TARIFF MEASURE REPORTED OUT OF THE HOUSE EMERGENCY BILL UP

LEMONS AND PEANUT OIL ARE PUT ON THE LIST

OPPOSITION OUT DEMOCRATS DO NOT WANT HASTY ACTION ON ANY TARIFF MEASURE

WASHINGTON, Dec. 21.—The House Ways and Means committee yesterday voted out the Fordney emergency tariff bill designed to protect the farmers and instructed Chairman Fordney to make all efforts possible to obtain action on it before the Christmas recess. In finally approving the bill the committee made two changes. Lemons were added to the list and an import duty of 1 1/2 cents a pound established. The rate on peanut oil was increased from 20 to 25 cents a gallon.

Lemons were included at the last moment upon the demand of conference members of farming districts. The farmers had asked for a tariff on lemons at the suggestion of Rep. Kahn, Republican, California.

The final vote reporting out the Fordney measure was five against. Representatives Treadway, Mass., and Tilson, Connecticut, were the Republicans who opposed it, while Reps. Rainey, Illinois; Oldfield, Arkansas, and Hull, Tennessee, were the Democrats who voted no.

While the house committee was acting the senate Democratic steering committee decided to resist hasty enactment of the emergency tariff legislation.

"We will insist upon full and regular consideration of the bill," said Sen. Simmons, of North Carolina, ranking Democrat on the finance committee. "We do not regard the bill, taking it as a whole, as an emergency bill, but a regular tariff measure. Except for two items, wheat and wool, there is nothing emergency about it."

Democratic leaders said that the steering committee's decision meant that the majority would oppose rushing through the bill before the holidays. It also was regarded as forecasting Democratic opposition to passage of the bill as now drafted by the Republican leaders of the house and a demand for elimination of the many items for which higher tariff schedules are provided.

The steering committee offered a resolution, declaring that "when the bill reaches the senate it should be regularly considered by the committee (of finance) and discussed for action."

Action on the measure, which would put a virtual embargo tariff on a score of farm products, will be asked for Tuesday, or Wednesday at the latest in order to pass the measure if possible before the Christmas recess.

Opposition to the legislation, however, was developing today in several sides. Representatives from the manufacturing districts expressed dissatisfaction with the bill as framed because it did not include enough manufactured articles. Traditional opposition to any high tariff still held among some of the Democrats while other members asserted that enactment of such legislation would result in an increase in the cost of living.

Leaders among the representatives from farming districts will attempt to gain bi-partisan support for the measure today at a conference to which will be submitted recommendations for the passage of other legislation for the aid of stockmen.

Action by the house was begun this morning during which there were charges that the house ways and means committee had adopted a makeshift bill and that certain commodities had been included or omitted from the high tariff list "as a sop" for different classes of voters.

DR. WARD DELIVERS CHRISTMAS ADDRESS AT ROLLINS COLLEGE

WINTER PARK, Dec. 20.—Before one of the largest audiences of students and alumni ever assembled in Knowles hall, Dr. George Morgan Ward, president of Rollins College, delivered the annual Christmas address at the Yuletide vespers last evening. The musical program, which was of a very high order, consisted of old French and English carols sung by the college glee clubs. President Ward's address, which was informal, was delivered in his usual forceful and eloquent manner. He spoke of the Christian's belief in Christmas, the purpose of Christmas, and drew his lessons from this theme. He made an appeal to each of his listeners to accept Christmas in their own hearts. This annual service is one of the main events of the college year and is looked forward to at this time of the year with great anticipation by all alumni and students.

TODAY IS THE SHORTEST DAY OF YEAR 1920

Sanford folk will be able to sleep longer tonight than on any other night of the year. The sun will shine only 10 hours and 13 minutes today, according to officials of the United States observatory in Jacksonville.

If the clouds are not too thick and you arise from your downy couch early enough, you will be able to discern the sun pushing back his covers exactly at 7:19 a. m. today. He will get a late start on his journey across the firmament, but speed will then be his middle name and he will begin to yawn about five p. m. today, and will call it a day at exactly 5:32 p. m.

The mantle of night will be drawn about Sanford Christmas shoppers earlier than usual, and little William and little Mary should be sleeping soundly enough that daddy and mummy will be able to conceal their mysterious packages without difficulty.

There will be 13 hours and 44 minutes of official darkness tonight. In other words from the time the sun sets to the time it rises that much time will intervene, and Sanford can use all of it for sleeping purposes if she so desires. The sun will not interfere with any such plans, at any rate.

From Tuesday until June 21 Old Sol will "travel" north.

Omitted from list announced last night because unable to prepare revenue estimates derived from basis of seven cents per pound duty imposed.

RUMLEY AND PARTNERS GET A YEAR AND A DAY EACH IN FEDERAL PEN

NEW YORK, Dec. 21.—Dr. Edw. Rumley, publisher of the New York Evening Mail and Sautler Kauffman and Narvin Lindheim were sentenced to prison for terms of one year and a day each in Federal court here yesterday on charges of conspiring to withhold from the government knowledge of the alleged German ownership during part of the war.

Dr. Rumley and his co-defendants both New Yorkers, were convicted of having failed to report to the alien property custodian a debt of \$1,451,700 to the Imperial German government. The charge that the German government actually owned shares of the company's stock was not proven. Judge Wm. I. Grubb, of the United States district court, sentenced all three to the federal prison at Atlanta.

Counsel for the three defendant's announced they would appeal to the higher courts and Judge Grubb released them in the custody of their attorneys until today at which time each must furnish \$10,000 bail pending the appeal.

ESCAPED MURDERER IS CAUGHT

ORLANDO, Dec. 21.—Dr. J. K. Knott, escaped murderer, serving a life sentence in the penitentiary of Alabama, was arrested in Orlando today by Orlando police just as he was preparing to board the afternoon train for Jacksonville.

He escaped from the Alabama state penitentiary August 6, 1920, after serving sixteen months of his life sentence.

Knott was recognized on the streets of Orlando Sunday morning by J. C. Sellers, a former citizen of Wetumpka, Ala., and after being lodged in jail gave a statement to Chief of Police Vestal that he is the man they were after. He stated that he had been living in Orlando over two months under the names of George McRae and George Wood.

When arrested he carried in his hand a small package addressed to Mrs. L. E. Kimbrough, 412 Martha street, Montgomery, Ala., containing several Christmas presents that he had evidently bought for two children and the lady addressed. There was a boy's necktie and the inscription: "For C and A — a Merry Xmas."

BIRMINGHAM, Dec. 21.—The capture of Dr. Homer B. Knott, in Orlando, Fla., today, ends a nation-wide search which has been in progress since his escape from the state penitentiary at Wetumpka, Ala., where he was serving a life sentence for the killing of Emory Oakes, on the main street of Wetumpka. His defense was the unwritten law, which was ignored by the jury at his trial. Knott had attacked Oakes previously and killed him when he came to Wetumpka to testify at the trial growing out of the first attack. A man suspected of being Knott was arrested at Greenville, two weeks ago, but was released. Knott escaped from the penitentiary in an automobile which was later found wrecked near the gulf coast.

SANFORD IS ATTRACTING THE INVESTORS IN NUMBERS.

REALTORS SEE IT THE OPPORTUNITY HERE IS THE GREATEST IN THE STATE OF FLORIDA

The greatest barometer of conditions in any growing city is the status of the real estate and trust companies that are forming. Like the Jews real estate men never choose a dead town in which to locate and the fact that many new realty firms are starting up in Sanford is a good indication that the city is moving and the real estate men are looking ahead to the possibilities of this city and recognize the fact that Sanford is a growing city.

In the past two weeks the Herald has received incorporation notices of two new realty firms that will start here and expect to push Sanford property to the limit. They will no doubt go after the subdivision idea that Sanford has long needed and will build up the many vacant lots in this city that are standing idle now, although their plans have not been made public as yet.

The Seminole Realty & Investment Company has a notice in the Weekly Herald now which shows that the officers are composed of George W. Knight, president and general manager; George W. Herring, vice-president, and Edward Higgins, secretary and treasurer. The president, while a comparatively new citizen, has been in Sanford about one year and has done more in that time toward the upbuilding of the city than any one man has done in that period. He saw the need of new homes and despite the price of materials started building fine bungalows on Magnolia avenue and is selling them as fast as he can build them. George W. Herring, the vice-president, is one of Sanford's leading attorneys who has been a resident of this city many years and after serving his country in the World War came back to spend his days here in helping to make Sanford the city it should be. Edward Higgins is a Sanford boy and one of the city's most progressive young business men, head of the Ford Sales Agency and a great believer in Sanford's future prosperity. The Seminole Realty & Investment Company should do much toward making Sanford a bigger city.

Articles of incorporation have been received at this office for the Realty Loan & Guarantee Company, that will appear in the Weekly Herald Friday. The papers show that the following well-known real estate men at present residing in Orlando will be the officers:

J. D. Bowman, president; H. A. Coggins, vice-president, and S. A. Hutchins, secretary and treasurer.

They will do a general real estate and loan business and while the Herald representative has not talked with them it is supposed they will build homes, start subdivisions, improve property, loan money for building purposes and help to build up Sanford. All of these gentlemen are well known in real estate circles in the state and are known to many people here and it augurs well for Sanford that new real estate firms are coming here with the idea of building homes — something that is needed here more than anything else. Watch the Herald for future announcements when these two firms get ready for business.

FAST BASKET-BALL GAME LAST FRIDAY NIGHT

There was a large crowd to witness the basket ball game last Friday night at the Parish House between Sanford High School and the delegation from the Kissimmee High School. The game was called at 8:15, the girls from the schools playing first. The most noticeable thing about the game was the guards that Kissimmee High girls had. The girls from Kissimmee had it on our girls only in size for the Sanford team surely did put up a fight all the way through the game. The final score of the game was in favor of Kissimmee, the only point that Sanford made was by a foul, this was made by Maud Lake. Every member of the Sanford team played tip top basket ball but they were just outclassed by the larger team of Kissimmee. It is to be remembered that our team has only one senior on it, the rest of the team being freshmen and a very good showing this freshman team made last Friday is a credit to both the team and to the coaching of Prof. C. J. Williams. The score: Kissimmee—28. S. H. S.—1.

The boys' game followed the game of the girls and was a very exciting game all the way through. This would have been a very good game if both teams had not been so rough. This was the closest game that the High School has had this year and the score was practically a tie all the way to the end of the game. The Sanford team had the Kissimmee team outclassed from the first and got in more real team work. This is the first game that the Sanford High School has won this year having lost to the two former teams that she had played, but they have a good team and do not expect to lose another game. The score: Sanford, 18. Kissimmee, 17.

After the game the teams from Kissimmee were entertained by the Sanford teams at the "Gables" with a supper and everyone had a most enjoyable time. Sanford goes to return the game at Kissimmee February 4th. And all the players are looking forward to this trip with the expectation of a good time and a victory for Sanford High School. C. T. H.

NOT MENDENHALL ASKING FOR PARDON

TALLAHASSEE, Dec. 14.—There has been no application presented in the Mendenhall case. He personally wrote in some time ago requesting a hearing. That request has been renewed by him, and the pardoning board has set December 29th for appearing, at which time an application will be presented, providing he takes advantage of the opportunity. But before the application can be presented he must publish for two weeks notice of his intention to make application for a pardon. One notice would have to be published this week and another next week or he cannot present his application on the 29th.

There is a provision in law or a ruling of the pardoning board that where a person is so poverty stricken that they cannot pay for a notice in the paper that posting will be sufficient notice.

Owing to the extraordinary interest in this case, it is said to be the policy of the pardoning board that no mistake in the letter of the law will be made. The pardoning board will know in three or four days whether he expects to carry out his request and actually present the petition on the 29th.

A prisoner can make a request for an application hearing without being represented by his attorney. When a request is made, however, every person having filed a written protest against his or her pardon is given notice by the board as to the exact date the application will or may be heard so they may be present to protest.

Notice of the 29th as the date set is said to have been sent to Mrs. J. W. McCullom at Gainesville and to Mrs. Amos H. Norris at Tampa.

Miss Helen McArline of Jacksonville, a social welfare worker, and Mrs. John W. Mahood of Raiford, have been before the pardoning board in an informal way asking that Mendenhall be given a hearing.

Office supplies at the Herald.

STATE WILL CONCLUDE ITS SIDE TODAY IN THE SHEPARD POISON PLOT

MACON, Ga., Dec. 20.—The state is expected to conclude its evidence here today in the preliminary hearing into the death of Fred D. Shepard, Houston county peach grower, and alleged victim of a poison plot by his widow and others seeking to get possession of his fortune.

While a chemist and a pathologist testified that mercuric poison was found in Shepard's viscera, it was indicated yesterday from an authoritative source that the defense is prepared to introduce evidence of its experts to the effect that Shepard was not poisoned.

In addition to statements of Dr. Edgar Everhart, chemist, and Dr. James Finkle, pathologist, that poison was administered to Shepard, the preliminary hearing on application of the defendants for discharge from custody or for release on bail has been marked by the testimony of a number of witnesses that Mrs. Annie Cutts, one of the defendants, had revealed to them last spring that plans were afoot to kill Shepard.

Superior Court Judge Mathews, presiding, ruled that the testimony Mrs. Cutts had told of a plot to poison Shepard was applicable to her case only and not to the other defendants, Shepard's widow, now Mrs. Pauline Elmer; her son, Ernest Hopson, and her sister, Mrs. Ioma Henry.

While the state is seeking to have the four defendants bound over to the grand jury without bail, charged that the Shepard estate, estimated at several million dollars, was the motive for the alleged plot, the defense on cross-examination, has sought to bring out that Mrs. Alice Crandall, Shepard's sister, initiated the investigation in order to obtain more money for her family by discrediting Shepard's widow and her relatives.

Mrs. Henry was returned to her home in Perry for Sunday in custody of a deputy, and Hopson, who is in custody of Sheriff Winn of Houston county, who has taken him back to the Houston county jail each night, was to have accompanied the sheriff to Fitzgerald yesterday to subpoena two witnesses for the state.

Dispatches from Fitzgerald said Hopson and the sheriff came there, the officer seeking Gordon Roberts, a deputy sheriff, who arrested Mrs. Cutts and John Roland, a taxicab driver who drove the automobile in which she was brought to Macon after her arrest. The sheriff's purpose in taking Hopson along with him could not be learned here.

Mrs. Elmer and Mrs. Cutts have been kept in jail here.

PREDICTIONS FOR 1921 BY R. McDON.

ALD. OF N. Y. STATE
(Continued from page one)
not try to overdo. Live and let live. High prices are for good times—Low prices are for hard times. A majority of the people are earning and spending more than ever before.

Prices are regulated according to be sold, it stands to reason prices will gradually decrease. Capital and Labor will have many disputes; some are never satisfied. A person should

the price of iron and pork. When iron and pork are high, wages and commodities will be high and vice versa.

It will require two or three years for those who have left the farms to plunge into town and city life to realize there is more real living and money in raising crops than in manufacturing luxuries for foreign countries.

In 1921, government officials will investigate many concerns and as a result fraud orders will be issued in general to protect the public.

The weather for 1921 will, in general, be somewhat disagreeable. January and February will be changeable. The spring will be inclined to be dry, cold and unseasonable. Plant accordingly. The summer will be wet, which will benefit those living in locations with very little rainfall. In some localities, hay and grain will rot, unless given proper attention. The fall will be wet with early frosts. Be prepared for such weather and gather crops carefully.

The winter will be one with plenty of snow and ice which is good for the

soil. Fruit will vary—in certain localities some kinds will be abundant, in others somewhat of a failure unless given special attention. Grapes will be doubtful. It will be an off year, which will give the vines a rest. Nature knows best. Mice will be very numerous. Better feed a cat than mice. Worms scarce, consequently, fish will be scarce and poor in quality. Big fish stories will be out of fashion. Disease of all kinds will cure, but slowly. Contagious diseases will occur, but not alarmingly. An epidemic will prevail in cattle, sheep

and hogs, but will be soon overcome by government service and restrictions. The agricultural departments will be of great help to the people in many ways—the information sent out is reliable and should be appreciated by more persons.

Furthermore, 1921 will be known in history as the "Chemical Year." Many chemical discoveries will be made, hence chemists and doctors will be popular. Newspapers and magazines will be read and referred to by all classes of people more than ever before. Every day, something new and useful will be heard of.

Glorious Christmas weather.

Such as no other state in the Union can furnish.

And our visitors are enjoying it to the fullest and appreciate it.

Remember that this is harvest week for business of all kinds and you should go after the business with a liberal advertising space in the Daily Herald.

There is nothing that stimulates business as much as a daily paper. Our merchants are doing a greater volume of business this season on account of their having a daily compendium of goods and prices.

There are well-founded rumors of much building that will be pushed after the first of the year in Sanford. We need hundreds of houses here and many new store rooms to accommodate the people who are here looking for them.

WAVING THE BLOODY SHIRT

There is talk of cutting the representation of the Southern States on account of the so-called disfranchisement of the negroes at the last election. We would caution our northern brothers and the negroes North and South to go mighty slow with the new societies that are forming for such purposes. There were no negroes disfranchised in Florida. All of them voted that wanted to vote and here in Sanford there was no trouble of any kind and there is not a negro in the city who will say he was not permitted to vote or that he was told to keep away from the polls. We would like to remark that such talk is not getting the negroes anywhere and also that the South is able to take care of herself at any and all times without any advice from any northern politicians of any color. It is such stuff that causes trouble between the races whenever everything is peaceful and quiet and we would advise those folks who know nothing of conditions in the South to shut up and let us alone. We intend to have our full representation in Washington at all times and we will get it, all talk to the contrary notwithstanding. And furthermore the Republican party is not getting anywhere in the South if it lends itself to such foolishness. It only tends to make the Solid South more solid for Democracy and if they want to draw the lines tighter they are only helping the Democratic party to go back into power in the next four years and Mr. Harding and all of his supporters can take warning on this score. If the negro can be treated any fairer here or elsewhere than he was on November fourth we would like to see it done and having treated him fairly we do not propose to sit idly by and hear our state maligned by a bunch of would-be carpet baggers who after each Republican victory choose to wave the bloody shirt in the face of the South. Unless we are badly mistaken in the negroes of this section of the state and every other section of Florida they will hasten to disprove such assertions and teach their white and colored brethren farther north some diplomacy and some good common sense in this matter of voting and every other privilege

J. P. SAYS: There never was a greater falsehood that lured so many promising young men and women to sleep than the old saying, "Opportunity comes to him who waits." Opportunity never comes to a waiting person. It comes to him who is pursuing and creating it, the fellow who is a worker and is pushing and forging ahead. The person of thrift, energy and enthusiasm who is making his time and money count now, is the person ready for the opportunity and willing to make the best of it when it comes? Every day has its opportunity and among the best opportunities of the day is an investment in the SOUTHERN UTILITIES COMPANY'S 8 PER CENT CUMULATIVE PREFERRED STOCK. This stock can be purchased for cash or on payments. There is none better.

that is granted to the negro of the South in much larger measure than he is granted in the North where he is supposed to be in such great favor but where in reality he has no place whatsoever.

AMERICANISM IS THE GREAT NEED OF TODAY

While The Florida Metropolis had no idea that the letter of John D. Bischoff attacking this newspaper for continuing to refer to the Germans as "Huns," which was published and answered in Saturday's issue, would culminate in an application of tar and feathers for the man, the incident will serve to emphasize the necessity of respecting American ideals and the precious traditions of this country, and that persons not in full accord with American views will not yet be countenanced to preach the religion of our enemies.

Of course, as a law-abiding newspaper, The Metropolis as an institution does not commend the methods taken in expressing the general opprobrium of the community, although as individuals we realize that the sensational is more effective than the technical and long-drawn-out in rare instances, and it is not for us to decide whether this is an occasion when the right policy was pursued. That is strictly up to public opinion, which, after all, is the most powerful factor in the world.

The police state that Bischoff was not maltreated, unless a decoration of tar and feathers humanely applied can be referred to as that, and in this the unknown body of men showed wise discretion. There is a great difference between punishment and a lesson, not only to a man, but to all who entertain similar views. This is the great time in the history of the nation when Americanism is needed—one hundred per cent Americanism as conceived by our fathers in the establishment of this government—and when any person or organization seeks to cast reflections on the graves of our dearest dead, then sometimes patriotic fire of indignation blazes above the ways of discretion.—Jacksonville Metropolis.

THE MONEY MARKET

There was a considerable easement in the markets for funds last week, when a high rate of 7 per cent for call loans, new and renewals, was reached on one day only. At all other times 6 per cent was the figure. In the week previous renewals of demand loans were made at 7 and 8 1/2 per cent. Time loans were also easier, ranging last week from 7 1/4 per cent to 8 per cent for all periods, as against 7 1/2 per cent to 8 1/2 per cent for the week previous. Commercial paper also eased off from the 8 per cent quotation which has stood for several months past. This easement is interpreted as a reflection of the successful financing of the crop movement. Announcements of new securities issued indicate a better position in the investment field. Predictions of easier money after the turn of the year are being made, but there is nothing in the economic and financial situation to justify the belief that money, which advanced less than any other commodity during the war, will recede before other commodities to a pre-war level.—Florida Grower.

WAGON LOADS OF NEED LIKE THIS IN POLAND are a commonplace sight on hundreds of roads in Europe. More than 1,300,000 Polish children received free American meals every day during the height of last winter. This winter the situation will undoubtedly be worse, as it will be in Austria and other portions left economically dazed by war. To prevent the greatest tragedy of children that the world has ever known eight great American organizations, under the name of the European Relief Council, are seeking \$33,000,000 for food and medical assistance.

"GEORGIA PEACH" WILL FIGHT HARD TO PLACE A WINNER IN DETROIT

NEW YORK, Dec. 20.—In a statement given out tonight by the peerless coach from Georgia, who has just accepted the managership of the Detroit Tigers, Cobb declared that he did not seek the position, but accepted it because Mr. Navin insisted that the team needed him as a leader. "I very much should have preferred to lay aside all ambitions in the managerial line until such time as I felt myself slipping," Cobb added. "I know I have several years of good baseball ahead of me." "Now that I have decided to take the plunge," he continued, "I intend to be the best manager. I will fight and fight hard, to make myself as successful as a manager as I have been a player. In the meantime I do not intend to follow any chance managerial trends to detract from my play. This speaker has risen to his greatest heights as leader of the Indians. In my opinion, what any ballplayer has ever done, I believe I can duplicate." Cobb explained that this did not mean he believed he could equal 'Babe' Ruth's home run record, "but I think I have been and can be quite as valuable to my club as 'Babe' Ruth."

DEFENSE BEGINS TO PRESENT EVIDENCE IN SHEPARD TRIAL

MACON, Ga., Dec. 21.—The state rested today in the preliminary hearing of the four defendants in the Shepard case and motions were made by their counsel for immediate discharge on the grounds that no competent evidence had been introduced to connect them with the alleged poisoning last June of Fred D. Shepard. Judge Mathews, presiding, refused to entertain the motions and gave the defense the alternative of arguments or introduction of evidence, or both.

The defense started introduction of evidence early this afternoon shortly after the court overruled their motion asking that the defendant be discharged.

Charles C. Harold, Macon, who operated on Shepard shortly before his death, testified death was caused by general peritonitis and a paralyzed condition of part of the intestines. Of conditions reported by the state he testified he believed there was no bichloride.

SINNOTT-MAHONEY
A wedding of a great deal of interest to a large number of people and one which comes as quite a surprise is that of Miss Virginia Sinnott of Oswego, Kansas, to Mr. Clarence Mahoney of Sanford, which took place Thursday evening, December 16th, in the Church of the Immaculate Conception in Jacksonville.
The wedding was a very quiet one with only a few close friends to witness it.
After the ceremony the bridal pair left for a motor trip from which they have returned to Sanford where they will make their home.
Mrs. Mahoney is quite a talented musician and has been for some time the head of the musical department of Stetson University. Mr. Mahoney is a popular young business man of Sanford.

CLAY-GLENN
The home of Mr. and Mrs. R. J. Glenn was the scene of a quiet but pretty wedding Saturday, December 11th, the ceremony taking place at 10:30 a. m., at which time Miss Mable Catherine Glenn and Mr. Walter Doyle Clay were joined in the holy bonds of matrimony by the Reverend Doctor Litch.
The bride is the charming daughter of Mr. and Mrs. R. J. Glenn, and has resided in Titusville for the past five years, coming here from Oklahoma, during which time she has made a host of friends both young and old. The groom is a young man of sterling qualities, and is the local representative of the Fruit Growers' Express Company of Washington, D. C. They will make their home in Titusville.—Titusville News.

"OLD CATTS HAS GOT RELIGION," SAYS GOVERNOR

"Old Catts has got religion, boys!" This was Governor Sidney J. Catts' reply to Joe L. Earman in the controversy regarding the reappointment of Edgar C. Thompson as state's attorney in the fifteenth judicial circuit. The governor, at the Aragon Hotel, early Monday was inclined to treat lightly Earman's latest publication in the controversy between them. He preferred to talk about the final meeting of the Billy Sunday campaign Sunday night.
"Billy Sunday is a great man," said the governor. "In his sermon last night he talked about the mutability of mortals. Five years from now half of us may be in another world. Ten years hence two-thirds of those of us who are now enjoying life will be absent from our usual haunts. Twenty years will pass, and with it a generation. The words of Sunday impressed me especially in this Earman affair."
"It's Christmas and we are not long for this world, anyhow. Why keep up bickerings and fights that, after all, lead to no particular end; that do not help us in becoming better citizens, or in serving our fellows. I decided last night that so far as I was concerned, the last word has been said in the Earman matter. I am through with it unless forced to get back into a fight. I don't want to do that. My administration is drawing to a close. I would like to see it end peacefully, and find me on as friendly terms as possible with everyone. If it is impossible for it to end thus, then I am ready for it to end in battle."
"I have never worn another man's yoke. I do not propose to begin wearing one now. The only yoke I wear is my own. I believe the people thoroughly appreciate that I can take care of myself in any kind of a fight. I have never run from a fight, and I am not running now. But Billy Sunday is right. What's the good of it? No one will know or care anything about 'Old Catts' 20 years from now. He may not be even a memory, and the same applies to his enemies."
The governor read Earman's reply to his open letter, but declined to comment. It is closed so far as I am concerned, he said.—Jax Metropolis.

FUMIGATION TO OPPOSE THE BLACK FLY

FLORIDIANS JOINED BY OTHER SOUTHERNERS IN PLEA FOR AN EMBARGO

WASHINGTON, Dec. 21.—The Federal Horticultural Board of the Department of Agriculture took under consideration today at the conclusion of hearings, the question of compelling fumigation of fruits and vegetables imported from Cuba, the Bahamas, Jamaica, the Canal Zone, Costa Rica, India, Philippine Islands, Ceylon and Java.
The proposed fumigation order, which also would apply to all facilities used in transportation of the fruits and vegetables, would be issued as a means of combating the citrus black fly.
Representatives of growers and importers from the fly infested countries argued that fumigation would impair the market value of fruit and vegetables and would entail considerable loss through delay. Representatives of citrus growers of southern states, especially Florida, contended that fumigation was necessary to prevent the introduction of the pest into the United States.
It was indicated during the hearings that a complete embargo against plants, including both nursery stock and those used for packing will be ordered against the infested districts. Congressmen Clark, Drane, of Florida and Upshaw of Georgia were among some fifty representative of the fruit industry in the United States who appeared before the board in favor of the quarantine.
C. C. Gowdy, government entomologist of Jamaica; E. K. Knight, from the Isle of Pines; A. Tynes Smith, of the Bahamas; E. Reenzar and John C. Johnston, director of plant sanitation from Cuba, opposed the restriction.

Summary of the
Fleeting Small

Arranged for
Herald Readers

Shortest day in the year, Dec. 21. We should worry. The sun will shine tomorrow.

And the Million Dollar Band will play all next week in Sanford.

Bean growers on the East Coast are suffering from the effects of the frost.

J. K. Mettsinger writes from Jacksonville renewing his subscription to the Herald and says he cannot keep house without it—The Herald.

Miss Martha Chappell is home for the holidays from Palmetto, where she has been the guest of her sister, Mrs. William Coulbourne.

Buy Christmas Seals and put them on all of your packages. It means another life saved from the White Plague.

Again we ask you not to wait for your shopping until the last night before Christmas. Have some pity for the tired clerks on Friday night and do your shopping tomorrow.

Sanford never had so many Christmas shoppers as this season. The stores are crowded from early morn till late at night and the streets look like "court week" in New York.

Albert Dorner had several celebrities visit him Sunday and yesterday, among them being Fred Alberg, middleweight champion known as the "Yorkville Tiger," Tony Zito and Jimmy Pierson, the well known light heavy weight wrestler and also two Broadway stars, Misses Aileen Waldren and Charlotte Paul, who are in the "Polly and Her Pals" Company touring the state. The girls took a flight over the city yesterday with Pilot George Wright.

Hon. Joseph Severance of Louisville, Ky., was in the city a few hours today dropping off to see his old friend, R. J. Holly. Mr. Severance and the editor of the Herald fought in the battle of Hoboken in the Y. M. C. A. transport service and had headquarters there where they formed a great attachment for each other. Mr. Severance is at the head of the promotion of sales agencies all over the United States for the Lexington Motor Company. He is also a platform entertainer of no mean ability and in years gone by was with the 'Redpatch Chautauqua course and traveled from coast to coast.

A. B. Commons of Stone Island was in the city today coming over with Mrs. Commons for a shopping trip. Mr. and Mrs. Commons are the king and queen of an eminent domain in Lake Monroe and monarchs of all they survey.

William Routh is home for the holidays from Norfolk, where he is in the hospital work in the navy and is taking a course in medicine. William is former Sanford boy, the youngest son of A. Routh of this city, and his many friends are glad to have him home for a furlough.

The postoffice is jammed with people these days and like every other year they are waiting until the last moment to send their Christmas packages causing a jam and great delay at the windows thereby. But the over-worked clerks will finally clear away the debris and Christmas 1920 will soon be a thing of the past along with other Christmas seasons. And next year we will all wait until the last day to do our shopping and our sending packages through the mail.

MASONS ATTENTION

Regular communication Tuesday, December 21st, at 7:00 p. m. Work in the Master's degree will be conferred. All visiting brethren welcome. By order W. M. H. E. TOLAR, Secretary.

FINE STATIONERY

The Herald office is headquarters for fine stationery of all kinds from the printed letter head to the beautiful stationery in boxes that is so dear to the ladies' hearts. You can get this stationery and have your monogram printed on it, making the nicest Christmas gift that you have ever seen and one of the best. Stationery costs money these days but our stationery is very reasonable in price and positively the best that money can buy. See it at the Herald office.

WELCOME

Young Ladies and Young Men, home from school for the holidays. It is good to see the "bunch" home again. It is the young folks that make Christmas week a lively week. It is the young folks that make the older ones forget they are old and the young folks are the ones that will make this Christmas the happiest one of them all. Again we say, Welcome!

OLD SANTA CLAUS

is headed this way, too, and we all welcome him. Santa Claus has already wired that our place is his headquarters for the Men. He knows, as well as all the men, that a gift coming from our place, bearing our label, means that the gift carries with it a guarantee that is worth heaps, and he suggests, that should you want the man doubly pleased, leave your orders for gifts for HIM at our place. And then, too, we shouldn't forget to buy plenty of Christmas seals to help fight tuberculosis in our state.

THESE CHRISTMAS SEALS JUST COST YOU A PENNY A PIECE.—LET'S BUY LOTS OF THEM.

"ENERGIZER"

Does It Cheaper and Better AND DOES IT.

It would seem that any process that is able to "bring back" a paralyzed limb and relieve the pains of Neuritis and Sciatica Rheumatism as the "ENERGIZER" has REPEATEDLY done in Sanford cases, would likewise be able to keep a person FREE from most of the Human Ills that must come as a logical result of the yearly loss in Arterial Area and Elasticity, due to lack of the keen activity which we all KNOW is necessary to Better Strength and Circulation. And it appears reasonable that there IS internal Human Combustion or Evolution (change of matter from one form to another) which must leave residue or ash matter of such Specific Gravity that will cause it to "sink," just as an Orange or Apple will fall under the common law of gravity.

It is this ASH that gradually finds its way to the end of Arteries and is what causes and controls Human age, rather than 'calendar' years. How fast this deposit comes or how long it is allowed to lie quietly getting harder until you get Hardening of the Arteries, High Blood Pressure—which is a sure sign of warning—and all kinds of Ills, are matters of the life you lead and the opportunities you have had of knowing what the whole thing is about.

And the remedy—cheaper NOW than ever again in your life—is to get SOMEHOW sufficient activity to stir up and eliminate this 'Carbon' of Human Combustion. You get it out of your Auto; WHY NOT YOUR BODY?

And ordinary activity such as walking, store or office work, housework, etc., is most emphatically NOT EFFECTIVE ACTIVITY in the matter of getting better circulation and strength. If you do not IMPROVE a little, as a result of effort, then you are on the well-beaten road to the usual Human Ills.

"ENERGIZER" total "ACTIVITY WITHOUT EFFORT; IS THE ONLY SAFE process that CANNOT HARM, and that DOES the job.

The ONLY CITY IN THE ENTIRE SOUTH at present where "ENERGIZER" service is obtainable is SANFORD, FLORIDA.

HOLD-UPS DECREASING IN NEW YORK

EX-SERVICE MEN ARE HIRED TO CONVOY BANK MESSENGERS

NEW YORK, Dec. 21.—Holdups in the financial district of this city which are reported by surety companies to be decreasing. This is partly because brokers have hired ex-policemen and firemen to convoy runners and messengers carrying valuable securities such as soldier-laden transports were protected by destroyers in war days. Also it is attributed to unrelenting prosecutions of dishonest employees and messengers by surety concerns which bore heavy losses during the orgy of robberies and embezzlements.

In assigning these reasons for the fewer holdups William A. Griffin, vice-president of the National Surety Company, said his concern and similar ones had spent several hundred thousand dollars in ferreting out and prosecuting men connected with the dishonest practices.

At police headquarters it was said the services of retiring patrolmen and firemen have been at a premium since the surety companies advised brokers to hire them. Several hundred of these ex-service men have been employed in the financial district.

Some of the former patrolmen and firemen are used as guards and watchmen inside offices of financial concerns and others accompany messengers. Usually two of these precede the messengers and two follow behind as they go from broker to broker carrying bonds, stocks and other securities.

Financial or commercial concerns which are using this method of guarding their property while in transit through the streets declare that it is a vast improvement over the employ-

ment as messengers of unreliable youths about whom they know nothing. Some of these young men have proved to be in conspiracy with gangs of hold-up men and have notified them of the opportunity to stage a robbery that would yield a big haul.

SHOULD ARREST CATTS, ASSERTS BAPTIST DIVINE

DAYTONA, Dec. 20.—"Governor Catts can be and should be arrested and prosecuted," said Dr. Robert S. MacArthur, a noted New York pastor in a sermon here Sunday.

"Catts has disgraced and humiliated every resident, home and church in the state." In his principal prayer Dr. MacArthur asked that God rebuke Catts for his infamous conduct and make him understand he should respect the high position responsibility.

Dr. MacArthur is president of the World Alliance of Baptists. He is considered one of the greatest Baptist pastors in the world.

JACKSONVILLE, Dec. 20.—When shown the above message Monday in the lobby of the Aragon Hotel, where Governor Catts and Mrs. Catts are stopping during their stay in Jacksonville, the chief executive evidenced complete surprise at the attack launched against him by Dr. MacArthur.

The governor asserted that he knew Dr. MacArthur, but characterized him as "an old fossil" who "made a failure with the Atlantic Baptist Tabernacle incapable of succeeding the famous Ben Broughton."

The chief executive declared that he could conceive of no grounds upon which his arrest could be brought about and asserted a complete incomprehensiveness of Dr. MacArthur's reasons for the broadside against him as evidenced in telegraphic dispatches from Daytona to the Metropolis.

PILGRIM'S LANDING CELEBRATED

LANDING OF THE PILGRIM FATHERS CELEBRATED AT PLYMOUTH TODAY.

(By The Associated Press.)
PLYMOUTH, Mass., Dec. 21.—The landing of the Pilgrims 300 years ago with all that the occasion connotes will be celebrated today with formal exercises on the ground and almost on the spot where the first trod. The fugitive band that crossed the Atlantic to find religious freedom and against adversity founded a nation in a wilderness will step again in story from the Mayflower's shallop to the shore, starve through the winter and plant seeds of permanency in the spring.

In prose and verse the epic of their venture and its accomplishments will be re-told by scholars. From United Senator Henry Cabot Lodge as orator will come the historical relation of the Plymouth Plantation's establishment and its significance. Le Baron R. Briggs, who is dean of the faculty of arts and sciences of Harvard University, as the official poet, will spend the years from 1620 to 1920 in verse. Governor Calvin Coolidge the vice-president elect will make an address appropriate to the occasion and singers will intone again "The breaking waves dashed high," and Mrs. Felicia Hermans' stirring hymn.

The exercises which are sponsored by the Pilgrim Tercentenary Commission will be held in the Old Colony Theatre a stone's throw from Plymouth Rock. Less than a thousand persons can be present due to the size of the small hall that is used from time to time as motion picture house, stock company theatre or dance hall.

For the formal observance of tomorrow a select audience has been invited including the ambassadors of Great Britain and of Holland renewing the links in the chain of the Pilgrim's travels. The New England governors and members of the judiciary together with official representatives of various patriotic societies including the Society of Mayflower Descendants also were included and in most cases will attend. The Descendants as a body would overflow the little hall. In all some 700 persons will be present by invitation. About 200 of the town folk who will make a holiday while stores close and mill wheels stop may gain admission but only in competition with many persons from other places who plan to make the day one of pilgrimage.

To give the people of the town at large an opportunity to participate more numerously in the tercentenary celebration a supplemental meeting will be held in the afternoon. Dean Briggs is expected to re-read his poem and Senator Lodge's scholarly oration will be given by another speaker for a second time.

\$ 25

Will be paid to any
Adult who gets the

'FLU'

After 12 Treatments
at the
"Energizer"
Office

This bona-fide statement is made—and it will be carried out to the letter—because we desire to do MORE good rather than LESS while "ENERGIZER" service is here. There is a mathematical ratio between Human Illness and Human CIRCULATION and all the money and brains in the world cannot afford the protection that BETTER STRENGTH and CIRCULATION will give you.

Everything is a matter of "per cent" and "degree" in this world, and each "ENERGIZER" treatment gets ANY adult a "per-cent" better in physical strength and CIRCULATION.

It is NOT a matter of money to YOU—it is a straight matter of GETTING IT—while the getting is good. The INCONSISTENCY of getting the "carbon" out of your auto and NOT giving your BODY similar care is truly CRIMINAL after due thought.

And "if thinking hurts—then 'DO IT NOW' because it FEELS GOOD." You cannot lose ANYWAY YOU LOOK AT IT.

And if you get the "FLU" before, say MAY 1st, 1921, you get \$25. If you don't get it, you should worry. But you WILL get the FINEST HUMAN house-cleaning available,—a sound investment, a sensible, LOGICAL move.

The One You Have Been Waiting For
MOLLE
THREE - UNIT - MACHINE

Possesses every essential feature of larger, heavier and more costly typewriters. Three unit machine: base, carriage and action. Many troublesome parts eliminated. The machine for both office and home. Does the work of any typewriter regardless of cost.

For foreign languages, especially equipped with from one to five dead keys—does not interfere with standard keyboard.

MOLLE

WHERE PRICE AND QUALITY MEET
And that must determine your choice of a typewriter. You have no place for the cheaply constructed machine nor will economy permit the outlay of an extravagant sum. Good business sense finds the solution in the MOLLE. The MOLLE incorporates every essential feature you find in any machine at any price. Yet it is unusually simple, both in construction and operation. Built in three units—base, carriage and action—many extra parts are eliminated. This means a saving in repairs and a bigger saving by keeping it on the job. The MOLLE lightest of touch; speediest of action, will do anything that a writing machine is called upon to do with the least amount of noise and effort.

LONG ROAD TRIP IN 'GATOR'S SCHEDULE

GAINESVILLE, Dec. 20.—G. W. Hartman, 'Gator baseball manager for 1921, has announced the following incomplete schedule:

- March 22—Oglethorpe at Gainesville.
- March 23—Oglethorpe at Gainesville.
- April 4—V. P. I. at Blackburg.
- April 5—Washington & Lee at Lexington.
- April 6—V. M. I. at Lexington.
- April 7—Trinity at Durham.
- April 8—University of North Carolina at Chapel Hill.
- April 9—North Carolina State at Raleigh.
- April 11—Davidson at Davidson.
- April 12—Wofford at Spartanburg.
- April 13—Furman at Greenville.
- April 14—Oglethorpe at Atlanta, Ga.
- April 15—Georgia at Athens.
- April 16—South Carolina at Columbia.

These games do not include the games expected to be played with the Phillies, Yale, Mercer, Stetson and the series with the University of Georgia at Gainesville.

R. L. Stanley Football Manager
The Florida Athletic Association elected a football manager for the 1921 Alligators just before the holidays. R. L. Stanley '23 of Jacksonville won by a decided majority. R. L. Stanley is a sophomore in the College of Arts and Science and was assistant manager to J. R. Cunn '21 this season. He is a brother to George Stanley '23, Varsity fullback, and to Spick Stanley, Duval High School quarterback. R. L. Stanley's eyes keep him from playing football, but they cannot keep him out of the game.

RING OUT, YE MERRY BELLS!

Ring out, ye merry bells! Welcome, bright icicles!
Welcome, old holly-crowned Christmas again!
Hills as a child at play, keeping his holiday.
Welcome him back from the snow peak and plain.

Up with the holly bough, green from the winter's brow,
Lock up your ledgers and cares for a day;
Out to the forest go, gather the mistletoe,
Old and young, rich and poor, up and away!

Up with the holly boughs, ay, and the laurel now;
In with the yule log, and brighten the hearth;
Quick! here he is again, come with his joyous train,
Laughter and music and friendship and mirth.

Up with the holly boughs, high in each manor house,
Garnish the antlers that hang in the hall.
Yes, and the "neck" of corn with a gay wreath adorn,
Rich as the bloom on the cottager's wall.

Wealth has its duties now, Christian, you will allow;
Think, then, ye rich, whilst your tables are spread,
Think of the wretched ones, Poverty's stricken sons,
Weeping whilst children are asking for bread.

Ring out, ye merry bells! ring till your music swells!
Out o'er the mountains, and far on the main;
Ring till those cheerless ones catch up your merry tones,
Singing, "Come, Christmas, again and again."
—Frank Leslie's Popular Monthly.

Repentance is often confounded with determination not to get caught again.

Daily Fashion Hint

TYPICAL OF THE SMARTEST STYLES

The dress and tailleur pictured here have youth and grace on their side. Malay brown velveteen is used to develop the dress, which is trimmed with wool embroidery in bright colors. The design of the trimming is simple and works up quickly. Medium size requires 5 yards 36-inch velveteen and 1/2 yard satin for revers and collar.

Brown velveteen is ideal for the development of the tailleur with straight jacket and smart gathered skirt. Although buttoned close about the throat, the collar is convertible. Medium size requires 3 3/4 yards 54-inch material.

First Model: Pictorial Rayview Dress No. 9130. Sizes, 34 to 42 inches bust. Price, 35 cents.

Second Model: Jacket No. 9151. Sizes, 34 to 44 inches bust. Price, 35 cents. Skirt No. 8760. Sizes, 24 to 40 inches waist. Price, 20 cents.

FAIR PRICES FOR MEATS QUOTED BY CHICAGO COUNCIL

Chicago, Dec. 21.—A return to war methods in fighting high food prices was adopted in Chicago today when Russell J. Poole, fair price committee counsel, announced that fair price quotations for meats would be issued daily by the council committee.

Wholesale prices quoted by packers at the stock yards will be made the basis of the "fair price" schedule, he said. To this will be added overhead charges and a fair profit. The plan was adopted at the suggestion of Everett C. Brown of the Chicago Livestock Exchange.

"The meat dealers' profits are greater now than at any time during the war," said Mr. Brown. "The meat dealer could cut meat prices 10 to 20 per cent and still make a bigger margin of profit than before the war."

C. H. Frye, a Seattle packer, on his way west from an eastern visit, said retail prices in the east and middle-west are higher than on the Pacific coast. He said meat prices in Europe were 25 to 50 per cent lower than in Chicago.
