

# Childhood Fantasy Rules This Town At Christmas

**CHRISTMAS VILLAGE, Torrington, Conn.**—(UPI)—When Christmas time rolls around, Torrington ceases to be an industrial center and becomes a little world of childhood fantasy instead.

The Yuletide spirit took hold this year on Sunday, Dec. 7, with the opening of Christmas Village where Santa Claus and his elves are greeting thousands of kids and grownups from near and far.

Every day, until Santa leaves Christmas Eve on his very important journey, the jolly old gentleman is "at home" to all.

He sits on a glittering throne near a crackling fireplace surrounded by all kinds of toys and stuffed animals. He chats gaily with the youngsters who call on him, and listens sympathetically to their secrets.

In a nearby room are his elves hammering, painting and decorating thousands and thousands of toys that must be ready for delivery by Christmas Eve.

As they work, they talk with the children, answer their endless questions, show them where they sleep and eat. The walls and ceiling of the workshop fairly drip with toys, gay decorations and tinsel.

The elves, with their stocking caps, pointed green shoes and fuzzy hoods, look the same as they do in the story books.

From the workshop, it's only a stone's throw to the Christmas Village corral. That's where Santa's reindeer—all eight of them—are kept in readiness for Dec. 24.

In a little pink house, the Rudolph the Red-Nosed Reindeer and in a smaller pink house a baby reindeer—Snowflake.

A muted carillon arrangement of "Joy to the World" leads the children to the creche, where the nativity scene is depicted with near-

ly life-size figures of the Holy Family. The animals, the Three Kings, the angels and the Guiding Star—all are there.

This year more than 50,000 youngsters and adults are expected to visit Christmas Village. Only local residents are permitted during the first week. But after that, everyone is welcome.

A special day—Telephone Day—is set aside for children who cannot visit Santa in person. And there's also a "Hospital Day," when Santa and his elves visit the shut-ins at Charlotte-Hungerford Hospital here.

Christmas Village is in its 11th year. It is a project of the Torrington Park and Recreation Department and was conceived by program director John Borzenski.

He thought of the idea to show the people his gratitude for their many kindnesses while he was seriously ill in a hospital.

# Telephone Book Is Bank To Some People

**PITTSBURGH**—(UPI)—"My money... the \$150... it's in the book. The book your man just picked up today."

The Pittsburgh housewife gasped out the words over the telephone in an official of the Reuben H. Donnelly Corp., which holds a contract to distribute directories for the Bell Telephone Co. throughout the country.

The official assured the woman that every effort would be made to find the money. It was when it was returned to her, she waved the wad of bills triumphantly and cried:

"It's a good thing I'm systematic. I had the bills stashed in the yellow page under 'Banks'."

Donnelly officials say subscribers lose small fortunes and valued keepsakes each year when their telephone book "vaults" are turned in.

One Donnelly collector had barely left a home when its paralytic resident caught up with him.

"Gimme the book—my book," the man screamed.

Seizing the directory, the man shook it. Out floated 80 crisp \$20 bills, which the subscriber stuffed into his pockets. He was whistling as he walked away.

Telephone books have been the repository for marriage licenses, stock certificates, love letters, army discharge papers and even baby formulas.

Samuel E. Phillips, general commercial manager of Bell, who supervises overall distribution, spared no effort recently to help a "sweet old lady."

"She called urgently," Phillips said, "saying she had left some pictures that were keepsakes. The pictures could not be replaced and she pleaded with us to find them."

"After hours of laborious digging through stacks of books, we found the pictures. We called the woman with the good news and asked her to pick them up at the office."

"That was two months ago. The 'keepsakes' are still waiting for her." He shrugged.

# 1959 Will Be Very Good For Economy

**NEW YORK**—(UPI)—The year 1959 is expected to be a very good one for the nation's resurgent economy.

Leading economists see no boom development in 1959, but they are confident the post-recession recovery which began in 1958 will continue through the new year.

The consensus is that higher personal income, increased government spending, a record level of construction and a shift back to inventory accumulation will exercise powerful forces for expansion.

Many economists also believe that inflation will be arrested in 1959, making most of the anticipated gains in economic activity real rather than illusory.

Although the economy will rise steadily through 1959, the new year will not be without its problems.

Competition for the consumer's dollar will be keen and industry will be faced with a continuing profit squeeze.

The level of unemployment is expected to decline slowly and the Federal Reserve Board's tight money policy—which makes it more expensive to borrow money—may have some effect on housing starts later in the year.

Despite these problems, economists surveyed by United Press International are convinced 1959 will witness "a sound business recovery along a broad front."

The gross national product, the dollar value of all goods and services purchased in the nation, is slated to rise around eight per cent in 1959 to a new all-time high of \$472 billion. Some economists look for an even greater increase.

In 1958, reflecting the recession which stalled industry in the first six months, the GNP declined to \$324 billion, about four billion dollars below 1957.

The biggest gains in 1959 are looked for in industries hardest hit by the recession, including automobile, rubber, steel, copper, aluminum, appliances and railroad.

The construction industry, which countered the industry trend in 1958 by operating at record levels, will do even better in 1959. The volume of new construction in 1959 may rise another three billion dollars to a new peak of almost \$3 billion.

The auto industry, which accounts directly and indirectly for one out of every seven jobs in the country, is highly optimistic that its 1959 model cars will sell well.

The anticipated improvement in auto sales—from 4,500,000 units in 1958 to 5,500,000 or more—will benefit a long list of supplier industries, including tires, paint, textile, glass and steel.

Sparkling the growth of the economy in the coming year will be the nation's 125 million consumers who account for almost two-thirds of all the goods and services sold each year.

Economists anticipate that consumers will spend close to \$200 billion in 1959 for everything from automobiles to haircuts. That would be a gain of about \$17 billion over 1958.

The groundwork for this increase in consumer spending will be laid by an estimated 5.7 per cent increase in personal income, reflecting higher wages and salaries, longer hours at the job and rising employment.

Disposable income what consumers have left after paying their taxes, also will rise 5.7 per cent to a new peak of \$328 billion, which

# Pro League Breaks Attendance Record 7th Straight Year

**United Press International**

The National Football League recorded its first attendance total of more than three million in 1958 while breaking its record for the seventh straight year.

According to crowd figures released at the 77 regular season games, the professional circuit attracted 3,185,170 customers this year. This figure includes a few thousand fans who sat in on complimentary tickets but Commissioner Bert Bell's final official count of paying spectators should top three million. The 12 clubs drew 2,862,518 last year.

The individual crowds for the final week end of the regular campaign: Browns—Giants at New York 63,192; Rams—Packers at Los Angeles 54,634; Colts—Forty-Niners at San Francisco 58,224; Eagles—Redskins at Washington 22,821; Cardinals—Steelers at Pittsburgh 16,660.

Production of plastics totalled four billion, 347 million pounds in 1957, up seven per cent over 1956.

# Washington Window

**WASHINGTON WINDOW**  
By LYLE C. WILSON

**WASHINGTON** (UPI)—The political beat where I work is more noise than substance just now so I've been browsing again in the little volume of the collected writings of my father, the late Harold D. Wilson.

My father used to write a column in Arthur Capper's Topeka Daily Capital. He often wrote about a character he called "The Worried Man." My father was a good man and he really wasn't worried much. He used to write and mean it, and he was perfectly reconciled—would be wholly satisfied—he had just could succeed in being a good average man.

He was, in fact, way above average. He never tasted alcohol in any form, but he was not a prohibitionist. He did a little much, but he had a pipe and old Carrie A. Nation, a bottle-as if ever was, stormed into the office one day and beat up his pipe with her hatchet. My father thought that was funny and wrote a piece about it for his column.

Reasons for Worry

But the piece I am borrowing today is one he wrote about "The Worried Man." My father knew what men worried about. This is the piece:

"I frequently wonder how it is that I hold my job. If I had the time, when I receive my check at the end of the week, I expect also to get a note informing me that my services are no longer needed; that it is time for me to hunt a new job. There may be no real reason for this, but I cannot get over the feeling. I do my best with the tasks that are assigned to me, and try in every manner to please my employers. But in spite of all I can do, I am continually meeting people who tell me how my work should be done.

"They tell me that I did this thing wrong, and that I fell down miserably when I attempted to do something else. They are continually pointing out errors of judgment and telling me how much better things could have been done. I am painfully aware of the deficiencies in my work, but I find that my wise friends are onto my failings in better shape than I am. It is on this account that I wonder so frequently how it is that I manage to hold my job. I meet so many people who are doing nothing, and who tell other people how much better they could do my work, that it is a constant source of surprise to me that my employer does not give

# Four Fingers Lost By Man, Daughter

**TAMPA** (UPI)—A young father and his 2-year-old daughter each lost two fingers Wednesday in the whirling blade of a power mower.

Dominic Bianchi, 29, of nearby Riverdale, was mowing grass at a motel when his daughter, Linda, 2, stuck her hand in the mower.

Bianchi tried to free his daughter's hand from the machine, but before he could pull it out, the blade lopped off two fingers on both his and his daughter's left hand.

The brain of the average human male weighs 1,400 grams, or 49.3 ounces, according to the Armed Forces Institute of Pathology. The average female brain weighs 125 grams less.

# Ole Archie Named 'Fighter Of Year'

**NEW YORK** (UPI)—Light heavyweight champion Archie Moore, the ring's marvellous Mongoose, was named "Fighter of the Year" today by the Boxing Writers' Association.

The BWA unanimously voted him the annual Edward J. Neill Award for outstanding contributions to the sport during 1958. His greatest contribution was last week's heroically dramatic defense against Canadian Yvon Durelle at Montreal.

When informed of his selection, Archie declared, "Oh, great! All my life I've been fighting toward this. It's the richest reward of my career."

The writers also voted the James J. Walker Memorial Award for long and meritorious service to Brooklyn's Sam Taub, once secretary to the famous Bat Masterson and long-time boxing writer and radio announcer. He has been the association's recording secretary nearly 30 years.

Moore, 42 or 43, and Taub, 72, will receive their plaques at the writers' dinner next month.

# Cuspidors Donated

**MONTPELLIER, Vt.**—(UPI)—The Statehouse here has 261 cuspidors but nobody knows where they came from.

Official records don't mention the nickel-plated brass bowls, which are polished every two years when the State Legislature meets.

# Boy Baking Champ

**ORONO, Maine**—(UPI)—The new cherry pie baking champion at Orono High School is 17-year-old Leonard L. Comeau, a varsity football player who won the title against the girls in his home economics course only two weeks after baking a pie for the first time.

## Southern States To See Atlas, Record Baby Moon

### Satellite May Broadcast Ike's Voice From Space

WASHINGTON (UPI) — President Eisenhower's voice may be beamed on earth stations from outer space today.

A recorded presidential statement was believed to be stored in a tape recorder in the gigantic Atlas satellite hurried into an orbit from Cape Canaveral, Fla., Thursday night.

### Reds Ridicule Plan To Defend Berlin

BERLIN (UPI) — The Communist organ Junge Welt ridiculed the Atlantic Pact as a "paper tiger" today, and challenged the right of the Allies to defend West Berlin.

The red publication scoffed at the NATO Council's unanimous decision in Paris this week to reject Russian demands for Western abandonment of the Communist-encircled city.

"One is forced to think of the words of Mao Tse-tung, who described imperialism as a paper tiger," Junge Welt said. "Imperialism is outwardly fearful and frightening, but inside weak and hollow."

"No military threat will prevent the carrying out of the measures announced by the Soviet Union (the transfer of control over the sector of Berlin to the local Reds). Those gentlemen who spoke such hard words in Paris certainly must know that an attack on the German Democratic Republic would be suicide."

The Communist-published Berlin Zeitung charged that unemployment is increasing in West Berlin because German businessmen are afraid to risk their capital in the threatened city.

The Zeitung said the situation can be improved only by surrender to Soviet demands for the conversion of West Berlin into an undefended "free city."

### Children To Tour Stores In Sanford

Fourteen children from the Lutheran Home in Slavia will roam through Sanford stores Monday afternoon, as they purchase Christmas gifts for each other with money from the Jaycee Christmas parade balloon sale.

With five dollars each to spend, the youngsters are expected to try out every merchant in town. They will be escorted by 14 level-headed advisors from the Jaycees. The advisors have been advised to keep mum on the advice, unless the purchase exceeds the amount in the child's hands.

The Jaycees netted \$145 from the sale of 780 balloons during the parade. The remainder of the proceeds will be turned over to the Lutheran Home, where plans have been made for its use in Christmas fun.

The group will meet at the Sanford Civic Center at 2:30 p. m. and try out every merchant in town. They will be escorted by 14 level-headed advisors from the Jaycees.

### Yule Trees Going, Jaycees Declare

Mason Wharton, Jaycee Christmas tree chairman, reported today that sales on the Jaycee lot are going very well.

"In fact, we have already sold one-third of the trees, and expect to sell out this week-end," he said.

Wharton urged Sanford residents to get their trees as soon as possible, and avoid the "picked-over look."

The Jaycee lot on French Avenue, between Fourth and Fifth St., also holds the incomplete information building. The structure will be finished with proceeds from the Christmas tree sale. The lot is open from 10 a. m. until 9 p. m. Jaycees and members of the Jaycee Wives Club are in charge of sales.

### Local Boy Makes Baylor Honor Roll

A Sanford boy is among those distinguished list for scholastic achievement at Baylor School for Boys, Chattanooga.

Frank Scott, son of Mr. and Mrs. F. D. Scott, has maintained an average of 90 or better in all subjects during the current four-week period.

### Atlas Can Be Seen Only 35 Men Knew; 'Launcher' Didn't

WASHINGTON (UPI) — The Defense Department announced that the giant U. S. Atlas satellite can be seen by the man in the street in 10 American cities before night-fall today.

The Pentagon said the satellite will make three passes over the United States during this afternoon and gave this schedule for the afternoon: (all times eastern standard):

In the first of these passes, its 12th orbit, it will be over New Orleans at 1:30 p. m. and Jacksonville, Fla., about 2 p. m., moving from west to east.

On its next pass, about two hours later, the satellite will be seen over El Paso, Tex., at 3:40 p. m.; Abilene, Tex., 3:51 p. m.; Dallas 3:53 p. m.; Shreveport, La., 5:54 p. m.; Jackson, Miss., 3:56 p. m.; Pensacola, Fla., 3:58 p. m.; Tallahassee, Fla., 3:59 p. m.; and Jacksonville again 4 p. m.

The satellite's next trip over the United States will be over lower California and it is expected to be visible low on the horizon in the San Diego area about 5:25 p. m.

### Soviet Is Warned Of Nuclear Arsenal

PARIS (UPI) — Gen. Lauris Norstad, NATO supreme commander, warned the Soviet Union today that West will not hesitate to hit back with nuclear weapons if Russia attacks.

"There must be absolutely no misunderstanding about the determination of this alliance to use nuclear weapons in case of aggression," Norstad said. He addressed the assembly of the seven-nation West European Union which is holding a four-day session here.

Norstad said the "shield" forces under his command are designed to force the enemy to pause and consider after launching his initial attack.

"This pause coming shortly after an action is started, is designed to force an enemy to stop and consider his decision and when he takes it he must do so in the full knowledge that he risks total annihilation, because we are determined to use all the forces at our disposal," he said.

The general's words added emphasis to the NATO communique expressing the West's determination to stand firm against the Soviet threat to push the West out of Berlin.

### Derby's Top Crew To Appear On TV

Winners of the recent Heavy Attack Wing One bombing derby will appear on television Monday at 7 p. m. The program will originate from Channel 2, WESH-TV.

Appearing before the television audience will be Cdr. Floyd L. Harris, commanding officer of Heavy Attack Squadron Nine, Cdr. Harris will discuss the history of Naval Attack Aviation, and its vital importance to the security of the United States.

Cdr. Harris will introduce the winning crew Lt. Tom Killeen, plane commander, Raymond Little, bombardier-navigator, and Keith Schmitt, third crewman. These men won the coveted individual crew awards for their performance during the derby. They are all members of VAH9.

Lt. Killeen was commended recently by Harris, who said, "Tom has done an outstanding job not only in his professional performance as a pilot, but also in the training of his crew."

### Monday Deadline To Enter Contest

The Jaycee Christmas Lighting contest has been designed to allow more Sanford residents an opportunity to enter this year.

With the breaking down into specific classifications of the residential entries, almost any house is eligible provided the contestant has followed two simple rules. The display must be seen from the road and be completed before the entry blank is submitted.

Monday is the deadline for entries. Judges hope to announce the winners before Christmas. The awards will be made at the first Jaycee meeting of 1959. Prizes will be \$25 savings bonds given by the Florida State Bank, Sanford, and Florida Power and Light Co. and The Sanford Herald. Second prizes of 10 river dollars each will be given by the Florida Jaycees.

The commercial winner will power and Light Traveling Property for one year.

Chairman Carlton Bliss said today, "While many entries are coming in, we would still like to see everyone who has made any effort to decorate enter the contest. Many who think their displays are not worthy of mention are the very ones with the most originality," found to appeal to the judges.

Judges will be Miss Florence Wright, Mrs. Viola Williams Jr. and Joe Mathews.

### News Briefs

**Goldfine Convicted**  
WASHINGTON (UPI) — Boston industrialist Bernard Goldfine today was convicted of contempt of court in an income tax case in Boston.

**'Gift' Not Wanted**  
ATLANTA, Ga. (UPI) — The Georgia Revenue Department is mailing out state income tax forms now to take advantage of the holiday reduction in postal rates.

**Won't Visit Russia**  
WASHINGTON (UPI) — The Atlas satellite launched Thursday night will not travel over Russian territory, a Defense Department spokesman said.

**Reds Report Atlas**  
MOSCOW (UPI) — Moscow Radio and the official Tass news agency today reported the successful launching of the U. S. Atlas missile without comment.

**Regulus Is Scrapped**  
WASHINGTON (UPI) — The Navy's supersonic Regulus II today joined two other missiles abandoned by the Defense Department in three weeks as an economy measure.

**Atlas 85 Feet Long**  
WASHINGTON (UPI) — The Atlas satellite being launched today is 85 feet long and 10 feet in diameter.

**Racing Revenue Off**  
TALLAHASSEE (UPI) — State Auditor Bryan Willis reported today the state Racing Commission collections during the past year declined some \$145,127 over the prior collection period.

**Bases To Close**  
MIAMI (UPI) — The nearby Ops Locks Naval and Marine Air Base and the Jacksonville Naval Air Technical Training Center will be shut down in the latest of a series of Navy cutbacks.

**KIST During Yule?**  
SANTA BARBARA, Calif. (UPI) — From its 100-foot transmitter tower decorated with an eight-foot holly and mistletoe wreath, radio station KIST is displaying a sign inviting its listeners to "get KIST this Christmas."

**Little Car Is Lost**  
MIAMI (UPI) — Robert H. Bate is still looking for his little foreign car which he parked for a 31 fee in someone's backyard last Saturday night while he attended a football game. He can't find the house.

**Atlas Life 20 Days**  
CAPE CANAVERAL, Fla. (UPI) — The Atlas satellite will live only 20 days because part of its swing around the earth is through thin atmosphere.

**More Concentrate**  
WINTER HAVEN (UPI) — C. C. Rathbun, executive secretary of the Florida Citrus Assn., says 17,000 tons of concentrate output during the 1957-58 season exceeded the previous season by some 35 per cent.

**Two, Counting Down**  
CAPE CANAVERAL, Fla. (UPI) — The wife of missioner Tom Skelley of McKeasport, Pa., was having labor pains during the launching of the Atlas missile Thursday night.

Asked how many children he had, Skelley replied, "Two and counting down."

**Nervous? Try Ham, Specialist Advises**  
JACKSON, Miss. (UPI) — Nervous try ham, not Milton, says Roy Calver, pork marketing specialist at Alabama Polytechnic Institute.

According to Cavender, one serving of ham will provide 88 per cent of the daily thiamine needs of the average person. It's the thiamine content of tranquilizers that calm jittery nerves, he said.

**Best Yule Delivery**  
WASHINGTON (UPI) — Postmaster General Arthur E. Summerfield said today all reports indicate "this will be the best Christmas mail delivery in our history."

**Pierro Plans Party**  
Pierro Manufacturing Co. employees and their families will enjoy a turkey dinner tomorrow night during the annual Christmas party.

The party will be held at the American Legion but at 7:30 p. m.

**Presses Still Silent**  
NEW YORK (UPI) — No break was in sight today in the 10-day-old delivery strike which has held the presses of New York City's nine major newspapers since Dec. 10.

**Best Yule Delivery**  
WASHINGTON (UPI) — Postmaster General Arthur E. Summerfield said today all reports indicate "this will be the best Christmas mail delivery in our history."

### Mass-Killer Loses; Will Die March 27

LINCOLN, Neb. (UPI) — The Nebraska Supreme Court today upheld the first-degree murder conviction of mass killer Charles Starkweather and set March 27 as the date of execution.

Starkweather admitted to slaying the child who shocked the nation last January with a savage murder spree, had originally been scheduled to die Dec. 17. He was executed May 23 and the jury specified the death penalty.

Starkweather admitted to slaying the child who shocked the nation last January with a savage murder spree, had originally been scheduled to die Dec. 17. He was executed May 23 and the jury specified the death penalty.

Starkweather admitted to slaying the child who shocked the nation last January with a savage murder spree, had originally been scheduled to die Dec. 17. He was executed May 23 and the jury specified the death penalty.

Starkweather admitted to slaying the child who shocked the nation last January with a savage murder spree, had originally been scheduled to die Dec. 17. He was executed May 23 and the jury specified the death penalty.

### Plains Get Snow, Sub-Zero Readings

A fresh blast of snow and sub-zero temperatures pushed into the northern plains late Thursday, whipped along by 30 to 40 mile-per-hour winds.

The Chicago weather bureau issued cold wave warnings for most of the Midwest north of the Ohio River as cold north winds overran with a southerly flow of air.

The cold Canadian air churned up snow at many points along the northern tier of states, as well as rain at some points where a brief respite from record cold had developed.

New snow — measured at three inches early today — continued to fall in Minnesota, the Dakotas, Wisconsin and Michigan. As much as six inches was forecast for Minnesota.

In the mid-Mississippi Valley, as yet untouched by the approach of cold blasts, residents enjoyed the most pleasant night conditions in weeks. A warning southerly flow of air moved across the area with temperatures in the 40s.

### Motorist Spared Hike In Insurance

TALLAHASSEE (UPI) — Florida motorists have been spared another auto liability insurance rate increase—at least for the time being.

State Insurance Commissioner J. Edwin Larson Thursday turned down a request for rate boosts totaling 38.9 per cent. The request was filed by the National Bureau of Casualty Underwriters.

Larson denied the increase because the Bureau produced no evidence of the loss experience of companies in its organization, which make up less than 50 per cent of the companies in Florida.

"Necessarily the experience of other companies in this state writing the same type of insurance is evidence only the loss experience of companies in its organization," Larson explained.

The Bureau had asked an increase of 32.6 per cent in bodily damage insurance and 22.4 per cent in property damage.

The insurance Commissioner maintained this was not the first time he has denied a hike in auto liability insurance rates, but it was the first time one has publicly been announced as rejected.

### Bomarc Launched; Seeks Jet Drone

CAPE CANAVERAL, Fla. (UPI) — An officer, 1,500 miles away pushed a button today and set a winged Bomarc missile out over the Atlantic in search of a jet drone.

The Bomarc roared up from the cape almost at the stroke of noon. It rose in a swirl of white smoke, its wings flapping in the high above the Florida coast. It angled outward and left a vapor trail as it hit cold air.

Its mission was to track down a single engine F-80 jet modified as a pilotless drone.

It was the sixth in the test series of the Semi Automatic Ground Environment system (SAGE). In the system, radar spots the target and feeds the location and speed to a huge computer which in all age tests is located in Kingston, N. Y. An officer there pushes a button which launches the air-breathing missile here.

### Four-Ton Satellite 'On Course' Today

CAPE CANAVERAL, Fla. (UPI) — An American satellite weighing nearly 4 1/2 tons circled the earth today, apparently ready to broadcast on cue the voice of President Eisenhower.

The Defense Department announced at 12:30 p. m. today that the Atlas satellite is "moving satisfactorily on course." It said it should be visible in three passages over the southern states this afternoon.

The mighty Atlas satellite was a double propaganda victory for the United States. It showed the ability of American science and technology to downgrade previous estimates of Russian rocket power.

The 4,000-pound satellite roared into the skies at 6:02 p. m. e.s.t. Thursday. It was a bull's-eye on the very first try by the Air Force. An automatic guidance system, in use for the first time on a satellite, shined perfectly, and the Atlas was guided, rather than thrown, into exactly the orbit path that had been planned.

The Atlas carried in its nose cone a communications system designed to record messages from stations on the ground and play them back at a specified time. The Defense Department hinted strongly that President Eisenhower's voice might be one of the first relayed back from space.

Long An Bus

The new satellite measures 85 feet long, twice as long as the average highway bus. It outweighs Russia's Sputnik II, which weighed 1,120 pounds, and Sputnik III, which weighed 2,925 pounds.

Scientists said the big assembly should be plainly visible in the southern part of the United States, shining most brightly at dusk.

The firing mislead speculation that this country is nearing the point where it could put a man into space. Some scientists pointed out that the United States now has that capability, but the problem still is how to get the space traveler back alive.

### Bulgarian 'Squeals' Gets Off Hot Seat

MOSCOW (UPI) — Nikolai Bulganin appeared today to have taken much of the heat of the "anti-party" charges against him by making a full confession and contributing to the case against his fellow miscreants.

No such pleas were reported to have been entered by other former leaders accused of trying to subvert Premier Nikita S. Khrushchev's plans to reorganize heavy industry, increase farm production and take other steps to improve the welfare of the Soviet people.

Bulganin, who had been under heavy fire from Khrushchev and other Communist Party leaders as a member and possible leader of the anti-party group, confessed all in a speech Thursday in the party's central committee.

Saw He Errors

The former Premier said he opposed party policies while serving as "nominal leader" of the group but that he had since seen the error of his ways.

Bulganin's speech abounded with damaging epithets against the other members of the group — Y. M. Molotov, former premier and foreign minister; former Premier Georgi Malenkov, former Presidium member Lazar Kaganovich and former Foreign Minister Dmitri Shepilov.

Bulganin's words damned Malenkov as an "intriguer capable of all kinds of frauds; criticized Shepilov as a man separated from life and the people; called Kaganovich a phrasemonger who impeded work with his confused speeches.

### Whistling In Dark Did Him No Good

MADISON, Ind. (UPI) — Prisoner Walter Smith likes to whistle while he works.

Trouble with Smith though, he was whistling in the dark while hunting the floor of his cell with a bent wire guard Charles Flanagan, attracted by the whistling, caught Smith redhanded.

### Group Trying To Start County Humane Society

Interested persons will meet Jan. 15 to discuss the formation of a Seminole County Humane Society.

Attending the meeting will be starvin Hellman, director of the Orlando Humane Society.

Hellman will explain methods of incorporating such an organization, which will serve the entire county. Backing the society are Dr. Raymond Bass and Dr. Jim Foley, veterinarians; Val Robbins, county health unit; Mrs. Arnold Hood, Sanford Zoo supervisor; Warren E. Knowles, city manager; Mrs. Ernest Cowley and Mrs. Constantine DeWolfski.

According to Mrs. Cowley, the first project planned by the society would be the inoculation of all stray dogs for rabies. The organization would provide shelter and new homes for strays, and check on mistreatment of animals in the county.

At the present time, the city has only a part-time dogcatcher, who picks up animals on police reports. The proposed humane society has been supported by the sheriff's department and city police.

Temporary shelter (rent free) is needed for the animals. Mrs. Cowley has requested an empty barn from a volunteer anywhere in the county. After the initial meeting, plans will be formulated for a fund drive to defray expenses of the humane society.

The time and place of the meeting will be announced.

### Airman Given Life For Arsenic Death

DENHAM, England (UPI) — A U. S. Air Force court martial today sentenced M. Sgt. Marcus M. Marymont, 37, of Hobbsville, N. C., to life imprisonment for the premeditated arsenic murder of his 43-year-old wife.

The 14-man court took almost two hours before returning the sentence of life imprisonment at hard labor for the dapper sergeant. The sentence also carried a dishonorable discharge and forfeiture of all pay and allowances.

The court late Thursday found Marymont guilty of poisoning his wife, Mary, with arsenic and committing adultery with Mrs. Cynthia Taylor, a 24-year-old English woman.

The American serviceman, a Korean War veteran, could have been sentenced to death on the murder charge.

Marymont, 37, had been in England since he was discharged from the army. He had been in England since he was discharged from the army.

Marymont, 37, had been in England since he was discharged from the army. He had been in England since he was discharged from the army.

### 'Turncoat' Soldier Coming Back Home

HONG KONG (UPI) — American turncoat soldier Richard G. Corden of East Providence, R. I., returned to the free world today after five years in Communist China and admitted he was homesick.

Corden, a former sergeant first class, refused repatriation after the Korean War. He crossed into the crown colony wearing a light blue overcoat, a white scarf and a loud blue tie.

He told newsmen who met him at the frontier he wanted to be home for Christmas. He denied, however, that he was disillusioned with communism.

"I'm very impressed by communism," he said.

He admitted that he was a "blatant man in the POW camp at Panmunjom" in Korea but denied being a leader of the turncoats.

Corden, the 30th of 21 American who chose communism to change his mind about coming home, denied he was a member of the Communist Party.

### Crows Gotta' Go; Rock 'n Roll Used

MEMPHIS (UPI) — Farmer Charles H. Aldridge III uses rock and roll music to scare crows out of his orchard in Mississippi.

Aldridge said a crow "is the same in a pear as a bull weevil is to cotton."

Aldridge, who operates a 400-acre farm in Wilcox, Miss., came here for the "Plant to Prosper" farm rally, and said he had had to do something about the crows.

He setup a public address system with amplifier, three trumpet speakers spaced about the grove, and a couple of miles of wire. Then he plugged in a radio station.

Asked what was the best "crow scarer" Aldridge said, "Rock and roll records are terrific."

### Los Angeles Says It's Second Now

LOS ANGELES (UPI) — Population of the metropolitan Los Angeles area has surpassed Chicago by 33,000, making it the second largest city in the nation, the Los Angeles Chamber of Commerce announced.

According to figures compiled by the chamber, there are now an estimated 6,430,000 persons living in the Los Angeles area, compared with 6,397,000 in Chicago. The New York metropolitan area has 14,500,000 residents.

Los Angeles has 14,500,000 residents.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	2	1-15
Monday	John	1	1-18
Tuesday	Galatians	4	1-7
Wednesday	Isaiah	7	10-16
Thursday	Luke	2	1-24
Friday	John	1	19-24
Saturday	John	1	35-51

## The Sandman Came First

She thought she'd wait up for Santa. The sandman came first. But she'll have no regrets when she wakes up tomorrow. Christmas is so wonderful, it doesn't really matter whether you heard the reindeer's hoofs on the roof or saw the jolly old elf open his pack. Like the heart of Christmas, it's not important that we weren't at Bethlehem... we didn't see the star... we didn't kneel at the manger. We can even erase the years when Christmas has found us tangled in tinsel and asleep to God. For Christ is born! The hopes and fears of all the years have melted into one eternal Truth. A gift is ours when we awake to discover it, reach for it, cling to it. The Christ men worship in their churches and homes is God's gift to you and me.

The Woman's Angle

By Elizabeth Ashby
While working with her husband in the mountains of Alabama...

missions from the presiding bishop of the Episcopal Church. They had to serve for another two years before they could be married.

Along with missionary work the young couple taught school and performed other numerous tasks for the people of the community.

Anna Miller Circle Has Holiday Dinner

Approximately 150 persons attended the annual Christmas dinner of the Anna Miller Circle Wednesday night at the Elk's Club annex.

Christmas berries decorated the tables. Favours of small green Christmas trees sprinkled with glitter were placed at each plate.

Church Calendar

Pincrest Baptist Church Carol Choir Christmas caroling at 7 p. m.

Christmas berries decorated the tables. Favours of small green Christmas trees sprinkled with glitter were placed at each plate.

CPO Wives Club Elects New Officers At Wednesday Meet

An election of officers took place at the meeting of the CPO Wives Club Wednesday night.

Mrs. Marie Marshall was re-elected president for the coming term. Others were: vice president, Mrs. Ray Roloff; secretary, Mrs. Charlotte Aeder; treasurer, Mrs. Elizabeth Bellefeuille.

Naval Air Station: Mrs. Rita DeJong, Hatwing One; Mrs. Margaret Johnson, Fasron 31. Retired personnel will be represented by Mrs. Bernice Boynton.

Cantata Scheduled

The annual Christmas music program of the First Baptist Church will be given Sunday night at 7:30 p. m.

The program will be presented in the form of a compiled cantata, telling the familiar Christmas story with familiar Christmas music. The music will be sung by the Church Choir. Members of the Concord Choir will join the adults for several selections.

Winsome Class Has Christmas Party

The Christmas party and regular business meeting of the Winsome Class of the Pincrest Baptist Church Sunday School was held at the home of Mrs. Volie Williams Jr. Dec. 14.

Mrs. Doris Elmore and Mrs. Suzie Barron were co-hostesses. A short business meeting was conducted by Mrs. Mary Elmore, vice president. It was decided that the class would contribute to the Lettie Moon Christmas offering.

After the business meeting was adjourned Mrs. Jewel Riser gave a review of the book, The Fourth Wise Man. Games were played and gifts were exchanged.

Local Auxiliary And Post Have Holiday Party

VFW Post 3282 and the Auxiliary held the annual Christmas party for members and their families Dec. 14 in the Post Home. There were 95 people present.

The women prepared food of turkey and all the trimmings placed in fancy covered dishes brought by the members. A guest, Mrs. Mae Jarvis, Ely, Minn., played Christmas carols on the piano as the children sang. Mrs. Jarvis is a member of the Auxiliary in Fort Ely 2712. She is the sister of Mrs. Eina Norman, a member of the local auxiliary.

After the dinner Mrs. Norman was suddenly ill and was taken to the hospital. Everyone extends wishes for a quick recovery to Mrs. Norman.

The balance of the afternoon was spent with Santa Claus distributing toys, fruit and candy to the children. Everyone had a good time.

Auxiliary Has Party

A Christmas party combined with the regular business meeting was held Tuesday night by the VFW auxiliary.

The president Mrs. H. C. Dabrow conducted a short business meeting in order to enjoy the social afterwards. Mrs. Myrtle Burger, chairman of the social, served a delicious repast of tuna salad, cheese sandwiches, pickles, cranberry sauce, hot coffee and cherry pie. The table was covered by a white Christmas cloth. Red poinsettias and green and red candles made a gay centerpiece.

Christmas gifts were numbered and placed under a decorated tree. Mrs. Burger gave each woman a Christmas card with the corresponding number of a gift. Mrs. Dabrow also gave everyone a gift. Christmas carols were sung by the fireplace, completing an enjoyable evening.

The president announced that the next meeting will be held on Jan. 6. She extended her best wishes to the group for a happy holiday season.

The women prepared food of turkey and all the trimmings placed in fancy covered dishes brought by the members. ## Reds Give Us Choice: Deal, Fight, Starve

Communists have proposed a three-way choice for the Allies in Berlin. All are unacceptable.

A member of the powerful Soviet politburo, Moscow Radio and East German leaders all are singing the same tune: deal, starve or fight. Politburo member Albert Norden yesterday told the U. S., Britain and French defenders in West Berlin that there is no alternative to local Communist control of that city's land, water and air lifelines.

Norden said that Russia had made a decision to hand over control of Berlin to East German Communists and that no argument by the West could affect it. Therefore, he said, Western Allies must either deal with them or choose between starvation and war.

He said the withdrawal of Soviet troops from Berlin and the transfer of control over the city would go ahead on schedule.

Should Communists succeed in cutting the air lifeline that saved West Berlin in 1948, the Allies would have to yield to the Berlin regime's demand for recognition or break through by force. Eberts said it is not yet clear how the Communists could cut West Berlin's air lifelines without resorting to an act of war.

Communists would be forced to attack Allied airliners or seize West Berlin's airfields.

President Eisenhower has said that the U. S. has no intention of pulling out of Berlin. John Foster Dulles yesterday conferred with NATO officials concerning the possibility of merging air and sea units in the event of Soviet aggression.

So, the struggle for the control of Berlin continues. The best that U. S. taxpayers can expect is a big bill. It costs a great deal of money to finance an airlift of the size needed to prevent West Germany from starving.

## Commander To Leave

The Seminole County Chamber of Commerce yesterday said farewell to Cdr. Joe Tully, former commanding officer of VAH-5. Tully is going to Washington.

Tully was presented with a golf bag and a letter, which the Chamber will ask to be attached to Tully's permanent service record. While headed by Tully, VAH-5 won many honors.

Friends here will regret the commander's transfer. At the same time, they are happy to see him get the chance to move into the Pentagon.

Moving is a part of Navy life. Perhaps Commander Tully again will have an opportunity to visit Sanford.

## Longwood News

**By JO HAMMOND**

Friends of Mrs. Garland Shaw, who has been confined to the Orange Memorial Hospital, will be happy to learn that her condition is much improved.

**Visited Aged**

Rain and cold weather didn't prevent Brownie Troop 338 and Girl Scout troop 338 from visiting the County Home for the Aged on this week. Wilton Brownie and 30 Girl Scouts presented gifts to the home members and sang selections of Christmas carols.

**Lyman Elementary Party**

The Lutheran Church of the Redeemer will hold a special children's Christmas program Sunday at 7 p. m.

**Christmas Eve candlelight services** will be held at 11:30 p. m. The Christmas Day service is planned for 9:30 a. m.

**First Pentecostal church**

## YES, VIRGINIA, THERE IS NO SANTA CLAUS!

## Washington Calling

**By WILLIAM S. WHITE**

**BERLIN**—Though the Berlin of 1958 is certainly not the London of the blitz in the early 'forties, they do form in some senses a new tale of two cities.

Berlin is an island of tension and poised danger, surrounded by a gray menace made up of Soviet Russians and their East German satellites. London was an island of actual and nightly danger a decade and more ago.

All the same, if fighting should break out here under modern atomic conditions nobody is foolish enough not to know that the death and destruction of the second World War would look small by comparison.

And there is now in West Berlin, as there was so long ago in London, a quality of stoicism, mixed with heady gaiety—a gaiety expressed in the old saying that you should eat drink and be merry for tomorrow you may die.

This correspondent recently reported from Heidelberg that West Germans in that area seemed largely indifferent to the crisis. This is not at all true here, where the people live on the very rim of a cold war volcano. They are completely aware that the eruption could come at any moment.

And the Berliners face the reality with the cheerful impudence that the London cockneys showed when German bombs were falling upon their stout city. Indeed, the Berliners are a breed apart in Germany, as the Londoners are a breed apart in England. There is an urban toughness about them, a sophisticated acceptance of the facts of life.

One need not love them or like them or forgive them for what Germany did to others in the past to salute their courage now.

Our small but crack military force here respects the civilians who surround them—and the troops, too, refuse to "take it big." They joke among themselves about the crisis and reject any suggestion that this may become a heroic city. But they are good troops and they are ready troops.

This bit of ground called West Berlin is the scene of one of history's most momentous contests. If the Russians should succeed in pushing us out with threats—or by neutralizing our power here by high-level political agreements—the resulting catastrophe would be worse than losing a hundred Quemoys or a dozen Formosas.

The military view is unanimous that if we back down in any way here we must eventually back out of Europe and leave it to the Russians. And just as Europe was the theater of real decision in the last war, so Europe today is the real theater of decision.

For Berlin is the place of the payoff. This is the real showdown after 11 years of cold war. This is the moment of truth. In a way all these years of the cold war have led inevitably to the grappling for position that is going on here now.

For, after making all due allowance for propaganda, the difference between Allied-occupied West Berlin and Soviet-occupied East Berlin is staggering. It is easy to see how the Kremlin must flinch at the prospect of the indefinite maintenance before the world's eyes of this show window of contrast.

If London and Berlin do indeed tell a tale of two cities, West Berlin and East Berlin are a tale of two monuments. West Berlin is a monument to a bursting capitalism almost vulgar in its vigor. But the point is that it is a place of contrast.

## News Of Men In Service

**Marine Sgt. Albert H. Rivers**, son of Mrs. Beatrice E. Rivers of Route 2, Box 64, Sanford, left Boston, Mass., Dec. 9, aboard the heavy cruiser USS Macon en route to the Mediterranean Sea and a tour of duty with the U. S. Sixth Fleet.

During the cruise the Macon will be engaged in fleet exercises and joint operations with units of the NATO force.

At least 119 persons have jumped from San Francisco's Golden Gate bridge. Only one survived but suffered several broken bones and lacerations.

## Fred Othman Says

**BY FREDERICK C. OTHMAN**

**WASHINGTON**—Albert H. Kersey and Frederick D. Cooper of Coventry, England, have an idea for a new kind of automobile, which does away with such old-fashioned ironmongery as gear boxes, drive shafts, differentials and rear axles.

The Kersey-Cooper Special still has an engine, but this is hitched to a pump. The latter sends fluid through tubes under high pressure to turbines on the wheels and that's all there is to it.

This car they have patented here (Number 2,863,637), but more important, probably, from the viewpoint of motorists, is the fact that a series of patents bought by the Ford Motor Co., Ltd., of London, has bought the rights to manufacture it.

Whether this ever will come to pass I don't know, but I do remember back before World War II while rummaging through the Patent Office that I came across a series of patents bought by the Ford Co. of Detroit, calling for a rear-engine V-8 automobile. This stirred up some excitement in a small way, except at Ford headquarters, where the management said it was just thinking about engines in the back. It wasn't doing anything about them; it still hasn't.

We've also got some other patents, however, that already are in the works and the most interesting would seem to be the bubble-making machine of the Pacific Gas and Electric Co. of San Francisco, to scare the fish away from its water intakes.

It used to be that the poor fish swam too close to the big pipes, got sucked in, and played hob with the turbines. They did themselves no good, either. Much energy was involved in cleaning the chowder from the gears. William O. Cheney, of San Leandro, Calif., fixed that.

He'd noticed on his own fishing expeditions that fish were frightened by bubbles. So he invented (Patent 2,860,000) a set of perforated tubes to place around the intake and send up a constant curtain of air bubbles. P. G. and E. bought the rights, which should save the machinery and also the fish. That brings us by roundabout means to Miss Violet M. Forte, of New York, who would give the female sex a new loom.

She has invented (Patent 2,862,308) eyeshades, one on each eye. These are half-moon shaped, have sticks on one side, and adhere to the eyelashes. "They are intended to shade the eye in an ornamental and attractive manner," said Miss P. I also was pleased by the invention (Number 2,862,711) of William J. Quemore, Sr., of Blackwood, N. J. He calls it a children's amusement ride.

This is a two-passenger job with motive power inside consisting (according to Quemore's illustration) of one goat. Then there's the design patent (Number 183,914) of William C. Brand, of Glendale, Calif., producer of a new shaving brush.

Instead of being round like all other shaving brushes have been since the beginning of time, his is square. Won't roll onto the floor.

Cyrus C. Johnstone, of St. Joseph, Mo., has developed (Patent 2,863,637) the electric coffee cup; plug it in and the coffee stays hot.

Rotary, power-driven toothbrush.

# Oklahoma: Touchdown Stingy

**EDITORS NOTE:** This is the third of 10 dispatches on the football teams playing in the post-season bowl games.

**OKLAHOMA**  
By JACK BRANNAN  
NORMAN, Okla. (UPI)—Oklahoma may be the elite of football bowl society, but it shows no "manners" on the gridiron. The Sooners, a band of raw-boned youths from farms in Oklahoma and Texas, are stingy with touchdowns, take advantage of others' mistakes, use gang-up tactics and practice deception.

formation and the frequent substitution of fresh teams. But the defense won almost as much praise as the offense because of its stinginess. The opposition this year scored only six touchdowns and 49 points, while Oklahoma accumulated 279 points and a 9-1 season mark. Wilkinson, habitually calm and philosophical about the game he coaches, has a simple explanation for Oklahoma's continued success: "We always play as well as we can," he said, "because we always expect to meet a fine football team."

The driving force of both phases of Oklahoma's machine is All-American center Bob Harrison. The 211-pound co-captain has won acclaim throughout the Southwest for his ability to diagnose the offense from his linebacking position and to open holes in the middle of the line for his ball carriers. Oklahoma's offense this year is more versatile than it was at the end of last season when the Sooners crushed Duke, 46-21, in the Orange Bowl.

**Wear Down Opponents**  
The ability of Oklahoma to wear down its opponents by sheer manpower, a vital factor in its winning, is indicated in the fact that the first and second units played almost equal amounts of time this year during the first three quarters, while the reserves handled most of the fourth quarter chores. The first team scored 18 touchdowns and yielded three, and the alternate unit scored 17 times and gave up two touchdowns. The ability of halfbacks Brewer Hobbs and Jimmy Carpenter to throw the running pass has improved the aerial game, and fullback Prentice Gault's explosive running has added considerable power to the ground attack. Gault, the first Negro to play for Oklahoma, was the team's leading rusher for the season, averaging six yards to 103 carries. The loss of starting quarterback David Baker, who was expelled from school earlier this month, has created a problem at that position which Wilkinson said he will wait until the last minute to solve.

## Seminoles Host DeLand, Get Set For Tournament

By JERRY COVINGTON  
Coach Dick Silvers' undefeated Junior Varsity will open the action here tonight at 7 o'clock as they take on the DeLand JV's in what promises to be a top-notch night of basketball.

Layer has hopes of his squad returning to the win column in Seminole High gym. The Seminole jumped off to a fast start, winning three in a row before falling to a taller New Smyrna squad last week in an overtime thriller. They now have wins over Oviedo, Lyman and Pierson and if the shots continue to fall, they should be able to sew up another victory here tonight against the tough Bulldogs.

## Kiego Is Favored In Featured Race

A 55-pound "lady" named Kiego will take her second post position in tonight's featured ninth race at Sanford-Orlando Kennel Club, hoping to run her fifth straight oval in less than 32 seconds and beat the pack to the finish. Although Kiego may be favored a star-studded field will make it tough for her to win. Veteran stand-out Gus Suzie will be firing from the outside and in the fifth spot will be Aded Value, who will be looking for his second straight triumph. Others in the fast pack of cry-bounds are Irun Happy, Black Reel, Mr. Flagstaff, Shade and Rural Ray.

The Seminoles have shown great speed and aggressiveness and, although they are short on height, it looks as though they are off to another fine season. Monday, the Seminoles will play Edgewater in the second game in the first round of the Tangerine bowl tournament in Orlando. The game will begin at 9 p. m. at Davis Armory. The first game will match Bliston Moore and Winter Park. Winners of the two games Monday will face Boone and Lakeview. The championship game will be played on Friday night of next week. Winter Park and Sanford are favorites in the tourney. Coach Layer's youngsters have a good chance to bring home the honors. All proceeds will go to the Harry Anna Crippled Children's home. If the Seminoles are able to come up with a win here tonight, it should give some indication of how they will fare in this tourney. The Bulldogs are small, too, and it should be a matter of which team is able to out-hustle the other.

## Nugent Says Mind Outweighs Muscle

CORDELE, Ga. (UPI)—Head Coach Tom Nugent of Florida State University said Thursday night that mind and not muscle is all-important in football. Nugent, featured speaker at the Crisp County Athletic Club Football Jamboree, said mental attitude of the players often is the deciding factor in the sport. He said his players at FSU have the desire to play big-time football, and a wide-open attack is the result.

Tonight's 10-race card ends the most successful opening week in the kennel club's history. Continuing improvement in the quality of greyhounds and added facilities at the attractive oval have accounted for the sharp rise in attendance and betting, track officials said this morning.

The Seminoles will call on guards Ray Lundquist and Cecil Sandridge, Wally Phillips and Jimmy Grayey at the forwards and Junior Johnny Allred at the pivot spot. Phillips and Allred will be starting their first contest this season. Both have been very impressive in drills this week. Grayey is the leading scorer and top rebounder. The tallest man in the starting line up will be Allred at 6-1.

## Hatter Tourney To Open Tonight

DELAND (UPI)—The Hatter Invitational Basketball Tournament opens here tonight with the winner a toss-up among the four contending teams. Hiramington—Southern meets Catawba of Salisbury, N.C., in the first game of the two-night event and host team Stetson takes on Troy State, Ala., in the second game. Stetson and Troy State have both won tournaments this season, while Hiramington-Southern has won two of three games. Catawba is a strong contender for the North Carolina State Conference crown. Losers in the first round play for third place honors at 7 p. m. Saturday and the winners vie for the title at 9 p. m.

## 60 Bringing Torch To Tangerine Bowl

TALLAHASSEE (UPI)—Sixty runners are literally "carrying the torch" some 1,200 miles from Marshall, Mo., to Orlando, Fla., as promotion for Dec. 27 Tangerine Bowl football game. One of the runners, with a lighted torch, was due to reach Florida's capital Sunday night, where he may be greeted by Gov. LeRoy Collins. The torch is to arrive in Orlando Christmas Eve. The marathon run is a highlight of the game between Missouri Valley and East Texas State College. Four teams of students, with each man running from 21 to 25 miles, left Marshall Thursday afternoon. Only five are members of the track team.

## Halfback Honored

JACKSONVILLE, Fla. (UPI)—Florida sports writers have named halfback Bob Anderson of Army as amateur athlete of the year. Anderson, of Cocon, Fla., was picked for his performance in Army's 22-6 victory over Navy.

## Bill Barnes Named Coach Of Uclans

LOS ANGELES (UPI)—Bill Barnes, a disciple of the late Henry (Red) Sanders, today officially took over as head football coach at UCLA after a season as acting coach. Following Sanders' death last August, his first assistant, George Dickerson, was appointed head coach. But Dickerson fell victim to nervous exhaustion and Barnes stepped in to run the team. UCLA ended the season with a record of three wins, six losses and one tie. But under Barnes the Bruins lost in conference championship California by only two points, defeated 1957 champion Oregon, and tied Southern California.

## It's Tourney Time For SEC Cagers; Vols, Tulane Win

United Press International  
It's tournament time again for three Southeastern Conference basketball teams.

The Kentucky Wildcats take their perfect season record into the Kentucky Invitational at Lexington tonight. Auburn and Alabama meet Wyoming and Texas A&M, respectively, in the Birmingham classic. Kentucky plays Ohio State in the second game of the Invitational, after West Virginia and Oklahoma State stage the first elimination. The winners will play for the tournament title Saturday night after the consolation game.

## 'Little Colonel' Hangs Up His Glove

LOUISVILLE, Ky. (UPI)—The Little Colonel hung up his glove the same way he played it in the major leagues for 16 seasons—like a ballplayer and a gentleman.

Retired as a player and signed as a coach by the Los Angeles Dodgers Thursday, Peeewe Reese accepted the end of his playing career cheerfully but with a touch of sadness too. "When you've played so long, you hate the thought of not being in the thick of things any more," Reese said at his home here, "but maybe it's for the best. I've had a bad back for a couple of years . . . maybe it was time to quit."

Reese hinted his baseball career might not last much longer than his playing days. "I don't expect to be in baseball all my life," he said, "but at least I hope not. I'll try this coaching deal for a year and see what works out. Not that I'm complaining at all, you understand, but coaching isn't the best money in the world, and besides it's time for me to settle down with my family."

To a suggestion that a managerial job might naturally follow, Reese answered emphatically. "No sir, I'm not interested," and he joked, "gotta take care of the ulcers I picked up in all those close pennant races."

Looking back, the Dodger captain mused, "the only thing I feel disappointed about is that I've never hit .300 but once . . . I never could figure out why I didn't hit more." He had a lifetime batting average of .299, 2,170 hits and 883 runs batted in through 16 seasons, seven World Series and eight All-Star games.

There is no doubt about the biggest satisfaction he got from baseball. "Beating those Yankees in the 1935 World Series" boy, I was afraid I never would see that day, and you remember, they came back and tied it up in the sixth game. I thought 'well, here we go again.'"

## Minneapolis Tops Pistons, 113-104

United Press International  
Elgin Baylor's Christmas wish probably is for a scoring partner to help him lift Minneapolis out of the doldrums. Baylor, third highest scorer in the National Basketball Association this season, poured in 20 points in the last half to give the Lakers a 113-104 decision over the Detroit Pistons Thursday night and end Minneapolis' four game losing streak.

With the lead seesawing and Detroit taking an 80-79 margin at the end of three quarters, Baylor continued his superlative last half shooting to give Minneapolis an edge it never relinquished. Baylor wound up with 26 points, one short of George Yardley's high game total for Detroit. In the only other game played, the Boston Celtics held off a determined Cincinnati comeback in the third period to defeat the Royals, 104-90.

## Snead Leads Field At Delray Beach

DELRAY BEACH (UPI)—The \$2,000 Delray Beach Pro-Am Golf Tournament opens here today with veteran Sam Snead leading a field of top professionals and amateurs.

Other pros scheduled to play include Julius Boros, Dow Finsterwald, Al Besselink, Lew Worsham, Ben Toski and Tommy Armour.

## Woodruff Expects Platooning Again

GAINESVILLE (UPI)—The return of college platoon football next fall has been predicted by Florida Coach Woodruff. Woodruff, whose Gators meet Mississippi in the Gator Bowl Dec. 27, predicted Thursday night that "an overwhelming majority of college football coaches will vote in favor of unlimited substitution prior to this year's meeting of the (NCAA) Rules Committee."

He said college football needs more wide open offensive play because "fans all over the country see the wide open game when the pros play on TV." "If the pros can play two-platoon football with a 33-man squad, the colleges can too," said Woodruff.

## Virginia In Opener

WILLIAMSBURG, Va. (UPI)—William & Mary resumes football activity against Virginia next fall in the opener of a 10-game schedule for the Indians.

# Volusia Officers Ousted For Fine 'Collaboration'

TALLAHASSEE (UPI) — Two Volusia County law officers were out of their jobs today after Gov.

## Methodist Slate Program Of Music

The annual carol and candle-lighting service will be held at 7:30 p. m. Sunday in the First Methodist Church. Under the direction of Roger Harris, the choir will present the Christmas cantata, "The Infant Jesus," by William Sichel. Soloists will be Mr. and Mrs. Bernard Harvey, Mrs. Ernest Southward, Mrs. A. G. Jones and Dr. H. W. Rucker. The cantata contains 16 selections. The cantata follows an organ program by Mrs. Albert Hickson. Mrs. Hickson will feature favorite Christmas selections. The carol and candle-lighting service has become traditional with the First Methodist Church. The public is invited to the hour of music, considered by many as the most beautiful and sacred of the entire year.

## McReynolds Drug Co.

Curb Service

LeRoy Collins suspended them for collaboration in operating a bill collection mill for profit rather than maintaining a court of law.

Justice of the Peace J. C. Beard and Constable J. T. Lichen were removed from their posts Thursday. Collins said a four-month investigation proved to him they were guilty of malfeasance, misfeasance, neglect of duty in office and incompetency.

Collins based his findings partially on the transcript of testimony presented at a hearing for the two officials Oct. 24-25 in Holy Hill. He named no immediate successors to their positions. The governor said without a doubt Beard frequently exceeded his authority by handling cases beyond his jurisdiction such as grand larceny and armed robbery.

## FSU Student Dies In 11-Story Jump

TALLAHASSEE (UPI) — William Stanley Orms, 18, a Florida State freshman from Miami, was killed early today when he apparently jumped from the top of an 11-story dormitory here at Florida State University. School authorities said they knew of no reason for Orms' jumping from the building. They said he had a satisfactory grade average.

a student, son of Mr. and Mrs. William D. Orms, jumped from the sun deck of West Hall about 1:30 a. m., landing in the parking lot below.

## Nazarenes Slate Cantata Sunday

The Christmas Cantata, "Immanuel Forever," will be presented Sunday at 7 p. m. at the Church of the Nazarene. The adult choir will be directed by the Rev. Robert H. Spear, pastor. "Immanuel Forever" is a combination of song and readings. Soloists include Johnny Carter and Leslie Holcomb Jr. The Rev. and Mrs. Spear will sing "The Annunciation." The reader will be Frank H. Price.

The hour-long program includes special selections by a women's trio and a man's quartet. The public is invited to the annual Christmas observance.

## Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA, IN CHANCERY NO. 2096 MARION K. HOWE, Plaintiff, vs. MARION K. HOWE, Defendant. NOTICE TO DEPENDENTS IN THIS SUIT OF THE STATE OF FLORIDA: The Marion K. Howe, whose residence is 2 Ponds Hill, Bathesda, Maryland, hereby notified that a suit in equity has been brought against you by J. Thomas Howe in the Circuit Court of the Ninth Judicial Circuit in and for Seminole County, Florida, and you are hereby summoned to appear and defend in the complaint filed herein on or before January 20, 1959, as required by law. If you fail to do so before the said conference will be entered against you for the relief sought in the complaint. You are further notified that the nature of said suit is to obtain a divorce. The name of the Court in which this suit has been instituted is as above stated and the abbreviated title of this cause is "MARION K. HOWE, Plaintiff, vs. MARION K. HOWE, Defendant." WITHIN my hand as Clerk of said Court of Seminole County, Florida, and the seal of the said Court at Sanford, Seminole County, Florida, on the 12 day of Dec. A. D. 1959.

WITNESSE my hand as Clerk of said Court of Seminole County, Florida, and the seal of the said Court at Sanford, Seminole County, Florida, on the 12 day of Dec. A. D. 1959.

Similarly, Collins said that evidence showed Kinchen collaborated with Bears and used his office and the force of criminal process for the collection of civil debts

## Brush Fire Fatal To Forest Ranger

SAN JUAN CAPISTRANO, Calif. (UPI) — Southern California's worst brush fire of the year claimed its first victim Thursday night when a forest ranger was enveloped by flames in a brief flare up along the southeast corner. The fire still was not under control today.

Joe Adams, 34, district ranger for Prescott National Forest, Ariz., was leading a Hopi Indian "hotshot" crew along the fire's perimeter on a scouting mission. He climbed atop a rock for a better view when the wind made a sudden shift, surrounding him with flames. Forest Service officials said he apparently died instantly. The gigantic blaze has swept over some 100 square miles of heavy brush, and destroyed 19 homes and summer cabins since it broke out Sunday between this historic mission town and Lake Elsinore.

Richard Johnson, U.S. Forest Service fire prevention officer, said control was expected late this evening. He said about 70 or 80 per cent was presently under control.

without a semblance of observing the basic elements of the due process of law to which the defendants were entitled. "In fact, it is clear that the justice and constable collaborated for the operation of a bill collection mill for profit," Collins said. Beard and Kinchen relied in part on a defense of ignorance of their legal authority and responsibilities. But Collins said he could not accept this excuse and that, in any event, the officials are accountable to and presumed to know the law. The suspensions are subject to approval by the 1959 Senate.

**'One Red Rose' Example  
Of Yule Tranquilizers**  
NEW YORK (UPI)—"One Red Rose For Christmas," a one hour tranquilizer administered by CBS-TV's "U.S. Steel Hour" Wednesday night, was painfully typical of what passes for drama during the Christmas season on TV.  
What television spoons out at this time of year is great soothing doses of everything will come out all rightness. It is a kind of super Tinseltown in which small children and small animals and adults with small problems tumble around for awhile, but then come together in one grand emotional parade while buttered snow falls softly outside the window.  
"One Red Rose For Christmas" was, as I said, typical. It posed no real problem nor real emotional conflict. It simply presented a nun who was unable to forgive an orphan who had indirectly caused the death of the

VOL. XLIX United Press Leased Wire Established 1908 SATURDAY, DECEMBER 20, 1958 SANFORD, FLORIDA NO. 331

## Atlas Opens New Era In Space

### Experts Convinced U. S. Now Ahead In Satellite Race

WASHINGTON (UPI)—Jubilant scientists and military experts were convinced Saturday they have achieved a spectacular breakthrough by sending a "talking satellite" aloft and have re-established U.S. prestige damaged by Russia's initial Sputnik successes.

Without deprecating Soviet satellite achievements, they compared this week's feat of putting the four-and-a-quarter-ton Atlas missile into orbit with the outlook 14 months ago when Sputnik I was announced by the Russians.

Furthermore, U.S. authorities confidently predicted that American space vehicles may be going up at a rate of more than two a month during the coming year.

Next: Man In Space?

It will be several years, officials said, before the U.S. will try to rocket a man into space. But that seems very near indeed compared with the outlook when the 184-pound Sputnik I orbited in October, 1957.

Something like hysteria gripped America then. All the United States had planned was the 11-pound Vanguard satellite which was not faring well. The program was on a near starvation budget. Satellite development was not to interfere with the big ballistic missile programs which are now paying off. Critics said the administration had been caught flat-footed and seemed not to appreciate what the Russian satellite meant in prestige and propaganda value.

The American response paid off dramatically this week when President Eisenhower used the Atlas to broadcast a Christmas message to the world.

**INJURED DRIVER MOVED**—Ambulance hurried trip to the hospital. Mrs. Spivey was listed as being in "fair" condition Saturday night.

**RESCUED MOTORIST**—Bill Mays, bridge tender at Lake Monroe, rescued a motorist whose car plunged into the chilly waters of the St. Johns River early yesterday. The car crashed through the guard rail and through the open draw.

### Car Plunges Off Bridge, Driver Saved By Tender

A driver who ignored warning signals on the Lake Monroe bridge early yesterday morning was rescued from the chilly waters of the St. Johns River by the bridge tender, Billy Mays.

### Chamber Puts Out Welcome Plaque For New Business

The Chamber of Commerce really puts out the welcome plaque for new business in Seminole County. The plaque, initiated only yesterday, reads: "The Seminole County Chamber of Commerce welcomes this new business and extends best wishes for its success."

Fraud possessor of the plaque at the moment of the Pull-Putt miniature golf course on French Ave. Hardisty opened his business on Friday.

The plaque is the traveling kind, however, and will leave Pull-Putt when another new business opens its doors in the county. Hardisty received the welcome plaque from Charlie Morrison, public relations director for the Chamber.

### Titan Doesn't Go; Missile Is Saved

CAPE CANAVERAL, Fla. (UPI)—The Air Force attempted a firing of the mighty Titan ballistic missile for the first time Saturday but a flaw in the first-stage rocket prevented its launching.

A new automatic device cut off the engine and saved the multi-million dollar missile from being destroyed.

Smoke and vapor belched from the striped first-stage, which was the only engine fired. But the 90-foot Titan, static and grounded for many times, was never released from its pad. Boltings, thick clouds billowed about the base, then cleared and the Titan stood motionless.

Trouble developed in the critical first five seconds. The Titan is kept held for five seconds after ignition, then released in flight if the firing check is perfect.

### Dunn Says Board To Have Harmony

More harmony and cooperation on the Seminole Board of County Commissioners is in prospect, beginning next month, according to Vernon W. Dunn, District 4 commissioner-elect.

Dunn said he had talked to all members who will have seats on the new Commission and that each had pledged "harmony, cooperation and progress for the county as a whole."

Last week's meeting was the final regular session for the present Commission. At the next regular meeting in January, Dunn and David Gatchel, now a member of the Sanford City Commission, will be seated. They will replace B. C. Dodd and F. A. Dyon, respectively.

Hold-over members of the Commission are John Krider, chairman, Lawrence Swafford and Homer Little.

Dunn commended The Herald for its Wednesday editorial, "Harmony Is Overdue," and said "Seminole County needs more like it."

He added that the new Commission would have at its goal "many of the suggestions made in the editorial because we all are going to work for the good of the county."

He said commissioners, in talks with him, had agreed to a "new approach to the county's business, running it as a county business, not as five separate districts."

The editorial followed charges by Krider that Dodd had exceeded his budget for work in District 4 and a statement by Dodd that much of the money spent would be wasted if current projects were halted. Over Dodd's objection, the Commission voted to stop the work.

Dunn informed that he would be forced to "squeeze a little" during his first two years, due to lack of money, said that the "small amount" available to his district would be expended for top-priority projects.

Not listed among his priorities are Citrus and C. S. Lee Roads, both of which have been under construction.

Dunn said "I won't touch those roads until I am convinced that they are among the most-needed in the county." He added that the county budget "will not allow commissioners to build and maintain roads unless they are top priority."

### News Briefs

#### Royalty Departs

NEW YORK (UPI)—Prince Rainier and Princess Grace of Monaco left by plane for home Saturday night after a month's visit in this country.

#### 200 Killed, Wounded

HAVANA (UPI)—The government announced Saturday night that the Cuban army had killed or wounded more than 200 rebels in a big battle near Santa Rita in Oriente Province.

#### Pointing With Pride

LOS ANGELES (UPI)—Not on Saturday's weather bureau was "If you don't believe this area has a good climate, read about the Midwest and eastern portions of the nation."

#### Plane Lands Safely

KNOXVILLE, Tenn. (UPI)—A Northwest Airlines DC-7C with 71 passengers and five crew members aboard made an emergency landing here Saturday on only two of its four engines.

#### Ike's Plan For Yule

WASHINGTON (UPI)—President and Mrs. Eisenhower will spend Christmas Day at the White House with their four young grandchildren, Press Secretary James C. Hagerty said Saturday.

#### Seek Seat Change

NAPLES, Fla. (UPI)—The Naples Junior Chamber of Commerce will circulate a petition throughout Collier County that could result in moving the county seat from Everglades.

#### Newsman 'Punished'

NEW YORK (UPI)—Irving R. Levine, NBC correspondent in Moscow, notified the network Saturday that he has been barred temporarily from broadcasting from the Soviet capital as "punishment" for alleged censorship violations.

#### Runners In Memphis

MEMPHIS, Tenn. (UPI)—Four 13-man teams of runners from Missouri Valley College in Marshall, Mo., paused briefly here Saturday on their marathon run from Marshall to Orlando, Fla. to publicize their team in the Tangerine Bowl.

#### Annual Yule Party Set In Lake Mary

More than 350 children under 12 are expected to attend the annual Community Christmas party in Lake Mary tomorrow night.

The party will be held in the Chamber of Commerce building at 7 p. m.

All children in the community are invited. They will receive gifts and candy from Santa Claus in the biggest Christmas party Lake Mary has ever held.

The celebration is traditional since its inauguration in 1927 by the late Johnnie Evans, Chairman of this year is Mrs. R. C. Martin, who is assisted in decorating and preparing refreshments by members of Lake Mary organizations.

### Sanford Crew Sets New Flight Record

Last week one of Heavy Attack Squadron Nine's ASD Skywarriors took off on a ferry flight from the Sanford Naval Air Station and headed east to Port Lyautey, Morocco.

The aircraft destined as a replacement for Heavy Attack Squadron Five, landed in Africa less than 12 hours later.

The flight established a record for the speed of crossing of a naval aircraft. The 12 hours included stops in Bermuda and the Azores Islands for refueling, customs and aircraft inspection.

The ferry crew was made up of Lt. Cmdr. Earl P. Yates, plane commander; LTJG Bob Dowling, navigator; Clark Arrington, radar

### Woman Is Injured In Traffic Crash

The impact of a car out of control snapped a large telephone pole on the Upsala Road early yesterday afternoon, bringing wires down on the battered vehicle which rolled once before coming to rest deep in the ditch by the side of the road.

Mrs. Lois Luke Solvey, driver of the automobile, was listed in "fair" condition last night in hospital officials said. She is suffering from broken ribs and possible internal injuries. Passengers in the vehicle were William Fowler, 17, Sanford NAS; Vera Spivey, 15, and Carolyn Sellers, 11.

Fowler was taken to the Air Station dispensary for treatment of lacerations. The Sellers girl was treated for a foot injury at the Seminole Memorial Hospital and released.

The accident occurred near the Higginbotham ranch where a large crowd gathered before an audience could arrest Sheriff's deputies and Constable Sims cut away directed traffic. The 1954 station wagon, which was headed north, ended up pointing south in the ditch. The car was a total loss.

### Costly Blaze Hits Dr. Roberts' Home

The Mayfair residence of Dr. and Mrs. Vincent Roberts was badly damaged by fire and water last night when, according to Sanford firemen, a short circuit in the electric furnace spread flames throughout the attic. No one was at home at the time.

The fire alarm was turned in shortly after 8 p. m. by Mrs. Orville Harris, who spotted smoke on the roof of the Roberts' home from her adjoining residence on East Seminole Blvd.

Three trucks from the city fire department poured water into the \$125,000 home. The roof blew off, then collapsed, as neighbors gathered at the scene. Dr. Roberts, who had just delivered a baby at the hospital, rushed to his home when he heard the sirens. Mrs. Roberts arrived sometime later from Orlando.

Plaster ceilings in the house fell to the floor; furnishings were ruined by water pressure. A pall of smoke hung over the entire neighborhood.

One of the Roberts' two dogs was found immediately. The other was discovered later, hiding in the garage. The terrified animal whimpered and shrieked with fright until Dr. Roberts comforted him. The young doctor was still in his green operating room pajamas.

The Roberts' home is situated in the most exclusive section of Sanford. It was built several years ago by Mr. and Mrs. Harry Lee, at a cost of \$60,000. Since then, additions and furnishings have brought the estimate of value to \$125,000, according to Dr. Roberts.

The extent of damage was not known last night.

While Sanford firemen were still attempting to quell flames at Dr. Roberts' home last night, a grease fire at the residence of John J. Carter, 801 Palmetto Ave., drew the only man left at the station.

Asst. Chief R. T. Thomas went to the rescue of Paul Bennett, who answered the call. Thomas manned the second truck to arrive at the Roberts' home.

"Considerable" smoke damage was caused in the Carter home when flames from a pan of grease ignited the kitchen cabinets above the stove. The fire was brought under control within a few minutes. The alarm was turned in at 7 p. m.

### Israel Says Plane Of Egypt Downed

TEL AVIV, Israel (UPI)—An Israeli Army spokesman reported that Israeli and United Arab Republic planes fought over the Negev Desert Saturday and one U.A.R. plane was shot down.

The Israeli spokesman said the air battle broke out after a group of Egyptian planes violated Israeli air space and flew over the Negev area south of Beer Sheva.

"Israeli fighter planes intercepted them and after a short air battle forced the Egyptian planes to withdraw," the Army official said.

One Seen Falling

One of them was hit and was seen falling over Egyptian territory," the Israeli spokesman added.

He said the Egyptian planes were Soviet-built MIGS of the U.A.R. Air Force.

The air fight, he said, took place at an altitude of 22,000 feet.

The spokesman gave no further details of the reported incident.

### Frederick Named To Top Committee

Seminole County will have a voice in the future expenditures of the state government.

Rep. Gordon Frederick has accepted an appointment to the State Appropriations Committee, one of the most powerful groups in the Florida Legislature.

Speaker of the House Tom Reilly offered Frederick the appointment after saying he wanted "someone with a conservative eye."

The Appropriations Committee is second in importance only to the Committee of Finance and Taxation. The group determines how much money each state department will require to function. No expenditures can be made in state offices without the approval of the committee.

Frederick said yesterday afternoon, "Budget requests are up, and must be trimmed. We will go over all department budgets to determine qualified expenditures. I am delighted to serve on the committee, although it will take three or four days of my time each month."

### Former Seminole Teacher Finds Work 'Challenging'

A former Sanford teacher asked for a challenging job in 1952 when he offered his services to the U. S. Post Office.

According to the latest issue of Time Magazine, Alex Johnson got his wish. Johnson taught agriculture at Seminole High School here for many years. He later moved to Miami, where he served as Dade County superintendent of schools, retiring six years ago.

Time, in the issue now on the newsstands, featured Mr. and Mrs. Johnson and their work in Thailand.

According to Times report, Johnson is livestock adviser in The Pra, located in the depressed northeastern sector of Thailand. In the area, the soil is poor, the people poorer. Times report said The Pra is a lumpy, 300-mile, top-day journey from Bangkok.

Johnson's livestock station is described as the "worst place in the region to conduct agricultural experiments."

But the former Seminole teacher was quoted as saying, "I decided to come out to a foreign

### City To Be On Job, County Gets Break

Seminole County employees are easing their city counterparts with a smug look this week as they contemplate a long weekend, uninterrupted from Wednesday night until Monday morning.

Sanford city workers are not quite so fortunate. They must return to their job on Friday breaking the Christmas holiday. Both the court house and city hall will close at noon Wednesday. The county road department and other divisions, including the Chamber of Commerce, will remain open until Wednesday night.

Emergency crews among county employees will make minor repairs during the weekend, if they should become necessary.

Both governments have agencies that will increase their activity. Instead of shutting down for the holidays, they are the Sanford police and Seminole County sheriff's departments, which will maintain a steady vigil during the most dangerous of all seasons.

### Commission Sets Last '58 Meeting

Sanford City Commissioners will meet tomorrow night for the last time in 1958.

Under consideration by the board will be a request for street lights on San Marcos Ave. The franchise with Sanford Gas Co. on trucks, and street construction work and material account.

Commissioners will discuss the city's present group hospitalization insurance plan and building permit fees. They will hear a report on the proposed Lake Minnie Development and miscellaneous business from the board.

When the board meets again on Jan. 5, a new mayor will be elected, or the old one (Merle Warner) reinstalled in the honorary post. Joe Baker will replace David Gatchel, who will become a county commissioner. Other commissioners are Al Wilson, Earl Higginbotham and Bob Brown.

### Kiwanis To Hear Holtzclaw Sing

Richard Holtzclaw, bass baritone with the San Francisco Opera Company, will sing "Ave Maria" and "O Holy Night" Wednesday at noon for the Kiwanis Club.

Holtzclaw is a native of Sanford; his wife is the former Carolyn Higgers. He will be accompanied by Roger Harris on the piano.

Kiwanis club members will sing Christmas carols, led by Charlie Morrison and hear the Rev. Perry Stone read the Christmas story from Luke 11 and Matthew 11.

### Good Morning

This issue of The Herald, which went to press shortly before midnight, is the annual edition which replaces the issue Herald subscribers would get on Christmas Day. The Herald gives all of its employees the day off to be with their families.

### Voice Is Recorded On Tape, Beamed Back To Stations

WASHINGTON (UPI)—The giant Atlas satellite opened a revolutionary new era of communications Saturday. It successfully picked up and recorded a radio message over the West Coast, then beamed it back to earth twice as it zoomed over the United States.

The feat was a new space triumph for the United States. It demonstrated that satellites can be used as relay stations for radio—and eventually television—communications.

The latest experiment was staged shortly after 5 p. m. est when the huge satellite made its 28th trip around the globe.

The Army Signal Corps station at Corona, Calif., re-transmitted to the satellite a recorded version of President Eisenhower's "peace on earth" Christmas message which the Atlas had beamed back from outer space Friday.

President's Voice

The Atlas picked up the President's voice and "stored" his words on a tape recorder.

At about 3:10 p. m. est, as the satellite continued its west-to-east path above the United States, the Army Signal Corps station at Ft. Sam Houston near San Antonio, Tex., directed the satellite to broadcast back to earth what it had received over California.

The Pentagon said the satellite did so and that the President's words were received "loud and clear" both at Ft. Sam Houston and at a station at Ft. Stewart near Savannah, Ga.

The Georgia station then told the satellite to relay the message and the satellite repeated it. Again, Georgia received the transmission.

"This is the first successful courier type communication—ground station to a satellite and re-transmission to another station at a later time," the Pentagon said.

### Woman Is Injured In Traffic Crash

The impact of a car out of control snapped a large telephone pole on the Upsala Road early yesterday afternoon, bringing wires down on the battered vehicle which rolled once before coming to rest deep in the ditch by the side of the road.

Mrs. Lois Luke Solvey, driver of the automobile, was listed in "fair" condition last night in hospital officials said. She is suffering from broken ribs and possible internal injuries. Passengers in the vehicle were William Fowler, 17, Sanford NAS; Vera Spivey, 15, and Carolyn Sellers, 11.

Fowler was taken to the Air Station dispensary for treatment of lacerations. The Sellers girl was treated for a foot injury at the Seminole Memorial Hospital and released.

The accident occurred near the Higginbotham ranch where a large crowd gathered before an audience could arrest Sheriff's deputies and Constable Sims cut away directed traffic. The 1954 station wagon, which was headed north, ended up pointing south in the ditch. The car was a total loss.

### Costly Blaze Hits Dr. Roberts' Home
