

**SWELLING THE LIST**

**Sanford's Advertising List Will Soon Reach High Mark**

EDITOR HOLLY:—Herewith you will find a list of those who have subscribed to the Commercial Club's fund of \$5,000 to be used for the purpose of advertising Sanford as a place of health and residence. Twenty-five subscriptions have netted the Club \$1,910.00. Four persons have refused to contribute to the fund to make "Sanford Famous," for what reason I am unable to tell. It should be the purpose of every business interest in this town to push the popularity of this fund until it has reached \$5,000 mark and by the time we have judiciously disbursed that amount, we will have produced eight results as will demonstrate the justice and feasibility of making Sanford's advertising campaign a permanent one, being just as active in one season as in another.

Thousands of persons are coming into Florida every month in the year. They go to the places that give them invitation to come. The citizens of this community have hid the splendid attribute of our town and environs under a Celery Board, and it shall purpose to remove said board to the scrap heap and introduce into our town an element that has been totally ignored, neglected, i. e., the person of comfortable means who desires to come to Florida and establish a winter home. Tens of thousands of families are in such condition financially that the idea of adding more dollars to their finances does not enter into their calculations in the matter of making a winter home and it is this class of persons that we must invite to come and live with us.

Yours very truly

THOMAS K. BATES, Secretary.

**Criminal Court**

The state vs. Alexander La Lain (a French negro), Charge, assault and battery. La Lain plead guilty, and was fined \$25 and cost.

The state vs. Daniel Maner. Charge aggravated assault. Verdict, not guilty.

The state vs. Guy Thomas. Charge larceny. He was found guilty; sentence will be passed later.

The state vs. Robert Seegar and Frank Roper. Charge, hunting quail out of season. Seegar was acquitted. Roper was ill and unable to attend.

The state vs. Ben Bruton. Charge, assault with intent to kill. Verdict not guilty.

The state vs. Washington Siplins. Charge, assault with intent to kill. This case had been continued over four sessions of the court. He was found guilty, and fined \$500, or 12 months on the road.

The state vs. Will Washington. Charge larceny. Plead guilty, and was fined \$100 and cost, or three months on the road.

The state vs. Joe Agin was a news boy on one of the local trains, and was charged with selling liquor on the trains, and found guilty. He was sentenced to three months.

The trial of J. L. Long, who was charged with giving worthless checks, came up yesterday afternoon, but was continued.

Other cases disposed of yesterday included, the state vs. Henry Robinson. Charged, selling liquor. Continued.

The state vs. Dan Smith. Charge, larceny. Verdict, guilty of petit larceny. Fined \$50 and cost, or four months.

The state vs. Benj. Canon. Charge, larceny. Annulled.

The state vs. Frank Morris. Charge, selling liquor. Found guilty; fined \$350, or six months.

The state vs. Edward Williams. Charge grand larceny. Guilty; given one year.

**Seed Potatoes**

We can furnish extra fine quality Spaulding's Rose No. 4 Seed Potatoes, at \$3.00 per bag delivered, Sanford. We guarantee this seed to be first class in every particular. Call to see us before placing order.

**CRATE MATERIAL**

Our prices on Lettuce Hampers, Lettuce Crates, Celery Crates, etc., are right. Samples may be seen in our office. Orders taken now for future delivery.

M. O. COGGINS CO.

Welborne Block, Sanford.

Notice is hereby given to all creditors, Legatees, distributees and all persons having claims or demands against the estate of Calvin Johnson, deceased, to present them within two years.

HENRIETTA JOHNSON, Administratrix.

Dated July 24, 1911, 9 min.

**Don't Buy Your Fall Outfit Until You Have Seen Prinzess Garments**

THAT'S a strong assertion--Isn't it? But You'll agree with us that you would be making a mistake, if you purchased before you had examined and personally tried on either a Prinzess coat or suit.

There's a delicacy of line--a smartness of style to a Prinzess that really places them in a class alone.

They really confer on their wearer "Distinction in Dress," and that's what you are seeking.

Come in tomorrow and let us show you.

**N. P. YOWELL & CO.**

**SOME REASONS WHY W. D. HOLDEN SHOULD NOT BE ELECTED MAYOR OF SANFORD**

Holden says he is for progress; where has he shown any progress? He don't pay a dollar tax on property assessed in his name in Orange County. He is an agent for a land company who own property in Sanford. He has put the price of lots in Sanford so high that one cannot buy and have enough money left to build a home, and by so doing he is a stumbling block in the progress of Sanford. He has never built a house in Sanford to rent or to live in, neither has his company. Do you call them progressive? Mr. Spencer has built six houses on Park Ave. between Thirteenth and Fourteenth streets, and put the rent where a man can pay it and live. Mr. Spencer is a progressive man. He is building up Sanford both in population and houses. That is the kind of progress Sanford needs, and not HOT AIR progress. Give us G. W. Spencer for Mayor the man who has proved by his works that he is progressive, a man who is truthful and honest who will always be found in Sanford when you want him.

Respectfully yours,

**G. R. CALHOUN**

**CAUSE FOR ALARM.**

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat, but what you digest and assimilate that does you good. Some of the strongest, heaviest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall's Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of Rexall's Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store. L. R. PHILLIPS & CO.

SANFORD, FLORIDA, TUESDAY, NOVEMBER 21, 1911

Volume IV

## ALL AROUND FLORIDA

### The General News of The Land of Flowers.

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

The closing session of the Conference of Charities and Correction was held Saturday at the Women's Club at Jacksonville. There was a large attendance of delegates and the interest and enthusiasm was as manifest as on the opening day.

The Jacksonville branch of the United Daughters of the Confederacy is going to present the battleship Florida with a bronze tablet in honor of the late Senator W. J. Bryan, who had the ship named.

The St. Petersburg Times announces that it will soon become a daily morning newspaper, and St. Petersburg will then have two daily papers, the Evening Independent having been in the field for several years.

Mrs. Lydia Blunt, a resident of Polk county, has entered suit in the United States Court for \$12,000 damages against the Atlantic Coast Line. Mrs. Blunt is a great sufferer with rheumatism, and has to use an invalid's chair. In helping her off the train the employees let her drop to the track, breaking both of her legs.

Col. W. M. Toomer is hot after the votes for congress in his district, and is using a great deal of newspaper space which will certainly reach the voters.

The total catch of fish in Pensacola last week was more than 400,000 pounds, and consisted mostly of groupers and red snappers. The catch represented at wholesale prices nearly \$13,000.

The school enrollment in Tampa for the month of October shows a total of 5,171. This includes the city schools only.

The citizens of Madison will soon vote upon the purchase of the electric lighting plant of that city by the municipality.

A factory is soon to be established in Lakeland with a capacity of 1,200 cans of fruit and vegetables per day.

The Daytona Elks have finished their new home. The building is said to have cost about \$20,000 and is one of the finest in the state.

Suspended by Mayor Titus and publicly reprimanded, placed under arrest on the charge of assault and battery, escaped from the deputy sheriff, recaptured at Fort Orange, bound over to the criminal court for trial and later released on bond, in a series of happenings in one day in the career of J. R. Lake, who for a couple weeks filled the position of city marshal of Daytona.

It is so seldom that a fire for heating purposes is needed in Florida, that when a family in Orlando made a blaze in the open fire place, the fire department rushed to the scene, and there was no end of excitement.

M. E. Wright, who for many years had been a prominent merchant of Lake City, shot and killed himself early Monday morning. He had been in bad health for some time and this is attributed as the cause of his rash act.

After being out three hours, the jury in the murder case pending against the three Carlton brothers for the killing of Deputy Sheriff Guy White at St. Augustine, returned a verdict at a late hour last night. The jury brought in a verdict of murder in the first degree with recommendation for mercy in the case of Bascom, Carlton, and murder in the second degree against Dan and Marion Carlton.

There is a blow of moderate dimensions in the Gulf, somewhere southward of Key West. Northeast storm warnings have been ordered up from Miami to Palm Grande. The local weather bureau has been notified from Washington. Locally, it is not expected that we will get more than a slight rainstorm unless the direction of the storm changes.

Hearing out the well founded theory that Iria L. Black is not a suicide, but is making his way toward parts unknown, following his disappearance early last week, F. H. King, a prominent saw mill operator of Ehren, brings to Tampa the report that he saw and conversed with a man closely resembling Black and whose description is acknowledged by those who know him to coincide in every detail with the missing man.

## WORTHLESS LANDS

### Discarded Florida Tract Worth More Than a Gold Mine

Around Lake Butler, in the new county of Pinellas, there was a small tract of land which the Northern prospector looked upon and smiled. Probably he took a handful of it along with him and when he returned to Indiana or the effete East he entertained his friends around the big-bellied country store by showing them Florida soil and made various and sundry remarks on the side that it was lacking in humus that vegetation for miles around was suffering from the contagion.

About a year ago a party of gentlemen from New Jersey came to Tampa, interested in starting a Hungarian colony in Florida, where they could provide a breathing spot for their fellow countrymen from the disease-breeding tenement districts of New York. These men went over a much-advertised colonization tract—but not with ears that hear not and eyes that see not. They looked upon that tract of sandy soil and felt of it, and stuck some of it in their pockets, and went away. They did not dilate upon their trip to Florida about a big stove in a country store. They hiked to a laboratory and tested out the sand. And they came back to Tampa and quietly bought up the land at a song. And when they had accumulated all the land they wanted they announced they had the best bed of silica in the United States, assaying 99.34 per cent pure. They have a few million tons and it is worth a few dollars a ton.

Now comes the report that at Tarpon Springs there has been incorporated for \$500,000 the Triton Silica and Mining Co., for the manufacture of glass and porcelain ware.

There was millions in that worthless tract.

At Auburndale there is sand which plate glass manufacturers say is the best glass sand in the country.

It hasn't been so many years ago that vast acres of land were gobbled up by big corporations and the phosphate industry established. That worthless land is now covered with over \$50,000,000 worth of machinery and building, producing \$10,000,000 of phosphate each year.

A few years ago our muck lands were given away—thrown in as good measure—when a sale of a tract of land was made. Today the muck pool lands are worth \$100 to \$1,000 an acre.

## Mistrial in Arson Case

Orlando, Fla., Nov. 20.—(Special)—The trial of L. B. Lloyd, a young white man of this city, accused of Arson in connection with the burning of a barn belonging to Charles Granger, near Orlando, resulted in a mistrial, the jury standing four for acquittal, two for conviction.

The case went to the jury Saturday afternoon. When court convened this morning the foreman of the jury reported a disagreement and the jury was dismissed. This is the second time the youth has been tried, the former trial also resulting in a disagreement. It is believed the state will drop the case.

## Good Supper and Pretty Girls to Serve You

The ladies of the Episcopal church will give their annual bazaar and supper, Tuesday, December 5th—afternoon and evening. Handsome Christmas presents and a delightful supper at the following prices:

MENU.			
Oysters	25c		
Raw	Cocktail	Stew	
Ham, 10c	Chicken Salad, 20c		
Potato Salad, 10c	Baked Beans, 10c		
Coffee, 5c	Tea, 5c		
Orange Sherbet, 10c	Cake, 5c		
Home-made Bread Served with Supper			

## Well Caved In

A distressing accident occurred at Marliners Lake, in the Interlachen section, Wednesday, when Charles Anderson, a recent settler in that section, met death in a cave-in. He was digging a well and when about fifteen feet down the sand caved in, burying him under it. His young daughter immediately gave the alarm and neighbors responding were soon at the work of rescue. However, the task was no easy one, as a general cave-in ensued, so it required nearly five hours to reach him. When found life was, of course, extinct.—Palatka Times-Herald.

New goods arriving at W. W. Long's Grocery—give him a call.

## PINK SHEET BLUSHES

### Correspondent Corrects Errors Made in Last Week's Report

Sanford, Nov. 17.—The first car of lettuce of the season from Sanford moved Thursday of last week. The quality was poor on account of unfavorable weather this season which has been very drouthy. The plant has been predisposed to go to seed instead of heading, as it would have done had the season been cool and not so dry. This condition has materially injured early lettuce, which is hardly considered marketable, and some growers have ploughed up the first crop and will re-plant. A blight or disease has appeared in the early crop. Since the rains conditions are materially improved, and it is conceded now that the crop will begin moving freely by December and quality then will be good.

It is understood here that the celery crop will be shorter than last season, and the same is true of the Sanford section. It is stated that the supply of fancy celery in New York State is light this season and California is short 800 acres, and while the Michigan crop is normal the smaller yield from the other sections, it is believed, will cause prices to be better than usual this winter.

All last week the weather remained warm and decidedly unfavorable for lettuce. The warm spell has been so prolonged that fields in nearly every section around Sanford are showing the bad effects of the weather. Some fields have been affected more than others, and quite a number are in such bad shape that their owners have been convinced that the crop is beyond control, and the best plan would be to plow up the field. A good many patches have been destroyed in this way. It has been an uncommon thing to find a field in which 2,000 lbs. of fertilizer to the acre have been used. All this is lost when the field is ploughed up. Many who have been compelled to destroy their crops in this way are trying to save the first lot of fertilizer by adding another thousand to the acre so as to hasten the development of a second crop of lettuce which is being sown. The warm weather has caused a good deal of black heart and instead of heading the plant has gone largely to seed.

Through a typographical error in the report last week on the celery crop of 1910 it was shown that only 25,000 packages had been shipped. What was intended was 125,000. President R. L. Hughes of the Florida Vegetable Growers Association says that the actual figures are 150,000 packages handled for 1910-11, and he is confident that the present season will show above 200,000 packages. The association will take every safeguard in grading and shipping products of the very highest quality. Growers are better organized than ever before, and the outlook is brighter all around.

Another error in the report was that of the initials of D. O. Chase. This Mr. Chase is from the West, coming here a few years ago. The report stated that S. O. Chase, of Chase & Co., was a director of the association. No one connected with Chase & Co. is connected with the Florida Vegetable Growers Association. M. O. Corgan Co., of Pittsburgh distributed a portion of the products the past season, but are not in the deal this year, as far as the association is concerned. S. O. Chase is the Sanford manager for Chase & Co., which concern will be a large factor in the lettuce and celery deal this season, having the account of several of the largest and most experienced growers. Outside of Chase & Co. and the Florida Vegetable Growers Association, of which N. A. Colbert is again traffic manager, so far there are no other distributors in the deal.—Florida Produce News.

## Quiet Home Marriage

Miss Beatie Graves and Mr. H. C. McMullen were married at the home of the bride's mother, Mrs. F. Z. Graves, Monday afternoon, at 5:30 o'clock. The ceremony was performed by Rev. C. H. Summers of the Methodist church. Mr. and Mrs. McMullen left on the evening train for Tampa, where they will make a short visit before returning to Sanford, their future home. Mr. McMullen is connected with the Atlantic Coast Line Railway.

Miami is to have a new banking institution which is another evidence of the rapid strides that city is making. The new institution is to be called the Southern Bank and Trust Company, with a capital stock of \$100,000.

## FARMER'S INSTITUTE TRAIN

### Several Hundred People Visited Exhibits While Here

The Farmer's Institute train came in on schedule time last Friday night and many people tried to have a look at the exhibits at once but there were no arrangements made for a night display and they were forced to wait until morning.

The educational staff with the train were completely worn out with their strenuous efforts the day before and were unable to make addresses but the crowds were entertained at the different exhibits by the men in charge and were well satisfied.

The display of vegetables and fruits and tofage crops was a good one. The hogs were greatly admired by the Sanford farmers as his hogship is considered to be the best around here.

The farming implements also came in for a share of discussion although our people here are well up on this kind of material.

Wilbur McCoy, Immigration Agent, and Trainmaster Wagner of the A. C. L., were with the train.

President Murphree and Special correspondent Jesse Hertz were said to be with the train although they were not much in evidence.

The train brought out many growers and caused more or less discussion as to the best methods to be pursued in making the most money from the least acres.

Fewer acres go further at Sanford and the Sanford section could just about raise everything that was shown on the display train.

## Revised List of Voters

City Council (not in) called session November 16th, at 7:30 p. m., for the purpose of revising the city registration list. Present: W. D. Holden, president pro tem; B. A. Howard, J. D. Davidson, H. Ward, S. Runge, and H. R. Stevens. Absent: D. L. Thrasher.

- Moved and seconded that the following names be ordered stricken from the list:
- Brawley, W. M.
  - Bolivar, F. G.
  - Binford, Levi
  - Borchell, M.
  - Broadwater, C. M.
  - Colbert, N. A.
  - Curry, Wm.
  - Dobling, C. A.
  - Evens, J. D.
  - Flowers, F. M.
  - Griffith, W. R.
  - Graves, F. Z.
  - Gatchell, F. M.
  - Gatchell, D.
  - Garwood, Geo.
  - Hatch, L. J.
  - Hoolihan, Richard
  - Hartley, C. E.
  - Harris, H.
  - Hughes, W. J.
  - Ingram, John
  - Johnson, G. B.
  - Jennings, W. J.
  - Jenkins, Wm.
  - Joiner, Harry
  - Kays, Levi
  - Kanner, H.
  - Leonia, Frank
  - Leonardi, B. O.
  - Leinhardt, L. M.
  - Lent, F. L.
  - Lush, Mack
  - McLucus, Mack
  - Mack, J. M.
  - Mauderville, H.
  - McKinnon, Hugh
  - Myers, W. D.
  - Marsh, H. J.
  - Malcolm, John
  - McCallough, Geo. H.
  - Nackie, Henry
  - Powers, F. J.
  - Parker, F. M.
  - Price, J. R.
  - Perkins, T. J.
  - Parkur, R. M.
  - Price, T. B.
  - Price, W. S.
  - Peggy, C. G.
  - Pearson, C. C.
  - Rowe, W. D.
  - Robison, W. A.
  - Singletary, M. Y.
  - Scott, M. L.
  - Swart, J. H.
  - Stringfellow, W. A.
  - Trank, H. C.
  - Toon, J. T. W.
  - Vining, J. M.
  - Williams, J. M.
  - Walker, W. D.
  - Wardack, W. C.
  - Yates, R. B.
  - Young, G. H.

Carried. On motion the clerk was instructed to furnish the executive committee of the white man's primary with a certified copy of the registration list. On motion council now adjourned.

M. W. Lovell, Clerk.

## The Vassar Girls

They came, we saw, and they conquered; is the opinion of the large and appreciative audience, which enjoyed the delightful entertainment, by the Vassar Girls, Friday evening; each one of whom is an artist. All the nice things said about them and their entertainments, and all the laudatory commendations by the press everywhere; Sanford will be glad to acknowledge, is well deserved and true, but she reserves to herself the pleasure of adding that "the half has never been told."

## Navigator in Orlando

Chester Kennison, who proposes to navigate a motor boat down the Mississippi river, and over some of the other interesting bodies of water, was in town this morning for a brief visit. Mr. Kennison now lives in Sanford, but lately made his home in Orlando, where he has many friends.—Reporter-Star.

## SANFORD'S PUBLICITY

### A Vigorous Campaign To Be Inaugurated

### COMMERCIAL CLUB IS GROWING

#### Secretary Bates Writes About the Plans of the Club On Publicity

The spirit of progress in Sanford is typically depicted in the support that the advertising fund of the Sanford Commercial Club is receiving. With four hours' work on the part of the writer, the subscriptions reached the neat figure of \$2,000, leaving little or no doubt but what the maximum set by the committee—\$5,000—will easily be reached. Every one who has manifested a spirit of exceeding liberality in this movement, and not only gave abundantly of their funds, but agreed to put in a good word here and there where fruitful effort will be needed.

Great care will be exercised in the outlay of the money. Already the secretary has been visited by half a dozen smooth talkers from abroad who seemingly had designs upon the roll. But their powers of annexation were not sufficiently developed to even permit them to get in sight of the real money. Sanford has sense enough and brains enough and energy enough to look after its advertising, without having to pay the best part of the fund to outsiders for imaginary service and advice.

The materials that will be issued by the Publicity Department of the Commercial Club will be of the very best quality, and care will be taken to allow nothing of a cheap nature to go out with the seal of the city stamped upon it. Such mediums of advertising will be used as reach persons who have ample means to invest in Sanford properties. Great stress will be placed upon the importance of this city as a place of all the year round residence and every potent factor bearing upon the many attributes of our community in this respect will be handled in a very comprehensive manner.

What we now have to do is to stand together. Act with that cohesiveness that moves mountains, make "Sanford the Best Place On Earth" the slogan of every citizen, and in a short time the results of our publicity campaign will begin to assert itself.

Yours very truly,  
THOMAS K. BATES, Secretary

## 3,500,000 Box Crop

Mr. W. C. Temple, of the Florida Citrus Exchange, says that the total Florida crop of oranges and grapefruit for the season 1911-12 will be only from three to three and a half million boxes. The fruit however, both oranges and grapefruit, is of the finest quality, flavor and juiciness that the state has ever produced since the late freeze. Nearly one-half of the entire crop is not of the first bloom, but of later blooms, which should not be shipped until after the holidays, so there will not be available for the Thanksgiving and holiday trade this year to exceed a million and three-quarters to two million boxes, as against nearly three million boxes last year, and four million boxes the preceding year. Therefore, people who have oranges to sell should bear this extreme shortage in mind and not be in a hurry to let their fruit go at any old price.

## Home Marriage

Sppday afternoon at 2 o'clock, at the home of her parents, Mr. and Mrs. Hamrick, on Palmietto Avenue, between third and fourth streets; Miss Cora Lee Hamrick was united in marriage to Mr. A. W. Thurston, Rev. C. H. Summers, of the Methodist church performed the ceremony which made the happy pair one. The Herald extends to their congratulations and best wishes.

## Florida Corn and Hay

It looks good to a Floridan to read in the Hastings News that "shipments of corn and hay are being made from this place." There is no reason why Florida should not raise all of its forage crops and put them into cattle and hogs.

## One Killed First Day

Death claimed the usual toll in the automobile race at Savannah yesterday. Joe Dawson, Marmon driver, was hurt on auto course, and McNay, Case driver, killed in a smash-up.

Wade does most of the Sanford piano tuning. Phone or write to Wade, the tuner, Orlando.

**CURBSTONE GLEANINGS**

A Budget of Opinion "Just Between You and Me"

EVEN THE GATE POST NOT IN IT

A Chiel Is Among Ye Taking Noest and Faith, He'll Prent 'Em"— So Says Saunterer.

Only a Newspaper Guy  
I see a man strut through a jam in a hall,  
Take a seat 'mid the speakers and chat with  
them all.  
"Is this Murby?" I ask, "that the crowd  
he defies?"  
"No," says some one, "he's one of the  
newspaper guys."  
I see a man start on the trail of a crook,  
And he scores all assistance, but brings  
him to book.  
"Mr Burns!" I inquire. Some one scorn-  
fully cries—  
"Burns! Naw. He's just one of them  
newspaper guys!"  
I see a man walk through the door of a show  
Where great throngs are blocked by the  
sign S. R. O.  
"Is this Goodwin himself, that no ticket  
he buys?"  
"Well, hardly. He's one of those news-  
papers guys!"  
I see a man knock on a president's door,  
And the sign "No admittance" completely  
ignore.  
"Is th a Morgan, that privacy's rights he  
denies?"  
"Morgan! Shucks! It's just one of those  
newspaper guys!"  
And some day I'll walk by the great  
"A saint!" I'll inquire, and Old Peter'll  
reply:  
"Well, I should say not, he a news-  
paper guy."

Get the habit of looking upon the bright side of life and if at times things go wrong, use up your grouch by doing all your cussing at once and then like the sun after a shower come out bright and forget that you ever had a grouch. My old friend, Walt Mason sings a lay about the perpetual grouch as follows:  
That fellow fails to please or charm who's always viewing with alarm. Old Kickshaw hangs around our town, and wears a most depressing frown, and knocks on all our boosting schemes, and pours cold water on our dreams. "A boom is born, and then it dies," this most unpleasant old man cries, "and when it dies a lot of jays will get the cleaver, fifty ways." And still our one horse village grows, in spite of him and kindred foes, who lean against our walls of brick, and chew the rag and roar and kick. And all that poor old Kickshaw gains by all his misery and pains, is just a frost where'er he wends; in all our burg he has no friends. And that's as much as you will gain if you devote your heart and brain to blocking wheels that ought to turn, and quenching fires that ought to burn. The knocker has a clammy time; the folks regard him as a time; they plug their ears to miss his cries, and hold a picnic when he dies.

How careful parents have to be in order to train the children as they should go. Especially is this true of the language and in this respect we should be more careful of our language when children are present. Our use of language is much more important than text books.

All teachers are familiar with the futile attempts made to influence children in the correct use of English through a study of the rules of technical grammar. Pupils may know these rules perfectly, may be able to pass a most satisfactory examination on the subject matter of the grammar, and continue to make atrocious errors, because the language heard in daily conversation does not conform to these rules and regulations. The first essential, then, to good English among children, is the proper use of the mother tongue by parents and teachers. All people are, by nature, imitators, but especially is this true of children. They imitate the dress the manners and particularly if the speech of others and parents is unlimited, they will, without hesitation, adopt the forms freely used by these older people. Therefore, there is a line of improvement to be undertaken by the parents and teachers to better their English that they may afford approved models for their imitators. "Guard your speech well, should be the watchword among the elders if they expect the children to use good language. And guarding speech means, also, guarding thought and feeling—for the thought must be worth while or the careful use of language will avail little. Words are, indeed, empty, if they are not inspired by worthy thoughts and feelings."

**SOCIETY BRAND CLOTHES**

More Than Mere Clothes

Copyright 1911 Alfred Decker & Co. Inc.

Society Brand Clothes

THERE is a fascination about becomingly stylish clothes that lasts as long as you wear them. Men grow attached to the things that serve them well. There is something about the appearance and satisfaction of good clothes that give great peace of mind and comfort of body to the wearer. Good clothes become a man's hobby as well as his servant. The wearing of them calls forth his finest instincts. They promote refinement, culture, poise, progressiveness, initiative--even perfect physique. The man who wears good clothes cannot estimate their value to him in

the improvement of these qualities. Society Brand Clothes are the most wonderful examples of clothes of this class man has yet perfected.

**Notice of Election**

Whereas, petitions signed by more than ten per cent of the registered voters of election precincts 3, 4 and 25 of Orange County, Florida, which are contiguous and located, have this day presented to the board, at its regular monthly meeting, held on the first Tuesday after the first Monday in November, 1911, asking that an election be held in said precincts for the purpose of voting upon the question of allowing swine to run at large in said precincts.

Now, it is hereby Ordered by this Board that an Election be held, as prayed for in said petition, on the 28th day of November, 1911, to determine the question of allowing swine to run at large in said precincts, the election to be held according to the terms of law governing in the matter and the Clerk of this board is directed to make the necessary legal posting and publication required under the law.

It is further ordered that W. P. Akers, A. Dorner, J. W. Slips, Inspectors; R. U. Maxwell, clerk, in Precinct No. 3; L. Keitz, C. D. Pearson, A. A. Hicks, inspectors; D.

H. C. Rabun, clerk, in Precinct No. 4; J. M. Bell, J. C. Putnam, J. A. Smith, Inspectors, and J. L. Miller, clerk, in Precinct No. 25. Registered voters in said precincts, are hereby appointed managers of the said election, and the said managers shall hold said election and certify results to this board at its next meeting after said election. The clerk of this board is also directed to make the necessary provision for holding the election by having the supervisor of registration deliver the proper books to the said managers for holding said election.  
By order of the County Commissioners of Orange County, Florida.  
Witness my hand and official seal, this November 15, 1911.

B. M. ROBINSON,  
Clerk of Board.

### GREAT RUSH FOR SEATS FOR BIG SAVANNAH RACES

Management Found It Necessary to Build More Boxes.

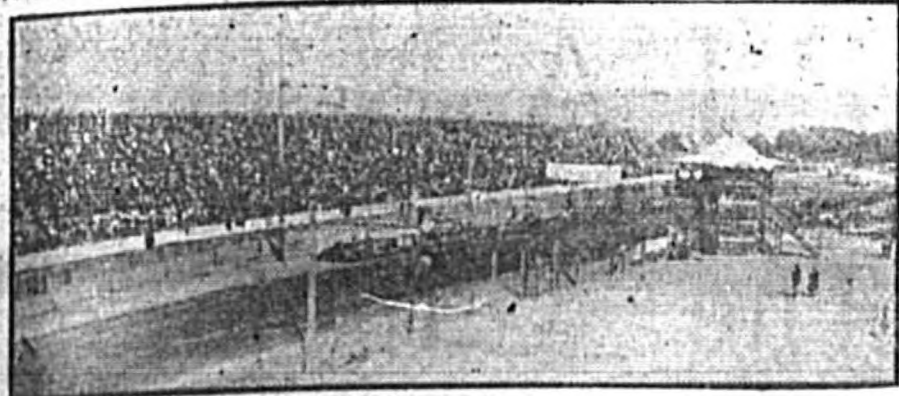

Savannah.—With the first day that boxes were put on sale for the Vanderbilt and grand prize races during Thanksgiving week fifty-two boxes were reserved. There was also a great rush for reserved seats, and the advance sale of these as well as the boxes was more than twice as great on the first day of the sale than were the sales for the two previous grand prize races, indicat-

grandest sport ever held in the South and, barring unforeseen accidents, the greatest the world has ever yet known.

### ENORMOUS CASH PRIZES IN BIG SAVANNAH RACES

Drivers of Big Cars That Win Will Be Made Rich.

Savannah, Ga.—With \$19,950 in cash already being up as prize money for the winners of the automobile races in Savannah on November 27

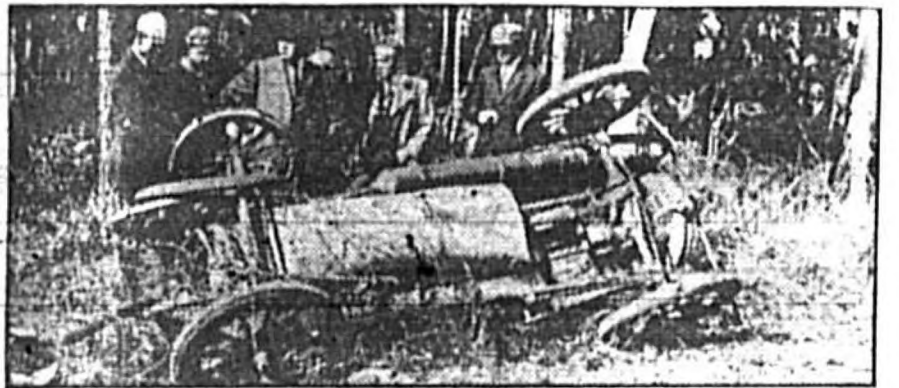

General view of the "start and finish" line at Savannah races. There is another grand stand, three times this large.

ing that the races this year will be much more largely attended than the previous ones. Mr. Harvey Grainger, president of the Savannah Automobile Club, has charge of the sale of boxes, while reservations should be made through Mr. S. E. Theus, chairman, at Savannah. Every mail is heavy with requests for boxes and seats. The same prices as heretofore will prevail, viz.: Boxes \$50 each and reserved seats \$3 each, good for both days of the racing. It has been found necessary to construct one hundred additional boxes, so great has been the demand for box seats.

and 30, and with the large majority of the tire concerns and accessory manufacturers not yet heard from, it appears that not only will the races set up records for the annihilation of distance, but will as well place new figures on prize money carried away by winning drivers.

Recently the amounts were added to by offers from the Bosch Magneto company of \$1,550 for the winners who are equipped with Bosch magnetos and by the Flindelsen & Kropf Manufacturing company, makers of the Rayfield carburetter of \$2,500. These with the previous offer of the

This machine left the course while running 97 miles an hour in the practice for the Savannah races.

### ADVANCE GUARD DRIVERS ARRIVING IN SAVANNAH

Trying Out for Vanderbilt and Grand Prize Races.

Savannah, Ga.—The advance guard of drivers and cars for the Vanderbilt Cup and International Grand Prize races and light car races, which will take place in Savannah on November 27 and 28, have already arrived and are daily trying out the famous course over the northern county roads. With the large number of entries and the world's most famous drivers, these two big blue ribbon events of automobilism will unquestionably prove the greatest road races ever held in the world. Never before have two events of such magnitude been held

Remy Electric company of \$4,250 to those winning with Remy magnetos and the offer of the Savannah Automobile Club of \$12,500 in gold to the winners of the events, make the total, which will be greatly swelled when the other offers come in.

The letter of the Flindelsen & Kropf Manufacturing company is for the winner of the Grand Prize race \$1,500, the winner of the Vanderbilt \$500, second man in the Vanderbilt \$100, winner of the Savannah Challenge Trophy \$250 and winner of the Tiedeman Cup Race \$250.

The offer of the Bosch Magneto company is \$500, \$200 and \$100, respectively for first, second and third place in the Grand Prize, \$200, \$50, and \$50 for first, second and third in the Vanderbilt, \$100, \$50 and \$50 for

The entire 17 miles of the Savannah race course is saturated with oil.

at one time. Heretofore the Vanderbilt Cup race was held at Long Island, in October and the International Grand Prize Race at Savannah in November. Owing to the inability of the promoters to get the proper protection for the course during the race and the unequalled facilities offered by Savannah, it was decided this year to hold the big event at Savannah. It can hardly be called a curtain raiser for the Grand Prize, as it is itself such a world famous race, but it will be run first and two days later the Grand Prize race will be run, the two days being allowed to give competitors in the Vanderbilt race ample time to overhaul and "tune-up" their big space-killers for the Grand Prize event. In these races and the light car events it is probable that over seventy-five cars will be entered. The course is seventeen miles long, and with the cars eating up distance at the rate of 50 miles an hour, it will be readily recognized that there will always be "something doing" on every part of the course. Specially constructed cars have been entered, the most dare-devil drivers in the world have been secured and it is absolutely certain that the excitement is going to be intense and the races the

the Tiedeman Trophy and the same for the Savannah Challenge Trophy.

All these prizes are offered with the proviso that the winners must be equipped with the product of the company offering the prize. The gold prizes offered by the Savannah Automobile Club are without restriction to go to the winners.

#### DURING THE SAVANNAH RACES.

The Indian Refining company, which has the contract for oiling the Savannah course for the Grand Prize, the Vanderbilt Cup and the Light Car races to be held in Savannah November 27 and 30, will tender an entertainment under the auspices of the Savannah Automobile Club on November 29.

#### Dollar Diplomacy.

(From the Popular Magazine.) "What is this 'dollar diplomacy' they're talking about?" asked the good-natured man. "Same old kind we've always had," exclaimed the thin man. "It means that only millionaires can afford to be ambassadors."

Office in Herald Building Telephone No. 148

Open season for candidates is over.

The big noise has subsided. Nobody hurt.

Several would-be politicians are has-beens now.

And the question has been decided for two years. What a relief!

The Plant City Courier is one of the neatest and best weekly papers in the state. We thought The Herald was some pumpkins as a paper but really the Courier has us beat on appearances and then some.

Francisco de Haffaker, the French count who has been in Florida journalism for so many years, will become Frank Clark's private secretary, and incidentally write news notes from the national capital. Frank's departure will be a loss to the state press, for he is the only man who was ever able to write real editorials on the Jacksonville Metropolis.

P. A. Ruhl, for the last four years editor of the Ft. Myers Press has severed his connection with that paper and in a farewell notice states that while he leaves the newspaper he will not desert Ft. Myers. Pete is a good newspaper man and printer—the goal of every connection with the press gang and we hope he will reconsider and get back in the game.

**HELP THE COMMERCIAL CLUB**

Now that the election is over, let us settle down to make a Greater Sanford, a city where thousands of tourists can come and be made comfortable and enjoy the climate, the lakes and rivers and good roads, and everything to make life pleasant. If the business men will get together now and support Secretary Bates of the Commercial Club in his vigorous campaign of advertising the city, Sanford will be enabled to hold the crowds this season when the campaign was begun so late.

There has always been a tendency on the part of the majority of the Sanford people to stand back on the advertising proposition, because heretofore the advertising was largely upon the farming lands. The Herald was the first to sound a note of warning about losing sight of the need of building a better city and drawing the tourist travel this way. Secretary Bates is devoting his campaign solely to the city of Sanford, and will not touch the farming projects this season. The idea is to get as many people to locate here this season as possible, and each one will be a booster for Sanford next year.

Let every man in Sanford assist this advertising project in every way. Mr. Bates is working up a thorough advertising campaign and will be glad to show you what he is doing. With a systematic record of all the transactions every one who is interested can be convinced that every cent spent on the advertising will bring results. There are but few men who know the advertising game better than T. K. Bates, and the funds raised for this purpose will go into the proper channels and results are bound to follow.

Let every man in Sanford who is not a member of the Commercial Club join at once and Sanford can have 200 enthusiastic boosters working for a better and bigger Sanford. Forget every difference of opinion and past grievances and have unity and harmony in this, our greatest effort to build a Greater Sanford.

PARISIAN NEWSPAPER PASSING.  
From an exchange we clip the following:

"The day of the partisan newspaper is passing. The leading papers of the country are those that look at public questions from an unbiased standpoint and discuss public questions unselfishly."

The above is in line with our policy. This paper has given some offense because it would not get in and "take a hand in local politics"—that is, some few people feel that way about it. But those who watch the signs of the times and particularly those who keep in touch with advanced journalism, know that the partisan paper has no place in modern life and that whatever may have been true of other days and under other conditions, it is nevertheless true that the paper of today which best fulfills its duty as a factor in the life of its community is the paper which is a NEWSPAPER, first, last and all the time. It is thus the organ of all people and all the people

feel that it can be depended on to give the truth about whatever comes up. It is thus an aid in building up the interest of the people and of aiding in the development of its town and county.

There is, also another side to the matter. A paper which caters to a few people is read by a few people. The partisan paper is one of narrow circulation. The newspaper, on the other hand, goes into the homes of all the people and receives a warm welcome from all those who want facts—just plain facts.

The merchant who wants to reach the public with his advertisement is therefore assured that when he pays his advertising bills he is paying a legitimate bill. In other words, he is getting his money's worth, which is after all just plain, business honesty, assuring the advertiser that he is getting value received.—Kissimmee Gazette.

Another man knocked in the head and robbed and several other assaults in Jacksonville last Saturday night is enough to make that city sit up and take notice. With all that vagrancy dope being sent out from Jacksonville it seems that the parent is not taking the advice given to the son. Jacksonville is getting a name that will not look well in print and as a place of residence the city will hardly appeal to a man with a family. Of course "us provincials" have nothing to do with Jacksonville. These large and enlightened cities can take care of themselves, etc. But do they?

**Beacham**

It looks as though Mr. B. Beacham is to have the honor thrust upon him of being the nominee for Congressman at Large for this State.

Mr. Beacham's name is being mentioned by a number of newspapers; not those within the county, but at remote points, which means that his popularity is by no means local.

Mr. Beacham conforms splendidly to our notion of an ideal Congressman. On many questions he is undoubtedly the best posted man in Florida. He is wealthy, and what is more to the point, he has built up during his business career, a reputation for integrity and square dealing. He stands as an ideal example of a good business man and a good citizen, and Congress and the nation needs that type.—Tall Messenger.

**Has Not Withdrawn**

There are reports being circulated over the county that I have withdrawn, but I wish to announce that I am in the sheriff's race to stay, and expect to make a canvass of the county later on.

FRANCIS KAREL

**Checking Motion of Ship.**

In actual practice the rolling of ships in the sea has been reduced from 11 per cent to 2 per cent, by the invention of Herr Frahm of Hamburg. His system makes use of water tanks extending through the hold transverse from one side of the boat to the other and the passage of the water from one side of the boat to the other effectually checks the motion of the boat.

**New Variety of Burglar.**

Flatbush awoke the other morning to find, to its surprise, that there is one type of burglar which has never been branded and labeled. Heretofore it was supposed that a specimen of every form of burglar was on file at headquarters, but no record was found of the burglar who skins the silverware and cash and confines himself to cold cream, talcum powder and military brushes.—New York Herald.

**Counting Your Money**

**MUNICIPAL ELECTION RESULTS**

Day Passed Off Quietly Although Every body Was Busy

The municipal election today ended at sundown and it is safe to predict that few elections in Sanford have caused more comment and yet were as quietly carried out. From the moment the polls opened until the close the candidates and their friends were busy as bees and every automobile and vehicle was placed in commission and many a man rode on leather today that will walk on shoe leather tomorrow.

Voting was sharp all the morning and at the noon hour over 400 votes had been polled.

From noon until the hour of closing only deulatory ballots were dropped in and the clerks and inspectors had more time to make election predictions.

The result in many ways is a great surprise as many of the Wisenhelmers know more tonight than they did this morning.

With the deep interest taken in the election there was no rough stuff or horse play indulged in and everything passed off quietly.

The day was ideal for getting out every voter and there were few men who escaped.

Following is the result:

**"Cardui Cured Me"**

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured me. Cardui saved my life! Now, I can do anything."

**TAKE The CARDUI Woman's Tonic**

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.

IN AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief.

PERSONAL ITEMS OF INTEREST

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

Walter the Tamer, Orlando.

A. P. Connelly and J. N. Whitner have returned from a business trip to Seville.

Mrs. J. W. Dickins and Miss Johnson, made a pleasant visit to DeLand, Saturday.

Mrs. Ray Butt, is at home again, after several months visit, to her parents at Astor.

Miss Nellie Evans returned to the city Friday evening, from a visit of some length in New Jersey.

W. E. Holmes, the well man, has a contract to put down a six inch well for the Sanford Light & Fuel Co.

Mrs. Burford Coney and little son, of Brunswick, Georgia are visiting her parents, Mr. and Mrs. P. M. Elder.

The trains will not bother you now at the Gate City House and the price will suit you. Only \$1.00 per week.

The Guild of the church of the Holy Cross will meet on Friday afternoon Nov. 24th at 3 o'clock with Mrs. Barnes.

Mr. A. Wilton and Miss Grace Wilton his daughter, from Springfield, Ill. are at the Gate City House for the winter.

Rev. Geo. B. Waldron has returned from Jacksonville where he played a prominent part in the Association Charities.

R. E. Huffman, timber cruiser for the W. S. Land office at Gainesville was in the city yesterday looking up timber claims.

H. H. Hill and C. M. Hand expect to leave today for Ocala where they will enter their last stock at Marion County's Big Fair.

Reduce the cost by living by patronizing the Gate City House where you get the benefit of good house cooking at \$4.00 per week.

Mrs. E. W. Rowland and family, have returned from their summer outing. They visited several points of interest, including California.

Miss Ethel Tolt returned to her home in Anandale Saturday afternoon, after a pleasant visit to her cousin Mrs. Loretta Brubaker.

What do you know about the Gate City House putting the price of table board down to \$1.00 per week. Some chaps to that place, eh?

K. F. Bodum of Evanston, Ill., spent several days of this week at the Gate City House, leaving for Kalamazoo today where he will locate.

N. A. Bodum, the popular travelling representative of the Goodrich Rubber Co. of Akron, Ohio, called upon the automobile trade here yesterday.

The Herald is late with this issue on account of the election. We want to give the readers fresh news and could not wait until Friday to give the returns.

Dr. Wright Babbett now greets the patrons of the postoffice at the general delivery window. Mr. Babbett is now a full fledged employe of Uncle Sam.

Looking for home cooking? Go to the Gate City House where they have a reputation for giving you the best and the price has been put down to \$4.00 per week.

Miss Mamie Hill, returned to the city Friday evening, from Wolterville, S. C. Miss Mamie has spent a pleasant summer, visiting in Georgia, and the two Carolinas.

Where do you eat? If you have never got your feet under Parker's mahogany you want to hurry over to the Gate City House and give him \$4.00 for a whole week of good eating.

Miss Charlotte Keeler has returned from Jacksonville where she ably represented the Welak Club and also attended to the duties of Secretary of the State Federation of Women's Club.

Dr. P. O. Douglas of Grinnell, Iowa, secretary of the American Missionary Association, occupied the pulpit of the Congregational church Sunday morning and evening. His theme was Home Missionary Work in the Far West. Dr. Douglas is a fine speaker and is a man of charming personality.

The Band Concert in the park Sunday afternoon, was delightful and was enjoyed by a great many who were willing to risk the cold disagreeable weather in going to the park, to show the band how much their music is appreciated. A great many others, who would have been there, were kept indoors by the dampness.

Did you know that the Gate City House recognizing the high cost of living had put the price of table board down to \$4.00 per week? Better come in.

Mr. M. T. Lallatto of Atlanta, is in the city today calling on the printing trade. John Pendrel, the good natured traveling agent of the Clyde Line was in the city yesterday looking up business.

You can get home cooking the kind that mother used to give you and you only need to pay \$4.00 per week at the Gate City House.

Mr. O. P. Swope, of the Swope Land & Investment Co., is confined to his bed on account of a strained back from an automobile accident.

They all say that the Gate City House gives you more good food than you can get anywhere else. Now the price has been reduced to \$4.00 per week. Go to it.

T. L. Cassidy and wife of Lexington, Ky., are looking over the vegetable farms here. They manifest much interest in the Sanford system and pronounce the broad fields of celery and lettuce to be the most charming sights they have ever beheld. Mr. Cassidy's son has recently been elected mayor of Lexington.

How can Parker feed as well as he does for \$4.00 per week, the Gate City House can feed 100 as well as 50 and that is how many this popular house will soon have.

B. C. Walton, one of the makers of the Orlando Reporter-Star, spent several hours in the city today. Mr. Walton is a big jock, but can't get the Kentucky mint julep taste out of his mouth, and the chances are that, someday, when he has made a bunch of money out of his financial venture, he will return to the Blue Grass State.

Mrs. Wight has returned from Jacksonville where she attended meetings of the Associated Charities and also the Federation of Women's Clubs. Mrs. Wight made a very able address before the Associated Charities, a work upon which she has been actively engaged for many years and Sanford's charity association will be greatly strengthened by the assistance of Mrs. Wight.

Cecil Gabbett has returned from a summer pleasantly spent in the north. Some time was put in on the Massachusetts and Maine coast in fishing and boating. Mr. Gabbett then returned to N. C. and went cruising with his son who is a first lieutenant in the United States revenue service, attached to the cutter Panther. He then went to Morehead City, N. C. and was a guest of the Camp Bryan Golf club and spent a considerable time in shooting quail, ducks and deer. Mrs. Gabbett will join the colonel here in a couple of weeks and they will remain here for the greater part of the winter.

Great Sensational Feature Coming

Starting Wednesday, Nov. 22, and continuing for two days only, the Star Theatre will offer the biggest feature in Florida today, "Behind the Bars."

Actual scenes in the World's Greatest Penal Institution, showing how seventeen hundred and fifty of the most daring and desperate law breakers are being kept paying the penalty for their crimes.

Prepared at a tremendous expense, it is sensational in the extreme and still teaches a Great Moral Lesson. Everybody should see it, as it is of exceptional Educational Value.

The Wages of Sin is Death. Views are shown of the Death Chair where all condemned men are kept while awaiting the day of their execution. The Electric Chair, the gall and the guillotine, and a dastardly crimes.

See the Wrecking Post and Pillory, Forms of Punishment, Famous Criminals, The Prison Demon, and the most wonderful picture ever taken, a Flash Light of an actual Electrocuting, showing the condemned man strapped in the chair, with the electric current passing through his body. Absolutely the only picture of the kind ever made.

Combine this wonderful series of Pictures with a Lecture of Absorbing Interest and you have an Attraction worth several times the price.

Remember, it is here for two days only, so do not miss it.

On Wednesday night, in addition to the above, we will show a set of slides depicting scenes at the Coronation of King George.

Weather Report

Fair tonight and Wednesday. Rain today and Wednesday in south portion. Cooler in north portion. Regular lettuce weather for the Sanford Celery Delta. Good prices will prevail. Snow for some Sanford candidates on Wednesday morning.

Tourists Are Coming

The hotels and boarding houses are filling up with all the winter patrons. Many of those who make Sanford their winter headquarters on account of the fine hunting, fishing and cruising to be obtained from this point of vantage, have already arrived and are getting their traps and tackle in shape for a strenuous winter of outdoor sport. There

is much talk of the various waterways in and around Sanford becoming the rendezvous for those who want to come winter cruising and at the same time be protected from gales and abrupt winds. Lake Monroe, Jessup and Harney, all of which are connected by the St. Johns river, present the best facilities for enjoyment on the water that is to be had in the entire state. Craft of goodly keel can get about with ease and the marsh will furnish all the game that one may care to bag. These facts are becoming generally known and it is more than likely that our harbor will be the gathering point of a great number of pleasure craft during the season.

Our New Crate Factory

Sanford's new crate factory has started building operations and part of the main factory is already up. All of the machinery has arrived and as soon as possible it will be installed. In a few months the factory will be turning out wooden wrappers for Sanford's high grade vegetables.

Leslie M. Shaw, former Secretary of the Treasury, in an interview in Pittsburg said that no one would be hurt by the Steel suit. "It will not matter much," he said. The permission given to the Tobacco Trust to organize along different lines indicates the position in the Steel Trust. It is the business of the Government to see that the game is played fairly; to see that the cards are above the table, but it is not the business of the Government to sit in the game.

Demands for the throne's abdication are crowding upon Premier Yuan Shi Kai, who doubtless will be forced to make a decision within a week. It seems to be a case of fight or ask the court to depart from the capital. Every suggestion for abdication is being met by promises of protection and ample pension.

President Taft is suffering from a severe cold which confined him to the White House today. His condition although not at all alarming, is such that his physician has ordered him to take care of himself. As a result tonight the president cancelled his engagement for Richmond, Va., where he was to have addressed the National Good Roads Congress.

The Adams Express Company's depot office at Grand Rapids, Mich., was robbed at 9 o'clock tonight of everything in the safe, a lone bandit holding up the route agent and making a successful getaway. The safe was rifled of several thousand dollars, the exact amount not being known.

The largest corn exhibition ever witnessed in the South is expected to greet the eyes of visitors who attend the Southern corn show at Atlanta on December 5 to 8.

The secretary of the navy, Mr. Meyer, in his annual report, will advocate increasing pay for the government clerks and age retirement. Dealing with the employes in his own department, he will show that while salaries in all private employment advanced, the government salaries actually decreased with a result that the navy department is losing many competent employes.

Now, What Do You Think?

Here is a man crazy with snow blindness who writes to The Herald about the joys of ice and snow. We shall immediately smite him dead with a green orange. Read the following letter while you are enjoying the delights of Florida's climate:

"O the snow, the snow, the beautiful snow. And the bells so full of glee; Bring out the hay and the dappled gray And a sleighing go with me."

But you can't; more's the pity—shut up there in your little office, with the mercury at 88 or 90, you are denied the privilege of running out doors, gathering up a double hand-full of beautiful snow and shying it at some chap out with his best girl for a sleigh ride; or engaging in a snow-ball duel with some other big boy as you drink in great drafts of invigorating air and yell with delight as the blood in your veins tingles with sensations.

No, friend Holly; you can't appreciate the glorious opportunity to enjoy life. We chaps away up here on Catawba Island, Ohio, have in this bracing atmosphere, surrounded by fields of virgin snow—with Lake Erie surrounding us and Canada's shore in sight.

Then see what's coming—great fields of ice, and the skating we'll have, and the tons of clear ice we will put away in our ice-houses for use in summer.

Sing you the song of the south, the land of sunshine and flowers; you don't realize that the north has in store for poor sweltering humanity in her winter slyphys and winter sports.

Respectfully, J. W. G.

Seaboard Company in Dissolve

New York, N.Y., Nov. 20.—The Seaboard company, which holds the Seaboard Air Line railroad, is to be dissolved. The first step in carrying out the plan will be the retirement of the \$8,360,000 first preferred stock of the holding concern. Preliminary arrangements toward this end are understood to have been completed by the sale to a banking syndicate of about \$4,000,000 Seaboard Air Line railroad adjustment income bonds.

STORING SWEET POTATO CROP

By C. K. McQUARRIE

How to store the sweet potato crop in such manner as to ensure against loss by decay, is a matter that seriously concerns the farmers of the state. A considerable loss occurs in this crop every winter, from preventable causes. The methods of harvesting the crop are responsible for a large amount of the loss, and the methods of storing for most of the balance.

DIGGING SWEET POTATOES.

The bulk of this crop is not generally harvested until the first frost occurs. The field should then be gone over, and the vines cut from the crown of the hills by means of a sharp hoe or sickle. This operation prevents the decay in the frost-damaged vines from being communicated to the potatoes, and so causing the soft rot which shows itself soon after the potatoes are dug. If we follow this method the potatoes can ripen in the ground before we dig them, and their keeping qualities will be improved.

In the digging operation, care should be exercised to prevent injury to the tubers by cuts, scratches, or bruises, which are another source of soft rot. Where a considerable acreage is to be harvested, it will be a point of economy to use a potato-digger. This works better and quicker, avoids injury, and insures the getting of all the crop from the ground.

After the digging, the crop should be allowed to lie on the ground in rows for three or four days, so as to get thoroughly dried and cured by the sun. It is not necessary to cure potatoes, but to be sweet, as it is to cure hay or sorgho.

STORING SWEET POTATOES.

I have seldom, if ever, seen a successful sweet-potato house made by digging a hole in the ground and roofing in, or by imitating a smoke-house; because both of these lack ventilation. A common practice is to make small conical piles, about ten bushels each, and to cover them with soil and bark. As far as my observation goes, this method is frequently a failure, because the contents of these piles are not properly secured against rain, and are not properly ventilated. In my own practice I have found it best to store sweet potatoes in banks on the top of ground, conveniently near to the barn or dwelling-house. A piece of ground running north and south, of the desired length and about four feet wide, is leveled by means of a hoe or rake, and the potatoes are piled on this, about five feet deep, tapering to a sharp ridge. This makes a long V-shaped bank, and care is taken to have the sides with a smooth and uniform slope. After all the potatoes are piled in the bank, a good plan is to allow them to have a few days' exposure to the sun, so as to become thoroughly dry, covering at night with sacks or hay to keep off the dew. Then the whole bank is covered two or three inches deep with some kind of hay, and over the hay a couple of inches of soil are thrown. The hay absorbs the moisture that is given off by the potatoes during the sweating that occurs soon after the bank is entirely covered. The soil keeps the hay in place and protects against cold. The bank should be made water-tight by means of boards laid lengthwise, with lapped edges to shed rain; or a temporary frame of scantlings can be made over the bank, and shingles or tar-paper used to keep the potatoes dry.

If the crop is stored in this way, it is less likely to rot than with ordinary methods, and it can be held until late in spring, when prices run high.

Cut Flowers in the Morning.

A flower cut in the morning will last twice as long as one cut later in the day.

Prefer German Language.

In Russian schools pupils have the option of learning French or German, and 70 per cent. choose German.

The Real Measure.

Your rank as a living creature is determined by the height and breadth of your love.—Ruskin.

Peace is Better Than Plenty.

Better is a dry morsel, and quietness therewith, than a house full of feasting with strife.—Proverbs of Solomon, xvii:1.

Cocoon Culture.

Eight years are required to bring the average cocoon tree into bearing. There are usually 40 or 70 trees to the acre and the profits from cocoon culture are usually good.

Reboiled Eggs.

Eggs which have been boiled and yet not used may be kept and reboiled again without becoming hard boiled. This is not generally known, but if the egg has been soft cooked it may be put into boiling water for a few minutes to warm through and served for breakfast the next day.

D. L. THRASHER

COUNTRY SCHOOL OF TODAY

Three Hundred Structures of the Modern Type Building in Kansas This Year.

Topeka, Kan.—Kansas has finally decided that the old-fashioned, unsatisfactory, ill-lighted and poorly appointed schoolhouse does not produce the best results, and more new and thoroughly modern schoolhouses are being built in the country school districts this year than ever before. More school districts have issued bonds for new buildings this year than were ever offered to the state school fund commission before, and the bonds are for larger amounts.

OLD TYPE OF SCHOOLHOUSE

MODERN COUNTRY SCHOOLHOUSE

which mean better schoolhouses than usual.

The ordinary schoolhouse has cost from \$500 to \$800. It was simply a big box, of straight lines, with four windows on each side, a door at one end and a stove in the center. But the new buildings cost from \$1,200 to \$2,000, and they are thoroughly modern in lighting, with furnace heat, some even with steam heat, and with genuine slate blackboards. Every convenience known to the city schools is being installed in the country schools also.

There are many boys and girls now in the high schools and colleges of the state who got their common school education in one of these old-fashioned box schoolhouses and there are a few who went to school in an old schoolhouse. There are a few of these old schoolhouses still standing but not a single one is in use in Kansas now. All have been replaced by the modern structures.

Since the first of the year more than 300 school districts have issued bonds for schoolhouses. In every instance the bonds were issued for new buildings. The old ones were used last winter for the last time and when the children started to school this fall they went to a new building with every comfort that is possible to give them. Some districts do not have to issue bonds for the new structures.

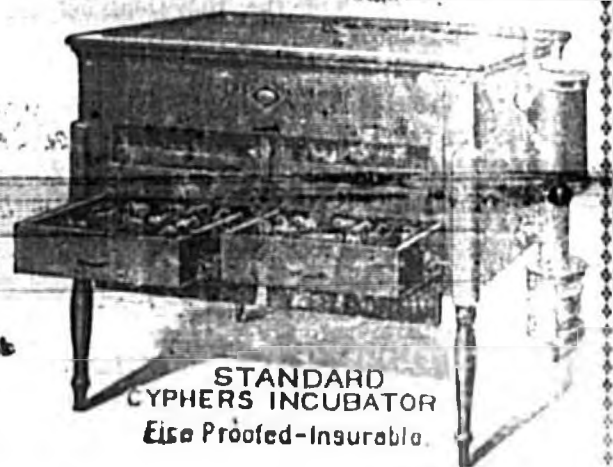

Bill in Primitive Life.

The natives of New Guinea have been found living as if in the stone age.

Need of Good Companions.

We want one or two companions of intelligence, probity and sense, to wear out life with; persons by whom we can measure ourselves and who shall hold us fast to good sense and virtue.—Emerson.

Bulletin

## ILLINOIS FARM LANDS

Sell for the highest average price of any State in the union. In the better parts of the State these lands bring from \$150 to \$250 per acre.

Illinois is the greatest corn State and its leading crop is corn. In 1910 ~~over~~ 10,609,000 acres of land it produced 414,812,000 bushels of corn worth \$157,629,000, or a trifle less than 38c per bushel. The average yield per acre was 39.1 bushels. And the average value per acre was \$14.85 (These figures are taken from the Yearbook of the Department of Agriculture, pages 502 and 503.)

Now when a crop of corn is grown on the 10,609,000 acres of Illinois lands, **that is the end of it for a year.** Now contrast that with Sanford.

Mr. Brumley grew 50 bushels of corn to the acre on his Celery Avenue Farm last summer from April 1st to September 1st, and it is worth 90c a bushel, or \$45.00 per acre. **But he had already taken three crops off of the same land** from September 1st, 1910, up to the time of planting his corn—two crops of lettuce and one of cucumbers. And one of the lettuce crops brought \$600 per acre on the ground. We don't know what the other crops brought.

Mr. Chase grew 75 bushels of corn to the acre.

Mr. Rossiter produced upwards of 50 bushels per acre.

Mr. Chapple grew 2,000 bushels on his farm.

Mr. Hawkins' corn yielded over 75 bushels per acre.

These men are representative

growers at Sanford. They don't pretend to be corn farmers but after growing two or three vegetable crops on their land, from October 1st to April, they plant corn for a summer crop and still grow more value per acre in corn than the best farm in Illinois. There is not enough corn grown in Florida to supply the home demand because our farmers can make more money growing other crops. Consequently it must be shipped in and freight and profits added to cost makes it worth nearly double the value in Illinois. The Yearbook above referred to gives the average Florida price as 85c but in Sanford it has never been less than 90c per bushel.

Now we are not arguing for the growing of corn. There are a dozen staple crops which can be grown during the summer months which will produce more per acre value than Illinois farm lands, but what we do claim is that land should be valued for what it will produce. If Illinois land which produces an average of \$14.85 per acre is worth \$150 per acre, then it is valued on a trifle over a 10 per cent basis of gross production.

On this same basis every acre of Sanford land is worth from \$450 to \$675 for growing corn as it produces from \$45 to \$67.50 worth of corn per acre.

In last week's Herald a writer shows in detail the production of his five-acre farm and the total income was \$5,677.52, which figured at 10 per cent (the basis of Illinois land) would make the place worth \$56,775.20 or \$11,355 per acre.

But even on the net income of this farm of \$749.30 per acre it would figure \$7,493 an acre. We

see from the crops mentioned that this party did not grow a summer crop which he might have done and added to the above.

Now we have taken Illinois because it is the best of the lot. No other Northern State will show up as well.

That is not all. From now on till spring the Northern farmer must live in a cold, disagreeable climate and spend his earnings of last summer in an effort to make existence tolerable.

In Sanford we live to the fullest extent for twelve months of the year in the finest climate that God's bright sun shines upon. If the world knew what we have at Sanford in comfort and value, every acre of land would double in value in a week. The world is bound to find it out, too, and then watch prices grow.

In the meantime, we have a few splendid offerings in improved places: Ten acres, good buildings, near street cars or mail route, splendid condition, \$6,500

Ten acres, adjoining, good house, \$4,500.

Eleven acres, well located, no buildings, \$3,500.

Five acres, close to town, main street, ready to set, \$3,500.

And many others.

Twenty acres unimproved flowing well land, near street car line, bargain at \$100 per acre.

Eighty acres as good as can be found in quality and location at \$8,000.

Other choice places, all sizes, at \$150 per acre.

Our Volusia Farms across the St. Johns River at \$30 to \$50 per acre on a monthly payment contract are the best to be had for the price.

SANFORD, FLORIDA

**IN THE SOCIAL WORLD**

Items of Interest Concerning Society People.

**POINTS PURELY PERSONAL**

**How Celery City Vanity Fair While Away the Golden Hours—**  
Social Gossip

The Junior Epworth League of the Methodist church held their usual meeting Friday afternoon, in the church.

The Guild of the Church of the Holy Cross met at the residence of Mrs. S. O. Chase, Friday afternoon. Plans were perfected for the bazaar that the ladies annually hold during December. The hostess served dainty refreshments.

The Missionary Society of the Presbyterian church met at the residence of Mrs. R. L. Jones, Friday afternoon. Home Missions was the subject under consideration. A very interesting program on Cuba was enjoyed by the members. Mrs. A. T. Rositer was leader for the afternoon. When the program was concluded Mrs. Jones served delicious refreshments.

**Sanford Young Lady Honored**  
Miss Charlotte Keelor's many friends in Sanford are congratulating her on her election as a delegate to the bi-annual convention of the General Federation of Women's Clubs, which will meet in San Francisco next spring. It is a well-deserved compliment, and Sanford appreciates the courtesy extended to one of her popular young ladies.

**Auction Bridge Club**  
Mrs. S. O. Chase, was the charming hostess of the Auction Bridge Club Monday afternoon. Two tables of bridge were played. Mrs. Frank Lane made the highest score, and won the prize, a very pretty Japanese jewel box. At the conclusion of the games, delicious refreshments, consisting of cream chicken in peas timbales, biscuits, olives and coffee were served.

Mrs. Chase's guests were Mesdames R. S. Keelor, Forrest Lake, B. F. Whitner Jr., B. W. Herndon, F. L. Miller, Frank Lane O. W. King and A. P. Connelly.

**Sewing Circle**  
Mrs. J. C. Bennett and Miss Gail Moore entertained a number of friends, who met at Mrs. Bennett's for the purpose of re-organizing the Sewing Circle, which afforded so much pleasure to the members last winter. Miss Gail Moore was chosen president, and Miss Lillian Gibson secretary and treasurer. The membership will be limited to twenty.

Mrs. Bennett served chocolate and wafers. The ladies present were, Mrs. N. J. Perkins, Mrs. R. C. Maxwell, Misses Beard, Mell Whitner, Lillian Gibson, Alice and Lucy Whitner. The circle will meet every Thursday evening. A larger attendance is expected at the next meeting.

**The Sanford Music Club**  
The club met at the studio of Mrs. Munson, Saturday afternoon at 3 o'clock, notwithstanding the disagreeable weather; a very good attendance and an interesting program made the afternoon very pleasant. Mrs. Munson was the leader, and as vice-president presided in the absence of the president, Mrs. Martin.

Topics for consideration—The Three Great Sontas Writers. Comparative analysis of compositions of Hayden, Mozart and Beethoven; paper of Miss Ellen Mahoney; a very comprehensive and cleverly defined comparison of the similar and different styles and methods pursued by those three great music makers in audibly expressing the melodies in their souls.

The second paper was a comparative analysis of the characters of Haydn, Mozart and Beethoven, by Mrs. M. H. Bowler. The musical part of the program was a comparative demonstration of the artistic conception, clean technique and perfect setting for the melody of the sotas written by Haydn, Mozart and Beethoven.

Maud Alice Wagner played the sota in C, by Haydn. Mrs. Tolar played a minuet from A major sotas, Mozart, and also a fantasia in C sotas, Mozart. Mrs. C. G. Barr played the sota in C minor, op. 13, by Beethoven.

The discussion of first sotas compared with modern music was led by Mrs. Munson; all the points brought out were in favor of the sotas.

The name of a new member was voted on. After the announcement of the program for the next meeting the club adjourned.

**For Moving Pictures.**  
The taking and exhibiting of moving pictures has been greatly improved by the use of the gyroscope. This steadies the tripod while the exposure of the film is being made and lessens the vibration while it is being projected on the sheet.

**FREE RUNS TO SAVANNAH RACES WILL BE GIVEN**

Jackson Argus and Other Papers Get In the Game.

Savannah.—As an evidence of the great amount of interest being taken throughout the state in the coming Grand Prize, Vanderbilt and light car races at Savannah during Thanksgiving week, nothing is more convincing than the action of a number of Georgia papers in promoting "free runs" to the races. The Jackson Argus was probably the first weekly paper in the state to inaugurate these contests, under the conditions of which trips to the races are given in return for subscriptions, the persons sending in the largest number of subscriptions in each militia district being awarded an automobile trip to the races, with all expenses paid. The arrangement has proven a splendid thing for the publishers, and will probably serve to increase the attendance on the races. It is certain that the crowds will be larger than ever before and that the events will be the greatest ever held in the history of automobile racing.

**THOUSANDS WILL TOUR TO SAVANNAH RACES.**

Largest Crowds Will Come From the Neighboring States.

Savannah, Ga.—Every indication makes it certain that the number of people from North Carolina, South Carolina, Georgia and Florida, who will attend the Vanderbilt Grand Prize and light car races at Savannah on November 27 and 30 will be considerably larger than ever before. This is attributable to the fact that such a large number of cars have been sold during the past year and so many will motor to the races. The run to Charlotte also served to stimulate interest. For several days before the races at least a thousand cars will be headed for Savannah from every hamlet, town and city in these states and Georgia to see the greatest automobile race event the world has ever known, for the interest is not confined to the cities this time, as has been the case heretofore. Savannah is preparing to cordially receive and entertain them.

**WORLD'S MOST FAMOUS WILL BE AT SAVANNAH**

Never Before Has Such a Crowd Been Gotten Together.

Savannah, Ga.—Among the famous drivers who will pilot cars in the great Vanderbilt cup, International Grand Prize, Tiedeman Trophy and Savannah Challenge Trophy races, which will be held in Savannah November 27 and 30, are Bruce Brown, Hurman, Wagner, Basle, Dawson, Hemery, Bragg, Grant, Mulford, DePalma, Tatzfeld, Hearn and a score of others. These drivers are all world famous. Never before was such a galaxy of world-famous drivers assembled in one place. The greatest rivalry exists and it is known that these men will enter the races to win at all hazards. It is "do or die" with them, for the race will make the driver and the manufacturer of the machine rich and world famous. No amount of money could purchase the prestige which winning these races will give the cars. The manufacturers have spent many thousand dollars building special cars and speed madmen will be rampant in Savannah during the otherwise calm days of our Indian summer.

**GEORGIA-AUBURN GAME AT SAVANNAH NOVEMBER 29**

Great Annual Football Game During Race Week.

Savannah, Ga.—In addition to the Vanderbilt and Grand Prize Races at Savannah during Thanksgiving week and the big poultry show that is to be pulled off, there is another stellar attraction in the shape of the great annual football game between Georgia and Auburn. These old time rivals will battle for the supremacy of the South at the Savannah Athletic park on Wednesday afternoon, November 29, the day before the grand prize race. The teams weigh about the same and each has a remarkable record for the season and a notable game is sure to be seen. Arrangements are also being made to have a big airship event and it is certain that there will not be a dull moment in Savannah during the week of the races. There is also to be a D. O. K. parade and special attractions will be on at all of the theaters.

Two generations ago a Dutch physician, out walking with his child, called the lad's attention to a passing bay load as big as a mastodon. "There, my son," said he, "is the equivalent of what one man eats in a year in excess of what he needs."

**ANNOUNCEMENT**

... THE ...

**FLORIDA VEGETABLE GROWERS' ASSOCIATION**

Take great pleasure in being able to advise its members of the selling arrangement the management has succeeded in securing, after weeks of hard and earnest work. Our plan gives us our own Salaried Salesmen in the largest markets of the United States, men selected for their expert ability and knowledge of the vegetable business, who will give us their entire time and attention when our business is moving and will not sell or be in any way interested in the selling of vegetables from Florida during our shipping season. These Salaried Men will be located as follows:

New York City	4 Salesmen	Chicago	3 Salesmen
Boston	1 Salesman	Minneapolis	1 Salesman
Philadelphia	2 Salesmen	Kansas City	1 Salesman
Pittsburg	1 Salesman	St. Louis	1 Salesman
Cleveland	1 Salesman	Cincinnati	1 Salesman

In addition to the Salaried Salesmen we have lined up a corps of Salesmen in the smaller markets numbering around eighty and have exercised the same care in the selection of these men as in the Salaried Branches.

In every case we have demanded ability to sell, highest moral integrity and expert knowledge of our business.

In every case, the Salaried Branches as well as the smaller points our Salesmen are Bonded to our Association, thereby securing us against any financial loss.

In addition to the great value of having our own Salesmen at every point to sell our products, we will have the double advantage of our own inspectors—always on the ground to protect our interests in the case of rejected cars, from any cause whatsoever.

As to our claim department for over-charges and damage on account of improper refrigeration and delay, we have secured the services of two of the most expert claim men in New York and Chicago who will give the most vigorous attention to any and all claims, and we will support these claims by a rigid inspection at this end, as well as at destination.

This advantage is of inestimable value to every shipper.

We shall positively sell every package we ship—not a package will be consigned for disposal.

Sanford Growers have never had such a proposition offered them or equal opportunity to secure the best results and prices for their produce. Every shipper will be given a full account of sales, which will tell HIM WHERE and to whom his produce was sold and for how MUCH MONEY, also all the charges against each shipment. There will be nothing to hold back.

The cost is not going to be high or excessive, but on the contrary surprisingly low, less than you have been paying.

Don't let any one try to convince you we have a wild-cat scheme or an impossible plan. We have got just what we say we have—a safe, sound business-like selling organization.

No patent system or special methods, but a straight-out and out selling force which has not been easy to secure, but we have got it and invite you to come to the office for further particulars.

This is your organization and you are entitled to all information.

We also have inside prices for all shipping packages, for the benefit of those who ship through us.

**For Civic Improvement**

The Civic committee of the Welaka Club, have prepared a very interesting program, for their meeting Thursday afternoon, in the Welaka Club rooms at 3 o'clock. Mrs. Henry Wight, leader for the afternoon. Subject for consideration will be "Progress in Civic Betterment." Mrs. Wight will entertain the ladies with an instructive talk on that topic, and will read the paper, written by Mrs. Gay, of Palatka, and read by her at the session of the "State Federation, in Jacksonville, last week; on "Civic Work in Florida."

The Wednesday Club and Lend A Hand Society are cordially invited to be present.

O. W. Jacobs believes that the strawberry crop of Lakeland will run about 800,000 quarts this season. The first berries picked this season at that place sold for \$1.25 a quart.

**STAR THEATRE**

Engagement Extraordinary  
**2 -- Nights Only -- 2**  
**Wednesday, Nov. 22 and 23**  
**"BEHIND THE BARS"**

A Set of 50 Beautifully Colored Slides, showing life as it is in America's Greatest Penal Institution with interesting descriptive lecture by Prof. Scott Leslie.

On Thursday night, in addition to above, Prof. Leslie will show and describe a set of slides depicting scenes and incidents at the Coronation of King George. Don't forget the day and date.

**COME AND HELP YOUR FRIEND TO WIN THE DIAMOND RING**

Standing to date of the eight leaders in the contest:

# THE SANFORD HERALD

IN SANFORD—Life is Worth Living

Number 23

SANFORD, FLORIDA, FRIDAY, NOVEMBER 24, 1911

Volume IV

## ALL AROUND FLORIDA

The General News of The Land of Flowers.

### COLLECTED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Tallahassee is to have a cigar factory added to her business enterprises. There is not an interior town in the state famed with so many natural advantages as Florida's capital, and every day sees something added to her growth.

Murders, hold-ups and crimes committed in the dark by footpads, who sneak away and defy detection, have aroused the people of Jacksonville to the ever-present danger that confronts them. So bold have these marauders become, and so confident of their ability to cover their tracks, that residents of this city, especially of the suburban districts, are calling for protection that the present city and county authorities seem powerless to give them.

Prof. W. N. Shasta, who was defeated four years ago for state superintendent of public instruction by W. M. Holloway, has announced that he will again enter against Holloway in next spring's primaries.

A live civic league has been formed by Winter Park citizens, for the betterment of the community.

A live board of trade has been organized at Alachua, with an initial membership of thirty-one.

A Potato Exchange has been organized at Elkton. This exchange is for the purpose of co-operating in buying fertilizer and seed and the selling of potatoes in a body.

Fire broke out in the Kibler block at Dannelon late Wednesday afternoon and was not controlled until that block and several wooden buildings adjacent thereto were destroyed. The firms that lost by the fire were Kibler Bros., the Dannelon hotel, Mr. Barganier's millinery store, Dannelon Supply company's hardware store, Knight & Strange's grocery, Bank & Griffith's drug store, Judge Guber's office and Zimmerman's candy store. The loss is estimated at \$50,000.

Nearly a million dollars will be expended in Gainesville during the next twelve months, which, it is safe to say will not be equaled by any city of like population in the south. A great percentage of this immense sum will be expended by labor, which will mean much for the city commercially, as the money, or the greater part of it, will be distributed among the business houses.

A story of unusual human interest, in which a young man of Fort Myers plays the leading role, has just been developed at Kissimmee. Louis Bird, as he was known here, but who, it now appears, is in reality William Rowland, has been reunited with his parents, Mr. and Mrs. Nathan Rowland, from whom he has been separated ever since he was three years of age. Mr. Bird has been in the employ of T. A. Bass of the Bass Fish company on the railroad dock, for more than a year, says the Fort Myers Press.

Chief Deam of the fire department is the possessor of a very valuable hen, especially during these days of high prices for eggs, the birdy having laid three eggs in one day. However, two of these eggs were not of marketable size and were found on the inside of the larger one, all three being in well developed shells.—Reporter-Star.

The handsome silver service which is to be presented to the battleship Florida, will arrive in Jacksonville Friday and will be on exhibition at Greenleaf & Crosby's store for a few days before it is sent to Pensacola, where it will be presented to the ship. The Florida's sister ship, the Utah, will accompany her to Pensacola.

Miami citizens held a meeting a few days ago to draw a color line as to what sections of the city the negroes shall live in.

The contract was let in Tampa a few days ago for the new ten-story building for the Citizens Bank and Trust Company. This structure will cost \$350,000, and will be known as an all-steel building. Work will begin on the 1st of January, the structure to be completed by April 15th.

Mr. Lee of St. Petersburg has been very successful in the cultivation of rice in this state, having averaged about 25 bushels of rice to the acre, and practically a ton of straw.

## HENRY BEATTIE DIES

Paid Penalty For Wife Murder In Electric Chair

Special to The Herald:

Before Henry Clay Beattie was led from the death chamber to the place of execution today he confessed the murder of his wife to the two ministers Reva H. A. Denis and J. J. Fix. Beattie was to have been executed at sunrise but the confession took up considerable time.

At 9:00 a. m. today Henry Clay Beattie paid the penalty of his crime of wife murder. No untoward incidents interrupted the proceedings and in the presence of the prison officials the ministers and a few newspaper men Beattie was launched into eternity.

Yesterday the prisoner spent in prayer and meditation and the same iron nerve was displayed during the day that has characterized his actions since his incarceration.

For a few brief moments yesterday Beattie broke down and it was feared his remarkable nerve and stoicism were about to desert him. This was when he took leave of his father and brother Douglas. When the carting came the son laid his head on his father's breast and sobbed convulsively. One arm was flung across his father's shoulder, and the other hand gripped that of his brother.

"Goodbye," he said and turned away. Neither father nor brother trusted to make reply but made their way from the penitentiary. When they entered it again it was to claim the body of their kinsman. Hazel, the eighteen year old sister of the prisoner, and his two aunts drove to the prison in a closed carriage in the middle of the afternoon. They were in the death chamber a trifle more than an hour. When they emerged Hazel was on the verge of collapse, while all three were violently agitated and the eyes of each were red with weeping.

Their entrance and departure were observed by a crowd of several hundred persons gathered to witness the rumored visit of Beulah Binford to the prison. The report proved to be untrue. The girl whose subtle power over young Beattie is said to have driven him to the killing of his wife has been discovered in New York.

After their execution this morning the body was laid to rest in Maury cemetery beside his wife.

### Pioneers At County Fair

The Orange County Fair Association has set aside January 31 as Home Coming day and the Orange County Pioneers' Association has been invited to participate in the exercises at that time and make it a day specially set apart for the old settlers scattered in all parts of the world, but who may be thus induced to return to their early home to enjoy the occasion.

### Tragedy At Yalaha

C. F. Perry is dead and F. H. Pantley, Jr. is seriously wounded, the result of a duel fought in the woods at Yalaha last Tuesday, in the presence of Pantley's wife, who was the cause of the trouble, and her father, T. W. Green, who had gone with young Pantley to search for Perry and the young woman when it was discovered that they had run off together.

### Circus Advertising Car

Car No. 2, advertising Spark's circus was here yesterday and every available space is being filled with glaring posters and bills. The small boy will now stand entranced as he gazes in open mouthed astonishment at the many wonders of the greatest show on earth.

### Weather Report

Rain followed by clearing tonight except fair in north-west portion. Cooler tonight. Cold wave north portion Saturday. Fair tomorrow in Celery Delta. Fine weather for lettuce. Sun will shine on the new mayor on Sunday.

### Dance and Dinner

A big Thanksgiving dance and dinner will be given at the new Hotel Longwood, at Longwood, on the evening of Wednesday, Nov. 29. Nowell's celebrated orchestra will furnish the music. Sanford people especially requested to attend.

### S. I. A. Meetings

The Sanford Improvement Association will hold a meeting at the residence of Mrs. J. N. Whitner, Monday afternoon, Nov. 27th. Each and every member of the association is urged to be present.

## ON BUILDING A CITY

More Tourists, More Building, More Business For Sanford

### RESULTS SHOW IN ADVERTISING

Commercial Club Will Play Important part in Sanford's Material Progress

At an early date President Lake will call a meeting of the Commercial Club to decide upon many measures of merit respecting the advertising, locating of factories, and other important features. There were several gentlemen in Sanford this week, looking over the situation as a location for one of the largest canning factories.

Already the plans of the secretary for advertising the city as a place of residence, are bearing fruit in many inquiries being received daily. The popular magazines will be used to interest new people and a fine lot of literature will be prepared to send them. The city will be advertised as never before, and every line of business will be stimulated as a result of the many peoples coming here in January and February. The campaign of advertising will be kept up all summer and in a year's time the wisdom of this move will become apparent.

### GREAT SELLING ARRANGEMENTS

Florida Vegetable Growers' Association Announcement

The Florida Vegetable Growers' Association announce to the members that they have secured, after weeks of hard work, good selling agents in the following cities: New York City 1 salesman, Boston 1 salesman, Philadelphia 2 salesmen, Pittsburgh 1 salesman, Cleveland 1 salesman, Chicago 3 salesmen, Minneapolis 1 salesman, Kansas City 1 salesman, St. Louis 1 salesman, Cincinnati 1 salesman.

In addition to the salaried salesmen, they have a corps of salesmen in the smaller markets numbering eighty, and have exercised the same care in the selection of these men as in the salaried branches. In every case they have demanded ability to sell, highest moral integrity and expert knowledge of the business. In every case the salaried branches, as well as the smaller points, the salesmen are bonded to the association, thereby securing against financial loss. In addition to the great value of having their own salesmen at every point to sell their products, they will have the double advantage of their own inspectors always on the ground to protect their interests in the case of rejected cars from any cause whatever. As to the claim department for overcharges and damage on account of improper refrigeration and delay, they have secured the services of two of the most expert claim men in New York and Chicago, who will give the most vigorous attention to any and all claims, and will support these claims by a rigid inspection at this end, as well as at destination. This advantage is of inestimable value to every shipper.

### Caught in Sanford.

The liberty of John Twine, the negro charged with shooting and dangerously wounding a negro woman several months ago, was taken away yesterday morning when Constable R. C. Whitten, of Sanford, rounded up the wanted man. He telegraphed the local sheriff's office that Twine was under arrest immediately after he had made sure of his prisoner.

The sheriff's office here had "caught a tip" that John had gone to Sanford. A warrant was mailed there to Constable Whitten, and soon the man was under arrest.—Times-Union.

### Banks Will Close

On November 30th, next Thursday, The First National Bank and The Peoples Bank will close, giving everybody a chance to eat turkey and forget about the overdrafts.

### New Telephone Directory

About December first The Sanford Telephone Co. will issue a new directory replete with information and very small space for advertising. This will be one of the best directories ever issued and those wishing space should look for the solicitor who will call upon you.

## CREMATED IN JAIL

Locked Up in Calaboose Prisoner Burned to Death

Dade City, Nov. 23.—Noah Green, a well known farmer who resides near here was cremated in the calaboose this morning by a fire, which he, himself, started. Green was arrested last night on a charge of drunkenness and duly locked up. About 3 o'clock this morning, beginning to get sober, Green began to feel cold, and, scraping what rubbish he could gather on the floor, set fire to it. The flames quickly communicated themselves to the wooden building, which burned like timber.

Locked up alone in the place Green found it impossible to escape and began to cry loudly for help. No one was on the streets at that hour but a citizen who lives near the jail hurried to the place. He arrived too late, for Green was then beyond human aid. The building was burned to the ground and Green's charred and shrunken body was found in the ashes.

Green leaves a wife and five children.

### Will Build The Bridge

When a good thing comes up in New Smyrna, everybody is for it. There may be a difference of opinion in political or matters, but when a matter of such great importance as building a bridge across the St. Johns river at a point that will not only benefit all sections of Volusia county, but the entire east coast, both north and south of us, as well as the interior counties in the middle and southern parts of the state—come up, the people will not let a small thing like the refusal of county commissioners to make an appropriation of one-half the amount required, stop the work.

It was decided by both Orange and Volusia counties and that the east coast ferry, near Osteen, was the best place for a bridge to connect the two counties. With this understanding, Orange has been spending her money at this point, until several thousand dollars have been spent. The Volusia county commissioners now refuse to co-operate with them, and if matters stand as they are now, and the bridge is built, Orange county will lose a large amount of money this year.

But the bridge will be built.

So says the board of trade and the people of New Smyrna.

Let's keep our pledge to Orange county to meet them half way—even if our commissioners do assume the position of our bosses, and refuse to do our bidding when they are really our servants.—New Smyrna Breeze

### Will Make Fish Oil

The Menhaden Fishing Company of Philadelphia, Pa., is making arrangements to establish a well-equipped plant at Ponce de Leon, a village close to Mosquito Inlet, on Halifax river, for the purpose of manufacturing oil and fertilizer from the millions of menhaden that can be secured in the ocean near by. By the 1st of December the company expect to have a ship at Ponce Park that has a capacity of 10,000 barrels of fish a day and carries a crew of ninety men. Also three fishing boats, a supply boat and a large number of employees—probably 175 in all. The largest vessel is to be used as a factory, being fully equipped for turning out the finished product; but if the experiment is satisfactory, a permanent plant will be erected near the inlet.

### Found Cox Guilty

Miami, Nov. 23.—After a trial lasting more than two weeks, the jury in the case of P. C. Cox charged with the murder of Miss Hattie Parcel, Wednesday night returned a verdict finding Cox guilty of an accessory after the fact, in attempting to conceal the crime by throwing the girl's body in the river. A motion for a writ of judgment and a new trial was immediately made.

The Parcel girl disappeared about the middle of last April, and two days later her body was found in the Miami river. Cox and two negroes were arrested in connection with the crime. The girl's father also was held by the police, but was released for want of evidence.

### Sanford For Spencer

G. W. Spenser was yesterday elected mayor of Sanford by a majority of 103 votes over W. D. Holden. The entire Spenser ticket went through.

The new mayor is a baker, and manager of the Sanford baseball club. Mr. Holden is a prominent real estate dealer.—Reporter Star.

## NEWS OF THE WORLD

Items of Interest Gleaned from Various Sources

### HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Joseph Pearson Caldwell, former editor of the Charlotte Daily Observer, died Wednesday morning, after an illness of two years.

Traffic came to a standstill in Atlanta Wednesday morning, when a ten-ton auto Gray ran over the toes of a tiny bare-foot negro newsboy. Such screaming had never been heard before. People three blocks away thought some terrible accident had occurred. Policemen came tearing from every direction, street cars stopped, and somebody telephoned for two or three ambulances, which came at the run.

Dr. Otto Schmidt, the cancer expert has applied for the Italian Marconi prize of \$20,000, offered for the discovery of a cancer serum. Schmidt asserts his ability to prove he has cured forty cases of cancer.

The bankers of New York city, who have been in session for several days discussing a plan to finance the cotton crop of the south and enable the farmers to hold for better prices, announce that they will advance \$50,000,000 to the growers.

"If the proposed National Reserve association plan becomes a law, it will provide an institution which will be able to extend credit in proportion to all the reasonable needs of business in this country, and at the same time, safe guard against the over-expansion of credit," declared Geo. M. Reynolds, president of the Continental and Commercial National bank of Chicago. While the proposed plan is not a wide departure from the present system, he said, it would correct the present plan's weakness and furnish the machinery for the natural ebb and flow of business, while it provides for centralizing the resources of the country. It did not provide for centralizing power.

Lillian Graham and Ethel Conrad, two New York show girls who shot W. E. D. Stokes, the millionaire hotel man and sportsman, were brought to trial today on an indictment charging them with having attempted to take his life. Two other counts charge assault.

Witnesses for the prosecution in the Los Angeles Times dynamiting case have been threatened with arrest having withheld repeated effects of agents of the defense to bribe them, declared William J. Burns, the detective in the case, in an address today before the state secretaries of the American Bankers' association.

Samuel Gampers, John Mitchell and Frank Morrison, American Federation of Labor officials, must stand trial in the supreme court of the District of Columbia on charges of contempt of court arising out of the Buck Stove and Range case.

Beulah Binford, the seventeen-year-old girl, for love of whom Henry Clay Beattie, Jr., alleged to have killed his young wife, is said to have reached Richmond. Denial is made by the police that this is so, but several persons are said to have recognized her on the street. It is reported members of the Beattie family are afraid the girl will make a scene at the simple funeral that has been planned. Search for her is being made.

### Boys Played Good Game

The Sanford High School team played the Orlando team on Wednesday the score being 6 to 8. The game was a very pretty one and was witnessed by a good crowd. The people here are not so great football fans as baseball fans but are becoming more interested in the great game. The Reporter-Star, has the following regarding the game:

The football game between Orlando and Sanford yesterday afternoon resulted in a tie—six to six. It was stubbornly fought all the way through and while our boys were faster, they were also lighter and thus had odds to work against. One of the star players of the Orlando team was Ferris Keller, whose rapid and intrepid work was of a high order. A fairly good crowd witnessed the game and cheered the home team to the echo. A return game will be played on the gridiron here on the 30th—Thanksgiving Day, when it is more than likely that our people will turn out en masse and see our boys do themselves proud.
