

Islanders And Saints Gain Finals Of Playoff Series

G-Men And Azaleas Drop Out By Losing Yesterday

These Fralick Heris Islanders To Win By Limiting Palatka's To Three Singles While Notes Get 9

ST. AUGUSTINE, Sept. 2.—The Saint Augustine Saints reached the championship finals of the Florida State League playoff series today with the Daytona Beach Islanders here yesterday, by eliminating the favored Gainesville G-Men from the champion picture with a decisive 6 to 2 victory.

Gainesville finished on top of the season standings and St. Augustine was a fourth-place club, and the Saints slugged their way to this win against the G-Men's best victory which went 12 inches before it was decided by a single run. Twice the rival teams fought to tie.

It was a typical Fred Francis line which swept the series here yesterday. Twice the Saints engaged the old "squares play" in seven and then smashed over the remaining four runs with a 5-0 hit attack of the entire Gainesville hurling staff.

Lefty Albritton started for the hapless G-Men but the Saints hounded him out in the fourth with five hits for three runs. St. Augustine's attack was topped by Fitzgerald, Owens and Emerson with two singles each. Beach with a triple and a single and Bob Pitman with a brace of singles provided most of the victors' offense.

Islanders-Azaleas

DAYTONA BEACH, Sept. 2.—These Florida Palatka Islanders won the final four out of seven game play-off for the Florida State League championship yesterday. He limited Palatka's Azaleas to three hits as the Islanders won the fifth and deciding game of their series, 6 to 1.

Bearing twice in the first on three hits, again in the third on a single and an error and three singles in the sixth on three singles and two walks, the Islanders were never in danger.

Fralick struck out eight men and walked only one. Palatka used three pitchers—Burger, Gould and Spearman—and the Islanders picked them for a total of nine hits.

Manager Arnold Andersen, out for nearly two weeks with a sprained arm, returned to the lineup at first base yesterday and got a

Florida Hunter Sends Candidates Through 2 Drills

Forty-Five Answer Call Of Coach Josh Cody At Florida

GAINESVILLE, Sept. 2.—Increased in number to 45, the University of Florida football squad was sent through its first day of practice which saw the Gators in two drills, at 10 o'clock yesterday morning and 4 o'clock yesterday afternoon. All but one of the 41 gridirons invited to report drew their uniforms yesterday morning. Joe McLeod, sophomore end, of Tampa, has absent, has not been heard from by the Florida coaches, but other Tampa grid candidates report that McLeod will arrive today.

Seven more varsity prospects, from schools out of the state, eligible for varsity competition brought here by Coach Cody through their attendance at junior college, drew uniforms with the rest of the Gators. Given only light drills yesterday, the Florida team will spend the rest of the week just getting into condition. Cody announced that he will not send them through their first scrimmage for at least two weeks.

Starting the first day's practice slowly with signal drill for most of the morning's two hours, Assistant Coach Lewis Hardage lived things up yesterday afternoon with a fast passing session. Cody could not express an opinion on the degree to which the athletes had remembered what they were taught in spring practices because the signals they were shown yesterday were entirely different. Plays from punt formation were used virtually throughout both of the first practices.

The Florida coaches spent more time on plays from the single wing-back variations which Cody introduced here last spring. Early in the afternoon the squad was divided into four groups. Cody taking charge of the guards and centers. Carlos Proctor handling the tackles, Dutch Stanley with the end department, and Lewis Hardage assisted by Rand Dixon, down in the other end of the field with the backs.

Los Angeles Juniors Even Series With Spartanburg Outfit

SPARTANBURG, S. C., Sept. 2.—(AP)—The slugging Los Angeles Juniors yesterday evened the count at one-up beating Spartanburg, 6 to 0, in the second game of the Junior American Legion "world series of the sandlot."

McElroy of the Californians held Spartanburg to nine hits and shut out the Southerners champions while his teammates pounded Dobson and Fowler of the Carolinians for nine hits and six runs.

Relief For The Itching of Eczema
It's wonderful the way something, called Eczema, can be relieved. Itching, burning skin, even in severe cases, itching usually stops when some itching powder and irritated skin, because of its rare ingredients. To get relief from the irritation of Eczema, simply use Eczema Relief. It should be in every home. Sold at drug stores. Approved by Good Housekeeping Bureau, No. 6974. 25¢ and 50¢.

SPORT CHATS

By JIMMY CHAPMAN

Who's There
Everybody's knocking, so "knock-knock," "who's there?" "U. of F." "U. of F. who?" "You'll hear 'U. of F. who' more than four games again."

And we'll venture that you will hear if the University of Florida wins more than four games in one season again, but you can't be sure. You can't be sure that the boys up at Gainesville are going to trot out an eleven which is not to be sneezed at by anyone, and which won't be sneezed at by opposing eleven.

When the boys that handle the athletic affairs up at the state university selected Josh Cody as head coach, the display signs of using their heads for something besides a football helmet, for when it comes to knowledge of the game, ability to handle the players, and downright coaching ability, the former Tennesseean is absolutely tops.

Of course, it'll be hard for the former Vandy coach to attain unusual heights in his first season at Florida, but within two or three years, he should have something in the way of a grid team that will resemble the fighting Gators in the days of Crabtree and Van Ninkle.

The whole thing is a nut-shell in that this state has allowed most of her best athletes to go out of the state to bring glory to other schools, instead of going out after them for the Gainesville institution.

For instance, from this city have gone three or four of the best athletes ever to tread on a gridiron in the South, such as Don Jackson, All-American half-back for the North Carolina Tarheels last season, and Dick Maxwell and Jim Stoinoff, both fine gridirers at the University of Georgia for three years.

But we believe that instead of allowing this state's best to step out from under his coat-tail, that Josh will jerk a few from the coat-tails of the other state university coaches, and when those boys from states further north once start coming to school in the "Sunshine State," the college officials will have to construct a

Lookouts First Sacker Places High In Batting

Mois, Torres And Hayes Gain Honors As Pitchers, While Clary Attains Most Base On Balls

George Andrews, slugging Saint Augustine outer gardener, won several hits honors in the state league, according to averages released today, which gave him an average of .350 with Bob Pitman of the Gainesville a close second with his .345 average.

Eddie Davis, husky Lookout first sacker placed fourth in the batting column with a husky .322, while Mois and Torres were officially the leading pitchers of the circuit with 8 wins and three losses each.

Most strikeouts in one game was shared by Brown of Daytona Beach and "Lefty" Rays of the Lookouts, each with 12, while the Islanders' Earl Banford played the fastest game in an hour and 15 minutes.

"Brocher" Clary, was mite of a short fielder for the Lookouts, tied with Buck of Gainesville for most bases on balls, each with 71.

The averages as released by the league statistician are as follows:

Youths Undergo Tough Period Of Signal Drills

McLucas Grooms 3 Backs For Season Kicking Position

Seminole High School's prospective gridirers were put through tough signal drills yesterday afternoon by Coach Leonard L. McLucas and "Whitey" Gordon, with more than 40 youths present.

Punting practice saw Lou Lawson, John Morgan and Robert Stoinoff being groomed for kicking roles by C. J. Seminole and regulars in returning kicks.

Equipment will be issued to the gridirers the last of this week, Mr. McLucas said, and it is expected that at the tackling program will begin signal drills, with the squad being divided into two or more divisions.

Birmingham Schools Postpone Openings

New Atlantic Flight Mark Set By Pair

Richman and Merrill Span Ocean in 15 Hours As Forced Landing Ends Hop

Plane Undamaged, Aviators Report

Night Clip Sings, Pro Flier Average 190 Miles An Hour

CROYDON AIRDRIVE, England, Sept. 2.—(AP)—The American fliers Dick Merrill and Harry Richman made a safe forced landing at Llynwyllyn, Carmarthenshire, South Wales today after flying across the North Atlantic from New York.

The fliers telephoned the airdrome here saying the plane "Lady Peace" landed in a field, the fliers unhurt and the plane undamaged. Lack of fuel caused forced landing, they said.

The aviators, who topped a record of a long flight from New York to the Irish coast, came down approximately 175 miles from their Croydon goal. Estimated time for the crossing from Wood-Bonnet Field, Brooklyn, to Bay, Ireland, was 15 hours, 40 minutes, far the speediest yet recorded.

They were reported sighted off South Wales two hours before dawn, about 100 miles from the land. The plane was forced to land on the beach at Llynwyllyn, which they followed.

Richman, a New York night club singer and actor, and Merrill, a veteran transport pilot on his vacation, left Floyd Bennett Airport at 3:37 yesterday afternoon. Flying at times at an altitude of 10,000 feet, they maintained two way radio contact with United States stations for the greater part of the flight.

It Was A Black Klan

"The Black Legion was a Klan of vengeance, organized to accomplish its objective by force and violence, if necessary. It was a black Klan," says Circuit Judge George D. Hartwick who is shown reading the grand jury's findings at Pontiac, Mich., simultaneously with the murder trial of legion members at Detroit. (Associated Press Photo)

Ritter Says Impeachment Was Illegal

Former Miami Judge Files Suit Attacking Senate's Action in Dismissal

WASHINGTON, Sept. 3.—(AP)—Hubert L. Ritter, ousted Miami federal judge, today contended before the court of claims his conviction by the Senate on impeachment charges violated a constitutional guarantee against being placed in jeopardy twice for the same offense.

In a long answer to Attorney-General Cummings' motion to dismiss proceedings attacking the Senate's action, the former judge contended he was removed from office on a final article of impeachment which only summed up six counts on which he already had been acquitted.

Ritter filed suit in the claims court soon after his conviction last April on a charge of bringing his court "into scandal and disrepute."

Huge Balance Is Announced By Morgenthau

Secretary Of Treasury Wants Billion In Coffers As Insurance For People

WASHINGTON, Sept. 3.—(AP)—Disclosing he would seek \$100,000,000 in new cash in the Treasury's September financing, Secretary Morgenthau today said he planned to keep a working balance of around \$1,000,000,000 because of threatening conditions abroad.

Morgenthau said he thought a \$1,000,000,000 balance should be retained because "it is the safest insurance we can carry for the American people should anything unforeseen occur."

He added "these times and conditions" abroad made him "want to keep a working balance" at a high figure.

Rebels Stage Supreme Move To Take Iron

Besieged City's Government Is Taken By Anarchists As Others Seek Flight

(By The Associated Press) Armored cars, spitting machine gun fire, moved on hapless iron today in a "supreme" assault by Spanish Rebels.

Infantry troops pushed toward the Government town and last defenses were shattered. They were repulsed but tried again as Government batteries boomed a desperate defiance.

In the besieged city itself, anarchists seized command and built barricades in the streets. They ousted Socialist leaders of the defending militia because the Socialists wanted to surrender.

It was almost the end of the seventh week of Spain's civil war and the action at iron, just across the international border from France, appeared the most violent of the day. Fascist Rebels want the iron sector on the Bay of Biscay port of entry for supplies and men. They need the oil stores. They want to hold it as General Emilio Mola's northern armies can advance on Socialist Madrid without the menace of a rear attack.

Also, they want control of the international bridge from France, Madrid, claiming the capture of Huesca in the northwest. He informed southern armies for a defense in the Toledo province.

700 Farms Will Participate In U.S. Soil Plan

Seminole County farmers and growers are participating in the federal soil conservation program, it was disclosed today following the conclusion of work by the County Conservation Committee late yesterday.

The body convened in the office of C. H. Dawson, county farm agent, to certify work sheets signed by persons identified with the agriculture industry in this county.

A great part of the conservation plan still lies in the future, Mr. Dawson said this morning.

Approximately 700 Seminole County farmers and growers are participating in the federal soil conservation program, it was disclosed today following the conclusion of work by the County Conservation Committee late yesterday.

The body convened in the office of C. H. Dawson, county farm agent, to certify work sheets signed by persons identified with the agriculture industry in this county.

A great part of the conservation plan still lies in the future, Mr. Dawson said this morning.

Seminole County Is Among Leaders In Conservation Idea

Approximately 700 Seminole County farmers and growers are participating in the federal soil conservation program, it was disclosed today following the conclusion of work by the County Conservation Committee late yesterday.

The body convened in the office of C. H. Dawson, county farm agent, to certify work sheets signed by persons identified with the agriculture industry in this county.

A great part of the conservation plan still lies in the future, Mr. Dawson said this morning.

CITY NEWS BRIEFS

Sanford Houdney, Seminole County tax collector, today was on a short vacation which probably will extend until Tuesday his office announced.

The weather: generally fair tonight and Friday except scattered thundershowers in extreme north portion Friday afternoon. Extreme Northwest Florida: generally fair tonight and Friday.

H. C. Waters, F. M. Purdon and T. H. Heater hauled in 30 pounds of fish this morning from the waters of the St. Johns River. The party was fishing with artificial bait from a small boat.

Today for the first time since the beginning of the summer season, Sanford merchants were remaining open on Thursday afternoon. An agreement was reached through the Merchants' Association that the Merchants' Thursday half holiday on Sept. 1.

Friday's tides: low, 3:45 A. M. and 4:14 P. M.; high, 10:13 A. M. and 10:32 P. M. Sun rises at 6:05 A. M. and sets at 6:47 P. M. Moon rises at 7:50 P. M. and sets at 8:18 A. M.

Loan Association Group Heads Meet Here Sept. 11

Federal Land Bank Official To Discuss Agricultural Interests In Round-Table Session This Month

By JIMMY CHAPMAN
A meeting of the presidents of the nine farm loan associations in the Sanford unit will be held here on Friday, Sept. 11, with Rufus R. Clarke, vice-president and secretary of the Federal Land Bank of Columbia, present. It was announced today by N. E. Andrews, secretary of the Farm Loan Association.

According to Mr. Andrews the meeting will be in the form of a round table discussion, with Mr. Clarke leading a conference on various phases of the farm loan association work.

More than \$5,500,000 in loans has been serviced through Mr. Andrews' office, in Land Bank and Land Bank Commissioner roles, the secretary further stated.

Prospects are evident for a half million or more in loans to Seminole County farmers during the current year, which would bring the amount loaned during that period far above the same amount of last year, according to Mr. Andrews.

At the last meeting of the Sanford Production Credit Association, which covers an area of six counties, it was revealed that more than twice the amount had been loaned during this year through the facilities of that association than during the entire preceding year.

Mr. Andrews is secretary of the Production Credit Association and the Farm Loan Association, and handles practically all of the larger farm loans coming from the county, together with those coming from five nearby counties, which are embraced by the organizations.

Next censorship bars any American movie if any member of the cast is "non-Aryan."

Negro Child Dies After Being Hit By Fender Of Auto

Chester Sipling, an eight-year-old negro, died here yesterday from injuries sustained when he was struck with the fender of an automobile driven by Theodore Morgan, also colored.

Police Chief Roy Williams said Morgan was released from all responsibility of the accident, since an investigation by Officers Herb McIntyre and Hol Tills proved the accident was unavoidable.

The youth was run down on Tuesday. Witnesses said he stepped from behind a parked automobile directly into the path of the moving machine.

Morgan, police said, was not speeding and swerved onto the sidewalk in an effort to miss the youngster.

Chief Williams said the Sipling boy apparently was running from his father who held a switch in his hand.

Youths Are Held To Face Charges In Auto Stealing

Two youths, unidentified here, were held in Kissimmee today and booked on charges of stealing the automobile of Ed Higgins, Sanford resident, from a Daytona Beach street last night.

Deputy Jimmie Burden of the Volusia county sheriff's force was scheduled to return the youths today for trial in Daytona Beach.

The police department said the automobile thieves were traced through a billing station attendant who sold the coupe two gallons of gasoline.

The vehicle stolen was a 1936 model automobile.

Sanford police records today show that Henry Will Jones, a negro, is held in jail and charged with threatening his wife with a pistol. Sam Griffin also is held on allegations that he gave Jones the pistol. Officer Roy Tills made the arrest.

J. E. Davis was arrested by Officers Howard and McMillin and booked on drunkenness charges.

Glenco Landon, negro, was in the city jail waiting to face charges of assault and disorderly conduct lodged against him last night.

James Norwood, black, is held on a fighting charge, while Sam Griffin, also colored, was booked for disorderly conduct.

Chief Williams announced that the regular Monday session of municipal court will be postponed until Tuesday, since Labor Day falls on Sept. 7.

Young Democrats Report Sale Of 40 Campaign Plates

With but one day's work behind them, Seminole County Young Democrats at noon today reported the sale of 40 "Forward with Roosevelt" automobile tags.

The sale price of \$1 each is being collected here and will be forwarded to National Democratic Headquarters in Washington to defray presidential campaign expenses.

S. Alex Sharon, president of the local organization said the workers plan to cover Sanford proper then carry their campaign into the country precincts where individual captains are to be named.

Young Democrats have scheduled a meeting for 7:30 o'clock tonight in County Judge Sharon's office to further discuss plans for a membership drive.

Feinberg Assumes Chemical Position With Citrus Body

Irving Feinberg, formerly of Selma, arrived here today to assume the position of research chemist of the Citrus Improvement Company.

Mr. Feinberg is the successor to E. F. Mousalvato, who resigned recently to accept a position in the Philippine Islands.

The new chemist is a graduate of the University of Florida where he earned his B. S. degree in chemical engineering in June, 1925.

During his college career he was affiliated with Sigma Tau, Gamma Sigma Epsilon and Phi Kappa Phi, all honorary societies.

Last week Mr. Feinberg completed work on his degree of master of science, an honor which also was obtained from the state university.

Seminole Beauties Prepare For Trip To Daytona Beach

Three Seminole County girls today were preparing to vie for state beauty honors against 100 other girls who will assemble at Daytona Beach Sunday and Monday for Florida's first "Cavalade of Beauty."

Louise Johnston, holding the title of "Miss Florida," Anna Mae Ellis, who won the distinction of being known as "Miss Sanford," and Elizabeth Cameron, to be "Miss Seminole County," will represent their area.

Miss Ellis and Miss Cameron won their titles at a formal beauty contest staged at the Ritz Theater.

The Daytona Beach Labor Day Week events, other than the beauty contests Sunday and Monday, will include sports events, dances, boat parades and other attractive features.

It is being sponsored by the Daytona Beach Chamber of Commerce.

Validation For County's Bonds Expected Oct. 1

Validation of Seminole County's bond refunding program is expected to have been completed by Oct. 1, according to a statement issued today by E. F. Housholder, attorney for the Board of County Commissioners.

Contracts and arrangements were completed yesterday for the refund of \$2208,000 in certificates. Negotiations were between the Commission and the R. E. Crummer Company of Orlando and Chicago.

Commissioners are scheduled to meet in the early part of next week for the adoption of a resolution instructing Mr. Housholder to file petitions for validation of the refunding bonds. The procedure will go through circuit court.

Today Crummer representatives were active in contacting bondholders in an effort to obtain consent of the necessary 75 percent stipulation in the contract. However, no trouble is expected in that line of endeavor.

Mr. Housholder said the Crummer Company, at present, is handling refunding operations for about ten taxing units located in Florida.

The completion of the refunding agreement yesterday has assured the County of a stable financial condition for at least 30 years.

New Chamber Board Is Notified Of Election, Called To Name Officers

Election notification letters were being forwarded today by the Seminole County Chamber of Commerce to 23 directing board members elected by ballot on Sept. 1.

Following is the communication, signed by T. E. Simpson, president of the Chamber:

"As result of the canvass of ballots by the Election Committee on Tuesday, I am very happy to advise that you have been elected a director of the Seminole County Chamber of Commerce for the ensuing year, Oct. 1, 1936-Sept. 30, 1937.

"I know that by your experience in business matters and your interest and pride you take in civic affairs that the other members of the Board and officers of the Chamber will enjoy working with you during the coming year.

"On Tuesday, Sept. 2, the Chamber will hold its annual election of officers, and as this is one of the most important meetings of the year, we sincerely trust that you will make every possible effort to attend at this time."

The complete Board of Directors, including the 23 named by the recent ballot, is as follows:

Sanford—C. E. Adams, George D. Bishop, E. E. Hildworth, Lloyd F. Boyle, Martin J. Brann, Arthur Brann, Randall Chase, J. H. Colquhoun, H. H. Coleman, W. S. Coeman, W. L. Cooper, J. S. Hawkins, Connelly, R. L. Dean, Julia Dingfelder, R. L. Glenn, Sydney G. Gray, W. M. Haynes, J. L. Ingle, W. E. Kirchoff, J. W. A. Lettler, H. J. Lohman, Jos. L. Marentette, C. R. Mason, John Meisch, Sr., W. Herbert Messer, R. A. Newman, H. M. Papworth, N. B. Pope, G. E. Rollins, Jas. G. Sharon, S. O. Shindolzer, T. E. (Continued on page three)

Local Legionettes Attend Installation Fete Of DeLand Unit

Thirty-three members of the Sanford Sons of the Legion last night attended initiation and installation ceremonies of squadron number 6, DeLand Post.

Prey Mero, chairman of the American Boys' Work Committee, said 37 Volusia county youth were admitted to membership into the new unit.

Following the business session and other ceremonies, refreshments were served.

Because of the trip to DeLand, the local Junior Legion post will not meet this week. Next meeting Friday, Sept. 11 when target practice will be called for the organization's rifle team.

JayCees Send Order For 25 Benches To Be Put On City's Streets

President Andrew Carzaway of the local Junior Chamber of Commerce announced today that more than 25 benches had already been ordered by the JayCees to be placed in front of various business establishments of the city.

The JayCees began a drive to place these benches on the streets so that visitors to the city might have a place to rest.

Merchants of the city were asked to co-operate with them in the movement and bear part of the expense, and more than 25 responded to the drive.

The benches will be of steel and bear the name of the Junior Chamber. They will be placed at intervals on the downtown streets.

Postal Business Is On Upgrade, Local Receipts Indicate

Sanford postal receipts for August, 1936, were \$2812 in excess of the same month last year, according to a compilation of figures released today from the post-office.

This year the month's revenue amounted to \$3,047.12, while the income from August, '35, totaled but \$2,507.29.

While postal receipts were gaining, the sale in government baby bonds dropped off to almost nothing, another report revealed.

Twelve months ago the August sale of bonds reached \$2,437.50. Last month the total sale was only \$225.

Commissioners Hold Initial Discussion On Bond Situation

Tentative plans to retain Sanford's bond agreement with the bondholders' committee were discussed last night by City Commissioners and representatives of the committee.

The entire Commission met with Kenneth M. Koff, chairman of the committee, and J. W. Blinn, attorney for the group.

Provisional discussions for a bond refunding plan also was held, although there were no definite steps taken.

Under the present agreement the bondholders, the City pays the committee a \$1 fee for every \$100,000 in operation up to one percent of the total amount borrowed in bonds held by the protective group.

Last night's meeting was called primarily for budget consideration. However, that was postponed until Friday, Sept. 11.

New Service Station Is Going Up Rapidly

Work is progressing rapidly on the Gulf Refining Company's new service station being constructed at the corner of Park Avenue and Second Street.

Already a foundation has been laid for the huge gasoline containers to be used, with practically all of the foundation of the building being finished.

The station, which is being constructed at a cost of \$4,000, will be completed within six weeks, according to the contractors.

Keep beds set as natural breakwaters and partly protect beaches from erosion.

'Knock Knock' Film Gets Showing Here

Florida's first pre-view showing of Vincent Lopez' "Knock Knock" feature one-reel was seen on the screen of the Ritz Theater this morning.

The film centered around the parlor game of "Knock Knock" which has covered the country and is being used in contests in many sections.

FALSE ALARM

FREMONT, Ohio, Sept. 3.—(AP)—A little light flashed on in John Powers' attic. Neighbors became alarmed and notified Ohio Power Company to investigate. Electricians found a firefly caught in a cobweb.

GAMBLERS A TIE CROSS: And they crucified him, and parted his garments, casting lots: that it might be fulfilled which was spoken by the prophet. They parted his garments among them, and upon my vesture did they cast lots. —Matthew 27:35.
DO A PIGEON ON A CITY STREET
 These were not meant for you—these streets that run like metal streams, barren on either side, fringed by no leaves that glitter in the sun, untouched by intimate mists that stroke the side, to momentary whiffs of peacefulness. You who have lived in gutted trees of stone, never have known green hills, nor can you guess what lies beyond the traffic's swirl and groan.
 Hardened by circumstances, you bravely go beneath the perilous wheels to seek a crust. Cast down by chance, seeing your plight, I know how God must feel when men forsake the trust. He left in field and wood, how He must pity the living dead who ply the sterile city.
 Anderson M. Seungue.
 Paradoxical headlines of the past year: "Hitler Spurns League Pact to Increase Army"; "Hitler releases 30,000 prisoners for spirit of peace at Olympia."
 Harry Richman's plane was flying the Atlantic ocean has already 41,000 plunging and a boat coming to play around with in case of a forced landing.
 Throwing the ball still is a popular sport in Spain, despite the raging civil war. Just take a look at the reports of "Victory" handed out by both sides.
 Socially prominent Americans choose strange pathways to the front page and much desired publicity. Mrs. Helene Fortescue Reynolds, wife of a tobacco heir, went down the highway to page one in a meat wagon borrowed from a butcher.
 Seminole County falls in line with several other Florida governmental units by adopting a bond refunding program. The act not only secures the County of a firm financial footing for the 20 years which the plan will be effective, but also indicates the state is on the upgrade to normal times.
 Mr. Roosevelt's trip through the drought area and the first hand presidential influence to the Everglades Reclamation Bill which Representative J. Mark Wilcox plans to introduce to the next Congress. The Gladex, you may recall, contain some of the world's most fertile soil.
 New York's state's rich senator, Robert Wagner, has this to say over the radio about the future of this country: "The whole of America is marching majestically toward the day when poverty shall have no place and when labor shall enjoy the heritage of the civilization it has built. Soberly, steadfastly, the Roosevelt Administration is building toward that day."
 Jesse Owens, flying glory of the slender tracks and current Olympic star, has announced his support of Governor Landon thereby offsetting the harm done the Democratic cause when a negro delivered an invocation at the Philadelphia convention. Or if you take the other viewpoint, Owen's action will counteract the good done the Democrat cause when another negro said the Roosevelt Administration was the best friend of the black race.

Sing, Brother, Sing!
 They say that the streets of London these days echo with the "Maine Stein Song," "Fighting Illini," "Anchors Aweigh," and many another American college air. It seems the London street musicians have discovered that a homesick American in the midst of the strange left-hand traffic and the English servants who say "kew" after they have done something for you, upon suddenly hearing the dearly familiar strains of "Washington And Lee Swing" will be very generous when he flings money into the tin cup.
 So Italian barrel-organ grinders, Scotch bagpipers, and gypsy bell-jinglers all play Dartmouth's "As The Black Go Tearing By" as if it were an American football rally, and ex-patriated Americans and summer trippers alike grow strangely mellow and sympathetic. As a result, the London street musicians eat well this summer.
 There's good psychology behind their strategy. Music undeniably can create a state of mind that no amount of talking can produce. Back in the boom days, it wasn't for nothing that the high-powered real estate promoters on Miami's Flagler Street had a violin lead the cause of the new developments. The music poured out and the dollars poured in.
 When service clubs sing together, the men may joke about it and make great fun of their neighbor's out of key tenor, but it gives them a feeling of comradeship that they would not have felt without the song. The next time you go to your club, whether you sing with the crowd or have some peculiar path that you follow alone, when the song leader begs all the fellows to "all join in," "sing, brother sing!"

Good Advice To Follow
 The St. Augustine Record gives its readers some excellent advice which could be followed to good advantage in Sanford. The newspaper points out the fine prospects for a banner tourist crop this year and then goes on to explain what could and should be done to get tourists to visit and become interested permanently in a town.
 "It is good news to the people of Florida to know that the mountain resorts of North Carolina have been having a good season. It is indicative of better times, and of the desire for vacation travel, which can be gratified.
 "All this means that Florida can look forward to a good tourist season. People are more prosperous. Conditions have improved greatly. Of course, a great many will stay in their home states and communities, in order to vote in the General Election of November 3rd, but as soon as the day of balloting is over, we can undoubtedly look for a large number of visitors.
 "State operators in St. Augustine are now receiving applications for accommodations, and the word is going forth that people who have houses, rooms, and apartments for rent should be prepared for a busy season. They are also asked to bear in mind that people who come here appreciate comfort, brightness and charm. Anything which can be done to give the homelike touch, the cheery note, the welcome sign, should be included in the preparations. Visitors will be willing to stay a few days in ordinary, drab surroundings, while they see the sights of St. Augustine. But if their accommodations are really comfortable, picturesque and charming they may stay weeks or months, and become regular visitors, or even permanent residents.
 "Comfortable surroundings and a hospitable welcome can make us more friends than anything else. Let us remember these two things when we wonder what we can do to make St. Augustine more attractive to visitors."

SANFORD TWENTY YEARS AGO
 Mr. and Mrs. J. D. Sayres and little daughter and Mrs. Strickland, all of Tampa, spent several hours in the city Sunday, the guests of Mrs. E. B. Brown at Comfort Cottage. They were enroute to Jacksonville for several days' visit.
 Mr. and Mrs. J. C. Roberts and family have returned from a delightful trip to Daytona Beach made in their Maxwell car. Mr. Roberts is back on the job of city clerk and looks like he had enjoyed the salt breeze.
 Paul Snyder, catcher of the St. Louis Nationals, is in the city spending an enforced vacation made necessary by an injury to his right foot sustained in a play.
 Mrs. Ila McMurray of Gage House, N. Y., has arrived in the city and will take up her work at once at the French Millinery Shop.
 Mrs. M. E. Blev, late of New York, has arrived at the French Millinery Shop where she will be employed during the season.
 A. R. Key, cashier of the Seaside Cofinity Bank, has returned from a month's vacation spent in northern cities and in the mountains.
 G. W. Crim, ticket agent of the A. C. L., leaves today for a vacation of thirty days. Mr. and Mrs. Crim will spend some time visiting their daughter, Mrs. Guy Randall, at Paducah, Ky., and will later go to Indiana where they will remain until about Oct. 1. W. T. Mathis will dispense tickets during Mr. Crim's absence.
 Mrs. E. E. Cox has returned after a month's vacation spent delightfully among friends and relatives in Washington, Webster, N. Y., and Lexington, Mich.
 Miss Clara Millen is home again after a month spent in Dade City where she attended the teachers' normal.
 Carl Schultz is home again after spending several months at Galesburg, Ill., looking after the business of the Schultz Tire Company factory. He is glad to get back to Sanford and reports a very hot summer in the north.

WASHINGTON DAYBOOK
 BY PRENTON GROVER
 WASHINGTON, Sept. 1.—Any non-Mississippi could be pardoned for wondering why the name of Senator Pat Harrison of that state so often is mentioned in speculation as to President Roosevelt's selection of a comptroller general.
 The genial Mississippian has been coming back to the House of Representatives for 26 years, without serious election trouble. Why, then, should Harrison, with a virtually perfect New Deal record in the Senate, be rated as a possible "lame duck" candidate for comptroller?
 The truth is Harrison faces the toughest re-election battle he ever has fought. He is one New Dealer who will not be available for much campaign duty outside his own state this year, at least not until after the primary.
 Harrison is battling an alignment of three men who once were political enemies. They have buried their differences in an effort to defeat him in the Aug. 25 primary. His chief opponent is former Governor Bennett (Mike) Conner, who claims he balanced the state's budget with the sales tax. Now he

AND SO MEN DIE
 By GEORGE R. BOOLEY

Often, in the early days of the Russian revolution, I listened to the thrilling oratory of Zinoviev. It was an exciting experience, even though my Russian was insufficient to catch each nuance of word and phrase.
 Zinoviev was never the stimulating personality that Trotsky proved to be. The difference between the two was psychological, not essential. No matter how one differed from Trotsky, it was obvious that there was a deeply sincere and competent human being, capable of accomplishing any task and of making any sacrifice. Trotsky was an efficient idealist.
 Zinoviev, on the other hand, was an orator. His fullest form of self-expression appeared in speaking words. Like many men who are orators, and even writers, he was so loud that he could convey the impression of profundity even if he was shipping about in verbal sands. It was beautiful even as a bell may be beautiful. But there was not much more to him than great beauty of voice and expression.
 In those days Stalin seemed to come across him or his name, with Zinoviev or Kamenev. His day was to come later, when the fire of revolution was smoldering low and when men waned order at any price, even at the price of losing the fruits of the revolution in which they themselves had fought. When that day came Trotsky was exiled and the old fire-eating Bolsheviks were no longer popular.
 Revolutions are like that. Those vast upheavals of human emotions cannot last too long and when the emotions subside those who have carefully trimmed their sails plow into the debris to salvage for themselves what is left of power. The Russian revolution was no exception. It ended when Lenin died and Trotsky went into exile. Then Stalin began to accumulate power and like Mussolini and Hitler and Kemal Ataturk and Chiang Kai-shek, he carved out for himself a realm in which he has the power of life and death over all men.
 How many of those whom I have known during the last twenty years are dead? Assassinated, murdered, maimed, mangled, prisoners—where are my friends of yesterday? In a morbid mood, on a rainy day, I often conjure up their ghosts and think of them. What had they done to but cut off so early? What have been their crimes?
 And in the final analysis, their greatest crime was to think differently. They deviated from a pattern woven by him who had gathered to himself control of the death-wielding power of the state. They had deviated from him. Some, perhaps, were bowed with this concentration of power. Others sincerely believed that so much power in the hands of one man can never be right and just and beneficial to mankind.
 And so they had to die. No tales of Oriental despotism can vie with the columns of our own press in accounts of men being destroyed at the whim of the despot. How many more men must die before Stalin can sit upon his throne in the Kremlin secure and safe—as secure as Iwan the Terrible and Nicholas II?
 And lightly we pass the news and government press reports are published and the correspondents cable columns and we turn to an Astor trial or even to a Sharkey-Louis fight as a pleasant diversion. We have become so accustomed to violent death that it means no more to us than a cold table of mortality statistics. The fire has burned itself out, scattered the ash.
 Revolutions are ugly human enterprises. Impatient individuals goad me on to take the shortest cut and then it is discovered that there are no short cuts to human experience. We learn by doing and those who are revolutionists rarely have had the time and opportunity to do. They have read and they have talked. They have planned and they have argued. They have painted rainbows and they have fouled their own handwork. But they have not hammered upon the anvil; they have not built a house.
 Living underground, in constant fear of police, financed and supported by a party, or by admirers, the revolutionaries rarely have knowledge of the market place. He knows that he dislikes the wear and tear of a human activity. He knows that this would be a simpler and happier world if all human beings were right and just and perfect, if there were no errors and no jealousies and no inhumanities. And he cannot understand why we who are so civilized should so often be shortsighted and brutal.

could have been avoided had France had a political machinery for the gradual absorption of the will of the people. Napoleon understood this. This is made so clear in General Armand de Caulaincourt's Memoirs, which begins in the September "Atlantic."
 Napoleon understood that a government must have a way to absorb the public will. But the public will and the revolution's will are not the same thing. That both Lenin and Stalin understood, but Trotsky, Zinoviev and Kamenev never could understand that.
 That is why, in a very limited degree, the new Soviet constitution recognizes the right to private ownership of some property. The moment after that was acknowledged, it became possible judicially to kill the remaining revolutionists. The revolution is over; they need not live.
 The revolutionary device does not speed changes, for changes take place only in the minds and personalities of men. And that is a slow process. More effective is the recognition of human freedom within a constitutional framework. Great Britain's last revolution occurred in the time of Oliver Cromwell. The United States never had a revolution (the Revolutionary War not excepted).
 Where are the countries torn by revolution—where are the lands that have had revolutions during the last two centuries that can compare with the United States and Great Britain either in the spiritual security or in the material well-being of their people?
 Judge Worth W. Trammell ordered court exhibits prepared here Tuesday to accompany Lewis E. Mallory's appeal to the State Supreme Court in the \$300,000 larceny suit brought against him by James Edgar, Jr. of Detroit.

MONDAY
The Daughters of Wesley Church of the First Methodist Church will meet Monday at 8:00 o'clock with Mrs. P. N. Whitehurst, 101 East Seventh Street. Hostesses will be Mrs. P. N. Whitehurst, Mrs. T. C. Carlson, Mrs. W. L. Morgan, Mrs. Frank Adams, Mrs. E. A. Douglas, Mrs. D. I. Alphan, and Miss Aline Chapman.
Circle Number Five of the First Methodist Church will meet at 7:30 P. M. at the home of Mrs. L. M. Swain, 1101 West Fourth Street.

TUESDAY
Circle Number One of the First Methodist Church will meet at 7:30 P. M. with Mrs. W. A. Tills, 2100 Elm Avenue.
Circle Number Two of the First Methodist Church will meet at 7:30 P. M. with Mrs. W. S. Thornton, West First Street.
Circle Number Three of the First Methodist Church will meet at 7:30 P. M. with Mrs. S. O. Shindler, 1108 Oak Avenue.
Circle Number Four of the First Methodist Church will meet at 7:30 P. M. with Mrs. Ross Adams, Oak Avenue.

Validation For County's Bonds Expected Oct. 1

(Continued from page one)
years since the maturity dates of outstanding bonds have been set forward three decades.
While the Cramer Company has no year in which to set the program into operation, less than half of that time is expected to be consumed, according to Mr. Hausholder.
All validation proceedings and refunding bond issuances will be handled by the County Board attorney.

Personals

Mrs. J. M. McCaskill has an in guest for the week, Mrs. Hattie Humphreys of Lakeland.
Mr. and Mrs. Ralph A. Smith are planning to leave Saturday for Washington, New York, and Boston to spend a few weeks.
Mrs. and Mrs. Robert H. Axt and son, Bobbie, will leave tomorrow for Daytona Beach to spend a month.

Dick McClelland has gone to Augusta, Ga., where he was called by the illness of his father.
Miss Abby Cornell left yesterday for New York City to spend three weeks. She will take the boat from Jacksonville.

Mr. and Mrs. W. W. Nelson have returned home to Longwood from Kentucky where they attended the funeral of Mr. Nelson's mother.
Mrs. Fred Zerrenner is leaving today for Baltimore to visit her cousin, Dr. William S. Holt, of Johns Hopkins University.

Miss Jane Cochrane is spending the week-end with her brother and sister-in-law, Mr. and Mrs. Horace Cochrane, Lake Mary.
Mrs. Frank Wynnan returned last night to her home in Greenville, S. C., after spending several days here with her cousin, Miss Camilla Barber, Magnolia Avenue.

Mrs. T. A. Butler and Mrs. Vivian Butler have returned from Daytona Beach where they were the guests of Mrs. H. C. Morgan and Miss Donna Morgan.
Mr. and Mrs. Sam Fleischer and daughter, Phyllis, have returned from an extended trip in the East. They are temporarily making their home at the Colonial Orange Court Hotel in Orlando.

Mrs. J. J. Cates, Miss Evelyn Cates, and Jimmie Cates returned Wednesday from Daytona Beach. They were accompanied by Mrs. E. S. Carraway, who will spend several days here.
Mrs. C. H. Duncan and daughter, Miss Sue Duncan, of St. Petersburg, are the guests of Mrs. B. H. Duncan and daughter, Miss Meriam Duncan.

STAR IN MOUNTAIN SAGA

Sylvia Sidney and Henry Fonda are costarred in Walter Wanger's Technicolor version of "The Trail of the Lonesome Pine," the famous John Fox, Jr. novel of Cumberland Mountain "floodists." The picture plays a return engagement at the Ritz Theater Friday.

Dr. Anna C. Carl has returned to her home in New York after a visit in Sanford.
Dr. H. W. Rucker has left for Mottsville, N. C., to join Mrs. Rucker before she returns to Sanford.

Paul Biggers, Jr., will leave Sunday for Raleigh, N. C., to enter N. C. State University.
Mrs. Paul Biggers and Paul Biggers, Jr., have returned from West Palm Beach, where they spent a week. They were accompanied there by Mrs. Biggers' mother, Mrs. F. M. Shaw.

Big Forest Fire Cuts Wide Path In Glacier Park

1,200 Men Fight To Halt Destructive Advance Of Blaze

GLACIER PARK, Mont., Sept. 3.—The worst forest fire in seven years whipped across the continental divide, cut a quick path of destruction across a popular summer resort and cracked through valuable timber lands while 1,200 foresters battled to halt its advance.
Guests in a Glacier Park hotel were forced to flee as the wall of fire combined flames of three blazes which have burned for more than a week—started down the valley, leveling a tourist camp of 20 cabins and destroying a ranger station.
Superintendent F. T. Scovren and more than 4,000 acres of timber lands have been burned over. Tuesday the fire had capped the park boundary and was eating into green timber lands along the Eastern border.
"The fire is the worst in Glacier Park since 1920 and it is the first time a fire has crossed the continental divide since 1910," Scovren said. Only a dirt road saved the rambling resort hotel from complete destruction.
A special train tonight trapped the fire's front in Spangle, Wash., as the flames gained threatening proportions. Monday, others were rushed here from Yellowstone Park in Northwest Wyoming.
Despite the rapid sweep of the fire Scovren, alerted by a light but steady rainfall, said it was possible the blaze's advance would be checked soon. No other buildings were in the path of the blaze.

"You Can't Beat Dodge for Economy"

with LEONID REMISOFF
Wayne, Illinois

My 1935 Dodge gave me such excellent service that, when I was ready to buy a new car, I chose another Dodge.

Today that I am proud of my 1935 Dodge is understating it. It has everything you could ever want in a motor car. And in addition...

It is the most economical car I have ever driven. I am getting 19 miles to the gallon. No six-year car can beat Dodge for economy!

Chesterfield Wins
for tobacco...
cut right to smoke right

There's a right way to carve a chicken or slice a ham. And there's a right way to cut tobacco. When the tobacco in your cigarette is cut the way it is in Chesterfield... right width and right length... it burns even and smooth... it smokes better.

Five Men Seek Job As Leader Of Legion Body

Former Soldiers To Convene In Cleveland Sept. 20-25

CLEVELAND, Sept. 2.—(AP)—Five men from as many different sections of the country, have declared their candidacies for the post of national commander as the American Legion prepares to move on Cleveland for its 18th annual convention Sept. 20-25.

In alphabetical order the five who aspire to lead the Legion through what officers consider may be one of its most critical years, are: Harry W. Colmery, Topeka, Kan.; Daniel J. Doherty, Woburn, Mass.; Raymond J. Kelley, Detroit, Mich.; Quimby Melton, Griffin, Ga.; and John Lewis Smith, Washington, D. C.

Other candidates for the job now held by Ray Murphy may be put forward in state department conventions yet to be held or from the floor of the convention itself.

All are former commanders of their state departments and all have held national office or national committee posts. They range in age from 41 of Kelly and the 42 years of Doherty to the 50 of Smith, who also served in the Spanish-American war. All are lawyers except Melton, who is publisher of the Griffin, Ga., Daily News.

With the major objective of the Legion a past issue—the bonus having been paid this year—the task of the incoming national commander will be to guide the Legion along its avowed path of public service and hold the membership with a program which has no selfish goals.

This program of public service, given form by succeeding conventions since the first caucus in Paris in 1919, embraces adequate aid for disabled veterans, aid for widows and orphans of those killed in service or who died later from the effects of their wounds, community service, child welfare, and Americanization which includes the junior baseball program, Boy Scout aid and promotion, and adult education.

The national commandship is physically arduous and generally an expensive assignment. Frank N. Belgrano, Jr., national commander in 1935, in reporting to the St. Louis convention, said he had traveled over 90,000 miles that year on Legion business and had made 300 addresses, not including 65 radio talks. The salary is something under \$10,000.

At its second convention in Cleveland in 1920 the Legion enunci-

USDA Order To Govern Florida Fruit Shipment

Early Produce To Be Watched Closely For Inferiority

WASHINGTON, Sept. 2.—(AP)—The Agriculture Department ordered strict regulations Monday on the quality of grapefruit shipments from Florida for the first five days of September.

Following recommendations of the State Citrus Commission, the department ordered ships into limited to grades higher than federal grade number three and to size 80 or larger, except that 10 percent of each handler's fruit might consist of size 96.

It was the first order issued by the Agriculture Department under the new marketing agreement for the Florida citrus industry.

The commission's recommendation was made, members said, to insure consumers against early-season inferiority or immaturity of citrus fruit. Shippers in Lee and some other southern Florida counties expected to start movements this week.

The effect of the order was to limit interstate or foreign movements of grapefruit to the first and second grades according to quality. The size restriction means shipments of grapefruit so small as to require more than 80 to fill a box will be prohibited.

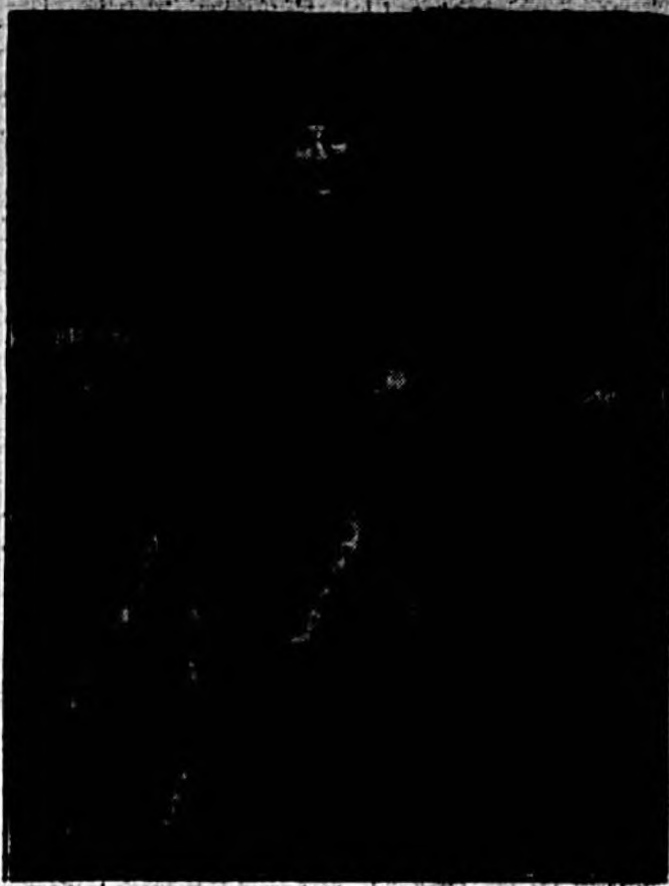

The period began at 12:01 A. M. Tuesday and ends at 12:01 A. M. Sept. 6. The Agriculture Department's order was signed by Willis E. Greg, acting secretary.

ed a policy of political non-partisanship and no past national commander except Governor Paul V. McNutt of Indiana has gone from the commandship to prominent political office, a record in which the Legion professes pride.

The Cleveland convention in contrast to the previous convention there 16 years ago which attracted only an estimated 20,000 persons, is expected this year to bring upward of 200,000 Legionnaires to the Lake city. A pageant employing a cast of 10,000 persons will open the convention Sunday night, Sept. 20, and sessions will continue through Friday, Sept. 25, when the national commander for 1936-37 will be elected.

It is a far cry from the small group which gathered in the Cirque de Paris on a chilly day in March, 1919, to the \$15,000,000 public auditorium in Cleveland, where the main sessions of the convention will be held this year, within a month and a half of the declaration of an Armistice 18 years ago.

AMERICA'S PRETTIEST TWINS

From a varied assortment of 1,000 "look alike" who assembled at Fort Wayne, Ind., for the annual National Twinning convention, Joseph and Genevieve Dumas, 16, of Chicago, were selected by the judges as the prettiest pair. (Associated Press Photo)

ROOSEVELT UNVEILS RUSHMORE

President Roosevelt took time out from his drought inspection tour of western states to dedicate the 70-foot image of Thomas Jefferson which Sculptor Gutzon Borglum is carving on the side of Mount Rushmore near Rapid City, S. D. The President is seen seated (left) in his automobile during the ceremony. Standing near the center is Borglum. High above them are the incompleting statues of Jefferson, George Washington, Abraham Lincoln and Theodore Roosevelt. (Associated Press Photo)

NEWS OF THE WORLD IN PICTURES

Large Balance Is Announced By Morgenthau

(Continued from page one)

...with a conversion to meet the maturity, or seek special funds for running the account. It would even be able to meet the maturity out of the present large working balance, but this possibility was rejected in treasury circles.

...the Federal Reserve's open market committee, which directs the Reserve System's transactions in government securities, conferred for more than an hour yesterday with treasury and treasury officials in the customary financing session.

...however, all of the officials were silent about the meeting plans.

...Roosevelt's revised budget

summary Tuesday estimated new borrowings of \$750,000,000 for the current fiscal year, or about one-sixth of the borrowings last year when record peace-time financial operations resulted from raising funds for the soldiers' bonus, relief and agriculture.

The sharply reduced figure for this year did not take into account possible borrowings which would result from any increase in relief expenditures.

Mr. Roosevelt's budget statement said the necessity for an increase would depend upon employment conditions and drought expenditures. But he said that in any event he expected any necessary increase would be less than \$500,000,000.

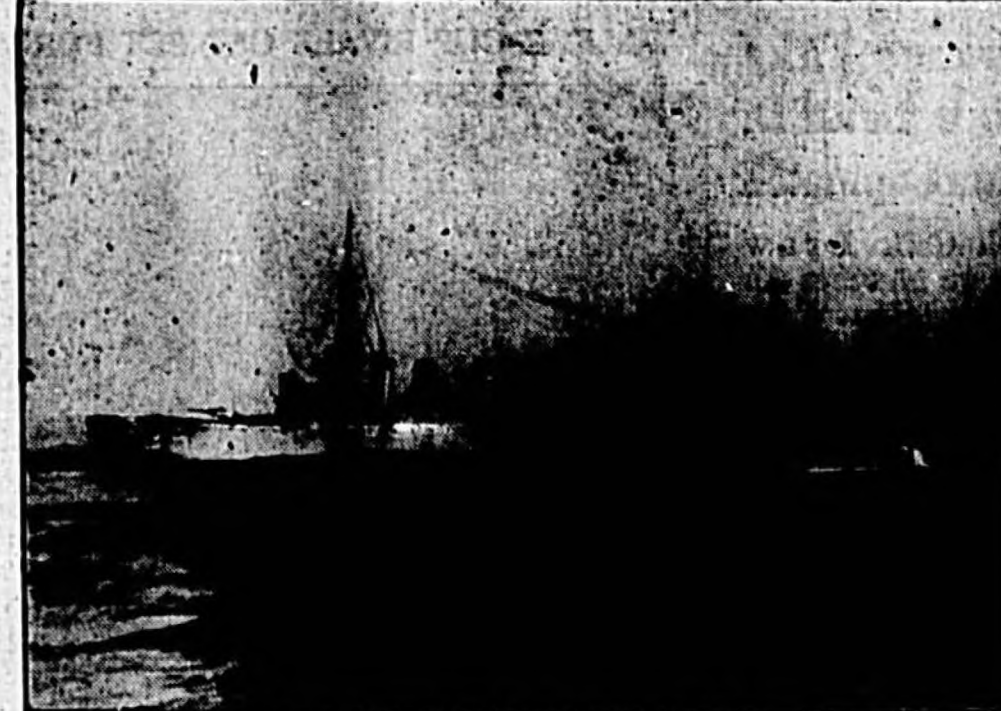

Arctic Plane Crash Takes Lives Of Six

ANCHORAGE, Alaska, Sept. 3. (AP)—Five passengers and Pilot Steve Mills lost their lives in the wreck of a plane on the Kenai Peninsula about 60 miles from here.

Pilot Al Horning, flying from a small lake near the scene of the crash, carried word to Seward that a rescue party reached Mills' plane late yesterday and found six dead.

Besides Mills, noted for mercy flights in Alaska, the dead were Mr. and Mrs. George Markie, Mr. and Mrs. Lawrence David and Augustus Teik, all of Anchorage.

AMERICAN DESTROYER BOMBED OFF SPANISH COAST

Morgan's recent picture of the U. S. S. destroyer Kane, which escaped undamaged when an unidentified monoplane aimed six bombs at her off the Spanish coast. The Kane returned the fire with anti-aircraft guns but failed to hit the plane. President Roosevelt directed Secretary Hull to protest to both the Spanish government and the rebels. Making it plain that it considered the bombing the result of mistaken identity, the state department said it would ask both sides "to issue instructions in the strongest terms" to "prevent another incident of this character." (Associated Press Photo)

'HOW!' SAID CHIEF—'HOWDY!' SAID ROOSEVELT

Not many words were spoken but cordiality was much in evidence when this Sioux Indian chief greeted President Roosevelt at Rapid City, S. D., during the chief executive's tour of drought-stricken areas. "How!" said the chief in typical Indian fashion. "Howdy!" replied the President with a smile—and then they shook hands warmly. (Associated Press Photo)

SOCIETY WOMAN VICTIM OF 'SEX-MAD' KILLER

Ruth Muir (left), socially prominent welfare worker, was found dead in a grassy ravine on "Lovers' beach" at La Jolla, Calif., and officers concluded she was the victim of a "sex-crazed" killer. Covered with a sheet, her body is shown lying in the grass where she was beaten to death. Detectives are seen searching the ground for clues. (Associated Press Photos)

OCEAN FLIERS USE PING-PONG BALLS FOR SAFETY

It isn't a game Harry Richman, stage and radio singer, and Dick Merrill, veteran pilot, are playing with these ping-pong balls. Preparing for their trans-Atlantic flight from New York to London and return, the pair loaded their plane with the buoyant little pellets in hopes the ship would bob lightly from wave to wave in case of a forced landing at sea. (Associated Press Photo)

Faced Chair Seven Times; Free At Last

Seven times Gus Langley (above) faced death in the electric chair at the North Carolina state prison in Raleigh and seven times he was spared by reprieve at the last minute. At last he proved he was innocent of killing a filling station operator at Asheville and Gov. Ehringhaus pardoned him. (Associated Press Photo)

Stop Chills and Fever!

Rid Your System of Malaria!

Struggling with chills and fever and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tostolan Chill Tonic supplies both these effects. It contains tannic acid, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever stop and you are restored to health and comfort. For half a century, Grove's Tostolan Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any drug store. Now two sizes—2c and \$1. The 2c size and give you 25% more for your money.

Gators End Second Day Of Grinding Football Practice

Cody Effects Changes On University Football Team

Ramsay Shifted To Guard And Walker To Fullback As Second Day Of Practice In Ended At Gainesville

GAINESVILLE, Sept. 2.—(AP)—Following the second day of fall practice to a close, the University of Florida football coaches have already seen fit to make changes, moving Watson Ramsay, former Andrew Jackson tackle of Jacksonville, to the guard department, and shifting Walker, sophomore end of Winter Haven, to fullback.

Ramsay held down a first string tackle berth on last year's Gator front eleven, playing on the opposite side of the line from John Crabtree, right tackle, of West Palm Beach. Walker was on the freshman squad also, but now serves last spring mostly in the backfield. However, Coach Cody included Walker among his first ends when he shifted to guard practice yesterday.

Cody stated that this is just an experiment. With nearly five weeks to go before the first Florida football game of the season, there may be more changes than the Gator coaches find their most powerful combination.

J. Roy Duggan of West Palm Beach, a junior, brought this number of ends to nine, reporting from practice yesterday afternoon. Duggan was not included among the athletes invited by Cody, but will go out for the team anyway.

There is still one Gator, Joe McLeod, sophomore end, who has not arrived from Tampa yet. McLeod was expected to report with the rest of the team Monday, and was expected to arrive sometime yesterday.

Both morning and afternoon sessions saw the Gators again at the business of limbering up for the heavier work which will follow as the time of the first game draws near. At the 10 o'clock drill, several groups of the squad were sent through a fast workout on pass defense and offense.

Signal drills took their place in the routine, and the Gators showed alertness, in spite of the short time they have been at it in running through the new plays.

The blocking dummies have not put in their appearance yet, and they will not be used for some time yet. Already Stanley and Carlos Proctor, who have been working with the tackles, are proving the way for blocking practice with intervals of instruction in making contact and charging.

Practices for the rest of this week will bear a large amount of sameness with little for the footballers to do besides routine drills. The athletes weigh in and out at each practice session, and all seem to be having a little weight with the change from summer inactivity to the regular exercise they now go through.

College All-Stars And Detroit Lions Battle To Draw

SOLDIERS FIELD, Chicago, Sept. 2.—(AP)—The cream of the nation's college football stars and the National Professional League champions of 1935, the Detroit Lions, battled to a 7-7 deadlock last night on windswept Soldiers Field, but 76,361 fans were comforted by the first touchdowns in three years of such contests.

The fan-picked all-stars drew first blood in the second period but the Detroit Lions came from behind in the final period to even the score.

Tallahassee And Cordele Meet In League Playoff

AMERICUS, Fla., Sept. 2.—(AP)—President Hollis Fort of the Georgia-Florida Baseball League announced yesterday the championship play-off between Tallahassee Saturday.

Saturday and Sunday games will be in the Florida city, he said, Monday will be an off-day and Tuesday and Wednesday there will be night games in Cordele.

If three games are necessary to decide the winner, they will be Sept. 10 in Tallahassee, Sept. 11 in Cordele (night) and Sept. 12 in Tallahassee.

Tallahassee will be defending the 1935 league championship. Fort said umpires would be R. G. Vickers, C. C. Hodges, and John Parks. In event any games are rained out, business managers of the teams will select a new date at the site originally scheduled.

Spartanburg Gains 2 To 1 Lead In Junior World Series Games

SPARTANBURG, S. C., Sept. 2.—(AP)—Spartanburg took a 2-1 lead in the American Legion Junior "Sandlot World Series" yesterday by defeating Los Angeles, 5 to 4, behind the six-hit pitching of Saverio Wright, their right-handed hurling ace.

With Mahaffey, their first-string catcher, out of the lineup with injuries, the Spartanburg Juniors clipped Weaver and Stephens of Los Angeles for nine hits. Five errors by the California club contributed to the victory.

Los Angeles 002 000 010—4 0 3
Spartanburg 102 001 100—5 0 2
Weaver, Stephens and Dapido; Wright and Linder.

McLucas Sees Bright Season For Celery Feds

Americans Take 2 To 0 Lead In Walker Cup Match

British Gain Draw In Two Matches As 4 Americans Win

CLEMENTON, N. J., Sept. 2.—(AP)—America's heavily favored Walker Cup forces grabbed a two point lead over England's freshman team in the opening four-hole round at Pine Valley yesterday, but a Scotchman and an Irishman from across the water provided the thrills in the greatest combat in the history of international amateur team match competition.

In the four matches played, America won two and two were tied, making the score 2-0, under the Walker Cup system of counting no points for ties.

Seven down with but 11 holes to travel Alce Hill, the plugging Scot, and Cecil Ewing, an Irishman who clouts his tee shots a mile down the middle, made such a gallant rally that they evened their match with Barry Givan of Seattle, and the veteran George Voight of New York, to save his majesty's forces from what appeared to be another rout.

Johnny Goodman and Scotty Campbell had buried the British combination of Hector Thomson and Harry Bentley, 7 and 6; Reynolds Smith and Ed White, the Texas bombardiers, had potted Jack McLean and John Langley, 8 and 7, and Charlie Yates, of Atlanta, and Walter Emery, Oklahoma City, had been fortunate enough to hold Gordon Peters and J. Morton Dykes to a tie in what they thought would be another American conquest. Hill and Ewing also were supposed to be easy victims.

But the invaders, competing in their first Walker Cup match, seized every one of the numerous mistakes of their rivals, reared to the occasion when needed with superior golf and ended all.

The British also lost their big chance. It developed, when Hill made the wrong club on the thirty-second, underclubbing the ball and losing the hole to the Americans.

WALKER CUP RIVALS GET SET FOR TOURNAMENT

Francis Gilmour (right), captain of the American team, and Dr. William Treadwell, leader of the British players, are shown talking it over as they prepared for the Walker Cup golf matches at Pine Valley, N. J., September 2 and 3. Gilmour (left) of Atlanta, Ga., only sophomore player on the American team, is seen (left) trying out the tricky course. (Associated Press Photos)

Batting Leaders Of Last Season Candidates Are Drop Fast Pace Drilled By Coach

WASHINGTON, Sept. 2.—(AP)—Only Lou Gehrig and Charlie Gehringer of last year's Big Ten American League hitters are hitting the ball hard enough this year to retain their standing, but a strong rally down the home stretch starting yesterday, would put Jimmy Foxx back up there.

It takes quite a search—a survey far below the 300 mark—to find most of the batting leaders of 1935. Rookies and previously light-or hitters have surged ahead.

Larrypage Lou of the Yankees has batted out a .374 figure, while the Tigers' Gehringer owns an average around .350. Injuries, illnesses and slumps have hurried over the other post-actors of a year ago.

An early injury closed the season to big Hank Greenberg, of Detroit, while Illinois overtook Champion Roddy Myer of the Senators before the race was a month old. He has played in five games since and has a .388 average. Nervous disorders drove Mickey Cochrane to the hospital and the Tigerman manager, with a season mark of .370, apparently is out definitely.

Just plain slumps caught the others. The runner-up in 1935, Joe Vannatta of Cleveland, has pulled up to .306 after a pitiful start. The Double-X man of Boston, plump Jimmy the slinger, has a current mark of .330 and may make the first ten.

Felt Kramer of Boston is one of the major disappointments of the year. Fourth a year ago, he is still below .300 after a terrible beginning. Pete Fox of Detroit and Julius Solters of St. Louis are far below their 1935 strides.

Those in the big Ten as it stands today, are Earl Averitt of Cleveland, the current leader, with a .378 mark; Luke Appling of the White Sox at .370; Bill Dickey of the Yankees at .361; Roy Gil of St. Louis at .358; Gerald Walker of Detroit at .355; Joe Di Maggio of New York at .343; Hal Trosky, Cleveland, at .337; and Joe Kuhel of Washington at .334, along with Gehrig and Gehringer.

Also up among the leaders are a trio from Cleveland who won't play in 100 games this year—Bruce Campbell, handicapped by illness for the second straight year, with .338; Bill Sullivan at .332 and Roy Weatherly at .331.

Wally Moses of Philadelphia, who was among the leaders along with Campbell last year, although neither played in 100 contests, has a current .335 average and may soon push into the top group.

Berg's biggest obstacle to the title, mauling strokes with Virginia Guliff of Syracuse.

WARREN, Ind., Sept. 2.—(AP)—Mahatma Gandhi by ill today with malaria fever of a small village where he has taken residence. His temperature has remained 105 for two days but doctors announced some improvement.

By JIMMY CHAPMAN
As the prospective Celery Fed gridders rolled through their third day of practice yesterday afternoon, Coach "Whitey" McLucas stated that the youngsters gave him the best prospect for a good season which he had had in several years.

The forty member drilled the forty or more candidates, in the fundamentals of kicking and passing with blocking and tackling practice scheduled to be held later in the week.

Equipment was issued to 10 of the men yesterday, and the remainder of the youths will receive their uniforms today or tomorrow. Special practice clothing is being used by the Seminole coach, with bright satin pants and jersey jerseys purchased for use in games, which will give the Celery Feds the air and appearance of a college team.

In applying for the privilege of trying out for the grid team, the boys must sign a pledge with the following qualifications: 1. To train conscientiously as advised by the coach. 2. Not to smoke during the semester which is covered by football. 3. To make a personal endeavor to keep up his studies. 4. To do all in his power to help keep athletics desirable. 5. To make it a point to abide by the rules and regulations of the school. 6. To so conduct himself at other schools that he will bring credit to his team and school. Those pledges are signed on the youths' honor.

In signing consent for their boys to participate in the athletic program, the parents are not signing a release to the school on the boy's injuries, should he have any during the season, but are only signing a release to the school board from a lawsuit in case of injuries, Coach McLucas said.

The coach further pointed out that these cards were being distributed all over the state and were not a result of a ruling of the State High School Athletic Association. Physical examinations to be given on the boys by their family physician are signed for by the doctor, who declares that the youth is physically qualified to try out for the sport, which relieves the coach from worry about a youngster's heart or any other form of physical handicap.

Lastly, the card must be signed by the high school principal, denoting that the candidate is academically eligible for participation in the sport.

his movie debut, is a son of the former chief justice of the Rumanian supreme court.

Berwanger Turns Down Pro Offer For Coaches Job

Offer Of \$10,000 For Season Is Refused By Chicago Star

CHICAGO, Sept. 2.—(AP)—Jay Berwanger could have made himself a lot of quick money in professional football, but the "Flying Dutchman" from Dubuque, Ia., is going back to his alma mater, the University of Chicago, to teach the game this fall—probably for not very much money.

The rugged 190-pounder, who earned all-American honors at halfback last year and for three seasons was called the Maroon's on-man football team, likely could have profited as high as \$10,000 a season as a member of the Chicago Bears, had he chosen to cash in on his fame.

He was urged by many to grab the money while he could, before turning to the task of building a business career.

Instead, he decided to return to the midway as an assistant to head coach Clark Shaughnessy. He will work with the backs, especially the freshmen, and if he can teach as well as he can, passed and kicked, little Mattson talent should be undeveloped.

Owner George Halas of the Bears, who brought Red Grange into professional football was prepared to go a long way financially to sign Berwanger.

One of the pluckiest in the pro game, Halas pictured to himself the throngs which would go to Wigley field and other national professional league parks to watch the back who gained more than a mile of ground during his final season at Chicago, who beat Illinois virtually single-handed, and who all but wrecked Ohio State's season in the Ten warfare by brilliant full-carrying and defensive work last fall.

Nothing Halas had to offer, however, could convince Berwanger he couldn't do better by starting work immediately on a lifetime job. He has a post with a manufacturing concern which will permit him to give a share of his time to Maroon grid hopists. If he is successful he plans to about for a full-time coaching job.

So, this fall will find him on the midway practice field, working on a job that pays less than \$10,000 a year.

SPORT CHATS

By JIMMY CHAPMAN

Happy Day! —And when we say happy day we're speaking of our much-read-but little thought-out Seminole High School Celery Feds. Those forty odd youngsters, who are bearing the beat to gain shape for the coming grid season when they hope to bring honor and glory to their Alma Mater, have all appearances of being able to gain that accomplishment.

With a line which will average 170 or better, a backfield which will average 160, and a squad of second-stringers who can be depended on to bear the brunt of anybody's attack, the heretofore lovely Celery Feds are well on their way to great things in state high school football circles, where, for the past few years, they have been relegated to as easy picking, even by supposedly sister city of friends, whose past athletic teams have taken so many trouncings from the hands of the Celery Fed aggregations.

That the ideal eleven will live up to pre-season drug-store prognostications is practically a certainty, for nothing but a physical catastrophe could keep them from having at least a 5000 season, so when the bets are placed on the high-stepping, lay-ups who play Celery Feds, they are trained by Old Doc Carl?

A sure-fire baseball argument—one that never fails to provoke a red hot debate—is the discussion of the relative merits of Dizzy Dean and Carl Hubbell. Each has his own staunch supporters who are ever ready to quote facts and figures to prove their contentions.

There is no questioning the fact that Dean and Hubbell are the two outstanding moundmen in the National League, and you are great choice and some near to being right. So, why not name Dean the king-pin of the right-handed twosomes, and Hubbell the ace of the south-paw? There should be honors enough for both.

They are different types—the long, lout-like Dean, and the

Patty Berg Reaches Finals Of Tourney

WHITE SULPHUR SPRINGS, W. Va., Sept. 2.—(AP)—Red-haired Patty Berg shot her way into the semi-finals of the Memon-Dixon women's golf tournament yesterday with a convincing 5 and 4 victory over Fritzl Biffel of Wheeling, W. Va.

Paying a consistent game, the 18-year-old Minneapolis star stroked the out-nis on the "old white" Greenbrier course in 38 and coasted to victory over her opponent, who has been the West Virginia State champion eight times.

Today, in the semi-final round she will meet Mrs. Betty Meekley of Washington, while Jean Bauer of Providence, R. I., the defending champion and apparently Miss

Catcher Bolton Is Suspended By Owner Griffith Of Senators

WASHINGTON, Sept. 2.—(AP)—The Washington Senators yesterday announced that catcher Cliff Bolton had been suspended without pay for the remainder of the season for leaving the club without permission. At the same time they announced the purchase of Shanty Hogan, formerly with the New York Giants, and Boston Braves, from the Albany International League club.

Bolton, Washington's first-string catcher, had been ill for several days with sinus trouble and had asked that he be allowed to go home for a while. Upon advice of the club physician that Bolton would be in shape to play shortly, Owner Clark Griffith refused Bolton

Tulane And Alabama Extend Grid Contract

TUSCALOOSA, Ala., Sept. 2.—(AP)—Coach Frank Thomas announced yesterday that the Alabama-Tulane contract had been extended from two to four years with games alternating between Birmingham and New Orleans.

The Crimson Tide and Greenies will meet this year for the first time since 1921, when Alabama won, 11 to 7. The game will be played in Birmingham.

"Secrets" Gallagher's hair turned white when he was 23, overnight. It was neither fright nor grief. It just happened.

The club was informed yesterday Bolton had left for his home in High Point, N. C.

Richman and Merrill Complete Atlantic Flight To London

NEW YORK, Sept. 4.—(AP)—Seven fast planes sped westward toward Los Angeles today in America's trans-continental air speed race, the Bendix race.

Among the women pilots is Amelia Earhart Putnam of New York. She Jacobson, one of the fliers, reported from Stafford, Kansas, by telephone to Kansas City that his plane exploded in the air near Stafford, throwing him clear. He said he landed safely by parachute.

Coydon Airport, England, Sooty

Sept. 4.—(AP)—Formally completing the eastward lap of a proposed round-trip, trans-Atlantic holiday, the Americans Harry Richman and Dick Merrill landed here today.

ABINGTON, England, Sept. 4.—(AP)—Mrs. Beryl Markham, blonde English society woman, took off today on an attempted non-stop flight to New York.

Local Postoffice Observes Monday By Closing Doors

Labor Day will be observed as a holiday Monday by the Sanford post office, E. J. Holly, postmaster, announced today, and no services of rural or city carriers will be required.

All postal windows will be closed throughout the day. Perishable parcels and special delivery mail will be handled as usual, Mr. Holly said.

City mail collections are to be made from designated boxes between the hours of two and three o'clock in the afternoon, according to the postmaster's plans.

Country Vote Books Will Open Tuesday, Close On October 17

Registration books for the November general election will be open Tuesday in the country precincts of Seminole County, W. J. Thigpen, county supervisor of registration, said today.

Sanford precincts books are open now in Mr. Thigpen's office on Mondays, Tuesdays and Wednesdays, between the hours of 9 A. M. to 12 noon, and 2 P. M. until 5 P. M.

Closing date for both country and city has been established at Oct. 17.

Mr. Thigpen said new registrations are slow, since the majority of the persons who will vote in November already have registered and sent a ballot in the June primaries and recent senatorial elections.

Aid To Needy Is Promised By Roosevelt

President, Landon Meet In Drought Conference With Six Governors

DES MOINES, Iowa, Sept. 4.—(AP)—President Roosevelt, heading for Springfield, Ill., for more mid-west drought conferences, was reliably reported today to have told seven governors, including Landon of Kansas, Republican presidential nominee, at yesterday's conference here that all in need would be cared for until spring.

After the luncheon and drought discussion between the opposing presidential candidates, an event unparalleled in recent political history, Governor Landon told newsmen:

"President Roosevelt is a very fine, charming gentleman. Aides of the Kansas governor told reporters clustered in the rotunda of the state house that the President and Governor Landon touched every aspect of the drought problem from immediate to long range needs, but that they reached no decisions.

Landon left the capitol immediately after he conferred with the President in Gov. Clyde L. Herring's private office. His was the third of five drought discussions President Roosevelt held with governors yesterday afternoon.

The other governors in the order named were Guy B. Park of Missouri, Herring and, after the Landon meeting, R. L. Cochran of Nebraska and E. W. Marland of Oklahoma.

"It went off like any other conference would," remarked Senator McGill, Democrat, Kansas, referring to the Roosevelt-Landon conference.

RICHMAN, MERRILL REACH LONDON

Bound for London, a goal they failed to reach in non-stop flight, Harry Richman, stage and radio singer, and Dick Merrill, a native of Luka, Miss., are shown leaving Floyd Bennett airport, New York, in their plane, "Lady of Peace." They made a forced but safe landing at Llywelyn, South Wales, 175 miles from London, because of fuel shortage but flew on to London this morning.

Highway Between Daytona, DeLand Nearing Reality

Seminole County today looked on with intense interest as Volusia County Commissioners took preliminary steps to construct a new road between Daytona Beach and DeLand.

The highway between the two cities, notably one of the worst in the state, is used very frequently by a majority of Sanforites and other Seminole County residents in week-ending and vacationing in Daytona Beach.

A resolution adopted by the Volusia commissioners authorized the board's attorney to have title abstracts made of property along a proposed right-of-way.

The resolution set forth that the State Road Department had agreed to reconstruct and improve the 21-mile link.

When Gov. Dave Sholtz dedicated Shultz Field in Daytona Beach several months ago, he spoke a solemn promise that a new highway would be built between the beach and DeLand before he left the governor's chair in Tallahassee.

A proposed right-of-way has long been surveyed, it was understood.

Harry Bowen, representative of the road department, was quoted as having said the right-of-way will be 200-foot right-of-way and will have two lanes of traffic.

Several dangerous curves in the swampy lands between the two cities would be eliminated, according to Mr. Bowen.

It was pointed out that where possible, portions of the now-existing road will be used to accommodate one lane of traffic.

Townsendites Plan Labor Day Picnic At Jacob's Grounds

The entire county will be guests of Townsend clubs from Oviedo, Geneva and Chuluota on Labor Day at Jacobs picnic grounds in Chuluota, it was announced today by club officials.

An old-fashioned daffy and picnic are among the features of the day planned by the pensioners.

"Little Joe" Hendricks, Democratic nominee for Congress from the Fifth Congressional District of the state, is scheduled to be one of the principal speakers for the occasion.

Special entertainment is on the bill between 10 A. M. and 12 o'clock noon.

Farmers Given Chance To Check Soil Work Sheet

Crews To Begin Tuesday Measuring All Farms In County

County Farm Agent C. R. Dawson today offered Seminole County farmers an opportunity to check the work sheets filed in compliance with the federal soil conservation program.

He said any grower in doubt as to the accuracy of the information on the sheet should call at the farm office and verify the figures and other data for which the form called.

The County Conservation Committee Wednesday concluded the operation of establishing base acreages of Seminole farms, and upon these base farmers and growers will be paid federal allotments.

Beginning Tuesday several checking crews will be placed in the field to measure all farms whose owners entered work sheets in the farm office.

Referring again to checking work sheets, Mr. Dawson said it is difficult to effect any changes once the documents left the local office and are sent to Gainesville where the State Conservation Committee will act on them.

Thousands of dollars will be brought into this county under the conservation program, according to the farm agent. Payments are made to growers who divert crops and who plant cover crops.

The entire plan is devised by the government to conserve and replace certain minerals in the soil.

It is impractical to estimate just when federal allotments will be made to those who are participating in the conservation movement.

1,000 Students To Attend Schools In Four Rural Areas

Approximately 1,000 students will attend public schools this year in Oviedo, Chuluota, Lyman and Lake Mary, according to indications yesterday when registration of pupils was taken.

Based on figures of last year, about 5,000 children will attend educational institutions throughout the county, according to T. W. Lawton, county superintendent.

The schools where Thursday registrations were in effect will be opened next Monday for the nine-months' term. Others will not begin the year until Sept. 11.

Definite plans for the year will be laid tomorrow morning at 10 o'clock when all principals of white schools will assemble in Mr. Lawton's office.

Volusia Authorities Hold Vehicle Thief

A youth known only by the name of Welch was held in the Volusia county jail today and charged with the theft of an automobile belonging to Ed Higgins of Sanford.

The vehicle, which was recovered Tuesday night in Kissimmee, was stolen from Daytona Beach.

'Corpse' Returns

MADRID, Sept. 4.—(AP)—A man who faced death before a rebel firing squad returned today to the living.

Claudio Casado, refugee from a small town in the province of Palencia, said he fled there Aug. 15 and reached Santander after falling before a firing squad.

With severe wounds on the face and shoulder and with little food, Casado said he crossed the mountains to Santander where he was given medical aid.

"I was sentenced to death because I picked up a Socialist newspaper which government fliers dropped in town," he said.

Landon Is Leading In Literary Digest Straw Vote Event

Seminole County today had the first opportunity to study reasonably accurate trends of the presidential election year through the Literary Digest straw vote, a feature undertaken once every four years by the magazine.

First returns in the Digest's nationwide poll give Gov. Alf Landon, the Republican candidate, a two to one lead over President Roosevelt, the Democratic standard bearer.

While the returns were meagre, among them were some votes from Maine, the state responsible for the saying: "As Maine goes, so goes the nation." And Maine gives Gov. Landon 1,831 to Mr. Roosevelt's 822.

In New York, the President's home state, he was trailing 3,341 to 313. Pennsylvania gave Gov. Landon 5,614 to President Roosevelt's 2,778. In New Jersey, the Kansas governor led by 2,660 to 1,621.

The Florida vote had not been tabulated, and metropolitan centers still have to express their opinions.

Transaction Made In 1928 Recorded In Seminole Court

Assignments of interest in the Valdez Hotel involving the Chase National Bank of New York and several local persons had been recorded in the Court House today.

Undivided interest amounting to 18.75 percent was assigned from the Chase National Bank to A. E. Crocker. Another assignment for the same amount was made from Mr. Crocker to John Meich, Joe Cameron and L. A. Bromley.

A third assignment for 9.375 percent interest was recorded from W. H. Tunneliffe, as receiver of the Seminole County Bank, to the New York financial institution.

Mr. Bromley explained that all transactions had occurred in 1928, but that because of the death of a man involved which resulted in the inaccessibility of certain papers, the recording was delayed.

Divorces In Florida Show 58 Percent Increase Over 1932

Florida divorces in 1935 had increased 58 percent over the number of legal separations recorded in this state for 1932, according to statistics released today by the Metropolitan Life Insurance Company.

The peninsula state was exceeded by only one, that of Alabama, in 18 states that were included in the survey.

More liberal divorce legislation and increasingly good times were listed as the principal causes of the actions.

It was also pointed out that the number of marriages increased, although no percentage figures were announced.

New Government Is Formed In Madrid, Socialist Caballero In Control

Pius Pleas For 'Prayer Crusade'

Revolt Leaders Push Toward Seacoast At San Sebastian

(By The Associated Press) Spanish Fascism today hoisted its flag over the flaming city of Irun just across the border from France as Premier Jose Giral Pereira resigned and a new government was announced for war torn Spain.

Pereira resigned in the capital, Madrid, and the Socialist extremist leader, Francisco Largo Caballero, was named prime minister and minister of war.

With almost the whole of Irun burning, with streets littered with bodies of Socialist defenders, with grim conflicting reports of fate of as many as 50 hostages who had been held by fleeing government militia, rebels advanced victoriously through the fallen town.

One tiny band of desperate Government soldiers seized the international bridgehead at Irun in a wild dash and held it with machine guns, grenades and shotguns.

New international facets of the Spanish civil war, now ending its seventh week, included a plea by Pope Pius for a "truce of prayer" to cure the world's spiritual ills, and a French Communist move to form a united front with Socialists against France's policy of neutrality.

Communists want Socialist France to aid Socialist Madrid because, they contend, other European countries are arming the rebels.

Irun, almost another Verdun, fell after nearly seven full weeks of siege, and the Fascist capture pressed toward the Biscay Bay resort of San Sebastian, eight miles to the west.

Monks and other hostages, including a bishop, were reported to have been executed by the retreating government defenders of Irun. The captured city was left in flames and blood by the fleeing defenders.

New Florida Road Maps Available At Chamber Building

Sanford's giant express features in the 1936 edition of the official Florida State Road Department's road map, according to copies received by the Seminole County Chamber of Commerce.

A photograph of the tree is among five others which depict points of interest in Florida.

Cover design of the map is printed to represent a raised surface showing a streamlined automobile speeding along an ocean shoreline with palm trees in the background. A sailing vessel is on the sea.

Ralph Bagwell, secretary of the Chamber, said a supply of maps is on hand, and Sanforites who wish one may call at the Chamber office.

GOMEZ TRIAL SET

BARTOW, Sept. 4.—(AP)—Judge Robert T. Dewell of the Polk county criminal court, yesterday announced that he had set Thursday, Sept. 24 as the date for the trial of Rogelio Gomez, former county judge of Monroe county, at Key West on charges of election law violations.
