY SHARE": Everyone has a basic need to be loved, and one who is ill needs it so much more. Stick with her.

We The Women:

By Ruth Millet

How many of these statements do you agree with? These are all witty stunts on life culled from my correspondence:

No man would be as completely lost without his wife as she would be without herself.

It's as hard for a man to re-

concile himself to the fact that he has married a poor housekeeper as it is for a woman to admit to herself that her husband will never earn a good living for her.

No woman ever bored a man with silence.

It's after marriage that a woman starts telling herself that

looks aren't everything. . . . Many a man has become an ardent hunter or fisherman because his wife always has something for him to do if he tries to loaf around home.

The husband who picks on his wife in public is the husband who is afraid to tell her off when they're at home.

When a man asks his wife what she has been doing all day, an honest, detailed answer would seem a complaint.

A wife is supposed to tell her husband "he did exactly right" in any crisis—but a wife expects to have her loving spouse tell her how she should have handled the matter.

Chivalry isn't dead so long as middle-aged husbands continue to tell their middle-aged wives they are as pretty as the day they were married.

Babe Ruth Teams Set

Team player lists and coaches were announced today by the Sanford Recreation Department for the local Babe Ruth League.

The league again will consist of eight teams with six city teams as well as teams from Oviedo and Lake Mary. Play is scheduled to begin May 10.

Teams from the city—their coaches and players are:

Rotary—George Slone, coach; Pete Rumbley, Paul Rumbley, David Lanier, Kevin Edge, Jimmy Baker, David DePalma, Mark Corbin, Larry Sherwood, Leroy Groover, Edward Kosky, Billy White, Larry Elsworth, Mike Petunic, Jim Touhy and Joe Purdy.

Elwans—Ronnie Russi coach; Tommy Lay, Ernie Baumelster, Terry Echols, Bernie Barbour, Andy Lyon, John Jensen, Betsy Johnson, Lawrence Pivec, John Ray, Garry Bennett, Jim Fay, William Messer, John Bridges, Darrel Barge, and Robert Rumbley.

Elks—John Lewis, Bob Kendrick, coaches; Bobby Knight, Steve Clark, Stephen Baint, Jim Woods, Bobby Stewart, Jerry Moody, Varrone Miller, Roth Viblen, David Howe, Brad Pruden, Ricky Sires, Bobby Pollard, Johnny Lewis, Danny Gilmartin, and Jimmy Johnson.

Monroe Harbor

Paces Scorers

In the High Nooners Bowling league play, Monroe Harbor won four points from Al's Barber Shop and Big Dip also won four points from Dawn's Beauty Salon.

Other winners were Shoemaker over Stenstrom Realty, North Orlando over Capri and CPO Wives over Smith's Amoco.

Gerry White and Letha Ward rolled turkey's and Betty Whitmire made the 2-7-10 split, and the 3-10 was made by Dollie Palmer.

Hi-Nooners are making plans to enter in the City Tournament, to take place on April 22 and 23, with singles, doubles and 3-member team play.

Bonus Babe?

NASHVILLE, Tenn. (UPI) — Ole Miss All-America athlete Jake Gibbs, who has turned his back on professional football, may be in line for a bonus of more than \$100,000 to play baseball. Nashville Times sports columnist Fred Russell quoted this prediction Monday by San Francisco Giant baseball scout Hugh Poland.

Civilians — Roy Thomas and Ed Fitzgerald, coaches; Earl Black, Eddie Griffith, Billy Kuykendall, W. D. Wilcox, Kenny Barnes, Ronald Outlaw, Marvin Sheffield, Ed Fitzgerald, Rusty McAllister, Stephen Harris, Ricky Walstrom, Byron Belcher, Victor Jackowich, Steve Garver, and Fred Gallette.

Biddy Climax

Local play in the Sanford Biddy Basketball League will climax this Friday evening when Seminole Sporting Goods takes on the Higginbotham five for the championship, to break the first place tie. Last Saturday these same two teams met with Higginbotham coming out on top which created the tie.

The Seminole team will be looking for revenge as well as the championship in the game Friday and are favored to come out on top.

Game time and place for this summit contest will be 8 p. m. at the Sanford Junior High Gym.

Anyone looking for an evening of well played entertaining basketball should be in attendance for this the last basketball on the local scene for this season.

Pentecost Paces Appleby's In Mixed League Kegler Play

Harry Pentecost did his best to keep his team, Appleby's Restaurant, right up there in contention for the championship of the Thursday Nite Mixed League, last week, as he racked up a 623 scratch series, giving his team three wins over DeBary Pharmacy.

B. Edwards Builders Supplies also took three, giving them a two game lead over Appleby's. These two teams will have a hot battle this Thursday as they play each other, with just two weeks of league play left.

Sicemeyer Roofing took over the third slot, followed by DeBary, Powell's Office Supply, Town & Country TV Service, Sanford Mfg., Food Fair, Pryor's State Farm Ins., and Dynatronics. Danny Carder and Tom Armaso

picked up the 2-7 split to convert their spares, while George Conklin, Bill Pressley, Harriis, and Dan Rittie made the 3-10. Erma Anderson topped the 5-8-10, Ralph Betts made the 2-3-7, and John Pterro picked up the 4-7-9.

Buddy's Still Ahead In Loop

Buddy's Automotive is out in the City Bowling League with a total of 76 games won and Lake Monroe Inn is in second place with 69 1/2 points.

George's and Lance are close at third and fourth respectively with 65 and 63 points.

Monroe Inn copped the team high singles and series with a single score of 973 and a team series of 2784.

Gene Estridge with a 236 had the highest individual score and the high series went to Bob Boradorf with a 629.

Sanford Archers Schedule Meet

The Sanford Seminole Archers will hold their regular meeting Wednesday at 7:30 p.m. The meeting will be at the Arts and Crafts building on E. First Street.

All members are urged to attend this meeting. The guest this month will be Dave Brandt, of the Black Bear Bowman, who is well known for his bow hunting and bow fishing.

The entertainment committee has arranged to show movies after the regular meeting.

All persons who are interested in Archery are invited to attend this meeting.

This Is Last Season For Bauer

WEST PALM BEACH (UPI) — Outfielder Hank Bauer of the Kansas City Athletics, who gave the best he had for 12 seasons, gave notice today that this will be his last year.

The decision wasn't as difficult to make as Bauer thought it might be during the 10 seasons he drew cheers for his consistent all-out performance with the New York Yankees.

Bauer, who will be 39 in July, doesn't rate too many cheers these days and he knows the reason why even though he still hustles most every minute he's on the field.

Win Doubles

MONTE CARLO, Monaco (UPI) — Bob Wilson and Alan Mills of Britain defeated the Yugoslavian pair of Bora Javanovic and Nicolas Pille, 6-4, 6-4, Sunday in the finals of the men's doubles of the Monte Carlo international tennis tournament.

Crews Meet Again

NEW HAVEN, Conn. (UPI) — The 96th Yale-Harvard crew race, the oldest intercollegiate athletic event in the United States, has been scheduled for June 17 over the four-mile downstream course of the Thames River in New London, Conn.

Collins plans for these charities brought forth tremendous co-operative efforts from citizens in the above communities. His charity work has gained widespread recognition outside the industry, while setting new standards within greyhound racing operations.

In addition to his charity, public relations and financial acumen, Collins has been an industry leader in striving for tight security controls over the greyhounds, promoting closer cooperation among tracks, building a permanent, powerful national track operators organization and in seeking ways to promote the solidarity and success of greyhound owners.

All Star Teams Neck And Neck

The standings are very close in the All Star league with N.J. Electric's 30 1/2 threatened by Garlyn Kennels 29 and Mar Lou's 28. Lossing's is close behind with 25 games won.

Bob Boradorf's 233 and Gene Estridge's 236 were only one point apart for the individual high singles and Estridge also took the series with a 619, for the league.

Hearing Resumes

NEW YORK (UPI) — Hearings in the cases of accused basketball fixers Aaron Wagman and Joseph Hacken were scheduled to resume today in Felony Court. Both men were arraigned before Judge Louis F. Wallach last Wednesday. They were given a hearing two days later but another hearing was adjourned until today at the request of their attorney.

TWO OF A KIND

Second Line Hurlers Come Through For Bucs

United Press International All spring, Pittsburgh Pirates manager Danny Murtaugh has been saying that "if our second line pitching comes around, we'll be tough."

After what he has seen in the last two days, Murtaugh must be just about ready to predict a second straight pennant for his Pirates.

On Sunday, Jim Umbricht, Joe Gibbon and Fred Green collaborated on a five-hitter to beat the St. Louis Cardinals, and Monday Tom Cheney spun three neat innings in relief of Bob Friend as the Pirates whipped the Cincinnati Reds, 5-2.

There's little denying that in Friend, (18-12 last year), Vern Law (20-19), Wilmer Mizel (13-5) and Harvey Maddix (11-10), the Pirates have as formidable a front line pitching staff as any team in the National League. And in Elroy Face (10-8) they perhaps have the best fireman.

However, as the Yankees showed in the World Series, the Pittsburgh second line is little more than a bunch of batting practice pitchers. And that's what has worried Murtaugh more than anything else this spring.

The Pirates added some strength to the second line with the acquisition of Bobby Shantz during the winter, but little Bobby has had a recurrence of arm trouble and has been idle since March 21.

And with little to look forward to in the line of youngsters coming up, Murtaugh apparently will have to open defense of the NL title next week with just about the same pitchers who carried the load in 1960.

Now if Umbricht, Gibbon, Green and Cheney's work this spring is a true yardstick of their talent, then, according to Murtaugh, figure the Pirates to be the team to beat in 1961.

The Minnesota Twins, another team on the upswing, unlimbered

The first play in America was believed to have been presented in Cole's tavern, Virginia.

home run power to spare in whipping the Detroit Tigers, 11-4, behind a 16-hit barrage that included roundtrippers by Harmon Killebrew, his fifth and sixth, Don Mincher, Dan Doherty and Elmer Valo. The victory was the Twins' sixth in the last eight games.

Records Fall By Wayside At SOKC Finale

All kinds of records fell yesterday at the Sanford-Orlando Kennel for attendance and mutuels handle. A new mark was set for both attendance and mutuels play in the mainline, for the night's program and for the season.

In the finale of the big SOKC season, Daniel Mitrano's Rocket Dream won the Au Revoir Handicap and teamed with Susy Gay for the last quintela of the season which paid \$19.20.

For the record-breaking season 175,386 greyhound racing fans bet a record amount of \$8,309,207 as compared to last year's previous record of \$7,921,766. Last year's attendance was 166,910.

The mutuels handle this season beat last year's previous high by \$281,439—an increase of 4.8 per cent.

The mutuels handle for the closing night hit an all-time high of \$140,232. The record up until last night for a single night was \$136,632 set on March 30, 1958, closing night.

In the mainline the new mark for mutuels play totaled \$72,056 as compared to the \$67,108 total bet on Feb. 4 of this year.

Total wagering for the mainline and night programs came to \$212,288—also a new mark.

Loop Play Tight In DeBary Circuit

Only one point separates Jackson Service Station team's 66 from the DeBary Business Mens 66 win score in the DeBary Social Bowling League standings, and only a half-point between third place Faron Builders and Peck Real Estate's 56 1/2 wins.

Robert Yvinn rolled a 236 to lead the individual high singles scores and also take the high series with a 638.

MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing—there's got to be a reason. And we can think of some pretty good ones. The clean-etched look of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

AND JUST ONE JET-SMOOTH RIDE WILL SHOW YOU WHY!

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

See the new Chevrolet cars, Chevy Corvairs and the new Corvair at your local authorized Chevrolet dealer's

The Happy Winners!

Youngsters Find 1,452 Easter Eggs In Jaycee Event

More than 500 children between the ages of one and 10 years dug out 1,452 fancy eggs in the annual Jaycee Easter Egg Hunt at Ft. Mellon Park.

Among the many eggs basketed by the eager beavers were 12 golden eggs which won prizes donated by local merchants in support of the Jaycees project for the youngsters.

Winners included Shelia Gale Butler, Jimmy Polk, Denise Brandt, Norma Duncan, Debbie Westfall, Kervin Spolski, Rene Millwood, Kenneth Brown, Tommy Steele, Dottie Lou Bradwell and Denise Bagwell. The 12th winner got his prize and dashed back to the hunt before his name could be recorded. The children were divided into three age groups, with the one to three year olds finding almost as many eggs as the larger youngsters, Ed Taft, chairman of the hunt, said.

Police aided the Jaycees in blocking off two blocks of E. First St. to allow for a running start by the crowd into the roped off search areas.

Prizes for the 12 winners were contributed by Kell's, McCrory's, Powell's, Roumillat and Anderson, Ben Franklin, Touchton's, Faust's and Sweeney's.

CITY COMMISSIONER EARL HIGGINBOTHAM cut the ribbon Sunday to formally open the new Academy Manor subdivision as a large group of officials and visitors attended the event staged by Morris Kerr and Sumner Aaronson, the developers.

(Herald Photo)

Supt. Of Roads To Talk To Group

Seminole County Roads Supt. J. C. Lavender will be guest speaker at a meeting of the Bear Lake Manor Civic Betterment Assn. Inc., Thursday.

Members will meet at the home of Mr. and Mrs. Vernon Herrington, 3519 Craig Dr., at 8 p. m.

Developers Open Academy Manor Subdivision With Ceremonies

Academy Manor, advertised as "the finest colored subdivision in the South," was opened formally Sunday with ceremonies at the Grapeville Ave. and McCracken Rd. site of the development.

The developers, Morris Kerr and Sumner Aaronson, reported immediate good response to the homes being offered for Negro

residents near Crooms Academy. They also announced that R. J. (Pappy) Boynton has been appointed sales representative for the subdivision.

Academy Manor homes have three bedrooms, tiled baths, carpets, custom kitchens and landscaped lots, city sewers and water, paved streets and curbs.

Sales are being made with FHA financing, with as little as \$13.95 per week covering all payments.

The subdivision is close to schools, churches and shopping areas and offers the finest in residential construction and appearance.

Lyman Glee Club Presents Program

Lyman High music students were scheduled to present a program for the Longwood Civic Club at the 2 p. m. meeting today.

Three selections were included on the program from the Boys' Trio of Steve Scalp and Ronnie and Larry Dill and Alice Ann Hull, accompanied by Jaqueline Waddle, was soprano soloist.

The Quintet of Darlene Shea, Dawn Barnes, Larry Dill, Lemmie Hoover and Shirley Stamper and the Triple Trio of Ann Miller, Ann Colon, Pat O'Shel, Donna Horn, Koris Martin and Lynn Roberts also appeared on the student program. George Lewis presented a piano solo and Pat Guillermeroprio gave a reading entitled "The Creation."

Mrs. Willis Benson is director of all groups and Alice Ann Hull is accompanist.

There are believed to be only three copies of Noah Webster's first American dictionary extant.

Husbands! Wives! Get Pep, Vim, Feel Younger!

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST...

Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Villand in the photo above.

No other make won more than one award . . . most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 143 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Rambler dealers sell twice as many compact cars per dealer as most other dealer groups. So, you get a better deal . . . on the best of the compacts. Rambler—world standard of compact car excellence.

SEE YOUR RAMBLER DEALER—Drive the Recognized Economy King!

Sanford To Consider Urban Renewal Project

Chamber Committee Sponsors Special Act

The City Commission Monday night will consider introducing a special enabling act into the legislature for urban renewal for Sanford, City Manager W. E. Knowles said today.

The act was sponsored by the Downtown Improvement Committee of the Chamber of Commerce.

If the commission approves the proposed legislation the board will send the bill to the

legislature for urban renewal for Sanford, City Manager W. E. Knowles said today.

The act was sponsored by the Downtown Improvement Committee of the Chamber of Commerce.

If the commission approves the proposed legislation the board will send the bill to the

legislature for urban renewal for Sanford, City Manager W. E. Knowles said today.

The act was sponsored by the Downtown Improvement Committee of the Chamber of Commerce.

If the commission approves the proposed legislation the board will send the bill to the

News Briefs

Charge From Cuba

HAVANA (UPI) — Acting Foreign Minister Carlos Olivares charged today a U. S. cruise ship with firing anti-aircraft guns at Cuban planes two weeks ago near Imias in eastern Cuba.

GOP Win In Texas

DALLAS, Tex. (UPI) — John G. Tower, 35, the lone Republican in a wide-open race to name a replacement for Vice President Lyndon B. Johnson in the U. S. Senate, today held a runaway lead over his nearest rival in traditionally Democratic Texas.

Gunby Wins

LOKE HELEN (UPI) — Caywood Gunby defeated Erion Royal by a vote of 243 to 198 Tuesday to win a two-year term as mayor of Lake Helen. It was the first try for public office by Gunby, an elementary school physical education teacher. Royal, the incumbent, was trying for a third term.

Special Attention

TALLAHASSEE (UPI) — Non-controversial bills will get special attention in the House on Fridays at the new session of the Legislature.

House Rules Committee Chairman Mallory Horne of Leon County said Tuesday the change voted by his committee would give non-controversial bills top spot on the House's special order calendar on Fridays.

Students Charmed

FORT LAUDERDALE (UPI) — Evangelist Billy Graham charmed vacationing students Tuesday with an off-the-cuff talk interrupted once by the dissonant voices of collegians singing in a nearby saloon. Graham made a 46-minute, quip-filled talk to a swim-suit audience estimated in the thousands. He received a rousing cheer when he reminded the older generation that "they were once young, too."

Awaits Report

WASHINGTON (UPI) — Atty. Gen. Robert F. Kennedy today awaited a report on the speedy deportation of New Orleans racketeer Carlos Marcello, who walked into an immigration office to register as an alien and found himself in Guatemala a few hours later. Kennedy, who didn't know about the means used to get Marcello out of the country until it was accomplished, asked for a full report from the immigration Service.

Mistreated!

WASHINGTON (UPI) — The State Department said today that Americans in Cuban jails are being tragically treated, underfed and denied medicine. The United States was contemplating a new sharp protest to Fidel Castro's regime against the treatment of the 25.

State Auditor Has Ruled That County Commission Cannot Purchase The Osceola Air Strip Under An Installment Payment Plan.

The board last week agreed to negotiate for the 800-acre site putting \$20,000 down and the rest under a three-year period. The only solution appears to be enabling legislation which Rep. Mack Cleveland Jr. is studying.

There was a steady stream of people coming into the Herald Building Monday. It seems many had as confused with the new Florida Bank Building which opened up Monday. Hard to blame them with the fine remodeling job done on the Herald.

Dr. Luther Gable, who opened up the first uranium mine in the United States, will lecture at the Civic Center Sunday at 7:45 p. m. Dr. Gable was an atomic physicist before his retirement.

The ABC Garbage Service Co. of Sanford is branching out. The firm was the low bidder on a five-year contract to collect city refuse for New Smyrna Beach. The firm's bid of \$68,950 a year was low of six which ranged upward to \$85,868.

During the last 10 days four city work crew prisoners have escaped. The police are powerless to do anything about it. Under a state law, police can not use any weapons to stop petty offenders. All a city prisoner has to do almost is just walk away.

It was nice and cool at the County Commission meeting Tuesday. Two new air conditioning units were installed. Tuesday also set a new sort of record for the new board. For the first time in many months, the meeting was over before 3 p. m. One commissioner was heard to say: "Now we can start thinking about meetings twice a month."

Cars Collide At 436 Intersection

A two-car collision at the intersection of SR 436 and Hwy. 17-92 resulted in car damages of over \$1,000 to two cars, the Florida Highway Patrol reported.

There were no injuries in the mishap.

Trooper J. L. Sikes said that a car driven by Carl Unley of Apopka going east of SR 436 pulled out in front of the car operated by James C. Bright of Fern Park.

Sikes charged Unley with violation of right of way.

Loch Arbor Gets Mail Change

Loch Arbor Mail service will be changed from rural delivery, Postmaster D. Guy Allen said today.

Allen urged all residents in Loch Arbor to display house numbers, notify correspondents of your new mailing address and locate your mail receptacle at the curb line in front of your home.

Height of the mailbox should be 40 inches from the bottom of the box to the ground, Allen pointed out.

Homelead List Grows In County

Seminole County's continued growth was shown today in tabulation of the number of homelead tax exemptions filed between Jan. 1 and April 1 with Tax Assessor Mary Earle Walker.

Complete figures for 1961 showed that exemptions this year totaled 11,518 including 2,400 new applications.

Last year, exemptions totaled 10,289, the tax assessor's office reported.

President, Macmillan Discuss Laos

WASHINGTON (UPI) — President Kennedy and British Prime Minister Harold Macmillan met today in the first of a series of critical talks to coordinate diplomatic strategy on Laos and other cold war issues.

A major purpose of the White House talks was to tighten the Anglo-American bonds in preparation for renewed efforts to reach agreement with Russia on a broad range of issues including disarmament, Berlin and Germany and the Congo.

Principal attention for the time being centered on Laos, where the allies hope to end the civil war and lay the groundwork for creation of an independent and neutral country.

The British and American leaders met against a background of rising hope that Russia soon would join them in a call for a cease-fire in Laos, to be followed by a 14-nation political conference on the Asian crisis.

Diplomatic sources said Britain had a tentative Russian agreement that a "verified" cease-fire

must precede the 14-nation political conference on Laos that the Kremlin wants.

In Laos the pro-Western government declared today it is ready to lay down arms and talk with the Communist Pathet Lao rebels as soon as the major

powers agree on a cease-fire. Brig. Gen. Phoumi Nosavan — deputy premier, national defense minister and the strongman of the government — made the statement through the government-operated Lao Press news agency.

He said he is strongly opposed to the tradition of choosing a speaker for a session for which the members have not even been elected. He said the election should wait until after the 1962 primaries.

Kennedy Upset Over Red Conduct

GENEVA (UPI) — President Kennedy is disappointed with Soviet conduct at the nuclear weapons test ban conference here and considers it a setback for his attempt to replace fear with confidence, Sen. Albert Gore (D-Tenn.) said today.

But Gore told members of the Inter-Parliamentary Union that the President still hopes the Russians will abandon their obstructive tactics and make possible an agreement to end nuclear

County Board Eliminates Big Tree Donation Box

The County Commission Tuesday afternoon voted to eliminate the donation box at the Big Tree Park despite the protests of Commissioner James P. Avery that the upkeep of the facility would suffer.

"Who's gonna pay the caretaker's expenses now," Avery asked after the board voted 4-1 to eliminate the donation box.

Dunn proposed the money come out of the road and bridge fund but Avery declared "we've got everything coming out of that now."

In other action, the board again tabled action on hiring a secretary until further study. Agreed to close wells in the Breton Woods and Lake Orlena area pending a study by the health department.

Tabled action on a road department directive by Dunn establishing road maintenance policies.

County Engineer Carlton Bliss report that 11 drainage rights of way have been secured at Howell Creek.

Katanga Claims Victory Over UN

ELIZABETHVILLE, Katanga Province, The Congo (UPI) — Katanga President Moise Tshombe, proclaiming victory over UN forces in Elisabethville, pushed his campaign against Baluba tribesmen today in an attempt to clamp a tight military grip on his entire province.

A mob of 10,000 howling natives stormed the Elisabethville airfield Tuesday and threatened to attack Swedish UN troops who stood guard with fixed bayonets.

They were turned back by Katanga policemen who persuaded the UN soldiers to seek safety inside their own tents and the Swedes remained there throughout the afternoon.

Although the capital still was gripped by tension, the situation had quieted down considerably.

Mathews To Force Speaker Showdown

TALLAHASSEE (UPI) — Rep. John E. Mathews Jr. of Jacksonville conceded today that only a "miracle" could make him speaker of the 1962 House. But he said he is going to force a showdown anyway with front-runner Mallory Horne of Tallahassee.

Horne has called for a House caucus Friday to elect the speaker of the session that meets two years from now, claiming he has 66 iron-clad pledges of support. Only 48 are needed to get the designation.

Mathews said he is not going to withdraw.

He said he is strongly opposed to the tradition of choosing a speaker for a session for which the members have not even been elected. He said the election should wait until after the 1962 primaries.

Worldwide TV Coming Of Age

DETROIT (UPI) — David Sarnoff, chairman of RCA, said today the world was on the threshold of worldwide television that could reach a billion persons for one program and serve as a closed circuit channel for summit conferences.

He said that TV faced its second "great epoch" of international viewing through the development of satellite relay transmitters, which this country is developing now with a launching scheduled for next year.

Dies In Mishap

BREWTON, Ala. (UPI) — David William Johnson, 56, of Pensacola, Fla., was killed early today when his car ran off an Escambia County road and flipped over. The crash occurred on County Highway 55, 6.4 miles south of Brewton. The crash occurred at 12:05 a.m.

26 Die

SAITOHRO, Japan (UPI) — At least 26 persons were killed in three separate avalanches in Japan's northernmost island of Hokkaido today, and 11 others were buried and feared dead.

The Sanford Herald

\$750 Teachers Pay Hike Bill Nears

TALLAHASSEE (UPI) — Ignoring Gov. Farris Bryant's blueprint for economy, Sen. J. Edwin Fraser said today he will introduce bills for a \$750 teacher pay raise and across-the-board sales tax to finance it.

In the House Rep. Frederick Karl of Volusia, chairman of the Inland Education Committee, said he also has a \$750 across-the-board teacher raise ready for introduction.

The House, getting down to business after Monday's opening

ceremonies, met at 9:30 a.m. to get an early start on the 60-day session. Rep. George Stalling of Duval paved the way for an early fight with introduction of a bill requiring the public schools to teach the dangers of Communism.

The Senate, which did not convene until 11 a.m., had a basket full of bills, including the governor's measure to exact to the state bank accounts, utility deposits and undistributed dividends held by insurance companies, unclaimed for 15 years.

The House, getting down to business after Monday's opening

Sen. James E. Nick Conner of Brooksville, who had promised this would be the first bill in the Senate, said it would raise about \$12 million, which under present law must go into the permanent state school fund with only the interest available for expenditure.

But a proposed constitutional amendment would free money for use in construction programs at the state universities.

The House also introduced a controversial measure slicing the

state's intangible tax on stocks, bonds and bank accounts in half. The bill was sent to both the Appropriations and the Finance and Taxation Committees, indicating a tough struggle.

Bryant presented the opening session of the Legislature with an ambitious \$772 million spending program that left nothing for teacher pay increases, but which he said could be financed without new taxes.

Fraser, of Macclenny said he

is not hostile to the governor, but wants to go much further.

He said a sales tax, that would include food and medicine now exempt from Florida's limited three per cent tax, is the "fairest way to provide our needs." He said it would bring in an additional \$125 million a year to take care of teacher pay raises, a "realistic" state building program, an increase in old age pensions and raises for state employees whose salaries he said are "shameful."

County Board Eliminates Big Tree Donation Box

The County Commission Tuesday afternoon voted to eliminate the donation box at the Big Tree Park despite the protests of Commissioner James P. Avery that the upkeep of the facility would suffer.

"Who's gonna pay the caretaker's expenses now," Avery asked after the board voted 4-1 to eliminate the donation box.

CAROLE TREGOFF and Dr. R. Bernard Finch sit in the Los Angeles courtroom with bowed heads as they await the jury to decide if their fate will be life imprisonment or death in the gas chamber. The jury was locked up for the night and is still deliberating the decision. The couple are convicted of the murder of Finch's wife. (NEA Telephoto)

Record Suit

Circuit Judge Volle Williams Jr. Tuesday afternoon signed the final decree on the biggest mortgage foreclosure suit in Seminole County's history. The foreclosure totaled \$1,210,607. Allen Goldberg and Max Hoderman filed the proceedings against Heffler Homes Inc., developers of a subdivision off SR 436.

Temperatures Dip Below 50 Here; Warm-Up Soon

Temperatures in Seminole County dipped to below 50 degrees early this morning in one of the coldest April days on record, the Weather Bureau reported.

However, a slight warming up trend is expected tonight and Thursday.

Across the nation, fresh snow covered ground in Colorado, Minnesota and North Carolina today, dust storms darkened the central Great Plains, freezing winds knifed into the northern plains and record heat baked the Southwest.

A small tornado spiraled from a hail and rain shower near Redwood Falls in southwestern Minnesota, but did no damage.

Worldwide TV Coming Of Age

DETROIT (UPI) — David Sarnoff, chairman of RCA, said today the world was on the threshold of worldwide television that could reach a billion persons for one program and serve as a closed circuit channel for summit conferences.

He said that TV faced its second "great epoch" of international viewing through the development of satellite relay transmitters, which this country is developing now with a launching scheduled for next year.

Seminole High Band To Leave For Festival

The Seminole High School Band and Majorettes will entrain at the Atlantic Coast Line Station at 2:30 p.m. Thursday on the first leg of their long-awaited journey to Washington, D. C. to participate in the National Cherry Blossom Festival.

Taking full advantage of this once-in-a-lifetime opportunity, the trip has been planned to include sight-seeing tours to historic places which are rich in the history of the growth of the US and the early colonies.

When they march in the famous parade, the band will be attired in their recently acquired new uniforms, familiar now to home-town people and the Majorettes will wear their clever and popular Seminole Indian Girl costumes, complete with long black braids and feathers in their headbands. The B corps will carry flags on 8 ft. poles which have been designed to portray a picture of the Washington Monument, with a spray of the famous pink cherry blossoms in the foreground.

At 8:20 p.m. Sunday the 70 Florida-bound boys and girls and their 10 chaperones, including Bandmaster and Mrs. Ernest Cowley will board the train at Washington's Union Station for the 16 1/2 hour trip home on the West Coast Champion, in two special cars which have been designated especially for them. They will arrive home a little before 1 p.m. Monday and are not required to return to school that day.

Local parents who are going along as chaperones for the trip will be Mr. and Mrs. Gordon Bradley, Mr. and Mrs. C. E. Johnson, Mrs. C. R. Jones, Mrs. Al Case, Mrs. Ernest Southward and Mrs. J. H. Lee.

Also accompanying them will be ACL passenger representative, Ned Mitchell who has been instrumental in making all of the arrangements for tours, buses, hotels and other necessary plans for the scheduled itinerary.

A special guest of the band on this trip will be Finnish exchange student Peter Kurkijarvi, who will be given this opportunity to see the historic scenes of this country before he returns to Finland this summer. He will march in the parade with the Sanford group and help carry the banner.

Military Spending Hearing Opens

WASHINGTON (UPI) — The Senate Armed Services Committee questioned top Defense Department officials today in a review of President Kennedy's proposed \$2.3 billion increase in military spending.

Defense Secretary Robert S. McNamara and Gen. Lyman L. Lemnitzer, chairman of the Joint Chiefs of Staff, were summoned for the second day of closed-door hearings.

The committee, headed by Sen. Richard Russell, (D-Ga.), was expected to concentrate on budget increases for strengthening and modernizing ground forces capable of handling "brush war" outbreaks.

McNamara's 52-page outline of the program, laid before the committee Tuesday, made no mention of a "missile gap" and showed none of the pessimism voiced by President Kennedy when he was a senator.

Explosion Rips Oil Tanker

TAIPEI (UPI) — Explosion and fire ripped through the engine room of an oil tanker today, that was unloading high octane gasoline at a pier in Kaoshiung harbor in southern Formosa.

Unconfirmed reports said 13 members of the all-Chinese crew, including the captain of the ship, the S. S. Kaung Lung, had been killed. Three persons were reported missing and more than 50 were injured, the reports said.

Macmillan, Kennedy Pose Before Meeting
